Select Year: 2018 Go

The 2018 Florida Statutes

30.15 Powers, duties, and obligations.—

(1) Sheriffs, in their respective counties, in person or by deputy, shall:

(a) Execute all process of the Supreme Court, circuit courts, county courts, and boards of county commissioners of this state, to be executed in their counties.

(b) Execute such other writs, processes, warrants, and other papers directed to them, as may come to their hands to be executed in their counties.

(c) Attend all sessions of the circuit court and county court held in their counties.

(d) Execute all orders of the boards of county commissioners of their counties, for which services they shall receive such compensation, out of the county treasury, as said boards may deem proper.

(e) Be conservators of the peace in their counties.

(f) Suppress tumults, riots, and unlawful assemblies in their counties with force and strong hand when necessary.

(g) Apprehend, without warrant, any person disturbing the peace, and carry that person before the proper judicial officer, that further proceedings may be had against him or her according to law.

(h) Have authority to raise the power of the county and command any person to assist them, when necessary, in the execution of the duties of their office; and, whoever, not being physically incompetent, refuses or neglects to render such assistance, shall be punished by imprisonment in jail not exceeding 1 year, or by fine not exceeding $500.

(i) Be, ex officio, timber agents for their counties.

(j) Perform such other duties as may be imposed upon them by law.

(k) Establish, if the sheriff so chooses, a Coach Aaron Feis Guardian Program to aid in the prevention or abatement of active assailant incidents on school premises. A school guardian has no authority to act in any law enforcement capacity except to the extent necessary to prevent or abate an active assailant incident on a school premises. Excluded from participating in the Coach Aaron Feis Guardian Program are individuals who exclusively perform classroom duties as classroom teachers as defined in s. 1012.01(2)(a). This limitation does not apply to classroom teachers of a Junior Reserve Officers' Training Corps program, a current servicemember, as defined in s. 250.01, or a current or former law enforcement officer, as defined in s. 943.10(1), (6), or (8). The sheriff who chooses to establish the program shall appoint as school guardians, without the power of arrest, school employees who volunteer and who:

1. Hold a valid license issued under s. 790.06.

2. Complete 132 total hours of comprehensive firearm safety and proficiency training conducted by Criminal Justice Standards and Training Commission-certified instructors, which must include:

a. Eighty hours of firearms instruction based on the Criminal Justice Standards and Training Commission's Law Enforcement Academy training model, which must include at least 10 percent but no more than 20 percent more rounds fired than associated with academy training. Program participants must achieve an 85 percent pass rate on the firearms training.

b. Sixteen hours of instruction in precision pistol.

c. Eight hours of discretionary shooting instruction using state-of-the-art simulator exercises.

d. Eight hours of instruction in active shooter or assailant scenarios.

e. Eight hours of instruction in defensive tactics.

f. Twelve hours of instruction in legal issues.

3. Pass a psychological evaluation administered by a psychologist licensed under chapter 490 and designated by the Department of Law Enforcement and submit the results of the evaluation to the sheriff's office. The Department of Law Enforcement is authorized to provide the sheriff's office with mental health and substance abuse data for compliance with this paragraph.

4. Submit to and pass an initial drug test and subsequent random drug tests in accordance with the requirements of s. 112.0455 and the sheriff's office.

5. Successfully complete ongoing training, weapon inspection, and firearm qualification on at least an annual basis.

6. Successfully complete at least 12 hours of a certified nationally recognized diversity training program.

The sheriff shall issue a school guardian certificate to individuals who meet the requirements of subparagraph 2. The sheriff shall maintain documentation of weapon and equipment inspections, as well as the training, certification, inspection, and qualification records of each school guardian appointed by the sheriff.

(2) Sheriffs, in their respective counties, in person or by deputy, shall, at the will of the board of county commissioners, attend, in person or by deputy, all meetings of the boards of county commissioners of their counties, for which services they shall receive such compensation, out of the county treasury, as said boards may deem proper.

(3) On or before January 1, 2002, every sheriff shall incorporate an antiracial or other antidiscriminatory profiling policy into the sheriff's policies and practices, utilizing the Florida Police Chiefs Association Model Policy as a guide. Antiprofiling policies shall include the elements of definitions, traffic stop procedures, community education and awareness efforts, and policies for the handling of complaints from the public.

DRAFT

Introduction and Executive Summary

On January 6th, 2017, at approximately 12:54hrs, the Fort Lauderdale – Hollywood International Airport (FLL) was targeted by a nefarious individual, who committed the Nation's deadliest attack on a U.S. airport. Though the motive and inspiration in doing so is yet to be confirmed, an analysis of the incident must be undertaken to minimize the risk of future events and improve the coordinated response by first responders, airport personnel and assisting agencies.

Esteban Santiago, W/M, DOB 03/16/1990, boarded a Delta Airlines flight in Anchorage, Alaska, bound for Fort Lauderdale with a stop in Minneapolis, Minnesota. His only checked item was a hand gun container that stored a semi-automatic handgun within. Upon arrival Esteban Santiago reclaimed his checked handgun container at the FLL, Terminal 2 lower baggage claim area, retrieved the firearm and began indiscriminately shooting those waiting in the carousel area. Such action resulted in the death of five (5) airport patrons. An additional six (6) patrons were injured by way of gunfire. The massacre ceased once Santiago discharged all of his ammunition. Santiago surrendered to responding Broward Sheriff's Deputies without further incident.

As a result of the mass shooting, hundreds of potential witnesses remained on scene and first responders attempted to access and stabilize the situation. Misinformation and anxiety among airport visitors and employees triggered sporadic episodes of panic leading to reports of perceived gunfire throughout the remaining airport terminals and parking garages. Concern of a possible coordinated attack in other terminals prompted a complete shutdown of airport operations. Efforts were initiated to identify any potential threats and systematically secure the

DRAFT

airport grounds and safely remove patrons from the airport property thereby eliminating the potential for further attacks. The Broward Sheriff's Office (BSO) along with the Federal Bureau of Investigations (FBI) spearheaded the investigation, up until it was deemed that the matter potentially constituted a terrorist act, at which point the scene was relinquished to the FBI for processing and prosecutorial efforts. BSO remained in a support role to assist in the investigative effort.

The securing of the airport grounds and safe evacuation of tens of thousands of airport patrons and airport employees, medical treatment of the injured and subsequent investigation posed a serious challenge to all surrounding law enforcement and medical personnel. The burden placed on public safety was far reaching and extended well beyond the initial crime scene. While some of the ripple effects caused by the initial incident were predictable, some were not. When acting in the interest of public safety, some of the cascading events prompted the expenditure of needed resources and further delayed the stabilization of airport operations. The lessons learned are outlined throughout the report in efforts to prevent, enhance and educate the public safety community at large in being better prepared for any future compromise of airports and related active shooter target locations, allowing for higher levels of emergency management preparedness and vigilance in securing the Country and its exposure to such horrific events.

Through astounding dedication and steadfast perseverance, on behalf of all stakeholders involved, a commendable closure to a turbulent event was attained while sustaining significant exertions.

- The BSO Airport District's response to the active shooter was courageous, diligently carried out and terminated with pinpoint reactionary tactics and astute representation.

DRAFT

- A brave response to the event by public safety personnel represented an immeasurable force of unity and dedication to combating the threat.
- A Unified Command (UC) under strenuous conditions stood up and braved the fight regardless of numerous obstacles and overwhelming conditions.
- Vigilance was upheld to the utmost degree in detecting, eliminating and preventing any unforeseen threats in ensuring the preservation of life.
- Though the event was extremely tragic and defiant to the sanctities of life, complete ownership was had by all stakeholders to fulfilling their obligation in restoring civility and preventing further deterioration of the environment and its civilian population.

Though courage never faltered, key observations were made that exposed weaknesses and the need to correct formal and informal hindrances that obstruct sound operations during the catastrophic events.

- The need to instantaneously establish Incident Command Systems (ICS) and the deployment of an Incident Management Team (IMT) in allowing for defined protocols to be followed and unilateral communications to be shared amongst all Emergency Operations Centers (EOC).
- The need to expand on personnel assignments and their capabilities and the expansion of law enforcement personnel training specifically geared towards the enhancement of tactical responses and their deployment during an emergency crisis.
- Tabletop exercises must consider every possible scenario, fluid familiarity and redundant training in avoidance of pre-planning deficiencies and lackluster preparedness.

DRAFT

- A cohesive environment must be fostered to unilaterally educate every stakeholder as to their specific roles, levels of expertise, expectations, and the severity of the decision making process to preserving the integrity of the event and the realization of potential disastrous outcomes.

In its totality, the storm was weathered and the event was brought to finality with no further casualties endured. Though a snapshot of the struggles are portrayed, descriptive outlines are provided throughout the report to better assist in the comprehension of acute observations and recommended remedies.

Incident Overview

The Airport active shooter incident is viewed and defined by two independent events; The Primary Event - The Santiago Shooting and Secondary Event - Active Shooter False Alarms and Airport Wide Self-Evacuation. The tragic shooting was over in 85 seconds and was contained to one terminal. The Secondary Event served as a litmus test to emergency preparedness, public safety responses and reactionary behavior to critically induced stressors.

The cause of the Primary Event was Esteban Santiago and his decision to fire his weapon in the baggage claim area of Terminal 2. The cause of the Secondary Event was a frantic response to alleged secondary shooters and well-intended decisions to remove employees and airport patrons from potential harm, but unfortunately the execution of such plan did not go as desired. In turn, it led to a systemic break down in discipline at the Transportation Security Administration (TSA) checkpoints, which cascaded into the self-evacuation of each terminal and all concourses throughout the airport. The following outlines the event from its onset and its

DRAFT

escalation based on aggravating factors and its affect upon law enforcement, fire rescue personnel, airport personnel, airport patrons, private industry and the enactment of ICS:

Primary Event – Santiago Shooting:

On January 6th, 2017, Santiago flew in to the FLL airport via Delta Airlines flight # 2182. The flight originated in Anchorage, Alaska with one connection, flight #1088, in Minneapolis-St. Paul, Minnesota. Upon landing, Santiago departed the aircraft at 12:15 hrs. and proceeded to the Terminal 2 baggage claim area, which is located on the ground level of such terminal. After waiting at the carrousel for several minutes, Santiago is internally overhead paged to the Delta baggage office located at the southeast end of Terminal 2. Delta had paged Santiago so he could collect the checked firearm he had been traveling with. Santiago had no other checked luggage, and the firearm was in a gun case, which was the only item Santiago had checked in at the Anchorage airport.

After claiming the checked gun, Santiago left the Delta baggage office and walked to the west end of the baggage claim area, where he entered a men's bathroom and loaded the firearm before placing it in his waistband and abandoning the firearm case in the bathroom. Santiago exited the bathroom and walked east to the center of the baggage claim area and pulled out the firearm, and immediately began shooting at random people in the immediate vicinity.

BSO deputies responded to the sound of gunfire and radio dispatch calls of "shots fired" within Terminal 2. Deputies were able to confront and apprehend Santiago within 85 seconds after the first shot was fired. Within those 85 seconds, Santiago had fired 14 rounds, murdering five people and injuring an additional six more by means of gun fire. Below is a brief timeline of the incident:

DRAFT

- 12:15 hrs. - Santiago walks off the D-5 jet–bridge and makes his way to the lower level of Terminal 2 and over to the Delta baggage claim area where he awaits his firearm at the baggage carrousel. After waiting several minutes, the Delta baggage office overhead pages him to pick up his firearm at their office, which is adjacent to the baggage carrousel. Santiago retrieves his firearm and proceeds to the west end of lower level Terminal 2.
- 12:46 hrs. - Santiago enters the men's restroom located at the west end of Terminal 2 baggage claim area.
- 12:52 hrs. - Santiago exits the restroom and proceeds east through the baggage claim area.
- 12:53 hrs. - Santiago pulls a handgun from waistband and fires his first shot.
- 12:53 hrs. - Delta Checkpoint Ticket Document Checker's begin to notice the sound of gun shots and start moving toward the central checkpoint.
- 12:54 hrs. - A deputy responding from the Terminal 2 upper level TSA checkpoint, which is staffed by BSO at each checkpoint throughout TSA operations, sees the commotion at the checkpoint hears the gunshots and runs to engage Santiago who immediately surrenders and is placed into custody.
- 12:55 hrs. - Six deputies enter the lower level baggage claim, via multiple doors, and establish a secure perimeter and identify and assist victims.
- 12:58 hrs. - First Fire Rescue Triage
- 13:05 hrs. - First treatment of victims from Fire Rescue.

DRAFT

- 13:06 hrs. - Deputies begin placing crime scene tape.
- 13:08 hrs. - Lower level airport roadway shut down for law enforcement traffic only.
- 13:11 hrs. - Witnesses are moved to the west end of the lower level baggage claim area of Terminal 2 with the intent of gathering their information and getting them on to an airport transport bus ramp side. During such coordination efforts, the secondary incident manifested rendering the plan no longer feasible.

From the time the witnesses were being moved, up until 14:20hrs, the events that took place were standard operations for any crime scene. Responding BSO resources, to include BSO airport fire rescue personnel and additional outside agencies, commence to establish a crime scene and begin the task of treating victims and securing witnesses and evidence. BSO's Explosive Detection Canine Handler (EDCH) teams were further used to sweep the immediate vicinity for potential explosive devices, while the BSO Special Weapons and Tactics Team (SWAT) helped to locate and make safe, sterile areas of Terminal 2 that had been flooded by the initial fleeing of panicked passengers and airport employees.

During this time, an incident command post was established, along with a media staging area and the activation of the Broward County Aviation Department (BCAD) Airport Emergency Operations Center (AEOC). A plan was being enacted that would have made the Security Identification Display Area (SIDA) and areas beyond the TSA checkpoint where passengers and bags had already been screened within Terminal 2 "sterile" again, further allowing operations in Terminal 2 to recommence, with the exception of baggage claim. Up to this point, the decision had been made to keep the remainder of the airport open with the exception of the Terminal 2

DRAFT

lower level area and roadway. The dynamics changed greatly with onset of the secondary event and the reporting of additional active shooters throughout the airport.

Figure 1: FLL Terminal 2 Baggage Area (Battinger, et al., 2017)

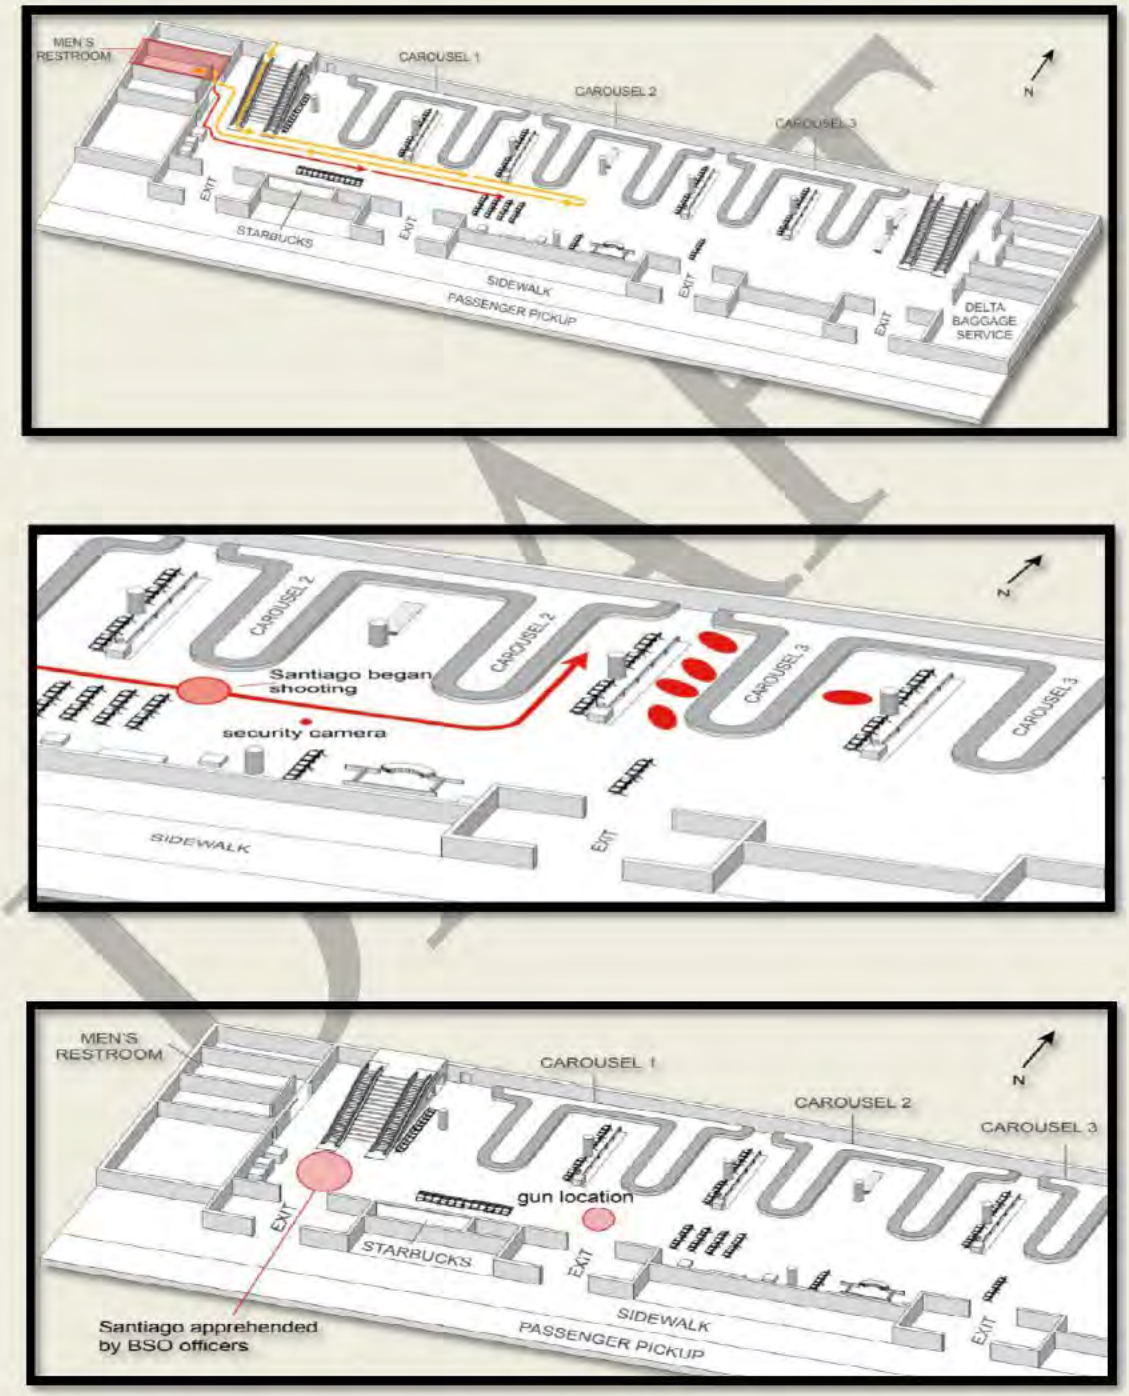

Figure 2: FLL Active Shooter

Esteban Santiago. (BSO)

Secondary Event – Airport Wide Self-Evacuation:

Reference Map, p.30

1 At 14:20hrs, a Customs Border Patrol (CBP) officer was walking with several other CBP officers in the lower level roadway between Terminals 2 and 3 when he heard what he thought was possibly two gunshots being fired, later determined to most likely have been cars on the upper roadway driving across an expansion joint in the road. He questioned his fellow officers as to what was allegedly heard, but was immediately informed that they did not hear anything. In efforts to dispel any further fears, he thought he should run back to Terminal 2 and check, just in case there had been another incident. Closed Circuit Television (CCTV) shows the officer running from the lower-level Ground Transportation Area (GTA) Terminal 3 towards the west end crosswalk at Terminal 2 where the CBP officer met up with several Broward Fire Rescue Emergency Services (BFRES) personnel.

A BFRES captain recalls a CPB officer running towards him with his firearm out and asking if he heard shots fired at Terminal 2. To be safe, the fire rescue captain reports the

DRAFT

incident over his designated radio channel to BFRES communications. Approximately 45 seconds later, this information is relayed across the primary Department of Law Enforcement (DLE) radio channel as, "Border Patrol reporting shots fired in Terminal 2."

Simultaneously, throughout the airport, CCTV shows deputies appearing to go on alert, while numerous requests via radio transmissions for confirmation of the call or location are made. In the AEOC, located in the upper level area of Terminal 3, the gathered group mostly comprised of department heads for the airport and individual legacy airlines, had heard the initial radio call via the fire rescue radio and subsequently the same radio traffic is heard from police radio reporting similar information. According to JetBlue representatives, a civilian had also hung up a hard line phone, between the fire and police radio call, and stated "They are shooting in two again", referring to Terminal 2.

2 Upon hearing the phone call and two radio calls, a JetBlue supervisor made a decision to keep their employees safe and out of danger by sending an employee from the AEOC to the ticket counters to begin clearing employees from the area. The decision was made without further consultation of AEOC officials or law enforcement.

The JetBlue ticket counters are located in the southern half of Terminal 3 with the passenger "Exit Lane" from surrounding concourses separating the northern and southern sides of the terminal. CCTV shows that as the JetBlue employees clear the counter area, they did so at a rapid pace, running towards the southern-most terminal access door. In the process of the employees running, it appears passengers became alarmed and joined in with the employees.

3 Three (3) subsequent actions took place in a very short time frame once the employee ticket counter began to evacuate:

DRAFT

- The TSA Foxtrot Checkpoint employees observed the employees running, and became panicked themselves and ran west down the concourse.
- Some employees and passengers fleeing from the ticket counter evacuated east to the Palm Parking Garage.
- Other employees and passengers fleeing from the ticket counter evacuated towards Terminal 4.

These actions created a cascade effect upon the rest of the airport in a very short period of time. The TSA officers fleeing from Foxtrot Checkpoint caused most of the Foxtrot Concourse passengers, concession workers and airline employees to panic and flee the concourse area and into the ramp. Normally with an evacuation, the ramp workers would gather evacuating employees and contain them to a general area. In this case, and in all subsequent concourse evacuations that day, ramp workers had no prior notice of the impending evacuations and began to flee themselves as the panicked passengers and other employees were yelling that they were being shot at or that shots were being fired.

4 The employees fleeing towards Terminal 4 caused two (2) deputies already on the curb, who were still trying to confirm the shots fired in the Terminal 2 incident, to un-holster their weapons and direct their attention to Terminal 3 thinking something critical must have been occurring.

5 The employees and passengers fleeing to the garage appear to have created an alarming sound that caused one of the anxious deputies in front of Terminal 4 to make a radio transmission of "shots fired" coming from the Palm Garage. As the shots fired call was being reported, the passengers who ran past the Terminal 4 curbside deputies entered that terminal and

DRAFT

caused panic within. Passengers and employees ran towards the checkpoint causing the TSA officers at the Gulf Checkpoint and exit lane to flee down the H and G Concourses. This resulted in passengers in both concourses to self-evacuate towards the ramp, taxiways and the Zulu Aircraft Holding Area located on the west side of Terminal 4.

Once the call of "shots fired" in the Palm Garage occurred, law enforcement officers (LEO's) airport wide ran out of the terminals and from the curbsides towards the Palm Garage, which essentially started a series of incidents causing hysteria across the airport. These incidents are as follows:

- A 911 call is received from Terminal 3 of "shots fired".
- LEO's in Terminal 2, upper and lower levels, ran towards the garage, which caused passengers on upper level Terminal 2 to flee towards Terminal 3.
- Many of these passengers ran into the northern most door of Terminal 3, which caused a self-evacuation of the ticket counters in that area and caused the TSA officers at Echo Checkpoint to take flight down the Echo Concourse.
- Echo Concourse passengers, concession workers and airline employees begin to flee the concourse towards the ramp areas.
- The LEO's running out of Terminal 2 also caused the TSA workers at the Delta Checkpoint to flee, for the second time that day, into the D Concourse.
- This action caused passengers who had returned to the concourse, after they had fled the first incident, to begin evacuating to the ramp area. The ramp was still occupied in two locations, by groups of passengers, concession workers and airline employees who had not yet returned to the D Concourse after the first evacuation.

DRAFT

- Upon hearing and seeing the new evacuation, the groups already on the ramp fled to new locations closer to the Terminal 1 and Terminal 3 ramp areas.
- Fleeing Terminal 4 passengers reported that a suspicious male was being detained at gunpoint, which was solely based on them overhearing a transmitted police radio communication of a "suspect at gunpoint". These communications were ultimately unfounded, as were many similar incidents throughout the next 15 minutes.

6 The sudden response from LEO's airport wide and their running to a perceived threat, specifically in the Palm Garage, forced passengers east towards the Hibiscus and Cypress Garages. Passengers in those garages, including Terminal 1 curbside, started to get anxious, which resulted in them dispersing and fleeing the area in various directions.

CCTV shows the combined running, increased tension, and mass panic across the airport that led to the knocking over of signs, stanchions, and garbage cans. People ran into doors, knocked them off their tracks, dropped luggage and tripped over strollers. All of these unfamiliar noises in such a short period of time appears to have added to the confusion, and seems to account for various police reports of "shots fired" throughout the garages and in Terminal 1.

The increased LEO activity, coupled with distraught passenger behavior, led to panic in the Charlie Checkpoint area, which caused the TSA staff to flee the checkpoint towards the Charlie Concourse. As with the other terminals, such action led to a virtual evacuation of all passengers, concession workers and airline employees on to the airport ramps. Simultaneously, with TSA fleeing Charlie Checkpoint, the west end of the Terminal 1 lower level baggage area appeared to panic with passengers running in various directions, primarily towards the east.

DRAFT

7 & 8 The BSO Bravo Checkpoint deputy, who had been listening to the radio transmissions of shots fired in various locations, and the radio call of a potential suspect in a white shirt running in the garages towards Terminal 1, posted himself at the mezzanine level at the Bravo Checkpoint, overlooking all of the baggage claim area. As the passengers at the west end started to run towards his location on the east end, he heard what he perceived to be shots fired coming from that general area. The deputy relayed the information over the radio informing of "shots fired in Terminal 4", but corrected himself a few seconds later stating "shots fired Terminal 1." One minute after correcting himself, separate LEO's are reporting "shots fired" in Terminal 1 and at the Alamo Rental Car Center located at the rental car garage.

9 & 10 The sound and noise of several dozen people running and screaming towards the direction of the Bravo Checkpoint appears to have caught the attention of the TSA employees at that location. With the arrival of the first distraught passenger running up to the mezzanine level, the TSA officers fled the checkpoint down the concourse. This action caused the near complete evacuation of passengers, concession workers and airline employees to the ramp. CCTV also captures two Federal Air Marshals (FAMS) and a Federal Flight Deck Officer (FFDO), who were waiting to board their flight, to immediately run from Gate B2 boarding area towards the checkpoint with their firearms drawn. All three made their way to the Bravo Checkpoint where they identified themselves to the checkpoint deputy and stayed in the footprint of the checkpoint for the next few hours. An interview of the FAMS revealed they never heard any gunshots, but were reacting to the yelling and screaming of panicked passengers who were fleeing the concourse for safety towards the ramp.

It should be noted that Terminal 1 has been the recipient of the most eyewitness reporting's of hearing "gunshots." Depending on the interviewee, they range from two (2) to five

DRAFT

(5) shots with the succession of the shots fluctuating per interview. Though the terminal is under major construction, all of those interviewed reported having worked in that terminal for some time and all stated they had never heard construction noise that sounded anything like the noise they reported hearing as a gunshot.

Terminal 1 is the only airport terminal with three levels. The upper level is ticketing, the mezzanine has the Bravo Concourse located on the east side, and the Charlie Concourse located on the west side. Both mezzanines connect directly to either the Cypress Garage Bravo Checkpoint or the Hibiscus Garage Charlie Checkpoint via enclosed bridge type walkways over the lower level roadway. The lower level is primarily the baggage claim area for all of Terminal 1 airlines. Interviews with "ear-witnesses" to the sounds of gun shots, and a review of CCTV reveal that the entire upper level appears to hear "gun shots" coming from the eastern mezzanine level. Subsequent interviews with those on the eastern mezzanine level, and review of the CCTV clearly indicates that there were no shot(s) fired at that location, but those interviewed claimed that they heard gun shots coming from what they believe is the western end of the lower level baggage claim area. The people interviewed in the eastern and mid-terminal location of the baggage claim area also stated that the gunshot sounds they heard were coming from the western end of baggage claim.

It should be noted that all of the people interviewed stated the sound of "gunshots" was the reason they fled in the various directions they did. Additional interviews were conducted with a TSA employee in the Charlie Checkpoint, a Starbucks Manager standing in front of a "down" escalator and a civilian BSO employee who was in front of the checkpoint standing in the western mezzanine area of the terminal. All three stated they never heard a gunshot despite being located just above the location where others interviewed believe the gunshot sound was

DRAFT

coming from. They stated they ran only because they saw others acting afraid and then heard someone yell "run" or something similar to "they're shooting".

As of this writing, there has been no CCTV or actual eyewitness to any type of intentional or unintentional shots being fired in Terminal 1. There have been no shell casings collected, despite reports otherwise, and no cleaning crew or airline employee has reported discovering any damage in Terminal 1 consistent with a gunshot. Attempted re-creations of that noise by normal items found in those areas have been unsuccessful in determining what the noise was. Interviews with FAMS located in the western end of the baggage claim, seconds before the panic began, also revealed that they never heard shots fired. They had jogged out of that location after they observed a deputy move at a quick pace from the west end mezzanine level down to the baggage claim level and out the western exit door to the curb. After the three FAMS ran outside behind the deputy, was when the alleged sound of shots fired occurred. The three FAMS deny having heard any shots, and CCTV of the entire lower level curb area reveals no concerned passengers or LEO's outside or any reaction to a loud noise or incident at that moment.

The total elapsed time from the moment employees and passengers began running from the JetBlue ticket counters in Terminal 3, which began the domino effect of self-evacuations, to the point of passenger reactions in lower level Terminal 1 baggage claim, took 2 minutes and 53 seconds. Four seconds later, TSA employees at Bravo Checkpoint begin to flee, and by the 3 minute 20 second mark, the entire airport had completely self-evacuated.

As a result of such pandemonium and contributing factors that caused the lower level baggage claim area to panic, either due to police radio calls of shots fired in Terminal 1 or the self-evacuation of the Terminal 1 baggage claim area, LEO's continued to respond towards the

DRAFT

terminal while passengers continued to run away from the terminals. These actions were being perceived in all airport terminals and garages.

CCTV also shows a clearly marked BSO patrol K-9 vehicle driving to Terminal 1 in response to a shots-fired call. The deputy was forced to park his vehicle in the middle of the lower level roadway as a result of the large number of civilians fleeing the baggage claim area and running across the roadway toward the garages. Once stopped, the deputy immediately jumped out of the driver's seat and began running towards the baggage claim area. Simultaneously, one of the airport patrons ran around the BSO vehicle and opened the rear passenger door with the intent of hiding in the vehicle in an attempt to avoid a perceived threat. Upon opening the vehicle door, the patron encountered the patrol canine that jumped out of the vehicle, and reacted as trained, in apprehending the patron. The encounter went on for several moments until a nearby Florida Department of Law Enforcement (FDLE) agent determined what had happened and worked to restrain the canine. With the assistance of additional responding LEO's, the canine was secured and placed back in the patrol vehicle. The civilian was provided medical assistance and transported to a local hospital.

11 & 12 As a result of the confusion regarding the canine incident, LEO's responding to the location reported the incident on the radio as either a "gunshot victim" or in an attempt to clarify the incident, a "canine bite, not gunshot". Either way, the misinformation lent credibility to those listening on the radio that there were in fact additional shooter(s) on the airport property. Shortly after this report of a gunshot victim, there was a new report of an additional shooter on the east side of the airport property near the A Concourse.

DRAFT

During the majority of the three minutes described above, there was a large number of LEO's responding to all three airport garages in an effort to locate a possible shooter(s). Multiple teams of LEO's are seen on CCTV throughout the garages and on every level tracking down a consistent report of a male in a white t-shirt. It appears this person (s), turned out to be civilian airport employees who had been running through the garages out of fear of the perceived threat. They had made their way to the Hibiscus Garage roof-top where they were intermingled with airport "plane-spotters".

The following is a timeline of shots fired calls (911 calls and police initiated calls) and firearm related calls heard over the primary radio channel and their respective locations related to the secondary event. Reactionary calls commenced at 14:21hrs, as a result of the JetBlue ticket counter's being cleared.

Time	Radio Call	Location	Source
14:22 hrs.	Shots fired	Palm garage	LEO
14:24 hrs.	Shots fired	Terminal 3	911 call
14:24 hrs.	Suspect at gunpoint	Terminal 4	LEO

DRAFT

14:24 hrs.	Shots Fired	Terminal 4	LEO
14:24 hrs.	Shots Fired	Terminal 1	LEO
14:25 hrs.	Shots Fired	Terminal 1	LEO
14:26 hrs.	Shots Fired	Rental car garage	LEO
14:26 hrs.	Gunshot victim	Terminal 4	LEO
14:36 hrs.	Additional shooter	Train tracks adjacent to airport	LEO
14:54 hrs.	Shots Fired	Huizenga Hangar	LEO
15:19 hrs.	3 firearms recovered	Palm Garage	LEO

DRAFT

15:22 hrs.	Shots Fired	Terminal 3	911 call
15:24 hrs.	Shots Fired	Huizenga Hangar	Fire/Rescue
16:36 hrs.	Detonation	Railroad tracks	LEO

Ramp Control:

The normal operation for airport evacuations is for ramp employees of the various airlines to collect the passengers as they evacuate down the concourse stairwells. The employees form a loose "bubble" around the passengers to contain them and keep them away from the various hazards found on an airport ramp. During the self-evacuation, ramp employees were suddenly and unexpectedly faced with passengers and fellow airport employees fleeing down stairwells and jet-bridges, and anecdotally jumping from empty jet-ways to the ramp below. The people exiting from the concourses were also running, fearful for their lives, and screaming about shooters and shootings as they ran. Thus, ramp workers reacted similarly, joining in the running until they eventually stopped, often times at other concourses or terminals. CCTV covers much of this, to include ramp and airline employees attempting to manage and control groups of people at various points around the six concourses. Large groups of approximately one thousand people were gathering near the G-14 Ramp area of Terminal 4. A similar number were located on the ramp between concourses E and F of Terminal 3. Terminal 2 had several large groups

DRAFT

around the concourse, and Terminal 1 evacuees generally made it from the concourse to the taxiways and onto the runway located on the north side of the airport.

Many patrons still had possession of their tablets or cellular phones and were keeping up with social media or speaking with friends and family who were informing them of what the various news channels were reporting. This added to, and heightened, group anxiety as those with social media access would then relay this information to others near them. One specific incident illustrates how this communication led to approximately four hundred people fleeing the ramp locations and attempting to seek shelter at alternate airport runways.

An employee of an airline had evacuated a concourse to the ramp and had been part of a group of approximately 200 people. The group had been startled at one point and fled to another location joining a similar sized group. The employee stated there was a lot of anxiety in the group, and people were relaying to one another the state of their situation according to media reports on line and through phone conversations between friends and family. He stated someone shouted for everyone to move away from the building they were adjacent to, because there were reports of shooters. Simultaneously, the employee was standing next to his friend who was on the phone with a relative. The friend stated something to the effect of, "…we should get down…" The employee's unease and in reaction of such statements made, within seconds of each other, ultimately led to the employee shouting "We should run!" With that, CCTV shows the crowd of approximately 400-500 people running towards the airport's northern runway. Those who lagged behind were directed towards the runway by employees who, according to interviews, felt that it was the safest place for people to be. Others interviewed stated they had just run with the group because they heard people shouting that they were being shot at, while others stated they didn't know why they were running.

DRAFT

Regardless of the reason, several of these mass groups made it to the airport's northern runway and were eventually split into two groups of approximately 1,000 people. One group ended up at a commercial hangar located on the northern side of the airport and the other filtered out of a construction gate located on the east side of the airport.

The above took place approximately 27 minutes after the secondary incident was initiated. For those people on the ramp and gathered around the concourses that did not make it to the runway, construction gates or perimeter hangars, hindered their placement in a secure area based on the following four reasons:

- There was still a real belief that we had an active shooter(s) event taking place. The ramps were relatively safe, although we had concerns that additional shooters might be mixed in with the various groups.
- The airport had lost all "sterility" when passengers and airport workers had run through the unmanned TSA checkpoints. We could not reintroduce these groups into concourses that might have secondary devices intentionally left there.
- Passengers were separated from their concourses and many had left valuables, phones, wallets, purses and tablets behind. There was a concern for potential large scale thefts, as it was not possible to ascertain who would be picking up what items. All of the passengers' property would have to be screened and collected prior to opening the concourses.
- Many airport passengers and employees who had run during the secondary event were hiding in offices, closets, bathrooms, and any other spot imaginable around the airport. Many of these locations were in spaces located underneath the concourses, and those

DRAFT

spaces had direct access to those respective concourses. LEO's still believed there might be additional shooters mixed among these people, and each location that could potentially conceal a person had to be cleared by SWAT teams. Any individual that was located was briefly detained and subjected to a pat down prior to releasing them to the terminal side of the airport.

Related Perimeter Issues:

The City of Fort Lauderdale Police Department (FLPD) is jurisdictionally positioned adjacent to the northern side of the airport. FLPD was the first non-BSO department to have resources on site to assist with the active shooter. Though initially not on the same radio channel as the airport district, FLPD was being relayed much of the same information. FLPD was aware that one subject was in custody, but also knew we were looking for other potential suspects. FLPD was also receiving 911 calls and information of passengers climbing fences around the airport property in an attempt to get out of the airport. Several FLPD officers assisted with closing the primary entrance to the airport from US1 southbound and Interstate 595. These two roadways converge as a shared connector to the airport. Additional FLPD officers took up perimeter points around the airport perimeter road.

Twenty-seven minutes after the secondary incident began; approximately 2,000 people still remained on the runway or were attempting to cross the northern runway and taxiways. Two critical incidents occurred within a short time frame of one another that perpetuated the belief that an active shooter threat still remained. The first was attributed to several plain clothes FLPD officers that were stationed on the northern portion of the airport's perimeter road. They were there keeping an eye on the general situation and listening to radio reports of the on-going

DRAFT

incident. One of the officers heard what he believed to be "multiple shots being fired" from the area of the Embraer or Huizenga Hangars located at the 400 block of S.W. 34 Street, Fort Lauderdale, FL., which was adjacent to his location on airport property.

13 The officers were unable to see the south side of the hangars and did not know that approximately 1,000 people had just made their way to those hangars from the runway. Three LEO's were with that group and were requesting additional LEO's and fire rescue units to respond to that location for assistance. Shortly after their arrival, they heard a radio transmission go out of "shots fired" at their location, several times over the next few minutes. After repeatedly denying the shooting calls, they were able to ascertain that a large group of FLPD officers were on the opposite side of the hangar. FLPD was not allowing fire rescue to enter as they believed an active shooter attack was taking place at the hangars.

The LEO's on scene were able to convince FLPD that no active shooter was taking place, and the fire rescue and law enforcement resources were moved in to the hangars to assist with medical and safety concerns. It was later determined that the initial FLPD officers believed that the "shots" they heard were most likely coming from noises on Interstate 595. That section of roadway is adjacent to, and above, where the FLPD officers were standing. With the confusion of this incident on the primary radio channel adding to the overall belief of more active shooters, another incident was occurring a short distance away that exacerbated the situation.

A similar sized group of approximately 1,000 people had been making their way toward the east side of the runway towards a construction gate. The Allied Universal security guards stationed at the gate had opened it for the entry of a fire rescue ambulance. At the last moment, the crew decided not to enter the gate because they were hearing reports of "shots fired" on the

DRAFT

runway. While the gate was still open, and with a very large group of people walking towards the gate, a fire rescue paramedic advised the security guards that they might want to leave the gate open for the approaching group. Security complied and hundreds of people made their way out of the airport via the construction gate. Those that left via the gate preceded north down the Florida East Coast (FEC) railroad tracks in to the City of Fort Lauderdale.

One exception to this group, which added to the on-going radio communication belief that other "bad-actors" were part of the incident, was a 22-year-old Iranian male who chose to run east when the rest of the crowd was walking north. The individual ran towards law enforcement officers who were assisting in closing the roadway at a primary entrance into the airport. Those officers had been hearing reports on their radios of the multiple active shooter incidents as well as reports that other shooters might be mixed in among civilians. The individual running towards them was doing so with a backpack in one hand and a cellular phone in the other. The individual refused to comply with several commands to stop, before being ordered to the ground at gun point and a subsequent interview to reveal his identity.

During the interview, he claimed that once he had fled the terminal to the ramp, a security officer in a vehicle picked him up and drove him to the perimeter fence where he was told to get out and run. He told officers that he was an Iranian-Muslim who was not a United States citizen and did not have any identification as he had lost it when he started running. He did claim to have a California driver's license though no record of any driver's license could be located during a teletype check. A fingerprint reader was utilized, with negative results on a positive identification. He claimed to be flying to California with his girlfriend, yet they were traveling on different flights approximately two hours apart. He stated that they had been staying together

DRAFT

in Palm Beach County, yet he arrived via Uber from approximately 30 miles away, while she was going to be driving her personal vehicle.

14 With his overall story changing throughout the interview, the decision was made to "disrupt" his backpack utilizing a Bomb Squad Team. Notifications were made over the primary radio channel that there would be an intentional disruption that might sound like an explosion. What was left of the back pack was subsequently searched and found to be absent of any explosive materials and only contained personal items. The FBI responded to the scene to conduct a follow up interview and ultimately released the individual.

Figure 3: Incident Overview Reference Map. (BSO)

Ensuing Issues and Recovery:

By approximately 15:30hrs, law enforcement began to believe that something other than another active shooter(s) had happened at FLL during the secondary event. Though numerous

law enforcement and 911 reports of "shots fired" had occurred, there had been no confirmed suspects or victims located. With a very hypersensitive civilian population of approximately 12,000 people walking or hiding randomly around the airport, concourses, offices, jet-bridges, garages, ramps and terminals or stranded on one of the 22 aircraft, several decisions had to be made in addressing the event:

- What to do with approximately 12,000 people that could not stay on FLL property.
- How to secure the airport, as all SIDA sterility had been lost.
- How to ensure the safety of several thousand pieces of abandoned valuables.

Bringing the population back in to the concourses was not an option for several reasons. Primarily there was still a security concern that other shooters could be potentially mixed among the airport population. There were just too many reports of shots fired coming from what would routinely be deemed as credible sources, leading to believe that something occurred or potentially could take place.

All concourses, terminals and garages had people hiding in them and those locations needed to be physically cleared to ensure the safety and sterility of the post-security areas, as well as the public areas of the airport. Civilians could not be allowed back into concourses or security checkpoints, as thousands of personal items had been discarded by those fleeing. Wallets, purses, cellular phones, tablets, passports, bags and more, had been dropped or abandoned as people fled. Airport restaurants and shops had also been abandoned with cash drawers left open and merchandise left unattended. There was no way to locate staff or even know if they were still on the airport property. The concern for theft and subsequent crimes was of paramount consideration.

DRAFT

BSO Command, in coordination with the Sheriff's Emergency Operations Center (SEOC) determined that all civilian personnel would be moved to an off-site location that was deemed secure. The Port Everglades Seaport was chosen as it is less than one mile away from the airport, has fixed perimeter security, routinely handles large volumes of passengers, could accommodate transportation services, provided a mechanism to interview people without comingling them with the general population, provided basic sanitation services, the ability to keep people out of inclement weather and is serviced by BSO law enforcement and fire rescue services.

The movement would have to occur from the upper terminal roadways, while the lower level would remain closed as a result of the Terminal 2 shooting, but could only begin once the three parking garages could be deemed secure from threats. With the plan to populate the curbs with thousands of people waiting for buses, a shooter in a garage could have had devastating effect. BSO coordinated the systematic clearing of offices, stairwells and vehicles utilizing SWAT teams from multiple jurisdictions who had come to offer support during the event.

By 1530hrs, a SWAT team leader from each of the 18 different departments was directed to the BSO SWAT command vehicle, where individual teams were tasked to specific garages. The mission was to clear every vehicle, office and stairwell in that specific garage, and report suspicious activity, items or persons. A "clearance" meant a visual inspection of the interior and exterior of every vehicle, office or stairwell and a pat-down of any persons found in those locations. Persons located were directed out of the garage, to a temporary holding area that was being secured by LEO's. Throughout this process several hundred civilians were found hiding under or inside of vehicles and offices. As a result of the visual inspections of parked vehicle interiors, follow-up investigations were required where firearm cases, fuel canisters "jerry cans"

DRAFT

or other suspicious items were located. By 18:25hrs, all three (3) garages were deemed safe and SWAT teams redirected their efforts to clearing individual terminals.

While these clearances began, BSO Command was working with Broward County representatives to obtain as many buses as possible to transport the massive civilian population to Port Everglades. The staging area for the buses was on the western side of the airport where Fixed Based Operations (FBO) were located and prepared for evacuation. Access to these FBO's had been shut down when the secondary incident began and were easy to secure and maintain with very little civilian traffic. Approximately forty-seven (47) buses were utilized from various sources to include, Broward County Mass Transit, BSO prisoner transport, and much smaller transport vans and trolleys.

While the buses were being obtained and the SWAT teams were clearing the secure side of the concourses and terminals, road patrol law enforcement began moving thousands of civilians gathered at various points around the airport to the upper level curbside locations of the four terminals. Such action required a loose "police line" within the concourses to move people from the ramps, through concourses and out to the roadway. With abandoned personal property throughout the concourses and terminals, law enforcement needed to ensure nothing was removed prematurely before property could be reunited with its proper owner. This was applicable in the public areas of the terminals where deputies would keep bathrooms opened for public use, but would escort or maintain a secure barrier around the remaining public area to prevent theft.

The BCAD had contracted with a civilian company BMS CAT that specializes in the recovery and reunification of personal property in mass casualty incidents, to oversee the

DRAFT

collection of the abandoned items. BMS CAT began the collection once each concourse and terminal was deemed safe by the SWAT teams clearing those locations. All terminals and concourses were declared clear by 22:00 hrs.

The tedious task to evacuate all airport patrons remained, which encompassed the movement of thousands of civilians from the FLL airport to the seaport. Access between the primary and secondary event required a tremendous response from the LEO community to include local, state and federal partners. In all, it is estimated that over 2,000 LEO's from the tri-county area had responded to the airport to offer some type of assistance. While this response was generally manageable from a traffic standpoint after the initial event, traffic control was completely lost after the secondary incident.

With the potential of six or seven active shooter incidents being reported at the same time, responding LEO's were parking vehicles in any location near the terminals and garages. With the haze of the incident on-going for approximately one hour, LEO's and their vehicles became separated with LEO's not recalling where they had left their assigned units. In addition, several dozen civilian vehicles had been left abandoned, without keys, along roadways into and out of the airport and in front of terminals. Several civilian vehicles ran out of gas after having been left to idle for many hours, and unattended. Forty (40) vehicles were towed to a contracted tow yard with dozens more being moved out of the roadway to allow for bus access to the terminals.

By 19:30 hrs. the roadways had been made passable and the buses began to pick up tired, scared, angry and hungry civilians that, for the most part, were relatively well behaved. LEO's stationed themselves on curbs and roadways at all four terminals and assisted with the loading of

DRAFT

passengers on to buses. LEO vehicles conducted escorts of the buses for the short trip to Port Everglades, but ran into significant traffic congestion upon entering and exiting the port. Though a large port, which is basically shut down at night, the sudden influx of thousands of personal vehicles, cabs and Transportation Network Companies (TNC), such as Uber and Lyft, overburdened the roadways, which led to lengthy delays in getting busses back to the airport for evacuation purposes. The last hour or so of the transports were tense with civilians and LEO's displaying an exhausted demeanor based on the trying times faced during the event.

The SEOC terminated service at approximately 23:00 hrs., and the airport command post ended service at 01:00 hrs., on January 7th, while the Port Everglades command post closed at 03:00 hrs. At that point, the port was empty of all civilians with the Red Cross and Broward County services finding beds and safe locations for the many passengers who had not intended on an overnight stay in Broward County. The event left them with no ability to seek assistance from friends or family, and unexpectedly without monetary and communicative means due to their personal belongings being confined to an airport terminal, concourse or ramp.

With the exception of Terminal 2, FLL was open for business at 05:00 hrs., on January 7th. The BCAD staff and BMS CAT managed to return over 90% of the abandoned items to the rightful owners within one week of the incident. BCAD staff utilized personal and work vehicles to return property to the tri-county area, while overnight shipping was utilized for property traveling farther distances. The governor's office arranged for the Department of Motor Vehicles to have staff on site beginning January 7th to assist with the issuance of replacement identification to Florida residents needing immediate identification for travel purposes. Several consulate offices were also available to help those from foreign countries to obtain emergency travel documents from their respected countries of origin.

DRAFT

The Terminal 2 departure level was reopened for business on January 7th, while the baggage claim area was put back in service in sections over the following week. One week from the day of the shooting, Terminal 2 baggage claim was completely reopened and a short memorial was held to honor the victims of the tragic event.

Chronology of Notifications

The emergency response to the FLL active shooter incident was chronologically documented by BSO dispatch personnel and described as follows:

- 12:54 hrs. – DLE Computer Aided Dispatch (CAD) header L03170106000501 created as the first 911 call is received at the North Public Safety Answering Points (PSAP) 911 Duty Officer ensured the following:
- Confirmation of accuracy and detail within the created CAD header.
- Confirmation that the call taker was updating the CAD header's narrative as new information was obtained.
- Maintained close proximity to the initial call taker to aid in gathering additional information.
- Monitored the primary DLE dispatch talk-group.
- Monitored the CAD pending queue for related calls and possible diversions.
- 12:54 hrs. – B200 advised "shots fired" on DLE Dispatch 2A.
- 12:55 hrs. – BFRES CAD header FBC170106000173 created and associated to the DLE event (Mize, 2017).
- 12:56 hrs. - Notifications as per Active Shooter Notification Form commenced, which includes the following:

DRAFT

- 12:57 hrs. – DLE Command Page completed
- 13:03 hrs. – On Call Public Information Officer (PIO)
- 13:05 hrs. – Office of Homeland Security (OHS) notified
- 13:08 hrs. – SWAT Commander notified
- 13:09 hrs. – Bomb Squad notified
- 13:09 hrs. – Violent Crimes
- 13:10 hrs. – Homicide
- 13:10 hrs. – State Warning Point
- 13:11hrs. – Crime Scene
- 13:13 hrs. – DLE Major Page completed
- 13:14 hrs. – TN.DLEALL Page completed
- 13:14 hrs. – TN.ALL Page completed
- 13:15 hrs. – On Call EOC Personnel
- 13:18 hrs. – Victims Advocate
- 13:36 hrs. – BSO Crisis Incident Stress Management (CISM) contacted (*BSO Early Assistance Program (EAP) responded to the North PSAP for debriefing of personnel)
- 13:50 hrs. – Sunrise CISM contacted (*Sunrise BFRES CISM responded to Central PSAP for debriefing of personnel)

DRAFT

- South PSAP personnel were confirmed to have had limited impact and were debriefed by their Site Management team.
- 12:57 hrs. – Secondary dispatcher placed at DLE Dispatch 2A (Primary FLL talk-group) due to increased radio traffic.
- 12:58 hrs. – Secondary dispatcher placed at DLE Dispatch 7A. Dispatch 7A assumed "overflow" radio traffic from Dispatch 2A for those units not involved in the FLL event.
- 13:23 hrs. – "Branch off" talk groups for DLE and BFRES as well as the UC were identified (field notified via pages as well as announced over various talk group channels) (Mize, 2017).

Dispatch Duty Officer ensured the identification and announcement of unified talk groups for both DLE and BFRES (14OPS1). The identification and announcement of "branch off" talk groups for DLE are as follows:

- 14OPS2 – DLE Staging / Quick Response Force (QRF)
- 14OPS3 – Plantation PD patched in with airport incident due to their digital radio system / other responding municipalities.
- 14OPS4 – Port Everglades due to the Port being shut down (eventually merged with 14OPS2).
- 14OPS5 – SWAT channel monitored by dispatch.
- 14OPS6 to 14 OPS9 – SWAT auxiliary channel (not monitored).
- 8CAL91 – Florida Highway Patrol (FHP) channel reference to road closures.

DRAFT

Identification and announcement of "branch off" talk groups for BFRES are as follows:

- 12JOPS3 – BFRES Staging (Perimeter Rd and Gate 3).
- 12JOPS4 – BFRES Medical and Triage.

Additional actions taken by dispatch in response to pertinent requests are as follows:

- 13:25 hrs. – Multimedia Television (AV) set up to advise the Communications Center of updates and pertinent information to be disseminated to the families, friend and the public.
- 13:27 hrs. – Request for additional BSO and municipality Units made (Margate, Coral Springs, Plantation, Hallandale Beach and Miami Dade sent SWAT units and/or snipers).
- 13:41hrs. – TAC Channel established for Mass Casualty Incident (MCI).
- 13:41hrs. – TAC Channel established for BFRES units utilizing BCF MEDCOM for level 2 MCI.
- 13:42 hrs. – Collabria page sent instructing Charlie Shift, Duty Officers as well as Communications Operators, to report for duty as soon as possible due to increased call volume, assistance on the dispatch console and supervisors to monitor the additional talk groups established as per the Active Shooter Policy.
- 14:33 hrs. – Request for municipalities to expeditiously send additional units to the staging area.
- 14:35 hrs. – Page(s) completed advising Port Everglades is shut down.

DRAFT

- 14:35 hrs. – Page(s) completed advising of a possible secondary shooter and additional notification of identified operational talk groups.
- 14:43 hrs. – Request for the Trauma Hawk and the Eagle from Miami-Dade and Palm Beach Counties per Col. Knowles (Mize, 2017).

FHP notified reference road closures at the following locations:

- I-595 exits to Dania Beach and FLL.
- Northbound Federal Highway at Griffin Road.
- SR 84 and 22nd Street by the post office.
- FHP assigned 8CAL1.
- 14:56 hrs. – TN.DLEALL Page completed requesting all radio traffic be kept to a minimum unless working the incident.
- 14:57 hrs. – TN.ALL Page completed requesting all radio traffic be kept to a minimum unless working the incident.
- 14:57 hrs. – Aviation assistance from Palm Beach and Miami Dade cancelled per Sgt. Ponticelli advising BSO has enough aviation to support.
- 15:06 hrs. – Resources from Hallandale Beach Police (HBPD) responding per HBPD Chief Martinez.
- 15:15 hrs. – QRF units utilizing 14OPS2 per Sgt. Santalucia.
- 15:15 hrs. – Hollywood Police Department (HPD) requested the Bomb Squad.

DRAFT

- 15:22 hrs. – TN.DLEALL Page completed, per District 10, advising units not to use the word "bodies" to describe people/personnel/victims.
- 15:35 hrs. – Notification that Broward Health not at full capacity per Fire Chief.
- 15:54 hrs. – TN.DLEALL Page completed, on behalf of DLE Training, advising cancellation of qualifications at Markham to resume Monday morning.
- 16:50 hrs. – TN.DLEALL Page completed, per Col. Knowles advising no additional units are needed at FLHIA.
- 16:59 hrs. – Collabria page sent instructing Alpha Shift, Duty Officers as well as Communications Operators, to report for duty as soon as possible due to increased call volume, assistance on the dispatch console and supervisors to monitor the additional talk groups established as per the Active Shooter Policy.
- 12:54-2100 hrs. – Operators inundated with multiple calls regarding the incident.
- 23:00 hrs. – Regional Communications resumed normal operations (Mize, 2017).

PSAP Resources Utilized:

Broward County and State Mutual Aid talk-groups were assigned with specific functions. The following technologies were utilized in response to this event:

- A single UC Talk-group was established.
- 14 OPS1 – UC Talk-group established for DLE and FR Command Identification and announcement of branch off talk groups for DLE.

DRAFT

- The following talk-groups were established for DLE:
- 14OPS2 – DLE Staging / QRF.
- 14OPS3 – Plantation Police Department (PPD) patched in with airport incident due to their digital radio system / other responding municipalities.
- 14OPS4 – Port Everglades due to the Port being shut down (eventually merged with 14OPS2).
- 14OPS5 – SWAT channel monitored by dispatch.
- 14OPS6 – 14 OPS9 – SWAT auxiliary channel (not monitored).
- 8CAL91 (state-wide mutual aid) – FHP channel reference to road closures (Mize, 2017).

The following talk-groups were established for FR:

- 12JOPS3 – BFRES Staging (Perimeter Rd and Gate 3).
- 12JOPS4 – BFRES Medical and Triage (Mize, 2017).

PCAD group pages were utilized for global notification purposes. The following group pages were initiated:

- DLEALL – Represents all DLE municipal/BSO field user points of contact county-wide.
- ALL – Represents all FR municipal/BSO field user points of contact county-wide.
- DLECMD – Represents BSO Command Staff.
- DLEMJR – Represents BSO District/CI Command.

DRAFT

- Collabria group page was utilized to summon and notify all Regional Communications staff members.
- PSAP Multi-media AV system was used to keep all staff informed to tactical talk-groups, staging locations, and emergency contact telephone numbers (Mize, 2017).

Collection of Evidence

BSO Crime Scene Unit (CSU) personnel responded along with Forensic Services personnel. As additional local and federal resources arrived on scene, a command post was established, and once the situation was believed contained, supervisors began coordinating their response with federal authorities as the Federal Bureau of Investigation were deemed the lead investigators for the incident (Hansen, 2017).

After reviewing all available assets, the FBI agreed to proceed with BSO CSU in regards to conducting a LizardQ 360 spherical and overall crime scene photography. BSO Traffic Homicide Investigator's (THI) were further on scene with the FARO scanner and completed scans of the scene. BSO CSU then processed all witnesses who had contact with the shooter or had visible blood evidence on their person. BSO CSU provided assistance to the FBI Forensics Team as they processed the interior of the scene and coordinated the arrival of the Broward County Medical Examiner's Office, allowing for the FBI to proceed with the intimate examination of the victims. At the conclusion of processing, BSO CSU transferred all photos and collected evidence to the FBI Forensic Team for their investigative use (Hansen, 2017).

Homicide Response

DRAFT

At approximately 13:33hrs, The BSO Homicide Unit arrived at the lower level of Terminal 2 of the FLL airport regarding a multi-victim shooting incident with a suspect taken into custody by multiple BSO deputies immediately after the shooting. Upon arrival on scene, an extremely large law enforcement presence was observed parked in the roadway outside of the lower levels of Terminals 1 and 2. The crime scene was located within Terminal 2 in the lower level baggage claim area and secured with crime scene tape and guarded by multiple uniformed BSO deputies. Contact was made with multiple agency representatives that consisted of BSO command staff, BSO road patrol and BSO investigative personnel. An initial briefing of the event was facilitated, and during the briefing, BSO was identified as the Lead Investigative Agency at the time (Tutler, 2017).

The following was relayed pertaining to the incident:

- There were at least six injured victims at local area hospitals that were being treated for their injuries.
- There were at least five deceased victims within the crime scene.
- Hundreds of potential witnesses were waiting to be interviewed.
- Esteban Santiago was alive, uninjured and in custody in the BSO Airport District office.
- Santiago's firearm was contained within the crime scene.
- BSO was securing the airport from further threat of violence.

It was at this time, that Santiago was interviewed by BSO and the FBI. At the onset, BSO and the FBI were jointly conducting the investigation. Subsequent to the interview of Santiago, the FBI took over as the lead agency. Federal murder-related charges for all deceased victims are pending in Federal Court. The victims' bodies were transported to the Broward Medical

DRAFT

Examiner's Office for post-mortem examinations and the FBI took over as the Lead for all post-incident homicide related investigative tasks (Tutler, 2017).

In follow up, BSO Homicide, the Violent Crime Unit (VCU) and the CSU were tasked with responding to local hospitals to meet with the surviving victims, conducted civilian witness interviews while on scene at the airport, secured airport surveillance video footage, secured evidence on scene and documented the crime scene. Numerous other BSO employees were tasked with securing the airport, security sweeps, evacuations and airport logistical tasks (Tutler, 2017).

SWAT / Special Response Team (SRT)

The event called for numerous law enforcement representatives to assemble at the BSO Airport District. The response was extremely beneficial to the cause, being that such presence allowed for a multitude of tactical personnel and assets to be thrusted upon the hot zone, further enabling stringent deployment. The ability to pre-plan, train and coordinate with all stakeholders to achieving operational readiness is crucial to surviving an event of such magnitude. A total of 18 SWAT teams from the tri-county area were diligently staged, accounted for and assigned to specific locations, which enabled searches, sweeps and clearing operations to be conducted of the entire BSO Airport District and its surroundings (Patten, 2017).

The Tactical Command Post (TCP) was set up and established on the lower level of Terminal 1, just east of the entrance, secured behind fortified cover. Due to the vast law enforcement response, multiple agency radio channels (14 Ops) were needed to keep search teams organized and assigned to their task at hand. As SWAT teams arrived, one team leader from each jurisdiction was required to check in with the tactical command and advise what

DRAFT

agency they were with and how many SWAT operators were present to assist. As the teams checked in, proper assignments and radio channels were designated in efforts to deploy within the airport garages and terminals, commencing the operational search and clearing stage. The garages are identified as; the Cypress (9 stories), the Hibiscus (7 stories) and the Palm Garage (4 stories) (Patten, 2017).

At the TCP, dry eraser markers were used on the side of the equipment truck to document and organize the teams and their assignments. Since there were three (3) garages to clear and three (3) BSO team leaders, each team leader was assigned a garage and served as the Incident Commander (IC) of a specific garage and actively monitored the progress of the SWAT teams searching and clearing on dedicated radio channels. During the clearing of the three (3) garages, SWAT teams came across hundreds of civilians who were still in the garages hiding or trapped due to the garage exit gates being closed down. The civilians were gathered up by the assigned SWAT teams and escorted to holding areas outside of Terminal 1, until the garages could be completely cleared and considered safe. Once the garages were deemed safe and free from any danger, the tactical command post re-assigned all SWAT teams to a specific terminals, either upper or lower, to continue clearing and render the terminals safe. The following indicates each garage and its clearing time:

- Hibiscus Garage – cleared at 1730 hrs.
- Cypress Garage – cleared at 1825 hrs.
- Palm Garage – cleared at 1825 hrs.

SWAT Teams had cleared all the terminals both the upper and lower areas and all connecting pathways by 2200 hours and all SWAT teams had cleared the scene by 2300 hours.

DRAFT

The following is a list of SWAT and SRT that assisted BSO with the search and clearing of all the parking garages and terminals (Patten, 2017):

- Fort Lauderdale Police Dept.
- Hollywood Police Dept.
- Coral Springs Police Dept.
- Pembroke Pines Police Dept.
- Lauderhill Police Dept.
- Plantation Police Dept.
- Miami-Dade Police Dept.
- Miami Beach Police Dept.
- Miramar Police Dept.
- Davie Police Dept.
- Coconut Creek Police Dept.
- Hallandale Police Dept.
- Margate Police Dept.
- Federal Bureau of Investigations
- Alcohol Tobacco and Firearms
- Customs Border Patrol / HSI

DRAFT

- Florida Wildlife Commission

The BSO SWAT team conducts year round training exercises applicable to airport operations, building tactics and active shooter responses. Furthermore, BSO SWAT partakes in numerous Regional Domestic Security Task Force (RDSTF) and multi-jurisdictional exercises that consist of airport emergency drills to include seaport threats.

Broward County Florida

Broward County, Florida, has grown to approximately 1.9 million residents and is the second most populated county in Florida (US Census Bureau, 2015). It is bordered by Miami-Dade County to the south and Palm Beach County to the north, the first and third most populated counties in the state (US Census Bureau, 2015). Broward is also the seventh largest county in Florida by area; accounting for approximately 1,209 square miles of land, with approximately 1,445 persons per square mile. It is a major tourist destination with over 13 million visitors who come to the area for its beaches, warm climate and the second largest cruise port in the nation.

The Broward County Commision is the governing body and is represented by 9 district seats, which account for all unincorporated areas of Broward County, to include the Broward County Court House, Port Everglades and the Fort Lauderdale - Hollywood International Airport. The following is a breakdown of the population, gender, average income, home ownership rate and values for Broward County (US Census Bureau, 2015):

- Total Population – 1,896,425
- Gender – Male 49% Female 51%
- Income – Median Income $51,968.

DRAFT

- Home Ownership Rate – 63.5% - Median Value $185.900.

Broward Sheriff's Office

BSO provides law enforcement and public safety services to the residents of Broward County, Florida, which is led by an elected official Sheriff Scott J. Israel. Sheriff Israel is responsible for the administrative and fiscal control of the resources appropriated by the County Commission in order to provide law enforcement and public safety services, crime prevention, corrections and rehabilitation, and fire rescue and emergency services.

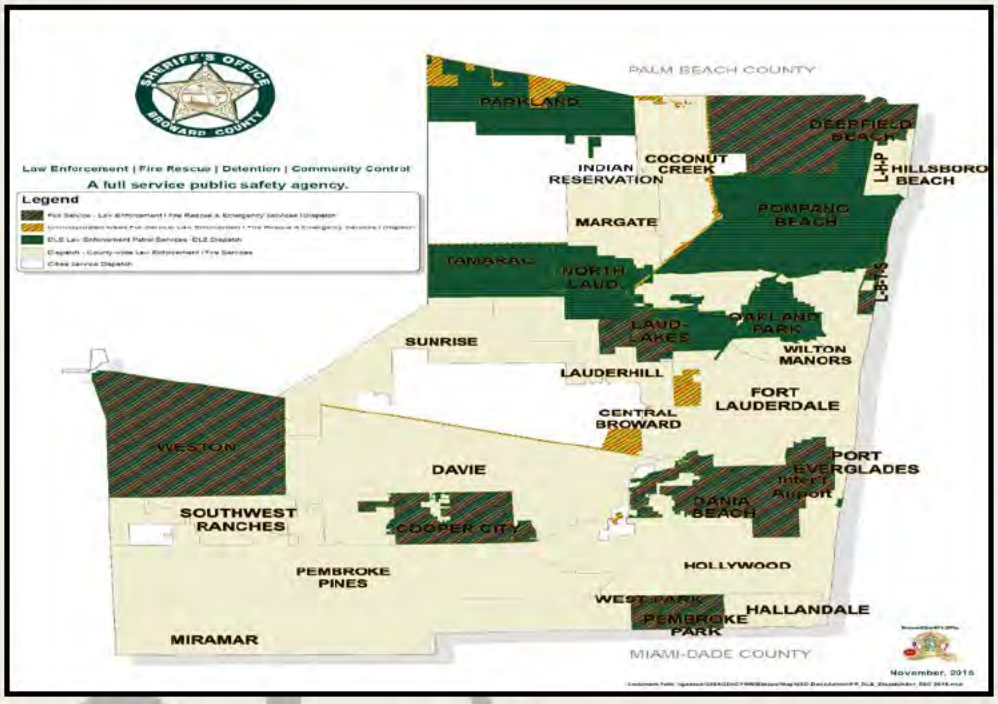
BSO was founded in 1915, which at the time served approximately 4,700 residents. BSO has grown, and has become the largest law enforcement agency in Broward County, Florida, with a working budget of $835 million dollars (Fiscal Year 2016/2017 Adopted Budget, p. 10). BSO employs approximately 5,400 full-time personnel. This workforce is comprised of 1,469 sworn deputies, 1,071 detention deputies, 633 firefighters and 2,173 civilian employees (Wagner, 2017). Furthermore, BSO is one of the largest full service public safety agencies and accredited sheriff's office in the nation. Though funding is mainly derived from the Broward County budget, BSO further contracts with numerous municipalities, which allows BSO to serve 16 cities and towns throughout the county and provides public safety service via the Department of Law Enforcement, Department of Detention and Community Programs, Department of Fire Rescue, Community Programs and the Administrative Offices.

BSO is a public safety entity that is responsive to the Broward County Board of Commission, contracted municipal governments, and the distinguished residents of Broward County for all non-emergency and emergency matters faced on a daily basis. The external

DRAFT

environment is gauged by Broward County's public safety needs, which are three fold; governmental, the community and and it's public safety.

Figure 4: BSO Jurisdictional Map. (Fiscal Year 2016/2017 Adopted Budget)



Department of Law Enforcement

The Broward Sheriff's Office is a full-service, nationally accredited public safety agency. BSO's DLE serves 16 specific areas in Broward County, including the Broward County Courthouse, the Ft. Lauderdale-Hollywood International Airport, areas of the Everglades and the county's waterways, including Port Everglades, all areas of unincorporated Broward and more than 14 cities and towns that have contracted with BSO to provide law enforcement services. DLE also administers the agency's Specialty Units and Divisions that are trained and staffed in dealing with unique law enforcement situations and proactive investigatory endeavors (www.sheriff.org).

DRAFT

Broward Fire Rescue Emergency Services

BSO's Department of Fire Rescue originated in October 2003 when all operational and administrative responsibilities were transferred from the Broward County Board of County Commissioners to the Broward Sheriff's Office. The department operates five battalions in 22 different locations throughout the county and includes seventeen (17) engines, seven (7) aerials, one (1) Industrial fire truck, three (3) aircraft fire-rescue crash trucks, twenty-three (23) ALS transport units and a cross-staffed brush truck, chemical fire suppression truck and foam tanker. With more than 700 professional and highly-trained operations, support and administrative personnel, the department provides fire suppression, fire protection, emergency medical services and educational programs for most unincorporated areas of Broward County and to the municipalities of Weston, Pembroke Park, Cooper City, Lauderdale Lakes, Dania Beach and Deerfield Beach through contract agreements. Additionally, the department serves Ft. Lauderdale-Hollywood International Airport and Port Everglades. Twenty-two (22) stations for Fire Suppression and Advanced Life Support medical rescue operate in various locations in the county, fifteen (15) engine companies and five (5) aerial companies. There is also an Air Rescue station located at the Ft. Lauderdale Executive Airport. Fire Rescue also administers the Hazardous Materials, Air Rescue, Everglades Rescue and the Technical Rescue teams, each addressing unique and frequently complex and dangerous public safety situations. These teams operate countywide (www.sheriff.org).

Department of Detention

The Department of Detention (DOD) is comprised of the following facilities and functions:

DRAFT

The Main Jail is an eight-story maximum security facility adjacent to the Broward County Courthouse in downtown Fort Lauderdale. Built in 1985 at a cost of $41.6 million, it was originally designed to house 864 local and state inmates. In 1988 and again in 1992, capacity was expanded to 1,538 inmates. The facility is supervised by more than 400 sworn and civilian staff, which also includes Central Intake Bureau (Booking) for all Broward County law enforcement agencies, pre-magistrate, centralized classification intake assessment for all BSO detention facilities, an infirmary and administrative offices. An all-male facility, most inmates are awaiting trial or sentencing, or are serving terms of less than one year. The inmates housed in the Main Jail are considered escape risks, violent or dangerous, or by the nature of their charges require maximum security housing. The Main Jail also includes an average of 65 juveniles awaiting trial in adult courts; they are housed separately from adult inmates (www.sheriff.org).

The Joseph V. Conte Facility is a male, medium-custody facility housing mainly inmates awaiting trial. Conte is a direct supervision facility, meaning deputies are stationed inside the housing units and interact directly with inmates. Meals, recreation, counseling, treatment programs and medical care are provided within the housing units, eliminating the need to escort inmates to other areas to receive them. The Conte Facility is program intensive and includes 30 day substance abuse programs, as well as various educational programs. Built at a cost of $25.5 million, the facility houses 1,328 inmates and is staffed by 231 law enforcement and civilian personnel (www.sheriff.org).

The North Broward Bureau is a minimum to medium security, special needs detention facility housing male and female offenders. The facility also houses protective custody female offenders and female juveniles. The facility currently holds 1,200 inmates. The primary mission

DRAFT

of the facility is to house and manage the mentally ill, medically infirm and special needs inmate population (www.sheriff.org).

The Broward Sheriff's Office's newest detention facility opened in February 2004. Modeled after BSO's Joseph V. Conte Facility in Pompano Beach, the $36.6 million complex is a direct supervision jail where staff works more closely with inmates and inmate movement is kept to a minimum. Designed to handle 1,020 inmates in two four-story towers, the 257,790 square foot medium / maximum security jail houses male and female inmates in separate areas. More than 200 deputies supervise the inmates with support from nearly three-dozen non-sworn BSO administrative employees (www.sheriff.org).

Regional Communications

The Broward Sheriff's Office Regional Communications Division is contracted by The Broward County Office of Regional Communications and Technology and is responsible for fielding emergency and non-emergency calls for police, fire, and medical services within Broward County. Managing three PSAP's located in Coconut Creek, Sunrise, and Pembroke Pines, the Broward Sheriff's Office provides 9-1-1 and non-emergency intake, teletype and dispatch services for all unincorporated areas of Broward County, 29 law enforcement municipalities, 28 fire rescue municipalities and numerous special patrol areas including the Ft. Lauderdale-Hollywood International Airport, Port Everglades, BSO Department of Detention, Court Services and other areas. The division functions 24 hours a day, 7days a week and is comprised of an all civilian command staff including a Director, Assistant Director, 3 Site Managers, 3 Assistant Site Managers, 41 supervisors and approximately 400 specially trained public safety tele communicators (www.sheriff.org).

DRAFT

Fort Lauderdale – Hollywood International Airport

In 2016, FLL ranked 21st in the United States for passenger traffic and 13th in domestic origin and destination passengers. FLL accommodates approximately 290,239 total aircraft movements a year, which accounts for departures and arrival flights, while hosting approximately 29.2 million passengers a year, up 8.4 % from 2015 (www.fll.net). FLL is an immense economic engine for Broward County, which employs 12,500 airport badged employees, 139,920 total jobs (direct, indirect, induced multiplier effect), with an overall payroll of $3.5 billion and a total output of $13.2 billion (www.fll.net). FLL is Broward County's largest employer. FLL is monetarily self-supporting, with no tax revenues expended in support of airport operations, maintenance, or capital improvements. FLL, through the Broward County Aviation Division (BCAD), generates its funding via user fees, rentals and other applicable airport charges (www.fll.net).

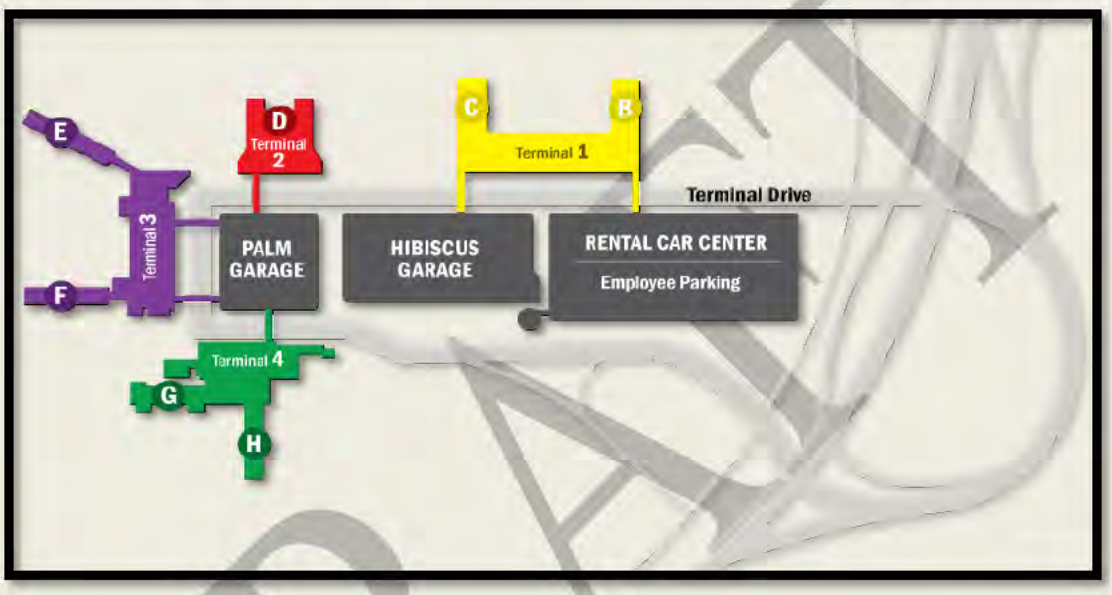
In 2014, the South Runway was completed allowing for new expansion initiatives to take place. The following are major improvements underway (www.fll.net):

- Terminal 4 will expand its capacity from 10 to 14 gates, with the inclusion of more international gates, restaurants and shops.
- The Terminal Modernization Program is geared towards improving, renovating and upgrading terminals 1 through 3.
- Terminal 1, Concourse A, is being expanded upon via five (5) additional gates to better accommodate international and domestic flights.
- In Line Baggage System.

DRAFT

- Noise Mitigation Program
- In Progress Projects
- **Total Cost: $2.3 billion** (www.fll.net).

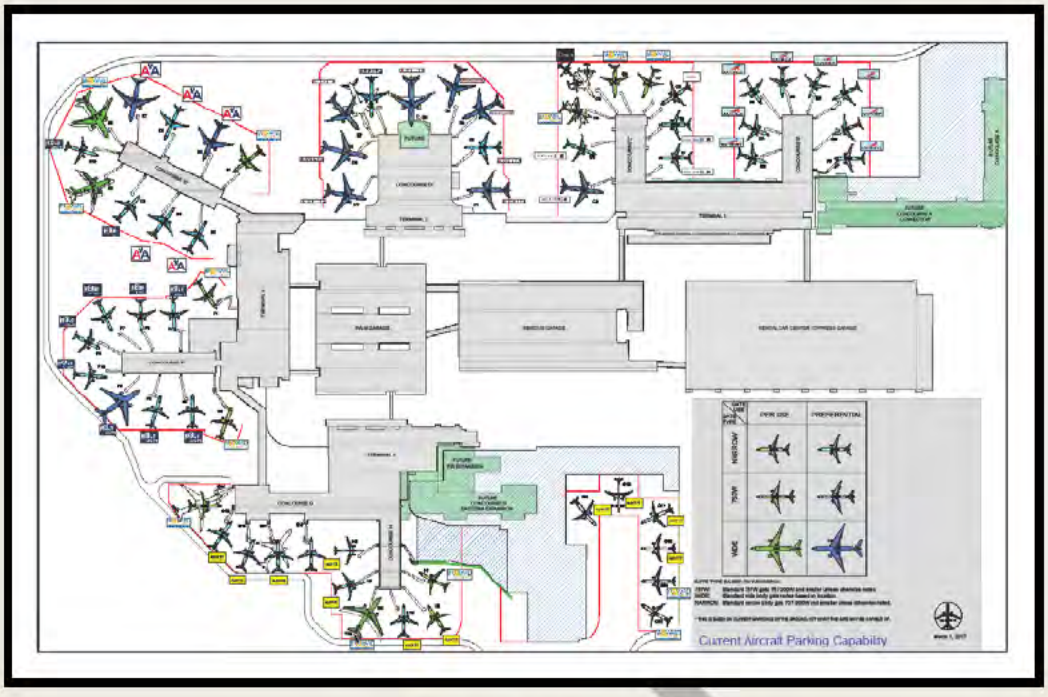
Figure 5: BSO Airport Terminals and Garages. (Fll.net)



FLL offers nonstop flights to over 100 U.S. and international cities accounting for service to Canada, Cuba, the Bahamas, the Caribbean, Europe, Mexico, Central America and South America. In excess of 12,000 parking spaces are further at hand, allowing for self-parking, extended parking and valet service. FLL is also the gateway to Port Everglades, which allows hundreds of thousands of cruise passengers to travel expeditiously to the cruise terminals just two miles away. Furthermore, the onsite Rental Car Service Center enables easy access travels via 12 rental car companies and a fleet of more than 5,400 vehicles (www.fll.net).

Figure 6: FLL Aircraft Parking Capability. (BSO)

DRAFT



BSO Airport District

The BSO Airport District works with the Broward County Aviation Department, the Transportation Security Administration, the Airline Managers Association, airport tenants and ancillary federal agencies to provide law enforcement and fire rescue protection for the 1,380 acre airport site and its 12,500 employees. BSO provides law enforcement services for the Fort Lauderdale-Hollywood International Airport and handles security measures related to parking and general airport security. The district has an annual operating budget of approximately $17 million dollars, which provides for 116 positions consisting of a district captain, 1 lieutenant, 9 sergeants, 81 deputies, 22 civilian airport security officers, 1 crime analyst and 1 administrative support specialist.

It should be noted, that in 2007 the airport district staffing number stood at a total of 150 positions consisting of 98 sworn and 52 non-sworn positions. Between 2008 and 2013, staffing was drastically reduced by 23%, which accounts for 34 positions lost therefore, creating the

DRAFT

current day total staffing number of 92 sworn and 24 non-sworn totaling 116 positions. It should be noted this period BSO Airport District staffing reductions incongruously coincided with a period of major growth at the FLL airport in terms of flight operations, passenger capacity and physical growth (including an added fourth terminal).

In calendar year 2016, the BSO Airport District was responsive to 29,039 calls for service, up 30% from 2008. Of those 29,039 calls, 273 incidents were related to Part 1 Crimes (thefts, auto thefts, burglaries and assaults). Part 2 Crimes accounted for 323 incidents (battery, concealed weapons, criminal mischief, drugs, fraud, dealing in stolen property and threats / intimidation). The year-end total for arrests stands at 279, with a clearance rate of 42% (214 out of 512 assigned investigations). The BSO Airport District further handled 804 vehicle crashes, issued 7,845 traffic citations, 303 hours of combined K9 deployments dedicated to searches of aircraft, bomb threats, baggage, cargo, passengers, proactive searches, requested search responses, sweeps, unattended items, vehicles and demonstrations.

On February 6th, 2016, as part of the RDSTF, BSO participated in a full-scale exercise, "Operation Heatshield", conducted in Miami-Dade County, FL., which encompassed full scale interdisciplinary training exercises to include; active shooter, explosive ordinance detection, hostage rescue, water borne responses and other select scenarios.

The Airport Districts most recent TSA / FBI Joint Vulnerability Assessment was conducted on July 18th through the 22, 2016. Based on the sensitive nature of the report, identified areas of concern and recommendations are limited to the following topics:

- Airport Perimeter
- Airport Gates

DRAFT

- Airport Services
- Catering
- Fuel Farm
- Cargo
- General Aviation
- Terminals
- Ticketing Area
- Baggage Claim
- Checkpoints
- Deliveries
- Custodial Service
- Airport Operations
- Badging Access Control

On October 3rd, 2016, the BSO Airport District's law enforcement and fire rescue assets participated in their yearly Aviation Security Tabletop exercise, and as of February 15th, 2017, post the FLL airport shooting incident, an Aviation Security tabletop exercise was conducted.

DRAFT

Port Everglades

Domestic seaports throughout the Nation stand to be targeted by potential terrorist plots and anticipated active shooter incident. Such information is concerning and places Port Everglades in a vulnerable position to realizing a future event. Port Everglades is the number one (1) seaport in Florida, which generates in excess of $153 million dollars a year. Port Everglades it is the number one (1) container seaport in Florida and number eleven (11) in the United States by volume (Port Everglades Fiscal year 2015 Commerce Report). Port Everglades is the United States gateway to Latin America and further ranks number one (1) in export in Florida, and refrigerated cargo (number seven (7) in the United States). Furthermore, Port Everglades is the number two (2) seaport in Florida for petroleum and number four (4) in the United States for Foreign - Trade Zone for exports (Port Everglades Fiscal year 2015 Commerce Report). Most importantly, Port Everglades is among the top three cruise ship seaports in the world, accounting for 3.7 million multi day guests a year, that are directed through cruise terminals daily. At any given time throughout the year, 39 cruise ships call Port Everglades home in addressing the world's vacation needs. Total cruise ship revenue for year 2015 is approximately 52.3 million dollars (Port Everglades Fiscal year 2015 Commerce Report). BSO must remain vigilant in preparing for the realization of such event and mirror the hardening of Port Everglades equally, as intended to be done at the FLL airport. Being able to reflect on the active shooter MCI carried out on January 6th, 2017, should instill a sense of urgency to deterring any unforeseen attacks.

Meetings, Debriefs, Summits and Proposals

On January 20th, 2017, Colonel Polan and Major Angelo Cedeño met with the BSO Airport District Command, Captain Roy Liddicott and Executive Lieutenant Robert Furman, at

DRAFT

the BSO Airport District, located at 200 Terminal Drive, Fort Lauderdale, FL. Discussions were directed at any and all administrative and operational functions of the FLL Airport. Topics conversed consisted of the following; staffing, airport budget, terminal layouts, personnel assignments, special details, supplemental funding (TSA, BCAD), current initiatives, historical trends and statistics, airport expansion and joint ventures with airport stakeholders (law enforcement / private industry).

On February 15, 2017, Colonel Polan and Major Angelo Cedeño met with the BSO Airport District Command, Captain Roy Liddicott and Executive Lieutenant Robert Furman, at the BSO Airport District, located at 200 Terminal Drive, Fort Lauderdale, FL. A formal briefing and review of the event timeline and video surveillance captured was presented. Such efforts were instrumental to thoroughly visualize and understand the dynamics of the event, and further assist in referencing specific instances, the immediate comprehension of contributing factors and reactions and clarification of contentious interpretations.

On February 17th, 2017, Major Angelo Cedeño and Deputy Vincent Torres met with the Fort Lauderdale Police Department and Fort Lauderdale Fire Rescue Emergency Management command component that deployed during the event. The meeting was held at BSO Headquarters, located at 2601 West Broward Boulevard, Fort Lauderdale, FL. During such meeting, concerns were shared regarding public safety interaction and adherence to emergency protocols by the AEOC staff, TSA's response to crisis, special needs of airport patrons, missing children, the lack of points of contact, the inability to cease all airport operations, UC and Command Post (CP) placement and capabilities.

DRAFT

On March 1st, 2017, Major Angelo Cedeño chaired a formal agency (BSO) debrief of the FLL Airport active shooter event, at the BSO Headquarters Lynn Futch Auditorium, located at 2601 West Broward Boulevard, Fort Lauderdale, FL. Those in attendance represented the following agency departments and divisions and further played an active role during the event; The BSO Airport District, Criminal Investigations Division, SWAT, Crime Scene Unit, Strategic Investigations Division, Regional Communications, Broward Fire Rescue Service, Department of Law Enforcement, Sheriff's Emergency Operations Center and BSO Executive Command.

A formal walkthrough and visual presentation of the event was presented by Lieutenant Robert Furman. Furthermore, an identified representative speaker, from each of the noted departments / divisions, contributed to the agency debrief by sharing their sections observations, recommendations, perceived strengths and areas of improvement.

On March 10th, 2017, Colonel James Polan and Major Angelo Cedeño met with the Broward County Aviation Division Director Mark Gale and members of his staff, at 2200 Southwest 45 Street, Suite 101, Dania Beach, FL. Also present was the BSO Airport District command, Captain Roy Liddicott and Executive Lieutenant Robert Furman. During such meeting, conversations were had regarding areas of concern and remedies to enhance airport staffing and security. A formal proposal was submitted, which seeks the formal creation and implementation of a full time tactical component identified as an Incident Containment Team, assigned fulltime to the BSO Airport District. The tactical posture of the FLL Airport is deficient and several years behind local surrounding airports and national / international airports in the areas of tactical presence and response, training and counter terrorism strategies.

DRAFT

On March 15th, 2017, Major Angelo Cedeño and Executive Lieutenant Robert Furman responded to the Miami-Dade Police Airport District Station, located at 2100 Northwest 42 Avenue, Miami, Fl., and met with Major Raymond Melcon in efforts to observe and discuss intricate details pertaining to their Incident Containment Team. A physical exercise presentation of the program was provided, to include, discussions pertaining to the teams outlined mission, standards of operation and criteria for deployment.

On March 31st, 2017, Colonel James Polan, Major Angelo Cedeño and Captain Roy Liddicott participated in a formal roundtable meeting with Congresswoman Debbie Wasserman Shultz at her office, located at 777 Sawgrass Corporate Way, Sunrise, FL. Also present were numerous stakeholder representatives from the FLL Airport, both private industry and federal enforcement staff. Areas of concerns were discussed, to include the following topics; mass evacuations, emergency supplies and facilities, proper planning, gaps in security, training exercises (private industry), policy revisions, enhanced public address measures and enhanced foreign national notifications (State Department).

On April 4th and 5th, 2017, Major Angelo Cedeño and Lieutenant Robert Furman, participated in roundtable discussions conducted at the Port Authority of New York and New Jersey Police Department Headquarters, located at 4 World Trade Center, 150 Greenwich Street, New York, NY. The intent of the roundtable was to discuss common terrorist threats, events and experiences shared, as a result of recent airport attacks upon national and international airports throughout the world.

The roundtable meeting was represented by numerous global airport high ranking officials from the following jurisdictions; Amsterdam, Madrid, Copenhagen, Paris, London,

DRAFT

Stockholm, Boston, Atlanta, Washington, D.C., Dallas Fort Worth, Seattle, New York and New Jersey. The roundtable allowed for real-time information to be shared amongst well versed representatives of the Zaventem Airport bombing, the Orly Airport active shooter and the JFK false alarm. Representatives from LAX were invited, but unable to attend.

Areas addressed focused on topics such as; insider threats, social media, cyber threats, communication and collaboration, intelligence, mass / full airport evacuations, police response, crisis capabilities, airport environment training and interactive debriefs to recent airport attacks. The obstacles faced during the FLL Airport event were shared to some extent amongst most members. Furthermore, key takeaways from the roundtable confirm the need to enhance airport environments and their law enforcement footprint as it pertains to emergency training, tactical presence and response, intelligence gathering, collaboration with partner law enforcement agencies and the hardening of vulnerable non-sterile areas.

On April 7th, 2017, Major Angelo Cedeño, Major Oscar Llerena and Deputy Vincent Torres met with Lieutenant Maria Robainas from the Miami-Dade Police Department. Such meeting was held at the Miami-Dade Police Airport District Station, located at 2100 Northwest 42 Avenue, Miami, FL. The intent of the meeting was to review their current Incident Management Team policies and procedures and discuss interagency cooperation and assistance in revamping the program within BSO. Such initiative is geared towards aligning the tri-county area (Palm Beach, Broward & Miami-Dade) in creating a unified emergency response and tactical training applicable to combating airport threats, attacks and counter terrorism initiatives.

On April 10th, 2017, Colonel James Polan, Major Angelo Cedeño, Major Oscar Llerena and Deputy Vincent Torres attended a formal meeting at BSO Headquarters, located at 2601

DRAFT

West Broward Boulevard, Fort Lauderdale, FL., with all Incident Management Team stakeholders to discuss the current state of the BSO Incident Management team and the realignment of personnel and the mission.

On April 12th, 2017, Lieutenant Colonel Michael DiMaggio, Major Angelo Cedeño, Major Edward Grant and Executive Lieutenant Robert Furman, met with Broward County Aviation Division Emergency Manager Jason Alvero, at the BSO Airport District office, located at 200 Terminal Drive, Fort Lauderdale, FL. The intent of the meeting was to formally debrief the Broward County Aviation Division as to BSO's role, expectations, observations and recommendations, as it pertains to the January 6th, 2017, active shooter incident and the surroundings of the event. The intended use of the information is geared to assisting the Broward County Aviation Division with their outsourced after action report.

Observations and Recommendations

Airports are complex environments that require a holistic approach to all perceived threats and emergency responses. The below listed observations and recommendations are derived from numerous inter-agency after action reports submitted from various departments and divisions within BSO, to include outside agencies, who actively participated in the event, to include, formal debriefings, follow-up discussions and roundtable sessions.

Observation 1: Active Shooter Response and Training

FEMA Core Capability: Interdiction and Disruption

Upon the sounding of the bell, the need to react, adapt and respond determines the life span of those engaged in the event. Diligent efforts result in enhanced responses, which trigger

DRAFT

the stopwatch to fulfilling the deployment of personnel and emergency assets that allow for the expeditious containment and control of the event. The need to communicate and remain operationally sound allows for well versed emergency protocols, precise documentation and notification processes that are instrumental to establishing a presence on the ground. The actions are not solely applicable to representative first responders, but in support of a barrage of reinforcements and mechanisms that are determined to act in preservation of the environments breach.

Strengths

Strength 1: BSO mandates that all essential personnel to attend the following courses of instruction; Response to Active Shooter (RAS) four (4) hours, Rescue Task Force (RTF) four (4) hours, Civilian Response to Active Shooter (CRAS) one (1) hour and National Incident Management Systems (NIMS). Enhanced training is provided to SWAT and QRF team members.

Strength 2: All FLL airport sworn and non-sworn credentialed staff are educated and tested in the areas of airport security, airport operations, and active shooter response protocols.

Strength 3: Each TSA terminal checkpoint is staffed by a BSO deputy, funded through Department of Homeland Security grant, to assist and provide law enforcement presence during emergency situations and responses.

Strength 4: The response to the event was timely, and fortunately Santiago had run out of ammunition, which halted his ability to continue shooting and allowed for his immediate apprehension.

DRAFT

Areas for Improvement (AOI)

AOI 1: The enhancement of current active shooter training lesson plans and the implementation of an active shooter vetting process must be adhered to. Immediate analysis and the processing of real-time information are critical to avoiding an allured mindset to false alarms, with deteriorating consequences. The collapse of the entire airport was driven by knee-jerk reactions to perceived and unverified threats by civilians and law enforcement personnel.

AOI 2: Enhanced training specific to the BSO Airport District and partner agencies personnel that is applicable to the immediate response, establishment and implementation of critical protocols and components of the ICS. The BSO Airport District responded and contained the scene, effectively deployed combined law enforcement and fire rescue assets in the form of Rescue Task Force, but fell short in their ability to expand beyond the terminal and factor in a global perspective of further attacks and potential threats posed in the remaining terminals and airport grounds.

AOI 3: BSO District personnel, though many are tenured, must avoid complacency based on their environment and a perceived sense of security. BSO deputies assigned to the BSO Airport District can mistake the assignment as a lessened exposure to harm or perceived retirement, when the contrary is highly needed to vigilantly address and deter active shooter and bombing events. Historically, it has been an accepted practice, but times have changed immensely requiring a global view to assigned personnel.

Analysis: The initial response to the active shooter threat was commendable by all accounts. The incident was initiated and terminated within 85 seconds. The diligent response is

DRAFT

attributed to the TSA checkpoint deputy recognizing the sounds of gunfire, actively gauging airport patron's reactions and his pinpointing of the threat and response to engaging and apprehending Santiago. Backup deputies were able to assist and eliminate any further progression of the incident.

Though the response was timely, the scene required much attention, with too many loose ends still present that allowed for confusion to remain. Many grieving passengers laid draped over their loved ones with numerous witnesses parading through the crime scene, further observing horrific sights. Adding to the situation were herds of witnesses corralled within view of the scene and the failure to contain them in a secured area away from the initial event added to the chaos, fears and delays. Furthermore, the failure to commit to an immediate shut down of all airport operations greatly contributed to the creation of unforeseen obstacles. due to a deficient BSO Airport District command and aviation's staff inability to conceptualize the magnitude of the event.

The secondary event is where an acute sense of tactical awareness tested capabilities based on the sensory overload of multiple perceived threats. The initial crime scene was in the process of containment with numerous emergency response personnel present and attempting to register the magnitude of the event. At approximately 1 hour and 28 minutes into the perceived recovery stage is when numerous cries of several active shooters were broadcasted via multiple means of communication. These events stemmed from one specific law enforcement officer's perception of gunfire. In an attempt to dispel his concerns, the officer confided in his immediate counterparts, who denied hearing any gunfire. The officer then chose to obtain a second opinion in support of what he allegedly heard which caused a secondary group of public safety staff, in the vicinity of Terminal 2, to broadcast such inquiry via formal radio transmission without

DRAFT

properly assessing and verifying a real threat. Errors were made, in the "trust but verify concept", which ultimately brought the FLL airport to complete closure.

Observation 2: Crime Scene

FEMA Core Capability: On-Scene Security, Protection and law Enforcement

The BSO Crime Scene Unit (CSU) consists of twelve (12) sworn detectives, two (2) sergeants, one (1) crime scene technician and three (3) support personnel. Crime Scene Unit detectives are responsible for the documentation of major crime scenes including homicides, suicides, sexual batteries, armed robberies, shootings and suspicious deaths. BSO's Crime Scene Unit covers all BSO districts and also serves most Broward County municipalities as well as federal and state agencies throughout the tri-county area. Members of the Crime Scene Unit provide forensic training to numerous police institutes in the area and are recognized as court-declared experts in several judicial districts in various forensic fields.

Strengths

Strength 1: Highly competent and well versed in crime scene procedures and forensic evidence.

Strength 2: Rapid incident response.

Strength 3: Provided stellar assistance in the processing and management of forensic, digital and photographic evidence.

Areas of Improvement

DRAFT

AOI 1: Scene control of a large scale event critical and the ability to take charge in addressing crime scene pitfalls is detrimental to every aspect of the investigation.

AOI 2: Limited Scene Access, which contributed to confusion, delayed role assignments and expedient crime scene processing.

AOI 3: The lack of tactical preparedness.

Analysis: The BSO Airport District Terminal 2 was inundated with law enforcement from numerous jurisdictions and bordering counties. Their presence obstructed the containment and control of the grieving families and potential witnesses to the event. The preservation of evidence is paramount to sterilizing the crime scene and enabling fluid actions in addressing unforeseen threats.

On January 6th, 2017, CSU had arrived much sooner than normal, and were propelled into an active crime scene that was not conducive to the collection of evidence, scene preservation and necessary processes to fulfilling their obligation. CSU must take control of the scene to ensure the preservation of evidence. Protocols must be followed, and swift action must take place in correcting and addressing corrosive environments.

CSU members were not tactically prepared for the escalation of events that were derived from the initial attack, leaving them vulnerable to potential injury or death. They must be fully aware of their surroundings and exposure to harm in avoidance of complacency and diminished officer safety. Tactical training and appropriate gear must be adhered to, worn and operationally accessible at all times, specifically during active shooter incidents / terrorist attacks.

DRAFT

Further hindering the process was their (CSU) inability to maneuver through sterile secured airport areas, due to their failure to possess proper airport credentials, which required civilian escort to such areas. The BSO Airport District is a geographical maze, comprised of multi-level parking garages (over 12,000 spaces), multi-level terminal driveways, gateways, sterile and non-sterile areas, aircraft runways, hangars, adjoining concourses, baggage claim areas, checkpoint screening areas and housing for numerous law enforcement entities and airport personnel. To maneuver through such an environment, is to realize how much is not known, as it pertains to airport operations. The requirement to do so, in the presence of danger, and ensure the safety of airport patrons and the preservation of life, calls for tactical responses. The need to preserve the environment and coordinate a structured crime scene is critical to investigative initiatives. Proper credentialing must be provided to all CSU members in avoidance of repeating operational flaws.

Observation 3: Mindset and Team Building

A vigilant mindset in conjunction with stellar training must be possessed when responding to a perceived or realized active shooter incident. The BSO Airport District environment, based on its geographical layout, calls for an intelligent response not only focused on handling the threat, but well versed with the surroundings, its inhabitants and the assessment of risk. To conquer the task is to know its culture and operational strategies. Successful outcomes are realized through continuous preparation. The failure to plan is to plan to fail.

Strengths

Strength 1: The BSO Airport District command and most of its staff are tenured and interconnected with BCAD, TSA, CBP, FBI, OHS and the airports private industry.

DRAFT

Areas of Improvement

AOI 1: Identify core BSO personnel currently in place, confirm their willingness and abilities to perform and afford them the opportunity to elevate their skillset, attend enhanced training courses, exposure to tactical interactions and familiarization with the critical components of ICS.

AOI 2: Identification and recruitment of BSO personnel, agency wide, that are driven and determined to fulfill the strenuous obligation to secure, deter and confront threats placed upon the BSO Airport District.

AOI 3: Work seamlessly with BSO Airport District law enforcement counterparts, beyond the formal meetings, and allow for interchangeable training to occur in areas of emergency responses, tactical engagement, investigative endeavors and the hardening of the FLL airport.

Analysis: The BSO Airport District is obligated to respond to critical incidents, particularly an event of this magnitude, and be familiar with the target environment to better serve the agency's emergency needs. There is no reason for those assigned, involved or potentially designated to responding to future incidents not being formally acclimated with the operational demands, layout and key operational components of the BSO Airport District. Although BSO SWAT, QRF and other select tactical units are well versed in the environment, some internal components , BSO commands, outside agencies and their personnel are not familiar and at a disadvantage when faced with responding and addressing emergency issues. Participants are further disoriented with the layout and unfamiliar with communicated radio

DRAFT

transmissions related to dispatched locations, which further delays the ability to contain, control and potentially terminate a threat.

During an event, each terminal must be independently assigned as individual area commands and report directly to the UC, which would allow for seamless control, containment, the preservation of life, methodical evacuation and an enabled sterile search area. Continuity allows for a structured environment to be realized and enables the application of a structured emergency response to achieving compliance and diminishes the presence of fear.

The BSO Airport District, its private industry, along with BSO, BFRES, BCAD and our federal counterparts must jointly establish Standard Operating Procedures (SOP) to better meet and exceed emergency expectations. The current standard leaves much for improvement in establishing a unified front for combating current active shooter and terrorist trends.

The active shooter incident brought upon many challenges. In the initial stages of the event, many were absorbed by the fact that Santiago was contained and that no eminent danger existed or could unfold. A false sense of security drew those involved in to a lull, and if vigilance is not maintained, catastrophic outcomes will occur. To serve in a critical role requires astute decision making, followed by physical capabilities and essential interactions to fulfill obligations.

Much attention must be given to creating a foundation of identified personnel whose sole mission is to serve within the airport as an Incident Containment Team (ICT). The team would be BSO's point of contact in deterring, identifying and responding to active shooter incidents, bomb threats and the activation of UC. In doing so, a highly trained and vetted unit is tasked to perform within the BSO Airport District, serving as an enhanced team of law enforcement

DRAFT

personnel fully acclimated and conscious of airport operations, its geographical layout and a heightened intelligence source to communicating internal threats with outside emergency responses and their deployment within.

The ICT can further conduct numerous training exercises with all pertinent stakeholders within the BSO Airport District, allowing for an elevated skillset to be achieved pertaining to active shooter incidents; to include bomb and terrorist threats that are shared by all members involved. Tabletop exercises, threat assessments and RDSTF training is currently in place, which the BSO Airport District actively participates in, but much is needed to achieve exemplary staffing levels, personnel enhancements and the hardening of the BSO Airport District in allowing for a commendable presence, threat deterrence and responses to disastrous events.

Observation 4: Sense of Urgency and Visionary Security Tactics

FEMA Core Capability: Risk Management for Protection Programs and Activities

It is pertinent to assess risk that is applicable to the global perspective that directly impacts the safeguarding and integrity of the FLL airport. The FLL Airport hinges upon competent staffing, superior technology and vetted policies and procedures that allow for the deterrence of risk and lessoned exposure to catastrophic events. The public served is reliant upon law enforcement to meet such expectations, as they are a critical component of the mission's purpose.

Strengths

Strength 1: The FLL Airport is mandated to uphold stringent airport emergency guidelines and protocols, and identify, prepare and prevent airport disruption.

DRAFT

Areas of Improvement

AOI 1: BSO must play an intricate role in the enhancement and expansion of airport vulnerability assessments and follow-up improvement planning.

AOI 2: BSO must play an intricate role in the enhancement and expansion of tabletop exercises.

AOI 3: BSO must play an intricate role in the enhancement and expansion to ICS exercises following Homeland Security Exercise and Evaluation Program (HSEEP).

AOI 4: The establishment of a multi-disciplinary Incident Management Team within BSO is pertinent to future successes and the sound implementation of ICS throughout the FLL Airport and major incidents throughout Broward County.

Analysis: The event revealed weaknesses and unfamiliarity by many involved. Such shortcomings prolonged the establishment of a dedicated ICS. Many involved were freelancing and creating individual silos further hindering the decision making process and the timely deployment of personnel to much needed tasks. The ability to navigate within the 21st Century requires the abandonment of antiquated mindsets. In order to move forward, distinct paradigm shifts must be fully acknowledged and embraced in furtherance of attaining enhanced inputs and outcomes. Ignoring such warning signs allow for complacency to set in and a diminished sense of urgency. BSO along with the BSO Airport District are obligated to vigilantly evolve with the ever changing global threats and trends, which place the BSO Airport District in a vulnerable position.

DRAFT

Security risks must be constantly identified and reacted upon to enable the realization of a hardened infrastructure of its environment. Airport threat assessments and tabletop exercises must require more than just the checking of a box and boiler plate responses and ratings. The need to factor in the evaluation of staff, their preparedness and ability to perform is critical to supporting and enhancing operational standards. Furthermore, much emphasis is placed on mechanics and structure and not focused on the human factor that will address, engage and disrupt encountered threats.

Joint agency disaster drills, threat assessments, aviation tabletops, ICS exercises and annual BSO SWAT tactical airport training looks good on paper, but how deep is such training rooted in the initial layer of protection? Tabletop exercises, ICS and disaster drills are not frequent enough and do not go far beyond the placing a phone call, email, text or online check in to confirming readiness levels and threat compliance. These practices are infrequent and extremely deficient in simulating or preparing any participant for what is to come.

Enhanced interactive training and real time emergency drills, beyond table top exercises, allows for the gauging of astute planning, performance and UC with airport staff, private industry, law enforcement and fire personnel in maximizing ownership of emergency protocols. The sole components that were truly prepared, well trained and ready to carry out the mission upon deployment were agency SWAT teams and other select tactical components. It was realized during the secondary event and commendable in its delivery. The presence of disorder consumed the environment; fortunately, normalcy was reached through tactically established protocols.

A formalized full time IMT is greatly needed during such events and allows for the foundation of the ICS to be laid and expanded upon, as needed, and in response to the fluidity of

DRAFT

the event. Without a defined beacon all else crumbles. A fragmented command is a loss for all involved. The BSO Airport District must work hand in hand with their counterparts to firm up relationships and integrate all parties involved into one seamless UC.

Furthermore, a vetted IMT composed of law enforcement, fire rescue, and emergency management personnel solely focused on mitigation, planning, responses and recovery from major incidents and disasters is key to surviving 21st Century threats and trends that have become the "new normal." An IMT would ensure smooth transitions through emergency phases and bridges the gap between outside agencies, their personnel and contributed assets to better assist in the mission.

Observation 5: Cohesive Interactions and Unified Command

FEMA Core Capability: Operational Coordination

The unification of leadership and the necessity to merge respected disciplines involved in the event is paramount to obtaining mass oversight of the BSO Airport District during a disaster. The path to such endeavor evolves around the ability to navigate through unobstructed leadership. Though easier said than done, there is no alternative if desired outcomes are to be met.

Strengths

Strength 1: The BSO Airport District is immersed in airport operations and its obligations to the private sector.

DRAFT

Areas of Improvement

AOI 1: Changes of administration bring upon new leadership, visions, goals and objectives. The ability to interact and build relationships is paramount to moving the needle in the right direction and the achievement of a holistic environment. BSO must build upon existing relationships to enable fluid exchanges and realize commendable returns by means of joint endeavors.

AOI 2: BSO must work jointly with airport counterparts to enable sound decisions and the attainment of goals.

AOI 3: BSO must partake in open lines of communication with airport counterparts to allow for the establishment of seamless and transparent joint initiatives.

Analysis: The environment of the BSO Airport District, specifically during the event that occurred on January 6th 2017, was strenuous upon the executive level decision making processes. Power struggles occur when public safety and private industry collide amidst a frantic and tragic event. The needs of all entities involved must be met, while diversely different in their roles, the saving of lives and the elimination of threat far exceeds the financial burden that will ensue. A balanced UC, with an acute sense of urgency in overcoming all interests, enables fluid action to ensuring a commendable closure to the event.

Critical information and decisions based on such intelligence must be adhered to and not obstructed or delayed due to internal struggles. The ability to respond and carry out pertinent orders relies heavily on possessed competency levels and positional power to do so. During the event, decisions were entangled by territorial hurdles and underling challenges. Sensitive

DRAFT

information pertaining to the incident was further disseminated creating instances of misinformation and confusion.

Observation 6: Sheriff's Emergency Operations Center

FEMA Core Capability: Operational Coordination

The SEOC must establish full communication with the ICP and all EOC's activated during disaster events such as; the Broward Emergency Operations Center and the FLL Airport Emergency Operations Center (AEOC). The Unified Command Post (UCP) must be privy to all communications surrounding the event, exclusively any and all decision making processes and components that may impact the global arena of the event. Command and control, sets the stage for the response and containment. The absence of such atmosphere allows for chaotic maneuvers to derail intended efforts.

Strengths

Strength 1: Highly trained and vetted SEOC.

Strength 2: Highly trained and vetted UCP.

Areas of Improvement

AOI 1: Total Ownership amongst all EOC's must be in place in allowing for expedient decisions and responses to emergency needs. The inability to navigate within a trusted environment creates unnecessary hurdles to addressing demands placed upon staff during an MCI such as what occurred January 6th, 2017.

AOI 2: Acute attention to staging areas and deployment of ICS resources.

DRAFT

Analysis: The SEOC and its counterparts EOC's must be well represented, operationally competent, well versed, fully engaged and credible in bridging multifaceted resources consisting of private industry, law enforcement and fire rescue and emergency management personnel. Recurrent training must be implemented, second nature and geared to aligning law enforcement, fire rescue and emergency management personnel and BSO Airport District counterparts in the educational process of emergency responses and the activation of the ICS. Participants must be fully vetted, willing and able to rise to the occasion and driven to perform in high stress situations that exceed the norm. It is not suitable to bare your weakness while navigating through crisis. The goal is to maximize talent in the face of adversity, for the sake of the mission. Situational leadership encompasses such action and serves as a gauge to fulfilling such role.

Questionable readiness levels were discovered during the event. The mere designation of an incident commander became a challenge, while trying to solicit support for the UCP and communicate designated leadership to the SEOC. Though some participants were willing, but not able, wedges were driven between operational initiatives and designated partner representatives. In a time when solidarity is paramount, such behavior is detrimental to emergency endeavors in bringing the airport back to operational readiness.

Observation 7: Airport Emergency Public Broadcast

FEMA Core Capability: Public Information and Warning

Diligent emergency notifications via public address systems within the BSO Airport District enables the deliverance of crisis information during, post and in furtherance of instructional measures in aiding and addressing the aftermath. An informed public is better prepared to understand the dynamics and adhere to requests, while affirming a structured

DRAFT

command. Furthermore, fears are quelled based on a perceived sense of security due to interactive instructional efforts. Add to the equation a strong presence of authority, which in turn translates to the containment and control of an expanded environment and aids in securing the complex surroundings.

Strengths

Strength 1: BSO deputies diligently engaged in dialogue with airport patrons to better assist in their informational and evacuation needs.

Strength 2: BSO deputies attended to airport patron's physical needs in assuring their compliance with announced emergency protocols to evacuate.

Areas of Improvement

AOI 1: Updated announcements and use of social media applicable to the changing dynamics surrounding current airport emergency protocols.

AOI 2: Proper representation to educate, inform and assist distressed airport patrons to finding safe surroundings and astute evacuation from the airport.

Analysis: The BSO Airport District must capitalize on such tools and adjust notifications as the event unfolds to better assist in fluid activities dedicated to restoring airport operational functions. A looped, fixed broadcast does nothing, but allow for patrons and staff to regurgitate a robotic message, which does not assist with the ever changing surroundings applicable in a catastrophic event.

Updated announcements allow for the progression of mass movement and evacuation. When tactfully done, patron compliance levels rise based on an enhanced sense of security and

DRAFT

sense of urgency to do so. Such behavior is beneficial to bringing matters to closure. The communication of such an endeavor must conform and be in unison with all participating EOC's in allowing for confirmation and preparedness for the next stages of the ICS to be carried out.

Internal message boards along with technological advances in emergency smart phone applications allow for controlled messages to be delivered to pertinent emergency staff and aid in the reduction of misinformation and external influencers that contribute to chaotic reactions. All stakeholders must share in one common messaging system in avoidance of a total collapse of emergency communicative efforts.

Observation 8: Airport Terminal Decorum

The BSO Airport District caters to approximately 29 million patrons within a year's span requiring steadfast attention and the utmost vigilance to seamlessly transition those passengers through the airport gateways. Those very passengers are the economic lifeline to Broward County, Florida. In addition, they rely upon the BSO Airport District to ensure their protection and safe passage through the airport. In safeguarding the airport and its patrons, much attention to detail is required when emergency intervention is applied.

Strengths

Strength 1: BSO deputies were well represented at assigned TSA checkpoints.

Strength 2: BSO deputies responded to the threat and attempted to control areas regardless of the mass exodus of airport staff, patrons and potential first responders.

Areas of Improvement

DRAFT

AOI 1: BSO Airport District personnel must be able to interactively operate with airport security staff, and their federal counterparts to further meet airport emergency needs in avoidance of a total loss of control of airport operations.

AOI 2: Discipline must be instilled amongst all airport representatives regarding communications of emergency events in avoidance of instilling panic and the abandonment of posts, based on misinformation.

AOI 3: BSO law enforcement communications must be precise, vetted and in avoidance of broadcasting potential misleading information inflammatory to the event. Radio discipline is paramount to achieving airport control and containment.

Analysis: The BSO Airport District and its enforcement partners must fulfill their moral obligation in paying judicious attention to the needs of airport patrons. Airport staff, whether sworn, civilian, local, state or federal, must recognize their role as it pertains to crisis situations, deter further panic and provide direction and assistance in aiding with a partial or complete evacuation of the airport. Emergency training and evacuation etiquette must be standardized across all boundaries within the BSO Airport District.

Miscommunications and frantic responses aided in the loss of control during the event. Such communications made, in ear shot of airport staff and patrons, instills fear and reactions detrimental to controlling the environment. Many, who could have assisted, failed and inflamed the environment.

Observation 9: Mass Exodus, Relocation and Care

FEMA Core Capability: Mass Care Services

DRAFT

The critical stage of an event, and heavily contingent upon pertinent notification and direction, relies upon the ability to rally together, organize and carry out patron relocations in adherence to their evacuation during mass transportation efforts to an offsite designated shelter. An event as overwhelming as the one faced on January 6th, 2017, posed great challenges in meeting such expectations.

Strengths

Strength 1: The deployment of evacuation assets to assist in the evacuation of airport patrons.

Strength 2: The identification of an emergency shelter conducive to harboring airport patrons and the ability to meet airport patron needs.

Areas of Improvement

AOI 1: Selecting and identifying a staging area conducive to the deployment and prompt backfill of assets.

AOI 2: Timely communication and verification of assets and confirmed response.

AOI 3: Traffic control and clear paths to terminals for expedient removal of distressed patrons.

AOI 4: The identification of available resources and assets accessible for emergency deployment.

Analysis: One of the many struggles realized during the event involved the decision making process to evacuate all airport patrons and where to send them. No tabletop exercise has

DRAFT

ever planned for such action, which in turn, posed a great challenge in acquiring assets, their prompt delivery, structured deployment and committed personnel. Uninformed participants caused assets to be prematurely released and at times uncooperative to remaining prolonged hours. Further adding to the dilemma, was an obstructed path to the terminals by abandoned emergency vehicles upon their initial response. Once the hurdles were cleared and the redirections of initiatives were in place, the operation commenced and allowed for a total removal of all airport patrons.

The BSO Airport District must conduct vital planning, training and exercises in the areas of compartmentalizing and the separation of mass patrons within and throughout the FLL Airport grounds. It is important to be well versed when the task at hand involves the movement of tens of thousands airport patrons that require transportation to shelters located in the outer limits of the BSO Airport District.

The BSO Airport District must act diligently in communicating, staging, managing and providing transportation in furtherance of essential ICS contingencies in delivering patrons to designated areas and allow for fluid movement and evacuation.

Designated shelters must be identified and vetted for capabilities in sustaining tens of thousands of airport patrons. Furthermore, extreme consideration must be given to the ability to cater to patron necessities such as; crisis intervention, food, water, medical attention, children, the elderly, the disabled, restrooms, access to private transportation, support services, protection from the weather, missing persons and safety-site security.

A fostered partnership must be made with private industry such as; the airline industry, area hoteliers, area restaurants, food banks, Publix Supermarkets, pharmacies, the Red Cross and

DRAFT

other non-governmental organizations to securing required necessities for the airport patrons, as a result of the event. Emergency funds should further be allocated via BCAD / law enforcement in providing vouchers and or gift cards to airport patrons to better meet their needs during the window of the event.

Observation 10: Airport Emergency Operations Center (AEOC)

FEMA Core Capability: Operational Coordination

The Airport Emergency Operation Center serves as the nerve center to all of the BSO Airport District operations. In doing so, all relative stakeholders assigned to the airport actively manage, interact and monitor the day to day functions and issues that arise. During the implementation of the ICS, the AEOC becomes a trusted source and point of contact in furtherance of addressing emergency needs. The AEOC must stand in unison with the BSO Airport District and enable intelligent, precise and actionable decisions to be made in avoidance of any escalation of threat during crisis incidents.

Strengths

Strength 1: The FLL AEOC is staffed by airport stakeholders dedicated to addressing airport emergency matters that directly impact daily airport operations.

Areas of Improvement

AOI 1: BSO must work diligently with the AEOC to ensure that law enforcement decisions are not disregarded or delayed when coordinating and responding to greatly needed emergency services.

DRAFT

AOI 2: BSO must rely on the AEOC to identify, select and deploy vetted staffing to the AEOC in avoidance of any complacent or deficient input on behalf of AEOC representatives.

AOI 3: BSO must confirm that the AEOC's designated representative within the UCP is competent in the arena of ICS and cognizant to law enforcement decisions outside their scope of capabilities and experience.

AOI 4: The FLL AEOC must work hand in hand with the UCP to ensure emergency matters are addressed and fulfilled in accordance with the Airport Emergency Plan.

Analysis: BSO provides law enforcement and fire services to the BSO Airport District. Such dynamics create a unique environment when dealing with Incident Command. There must be a clear delineation as to when an airport incident exceeds BCAD's capabilities, which would require the relinquishment of all care and control of the airport to law enforcement for the sake of preservation of life and the general public's safety.

The private sector and public safety are two separate entities. BSO is a non- profit organization, while the FLL Airport and its vendors are profit driven. The longer the aircrafts are grounded, the higher the monetary loss. With that said, there is no conceivable price attached to the loss of life. During an MCI, specifically the mass murder of airport patrons by a defendant suspected to have ties to terrorism, it is immensely critical to contain airport occupants and diligently shut down all airport operations. The number of airport occupants traveling through the BSO Airport District on January 6th, 2017, instantaneously became potential terrorist targets, in the eyes of law enforcement. And as a result of such actions, law enforcement was obligated to sweep and search every square inch of the BSO Airport District to dispel any and all concerns

DRAFT

pertaining to any additional active shooters, gunshot victims, potential explosives or additional terrorist targets. Though highly unpopular to the business aspect of the airport, it is highly critical in the public safety arena.

The AEOC must ensure that any and all emergency personnel assigned within its center, be highly trained and well versed in NIMS and ICS. Law enforcement plays a key role to the preservation of life and the decision making process during crisis incidents, requiring the AEOC to be lockstep and aligned accordingly with law enforcement in their operational endeavors.

Observation 11: Mutual Aid and Resource Management

FEMA Core Capability: Logistics and Supply Chain Management

The event at the BSO Airport District called for an unprecedented response on behalf of law enforcement, which consisted of local, state and federal resources from the tri-county area. The UCP plays a vital role in allocating such resources and their deployment within key areas of responsibility to fulfilling the containment and control of the event. The ability to plug in the right personnel and required assets enhances response times and the management of tasks, which allows for operational efficiency. Though BSO operates within the WebEOC, which allows for the use of its Crisis Management Systems (CMS) and assists in the capturing of data collected throughout the event and resource management, operational adjustments must be made to maximizing the agency's potential in fulfilling emergency obligations.

Strengths

Strength 1: BSO as an agency operates within the WebEOC, which serves as a fully functional emergency resource management tool.

DRAFT

Strength 2: The SEOC and the UCP are fully functional critical incident platforms within the agency that are WebEOC equipped, and were actively utilized to manage resources and their deployment during the event.

Areas of Improvement

AOI 1: The multi-agency personnel response and their accountability was a constant challenge in controlling the ingress and egress into the airport, creating traffic congestion, which inhibited emergency responses due to the abundance of law enforcement presence.

AOI 2: The lack of communication with outside agencies and informal groups created duplication of efforts and potential "blue on blue" situations.

AOI 3: The UCP was unable to properly gauge all on scene initiatives based on the freelancing of assignments and their outcomes.

AOI 4: BSO personnel must be well versed in the arena of emergency management and possess a refined skillset applicable to the handling of critical incidents.

Analysis: Identified BSO personnel throughout the agency, who are in a position that categorizes them as potential command or a critical component of the BSO Airport District during an event, must be properly badged for access or provided dedicated escorts, must participate in an airport acclimation / orientation process, conducted in groups, to better allow for a disciplined response to the incident. Furthermore, a mapping system should be created and provided to law enforcement representatives in allowing for specific navigation within the FLL Airport and assists in identifying geographical locations conducive to establishing the ICS, the deployment of resources and incident management.

DRAFT

An IMT is instrumental in assisting and coordinating resources to better serving and achieving desired goals and objectives. A defined core must be in place to streamline personnel and thoroughly account for ongoing tasks, area of deployment and identification of assets. During the event, numerous law enforcement representatives tactically convened upon one another, setting the stage for potential "blue on blue" encounters.

Observation 12: Perimeter Containment

The BSO Airport Districts ability to cordon off a breached environment from sterile areas in prevention of a compromised perimeter is highly dependent upon solid reinforcements, emergency assets and resource personnel. Preserving the integrity of the BSO Airport District during critical incidents is vital to deterring any further contamination or threat and enables access points to be established in fulfilling response and recovery initiatives.

Strengths

Strength 1: The event brought upon an unprecedented response by law enforcement agency representatives from throughout the tri-county area. Eventually, such resources assisted greatly in securing the FLL airport perimeter.

Strength 2: As a direct result of coordinated efforts on behalf of the assisting agencies, potential threats were identified and commendably addressed.

Areas of Improvement

AOI 1: The ingress and egress into the airport was virtually impossible; the failure to establish formal checkpoints and thoroughly vet and deter unwanted and unnecessary access in to the airport was challenging to preserving the integrity of the airport.

DRAFT

AOI 2: The compromising of perimeter access gates allowed for hundreds of airport patrons to flee the airport runway, which allowed for the comingling of unconfirmed airport patrons to wander aimlessly into the surrounding civilian population and neighboring jurisdictions, with no accountability measures in place and a diminished sense of awareness to the exposure of risk and the potential liability incurred, via further terroristic acts.

Analysis: The BSO Airport District perimeter must be secured and manned upon the immediate occurrence of a critical incident. Any breach of such perimeter exposes the internal operations of the airport to further threats. The UC must properly designate inbound law enforcement resources to the preservation of the perimeter and further establish checkpoints in allowing the entry of key component personnel into the airport in efforts to overcome the internal threat. A vetting process of all traffic must be adhered to, along with additional instructions and guidance pertaining to their intended areas of responsibility.

Those deemed necessary in obtaining emergency airport access /credentials and required escorts, must be directed to the UCP for specific instructions, with immediate notification to the AEOC. The accountability process to maneuvering through the airport grounds is vital to preserving the integrity of the Airfield Operating Area (AOA).

During the event, the release of airport patrons through a compromised gate enabled an unprovoked encounter with an Iranian subject. The subject failed to dispel law enforcement concerns, which resulted in his detainment and detonation of his backpack. Furthermore, essential personnel were prohibited access and denied entry to the airport based on unstructured and misinformed checkpoints.

DRAFT

Observation 13: Evacuation Fleet

FEMA Core Capability: Planning

In the planning and development stages of a comprehensive evacuation plan, vigorous attention must be given to identifying assets to be used, how to obtain such assets and how will such assets be delivered and deployed during critical incidents. It is without saying, that if it is in your plan, it must be produced. Failing to meet operational needs when fully engaged in a catastrophic event is absolutely unacceptable and detrimental to the overall mission. The creation of a plan is not intended to serve as an act of futility, but a life saving measure in the face of chaos.

Strengths

Strength 1: The staging of evacuees was orderly, with diligent law enforcement attentiveness and consideration to their needs.

Areas of Improvement

AOI 1: Executive decisions need to be made collectively and free from any mitigating circumstances that hinder the expedient extraction of airport patrons.

AOI 2: Proper planning must be in place to allow for the appropriation of evacuation assets and their commitment for the duration of the event.

AOI 3: The assignment of personnel within the UCP must be cognizant of their role and work diligently as a team and not impede operational endeavors.

DRAFT

AOI 4: Evacuation assets were intermittently provided and delayed in fulfilling their obligation to transporting airport patrons to the designated shelter within Port Everglades.

AOI 5: While operating in a deteriorating environment and facing a magnitude of airport patrons needing to be relocated, the task was compounded by self-inflicted traffic delays, lackluster bus responses and a diminished variety of transport vehicles.

Analysis: The BSO Airport District and their counterparts must ensure established plans are followed and that agency assets, Broward County assets (specifically buses), or private vendor fleets are made available in times of crisis and assure timely response to the incident in allowing for mass evacuation and the sheltering of airport patrons. If needed, contractual agreements must be secured in advance, in avoidance of such pitfalls. The AEOC must be sure to coordinate with the UCP such request and thoroughly prepared to swiftly navigate such assets into the airport and provide unobstructed staging points within all terminal access points.

During the event, multiple command decisions were conflicting with the intended actions of the UCP, which deterred timely responses and contributed to a disenfranchised environment amongst participating members. Figure heads and underlings posed obstacles to the deliverance of efficient evacuation efforts.

Observation 14: Regional Communications

FEMA Core Capability: Operational Communications

Regional communications serves as the radio traffic controller to the BSO Airport District and Broward County as a whole. Major catastrophes inject elevated stressors to the already hectic surroundings, which burdens outlined tasks, that much more. The mere

DRAFT

communication of an active shooter threat via radio transmission further heightens the sense of urgency and emotional state. Taking into consideration the aggravating factors, the need to be attentive, prompt, disciplined, clear and concise during active shooter incidents is critical to meeting operational needs applicable to the ICS. Preparing and planning for such event enables for the minimization of predictable impediments that can potentially disrupt communication efforts. All lives and operational demands are literally on the line.

Strengths

Strength 1: Regional Communications had implemented a stellar active shooter SOP and protocols that greatly assisted in the communication efforts and notification process of the event.

Strength 2: Regional Communications staff remained steadfast and troubleshot many obstacles they faced that attempted to compromise their efforts in ensuring adequate and precise communications with ground personnel.

Areas of Improvement

AOI 1: Active shooter protocols must be immediately committed to upon the presence of convincing and definitive communicated radio transmissions.

AOI 2: Technological means of notification must be updated and expanded upon to ensure a wide-ranging and consistent message is delivered to all stakeholders.

AOI 3: Regional Communications must confirm a point of contact within the UCP to allow for seamless communications and confirmations to be made with law enforcement and fire operations.

DRAFT

Analysis: The enhancement of PSAP's and their design is critical to triaging monumental events. The inability to interactively communicate within and verbalize pertinent information creates gaps in timely responses to emergency needs. Technological devices are heavily relied upon to communicate in today's state of the art environment, but in their failure, contingency plans need to be in place in reverting to simpler methods and traditional means in securing banks of communication assets and their real-time deployment in the field upon system collapses. To ignore a state of preparedness is to potentially ignore your only lifeline. Maintaining a level of expertise is fundamental to successful outcomes. The attention to training, testing and the vetting of communications systems and processes, enables the continuous evolution of the PSAP's. Though job stressors create staffing shortfalls, much attention must be given to the retention and prompt backfill of personnel in avoidance of complacency and fatigue.

There must be no hesitation in declaring an active shooter incident by field personnel. Such declaration enables Regional Communications to adhere to their Active Shooter SOP immediately. Collabria group pages, must further be generated to allow for automatic notifications to be made to the Office of Regional Communications and Technology (ORCAT) in furtherance of placing a mass technological resources alert. Telephone service associated with the UCP must be optimally used in avoidance of lackluster connectivity and failed responses. With the PSAPs receiving priority calls from agencies such as the FBI, there must be clear-cut methods to connecting incoming callers with Command. The hotline activation must further be incorporated as part of the Airport Emergency Plan and should be quickly established in allowing communications to immediately address and direct inquiries pertaining to the event, and further assists in minimizing continuous calls made to 911 and non-emergency communications operators.

DRAFT

Post event, the BSO Audio Evidence Unit reviewed hundreds of 911 and non-emergency calls for the purposes of investigative evidence. With 135 total calls received, and in conjunction with the BSO and BFRES transmissions, an estimated 444 hours of audio transmissions were captured and reviewed.

During the event, communications operations suffered degradation to both the CAD and radio systems as users immediately inundated both systems. Radio ID usage swelled from 1800 to over 3000 users, moments after the event. As a result, the communications system experienced site-trucking and throttling. Furthermore, the CAD system experienced continuous and frequent occurrences of system slowdowns, due to the number of personnel attempting to communicate. During critical events, the CAD system is the communications center's primary lifeline. Any impact to both radio and CAD must be mitigated.

The BSO and BFRES command must identify and establish a "safe word" to be used by victims speaking with 911 operators who are communicating from hidden locations throughout the airport. Many calls to 911 were received from patrons who had barricaded themselves. The 911 callers were further seeking assistance and had no means to visually identify emergency personnel. There was no immediate method to confirm the identity of someone claiming to be law enforcement or BFRES. The establishment of a "safe word" allows law enforcement or BFRES to simply state the word, and have the caller repeat that word back to the 911 Operator, who would then confirm the unit's identity and allow extraction.

It is pertinent to have one centralized Point of Contact (POC) from the UCP communicating with the PSAP's. Multiple incident commanders' result in directions being given

DRAFT

from different POC's to communications. Directives can often become repetitive and contradictive.

Observation 15: Public Information Office

FEMA Core Capability: Public Information and Warning

BSO's Public Information Office (PIO) prepares news releases, coordinates print and broadcast coverage of agency events and acts as the liaison between BSO and the local, state and national media at crime scenes and other activities that generate media interest.

Strengths

Strength 1: Highly credible, experienced, professional and tenured staff.

Strength 2: Immediate access to all major branches of media and their representatives.

Strength 3: Commendable response and management of high level press conferences.

Areas of Improvement:

AOI 1: BSO PIO must work diligently to secure reputable means of cellular service and internet connectivity in allowing for prompt notifications and emergency alerts to be posted, updated and viewed by the inquiring public.

AOI 2: The current FLL Airport PIO Staging Area must be moved from its current location at the upper level curbside, between Terminal 1 and Terminal 2, and re-designated to a position contained within the outer limits of the FLL Airport entrance, which assists in creating distance between the identified crime scene and media representatives.

DRAFT

Analysis: The Regional Domestic Security Taskforce Mobile Joint Information Center (JIC) established expeditiously and enabled PIO's to actively convey their presence to outside interests and the prompt sharing of information as it pertained to the event. Numerous participant agencies, and their PIO's, had established their base at the JIC, which further burdened the environment due to its location. The staging area was much too close to the active scene and contributed to the wandering of media crews and their exposure to sensitive areas and the release of such images captured. Much was not known during the event, and the release and exposure of fluid tactics and the environment can potentially compromise ongoing initiatives. The relocation of the PIO Staging Area must be adhered to and tactically placed in a non-corrosive environment in preservation of the scene and the integrity of the investigation.

BSO PIO's further realized an inordinate disruption of cellular service while on scene due to congestive cellular traffic. BSO PIO's were not able to communicate with each other or able to post updates on BSO's social media platforms. The ripple effect resulted in delays of critical emergency updates and its immediate dissemination to the public. BSO must apply for the Department of Homeland Security's Government Emergency Telecommunications Service (GETS), and ensure that all key role players engaged in the event are properly equipped and thoroughly capable in communicating and relaying pertinent information.

Observation 16: Mobile Command Vehicle (MCV)

The BSO MCV is a 44 foot, Class A, slide-out capable mobile command post. Contained within the MCV are formal conference areas, a radio communication center and a perimeter video surveillance monitoring station. The BSO MCV communication center allows for shared radio notifications with assisting local, state and federal law enforcement agencies. The BSO

DRAFT

MCV serves as the on scene UCP and stages at a centralized point during an event, which requires strategic placement to ensure that it is conducive to sustaining operational needs, and not obstructive to the events environment. Furthermore, the BSO MCV functions as a de facto dispatch center, which accounts for all ground activities and the deployment of resources.

Strengths

Strength 1: The BSO MCV was rapidly deployed and immediately operational upon arrival to the scene.

Strength 2: The BSO MCV functions as a WebEOC platform.

Strength 3: The BSO MCV operated as a UCP, and allowed for the ability to conduct impromptu meetings and debriefs pertaining to the event.

Areas of Improvement

AOI 1: Upon staging the BSO MCV on the scene of an event, much consideration must be given to its placement and ability to relocate upon the deterioration of the scene.

AOI 2: The BSO MCV must be fully prepared and equipped upon deployment. The BSO MCV must remain at an operational readiness level, in assuring that any and all technological resources, communication assets and foreseeable support devices are readily working and accessible upon system failures.

AOI 3: The BSO MCV, though it serves a purpose, has become limited in its capacity. Active shooter events and terrorist threats and encounters have become the "new normal." MCV's have evolved with the times and are now better prepared and equipped in dealing with larger scale responses. The need to accommodate multiagency initiatives

DRAFT

calls for the enhancement of MCV layouts and design. The event of January 6th, 2017, pushed the BSO MCV to its limits in accommodating a large scale event, command presence, and the ability to truly function as a UC.

Analysis: The BSO MCV responded and arrived at the scene soon after the shooting occurred. Upon arrival, The BSO MCV was immediately staged outside of Terminal 2, on the lower level driveway. The UC was attempting to become operational, while mass law enforcement responses flooded the immediate vicinity of the BSO MCV. Without warning, and consideration to any further potential threats, the BSO MCV remained in its location and became surrounded and trapped by adjoining MCV's and parked public safety vehicles. Upon the occurrence of the mass exodus and law enforcement response to alleged active shooters contained within the FLL Airport, the BSO MCV was incapable to relocate and reposition itself to a secure environment. The ability to do so would have allowed for the seamless delegation of duties, clear lines of communication and fortification from any further potential threats.

Further hindering the BSO MCV was its intermittent loss of telephone connectivity and deplorable radio communication capabilities. Due to the BSO MCV being staged in the lower level driveway of terminal 2, it virtually became encapsulated in concrete a box. Such surroundings diminished radio and cellular phone signals, creating a huge void in communication efforts with emergency personnel. Furthermore, the telephone numbers associated with the BSO MCV were sporadically unanswered and immediately defaulted to voicemail.

The BSO MCV was exposed to strenuous conditions based on the amount of personnel operating within, attempting to move internally and elevated levels of participants trying to

DRAFT

engage staff, conduct meetings and participate in critical discussions regarding pertinent decisions. The BSO MCV is not prepared to accommodate such volume of public safety and emergency personnel traffic and be expected to maintain its integrity, based on the influx of participants. The BSO MCV must expand its capabilities in allowing orderly operations and sophisticated technology to better serve the public during the upward trend of mass casualty events and active shooter encounters.

U.S. Active Shooter Incidents 2000 – 2016

In light of the deadly active shooter incident that occurred on January 6th, 2017, at Fort Lauderdale – Hollywood International Airport and the not so distant incident that occurred on November 1st, 2013, at Los Angeles International Airport, active shooters and acts of terrorism have propelled the Country and abroad to elevated states of vigilance to hardening soft targets and expanding their efforts to those areas perceived to be hardened. The need to develop and implement strategies designed to respond to an actual or threat of an Active Shooter / Suicide Bomber at Fort Lauderdale – Hollywood International Airport is paramount to functioning in the 21st Century mindset and tactics applied to public safety. No longer is the focus solely based on areas of commerce, educational institutions, public areas, governmental properties, houses of worship, residential communities and health care facilities, but have expanded to critical infrastructures such as airports and has exposed seaports as a potential future target. The dynamics have greatly shifted domestically since 2000, and the active shooter / terrorists have expanded their borders from the traditional aircraft cabin and fuselage, to the airport terminals check in counters, to include the baggage claim areas and exterior curbside access. All in which are pre / post security checkpoint areas, routinely less attractive to law enforcement and their dedicated efforts to thwart catastrophic outcomes.

DRAFT

In recent studies conducted by the FBI between the year 2000 and 2016, there have been 213 active shooter incidents throughout the country. Approximately 13.3 incidents per year, with a total of 645 persons killed and 789 wounded in the span of 16 years (U.S. Department of Justice, 2016). Also, between 2000 and 2016, there have been 61 incidents in which law enforcement terminated the threat. 2013 accounted for the highest number of incidents at 13, with some stabilization between 2014 and 2015 with a total of eight (8) for each year. Only two (2) incidents involved multiple shooters. Sadly though, 12 law enforcement officers have lost their lives, while 27 were wounded (Department of Justice, 2017).

Active shooter outcomes, between 2000 and 2015, reveal the following key findings (Department of Justice, 2017):

- 39 % (80) committed suicide.
- 38.5 % (79) were apprehended by law enforcement.
- 20.5 % (42) were killed by law enforcement (40) and private citizens (2).
- 2 % (4) at large, with one captured in 2015 (Department of Justice, 2017).

As of 2015, the number of active shooters killed has plateaued at seven (7), holding fast back to 2013 (Department of Justice, 2017). The apprehension of active shooters continues to increase, which would lends one to believe, that domestically, law enforcement is ramping up their efforts in combating the "new normal", within the active shooter realm. The paradigm shift is upon us, and the need to adapt is critical to preserving the integrity of our Country, our communities, soft targets, perceived hardened targets and the current trend within airports and vulnerable seaports.

DRAFT

Terrorist Crosshairs

Between 2014 and 2016, the United States was identified as the top country targeted by terrorists, specifically ISIS related, accounting for 41 (40%) out of 101 terrorist linked plots globally (House Homeland Security Committee Majority Staff Report, 2016, p. 4). Other countries affected by such threat are identified as France, the United Kingdom, Australia, Belgium, Germany, Spain, Canada, Turkey, Denmark, Italy, Egypt, Tunisia, Saudi Arabia, Israel, Indonesia, Libya, Kosovo, United Arab Emirates, Algeria, Switzerland, Bangladesh and Sweden (House Homeland Security Committee Majority Staff Report, 2016, p. 4). Such terrorist plots have been executed with a success rate of 44% with 56% resulting in disruption. Research further indicates that 53% of the attacks were encouraged, where only 47% of the attacks were actually directed (House Homeland Security Committee Majority Staff Report, 2016, p. 4). The terrorists are mostly male and of military age, which accounts for an 89% core group of males and 11% female, representing an average age of 26. The attacks have intensified throughout the years ranging from 30 (3 casualties) in 2014, 720 (48 casualties) in 2015 and 875 (58 casualties) in 2016 (House Homeland Security Committee Majority Staff Report, 2016, p. 4). States targeted throughout the country are as follows; Florida, New York, New Jersey, Ohio, California, Arizona, Michigan, Missouri, Philadelphia, Massachusetts, Texas, North Carolina and Illinois (House Homeland Security Committee Majority Staff Report, 2016, pp. 8-15). Key findings of the House Homeland Security Committee Majority Staff Report confirm the following:

- The United States is the most targeted country.
- The terrorist's attacks are becoming deadlier with elevated destructive outcomes.
- Independent followers are heavily involved in external operations.

DRAFT

- The terrorists are capitalizing on cloaking their efforts on a greater scale.
- Explosives are playing a bigger role in their attacks.
- "Lone Wolf" attacks are not exclusively carried out alone.
- Targets of choice are government locations and employees, military personnel, law enforcement officers, public transportation and entertainment venues (House Homeland Security Committee Majority Staff Report, 2016, pp. 5-7).

Recent Domestic and Foreign Airport Attacks

Los Angeles International Airport, Los Angeles, California:

On November 1st, 2013, at approximately 0918 hours, a "lone wolf" active shooter (Paul Cianca) entered the Los Angeles International Airport and made his way to Terminal 3. Once at the terminal, the shooter, at point blank range, shot and killed TSA Officer Gerardo Hernandez. The shooter then fled the area, while continuing to shoot at and injure airport patrons and staff. The shooter continued his movements toward airport gate areas, which ultimately resulted in his capture. The entire incident, from gunshot to apprehension, transpired within approximately seven (7) minutes (Los Angeles World Airport, 2014).

Figure 7: Los Angeles International Airport (LAX). (Miller, 2014)

DRAFT

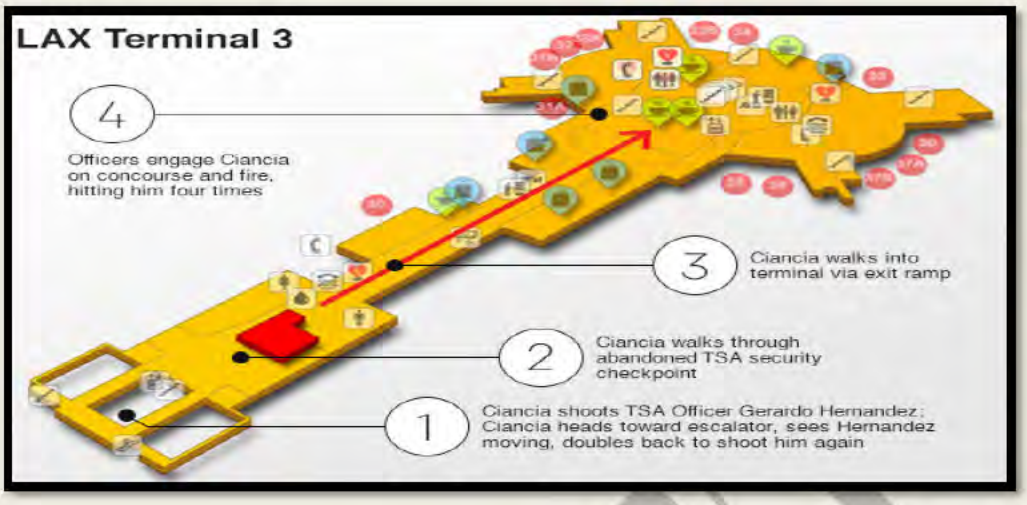


Figure 8: LAX Shooter

Paul Cianca. (James & Shaw, 2013)

The event resulted in the displacement of approximately 4,500 airport patrons from terminals 1, 2 and 3, further inhibiting 20,000 passengers contained within 22 aircrafts and subsequent terminals. Efforts to restore airport operations lasted approximately 30 hours. The event greatly burdened law enforcement, fire personnel, airport staff, airport operations, private vendors and aviation endeavors nationally and internationally (Los Angeles World Airport, 2014).

DRAFT

Though the FLL Airport incident resulted in more fatalities and suffered a total loss of any and all passengers contained within, their abandoned luggage, required total evacuation, tactical sweeps, too include airport operations, common ground is realized in observations and recommendations made that greatly coincide with the struggles had during the FLL active shooter incident. The following are areas identified through literature review that parallel in comparison:

- Security and Incident Prevention.
- Response to Armed Threats.
- Airport Response Coordination.
- Alert and Response Mobilization.
- Communications.
- Incident Command.
- Unified Command.
- Airport Emergency Operations Center.
- Resource Management.
- Public Notification.
- Perimeter Access and Control.
- Evacuation and Shelters.
- Transportation.
- Clearing Operations.
- Recovery.
- Ascendancy and Administration.
- Risk Management.

DRAFT

Zaventem Airport, Brussels Belgium:

On March 22nd, 2016, at approximately 0758 hours, the Zaventem Airport located in Brussels, Belgium, suffered a devastating terrorist attack at the hands of three suspected terrorists. Two suitcase bombs were detonated within airport check in areas located at Terminal 3 and Terminal 11, killing two at the scene and one arrested weeks later (International Institute for Counter Terrorism, 2016). Furthermore, an assault rifle and an unexploded suicide belt were retrieved from the scene. At approximately 0924 hours, and in addition to the airport incident, a secondary attack was initiated upon the Maelbeek subway station by means of an explosive belt. The explosion occurred within close proximity to the Parliament of the European Union. ISIS, through formal written statements laid claim and full responsibility for both incidents. As a result of such horrific acts, approximately 32 people were killed and in excess of 300 were injured. (International Institute for Counter Terrorism, 2016).

Figure 9: Brussels International Airport (www.myblogkaustubh.worldpress.com)

Figure 10: Brussels Airport Terrorist Bombers

Khalib & Ibrahim El Bakraoui and Najim Laachraoui. (Vinograd, 2016)

DRAFT

The Zaventem Airport bombing is the deadliest attack upon Brussels, Belgium to date. Such event forced security standards to be elevated beyond the traditional aircraft and expanded upon airport entrances, terminals, parking garages and perimeter points. Furthermore, the need to establish new counter-terrorism units to better deter and respond to complex, multi-area, assimilated and concurrent terrorist attacks was highly recommended based on such event (International Institute for Counter Terrorism, 2016). Literature review of the Zaventem Airport, though not thoroughly detailed, reflects an equal finding as it pertains to the FLL Airport event, though not a bombing, in relation to the hardening of the airports curbside, check in counters and the creation of tactical response teams dedicated to the ICS and active shooter / counter terrorism initiatives.

Orly Airport, Paris, France:

On March 20th, 2017, in an article published by the Chicago Tribune, , titled *Paris Orly Airport attacker wanted to kill, die for Allah*, authored by Nicolas Garriga and John Leiceter, clearly outlines the terrorist event that transpired on March 18th, 2017, during the "lone Wolf" attack upon military personnel stationed throughout the Orly Airport as part of "Operation Sentinelle". At approximately 0830 hours, Islamic extremist Ziyed Ben Belgacem entered the

DRAFT

South Terminal area of the Orly Airport and immediately approached and attacked a female soldier and attempted to wrestle away her assault rifle, while holding her at bay and shouting that he wished to kill and die for Allah. As a result of such action, Belgacem, while in possession of a revolver managed to take control of the rifle and slung it upon his back. Belgacem continued his tirade, while positioning the soldier as a human shield and threatening her with his revolver squarely pointed at her head and shouting to responding soldiers "Put down your weapons! Put your hands on your head! I am here to die for Allah. Whatever happens, there will be deaths". As the event unfolded, Belgacem ducked behind the hostage soldier and was immediately engaged by the responding soldiers via three sequential gunshot bursts resulting in the death of Belgacem.

Figure 11: Orly Airport (www.deccanchronicle.com)

DRAFT

Figure 12: Orly Airport Terrorist Shooter

Ziyed Ben Belgacem

Approximately 3000 airport patrons were evacuated, 13 flights were held over, which were fully occupied and 15 flights diverted to Charles de Gaulle Airport. Upon the completion of a thorough search of the entire Orly Airport, operations were restored with the exception of the South Terminal (www.chicagotribune.com).

A timeline of Belgacem's last 90 minutes alive entails a traffic stop by French police, which resulted in an exchange of gunfire with one officer suffering facial injuries. Belgacem then fled to a neighboring town, where he visited a bar and again opened fire, ultimately carjacking a vehicle at gunpoint, which was driven by Belgacem to the Orly Airport. Belgacem had a criminal record for robbery and drug offenses and was currently out on bail and further banned from leaving France (www.chicagotribune.com). Belgacem is alleged to have been radicalized between 2011 and 2012, as a result of incarceration. Furthermore, in November 2015 his residence was targeted and searched by authorities as a result of the Paris bombing and gun attacks that resulted in the death of 130 people(www.chicagotribune.com) .

DRAFT

Much is yet to be revealed due to the early stages of the criminal investigation, limited access to information and the absence of any structured after action reports. Comparisons made to the FLL shooting are solely based on the fact that an intended terrorist driven active shooter incident occurred within the Orly Airport, large scale patron evacuations were conducted, total disruption of airport operations and tactical sweeps of the entire airport grounds were conducted.

The incident was superbly contained and immediately disrupted by the termination of the target. France is heavily protected by soldiers who play an active role in "Operation Sentinelle". Approximately, 7,500 troops are deployed throughout France tasked in providing a strong presence, deterrent to attacks, tactical deployment and vigilant responses to terrorist plots.

Airport False Alarms and Their Consequences

John F. Kennedy International Airport (JFK), New York:

On August 14th, 2016, at approximately 2133 hours, an emergency call pertaining to alleged gunshots and a man who was supposedly armed with a handgun was received at the Port Authority Police Department (PAPD) desk. The caller was a female airport employee, who was located in Terminal 8. Furthermore, the female stated that there was a large disturbance taking place. Multiple subsequent calls were received reiterating such information, which led to believe that there was an active shooter incident taking place (Port Authority Police Department, 2017). Upon law enforcement response, airport patrons were observed fleeing the airport terminals, to include TSA agents that were actively vacating and expressing their fears of an active shooter. PAPD immediately put into motion their active shooter protocols and commenced in closing down roads, the identification of staging areas, agency notifications and the establishment of a command post (Port Authority Police Department, 2017).

DRAFT

At approximately 2157 hours, information was obtained via PAPD operations personnel that Terminal 1 was further reporting possible gunshots. Two strike teams diligently responded and verified that no active shooter incident was occurring and no signs of such action existed (Port Authority Police Department, Police Academy Training Review, 2017). Aggravating circumstances to the event consisted of revelations made by Korean Airlines staff members that a gun was allegedly observed, causing aircraft passengers to panic and deploy the rear emergency slides and evacuate. Surrounding terminals self-evacuated in to sterile airport environments and AOA's (Port Authority Police Department, 2017).

Immediate efforts were made to dispel any further fears and quell potential threats, which resulted in the securing of the affected areas and the sound return of airport operations. The event lasted approximately three hours, causing all air traffic to cease and further delays to airport operations (Port Authority Police Department, 2017).

The BSO Airport District suffered similar consequences during its secondary event. Contributing factors were identified by the failure to verify an active shooter incident, other than solely relying on civilian reports and patron yells, and not factoring the absence of an identified shooter, persons wounded or injured, evidence of a shooting and corresponding damage. Those receiving the initial information should most importantly attempt to confirm that the situation is real, obtain critical information such as a location and suspect description in allowing for an educated response, opposed to relaying misinformation in furtherance of setting in motion mass panic.

The BSO Airport District incident involved numerous unfounded reports of an active shooter spanning across all terminals, parking garages, perimeters, roadways and runways. The

DRAFT

event would have been greatly minimized if proper vetting tactics and containment of critical areas were properly supported by vigorous assessment and confirmation by responding personnel.

Summary Conclusion

January 6th, 2017, brought upon the Nation's most tragic airport active shooter mass casualty event in history. The event and its aftermath, serves as a grim reminder that the 21st Century has forced airports and their methods of operation to drastically change. September 11th, 2001 served as the tipping point to the continued erosion of society and enabled the evolution of terrorist and active shooter attacks. The global impact on the world's airports transcends security efforts beyond the traditional mindset, forcing antiquated leadership to reflect upon recent trends and question their willingness and ability to adapt, change and engage in order to suppress the "new normal".

In 2013, the LAX Airport attack marked the uptick of the new trend, and should have instilled much concern upon the airport industry, its police service and methods of training and preparation of all its stakeholders. Unfortunately, tragic events become forgotten with time, and the sense of urgency to react only becomes real when it lands squarely on ones lap. Too many times, the loss of lives attached to such events is what forces change.

The FLL Airport active shooter event could not have been deterred, but leaves much to be questioned as to what could have been done differently beforehand, in avoidance of transporting a killer, and his handgun, to the Delta Terminal 2 baggage claim area on that tragic day. Law enforcement valiantly responded, but were unaware of the volatility of the

DRAFT

surroundings and the hair trigger responses and reactions that would bring airport operations to its knees in a matter of minutes.

The confusion, chaos and magnitude of the event, tested all involved and challenged every aspect of a conceivable remedy to alleviating the torment instilled by the event. Mistakes were made, lessons were learned and the self-effacement of key role players carries on, but the path to success always involves a degree of discomfort. This event will not be the last, but marks the day as a new era in changing the dynamics of the FLL Airport, the BSO Airport District and the southern region of Florida, to elevate their tactics and prepare in defending against any conceivable future attacks upon its airports.

The roadmap has been identified, the unification of stakeholders has commenced and the vision has clearly been defined. Collaborative efforts to enable foreseeable inputs and the realization of stellar outcomes remain steadfast and ongoing with anticipated commendable returns.

PREFACE: Definition and Purpose of this After-Action Review

An After-Action Review (AAR) is a professional discussion of an event, focused on performance standards, that enables commanders of the Broward Sheriff's Office (BSO) to identify what happened, why it happened, and how to sustain strengths and improve upon weaknesses. It is a tool commanders can use to get maximum benefit from every mission or call for service. This AAR is modeled after the United States Army's "A Leader's Guide to After-Action Reviews."[1] It provides:

- Candid insights into specific deputy, supervisor, commander, and unit strengths and weaknesses from various perspectives.
- Feedback and insight critical to response and tactic-focused training.
- Details that are often lacking in evaluation reports alone.

Evaluation is the basis for the commander's assessment of a call to service. No commander, no matter how skilled, will see as much as the individual deputies and supervisors who were actually involved in an incident. Interview and feedback compares the actual outcome of a process with the intended outcome.

By focusing on individual tasks and by describing specific observations, deputies, supervisors, and commanders identify strengths and weaknesses and together decide how to improve their performances. This shared learning improves task proficiency, promotes unit esprit, and improves upon public safety.

BSO Commanders will use this information to organize input for unit training plans. Of course, AARs are not cure-alls for unit-training problems. Commanders must still make on the-spot corrections and take responsibility for training their deputies and supervisors. However, AARs are a key part of the training process. The goal is to improve deputy, supervisor, and unit performance. The result is a more cohesive and proficient response for service.

Preceding this AAR, BSO conducted numerous interviews of participants, conducted numerous internal discussions with all involved units, examined video and audio evidence, reviewed televised, print, and social media broadcasts, examined internal infrastructure performance, examined external infrastructure performance, reviewed BSO's Comprehensive Emergency Management Plan (CEMP), reviewed the National Incident Management System (NIMS) protocols, and collected AARs from several agencies that experienced critical emergencies at airports. This AAR includes and analyzes all information collected.

The format for corrective action matrix is organized by using the National Incident Management Structure (See CORRECTIVE ACTION MATRIX.)

DRAFT

[1] United States Army: A Leader's Guide to After-Action Reviews TC 25-20, 1993

EXECUTIVE SUMMARY: A Summary of Events and Challenges

On Friday, January 6, 2017, Esteban Santiago boarded a Delta Airlines flight in Anchorage, Alaska, bound for Fort Lauderdale with a stop in Minneapolis, Minnesota. His only checked item was a semi-automatic handgun stored in a FAA-approved container. Upon arrival at Terminal 2 of Fort Lauderdale/Hollywood International Airport (FLL), Esteban Santiago reclaimed his checked handgun and proceeded to a men's restroom, where he loaded the hand gun and discarded the container. Santiago concealed the handgun in his waistband and walked to the center of the baggage claim area where he removed the gun from his waistband and proceeded to shoot random travelers waiting near a baggage carousel. Santiago discharged all of his ammunition, which resulted in the death of five and the wounding of six airport patrons.

A Deputy assigned to a secure area of the upper floor of Terminal 2 heard the gunshots, called for backup, and immediately ran down the escalator to engage Santiago. Within 85 seconds of the initial shot fired, BSO Deputies had weapons pointed at Santiago, who surrendered. Santiago was immediately removed from the scene and secured. Responding FLL Deputies assessed the area to address the existing threat. This shooting is referred to as the "Primary Event" in this AAR.

At 12:54 PM, BSO Regional Communications (RC) received "shots fired" radio calls from FLL Deputies and numerous 911 callers. RC immediately enacted Active Shooter/Mass Casualty Protocols and simultaneously notified key commanders and summoned assistance from a multitude of BSO, Municipal, State, and Federal resources utilizing the Computer Aided Dispatch system (CAD) and BSO's Calabria notification system. Within minutes of the initial notification, several thousand public safety personnel turned on their radios, overtaxing Broward County's 30-year old radio system. The radio system went into "failsoft" and "throttling" mode several times, which cut or interfered with all radio communication.

As a result of the mass shooting in Terminal 2, panic ensued among visitors and airport employees. Hundreds of potential witnesses scattered and sought shelter – even into Security Identification Display Area (SIDA) areas (e.g.: baggage carousel ports, restricted areas, etc.), which compromised the security of Terminal 2. One fleeing witness attempted to seek shelter in the rear of a marked BSO K-9 vehicle parked near Terminal 1 that had responded to the initial Primary Event. When the victim opened the vehicles rear door, the dog emerged and began biting the victim. RC received several 911 calls and broken radio transmissions concerning a gunshot victim outside of Terminal 1 (which was the dog bite victim). The unconfirmed report of a gunshot victim in Terminal 1, radio communication interruptions, and misinformation and anxiety among airport visitors and employees triggered sporadic episodes of panic and hysteria leading to reports of perceived gunfire throughout the remaining airport terminals and parking garages. When word passed to the upper levels of Terminal 2, the fire alarm was activated, which opened all concourse exit doors leading to tarmacs. This resulted in the flooding of passengers onto tarmacs and other SIDA areas and back into the secured crime scene set up in Terminal 2. A cascading effect of hysteria and panic ensued in each remaining terminal. This hysteria and panic are referred to as the "Secondary Event" in this AAR.

BSO's Mobile Command Post (MCP), which includes specialized communications equipment, arrived on scene shortly after the initial call for assistance. Due to the large response from first responders, and a large number of abandoned vehicles on Terminal Drive, the MCP was located under a concrete roadway

DRAFT
EOG-00127

and in-between two large structures. This placement effectively rendered all the specialized equipment contained within the MCP inert.

Concern of a possible coordinated attack in other terminals prompted a complete shutdown of airport operations. Efforts were initiated to identify any potential threats and systematically secure the airport grounds and safely remove patrons from the airport property thereby eliminating the potential for further attacks. BSO along with the Federal Bureau of Investigations (FBI) spearheaded the investigation, up until it was deemed that the matter potentially constituted a terrorist act, at which point the scene was relinquished to the FBI for processing and prosecutorial efforts. BSO remained in a support role to assist in the investigation.

The securing of the airport grounds and safe evacuation of tens of thousands of airport patrons and airport employees, medical treatment of the injured and subsequent investigation posed a serious challenge to all surrounding law enforcement and medical personnel. The burden placed on public safety was far reaching and extended well beyond the initial crime scene. While some of the ripple effects caused by the initial incident were predictable, some were not. When acting in the interest of public safety, some of the cascading events prompted the diversion of critical resources and further delayed the stabilization of airport operations.

Below is a summary to identify strengths and weaknesses/areas of improvement in responding to this event. The below lists includes items outside of BSO's control. See section entitles PLAN OF ACTION in this AAR for specific courses of action and timelines.

Strengths:

- The BSO FLL District's Response to the active shooter was courageous, diligently carried out, and the threat was terminated using professional and pinpoint reactionary tactics. The first command post was immediately activated by BSO FLL District staff in the District Office.
- The efforts by first responders and airport personnel to rapidly act to control the many challenges faced throughout this tragedy is commendable and worthy of recognition.
- The call for assistance resulted in over 2000 county, city, state, and federal law enforcement resources to descend upon FLL. Some resource responded while "off duty."
- The Unified Command Post, despite experiencing communications and equipment failures, utilized innovative methods to maintain control.
- Deployed Law Enforcement personnel maintained command and control even with sporadic radio communications difficulties and utilized many other means to maintain communication. (e.g.: Hand signals, runners, cell phones, etc.)
- On-scene law enforcement maintained vigilance in detecting, eliminating and preventing any unforeseen threats in ensuring the preservation of life.
- First responders displayed remarkable restraint and professionalism when dealing with panicked or uncooperative persons.
- Regional Communications activated their Active Shooter/Mass Casualty protocols immediately, and successfully contacted off-duty operators to report to duty.
- Regional Communications completed regularly-scheduled Active Shooter drills weeks before this event, which aided in their response.

DRAFT

EOG-00128

- Regional Communications successfully broadcasted and linked to statewide channels to aid state resources responding to the event.
- Regional Dispatch added dispatchers to each effected radio channel to aid in accuracy.
- Regional Dispatch created a primary talk group and moved unaffected districts from the main talk channels
- Regional Dispatch created several Tactical Channels and were able to staff operators to ensure support to first responders.
- Eighteen SWAT Teams from multiple jurisdictions restored SIDA Integrity to each Terminal in a methodical and well-planned manner. SWAT command coordinated a well-planned clearing of all parking garage area and airport grounds where false reports of armed individuals were received.
- BSO Department of Detention availed several large busses when Broward County EOC and Broward County Transportation Division could not immediately provide transportation vehicles for stranded travelers.

Weaknesses/Areas of Improvement:

Planning

- There is/was no visible armed police presence/deterrent assigned to the baggage areas of FLL.
- BSO/BCAD Tabletop exercises did not consider challenges encountered during this event. (Full evacuation, Full shutdown, Mass Care (feeding, physiological care, and family reunification), passenger relocation, evacuation, etc.)
- FLL/BCAD Tabletop exercises failed to educate participants as to specific roles, expectations, and consequences of their failure to cooperate.
- No law enforcement Tabletop exercises are conducted with other municipal, county, state, and federal resources to discuss large-scale events.
- Calabria test pages went unanswered by 30% of recipients with no follow up.
- Calabria System is not able to send photos or maps which would enable IC to coordinate staging areas.
- Available alternatives to Calabria, "Code Red" and "Everbridge" systems, were not utilized during either event.
- Mobile Joint Information Center Generator was too loud and had to be shut down during press conferences.
- SWAT Teams arriving by helicopter from other jurisdictions were unclear of landing zones and building numbers (e.g.: Terminal 1, Dolphin Garage, etc.)
- No documentation was located to prove that BSO, BCAD, or TSA implemented or followed up on a 2016 TSA/FBI Joint Vulnerability Assessment that contained suggested improvements

Incident Command

- As events grow, and outside resources are requested, BSO must seek to rapidly establish a NIMS Incident Command Systems (ICS) and order the deployment of an Incident Management Team (IMT) to allow for defined protocols to be followed. Upper Echelon Commanders (above the rank of Major) must remove themselves from the scene and report to the Policy Group area and

DRAFT

EOG-00129

allow Operational Commanders to carry out orders while establishing and adhering to a strict chain of command.

- In events large scale events that call for multijurisdictional support, BSO should immediately stand up its Sheriff's Emergency Operations Center at "Full Activation" and allow deactivation as the situation(s) allow.
- In large scale events that call for multijurisdictional support, BSO should immediately declare to all responding units that BSO is the Unified Commander for all operations.
- In large scale events that call for multijurisdictional support, Broward County Government should immediately stand up their Emergency Operations Center to support law enforcement and impacted citizens.
- Staging areas were not properly identified to responding resources. Several staging areas were set up "on the fly," but not broadcasted to field personnel.
- The MCV was placed in an area that rendered its communications capabilities useless.
- The initial crime scene was not large enough. Bathrooms and offices near the scene were left out of the controlled scene.
- Insufficient perimeter resources were set up after the Primary Event to confine event to Terminal 2.
- Witnesses were held in an area which had direct view of victims. This prevented proper crime scene management and further traumatized the witnesses and victims.
- The initial secured crime scene was compromised by panicked civilian staff and travelers during the Secondary Event.
- Crime Scene staff were unprepared for a secondary event and were exposed to potential harm, and adequate Crime Scene protective forces were not deployed/assigned.
- The Command Post location was not identified to responding units in a timely manner.
- Several different Units identified themselves as the incident commander over the radio system, causing confusion. (BSO, BSOFR, TSA, CBP, FBI, Fort Laud PD, and various municipal departments.)
- Several Agencies set up their own Command Center. BCAD did not coordinate with Law Enforcement CP.
- LEO Self-Deployed/Over-deployed in certain areas. This can be attributed to lack of Unified Command Structure and poor radio communication.
- BCAD and Law Enforcement did not coordinate. No clear transfer or declaration of authority occurred.
- The first SEOC Calabria notification pages went out two hours after the initial event and were not received by some recipients.
- Calabria System was not utilized by Incident Command to communicate to field units.
- SEOC, PIO, and RC were not trained on and did not utilize the IPAWS statewide warning system to notify the public of the event. (This is a geo-fenced Reverse 911 system that will send a text message to all persons in a geographic area set by the user.)
- Too few specialized groups requested tactical channels from Regional Communications, which prevented effective IC communication with field units.
- The Media Staging area was located inside of or too close to the crime scene.

DRAFT

EOG-00130

- No "emergency hotline" or "information hotline" was set up, which inundated the 911 system with non-emergency traffic. The non-emergency line was also inundated with general inquiry or "curiosity" calls. PIO should expand its use of social media (e.g.: Facebook and Twitter) to release timely and important public information.
- Several on-site Commanders and staff identified themselves as the same call sign. The identifier "Sierra" was used by too many sources, creating confusion.
- The large number of responding law enforcement officers created an impassible "parking lot" of vehicles, creating obstacles for tactical and FRES teams.
- Plain Clothes officers wore balaclavas to cover their faces, raising the potential for blue-on-blue deaths and the potential to cause further trauma to fearful victims.
- Florida Highway Patrol was tasked with traffic control surrounding FLL, but were not provided with instructions as to which vehicles to allow into the protected area.
- Vehicles allowed into the secure area were not escorted by perimeter forces or deputies familiar with the FLL layout. This caused delays in response to several emergency situations.

Regional Communications

- Regional Communications must confirm with on-scene sources of the presence of an actual Active Shooter before activating Active Shooter Protocols and notifications. The initial event was contained within 85 seconds. Routine notifications of "Active Shooter" were sent out for an hour after the Primary Event was under control. Review of the content of notifications should be made to avoid notifications from appearing to be calls for assistance.
- After Regional Communications called for assistance, the Incident Command failed to effectively provide direction to responding forces, failed to provide assignments to responding forces, and failed to provide effectively direct and control forces that had arrived.
- RC CAD "Page" lists designed to contact commanders or first responders contain incorrect telephone numbers, contain retired or terminated employees, and did not transmit to all recipients. (Page lists audited: TN:All, TN:DLEALL, TN:DLEMJR, TN:DLECMD)
- Regional Communications does not have ORCAT programmed into the Calabria System for emergency events.

Communications Technology

- Several key BSO Commanders utilized cellular phones not registered with the Government Emergency Telecommunications Service (GETS), which provides for priority service during emergencies.
- The initial response to the call for assistance overwhelmed the county radio system. The act of turning on a thousand radios and switching channels "crashed" the 30 year old radio system several times. (In the first minutes of the event, radio ID usage went from 1800 to over 3000.)
- Law Enforcement received "tone" when attempting to transmit. When RC attempted to clarify reports of gunfire, on-scene units were unable to communicate to RC. This added to hysteria.
- Radio failures hampered attempts by field commanders to coordinate staff.
- At approximately 2PM, several hundred Broward County School Board bus drivers turned on their radios for duty (part of routine), which further taxed the already overwhelmed public safety radio system. This caused increased radio site trunking and loss of "linked" channels (several linked cities and resources were immediately disconnected from the event.)

DRAFT

EOG-00131

- The school board and other non-public safety departments use the same radio system as public safety.
- There is no standard fleet map of radio channels for Broward County. Each Police Department has their own names and channel lineup. (Example: BSO cannot instruct another city to use 14Ops2 channel because the channel number is different in each city.)
- Regional Communications is not equipped with portable radios, which are required for large scale events.
- Regional Communications has no back-up headsets or supplies in cases of emergency or large-scale events.
- Regional Communications does not have an internal radio channel or device – this created loud verbalization (yelling) of information over a busy communications center.

Post-Event/Recovery

- Broward County EOC/Broward Mass Transit were slow to respond to aid in the evacuation of thousands of travelers stranded on the tarmacs.
- Passengers stranded on running planes lined up on the tarmac experienced recurring "jet wash" air quality issues and air conditioning failures and received little of no information updated from BCAD.
- Travelers stranded on Tarmacs for up to 10 hours (including the infirmed) were not provided with basic necessities such as water, food, or shelter.
- The lack of resources made available from the Broward County EOC resulted in travelers being stranded for extended periods of time. Unanswered calls for Transportation vehicles resulted in extreme delays and medical emergencies from travelers stranded on tarmacs without food, water or medication.
- The use of Department of Detention Inmate Transportation Buses was a valid on-the-fly remedy for immediate transportation needs, but added to the stress-levels of innocent victims being locked onto buses designed for prisoners.
- There was an untimely response to the travelers with special needs. There were not enough ALS ambulances and other specialty vehicles utilized.
- Post incident funding is non-existent. Public Records Requests for audio, video, reports by media sources from all over the world drained available funds.

Issues to Address with BCAD

- The Airport remained in routine operations until the Secondary Event. It was at this time BSO communicated to BCAD the request to completely lock down the airport.
- Aircraft were allowed to take off after the Primary Event while it was unclear if the airport was under coordinated attack. This could have resulted is catastrophic loss of life.
- Control of certain aspects of the event was challenged by internal and external forces. BCAD EOC did not immediately understand its role was to support the BSO IC.
- The Evacuation Plan at FLL was not followed and SIDA integrity was lost in every terminal.
- BCAD's Evacuation Plan did not include a plan for complete evacuation of FLL.
- The airport fire alarm was set off, which released all jet way and tarmac access doors. This resulted in travelers fleeing onto tarmacs in use by landing aircraft.

DRAFT

EOG-00132

- Confidential Law Enforcement-sensitive information was released via social media by elected officials. This action prompted an unnecessary expedited investigative response that required swift coordination with multiple law enforcement entities.
- Confidential Investigative Information was freely passed to politicians by BCAD Staff.
- BCAD has no communications plan for an event of this magnitude. (Stranded Passengers had no information provided for several hours.) BCAD has no exterior public address system.
- BCAD Airport Information Officer did not coordinate with the Joint Information System/PIO
- BCAD and TSA Staff reacted inconsistently (Several SIDA posts were abandoned initially, and eventually all SIDA posts were abandoned.)
- Other agency SWAT teams experienced problems with accessing certain areas of the airport due to unavailability of airport emergency access cards.
- Terminal 2 maintained operation too long after Primary Event. Fleeing passengers escaped into the baggage portals, creating a SIDA breech. BCAD allowed potential evidence or parcels to be moved from Terminal 2 before they were cleared or screened by bomb dogs.
- Plain clothed Federal Air Marshals, when alerted about both Incidents, openly revealed their concealed weapons and were seen running through SIDA Areas without showing proper identification or markings. (This added to the hysteria and increased the potential for blue-on-blue deaths.
- BCAD denied SWAT Teams access to FLL Terminal Blueprints during SIDA clearing and victim searches.
- Contracted construction security officers left SIDA Security Gates open, allowing for fleeing travelers to reach the outer FLL perimeter and Florida East Coast (FEC) railroad tracks.
- BCAD placed low priority to the evacuation of passengers stranded on tarmacs and in airplanes on the tarmac. Planes began to run out of fuel, causing a cascading and increased need for immediate evacuation.

DRAFT

EOG-00133

PRIMARY EVENT: The Shooting at Terminal 2 Baggage Claim Area

On January 6th, 2017, Esteban Santiago flew to the Fort Lauderdale-Hollywood International Airport (FLL) on Delta Airlines flight DL2182 that originated in Anchorage, Alaska with one connection (DL1088) in Minneapolis-St. Paul, Minnesota. Santiago departed the aircraft in FLL at 12:15 p.m. and proceeded to the Terminal 2 baggage claim area, which is located on the ground level of the airport.

After waiting at Carrousel 3 for several minutes, Santiago is paged by Delta Airlines Staff via the overhead paging system to come to the Delta Baggage Service Office, which is located at the southeast end of the Baggage Area. Delta had paged Santiago so he could collect the firearm he had checked in a secured gun case at the Anchorage Airport. Santiago checked no other luggage.

After claiming the checked gun, Santiago walked through the entire baggage area to the west end of the baggage claim area where he entered a men's bathroom and loaded the firearm before concealing it in his waistband and abandoning the firearm case in the bathroom. Santiago exited the bathroom and walked east to the approximate center of the baggage claim area before pulling out the firearm and immediately began shooting at random people in his vicinity. Panicked civilians fled the gunfire by any means available - including into access-restricted Security Identification Display Area (SIDA) areas (e.g.: baggage carousel ports, restricted areas, etc.) At this time, Terminal 2 SIDA integrity was compromised.

Broward Sheriff's Office (BSO) deputies responded to the sound and radio calls of shots fired and had a firearm pointed at Santiago 85 seconds after the first shot was fired. Santiago immediately dropped the firearm and surrendered to deputies. Within those 85 seconds, Santiago had fired 14 rounds, murdering five people and shooting six more.

Six deputies responded to the lower level baggage claim (via multiple doors), where they encountered hundreds of screaming and panicked travelers as they attempted to assess the existing threat, calm and control the effected, begin establishing a perimeter, and identify and assist victims.

From the time the witnesses were being moved until 14:20hrs the events taking place were standard for any crime scene. Responding BSO resources (including BSO FLL fire rescue personnel) and additional outside agencies established a crime scene and began the task of treating victims and securing witnesses and evidence. BSO's Explosive Detection Canine Handler teams were used to sweep the immediate vicinity for potential explosive devices while the BSO SWAT helped to locate and make safe, SIDA areas of Terminal 2 that had been flooded by the initial fleeing of panicked passengers and airport employees.

During this time, an incident command post was established, along with a media staging area and the Broward County Aviation Department (BCAD) Emergency Operations Center (EOC). A plan was being enacted that would have made the SIDA, areas beyond the TSA checkpoint where passengers and bags have already been screened, of Terminal 2 "sterile" again and would have allowed operations in Terminal 2 to recommence (with the exception of baggage claim). Up to this point the decision had been made to keep the remainder of the airport open with the exception of the lower level roadway and Terminal 2. This decision changed with onset of the secondary event.

DRAFT

EOG-00134

Timeline of the Primary Event:

12:15:32	Esteban Santiago exits D-5 jet bridge and makes his way to the lower level of Terminal 2 to the Delta baggage claim area. He retrieves his checked gun.
12:46:22	Santiago enters men's restroom located at the west end of Terminal 2 baggage claim area.
12:52:40	Santiago exits the restroom and proceeds east through the baggage claim area.
12:53:20	Santiago pulls a handgun from waistband and fires his first shot.
12:53:29	Delta Airlines Checkpoint Ticket Document Checkers at the upper level of Terminal 2 begin to notice the sounds of gun shots and start moving toward the central Transportation Security Administration (TSA) checkpoint.
12:54:45	A deputy responding from his assigned area at the upper level of Terminal 2 TSA checkpoint, sees the commotion, hears the gunshots and runs to engage Santiago who immediately surrenders and is placed into custody. Santiago is immediately removed from the crime scene to a secure area.
12:55:28	Six deputies enter the lower level baggage claim (via multiple doors) where they assess the existing threat, control hundreds of panicked civilians, begin establishing a perimeter, and identify and assist victims.
12:58:54	Fire/Rescue personnel enter area to begin triage assessment.
13:05:44	Fire/Rescue begin treatment of victims.
13:06:52	Deputies begin placing crime scene tape.
13:08:20	Lower level airport roadway shut down for law enforcement traffic only.
13:11:24	Witnesses are moved to west end of lower level baggage claim, Terminal 2, with the intent of gathering their information and getting them on to an airport transport bus ramp side. (This process was being coordinated when the secondary incident took place rendering the plan no longer feasible.)

Figure 4

Figure 4 depicts an aerial view of Fort Lauderdale/Hollywood International Airport with labels identifying the locations of key events that contributed to the Secondary Event. Labels are referenced throughout the description of Secondary Event.

Reports of "Shots Fired" & Contributing Factors

① At 14:20hrs, a Customs Border Patrol (CBP) officer was walking with several other CBP officers in the lower level roadway between Terminals 2 and 3 when he heard what he thought was possibly two gunshots being fired. (It is theorized that the noises heard most likely were cars on the upper roadway driving across an expansion joint in the road.) The CPB Officer questioned his fellow officers as to what was allegedly heard, but was immediately informed that they did not hear anything. In efforts to dispel any further fears, the officer ran back to Terminal 2 to determine if there was an active threat. Closed Circuit Television (CCTV) shows the CBP officer running from the lower-level Ground Transportation Area (GTA) Terminal 3 towards the west end crosswalk at Terminal 2 where the he met up with several Broward Sheriff's Office Fire Rescue Emergency Services (BSOFRES) personnel.

A BSOFRES Captain recalls a CPB officer running towards him with his firearm out and asking if he heard shots fired at Terminal 2. To be safe, the fire rescue Captain reports the incident over his designated radio channel to BSOFRES communications. Approximately 45 seconds later, this information is relayed across the primary Department of Law Enforcement (DLE) radio channel as, "Border Patrol reporting shots fired in Terminal 2."

Simultaneously, throughout the airport, CCTV shows deputies appearing to go on alert, while numerous requests via radio transmissions for confirmation of the call or location are made. In the Airport

Emergency Operations Center (AEOC), a group comprised of airport department heads and individual legacy airlines, heard the initial radio call via the fire rescue radio and subsequently the same radio traffic is heard from police radio reporting similar information. According to JetBlue representatives, a civilian had also hung up a hard line phone, between the fire and police radio call, and stated "They are shooting in two again", referring to Terminal 2.

(2) Upon hearing the phone call and two radio calls, a JetBlue supervisor made a decision to keep their employees safe and out of danger by sending an employee from the AEOC to the ticket counters to begin clearing employees from the area. The decision was made without further consultation of AEOC officials or law enforcement.

The JetBlue ticket counters are located in the southern half of Terminal 3 with the passenger "Exit Lane" from surrounding concourses separating the northern and southern sides of the terminal. CCTV shows that as the JetBlue employees clear the counter area, they did so at a rapid pace, running towards the southern-most terminal access door. In the process of the employees running, it appears passengers became alarmed and joined in with the employees.

(3) Three (3) subsequent actions took place in a very short time frame once the employee ticket counter began to evacuate:

- The TSA Terminal 3 F Concourse Checkpoint employees observed the employees running, abandoned their posts and fled west down the concourse.
- Some employees and passengers fleeing from the ticket counter evacuated east to the Palm Parking Garage.
- Other employees and passengers fleeing from the ticket counter evacuated towards Terminal 4.

These actions created a cascading effect upon the rest of the airport in a very short period of time. The TSA officers fleeing from F Concourse Checkpoint caused most of the F Concourse passengers, concession workers and airline employees to panic and flee the concourse area and into the ramp. Normally with an evacuation, the ramp workers would gather evacuating employees and contain them to a general area. In this case, and in all subsequent concourse evacuations that day, ramp workers had no prior notice of the impending evacuations and began to flee themselves as the panicked passengers and other employees were yelling that they were being shot at or that shots were being fired.

(4) The employees fleeing towards Terminal 4 caused two deputies already on the curb, who were still trying to confirm the shots fired in the Terminal 2 incident, to un-holster their weapons and direct their attention to Terminal 3 - thinking that something critical must have been occurring.

(5) The employees and passengers fleeing to the garage appear to have created an alarming sound that caused one of the deputies in front of Terminal 4 to make a radio transmission of "shots fired" coming from the Palm Garage. It is at this point that the radio system first went into "failsoft" mode and all bridged talkgroup connections to responding resources were lost. RC Dispatchers attempted to re-bridge talkgroups several times, but were unsuccessful because of the number of transmissions the system was encountering. RC dispatchers advised all units to stop transmitting until the radio bridges could be restored. The bridges were restored within 4 minutes, but the radio system began to "site trunk" and "throttle" transmissions, which resulted in partial "phrase loss" or completely prevented transmission. ("Phrase loss" is when only a portion of a transmission is repeated. E.g.: "Confirm shots fired in Terminal 1." is broadcast to other radios as "(*distortion*)...shots fired in Terminal 1." This phenomenon was experienced at different times throughout the event.

DRAFT

As the "shots fired" call was being reported, the passengers who ran past the Terminal 4 curbside deputies entered that terminal and caused panic within. Passengers and employees ran towards the checkpoint causing the TSA officers at the G Concourse Checkpoint and exit lane to flee down the H and G Concourses. This resulted in passengers in both concourses to self-evacuate towards the ramp, taxiways and the Zulu Aircraft Holding Area located on the west side of Terminal 4.

Once the call of "shots fired" in the Palm Garage occurred, law enforcement officers (LEO's) from all locations ran out of the terminals and from the curbsides towards the Palm Garage – which, essentially started a series of incidents causing hysteria across the airport. These incidents are as follows:

- A 911 call is received from Terminal 3 of "shots fired".
- LEO's in Terminal 2, upper and lower levels, ran towards the garage, which caused passengers on upper level Terminal 2 to flee towards Terminal 3.
- Many of these passengers ran into the northern most door of Terminal 3, which caused a self-evacuation of the ticket counters in that area and caused the TSA officers at E Concourse Checkpoint to take flight down the E Concourse.
- E Concourse passengers, concession workers and airline employees begin to flee the concourse towards the ramp areas.
- The LEO's running out of Terminal 2 also caused the TSA workers at the Delta Checkpoint to flee, for the second time that day, into the D Concourse.
- This action caused passengers who had returned to the concourse, after they had fled the first incident, to begin evacuating to the ramp area. The ramp was still occupied, in two locations, by groups of passengers, concession workers and airline employees who had not yet returned to the D Concourse after the first evacuation.
- Upon hearing and seeing the new evacuation, the groups already on the ramp fled to new locations closer to the Terminal 1 and Terminal 3 ramp areas.
- Fleeing Terminal 4 passengers reported that a suspicious male was being detained at gunpoint, which was solely based on them overhearing a transmitted police radio communication of a "suspect at gunpoint". These communications were ultimately unfounded, as were many similar incidents throughout the next 15 minutes.

⑥ The sudden response from LEO's responding from all locations and their running toward a perceived threat, specifically in the Palm Garage, forced passengers eastward towards the Hibiscus and Cypress Garages. Passengers in those garages, including Terminal 1 curbside, started to get anxious, which resulted in them dispersing and fleeing the area in various directions.

CCTV shows the combined running, increased tension, and mass panic across the airport that led to the knocking over of signs, stanchions, and garbage cans. People ran into doors, knocked them off their tracks, dropped luggage and tripped over strollers. All of these unfamiliar noises in such a short period of time appeared to have added to the confusion, and seemed to account for various LEO reports of "shots fired" throughout the garages and in Terminal 1.

The increased LEO activity, coupled with distraught passenger behavior, led to panic in the C Concourse Checkpoint area, which caused the TSA staff to abandon their posts and flee the checkpoint into the C Concourse. As with the other terminals, such action led to an evacuation of all passengers, concession workers and airline employees on to the airport tarmacs. Simultaneously, with TSA fleeing Charlie Checkpoint, the west end of the Terminal 1 lower level baggage area appeared to panic with passengers running in various directions, primarily towards the east.

DRAFT

EOG-00139

⑦⑧The BSO B Concourse Checkpoint Deputy, who had been listening to the radio transmissions of shots fired in various locations, and the radio call of a potential suspect in a white shirt running in the garages towards Terminal 1, posted himself at the mezzanine level at the Bravo Checkpoint, overlooking all of the baggage claim area. As the passengers at the west end started to run towards his location on the east end, he heard what he perceived to be shots fired coming from that general area. The deputy relayed the information over the radio informing of "shots fired in Terminal 4", but corrected himself a few seconds later stating "shots fired Terminal 1." One minute after correcting himself, separate LEO's radio report "shots fired" in Terminal 1 and at the Alamo Rental Car Center located at the rental car garage.

⑨⑩ The sound and noise of several dozen people running and screaming towards the direction of the Concourse B Checkpoint appears (via CCTV) to have caught the attention of the TSA employees at that location. With the arrival of the first distraught passenger running up to the mezzanine level, the TSA officers abandoned their post and fled the checkpoint into the concourse. This action caused the near complete evacuation of passengers, concession workers and airline employees to the ramp. CCTV also captures two Federal Air Marshals (FAMS) and a Federal Flight Deck Officer (FFDO), who were waiting to board their flight, to immediately run from Gate B2 boarding area towards the security checkpoint. CCTV shows that the FAMS and FFDOs were dressed in civilian clothing with no visible law enforcement identification running through fleeing travelers with their firearms drawn. This further added to the panic of the crowd. The FAMS and DFFDOs made their way to the Bravo Checkpoint where they identified themselves to the checkpoint deputy and stayed in the footprint of the checkpoint for the next few hours. An interview of the FAMS revealed they never heard any gunshots, but were reacting to the yelling and screaming of panicked passengers who were fleeing the concourse for safety towards the ramp.

It should be noted that Terminal 1 has been the recipient of the most eyewitness reporting's of hearing "gunshots." Depending on the interviewee, they range from two (2) to five (5) shots with the succession of the shots fluctuating per interview. Though the terminal is under major construction, all of those interviewed reported having worked in that terminal for some time and all stated they had never heard construction noise that sounded anything like the noise they reported hearing as a gunshot.

Terminal 1 is the only airport terminal with three levels. The upper level is ticketing, the mezzanine has the B Concourse located on the east side, and the C Concourse located on the west side. Both mezzanines connect directly to either the Cypress Garage B Security Checkpoint or the Hibiscus Garage C Security Checkpoint via enclosed bridge type walkways over the lower level roadway. The lower level is primarily the baggage claim area for all of Terminal 1 airlines. Interviews with "ear-witnesses" to the sounds of gun shots, and a review of CCTV reveal that the entire upper level appears to hear "gun shots" coming from the eastern mezzanine level. Subsequent interviews with those on the eastern mezzanine level, and review of the CCTV clearly indicates that there were no shot(s) fired at that location, but those interviewed claimed that they heard gun shots coming from what they believe is the western end of the lower level baggage claim area. The people interviewed in the eastern and mid-terminal location of the baggage claim area also stated that the gunshot sounds they heard were coming from the western end of baggage claim.

It should be noted that all of the people interviewed stated the sound of "gunshots" was the reason they fled in the various directions they did. Additional interviews were conducted with a TSA employee

DRAFT

in the C Security Checkpoint, a Starbucks Manager standing in front of a "down" escalator, and a civilian BSO employee who was in front of the checkpoint standing in the western mezzanine area of the terminal. All three stated they never heard a gunshot despite being located just above the location where others interviewed believe the gunshot sound had originated. They stated they ran only because they saw others acting afraid and then heard someone yell "run" or something similar to "they're shooting".

As of this writing, there has been no CCTV evidence or actual eyewitness to any type of intentional or unintentional shots being fired in Terminal 1. There have been no shell casings collected, despite reports otherwise, and no cleaning crew or airline employee has reported discovering any damage in Terminal 1 consistent with a gunshot. Attempted re-creations of that noise by normal items found in those areas have been unsuccessful in determining what the noise was. Interviews with FAMS located in the western end of the baggage claim, seconds before the panic began, also revealed that they never heard shots fired. They had jogged out of that location after they observed a deputy move at a quick pace from the west end mezzanine level down to the baggage claim level and out the western exit door to the curb. After the three FAMS ran outside behind the deputy, was when the alleged sound of shots fired occurred. The three FAMS deny having heard any shots, and CCTV of the entire lower level curb area reveals no concerned passengers or LEO's outside or any reaction to a loud noise or incident at that moment.

The total elapsed time from the moment employees and passengers began running from the JetBlue ticket counters in Terminal 3, which began the domino effect of self-evacuations, to the point of passenger reactions in lower level Terminal 1 baggage claim, took 2 minutes and 53 seconds. Four seconds later, TSA employees at B Concourse Checkpoint begin to flee, and by the 3 minute 20 second mark, the entire airport had completely self-evacuated.

As a result of such pandemonium and contributing factors that caused the lower level baggage claim area to panic, either due to police radio calls of shots fired in Terminal 1 or the self-evacuation of the Terminal 1 baggage claim area, LEO's continued to respond towards the terminal while passengers continued to run away from the terminals. These actions were documented on CCTV in all airport terminals and garages.

CCTV also shows a clearly marked BSO patrol K-9 vehicle driving to Terminal 1 in response to a shots-fired call. The deputy was forced to park his vehicle in the middle of the lower level roadway as a result of the large number of civilians fleeing the baggage claim area and running across the roadway toward the garages. Once stopped, the deputy immediately jumped out of the driver's seat and began running towards the baggage claim area. Simultaneously, one of the airport patrons ran around the BSO vehicle and opened the rear passenger door with the intent of hiding in the vehicle in an attempt to avoid a perceived threat. Upon opening the vehicle door, the patron encountered the patrol canine that jumped out of the vehicle, and reacted as trained, in apprehending (biting) the patron. The encounter went on for several moments until a nearby Florida Department of Law Enforcement (FDLE) agent determined what had happened and worked to restrain the canine. With the assistance of additional responding LEO's, the canine was secured and placed back in the patrol vehicle. The civilian was provided medical assistance and transported to a local hospital.

⑪⑫ It is in this crucial moment, the radio "throttling" added to the hysteria. Audio tapes captured partial transmissions of "(*distortion*) victim in terminal 1," which rapidly turned into "gunshot victim in Terminal 1." Central Dispatch made several attempts to verify the location of the "gunshot" victim at

DRAFT

Terminal 1 – to which they received no reply. After several minutes a deputy was able to transmit "canine bite, not gunshot". This misinformation lent credibility to those listening on the radio that there were, in fact, additional shooter(s) on the airport property. Shortly after this report of a gunshot victim, there was a new report of an additional shooter on the east side of the airport property near the A Concourse.

During the majority of the three minutes described above, there was a large number of LEO's responding to all three airport garages in an effort to locate a possible shooter(s). Multiple teams of LEO's are seen on CCTV throughout the garages and on every level tracking down a consistent report of a male in a white t-shirt. No such person was located.

The following table identifies a timeline of shots fired calls (911 calls and police initiated calls) and firearm related calls heard over the primary radio channel and their respective locations related to the secondary event. Reactionary calls commenced at 14:21hrs, immediately following JetBlue ticket counter's being cleared.

Time-PM	Message Received	Location	Received from
2:22	Shots fired	Palm Garage	LEO
2:24	Shots fired	Terminal 3	911 call
2:24	Suspect at gunpoint	Terminal 4	LEO
2:24	Shots Fired	Terminal 4	LEO
2:24	Shots Fired	Terminal 1	LEO
2:25	Shots Fired	Terminal 1	LEO
2:26	Shots Fired	Rental Car Garage	LEO
2:26	Gunshot victim	Terminal 1	LEO
2:36	Additional shooter	Train tracks adjacent to airport	LEO
2:54	Shots Fired	Huizenga Hangar	LEO
3:19	3 firearms recovered	Palm Garage	LEO
3:22	Shots Fired	Terminal 3	911 call
3:24	Shots Fired	Huizenga Hangar	Fire/Rescue
4:36	Detonation	Railroad Tracks	LEO

Hysteria & Panic

The normal operation for airport evacuations is for ramp employees of the various airlines to collect the passengers as they evacuate down the concourse stairwells to the tarmacs. The employees form a loose "bubble" around the passengers to contain them and keep them away from the various hazards found on an airport ramp. During the self-evacuation, ramp employees were suddenly and unexpectedly faced with passengers and fellow airport employees fleeing down stairwells and jet-bridges, and anecdotally jumping from empty jet-ways to the ramp below. The people exiting from the concourses ran, fearful for their lives, and screamed about shooters and shootings as they ran. Thus, ramp workers reacted similarly, joining in the running until they eventually stopped, often times at other concourses or terminals. CCTV covers much of this, to include ramp and airline employees attempting to manage and control groups of people at various points around the six concourses. Large groups of approximately one thousand people were gathering near the G-14 Ramp area of Terminal 4. A similar number were located on the ramp between concourses E and F of Terminal 3. Terminal 2 had several large groups around the

EOG-00142

concourse, and Terminal 1 evacuees generally made it from the concourse to the taxiways and onto the runway located on the north side of the airport.

Many patrons still had possession of their tablets or cellular phones and were monitoring social media or spoke with friends and family who informed them of what the various news channels had reported. No airport concourse public address messages were broadcast. This added to, and heightened, group anxiety as those with social media access would then relay this information to others near them. One specific incident illustrates how this communication led to approximately four hundred people fleeing the ramp locations and attempting to seek shelter at alternate airport runways:

> An employee of an airline that had evacuated a concourse to the ramp and was in a group of approximately 200 people. The group had been startled at one point and fled to another location joining a similar sized group. The employee stated that there was a lot of anxiety in the group, and people were relaying to one another the state of their situation according to media reports on line and through phone conversations between friends and family. He stated someone shouted for everyone to move away from the building they were adjacent to, because there were reports of shooters. Simultaneously, the employee was standing next to his friend who was on the phone with a relative. The friend stated something to the effect of, "...we should get down..." The employee's unease and in reaction of such statements made, within seconds of each other, ultimately led to the employee shouting "We should run!" With that, CCTV shows the crowd of approximately 400-500 people running towards the airport's northern runway. Those who lagged behind were directed towards the runway by employees who, according to interviews, felt that it was the safest place for people to be. Others interviewed stated they had just run with the group because they heard people shouting that they were being shot at, while others stated they didn't know why they were running.

Regardless of the reason, several of these mass groups made it to the airport's northern runway and were eventually split into two groups of approximately 1,000 people. One group ended up at a commercial hangar located on the northern side of the airport and the other filtered out of a construction gate located on the east side of the airport.

The above took place approximately 27 minutes after the secondary incident was initiated. For those people on the ramp and gathered around the concourses that did not make it to the runway, construction gates or perimeter hangars, hindered their placement in a secure area based on the following four reasons:

- There was still a real belief that we had an active shooter(s) event taking place. The ramps were relatively safe, although we had concerns that additional shooters might be mixed in with the various groups.
- The airport had lost all "sterility" when passengers and airport workers had run through the unmanned TSA checkpoints. We could not reintroduce these groups into concourses that might have secondary devices intentionally left there.
- Passengers were separated from their concourses and many had left valuables, phones, wallets, purses and tablets behind. There was a concern for potential large scale thefts, as it was not possible to ascertain who would be picking up what items. All of the passengers' property would have to be screened and collected prior to opening the concourses.
- Many airport passengers and employees who had run during the secondary event were hiding in offices, closets, bathrooms, and any other spot imaginable around the airport. Many of these

DRAFT

EOG-00143

locations were in spaces located underneath the concourses, and those spaces had direct access to those respective concourses. LEO's still believed there might be additional shooters mixed among these people, and each location that could potentially conceal a person had to be cleared by SWAT teams. Any individual that was located was briefly detained and subjected to a pat down prior to releasing them to the terminal side of the airport.

Related Perimeter Issues

The City of Fort Lauderdale Police Department (FLPD) is jurisdictionally positioned adjacent to the northern side of the airport. FLPD was the first non-BSO department to have resources on site to assist with the active shooter. Though initially not on the same radio channel as the airport district, FLPD was being relayed much of the same information. FLPD was aware that one subject was in custody, but also knew we were looking for other potential suspects. FLPD was also receiving 911 calls and information of passengers climbing fences around the airport property in an attempt to get out of the airport. Several FLPD officers assisted with closing the primary entrance to the airport from US1 southbound and Interstate 595. These two roadways converge as a shared connector to the airport. Additional FLPD officers took up perimeter points around the airport perimeter road.

Twenty-seven minutes after the secondary incident began; approximately 2,000 people still remained on the runway or were attempting to cross the northern runway and taxiways. Two critical incidents occurred within a short time frame of one another that perpetuated the belief that an active shooter threat still remained. The first was attributed to several plain clothes FLPD officers that were stationed on the northern portion of the airport's perimeter road. They were there keeping an eye on the general situation and listening to radio reports of the on-going incident. One of the officers heard what he believed to be "multiple shots being fired" from the area of the Embraer or Huizenga Hangars located at the 400 block of S.W. 34 Street, Fort Lauderdale, FL., which was adjacent to his location on airport property.

⑬ The officers were unable to see the south side of the hangars and did not know that approximately 1,000 people had just made their way to those hangars from the runway. Three LEO's were with that group and were requesting additional LEO's and fire rescue units to respond to that location for assistance. Shortly after their arrival, they heard a radio transmission go out of "shots fired" at their location, several times over the next few minutes. The LEOs escorting the group at the hanger repeatedly broadcast that the hanger had no active shooter. It is suspected that this is the second instance where the radio system went into "failsoft," which terminated radio bridges/patches between BSO and Fort Lauderdale PD. On-scene LEOs made physical contact with a large group of FLPD officers on the opposite side of the hangar to make clear notifications.

Once the on-scene LEO's communicated the correct information to FLPD, fire rescue and law enforcement resources were moved in to the hangars to assist with medical and safety concerns. It was later determined that the initial FLPD officers believed that the "shots" they heard were most likely coming from noises on Interstate 595. That section of roadway is adjacent to, and above, where the FLPD officers were standing. With the confusion of this incident on the primary radio channel adding to the overall belief of more active shooters, another incident was occurring a short distance away that exacerbated the situation.

DRAFT

EOG-00144

A similar sized group of approximately 1,000 people had been making their way toward the east side of the runway towards a construction gate. The Allied Universal security guards stationed at the gate had opened it for the entry of a fire rescue ambulance. At the last moment, the crew decided not to enter the gate because they were hearing reports of "shots fired" on the runway. While the gate was still open, and with a very large group of people walking towards the gate, a fire rescue paramedic advised the security guards that they might want to leave the gate open for the approaching group. Security complied and hundreds of people made their way out of the airport via the construction gate. Those that left via the gate preceded north down the Florida East Coast (FEC) railroad tracks in to the City of Fort Lauderdale.

Suspicious Person with Suspicious Package

As the large group that exited through the construction entrance and approached LEOs positioned at the FLL property boundary, various persons pointed out a suspicious male among the group. Various evacuees pointed out an agitated and belligerent male. After being pointed out, this 22-year-old Iranian male chose to run east when the rest of the crowd was walking north. The individual ran towards law enforcement officers who were assisting in closing the roadway at a primary entrance into the airport. Those officers had been hearing reports on their radios of the multiple active shooter incidents as well as reports that other shooters might be mixed in among civilians. The individual running towards them was doing so with a backpack in one hand and a cellular phone in the other. The individual refused to comply with several commands to stop, before being ordered to the ground at gun point. The individual was held for questioning and initially refused to reveal his identity.

During the interview, he claimed that once he had fled the terminal to the ramp, a security officer in a vehicle picked him up and drove him to the perimeter fence where he was told to get out and run. He told officers that he was an Iranian-Muslim who was not a United States citizen and did not have any identification as he had lost it when he started running. He did claim to have a California driver's license. LEOs attempted to verify the individual via Teletype with no success. They could also find no record of any driver's license with the information the person provided. A fingerprint reader was utilized, with negative results for identification. He claimed to be flying to California with his girlfriend, yet they were traveling on different flights approximately two hours apart. He stated that they had been staying together in Palm Beach County, yet he arrived via Uber from approximately 30 miles away, while she was going to be driving her personal vehicle. The individual became increasingly belligerent to LEOs and began changing his account of events and became uncooperative.

⑭ With his overall story changing throughout the interview, the decision was made by FLPD use a disruption device on the individual's backpack utilizing a Bomb Squad Team. Notifications were made over the primary radio channel that there would be an intentional disruption that might sound like an explosion. What was left of the back pack was subsequently searched and found to be absent of any explosive materials and only contained personal items. The FBI responded to the scene to conduct a follow up interview and ultimately released the individual.

Ensuing Issues and Recovery

By approximately 15:30hrs, law enforcement began to believe that something other than another active shooter(s) had happened at FLL during the secondary event. Though numerous law enforcement and

DRAFT

911 reports of "shots fired" had occurred, there had been no confirmed suspects or victims located. With a very hypersensitive civilian population of approximately 12,000 people walking or hiding randomly around the airport, concourses, offices, jet-bridges, garages, ramps and terminals or stranded on the 22 aircraft on the tarmac, BSO was faced with several challenges:

- What to do with approximately 12,000 people that could not stay on FLL property.
- How to secure the airport, as all SIDA sterility had been lost.
- How to ensure the safety of several thousand pieces of abandoned valuables.

Bringing the population back in to the concourses was not an option for several reasons. Primarily there was still a security concern that other shooters could be potentially mixed among the airport population. There were just too many reports of shots fired coming from what would routinely be deemed as credible sources, leading to believe that something occurred or potentially could take place.

All concourses, terminals and garages had people hiding in them and those locations needed to be physically cleared to ensure the safety and sterility of the post-security areas, as well as the public areas of the airport. Civilians could not be allowed back into concourses or security checkpoints, as thousands of personal items had been discarded by those fleeing. Wallets, purses, cellular phones, tablets, passports, bags and more, had been dropped or abandoned as people fled. Airport restaurants and shops had also been abandoned with cash drawers left open and merchandise left unattended. There was no way to locate staff or even know if they were still on the airport property. The concern for theft and subsequent crimes was of paramount consideration.

BSO Command, in coordination with the Sheriff's Emergency Operations Center (SEOC) determined that all civilian personnel would be moved to an off-site location that was deemed secure. The Port Everglades Seaport was chosen as it is less than one mile away from the airport, has fixed perimeter security, routinely handles large volumes of passengers, could accommodate transportation services, provided a mechanism to interview people without comingling them with the general population, provided basic sanitation services, the ability to keep people out of inclement weather and is serviced by BSO law enforcement and fire rescue services.

The movement would have to occur from the upper terminal roadways, while the lower level would remain closed as a result of the Terminal 2 shooting, but could only begin once the three parking garages could be deemed secure from threats. With the plan to populate the curbs with thousands of people waiting for buses, a shooter in a garage could have had devastating effect. BSO coordinated the systematic clearing of offices, stairwells and vehicles utilizing SWAT teams from multiple jurisdictions who had come to offer support during the event.

By 1530 hrs., a SWAT team leader from each of the 18 different departments was directed to the BSO SWAT command vehicle, where individual teams were tasked to specific garages. The mission was to clear every vehicle, office and stairwell in that specific garage, and report suspicious activity, items or persons. A "clearance" meant a visual inspection of the interior and exterior of every vehicle, office or stairwell and a pat-down of any persons found in those locations. Persons located were directed out of the garage, to a temporary holding area that was being secured by LEO's. Throughout this process several hundred civilians were found hiding under or inside of vehicles and offices. As a result of the visual inspections of parked vehicle interiors, follow-up investigations were required where firearm cases, fuel canisters "jerry cans" or other suspicious items were located. By 18:25hrs, all three (3) garages were deemed safe and SWAT teams redirected their efforts to clearing individual terminals.

DRAFT
EOG-00146

While these clearances began, BSO Command was working with Broward County representatives to obtain as many buses as possible to transport the massive civilian population to Port Everglades. The staging area for the buses was on the western side of the airport where Fixed Based Operations (FBO) were located and prepared for evacuation. Access to these FBO's had been shut down when the secondary incident began and were easy to secure and maintain with very little civilian traffic. Broward County Transit busses were not immediately made available, so a decision was made to immediately begin evacuation by utilizing BSO Department of Detention Secured Inmate Transportation busses until the County busses arrived. Approximately forty-seven (47) buses were utilized from various sources to include, Broward County Mass Transit, BSO prisoner transport, and much smaller special needs transport vans and trolleys.

While the buses were being obtained and the SWAT teams were clearing the secure side of the concourses and terminals, road patrol law enforcement began moving thousands of civilians gathered at various points around the airport to the upper level curbside locations of the four terminals. Such action required a loose "police line" within the concourses to move people from the ramps, through concourses and out to the roadway. With abandoned personal property throughout the concourses and terminals, law enforcement needed to ensure nothing was removed prematurely before property could be reunited with its proper owner. This was applicable in the public areas of the terminals where deputies would keep bathrooms opened for public use, but would escort or maintain a secure barrier around the remaining public area to prevent theft.

The BCAD had contracted with a civilian company BMS CAT that specializes in the recovery and reunification of personal property in mass casualty incidents, to oversee the collection of the abandoned items. BMS CAT began the collection once each concourse and terminal was deemed safe by the SWAT teams clearing those locations. All terminals and concourses were declared clear by 22:00 hrs.

The tedious task to evacuate all airport patrons remained, which encompassed the movement of thousands of civilians from the FLL airport to the seaport. Access between the primary and secondary event required a tremendous response from the LEO community to include local, state and federal partners. In all, it is estimated that over 2,000 LEO's from the tri-county area had responded to the airport to offer some type of assistance. While this response was generally manageable from a traffic standpoint after the initial event, traffic control was completely lost after the secondary incident.

With the potential of six or seven active shooter incidents being reported at the same time, responding LEO's were parking vehicles in any location near the terminals and garages. With the haze of the incident on-going for approximately one hour, LEO's and their vehicles became separated with LEO's not recalling where they had left their assigned units. In addition, several dozen civilian vehicles had been left abandoned, without keys, along roadways into and out of the airport and in front of terminals. Several civilian vehicles ran out of gas after having been left to idle for many hours, and unattended. Forty (40) vehicles were towed to a contracted tow yard with dozens more being moved out of the roadway to allow for bus access to the terminals.

By 19:30 hrs., the roadways had been made passable and the buses began to pick up tired, scared, angry and hungry civilians that, for the most part, were relatively well behaved. LEO's stationed themselves on curbs and roadways at all four terminals and assisted with the loading of passengers on to buses. LEO vehicles conducted escorts of the buses for the short trip to Port Everglades, but ran into significant traffic congestion upon entering and exiting the port. Though a large port, which is basically shut down at night, the sudden influx of thousands of personal vehicles, cabs and Transportation Network

DRAFT
EOG-00147

Companies (TNC), such as Uber and Lyft, overburdened the roadways, which led to lengthy delays in getting busses back to the airport for evacuation purposes. The last hour or so of the transports were tense with civilians and LEO's displaying an exhausted demeanor.

The SEOC terminated service at approximately 23:00 hrs., and the airport command post ended service at 01:00 hrs., on January 7th, while the Port Everglades command post closed at 03:00 hrs. At that point, the port was empty of all civilians with the Red Cross and Broward County services finding beds and safe locations for the many passengers who had not intended on an overnight stay in Broward County. The event left them with no ability to seek assistance from friends or family, and unexpectedly without monetary and communicative means due to their personal belongings being confined to an airport terminal, concourse or ramp.

With the exception of Terminal 2, FLL was open for business at 05:00 hrs., on January 7th. The BCAD staff and BMS CAT managed to return over 90% of the abandoned items to the rightful owners within one week of the incident. BCAD staff utilized personal and work vehicles to return property to the tri-county area, while overnight shipping was utilized for property traveling farther distances. The governor's office arranged for the Department of Motor Vehicles to have staff on site beginning January 7th to assist with the issuance of replacement identification to Florida residents needing immediate identification for travel purposes. Several consulate offices were also available to help those from foreign countries to obtain emergency travel documents from their respected countries of origin.

The Terminal 2 departure level was reopened for business on January 7th, while the baggage claim area was put back in service in sections over the following week. One week from the day of the shooting, Terminal 2 baggage claim was completely reopened and a short memorial was held to honor the victims of the tragic event.

Timeline of the Secondary Event

The emergency response to the FLL active shooter incident was chronologically documented by BSO Regional Communications personnel and described as follows:

12:54 hrs. DLE Computer Aided Dispatch (CAD) header L03170106000501 created as the first 911 call is received at the North Public Safety Answering Points (PSAP) 911 Duty Officer ensured the following:

1. Confirmation of accuracy and detail within the created CAD header.
2. Confirmation that the call taker was updating the CAD header's narrative as new information was obtained.
3. Maintained close proximity to the initial call taker to aid in gathering additional information.
4. Monitored the primary DLE dispatch talk-group.
5. Monitored the CAD pending queue for related calls and possible diversions.

12:54 hrs. B200 advised "shots fired" on DLE Dispatch 2A.

12:55 hrs. BFRES CAD header FBC170106000173 created and associated to the DLE event

12:56 hrs. Notifications as per Active Shooter Notification Form commenced.

DRAFT

EOG-00150

15:15 hrs. Hollywood Police Department (HPD) requested the Bomb Squad.

15:22 hrs. TN.DLEALL Page completed, per District 10, advising units not to use the word "bodies" to describe people/personnel/victims.

15:35 hrs. Notification that Broward Health not at full capacity per Fire Chief.

15:54 hrs. TN.DLEALL Page completed, on behalf of DLE Training, advising cancellation of qualifications at Markham to resume Monday morning.

16:50 hrs. TN.DLEALL Page completed, per Col. Knowles advising no additional units are needed at FLHIA.

16:59 hrs. Calabria page sent instructing Alpha Shift, Duty Officers as well as Communications Operators, to report for duty as soon as possible due to increased call volume, assistance on the dispatch console and supervisors to monitor the additional talk groups established as per the Active Shooter Policy.

12:54-2100 hrs. 911 and Non-Emergency Operators inundated with multiple calls regarding the incident.

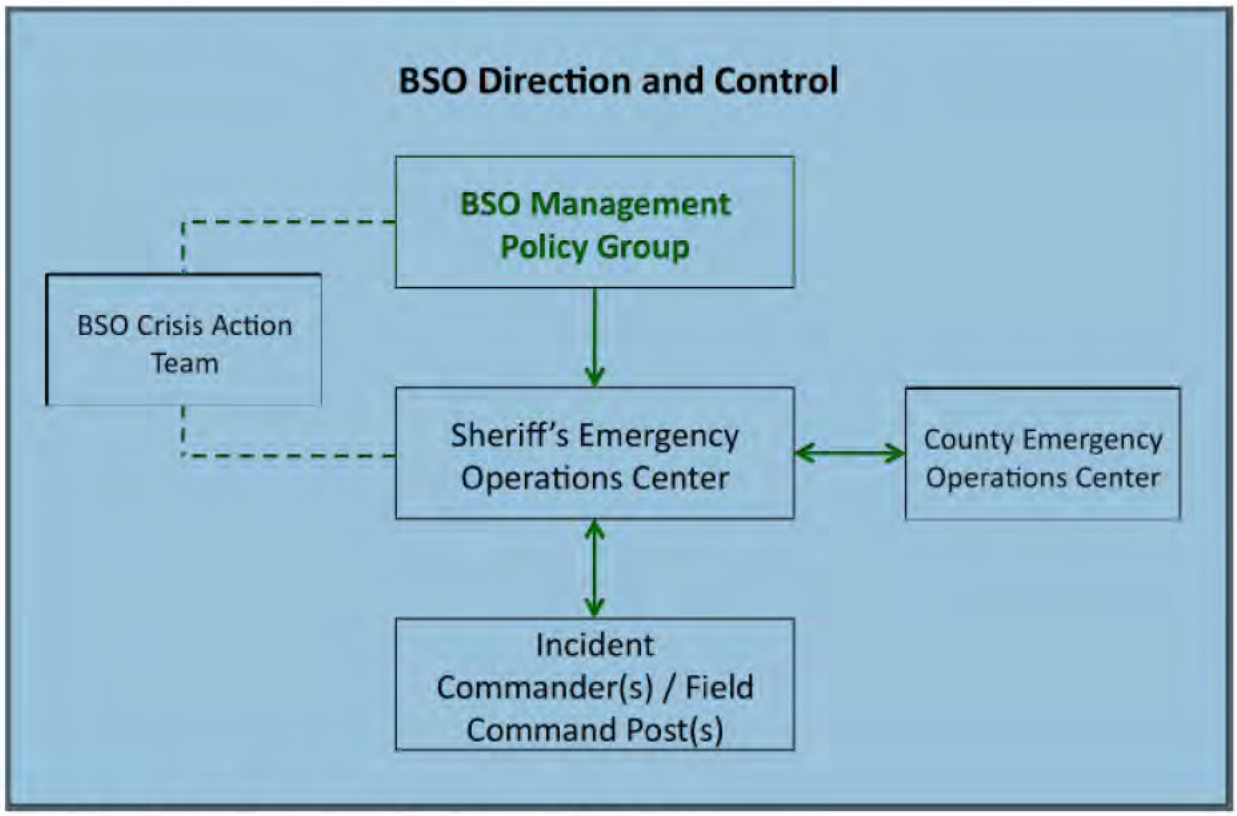
23:00 hrs Regional Communications resumed normal operations

(See next page)

DRAFT

NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS): Model for Large Scale Events

The Broward Sheriff's Office conducts large-scale emergency responses according by its Comprehensive Emergency Management Plan (CEMP), which is based upon the NIMS Incident Command System (ICS.)



CONCEPT OF OPERATIONS Broward County Sheriff's Office (BSO)

1. General.

a) The BSO and the County retains decision making authority and control during emergencies within their jurisdiction. The local responsibility for disaster management cannot be relinquished. Field Incident Commanders exercise this authority in their role as County officials. BSO and County officials operating in the Sheriff's Emergency Operations Center (SEOC) and the County EOC retain the coordination and commitment authority for county resources and deploy those resources as appropriate.

b) When an emergency is confined to a single location within the County, the department(s) with legal authority will exercise command. The department(s) representative(s) will serve as the on–scene incident commander (or Unified Command if applicable) responsible for the operation. Field Incident Commander(s), assisted by a staff sufficient for the tasks to be performed, will manage the emergency response at an incident site(s).

c) During emergency operations, department heads retain administrative and policy control over their employees and equipment. However, personnel and allocated equipment will carry out mission assignments directed by the field Incident Commander or SEOC/County EOC. Each

EOG-00152

department and agency is responsible for having its own operating procedures for response operations, but interagency procedures, such as a common communications plan, may be adopted to facilitate coordinated effort.

2. Role of the SEOC.

a) The SEOC directs and coordinates the BSO's overall response to emergency events. Individual field departmental supervisors retain tactical control of resources assigned to incidents.
b) The SEOC may be partially activated to coordinate support for field Incident Commander(s) without activating the full SEOC organization.
c) The BSO Emergency Management is responsible for the proper functioning of the SEOC and will also serve as a liaison with county, state and federal emergency agencies and neighboring jurisdictions. The BSO Emergency Management will advise the Sheriff, SEOC staff and other emergency officials on courses of action available for major decisions.

3. Role of the County EOC.

a) The County EOC may serve as the liaison and coordinating agency between the County, other local governments, county, state private not–for–profit (PNP) agencies, state government and federal government.
b) If state and/or federal resources are made available to the County, they will be under the operational management of the Sheriff, County Mayor and Incident Commanders.

4. Field Command Posts.

a) Each command will establish a field command post when notified to do so. This will include Department of Law Enforcement Patrol Services Districts and Department of Detention jail facilities. Other commands will be considered on an individual basis for the establishment of a field command post. Dual BSO commands serving the same location (i.e., DLE and DFRES in the City of Weston) may consider combining or collocating field command posts.
b) Once a field command post is established, the SEOC will be apprised. For the purposes of communication, each field command post will be designated as "(insert applicable command name, such as Tamarac District, Paul Rein Facility, etc.) Field Command Post."
c) Each BSO field command post will be established with all of the relevant equipment, resources, and staff to permit a 24/7 operation throughout the mobilization period.
d) Personnel in each BSO command can be re-assigned as needed to meet specific situations. If changes are made, the SEOC will be notified of the change and reason.
e) All requests for additional personnel and resources will be made to the SEOC. Consideration for each request will be based on the overall emergency.

I. ON SCENE MANAGEMENT AND ICS

1. On Scene Response: Implementing ICS

a) The BSO on scene response to emergencies follows the concepts of the National Incident Management System (NIMS) and the Incident Command System (ICS).
b) The person in charge at the incident is the on–scene Incident Commander who is responsible for ensuring each agency on scene can carry out its responsibilities.
c) The BSO emergency responders are likely to be the first on the scene of an emergency situation. They will normally take charge and remain in charge of the incident until it is resolved or others

DRAFT
EOG-00153

who have legal authority to do so assume responsibility. They will seek technical assistance from county, state and federal agencies, and industry where appropriate.

d) The first local emergency responder to arrive at the scene of an emergency situation will implement the incident command system and serve as the incident commander until relieved by a more senior or more qualified individual.

e) Upon arriving at an incident scene, the Incident Commander shall:
    1. Establish an incident command post and direct the on–scene response.
    2. Isolate the scene.
    3. Assess the situation and identify hazards.
    4. Warn the population in the area of the incident; provide emergency instructions.
    5. Determine and implement protective measures (evacuation or in–place sheltering) for the population in the immediate area of the incident.
    6. Implement traffic control arrangements in and around the incident scene.
    7. Develop objectives (tasks to be done).
    8. Ensure appropriate safety and personnel protective measures.
    9. Develop an action plan and priorities.
    10. In coordination with the SEOC, contact appropriate agencies or personnel with expertise and capability to carry out the incident action plan.
    11. Coordinate, as appropriate, with other first responder agencies.
    12. Request additional resources from the SEOC.

f) When more than one agency is involved at an incident scene, the agency having jurisdiction and other responding agencies shall work together to coordinate each agency's objectives.

g) Team problem solving should facilitate effective response. Other agency personnel working in support of the Incident Command system will maintain their normal chain of command, but will be under control of the BSO on–scene Incident Commander.

h) The on–scene Incident Commander may designate a Public Information Officer (Media Relations) to work with the news media at an incident. This may include coordinating agency media releases and arranging contacts between the media and response agencies. If additional support is needed the SEOC may be activated.

i) During widespread emergencies or disasters, emergency operations with different objectives may be conducted at geographically separated scenes. Incident command will be established at each site. When this situation occurs, it is particularly important that the allocation of resources to specific field operations be coordinated through the SEOC. Incident Command Post(s) links to the SEOC via radio, landline telephone or cell phone.

2. Unified and Area Command

In emergency situations where the county, state or federal governments are providing significant response resources or technical assistance, it is generally desirable to transition from the normal ICS structure to a Unified Command structure. Principles of Area Command or Multi–Agency Coordinated Systems may also apply. This arrangement helps to ensure that all participating agencies are involved in developing objectives and strategies to deal with the emergency.

DRAFT

EOG-00154

(This section not yet completed.)

DRAFT

SPECIALIZED UNIT RESPONSE:

BSO FLL Airport District

The BSO Airport District works with the Broward County Aviation Department, the Transportation Security Administration, the Airline Managers Association, airport tenants and ancillary federal agencies to provide law enforcement and fire rescue protection for the 1,380 acre airport site and its 12,500 employees. BSO provides law enforcement services for the Fort Lauderdale-Hollywood International Airport and handles security measures related to parking and general airport security. The district has an annual operating budget of approximately $17 million dollars, which provides for 116 positions consisting of a district captain, 1 lieutenant, 9 sergeants, 81 deputies, 22 civilian airport security officers, 1 crime analyst and 1 administrative support specialist.

It should be noted, that in 2007 the airport district staffing number stood at a total of 150 positions consisting of 98 sworn and 52 non-sworn positions. Between 2008 and 2013, staffing was drastically reduced by 23%, which accounts for 34 positions lost. The current day total staffing number of 92 sworn and 24 non-sworn totaling 116 positions. It should be noted this period BSO Airport District staffing reductions incongruously coincided with a period of major growth at the FLL airport in terms of flight operations, passenger capacity and physical growth (including an added fourth terminal).

In calendar year 2016, the BSO Airport District was responsive to 29,039 calls for service, up 30% from 2008. Of those 29,039 calls, 273 incidents were related to Part 1 Crimes (thefts, auto thefts, burglaries and assaults). Part 2 Crimes accounted for 323 incidents (battery, concealed weapons, criminal mischief, drugs, fraud, dealing in stolen property and threats / intimidation). The year-end total for arrests stands at 279, with a clearance rate of 42% (214 out of 512 assigned investigations). The BSO Airport District further handled 804 vehicle crashes, issued 7,845 traffic citations, 303 hours of combined K9 deployments dedicated to searches of aircraft, bomb threats, baggage, cargo, passengers, proactive searches, requested search responses, sweeps, unattended items, vehicles and demonstrations.

In 2016, FLL ranked 21st in the United States for passenger traffic and 13th in domestic origin and destination passengers. FLL accommodates approximately 290,239 total aircraft movements a year, which accounts for departures and arrival flights, while hosting approximately 29.2 million passengers a year, up 8.4 % from 2015. FLL is an immense economic engine for Broward County, which employs 12,500 airport badged employees, 139,920 total jobs (direct, indirect, induced multiplier effect), with an overall payroll of $3.5 billion and a total output of $13.2 billion. FLL is Broward County's largest employer. FLL is monetarily self-supporting, with no tax revenues expended in support of airport operations, maintenance, or capital improvements. FLL, through the Broward County Aviation Division (BCAD), generates its funding via user fees, rentals and other applicable airport charges.

In short, the FLL Airport is growing exponentially, calls for service are increasing steadily, and the District Staffing levels have remained unchanged since 2013.

On February 6th, 2016, as part of the RDSTF, BSO participated in a full-scale exercise, “Operation Heatshield”, conducted in Miami-Dade County, FL., which encompassed full scale interdisciplinary training exercises to include; active shooter, explosive ordinance detection, hostage rescue, water borne responses and other select scenarios.

DRAFT
EOG-00156

The Airport Districts most recent TSA / FBI Joint Vulnerability Assessment was conducted on July 18th through the 22, 2016. Based on the sensitive nature of the report, identified areas of concern and recommendations are limited to the following topics:

- Airport Perimeter
- Airport Gates
- Airport Services
- Catering
- Fuel Farm
- Cargo
- General Aviation
- Terminals
- Ticketing Area
- Baggage Claim
- Checkpoints
- Deliveries
- Custodial Service
- Airport Operations
- Badging Access Control

On October 3rd, 2016, the BSO Airport District's law enforcement and fire rescue assets participated in their yearly Aviation Security Tabletop exercise, and as of February 15th, 2017, post the FLL airport shooting incident, an Aviation Security tabletop exercise was conducted.

BSO Regional Communications

The Broward Sheriff's Office Regional Communications Division is contracted by the Broward County Office of Regional Communications and Technology and is responsible for fielding emergency and non-emergency calls for police, fire, and medical services within Broward County. Managing three PSAP's located in Coconut Creek, Sunrise, and Pembroke Pines, the Broward Sheriff's Office provides 9-1-1 and non-emergency intake, teletype and dispatch services for all unincorporated areas of Broward County, 29 law enforcement municipalities, 28 fire rescue municipalities and numerous special patrol areas including the Ft. Lauderdale-Hollywood International Airport, Port Everglades, BSO Department of Detention, Court Services and other areas. The division functions 24 hours a day, 7days a week and is comprised of an all civilian command staff including a Director, Assistant Director, 3 Site Managers, 3 Assistant Site Managers, 41 supervisors and approximately 400 specially trained public safety tele communicators (www.sheriff.org).

DRAFT

EOG-00157

BSO HOMICIDE UNIT (Criminal Investigations Unit)

At approximately 13:33hrs, The BSO Homicide Unit arrived at the lower level of Terminal 2 of the FLL airport regarding a multi-victim shooting incident with a suspect taken into custody by multiple BSO deputies immediately after the shooting. Upon arrival on scene, an extremely large law enforcement presence was observed parked in the roadway outside of the lower levels of Terminals 1 and 2. The crime scene was located within Terminal 2 in the lower level baggage claim area and secured with crime scene tape and guarded by multiple uniformed BSO deputies. Contact was made with multiple agency representatives that consisted of BSO command staff, BSO road patrol and BSO investigative personnel. An initial briefing of the event was facilitated, and during the briefing, BSO was identified as the Lead Investigative Agency at the time.

The following was relayed pertaining to the incident:

- There were at least six injured victims at local area hospitals that were being treated for their injuries.
- There were at least five deceased victims within the crime scene.
- Hundreds of potential witnesses were waiting to be interviewed.
- Esteban Santiago was alive, uninjured and in custody in the BSO Airport District office.
- Santiago's firearm was contained within the crime scene.
- BSO was securing the airport from further threat of violence.

It was at this time, that Santiago was interviewed by BSO and the FBI. At the onset, BSO and the FBI were jointly conducting the investigation. Subsequent to the interview of Santiago, the FBI took over as the lead agency. Federal murder-related charges for all deceased victims are pending in Federal Court. The victims' bodies were transported to the Broward Medical Examiner's Office for post-mortem examinations and the FBI took over as the Lead for all post-incident homicide related investigative tasks.

In follow up, BSO Homicide, the Violent Crime Unit (VCU) and the CSU were tasked with responding to local hospitals to meet with the surviving victims, conducted civilian witness interviews while on scene at the airport, secured airport surveillance video footage, secured evidence on scene and documented the crime scene. Numerous other BSO employees were tasked with securing the airport, security sweeps, evacuations and airport logistical tasks.

SWAT / Special Response Team (SRT)

The event called for numerous law enforcement representatives to assemble at the BSO Airport District. The response was extremely beneficial to the cause, being that such presence allowed for a multitude of tactical personnel and assets to be thrust upon the hot zone, further enabling stringent deployment. The ability to pre-plan, train and coordinate with all stakeholders to achieving operational readiness is crucial to surviving an event of such magnitude. A total of 18 SWAT teams from the tri-county area were diligently staged, accounted for and assigned to specific locations, which enabled searches, sweeps and clearing operations to be conducted of the entire BSO Airport District and its surroundings.

The Tactical Command Post (TCP) was set up and established on the lower level of Terminal 1, just east of the entrance, secured behind fortified cover. Due to the vast law enforcement response, multiple agency radio channels (14 Ops) were needed to keep search teams organized and assigned to their task

DRAFT

EOG-00158

at hand. As SWAT teams arrived, one team leader from each jurisdiction was required to check in with the tactical command and advise what agency they were with and how many SWAT operators were present to assist. As the teams checked in, proper assignments and radio channels were designated in efforts to deploy within the airport garages and terminals, commencing the operational search and clearing stage. The garages are identified as; the Cypress (9 stories), the Hibiscus (7 stories) and the Palm Garage (4 stories.)

At the TCP, dry eraser markers were used on the side of the equipment truck to document and organize the teams and their assignments. Since there were three (3) garages to clear and three (3) BSO team leaders, each team leader was assigned a garage and served as the Incident Commander (IC) of a specific garage and actively monitored the progress of the SWAT teams searching and clearing on dedicated radio channels. During the clearing of the three (3) garages, SWAT teams came across hundreds of civilians who were still in the garages hiding or trapped due to the garage exit gates being closed down. The civilians were gathered up by the assigned SWAT teams and escorted to holding areas outside of Terminal 1, until the garages could be completely cleared and considered safe. Once the garages were deemed safe and free from any danger, the tactical command post re-assigned all SWAT teams to a specific terminals, either upper or lower, to continue clearing and render the terminals safe. The following indicates each garage and its clearing time:

- Hibiscus Garage – cleared at 1730 hrs.
- Cypress Garage – cleared at 1825 hrs.
- Palm Garage – cleared at 1825 hrs.

SWAT Teams had cleared all the terminals both the upper and lower areas and all connecting pathways by 2200 hours and all SWAT teams had cleared the scene by 2300 hours.

The following is a list of SWAT and SRT that assisted BSO with the search and clearing of all the parking garages and terminals:

- Fort Lauderdale Police Dept.
- Hollywood Police Dept.
- Coral Springs Police Dept.
- Pembroke Pines Police Dept.
- Lauderhill Police Dept.
- Plantation Police Dept.
- Miami-Dade Police Dept.
- Miami Beach Police Dept.
- Miramar Police Dept.
- Davie Police Dept.
- Coconut Creek Police Dept.
- Hallandale Police Dept.
- Margate Police Dept.
- Federal Bureau of Investigations
- Alcohol Tobacco and Firearms
- Customs Border Patrol / HSI
- Florida Wildlife Commission

DRAFT

EOG-00159

BSO Forensic Services Division/Crime Scene

BSO Crime Scene Unit (CSU) personnel responded along with Forensic Services personnel. As additional local and federal resources arrived on scene, a command post was established, and once the situation was believed contained, supervisors began coordinating their response with federal authorities as the Federal Bureau of Investigation were deemed the lead investigators for the incident.

After reviewing all available assets, the FBI agreed to proceed with BSO CSU in regards to conducting a LizardQ 360 spherical and overall crime scene photography. BSO Traffic Homicide Investigator's (THI) were further on scene with the FARO scanner and completed scans of the scene. BSO CSU then processed all witnesses who had contact with the shooter or had visible blood evidence on their person. BSO CSU provided assistance to the FBI Forensics Team as they processed the interior of the scene and coordinated the arrival of the Broward County Medical Examiner's Office, allowing for the FBI to proceed with the intimate examination of the victims. At the conclusion of processing, BSO CSU transferred all photos and collected evidence to the FBI Forensic Team for their investigative use.

MEETINGS, DEBRIEFS, SUMMITS, AND PROPOSALS

On January 20th, 2017, Colonel Polan and Major Angelo Cedeño met with the BSO Airport District Command, Captain Roy Liddicott and Executive Lieutenant Robert Furman, at the BSO Airport District, located at 200 Terminal Drive, Fort Lauderdale, FL. Discussions were directed at any and all administrative and operational functions of the FLL Airport. Topics conversed consisted of the following; staffing, airport budget, terminal layouts, personnel assignments, special details, supplemental funding (TSA, BCAD), current initiatives, historical trends and statistics, airport expansion and joint ventures with airport stakeholders (law enforcement / private industry).

On February 15, 2017, Colonel Polan and Major Angelo Cedeño met with the BSO Airport District Command, Captain Roy Liddicott and Executive Lieutenant Robert Furman, at the BSO Airport District, located at 200 Terminal Drive, Fort Lauderdale, FL. A formal briefing and review of the event timeline and video surveillance captured was presented. Such efforts were instrumental to thoroughly visualize and understand the dynamics of the event, and further assist in referencing specific instances, the immediate comprehension of contributing factors and reactions and clarification of events that occurred.

On February 17th, 2017, Major Angelo Cedeño and Deputy Vincent Torres met with the Fort Lauderdale Police Department and Fort Lauderdale Fire Rescue Emergency Management command component that deployed during the event. The meeting was held at BSO Headquarters, located at 2601 West Broward Boulevard, Fort Lauderdale, FL. During such meeting, concerns were shared regarding public safety interaction and adherence to emergency protocols by the AEOC staff, TSA's response to crisis, special needs of airport patrons, missing children, the lack of points of contact, the inability to cease all airport operations, UC and Command Post (CP) placement and capabilities.

On March 1st, 2017, Major Angelo Cedeño chaired a formal agency (BSO) debrief of the FLL Airport active shooter event, at the BSO Headquarters Lynn Futch Auditorium, located at 2601 West Broward Boulevard, Fort Lauderdale, FL. Those in attendance represented the following agency departments and

DRAFT
EOG-00160

divisions and further played an active role during the event; The BSO Airport District, Criminal Investigations Division, SWAT, Crime Scene Unit, Strategic Investigations Division, Regional Communications, Broward Fire Rescue Service, Department of Law Enforcement, Sheriff's Emergency Operations Center and BSO Executive Command.

A formal walkthrough and visual presentation of the event was presented by Lieutenant Robert Furman. Furthermore, an identified representative speaker, from each of the noted departments / divisions, contributed to the agency debrief by sharing their sections observations, recommendations, perceived strengths and areas of improvement.

On March 10th, 2017, Colonel James Polan and Major Angelo Cedeño met with the Broward County Aviation Division Director Mark Gale and members of his staff, at 2200 Southwest 45 Street, Suite 101, Dania Beach, FL. Also present was the BSO Airport District command, Captain Roy Liddicott and Executive Lieutenant Robert Furman. During such meeting, conversations were had regarding areas of concern and remedies to enhance airport staffing and security. A formal proposal was submitted, which seeks the formal creation and implementation of a full time tactical component identified as an Incident Containment Team, assigned fulltime to the BSO Airport District. Opportunities to improve the Airport District's tactical capabilities. Additionally studies are planned to compare similarly-situated airports to examine staffing and levels and to examine further opportunities to improve upon the Airport Districts tactical response capabilities.

On March 15th, 2017, Major Angelo Cedeño and Executive Lieutenant Robert Furman responded to the Miami-Dade Police Airport District Station, located at 2100 Northwest 42 Avenue, Miami, Fl., and met with Major Raymond Melcon in efforts to observe and discuss intricate details pertaining to their Incident Containment Team. A physical exercise presentation of the program was provided, to include, discussions pertaining to the teams outlined mission, standards of operation and criteria for deployment.

On March 31st, 2017, Colonel James Polan, Major Angelo Cedeño and Captain Roy Liddicott participated in a formal roundtable meeting with Congresswoman Debbie Wasserman Shultz at her office, located at 777 Sawgrass Corporate Way, Sunrise, FL. Also present were numerous stakeholder representatives from the FLL Airport, both private industry and federal enforcement staff. Areas of concerns were discussed, to include the following topics; mass evacuations, emergency supplies and facilities, proper planning, gaps in security, training exercises (private industry), policy revisions, enhanced public address measures and enhanced foreign national notifications (State Department).

On April 4th and 5th, 2017, Major Angelo Cedeño and Lieutenant Robert Furman, participated in roundtable discussions conducted at the Port Authority of New York and New Jersey Police Department Headquarters, located at 4 World Trade Center, 150 Greenwich Street, New York, NY. The intent of the roundtable was to discuss common terrorist threats, events and experiences shared, as a result of recent airport attacks upon national and international airports throughout the world.

The roundtable meeting was represented by numerous global airport high ranking officials from the following jurisdictions; Amsterdam, Madrid, Copenhagen, Paris, London, Stockholm, Boston, Atlanta, Washington, D.C., Dallas Fort Worth, Seattle, New York and New Jersey. The roundtable allowed for real-time information to be shared amongst well versed representatives of the Zaventem Airport bombing, the Orly Airport active shooter and the JFK false alarm. Representatives from LAX were invited, but unable to attend.

DRAFT

EOG-00161

Areas addressed focused on topics such as; insider threats, social media, cyber threats, communication and collaboration, intelligence, mass / full airport evacuations, police response, crisis capabilities, airport environment training and interactive debriefs to recent airport attacks. The obstacles faced during the FLL Airport event were shared to some extent amongst most members. Furthermore, key takeaways from the roundtable confirm the need to enhance airport environments and their law enforcement footprint as it pertains to emergency training, tactical presence and response, intelligence gathering, collaboration with partner law enforcement agencies and the hardening of vulnerable non-sterile areas.

On April 7th, 2017, Major Angelo Cedeño, Major Oscar Llerena and Deputy Vincent Torres met with Lieutenant Maria Robainas from the Miami-Dade Police Department. Such meeting was held at the Miami-Dade Police Airport District Station, located at 2100 Northwest 42 Avenue, Miami, FL. The intent of the meeting was to review their current Incident Management Team policies and procedures and discuss interagency cooperation and assistance in revamping the program within BSO. Such initiative is geared towards aligning the tri-county area (Palm Beach, Broward & Miami-Dade) in creating a unified emergency response and tactical training applicable to combating airport threats, attacks and counter terrorism initiatives.

On April 10th, 2017, Colonel James Polan, Major Angelo Cedeño, Major Oscar Llerena and Deputy Vincent Torres attended a formal meeting at BSO Headquarters, located at 2601 West Broward Boulevard, Fort Lauderdale, FL., with all Incident Management Team stakeholders to discuss the current state of the BSO Incident Management team and staffing and operational focus.

On April 12th, 2017, Lieutenant Colonel Michael DiMaggio, Major Angelo Cedeño, Major Edward Grant and Executive Lieutenant Robert Furman, met with Broward County Aviation Division Emergency Manager Jason Alvero, at the BSO Airport District office, located at 200 Terminal Drive, Fort Lauderdale, FL. The intent of the meeting was to formally debrief the Broward County Aviation Division as to BSO's role, expectations, observations and recommendations, as it pertains to the January 6th, 2017, active shooter incident and the surroundings of the event. The intended use of the information is geared to assisting the Broward County Aviation Division with their outsourced after action report.

OBSERVATIONS AND CORRECTIVE ACTION: Identification of Weaknesses/Areas of Improvement, Assignment of Tasks, and listing of Timelines & Deadlines.

The below listed observations and recommendations are derived from numerous inter-agency after action reports submitted from various departments and divisions within and outside BSO who actively participated in the event. Input includes information obtained during formal debriefings, follow-up discussions and roundtable sessions. A matrix identifying corrective action, responsible parties, and deadlines follow the narratives.

Observation 1: Active Shooter Response and Training

FEMA Core Capability: Interdiction and Disruption

DRAFT

EOG-00162

The initial response to an active shooter situation must be rapid and coordinated with the goal of preserving human life. Training and the execution of established protocols are necessary to an appropriate response.

STRENGTHS

Strength 1: BSO mandates that all FLL District personnel to attend the following courses of instruction; Response to Active Shooter (RAS) four (4) hours, Rescue Task Force (RTF) four (4) hours, Civilian Response to Active Shooter (CRAS) one (1) hour and complete National Incident Management Systems (NIMS) courses ICS 100, ICS 200, an ICS700. Enhanced training is provided to SWAT and QRF team members.

Strength 2: All FLL airport sworn and non-sworn credentialed staff are educated and tested in the areas of airport security, airport operations, and active shooter response protocols.

Strength 3: Each TSA terminal checkpoint is staffed by a BSO deputy, funded through Department of Homeland Security grant, to assist and provide law enforcement presence during emergency situations and responses.

Strength 4: The response to the event was swift, and fortunately Santiago had run out of ammunition, which halted his ability to continue shooting and allowed for his immediate apprehension.

AREAS FOR IMPROVEMENT (AOI)

AOI 1: Improve current active shooter training lesson plans to better prepare BSO Personnel for similar future incidents. Real-time intelligence and accurate situational awareness, along with an immediate analysis, are critical to avoid human behavior responding to unverified threats.

AOI 2: Enhanced training specific to the BSO Airport District and partner agencies personnel that is applicable to the immediate response, establishment and implementation of critical protocols and components of the ICS. The BSO Airport District responded and contained the scene, effectively deployed combined law enforcement and fire rescue assets in the form of Rescue Task Force, but fell short in their ability to expand beyond the terminal and factor in a global perspective of further attacks and potential threats posed in the remaining terminals and airport grounds.

ANALYSIS:

The initial response to the active shooter threat was commendable by all accounts. The incident was initiated and terminated within 85 seconds. The diligent response is attributed to the TSA checkpoint deputy recognizing the sounds of gunfire, actively gauging airport patron's reactions and his pinpointing of the threat and response to engaging and apprehending Santiago. Backup deputies were able to assist and eliminate any further progression of the incident.

Though the response was timely, first responders were confronted with a wide array of challenges. Many grieving passengers laid draped over their loved ones within the crime scene. Witnesses had to be identified, separated, and secured as they remained on scene. Furthermore, the delay to commit to an immediate shut down of all airport operations greatly contributed to the creation of unforeseen obstacles.

DRAFT

EOG-00163

The secondary event and prevention of multiple perceived threats proved challenging to first responders and decision makers. The initial crime scene was in the process of containment with numerous emergency response personnel present and attempting to assess the situation. At approximately 1 hour and 28 minutes into the event is when numerous cries of several active shooters were broadcasted via multiple means of communication. These events stemmed from one specific law enforcement officer's perception of gunfire. In an attempt to dispel his concerns, the officer confided in his immediate counterparts, who denied hearing any gunfire. The officer then chose to obtain a second opinion in support of what he allegedly heard which caused a secondary group of public safety staff, in the vicinity of Terminal 2, to broadcast such inquiry via formal radio transmission without properly assessing and verifying a real threat. The perpetual relaying of unconfirmed threats and communication difficulties ultimately brought the FLL airport to a complete closure.

Observation 2: Crime Scene

FEMA Core Capability: On-Scene Security, Protection and law Enforcement

The BSO Crime Scene Unit (CSU) consists of twelve (12) sworn detectives, two (2) sergeants, one (1) crime scene technician and three (3) support personnel. Crime Scene Unit detectives are responsible for the documentation of major crime scenes including homicides, suicides, sexual batteries, armed robberies, shootings and suspicious deaths. BSO's Crime Scene Unit covers all BSO districts and also serves most Broward County municipalities as well as federal and state agencies throughout the tri-county area. Members of the Crime Scene Unit provide forensic training to numerous police institutes in the area and are recognized as court-declared experts in several judicial districts in various forensic fields.

STRENGTHS

Strength 1: Highly competent and experienced in crime scene procedures and forensic evidence.

Strength 2: Rapid incident response.

Strength 3: Provided advanced assistance in the processing and management of forensic, digital and photographic evidence.

AREAS OF IMPROVEMENT (AOI)

AOI 1: Scene control of a large scale event critical to the investigation and the preservation, documentation and collection of evidence. It is therefore important to immediately secure the scene and prevent access to only the appropriate personnel.

AOI 2: Limited Scene Access to only those with a legitimate investigative need.

AOI 3: The lack of body armor and other protective equipment.

AOI 4: The Incident Commander must ensure adequate law enforcement officers are posted properly to preserve the crime scene.

AOI 5: The close proximity to the staging of witness to victims. To avoid further mental trauma to witnesses, it is recommended they be moved to an area where they can no longer observe the victims.

DRAFT
EOG-00164

ANALYSIS:

The absence of proper Incident Command Controls, Staging Areas, and Assignments inundated the BSO Airport District Terminal 2 with law enforcement from numerous jurisdictions and bordering counties. Their presence, in many cases, obstructed the containment and control of the scene.

On January 6th, 2017, CSU had arrived much sooner than normal, and were propelled into an active crime scene that was not fully stabilized. The situation was not yet conducive to the collection of evidence, scene preservation and necessary processes to fulfilling their obligation. The Incident Commander must provide adequate personnel to ensure the integrity of the crime scene. Crime Scene Preservation Protocols must be followed, and the incident Commander must take swift action must take place in correcting and addressing corrosive or degrading situations.

CSU members were not tactically prepared for the escalation of events that were derived from the initial attack, leaving them vulnerable to potential injury or death. They must be fully aware of their surroundings and exposure to harm in avoidance of complacency and diminished officer safety. Appropriate body armor and other protective gear must be accessible at all times, specifically during active shooter incidents / terrorist attacks.

Further hindering the process was their (CSU) inability to maneuver through sterile secured airport areas, due to their failure to possess proper airport credentials, which required civilian escort to such areas. The BSO Airport District is a geographical maze, comprised of multi-level parking garages (over 12,000 spaces), multi-level terminal driveways, gateways, sterile and non-sterile areas, aircraft runways, hangars, adjoining concourses, baggage claim areas, checkpoint screening areas and housing for numerous law enforcement entities and airport personnel. The requirement to do so, in the presence of danger, and ensure the safety of airport patrons and the preservation of life, calls for tactical responses. The need to preserve the environment and coordinate a structured crime scene is critical to investigative initiatives. Proper credentialing must be provided to all CSU members in avoidance of repeating operational flaws.

Witnesses were staged within sight of victims and were not segregated, causing further emotional trauma and allowed free discussion which may have tainted personal account of events that were witnessed.

Observation 3: Mindset and Team Building

A vigilant mindset in conjunction with training must be possessed when responding to a perceived or realized active shooter incident. The BSO Airport District environment, based on its geographical layout, calls for an intelligent response not only focused on handling the threat, but well versed with the surroundings, its inhabitants and the assessment of risk. To conquer the task is to know its culture and operational strategies. Successful outcomes are realized through continuous preparation. The failure to plan is to plan to fail.

Strengths

Strength 1: The BSO Airport District command is interconnected with BCAD, TSA, CBP, FBI, OHS and the airports private industry.

EOG-00165

DRAFT

Areas of Improvement

AOI 1: Research similar sized and situated airports to identify staffing levels and training schedules/regimes to improve upon the actual and publicly perceived armed law enforcement deterrent.

AOI 2: Work seamlessly with BSO Airport District law enforcement counterparts, beyond the formal meetings, and allow for interchangeable training to occur in areas of emergency responses, tactical engagement, investigative endeavors and the hardening of the FLL airport.

ANALYSIS:

The BSO Airport District is obligated to respond to critical incidents, particularly an event of this magnitude, and be familiar with the target environment to better serve the agency's emergency needs. Outside resources and tactical teams should be acclimated with the operational demands, layout and key operational components of the BSO Airport District. Although BSO SWAT, QRF and other select tactical units are well versed in the environment, some internal components , BSO commands, outside agencies and their personnel are not familiar and at a disadvantage when faced with responding and addressing emergency issues. Participants are further disoriented with the layout and unfamiliar with communicated radio transmissions related to dispatched locations, which further delays the ability to contain, control and potentially terminate a threat. BCAD should improve internal and external building signage to ensure responders have a clear understanding of their location.

During an event, each terminal must be independently assigned as individual area commands and report directly to the UC, which would allow for seamless control, containment, the preservation of life, methodical evacuation and an enabled sterile search area. Continuity allows for a structured environment to be realized and enables the application of a structured emergency response to achieving compliance and diminishes the presence of fear.

The BSO Airport District, its private industry, along with BSO, BFRES, BCAD and our federal counterparts must jointly establish Standard Operating Procedures (SOP) to better meet and exceed emergency expectations. The current standard leaves much for improvement in establishing a unified front for combating current active shooter and terrorist trends.

The active shooter incident brought upon many unforeseen challenges. In the initial stages of the event, many were absorbed by the fact that Santiago was contained and that no eminent danger existed or could unfold. First responders must continue to remain vigilant to consider additional threats and events. To serve in a critical role requires astute decision making, followed by physical capabilities and essential interactions to fulfill obligations.

Much attention must be given to creating a foundation of identified personnel whose sole mission is to serve within the airport as an Incident Containment Team (ICT). The team would be BSO's point of contact in deterring, identifying and responding to active shooter incidents, bomb threats and the activation of UC. In doing so, a highly trained and vetted unit is tasked to perform within the BSO Airport District, serving as an enhanced team of law enforcement personnel fully acclimated and conscious of airport operations, its geographical layout and a heightened intelligence source to communicating internal threats with outside emergency responses and their deployment within.

DRAFT

EOG-00166

The ICT can further conduct numerous training exercises with all pertinent stakeholders within the BSO Airport District, allowing for an elevated skillset to be achieved pertaining to active shooter incidents; to include bomb and terrorist threats that are shared by all members involved. Tabletop exercises, threat assessments and RDSTF training is currently in place, which the BSO Airport District actively participates in, but much is needed to achieve exemplary staffing levels, personnel enhancements and the hardening of the BSO Airport District in allowing for a commendable presence, threat deterrence and responses to disastrous events.

Observation 4: Sense of Urgency and Visionary Security Tactics

FEMA Core Capability: Risk Management for Protection Programs and Activities

It is pertinent to assess risk that is applicable to the global perspective that directly impacts the safeguarding and integrity of the FLL airport. The FLL Airport hinges upon competent staffing, superior technology and vetted policies and procedures that allow for the deterrence of risk and lessoned exposure to catastrophic events. The public served is reliant upon law enforcement to meet such expectations, as they are a critical component of the mission's purpose.

STRENGTHS

Strength 1: The FLL Airport is mandated to uphold stringent airport emergency guidelines and protocols, and identify, prepare and prevent airport disruption.

AREAS OF IMPROVEMENT (AOI)

AOI 1: BSO must play an intricate role in the enhancement and expansion of airport vulnerability assessments and follow-up improvement planning.

AOI 2: BSO must play an intricate role in the enhancement and expansion of tabletop exercises.

AOI 3: BSO must play an intricate role in the enhancement and expansion to ICS exercises following Homeland Security Exercise and Evaluation Program (HSEEP).

AOI 4: The establishment of a multi-disciplinary Incident Management Team within BSO is pertinent to future successes and the sound implementation of ICS throughout the FLL Airport and major incidents throughout Broward County.

ANALYSIS:

The event revealed weaknesses and unfamiliarity by many involved. Such shortcomings prolonged the establishment of a dedicated ICS. Many involved were freelancing and creating individual silos further hindering the decision making process and the timely deployment of personnel to much needed tasks. The ability to navigate within the 21st Century requires the abandonment of antiquated mindsets. In order to move forward, distinct paradigm shifts must be fully acknowledged and embraced in furtherance of attaining enhanced inputs and outcomes. Ignoring such warning signs allow for complacency to set in and a diminished sense of urgency. BSO along with the BSO Airport District are obligated to vigilantly evolve with the ever changing global threats and trends, which place the BSO Airport District in a vulnerable position.

DRAFT

EOG-00167

Security risks must be constantly identified and reacted upon to enable the realization of a hardened infrastructure of its environment. Airport threat assessments and tabletop exercises must require more than just the checking of a box and boiler plate responses and ratings. The need to factor in the evaluation of staff, their preparedness and ability to perform is critical to supporting and enhancing operational standards. Furthermore, much emphasis is placed on mechanics and structure and not focused on the human factor that will address, engage and disrupt encountered threats.

Joint agency disaster drills, threat assessments, aviation tabletops, ICS exercises and annual BSO SWAT tactical airport training looks good on paper, but how deep is such training rooted in the initial layer of protection? Tabletop exercises, ICS and disaster drills are not frequent enough and do not go far beyond the placing a phone call, email, text or online check in to confirming readiness levels and threat compliance. These practices are infrequent and extremely deficient in simulating or preparing any participant for what is to come.

Enhanced interactive training and real time emergency drills, beyond table top exercises, allows for the gauging of astute planning, performance and UC with airport staff, private industry, law enforcement and fire personnel in maximizing ownership of emergency protocols. The sole components that were truly prepared, well trained and ready to carry out the mission upon deployment were agency SWAT teams and other select tactical components. It was realized during the secondary event and commendable in its delivery. The presence of disorder consumed the environment; fortunately, normalcy was reached through tactically established protocols.

A formalized full time IMT is critical during such events and allows for the foundation of the ICS to be laid and expanded upon, as needed, and in response to the fluidity of the event. The BSO Airport District must work hand in hand with their counterparts to firm up relationships and integrate all parties involved into one seamless UC.

Furthermore, a vetted IMT composed of law enforcement, fire rescue, and emergency management personnel solely focused on mitigation, planning, responses and recovery from major incidents and disasters is key to surviving 21st Century threats and trends that have become the "new normal." An IMT would ensure smooth transitions through emergency phases and bridges the gap between outside agencies, their personnel and contributed assets to better assist in the mission.

Observation 5: Cohesive Interactions and Unified Command

FEMA Core Capability: Operational Coordination

The unification of leadership and the necessity to merge respected disciplines involved in the event is paramount to obtaining mass oversight of the BSO Airport District during a disaster. The key to successful coordination is a clear, concise, and unchallenged chain of command. Though easier said than done, there is no alternative if desired outcomes are to be met.

STRENGTHS

Strength 1: The BSO Airport District maintains a close working relationship with BCAD and its obligations to the private sector.

DRAFT
EOG-00168

Strength 2: The BSO SEOC is available for all aspects of NIMS and routinely drills on crisis and incident response.

AREAS OF IMPROVEMENT

AOI 1: The ability to interact and build relationships is paramount to moving the needle in the right direction and the achievement of a holistic environment. BSO must build upon existing relationships to enable fluid exchanges and realize commendable returns by means of joint endeavors.

AOI 2: BSO SEOC must work jointly with airport AEOC counterparts to enable sound decisions and the attainment of goals.

AOI 3: BSO must partake in open lines of communication with airport counterparts to allow for the establishment of seamless and transparent joint initiatives.

AOI 4: BSO must separate and segregate the Policy Group from the Operations Groups

AOI 5: Upon declaration of an emergency, BSO must immediately identify an incident commander responsible for operations command for Law Enforcement and Fire Rescue and Emergency Services. Responding resources require a singular chain of command for effective deployment. Communication of the IC must be adequately conveyed to responding resources.

AOI 6: BSO and BCAD must re-examine emergency protocols to identify command and control purview in a variety of situations.

ANALYSIS:

The environment of the BSO Airport District, specifically during the event that occurred on January 6th 2017, was strenuous upon the executive level decision making processes. Misaligned goals occur when public safety and private industry interact during such an event. The needs of all entities involved must be considered, while diversely different in their roles, the saving of lives and the elimination of threat far exceeds the financial burden that will ensue. A clear UC, with properly identified chain of command enables fluid action in ensuring appropriate and effective response to an event.

During the events, the absence of a clearly defined IC created unnecessary entanglements and unclear responsibilities. BSO and BCAD disagreed as to the magnitude of the Primary Event and underestimated the effects of such an event would affect other travelers.

During the events, upper echelon commanders from multiple jurisdictions intermingled with operational commanders. NIMS ICS models are designed for upper echelon commanders to remain in a separate and segregated “Policy Group” area. This segregation is purposeful, as it reinforces on-site chain of command, provides for a policy makers to control multiple operational groups, and allows policy makers to consult and discuss issues and tactics in a secure (and undisturbed) area.

Observation 6: Sheriff’s Emergency Operations Center

FEMA Core Capability: Operational Coordination

EOG-00169

DRAFT

The SEOC must establish full communication with the ICP and all EOC's activated during disaster events such as; the Broward Emergency Operations Center and the FLL Airport Emergency Operations Center (AEOC). The Unified Command Post (UCP) must be privy to all communications surrounding the event, exclusively any and all decision making processes and components that may impact the global arena of the event. Command and control, sets the stage for the response and containment. The absence of such atmosphere allows for chaotic maneuvers to derail intended efforts.

STRENGTH:

Strength 1: SEOC is modeled after NIMS ICS.

Strength 2: Highly trained and vetted SEOC staff.

Strength 3: SEOC routinely participates in Full-Scale drills.

Strength 4: Staffing Assignments to key positions at the SEOC are clearly defined.

AREAS OF IMPROVEMENT

AOI 1: There is an important distinction between the SEOC, (which is BSO's UCP) and the ICP, (which is the on-scene operational Incident Command Post.) When the "all call" was broadcast for the FLL Event, several key staff assigned to the SEOC deployed at the ICP. LEOs, through experience and training, naturally run toward danger. LEO Staff assigned to SEOC must train to resist their natural urge to render on-site assistance and report directly to the SEOC to set up controls and pre-designed infrastructural supports.

AOI 2: Upon notice of a potential large-scale event, the SEOC must fully activate to ensure that proper support for field operations. During the FLL Event, the SEOC was staffed by a minimal amount of staff, which left calls for clarification from field units unanswered or delayed. SEOC must effectively communicate it's activation to all assigned staff and internal BSO Department Commanders.

AOI 3: The SEOC routinely drills for Natural Disasters in cooperation with other municipalities and Broward County Government. The drills, while effectively familiarizing staff to existing records management systems and protocols, do not include training on other man-made disasters and terrorism-related events. SEOC must immediately create realistic drills to meet realistic threats to Broward's infrastructures.

AOI 4: Staffing of the SEOC are trained with the expectation of the activation of other key supporting EOCs, (such as BCEOC, FDEM CONSTELLATION, FRES, DOD, DLE District EOCs, etc.) During the Fort Lauderdale Event, the minimal amount of staff who responded to the SEOC relied upon personal contact information (cell phones) to reach key resource commanders. SEOC must train to operate independently and devoid of additional EOC support.

AOI 5: The initial hesitation to declare an active shooter by FLL District Staff and the reported immediate apprehension of the suspect created an err of situational stability. BSO commanders and leaders are trained to maintain a professional and calming poise when faced with emergency disasters. This poise contributed to the hesitation to fully activate the SEOC. As the Secondary Event emerged, there was no time to call in full EOC staffing. The SEOC Policy Groups should clearly define situations when full activation of the SEOC is mandated. These definitions should be distributed to each SEOC operational component.

DRAFT
EOG-00170

AOI 6: The SEOC Policy Group responded to the ICP, which, essentially, created conflicts in the chain of command, created premature information release, and rendered the SEOC and ICP inert in effectively controlling the event.

AOI 7: Acute attention to staging areas and deployment of ICS resources is paramount. The SEOC must immediately identify appropriate ICP locations while considering potential expansions or site deteriorations. The SEOC must initially broadcast clear and concise orders for responding resources and identify staging areas. The SEOC must create and maintain constant links to supporting and partner EOCs (Including BCEOC) to ensure proper command controls and cooperation. Once the ICPs are operational, the SEOC must rely upon the IC for operational decisions and CEASE providing orders directly to field units. SEOC should conduct recurrent training geared toward aligning law enforcement, fire rescue and emergency management personnel, and critical infrastructure EOCs, such as AEOC and PEEOC.

AOI 8: Command and Control of Responding Resources must be maintained by the ICP. Until the ICPs are set up, the SEOC must provide either staging areas, assignments, or missions to responding units. During the event, communications and IC confusion resulted in assisting resources self-staging and self-assigning. While this is not, in itself, a negative reaction to a large-scale response; the ICP needs to immediately take control of all forces to ensure cohesive and controlled response.

AOI 9: Selection of a singular Incident Commander is key to successful coordination and chain of command. During the event, several different ICs were declared by different entities. This created "silos" of control and uncoordinated or delayed response to perceived threats and situations.

Observation 7: Public Information Addressing

FEMA Core Capability: Public Information and Warning

BSO's Public Information Office (PIO) prepares news releases, coordinates print and broadcast coverage of agency events and acts as the liaison between BSO and the local, state and national media at crime scenes and other activities that generate media interest.

Our best defense against panic and hysteria is an informed public. PIO is tasked to use appropriate systems to deliver the right information to the right people at the right time. Information helps empower people to make effective decisions. Traditional Broadcast News Media and Modern Social Media platforms, (such as Twitter, Facebook, and Snapchat), are vehicles to convey news and instructions to the public and potential victims. Other tools, such as "Code Red," "Everbridge," and "IPAWS" (Referred to as "Reverse 911") are available to send messages directly to all landlines and cell phones in pre-set geographic areas. Coordination of news releases is among the core critical needs of incident management.

STRENGTHS

Strength 1: Highly credible, experienced, professional and tenured staff.

Strength 2: Immediate access to all major branches of media and their representatives.

DRAFT
EOG-00171

Strength 3: Commendable response and management of high level press conferences.

Strength 1: BSO PIO set up media staging areas and Press Conference areas very shortly after the Initial Event.

Strength 2: BSO PIO Utilized social media platforms to inform the public of events.

Strength 3: During the First Event, FLL District deputies effectively communicated with airport patrons in Terminal 2 to provide information and evacuation instructions.

AREAS OF IMPROVEMENT (AOI)

AOI 1: The medial staging areas was located too close to the Initial Event. Numerous and large broadcast media vehicles trucks descended upon an area already inundated with law enforcement vehicles and personnel. As the Secondary Event unfolded, the Media Staging area became part of the crime scene area. SEOC must pre-plan staging areas for events at Broward County's critical infrastructures.

AOI 2: PIO utilized social media platforms to confirm certain information, but ceased to provide updates throughout the day. Future social media use should include any changing dynamics of events. PIO social media broadcasts are only received to persons who "follow" or "subscribe" to BSO's official social media accounts.

AOI 3: PIO obtained information directly from various on-scene ICs instead of the SEOC. The SEOC (which contains the Policy Group) is the only authorized source of official information. This aspect is crucial to ensure that only authorized and declassified information is released to the public.

AOI 4: SEOC and PIO were not trained on and did not utilize existing "Reverse 911" capabilities to provide airport patrons with instructions and information. It was noted that during the events, airport patrons lost several personal items – except one: cellular phones. Cellular phones have become indispensable parts of human existence. The ability to reach every cell phone with messengers enables SEOC to provide instant information directly to victims. Geo-fencing enables the SEOC to send specialized messages to groups located at different areas of the airport. BSO should train its SEOC and PIO staff on the capabilities and use of current and emerging Reverse 911 systems. Certain available systems, such as "Everbridge" can be set up to send text and images directly to ICs and field units. (e.g.: Maps of staging area locations and airport layout diagrams.)

AOI 5: PIOs should participate in ongoing training related to emergency management. This should include basic public information, ICS courses, and courses on existing and emerging information delivery systems, writing media releases, conducting media interviews, and understanding the role of a UC.

AOI 6: BEOC should coordinate the use of "Everbridge" at all BEOC groups.

ANALYSIS:

The Regional Domestic Security Taskforce Mobile Joint Information Center (JIC) established expeditiously and enabled PIO's to actively convey their presence to outside interests and the

DRAFT

EOG-00172

prompt sharing of information as it pertained to the event. Numerous participant agencies, and their PIO's, had established their base at the JIC, which further burdened the environment due to its location. The staging area was much too close to the active scene and contributed to the wandering of media crews and their exposure to sensitive areas and the release of such images captured. Much was not known during the event, and the release and exposure of fluid tactics and the environment can potentially compromise ongoing initiatives. The relocation of the PIO Staging Area must be adhered to and tactically placed in a non-corrosive environment in preservation of the scene and the integrity of the investigation.

BSO PIO's further realized an inordinate disruption of cellular service while on scene due to congestive cellular traffic. BSO PIO's were not able to communicate with each other or able to post updates on BSO's social media platforms. The ripple effect resulted in delays of critical emergency updates and its immediate dissemination to the public. BSO must apply for the Department of Homeland Security's Government Emergency Telecommunications Service (GETS), and ensure that all key role players engaged in the event are properly equipped and thoroughly capable in communicating and relaying pertinent information.

Observation 8: Use of FLL Public Address System and Fire Alarm Sounding

FEMA Core Capability: Public Information and Warning

Diligent emergency notifications via public address systems within the BSO Airport Concourses enables the deliverance of emergency information during times of crisis. An informed public is better prepared to understand the dynamics and follow requests and orders. Accurate information affirms the perception of situational control, calms fears and dissuades panic and hysteria. The FLL Public Address System is available to inform and assist airport patrons in a variety of routine and emergency situations. The failure to silence the fire alarm sirens added to panic and hysteria and interfered with communications between first responders.

AREAS OF IMPROVEMENT (AOI)

AO1: The FLL Public Address system was left on a pre-recorded looped general information message. The BSO Airport District must capitalize on the availability to use the audible public address system to provide live updates for emerging events. Updated announcements allow for a structured progression of mass movement and evacuation. When tactfully done, patron compliance levels rise based on an enhanced sense of security and sense of urgency to do so. All public addresses must be approved by the IC.

AO2: Upon confirmation that no fire emergency exists, the fire alarm enunciator should be immediately silenced. Strobe lights should remain active, to indicate an active situation.

AO3: Currently, FLL has no mechanism to audibly address persons outside the concourses. BCAD should consider purchasing LRAD devices to communicate with persons evacuated to ramps or tarmacs.

AO4: SEOC should have deployed BSO's LRAD device during the events to convey information to panicked individuals on the tarmacs and ramps.

DRAFT
EOG-00173

Observation 9: Airport Terminal Decorum

Currently, approximately 29 million patrons pass through FLL each year. This requires thousands of private, county, state and federal employees to provide a myriad of services. BSO FLL District is charged with Law Enforcement on airport grounds. Each entity providing employees is controlled or contracted by BCAD. While it is understandable that panic and flight is a natural human reaction to certain situations, it is important that some professional decorum be maintained by airport personnel. Employee demeanor directly effects passenger demeanor. The premature and rapid evacuation of JetBlue staff created a cascading panic throughout an entire terminal.

STRENGTHS

Strength 1: BSO deputies were well represented at assigned concourse security checkpoints.

Strength 2: BSO deputies responded to the threat and attempted to control areas regardless of the mass exodus of airport staff, patrons, and airport employees.

AREAS OF IMPROVEMENT (AOI)

AOI 1: FLL has no armed law enforcement presence at any terminal baggage area. BSO and BCAD should meet to discuss the feasibility of adding highly visible and well-armed fixed posts at each terminal baggage area.

AOI 2: BSO, BCAD, TSA, FAMS, and CPB should meet to discuss coordination efforts in times of emergency. BSO FFL District Deputies should be granted supervisory authority over airport employees to maintain order in times of crisis.

AOI 3: Training should be provided to airport employee supervisory staff to prepare them for emergency events. The training should include instructions to prevent the dissemination of raw and unverified information. Training should also include methods to maintain composure and professional demeanor among all airport employees.

AOI 4: BSO law enforcement personnel should ensure that radio communications must be precise, vetted, and must avoid broadcasting potential misleading or inflammatory information relating to the event. Radio communications demeanor and discipline is paramount to achieving airport control and containment. BSO should reinforce this through refresher training.

Observation 10: Mass Exodus, Relocation and Care

FEMA Core Capability: Mass Care Services

A critical component to an emergency response is the advanced planning and training on evacuation procedures. Evacuation procedures must include every conceivable situation and must be understood by airport staff. Relocation of displaced persons of this magnitude to appropriate shelters proved to be difficult to coordinate and execute.

STRENGTHS

Strength 1: Primary and Secondary shelter locations were identified immediately.

DRAFT
EOG-00174

Strength 2: Special needs shelters and local hospitals were adequately alerted prepared to accept those evacuees needing medical attention.

AREAS OF IMPROVEMENT (AOI)

AOI 1: The BCAD Evacuation plan did not include plans for a full evacuation of the airport.

AOI 2: BSO IC and BCAD failed to adequately identifying a staging area conducive to the deployment and prompt backfill of assets to aid in the evacuation.

AOI 3: SEOC failed to adequately communicate with and verify inbound assets aiding in the evacuation.

AOI 4: Field Units (and ultimately IC) failed to control traffic leading to the airport property and clear paths to terminals for expedient removal of evacuees.

AOI 4: SEOC and BCAD failed to effectively communicate or coordinate available resources and assets accessible for emergency deployment.

ANALYSIS:

One of the many struggles realized during the event involved the decision making process to evacuate all airport patrons and where to send them. No tabletop exercise has ever planned for such action, which in turn, posed a great challenge in acquiring assets, arrange for their prompt delivery, arrange for a structured deployment, and commit on-scene personnel to carry out the evacuation.

Poor coordination/communication within Broward County Mass Transit caused buses to be prematurely released and at times drivers became uncooperative to remaining to complete the evacuation after prolonged hours. A common phenomenon in responses to mass casualty events is a river of parked emergency response vehicles blocking the roadways leading to the event. This is caused when responding first responders must leave their vehicles to run on foot toward the danger.

The clearing of vehicles proved to be a challenge as first responders on scene switched to several different tactical radio channels to complete their assigned missions. It should also be mentioned that the first responders who were assigned tasked could not be allowed to abandon their assigned tasks to move their vehicles. As vehicles were cleared from the main entryway, IC identified several other alternative routes to allow busses entry to evacuate stranded patrons.

The BSO Airport District and BCAD must plan for, train on and conduct joint exercises in the areas of classifying and the separation of mass patrons within and throughout the FLL Airport grounds. Proper training is paramount in tasks involved in the movement of thousands airport patrons that require transportation to shelters located in the outer limits of the BSO Airport District.

The BSO Airport District must act diligently in communicating, staging, managing and providing transportation in furtherance of essential ICS contingencies in delivering patrons to designated areas and allow for fluid movement and evacuation.

Designated shelters must be identified and vetted for capabilities in sustaining thousands of airport patrons. Furthermore, extreme consideration must be given to the ability to cater to

DRAFT

EOG-00175

patron necessities such as; crisis intervention, food, water, medical attention, children, the elderly, the disabled, restrooms, access to private transportation, support services, protection from the weather, missing persons and safety-site security.

A fostered partnership must be made with private industry such as; the airline industry, area hoteliers, area restaurants, food banks, Publix Supermarkets, pharmacies, the Red Cross and other non-governmental organizations to securing required necessities for the airport patrons, as a result of the event. Emergency funds should further be allocated via BCAD / law enforcement in providing vouchers and or gift cards to airport patrons to better meet their needs during the window of the event.

Observation 11: Airport Emergency Operations Center (AEOC)

FEMA Core Capability: Operational Coordination

The Airport Emergency Operation Center serves as the nerve center to all of the BSO Airport District operations. In doing so, all relative stakeholders assigned to the airport actively manage, interact and monitor the day to day functions and issues that arise. During the implementation of the ICS, the AEOC becomes a trusted source and point of contact in furtherance of addressing emergency needs. The AEOC must stand in unison with the BSO SEOC and Airport District command and enable intelligent, precise and actionable decisions to be made in avoidance of any escalation of threat during crisis incidents.

STRENGTHS

Strength 1: The FLL AEOC is staffed by airport stakeholders dedicated to addressing airport emergency matters that directly impact daily airport operations.

Areas of Improvement

AOI 1: BSO and BCAD must meet to discuss and agree upon NIMS ICS and IC control. Each must work diligently with the AEOC to ensure that law enforcement decisions are not disregarded or delayed when coordinating and responding to greatly needed emergency services.

AOI 2: BSO must rely on the AEOC to identify, select and deploy vetted staffing to the AEOC in avoidance of any complacent or deficient input on behalf of AEOC representatives.

AOI 3: BSO must confirm that the AEOC's designated representative within the UCP is competent in the arena of ICS and cognizant to law enforcement decisions outside their scope of capabilities and experience.

AOI 4: The FLL AEOC must work hand in hand with the UCP to ensure emergency matters are addressed and fulfilled in accordance with the Airport Emergency Plan.

Analysis: BSO provides law enforcement and fire services to the BSO Airport District. Such dynamics create a unique environment when dealing with Incident Command. There must be a clear delineation as to when an airport incident exceeds BCAD's capabilities, which would require the relinquishment of all care and control of the airport to law enforcement for the sake of preservation of life and the general public's safety. Once a situation escalates to this level, the AEOC must transition to a role supportive of BSO to ensure public safety is given the highest level of priority.

DRAFT
EOG-00176

The AEOC must ensure that any and all emergency personnel assigned within its center, be highly trained and well versed in NIMS and ICS. Law enforcement plays a key role to the preservation of life and the decision making process during crisis incidents, requiring the AEOC to be lockstep and aligned accordingly with law enforcement in their operational endeavors.

Observation 12: Mutual Aid and Resource Management

FEMA Core Capability: Logistics and Supply Chain Management

The event at the BSO Airport District called for an unprecedented response on behalf of law enforcement, which consisted of local, state and federal resources from the tri-county area. The UCP plays a vital role in allocating such resources and their deployment within key areas of responsibility to fulfilling the containment and control of the event. The ability to plug in the right personnel and required assets enhances response times and the management of tasks, which allows for operational efficiency. Though BSO operates within the WebEOC, which allows for the use of its Crisis Management Systems (CMS) and assists in the capturing of data collected throughout the event and resource management, operational adjustments must be made to maximizing the agency's potential in fulfilling emergency obligations.

STRENGTHS

Strength 1: BSO as an agency operates within the WebEOC, which serves as a fully functional emergency resource management tool.

Strength 2: The SEOC and the UCP are fully functional critical incident platforms within the agency that are WebEOC equipped, and were actively utilized to manage resources and their deployment during the event.

AREAS OF IMPROVEMENT (AOI)

AOI 1: The multi-agency personnel response and their accountability was a constant challenge in controlling the ingress and egress into the airport, creating traffic congestion, which inhibited emergency responses due to the abundance of law enforcement presence.

AOI 2: The lack of communication with outside agencies, plain-clothed officers displaying firearms, and informal groups created duplication of efforts and potential "blue on blue" situations.

AOI 3: The UCP was unable to properly gauge all on scene initiatives based on the freelancing of assignments and their outcomes.

AOI 4: BSO personnel must be well versed in the arena of emergency management and possess a refined skillset applicable to the handling of critical incidents.

ANALYSIS:

Identified BSO personnel throughout the agency, who are in a position that categorizes them as potential command or a critical component of the BSO Airport District during an event, must be properly badged for access or provided dedicated escorts, must participate in an airport acclimation / orientation process, conducted in groups, to better allow for a disciplined response to the incident. Furthermore, a mapping system should be created and provided to

DRAFT
EOG-00177

law enforcement representatives in allowing for specific navigation within the FLL Airport and assists in identifying geographical locations conducive to establishing the ICS, the deployment of resources and incident management.

An IMT is instrumental in assisting and coordinating resources to better serving and achieving desired goals and objectives. A defined core must be in place to streamline personnel and thoroughly account for ongoing tasks, area of deployment and identification of assets. During the event, numerous law enforcement representatives tactically convened upon one another, setting the stage for potential "blue on blue" encounters.

Observation 13: Perimeter Containment

The BSO Airport Districts ability to cordon off a breached environment from sterile areas in prevention of a compromised perimeter is highly dependent upon solid reinforcements, emergency assets and resource personnel. Preserving the integrity of the BSO Airport District during critical incidents is vital to deterring any further contamination or threat and enables access points to be established in fulfilling response and recovery initiatives.

STRENGTHS

Strength 1: The event brought upon an unprecedented response by law enforcement agency representatives from throughout the tri-county area. Eventually, such resources assisted greatly in securing the FLL airport perimeter.

Strength 2: As a direct result of coordinated efforts on behalf of the assisting agencies, potential threats were identified and commendably addressed.

AREAS OF IMPROVEMENT

AOI 1: The ingress and egress into the airport was virtually impossible; the failure to establish formal checkpoints and thoroughly vet and deter unwanted and unnecessary access in to the airport was challenging to preserving the integrity of the airport.

AOI 2: The compromising of perimeter access gates allowed for hundreds of airport patrons to flee the airport runway, which allowed for the comingling of unconfirmed airport patrons to wander aimlessly into the surrounding civilian population and neighboring jurisdictions, with no accountability measures in place and a diminished sense of awareness to the exposure of risk and the potential liability incurred, via further terroristic acts.

ANALYSIS:

The BSO Airport District perimeter must be secured and manned upon the immediate occurrence of a critical incident. Any breach of such perimeter exposes the internal operations of the airport to further threats. The UC must properly designate inbound law enforcement resources to the preservation of the perimeter and further establish checkpoints in allowing the entry of key component personnel into the airport in efforts to overcome the internal threat. A vetting process of all traffic must be adhered to, along with additional instructions and guidance pertaining to their intended areas of responsibility.

DRAFT

EOG-00178

Those deemed necessary in obtaining emergency airport access /credentials and required escorts, must be directed to the UCP for specific instructions, with immediate notification to the AEOC. The accountability process to maneuvering through the airport grounds is vital to preserving the integrity of the Airfield Operating Area (AOA).

During the event, the release of airport patrons through a compromised gate enabled an unprovoked encounter with an Iranian subject. The subject failed to dispel law enforcement concerns, which resulted in his detainment and detonation of his backpack. Furthermore, essential personnel were prohibited access and denied entry to the airport based on unstructured and misinformed checkpoints.

Observation 14: Evacuation Fleet

FEMA Core Capability: Planning

In the planning and development stages of a comprehensive evacuation plan, vigorous attention must be given to identifying assets to be used, how to obtain such assets and how will such assets be delivered and deployed during critical incidents. It is without saying, that if it is in your plan, it must be produced. Failing to meet operational needs when fully engaged in a catastrophic event is absolutely unacceptable and detrimental to the overall mission. The creation of a plan is not intended to serve as an act of futility, but a life saving measure in the face of chaos.

STRENGTHS

Strength 1: The staging of evacuees was orderly, with diligent law enforcement attentiveness and consideration to their needs.

AREAS OF IMPROVEMENT (AOI)

AOI 1: Executive decisions need to be made collectively and free from any mitigating circumstances that hinder the expedient extraction of airport patrons.

AOI 2: Proper planning must be in place to allow for the appropriation of evacuation assets and their commitment for the duration of the event.

AOI 3: The assignment of personnel within the UCP must be cognizant of their role and work diligently as a team and not impede operational endeavors.

AOI 4: Evacuation assets were intermittently provided and delayed in fulfilling their obligation to transporting airport patrons to the designated shelter within Port Everglades.

AOI 5: While operating in a deteriorating environment and facing a magnitude of airport patrons needing to be relocated, the task was compounded by self-inflicted traffic delays, lackluster bus responses and a diminished variety of transport vehicles.

ANALYSIS:

The BSO Airport District and their counterparts must ensure established plans are followed and that agency assets, Broward County assets (specifically buses), or private vendor fleets are made available in times of crisis and assure timely response to the incident in allowing for mass evacuation and the sheltering of airport patrons. If needed, contractual agreements must be

DRAFT
EOG-00179

secured in advance, in avoidance of such pitfalls. The AEOC must be sure to coordinate with the UCP such request and thoroughly prepared to swiftly navigate such assets into the airport and provide unobstructed staging points within all terminal access points.

Observation 15: Regional Communications

FEMA Core Capability: Operational Communications

Regional communications serves as the radio traffic controller to the BSO Airport District and Broward County as a whole. Major catastrophes inject elevated stressors to the already hectic surroundings, which burdens outlined tasks, that much more. The mere communication of an active shooter threat via radio transmission further heightens the sense of urgency and emotional state. Taking into consideration the aggravating factors, the need to be attentive, prompt, disciplined, clear and concise during active shooter incidents is critical to meeting operational needs applicable to the ICS. Preparing and planning for such event enables for the minimization of predictable impediments that can potentially disrupt communication efforts. All lives and operational demands are literally on the line.

STRENGTHS

Strength 1: Regional Communications had implemented an active shooter SOP and protocols that greatly assisted in the communication efforts and notification process of the event.

Strength 2: Regional Communications staff remained steadfast and troubleshot many obstacles they faced that attempted to compromise their efforts in ensuring adequate and precise communications with ground personnel.

AREAS OF IMPROVEMENT (AOI)

AOI 1: Active shooter protocols must be immediately committed to upon the presence of convincing and definitive communicated radio transmissions.

AOI 2: Technological means of notification must be updated and expanded upon to ensure a wide-ranging and consistent message is delivered to all stakeholders.

AOI 3: Regional Communications must confirm a point of contact within the UCP to allow for effective communications and confirmations to be made with law enforcement and fire operations.

AOI 4: Regional Communications must contact DLE and BCCC to update all CAD Page addresses. Updates should be performed quarterly as part of the BCCC meetings. Attention to the organization of current CAD Page Groups and the messages sent via of group CAD pages should be discussed with the BCCCC.

AOI 5: Regional Communications should provide ORCAT with a list of equipment that is outdated and formally request replacement.

AOI 6: Regional Communications must meet with DLE Command to review the appropriate messages to be sent during Active Shooter event to prevent notifications being misconstrued as calls for assistance.

DRAFT

EOG-00180

ANALYSIS:

The enhancement of PSAP's and their design is critical to triaging monumental events. The inability to interactively communicate within and verbalize pertinent information creates gaps in timely responses to emergency needs. Technological devices are heavily relied upon to communicate in today's state of the art environment, but in their failure, contingency plans need to be in place in reverting to simpler methods and traditional means in securing banks of communication assets and their real-time deployment in the field upon system collapses. To ignore a state of preparedness is to potentially ignore your only lifeline. Maintaining a level of expertise is fundamental to successful outcomes. The attention to training, testing and the vetting of communications systems and processes, enables the continuous evolution of the PSAP's. Though job stressors create staffing shortfalls, much attention must be given to the retention and prompt backfill of personnel in avoidance of complacency and fatigue.

There must be no hesitation in declaring an active shooter incident by field personnel. Such declaration enables Regional Communications to adhere to their Active Shooter SOP immediately. Calabria group pages, must further be generated to allow for automatic notifications to be made to the Office of Regional Communications and Technology (ORCAT) in furtherance of placing a mass technological resources alert. Telephone service associated with the UCP must be optimally used in avoidance of lackluster connectivity and failed responses. With the PSAPs receiving priority calls from agencies such as the FBI, there must be clear-cut methods to connecting incoming callers with Command. The hotline activation must further be incorporated as part of the Airport Emergency Plan and should be quickly established in allowing communications to immediately address and direct inquiries pertaining to the event, and further assists in minimizing continuous calls made to 911 and non-emergency communications operators.

Post event, the BSO Audio Evidence Unit reviewed hundreds of 911 and non-emergency calls for the purposes of investigative evidence. With 135 total calls received, and in conjunction with the BSO and BFRES transmissions, an estimated 444 hours of audio transmissions were captured and reviewed.

During the event, communications operations suffered degradation to both the CAD and radio systems as users immediately inundated both systems. Radio ID usage swelled from 1800 to over 3000 users, moments after the event. As a result, the communications system experienced site-trucking and throttling. Furthermore, the CAD system experienced continuous and frequent occurrences of system slowdowns, due to the number of personnel attempting to communicate. During critical events, the CAD system is the communications center's primary lifeline. Any impact to both radio and CAD must be mitigated.

The BSO and BFRES command must identify and establish a "safe word" to be used by victims speaking with 911 operators who are communicating from hidden locations throughout the airport. Many calls to 911 were received from patrons who had barricaded themselves. The 911 callers were further seeking assistance and had no means to visually identify emergency personnel. There was no immediate method to confirm the identity of someone claiming to be

DRAFT

EOG-00181

law enforcement or BFRES. The establishment of a "safe word" allows law enforcement or BFRES to simply state the word, and have the caller repeat that word back to the 911 Operator, who would then confirm the unit's identity and allow extraction.

It is pertinent to have one centralized Point of Contact (POC) from the UCP communicating with the PSAP's. Multiple incident commanders' result in directions being given from different POC's to communications. Directives can often become repetitive and contradictive.

Observation 16: Mobile Command Vehicle (MCV)

The BSO MCV is a 44 foot, Class A, slide-out capable mobile command post. Contained within the MCV are formal conference areas, a radio communication center and a perimeter video surveillance monitoring station. The BSO MCV communication center allows for shared radio notifications with assisting local, state and federal law enforcement agencies. The BSO MCV serves as the on scene UCP and stages at a centralized point during an event, which requires strategic placement to ensure that it is conducive to sustaining operational needs, and not obstructive to the events environment. Furthermore, the BSO MCV functions as a de facto dispatch center, which accounts for all ground activities and the deployment of resources. The MCV is equipped with advanced radio patching technology and contains various cellular and satellite backup communication systems.

STRENGTHS

Strength 1: The BSO MCV was rapidly deployed and immediately operational upon arrival to the scene.

Strength 2: The BSO MCV functions as a WebEOC platform.

Strength 3: The BSO MCV operated as a UCP, and allowed for the ability to conduct impromptu meetings and debriefs pertaining to the event.

AREAS OF IMPROVEMENT

AOI 1: Upon staging the BSO MCV on the scene of an event, much consideration must be given to its placement and ability to relocate upon the deterioration of the scene.

AOI 2: The BSO MCV must be fully prepared and equipped upon deployment. The BSO MCV must remain at an operational readiness level, in assuring that any and all technological resources, communication assets and foreseeable support devices are readily working and accessible upon system failures.

AOI 3: The BSO MCV, though it serves a purpose, has become limited in its capacity. Active shooter events and terrorist threats and encounters have become the "new normal." MCV's have evolved with the times and are now better prepared and equipped in dealing with larger scale responses. The need to accommodate multiagency initiatives calls for the enhancement of MCV layouts and design. The event of January 6th, 2017, pushed the BSO MCV to its limits in accommodating a large scale event, command presence, and the ability to truly function as a UC.

DRAFT

EOG-00182

AOI 4: The BSO MCV should test and confirm that all cellar lines are registered with the Government Emergency Telecommunications Service (GETS) for priority service.

ANALYSIS:

The BSO MCV responded and arrived at the scene soon after the shooting occurred. Upon arrival, The BSO MCV was immediately staged outside of Terminal 2, on the lower level driveway. The UC was attempting to become operational, while mass law enforcement responses flooded the immediate vicinity of the BSO MCV. Without warning, and consideration to any further potential threats, the BSO MCV remained in its location and became surrounded and trapped by adjoining MCV's and parked public safety vehicles. Upon the occurrence of the mass exodus and law enforcement response to alleged active shooters contained within the FLL Airport, the BSO MCV was incapable to relocate and reposition itself to a secure environment. The ability to do so would have allowed for the seamless delegation of duties, clear lines of communication and fortification from any further potential threats.

Further hindering the BSO MCV was its intermittent loss of telephone connectivity and deplorable radio communication capabilities. Due to the BSO MCV being staged in the lower level driveway of terminal 2, it virtually became encapsulated in concrete a box. Such surroundings diminished radio and cellular phone signals, creating a huge void in communication efforts with emergency personnel. Furthermore, the telephone numbers associated with the BSO MCV were sporadically unanswered and immediately defaulted to voicemail.

The BSO MCV was exposed to strenuous conditions based on the amount of personnel operating within, attempting to move internally and elevated levels of participants trying to engage staff, conduct meetings and participate in critical discussions regarding pertinent decisions. The BSO MCV is not prepared, nor intended to accommodate such volume of public safety and emergency personnel traffic and be expected to maintain its integrity, based on the influx of participants. The BSO MCV must expand its capabilities in allowing orderly operations and sophisticated technology to better serve the public during the upward trend of mass casualty events and active shooter encounters.

BSO must separate the Policy Group from the Operations Group. The MVC is designed as a forward Incident Command vehicle.

DRAFT

EOG-00183

CORRECTIVE ACTION MATRIX

NOTE: THIS TABLE IS STILL IN DEVELOPMENT

Capability	Observations & Areas for Improvement	Recommendation	Primary Responsible Agency	Agency POC	Start Date / Completion Date (For Internal Purposes)
Planning	MASS CARE NEEDS NOT ADDRESSED IN PLAN: FLL Airport Emergency Plan 2016 does not specifically address Mass Care needs	Detailed review of Mass Care & Evacuation planning needs	BCAD, BSO Airport District, BSO FR Airport District Chief, Broward EM	BCAD Aviation Director, TSA FSD, BSO Airport District Cpt., Broward Emergency Management Director	
Planning	IDENTIFIED INCONSISTISTENCIES WITH AIRPORT EMERGENCY PLANS: All non-law enforcement employees (TSA, BCAD Security) completely abandoned posts leaving post which is inconsistent with the FLL Airport Emergency Plan.	Training is needed for all personnel so they are clear on their roles and responsibilities during an emergency. Unarmed Airport Security personnel (TSA, BCAD Security) can assist with directing passengers, facilitating shelter in place and implementing run, hide, flight with just in time training.	BCAD, BSO Airport District, BSO FR Airport District Chief, Broward EM	BCAD Aviation Director, TSA FSD, BSO Airport District Cpt.	

DRAFT

EOG-00184

Planning	BUSINESS AS USUAL: Initial attempt to continue "business as usual" in the departure level of Terminal 2 resulted in dozens of victims and witnesses being corralled to one side of the terminal, essentially preventing Crime Scene Units from removing them from the crime scene and further traumatizing them by forcing them to remain in proximity to the homicide victims' bodies. This was an inconsistency identified with the Emergency Plan 2016 details evacuation and relocation from one terminal to another terminals.	Review plans with BCAD and BSO Airport District Law Enforcement, Fire Rescue and TSA personnel.	BCAD, BSO LE & FR Airport District, TSA	BCAD Aviation Director, TSA FSD, BSO Airport District Cpt.	
Planning	IDENTIFIED INCONSISTISTENCIES WITH EMERGENCY PLANS EVACUATION BUSES: Evacuation bus and tactics not coordinated through Broward County EOC. Broward Mass transit not utilized to its full capabilities. BSO prison, Academy bus vendor and tarmac buses utilized. 5.3 If a situation required evacuation from the entire airport, coordination shall be made through Broward County's EOC for local shelters and transportation using mass transit methods. Evacuation can be made through the	1) Review plans with BCAD and BSO Airport District Law Enforcement / Fire and Broward Emergency Management. 2) Determine if plan revision are necessary. 3) Review need for MOU with municipal partners to coordinate mass evacuation of airport. DRAFT

EOG-00185

	various roadways that lead into and out of the airport. The Operations Officer in the Airport EOC will coordinate the evacuation locations with Broward County EOC				
Planning	NO CLEAR COMMUNICATIN / PLAN OF RESPONSIBILITIES: Airport Emergency Plan not followed and it was apparent that Broward County Aviation had not pre-planned for an event of this nature or magnitude.	1) Review Airport Emergency Plan with all stakeholders 2) Holistic approach to planning and exercise the leadership if all stakeholders to ensure a unified command is established during emergencies.	BSO Command LED/FR, BSO Airport District Command, BCAD, Broward County Emergency Management	BSO Command LED/FR, BSO Airport District Cpt., BCAD Operations Director, Broward County Emergency Management Director	
Training & Exercise	EXERCISES CONDUCTED NOT FULFILLING BASIC CORE CAPABILITIES OR MANAGING COMPLETE SHUT DOWN AND EVACAUTION: Review of Tabletop exercises from 2012-2016 revealed no attention to the below critical areas: -Full Airport shutdown -Full airport evacuation -Mass Care (Feeding, Physiological first aid, family reunification) -Functional needs passenger evacuation -Passenger relocation -TTXs assumes airport employees would assist in controlling the passengers	Exercises should be designed to test various capabilities and personnel from the boots on the ground responder up to the most senior leadership. -Create exercises that address these the aforementioned areas taking an all hazards approach. -Exercise annually at a minimum	BCAD, BSO Airport District, BSO FR Airport District, Broward County Emergency Management Division	BCAD Aviation Director, BSO LED / Fire Airport District, Broward County Emergency Management Director	

DRAFT

EOG-00186

Public Information & Warning	SITUATION INFORMATION NOT DISSEMINATED TO PASSANGERS: Passengers were not provided with information within the terminal for several hours. Reports of BCAD's refusal to use public address system in the terminals citing financial loss. While the JIC was providing lots of information via social media most passengers within the airport where no aware of the social media handles. Airport Emergency Plan 5.3 Operations: The use of the Airport notification Code Red and public address systems are available for mass notification. 5.4 BCAD Operations shall be responsible for disseminating all information regarding facility evacuation to the public and tenants. BCAD Operations shall be responsible for making provisions for relocating supplies in accordance with FLL's Continuity of Operations Plan (COOP).	Information should have been provided over the public address system and Code Red Mass notification system. -Review Emergency plan and emergency communication SOPs -Look into additional solutions for mass notification such as digital signage, text & E-Mail messaging to airport personnel.	BCAD, Broward County Emergency Management Division	BCAD Director of Operations, Broward County Emergency Management Director	

DRAFT

Public Information & Warning	ACTIVATION OF HOTLINE NUMBER: The burden to both 911 and non-emergency numbers was overwhelming. No hotline number was activated.	-a pre-established Hotline number and activation protocols should be incorporated into Airport Emergency Plan and related SOPs. A hotline should be quickly established to allow 911 call takers and EOC personnel to direct questions by concerned loved ones and others attempting to gain information. -Look into emergency hotline solutions to support major spontaneous incident operations. There various vendors and capabilities to support this type of operation (ie. Black Swan Solutions, FEI Counseling).	BCAD, Broward County Emergency Management	BCAD Director of Operations, Broward County Emergency Management Director	
Joint Information System / Joint Information Center	RDSTF Mobile JIC & Media Staging FAR TOO CLOSE TO SCENE: The JIC & Media Staging was set up second floor Terminal 2. When second threat went out and panic passengers flooded the terminal driveway Media was mixed in and added additional potential victims to the scene. Additional when evacuation of terminals happened the media mobbed the passengers and at times snuck onto buses carrier evacuees.	Review SOPs related to Mobile JIC deployment and Media Staging.	BSO Fire & Law Enforcement Public Information Officer	RDSTF Joint Media workgroup Chair, BSO LED / FR Public Information Officers	

DRAFT

EOG-00188

Joint Information System / Joint Information Center	RDSTF MOBILE JOINT INFORMATION CENTER GENERATOR TOO LOUD: The generator was so loud it had to be shut down during press conferences.	Research Urban Area Security Initiative (UASI) funding for generator replacement to a unit that puts out less noise.	BSO Fire Public Information Officer	RDSTF Joint Media workgroup Chair, BSO LED / FR Public Information Officers	
Joint Information System / Joint Information Center	AIRPORT PUBLIC INFORMATION OFFICER DID NOT COORDINATE: Airport Public Information Officer did not coordinate within the Joint Information System. Airport Emergency Plan 5.4 The Airport Public Information Officer (PIO) shall be responsible for communicating airport condition to local and national media, as well as through social media.	1) BCAD Airport Public Information Officers should review Airport Emergency Plan. 2) Attend FEMA Public Information Officer training if needed 3) Join the Regional Domestic Security Taskforce Joint Media Workgroup	BCAD Public Information Office	RDSTF Joint Media Workgroup Chair, BCAD Public Information Officer	
Operational Coordination	UNIFIED COMMAND NOT IMMEDIATELY SET UP: Separate command posts where initially established, BCAD EOC did not communicate with BSO SEOC, Fire & Law Enforcement Mobile Command Posts or county Emergency Operations Center. Many agencies conducting their own operations.	1) Follow a holistic approach to planning and exercise the leadership if all stakeholders to ensure a unified commands are established during emergencies. 2) Any Mass Causality Incident will immediately over run the capabilities of airport operations alone, thus leadership across the County must prepare together.	BSO Command LED/FR, BSO Airport District Command, BCAD, Broward County Emergency Management	BSO Command LED/FR, BSO Airport District Cpt., BCAD Operations Director, Broward County Emergency Management Director	

DRAFT

EOG-00189

Operational Coordination	COMMUNICATION REGARDING AIRPORT DECISION MAKING UNCLEAR: Airport Emergency Operations Center was established prior to arrival of Unified Command Post. Commands from both the mobile command posts and BCAD EOC did not coordinate and no clear transfer of command occurred which resulting in duplication efforts.	1) Clarification of responsibilities regarding command and control of incident occurring within the airport jurisdiction. 2) Incidents are managed at the lowest jurisdictional level making this BCAD's incident supported by all other agencies. 3) Ensure all appropriate personnel are assigned to Unified Command 4) A clear Unified Command will reduce duplication of efforts and ensure a clear flow of information from the bottom up and top down.	BSO Command LED/FR, BSO Airport District Command, BCAD, Broward County Emergency Management	BSO Command LED/FR, BSO Airport District Cpt., BCAD Operations Director, Broward County Emergency Management Director	
Operational Coordination	INCIDENT COMMANDER WAS NOT KNOWN TO MOST ON THE RESPONDERS SCENE: With supervisors on scene from the BSO, BSO FR, BCAD, TSA, CBP, FBI, Fort Lauderdale PD, and various municipal Police Departments, Fire Departments and Emergency Management, it was difficult to determine who was in charge.	1) Review Airport Emergency Plans with all stakeholders. 2) Conduct planning training and exercise with outside airport agencies (surrounding municipal jurisdictions)	BSO Command LED/FR, BSO Airport District Command, BCAD, Broward County Emergency Management	BSO Command LED/FR, BSO Airport District Cpt., BCAD Operations Director, Broward County Emergency Management Director	

DRAFT

EOG-00190

Operational Coordination	LACK OF COMMUNICATION / COORDINATION AMONGST FIELD UNITS: There had been requests for assistance from specialized unit(s) initiated without confirming or consulting with appropriate points of contact. For example, a request for Miami Dade and Palm Beach's Aviation was made; however BSO Aviation Sergeant had additional aircraft resources to launch, therefore, the request to the tri-county agencies was unnecessary.	Ensure all request for assets and personnel going through the Unified Command.	BSO Command LED/FR, BSO Airport District Command, BCAD, Broward County Emergency Management	BSO Command LED/FR, BSO Airport District Command, BCAD, Broward County Emergency Management	
Operational Coordination	COORDINATION OF UNIFIED COMMAND WAS A MAJOR ISSUE IDENTIFIED IN THIS INCIDENT: BSO lacks specifically trained personal dedicated to Emergency Management	1) Implement a fulltime multidisciplinary Type 3 Incident Management Team within the Broward County Sheriff's Office. 2) A IMT can focus on supporting All Hazards major incident planning, mitigation, response and recovery	BSO Command	BSO Command	
Operational Coordination	POOR MOBIEL COMMAND POST LOCATION: Mobile Command Post was far too close to the actual crime scene. This contributed to security concerns to the Mobile CP.	Review SOP for Mobile Command Post deployment for Mass Causality Incident.	Event Support Unit Command	Event Support Unit Cpt.	

DRAFT

EOG-00191

Operational Coordination	LAW ENFORCEMENT SELF-DEPLOYEMENT: This incident became a major logistical issue with responding law enforcement from federal, state and local agencies from across the region.	Unified Command must ensure control of all incoming assets. An Incident Management team would improve coordination of all incoming agencies.	BSO Command, Federal, State and Local agency leadership	Undersheriff, Regional Domestic Security Taskforce	
Operational Coordination	Staging area was established but not coordinated through unified command. While City of Fort Lauderdale set up a law enforcement staging area, it was not utilized by any other agencies despite Fort Lauderdale Police Department requests for county wide tone.	1) An Incident Management team would ensure better coordination. 2) This should be an area covered in service training reference major incident repose	BSO Training Unit	BSO Training Command	
Intelligence & Information Sharing	COORDINATION AND COMMUNICATIONS WITH FEDERAL LAW ENFORCEMENT PARTNERS IN INVESTIGATION: Once FBI determined their agency would take over the investigation (nearly 3 hours into the incident), all effective communication, information sharing and cooperation from the FBI to BSO ended.	1) Look into integration of federal task force Officers into federal investigations during major incidents 2) Discuss issues with federal law enforcement leadership	BSO Command	BSO Command	

DRAFT

EOG-00192

Interdiction & Disruption	SUSPECT DETAINMENT: Suspect surrendered to deputies when confronted and was detained in a break room. None of the Deputies near the crime scene had knowledge of the suspect's whereabouts (to include two Airport detectives). It took the Homicide Sergeant almost 30 minutes to find the suspects detainment location. Because of the location and the panicked customers of the airport, it was not appropriate/conducive to move the suspect to a proper interview facility, therefore an audio recorded interview was conducted on site.	1) Review SOPs and in service training regarding on suspect detainment. 2) When possible suspects should be relocated to the Public Safety Building or District Offices for interviewing by Homicide Detectives.	BSO Training Command	BSO Training Division	
Screen, Search & Detection	PLAIN CLOTHS LAW ENFORCEMENT OFFICERS COVERING THEIR FACES: Several law enforcement officers wore balaclavas to cover their faces. This is commonly used in narcotics and other operations to conceal the officer's identity. In the case of an active shooter response this led to officer safety concerns with so many different agencies responding as the potential to potentially traumatizing already fearful victims.	1) Review SOPs 2) Determine if revisions to SOP are needed 3) Review and address during in-service training	BSO Training Command	BSO Training Division	

DRAFT

EOG-00193

Access Control & Identify Verification	LACK OF CREDENTIALING / ACCESS FOR OUTSIDE AIRPORT DISTRICT RESPONDERS: Responders from outside the BSO Airport District had issues with access to various parts of the airport during the clearing the terminals for threats	Look into creating an emergency access card set for responders from outside the airport district.	BSO Airport District, BCAD	BCAD Operations Director, BSO Airport Cpt.	
Access Control & Identify Verification	TSA secured checkpoints where all immediately abandoned by TSA personnel.	TSA and other unarmed Airport security personnel should be providing leadership and direction and if not directly in danger should not have abandoned post without securing it first.	TSA, BCAD	TSA Federal Security Director, BCAD Operations Director	
Access Control & Identify Verification	Emergency Exists requiring a 15 second delay before they are released and alarm caused panic to the passengers. Someone set off fire alarm to release the doors. This is in contradiction to active shooter best practices. Active shooters in past cases have activated fire alarms to force people to evacuate and guide victim into the shooters line of sight.	1) Review signage on doors for directions 2) Look into other access control solution aside from set off fire alarm to release doors.	BCAD, BSO Airport District	TSA Federal Security Director, BCAD Operations Director	

DRAFT

EOG-00194

Crime Scene	CRIME SCENE NOT LARGE ENOUGH: Crime Scene in Baggage Claim area of Terminal 2 should have extended to floors above, all adjoining rooms/bathrooms and out the doors to the driveway. Access control was compromised because this was not done. The Terminal 2 crime scene access point was utilized as a thoroughfare to reach Terminal 2 second floor top level for several hours.	1) Review Crime Scene SOPs 2) Review during in service training.	BSO Training Command, Crime Scene Unit Command	BSO Training Division, Crime Scene Cpt.	
Crime Scene	NOT ALL POSTS MAINTAINED: Deputies did not maintain their posts until relieved.	1) Review crime scene SOPs 2) Review during in service training.	BSO Training Command, Crime Scene Unit Command	BSO Training Division, Crime Scene Cpt.	
Crime Scene	CRIME SCENE NOT COMPLETELY SECURED: Panicked passengers in Terminal 2 rushed into the taped off crime scene when the second threat occurred.	1) Review crime scene SOPs 2) Review during in service training.	BSO Training Command, Crime Scene Unit Command	BSO Training Division, Crime Scene Cpt.	

DRAFT

EOG-00195

Crime Scene	TERMINAL 2 REMAINED IN OPERATION FAR TOO LONG: Terminal 2 remained in operation despite the crime scene in baggage claim. This included the secured areas 'behind' the baggage claim conveyor belts as well as the floor above baggage claim. BCAD personnel took it upon themselves to move luggage that may have contained evidence from Terminal 2 to other areas for re-distribution before able to be screened for Improvised Explosive Devices.	1) Review crime scene SOPs 2) Review during service training. 3) Review basic Crime Scene procedures with BCAD leadership	BSO Training Command, Crime Scene Unit Command, BSO Airport District Command, BCAD	BSO Training Division, Crime Scene Cpt., BSO Airport District Cpt., BCAD	
Crime Scene	CRIME SCENE ACCESS COMPROMISED: Broward County Aviation did not stop airport staff from accessing secured areas throughout the terminal 2 prior to the airport/terminal being declared secure.	1) Review crime scene SOPs 2) Review during service training. 3) Review basic Crime Scene procedures with BCAD leadership	BSO Training Command, Crime Scene Unit Command, BSO Airport District Command, BCAD	BSO Training Division, Crime Scene Cpt., BSO Airport District Cpt., BCAD	

DRAFT

EOG-00196

Crime Scene	INSUFFICIENT AIRPORT DEPUTIES ASSIGNED TO CRIME SCENE TO ESCOURT CRIME SCENE UNITS: Once inside the terminal, CSU personnel had to be escorted through the terminal by private security as there were insufficient Airport Deputies to escort the number of LEO personnel on scene.	1) Airport District Deputies should be assigned to secure Crime Scene within the airport District and escort Crime Scene Unit personnel. 2) Look into CSU Detectives being issued SIDA badges	BSO Airport District, Crime Scene Command, BCAD	BSO Airport District Cpt., CSU Cpt., BCAD Operations Director	
Physical Protective Measures	ONLY UNIFORMED DEPUTIES ON POSTS: Uniformed law enforcement officers should posted at doors & entrances of the crime scene and for scene security. Not plan close officers.	1) Review crime scene SOPs 2) Review during in service training.	BSO Training Command, Crime Scene Unit Command	BSO Training Division, Crime Scene Cpt.	
Risk management for Protection Programs & Activities					

DRAFT

EOG-00197

Community Resilience					
Long Term Vulnerability Reduction	LACK OF TACTICAL TEAM AT CRITICAL INFRASTRUCTURES: BSO lacks a tactical team specifically dedicated to the protection of critical infrastructure.	Implement an Incident Containment Team at critical infrastructure locations such as Airport & Seaport	BSO Airport & Seaport Command	BSO Airport & Seaport Cpts.

Administrative / Finance	FUNDING: while tactical funding sources were almost immediately identified to compensate the agency for the number of resources spent during this event. Strategic funding sources where not. The Audio Evidence Unit was burdened with having to weed through hundreds of 911 and non-emergency calls, as well as DLE and FR transmissions, for the purposes of public records requests and investigative evidence. With 135 total calls received, and in combination with the DLE and FR transmissions, there is an estimated 444 hours of work to be done simply retrieving and redacting these materials, with an estimated cost of $19,200.00 in man hours required.	There must be consideration for "post incident" strategic funding as well to compensate those entities that will continue to serve in the evidentiary capacity well beyond the timeline of the actual working incident.			

DRAFT

PERCEPTIONS OF "SOFT" TARGET: An analysis of perceived armed police presence / resistance in areas historically subject to mass casualty incidents.

There is an abundance of classified and unclassified open source studies and reports to substantiate terrorists generally avoiding "hard targets". This is the consensus among the federal intelligence agencies and proven by several of the attacks that have occurred worldwide.

Also, this has been the shift with ISIS trying to inspire people to carry out low level, non-technical attacks on "soft targets"

We have known for some time now that terrorist groups prefer to attack "soft" targets because they usually lack proper security, and there are many more soft targets than hard targets. (Hotels, restaurants/night clubs, places of worship, trains and buses are targets of choice.)

There are some potential options identified before the selection of the actual target is chosen. The objective is to select a target that will produce the greatest results with the least amount of risk. The highest profiled location or site that has the weakest security measures is ideal.

Soft targets are more attractive targets because they generally have lower levels of security, are easily accessible without interference, and attackers may be more familiar and comfortable with those venues.

The targets that terrorists choose are not going to be hardened or well protected facilities.

A joint intelligence bulletin issued by the Department of Homeland Security, FBI, and National Counterterrorism Center (NCTC) assesses that homegrown violent extremists (HVEs) are "increasingly favoring civilian targets" as part of a wider "variety of targeting choices." Previous assessments have found that HVEs are most likely to prioritize attacks on "law enforcement personnel, military members, and US Government-associated targets." However, a recent shift towards civilian targets has likely been driven by the accessibility of "soft targets" that are often less secure than government facilities and provide greater opportunities for conducting mass casualty attacks.

Terrorists can avoid security by attacking soft targets, such as public places with perceived lower levels of security that are difficult to protect. That terrorists have moved toward softer targets can be interpreted as an indirect indicator that security works.

Many criticize security as being "just for show." However, perception is an important component of security. The objective is to convince would-be attackers that they will fail. We tend to focus on detection and prevention. Judging by the evidence, the most important effect of security is deterrence.

SUGGESTION:

It is suggested that FLL position highly visible and well-armed Law Enforcement Officers at each public concourse entrance. In a recent terrorist attack in Florida, we are aware that the subject considered several targets, and eventually chose a target that had the lowest armed police presence. We can surmise that this particular terrorist was deterred by the perception of armed police resistance.

News Articles listed above identify that the public reacts positively to the sight of well-armed personnel at airports.

U.S. Active Shooter Incidents 2000 – 2016

In light of the deadly active shooter incident that occurred on January 6th, 2017, at Fort Lauderdale – Hollywood International Airport and the not so distant incident that occurred on November 1st, 2013, at Los Angeles International Airport, active shooters and acts of terrorism have propelled the Country and abroad to elevated states of vigilance to hardening soft targets and expanding their efforts to those areas perceived to be hardened. The need to develop and implement strategies designed to respond to an actual or threat of an Active Shooter / Suicide Bomber at Fort Lauderdale – Hollywood International Airport is paramount to functioning in the 21st Century mindset and tactics applied to public safety. No longer is the focus solely based on areas of commerce, educational institutions, public areas, governmental properties, houses of worship, residential communities and health care facilities, but have expanded to critical infrastructures such as airports and has exposed seaports as a potential future target. The dynamics have greatly shifted domestically since 2000, and the active shooter / terrorists have expanded their borders from the traditional aircraft cabin and fuselage, to the airport terminals check in counters, to include the baggage claim areas and exterior curbside access. All in which are pre / post security checkpoint areas, routinely less attractive to law enforcement and their dedicated efforts to thwart catastrophic outcomes.

In recent studies conducted by the FBI between the year 2000 and 2016, there have been 213 active shooter incidents throughout the country. Approximately 13.3 incidents per year, with a total of 645 persons killed and 789 wounded in the span of 16 years (U.S. Department of Justice, 2016). Also, between 2000 and 2016, there have been 61 incidents in which law enforcement terminated the threat. 2013 accounted for the highest number of incidents at 13, with some stabilization between 2014 and 2015 with a total of eight (8) for each year. Only two (2) incidents involved multiple shooters. Sadly though, 12 law enforcement officers have lost their lives, while 27 were wounded (Department of Justice, 2017).

DRAFT

Active shooter outcomes, between 2000 and 2015, reveal the following key findings (Department of Justice, 2017):

- 39 % (80) committed suicide.
- 38.5 % (79) were apprehended by law enforcement.
- 20.5 % (42) were killed by law enforcement (40) and private citizens (2).
- 2 % (4) at large, with one captured in 2015 (Department of Justice, 2017).

As of 2015, the number of active shooters killed has plateaued at seven (7), holding fast back to 2013 (Department of Justice, 2017). The apprehension of active shooters continues to increase, which would lends one to believe, that domestically, law enforcement is ramping up their efforts in combating the "new normal", within the active shooter realm. The paradigm shift is upon us, and the need to adapt is critical to preserving the integrity of our Country, our communities, soft targets, perceived hardened targets and the current trend within airports and vulnerable seaports.

Terrorist Crosshairs

Between 2014 and 2016, the United States was identified as the top country targeted by terrorists, specifically ISIS related, accounting for 41 (40%) out of 101 terrorist linked plots globally (House Homeland Security Committee Majority Staff Report, 2016, p. 4). Other countries affected by such threat are identified as France, the United Kingdom, Australia, Belgium, Germany, Spain, Canada, Turkey, Denmark, Italy, Egypt, Tunisia, Saudi Arabia, Israel, Indonesia, Libya, Kosovo, United Arab Emirates, Algeria, Switzerland, Bangladesh and Sweden (House Homeland Security Committee Majority Staff Report, 2016, p. 4). Such terrorist plots have been executed with a success rate of 44% with 56% resulting in disruption. Research further indicates that 53% of the attacks were encouraged, where only 47% of the attacks were actually directed (House Homeland Security Committee Majority Staff Report, 2016, p. 4). The terrorists are mostly male and of military age, which accounts for an 89% core group of males and 11% female, representing an average age of 26. The attacks have intensified throughout the years ranging from 30 (3 casualties) in 2014, 720 (48 casualties) in 2015 and 875 (58 casualties) in 2016 (House Homeland Security Committee Majority Staff Report, 2016, p. 4). States targeted throughout the country are as follows; Florida, New York, New Jersey, Ohio, California, Arizona, Michigan, Missouri, Philadelphia, Massachusetts, Texas, North Carolina and Illinois (House Homeland Security Committee Majority Staff Report, 2016, pp. 8-15). Key findings of the House Homeland Security Committee Majority Staff Report confirm the following:

- The United States is the most targeted country.
- The terrorist's attacks are becoming deadlier with elevated destructive outcomes.
- Independent followers are heavily involved in external operations.
- The terrorists are capitalizing on cloaking their efforts on a greater scale.
- Explosives are playing a bigger role in their attacks.
- "Lone Wolf" attacks are not exclusively carried out alone.

Targets of choice are government locations and employees, military personnel, law enforcement officers, public transportation and entertainment venues.

DRAFT

Recent Domestic and Foreign Airport Attacks

Los Angeles International Airport, Los Angeles, California:

On November 1st, 2013, at approximately 0918 hours, a "lone wolf' active shooter (Paul Cianca) entered the Los Angeles International Airport and made his way to Terminal 3. Once at the terminal, the shooter, at point blank range, shot and killed TSA Officer Gerardo Hernandez. The shooter then fled the area, while continuing to shoot at and injure airport patrons and staff. The shooter continued his movements toward airport gate areas, which ultimately resulted in his capture. The entire incident, from gunshot to apprehension, transpired within approximately seven (7) minutes.

The event resulted in the displacement of approximately 4,500 airport patrons from terminals 1, 2 and 3, further inhibiting 20,000 passengers contained within 22 aircrafts and subsequent terminals. Efforts to restore airport operations lasted approximately 30 hours. The event greatly burdened law enforcement, fire personnel, airport staff, airport operations, private vendors and aviation endeavors nationally and internationally (Los Angeles World Airport, 2014).

Though the FLL Airport incident resulted in more fatalities and suffered a total loss of any and all passengers contained within, their abandoned luggage, required total evacuation, tactical sweeps, too include airport operations, common ground is realized in observations and recommendations made that greatly coincide with the struggles had during the FLL active shooter incident. The following are areas identified through literature review that parallel in comparison:

- Security and Incident Prevention.
- Response to Armed Threats.
- Airport Response Coordination.
- Alert and Response Mobilization.
- Communications.
- Incident Command.
- Unified Command.
- Airport Emergency Operations Center.
- Resource Management.
- Public Notification.
- Perimeter Access and Control.
- Evacuation and Shelters.
- Transportation.
- Clearing Operations.
- Recovery.
- Ascendancy and Administration.
- Risk Management.

Zaventem Airport, Brussels Belgium:

On March 22nd, 2016, at approximately 0758 hours, the Zaventem Airport located in Brussels, Belgium, suffered a devastating terrorist attack at the hands of three suspected terrorists. Two suitcase bombs were detonated within airport check in areas located at Terminal 3 and Terminal 11, killing two at the scene and one arrested weeks later (International Institute for Counter Terrorism, 2016). Furthermore, an assault rifle and an unexploded suicide belt were retrieved from the scene. At approximately 0924

DRAFT

hours, and in addition to the airport incident, a secondary attack was initiated upon the Maelbeek subway station by means of an explosive belt. The explosion occurred within close proximity to the Parliament of the European Union. ISIS, through formal written statements laid claim and full responsibility for both incidents. As a result of such horrific acts, approximately 32 people were killed and in excess of 300 were injured.

The Zaventem Airport bombing is the deadliest attack upon Brussels, Belgium to date. Such event forced security standards to be elevated beyond the traditional aircraft and expanded upon airport entrances, terminals, parking garages and perimeter points. Furthermore, the need to establish new counter-terrorism units to better deter and respond to complex, multi-area, assimilated and concurrent terrorist attacks was highly recommended based on such event (International Institute for Counter Terrorism, 2016). Literature review of the Zaventem Airport, though not thoroughly detailed, reflects an equal finding as it pertains to the FLL Airport event, though not a bombing, in relation to the hardening of the airports curbside, check in counters and the creation of tactical response teams dedicated to the ICS and active shooter / counter terrorism initiatives.

Orly Airport, Paris, France:

On March 20th, 2017, in an article published by the Chicago Tribune, , titled Paris Orly Airport attacker wanted to kill, die for Allah, authored by Nicolas Garriga and John Leiceter, clearly outlines the terrorist event that transpired on March 18th, 2017, during the "lone Wolf" attack upon military personnel stationed throughout the Orly Airport as part of "Operation Sentinelle". At approximately 0830 hours, Islamic extremist Ziyed Ben Belgacem entered the South Terminal area of the Orly Airport and immediately approached and attacked a female soldier and attempted to wrestle away her assault rifle, while holding her at bay and shouting that he wished to kill and die for Allah. As a result of such action, Belgacem, while in possession of a revolver managed to take control of the rifle and slung it upon his back. Belgacem continued his tirade, while positioning the soldier as a human shield and threatening her with his revolver squarely pointed at her head and shouting to responding soldiers "Put down your weapons! Put your hands on your head! I am here to die for Allah. Whatever happens, there will be deaths". As the event unfolded, Belgacem ducked behind the hostage soldier and was immediately engaged by the responding soldiers via three sequential gunshot bursts resulting in the death of Belgacem.

Approximately 3000 airport patrons were evacuated, 13 flights were held over, which were fully occupied and 15 flights diverted to Charles de Gaulle Airport. Upon the completion of a thorough search of the entire Orly Airport, operations were restored with the exception of the South Terminal (www.chicagotribune.com).

A timeline of Belgacem's last 90 minutes alive entails a traffic stop by French police, which resulted in an exchange of gunfire with one officer suffering facial injuries. Belgacem then fled to a neighboring town, where he visited a bar and again opened fire, ultimately carjacking a vehicle at gunpoint, which was driven by Belgacem to the Orly Airport. Belgacem had a criminal record for robbery and drug offenses and was currently out on bail and further banned from leaving France (www.chicagotribune.com). Belgacem is alleged to have been radicalized between 2011 and 2012, as a result of incarceration. Furthermore, in November 2015 his residence was targeted and searched by authorities as a result of the Paris bombing and gun attacks that resulted in the death of 130 people(www.chicagotribune.com) .

Much is yet to be revealed due to the early stages of the criminal investigation, limited access to information and the absence of any structured after action reports. Comparisons made to the FLL

DRAFT

shooting are solely based on the fact that an intended terrorist driven active shooter incident occurred within the Orly Airport, large scale patron evacuations were conducted, total disruption of airport operations and tactical sweeps of the entire airport grounds were conducted.

The incident was superbly contained and immediately disrupted by the termination of the target. France is heavily protected by soldiers who play an active role in "Operation Sentinelle". Approximately, 7,500 troops are deployed throughout France tasked in providing a strong presence, deterrent to attacks, tactical deployment and vigilant responses to terrorist plots.

Airport False Alarms and Their Consequences

John F. Kennedy International Airport (JFK), New York:

On August 14th, 2016, at approximately 2133 hours, an emergency call pertaining to alleged gunshots and a man who was supposedly armed with a handgun was received at the Port Authority Police Department (PAPD) desk. The caller was a female airport employee, who was located in Terminal 8. Furthermore, the female stated that there was a large disturbance taking place. Multiple subsequent calls were received reiterating such information, which led to believe that there was an active shooter incident taking place (Port Authority Police Department, 2017). Upon law enforcement response, airport patrons were observed fleeing the airport terminals, to include TSA agents that were actively vacating and expressing their fears of an active shooter. PAPD immediately put into motion their active shooter protocols and commenced in closing down roads, the identification of staging areas, agency notifications and the establishment of a command post (Port Authority Police Department, 2017).

At approximately 2157 hours, information was obtained via PAPD operations personnel that Terminal 1 was further reporting possible gunshots. Two strike teams diligently responded and verified that no active shooter incident was occurring and no signs of such action existed (Port Authority Police Department, Police Academy Training Review, 2017). Aggravating circumstances to the event consisted of revelations made by Korean Airlines staff members that a gun was allegedly observed, causing aircraft passengers to panic and deploy the rear emergency slides and evacuate. Surrounding terminals self-evacuated in to sterile airport environments and AOA's (Port Authority Police Department, 2017).

Immediate efforts were made to dispel any further fears and quell potential threats, which resulted in the securing of the affected areas and the sound return of airport operations. The event lasted approximately three hours, causing all air traffic to cease and further delays to airport operations (Port Authority Police Department, 2017).

The BSO Airport District suffered similar consequences during its secondary event. Contributing factors were identified by the failure to verify an active shooter incident, other than solely relying on civilian reports and patron yells, and not factoring the absence of an identified shooter, persons wounded or injured, evidence of a shooting and corresponding damage. Those receiving the initial information should most importantly attempt to confirm that the situation is real, obtain critical information such as a location and suspect description in allowing for an educated response, opposed to relaying misinformation in furtherance of setting in motion mass panic.

The BSO Airport District incident involved numerous unfounded reports of an active shooter spanning across all terminals, parking garages, perimeters, roadways and runways. The event would have been

DRAFT

EOG-00218

greatly minimized if proper vetting tactics and containment of critical areas were properly supported by vigorous assessment and confirmation by responding personnel.

SUMMARY, NOTES, & CONCLUSION

January 6th, 2017, brought upon the Nation's most tragic airport active shooter mass casualty event in history. The event and its aftermath, serves as a grim reminder that the 21st Century has forced airports and their methods of operation to drastically change. September 11th, 2001 served as the tipping point to the continued erosion of society and enabled the evolution of terrorist and active shooter attacks. The global impact on the world's airports transcends security efforts beyond the traditional mindset, forcing antiquated leadership to reflect upon recent trends and question their willingness and ability to adapt, change and engage in order to suppress the "new normal".

In 2013, the LAX Airport attack marked the uptick of the new trend, and should have instilled much concern upon the airport industry, its police service and methods of training and preparation of all its stakeholders. Unfortunately, tragic events become forgotten with time, and the sense of urgency to react only becomes real when it lands squarely on ones lap. Too many times, the loss of lives attached to such events is what forces change.

The confusion, chaos and magnitude of the event, tested all involved and challenged every aspect of a conceivable remedy to alleviating the torment instilled by the event. Mistakes were made, lessons were learned and the self-effacement of key role players carries on, but the path to success always involves a degree of discomfort. This event will not be the last, but marks the day as a new era in changing the dynamics of the FLL Airport, the BSO Airport District and the southern region of Florida, to elevate their tactics and prepare in defending against any conceivable future attacks upon its airports.

The roadmap has been identified, the unification of stakeholders has commenced and the vision has clearly been defined. Collaborative efforts to enable foreseeable inputs and the realization of stellar outcomes remain steadfast and ongoing with anticipated commendable returns.

PREFACE:
Definition and Purpose of this Critical Incident Report

A Critical Incident Report (CIR) is a professional discussion of an event that enables the leadership of the Broward Sheriff's Office (BSO) to identify what happened, why it happened and how to sustain strengths and recognize opportunities for improvement. It is a tool leaders can use to get maximum benefit from every mission or call for service. This CIR is modeled after the United States Army's "A Leader's Guide to After-Action Reviews."[1] It provides:

- Candid insights into specific deputy, supervisor, commander and unit strengths and weaknesses from various perspectives
- Feedback and insight critical to response and tactical-focused training
- Details that are often lacking in evaluation reports alone.

Evaluation is the basis for the incident manager's assessment of a critical incident. No incident managers, regardless of how skilled, will see as much as the responders and supervisors who were involved in a critical incident and responded as trained in real time.

By focusing on individual tasks and by describing specific observations, responders, supervisors and incident managers identify strengths and opportunities for improvement and together decide how to improve their performances. This shared learning improves task proficiency, promotes esprit de corps and improves upon public safety.

BSO critical incident managers will use this information to organize input for unit training plans. Of course, CIRs are not cure-alls for unit training issues. Incident managers must still make on-the-spot corrections and take responsibility for training their deputies and supervisors. However, CIRs are a key part of the training process. The ultimate goal is to improve agency performance and capitalize on our successes during this critical incident.

Preceding this CIR, BSO conducted numerous interviews of participants, conducted numerous internal discussions with all involved units, examined video and audio evidence, reviewed televised, print, and social media broadcasts, examined internal infrastructure performance, examined external infrastructure performance, reviewed BSO's Comprehensive Emergency Management Plan (CEMP), reviewed the National Incident Management System (NIMS) and reviewed reports from several agencies that experienced critical emergencies at airports. This CIR includes and analyzes all information collected.

[1] A Leader's Guide to After-Action Reviews TC 25-20, 1993

EXECUTIVE SUMMARY

On Friday, January 6, 2017, Esteban Santiago boarded a Delta Airlines flight in Anchorage, Alaska, bound for Fort Lauderdale, Florida. Santiago checked one item as checked luggage – a semi-automatic handgun that was stored in an FAA-approved container. Santiago did not carry on or check any other luggage for this flight. Upon arrival at 1215 hours (12:15 p.m.) at the Fort Lauderdale-Hollywood International Airport (FLL), Santiago reclaimed his checked handgun, went into a bathroom, loaded the handgun and then proceeded to shoot and kill five people and wound six others in the Terminal 2 baggage claim area.

A BSO deputy sheriff assigned to a secure area of the upper floor of Terminal 2 heard the gunshots, called for backup, and within seconds, engaged Santiago. Santiago dropped his firearm and surrendered to the deputy. Santiago was arrested, and this senseless tragedy was over within 85 seconds from the moment Santiago shot his first victim.

In the immediate aftermath, deputies were now faced with the understandable general panic among travelers, visitors and airline employees that followed this mass shooting. Hundreds of people, including potential witnesses to the shooting, scattered and sought shelter – even into the Security Identification Display Area (SIDA) – including baggage carousel ports and other restricted areas. These actions immediately compromised the security of Terminal 2 at FLL.

Immediately upon arriving at the incident location responding deputies and BSO Fire Rescue and Emergency Services (BSO FRES) began triaging and treating the injured. A large crime scene that contained the victims and evidence needed to be secured. Concurrently, BSO deputies needed to locate and secure witnesses to the shooting while still remaining hypervigilant to the possibility of additional shooters or attacks.

While this scene was chaotic as expected, at this point, it was manageable from a law enforcement perspective. Active Shooter/Mass Casualty protocols were activated, appropriate local, state and federal notifications were made and additional resources were summoned to the scene. The BSO Mobile Command Post was set up, and overall command and control of the incident was established.

Subsequently, almost 90 minutes into this event, a customs and border protection officer heard what he thought were two gunshots coming from an upper roadway at FLL. The officer then asked a fire rescue captain if he heard the gunshots. The fire rescue captain then made a radio transmission to Broward County's Regional Communications (RC) that a law enforcement officer is reporting possible shots fired in the area of Terminal 2. The radio transmission of possible shots fired was repeated by dispatch as efforts were made to confirm the report. Although the report of gunshots was quickly dispelled, the repeated radio transmissions of "shots fired" were overheard and reiterated by law enforcement, civilians and airline personnel.

The words "shots fired" spread throughout the airport and triggered pandemonium as thousands of travelers, airline and airport employees began to escape from the concourses, gates, baggage claim areas, curbside loading areas and parking garages of all four terminals at FLL. Subsequently, there were repeated police radio transmissions and 911 calls into RC reporting shots fired at various locations throughout the airport prompting

multiple, rapid and very visible responses of heavily-armed law enforcement officers running to various airport locations. The sight of this law enforcement response only confirmed to civilians that the reports of shots fired must be accurate and increased the pandemonium, ultimately causing officials to shut down the entire airport.

All of the additional reports of shots fired were investigated and determined to be unfounded. At no point were any additional shell casings or damage by gunfire found anywhere except in the lower baggage claim area of Terminal 2. Also, a careful review of airport closed circuit television (CCTV) did not show any additional shootings or shooters. After many hours of assisting and evacuating over 10,000 people from the airport, with the exception of the lower baggage claim area of Terminal 2, FLL was reopened and operational again by 0500 hours (5 a.m.) the following morning.

In the wake of this tragic loss of life at FLL, it is the responsibility of BSO to objectively review and assess our response to the events. It is our goal that this effort is also of value to other law enforcement agencies and emergency responders, especially to those who are responsible to provide law enforcement services to airports. The following report provides a narrative of the multi-agency response and concludes with a summary of the observations and recommendations of BSO. In the end, the views and perspectives expressed in this report are from BSO and its members.

I would also like to acknowledge and express my sincere appreciation to all of our local, state and federal partners – both law enforcement and civilians – for their tireless efforts and assistance on January 6, 2017.

I especially want to recognize the Federal Bureau of Investigations (FBI) and Special Agent in Charge (SAC) of the Miami Field Division, George Piro. SAC Piro responded with his team, was on scene at FLL soon after this critical incident and demonstrated outstanding collaborative leadership as the response, support, assistance and cooperation of the FBI was nothing less than stellar.

In closing, let us remember and honor the five people who tragically lost their lives and the six seriously wounded on January 6, 2017. Words can never be adequate enough to convey our heartfelt condolences. The victims and their families remain in our thoughts and prayers.

Sheriff Scott J. Israel

EOG-00226

SPECIALIZED UNIT RESPONSE:
BSO FLL Airport District

The BSO Airport District works with the Broward County Aviation Department (BCAD), the Transportation Security Administration (TSA), the Airline Managers Association, airport tenants and ancillary federal agencies to provide law enforcement and fire rescue protection for the 1,380-acre airport site and its 12,500 employees. BSO provides law enforcement and fire rescue services for FLL and handles security measures related to parking and general airport security. The district has an annual operating budget of approximately $18 million, which provides for 122 positions consisting of one district captain, one lieutenant, nine sergeants, 87 deputies, 22 civilian airport security officers, one crime analyst and one administrative specialist II.

In 2016, FLL ranked 21st in the United States for passenger traffic and 13th in domestic origin and destination passengers. FLL accommodates approximately 290,239 total aircraft movements a year, which accounts for departure and arrival flights, while hosting approximately 29.2 million passengers a year – up 8.4 percent from 2015. FLL is an immense economic engine for Broward County, which employs 12,500 airport badged employees, 139,920 total jobs (direct, indirect, induced multiplier effect) with an overall payroll of $3.5 billion and a total output of $13.2 billion. FLL is Broward County's largest employer. FLL is monetarily self-supporting, with no tax revenues expended in support of airport operations, maintenance or capital improvements. FLL, through BCAD, generates its funding via user fees, rentals and other applicable airport charges.

PRIMARY EVENT:
Terminal 2 Shooting – Baggage Claim Area

On January 6, 2017, Santiago flew to the FLL on Delta Airlines Flight DL2182 that originated in Anchorage, Alaska with one connection (DL1088) in Minneapolis-St. Paul, Minnesota. Santiago departed the aircraft in FLL at 1215 hours (12:15 p.m.) and proceeded to the Terminal 2 baggage claim area, which is located on the ground level of the airport.

After waiting at Carousel 3 for several minutes, Santiago is paged by Delta Airlines staff via the overhead paging system to come to the Delta Baggage Service Office, which is located at the southeast end of the baggage claim area. Delta had paged Santiago so he could collect the firearm he had checked in a secured gun case at the Ted Stevens International Airport (ANC). Santiago checked no other luggage for his flight.

After claiming the checked firearm, Santiago walked through the entire baggage area to the west end of the baggage claim area where he entered a men's restroom and loaded the firearm. Santiago then concealed his firearm in his waistband and abandoned the firearm case in the bathroom. Santiago then exited the bathroom, walked east to the approximate center of the baggage claim area before pulling out the firearm and immediately began shooting random people in his vicinity. Panicked civilians fled the gunfire by any means available – including into access-restricted SIDA areas (i.e. baggage carousel ports, restricted areas, etc.). At this time, Terminal 2 SIDA integrity was compromised.

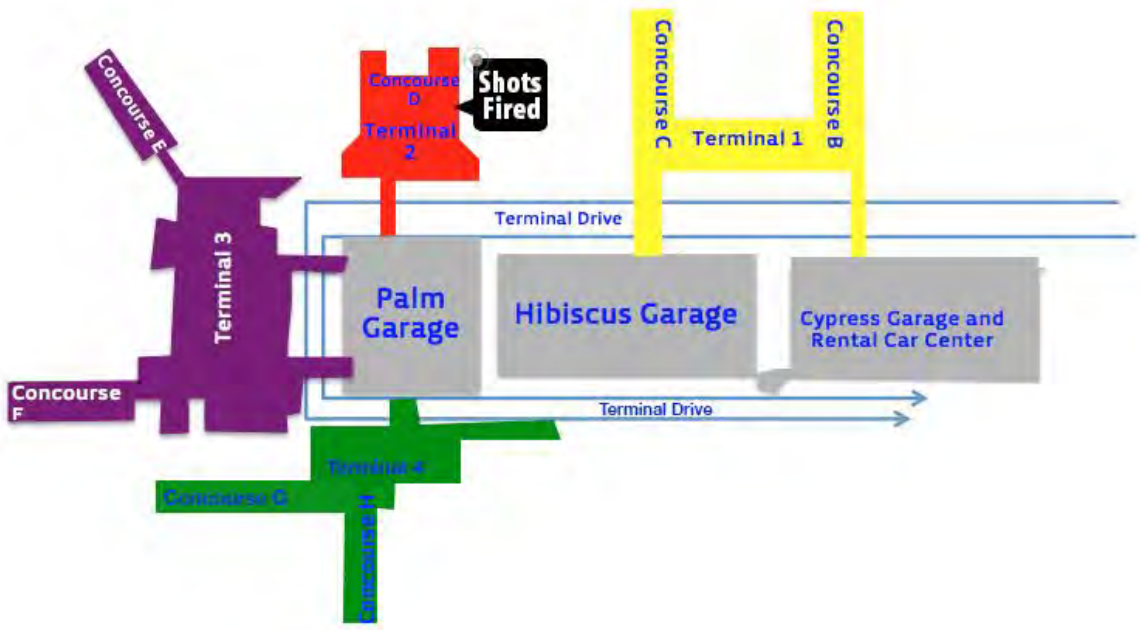
BSO deputies responded to the sound and radio calls of shots fired and had Santiago at gunpoint 85 seconds after the first shot was fired. Santiago immediately dropped the firearm

and surrendered to deputies. Within those 85 seconds, Santiago had fired 14 rounds, murdering five people and shooting six more.

Six deputies responded to the lower-level baggage claim area (via multiple doors) where they encountered hundreds of screaming and panicked travelers. BSO deputies assessed the existing threat while attempting to calm and control the travelers and employees. At the same time, deputies began establishing a perimeter and identifying and assisting victims.

From the time the witnesses were being secured until 1420 hours (2:20 p.m.), the events taking place were consistent for any homicide scene. Responding BSO resources (including BSO FRES personnel) and additional outside agencies established a crime scene and began the task of treating victims and securing witnesses and evidence. BSO's Explosive Detection Canine Handler (EDCH) teams were used to sweep the immediate vicinity for potential explosive devices while BSO Special Weapons and Tactics (SWAT) assisted to locate and secure SIDA areas of Terminal 2 that had been flooded by the initial fleeing of panicked passengers and airport employees.

During this time, an Incident Command Post (ICP) was established, along with a media staging area and the BCAD Airport Emergency Operations Center (AEOC). A plan was being enacted that would have made the SIDA of Terminal 2 beyond the TSA checkpoint "sterile" again. This would have allowed operations in Terminal 2 to recommence within a short time frame (with the exception of the homicide scene in baggage claim). Up to this point, the decision had been made to keep the remainder of the airport open excluding the lower-level roadway and Terminal 2.



EOG-00228

Timeline of the Primary Event

12:15:32 Santiago exits D-5 jet bridge and makes his way to the lower level of Terminal 2 to the Delta baggage claim area. He retrieves his checked handgun.

12:46:22 Santiago enters men's restroom located at the west end of Terminal 2 baggage claim area.

12:52:40 Santiago exits the restroom and proceeds east through the baggage claim area.

12:53:20 Santiago pulls a handgun from waistband and fires his first shot.

12:53:29 Delta Airlines checkpoint ticket employees at the upper level of Terminal 2 begin to hear the sounds of gunshots and start moving toward the central TSA checkpoint.

12:54:45 A deputy responding from his assigned area at the upper level of Terminal 2 TSA checkpoint sees the commotion, hears the gunshots and runs to engage Santiago, who immediately surrenders. Santiago is placed into custody and immediately removed from the crime scene to a secure area.

12:55:28 Six deputies enter the lower-level baggage claim area (via multiple doors) where they assess the existing threat, control hundreds of panicked civilians, begin establishing a perimeter and identify and assist victims.

12:58:54 Fire rescue personnel enter area to begin triage assessment.

13:05:44 Fire rescue begins treatment of victims.

13:06:52 Deputies begin securing the crime scene.

13:08:20 Lower-level airport roadway is shut down for emergency responders only.

13:11:24 Witnesses are moved to west end of lower-level baggage claim area in Terminal 2 with the intent of gathering their information and getting them onto an airport transport bus. (This process was being coordinated when the secondary event took place, rendering the plan no longer feasible).

13:35:18 Last victim is brought to Trauma Center.

14:20:00 Primary event ends.

EOG-00229

SECONDARY EVENT:
Reports of "Shots Fired" and Other Factors

At 1420 hours (2:20 p.m.), a U.S. Customs and Border Protection (CBP) officer was walking with several other CBP officers in the lower-level roadway between terminals 2 and 3 when he heard what he thought was possibly two gunshots (it is theorized that the noises heard were most likely cars on the upper roadway driving across an expansion joint in the road). The CBP officer questioned his fellow officers as to what he allegedly heard but he was immediately informed that they did not hear anything. In an effort to dispel any further fears, the officer ran back to Terminal 2 to determine if there was a secondary active shooter threat. CCTV shows the CBP officer running from the lower-level Ground Transportation Area (GTA) Terminal 3 toward the west end crosswalk at Terminal 2 where he met up with several BSO FRES personnel. A BSO FRES captain recalls a CBP officer running toward him with his firearm out and asking if he heard shots fired at Terminal 2. The fire rescue captain then reports this information over his designated radio channel to BSO FRES communications. Approximately 45 seconds later, this information is relayed across the primary Department of Law Enforcement (DLE) radio channel as, "Border Patrol reporting shots fired in Terminal 2."

Simultaneously, throughout the airport, CCTV shows deputies appearing to go on alert, while numerous requests via radio transmissions for confirmation of the shooting or location are made. In the AEOC, a group comprised of airport department heads and individual legacy airlines, heard the initial radio call via the fire rescue radio and subsequently the same radio traffic from a police radio reporting similar information. According to JetBlue representatives, a civilian had also stated on a hard line phone that "they are shooting in two again" – referring to Terminal 2.

Upon hearing the phone call and two radio calls, a JetBlue supervisor made a decision to keep their employees safe by sending an employee from the AEOC to the JetBlue ticket counters to begin clearing employees from the area.

The JetBlue ticket counters are located in the southern half of Terminal 3 with the passenger exit lane from surrounding concourses separating the northern and southern sides of the terminal. CCTV show the JetBlue employees clear the counter area and run toward the southernmost terminal access door. In the process of the employees running, passengers became alarmed and joined in the escape with the employees.

Three subsequent actions took place in a very short time frame once the JetBlue employee ticket counter began to evacuate:

- The TSA officers in Terminal 3 F Concourse Checkpoint observed the airline employees running, and they also ran west down the concourse.
- Some employees and passengers fleeing from the ticket counter evacuated east to the Palm Garage.
- Other employees and passengers fleeing from the ticket counter evacuated toward Terminal 4.

These actions created a cascading effect upon the rest of the airport in a very short period of time. The TSA officers running from F Concourse Checkpoint caused most of the F Concourse passengers, concession workers, and airline employees, to panic, and flee the concourse area onto the adjacent ramp. During an evacuation, the ramp workers would normally gather evacuating employees and contain them to a general area. In this case, and in all successive concourse evacuations that day, ramp workers had no prior notice of the impending evacuations and began to flee themselves as the panicked passengers and other employees were yelling that they were being shot at or that shots were being fired.

The airport employees and passengers fleeing toward Terminal 4 caused two deputies already on the curb, who were still trying to confirm the shots fired in the Terminal 2 incident, to un-holster their firearms and direct their attention to Terminal 3.

The airport employees and passengers fleeing to the garage appear to have created unidentified loud sounds that caused one of the deputies in front of Terminal 4 to make a radio transmission of “shots fired” coming from the Palm Garage. It is at this point, the radio system first went into “fail-soft” mode and all bridged talk-group connections to responding resources were lost. RC dispatchers attempted to reconnect talk-groups several times but were unsuccessful due to the number of transmissions the system was encountering. RC dispatchers advised all units to stop transmitting until the radio bridges could be restored. The bridges were restored within four minutes; however, the radio system began to “site trunk” and “throttle” transmissions, which resulted in partial transmissions from deputies and BSO FRES personnel.

As the “shots fired” call was being reported, the passengers who ran past Terminal 4 curbside deputies entered Terminal 4. Passengers and airport employees ran toward the checkpoint causing the TSA officers at the G Concourse Checkpoint and exit lane to flee down the H and G concourses. This resulted in passengers in both concourses to escaping toward the ramp and taxiways located on the west side of Terminal 4.

Once the call of “shots fired” in the Palm Garage occurred, law enforcement officers (LEOs) ran out of the terminals and from the curbsides toward the Palm Garage. These actions resulted in the following incidents:

- A 911 call is received from Terminal 3 of “shots fired.”
- Passengers reacted to LEOs in Terminal 2, both upper and lower levels, and ran toward the Palm Garage resulting in passengers on upper-level Terminal 2 to flee toward Terminal 3.
- Many of these passengers ran into the northernmost door of Terminal 3, which also caused passengers at the ticket counters in that area to flee and also caused the TSA officers at E Checkpoint to run down the E Concourse.
- E Concourse passengers, concession workers and airline employees began to flee the concourse toward the ramp areas. TSA officers reacting to the LEOs running toward the perceived threat out of Terminal 2 resulted in the TSA officers at the Delta Checkpoint to escape for the second time that day into the D Concourse.

EOG-00231

- This action resulted in passengers, who had returned to the concourse after they had fled the first incident, to begin evacuating to the ramp area. The ramp was still occupied in two locations by groups of passengers, concession workers and airline employees who had not yet returned to the D Concourse after the first evacuation.
- Upon hearing and seeing the new evacuation, the groups already on the ramp fled to new locations closer to the Terminal 1 and Terminal 3 ramp areas.
- Fleeing Terminal 4 passengers reported that a suspicious male was being detained at gunpoint, which was solely based on them overhearing a transmitted police radio communication of a "suspect at gunpoint." These communications were ultimately unfounded.
- The sudden response from LEOs responding from all locations and running toward a perceived threat, specifically in the Palm Garage, resulted in passengers moving eastward toward the Hibiscus and Cypress garages. CCTV shows the running, tension and confusion among the airport employees and passengers across the airport led to the knocking over of signs, stanchions and garbage cans. Consequently, people ran into doors, knocked them off their tracks, dropped luggage and tripped over strollers. All of these noises in such a short period of time appeared to have added to the confusion and seemed to account for various LEO reports of "shots fired" throughout the garages and in Terminal 1.

The increased LEO activity, coupled with passenger behavior, led to confusion in the C Concourse Checkpoint area which resulted in the TSA officers running into the C Concourse. As with the other terminals, such action led to the escape of passengers, concession workers and airline employees onto the airport tarmacs. Simultaneously, with TSA officers running from the C Concourse Checkpoint, the passengers in the west end of the Terminal 1 lower-level baggage claim area began running in various directions, primarily toward the east.

The BSO B Concourse Checkpoint deputy, who had been listening to radio transmissions of shots fired in various locations, and a radio call of a potential suspect in a white shirt running in the garages toward Terminal 1, posted himself at the mezzanine level at the B Concourse Checkpoint to observe all of the baggage claim area. As the passengers at the west end began to run toward his location on the east end, he heard what he perceived to be shots fired coming from that general area. The deputy relayed the information over the radio informing of "shots fired in Terminal 4," but corrected himself a few seconds later stating "shots fired Terminal 1." One minute after correcting himself, other LEOs reported "shots fired" in Terminal 1 and at Alamo Rent a Car located at the rental car center.

The sound and confusion of several dozen people running toward the direction of the B Concourse Checkpoint (via CCTV) caught the attention of the TSA officers at that location. As passengers ran up to the mezzanine level, the TSA officers ran from their checkpoint into the concourse. This action resulted in the near-complete evacuation of passengers, concession workers and airline employees to the ramp.

EOG-00232

Terminal 1 is the only airport terminal with three levels. The upper level is ticketing, the mezzanine has the B Concourse located on the east side, and the C Concourse located on the west side. Both mezzanines connect directly to either the Cypress Garage B Security Checkpoint or the Hibiscus Garage C Security Checkpoint via an enclosed bridge over the lower-level roadway. The lower level is primarily the baggage claim area for all of Terminal 1 airlines. Interviews with ear-witnesses to the sounds of gunshots, and a review of CCTV, reveal that the entire upper level appears to hear gunshots coming from the eastern mezzanine level. Subsequent interviews with those on the eastern mezzanine level, and review of the CCTV, clearly indicated that there were no shots fired at that location. The people interviewed in the eastern and mid-terminal location of the baggage claim area stated that the gunshot sounds they heard were coming from the western end of baggage claim.

It should be noted that Terminal 1 has been the source of most witness reporting of gunshots. Depending on the interviewee, they range from two to five shots with the succession of the shots fluctuating per interview. Though the terminal is under major construction, all of those interviewed reported having worked in that terminal for some time, and all stated they had never heard construction noise that sounded anything like the noise they reported hearing as a gunshot.

It should also be noted that all of the people interviewed stated the sound of gunshots was the reason they fled. An Interview was conducted with a TSA employee in the C Concourse Security Checkpoint, a Starbucks manager standing in front of a down escalator and a civilian BSO employee who was in front of the checkpoint standing in the western mezzanine area of the terminal. All three stated they never heard a gunshot, despite being situated just above the location where others interviewed believe the gunshot sound had originated. They stated they ran only because they saw others acting afraid and heard someone yell “run” or something similar to “they’re shooting.”

As of this writing, there has been no CCTV evidence or actual eyewitness to any type of intentional or unintentional shots being fired in Terminal 1. There have been no shell casings collected, despite reports otherwise, and no cleaning crews or airline employees have reported discovering any damage in Terminal 1 consistent with a gunshot. Attempted recreations of that sound by normal items found in those areas have been unsuccessful in identifying the sound. Interviews with Federal Air Marshal Service (FAMS) agents located in the western end of the baggage claim area also revealed that they never heard shots fired. The FAMS agents had proceeded out of that location after they observed a deputy move at a quick pace from the west end mezzanine level down to the baggage claim level and out the western exit door to the curb. After the three FAMS agents ran outside following the deputy, the alleged sound of shots fired occurred. The three FAMS agents deny having heard any shots, and CCTV of the entire lower-level curb area reveals no apparent concerned passengers or LEOs outside or any reaction to a loud noise or incident at that moment.

The total elapsed time from the moment employees and passengers began running from the JetBlue ticket counters in Terminal 3, which began the domino effect of escapes, to the point of passenger reactions in lower-level Terminal 1 baggage claim

EOG-00233

took 2 minutes and 53 seconds. 4 seconds later, TSA officers at the B Concourse Checkpoint began to flee. By the 3 minute 20 second mark, the majority of the airport passengers and employees had escaped to various locations in the airport.

Additionally, CCTV further shows a clearly-marked BSO patrol canine vehicle driving to Terminal 1 in response to a "shots fired" call. The deputy was forced to park his vehicle in the middle of the lower-level roadway as a result of the large number of civilians fleeing the baggage claim area and running across the roadway toward the garages. Once stopped, the deputy immediately jumped out of the driver's seat and began running toward the perceived danger in the baggage claim area. Simultaneously, one of the airport patrons ran toward the BSO vehicle and opened the rear passenger door with the intent of hiding in the vehicle. Upon opening the vehicle door, the patron encountered the patrol canine that proceeded to jump out of the vehicle and engage the patron. A nearby Florida Department of Law Enforcement (FDLE) agent observed what had happened and was able to restrain the canine. The civilian was provided medical assistance and transported to a local hospital with minor injuries.

Through the confusion of this canine incident, LEOs responding to the location reported the incident on the radio as a "gunshot victim"; or, in an attempt to clarify the incident, a "canine bite, not a gunshot." It appears that these transmissions were possibly only partially successful and the word "victim" became "gunshot victim." Either way, it seems to have added to the possibility to those listening on the radio that there was an additional shooter on the airport property. Shortly after this report of a gunshot victim, there was a new report of an additional shooter on the east side of the airport property near the A Concourse.

During the majority of the 3 minutes described above, there was a large number of LEOs responding to all three airport garages in an effort to locate a possible shooter. Multiple teams of LEOs are seen on CCTV throughout the garages and on every level tracking down a persistent report of a male in a white T-shirt. It appears this person or people, turned out to be civilian airport employees who had been running through the garages out of fear of the perceived threat. They had made their way to the Hibiscus Garage rooftop where they were intermingled with airport "plane-spotters."

Shots Fired Timeline

The following table identifies a timeline of "shots fired" calls (911 calls and police-initiated calls) and firearm-related calls heard over the primary radio channels and their respective locations related to the secondary event.

Time	Message Received	Location	Received From
1422 Hours (2:22 p.m.)	Shots Fired	Palm Garage	LEO
1424 Hours (2:24 p.m.)	Shots Fired	Terminal 3	911 Call
1424 Hours (2:24 p.m.)	Suspect at Gunpoint	Terminal 4	LEO
1424 Hours (2:24 p.m.)	Shots Fired	Terminal 4	LEO

1424 Hours (2:24 p.m.)	Shots Fired	Terminal 1	LEO
1425 Hours (2:25 p.m.)	Shots Fired	Terminal 1	LEO
1426 Hours (2:26 p.m.)	Shots Fired	Rental Car Center	LEO
1426 Hours (2:26 p.m.)	Gunshot Victim	Terminal 1	LEO
1436 Hours (2:36 p.m.)	Additional Shooter	Train Tracks Adjacent to Airport	LEO
1454 Hours (2:54 p.m.)	Shots Fired	Huizenga Hangar	LEO
1519 Hours (3:19 p.m.)	Three Firearms Recovered	Palm Garage	LEO
1522 Hours (3:22 p.m.)	Shots Fired	Terminal 3	911 Call
1524 Hours (3:24 p.m.)	Shots Fired	Huizenga Hangar	Fire Rescue
1636 Hours (4:36 p.m.)	Rendered Safe	Railroad Tracks	LEO

Ramp Issues

The normal operating procedure for airport evacuations (from the concourse to a ramp) is for ramp employees of the various airlines to collect the passengers as they evacuate down the concourse stairwells. The employees form a loose “bubble” or “perimeter” around the passengers to contain them and keep them away from the various hazards found on an airport ramp. With multiple reports of gunshots, ramp employees suddenly and unexpectedly found themselves becoming part of the fleeing crowds joining in the escape until they eventually stopped, oftentimes at other concourses or terminals.

CCTV shows extremely large groups gathering near the G-14 ramp area of Terminal 4. A similarly large number were located on the ramp between E and F concourses of Terminal 3. Terminal 2 had several large groups around the concourse, and the majority of Terminal 1 evacuees made it from the concourse to the taxiways and onto the runway located on the north side of the airport.

Many patrons within these groups still had possession of their tablets or cellular phones and were monitoring social media or spoke with friends and family who informed them of what the various news channels had reported. This added to, and heightened, group anxiety as those with social media access would then relay this information to others near them. One specific incident illustrates how such communication led to approximately 400 people fleeing the ramp locations and attempting to seek shelter at alternate airport runways.

An employee of an airline had evacuated a concourse to the ramp and was embedded with a group of approximately 200 people. The group was startled at one point and fled to another location, joining a similar-sized group. The initial employee stated that there was a lot of anxiety in the group, and people were relaying to one another the state of their situation through phone conversations between friends, family and social media. The same employee stated someone shouted for everyone to move away from the building they were adjacent to because there were reports of additional shooters. At the same time, this employee was standing next to his friend who was on the phone with a relative. The friend stated something to the effect of “…we should get down…” The employee’s uneasiness and his reaction to such statements made ultimately led to the

employee shouting, “We should run!” With that, CCTV shows the crowd of approximately 400 people running toward the airport’s northern runway. Those who lagged behind were directed toward the runway by employees who, according to interviews, felt that it was the safest place for people to be. Others interviewed stated they had just run with the group because they heard people shouting that shots were being fired. Alternatively, others stated they did not know why they were running.

Concurrently, several of these mass groups made it to the airport’s northern runway and were eventually split into 2 groups of approximately 1,000 people each. One group ended up at a commercial hangar located on the northern side of the airport, and the other filtered out of a construction gate located on the east side of the airport. This gate was manned by private security officers.

The private security officers stationed at the construction gate had opened it for the entry of a fire rescue ambulance. At the last moment, the fire rescue personnel decided not to enter the gate because they were hearing reports of “shots fired” on the runway. While the gate remained open, and with a very large group of people walking toward the gate, a fire rescue paramedic advised the security guards to leave the gate open for the approaching group. The private security guards complied, and hundreds of people made their way out of the airport via the east construction gate. Those who exited via the gate preceded north down the Florida East Coast (FEC) railroad tracks into the City of Fort Lauderdale.

Suspicious Person with Suspicious Package

One exception to this group was a 22-year-old male who chose to run east when the rest of the crowd was walking north. This individual ran toward Fort Lauderdale Police Department (FLPD) law enforcement officers who were assisting in closing the roadway at a primary entrance into the airport. Those officers had been hearing reports on their radios of the multiple active-shooter incidents, as well as reports that other shooters may be amongst the civilians. The individual running toward them was doing so with a backpack in one hand and a cellphone in the other. The individual refused to comply with several commands to stop before being ordered to the ground at gunpoint.

The subject was interviewed by FLPD and, based on his statements, a decision was made by the FLPD Bomb Squad to use a disruption device on the individual’s backpack. Notifications were made over the primary radio channel that there would be an intentional disruption that might sound like an explosion. Once rendered safe, the backpack was then searched and found to be absent of any explosive materials and only contained personal items. The FBI responded to the scene to conduct a follow-up interview and ultimately released the individual without charging him.

Ensuing Issues and Recovery

By approximately 1530 hours (3:30 p.m.), there had been no conclusive evidence to confirm another shooter was present at the airport. Though numerous law enforcement and 911 reports of "shots fired" had occurred, there had been no confirmed suspects or victims located. With a very hypersensitive civilian population of approximately 10,000 people walking or hiding randomly around the airport, concourses, offices, jet bridges, garages, ramps and terminals – or stranded on the 22 aircrafts on the tarmac – BSO was faced with establishing incident priorities to address life safety, incident stabilization and property conservation. Some of those challenges included:

- Providing for life-safety concerns for approximately 10,000 people on the airport property
- Securing the airport, to include public areas (i.e. garages, ticket counters, baggage claim areas) and SIDA locations
- Ensuring the safety of more than 20,000 pieces of abandoned belongings and valuables to achieve property conservation.

At this point, bringing the people back into the concourses was not an option for several reasons. Primarily, there remained a security concern that other shooters could be potentially amongst the airport population. Additionally, there were too many reports of shots fired, leading incident managers to believe there were additional threats.

All concourses, terminals and garages had people hiding in them, and those locations were physically cleared to ensure the safety and sterility of the post-security areas, as well as the public areas of the airport. Civilians could not be allowed back into concourses or security checkpoints, as thousands of personal items had been discarded by those fleeing. Wallets, purses, cellular phones, tablets, passports, bags and more had been dropped or abandoned as people fled. Airport restaurants and shops had also been abandoned with cash drawers left open and merchandise left unattended. There was no way to locate staff or even know if they were still on the airport property.

BSO Command, in coordination with the Sheriff's Emergency Operations Center (SEOC), determined all civilian personnel without other means of transportation would be moved to an off-site location that was deemed secure. Port Everglades was chosen, as it is less than one mile away from the airport, has fixed perimeter security, routinely handles large volumes of passengers, can accommodate transportation services, and is conducive to interviewing people.

The movement to the port would have to occur from the upper terminal roadways due to the fact the lower level would have to remain closed as a result of the Terminal 2 shooting. However, this movement could only commence once the Cypress, Hibiscus and Palm parking garages (nine floors, seven floors and four floors respectively) could be deemed secure from threats. With the plan to populate the curbs with thousands of people waiting for buses, a shooter in a garage could have had a devastating effect.

By 1530 hours (3:30 p.m.), a SWAT team leader from each of the 18 different departments was directed to the BSO SWAT command vehicle, where individual teams were tasked to specific garages. The mission was to clear every vehicle, office and stairwell in that specific garage and report suspicious activity, items or persons. A clearance meant a visual inspection of the interior and exterior of every vehicle, office or stairwell, and a pat-down of any persons found in those locations. Persons located were directed out of the garage to a temporary holding area which was being secured by LEOs. Throughout this process, several hundred civilians were found hiding under or inside of vehicles and offices. As a result of the visual inspections of parked vehicle interiors, follow-up investigations were required where firearm storage cases were observed. Additionally, fuel canisters, “jerry cans” and other suspicious items were located. By 1825 hours (6:25 p.m.), all three garages were deemed safe, and SWAT teams redirected their efforts to clearing individual terminals.

While these clearances began, BSO Command was working with Broward County representatives to obtain as many buses as possible to transport the massive civilian population to Port Everglades. The staging area for the buses was on the western side of the airport where Fixed Based Operations (FBO) were located and prepared for evacuation. Access to these FBOs had been shut down when the secondary event began and were easy to secure and maintain with minimal civilian traffic. Approximately 47 buses were utilized from various sources to include Broward County Mass Transit, BSO prisoner transport and much smaller special needs transport vans and trolleys.

While the buses were being obtained and the SWAT teams were clearing the secure side of the concourses and terminals, law enforcement began moving thousands of civilians gathered at various points around the airport to the upper-level curbside locations of the four terminals. Such action required a loose police line within the concourses to move people from the ramps, through concourses and out to the roadway. With abandoned personal property throughout the concourses and terminals, law enforcement needed to ensure nothing was removed prematurely before property could be reunited with its rightful owner.

In order to return the property to its rightful owners, BCAD contracted with a civilian company BMS CAT that specializes in the recovery and reunification of personal property in mass-casualty incidents. To oversee the collection of the abandoned items, BMS CAT began the collection once each concourse and terminal was deemed safe by the SWAT teams. All terminals and concourses were declared clear by 2200 hours (10 p.m.).

At such time, the task to evacuate all airport patrons remained. This encompassed moving thousands of civilians from the FLL Airport to the port. It is estimated that over 2,000 LEOs from the tri-county area responded to the airport to offer some type of assistance. While this response was generally manageable from a traffic standpoint after the initial event, traffic control was challenging following the secondary event.

With the potential of six or seven active shooter incidents being reported at the same time, responding LEOs were parking vehicles in any location near the terminals and

EOG-00238

garages. Due to the nature of the incident, LEOs and their vehicles became separated. In addition, several dozen civilian vehicles had been left abandoned, without keys, along roadways into and out of the airport and in front of terminals. Several civilian vehicles ran out of gas after having been left to idle for many hours. Forty vehicles were towed to a contracted tow yard with dozens more being moved out of the roadway to allow for bus access to the terminals.

By 1930 hours (7:30 p.m.), the roadways had been made passable, and the buses began to pick up civilians for transport to Port Everglades. LEOs stationed themselves on curbs and roadways at all four terminals and assisted with the loading of passengers onto the buses. LEO vehicles conducted escorts of the buses for the trip to Port Everglades.

The SEOC terminated service at approximately 2300 hours (11 p.m.), and the airport command post ended service at 0100 hours (1 a.m.) on January 7, 2017. The Port Everglades command post closed at 0300 hours (3 a.m.). At that point, the port was empty of all civilians with the Red Cross and Broward County services finding beds and safe locations for the many passengers who had not intended on an overnight stay in Broward County.

With the exception of Terminal 2, FLL was open for business at 0500 hours (5 a.m.) on January 7, 2017. The BCAD staff and BMS CAT managed to return over 90 percent of the abandoned items to its rightful owners within one week of the incident. BCAD staff utilized personal and work vehicles to return property to the tri-county area, while overnight shipping was utilized for property traveling farther distances. The governor's office arranged for the Department of Motor Vehicles (DMV) to have staff on site beginning January 7, 2017 to assist with the issuance of replacement identification to Florida residents needing immediate identification for travel purposes. Several consulate offices were also available to assist those from foreign countries in obtaining emergency travel documents from their respected countries of origin.

The Terminal 2 departure level was reopened for business on January 7, 2017, while the baggage claim area was put back in service in sections over the following week. One week from the day of the shooting, Terminal 2 baggage claim area was completely reopened.

Broward County Regional Communications

The RC division is contracted by Broward County and is responsible for fielding emergency and non-emergency calls for police, fire and medical services within Broward County. Managing three Public Safety Answering Points (PSAPs) located in Coconut Creek, Sunrise and Pembroke Pines, BSO provides 911 and non-emergency intake, teletype and dispatch services for all unincorporated areas of Broward County, 29 law enforcement municipalities, 28 fire rescue municipalities and numerous special patrol areas including FLL, Port Everglades, BSO Department of Detention (DOD) and other areas. The division is comprised of an all-civilian command staff including one

director, one assistant director, three site managers, three assistant site managers, 41 supervisors and approximately 400 fully-certified public safety telecommunicators. In 2016, the regional PSAPs fielded over 2.5 million calls including 1.2 million incoming 911 calls or 6,000 - 7,000 telephone calls per day and dispatched approximately 1.8 million calls for service.

RC processed approximately 135 total calls directly related to this event and reviewed an estimated 444 hours of audio radio transmissions from the DLE and fire rescue talk groups assigned.

BSO Homicide Unit (Criminal Investigations Unit)

At approximately 1333 hours (1:33 p.m.), the BSO Homicide Unit arrived at the lower-level of Terminal 2. Contact was made with BSO Command staff and, after an initial briefing of the event was facilitated, it was initially determined BSO was the lead investigative agency on scene. The FBI arrived shortly thereafter and, after determining this was possibly a terrorist event, they assumed control of the scene.

The following information was relayed upon arrival:

- There were at least five deceased victims within the crime scene.
- There were at least six injured victims at local area hospitals being treated for their injuries.
- Hundreds of potential witnesses were waiting to be interviewed.
- Santiago was in custody in the BSO Airport District Office.
- Santiago's firearm was contained within the crime scene.
- BSO was securing the airport from further threat of violence.

SWAT

A total of 18 SWAT teams from the tri-county area were staged and assigned to specific locations following an initial briefing led by BSO Command. This enabled SWAT to conduct searches, sweeps and clearing operations of the entire BSO Airport District and its surroundings.

The Tactical Command Post (TCP) was set up and established on the lower level of Terminal 1, just east of the entrance, and secured behind fortified cover. Due to the vast law enforcement response, multiple agency radio channels (14 Ops) were needed to keep search teams organized and assigned to the task at hand. As SWAT teams arrived, proper assignments and radio channels were designated in efforts to deploy within the airport garages and terminals. They are identified as the Cypress Garage (nine floors), the Hibiscus Garage (seven floors) and the Palm Garage (four floors).

Due to the fact there were three garages to clear and three BSO team leaders, each team leader was assigned a garage and served as the team leader of a specific garage.

They actively monitored the progress of the SWAT teams searching and clearing on dedicated radio channels. During the clearing of the three garages, SWAT teams came across hundreds of civilians who were still in the garages hiding. The civilians were escorted by the assigned SWAT teams to holding areas outside of Terminal 1 until the garages could be completely cleared. Once the garages were safe, the tactical command post reassigned all SWAT teams to a specific terminal, either upper or lower, to continue clearing and rendering the terminals safe. The following indicates each garage and its clearing time:

- Hibiscus Garage – seven floors – cleared at 1730 hours (5:30 p.m.)
- Cypress Garage – nine floors – cleared at 1825 hours (6:25 p.m.)
- Palm Garage – four floors – cleared at 1825 hours (6:25 p.m.)

SWAT teams cleared all of the terminals and all of the connecting pathways by 2200 hours (10 p.m.), and all SWAT teams had cleared the airport by 2300 hours (11 p.m.).

BSO Forensic Services Division/Crime Scene

Immediately upon notification, the BSO Crime Scene Unit (CSU) personnel responded with the BSO Mobile Crime Lab. As additional local and federal resources arrived on scene, a command post was established, and once the situation was believed contained, supervisors began coordinating their response with federal authorities. Once the FBI was designated as the lead agency, they had control over the initial crime scene.

After reviewing all of the available assets, the FBI agreed to proceed with BSO CSU conducting the overall crime scene photography. BSO Traffic Homicide Investigators (THI) assisted by utilizing a laser scanner to map the scene. BSO CSU then processed all witnesses who had contact with the shooter or had visible blood evidence on their person. BSO CSU provided assistance to the FBI Forensics Team as they processed the interior of the scene and also coordinated the arrival of the Broward County Medical Examiner's Office. This allowed the FBI to proceed with the initial examination and identification of the victims. At the conclusion of processing, BSO CSU transferred all photos and collected evidence to the FBI Forensic Team for their investigative use.

OBSERVATIONS:
Opportunities for Improvement

The observations and recommendations listed below are derived from numerous inter-agency CIRs submitted from various departments and divisions within and outside BSO. Input includes information obtained during formal debriefings, follow-up discussions and roundtable sessions.

Observation 1: Active Shooter Response and Training

FEMA Core Capability: Interdiction and Disruption

The initial response to an active shooter situation must be rapid and coordinated with the goal of preserving human life. Training and the execution of established protocols are necessary to an appropriate response.

STRENGTHS

Strength 1: The response to the event was swift and decisive with Santiago being captured within 85 seconds of the first shot fired.

Strength 2: BSO mandates that all FLL district personnel attend the following courses of instruction – Response to Active Shooter (RAS) - four hours, Rescue Task Force (RTF) - four hours and complete NIMS courses Incident Command System (ICS) 100, ICS 700 and ICS 800.

Strength 3: FLL airport sworn and non-sworn credentialed staff are trained in the areas of airport security, airport operations and active shooter response protocols

Strength 4: Each TSA terminal checkpoint is staffed by a BSO deputy to assist TSA during screening operations and provide law enforcement presence during emergency situations and responses.

Observation 2: Crime Scene

FEMA Core Capability: On-Scene Security, Protection and Law Enforcement

STRENGTHS:

Strength 1: Rapid Incident Response – CSU personnel and equipment were at a state of readiness that allowed rapid response, including placement of the CSU Mobile Lab within close proximity to the crime scene.

Strength 2: Overall photography was captured in extremely high resolution utilizing state-of-the-art photography and mapping equipment only possessed by a handful of departments nationwide.

Strength 3: The CSU Mobile Lab allowed for the packaging and transferring of all forensic, digital and photographic evidence to the FBI while on scene.

OPPORTUNITIES FOR IMPROVEMENT (OFI)

OFI 1: Law enforcement personnel from numerous jurisdictions and bordering counties responded directly to the scene offering assistance. Although their presence and offers of assistance were welcomed, the “self-dispatching” of some other jurisdictions units created a need for staging areas to be identified early on during this incident. Once a staging area has been determined personnel can then be inserted into the mission in an organized and efficient manner.

OFI 2: Due to limitations of airport access, all CSU personnel should complete the necessary training and obtain SIDA badge access, preventing the need for additional escorts (and persons within the crime scene) during critical incidents.

EOG-00242

OFI 3: It is recommended that witnesses be relocated to an area away from the crime scene prior to providing statements.

Observation 3: Cohesive Interactions and Unified Command

FEMA Core Capability: Operational Coordination

The unification of leadership and the necessity to merge respected disciplines involved in the event is paramount to obtaining mass oversight of the BSO Airport District during a disaster. The key to successful coordination is a clear, concise and unchallenged chain of command. This is an essential component if outcomes are to be met.

STRENGTHS

Strength 1: The BSO Airport District maintains a close working relationship with BCAD and its obligations to the private sector.

OPPORTUNITIES FOR IMPROVEMENT:

OFI 1: The NIMS practices must be utilized where applicable for complex incidents involving multiple disciplines such as this tragic event.

OFI 2: BSO and BCAD must ensure Incident Command (IC) procedures are utilized and that in a law enforcement incident such as this one, BSO is clearly designated the lead agency based on the primacy of the incident.

OFI 3: Enhance the understanding of NIMS terminology, structure and process for escalating and complex incidents among participating entities (unity versus Unified Command (UC) and Operational Control of Incident Operations).

A) Assure unity of command for all incidents to maintain NIMS compliant operational control.
B) Employ UC at the discretion of the incident commander when there is more than one agency with incident jurisdiction. Agencies must work together through the designated members of the UC.

Observation 4: Sheriff's Emergency Operations Center

FEMA Core Capability: Operational Coordination

The SEOC must establish full communication with the ICP and all Emergency Operations Centers (EOCs) activated during disaster events such as the Broward EOC and the FLL AEOC. The Unified Command Post (UCP) must be privy to all communications surrounding the event and exclusively maintain all decision-making processes and components that may impact the event.

STRENGTHS

Strength 1: The SEOC is modeled after NIMS ICS.

Strength 2: The SEOC carries out the coordination function through:

A) Information collection and evaluation

EOG-00243

B) Priority setting
C) Resource management.

Strength 3: The SEOC is well organized and has several distinct advantages during an emergency because they:

A) Served as a conduit for information passed from the incident scene, through lower-level coordination agencies, to higher-level coordination entities
B) Allowed the incident commander to focus on managing the incident
C) Promoted problem resolution at a practical level
D) Provided strategic guidance and direction to support incident management activities
E) Were one of the facilities from which the multiple agencies or organizations involved were coordinated
F) Played a critical role in support of the on-scene response

Strength 4: The SEOC staff is highly trained and vetted.

Strength 5: Assignments to key positions at the SEOC are clearly defined.

OPPORTUNITIES FOR IMPROVEMENT

OFI 1: There is an important distinction between the SEOC and the ICP. When the callout was broadcast for the FLL event, the responding personnel needed to ensure they deployed to their scheduled destination (the SEOC or the scene).

OFI 2: Acute attention to staging areas and deployment of resources is paramount. The incident commander must immediately identify the appropriate ICP location while considering potential expansions or site deteriorations. Once the ICP is operational, the SEOC must rely upon the IC for operational decisions.

OFI 3: Selection of a singular incident commander is one key to successful coordination and chain of command. During the event, different incident commanders were declared by different entities.

OFI 4: A situational awareness notification of an active shooter incident at FLL was made by BSO emergency management personnel to the Sheriff's Policy Group and Crisis Action Team (CAT) members; however, this notification process should be reviewed due to having only one person dedicated to emergency management function.

OFI 5: The IC may select to relocate command and control to the SEOC as required by the specific of need of the incident.

ANALYSIS:

Decision-making at the SEOC affected both the incident response and the public response. The decisions made at the SEOC are not on-scene tactical decisions but are

EOG-00244

a critical link in the emergency response chain. Tactical decisions are made by the incident commander and the upper command staff at the incident scene.

The benefits of an effective EOC such as the SEOC are:

A) Helps establish a common operating picture
B) Facilitates long-term operations
C) Improves continuity
D) Provides ready access to all available information
E) Simplifies information analysis and verification
F) Promotes resource identification and assignment.

Observation 5: Public Information Addressing

FEMA Core Capability: Public Information and Warning

BSO's Public Information Office (PIO) prepares news releases, coordinates print and broadcast coverage of agency events and acts as the liaison between BSO and the local and national media at crime scenes and other activities that generate media interest.

Our best defense against misinformation is an informed public. PIO is tasked to use appropriate systems to deliver the right information to the right people at the right time. Information helps empower people to make effective decisions. Traditional broadcast news media and modern social media platforms (such as Twitter, Facebook and Instagram) are outlets to convey news and instructions to the public and potential victims. Coordination of accurate information is among the core critical needs of incident management.

STRENGTHS

Strength 1: The PIOs are highly-credible, experienced, professional and a tenured staff.

Strength 2: They had immediate access to all major branches of media and their representatives.

Strength 3: The PIOs were excellent in their response and management of high-level press conferences.

Strength 4: BSO PIO utilized social media platforms to inform the public of events.

OPPORTUNITIES FOR IMPROVEMENT (OFI)

OFI 1: PIO utilized social media platforms to confirm certain information but ceased to provide updates throughout the day. It is imperative that PIO receive accurate, timely information to ensure ongoing updates and include any changing dynamics of events.

EOG-00245

ANALYSIS:

The Regional Domestic Security Task Force (RDSTF) Mobile Joint Information Center (JIC) was established expeditiously and enabled PIOs to actively convey their presence to outside interests. Numerous participating agencies, and their PIOs, had established their base at the JIC, which proved inefficient due to its staging location. The staging area (predetermined) was much too close to the active scene and contributed to the wandering of media crews, their exposure to sensitive areas and the release of such images captured.

Observation 6: Mass Exodus, Relocation and Care

FEMA Core Capability: Mass Care Services

A critical component to an emergency response is the advanced planning and training on evacuation procedures. Evacuation procedures must include every conceivable situation and must be clearly understood by airport staff. Relocation of displaced persons of this magnitude to appropriate shelters proved to be challenging to coordinate and execute.

STRENGTHS:

Strength 1: Port Everglades was identified immediately as the primary shelter location.

Strength 2: Local hospitals were alerted and prepared to accept victims and evacuees requiring medical attention.

OPPORTUNITIES FOR IMPROVEMENT (OFI)

OFI 1: A set course of action for deploying buses and transport vehicles must be established prior to any critical incident at the airport. The delay in getting an adequate number of buses to evacuate passengers led to this incident being prolonged.

Observation 7: Broward County Regional Communications

FEMA Core Capability: Operational Communications

RC serves as the radio traffic controller to the BSO Airport District and a majority of Broward County as a whole. The communication of an active shooter threat via radio transmission creates a high level of concern among communications personnel. Preparing, training and planning for such an event enables for the minimization of predictable impediments that can potentially disrupt the responsibilities, capabilities and expectations of the communications staff.

STRENGTHS:

Strength 1: RC implemented an active shooter Standard Operating Procedures (SOP) and protocols that greatly assisted in the communication efforts and notification process of the event.

EOG-00246

Strength 2: RC staff remained steadfast throughout the many obstacles they faced which could have compromised their efforts in ensuring adequate and precise communications with ground personnel.

Strength 3: RC maintains a SWAT dispatcher program as part of SOP policy and mandatory protocols. SWAT dispatchers are highly trained for tactical and critical events.

Strength 4: All RC staff is certified in NIMS ICS 100, 200, 700 and 800 training.

Strength 5: RC staff is cross-trained in call-taking and dispatch functions allowing for versatility in skill sets during critical incidents and emergency events. The training administered to all RC staff provides immediate awareness for emergency DLE and fire rescue lifesaving events.

Strength 6: The Computer Aided Dispatch System (CAD) utilized by the RC division is preprogrammed to allow interoperability to 29 of the 31 municipalities and end users in Broward County.

Strength 7: The Motorola Gold Elite Radio Consoles are preprogrammed to allow interoperability tri-county through the selection of a single channel or via the "patch" and/or "multi-select" features.

OPPORTUNITIES FOR IMPROVEMENT (OFI)

OFI 1: Technological means of notification must be updated and expanded upon to ensure a wide-ranging and consistent message is delivered to all stakeholders.

ANALYSIS:

The enhancement of PSAPs and their design is critical to triaging monumental events. The ability to eliminate emergency call transfers and to allow countywide radio and CAD interoperability facilitates communication and eliminates gaps in timely responses to emergency needs. Attention to training, testing and the vetting of communications systems and processes, enables the continuous evolution of the PSAP's preparedness for emergency events.

During the event, communications operations suffered degradation to both the CAD and radio systems as usage immediately inundated both systems. Radio ID usage swelled from 1800 to over 3000 users, moments after the event. As a result, the communications system experienced site-trunking interruptions and system slowdown. During critical events, the radio and CAD systems are the communications center's primary lifeline. Any impact to both radio and CAD must be mitigated.

LESSONS LEARNED

Secure Checkpoints

Although they responded as directed, had the TSA checkpoint personnel not fled from the checkpoints, we may not have had a self-evacuation of the entire airport. This

caused the airport closure as taxiways and runways were compromised by civilians running out of fear and alarm. One important lesson from this event is to secure TSA checkpoints to the best of their ability. Once the initial threat is over, responding law enforcement should be directed to the open checkpoints to provide a sense of security to the TSA personnel. TSA personnel are civilians and are not under any authority to stay during a true emergency situation. However, the flight of TSA officers down a concourse can only lead to a concourse evacuation. If TSA feels they need to abandon and/or close a checkpoint under similar circumstances, law enforcement should escort them to another location which does not cause panic to the travelling public.

BSO Response: Work with TSA and BCAD to develop clear guidelines and expectations with regard to critical incidents/active killers within the airport.

Earpiece in EOC

The EOC or equivalent, for terminal evacuations, storm events, fire alarms, etc. must ensure that personnel utilize an earpiece to prevent civilian airport partners from misinterpreting law enforcement radio communications or acting upon those communications without further consultation. This was one of the initial challenges faced as overheard radio transmissions led to misinformation being disseminated and acted upon.

BSO Response: Work toward ensuring that all BSO personnel working the FLL Airport utilize earpieces and encourage BCAD and federal partners to do likewise.

Open the Gates

Geography might have some effect on this lesson learned, but if an airport should lose 100 percent of SIDA security (as FLL did in three minutes), consider allowing civilians to leave out of perimeter gates and self-evacuate where they can seek assistance outside the confines of the critical incident. Many of our civilians were stranded at the airport and port for up to 10 hours before being allowed the opportunity to find alternative transportation or housing.

BSO Response: Work with BCAD and federal partners to establish a clear set of guidelines and specific parameters to assist in the decision-making process of allowing civilians to leave the property in the event a critical incident occurs.

LEO Traffic Control for Open Lanes

An issue that has been reported in many critical incidents reports prior to this one is the need to keep those first responders coming to assist from clogging the roadways in and out of an incident. Although their response is commendable, motor and highway units should respond to assist with traffic and maintain an emergency lane where applicable.

BSO Response: Sheriff Israel has already met with the Broward chiefs, the Miami-Dade Police Department and the Palm Beach County Sheriff's Office to establish protocols and guidelines for responses from their departments during critical

EOG-00248

incidents. The Sheriff has also discussed the issue of "self-dispatching" with these entities.

Open Portions of Terminals/Restrooms

Consider a way to make at least one or two concourses or terminals sterile as quickly as possible to get civilians out of the external elements (heat, cold, rain, snow). Law enforcement will need to secure these areas until further decisions on the handling of civilians are made. This could require LEOs taking initial responsibility for securing and safeguarding many personal items from a particular area to ensure theft reports are minimized. Include protecting the vendor properties from theft (open cash drawers, product on the shelves, etc.) until vendors can be located and assume the responsibility. Passengers will need access to restrooms, and the airport authority will need to work with LEOs to locate the cleaning crews who stock and keep the few open bathrooms clean and serviceable.

BSO Response: Work with BCAD and airport partners to develop a consistent plan for securing some areas of the airport during a critical incident. Having one or two sterile areas is important to maintain order and reduce confusion and anxiety.

Disabled Passenger Transportation

Wheelchair-bound passengers, or those requiring extensive assistance in boarding buses, should be identified as early as possible with a plan in place to remove them from the scene. Many buses do not have adequate equipment to assist these passengers, and thought should be given to include a significant amount of these vehicles in any staging location. The use of personnel that are able to assist these individuals should also be incorporated into any event at the earliest possible moment. This is a serious issue that should be handled well before a critical issue takes place.

BSO Response: Ensure the airport transportation/evacuation plan includes specialized buses equipped to transport and evacuate disabled passengers.

Tabletop Training

Tabletop training of this event is vital to those responsible for securing airports. FLL lost 100 percent sterility of the entire airport in three minutes. This included passengers and airport employees running around aircraft on ramps, taxiways and runways. Future tabletop training must include specific details. For instance, it is easy to say that you are ordering buses to come and evacuate people. The details to that must include: Who is ordering them? From where are they coming? Where are they staging? Can they get to the location from where they are evacuating? Effective training must also include collaboration with TSA and other entities to maintain sterility of the SIDA where applicable.

BSO Response: BSO has already scheduled multiple training opportunities with regard to the FLL airport and critical incidents. Included in these trainings will be BCAD along with our local, state and federal partners.

EOG-00249

CLOSING

January 6, 2017 was a tragic day, challenging the bravery, resources, resiliency, dedication and professionalism of thousands of first responders and civilian personnel. Surrounded by extreme chaos, these individuals answered the call in exemplary fashion. Broward County is proud of these heroes. There was no way to prevent this tragedy or to prepare completely for the amount of unique obstacles that had to be overcome in a very short period of time. Through the leadership of Sheriff Israel, BSO personnel, the FBI, BCAD, all other law enforcement agencies, fire rescue, regional communications, and community partners, this tragic event was mitigated and investigated in an extraordinary manner. Upon the first deputy's arrival at the shooting, no additional lives were lost, the suspect was taken into custody, the scene was secured and this critical incident was handled. The goal of this CIR is to review the incident, the applicable responses and apply lessons learned as we prepare ourselves, and others, in the event an incident such as this happens again.

EOG-00252 - EOG-00709

SCHOOL RESOURCE OFFICER AGREEMENT

THIS AGREEMENT is made and entered into as of this 25th day of July, 2017, by and between

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA
(hereinafter referred to as "SBBC"),
a body corporate and political subdivision of the State of Florida,
whose principal place of business is
600 Southeast Third Avenue, Fort Lauderdale, Florida 33301

and

SHERIFF OF BROWARD COUNTY, FLORIDA
(hereinafter referred to as "SHERIFF"),
whose principal place of business is
2601 West Broward Boulevard
Fort Lauderdale, Florida 33311

WHEREAS, SBBC has established a School Resource Officer Program (hereafter referred to as "SRO Program") pursuant to applicable law; and

WHEREAS, SBBC desires that the SHERIFF provide law enforcement officers to serve as School Resource Officers (hereafter referred to as "SROs" or "SRO") in several public schools located within Broward County, Florida and the SHERIFF is willing to assign law enforcement officers to serve as SROs under the SRO Program; and

WHEREAS, the SHERIFF and SBBC agree that the SRO Program is a great benefit to the school administration, the student body, and the community as a whole and desire to enter into this School Resource Officer Agreement (hereafter referred to as "Agreement") to accomplish the purposes expressed herein; and

WHEREAS, the SHERIFF and SBBC understand and agree that the SRO Program is established for the purposes set forth under applicable Florida law including assisting in the prevention of juvenile delinquency through the provision of programs specifically developed to respond to the factors and conditions that give rise to delinquency.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals**. The parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

EOG-00710

ARTICLE 2 – SPECIAL CONDITIONS

2.01 **Term of Agreement**. Unless terminated earlier pursuant to Section 3.05 of this Agreement, the term of this Agreement shall commence on August 14, 2017 and conclude on June 7, 2018.

2.02 **Participating District Schools**. SHERIFF shall assign three (3) Deputies to serve as SROs at three (3) elementary schools operated by SBBC that are listed on the attached **Exhibit "A"** and two (2) Deputies to serve as SROs at two (2) secondary schools operated by SBBC that are listed on the attached **Exhibit "A"** (hereafter collectively referred to as "Participating Schools").

2.03 **Assignment of SROs**. The SHERIFF shall promptly notify the principal of the Participating School of the names of those law enforcement officers assigned to provide SRO services at the school. The SHERIFF may change the law enforcement officers assigned to participate as SROs at any time during the term of this Agreement. Unless precluded by law enforcement requirements or emergency circumstances, the SHERIFF shall at all times maintain SROs on duty during those regular school hours in which students are required to be in attendance the number of SROs specified in Section 2.02. However, at the discretion of the SHERIFF, any SRO may be assigned to patrol the neighborhoods surrounding their assigned school to address school security, truancy and juvenile delinquency issues. Each SRO assigned to one or more of the Participating School(s) shall attend any required SRO training programs conducted by SBBC. Whenever possible, the SHERIFF shall assign a replacement law enforcement officer, on a temporary basis, if the SHERIFF approves the absence of an assigned SRO for a period of absence in excess of two (2) days. The SHERIFF shall promptly advise the principal of the Participating School of the name of any replacement SRO assigned to provide services under this Agreement.

2.04 **Applicable Policies and Standards**. The SHERIFF shall ensure that the exercise of law enforcement powers by each assigned SRO shall be in compliance with the authority granted by applicable law. Each law enforcement officer assigned to the SRO Program shall perform his/her duties as an SRO in accordance with the School Resource Officer Standard Operating Procedure Manual and with applicable Florida law and SBBC policies.

2.05 **Duties of SROs**. An SRO shall not function as a school disciplinarian or security officer and shall not intervene in the normal disciplinary actions of the Participating Schools. Each assigned SRO shall act at all times within the scope of authority granted to the SRO by applicable law. Each SRO shall perform duties including, without limitation, the following:

a) the performance of law enforcement functions within the school setting;

b) the identification and prevention of juvenile delinquency (including substance abuse) through counseling and referral services);

c) the enhancement of student knowledge of the law enforcement function and of the fundamental concept and structure of law;

EOG-00711

d) the development of positive student concepts of the law enforcement community and promotion of positive interaction and enhanced relations between students and law enforcement officers;

e) the provision of assistance and support for crime victims (including victims of abuse) identified within the school setting;

f) the presentation of educational programs concerning crime prevention and the rights, obligations and responsibilities of students as citizens; and

g) the provision of assistance to SBBC in protecting and securing the school plant and its occupants.

2.06 **Student Instruction**. SBBC shall at all times maintain control over the content of any educational programs and instructional materials provided at the Participating Schools including those provided through the SRO Program. Each SRO will provide instructional activities to the students at his/her assigned school(s) in areas of instruction within the SRO's experience, education and training. Any activities conducted by an SRO as part of the regular instructional program shall be provided upon prior consultation and coordination with the principal of the Participating School.

2.07 **SBBC Contact Persons**. The principal at each Participating School shall be SBBC's on-site contact person for any SROs assigned to that school. In addition, this section confirms that SBBC's Superintendent of Schools has designated the Chief, Special Investigative Unit to serve as SBBC's liaison for the SRO Program.

2.08 **Payment for SRO Program Services**. SBBC shall pay to SHERIFF the sum of Two Hundred Thirty-One Thousand, Two Hundred Sixty Dollars and 00/100 Cents ($231,260.00). The SHERIFF shall invoice SBBC for SRO services rendered under this Agreement in ten (10) monthly installments with the first invoice being delivered to SBBC in August 2017, and subsequent invoices shall be delivered to SBBC on a monthly basis, with the final invoice delivered to SBBC in May 2018. Each monthly invoice shall contain reference to the respective installment to which it pertains and the date of this Agreement. Additionally, each monthly invoice shall be in the amount of Twenty-Three Thousand, One Hundred Twenty-Six Dollars and 00/100 Cents ($23,126.00). However, the SHERIFF shall make appropriate pro rata reductions in the amount invoiced during any month in which emergency circumstances reduced the amount of SRO services provided by the SHERIFF. Upon certification by SBBC's contact person designated in Section 2.07 that the SRO services provided by the SHERIFF were satisfactory, SBBC shall make payment for SRO services within thirty (30) days of its receipt of an invoice from the SHERIFF for such services.

2.09 **Inspection of SHERIFF's Records by SBBC**. SHERIFF shall establish and maintain books, records and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All SHERIFF's Records relating to the SRO Program, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and/or reproduction,

EOG-00712

during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze and verify any and all invoices, billings, payments and/or claims submitted by SHERIFF or any of SHERIFF's payees pursuant to this Agreement. SHERIFF's Records subject to examination shall include, without limitation, those records necessary to evaluate and verify direct and indirect costs (including overhead allocations) as they may apply to costs associated with this Agreement. SHERIFF's Records subject to this section shall include any and all documents pertinent to the evaluation, analysis, verification and reconciliation of any and all expenditures under this Agreement without regard to funding sources.

(a) SHERIFF's Records Defined. For the purposes of this Agreement, the term "SHERIFF's Records" shall include, without limitation, accounting records, payroll time sheets, cancelled payroll checks, W-2 forms, written policies and procedures, computer records, and any other supporting documents that would substantiate, reconcile or refute any charges and/or expenditures related to the SRO services provided under this Agreement.

(b) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations and/or reproductions, SBBC's agent or authorized representative shall have access to SHERIFF's Records from the effective date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to SHERIFF pursuant to this Agreement.

(c) Notice of Inspection. SBBC's agent or its authorized representative shall provide SHERIFF reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation and or reproduction.

(d) Audit Site Conditions. SBBC's agent or its authorized representative shall have reasonable access to any and all records related to this Agreement, subject to SHERIFF's reasonable security procedures, and shall be provided adequate and appropriate work space at the SHERIFF facility where such records are located in order to exercise the rights permitted under this section.

(e) Failure to Permit Inspection. Failure by SHERIFF to permit audit, inspection, examination, evaluation and/or reproduction as permitted under this Section shall constitute grounds for termination of this Agreement by SBBC for cause and shall be grounds for the denial of SHERIFF's claims for payment by SBBC for services relating specifically to the records not being permitted to be inspected.

(f) Overcharges and Unauthorized Charges. If an audit conducted in accordance with this Section discloses overcharges or unauthorized charges to SBBC by SHERIFF in excess of two percent (2%) of the total billings under this Agreement, the actual cost of SBBC's audit shall be paid by SHERIFF. If the audit discloses billings or charges to which SHERIFF is not contractually entitled, SHERIFF shall pay said sum to SBBC within twenty (20) days of receipt of written demand under otherwise agreed to in writing by both parties.

EOG-00713

(g) Inspection of Subcontractor's Records. SHERIFF shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this Section by insertion of such requirements in any written subcontract. Failure by SHERIFF to include such requirements in any subcontract shall constitute grounds for termination of this Agreement by SBBC for cause and shall be grounds for the exclusion of Payee's costs from amounts payable by SBBC to SHERIFF pursuant to this Agreement for services relating specifically to the records not being permitted by Payee for SBBC's inspection, and such excluded costs shall become the liability of SHERIFF.

(h) Inspector General Audits. SHERIFF shall timely comply and cooperate with any reasonable inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

(i) Exempt Records. Notwithstanding anything to the contrary contained herein, the SHERIFF's Records will not be open to inspection, examination, evaluation, reproduction or audit if prohibited by law.

2.10 **Notice**. When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the Parties designate the following as the respective places for giving notice:

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Chief-Broward District Schools Special Investigative Unit The School Board of Broward County, Florida 7720 West Oakland Park Boulevard – Suite 355 Sunrise, FL 33351
To Sheriff:	Sheriff Scott J. Israel Broward Sheriff's Office 2601 West Broward Boulevard Fort Lauderdale, Florida 33311
To District Captain:	Captain Jan Jordan Broward Sheriff's Office Parkland/District 17 6650 University Drive Parkland, Florida 33067

EOG-00714

2.11 **Indemnification.** Each party agrees to be fully responsible for its acts of negligence, or its agents' acts of negligence when acting within the scope of their employment and agrees to be liable for any damages resulting from said negligence. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations in or upon any third person or entity under this Agreement. None of the parties intend to directly or substantially benefit a third party by this Agreement. The parties agree that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

3.03 **Independent Contractor**. The parties to this agreement shall at all times be acting in the capacity of independent contractors and not as an officer, employee or agent of one another. Neither party nor its respective agents, employees, subcontractors or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. The SHERIFF shall at all times be responsible for all aspects of the employment, control and direction of Officers assigned as SROs under this Agreement. Nothing within this Agreement is intended to create an agency or employment relationship between SBBC and any officer assigned by the SHERIFF to participate in the SRO Program. All compensation, wages, salaries, benefits and other emoluments of employment payable to the SROs shall be the sole responsibility of the SHERIFF. No right to SBBC retirement, leave benefits or any other benefits of SBBC employees shall exist as a result of the performance of any duties or responsibilities under this Agreement. SBBC shall not be responsible for social security, withholding taxes, contributions to unemployment compensation funds or insurance for the SHERIFF'S officers, employees, agents, subcontractors or assignees.

3.04 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

EOG-00715

3.05 **Termination**. This Agreement may be canceled with or without cause by either party during the term hereof upon thirty (30) days written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC shall pay the SHERIFF for all services rendered through the effective date of termination.

3.06 **Default**. The parties agree that, in the event that either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) days written notice to cure the default. However, in the event said default cannot be cured within said thirty (30) day period and the defaulting party is diligently attempting in good faith to cure same, the time period shall be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) days notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to Section 3.05.

3.07 **Annual Appropriation.** The performance and obligations of SBBC under this Agreement shall be contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. In the event of such termination, SBBC shall pay the SHERIFF for all services rendered through the effective date of termination and the SHERIFF will not be obligated to provide services after the effective date of termination. No penalty shall accrue to SBBC in the event this provision is exercised, and SBBC shall not be obligated or liable for any future payments due or any damages as a result of termination under this section.

3.08 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be promptly refunded to SBBC.

3.09 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. The SHERIFF shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, the SHERIFF shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. The SHERIFF shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if the SHERIFF does not transfer the public records to SBBC. Upon completion of the Agreement, the SHERIFF shall transfer, at no cost, to SBBC all public records in possession of the SHERIFF or keep and maintain public records required by SBBC to perform

EOG-00716

the services required under the Agreement. If the SHERIFF transfers all public records to SBBC upon completion of the Agreement, the SHERIFF shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the SHERIFF keeps and maintains public records upon completion of the Agreement, the SHERIFF shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, REQUEL.BELL@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

3.10 **Student Records:** Notwithstanding any provision to the contrary within this Agreement, the CITY under this Agreement shall fully comply with the requirements of Sections 1002.22 and 1002.221, Florida Statutes, or any other state or federal law or regulation, including Family Educational Rights and Privacy Act of 1974 (FERPA) (20 U.S.C. 1232g), and its implementing regulations (34 C.F.R. Part 99), regarding the confidentiality of student information and records. All SHERIFF requests for student records made to SBBC shall be in compliance with this provision. The SHERIFF represents, warrants, and agrees that it will: (1) hold the student records in strict confidence and will not use or disclose said Records except as (a) permitted or required by this Agreement, (b) required by law, or (c) otherwise authorized by SBBC in writing. At the request of the District, the SHERIFF agrees to provide SBBC with a written report of the student records and information disclosed to third parties. A breach of these confidentiality requirements shall constitute grounds for the immediate termination of this Agreement. The SHERIFF agrees, for itself, its officers, employees, agents, representatives, contractors or subcontractors, to fully indemnify and hold harmless SBBC and its officers and employees for any violation of this section, including, without limitation, defending SBBC and its officers and employees against any complaint, administrative or judicial proceeding, payment of any penalty imposed upon SBBC, or payment of any and all costs, damages, judgments or losses incurred by or imposed upon SBBC arising out of a breach of this covenant by the SHERIFF, or an officer, employee, agent, representative, contractor, or sub-contractor of the SHERIFF to the extent that the SHERIFF or an officer, employee, agent, representative, contractor, or sub-contractor of the SHERIFF shall negligently violate the provisions of this section or of Sections 1002.22 and 1002.221, Florida Statutes. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes.

3.11 **Compliance with Laws.** Each party shall comply with all applicable federal, state, and local laws, codes, rules and regulations in performing its duties, responsibilities and obligations pursuant to this Agreement.

EOG-00717

3.12 **Place of Performance**. All obligations of SBBC under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and shall be payable and performable in Broward County, Florida.

3.13 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida.

3.14 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

3.15 **Binding Effect**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

3.16 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.17 **Incorporation by Reference**. **Exhibit "A"** attached hereto and referenced herein shall be deemed to be incorporated into this Agreement by reference.

3.18 **Captions**. The captions, section designations, section numbers, article numbers, titles and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.19 **Severability**. In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

3.20 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

EOG-00718

3.21 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.22 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

3.23 **Force Majeure**. Neither party shall be obligated to perform any duty, requirement or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.24 **Survival**. All representations and warranties made herein regarding indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds shall survive the termination of this Agreement.

3.25 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the date first above written.

SCHOOL RESOURCE OFFICER AGREEMENT

THIS AGREEMENT is made and entered into as of this 18th day of December, 2018, by and between

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA
(hereinafter referred to as "SBBC"),
a body corporate and political subdivision of the State of Florida,
whose principal place of business is
600 Southeast Third Avenue, Fort Lauderdale, Florida 33301

and

SCOTT J. ISRAEL, AS SHERIFF OF BROWARD COUNTY, FLORIDA
(hereinafter referred to as "SHERIFF"),
a Constitutional Officer whose principal place of business is
2601 West Broward Boulevard
Fort Lauderdale, Florida 33311

WHEREAS, SBBC has established a School Resource Officer Program (hereafter referred to as "SRO Program") pursuant to the Marjory Stoneman Douglas High School Public Safety Act; and

WHEREAS, SBBC desires that the SHERIFF provide law enforcement officers to serve as School Resource Officers (hereafter referred to as "SROs") in designated district public schools located within the municipalities in which the Sheriff provides primary law enforcement services and the SHERIFF is willing to assign law enforcement officers to serve as SROs under the SRO Program; and

WHEREAS, the SHERIFF and SBBC agree that the SRO Program is a great benefit to the school administration, the student body, and the community as a whole and desire to enter into this School Resource Officer Agreement (hereafter referred to as "Agreement") to accomplish the purposes expressed herein; and

WHEREAS, the SHERIFF and SBBC understand and agree that the SRO Program is established for the purposes set forth under applicable Florida law including assisting in the prevention of juvenile delinquency through the provision of programs specifically developed to respond to the factors and conditions that give rise to delinquency.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 - RECITALS

1.01 **Recitals**. The parties agree that the foregoing recitals are true and correct and that such recitals are incorporated herein by reference.

EOG-00723

ARTICLE 2 – SPECIAL CONDITIONS

2.01 **Term of Agreement**. Unless terminated earlier pursuant to Section 3.05 of this Agreement, the term of this Agreement shall commence on **August 8, 2018** and conclude on **June 5, 2019**.

2.02 **Participating District Schools**. SHERIFF shall assign deputy sheriffs to serve as SROs at selected schools within the jurisdictions in which SHERIFF provides primary law enforcement services listed on the attached **Exhibit A** (hereafter collectively referred to as "Participating Schools").

2.03 **Assignment of SROs**. The SHERIFF shall promptly notify the principal of the Participating School of the names of those law enforcement officers assigned to provide SRO services at the school. The SHERIFF may change the law enforcement officers assigned to participate as SROs at any time during the term of this Agreement. Unless precluded by emergency circumstances, the SHERIFF shall at all times maintain SROs on duty during those regular school hours, in accordance with the number of SROs specified in Section 2.02. "Regular school hours" shall be defined as beginning at least thirty (30) minutes prior to and ending at least thirty (30) minutes after the respective Participating School's posted school bell schedule. The SHERIFF shall assign a replacement SRO during the time that the assigned SRO is absent. The SHERIFF shall promptly advise the principal of the Participating School of the name of any replacement SRO assigned to provide services under this Agreement.

2.04 **Applicable Policies and Standards**. The SHERIFF shall ensure that the exercise of law enforcement powers by each assigned SRO shall be in compliance with the authority granted by applicable law. Each law enforcement officer assigned to the SRO Program shall perform his/her duties as an SRO in accordance with the School Resource Officer Standard Operating Procedure Manual ("SRO SOPM") and with applicable Florida law and applicable SBBC policies. SBBC shall not make changes to the SRO SOPM without prior notice to SHERIFF.

2.05 **Duties of SROs**. An SRO shall not function as a school disciplinarian and shall not intervene in the normal disciplinary actions of the Participating Schools. Each assigned SRO shall act at all times within the scope of authority granted to the SRO by applicable law. Each SRO shall perform duties including, without limitation, the following:

a) the performance of law enforcement functions within the school setting;

b) the provision of assistance to SBBC in protecting and securing the school plant and its occupants;

c) the identification and prevention of juvenile delinquency (including substance abuse) through counseling and referral services);

d) the enhancement of student knowledge of the law enforcement function and of the fundamental concept and structure of law;

e) the development of positive student concepts of the law enforcement community and promotion of positive interaction and enhanced relations between students and law enforcement officers;

f) the provision of assistance and support for crime victims (including victims of abuse) identified within the school setting;

g) the presentation of educational programs concerning crime prevention and the rights, obligations and responsibilities of students as citizens; and

h) **Law Enforcement Gun Safes/Lockers**.

1) The SHERIFF may, at the SHERIFF's sole expense and discretion, purchase and install one (1) or more gun safes or gun lockers at any Participating School;
2) The SHERIFF, at his/her sole discretion, may store any weapons in such gun safes or gun lockers as the SHERIFF deems appropriate to the performance of law enforcement duties;
3) The SHERIFF shall provide to the SBBC a letter from the SHERIFF's Risk Manager indicating that the SHERIFF is a self-insured municipal corporation, in accordance with Section 768.28, Florida Statutes;
4) The SHERIFF will ensure that the location selected for any gun safe or gun locker will be able to structurally-support the gun safe and its contents and that any installed gun safe or gun locker will not be easily removed or tampered with by unauthorized persons. The SHERIFF will coordinate with SBBC officials the location and placement of any gun safe or gun locker so such items may be incorporated within the Participating School's security plan; and
5) If at the conclusion of this Agreement, either party determines that they will not enter into an Agreement for the following school year, the SHERIFF will remove such gun safes, gun lockers and restore the premises to their original condition within ninety (90) calendar days from the notification of the parties intent to not enter into said Agreement or by the end of the term of this Agreement, whichever, occurs last, or such items shall become SBBC's property and SBBC may dispose of safe as it sees fit and appropriate. However, the contents of the gun safe or gun locker shall remain property of SHERIFF and SBBC shall return the contents to SHERIFF before disposing of the gun locker or gun safe.

2.06 **Student Instruction**. SBBC shall at all times maintain control over the content of any educational programs and instructional materials provided at the Participating Schools including those provided through the SRO Program. Each SRO will provide instructional activities to the students at his/her assigned school(s) in areas of instruction within the SRO's experience, education and training. Any activities conducted by an SRO as part of the regular

instructional program shall be provided upon prior consultation and coordination with the principal of the Participating School.

2.07 **SBBC Contact Persons**. The principal at each Participating School shall be SBBC's on-site contact person for any SROs assigned to that school. In addition, this section confirms that SBBC's Superintendent of Schools has designated the Chief, Special Investigative Unit to serve as SBBC's liaison for the SRO Program.

2.08 **Payment for SRO Program Services**. SBBC shall pay to SHERIFF the sum of Three Million, Sixty Eight Thousand Dollars and 00/100 Cents ($3,068,000.00) as specifically stated herein. The monthly cost per SRO is Five Thousand Two Hundred Dollars and 00/100 Cents ($5,200.00). The SHERIFF shall invoice SBBC for SRO services rendered under this Agreement in installments with the first five invoices for the months of August, September, October, November and December being delivered to SBBC in December, 2018; and subsequent invoices shall be delivered to SBBC on a monthly basis, with the final invoice delivered to SBBC in May, 2019. Each monthly invoice shall contain reference to the respective installment to which it pertains and the date of this Agreement. Additionally, each monthly invoice shall be in the amount of Three Hundred and Six Thousand, Eight Hundred Dollars and 00/100 Cents ($306,800.00). Upon certification by SBBC's contact person designated in Section 2.07 that the SRO services provided by the SHERIFF were satisfactory, SBBC shall make payment for SRO services within thirty (30) calendar days of its receipt of an invoice from the SHERIFF for such services.

2.09 **Inspection of SHERIFF's Records by SBBC**. SHERIFF shall establish and maintain books, records and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by SBBC under this Agreement. All SHERIFF's Records relating to the SRO Program, regardless of the form in which they are kept, shall be open to inspection and subject to audit, inspection, examination, evaluation and/or reproduction, during normal working hours, by SBBC's agent or its authorized representative to permit SBBC to evaluate, analyze and verify the satisfactory performance of the terms and conditions of this Agreement and to evaluate, analyze and verify any and all invoices, billings, payments and/or claims submitted by SHERIFF or any of SHERIFF's payees pursuant to this Agreement. SHERIFF's Records subject to examination shall include, without limitation, those records necessary to evaluate and verify direct and indirect costs (including overhead allocations) as they may apply to costs associated with this Agreement. SHERIFF's Records subject to this section shall include any and all documents pertinent to the evaluation, analysis, verification and reconciliation of any and all expenditures under this Agreement without regard to funding sources.

(a) SHERIFF's Records Defined. For the purposes of this Agreement, the term "SHERIFF's Records" shall include, without limitation, accounting records, payroll time sheets, cancelled payroll checks, W-2 forms, written policies and procedures, computer records, and any other supporting documents that would substantiate, reconcile or refute any charges and/or expenditures related to the SRO services provided under this Agreement.

(b) Duration of Right to Inspect. For the purpose of such audits, inspections, examinations, evaluations and/or reproductions, SBBC's agent or authorized representative shall

EOG-00726

have access to SHERIFF's Records from the effective date of this Agreement, for the duration of the term of this Agreement, and until the later of five (5) years after the termination of this Agreement or five (5) years after the date of final payment by SBBC to SHERIFF pursuant to this Agreement.

(c) Notice of Inspection. SBBC's agent or its authorized representative shall provide SHERIFF reasonable advance notice (not to exceed two (2) weeks) of any intended audit, inspection, examination, evaluation and or reproduction.

(d) Audit Site Conditions. SBBC's agent or its authorized representative shall have reasonable access to any and all records related to this Agreement, subject to SHERIFF's reasonable security procedures, and shall be provided adequate and appropriate work space at the SHERIFF facility where such records are located in order to exercise the rights permitted under this section.

(e) Failure to Permit Inspection. Failure by SHERIFF to permit audit, inspection, examination, evaluation and/or reproduction as permitted under this Section shall constitute grounds for termination of this Agreement by SBBC for cause and shall be grounds for the denial of SHERIFF's claims for payment by SBBC for services relating specifically to the records not being permitted to be inspected.

(f) Overcharges and Unauthorized Charges. If the audit discloses billings or charges to which SHERIFF is not contractually entitled, SHERIFF shall pay said sum to SBBC within twenty (20) calendar days of receipt of written demand under otherwise agreed to in writing by both parties.

(g) Inspection of Subcontractor's Records. SHERIFF shall require any and all subcontractors, insurance agents and material suppliers (hereafter referred to as "Payees") providing services or goods with regard to this Agreement to comply with the requirements of this Section by insertion of such requirements in any written subcontract. Failure by SHERIFF to include such requirements in any subcontract shall constitute grounds for termination of this Agreement by SBBC for cause and shall be grounds for the exclusion of Payee's costs from amounts payable by SBBC to SHERIFF pursuant to this Agreement for services relating specifically to the records not being permitted by Payee for SBBC's inspection, and such excluded costs shall become the liability of SHERIFF.

(h) Inspector General Audits. SHERIFF shall timely comply and cooperate with any reasonable inspections, reviews, investigations, or audits deemed necessary by the Florida Office of the Inspector General or by any other state or federal officials.

(i) Exempt Records. Notwithstanding anything to the contrary contained herein, the SHERIFF's Records will not be open to inspection, examination, evaluation, reproduction or audit if prohibited by law.

2.10 **Notice**. When any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. For the present, the Parties designate the following as the respective places for giving notice:

EOG-00727

To SBBC:	Superintendent of Schools The School Board of Broward County, Florida 600 Southeast Third Avenue Fort Lauderdale, Florida 33301
With a Copy to:	Chief-Broward District Schools Special Investigative Unit The School Board of Broward County, Florida 7720 West Oakland Park Boulevard – Suite 355 Sunrise, FL 33351
To Sheriff:	Sheriff Scott J. Israel Broward Sheriff's Office 2601 West Broward Boulevard Fort Lauderdale, Florida 33311
With a Copy to:	Major Nathan Osgood Broward Sheriff's Office 2601 West Broward Boulevard Fort Lauderdale, Florida 33312
With a Copy to:	Office of the General Counsel Broward Sheriff's Office 2601 West Broward Boulevard Fort Lauderdale, Florida 33312

2.11 **Indemnification.** Each party agrees to be fully responsible for its acts of negligence, or its agents' acts of negligence when acting within the scope of their employment and agrees to be liable for any damages resulting from said negligence. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes.

ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity**. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third Party Beneficiaries**. The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations in or upon any third person or entity under this Agreement. None of the parties intend to directly or substantially benefit a third party by this Agreement. The parties agree that there are no third party beneficiaries to this Agreement

and that no third party shall be entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

3.03 **Independent Contractor**. The parties to this agreement shall at all times be acting in the capacity of independent contractors and not as an officer, employee or agent of one another. Neither party nor its respective agents, employees, subcontractors or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. The SHERIFF shall at all times be responsible for all aspects of the employment, control and direction of Officers assigned as SROs under this Agreement. Nothing within this Agreement is intended to create an agency or employment relationship between SBBC and any officer assigned by the SHERIFF to participate in the SRO Program. All compensation, wages, salaries, benefits and other emoluments of employment payable to the SROs shall be the sole responsibility of the SHERIFF. No right to SBBC retirement, leave benefits or any other benefits of SBBC employees shall exist as a result of the performance of any duties or responsibilities under this Agreement. SBBC shall not be responsible for social security, withholding taxes, contributions to unemployment compensation funds or insurance for the SHERIFF'S officers, employees, agents, subcontractors or assignees.

3.04 **Equal Opportunity Provision**. The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

3.05 **Termination**. This Agreement may be canceled with or without cause by either party during the term hereof upon thirty (30) calendar days written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC shall pay the SHERIFF for all services rendered through the effective date of termination.

3.06 **Default**. The parties agree that, in the event that either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar days written notice to cure the default. However, in the event said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period shall be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to Section 3.05.

3.07 **Excess Funds**. Any party receiving funds paid by SBBC under this Agreement agrees to promptly notify SBBC of any funds erroneously received from SBBC upon the discovery of such erroneous payment or overpayment. Any such excess funds shall be promptly refunded to SBBC.

3.08 **Public Records**. The following provisions are required by Section 119.0701, Florida Statutes, and may not be amended. The SHERIFF shall keep and maintain public records required by SBBC to perform the services required under this Agreement. Upon request from SBBC's custodian of public records, the SHERIFF shall provide SBBC with a copy of any requested public records or to allow the requested public records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. The SHERIFF shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement's term and following completion of the Agreement if the SHERIFF does not transfer the public records to SBBC. Upon completion of the Agreement, the SHERIFF shall transfer, at no cost, to SBBC all public records in possession of the SHERIFF or keep and maintain public records required by SBBC to perform the services required under the Agreement. If the SHERIFF transfer all public records to SBBC upon completion of the Agreement, the SHERIFF shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the SHERIFF keeps and maintains public records upon completion of the Agreement, the SHERIFF shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to SBBC, upon request from SBBC's custodian of public records, in a format that is compatible with SBBC's information technology systems.

IF A PARTY TO THIS AGREEMENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 754-321-1900, RECORDREQUESTS@BROWARDSCHOOLS.COM, RISK MANAGEMENT DEPARTMENT, PUBLIC RECORDS DIVISION, 600 SOUTHEAST THIRD AVENUE, FORT LAUDERDALE, FLORIDA 33301.

3.09 **Student Records:** Notwithstanding any provision to the contrary within this Agreement, the SHERIFF under this Agreement shall fully comply with the requirements of Sections 1002.22 and 1002.221, Florida Statutes, or any other state or federal law or regulation, including Family Educational Rights and Privacy Act of 1974 (FERPA) (20 U.S.C. 1232g), and its implementing regulations (34 C.F.R. Part 99), regarding the confidentiality of student information and records. All SHERIFF requests for student records made to SBBC shall be in compliance with this provision. The SHERIFF represents, warrants, and agrees that it will: (1) hold the student records in strict confidence and will not use or disclose said Records except as (a) permitted or required by this Agreement, (b) required by law, or (c) otherwise authorized by SBBC in writing. At the request of the District, the SHERIFF agrees to provide SBBC with a written report of the student records and information disclosed to third parties. A breach of these confidentiality requirements shall constitute grounds for the immediate termination of this Agreement. The SHERIFF agrees, for itself, its officers, employees, agents, representatives, contractors or subcontractors, to fully indemnify and hold harmless SBBC and its officers and employees for any violation of this section, including, without limitation, defending SBBC and its officers and employees against any complaint, administrative or judicial proceeding, payment of any penalty imposed upon SBBC, or payment of any and all costs, damages, judgments or losses incurred by or imposed upon SBBC arising out of a breach of this covenant by the SHERIFF, or an officer, employee, agent, representative, contractor, or sub-contractor of the SHERIFF to the

extent that the SHERIFF or an officer, employee, agent, representative, contractor, or sub-contractor of the SHERIFF shall negligently violate the provisions of this section or of Sections 1002.22 and 1002.221, Florida Statutes. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes.

3.10 **Compliance with Laws**. Each party shall comply with all applicable federal, state, and local laws, codes, rules and regulations in performing its duties, responsibilities and obligations pursuant to this Agreement. However, nothing contained herein shall be construed as either party assuming the responsibility of the other party's obligations as defined by applicable law.

3.11 **Place of Performance**. All obligations of SBBC under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and shall be payable and performable in Broward County, Florida.

3.12 **Governing Law and Venue**. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida.

3.13 **Entirety of Agreement**. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

3.14 **Binding Effect**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

3.15 **Assignment**. Neither this Agreement nor any interest herein may be assigned, transferred or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.16 **Incorporation by Reference**. **Exhibit A** attached hereto and referenced herein shall be deemed to be incorporated into this Agreement by reference.

3.17 **Captions**. The captions, section designations, section numbers, article numbers, titles and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.18 **Severability**. In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

3.19 **Preparation of Agreement**. The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.20 **Amendments**. No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.21 **Waiver**. The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

3.22 **Force Majeure**. Neither party shall be obligated to perform any duty, requirement or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall a lack of funds on the part of either party be deemed Force Majeure.

3.23 **Survival**. All representations and warranties made herein regarding indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting requirements, and obligations to return public funds shall survive the termination of this Agreement.

3.24 **Authority**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the date first above written.

PREFACE

The purpose of this manual is to familiarize all Community Services staff with Community Services and its operation. It is a supplement to the Sheriff's Policy Manual and the Department of Law Enforcement Standard Operating Procedures. It is not intended to change, alter, or supersede any BSO rules, policies, procedures, or General Orders.

No existing or future policies will be interpreted by any employee to supersede any federal, state, or local law or any regulation or policy of the Broward Sheriff's Office. Such conflict will be immediately brought to a supervisor's attention.

It is also recognized that no document can be created which will cover absolutely all circumstances for all times. Therefore, this document is considered a flexible guide to operational efficiency. Sound professional judgment and responsible integrity should back up deviations made from the strict interpretation of this policy.

On occasion parts of this policy will be amended or rescinded, as dictated by specific needs.

Effective Date: July 1, 2017

Captain Scott Russell
Community Services Division

Major Nichole Anderson
Specialized Operations Group
Community Service Department

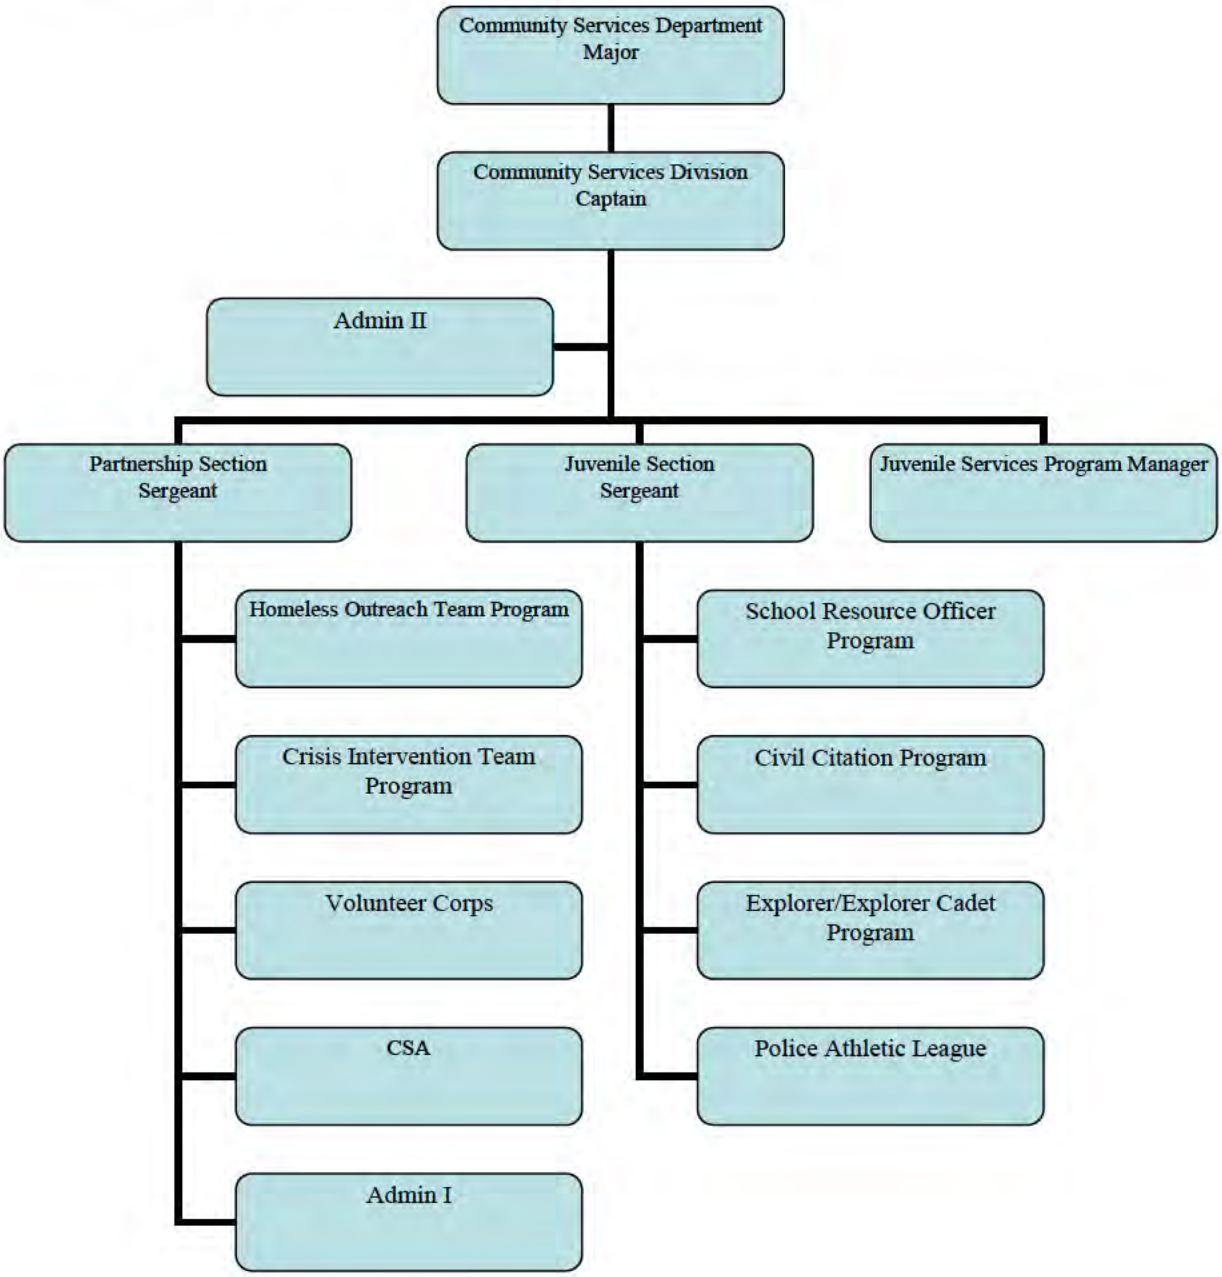
1.0 ORGANIZATION:

1.1 ORGANIZATIONAL CHART:



1.2 **BACKGROUND:** Community Services is the programmatic foundation of BSO's efforts at educating and communicating with community organizations and residents.

1.3 **ACTION:** Community Services will provide a vast array of educational and programmatic initiatives targeting all segments of the community, including age-based and culturally-based components, with an emphasis on, homelessness, crisis intervention and juvenile-related issues.

1.4 **MISSION:** To provide services to the community to assist in preparing community residents with workable solutions for security, health, and safety issues.

1.5 **GOALS AND OBJECTIVES:**

A. Goal 1: To provide residents of Broward County with the most effective homeless outreach initiative through the implementation and operation of the Homeless Outreach Team.

B. Goal 1 Objectives:

1. Provide assessments of individuals experiencing homelessness in order to recapture and regain their lives through a partnership with law enforcement and social services.

2. Provide assistance to social service agencies in the community with homeless outreach efforts.

3. Provide liaison assistance and follow-up in conjunction with our community partners to those individuals experiencing homelessness.

C. Goal 2: To advance the principles of Crisis Intervention Team training and implementation through the operation of the BSO CIT program, which is patterned after the proven Memphis Model.

D. Goal 2 Objectives:

1. Provide CIT training to all sworn law enforcement deputy sheriffs.

2. Provide law enforcement assistance in conjunction with social services to those individuals experiencing behavioral health illnesses and issues.

E. Goal 3: Improve the overall performance and effectiveness of the Community Services juvenile programs (i.e., Explorer, SRO and PAL).

F. Goal 3 Objectives:

1. Increase self-confidence, physical fitness, teamwork, and discipline in the Explorer Program participants.

2. Demonstrate a proficiency in firearms/safety qualification of the Explorers.

3. Increase Explorers' knowledge of criminal justice topics.

4. Provide training/meetings for the Explorer Cadet program which is designed for middle school aged students in order to prepare them to enter the Explorer Program.

5. Conduct youth presentations in the area of child safety, drug abuse (S.T.A.R.), gang resistance education (G.R.E.A.T.), bullying prevention, and truancy reduction.

6. Ensure that every coach in the Police Athletic League (PAL) program has a clear background.

7. Focus on the demonstration of positive values/life skills (e.g., sportsmanship, teamwork, leadership, ethics) to each PAL program participant.

8. Contribute to the reduction of juvenile arrests of PAL program participants.

G. Goal 4: To organize and maintain a viable and effective Sheriff's Posse to provide ancillary, non-sworn support services to the agency.

H. Goal 4 Objectives:

1. Provide assistance to the community for special events.

2. Provide assistance in search and rescue for missing persons.

3. Provide optimal assistance during emergency operations, as needed.

1.6 ADMINISTRATIVE RECORDS:

1.6.1 General: The Administrative Specialist II will maintain and control the storage of records in accordance with the Sheriff's Policy Manual (SPM).

1.6.2 Operations Orders: Division memos and Operations Orders will be disseminated to all staff pursuant to the Sheriff's Policy Manual. These orders are in addition to the current Community Services SOP and will not conflict with present policy. Supervisors will maintain a copy of all memos and orders which will be readily accessible to all staff.

1.6.3 General/Special Orders:

A. General/Special Orders will be issued pursuant to the Sheriff's Policy Manual.

B. All General and Special Order originals will be maintained in a loose-leaf style binder.

1.6.4 Records/Reports/Control List:

A. All Community Services operational records will be maintained in the Community Services offices.

B. The following items will be maintained in the Community Services personnel files in accordance with the Sheriff's Policy Manual:

1. Payroll and time cards (BSO A#21)

2. Copies of commendations

3. Emergency Notification Cards

C. In addition, the following documentation will also be maintained in the Community Services personnel files:

1. Letters of counseling

2. Training documents

D. All files will be reviewed by the Community Services Sergeants annually and

archived or destroyed in accordance with the administrative orders issued under the direction of the Division of Library and Information Services, Florida Department of State, as well as the Sheriff's Policy Manual.

2.0 ORGANIZATIONAL POSITIONS AND DUTIES:

2.1 COMMUNITY SERVICES SERGEANT/PARTNERSHIP SECTION:

2.1.1 General: The Community Services Sergeant/Partnership Section will be responsible for the supervision and oversight of the Partnership Section. The Community Services Sergeant/Partnership Section will report to the Community Services Captain.

2.1.2 Duties and Responsibilities:

A. Plans, coordinates, and supervises the Crisis Intervention Team, Homeless Outreach Team, Sheriff's Posse, Parking Enforcement, and COP programs.

B. Participates in interviews and makes recommendations regarding transfers, discipline, and assignments of staff.

C. Evaluates staff.

D. Authorizes leave and overtime.

E. Reviews reports prepared by staff.

F. Organizes and coordinates special events by identifying needed resources for program implementation.

G. Develops and maintains contact with businesses, the community, academic institutions, social services, and other law enforcement agencies relative to future trends impacting law enforcement programs.

H. Attends various BSO and non-BSO meetings and training courses and reads pertinent materials to keep current on new developments and training needs.

I. Meets with experts from local, state, and federal levels and private and public organizations to gather information for programs or projects.

J. Supervises and participates in a variety of specialized support activities including staff training, internal review functions, and other similar duties.

K. Reviews reports, correspondence, memoranda, and files prepared by staff for accuracy and completeness.

L. Attends meetings, conferences, and seminars related to mental health and homeless outreach with stakeholders in order to stay current on best practices.

2.2 COMMUNITY SERVICES SERGEANT/JUVENILE SECTION:

2.2.1 General: The Community Services Sergeant/Juvenile Section will be responsible for the supervision and oversight of the Juvenile Section. The Community Services Sergeant/Juvenile Section will report to the Community Services Captain.

2.2.2 Duties and Responsibilities:

A. Plans, coordinates, and supervises the youth programs function.

B. Coordinates, trains, and tracks all School Resource Officer activities.

C. Participates in interviews and makes recommendations regarding transfers, discipline, and assignments of staff.

D. Evaluates staff.

E. Authorizes leave and overtime.

F. Reviews reports prepared by staff.

G. Develops and maintains contact with the business and academic community relative to future trends impacting law enforcement programs.

H. Attends various BSO and non-BSO meetings and training courses and reads pertinent materials to keep current on new developments and training needs.

I. Meets with experts from local, state, and federal levels and private and public organizations to gather information for programs or projects.

J. Supervises and participates in a variety of specialized support activities including

staff training, internal review functions, and other similar duties.

K. Reviews reports, correspondence, memoranda, and files prepared by staff for accuracy and completeness.

L. Maintains membership with the Florida Sheriff's Explorer Association, Florida School Resource Officers' Association and National Police Athletic League Association.

2.3 ADMINISTRATIVE SPECIALIST II:

2.3.1 General: The Administrative Specialist II will be responsible for general clerical duties, including answering incoming telephone calls for Community Services. This position will report directly to the Community Services Captain.

2.3.2 Duties and Responsibilities:

A. Greets and deals with the public.

B. Receives telephone inquiries, ascertaining the nature of the call, and directing it to the appropriate entity (and/or takes telephone messages).

C. Performs basic record keeping duties and assists in the filing of records, reports, and documentation.

D. Performs light keyboard work in data entry and/or processing of routine data.

E. Makes copies of various records, reports, and documentation and distributes to appropriate entities.

F. Operates various office equipment (e.g., computer, printer, copy machine, telephone system, fax machine).

G. Assists in the payroll function, in addition to the divisional budget preparation.

2.4 COMMUNITY SERVICES DEPUTY SHERIFF/HOMELESS OUTREACH:

2.4.1 General:

A. The Community Services Homeless Outreach Deputy will provide a variety of services, including:

1. Speaking to groups on mental illness and homelessness.

2. Distributing homeless outreach literature.

3. Attending meetings and functions.

4. Providing trainings and outreach.

B. The Community Services Homeless Outreach Deputy will report directly to the Community Services Sergeant/Partnership Section.

2.4.2 Duties and Responsibilities:

A. Meets with community leaders, social service agencies, law enforcement agencies, and various stakeholders to address community concerns.

B. Provides programmatic training related to mental health and homeless outreach.

C. Evaluates and determines the effectiveness of current programs and determines if stated goals were achieved.

D. Coordinates activities with other Broward County law enforcement agencies in regards to community services outreach, to include CIT and Homeless Outreach.

E. Assists in planning and coordinating activities and programs for Crisis Intervention Team training and Homeless Outreach Team training.

F. Participates in civic association meetings to discuss BSO information and programs, particularly how those relate to that association's specific needs and concerns.

G. Develops resident contacts in the respective districts to promote the concept of citizen participation with law enforcement.

H. Informs community members in regards to the accessibility of BSO services.

I. Develops and participates in community programs which promote the objectives of quality law enforcement activities.

J. Gathers pertinent information and channels it to the appropriate department in accordance with policies and procedures.

K. Serves as liaison between Community Services and the patrol district commanders.

L. Maintains open communications with all community leaders, including those who may not be supportive of BSO goals and objectives.

2.5 POLICE ATHLETIC LEAGUE (PAL) DEPUTY SHERIFF COORDINATOR:

2.5.1 General: The BSO/PAL Deputy Sheriff Coordinator position will utilize a variety of skills and independent judgment concerning interacting with at-risk youths. This position will report to the Community Services Sergeant/Juvenile Section.

2.5.2 Duties and Responsibilities:

A. Coordinate/Liaison between participating city and privately run programs in partnership with the BSO PAL.

B. Meet with city officials to include mayors, commissioners, assistant clerks, and parks and recreation directors in order to facilitate each youth sports program in accordance with the BSO PAL minimum requirements for sponsorship (as established by BSO).

C. Facilitate the ordering of all required uniforms for each sports program by:

1. Obtaining a minimum of two quotes for any items in excess of $5,000.00.

2. Gathering all necessary information from the respective programs, such as registration totals, participant/coach sizes, and colors.

D. Order equipment and participation trophies for each participant of the respective programs.

E. Deliver the required awards for the award ceremonies and attend the Opening Day Ceremonies.

F. Gather and maintain active rosters for each program in order to maintain the required supplemental accident and health insurance for each participant through the national PAL organization.

G. Acquire the competitive services of officials for all sports programs.

H. Generate game schedules while assuring that there are no conflicts with times, locations or city events, and assure that the officials are present and providing the services contractually agreed to with BSO/PAL.

I. Obtain a copy of all coach and volunteer background forms. Conduct background checks to verify that all requirements are being met to serve in this capacity.

J. Monitor the practice and game fields for safe playing conditions while ensuring that teams and coaches are in compliance with all safety rules, and parents and spectators are in compliance with acceptable behavior rules.

K. Maintain clinician status for National Association of Youth Sports (NAYS) in order to certify that coaches are in compliance per NAYS standards.

L. Provide concussion training to all parents and participants in accordance with FSS 943.0438(g).

M. West Park PAL Gym functions will include:

1. Coordinate, organize and facilitate the PAL after-school recreational program for youth between the ages of eleven (11) and eighteen (18).

2. Provide a safe, secure, and adult-supervised environment.

3. Emphasize fitness/wellness, academic success, and exemplary character.

2.6 CENTRAL BROWARD EXPLORER PROGRAM SENIOR ADVISOR/DEPUTY:

2.6.1 General: The Explorer Program Senior Advisor will be a full-time deputy sheriff position that reports to the Community Services Sergeant/Juvenile Section.

2.6.2 Duties and Responsibilities:

A. Responsible for accepting applications for the program and maintaining Explorer files.

B. Responsible for training, guiding, and coaching the Explorers.

C. Schedule Explorers to work BSO approved community functions.

D. Maintain all Explorer equipment and uniforms, replacing when necessary.

2.7 COMMUNITY SERVICE AIDE (CSA):

2.7.1 General: This is a paraprofessional, non-sworn position designed to provide relief to deputy sheriffs from non-police, non-criminal, and non-hazardous service calls and duties. The CSA will be assigned to Community Services programs, and will report to the Community Services Sergeant/Partnership Section.

2.7.2 Duties and Responsibilities: The Community Services CSA will:

A. Provide assistance with law enforcement related complaints which do not require arrest powers, but do involve calls for information or police assistance.

B. Assist managerial staff in developing, initiating, and disseminating policies and procedures related to the division programs.

C. Perform multiple functions as required within the Community Services component, as well as maintaining an overall understanding of other related components within BSO.

D. Maintain a flexible work schedule which may include working extra hours, evenings and/or weekends.

E. Maintain regular contact with community and civic associations.

F. Provide programs and speakers when requested, to display and discuss information pertaining to safety, crime prevention, and/or BSO's role in the community.

G. Compose and update Community Services programs, in addition to maintaining all equipment logs, inventories, stockroom pamphlets and program materials.

H. Be familiar with, and available to operate, miscellaneous equipment within the unit.

I. Assist with Homeless Outreach assessments and follow-ups with social services for clients

J. Perform other related work as required.

2.8 PARKING ENFORCEMENT COORDINATOR:

2.8.1 General: The Parking Enforcement Coordinator will be a part-time employee responsible for the supervision of the volunteer Parking Enforcement Unit. This position will report to the Community Services Sergeant/Partnership Section.

2.8.2 Duties and Responsibilities:

A. Trains, instructs, and supervises parking enforcement specialists in all areas of parking enforcement policies and procedures.

B. Observes and assists volunteers in issuing tickets in unincorporated Broward County and BSO contract cities.

C. Records citations, maintains logs, and forwards records to the Clerk of the Court for processing.

D. Organizes and compiles statistical data pertaining to parking enforcement.

E. Compiles and submits reports of all parking enforcement activities.

F. Provides liaison with all districts and the public in matters related to parking enforcement.

G. Patrols all districts and issues citations for parking enforcement infractions.

2.9 PARKING ENFORCEMENT SPECIALIST (VOLUNTEER):

2.9.1 General: The Parking Enforcement Specialist will be a volunteer position who works under the supervision of the Parking Enforcement Coordinator. This position will be committed to the enforcement of parking ordinances of BSO contracted cities and unincorporated Broward County.

2.9.2 Duties and Responsibilities:

A. Enforces unincorporated Broward County and contracted cities' ordinances for improper parking, fire lane, and handicapped violations.

B. Prepares and submits all required mileage reports, citations written, and other required documentation promptly and completely.

2.10 SRO COORDINATOR/DEPUTY SHERIFF:

2.10.1 General: The School Resource Officer (SRO) Coordinator/Deputy Sheriff position will be will be responsible for the development and supervision of the SRO component.

2.10.2 Duties and Responsibilities:

A. Collect and distribute monthly reports.

B. Enter monthly data into the SRDD Database.

C. Schedule, interview and maintain the SRO Eligibility list.

D. Provide guidance for SRO's and district SRO Sergeants.

E. Direct Liaison between Broward School Board and BSO.

F. Review and update training curriculums as necessary.

2.11 JUVENILE SERVICES PROGRAM MANAGER:

2.11.1 General: The Juvenile Services Program Manager will provide support services to the division by assisting in the design, development, and implementation of the Community Services programs. The Juvenile Services Program Manager will report directly to the Community Services Captain.

2.11.2 Duties and Responsibilities:

A. Develop objectives, policies, procedures and priorities to meet agency and program-related goals.

B. Provide objective and systematic evaluation and assessment of the divisional component programs, including the incorporation of logic models, survey instruments, outcome measurements and community impact concepts.

C. Coordinate with other BSO departments, local governmental agencies, and community/nonprofit organizations on youth-related issues and initiatives.

D. Compose and revise policies and procedures for all components of the division.

E. Conduct research using a variety of resources to produce statistical analysis reports of juvenile crime and programmatic activities.

F. Provide oversight and technical assistance to division programs and initiatives by reviewing procedures, practices, and reports.

G. Perform evaluations to determine effectiveness and progress toward outcome measurements.

H. Represent BSO on community boards, workgroups, task forces, and other organizations related to youth services.

3.0 OPERATIONAL PROCEDURES:

3.1 ADMINISTRATIVE PROCEDURES:

3.1.1 Equipment:

A. Each employee will ensure that all equipment is in good working order. If equipment is lost, stolen, or in need of service, the employee will notify the supervisor as to the specific situation.

B. The Community Services sergeants will be responsible for keeping an updated list of all equipment and assets assigned to Community Services.

3.1.2 Vehicles: BSO vehicles will be maintained by assigned staff in accordance with the Sheriff's Policy Manual. Assigned pool cars are to be used to conduct BSO-related business only.

3.1.3 Attire: The appropriate uniform will be determined by the supervisor prior to the assigned program.

3.1.4 Reporting Illness: The staff member will report any illness to the supervisor at least one hour prior to the staff member's assigned shift, or as mandated by the Sheriff's Policy Manual and/or applicable bargaining unit agreements.

3.1.5 Shift Assignments: Shift assignments will be conducted pursuant to the Sheriff's Policy Manual and/or relevant bargaining unit agreements.

3.1.6 Vacations: Vacation picks will be conducted pursuant to the Sheriff's Policy Manual and/or relevant bargaining unit agreements.

3.1.7 Weekly Schedule:

A. The Administrative Specialist II will compose the weekly schedule and then submit to the Community Services Captain for approval.

B. Staff will inform the Administrative Specialist II of any revisions to their schedule in order that the Community Services schedule is maintained in an accurate and updated manner.

3.1.8 Reports:

A. Each section sergeant will be required to submit their monthly activity statistics to the Juvenile Services Program Manager by the tenth day of each month.

B. The Juvenile Services Program Manager will submit the divisional monthly activity report to the Community Services Captain by the fifteenth day of each month.

C. Staff may be required to submit regular activity and/or statistical reports, including a monthly statistical/activity report.

3.2 CITIZEN OBSERVER PATROL (COP) PROGRAM:

3.2.1 General: The Citizens Observer Patrol is a program composed of a group of selected residents who take an active part in crime prevention efforts within their neighborhood. These volunteers become additional "eyes and ears" for BSO in the community. Community Services will oversee the COP program; however, volunteers will report directly to their assigned districts.

3.2.2 Functions:

A. COP volunteers will patrol designated neighborhoods in specially marked patrol cars, looking for suspicious activity.

B. COP volunteers will observe suspicious and/or criminal activity within their designated neighborhoods and report it, via cellular telephone, to BSO Communications.

C. COP volunteers will conduct checks of the infirmed and elders.

D. COP volunteers will conduct house checks.

E. COP volunteers will provide crime prevention information to the area residents and visitors.

F. COP volunteers will provide helpful information such as directions and local information.

G. COP volunteers have no law enforcement powers or authority, and consequently

will at no time perform any specific law enforcement function.

H. COP volunteers will abide by all procedures when utilizing BSO vehicles and equipment as noted herein and in the SPM.

3.3 POSSE PROGRAM:

3.3.1 General: The Sheriff's Office Posse is a program composed of a group of selected residents who take an active part in community special events, missing persons, and emergency operations within the county. These volunteers assist Community Services in many initiatives. The Community Services Division will oversee the Posse program, with members reporting to the Posse Coordinator.

3.3.2 Functions:

A. Posse members will provide assistance to the community through special events.

B. Posse members will assist in search and rescue for missing persons.

C. Posse members will provide assistance during emergency operations to include disasters or catastrophic events.

D. Posse members will have no law enforcement powers or authority, and consequently will at no time perform any specific law enforcement function.

E. Posse members will abide by all procedures as noted in the SPM when utilizing BSO vehicles and equipment.

F. Posse members will abide by all procedures as outlined in the Posse SOP.

3.4 PARKING ENFORCEMENT UNIT:

3.4.1 General:

A. This unit will be comprised of volunteers from the community who will be trained as Parking Enforcement Specialists.

B. Parking Enforcement Specialists will report to the Parking Enforcement Coordinator.

C. Parking Enforcement Specialists will enforce parking laws and ordinances, with a particular focus on those related to handicapped parking violations.

D. Specialists will abide by all rules and regulations as set forth in the Sheriff's Policy Manual.

E. Specialists will utilize general surveillance methods involving vehicle or foot patrol, as appropriate, during peak traffic hours.

F. Specialists will not:

1. utilize wheel-lock devices

2. tow any vehicles

3. utilize time-zone control

3.4.2 Citations and Warnings:

A. Citation Books will be distributed to each Parking Enforcement Specialist either by the Parking Enforcement Coordinator or by that Specialist's assigned district representative. If issued by the district, the book numbers will be reported to Community Services for proper logging.

B. After a ticket is issued, the Specialist will submit it to the Parking Enforcement Coordinator, who will log and forward the ticket to the Broward County Traffic Division.

C. All tickets written will be submitted to the Coordinator on a daily basis.

D. The vehicle registration will be checked by the Specialist by contacting BSO Communications or by using an authorized Mobile Data Terminal.

E. Statistical reports detailing numbers/types of tickets written will be submitted by each Specialist to the Parking Enforcement Coordinator on a monthly basis.

3.4.3 Work Status:

A. A Specialist who works a minimum of 20 hours per month will be considered on "active" status.

B. A Specialist who does not work at all for a period of four consecutive months will be considered "inactive".

3.4.4 Uniforms:

A. Specialists and Coordinators will be provided with uniforms. These uniforms will remain the property of BSO, and will consist of:

1. A white shirt with a patch on each arm, or a class B shirt.

2. A special badge identifying the individual as a parking enforcement specialist.

3. Dark-blue trousers or shorts.

B. Specialists will furnish their own shoes and belts to be consistent with the dress requirements of BSO CSAs.

C. Specialists and Coordinators will not take enforcement action if not in full uniform.

D. The BSO Parking Enforcement Badge will be prominently displayed on uniforms worn.

E. Uniforms will be clean and pressed and shoes clean and polished.

3.4.5 Workers' Compensation:

A. Specialists will be covered under Workers' Compensation in cases involving an injury while performing parking enforcement related duties.

B. Specialists will immediately notify the Parking Enforcement Coordinator or the respective district sergeant of any incident where there is the possibility that an injury may have occurred.

C. Specialists and supervisors will adhere to all Workers' Compensation procedures as dictated in the Sheriff's Policy Manual.

3.5 EXPLORER PROGRAM: Community Services will coordinate the BSO Law Enforcement Explorer Program as outlined in DLE SOP 7.9.

3.6 HOMELESS OUTREACH TEAM:

3.6.1 General: The Homeless Outreach Team, with at least one specialist located in every BSO district, will educate and train deputies on how to conduct a needs assessment of individuals who are experiencing homelessness. Through this assessment, deputies will identify the social services needed to assist these individuals with accessing the County's social services continuum of care.

3.6.2 Purpose:

A. The Homeless Outreach Team is designed to promote the ending of the cycle of homelessness, by helping individuals who are experiencing homelessness recapture and regain their lives.

B. Staff will refer to the Homeless Outreach Policy for additional information.

3.7 CRISIS INTERVENTION TEAM:

3.7.1 General: The Crisis Intervention Team (CIT) program is a community-based program that partners with mental health consumers, their families, and the mental health social services community.

3.7.2 Purpose:

A. BSO/CIT is designed to improve the way deputies respond to people experiencing mental health crises.

B. Highly trained deputies are certified as Crisis Intervention Team members after they have completed comprehensive specialized training, based on the proven Memphis Model, on how to respond to and de-escalate a mental health crisis.

C. CIT deputies will utilize their training and experience to provide effective crisis intervention and reduce violent physical confrontations.

D. Refer to DLE SOP 4.6 for more information.

3.7.3 Goals:

A. To provide mental health consumers with effective care through intervention.

B. To provide diversion opportunities from the criminal justice system to appropriate mental health treatment centers for those individuals suffering mental health crisis situations.

3.8 COMMUNITY FUNCTIONS AND INTERAGENCY MEETINGS:

A. Community Services deputies will always avail themselves to any community functions within the scope of their daily duties.

B. Community Services deputies will attend various community meetings to inform and update residents of current program-related activities, and will present the various steps and measures that have or will be taken by BSO to address these activities.

C. Community Services staff will always promote a positive image of BSO when dealing with community residents.

D. Community Services staff will foster the pro-active goals and objectives of the crime prevention concept as it relates to modern police work, and to the BSO mission.

E. Any available statistical or research data will be incorporated into Community Services programs that will assist in enhancing the viability of that program/presentation.

F. Community Services staff will be encouraged to meet with other public safety agencies and community organizations on a regular basis to:

1. Foster communication and potential collaborations.

2. Inform other organizations of BSO community initiatives.

3. Be kept abreast of other related programs occurring throughout the community.

4.0 EMERGENCY PLANS:

4.1 EMERGENCY RESPONSE PLAN:

A. Assignment rosters will be distributed in accordance with the BSO Emergency Response Plan, should an applicable situation occur.

B. All Community Services staff will receive (or have access to) a copy of the Emergency Response Plan. The plan will be available on the BSO Informant.

C. All Community Services staff will read and be familiar with all procedures related to the Emergency Response Plan.

4.2 HURRICANE RESPONSE PLAN:

A. Assignment rosters will be distributed in accordance with the BSO Hurricane Response Plan, should an applicable situation occur.

B. All Community Services staff will receive (or have access to) a copy of the Hurricane Response Plan. The plan will be available on the BSO Informant.

C. All Community Services staff will read and be familiar with all procedures related to the Hurricane Response Plan.

PREFACE

The purpose of this manual is to familiarize all Community Services staff with Community Services and its operation. It is a supplement to the Sheriff's Policy Manual and the Department of Law Enforcement Standard Operating Procedures. It is not intended to change, alter, or supersede any BSO rules, policies, procedures, or General Orders.

No existing or future policies will be interpreted by any employee to supersede any federal, state, or local law or any regulation or policy of the Broward Sheriff's Office. Such conflict will be immediately brought to a supervisor's attention.

It is also recognized that no document can be created which will cover absolutely all circumstances for all times. Therefore, this document is considered a flexible guide to operational efficiency. Sound professional judgment and responsible integrity should back up deviations made from the strict interpretation of this policy.

On occasion parts of this policy will be amended or rescinded, as dictated by specific needs.

Effective Date: May 1, 2018

Captain Scott Russell
Community Services Division

Major Nichole Anderson

3.7.1 General

3.7.2 Purpose

3.7.3 Goals

3.8 Community Functions and Interagency Meetings

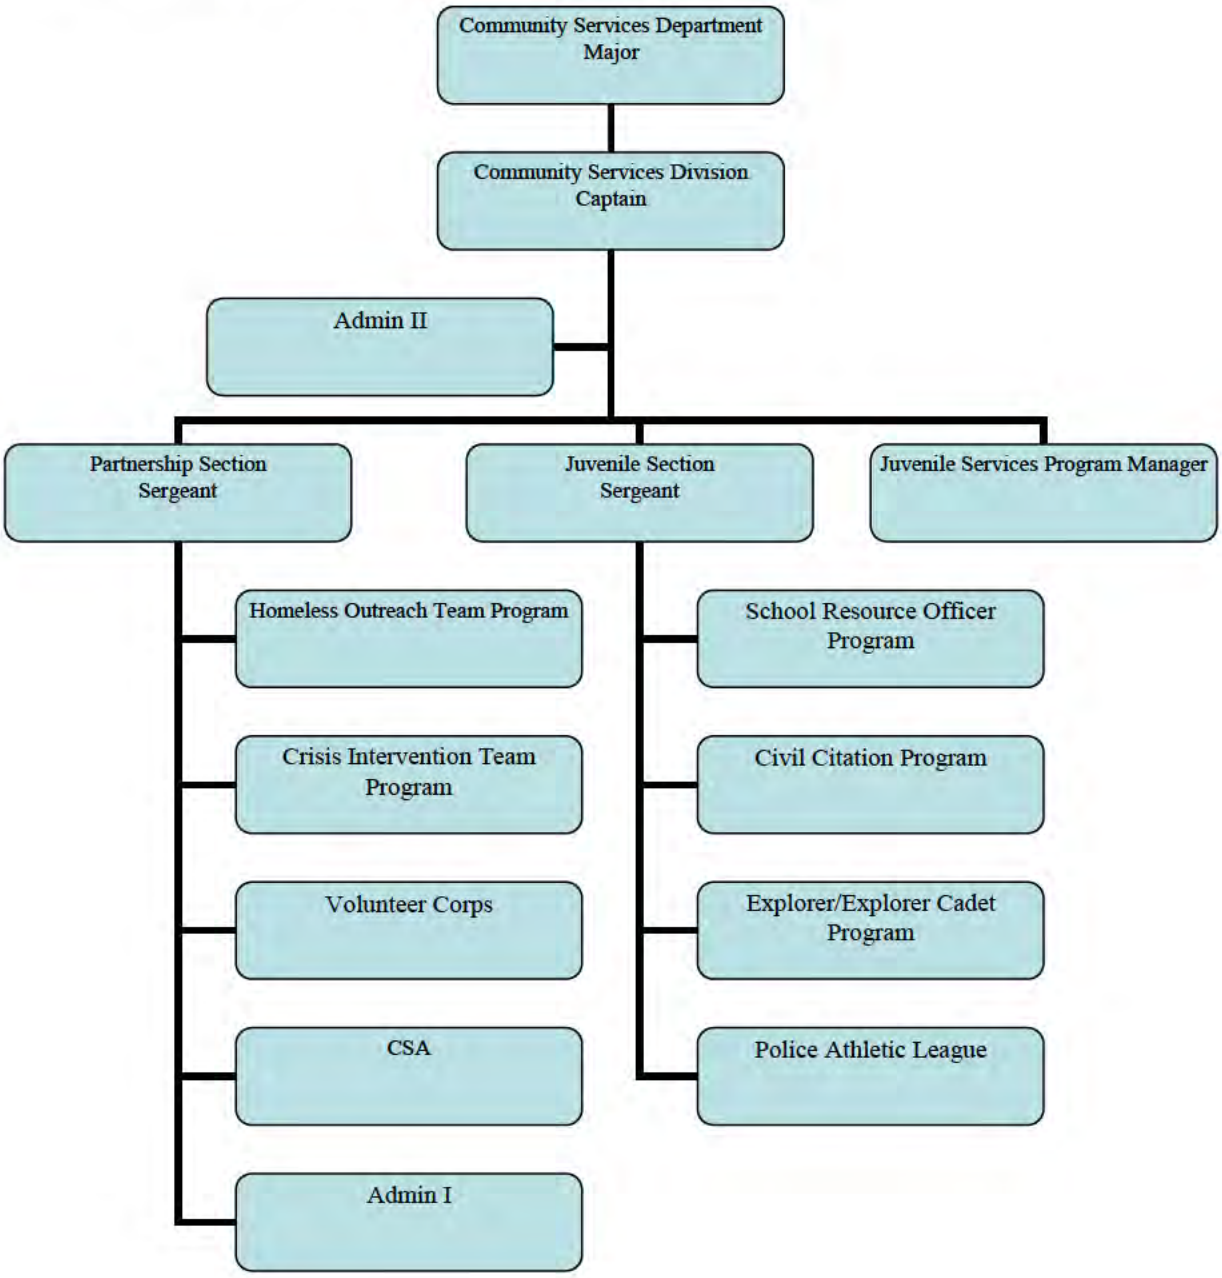
4.0 EMERGENCY PLANS

4.1 Emergency Response Plan

4.2 Hurricane Response Plan

1.0 ORGANIZATION:

1.1 ORGANIZATIONAL CHART:



1.2 **BACKGROUND:** Community Services is the programmatic foundation of BSO's efforts at educating and communicating with community organizations and residents.

1.3 **ACTION:** Community Services will provide a vast array of educational and programmatic initiatives targeting all segments of the community, including age-based and culturally-based components, with an emphasis on, homelessness, crisis intervention and juvenile-related issues.

1.4 **MISSION:** To provide services to the community to assist in preparing community residents with workable solutions for security, health, and safety issues.

1.5 **GOALS AND OBJECTIVES:**

A. Goal 1: To provide residents of Broward County with the most effective homeless outreach initiative through the implementation and operation of the Homeless Outreach Team.

B. Goal 1 Objectives:

1. Provide assessments of individuals experiencing homelessness in order to recapture and regain their lives through a partnership with law enforcement and social services.

2. Provide assistance to social service agencies in the community with homeless outreach efforts.

3. Provide liaison assistance and follow-up in conjunction with our community partners to those individuals experiencing homelessness.

C. Goal 2: To advance the principles of Crisis Intervention Team training and implementation through the operation of the BSO CIT program, which is patterned after the proven Memphis Model.

D. Goal 2 Objectives:

1. Provide CIT training to all sworn law enforcement deputy sheriffs.

2. Provide law enforcement assistance in conjunction with social services to those individuals experiencing behavioral health illnesses and issues.

E. Goal 3: Improve the overall performance and effectiveness of the Community Services juvenile programs (i.e., Explorer, SRO and PAL).

F. Goal 3 Objectives:

1. Increase self-confidence, physical fitness, teamwork, and discipline in the Explorer Program participants.

2. Demonstrate a proficiency in firearms/safety qualification of the Explorers.

3. Increase Explorers' knowledge of criminal justice topics.

4. Provide training/meetings for the Explorer Cadet program which is designed for middle school aged students in order to prepare them to enter the Explorer Program.

5. Conduct youth presentations in the area of child safety, drug abuse (S.T.A.R.), gang resistance education (G.R.E.A.T.), bullying prevention, and truancy reduction.

6. Ensure that every coach in the Police Athletic League (PAL) program has a clear background.

7. Focus on the demonstration of positive values/life skills (e.g., sportsmanship, teamwork, leadership, ethics) to each PAL program participant.

8. Contribute to the reduction of juvenile arrests of PAL program participants.

G. Goal 4: To organize and maintain a viable and effective Sheriff's Posse to provide ancillary, non-sworn support services to the agency.

H. Goal 4 Objectives:

1. Provide assistance to the community for special events.

2. Provide assistance in search and rescue for missing persons.

3. Provide optimal assistance during emergency operations, as needed.

1.6 ADMINISTRATIVE RECORDS:

1.6.1 General: The Administrative Specialist II will maintain and control the storage of records in accordance with the Sheriff's Policy Manual (SPM).

1.6.2 Operations Orders: Division memos and Operations Orders will be disseminated to all staff pursuant to the Sheriff's Policy Manual. These orders are in addition to the current Community Services SOP and will not conflict with present policy. Supervisors will maintain a copy of all memos and orders which will be readily accessible to all staff.

1.6.3 General/Special Orders:

A. General/Special Orders will be issued pursuant to the Sheriff's Policy Manual.

B. All General and Special Order originals will be maintained in a loose-leaf style binder.

1.6.4 Records/Reports/Control List:

A. All Community Services operational records will be maintained in the Community Services offices.

B. The following items will be maintained in the Community Services personnel files in accordance with the Sheriff's Policy Manual:

1. Payroll and time cards (BSO A#21)

2. Copies of commendations

3. Emergency Notification Cards

C. In addition, the following documentation will also be maintained in the Community Services personnel files:

1. Letters of counseling

2. Training documents

D. All files will be reviewed by the Community Services Sergeants annually and

archived or destroyed in accordance with the administrative orders issued under the direction of the Division of Library and Information Services, Florida Department of State, as well as the Sheriff's Policy Manual.

2.0 ORGANIZATIONAL POSITIONS AND DUTIES:

2.1 COMMUNITY SERVICES SERGEANT/PARTNERSHIP SECTION:

2.1.1 General: The Community Services Sergeant/Partnership Section will be responsible for the supervision and oversight of the Partnership Section. The Community Services Sergeant/Partnership Section will report to the Community Services Captain.

2.1.2 Duties and Responsibilities:

A. Plans, coordinates, and supervises the Crisis Intervention Team, Homeless Outreach Team, Sheriff's Posse, Parking Enforcement, and COP programs.

B. Participates in interviews and makes recommendations regarding transfers, discipline, and assignments of staff.

C. Evaluates staff.

D. Authorizes leave and overtime.

E. Reviews reports prepared by staff.

F. Organizes and coordinates special events by identifying needed resources for program implementation.

G. Develops and maintains contact with businesses, the community, academic institutions, social services, and other law enforcement agencies relative to future trends impacting law enforcement programs.

H. Attends various BSO and non-BSO meetings and training courses and reads pertinent materials to keep current on new developments and training needs.

I. Meets with experts from local, state, and federal levels and private and public organizations to gather information for programs or projects.

J. Supervises and participates in a variety of specialized support activities including staff training, internal review functions, and other similar duties.

K. Reviews reports, correspondence, memoranda, and files prepared by staff for accuracy and completeness.

L. Attends meetings, conferences, and seminars related to mental health and homeless outreach with stakeholders in order to stay current on best practices.

2.2 COMMUNITY SERVICES SERGEANT/JUVENILE SECTION:

2.2.1 General: The Community Services Sergeant/Juvenile Section will be responsible for the supervision and oversight of the Juvenile Section. The Community Services Sergeant/Juvenile Section will report to the Community Services Captain.

2.2.2 Duties and Responsibilities:

A. Plans, coordinates, and supervises the youth programs function.

B. Coordinates, trains, and tracks all School Resource Officer activities.

C. Participates in interviews and makes recommendations regarding transfers, discipline, and assignments of staff.

D. Evaluates staff.

E. Authorizes leave and overtime.

F. Reviews reports prepared by staff.

G. Develops and maintains contact with the business and academic community relative to future trends impacting law enforcement programs.

H. Attends various BSO and non-BSO meetings and training courses and reads pertinent materials to keep current on new developments and training needs.

I. Meets with experts from local, state, and federal levels and private and public organizations to gather information for programs or projects.

J. Supervises and participates in a variety of specialized support activities including

staff training, internal review functions, and other similar duties.

K. Reviews reports, correspondence, memoranda, and files prepared by staff for accuracy and completeness.

L. Maintains membership with the Florida Sheriff's Explorer Association, Florida School Resource Officers' Association and National Police Athletic League Association.

2.3 ADMINISTRATIVE SPECIALIST II:

2.3.1 General: The Administrative Specialist II will be responsible for general clerical duties, including answering incoming telephone calls for Community Services. This position will report directly to the Community Services Captain.

2.3.2 Duties and Responsibilities:

A. Greets and deals with the public.

B. Receives telephone inquiries, ascertaining the nature of the call, and directing it to the appropriate entity (and/or takes telephone messages).

C. Performs basic record keeping duties and assists in the filing of records, reports, and documentation.

D. Performs light keyboard work in data entry and/or processing of routine data.

E. Makes copies of various records, reports, and documentation and distributes to appropriate entities.

F. Operates various office equipment (e.g., computer, printer, copy machine, telephone system, fax machine).

G. Assists in the payroll function, in addition to the divisional budget preparation.

2.4 COMMUNITY SERVICES DEPUTY SHERIFF/HOMELESS OUTREACH:

2.4.1 General:

A. The Community Services Homeless Outreach Deputy will provide a variety of services, including:

1. Speaking to groups on mental illness and homelessness.

2. Distributing homeless outreach literature.

3. Attending meetings and functions.

4. Providing trainings and outreach.

B. The Community Services Homeless Outreach Deputy will report directly to the Community Services Sergeant/Partnership Section.

2.4.2 Duties and Responsibilities:

A. Meets with community leaders, social service agencies, law enforcement agencies, and various stakeholders to address community concerns.

B. Provides programmatic training related to mental health and homeless outreach.

C. Evaluates and determines the effectiveness of current programs and determines if stated goals were achieved.

D. Coordinates activities with other Broward County law enforcement agencies in regards to community services outreach, to include CIT and Homeless Outreach.

E. Assists in planning and coordinating activities and programs for Crisis Intervention Team training and Homeless Outreach Team training.

F. Participates in civic association meetings to discuss BSO information and programs, particularly how those relate to that association's specific needs and concerns.

G. Develops resident contacts in the respective districts to promote the concept of citizen participation with law enforcement.

H. Informs community members in regards to the accessibility of BSO services.

I. Develops and participates in community programs which promote the objectives of quality law enforcement activities.

J. Gathers pertinent information and channels it to the appropriate department in accordance with policies and procedures.

K. Serves as liaison between Community Services and the patrol district commanders.

L. Maintains open communications with all community leaders, including those who may not be supportive of BSO goals and objectives.

2.5 POLICE ATHLETIC LEAGUE (PAL) DEPUTY SHERIFF COORDINATOR:

2.5.1 General: The BSO/PAL Deputy Sheriff Coordinator position will utilize a variety of skills and independent judgment concerning interacting with at-risk youths. This position will report to the Community Services Sergeant/Juvenile Section.

2.5.2 Duties and Responsibilities:

A. Coordinate/Liaison between participating city and privately run programs in partnership with the BSO PAL.

B. Meet with city officials to include mayors, commissioners, assistant clerks, and parks and recreation directors in order to facilitate each youth sports program in accordance with the BSO PAL minimum requirements for sponsorship (as established by BSO).

C. Facilitate the ordering of all required uniforms for each sports program by:

1. Obtaining a minimum of two quotes for any items in excess of $5,000.00.

2. Gathering all necessary information from the respective programs, such as registration totals, participant/coach sizes, and colors.

D. Order equipment and participation trophies for each participant of the respective programs.

E. Deliver the required awards for the award ceremonies and attend the Opening Day Ceremonies.

F. Gather and maintain active rosters for each program in order to maintain the required supplemental accident and health insurance for each participant through the national PAL organization.

G. Acquire the competitive services of officials for all sports programs.

H. Generate game schedules while assuring that there are no conflicts with times, locations or city events, and assure that the officials are present and providing the services contractually agreed to with BSO/PAL.

I. Obtain a copy of all coach and volunteer background forms. Conduct background checks to verify that all requirements are being met to serve in this capacity.

J. Monitor the practice and game fields for safe playing conditions while ensuring that teams and coaches are in compliance with all safety rules, and parents and spectators are in compliance with acceptable behavior rules.

K. Maintain clinician status for National Association of Youth Sports (NAYS) in order to certify that coaches are in compliance per NAYS standards.

L. Provide concussion training to all parents and participants in accordance with FSS 943.0438(g).

M. West Park PAL Gym functions will include:

1. Coordinate, organize and facilitate the PAL after-school recreational program for youth between the ages of eleven (11) and eighteen (18).

2. Provide a safe, secure, and adult-supervised environment.

3. Emphasize fitness/wellness, academic success, and exemplary character.

2.6 CENTRAL BROWARD EXPLORER PROGRAM SENIOR ADVISOR/DEPUTY:

2.6.1 General: The Explorer Program Senior Advisor will be a full-time deputy sheriff position that reports to the Community Services Sergeant/Juvenile Section.

2.6.2 Duties and Responsibilities:

A. Responsible for accepting applications for the program and maintaining Explorer files.

B. Responsible for training, guiding, and coaching the Explorers.

C. Schedule Explorers to work BSO approved community functions.

D. Maintain all Explorer equipment and uniforms, replacing when necessary.

2.7 COMMUNITY SERVICE AIDE (CSA):

2.7.1 General: This is a paraprofessional, non-sworn position designed to provide relief to deputy sheriffs from non-police, non-criminal, and non-hazardous service calls and duties. The CSA will be assigned to Community Services programs, and will report to the Community Services Sergeant/Partnership Section.

2.7.2 Duties and Responsibilities: The Community Services CSA will:

A. Provide assistance with law enforcement related complaints which do not require arrest powers, but do involve calls for information or police assistance.

B. Assist managerial staff in developing, initiating, and disseminating policies and procedures related to the division programs.

C. Perform multiple functions as required within the Community Services component, as well as maintaining an overall understanding of other related components within BSO.

D. Maintain a flexible work schedule which may include working extra hours, evenings and/or weekends.

E. Maintain regular contact with community and civic associations.

F. Provide programs and speakers when requested, to display and discuss information pertaining to safety, crime prevention, and/or BSO's role in the community.

G. Compose and update Community Services programs, in addition to maintaining all equipment logs, inventories, stockroom pamphlets and program materials.

H. Be familiar with, and available to operate, miscellaneous equipment within the unit.

I. Assist with Homeless Outreach assessments and follow-ups with social services for clients

J. Perform other related work as required.

2.8 PARKING ENFORCEMENT COORDINATOR:

2.8.1 General: The Parking Enforcement Coordinator will be a part-time employee responsible for the supervision of the volunteer Parking Enforcement Unit. This position will report to the Community Services Sergeant/Partnership Section.

2.8.2 Duties and Responsibilities:

A. Trains, instructs, and supervises parking enforcement specialists in all areas of parking enforcement policies and procedures.

B. Observes and assists volunteers in issuing tickets in unincorporated Broward County and BSO contract cities.

C. Records citations, maintains logs, and forwards records to the Clerk of the Court for processing.

D. Organizes and compiles statistical data pertaining to parking enforcement.

E. Compiles and submits reports of all parking enforcement activities.

F. Provides liaison with all districts and the public in matters related to parking enforcement.

G. Patrols all districts and issues citations for parking enforcement infractions.

2.9 PARKING ENFORCEMENT SPECIALIST (VOLUNTEER):

2.9.1 General: The Parking Enforcement Specialist will be a volunteer position who works under the supervision of the Parking Enforcement Coordinator. This position will be committed to the enforcement of parking ordinances of BSO contracted cities and unincorporated Broward County.

2.9.2 Duties and Responsibilities:

A. Enforces unincorporated Broward County and contracted cities' ordinances for improper parking, fire lane, and handicapped violations.

B. Prepares and submits all required mileage reports, citations written, and other required documentation promptly and completely.

2.10 SRO COORDINATOR/DEPUTY SHERIFF:

2.10.1 General: The School Resource Officer (SRO) Coordinator/Deputy Sheriff position will be will be responsible for the development and supervision of the SRO component.

2.10.2 Duties and Responsibilities:

A. Collect and distribute monthly reports.

B. Enter monthly data into the SRDD Database.

C. Schedule, interview and maintain the SRO Eligibility list.

D. Provide guidance for SRO's and district SRO Sergeants.

E. Direct Liaison between Broward School Board and BSO.

F. Review and update training curriculums as necessary.

2.11 JUVENILE SERVICES PROGRAM MANAGER:

2.11.1 General: The Juvenile Services Program Manager will provide support services to the division by assisting in the design, development, and implementation of the Community Services programs. The Juvenile Services Program Manager will report directly to the Community Services Captain.

2.11.2 Duties and Responsibilities:

A. Develop objectives, policies, procedures and priorities to meet agency and program-related goals.

B. Provide objective and systematic evaluation and assessment of the divisional component programs, including the incorporation of logic models, survey instruments, outcome measurements and community impact concepts.

C. Coordinate with other BSO departments, local governmental agencies, and community/nonprofit organizations on youth-related issues and initiatives.

D. Compose and revise policies and procedures for all components of the division.

E. Conduct research using a variety of resources to produce statistical analysis reports of juvenile crime and programmatic activities.

F. Provide oversight and technical assistance to division programs and initiatives by reviewing procedures, practices, and reports.

G. Perform evaluations to determine effectiveness and progress toward outcome measurements.

H. Represent BSO on community boards, workgroups, task forces, and other organizations related to youth services.

3.0 OPERATIONAL PROCEDURES:

3.1 ADMINISTRATIVE PROCEDURES:

3.1.1 Equipment:

A. Each employee will ensure that all equipment is in good working order. If equipment is lost, stolen, or in need of service, the employee will notify the supervisor as to the specific situation.

B. The Community Services sergeants will be responsible for keeping an updated list of all equipment and assets assigned to Community Services.

3.1.2 Vehicles: BSO vehicles will be maintained by assigned staff in accordance with the Sheriff's Policy Manual. Assigned pool cars are to be used to conduct BSO-related business only.

3.1.3 Attire: The appropriate uniform will be determined by the supervisor prior to the assigned program.

3.1.4 Reporting Illness: The staff member will report any illness to the supervisor at least one hour prior to the staff member's assigned shift, or as mandated by the Sheriff's Policy Manual and/or applicable bargaining unit agreements.

3.1.5 Shift Assignments: Shift assignments will be conducted pursuant to the Sheriff's Policy Manual and/or relevant bargaining unit agreements.

3.1.6 Vacations: Vacation picks will be conducted pursuant to the Sheriff's Policy Manual and/or relevant bargaining unit agreements.

3.1.7 Weekly Schedule:

A. The Administrative Specialist II will compose the weekly schedule and then submit to the Community Services Captain for approval.

B. Staff will inform the Administrative Specialist II of any revisions to their schedule in order that the Community Services schedule is maintained in an accurate and updated manner.

3.1.8 Reports:

A. Each section sergeant will be required to submit their monthly activity statistics to the Juvenile Services Program Manager by the tenth day of each month.

B. The Juvenile Services Program Manager will submit the divisional monthly activity report to the Community Services Captain by the fifteenth day of each month.

C. Staff may be required to submit regular activity and/or statistical reports, including a monthly statistical/activity report.

3.2 CITIZEN OBSERVER PATROL (COP) PROGRAM:

3.2.1 General: The Citizens Observer Patrol is a program composed of a group of selected residents who take an active part in crime prevention efforts within their neighborhood. These volunteers become additional "eyes and ears" for BSO in the community. Community Services will oversee the COP program; however, volunteers will report directly to their assigned districts.

3.2.2 Functions:

A. COP volunteers will patrol designated neighborhoods in specially marked patrol cars, looking for suspicious activity.

B. COP volunteers will observe suspicious and/or criminal activity within their designated neighborhoods and report it, via cellular telephone, to BSO Communications.

C. COP volunteers will conduct checks of the infirmed and elders.

D. COP volunteers will conduct house checks.

E. COP volunteers will provide crime prevention information to the area residents and visitors.

F. COP volunteers will provide helpful information such as directions and local information.

G. COP volunteers have no law enforcement powers or authority, and consequently

will at no time perform any specific law enforcement function.

H. COP volunteers will abide by all procedures when utilizing BSO vehicles and equipment as noted herein and in the SPM.

3.3 POSSE PROGRAM:

3.3.1 General: The Sheriff's Office Posse is a program composed of a group of selected residents who take an active part in community special events, missing persons, and emergency operations within the county. These volunteers assist Community Services in many initiatives. The Community Services Division will oversee the Posse program, with members reporting to the Posse Coordinator.

3.3.2 Functions:

A. Posse members will provide assistance to the community through special events.

B. Posse members will assist in search and rescue for missing persons.

C. Posse members will provide assistance during emergency operations to include disasters or catastrophic events.

D. Posse members will have no law enforcement powers or authority, and consequently will at no time perform any specific law enforcement function.

E. Posse members will abide by all procedures as noted in the SPM when utilizing BSO vehicles and equipment.

F. Posse members will abide by all procedures as outlined in the Posse SOP.

3.4 PARKING ENFORCEMENT UNIT:

3.4.1 General:

A. This unit will be comprised of volunteers from the community who will be trained as Parking Enforcement Specialists.

B. Parking Enforcement Specialists will report to the Parking Enforcement Coordinator.

C. Parking Enforcement Specialists will enforce parking laws and ordinances, with a particular focus on those related to handicapped parking violations.

D. Specialists will abide by all rules and regulations as set forth in the Sheriff's Policy Manual.

E. Specialists will utilize general surveillance methods involving vehicle or foot patrol, as appropriate, during peak traffic hours.

F. Specialists will not:

1. utilize wheel-lock devices

2. tow any vehicles

3. utilize time-zone control

3.4.2 Citations and Warnings:

A. Citation Books will be distributed to each Parking Enforcement Specialist either by the Parking Enforcement Coordinator or by that Specialist's assigned district representative. If issued by the district, the book numbers will be reported to Community Services for proper logging.

B. After a ticket is issued, the Specialist will submit it to the Parking Enforcement Coordinator, who will log and forward the ticket to the Broward County Traffic Division.

C. All tickets written will be submitted to the Coordinator on a daily basis.

D. The vehicle registration will be checked by the Specialist by contacting BSO Communications or by using an authorized Mobile Data Terminal.

E. Statistical reports detailing numbers/types of tickets written will be submitted by each Specialist to the Parking Enforcement Coordinator on a monthly basis.

3.4.3 Work Status:

A. A Specialist who works a minimum of 20 hours per month will be considered on "active" status.

B. A Specialist who does not work at all for a period of four consecutive months will be considered "inactive".

3.4.4 Uniforms:

A. Specialists and Coordinators will be provided with uniforms. These uniforms will remain the property of BSO, and will consist of:

1. A white shirt with a patch on each arm, or a class B shirt.

2. A special badge identifying the individual as a parking enforcement specialist.

3. Dark-blue trousers or shorts.

B. Specialists will furnish their own shoes and belts to be consistent with the dress requirements of BSO CSAs.

C. Specialists and Coordinators will not take enforcement action if not in full uniform.

D. The BSO Parking Enforcement Badge will be prominently displayed on uniforms worn.

E. Uniforms will be clean and pressed and shoes clean and polished.

3.4.5 Workers' Compensation:

A. Specialists will be covered under Workers' Compensation in cases involving an injury while performing parking enforcement related duties.

B. Specialists will immediately notify the Parking Enforcement Coordinator or the respective district sergeant of any incident where there is the possibility that an injury may have occurred.

C. Specialists and supervisors will adhere to all Workers' Compensation procedures as dictated in the Sheriff's Policy Manual.

3.5 EXPLORER PROGRAM: Community Services will coordinate the BSO Law Enforcement Explorer Program as outlined in DLE SOP 7.9.

3.6 HOMELESS OUTREACH TEAM:

3.6.1 General: The Homeless Outreach Team, with at least one specialist located in every BSO district, will educate and train deputies on how to conduct a needs assessment of individuals who are experiencing homelessness. Through this assessment, deputies will identify the social services needed to assist these individuals with accessing the County's social services continuum of care.

3.6.2 Purpose:

A. The Homeless Outreach Team is designed to promote the ending of the cycle of homelessness, by helping individuals who are experiencing homelessness recapture and regain their lives.

B. Staff will refer to the Homeless Outreach Policy for additional information.

3.7 CRISIS INTERVENTION TEAM:

3.7.1 General: The Crisis Intervention Team (CIT) program is a community-based program that partners with mental health consumers, their families, and the mental health social services community.

3.7.2 Purpose:

A. BSO/CIT is designed to improve the way deputies respond to people experiencing mental health crises.

B. Highly trained deputies are certified as Crisis Intervention Team members after they have completed comprehensive specialized training, based on the proven Memphis Model, on how to respond to and de-escalate a mental health crisis.

C. CIT deputies will utilize their training and experience to provide effective crisis intervention and reduce violent physical confrontations.

D. Refer to DLE SOP 4.6 for more information.

3.7.3 Goals:

A. To provide mental health consumers with effective care through intervention.

B. To provide diversion opportunities from the criminal justice system to appropriate mental health treatment centers for those individuals suffering mental health crisis situations.

3.8 COMMUNITY FUNCTIONS AND INTERAGENCY MEETINGS:

A. Community Services deputies will always avail themselves to any community functions within the scope of their daily duties.

B. Community Services deputies will attend various community meetings to inform and update residents of current program-related activities, and will present the various steps and measures that have or will be taken by BSO to address these activities.

C. Community Services staff will always promote a positive image of BSO when dealing with community residents.

D. Community Services staff will foster the pro-active goals and objectives of the crime prevention concept as it relates to modern police work, and to the BSO mission.

E. Any available statistical or research data will be incorporated into Community Services programs that will assist in enhancing the viability of that program/presentation.

F. Community Services staff will be encouraged to meet with other public safety agencies and community organizations on a regular basis to:

1. Foster communication and potential collaborations.

2. Inform other organizations of BSO community initiatives.

3. Be kept abreast of other related programs occurring throughout the community.

4.0 EMERGENCY PLANS:

4.1 EMERGENCY RESPONSE PLAN:

A. Assignment rosters will be distributed in accordance with the BSO Emergency Response Plan, should an applicable situation occur.

B. All Community Services staff will receive (or have access to) a copy of the Emergency Response Plan. The plan will be available on the BSO Informant.

C. All Community Services staff will read and be familiar with all procedures related to the Emergency Response Plan.

4.2 HURRICANE RESPONSE PLAN:

A. Assignment rosters will be distributed in accordance with the BSO Hurricane Response Plan, should an applicable situation occur.

B. All Community Services staff will receive (or have access to) a copy of the Hurricane Response Plan. The plan will be available on the BSO Informant.

C. All Community Services staff will read and be familiar with all procedures related to the Hurricane Response Plan.

NARRATIVE

On February 14, 2018, I responded to Marjorie Stoneman Douglas High School, 5901 Pine Island Road, Parkland, Broward County, FL, in reference to a radio transmission from School Resource Deputy S. Peterson, advising there were shots being fired at the school. Upon arrival I heard what appeared to be five shots being fired. I responded into the school with other deputies and officers from the Coral Springs Police Department. There were several casualties as a result of the shooting.

EOG-00813

Marjorie Stoneman Douglas High School

On February 14, 2018, at approximately 2:45pm, I heard a radio transmission from Deputy S. Peterson, the School Resource Deputy at M.S. Douglas High School, of "shots fired" on the school campus. The school is located at 5901 Pine Island Road, Parkland, Broward County, Florida. I immediately responded from the district office to the north side of the school on Holmberg Road and arrived in less than one minute.

As I exited my vehicle, I heard approximately five guns shots that appeared to be coming from the area between buildings 12 and 13. I saw two students running east who were yelling, "active shooter!" I tried to gain information from them regarding the shooter but they continued running. I ran to the closest entry gate at the west end of the student parking lot and found that it was still locked. Another student was headed west with an adult who advised the student was shot in the leg. I told him to continue west to Deputy Marchese who was at West Glades Middle, just west of us. I used a key to open the lock and entered along with Deputy A. Perry. As we approached building 12, students were sporadically exiting the school. As I got closer to building 12, I immediately recognized [redacted] who was lying on his back, just outside the west doors to building 12. I did not hear any additional shots being fired at this point. Several Coral Springs Police Officers came up behind me and we advanced toward the building. As I scanned the school to the south for the shooter and provided cover, the other deputies and CSPD officers approached building 12. I saw an officer check [redacted] for a pulse and say he was deceased. The officer and Deputy Volpe entered building 12 and came back out with [redacted] who had been injured. [redacted] was placed on a golf cart and was removed from the area. I attempted to enter building 12 from the west but was confronted by several law enforcement officers who had entered from the east end of the building. To mitigate a crossfire situation, I exited the building and continued to hold cover to the south while the other deputies and officers worked to clear the building and treat the injured. I also checked [redacted] for vital signs and found he had no pulse and was not breathing. He appeared to have and injury to the back of his head. The injured students were removed from the east end of the building. There were no students exiting classrooms to the south as the school was in lockdown. I did not see the suspect and did not have any suspect description at that time.

Once SWAT units arrived and began to clear the buildings to the south, I assisted at the Tactical Operations Center providing intelligence to the incident command regarding the school, the city, and the district. I expanded the perimeter east to university drive, west to Coral Ridge Drive, south to the Sawgrass Expressway and north to Holmberg Road. I further assisted with evacuating the students from the school. Once additional Broward Sheriff's Office assets arrived, I was relieved of my duties.

On February 14, 2018, I responded to Stoneman Douglas high school, which is located at 5901 Pine Island Rd, in reference to a shooting in progress. I responded to the north side of the school and ran up to the east side of building 12 (which I believe is called the freshman building). Upon my arrival, I met with other Officers/Deputies and upon looking inside the doors I could see smoke in the air and victims on the ground. We immediately made entry into the building and began to search the first floor going from east to west.

As we searched the first floor, we located victims who were shot and they were immediately evacuated out of the building while we continued our search for more victims and the suspect. After completing the search of the first floor from east to west, I went up the west side stair case to the second floor where I was informed other officers/Deputies were now searching.

I then went to the third floor with another Deputy and I observed 3 victims laying on the ground. Two were towards the middle and one was on the complete opposite side (east side) of us. The victim on the opposite side of us was now attempting to lift his arm. Deputy S. Gonzalez, Deputy T. Garcia, and I immediately went to get the victims. We went to the victim and brought him back to the west side stair case where he was evacuated out of the building. The other two victims were deceased. We then started to search the third floor starting from the west side stair case towards the east side stair case for addition victims and for the suspect. As we went any victims located were evacuated out as fast as possible.

I then responded down stairs and went to the building just to the west of building 12 where I assisted other students who were being evacuated out of the building to the staging areas. Bwc in use.

On 2/14/18 I responded to 5901 Pine Island Rd (Marjory Stoneman Douglas High School) in reference to shots being fired inside a building within the school grounds. [redacted] Other officers/deputies arrived before I did.

Upon my arrival I stopped on the north side of the school. I did not know which building this was occurring. I took a cover position behind my patrol car in order to quickly assess the situation and see if I could determine where on the school grounds this was happening because I did not hear any shots being fired. Within approximately thirty seconds I could see several Coral Springs police officers and a Broward Sheriff's Office deputy running across the parking lot. Figuring that they knew which building to go to, I immediately ran to catch up to them.

I caught up to the officers and together we approached the west door of building twelve. I do not remember the exact count, but there were approximately five Coral Springs officers and a BSO deputy (Deputy Gerry Volpe #13562). One of the victims (later identified as [redacted]) was lying on his back to the right (south) of the door. He had been shot and appeared to be deceased. Two Coral Springs police officers entered the door first and immediately dragged out an injured person that was just inside the door. The Coral Springs officers and I then entered the west door of building twelve.

Upon entering the door I could see all the way down the hallway to the east door. There appeared to be bodies lying on the floor at the other end of the hall. I could also see other officers (unknown agency) entering the building through the east door. While I and the Coral Springs officers were inside, Deputy Volpe remained outside. I later learned that he assisted the injured person that had been dragged outside. See Deputy Volpe's supplement report detailing his actions.

We began the task of clearing the rooms in our immediate area on the west side of the first floor. We found an adult woman hiding in a locked office on the north side of that area. Wanting to avoid a potential crossfire situation with the officers that entered the east end, and coupled with the need to get officers/deputies to the upper floors as quickly as possible, we made our way to the second floor via the stairwell and continued to clear rooms. Some windows had to be shattered in order to gain entry into some of the locked classrooms where students and faculty were found to be hiding. No one was allowed outside the classrooms at this time until it was determined that all floors were secured. Two bullet shell casings were observed in the hallway about midway between both ends.

BSO SWAT arrived while we were clearing the second floor. I remained on the second floor with some of the Coral Springs officers until BSO SWAT gave the all-clear to start evacuating people. Classroom by classroom students and faculty were told to leave their belongings behind and file out per instructions. After everyone was evacuated, BSO SWAT forced entry into two utility rooms that we were unable to gain access to. BSO Bomb Squad also arrived to handle a lone backpack left in a second floor bathroom.

After injured had been removed and all others evacuated and the building was found to be secure, I walked out through the same west door that I had previously entered with the Coral Springs police officers. As I walked out the door I could see the body of [redacted] to my left (south of door) and an unidentified girl to my right (north side of door). Both were deceased.

Knowing that the process of crime scene preservation has begun, I took it upon myself to remain at this location and start the crime scene log. I was told that another deputy would be posted at the east door. I remained at my post keeping track of the crime scene log until approximately 9:30 P.M. when I was relieved by Deputy Mark Delio #15768.

Douglas High 1701 Zone

On February 14, 2018 at approximately 14:25 hours, I'm a School Resource Deputy at Riverglades Elementary, 7400 Parkside Drive, Parkland Florida. I was in my office after school dismissal when I heard Douglas High SRO Scot Peterson scream "shots fired" on his campus. I immediately responded to Douglas High campus.

Upon arrival I parked in the center median of the northwest entrance of the north student parking lot. I went to my trunk and removed my Broward Sheriff's Office Rock River Arms Patrol Rifle model LAR-15 serial number 90656. I changed the rifles status from ammo ready to threat ready. At this time I saw Broward Sheriff's Deputies Goolsby, Hanks and unknown city police officers moving south through the north parking lot towards the school campus. I joined several law enforcement officers working my way towards the 1200 building. As I approached the west door 1200 building I observed a w/m victim lying just south of the door on the ground. I personally knew the victim, he is a [redacted] he was lying on his back and he was not moving. Upon reaching [redacted] I determined he was deceased. At this time an unknown Coral Springs Police Officer had pulled up to the west door of the 1200 building on a golf cart. I met with other unknown Coral Springs Officers who were extracting another w/m victim personally known to me, he is [redacted]. We assisted [redacted] onto the back of the cart, the Coral Springs Officer and I drove him to the intersection of Pine Island Rd. and Holmberg Rd. Upon arrival at the Coral Springs Fire/Rescue staging area the paramedics took [redacted] for treatment. [redacted] during the transport needed to be supported. I leaned over the seat and I grabbed onto [redacted] and held him until we arrived. During the transport I spoke to [redacted] but he did not respond back, during my conversation I only gave him words of encouragement that he was going to survive.

We returned to the 1200 building and we were directed to the east side of the building. Upon arrival I saw several city police officers extracting the wounded students and I assisted them with the extracting the victims. Deputy Carbocci replaced me as the second Deputy on the cart. I joined up with unknown Broward Sheriff's Deputies and city police officers we conducted a search of the first floor of the 1200 building. We searched for the suspect, we moved from the east to the west on the first floor until we reached the end of the building. We passed some locked doors that appeared to be bathrooms and it was unknown if they were occupied. A city officer checked the pockets of [redacted] and retrieved a set of keys from his pants pocket. I looked at the keys since I'm familiar with [redacted] and these keys appeared to be his personal keys. I then assisted other Deputies and Officers going west to east on the first floor completing a secondary search for victims, and no living victims were found. I exited the building after reports of a suspect may have exited the building and could be leaving the campus. Three unknown officers and I went westbound moving along a building past the basketball courts and continued southeast. As we were walking southeast I observed a school golf cart that had its left wheel buried in the dirt somewhere by the baseball field. Upon reaching the southeast portion of the school by the canal that borders the school we needed to stop to replace a police canine. I met up with Deputy Yurchuck and he provided me with paper towels to clean the blood on my arms that I received from the victims extraction.

When the city canine arrived we continued searching down the canal bank towards Westglades Middle. Upon reaching the end of the canal at Westglades Middle it was reported that the subject was taken into custody. I returned to my patrol unit and secured my patrol rifle. I then went to the intersection of Pine Island and Holmberg Rd and Coral Springs Fire Rescue assisted me with the cleaning of my arms removing the residual blood stains. I then assisted other

Deputies and city officers in crowd control at the northwest corner of Pine Island and Holmberg Rd.

I was contacted by my SRO Supervisor Sgt. Molamphy and he asked me to respond to the Broward Sheriff's Office Mobile Crime Scene Unit inside the school. Two Broward Crime Scene Detectives processed me at the scene. One Detective took photographs of myself in uniform, the blood stained areas of my uniform, bloodstains on the patrol rifle, blood stains on my fitbit watch and the Douglas High Security golf cart that transported the victims. Then a Detective took swabs of suspected blood from my uniform, the patrol rifle, fitbit watch, and the security golf cart. I was then released from the scene. No further action taken.

On 02/14/18 I responded from the City of Tamarac to the Marjory Stoneman Douglas High school in reference to the School resource Deputy asking for assistance due to him hearing the sounds of gunshots or fire crackers somewhere on the campus.

Due to the heavy flow of radio traffic following that transmission, I did not advise I was responding there and just simply showed up in case it was an active shooter. Deputy Valdes, who was traveling in a separate vehicle arrived at the North end of the School the same time I did. Due to me traveling to the [redacted] to turn in paper work, I was dressed down and was not wearing full duty gear. I immediately put on my tac vest, activated my body worn camera, grabbed my rifle and ran toward the east door of building 12 along with Dep. Valdes and several Coral Springs Officers. I entered building 12 and immediately detected the odor of gun powder and observed several people lying in the hall way in pools of blood. Dep. Valdes, several Coral Springs Officers and I began to search the stairwell and several classrooms for the shooter. Dep Valdes and I moved approximately 3 or 4 people who were lying in the hallway to the outside and handed them over to several Deputies, who used a golf cart to transport them. While doing this my body camera was accidentally turned off by the handle of my rifle pressing against the camera on/off button. I returned inside the building and assisted several Coral Springs Officers clearing every class room on the first floor of building 12 in search of the shooter and escorting multiple students and teachers from several of the class rooms. After clearing the class rooms, I noticed that my body camera was not on and turned it back on. I held the west stairwell leading to the second floor until the BSO SWAT team arrived. I later exited the building and assisted with securing the outer perimeter of the crime scene until 0630 the following day. This concluded my involvement with this case. BWC.

On 2/14/18, I responded to 5901 Pine Island Road (Stoneman Douglas High School) in reference to a report of shots fired. This call came via the School Resource Deputy Peterson (via police radio).

As I was traveling east on Holmberg Rd now in the general area of the center to eastern portion of the Stoneman Douglas High School football field, I observed several frantic students running west along the chain linked fence that separates the roadway (Holmberg Road) from the football field trying to get my attention. I stopped in an attempt to gather information to pass along to other units. They advised that they were not sure if it was gun shots or fireworks. They did not see a gunman and were not exactly sure where it was coming from but did point east in the general direction of the north side of the school. I told the students to continue running west along the fence towards West Glades Middle School.

I then heard 4-5 very loud gunshots coming from what sounded like it was outside in the general area of the football field (east end) between me and where the other units were located to the east of me. I took cover behind my marked unit (4679) and scanned for a gunman but was unable to locate one. As I looked back, I observed several vehicles to include school buses (unknown occupants) approaching my location east bound. I stopped the vehicles to prevent them from entering the area from where the gun shots were heard.

I then had a student approach me from the opposite side of the chain linked fence who was accompanied by an adult who appeared to be school staff. The student had a gunshot wound to his leg but was still able to walk. Due to the gunshots I had just heard to the east of me, I told them to continue west towards West Glades Middle School.

To keep all of the motorists that were stopped behind me out of danger, they were turned around to head west bound. The east bound lane was now clear.

No additional gun shots were heard since the 4-5 gunshots heard earlier.

At about this time, I was approached by a school employee. He advised me that the subject was ID`d in the video surveillance to be Nikolas Cruz and that he was known to him as he was a prior student. I did pass that information along via the radio.

Students that were still walking west were being told to continue west in the direction of the middle school until it was learned that the subject was in custody in Coral Springs.

A short time later, additional units were requested at Holmberg Road and University Drive to assist with crowd control due to parents now starting to gather. I responded to that location and assisted with crowd control and traffic control.

On February 14, 2018, I heard via the BSO Radio that there were shots fired at Stoneman Douglas High School. While responding, Resource Deputy Peterson was attempting to establish a perimeter. Upon arrival I stopped my marked unit to prevent vehicular traffic from traveling Westbound by the school. I heard what appeared to be gun shots from the Westside of the school towards the football field and observed deputies immediately approaching the school on the Westside.

As on scene supervisor, I attempted to obtain additional resources and requested BSO K-9, helicopter, SWAT and additional support. Coral Springs Police Department arrived almost immediately and I directed them to the East entrance of the structure and advised them that BSO units had entered the Westside. Coral Springs officers asked if they could cut the chain on the East exit gate on Holmberg and they made entry into school property. BSO K-9 arrived on scene at my location and stood by in case he was needed to be deployed.

We established a command post on Pine island Road South of the school, where Captain Jordan assumed on scene command. Areas were established for additional law enforcement response and Fire and Rescue response.

At approximately 1541 hours, a suspect was stopped and detained and a witness was requested to identify the suspect. The location was 11735 NW 47th Drive, Coral Springs, at 1546 hours Sergeant Rossman and I transported a witness who was [redacted]. [redacted] made a positive identification of Suspect Cruz at 1555 hours. Please refer to Sergeant Rossman`s report for further details of the identification.

Contact: **Reference:** *Patrol Assist*

On Wednesday, February 14th, 2018, I responded to 5901 Pine Island RD (Marjory Stoneman Douglas High school) reference to an active shooter at the high school.

After arriving scene, I took a perimeter on the east side of the school, after being instructed to do so due to the fact that BSO SWAT was inside the building actively searching for the suspect. I then observed a male victim that was laying down by the east gate with multiple gunshot wounds. I ran over to the intersection and advised Coral Springs Fire Rescue that there was a victim nearby with multiple shot wounds. I then ran back and escorted Fire Rescue to the victim. I then put on gloves, and applied pressure on one of the wound. Coral Springs Fire Rescue then picked up the victim put him on the stretcher and transported him to the hospital.

A short time later, word came on my BSO issued radio that the suspect was moving from inside the building on the second floor, which was directly across from my position. I made the decision to clear the street, and moved all the parents back to a safe place in case the suspect starts shooting from the building. Other deputies and I, walked the street and asked the parents to evacuate, and leave their cars behind.

I then took a position on the east side gate, and helped guided the kids to a safe place, which were still inside the school. A short time later, I responded to the Marriott Hotel and took a position at the south door. I stayed at the Marriott Hotel until 2130hrs.

Nothing further.

Contact: **Reference:** *Assisting Officer*

On Wednesday February 14th 2018 I was at Dollar General located at 1337 S. Dixie Hwy in the City of Deerfield Beach when a call was dispatched regarding an active shooter in the City Of Parkland. The initial call was for Deputies with long guns only so I did not respond immediately. Several minutes later all free Deputies were requested and at that time I started for Marjory Stoneman Douglas High School in Parkland with lights and sirens activated.

When I arrived in the area having exited the Sawgrass Expressway at Coral Ridge Drive I proceeded north until I arrived at Holmberg Road and then proceeded east until reaching the school.

Once on the north side of the school I observed students running toward me as I was on Holmberg Rd. I directed those students to come to me and once they did I instructed them to get behind vehicles. Once behind the vehicles those students were checked by other Deputies with none found to be injured. During my time at the north side of the school I did not hear any gunfire.

Moments later it was dispatched that it was possible that the shooter had left the school in a westward direction and possibly toward the Walmart store located on Coral Ridge Dr. I then left my position and headed in that direction and toward the Walmart. Shortly after arriving there it was then dispatched that the shooter was possibly in custody near West View Rd and well south of my new location.

I then stayed at my new location at the intersection of Holmberg and Coral Ridge were I prevented any non law enforcement traffic from entering the area of the school and assisted in directing traffic. I stayed there until approximately 2030 hours until I was told I could leave.

CASE SYNOPSIS:

On 02/14/2018 deputies responded to 911 calls of an "Active Shooter" at Stoneman Douglas High School located at 5901 NW Pine Island Road in Parkland Florida. Present at the school at the time of the incident was Uniformed Broward Sheriff's Office Scholl Resource Officer Scot Peterson who confirmed the validity of the 911 calls.

Upon arrival to the school Law Enforcement found the deceased bodies of seventeen victims and seventeen other surviving victims who had been shot. All thirty four victims had been shot inside the 1200 building known as the "Freshman Building".

The gunman Nikolas Jacob Cruz was located several miles away from the school.

NARRATIVE:

On 02/14/2018 this detective was at the Public Safety Building and was advised that deputies responded to 911 calls of an "Active Shooter" at Stoneman Douglas High School located at 5901 NW Pine Island Road in Parkland Florida. Present at the school at the time of the incident was Uniformed Broward Sheriff's Office School Resource Officer Scot Peterson who confirmed the validity of the 911 calls.

It should be noted that Stoneman Douglas High School is a Broward County Public School established in 1990 with a student enrollment of around 3200 students and a teaching staff of around 130.

The 45 acre school campus is bordered to the north by Homberg Road, to the east by Coral Springs Drive (also known as Pine Island Drive) and to the south by the Sawgrass Expressway. Just to the west of the campus is the secondary campus of the elementary school Westglades Middle School.

The campus consists of 14 separate building and the "Active Shooting" was reported to have occurred at the 1200 building also known as the "Freshman Building".

The 1200 building is a three story structure that is on the northeast side of the complex.

This detective and other homicide detectives (Detective Walt Foster, Jeff Curtis, and Zack Scott) responded with

emergency lights and sirens to the campus and arrived on the eastside along Coral Springs Drive. At the time of this detective's arrival to the location the campus had still not been secured and the location of the suspect was unknown. This detective was advised that the sounds of gunfire had stopped and that deputies and officers from other jurisdictions including several SWAT Teams were on the campus actively evacuating students and teachers from various buildings.

The identity of each SWAT Team and their involvement will be discussed later in this supplement report.

This detective and other homicide detectives began assisting on bringing students off the campus where they were told to drop their backpacks before being secured to sit along Coral Ridge Drive.

While continuing this process of evacuating students over the BSO police radio the suspect was identified as Nikolas Cruz a former students of Stoneman Douglas High School. This information was provided to Tamarac Sergeant Rich Rossman who advised after he arrived on the campus he made contact with witness Campus Monitor Andrew Medina. The information obtained was that Cruz had arrived on scene in a vehicle with a UBER driven by a white female that dropped him off on the eastside of the campus. Campus Monitor Andrew Medina saw Cruz heading towards the 1200 building just before the shooting at around 2:20 p.m. At the time Cruz was wearing a burgundy School Junior ROTC shirt, black pants, and a black hat and was carrying a black back pack and a long black case which looked like a rifle case.

Medina stated that when he saw Cruz, he got onto his school issued radio and began to alert of Cruz's presence on campus due to the fact he knew Cruz from past issues at the school such as wearing a camouflage mask and frightening other students. should be noted is the assigned security officer for the 1200 building.

This school issued radio is also used by Broward Sheriff's Office SRO Peterson, other school security personal and all staff members of the school.

Witness Medina told Sergeant Rossman that he was on his golf cart patrolling the school and when Cruz saw him, Cruz began to run into the 1200 building. After Cruz entered the 1200 building Medina stated he began to hear gunshots go off and that he then drove in his golf cart to the Administration Building (100 Building) to pick up SRO Peterson to take him to the 1200 building.

Sergeant Rossman had Medina ask other school staff members if he could get access to the school camera room to attempt to locate Cruz inside the school. School Assistant Principal Morford was able to access the camera system and upon reviewing the system with Coral Springs officers they found video of Cruz on the second floor of the 1200 building moving to the third floor. This information was relayed on both the BSO radio and the Coral Springs Police

Dispatch. It should be noted that upon arrival Sergeant Rossman he had tried to unsuccessfully patch the two radio systems so the two agencies could communicate with each other.

Present with Sergeant Rossman was Assistant Principal Winford Porter seen on Sergeant Rossman`s body camera. Unknown to Assistant Principal Winford Porter someone else had already reviewed the camera system and he was watching the camera with officers with a twenty minute delay. Once the delay in the video feed was determined Cruz was seen leaving the 1200 building after abandoning his rifle and leaving the campus westbound with other students.

The entire interaction between Sergeant Rossman and Andrew Medina was captured on Sergeant Rossman`s body worn camera.

While assisting students off the campus this detective began to try to obtain background information to obtain a picture of Nikolas Cruz or his last known address.

This detective at 3:41 p.m. was informed that a possible suspect was detained by Coconut Creek Police officers at 11735 NW 47 Drive in Coral Springs.

In this incident Coconut Creek Officer Michael Leonard was at his police station when he heard the dispatch call of an "Active Shooter" at the school. Once the suspects name and clothing description was given over the police radio Coconut Creek Officer Leonard decided to begin to look for the suspect in the residential areas south of the last location where Cruz had been seen. Coconut Creek Officer Leonard observed the suspect walking on Wyndham Lakes Boulevard wearing the exact clothing description as the "boloed" suspect. Coconut Creek Officer Leonard made contact with the suspect who identified himself as Nikolas Cruz. Cruz was held at gunpoint by Coconut Creek Officer Leonard until backup officers arrived on scene. Coral Springs Sergeant Camille Dumornay and Coral Springs Officer Kyle Greene arrived on scene and Nikolas Cruz was handcuffed. Both Coconut Creek Officer Leonard, Sergeant Camille Dumornay and Coral Springs Officer Kyle Greene are not issued Body Worn Cameras by their departments. BSO Sergeant Lacerra also arrived on scene.

Coconut Creek Officer Leonard advised that Cruz was calm and followed all of his directions and even when asked stated

This detective and Homicide Detective Zack Scott then cleared the eastside of the campus and began to travel to the location where the suspect had been detained. MSDHS Assistant School Principle Denise Reed who was standing aside of these detectives agree to travel to the location since she advised that she had done the "Threat Assessment" on Nikolas Cruz when he was a student at the High School. Reed stated that Nikolas Cruz had a younger brother named Zachary Cruz who also attended MSDHS. Reed stated that after Nikolas Cruz`s mother died in 2017 and female named [redacted] contacted the school to state she was removing Zachary Cruz from MSDHS to attend high

school in Palm Beach County where she lived.

Reed concerned not knowing who [redacted] was contacted the Palm Beach County School Board and the Palm Beach County Sheriff's Office to check on the address for the well-being of Zachary Cruz.

[redacted] was identified as living in Palm Beach County in Lake Worth. Detectives were sent to her location and she and Zachary Cruz were transported to Broward County to be interviewed by Detective Tutler.

Detective Roque was dispatched to [redacted] to secure and prepare a Search warrant for the property with the assistance of the Palm Beach County Sheriff's Office.

Back at MSDHS Sergeant Rossman and BSO Sergeant Brian Miller then drove witness Medina to that location where he without hesitation positively identified the subject detained as the subject he saw enter the 1200 building.

After acting calm and rational while waiting for Medina to be brought to the location Cruz then began to claim he was hearing voices of a demon and began to throw up. Sergeant Lacerra's Body worn Camera captured some of the interaction with Cruz while Cruz was being detained on the ground. Cruz claimed to hear "demons" and "voices" and at one point stated "where the fuck am I" and "what happened"?

Just before Sergeant Lacerra BWC shuts down Cruz is heard crying stating

Pompano Beach Fire Rescue 252 (Fire Fighter Andrew Morgan, and fire Fighter Lieutenant Jason Dhaveloose) was called to the scene and Cruz was transported to Broward Health North. BSO Deputy Perez Palacio and Coral Springs Officer Greene rode with Cruz and Fire Rescue to Broward Health North. Deputy Perez Palacio Body Worn Camera was active during the drive to the hospital with the suspect and can be viewed for content.

Property was taken from Nikolas Cruz's pockets by Coral springs Officer Greene. This evidence was later turned over to this detective at North Broward Medical Center. It contained a dark colored New York Police Department baseball hat and a pair of glasses. A Subway Receipt was also found dated 02/14/2018 at 2:50 p.m. This receipt was determined to have come from the Subway at 6001 Coral Ridge Drive in Coral Springs. This store was located inside the Walmart complex.

Pompano Beach Fire Rescue 252 was manned by EMT Jason Dhaveloose, Andrew Morgan and James Martin. (Call # 20180003631) For further information see Fire Rescue report 20180003631.

Medical Records from Broward Health were later obtained by means of a Court Order signed by the Honorable Judge Elizabeth Scherer on 03/14/2018. The request was later stipulated to by the defense on 03/23/2018. These records

indicate that Nikolas Cruz had no drugs or alcohol in his system at the time of his arrest on 02/14/2018.

The interaction between Nikolas Cruz and Coconut Creek Officer Leonard was documented under Coconut Creek Case Number 2018-05208 which can be reviewed for further detail.

A sworn statement was later obtained from witness Andrew Medina from Detectives Galindez and Demosthenes. In that statement Medina stated that after hearing the gunshots he drove his golf cart towards the school office to find the School Resource Officer. He and the deputy began to drive back towards the 1200 building at which time, he continued to hear gunshots going off and was advised to flee the area by the Deputy.

For further information see that sworn statement and the supplement reports by Detectives Galindez and Demosthenes.

Detective Nick Masters contacted UBER Law Enforcement Officer Wade Stormer and Trenton Louie who helped identify the Uber driver who dropped Cruz off at the campus. She was identified as Laura Zecchini, and was interviewed by Homicide Detective Dyer. Zecchini advised that she picked up Cruz at 2:06 p.m. from 7200 Loxahatchee Road in Parkland and dropped Cruz off on the eastside of the campus at 5901 NW Pine Island Road at 2:19 p.m. At the time Zecchini was driving her 2017 silver Toyota RAV4 bearing Florida Tag [redacted].

Zecchini stated that she was dispatched to the address on Loxahatchee Road and when she arrived Nikolas Cruz was waiting for her near the roadway. Zecchini stated that Cruz was wearing a red colored shirt and was carrying a black case. Zecchini stated that Cruz wanted to be dropped off at MSDHS and had to go to a music class. Zecchini stated that she dropped off Cruz at 5901 NW Pine Island Road on the eastside and observed him walk on campus towards the 1200 building. Cruz paid for the ride with his Uber App and the cost was $4.52.

Zecchini was later shown a six picture photo array by Detective Heath where she identified Nikolas Cruz as being the subject she picked up at 7200 Loxahatchee Road in Parkland.

Detective Dyer authored a Search Warrant for Zecchini's 2017 Toyota Rav 4 SUV. The Search Warrant was signed by the Honorable Judge Stacy Ross and later assigned Broward County Clerk of the Courts Case Number 18-203SF10. Crime Scene Detective Chris Williams executed the Search Warrant with Detective Dyer.

For further information see the two sworn statements of Laura Zecchini and the supplement reports of Detectives Dyer, Chris Williams and Heath.

Once at the Emergency room at Broward Health North BWC on Deputies Wilinne Renard, Deputy Anthony Akhaven, Seargent Ian Doriot and Deputy Cathy Hunshicker-Jones were able to capture Nikolas Cruz's interaction with medical staff. In that interaction, Cruz was able to provide medical staff with his name, DOB and [redacted]

[redacted] Cruz denied to medical staff that he had any recent drug use but stated that he [redacted].

This detective was aware that several victims had been transported to Broward Health North Medical Center from the High School. Homicide Detectives Tutler and Cottam were dispatched to the Emergency Room to attempt to interview both surviving victim.

Crime Scene Detectives Clint Williams and Kim Woodard were assigned to Broward Health North to document the suspect and victims and collect evidence. Detective Williams noted that upon collecting Nikolas Cruz's boots that he had a Swastika etched into the left side of his right boot.

For further information see Detectives Clint Williams's supplement report.

The victim's at NBMC included:

V/F, DOB: [redacted] was shot in the lower back and was later discharged. stated in statement to Detective Cottam stated that she was inside her classroom when she heard gunshots. stated that she and other students ran to the corner of the room for cover when she felt a pain in her back. stated that she did not see the person who was shooting but saw that the window on the door to her classroom was shot out.

For further information see statement and Detective Cottam's supplement report.

W/M, DOB: [redacted] had a graze to the back of his head and was discharged. stated that he was inside classroom 1216 when he heard gunshots and felt something strike his head. stated that he fell the floor and tried to stay in a low position while he continued to hear gunshots go off. stated that he never saw the gunman who shot him.

For further information see . statement and Detective Cottam's supplement report.

B/F, DOB: [redacted] was found to be shot in both of her legs. [redacted] was admitted with non-life threatening injuries.

provided a short sworn statement to Detective Cottam while in the Emergency Room. In that statement advised that she was in the band room and entered into the 1200 building to use the bathroom. Once inside the 1200 building stated that she saw one of the Coaches running up the stairs. This coach was later identified as stated that she then saw the suspect come out of the staircase and began shooting. stated that she attempted to get into the first floor bathroom but could not enter it because the door was locked. stated that the gunman was wearing a JRROTC shirt and a baseball hat stated that she was shot in the leg and was able to enter

into an open class room to hide.

A second more detailed statement was later taken from by Detective Cottam. For further information see that statement and Detective Cottam's supplement report.

B/F, DOB: [redacted] was shot in her upper right chest and was discharged.

was interviewed by Detective Cottam and in her statement stated that she was in room 1214 when she heard gunshots go off. stated that she and other students hid in the classroom when she was shot. stated that she called 911 from the classroom and did not see the gunman.

For further information see statement and Detective Cottam's supplement report.

W/F, was shot in his upper right arm. He was admitted into ICU, in stable condition.

W/F, was shot in her right arm and chest and was admitted into ICU.

was unable to provide a sworn statement the day of the incident but gave a statement at a later date to Detective Roque. In sworn statement stated that she was in of the 1200 building when she heard gunshots outside in the hallway. stated that she and other classmates attempted to hide out of the view of the windows but was slightly pushed out of an area of cover when she was shot. stated that she blacked out and came back to when paramedics began treating her. stated that she did not see the gunman who fired into her class room.

For further information see sworn statement and Detective Roque's supplement report.

Two other victims, Christopher Hixon and Gina Montalto who were transported from MSDHS to Broward Health North were pronounced deceased in the Emergency Room.

This detective spoke to Doctor Igor Nickolas Nichiporenko who was examining Cruz. Doctor Nichiporenko advised that he saw nothing medically wrong with Cruz and that he would be medically releasing him to police custody. Once this detective obtained Cruz's medical clearance paperwork he was transported to the Public Safety Building by Deputy Lee Gieger. During the transport to the PSB a Body Worn Camera was deployed in the passenger section of Deputy Gieger's marked unit. The walk from Deputy Gieger's marked vehicle to the second floor of the Public Safety Building was captured by Deputy Cleophat's Body Worn Camera.

This detective travelled to the Public Safety Building. Detective Zack Scott, Kevin Forsberg and Sergeant Dave

Ellwood were left in charge of the campus crime scene.

Once at the PSB Nikolas Cruz was interviewed by this detective. The entire interview was recorded on the Axion Video Recording System. Cruz once in the interview room was able to follow Deputy Gieger`s request as to what seat to sit in and general directions. Once alone in the interview room Cruz scans the walls and ceiling of the room in an action consistent with looking for the hidden cameras in the room. Then in actions where Cruz appears to be "playing" for the hidden camera Cruz takes his fingers as if simulating a gun and shoots himself in the temple, in the mouth and then the chest. After simulating this action several times Cruz then punches himself with both his left and right fist in his cheek areas. Again these punches by Cruz appear to not be hard enough to cause any injuries.

As this detective enters the interview room and asks Cruz "how are you" Cruz gives this detective the "thumbs up" sign indicating he can understand this detective. Cruz is able to give this detective his name and date of birth and even spell his name for this detective. When asked by this detective if he would like a cold water Cruz responds back "I don`t deserve it".

After getting Cruz`s name and date of birth this detective leaves the interview room. Once alone again Cruz again looks around the room and then again simulates shooting himself with his fingers stating "just fucking kill me". Cruz then begins to bite himself on the wrists.

Once this detective reenters the interview room this detective informs Cruz of my desire to get background information about him from him. Once back in the interview room I noticed that Cruz`s wrist were not injured and did not require medical attention. As this detective attempts to determine where Cruz was living at Cruz advises that he has been living with a friend from MSDHS for the past four months but claims he cannot remember his friends name. When asked again the friends name Cruz questions this detective "do you know him" in an obvious attempt to protect his friends name from this detective knowledge and not the fact that he cannot remember the subject`s name.

When asked as to whether or not he has a phone Cruz claimed that he lost it today. When asked his phone number Cruz begins to claim he "cannot remember" it and then in what appears to be an "act" starts to hyperventilate. Cruz then is able to tell this detective his complete phone number after being told by this detective that I didn`t believe he couldn`t remember his phone number.

As background information continues Cruz is able to remember when his mother past away and her cause of death his father`s cause of death and year of death and his younger brother`s full name.

These answers by Cruz indicate that Cruz is not having memory issues. Background information is then obtained on Cruz`s educationally past. Cruz stated that he was a "B" and "C" student while in school and admits that he was in the JRROTC. Cruz denied any recent drug use both prescription and street but stated that he had used alcohol Xanax and

cannabis in the past. Cruz stated that he had once [redacted] after his mother's death. Cruz advised that he did not [redacted] Cruz stated that before his mother pasted away he had [redacted] because he was "lonely".

Cruz advised that he had employed at the same (Dollar Tree) location for two years. Cruz stated that he had been in trouble with the police in the past for shooting a chicken with a pellet gun and for riding his bicycle.

After determining that Cruz was able to understand was coherent and not under the influence of any drug or alcohol Cruz was read his Miranda rights this detective read him his rights off a standard issue Miranda Card. When explaining the fact that this detective is going to read him his rights Cruz states "I don't deserve it". Cruz is then read his rights and agreed to speak to this detective.

As this detective gets up to leave the room Cruz stated "Do you think you can try to get me killed or something?"

After this detective left the interview room Cruz started to bite himself on the wrist and mutter that "I just want to fucking die, that's all I wanted to do was die, just die" and other similar quotes.

Cruz then begins to pull on his finger as if he is trying to hurt himself and punch himself in the face. Cruz then pulls a medical lead off his side and begins to chew on it finally looking around again for a camera and spitting it out on the floor. Cruz then begins to break off his medical bracelet with his teeth while continually looking around the room for the hidden cameras.

When this detective again made contact back with Cruz we spoke about the gun used in the incident where he admitted he bought the AR-15 . a year or two earlier at a gun store in Margate for $560.00. Cruz also admitted he bought the extra magazines on line for around $200.00 a magazine.

Cruz admitted that he owned other rifles but no handguns. Cruz stated that he bought the AR-15 because it was "cool looking". Cruz admitted he kept the AR-15 in a gun safe at his friend's house.

Cruz stated that he stopped going to MSDHS after he got into a fight on campus. Cruz stated that he felt embarrassed after the fight because the other subject he fought got the better of him. Cruz stated that he and the subject (Ian) were fighting over a girl named [redacted]. Cruz stated that he then got in more trouble after the fight and got transferred to another school from MSDHS.

When this detective tried to have Cruz explain why he went back to MSDHS to do the shooting Cruz stated that he original plan was to shoot up a city park

Cruz claimed that he heard voices and had for years but never told anyone about the voice other than his brother Zackary Cruz. Cruz stated that the voice told him to "burn, kill and destroy". Cruz stated that the last time he heard the voice was the day before when he was at work at Dollar Tree. Cruz stated that he heard the voice at least once a day

and that the voice was a male voice similar in age to himself

Cruz stated that since his mother died he had been taking care of himself and his brother financially with money left in his mother`s account and had aspiration of being an Army Ranger but had flunked the ASVAB test because he was "stupid".

stated "I`ll bet you want to kill me"

Cruz stated that it was the voice that helped him pick out the AR-15 on the internet when he was looking to buy a rifle. Cruz stated that the AR-15 was the voices favorite gun.

Cruz stated that he did not have his brother`s phone number and did not know where Zack was staying.

Once this detective left the interview room again Cruz picked the medical lead off the ground and began to scratch his forearm with the lead. It doesn`t appear that Cruz is using enough force with this action to cause any injuries to his arm but Cruz abruptly stops when he thinks this detective is reentering the interview room.

Cruz claimed to this detective that he was a "cutter" and often tried to hurt himself. Cruz claimed that he tried to cut his forearms just before the school shooting with a knife while he was fishing. This detective inspected his arms and saw only minor scratches there with no significant injuries even with his earlier biting himself.

Cruz stated that he had spent around $4,000.00 on buying rifles and shotguns since he turned 18 and that his mother was present with him for most of the gun purchases.

Cruz stated that the voice didn`t trust this detective because I was too nice and that the voice told him not to seek [redacted] for his hearing the voices in the past. Cruz claimed that he brought his cellphone with headphones to MSDHS during the shooting to listen to "sad music". Cruz stated that he was listening to a song named "Salad Days" off "Sound Cloud" when he entered the school because it is a song about committing suicide. Cruz stated that the demon helped him pick out the songs he was going to play during the shooting.

The lyrics to "Salad Days" is the follow:

As I`m getting older, chip up on my shoulder
Rolling through life, to roll over and die
La la la la la, la la la la, la la la la, oh

Missing hippy Jon, salad days are gone
Remembering things just to tell `em so long
La la la la la, la la la la, la la la la, oh
Oh mama, actin` like my life`s already over
Oh dear, act your age and try another year
Always feeling tired, smiling when required
Write another year off and kindly resign
La la la la la, la la la la la, la la la la la, oh
Salad days are gone, missing hippy Jon
Remembering the days just to tell `em so long
La la la la la, la la la la, la la la la, oh
Oh mama, actin` like my life`s already over
Oh dear, act your age and try another year
Oh mama, actin` like my life`s already over
Oh dear, act your age and try another year

Again in a contradictory statement Cruz stated that he sometimes smoked cannabis and took Xanax because it helped the demon go away but that he didn`t want to smoke cannabis because it was illegal.

This detective then asked Cruz why the demon didn`t help him in the fight on campus to which Cruz had no answer.

Shortly afterwards Cruz stated that he wanted to have an attorney and when asked if it was him or the demon that requested the attorney Cruz stated that it was the demon.

As soon as this detective left the room Cruz again picked up the medical lead off the ground and began scratching his arm with the lead stating "why didn`t you help me".

This detective reentered the interview room and again inspected Cruz`s arm which showed no signs off any injury. Cruz was placed in handcuffs to avoid any further similar actions. Cruz then began to talk to himself screaming "my eyes I can`t see" as if he was [redacted] as he looked around the interview room. Shortly thereafter Cruz`s vision obviously restored takes his foot and kicked the water bottle that is sitting on the table in front of him. Cruz continues to scan the room as if he is looking for a hidden camera as he had done every time this detective left the interview room. It should be noted that while in the interview room with Cruz, he never once did this scanning type actions.

While this detective prepared paperwork on the case Cruz sat calmly in the interview room. At various time Cruz continues to scan the walls and ceiling of the room looking for the hidden cameras. While this detective was interviewing Nikolas Cruz, Detective Tutler was at same time interviewing [redacted] and Zachary Cruz at

the Public Safety Building.

In a recorded interview to Detective Tutler, [redacted] advised that she knew both Nikolas and Zachary Cruz due to the fact that she rented a house which was aside of Linda Cruz and the two subjects. [redacted] stated that Linda Cruz became like a mother to her and that Linda Cruz had no family and told her to take care of Nikolas and Zachary if anything ever happened to her. After Linda Cruz died [redacted] stated that she took both subjects to Lake Worth to live with her [redacted] stated that three weeks before Linda Cruz died Nikolas Cruz beat her up breaking three of Linda Cruz`s teeth. [redacted] stated that she heard about the incident from Linda Cruz herself.

[redacted] stated that Nikolas Cruz had several firearms and since she had a small children she didn`t want the guns in her house. [redacted] stated that she called the Lake Worth Police when she found out that Nikolas Cruz had bought a gun from Dicks Sporting Goods and she suspected that he was trying to bury the gun in the backyard to hide it from her. This caused [redacted] to ask Nikolas Cruz to move out of her house. [redacted] stated that she last saw Nikolas Cruz on 12/20/2017. [redacted] stated that Nikolas Cruz moved in with a friend whose father`s name was James and that James told him that Nikolas Cruz would keep his guns at his house in a gun safe.

[redacted] stated that Nikolas Cruz then moved in with a friend named James and that she allowed Zachary to stay with her.

For further information see Detective Tutler`s supplement report and the interview of [redacted].

Zachary Cruz in a recorded interview to detective Tutler advised that he had not seen his brother in person in over a month. Zachary Cruz tried to contact Nikolas Cruz by Instagram several days ago but found that Nikolas Cruz had deleted his Instagram account. Zachary Cruz stated that when he and Nikolas Cruz communicated via social media it was just general topic such as how each other was doing or asking about their dog`s status.

Zachary Cruz stated that Nikolas Cruz often talked about "killing people". Zachary Cruz stated that he once went through Nikolas Cruz cellphone and that Nikolas Cruz had an "App" called "Kik" where Nikolas Cruz would leave messages to himself. In those messages Nikolas Cruz talked about shooting up the school and shooting everyone. Zachary Cruz stated that Nikolas Cruz later deleted this "Kik" account and the messages. Zachary Cruz stated that he thought that his brother was not serious about the threats and was joking. Zachary Cruz stated that Nikolas Cruz had a hard time socializing but did have friends. In one conversation before their mother died Zachary Cruz stated that he and Nikolas Cruz were walking to the pool and they were having a conversation about what they wanted to do with their future. Zachary Cruz stated that Nikolas Cruz stated that he wanted to go into the Army. Zachary Cruz stated he told Nikolas Cruz that their mom was old and what he would do if she died to which Nikolas Cruz stated "I`d go kill

people".

Zachary Cruz stated that he knew his brother owned at least six rifles and shotguns including a Smith and Wesson AR-15. Zachary Cruz stated that he once saw Nikolas Cruz fire the AR-15 in the garage of their old house. Zachary Cruz stated that he knew his brother had a bullet proof vest a ballistic helmet and bags of ammunition for his AR-15 and shotguns. Zachary Cruz stated that once their mother died and they moved in with [redacted], Nikolas Cruz didn't trust [redacted] and stated that if she ever did anything to steal their money he would kill her. Zachary Cruz stated that he had not seen his brother in person in over a month. Zachary Cruz stated that Nikolas Cruz sometimes talked to himself and talked about [redacted]. Zachary Cruz did not know why his brother would choose to do the shooting at MSDHS other than it was the "closest High School" to where he lived.

Zachary Cruz stated that Nikolas Cruz would often listen to the song "Pumped up Kicks" while holding one of his shotguns simulating shooting people. "Pumped up Kicks" is a song about shooting people in a school shooting which will be discussed later in this detective's supplement.

Zachary Cruz stated that he felt somewhat responsible for his brother's action on 02/14/2018 because he wasn't close to his brother growing up.

For further information see Detective Tutler's supplement report and the interview of Zachary Cruz.

This Search Warrant at [redacted] was coauthored with Detective Roque by Detective Joseph Piatchek of the Palm Beach County Sheriff's Office. This Search Warrant was reviewed by ASA Tate and Bandell and then signed by the Honorable Judge Kirk Volker of the Fifteenth Judicial Circuit. The Search Warrant was later assigned Palm Beach County Clerks Case Number.

Once the Search Warrant was executed various pieces of electronics including computers, cellphones and an X-box were recovered. A live 7.62 round was also located. Crime Scene Photographs were taken by the Palm Beach Sheriff's Office Detective Oetinger under case number 18-038850. The electronic items were turned over to BSO SID Tina McCoy for the issuances of Search warrants for each item.

For further information see Detective Roque's supplement report and Palm Beach Sheriff's Office under case number 18-038850.

Nikolas Cruz was provided water several times by this detective and since he had asked about his brother earlier when this detective advised him that we had located his brother Zachary Cruz and that he was alright he requested to see him. The first question asked by Zachary Cruz to his brother was "why did you do it". Nikolas Cruz response is "Demon".

Investigator Signature: _____

Zachary seems confused by the response and states "what do you mean demons" to which Nikolas stated "you remember I told you". Again Zachary Cruz seems confused as if he had never heard about his brother`s claim about a demon.

Zachary Cruz then tells his brother how many people he killed at MSDHS. Zachary Cruz again asks his brother "why did you do it" and Nikolas Cruz begins to laugh. As the conversation between the two brothers` continue it is clear that they do not have a close relationship. Zachary Cruz even apologies to the suspect for "treating him like shit" while growing up and not including him with his friends because they liked different things. Nikolas Cruz and Zachary Cruz talk about Nikolas Cruz`s "passion for guns".

At one point it appears that Zachary and Nikolas have had past conversations about Nikolas Cruz wanting to kill people. In that exchange Zachary Cruz states "I told you what about this I have talk to you I`ve told you about what happens when you kill people".

Once Zachary Cruz is escorted from the interview room Nikolas Cruz remains in the room for several hours. Cruz is given water and pretzels to snack on and is also escorted to the bathroom by Deputy Schaub. Cruz acts normal during his entire time in the interview room and is not seen doing anything unusual. At points of time it appears that Cruz actually falls asleep.

Other living victims were transported from the MSDHS Campus to Broward Health Medical Center in Fort Lauderdale. Crime Scene Detectives David and Chris Williams were assigned to document all victims and collect evidence from these victims at BGH.

They included the following victims:

, W/M, as shot once in the back. In sworn statement to Detective Heath, stated that he was in classroom 1216 when he and other students heard gunshots go off. stated that he and students began to hide in the corners of the classroom when he was shot. stated that he did not see the gunman who shot him was discharged from Broward Medical Center.

For further information see the sworn statement of. nd Detective Heath`s supplement report.

, W/M. was shot in the right and left leg and as well as the right lung. was admitted into the hospital and was unable to give a sworn statement the day of the incident.

In a later sworn statement to Detective Galindez advised he was in a classroom on the third floor when he and other classmates left the room due to the fire alarm going off. stated that as he heard gunshots going off he

taken by family to Northwest Medical Center, treated and released. In a sworn statement taken by Detective Roque, stated that the Fire Alarm went off and he and other students began to leave the classroom to go to their assigned area. Once in the hallway stated that he heard noises like fire crackers and saw all the students in the hallway in front of him change direction and begin to run towards him. stated that he turned to run in the same direction and felt a pain in his leg. stated that he tried to get into a classroom but that the door was locked so he ran down the furthest staircase to the first floor. Once off campus he realized he was injured and his family took him to the hospital.

For further information see the sworn statement by and the supplement report of Detective Roque.

W/M [redacted] was shot in left and right forearms while in room 1216 and was transported and treated and Boca West Hospital and released. In sworn statement to Detective Wallace, stated that he was inside his classroom when he heard gunshots go off and saw the window of his classroom shatter. stated that he crawled to hide behind the teacher's desk and saw victim afterwards shot. stated that he continued to hear gunshots go off and believed that the suspect was travelling to the second floor of the building stated that he never saw the gunman.

For further information see the sworn statement by and the supplement report of Detective Wallach.

Boca Raton Crime Scene Detective Amy Flagler responded to West Boca Medical Center where she collected clothing and documented his injuries. For further information see Boca Raton Police Report 2018002258.

For further information see the sworn statement by and the supplement report of Detective Wallach.

SWAT Teams from various agencies including BSO conducted students evacuated of all structures on the school campus with the assistance of K-9 and Bomb Team members. These units searched all the buildings and backpacks on campus for additional victims and suspects and any destructive devices. At the direction of BSO SWAT Lieutenant Chris McCoy each building was double and tripled checked by various SWAT Teams. Each SWAT Teams actions taken inside the 1200 building will be discussed in further detail later in this detectives supplement report. Those SWAT Teams included the following agencies:

Broward County Sheriff's Office SWAT Team
Fort Lauderdale Police Department SWAT Team
Sunrise Police Department SWAT Team
Coral Springs Police Department SWAT Team
Hallandale Beach Police Department SWAT Team
Pembroke Pines Police Department SWAT Team

FBI SWAT Team
Margate Police Department SWAT Team
Hollywood Police Department SWAT Team
ATF SWAT Team
Davie Police Department SWAT Team
Miramar Police SWAT Team

The BSO SWAT Team members conducted student's evacuations and searches of the 1200, 1300, 700, 500 and 800 buildings.

The Coral Springs Police SWAT Team members conducted students evacuated and searches of the 1200, 1300, 700, 400, 800, 600, 900 500, 100, 300, 200 and 800 buildings.

Fort Lauderdale SWAT Team members conducted student evacuations and searches of the 200, 500, 600, 700, 900 and 300 buildings. Two Fort Lauderdale Medics (Bohan and Pardo) responded to the 1200 building to assist with the gunshot victims. Fort Lauderdale Police Response was documented under Fort Lauderdale Police Case Number 34-1803-36978 and can be reviewed for content.

Pembroke Pines SWAT Team members conducted student evacuations and searches of areas of the sports fields and bleacher areas. Pembroke Pines Police Response was documented under Pembroke Pines Police Case Number PPPD18OFF10921 and can be reviewed for content.

FBI SWAT Team members conducted student evacuations and searched the 900 building. FBI SWAT Teams response was documented under a FBI 302 report and can be reviewed for content.

ATF SWAT Team members conducted student evacuations and searched the gym and locker room areas of the school. They also and assisted the FLPD SWAT Team in securing the 500 building. ATF Response was documented under ATF case number 701226-18-0001 and can be reviewed for content.

The Margate SWAT Team members conducted student evacuations and searches of the 100, 200, 300,400 500 and 300 buildings. Margate Police Response was documented under Margate Police Case Number 37-1803-008551 and can be reviewed for content.

The Miramar SWAT Team members conducted student evacuations and searches of the gym, weight room, cafeteria and 1200 building (First Floor). Miramar Police Response was documented under Miramar Police Case Number 18-03-01940 and can be reviewed for content.

The Davie Police SWAT Team members conducted student evacuations and searches of the gym, and surrounding areas. Davie Police Response was documented under Davie Police Case Number 18-025516 and can be reviewed for content.

The Sunrise Police SWAT Team members conducted student evacuations and searches of the football field, parking lots and 900 building. Sunrise Police Response was documented under Sunrise Police Case Number 42-1802-008074 and can be reviewed for content.

Though all the listed SWAT Teams responded to the location on a call of an "Active Shooter" no SWAT Team Member reported hearing active shooting when they arrived on the campus.

Once SWAT Teams cleared the 1200 building and 15 additional deceased victims were found in or around the 1200 building. They included the following deceased victims.

Victim Aaron Feis was found deceased [redacted]

Victim Carmen Schentrup was found deceased [redacted].

Victim Nicholas Dworet was found deceased [redacted].

Victim Helena Ramsey was found deceased [redacted].

Victim Luke Hoyer was found deceased [redacted].

Victim Alaina Petty was found deceased [redacted].

Victim Alexander Schachter was found deceased [redacted].

Victim Alyssa Alhadeff was found deceased [redacted].

Victim Joaquin Oliver-Padauy was found deceased [redacted]

Victim Meadow Pollack was found deceased [redacted].

Victim Cara Loughran was found deceased [redacted].

Victim Scott Beigel was found deceased [redacted].

Victim Peter Wang was found deceased [redacted]

Victim Jaime Guttenberg was found deceased [redacted].

Victim Martin Duque-Anguiano was found deceased [redacted].

It was later determined that several of the deceased victim`s had been moved by Law Enforcement to gain access to the classrooms to evacuate students. These victims will be discussed in greater detail later in this detectives supplement.

Once the campus was deemed secured CESU Detectives were called to the school and were able to retrieve videos from all of the cameras on school ground. Homicide Detective Jeff Curtis accompanied CESU Technician Chris Ramseur with the assistance of Vice Principal Maximo Rosario downloaded the video from inside the 1200 building during the time of the shooting.

It was determined at that time that the campus had a video system with over 70 cameras which was housed on a Dell Power Edge R530 Server.

This school camera system was later determined to be maintained by the Broward County School Board Custodian of Records Information and Technology Division, Edward Keesler. Keesler stated that the camera system inside the 1200 Building was delivered to them by a local sub-contractor and then installed in the school by them and then synced in with the main school server.

Since the Subway Receipt found in Cruz`s possession was dated 02/14/2018 at 2:50 p.m. CESU Technician Ron Lowther and Marco Castellanos were sent to the Subway at 6001 Coral Ridge Drive in Coral Springs to retrieve video from Nikolas Cruz`s action inside the Walmart and Subway Restaurant. Once the video was examined it showed the following movements of Nikolas Cruz inside the Walmart and Subway.

For further information see Detective Phil Reynolds supplement report.

02:50:00 PM - Suspect enters the Walmart wearing the same clothing he is later captured wearing.

02:51:00 PM - Suspect enters the Subway Restaurant inside Walmart. Cruz orders a drink from store employee Carlos Rugeles WM 6/25/92 and sits in the restaurant. A statement obtained was later obtained from Carlos Rugeles by Detective Reynolds. In that statement Rugeles stated that Cruz purchased a cherry blue raspberry mixed Slurpee and that Cruz seems calmer than all the other students inside the Walmart. Rugeles stated that other patrons appeared

nervous and some were crying.

For further information see the sworn statement of Carlos Rugeles and the supplement report of Detective Reynolds.

02:52:10 PM - Suspect leaves Walmart.

In the Walmart/Subway videos Nikolas Cruz appears calm as he walks among numerous other students who had fled from MSDHS.

Additionally a call came in after the incident from [redacted] from the [redacted] when contacted advised that his video system captured images of the suspect walking to the McDonalds at 3:00:31. A Search Warrant was obtained to seize the surveillance system hard drive on 02/16/2018. This Search Warrant was reviewed by ASA Justin Griffin and then signed by the Honorable Judge Carlos Rebollo.

Deputies canvassing the area near where Cruz was detained found a security video at 4743 NW 121 Street in Coral Springs which captured Cruz walking a few blocks away from where he was stopped. This video was preserved by CESU Detective Marco Castellanos and later placed into evidence.

Sergeant Rubin and Detective Sokol being aware that the address of 7200 Loxahatchee Road was the last known address for Cruz went to that location before Nikolas Cruz was taken into custody in an attempt to locate him. They made contact with James and Kimberly Snead at that location and secured the location with other detectives. Once it was confirmed that Nikolas Cruz was not in the location the address was secured pending a Search Warrant.

James and Kimberly Snead were brought to the Public Safety Building where they were interviewed by Detective Metz. Both Snead's advised that Nikolas Cruz was a friend from of their son Jameson Snead and that after Linda Cruz died in November 2017 they allowed Cruz to move into their house. James and Kimberly Snead stated that both their son and Cruz were in JRROTC at MSDHS. Jameson Snead who was not at 7200 Loxahatchee Road at the time of contact with James and Kimberly Snead was waiting at the McDonalds in Coral Springs for James Snead to pick him up when detectives arrived at the residence. Arrangements were made by Detective Metz to pick up Jameson Snead and transport him to the Public Safety Building to be interviewed.

James and Kimberly Snead stated that before moving into their house Nikolas Cruz stated that he had been living in Palm Beach County with his younger brother but that the lady he was staying with didn't like him having his guns in her house. Both James and Kimberly Snead agreed to allow Nikolas Cruz move into their house but made him buy a gun safe and keep his guns secured. James Snead stated that he kept control of the only key to the gun safe. After leaving MSDHS both Cruz and Jameson Sneed enrolled in Rock Island Development Center for classes.

Jameson Snead was interviewed and advised that Nikolas Cruz had an "unusual interest" in guns and had a large amount of ammunition. Jameson Snead stated that he thought Nikolas Cruz was socially awkward and on 02/13/2018 Cruz told him he was not going to school on Valentine`s Day. Jameson Snead stated that on 02/14/2018 Cruz texted him several times but that it was nothing of significant other than one text where Cruz told him "he had something important to tell him".

Jameson Snead stated that he was at MSDHS at the time of the shooting but not near the 1200 building. Jameson Snead stated that he heard gunshots and he and other students fled the campus westbound where he travelled to the Walmart and called his father to pick him up. Do to the large amount of traffic and children from the school at the Walmart it was decided that Jameson Snead walk to the McDonalds to be picked up.

For further information see the recorded statement of James, Kimberly, and Jameson Snead which was recorded on the Axion Video recording System and the supplement report of Detective Metz, Sokol and Sergeant Rubin.

Jameson Snead allowed his cellphone to be downloaded by Detective Vince Puran of the CESU Unit. The Consent to Search Form was later placed into evidence.

Homicide Detective Foster authored a Search Warrant for the listed location 7200 Loxahatchee Road. The Search Warrant was reviewed by ASA Tate and then signed by the Honorable Judge Stacy Ross. The Search Warrant was later assigned Case Number 18-228-SF10 by the Broward County Clerk of the Courts.

Inside the residence was found a gun safe belonging to Nikolas Cruz. A second Search Warrant was authored for the gun safe by Detective Foster. The Search Warrant was reviewed by ASA Tate and then signed by the Honorable Judge Stacy Ross. The Search Warrant was later assigned Case Number 18-227-SF10 by the Broward County Clerk of the Courts.

Inside the residence was found several other rifles and shotguns as described to this detective in Nikolas Cruz`s sworn statement. They included:

A 9mm High Point rifle, Model 995TS with a serial number of F135972. An ATF Search determined that this gun was purchased by Cruz on 10/13/2017 at Advanced Firearms in Margate Florida.

A Mossberg 12 gauge shotgun, Model Maverick 88 with a serial number of MV0217695. An ATF Search determined that this gun was purchased by Cruz on 11/18/2017 at Dicks Sporting Goods in Boynton Beach, Florida.

A Remington 12 gauge shotgun, 870 with a serial number of RS38221Y. An ATF Search determined that this gun was

purchased by Cruz on 10/01/2016 at Gun World of South Florida in Deerfield Beach Florida.

A 9mm High Point rifle, model 995TS with a serial number of F135972. An ATF Search determined that this gun was purchased by Cruz on 10/13/2017 at Advanced Firearms in Margate Florida.

A Century arms AK47 rifle, model RAS47 with a serial number of RAS47079188. An ATF Search determined that this gun was purchased by Cruz on 10/13/2017 at Gun World in Deerfield Beach, Florida.

Other guns that were seized from the house belonged to James and Jameson Snead.

They included the following guns:

A 22 caliber Marlin rifle, Model 60 with a serial number of MM18640M. An ATF Search determined that this gun was purchased by James Snead on 03/18/2017 at Bass Pro Shop in Dania Beach, Florida.

A Savage 12 gauge, Model 320 with a serial number of 174636A. An ATF Search determined that this gun was purchased by James Snead on 10/13/2017 at Dicks Sporting Good in Boca Raton, Florida.

An American Tactical rifle, Model Omni Hybrid with a serial number of NS099694. An ATF Search determined that this gun was purchased by James Snead on 12/30/2017 at Advanced Firearms in Margate Florida.

ATF Searches were conducted on each firearm by Detectives Carrasquillo, Metz and Goodwin.

For more information see Detective Foster`s Carrasquillo, Metz and Goodwin supplement reports.

Two Search Warrants were submitted by Detective Foster to the Honorable Judge Andrew Siegel for review. These Search Warrants were for an Xbox video game console (Item FB63) and several desktop and laptop computers found inside the location. The Search Warrants were signed and the items were delivered to BSO ICAC to be forensically analyzed. The XBOX console (FB63) was found to be inoperable. These Search Warrants were later returned to the Broward Clerk`s Office and assigned to case numbers 18-0446SF10 (XBOX) and for 18-0854SF10 (computers).

For information in reference to the information on the electronic items downloaded see Detective Foster`s supplement report.

This detective contacted Detective Forsberg who was on campus and provided him the suspect`s cellphone number in an attempt to locate the suspect`s cellphone. This detective advised him of the fact that the suspects phone had been left in the 1200 building according to the suspect. This cell phone was located in the eastern ground floor stairwell aside of the rifle case that the suspect had discarded. Still attached to the cellphone was a pair of ear buds. This cell phone was documented by Crime Scene Detective Crespo and then transported by Detective Valerian Perez from the crime scene to this detective.

The suspect`s cellphone a Black ZTE cellphone (954-821-1007) with an IMEI of 866739020366114 and a serial number of 326E5251179F was brought to the Public Safety Building after it was documented by crime scene detective. A Search Warrant for a download of the phones contents was authored by this detective. The Search Warrant was reviewed by ASA Tony Loe and ASA Will Sinclair and then signed by the Honorable Judge Stacy Ross on 02/15/2018. This Search Warrant was later assigned Broward County Clerk of the Courts Case Number 18-202SF10.

Found on the suspect`s cell phone were three videos recorded by the suspect that detailed the motive for the shooting and the murders of the victims. They included the following videos and narratives.

VIDEO 20180208-14319 02/08/2018 2:39 PM

"Alright so here`s the plan, I`m gonna go take Uber in the afternoon before two forty from there I leave from there I`ll go into the campus walk up the stairs unload my bags and get my AR and shoot people down at the main, what is it courtyard, wait and people will die".

VIDEO 20180211-13470 02/11/2018 1:48 PM

"Today is the day the day that it all begins. The day of my massacre shall begin."

"All the kids in school will run in fear and hide from the wrath of my power they will know who I am. I am nothing, I am no one. My life is nothing and meaningless. Everything that I hold dear I let go beyond your half"
"Every day I see the world ending in another day."

"I live a lone life, live in seclusion and solitude. I hate everyone and everything. With the power of my AR you will all know who I am. I had enough of being told what to do and when to do. I had enough of being everybody telling me I`m an idiot and I`m a dumb ass. When in real life you are all the dumb ass you are all stupid and brainwashed by these fucking political government programs."

"You will all see. You will all know who my name is. My love for you Angie will never go away. I hope to see you in the afterlife and one day or another it will end and we will all die."

VIDEO 20180211-135505 02/11/2018 1:55 PM

"Hello my name is Nick and I'm gonna be a next school shooter of 2018. My goal is at least twenty people. With an AR 15 and a couple tracer rounds. I think I can do a good time. Location is Stoneman Douglas [emphasis] in Parkland Florida. It's gonna be a big [emphasis] event and when you see me on the news [emphasis] you will all know who I am. [laugh]
You're all going to die. [pu pe pu pu pu ...] Oh yeah Can't wait."

Using information on the cellphone contacts the "Angie" referred to in the second video was identified as Angelica Gilmartin. Gilmartin was listed in Nikolas Cruz's cell phone in contacts as "Warning Love of Your Life".

On 02/15/2018 Angelica Gilmartin met with this detective where she stated in sworn statement that she met Nikolas Cruz around a year ago during the summer and lived near the Dollar Tree where Cruz worked. After seeing Cruz several times in the store he asked her for her cellphone number which she gave him. Angelica Gilmartin stated that she often spoke and texted to Cruz on the phone they had never dated or been to each other's houses. Angelica Gilmartin stated that she knew Nikolas Cruz had guns but had never seen any of them in person. Angelica Gilmartin stated that Cruz had multiple Instagram accounts that she had seen pictures of him with guns but that he often deleted and changed his accounts. Angelica Gilmartin stated that Cruz told her he liked guns because he liked to hunt and fish.

Angelica Gilmartin stated that she last saw Cruz and met Cruz on Friday (02/09/2017) at Target in Coral Springs because he seemed [redacted]. Angelica Gilmartin stated that she insisted that Cruz meet her in a public place because she was afraid of him.

Angelica Gilmartin stated that the day before the incident she was in school in eighth period when she received a text from Cruz stating that he "felt like killing people". Angelica Gilmartin stated that Cruz had texted her "negative things" in the past but had never mentioned killing people before. Angelica Gilmartin stated that she had deleted the text as she got into an argument with Cruz about the fact that it was not her place to "have to lift him up" when he was [redacted]. Angelica Gilmartin stated that Cruz called her several more times on 02/13/2018 where he left her voicemails and called her telling her that he wanted her to be his girlfriend and be his Valentine on 02/14/2017. Angelica Gilmartin stated that in the actual conversation with Cruz she again told Cruz that she did not think of their relationship in that matter. Angelica Gilmartin stated that Cruz told her that he was going to speak to a [redacted] and told her "Good Bye". Angelica Gilmartin stated that the way Cruz ended the call was different from the way he normally ended his phone calls.

Angelica Gilmartin stated that on 02/14/2018 she was in school at Deerfield Beach High School when Nikolas Cruz began attempting to call her but that she was taking a test and did not take the call. Angelica Gilmartin stated that when she checked her phone again she saw that Cruz had been texting her "all day". Angelica Gilmartin stated that some of the texts showed pictures of old scars on Cruz's arms. Angelica Gilmartin stated that she had made it clear in the past that she did not want to become romantically involved and just friends. Angelica Gilmartin stated that once Cruz once told her of his plans to marry her.

Angelica Gilmartin stated that Cruz had never told her about "demons" but could not remember if he ever told her that he had heard voices. Angelica Gilmartin stated that Cruz never told her about any physical abuse but felt that everyone including his family did not like him. Angelica Gilmartin stated that Cruz told her that he went to school at MSDHS and stated that he "hated the people there".

For further information see the recorded statement of Angelica Gilmartin which was recorded on the Axion Video recording System.

Using information on the cellphone contacts the "[redacted] referred to in Nikolas Cruz's statement was identified as [redacted].

On 02/15/2018 [redacted] met with this detective with her mother [redacted]. [redacted] would not allow this detective to interview [redacted] alone. [redacted] stated in sworn statement that she met Nikolas Cruz around two years ago through a friend named Dana Craig who set them up. Craig at the time was dating a subject named Chance who was friends with Nikolas Cruz. [redacted] stated that after knowing each other for a period of time she began dating Cruz. During that time [redacted] stated that Nikolas Cruz was living with his brother and mother in Parkland.

[redacted] stated that she started talking to another student who went to MSDHS Enea Sabadini. [redacted] stated that Nikolas Cruz became jealous and had a physical confrontation on school grounds with Sabadini. [redacted] stated that she knew that Cruz liked guns because she knew he read gun magazines and often showed her pictures of dead animals.

[redacted] stated that she had not seen Nikolas Cruz for over a year but once he had told her that he would be better off if he was dead. [redacted] stated that she heard that Cruz had tried to overdose on pain medication. [redacted] stated that often during their relationship Cruz was verbally and physically abusive towards her. In one incident [redacted] stated that Nikolas Cruz broke her cellphone after he found Enea Sabadini's phone number in her phone. [redacted] stated that after the fight with Enea Sabadini she blocked all phone contact with Cruz. [redacted] stated that after the fight, she heard that Cruz had threatened Sabadini by text.

[redacted] stated that when Linda Cruz was alive she spoke to her often and that when Nikolas Cruz and [redacted] dated that she never left them unattended. [redacted] stated that when together Cruz worked on his homework and was well behaved. [redacted] stated that she learned that Cruz had been caught in school with a Swastika on his backpack and spoke to him about it concerned because her family was Jewish. [redacted] and [redacted] did many activities with Nikolas Cruz and took him deep sea fishing and to the rodeo etc.

[redacted] stated that she learned from Cruz that he had been caught on campus with a bullet. [redacted] stated that Hunter and Dakota were Nikolas Cruz`s close friends. [redacted] stated that she never saw Cruz talk to himself and he never spoke about hearing "demons or voices".

For further information see the recorded statement of [redacted] which was recorded on the Axion Video recording System.

Dana Craig was later interviewed by Detective Jeff Curtis where in sworn statement she advised that she was on campus on 02/14/2018 but was in the 700 building at the time of the shooting. Craig advised that after the Fire alarm went off in the afternoon she and other classmates began to leave their building when she heard gunshots go off. Craig stated that she never saw the gunman but stated that she knew Nikolas Cruz through her step brother and her boyfriend. Craig stated that she knew Nikolas Cruz shot animals such as frogs and squirrels. Craig stated that she knew that Nikolas Cruz was physically abusive towards [redacted]. Craig stated that she told [redacted] to break up with Cruz and when Cruz found out he threatened to kill her and her family and rape her. Craig stated that she had seen Cruz in the past with bullets while at MSDHS.

For further information see the recorded statement of Dana Craig which was recorded on the Axion Video recording System.

Enea Sabadini was later interviewed and gave two separate in reference to the incident. The first statement was taken by Detective Guermes. In that statement Sabadini advised that at the time of the shooting he was in the 900 building and did not witness any part of the shooting. Sabadini stated that he knew Nikolas Cruz from school and had problems with him after he started dating [redacted]. As part of those threats Cruz began sending him texts and would continue to annoy and threaten him at school. Sabadini stated that the school was notified of Cruz`s action but according to Sabadini nothing was done and on 09/20/2016 Cruz threw a water bottle at him which lead to a physical altercation in the school courtyard. Sabadini stated that both he and Cruz were suspended after the fight and after Cruz left MSDHS the threats continued on Instagram. In those threats Cruz sent Sabadini pictures of guns.

A second statement was taken from Enea Sabadini by Detective Curtis which gave more details of the threats by Nikolas Cruz. Copies of the Instagram threats from Cruz to Enea Sabadini were copied by Detective Curtis and then

For further details of the victim's injuries see the supplement reports of Homicide Detectives Tutler and Curtis and each victim's individual autopsy reports.

On 02/16/2018 a Search Warrant was authored by SID Detective Masters to obtain information from Nikolas Cruz's UBER account. This UBER account was linked to phone number 561-526-3557 and Nikolas Cruz's Gmail account of nikolasjacobcruz@gmail.com. The account showed that the start date of the account was 11/28/2017. The Search Warrant was signed by the Honorable Judge Rebollo and later assigned Broward County Clerk of the Courts case number 18-189SF10

Transactions on the account showed the following:

Date and Time	Pick up Location	Drop off Location
02/14/2018 2:06 p.m.	7200 Loxahatchee Road	5873 Coral Springs Drive
02/09/2018 8:50 p.m.	9426 Westview Drive	7200 Loxahatchee Road
02/09/2018 4:09 p.m.	7200 Loxahatchee Road	9426 Westview Drive
01/31/2018 9:08 p.m.	9525 Westview Drive	7200 Loxahatchee Road

Investigator Signature:_____

Contact: Reference: *Follow Up*

11/30/2017 5:36 p.m.	4671 NW 121 Avenue	7200 Loxahatchee Road
11/28/2017 6:14 p.m.	6401 Easter Cay Way	4671 NW 121 Avenue

The address 5873 Coral Springs Drive in Parkland is MSDHS.

The addresses 9426 Westview Drive and 9525 Westview Drive in Coral Springs are Cruz's work address at Dollar Tree.

The address [redacted] is the [redacted] residence in Palm Beach.

The address 4671 NW 121 Avenue in Coral Springs is the address of Caden Krzeminski a friend of Nikolas Cruz.

Once the interior video from the 1200 building was downloaded and examined it showed the following time line of events.

FLPD SWAT Medics evacuate Montalto through the east doors Montalto would later be transported and pronounced deceased at North Broward Medical Center.

At that point it was decided that the School server for the additional school camera be examined by the FBI at the request of the Broward County State Attorney's Office. The server was turned over to FBI Special Agent Carlos M. Castello of the Miami CART Division.

On 02/16/2018 BSO Detective Jennifer Montgomery authored a Search Warrant to seize the Dell Power Edge R530 server from Marjory Stoneman Douglas High School. This Search Warrant was signed by the Honorable Judge Carlos Rebollo and then later assigned Broward County Clerk of the Courts Case Number 18-197SF10.

Though at the time this Search Warrant was authored and then executed the server was still on the school property which was secured as a crime scene. It was learned that members of the Broward County School Board had downloaded video evidence from this MSDHS school server to a backup computer system off site.

Based on this information a second Search Warrant was authored by BSO Detective Peterson to seize that server located at the Broward County School Board located at 7720 West Oakland Park Boulevard in the city of Sunrise. This Search Warrant was signed by the Honorable Judge Carlos Rebollo and then later assigned Broward County Clerk of the Courts Case Number 18-196SF10.

For further information see the supplement report of Detective Vince Peterson.

On 02/16/2018 this detective obtained a sworn recorded statement from Deputy Scot Peterson the SRO on campus the day of the incident. Present during the statement was Detective Jeff Curtis.

It should be noted that prior to taking this taped statement this detective had not been able to view the exterior cameras from the campus on the day of the incident due to the fact that the video system was still in the FBI's possession at the request of the State Attorney's Office. Due to this fact this detective was unable to view any of Deputy Peterson's actions on 02/14/2018 from the video

In his sworn statement Deputy Peterson advised that he had been the SRO at MSDHS for the past eight years and on the day of the incident was on campus in full BSO Uniform. On the day of the incident Deputy Peterson advised that they had had a fire alarm drill at the school around 10:00 a.m. and that he was the subject who activated the alarm for the drill.

Deputy Peterson advised that after lunch he was in his office which was near the schools main office (Building One)

and had been investigating a fraudulent identification matter from earlier in the day. According to Deputy Peterson the student involved in the fraudulent identification matter had been sent back to class and he was waiting for that student's parent to arrive at school to discuss the matter.

Deputy Peterson advised that school is dismissed at 2:40 p.m. and around 2:20 to 2:20 p.m. he heard school security specialist Andrew Medina on the school radio announcing that he had possible heard firecrackers going off in the 1200 building. It should be noted that this school radio mentioned by Deputy Peterson is not a recorded channel and all school employees have a similar school radio.

Deputy Peterson stated that he exited his office and he saw Security Specialist Kelvin Greenleaf whose office is right next to his office. Deputy Peterson stated that once outside his office he looked for a golf cart which is normally parked right outside his office but couldn't find one.

Deputy Peterson stated that he and Greenleaf began to run towards the 1200 building when he stated that the school fire alarm went off and as he got right up aside of the 1200 building (around ten feet away) heard two to three gunshots go off. Deputy Peterson stated that he was unsure if the gunshots were coming from inside the building or outside the building due to the fact that the gunshots were so loud. Deputy Peterson stated that though he didn't see anyone with a gun so he retreated from being along the 1200 building and sought cover along the wall of the 700 building which was the building just south of the 1200 building.

Deputy Peterson stated that he notified BSO dispatch of the shooting and that units responding need to shut down the intersection of Homberg Road and Pine Island Road. Deputy Peterson stated that on his school radio he began to advise other school employee's to go into "Code Red" protocol indicating an armed intruder on campus.

Deputy Peterson stated that he drew his service weapon and was waiting for the gunman to exit the 1200 building when he saw Coral Springs Police ASRO Tim Burton arrive at the 1200 building with a rifle. Deputy Peterson stated that he did not see any muzzle flashes coming from the 1200 building and saw no students exiting the 1200 building.

Deputy Peterson stated that he heard other deputies advising on the radio of students being found shot near the football field and thought that the gunman was possibly running in that direction. Deputy Peterson stated that he then saw other Coral Springs Officers arrive on the scene and watched them enter into the 1200 building. Deputy Peterson advised that at no time did he ever enter into the 1200 building either while hearing gunshots or after other law enforcement officers arrived on the scene.

Deputy Peterson advised that using his school radio he asked Assistant Principal Jeff Morford to rewind the video from inside the 1200 building so that a description could be obtained of the gunman. It should be noted that this rewinding of the school video became an issue later as other officers began to arrive to the school office and believed that the

video that they were watching was real time. This will be discussed in greater detail later in this supplement report.

School employees watching the suspect on video recognized that it was an ex-student named Nikolas Cruz and a BOLO was sent out over police dispatch for officers in the area of the school.

Deputy Peterson stated that he knew Nikolas Cruz from past contact and had handled a report where it was reported that he was suicidal and had drank gasoline. (Case Number 17-1609-001610) In that case Deputy Peterson stated that [redacted] This case was discussed in greater detail alter in this detectives supplement report. Deputy Peterson stated that Nicolas Cruz in one incident had a swastika on his backpack and pictures of hand drawn firearms in his notebooks. This according to Deputy Peterson, prompted officials at MSDHS to do a "Threat Assessment" of Cruz in September 2016. (Possibly 09/28/2016) Deputy Peterson could not remember if he participated in the "Threat Assessment" of Cruz.

Deputy Peterson stated that school officials decided to allow Nikolas Cruz to stay in school but decided he was not allowed to bring a backpack to campus due to safety concerns.

Deputy Peterson stated that after Nikolas Cruz turned 18 he decided to remove his ESE status and the staff at MSDHS helped him place Cruz in an alternate school for night classes. (Possibly Taravella High School)

Deputy Peterson stated that he hadn`t seen Nikolas Cruz since 02/2017 and that he knew Cruz`s mother Linda Cruz and spoke to her before her death in November 2017. Linda Cruz stated that she planned on allowing Nikolas Cruz to buy a shotgun once he turned 18.

Deputy Peterson had several pages of handwritten notes in his possession during his sworn statement in reference to past contact with Nikolas Cruz. These items were placed into evidence by this detective. In those handwritten notes were documentations such as "gun fascination" and "KILL on notebook". Deputy Peterson was given copies of these notes for his records.

Using a campus map Deputy Peterson drew his route to the 1200 building on the day of the shooting and identified a picture of Nikolas Cruz. Both these listed items were placed into evidence by this detective.

For further information see the sworn statement of Deputy Peterson.

Though during his interview Deputy Peterson could not remember the student`s name that he was investigating from earlier in the school day, several tips later came in claiming that this female had been used by Cruz as a distraction to keep the SRO "busy" before the shooting.

These females were identified as Monique Morsillo Natalie Turner and Gianna Auricchio. All three were interviewed by Detective Curtis.

Detective Curtis obtained a digital recorded sworn statement from witness Monique Morsillo. Morsillo stated she is a senior at the Stoneman Douglas High School. Morsillo stated in the morning there was a fire alarm during second period. Morsillo stated she was caught in the senior parking lot by security with two other girls Natalie Turner and Gianna Auricchio. Morsillo stated she was in the 900 building in internal suspension room when this incident occurred. Morsillo stated she heard the fire alarm and saw kids running stating there was a bomb or gunshots. Morsillo stated they ran west through the field. Morsillo stated she knows Nikolas Cruz since 6th grade, and she denied Cruz calling or texting her on 02/14/2018. Morsillo stated in middle school he kicked the door beside her head because the teacher would not let him back in the room. Morsillo stated Cruz was always troubled. Morsillo stated she never saw Cruz with guns on Instagram.

Detective Curtis obtained a digital recorded sworn statement from witness Natalie Turner. Turner stated she is a senior at the Stoneman Douglas High School. Turner stated in the morning there was a fire alarm during second period. Turner stated she was in the senior parking with Monique Morsillo and Gianna Auricchio when they were not supposed to be and was caught by school security. Turner stated that she knows of Nikolas Cruz but denied receiving any phone calls or text messages from Cruz. Turner stated she was in internal suspension when the incident occurred. Turner stated there was approximately 15 minutes before school was over for the day. She stated she heard someone on the school walkie talkie radio state there was a suspicious person on campus with a backpack. Turner stated the fire alarm went off. Turner stated as everyone started to vacate the building, everyone began freaking out. Turner stated everyone walked through the field toward West Glades Middle School. Turner stated she walked to LA Fitness by the school and stayed there. Turner stated she did not see Cruz at Walmart or McDonald's. Turner stated she did not hear any gunshots while at school. Turner stated she did not hear any codes called by school staff over the school walkie talkies radios.

Detective Curtis obtained a digital recorded sworn statement from Gianna Auricchio. Auricchio stated she is a senior at the Stoneman Douglas High School. Auricchio stated there was a fire drill in the morning during second period. Auricchio stated she got in trouble with school security for being at her vehicle in the senior parking lot with Monique Morsillo and Natalie Turner. Auricchio stated she left school at approximately 2:17 PM because she was in trouble for being in the parking lot. Auricchio does not know Nikolas Cruz personally. Auricchio stated she has never communicated with Cruz via telephone and stated she did not see Cruz prior to her leaving the school grounds in her Red Volkswagen Jetta.

Assistant Principal Jeffrey Morford was interviewed by SID Detective Fredericks. In that statement Morford advised that he was in Students Services when he heard the fire alarm go off. Just before the fire alarm went off he

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

heard another school employee announcing over the school radio that an intruder was on campus. Morford advised as he stepped out of the building he heard gunshots go off and saw Deputy Peterson running towards the 1200 building yelling "Code Red" to him. Morford stated then he in turn got over the school radio and announced for the school to go into "Code Red` protocol.

Morford stated that Deputy Peterson contacted him over the school radio and asked him to rewind the school video to try to identify who the gunman was. Morford stated upon seeing the video he recognized the gunman as ex-student Nikolas Cruz and notified Deputy Peterson of the fact over the school radio. Morford stated that at the time of watching the video School Security Specialist Kelvin Greenleaf was watching the video as well and identified the gunman as Nikolas Cruz.

Morford stated that he had dealt with Nikolas Cruz on several discipline issues while he attended the school and on one occasion was with Cruz and Deputy Peterson in reference to speaking to Cruz about leaving MSDHS and earning his degree at an off campus learning center.

Once the video server for the school was returned from the FBI the contents of the exterior cameras were examined.

At 02:21:47 PM Camera 30 located at the 1300 Building which captures north to gate.

Witness McKenna is recorded sprinting west along the north side of Building Twelve.

At 02:22:15 PM Camera Nine located at Building One, First floor, southwest, facing north.

Deputy Peterson is seen walking from between Buildings Eight and One to the west and then north along the west side of Building One. Deputy Peterson and security director Kelvin Greenleaf walk north towards a golf cart, and Deputy Peterson can be seen talking on his radio which appears to be his school radio. Deputy Peterson then turns north abruptly and begins running towards another golf cart. He is then recorded climbing on a golf cart with Greenleaf being driven by another school employee believed to be Medina. The cart is then recorded going north towards the Building 1200.

At 02:22:25 PM Camera 27 located at Building 13 facing north.

Witness McKenna is recorded being dropped off by victim Feis at the door to the 1300 Building.

At 02:22:30 PM Camera 10 located at the 100 Building First floor on west side, facing south.

Reference: *Follow Up*

Deputy Peterson is recorded walking southbound with Greenleaf towards a golf cart parked outside room 172. They then turn northbound and Peterson is seen talking on his school radio.

At 2:22:40 PM on the same camera, the fire alarm can be seen going off.

At 02:22:59 PM Building 13, camera view north to gate

Employee Aaron Feis is observed driving a golf cart from the north parking lot towards the 1200 building.

At 02:23:10 PM Camera 61 located between Building 7 & 8, walkway, facing south.

The golf cart carrying Deputy Peterson, Kelvin Greenleaf, and the other employee (Medina) is recorded driving north through the hallway between building 7 and 8 towards the 1200 building.

At 02:23:16 PM Camera 54 Building 13 facing east to Building 12.

Exterior video shows the golf cart containing Deputy Peterson and the other two subjects drive north from the 800 building to the 1200 building.

At 02:23:31 PM Camera 11- 54 Building 13 facing east to Building 12.

The golf cart is seen driving south from the 1200 building with only one person on it.

At 02:23:44 PM Camera 11- 54 located at between Building 13 east to Building 12.

Deputy Peterson can be seen moving quickly south from the 1200 Building with witness Kelvin Greenleaf (Security). Deputy Peterson took a position on the edge of the stairwell on the northeast corner of the 700 building facing the south side of the 1200 building. Deputy Peterson remains at this position for the duration of the incident. When visible from his position Deputy Peterson seems to never look in any other direction other than at the 1200 building.

The movements of Deputy Peterson seen in the video had several points of discrepancy with his earlier taken sworn statement. Those points being the following:

The first fact was that when he was advised of a problem at the 1200 on his school radio he could not find a golf cart to take him to the location and that he had to run to the building from his office.

The second fact was that Deputy Peterson advised that when he got to the 1200 building he heard two to three gunshots

go off but could not tell where the shots were coming from whether they were inside the building or outside the building. In fact in looking at the exterior time line compared to the suspect's time line inside the building Deputy Peterson would have been in position at the 1200 building while Nikolas Cruz was still on the First floor and before he would have even fired the fatal shots into victim Hixon.

This also indicates that Deputy Peterson would have been in position only a few yards away from the 1200 building while over sixty AR-15 gunshots went off on the First, Second and Third floors of the 1200 Building.

The time frame of 02:23:44 PM when Deputy Peterson is seen retreating to the corner of the 700 Building from the corner of the 1200 Building is also consistent with the time frame when victim Feis opens the stairwell door and is shot twice.

Even when the time line of Deputy Peterson's radio transmissions were compared to the interior and exterior videos it showed a discrepancy as to whether or not Deputy Peterson could tell where the gunshots were coming from as he stated in his sworn statement. Those radio transmission were the following:

At 02:23:22 PM (BSO DISPATCH TIME STAMP) - Dispatcher on dispatch 8 A calls 17J3 (Peterson), 17B3 & 17B4 with alert tone.

At 02:23:26 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) advises over radio "Be advised we have possible - I think we have shots fired - possible shots fired - 1200 building."

At 02:23:37 PM (BSO DISPATCH TIME STAMP) - 8A Dispatch alerts all units. T2 advises 10-51, 15Y4 10-51.

At 02:23:55 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) - "Make sure we get some units - I need to shut down Stoneman Douglas the intersection."

At 02:24:14 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) - "We're talking about the 1200 building - it's going to be in the building off Holmberg Road."

At 02:24:16 PM (BSO DISPATCH TIME STAMP)- Unknown Unit (Doesn't ID himself by call sign) "Any description? I'm coming up from West Glades Middle."

At 02:24:24 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) - "We don't have any description yet - appears to be shots fired"

At 02:24:35 PM (BSO DISPATCH TIME STAMP) - (Peterson) "I'm over by the south side by the 700 building"

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

Contact: Reference: *Follow Up*

At 02:25:18 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) "We`re looking at the 1200 building - it`s going to be the 300 building - it`s right off Holmberg road - by the senior lot."

At 02:25:38 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) "Get the school locked down, gentlemen!"

At 02:25:56 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) "All right, 26...We heard it`s by - inside the 1200 building"

At 02:26:00 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) "We`re locking down the school right now - make sure there`s no pedestrian traffic anywhere on Holmberg"

02:26:40 PM (DISPATCH TIME STAMP) - 17J3 (Peterson) "Juliet 3 we`re going to Bravo...I hear shots fired". In this radio transmission by Deputy Peterson the gunfire can clearly be heard in the background.

At 02:27:30 PM (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) "Get a unit in front of the school - make sure no one comes inside the school."

At 02:28:00 PM - (BSO DISPATCH TIME STAMP) - 17J3 (Peterson) "Broward, Do not approach the 12 or 1300 building - stay at least 500 feet away at this point."

The suspect`s actions were also captured on the schools exterior cameras after he left the 1200 building.

At 02:28:11 PM Camera 55 located at building 13 facing west.

Suspect exits the building and runs east towards the tennis courts. The suspect then runs south along the sidewalk.

At 02:28:35 Camera 38 located at Building 9, First floor facing West, Facing North

Suspect is seen running southbound along the east side of the tennis courts.

At 02:28:59 Camera 69 located at Building 9, First floor, Northwest, Stair 12.

Suspect continues running southbound along the east side of the tennis courts.

At 02:29:05 Camera 70 Located at Building 9, First floor, southwest facing North

EOG-01039

Contact: Reference: *Follow Up*

Suspect continues running southbound from the tennis courts.

At 02:29:20 PM a camera located at Building 9, second floor SE, facing West .

The suspect runs across field and joins into a group of students leaving the area westbound.

Other deputies who were heard on the Dispatch recording who advised they heard shots fired were identified by their calls signs and were interviewed. Those radio transmissions were the following:

At 02:25:08 PM (DISPATCH TIME STAMP) - 17T2 (Deputy Kratz) advises "I hear shots by the football field"

At 02:25:42 PM (DISPATCH TIME STAMP) - Dispatch alerts units "Attention all units not working the signal 33 go to Bravo channel for regular traffic" and at the same time 17T2 (Deputy Kratz) comes across the air "Some students saying it started with some kind of firecrackers but we`re not sure, by the football fields."

At 02:26:34 PM (DISPATCH TIME STAMP)- Dispatch advises "Any units not working the signal 33 go to Bravo" and 17T2 (Deputy Kratz) comes across the air "T2 I got more students running west towards the football field."

At 02:28:23 PM (DISPATCH TIME STAMP) - 17T2 (Deputy Kratz) "Got a victim - GSW right leg on the football field."

At 02:30:46 PM (DISPATCH TIME STAMP) - 17T2 (Deputy Kratz) "T2, I`m being advised possibly three more victims... shooter possible inside 3 story building with an ROTC uniform - that was given by Coral Springs Dispatch check with them and verify."

The last two radio transmissions by Deputy Kratz are after 02:27:35 when the suspect flees down the stairwell and out of the west side door on the first floor.

These radio transmission by Deputy Kratz are consistent with the time frame on the video where Nikolas Cruz has shot all thirty four victims and is in the Teacher`s Planning Room attempting to fire at students fleeing towards the football field.

Based on Deputy Kratz position and distance from the 1200 building at the time of hearing the gunshots and the fact that Cruz was indeed firing towards the football field it appeared consistent with the fact that Deputy Kratz would not have known that Cruz was still in the 1200 building while firing.

On 05/31/2018 this detective took a recorded sworn statement from Deputy Kratz. In that statement Deputy Kratz

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

Investigator: *CURCIO, J. (16048)* Date / Time: *08/09/2018 13:28:06, Thursday*

advised that he was on duty when he heard the call of shots fired at MSDHS by Deputy Peterson. Deputy Kratz stated that he thought but wasn't sure that Deputy Peterson stated that it was at the 1200 building. Deputy Kratz stated that he came up by the Football Field on the north side of the school off Holmberg. Deputy Kratz advised that once he was in that position he saw groups of students running westbound from the school in his direction. Deputy Kratz stated that he tried to gather some information from the students as to what was occurring and where the shooting was located at but got a mixture of information ranging from firecrackers going off to shots being fired but no specific location for the event.

Deputy Kratz advised that while at this location he heard four to five gunshots go off and notified dispatch but again could not tell where the shots were coming from other than the shots were loud. Deputy Kratz stated that shots were so loud he felt that shots were coming from outside near the football field. Deputy Kratz then stated that shortly after hearing the gunshots a student with a gunshot wound to the leg ran up to him. (Afterwards Deputy Kratz stated that he noticed that windows on the third floor of the 1200 building had bullets holes in them.

For further information see the statement of Deputy Kratz which was recorded on the Axion Digital Recording System.

At 02:27:03 PM (DISPATCH TIME STAMP) - 17Y4 (Deputy Goolsby) "We definitely have shots being fired."

This radio transmissions by Deputy Goolsby is seconds before at 02:27:35 the suspect flees down the stairwell and out of the west side door on the first floor.

In Deputy Goolsby sworn report after arriving to the north side of the school On Holmberg Road he heard five gunshots go off. Deputy Goolsby advised that once he was in that position he saw groups of students running westbound from the school in his direction. Deputy Goolsby stated that he tried to gather some information from the students as to what was occurring and where the shooting was located but several students who ran past him just yelled to him "Active Shooter" as they passed him. Deputy Goolsby advised he thought the gunfire was coming from between the 1200 building and 1300 building but could not get on campus because the gates to the school on the north side were padlocked shut.

Deputy Goolsby advised that once he was able to obtain a key to the lock that he and Deputy Perry entered the school with other law enforcement officers and approached the 1200 building.

For further information see Deputy Goolsby supplement report.

At 02:27:50 PM (DISPATCH TIME STAMP) - Unknown unit (Possible Deputy Perry) advises "Holmberg is shut

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

Contact: Reference: *Follow Up*

down, we're by the 900 or 1300 building we've got shots fired I'm trying to get the fence opened."

This transmission is just before 02:27:55 PM the suspect comes down the last flight of stairs and exits the building, running west from the building.

At 02:28:14 PM (DISPATCH TIME STAMP) - 17J4 (Deputy Perry) "Parent said there is a child down - have Fire Rescue stage in the area until we make contact."

In a sworn statement to Detective Curtis, Deputy Perry advised that he responded from Pine Trails School to Deputy Peterson calls for assistance at MSDHS. Deputy Perry advised that he arrived at the north side of the school just as Deputy Goolsby was arriving at the same location. Deputy Perry stated that he heard three to five gunshots going off on campus but could not get on campus originally due to the gates on the north side being padlocked shut. Deputy Perry advised that he and Deputy Goolsby once on campus that the gunfire stopped and as he approached the 1200 building he saw a victim on the ground (Victim Feis)

For further information see Detective Curtis' supplement report and Deputy Perry's sworn statement

This detective and Detective Scott notified our chain of command in reference to the discrepancies in Detective Peterson's original sworn statement and actions seen on the exterior school camera system. The following morning this detective was advised that the actions of Deputy Peterson, Deputy Treijs and Deputy Eason were being investigating by the Broward Sheriff's Office Internal Affairs Division and that any statements involving police response to MSDHS should be taken by their investigators.

On 02/22/2018 the following day after being called into the Internal Affairs Division Deputy Peterson retired his position.

After the announcement in the media in reference to the Peterson Internal Affairs Investigation and subsequent retirement numerous anonymous sources and false rumors began to spread that no BSO Law Enforcement employees had attempted to enter the 1200 building and that only members of the Coral Springs Police Department entered the school to evacuate injured students.

Interior video taken from the MSDHS School camera show the following to dispute those false claims in reference to the first entry into the 1200 building.

At 02:32:48 PM Camera 30 Building 12 First Floor Center Camera - Four Officers that appear to be CSPD make first entry onto the first floor through the west door. These officers pull Hixon out through the west door to a CSPD officer and BSO Deputy who are observed transporting Hixon with a golf cart north from the 1200 building. This Deputy is

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

Investigator: CURCIO, J. (16048) Date / Time: 08/09/2018 13:28:06, Thursday
Supervisor: BROWN, J. J. (11100) Supervisor Review Date / Time: 08/09/2018 13:31:16, Thursday
Contact: Reference: Follow Up

later identified as Deputy Volpe. This extraction of victim Hixon is the first entry and first victim contact inside the 1200 building. The golf cart used for the evacuation was later learned to have been the golf cart that victim Feis arrived at the 1200 building driving. Arriving officers took the keys to this golf cart from victim Feis's pockets after extracting victim Hixon.

For further information see Deputy Volpe's supplement report.

At 02:36:29 PM Camera 15-Building 12, First Floor East Camera - CSPD Officers (Approximately 10) are observed entering the first floor from the east door. There are two BSO Deputies with this team. These deputies are later identified as Deputy Johnson and Carbocci. The BSO Deputies with the CSPD officers remove a victim (Believed to be Duque) and carry him to rescue as the hall is cleared.

For further information see Deputy Johnson and Carbocci's supplement reports.

At 02:36:37 PM Camera 13-Bldg 12 First Floor West - CSPD Officers and at least one BSO Deputy (later identified as Deputy Hanks) re-enter on the west end of the first floor to continue clearing rooms.

For further information see Deputy Hanks's supplement report.

There was a large amount of Coral Springs Police Department Personal who responded to MSDHS for a variety of factors. The first being that all cellular 911 callers reporting the incident were routed to Coral Springs Fire department Disptach.The second factor is the short distance from the Coral Springs Police Department to MSDHS itself compared to the fact that the closest BSO Sub Station to the school is almost ten miles away in the cites of North Lauderdale and Tamarac. The third factor is the sheer number of Coral Springs Officers that were on duty on 02/14/2018 compared to the handful of BSO Parkland Deputies on duty on 02/14/2018.

Upon reviewing all the Coral Springs Police Department reports documented under Coral Springs Police Case Number 18001708 most related to the evacuation of students after Nikolas Cruz had already fled the campus. The only Coral Springs Officer who appeared to be on campus at the time of the shooting was Off Duty Officer Heinrich. Officer Heinrich was working on the baseball field when he heard the Fire Alarm go off and then heard a series of gunshots. At this time Officer Heinrich stated in his report that he saw students running away from the 1200 building and passed by School Security Officer Elliott Bonner who was on a golf cart. Bonner yelled that it was a "Code Red" as he passed by heading westbound in the golf cart. Officer Heinrich who was unarmed at the time called his police department landline and advised them of the situation at the school at 1431 hours. By the time of this phone call Nikolas Cruz had already fled from the 1200 building on foot.

For further information see Officer Heinrich supplement report.

Coral Springs Dispatch first learns of the shooting according to their dispatch when at 02:26:31 PM (Coral Springs Time) - Kilo 23 advises that Coral Springs Fire Rescue passed by them and told him there was an active shooter at Stoneman Douglas, Kilo 23 asks dispatch to verify. Coral Springs Police Dispatch confirms multiple calls and hearing gun shots in the background.

Several Coral Springs reports related directly to Deputy Peterson. Those being a supplement report authored by Officer Schroy and Officer Burton.

It appeared that the first Coral Springs Police Officer on scene was SRO Tim Burton. Officer Burton is first heard on Coral Springs Police Dispatch transmission at 02:27:06 PM (Coral Springs) - J39 advises 10-97 at Douglas.

This transmission is twenty seconds before Nikolas Cruz begins to descend the staircase of the Freshman Building after discarding his weapon at 02:27:35.

Officer Burtons next transmission is at 02:28:01 PM (Coral Springs) when he advises - J39 "J39, I need more details, I`m 97 the south side of the school."

At 02:28:27 PM -Camera 5- Building 1, Main Gate a CSPD Officer (Believed to be Burton) is recorded walking northbound along the east side of the 100 and 800 Building. MSDHS Security Monitor Medina drives alongside in a golf cart and appears to pick Burton up.

Then at 02:29:00 PM (Coral Springs) - Officer Burton advises J39 "J39 Last seen…in the three story building, north parking lot." J39 "54… I`m with Douglas` SRO, getting info". This fact somewhat contradicts Deputy Peterson`s statement to this detective when he advised he could not tell where the shooter was.

Officer Burton`s arrival and location was not captured on the exterior video system at MSDHS due to his arrival on the southeast side of the school.

For further information see Officer Burton`s supplement report.

Officer Schroy who in his report stated that he "spoke to the BSO SRO who stated that the shooter was last known to be inside the 1200 building". This fact somewhat contradicts Deputy Peterson`s statement to this detective when he advised he could not tell where the shooter was.

For further information see Officer Schroy`s supplement report.

Coral Springs Officer Best also documents in his report arriving to the scene and speaking to a BSO Deputy and Officer Burton. In his report Officer Best quotes the Deputy as telling him he "heard shots being fired in the 1200 Building". This fact somewhat contradicts Deputy Peterson`s statement to this detective when he advised he could not tell where the shooter was.

For further information see Officer Best`s supplement report.

While this detective continued to investigate the actions of Nikolas Cruz, Detective Scott was tasked with developing a Time Line of the radio transmission (both BSO and Coral Springs Police Department) and MSDHS video observations in reference to the police response to the 1200 Building on 02/14/2018. This Time Line will be discussed in further detail later in this detectives supplement report and in Detective Scott`s supplement.

By 02/25/2018 Governor Rick Scott assigned the Florida Department of Law Enforcement to investigate the police response to MSDH on 02/14/2018. This again was based on the numerous anonymous sources and false rumors that had spread that no BSO Law Enforcement employees had attempted to enter the 1200 building and that only members of the Coral Springs Police Department entered the school to evacuate injured students. This investigation was assigned to FDLE Agent Keith Riddick. The FDLE Investigation was documented under FDLE Case Number E1260079.

By March 2018 the local and national media based on the false allegations prepared a court order to have the exterior video released to them as a Public Records Release. This caused a comprehensive review of the exterior video being reviewed to insure that nothing to be released jeopardize the open investigation. The review of the exterior cameras was documented under BSO Case Number 17-1802-000538.

Following in a similar manner on 04/30/2018 the Florida State Senate commissioned a similar investigation to be comprised of a 16 member panel to investigate the aspects of the listed case. Some of the topics to be investigating were:

1. To investigate system failures in the MSDHS shooting and police response.
2. To investigate system failures in past contacts with the suspect Nikolas Cruz and how they effected the MSDHS shooting.

This detective was directed by BSO Command to cooperate fully with each investigation including providing all needed reports, pictures, statements, etc.

A copy of each investigation will be included in this detective`s case file as investigations are concluded.

A list of statements that were taken from witnesses who identified Nikolas Cruz from photo arrays or had significant information about the listed case. Those statements were the following subjects:

Lucas Magalhaes W/M [redacted]

Lucas Magalhaes stated in a sworn statement to Detective Mealer that he has known Nikolas Cruz since they were in Seventh Grade. Magalhaes stated that he and Cruz were on the same bus and used to eat lunch in the same table. Other subjects at the lunch table with them were a subject named Reo Edwards a subject named Curvins and a subject named Orlando. Magalhaes stated that several times Cruz told him that he was going to shoot up and kill people at the school because he didn't like people at the school. Magalhaes stated that Cruz told everyone at the lunch table not to worry because he would not shoot them when it happened. Magalhaes stated that Cruz just before the shooting contacted Curvins by SNAP CHAT.

For further information see the supplement report of Detective Mealer and the sworn statement of Lucas Magalhaes.

John Wilford W/M

John Wilford stated in a sworn statement to Detective Roque and Detective Cottam that he was a student at MSDHS the day of the shooting near the 900 building and that after the Fire Alarm he evacuated the campus and went first to the Walmart where he called his mother to advise her of the shooting. Wilford stated that he left Walmart and then later went to the McDonalds on Coral Ridge Drive. Once at the McDonalds, Wilford stated that he sat in a booth and a white male wearing a JROTC uniform sat in the booth with him. Wilford stated that he did not know this white male and they both spoke about the shooting at the school. Wilford stated that the white male seemed concerned about all the police presence but overall was calm. Wilford stated that once his mother arrived to pick him up the white male followed him into the parking lot and began to insist that he and his mother give him a ride to Wyndham Lakes.

John Wilford stated that after he refused to give this subject a ride he again saw the same subject walking towards the houses at Wyndham Lakes. John Wilford later would identify the white male as suspect Nikolas Cruz after seeing his picture in the media according to Detective Roque.

For further information see the supplement report of Detectives Cottam and Roque and the sworn statement of John Wilford.

Gary Goodman W/M [redacted]

Goodman in a sworn statement to detective Depelisi advised that he was in his coach's office while the shooting was taking place and could see students running towards Westglades Middle School as they were evacuating the complex.

Investigator Signature:

Goodman stated that he saw Nikolas Cruz who he has known since sixth grade running towards the soft ball fields. Goodman stated that Cruz was wearing a maroon JRROTC shirt, a hat, black pants and black shoes.

For further information see the supplement report of Detective Depelisi and the sworn statement of Gary Goodman.

Nicholas Defroscia W/M [redacted]

Defroscia in a sworn statement to Detective Link advised that he was in his coach's office while the shooting was taking place and could see students running towards Westglades Middle School as they were evacuating the complex. Defroscia stated that he saw a subject running towards the soft ball fields after the crowds of other students had already passed. Defroscia stated that subject was wearing a maroon JRROTC shirt, a hat, black pants and black shoes. Defrocia stated that he felt he could identify the subject but no photo array was ever shown to him by Detective Link.

In follow up this detective spoke to Defroscia who advised that at the time of the incident he was in the coaches office with witness Gary Goodman and the subject he saw run by was the same person that Goodman saw. Defroscia stated that after seeing numerous pictures of Nikolas Cruz in the media he "believed" it was Cruz that he saw running by on 02/14/2018.

For further information see the supplement report of Detective Link and the sworn statement of Nickolas Defroscia.

Vishnu Anand, W/M [redacted]

Anand advised in a sworn statement to Detective Heath that after evacuating the school after the second Fire Alarm he saw Nikolas Cruz walking in the group heading to the Walmart. Anand advised that he knew Cruz for over a year and was positive of his identification of him from a photo array. Anand advised that he even spoke to Cruz during the walk to Walmart and that Crus was wearing a maroon JRROTC shirt black pants and reading glasses. The photo lineup was shown to Anand by Detective Cade.

For further information see the supplement report of Detectives Heath and Cade and the sworn statement of Vishnu Anand.

W/M

In a taped statement to Detective Heath ated that he observed the shooting and gunman. tated that he was on the First floor of the 1200 building and as he opened the class door to use the restroom he observed the suspect in the hall with the weapon. stated that the suspect "started spraying shots with an AR".

Rodriguez, Mr. Mitchell Beers. Mr. Rodriguez stated that he is the store manager for Dollar Tree store number 4112 located in Coral Springs. He stated that he met Nikolas Cruz in November 2016 when he and his mother came into his store to apply for a job. Rodriguez stated that he hired Cruz as a cashier and Cruz worked at his store until transferring to another store in November 2017. Rodriguez stated that Cruz had only been disciplined once for his drawer being short although the money was found a few days later. He stated that Cruz always worked part time and was a polite and conscientious employee. Rodriguez stated that Cruz was always punctual or would call if he were to be late. He stated that Cruz seemed to be the same person as always even after the death of his mother. Rodriguez stated that Cruz had never given him cause to be concerned and never made references to harm himself or others or had never made any references to firearms.

Georgette Hamm B/F 09-26-1970

In a statement to Detective Parrish, Ham advised that she is an Assistant Principle at Falcon Cove Middle School in Weston. Hamm stated that she has a child who is a senior at Stoneman Douglas and as she drove south on Coral Springs Drive when she saw her daughter running with another friend. Hamm stated that she stopped and she saw another male behind them wearing a burgundy polo shirt. Hamm stated that she knew this male was a student at MSDHS and had seen before working at the Dollar General Store in Parkland. Hamm stated that she yelled to this subject for him "get off the road and get home". Hamm stated that this subject visibly upset frightful look on his face with red flushed cheeks. Hamm stated that the subject walked right past her car heading west to the development of Wyndham Lakes where she lives. Hamm stated that the subject had no weapons and when shown a photo array by Detective Schwartz, identified Nikolas Cruz as the subject she was referring to.

For further information see the supplement reports of Detectives Parrish and Schwartz and the sworn statement of Georgette Hamm.

Chance Woodard W/M [redacted]

Woodard in a sworn statement to Detective Colon advised that he met Nikolas Cruz when he went to [redacted] through his [redacted] who felt he needed more friends due to [redacted]. Woodard stated that he "hung around" with Cruz but felt that he was "off" and "violent". Woodard stated that he saw Cruz kill numerous small animals such as squirrels, birds etc.

Woodard stated that Cruz used to talk about how he couldn't wait till he turned eighteen so that he could buy a real firearm and assault rifle. Cruz also spoke of joining the army so he "could kill people".

Woodard stated that once Nikolas Cruz broke up his relationship with [redacted] his relationship with Cruz

changed. Woodard stated that this was due to the fact that he was dating Dana Craig who was friends with [redacted] Woodard stated that Cruz used to threaten him stating that he was going to "stab him in the heart" and made the same type of threats to Dana Craig.

For further information see the supplement report of Detectives Colon and the sworn statement of Chance Woodard. Woodard's statement is documented under BSO Case Number 90-1802-006843.

Alexa Miednik W/F [redacted]

Miednik in a sworn statement to Detective Eric Rodriquez advised that she was in her classroom (not in the 1200 Building) when she heard the fire alarm go off. Miednik stated that she was evacuating her building she heard gunshots go off and she and other students headed towards Westglades Middle School. While going to Westglades Middle School Miednik stated that she saw Nikolas Cruz who she had known from past contact. Miednik stated that she hadn't seen Cruz for a while and commented "Oh God I haven't seen you forever" and "I'm surprised you weren't the one to do this". Miednik stated that she made the second comment since Cruz was in so much trouble in middle school. Miednik stated that Nikolas Cruz seemed happy and was smiling as he disappeared into the crowd. Miednik advised that Nikolas Cruz was wearing boots, black pants and a maroon shirt. Miednik identified Nikolas Cruz from a six picture photo array.

For further information see the supplement reports of Detectives Eric Rodriquez and the sworn statement of Alexa Miednik.

Mel Ynda Sanchez W/F 07/24/1979

Sanchez in a sworn statement to Detective Link advised that she worked with Nikolas Cruz and was his manager at Dollar Tree. Sanchez stated that Cruz often talked to her about guns he owned and the fact that he used to practice by shooting these guns on various ranges. Sanchez stated that Cruz was very opinionated and was a racist in his views. Cruz also told Sanchez that he was bullied in school and often fought back to defend himself.

For further information see the supplement reports of Detectives Link and the sworn statement of Mel Ynda Sanchez.

Julianna Gatlin W/F [redacted]

In a sworn statement to Detective Charla, Gatlin stated she was in psychology class with Ms. Macham classroom in the 900 building. Gatlin stated that she was in her classroom when the Fire alarm went off. Gaitlin stated that she heard gun shots and saw students began to run westbound to cross over to Westglades Elementary School. While walking in the crowd of students Gaitlin stated that she saw Nikolas Cruz in the crowd wearing a hat and burgundy JROTC polo shirt. Gatlin advised as Cruz passed her he said "excuse me" and went on his way. Gatlin stated that she "kind of knew Cruz in 6th grade they were on the same bus". Gatlin stated that she stayed away from Cruz in the past because "he was trouble." Gatlin stated that she did not see the shooting and was in the 10th Grade. When shown a photo arrays Gatlin stated that she was a 100% sure of her identification of Nikolas Cruz as the subject she saw.

For further information see the supplement report of Detectives Charla and Demosthenes and the sworn statement of Julianna Gatlin.

Georgia Garnecki W/F 01/09/1967

In sworn statement to Detective Parrish Georgia Garnecki advised that hers daughter is a sophomore (Lauren Garnecki) at MSDHS. Garnecki stated that she was picking up her daughter and waiting for her middle school son from Westglades when she observed the children running from the Westglades side and that all the children seemed hysterical.

Garnecki advised that the suspect was wearing a burgundy polo & black backpack and had a lighter complexion. The suspect had no weapons and was walking on opposite side of the street from the other students according to Garnecki. Garnecki stated that the suspect kept looking around him which Garnecki stated "struck me as paranoid that someone was looking for him." Garnecki was shown a six photo array by Detective Schwartz and identified Nikolas Cruz and was a 100% sure that he was the person she saw walking from MSDHS.

For further information see the supplement report of Detectives Parrish and Schwartz and the sworn statement of Georgia Garnecki.

Alessandro Sandri W/M [redacted]

Detective Lee Rodriguez took Sandri sworn statement where he advised he was in the 900 building at MSDHS when he heard the Fire Alarm go off. Sandri stated that he and the rest of his class exited the 900 building for the second fire alarm of the day. Sandri stated he walked west out to the gates of the school and while walking someone ran up and said someone was shot back at the school.

While at the Walmart and Subway Sandri stated that he saw Nicholas Cruz wearing black pants, a marron MSDHS JROTC shirt and a blue hat with an (unknown) insignia on it, walked by. Sandri did not know Cruz by his name but knew him by face from when last year Cruz helped with JROTC at MSDHS. Sandri stated that he had also seen Cruz numerous times working at the local Dollar Tree Store near the school. Sandri stated that Cruz "didn't look nervous", but "looked anxious." Sandri stated that he did not hear any shots did not see the shooter. Detective Demosthenes showed Sandri a photo lineup where Sandri positively identified Nikolas Cruz as the subject he saw.

For further information see the supplement report of Detectives Rodriguez and Demosthenes and the sworn statement of Alessandro Sandri.

W/M

In sworn statement to Detective Stone, stated that he was in the 1200 building on the third floor and heard a noise and went to the door and saw the suspect carrying a firearm run by. stated that the gunman was around 20 feet away from him as he ran by. stated that he closed the door to his classroom and hide in the closet of the classroom. stated that the gunman had red hair, wore a black vest and wore glasses. stated told Detective Stone that he felt that he could identify the suspect but did not get a good look at his face. No photo array was shown to by Detective Stone.

In follow up this detective recontacted since no photoline up was shown to him. stated that he was not in the 1200 building at the time of the shooting and was in the 700 building across from the 1200 building. When asked where exactly he saw the subject he described to Detective Stone stated that he had heard the gunman's description from friends and was unsure if he actually saw him because he had "blocked out" memories of 02/14/2018.

Anthony Katsikis W/M 10/01/1991

Anthony Katsikis in a sworn statement to Detective Reynolds advised that he was working at the Vision Center at Walmart near MSDHS and after the shooting observed numerous students come into the Walmart after the incident. Katsikis stated that during that time he saw the suspect Nikolas Cruz sitting on a bench near the Vision Center.

Katsikis stated that though other students seemed upset in reference to what had occurred at the incident Cruz seemed unfazed and nonchalant while he sat.

Katsikis was not shown a photographic lineup and identified Cruz from media photographs he saw of Cruz.

For further information see the supplement reports of Detectives Reynolds and the sworn statement of Anthony Katsikis.

[redacted]

[redacted] gave two sworn statements to Detective Lee Rodriguez and Detective Marisol Lara. In that statement [redacted] advised that he was in Ms. Matlock's Fourth period class and was given a pass to go to the library [redacted] stated that several other students from his class were already at the library including Luke Hoyer and Martin Duque- Anguiano. On the way back to class [redacted] stated the group stopped at the bathroom and as he went to wash his hands Luke Hoyer and Martin Duque-Anguiano went on heading towards their classroom in the 1200 building. [redacted] stated that he observed Luke Hoyer and Martin Duque- Anguiano enter into the 1200 building when he saw a kid going to his car in the parking lot. This kid dropped his keys and started running. (Witness [redacted]) [redacted] stated that he then heard a bang then heard 3 more shots go off and saw flashes coming out of the 1200 building and he started running to the DECCA class in building 600. [redacted] began to yell that there was a shooter on the campus and his teacher called administration to notify of a "Code Red". [redacted] stated that he then heard the fire alarm go off.

[redacted] stated that after he saw the subject flee to the parking lot [redacted]) he saw a person who he believed was the shooter but he could only see his feet and a part of his body from the side. [redacted] stated that the suspect facing the other way from him but did not see his face. [redacted] stated that the suspect was wearing a red shirt with long pants. [redacted] stated that he was able to see the suspect's body type but couldn't see his face but I could see his skin color and that he was very white and pale.

[redacted] was shown a photo lineup by Detective Schwartz and selected one of the pictures as someone who was of someone very pale and thought that it could be the suspect.

For further information see the supplement reports of Detectives Rodriguez, Marisol Lara and Schwartz and the sworn statement of [redacted].

Fire Alarm went off. Miciotta stated that she exited her class to go to go to their designated area when she heard 3 gun shots on the other side of campus. Miciotta stated that she began running and while running she saw Nikolas Cruz standing next to her as if he was a student. Miciotta stated that she knew Nicholas Crus since Sixth grade and had been in class with him in middle school when Cruz broke a classroom window and was removed from class. Miciotta stated that she did not see shooting and was 100% sure of her identification of Nikolas Cruz when she was shown a photographic line up by Detective Schwartz.

For further information see the supplement report of Detectives Depelisi and Schwartz and the sworn statement of Nicolette Miciotta.

Michael Garvey W/M [redacted]

In a sworn statement to Detective Wallach, Michael Garvey stated that he was in science class (Mr. Simpson) when the Fire alarm went off and students evacuated the classroom to go to their regular evacuation spot. Garvey saw people running and heard that someone had gotten shot. Garvey stated that he was going to Walmart when he saw Nikolas Cruz. Garvey stated that Cruz was trying to talk to him saying "what's up Mike its crazy over there". Garvey stated that he got into his moms car and realized Cruz was not supposed to be there because he got kicked out of MSDHS. Garvey stated that he has known Cruz from camp and was good friends with Cruz's brother. Garvey stated that the last time he had spoken to Nikolas Cruz was last year. Garvey stated that he did not see the shooting. Garvey stated that while he attended JP Taravella High School Cruz showed him a lunch box full of bullets. Garvey stated that Cruz showed him numerous pictures of guns but he never saw any of the guns in person. Garvey also stated that he played "Call of Duty" with Cruz and that Cruz would have temper tantrums when he would lose and destroy things in his house.

For further information see the supplement report of Detectives Wallach and Demosthenes and the sworn statement of Michael Garvey.

Carolina Tavano W/F [redacted]

Carolina Tavano provided a sworn statement to Detective Lee Rodriguez. In that statement Tavano stated that she was inside Mr. Bryan's Math class near the 900 building on the First floor when the fire alarm went off. Tavano walked to the gates as part of the normal evacuation when a friend came up crying and said someone in the freshman building was shot. Tavano stated that people panicked and ran and she heard shots. Tavano stated that she and other students went towards the middle school and then to Walmart. Tavano stated that she saw Nikolas Cruz with the other students leaving the school and knew him because he used to live with a friend of hers. Tavano stated that Cruz was trying to leave the campus the same way with all the children and trying to fit in with the crowd.

Tavano knew that Cruz had told her that he had been expelled from school and on 02/14/218 did not see him with any

weapons. Tavano last text from Cruz was Jan 24, 2018 and that Cruz was trying to date her. Tavano stated that Cruz asked her to follow his Instagram where he showed his guns.

Detective Demosthenes showed a photo lineup of Nikolas Cruz where Tavano stated that she was 100% of her identification of Nikolas Cruz.

For further information see the supplement report of Detectives Rodriguez and Demosthenes and the sworn statement of Carolina Tavano.

Alexis Smith W/F [redacted]

Alexis Smith provided a sworn statement to Detective Lee Rodriguez. In that statement Smith stated that she was in the 500 building at MSDHS on the Second floor when the fire alarm went off. Smith stated that students began running and screaming with a teacher telling them to go to Westglades Elementary School. Smith stated that she saw Nikolas Cruz in the crowd, but did not think anything about it at the time. Smith stated that Cruz blended in with the students as they fled and was wearing a red shirt with JROTC symbol on it. Smith stated that she had known Cruz for two years through small talk. Detective Lee Rodriguez showed Smith a lineup and picked Nikolas Cruz from the lineup. Smith stated that she was 100% sure of her identification.

For further information see the supplement report of Detectives Rodriguez and Demosthenes and the sworn statement of Alexis Smith.

W/M

advised that he was in room 1213 when he heard gunshots and stood up believing that it was a "Code Red" drill. stated that he began to film on his cellphone. Only after, the bullets began to enter through the classroom window and strike other classmates in his room. stated that the subjects shot ran to the wrong corner of the room to hide, then hid in the corner until the shooting stopped. This video by was streamed live and was shown to numerous BSO detectives until it was determined that it was who filmed the video. did not see the gunman or the gun. Three different detectives took statement at three different times. (Detectives Valerian Perez, Elizabeth Rodriquez, and Natasha King)

Cardoso in a sworn statement to Detective Roque advised that he was neighbors with Linda Cruz and her two sons for a period of time when they lived in Parkland in 2016. Cardoso stated that on one occasion he filmed on his cellphone Nikolas Cruz standing on the back porch firing a BB gun at a fence. A copy of this video was obtained by Detective Roque and was later placed into evidence.

For further information see the supplement report of Detectives Roque and the sworn statement of Bruno Cardoso.

Regina Bellot W/F [redacted]

Bellot in a sworn statement to Detective Kattou advised that she was on campus on the day of the shooting and after she and other students evacuated the campus she saw Nikolas Cruz in the crowd which shocked her because she knew had been removed from class at MSDHS. Bellot stated that she knew Cruz through a mutual friend and knew that often posted pictures of guns and dead animals on his social media. Bellot stated that through their mutual friend Cruz often spoke about how he hated MSDHS and wanted to kill people and had gotten into fights in the past on purpose because he had a "vendetta" against certain people. Bellot stated that many of Cruz's social media posts were "violent" in nature.

Bellot stated that Cruz was wearing a dark hat and red polo shirt.

For further information see the supplement report of Detectives Kattou and the sworn statement of Regina Bellot.

Vincent Valdes W/M [redacted]

Vincent Valdes stated in his sworn statement that he was in the 100 Building practicing for a JRTOC event when the shooting occurred. Valdes stated that he lived in the same neighbor as Cruz when they were in Seventh through Ninth grade. Valdes stated that Cruz would hang with his friends and became best friends with another neighbor friend Hunter McCutcheon. Valdes stated that Cruz and McCutcheon became best friends because they both were living "Country Style" and became involved in shooting animals and posting pictures of the dead animal on social media. Valdes stated that in middle school he knew on one occasion that he brought a knife to school in his backpack. Valdes stated that around 2016 Cruz and McCutcheon participated in a "Kick Group Chat Room" where they both talked about killing people and hating people and posted videos of themselves wearing bullet proof vests and gas masks. Valdes stated that Cruz was in the marksman class in JRROTC class and practiced shooting at home. Cruz also claimed that he was a Satanist according to Valdes. Valdes stated that another Instagram site that Cruz posted pictures of himself with guns was on "SOS America".

Hunter McCutcheon W/M [redacted]

McCutcheon in a sworn statement to Detective Cottam stated that he first met Cruz his freshman in JRROTC. McCutcheon stated that he and Cruz became good friends because they like hunting and shooting in the woods. McCutcheon stated that Cruz was obsessed with the care of his firearms and was constantly cleaning and oil them to the point he felt that he slept with his guns. McCutcheon stated that after Cruz was suspended for fighting at MSDHS the staff would not allow him to bring a backpack to school due to the fact that they were suspicious of him and his behavior.

McCutcheon stated that Cruz was removed from MSDHS and was sent to [redacted] to improve his grades. McCutcheon stated that after Linda Cruz died Nikolas Cruz wanted to move him with his family but that his father refused to allow it due to Cruz's obsession with having the guns with him in the house. McCutcheon stated that he had not seen Cruz in around a month. McCutcheon stated that he and Cruz would post on Instagram. McCutcheon stated that Cruz had two of his firearms (rifles) in their cabin. McCutcheon stated that though Cruz was [redacted] McCutcheon stated that Cruz saved all his money from working at "Dollar Tree" to buy his rifles. McCutcheon stated that Cruz recently made a purchase of ammunition from "Dicks Sporting Goods".

McCutcheon stated that Cruz would go out and practice shooting with him at their property in Big Cypress Reservation which had a 100 yard shooting range. McCutcheon stated that Cruz would shoot animals for no reason. McCutcheon stated that he knew Cruz had bought body armor. McCutcheon stated that Cruz lived for one week with a mutual friend named Caden. McCutcheon stated that when alive Linda Cruz was a liberal anti-gun type person and Nikolas Cruz's views were just the opposite. Nikolas Cruz according to McCutcheon had a "Trump Hat" and due to the fact that his mother hated Donald Trump he put it in her casket with her when she died and took a picture of her with the hat which he showed him.

Detective Cottam and other detectives and FBI Agents travelled to the McCutcheon Everglade's campsite where after obtaining consent from Hunter McCutcheon's father, (Steven McCutcheon), Nikolas Cruz's "Rugar" rifle serial number 691-31976 and a "Mossberg" Shotgun serial K431580 were recovered and placed into evidence.

For further information see the supplement report of Detectives Cottam and the sworn statement of Hunter McCutcheon.

John Vincent Navarra W/M 05/31/1952

In a sworn statement to Detective Nitsch, Navarra stated that he was a First Sergeant in the Army JRROTC class at

Investigator Signature: _____

EOG-01038

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

Investigator: CURCIO, J. (16048) Date / Time: 08/09/2018 13:28:06, Thursday

Supervisor: BROWN, J. J. (11100) Supervisor Review Date / Time: 08/09/2018 13:31:16, Thursday

MSDHS and was Nikolas Cruz's JRROTC Instructor. Navarra stated that Cruz was one of his students for over a year as he was a LET1 and part of the Marksmanship Team. Navarra stated that Cruz had to qualify for the team bases on his Marksmanship Team try out and numerous other students did not qualify for the Team. The following year Cruz graduated to the level of LET2 under Peter Mahmoud. During the training with Cruz shoot CO pellet rifles (.177 caliber) at a range of 32 feet and was trained to shoot standing, prone and kneeling. Navarra stated that Cruz was taught to shoot with the basics skills of marksmanship such as sight picture, breathing control. Navarra stated that Cruz was removed from the Marksmanship Team due his behavior in school but could not remember what actions caused the removal. Navarra stated that he knew Cruz had sometime of emotional issues but did not know what they were. Navarra stated that Cruz was never any discipline issues while in JRROTC.

Navarra stated that on the day of the incident he heard the Fire Alarm go off in the school and shortly thereafter heard Mr. Porter yell for a "Code Red" over the school radio.

For further information see the supplement report of Detectives Nitsch and the sworn statement of John Navarra.

Johnathan Guimaraes W/M [redacted]

In a sworn statement to Detective Upegui, Guimares stated that he was on campus the day of the shooting but did not witness any of the events. Guimares stated that he and Cruz were in the same JRROTC Squad and that they spoke frequently. Guimares stated that he never saw Cruz display any actions while in JRROTC that he felt were unusual.

For further information see the statement of Johnathan Guimares and the supplement report by Detective Upegui.

Myles Brussells W/M [redacted]

In a sworn statement to Detective Upegui, Brussells stated that he was on campus the day of the shooting but did not witness any of the events but evacuated after the Fire Alarm went off. While evacuating the campus Brussells stated that he knew Nikolas Cruz through a mutual Hunter Hunter McCutcheon. Brussells stated that both Cruz and McCutcheon were both right wing fanatics. Since Detective Upegui did not clarify what that meant this detective recontacted Brussells. Brussells advised this detective that Cruz and McCutcheon were both extreme racists, anti-government, poor gun support in their beliefs. Brussells stated that due to their extreme beliefs he was always afraid to go out with them to the Everglade's when they went out there to go shooting.

For further information see the supplement report of Detectives Upegui and the sworn statement of Myles Brussells.

Peter Mahmood W/M 03/20/1970

Contact: Reference: *Follow Up*

In a sworn statement to Detective Nitsch, Mahmood advised that he was the Senior Army Instructor at MSDHS and after Cruz passed on to a Level Two cadet in JRROTC he supervised Cruz. Mahmood stated that the training for the Marksmanship Team was done around 40 to 50 feet with a CO rifle. Mahmood stated that he was advised by the school that Cruz could not participate in the Marksmanship Team but continued to attend the general JRROTC class. Mahmood stated that he became aware of the altercation between Cruz and Enea Sabadini and had Sabadini report the incident to MSDHS school security.

Mahmood stated that at the time of the shooting he and several of his students were in the 100 building when he heard the Fire Alarm go off in the school. Mahmood stated after he and his students evacuated the building he was told to go back inside the 100 building due to the fact a "Code Red" had been given. Mahmood stated that he had heard rumors around the school about a possible "Code Red" drill and that there had never been a "Code Red" drill at the school before.

For further information see the supplement report of Detectives Nitsch and the sworn statement of Peter Mahmood.

W/F

gave her original statement to Detective Bruce Link and gave a second statement to Detective Floyd. stated that she was in classroom 1212 when she began to hear gunshots but thought that it was a "Code Red" drill.

said she never saw the suspects face but saw him by the door with a long gun. stated that she hid in the corner of the classroom and saw the gunman enter into her classroom and shot a male student.

advised that she did not know what the suspect was wearing but knew the suspect had red hair and freckles. Detective Demosthenes showed a photo lineup where she identified Nikolas Cruz and stated that she was 90% sure of her identification.

For further information see the supplement report of Detectives Link, Floyd and Demosthenes and the sworn statement of

Though the school video inside the classroom show the suspect Nikolas Cruz shooting into the classrooms there are time during the video that Cruz's movement are either obstructed by the smoke from the gunfire or the fact that the video is activated by movement. Several students interviewed advised in their sworn statements that Cruz actual attempted to enter their classrooms. Some of the student's statements were the following:

Giuliano Carrion W/M [redacted]

Carrion in a sworn statement to Detective Augustus advised that he was inside classroom on the first floor of the 1200 building when he heard a series of gunshots go off in the hallway. Carrions stated that after hearing the shots he and other students in the classroom hid behind the line of tape that his teacher had placed on the floor to designate the "hard corner". While hiding he heard someone trying to pull on the classroom door to gain access into the room. Carrion stated that he then heard the gunshots continue up on the upper floor of the 1200 building.

For further information see the supplement report of Detectives Augstus and the sworn statement of Giuliano Carrion.

W/M

in a sworn statement to Detective Augustus advised that he was inside Mr. Biegel`s classroom on the third floor of the 1200 building when he the Fire Alarm go off in the building. stated that after he and other students evacuated their classroom they began to go down the staircases when they heard a series of gunshots go off in the hallway. stated that after hearing the shots he and ran back up to the third floor and yelled for Mr. Biegel to open the classroom door and once opened he reentered his classroom. stated that he saw Mr. Biegel fall to the ground after hearing gunshots continue to go off. stated that he saw gun smoke coming into their room and heard the suspect yelling for people to "open the door" and "no mom why".

tated that once shot Mr. Biegel fell in the doorway of the classroom and believed that the suspect passed by his classroom believing that Mr. Biegel was alone in the classroom.

For further information see the supplement report of Detectives Augstus and the sworn statement of

Joseph Valko W/M [redacted]

Valko was interviewed by Detective Scott Stone and advised that he heard a subject in the hallway yelling "Round then Up" and "Block the Exits" during the shooting and believed that it was the gunman talking. Valko`s family objected to their son given a sworn statement to police. Attendance records show that Valko was in room 1202 at the time of the shooting.

For further information see the supplement report of Detectives Stone.

Nicole Silva W/F [redacted]

Silva in a sworn statement to Detective Augustus advised that she was inside on the third floor in Mrs. Mickow`s

Investigator Signature: _____

EGG-01661

classroom of the 1200 building when she heard the Fire Alarm go off in the building. Silva stated that after he and other students evacuated their classroom they began to go down the staircases when they heard a series of gunshots go off in the hallway.

Silva stated that after hearing the shots she and other students ran back up to the third floor and once at her classroom she found the door locked. Silva stated that she banged on the door until Mrs. Mickow reopened the door and once opened she reentered her classroom. Silva stated that once inside her classroom hiding she heard the "shooter" try to open her classroom door.

For further information see the supplement report of Detectives Augstus and the sworn statement of Nicole Silva.

Matheus Cabral W/M [redacted]

In a sworn statement to Detective Devoune Williams, Matheus Cabral stated that he was inside classroom 1217 when he heard several gunshots go off and then heard the Fire Alarm go off. Matheus Cabral stated he saw the gunman pass by the window of his classroom but did not get a good enough look at him to identify him. Matheus Cabral stated as the gunman passed his classroom he attempted to get the door open to enter in and when he could not the suspect stated " This door is locked Im going to try another door".

Matheus Cabral stated that gunman was very calm as he spoke.

For further information see the supplement report of Detectives Williams and the sworn statement of Matheus Cabral.

Jordan Robinson W/M [redacted]

Robinson stated in sworn statement to Detective Floyd that he was in class when he heard both gunshots and the fire alarm go off. Robinson stated that he and other students hid in the classroom and heard the gunman attempt to open the classroom door to gain entry.

For further information see the supplement report of Detectives Floyd and the sworn statement of Jordan Robinson

On 02/14/2018 the BSO Crime Scene Unit responded to the High School and after being briefed they were assigned to different tasks.

Detective Paul Porter, Danny Krystyan, and Chris Caldwell were assigned to document and collect evidence on the First floor of the 1200 building. After an initial briefing and walkthrough of first floor overall photos of First floor hallway and rooms was completed. Detective Porter, Krystyan, and Caldwell the Medical Examiner further examined

---

the scene seven victims on scene all who were located on the hallway floor and classrooms and took, additional photos of each victim were taken.

In the first floor hallway crime scene detectives collected 70 spent 223 casings. These casings were a variety of manufacture's brands such as PMC-223, FC-223, LC-223, MAL- 556, RP-223, and WMA17-223.Seberal 223 magazines were also located in the hallway which included an empty 10 round capacity magazine, an empty 30 round capacity magazine, and a 30 round capacity magazine which had nine live rounds still in it.

Numerous fragmented rounds were found throughout the hallway. The largest amount of spent casings were located in the vicinity of classrooms 1213, 1214, 1215 and 1216. Two spent casings were located in the west stairwell of the first floor.

A back pack which contained a knife and a live 223 round was collected. Near that backpack a black ski mask and green camouflaged shirt was located and collected.

Projectile were located and collected inside classrooms 1213, 1214, 1215 and 1216. Numerous projectile penetration sites and strike marks were located in each room and were documented by Crime Scene Detectives.

On the first step in east stairwell on the first floor was located a Cabela brand soft sided rifle case and the suspects cellphone and earbuds. Inside the rifle case was a pair of black and red shooting ear muffs for hearing protection

Sketches, diagrams of the trajectories were done for each hallway and each classroom on first floor.

For further information see Detective Paul Porter, Danny Krystyan, and Chris Caldwell's supplement report.

The second floor of the 1200 building showed evidence of minimal shooting. Only six casings were located on the hallway on floor, only two rooms had been shot into and no victims were found on the second floor. (1232 and 1234)

Detective Miguel Suarez was assigned to the second floor and documented it with overall photos of the second floor hallway and classrooms. One fired 223 casing was found in the hallway outside classroom 1232 (LC). Two additional 223 casings (PMC) were located in the hallway outside classroom 1231. Rounds appeared to have entered into the room through the classroom door window. These rounds appeared to have travelled through the classroom and exited through the window on the north side of the building. Three spent 233 casings (two LC and one PMC) were observed in the hallway outside of classroom 1234. It appeared that these rounds appeared to have travelled through the classroom and exited through the window on the south side of the building.

Sketches, diagrams of the trajectories were done for each hallway and each classroom on second floor.

Detective Gloria Crespo and Rob Caceres were assigned to third floor of the 1200 building.

After completing a walkthrough assessment they took over all photos of all the classrooms, the hallway and all the victims. Detective Crespo and Caceres further examined the on scene five victims all who were located on the hallway floor with the Medical Examiner and took, additional photos of each victim. Detective Crespo and Caceres located and marked potential evidence for documentation and later collection. Those strike marks were located on the south wall between classrooms 1249 and 1241 on the north wall between classrooms 1248 and 1251 on the south wall between classrooms 1253 and 1250 and on the south wall of the stairwell. Bullet penetration sites were located on west walls of 1241. Fragmented rounds were located at various location throughout the third floor hallway.

Multiple casings were observed on the hallway floor, with multiple strike marks observed along the hallway walls. On the west end of hallway, the wall and window had multiple strike marks.

Room 1240 (the Teachers Planning Room) which was located at NW corner of third floor, had windows that were shot out that face toward the west and south. Each window had five projectile impact sites in them. A live 223 round was also found inside room 1240 and as well an empty magazine. Two additional live 223 round were found on the third floor hallway floor and another empty 223 magazine. This observation of live rounds near locations where empty magazines are found are consistent with Cruz reloading his weapon before it runs empty and still having a live round in the chamber when he recharges the AR-15 with a fresh loaded magazine. These live rounds were also consistent by brand names to the spent casing found throughout the 1200 building.

A Smith and Wesson AR-15 rifle and black "Empire" tactical vest were found in west stairwell on the third floor. The AR-15 was equipped with a "V-Life" bipod. The magazine in firearm had 23 live rounds in it and had a Swastika etched into the side of the magazine. The tactical vest has several loaded mags in it (a fully loaded 40 round and four fully loaded 30 rounds magazines). Inside the Tactical Vest was the Nassau County Police Identification for Roger P. Cruz, Nikolas Cruz`s deceased father. In total Nikolas Cruz had 188 live 223 rounds still in his possession when he fled the 1200 building.

Crime Scene Detective Dave Currie assisted Detective Crespo with evidence collection of AR-15 such as DNA swabs and the firearm was transported to the Crime Laboratory by Cliff Frommer. The empty gun magazines and other items collected were also swabbed for DNA.

For further information see Detective Crespo, Curries, Frommer and Caceres`s supplement reports.

An ATF Search was later done on this Smith and Wesson AR-15, M&P Sport (Serial Number TF16214) where it was determined that the gun was purchased by Nikolas Cruz on 02/11/2017 from Sunrise Tactical Supply in Coral Springs Florida. Detective Metz conducted follow up on the firearms purchase including speaking to the subject who sold the rifle to Cruz.

For further information see Detective Metz`s supplement report.

Crime Scene Detective Suarez recovered numerous fragmented projectiles on top of the roof of the 1300 building. The 1300 building is located just west of the 1200 building and would be in the direction of looking out of the teachers planning room on the third floor looking towards the football field.

For further information see Detective Suarez`s supplement report.

Sketches, diagrams of the trajectories were done for each hallway and each classroom on third floor.

The Federal Bureau of Investigation ERT responded and were used over three days to collect, document and package student and teacher personal items that were returned to the school to be returned to owners. These returned items will be discussed in detail later in this detective`s supplement report.

Crime Scene Sergeant Kypps Poliard processed the golf cart used to extract victim Hixon from the 1200 Building. Sergeant Kypps Poliard as well photographed and collected fragments from the 1300 building. These rounds were believed fired by Cruz from the third floor teachers` lounge while students were fleeing westbound to safety. For further information see Sergeant Kypps Poliard supplement report.

Crime Scene Detective Plaska photographed the locations of all the cameras inside the 1200 building and the camera locations of the surrounding buildings. He as well photographed the Walmart and Subway video systems and the location where Nikolas Cruz was taken into custody at. (11735 NW 47 Drive)

For further information see Detective Plaska`s supplement report.

Crime Scene Detective Clint Williams authored two Search Warrants to have a drone document the campus at MSDHS and the areas associated with Nikolas Cruz`s escape path. These Search Warrants were signed by the Honorable Judge Stacy Ross the Honorable Judge Carlos Rebollo and later assigned Broward County Clerk of the Courts Case numbers 18-0199SF10 and 18-0200SF10.

For further information see Detective Williams`s supplement report.

Crime Scene Detective Marshall Wolcott was assigned documenting all outside overall photos of victims (Feis, Duque and Guttenberg). Duque was initially placed into an ambulance by Coral Springs Fire Rescue 43 and then after he pronounced deceased he was moved from the ambulance so paramedics could treat other injured victims. Detective Wolcott documented and collected all evidence outside east and west sides of 1200 building.

Detective Wolcott also recovered a live WMA 223 cartridge outside the 1200 building east of the 1200 building.

For further information see Detective Wolcott's supplement report.

The FBI ERT Unit was also used to assist in warrant executions at the house at 7200 Loxahatchee in Parkland. They also sent a team of detectives to the Heron Bay Marriott to photo any persons being interviewed who had blood evidence on their clothes.

The Florida Highway Patrol was used to assist the BSO THI in mapping each room, each hallway and the stairwells.

DNA was obtained from Nikolas Cruz after a Court Order was later signed by the Honorable Judge Scherer on 02/26/2018.

DNA testing was conducted on the swabs taken from the various items recovered. The DNA was tested under BSP Lab Number 18-02052 by DNA Analyst Rebecca Santiago.

DNA matching Nikolas Cruz was found on the following items:

The swabs taken from the trigger, grip charging handle and fore grip of the recovered AR-15 rifle.

The swabs taken from the magazine found inside the recovered AR-15 Rifle.

Swabs taken from two of the discarded magazines found inside the 1200 building.

Swabs from the zipper soft rifle case found inside the 1200 building.

Swabs from several of the loaded magazines found inside the cargo vest which was abandoned inside the 1200 building.

Swabs of several of the live rounds found in the magazines found inside the cargo vest which was abandoned inside the 1200 building.

Swabs taken from the recovered back pack found in the 1200 building and swabs taken from a knife found in that back pack.

Swabs from a ski mask found aside of the recovered back pack.

For further information see BSO Lab Number 18-02052.

The recovered AR-15 was later tested in the Broward County Crime Laboratory by Firearms Examiner Jorge Bello under BSO Laboratory Number 18-02052. Out of the 140 spent 223 rounds collected from the 1200 building only three collected could not be compared due to insufficient detail. Of the remaining casings collected from the 1200 building they were proven to have been fired or could have been fired through the collected AR-15 rifle.

For further information see BSO Lab Number 18-02052.

On 03/22/2018 this detective learned that a civilian had recorded a video at the location where Nikolas Cruz had been detained in Coral Springs. The video had been posted on Facebook on the site of Mike Quaranta ("/mike.quaranta.9). In the video Cruz is shown laying on the ground being held at gunpoint and a second officer approaches him to handcuff him. The video appears to be filmed from a moving vehicle.

Quaranta was located and interviewed by Detective Nitsch and admitted that he filmed the detention of Cruz but stated that he had deleted the video off his cellphone after posting it on Facebook. A Search Warrant was obtained for Quaranta's Facebook site on 03/23/2018. The Search Warrant was signed by the Honorable Judge Andrew Siegel and later assigned Broward County Clerk of the Courts Case Number 18-0482SF10 . Once obtained, both a copy of the video of the arrest and a copy of Quaranta's Facebook site was placed into evidence by this detective.

In an attempt to determine the sequence of events for what occurred in each classroom in the 1200 building and the events which resulted in each victim being shot the following statements were taken.

The layout of the furniture in each classroom was examined in relation to the "hard corners" of the classroom. This was done not to be critical as to the furniture layout but determine how much room students and teachers would have had to hide once the "Code Red" was put into effect. It appeared that in each of the classroom there was a small "hard corner" and a "larger hard" corner on either side of the classroom door. In the majority of all the classrooms teachers had set up their desk, large stand up cabinets, printer tables and file cabinets in this area limiting how many people could fit into this space.

The "hard corners" are areas in the classroom where a gunman looking into a classroom from the hallway would not be able to view due to the layout of the room.

Room # 1202 - 1st Floor
Teacher: Josefina Heerdegen, W/F, 11/16/61

In sworn statement to Detective Curtis, Heerdegen stated she was inside her classroom and heard 4-5 gunshots go off, and immediately initiated "Code Red" procedures in her classroom with her students hiding behind her desk. Heerdegen stated that she was unsure if at first the incident was a "Code Red "drill until she then began to hear children screaming in one of the adjoining classrooms. Heerdegen stated that she did not hear a "Code Red" announced over the PA system prior to hearing the gunshots go off and always kept the door to her room locked. Heerdegen stated that that morning she had placed a poster over her door window so that a person inside the hallway could not see into her classroom. Heerdegen stated that she did not know the suspect Nikolas Cruz from past contact.

For further information see the sworn statement of Josefina Heerdegen and the supplement report of Detective Curtis.

Room # 1211 -1st Floor
Teacher: Jaime Lyons, W/F 10/22/76

Lyons stated in a sworn statement to Detective Nitsch that her class went into active shooter protocol because she stated that she heard gunshots. Lyons stated that she was in classroom 1211 when she began hearing gunshots and that the students in her classroom came over and went behind her desk to hide. Lyons stated that she always kept the classroom door locked. Lyons stated that she was unsure if at first the incident was a "Code Red "drill until she then began to hear children screaming in one of the adjoining classrooms. Lyons stated that she heard the gunshots move away from her room and to the other floors in the building. Lyons stated that she did not see the shooter and that no students were injured inside her classroom. Lyons stated that she heard Mr. Porter say something over the intercom during the incident but does not know what was said. Lyons stated that almost a month ago she had directed her students what corner of the classroom to go to in the event of a "Code Red".

Room # 1212 - 1st Floor
Teacher: Marcia Cunningham, W/F, 12/07/52

Cunningham stated in sworn statement that in January she and other teachers had a meeting about procedures for an incoming "Code Red" drill. In that meeting Cunningham stated that she was told by the "detective teaching the class" that they would be firing off real rifle blanks so the students would become familiar with the sound of gunfire. After that meeting she instructed her class what to do in an event of a "Code Red" drill. Cunningham stated that she placed a poster over her classroom window and was told that this was allowed to limit views into the classroom from the hallway but that an inch and a half had to be left unblocked by the poster. Cunningham stated that she also had taken the time to look into her room from the hallway and knew the spot exactly where someone at the door lost visual to the hard corner of the classroom. Cunningham stated that placed a piece of tape on the floor and told her students that in the event of the drill they need to be on one side of the tape so that they could not be seen from the doorway. Cunningham Cunningham that she did not hear "Code Red" over PA system but heard gunshots and told her class that "this was the drill". Cunningham stated that she performed "Code Red" procedures in classroom and all the children moved to that corner and hid behind her desk. Cunningham stated that she heard numerous gunshots go off in the classroom aside of hers and then heard a "clip" hit the floor in a reload. Cunningham stated that she was unsure if she had forgotten to lock and door and went to the door to check the door. Cunningham stated that she had to crack her

Teacher: W/F

in sworn statement to Detective Kami Floyd stated that class was running normal when they suddenly heard 4-5 loud bangs in the hallway. The class panicked and ran to the far side of the room where the windows are, opposite the door. nitially thought that it might have been a "Code Red" drill. stated that some of the students also made statements about thinking it was a drill at first but as the gunshots continued, she started ordering them to the same side as the door by the podium and her desk stated that the students did the best that they could to hide behind the objects.

stated that most of the class were able to get along the hard corner wall and she remembered smoke coming down (Possibly fire suppression dust) and then heard the glass from the door window breaking. heard shots coming into the classroom. stated that she remembers a male student in her class calling 911. stated that she stood up and realized that three students were unable to get along the door wall, and were slightly curled around the far wall, and that these students were shot. stated that she remembered that the door was unlocked, so she reached out and locked it at this time.

stated that she looked out the door and did not see the suspect, and she stated that it got suddenly quiet. advised that she then attended to who was bleeding. She advised that she applied a blanket as a tourniquet, and gave him water. remembered was hurt and moaning but could not see where she was shot and remembered Carmen Schentrup lying face down and bleeding. She also saw shot in the knee. stated that she never saw the suspect and never heard him say anything. The suspect never entered the classroom according to

Teacher: Michael Nastasi, W/M 10/27/87

Michael Nastasi stated that he was in classroom 1251, when he heard noises outside the classroom that he described as "put, put". Nastasi stated that the fire alarm then went off in the building but didn't feel something was right since they had just had a fire drill earlier in the day. Nastasi stated that he exited the classroom and while in the hallway observed a student run to Debra Jacobson's door and began pounding on the door and stated something along the lines of the "some shit is popping off". Nastasi stated that he then heard another "put, put", and at this time he stated that the fire alarm activated and children in his classroom began getting up to exit the room. Michael Nastasi stated that because of hearing what he thought was gunshots he instructed the students to not leave the room and go to the corner of the room. Nastasi stated that he shut the door to the room. Nastasi stated that he then heard gunshots outside the classroom and heard people screaming. Nastasi stated that he did not observe the shooter at any time and does not know the suspect.

Nastasi stated that during the incident there was someone attempting to open the door to the classroom and he believed it may have been the suspect. Nastasi stated that he did not hear a "Code Red" alert over the PA system.

For further information see the statement of Michael Nastasi and the supplement report of Detective Nitsch.

Room # 1253 - 3rd Floor
Teacher: Debra Jacobson, W/F 09/09/57

Jacobson stated that she was in classroom 1253 on the third floor. Jacobson stated that she had recently sent student Quentin Hensel to the bathroom. Jacobson stated that Quentin Hensel came running back into the class stating "Fuck, Fuck" and herself Robyn MicKow, and Michael Nastasi stepped out of their classes to look into the hallway. Jacobson stated that Quentin Hensel stated "Ms. Jacobson that is a gunshot that is real".

Jacobson stated that because of what the student said, when the fire alarm went off she stayed in her room with the students and went into "Code Red" protocol. Jacobson stated that she began to hear more gunshots and heard kids screaming in the hallway. Jacobson then opened her door and began grabbing kids and pulling them into her room and eventually closed the door, which was locked.

Debra Jacobson stated that she texted her husband and daughter about the incident and told them to contact 911. Debra Jacobson stated that she heard the suspect on the third floor shouting "Hey, Hey". Jacobson stated that she never heard a "Code Red" alert over the PA system though she had recently went over what to do in a "Code Red" with her students after a recent "Code Red" training. No children were injured in her room and Jacobson did not see or know the suspect.

Teacher. N/F

stated she was in her classroom when she heard popping sounds on the first floor and then heard the fire alarm go off in the building. stated that her class went into Fire Alarm protocol with the students leaving her classroom. As and her students left the classroom she heard gunshots in the stairwell and she ran back to open her door so that she could go into Active Shooter protocol. stated that she saw the gunman who was armed with a rifle continue to fire coming down the hallway towards her as she attempted to pull students into her classroom. As attempted to shut her door she was struck by what is believed was a fragmented round in the arm. Once inside her room stated that her room door window was shot out as she and the other students hid inside the room.

stated that one of her students was also grazed by a bullet in the incident. A sworn statement was taken from by Sergeant Degiovanni where as he advised he was inside his classroom when he heard banging sounds from a lower floor in the building. advised that stood up and shut the classroom door which was open. Shortly afterwards the fire alarm to the building went off and he and other classmates left the room and began to go down the staircase to the first floor. stated that as he began down the staircase he saw a rifle case on the ground on one of the floors below. At that point he and other students ran back up the staircase and reentered his classroom to hide. stated that as he first entered the classroom he ran to the wrong corner and then decided to run to the other corner just as the classroom window was shot out.

For further information see the statement of and and the supplement report of Detective Parrish and Sergeant Degiovanni.

Larger Hard Corner / Large stand up closet, small cabinet

Room # 1257- 3rd Floor
Teacher: Kimberly Krawczyk W/F 09/20/1968

Krawczyk stated that she and her classroom went into Active Shooter protocol because she and her students heard gun fire in the building before the fire alarm went off. Krawczyk stated that just before the shooting one of her students Leah Serrano asked to use the bathroom and she was instructed that she had to use the restrooms on the second floor. Krawczyk stated that the bathrooms on the third and first floors had been locked due to the fact that students were "vaping" in the bathrooms and the building Security Officer was posted on the second floor to monitor the use of second floor bathrooms. Once Krawczyk heard the gunshots she went to the classroom door which was locked and let Serrano back into her classroom. Krawczyk then had her students hide in the corner of the room and she began to hear gunfire and students screaming in the hallway.

Krawczyk was not advised of any drills by the school but did have recent training in reference to "Code Red" protocol. The school stated a "Code Red" drill would be coming but the date would not be disclosed to them.

For further information see the statement of Kimberly Krawczyk and the supplement report of Detective Cottam.

Case #: 11-1711-001602
Synopsis:
Caller advised that subject Nikolas Cruz is collecting guns and knives and that he is one day going to kill himself. Caller stated that she is afraid that someone is going to get hurt and this could be Columbine in the making. Subject has multiple weapons and ammunition that he keeps at a friend`s house. Nikolas is currently living with friend Billy, unknown location.
No CAD for Deputy Response.
Follow up:
On February 19, 2018, at 1130 hours, Detective Kami Floyd obtained a taped sworn statement from [redacted]. [redacted] stated that she was very close with the Cruz family because she has been friends with Linda since they were children and vacationed at her home in Parkland with Nikolas and Zachary. [redacted] advised that she called 911 on November 30, 2017, due to some Instagram posts she observed from Nikolas Cruz. [redacted] stated that first she called Lakeworth Police, and they advised her to contact Parkland Police Department. [redacted] contacted Parkland Police Department and spoke with a police officer who she remembers was Spanish and has a possible name of "Chase." [redacted] stated that the Instagram posts she observed were of Nikolas with a gun on a fence in a backyard. [redacted] explained that she knew the photographs weren`t taken at the Cruz`s old residence in Parkland because the fence in photograph was wooden and they didn`t have a wooden fence. Another post [redacted] observed was of Nikolas stating he wanted to kill himself, but [redacted] stated the post was deleted immediately afterwards. The third post [redacted] recalls was of Nikolas wearing an army hat, a mask over his face, and holding a gun, but the gun had an orange tip, so she knows it wasn`t a real gun. [redacted] stated that while talking to the Parkland Officer she mentioned that Nikolas`s brother is Zachary and their mother passed away. [redacted] stated that the Parkland Officer was familiar with the family because he mentioned Linda`s name and stated he wasn`t aware that she had passed away. Because [redacted] didn`t hear anything back after the 911 calls, she stated that she called the FBI and reported the same information to them sometime in the month of December 2017. [redacted] stated that because some time has passed since her calls, she can`t remember, or may be confused, on the exact details or dates.
The case was determined to have been classified as a Suspicious Incident which was, handled by BSO Deputy Trejis Guntis and was "Coded Out" Bravo. No Report was done in reference to the incident.
A taped statement was taken from Deputy Guntis Trejis by Homicide Sergeant Jonathan Brown. In that taped statement Deputy Trejis Guntis stated that he remembered the call for service and the phone contact with [redacted] by phone. Deputy Guntis Trejis stated that he remembered [redacted] was out of state and had a language difficulty with him when reporting the incident. Deputy Guntis Trejis stated that [redacted] did not have a DOB for Nikolas Cruz and only knew that he was last living in Lake Worth with a friend. Deputy Guntis Trejis stated that he tried to locate Cruz`s DOB through his police computer but that there was so many subjects with the same name and so he could not find any information

[redacted] also called in a tip to the FBI Tip line after the shooting. See FBI Lead 155 for more information.

November 28, 2017, 1511 hours, PBSO
Caller/Number: [redacted]
Incident Type: Simple Assault
Location: [redacted]
Case #: Palm Beach 17157013
Synopsis:
Caller advised white male Nikolas Cruz, late teens, assaulted her 22 years old son, subject stated he was going to get his gun and come back. Caller advised that subject has bought tons of ammo and has used a gun against people in the past including putting a gun to others heads. Nikolas Cruz contacted 911 and advised he got mad at a kid named "[redacted]" who assaulted him.
PBSO Deputy Reid #7710, responded and contacted all parties: Nikolas Cruz, [redacted] and [redacted]. [redacted] advised that Nikolas became upset and began punching walls and breaking items inside the house. [redacted] stated he tried to calm Nikolas down and Nikolas punched him in the jaw. [redacted] then punched Nikolas in the back and restrained him until Nikolas broke free and fled the residence.

Nikolas told Deputy Reid that he became upset and punched the wall, and [redacted] punched him because he was breaking things. Nikolas apologized for his behavior. [redacted] signed a waiver of prosecution and the case was "Exceptionally Cleared."

For further information see Palm Beach 17157013.

Follow Up:
On February 17, 2018 at 1547 hours, Detectives Kami Floyd and Bruce Link met with [redacted] ([redacted]) at her residence in [redacted]. During a taped sworn statement, [redacted] advised that she was very close with Linda Cruz and has known Nikolas since he was a young child. [redacted] stated that Nikolas came to live with her on November 1, 2017 when Linda passed away. [redacted] stated that on this date she called 911 because Nikolas was fighting with her son, [redacted], and they were breaking items in the house. Nikolas punched [redacted] in the face and [redacted] did not want to prosecute according to [redacted]. PBSO responded and stated that they can't kick Nikolas out of the house, but if he wants to leave on his own he can.

[redacted] stated that she told the officer that Nikolas had a helmet and bullet proof vest, but the office did not take them. On this incident, Nikolas decided to move out and leave on his own. [redacted] stated that she never tried to get Nikolas evicted because it would have been too much to handle. [redacted] recalls only making two calls to 911, one on November 28, 2017 and on November 24, 2017.
The case was classified as a Simple Assault and "Coded Out" as "Exceptionally Cleared".

November 24, 2017: 1730 hours, PBSO
Caller/Number: [redacted]
Incident type: Domestic Disturbance
Location: [redacted]
Case #: Palm Beach 1701106864
Synopsis:
Caller advised adopted 19 year old son hid a gun in the backyard. Call was closed by PBSO as unfounded with no report.
Follow Up:
On February 17, 2018 at 1547 hours, Detectives Kami Floyd and Bruce Link met with [redacted] (04/09/1975) at her residence in Palm Beach County. During a taped sworn statement, [redacted] advised that she was very close with Linda Cruz and has known Nikolas since he was a young child. [redacted] stated that Nikolas came to live with her on November 1, 2017, when Linda passed away. [redacted] stated that one of the 911 calls made was a result of her mother observing Nikolas digging a hole in the backyard.
When [redacted] got home, she walked the backyard to try and find what Nikolas was digging for. [redacted] stated she found a hole in the backyard which was the same size as gun box that she also located in the backyard. [redacted] described the box as a rifle box and explained that there was no gun inside the box. [redacted] believes the hole was for a gun Nikolas purchased and he wanted to hide it because she doesn't allow any guns inside her house. [redacted] stated she called 911 because she wanted to know her options and obtain information on how to get Nikolas out of her house.
[redacted] stated that she was told by Lakeworth police that she couldn't kick him out because all his belongings were there. They also advised her that because he's an adult he's allowed to have firearms in the house. [redacted] recalls only making two calls to 911, on November 28, 2017 and November 24, 2017.
For further information see the supplements of Detective Kami Floyd and the taped sworn statement of [redacted]
The case was closed by PBSO as a "Domestic Disturbance", and closed as "Unfounded".

Incident Type: Police Information
Location: 8442 Lakeview Trail, Parkland, Florida
Case #: 17-1711-000039
Synopsis:
Caller advised that her cousin passed away and left behind a 19 year old son Nick Cruz who is [redacted] and owns rifles, and 17 year old son Zachary Cruz who has [redacted]. Requesting that an officer take away weapons. BSO Officer Gehres called the complainant by phone who advised a close family friend agreed to take the rifles and hold onto them.
Follow Up:
On February 17, 2018 at 1302 hours, Detective Bruce Link conducted a recorded interview with [redacted]. [redacted] advised that she is the cousin of Linda Cruz and has never actually met Nikolas Cruz. After asking about the 911 call she made on November 1, 2017, [redacted] advised that she does not remember calling 911. [redacted] stated that she does remember calling Linda Cruz`s cellular telephone on this date and whomever answered stated that Linda was in the hospital because she had "coded" in the middle of the night.
The caller advised that they had her son Nikolas there and that the status of Linda`s condition did not look good. [redacted] then began trying to assist in finding someone to take acre of Nikolas and Zachary after Linda passed. Nikolas mentioned [redacted]. [redacted] mentioned that [redacted] was the closest person to Linda Cruz and kept in touch with her. [redacted] stated that she never mentioned anything about guns to anyone, and stated that she wasn`t aware of any real guns that Nikolas Cruz owned.
[redacted] was aware that Nikolas wanted to go into the military but had [redacted] and he had pellet guns and BB guns. [redacted] stated that Linda Cruz told her that she had more problems with Zachary stealing things and being verbally disrespectful to her than from Nikolas. Linda Cruz told [redacted] that Nikolas did hit her once and the result was knocking three of her teeth out, this occurred approximately three months prior to her passing away. Linda Cruz also did mention that Nikolas purchased a gun, but [redacted] believed that it was a hunting gun and not a real gun. [redacted] also believed that the gun was left at a friend Hunter`s father`s house. [redacted] then confirmed that she did not make a 911 call about removing any guns from the residence.
The case was closed as a Police Information and "Coded Out" as "Bravo" with no report.
For further information see the supplements of Detective Bruce Link and the taped sworn statement of [redacted]

September 28, 2016: 0800 hours, BSO
Caller/Number: Deputy Scot Peterson Broward Sheriff's Office
Incident Type: Police Information
Location: 5901 Pine Island Rd. Parkland, FL, Stoneman Douglas High School
Case #: 17-1609-001610
Synopsis:
[redacted] reported to School Resource Deputy Peterson that she was informed from an anonymous student that 18 year old Nikolas Cruz stated he ingested gasoline in an attempt to kill himself and that he may also be cutting himself in the recent past. [redacted] Counselor Sharon Ehrlich reported to Deputy Peterson that Cruz wants to purchase a gun for hunting. Deputy Peterson also reports that Cruz had a swastika and "I hate niggers" on his school backpack. Upon Deputy Peterson's investigation, he learned that Cruz was currently [redacted] and that the school would conduct a threat assessment on Cruz and implement a safety plan.
Follow Up:
On February 17, 2018 at 1402 hours, Detective Bruce Link and Detective Kami Floyd conducted a sworn interview with [redacted] advised that she is the [redacted] at Stoneman Douglas High School. [redacted] stated that she does not recall calling 911, however, she does recall the incident. [redacted] explained that another student at Stoneman Douglas High School came to her with a snapshot from social media where student Nikolas Cruz stated he ingested gasoline in an attempt to kill himself. [redacted] stated that M. Dubin was already in a meeting with other staff members about Nikolas and she was brought into the meeting to advise this information. [redacted] does not know what type of follow up was completed as a result of her report.
The case was closed as a "[redacted]" and Coded as an "ALPHA" with a written report. This case will be discussed further in the review of Nikolas Cruz's [redacted].

For further information see case number 17-1609-001610 and the supplement reports of Detective Bruce Link and Detective Kami Floyd and the sworn interview with Lauren Rubenstein.

February 5, 2016: 1145 hours, BSO
Caller/Number: [redacted]
Incident Type: Suspicious Incident
Location: [redacted]
Case #: 17-1602-000212
Synopsis:
Caller advised that her son told her neighbor`s son on Instagram that he saw where Cruz stated that he was going to shoot his school. In the Instagram pictures was Cruz with BB guns. Caller advised that subject was expelled from Westlake Middle School and goes to another school, possibly high school. Caller stated that they lived three houses away from subject.
Follow Up:
On February 17, 2018 at 1057 hours, Detectives Kami Floyd and Detective Bruce Link obtained a taped sworn statement from this same caller, [redacted]). [redacted] advised that her son, [redacted], observed photographs on social media of Nikolas Cruz with guns and told her. [redacted] saw the Instagram post which had a picture of a gun and stated something similar to "I am going to get this gun when I turn 18 and shoot up the school." As a result [redacted] called 911 to make a report.
[redacted] stated that a Broward Sheriff`s Deputy did arrive and spoke with her. The CAD reports indicate that it was Deputy E. Eason. The Deputy then went to Nikolas Cruz`s residence and returned to [redacted] residence advising that Nikolas` mother said that Nikolas was an angel and that [redacted] was tormenting him. The

November 20, 2014: 1916 hours, BSO
Caller/Number: [redacted]
Incident Type: Animal Abuse
Location: [redacted]
Case #: 17-1411-002423
Synopsis:
[redacted] advised that her neighbor [redacted] informed her that at approximately 1640 hours, her daughter observed a white male with red hair shooting at [redacted] chickens in their backyard. As a result, [redacted] went to her chicken coop and observed a chicken with blood on its leg. It did not appear that the chickens were injured at this time. Deputy L. Scholtz documented this incident and advised that the white male suspect was identified as Nikolas Cruz. Deputy Scholtz spoke with Linda Cruz who advised that she gave her son permission to shoot at targets in the backyard and did not observe him shooting chickens. Nikolas admitted to shooting an Airsoft rifle in the back yard, but denied shooting the chickens. The rifle was given to Linda Cruz who locked the rifle away. Deputy Scholtz documented that Nikolas is [redacted]. Victim [redacted] refused to press charges.

Follow Up:
On February 17, 2018 at 1344 hours, Detective Bruce Link and Detective Kami Floyd obtained a taped sworn statement from both [redacted] and [redacted]). The [redacted] stated that they did call 911 on the listed date due to their neighbor notifying them that someone was shooting at their chickens. As a result, several Deputies arrived on scene and later identified the person who shot their chickens. The Deputy advised the [redacted] that the suspect suffers from [redacted] and the [redacted] refused to prosecute. The [redacted] reported that as a result of this incident, one chicken suffered a broken wing and a second chicken died several days later. Neither [redacted] nor [redacted] knew Nikolas or his family and had no knowledge of any incidents involving them.
The case was closed as an "Animal Abuse" and Coded "ALPHA" with a report written. For further information see case number 17-1411-002423 and the supplement reports of Detective Bruce Link and Detective Kami Floyd and the obtained taped sworn statements from both [redacted] and [redacted].

Case #: 17-1205-000373
Synopsis:

Caller Linda Cruz called 911 and advised her 13 and 12 year old kids are out of control and destroying her home. Caller advised that one subject ran outside because the other sibling attempted to fight him and there were no weapons. Dispatch reported they can hear one subject cursing at the caller in the background during the 911 call. BSO Deputy R. Kenny responded with no written report completed.
Follow up:
None the mother Linda Cruz deceased, no statement available.
The case was handled as a "Domestic Disturbance" and "CODED BRAVO" with no report written.
November 26, 2011: 1225 hours, BSO
Caller/Number: Linda Cruz, 954-757-6166
Incident Type: Domestic Disturbance
Location: 6166 NW 80 Terrace, Parkland, Florida
Case #: 17-1109-000702
Synopsis:
Caller Linda Cruz advised one of her sons was being violent and was throwing items around the house. The CAD was not specific as to which son was involved in the dispute. Deputy James Snell responded and changed the classification to a "Police Information" call with no report written.
Follow up:

None mother, Linda Cruz is deceased, no statement available.
The incident was closed "CODED BRAVO" with no report written.

November 8, 2008: 1305 hours, BSO
Caller/Number: Daily Entry by Deputy R. Robert
Incident Type: Juvenile Disturbance
Location: [redacted]
Case #: PD08-11-00165
Synopsis:
[redacted] and Nikolas Cruz (09/24/1998) were playing in driveway when [redacted] threw a rock at Nikolas for him riding his bike over sticks he was playing with. Nikolas then threw a rock at [redacted] that caused a very small laceration on forehead. Both mothers agreed not to make an issue of it.
Follow up:
On February 17, 2018 at 1057 hours, Detectives Kami Floyd and Detective Bruce Link obtained a taped sworn statement from [redacted]) mother of [redacted]. [redacted] recalls this incident and stated that the children were outside playing and Nikolas threw a rock at [redacted] because he was angry. [redacted] stated that they were so young, she did not wish to prosecute. According to [redacted], Nikolas and Zachary always had anger issues and at some point she stopped allowing her children to play with them.
For further information see the supplement report Detectives Kami Floyd and Detective Bruce Link and the obtained taped sworn statement from [redacted].
The case was handled as a "Juvenile Disturbance" and "CODED BRAVO" with no written report.

Another ex-teacher of Nikolas Cruz, Sandra Rennie was interviewed and gave a sworn statement to Detective Metz. She advised that she taught Nikolas Cruz in an Engineering class and that Cruz wore camouflaged clothing and told her that he wanted to go into the military. Rennie stated that Cruz on several occasions complained that he could not search websites for guns while in school due to the school server and once intentionally destroyed a group class project belonging to other students because he was mad.

Rennie stated that Cruz also liked to view "gory" pictures on the internet to the point where one student Santiago Cuellar asked for his desk to be moved away from Cruz because he was "creepy".

Rennie stated that on the day of the shooting she was in the 700 building but did not see the gunman and only heard the gunfire.

For further information see the recorded statement of Sandra Rennie and the supplement report of Detective Metz.

Santiago Cuellar was interviewed and gave a sworn statement to PBSO Detective Jamie and FBI Agent Sarah Halleran. In that statement Cuellar stated that he felt Nikolas Cruz was a "strange kid" who made him feel uneasy. Cuellar stated that he had an engineering class with Cruz and that Cruz used you access his school computer to do searches such as "666" and look up disturbing images and searches on "how to make a nail bomb".

Cuellar stated that once he had a conversation with Cruz where Cruz advised that he was happy about the "Pulse Night Club Shooting" with Cruz stating that he was "so glad they killed all those gay people".

Cuellar stated that Cruz used to have a swastika on his backpack and would sometimes refer to "White Power" and that once Cruz showed him a picture of a rifle on his phone. Cuellar stated that once Cruz was expelled from MSDHS he learned that Sandra Rennie had caught him trespassing on school ground and notified security at the school.

For further information see the recorded sworn statement of Santiago Cuellar.

Another student`s statement taken referred to Nikolas Cruz`s behavior and how that students contacted members of the MSDHS staff. In a statement taken by Detective Metz of Hunter Dubois advised that he was in JRROTC with Nikolas Cruz and that Cruz often did Google searches about guns and stated " Yo I`m fucking crazy" and "like seeing people in pain I have two shotguns". Dubois stated that he was so concerned over Nikolas Cruz`s behavior, and was going to shoot up the school that he report the conversations to Student Affairs. Dubois also stated that he had heard another student Alexis Osio had similar information about Nikolas Cruz.

was contacted and in sworn statement to Detective Metz stated that she contacted Peer Counselor Lauren Rubenstein about Nikolas Cruz`s. stated that Cruz once told her that he was tired of being bullied at the school and wanted to "go shoot up a school". In another conversation Cruz told nd was planning on shooting himself. was also interviewed by the FBI under FBI Lead 195 where she described Cruz as a racist and a trouble maker. She described in one incident where he threw glass bottles at the cafeteria ladies in sixth grade.

stated that she was in the 1200 building at the time of the shooting in classroom 1210 and though she did not see the gunman when the shooting began she immediately thought it was Cruz even though she hadn`t seen him in a year.

For further information see Detective Metz supplement report and the statements of

On 03/14/2018 a Court Order was obtained through the Honorable Judge Scherer to obtain any school records out of Palm Beach County for Nikolas Cruz since he lived there for a period of time after his mother`s death. Records Management Specialist Nadeen Duhaney responding to the Court Order advised that Nikolas Cruz never attended school in Palm Beach County.

On 04/13/2018 this detective took a sworn statement from Vice Principal Maximo Rosario under subpoena. Present during the statement was School Board Attorney Trisha Widowfield. In sworn statement Rosario advised that he was in a meeting with a Guidance Counselor in the 100 building when he heard the Fire Alarm go off. Rosario stated at this time he did not have his school radio with him as he had left it on his desk. Rosario stated that he ran back to his office to retrieve his radio and his cellphone before checking the Fire Alarm panel. Once the panel was checked Rosario stated that he saw the alarm indicated the problem was on the First floor of the 1200 building so he started that direction in his golf cart. Rosario stated as he neared the 1200 building he arrived on the west side and began to hear gunshots going off inside the 1200 building. Rosario stated as he looked to the eastside he could see SRO Peterson standing aside the wall of the 700 building with his handgun drawn and saw victim`s Feis`s golf cart parked occupied outside the west entrance to the 1200 building. Rosario stated that he heard anywhere from five to six gunshots go off. Rosario stated that he knew the sounds he heard were gunshots as he used and had past knowledge of firearms. (Including firing an AR-15 rifle.)

Rosario stated that he then heard Assistant Principal Morford announce a "Code Red" for the school at which time he turned and headed back to the courtyard and began to tell students that were exiting the other buildings to get back inside their rooms and "shelter and place".

For further information see the sworn statement of Maximo Rosario.

On 04/24/2018 this detective under witness subpoena spoke to and took a sworn statement from Broward County District Police Department Detective Al Butler. Detective Butler was the Training Detective mentioned in several teachers` sworn statements as being the instructor who taught a power point in January 2018 at the school in reference to "Code Red" or "Active Shooter" response.

Detective advised that he gave the course in reference to not only "Code Red" training but all the different codes for events at the school. These included:

"Code Red" (A threat of some kind on campus such as an intruder on campus. Could be anything from a kidnapping to a mass casualties)

Suggested best course of action by School Board is "shelter in place"- lockdown.

"Code Yellow" (A down grade from a Code Red in reference to threats of some action that would warrant a "Code Red". Best course of action is for students and staff to remain in class "shelter in place"- lockdown but continue normal activities)

"Code Brown" (A gas or chemical leak on campus)

"Code Orange" (A school evacuation when situation warrants due to a gas or chemical leak on campus)

"Code Blue" (A medical emergency on campus)

"Code Black" Evacuation of school due to bomb threat or explosion.

"Code Green" all clear at campus return to class and resume normal activities.

A copy of the School Safety and Emergency Preparedness Power Point and School Board Emergency Handbook Drill Handbook were obtained from the Broward County Emergency Management Website and was placed into the case file.

Detective Butler advised that all teachers are told that as a preventative they should have their classroom doors locked and if they have time to turn off their classroom lights and move their students to a corner of the room where they cannot be seen through the door window. Detective Butler was asked in reference to the fact that some of the teachers in the 1200 building had placed tape on their floors to designate the "Hard Corner" for their students. Detective Butler stated that though he had heard of that action being done it was not part of any school presentation that he was aware of.

Detective Butler described the Head of Security at MSDHS as Assistant Principal Winfred Porter. Detective Butler stated that his agency and the SRO at the school would normally only become involved in actions that are criminal in nature at the school all other non-criminal manners would be handled by the School Security at the campus. Detective Butler stated that he had never dealt with any issues involving Cruz and had heard after the fact that a "Threat Assessment" was done on Cruz.

Detective Butler stated that he had seen the School Board "Threat Assessment" form template but had no idea where one would go after being filled out of a student as to whether it would stay on campus or be sent to the downtown School Board Office.

Detective Butler advised that each year at each school did some type of Code Drill at the school which was scheduled for Douglas this year as a "Code Brown". Detective Butler advised that the School Board had begun teaching "Active Shooter" with the assistance of the Broward County Sheriff`s Office but that the course had not been implemented in the Middle or High Schools as of yet only the Elementary Schools. Only school staff are involved in the "Active Shooter" training drills according to Detective Butler.

Detective Butler advised that he was unaware of any issue with SRO Peterson at the school.

Present with Butler during the statement was School Board Attorney Trisha Widowfield. For further information see the statement of Detective Butler.

After subpoenaing the Broward County School Board a copy of the Power Point present by Detective Butler was obtained. Though the Power Point does cover all the Codes mentioned in Detective Butler`s statement it does not instruct teacher as to what to specifically inside their classrooms in the events of a "Code Red".(IE, turn off classroom lights, barricade doors etc.) Of course it is unknown what specific verbal instructions Detective Butler gave as a supplement during the Power Point presentation)

A copy of the described Power Point was placed into the Homicide Case File and can be reviewed for content.

This detective as well obtained a copy of the Broward sheriff`s Office "Active Shooter Policy" which was reviewed

and placed into the case file of the investigation. In short as it relates to the listed case the policy stated that Deputy Peterson or any BSO sworn officer based on "real time intelligence" may have entered the 1200 building to preserve life without any supervisor`s approval.

This detective also obtained copies of the "Broward County Joint Law Enforcement Active Killer Response" recommendations Power Point and Lesson Plan. This lesson plan introduces schools faculty to tactics, techniques and procedures to create appropriate threat response to an "Active Killer" situation. This lesson plan discusses every aspect from what information 911 call takers need from people inside the school to use of classroom furniture to hide or to barricade the classroom doors.

This detective was informed that only a small percentage of the Broward County Schools (Elementary Level) had gone through the "Broward County Joint Law Enforcement Active Killer Response" program.

Some of the MSDHS teachers who had heard or participated in the "Broward County Joint Law Enforcement Active Killer Response" had actually placed tape on their classroom floors to assist students inside the classroom be behind the tape line where they would not be visible through the window of the classroom door.

BSO Training Records show that Deputy Peterson attended an "active killer" train the trainer course on 06/15/2017.

In a sworn statement under subpoena on 05/15/2018 Winfred Porter advised that he has been working for the Broward County School Board for eleven years and has been an Assistant Principal at MSDHS for five years. On the day of the incident Porter advised he was in the 100 building when he heard the Fire Alarm go off. Porter advised that he went over to the SRO office where the fire panel is located and saw that the alarm was a "gas detection" in the 1200 building. Porter advised that he ordered over the radio and over the intercom to evacuate the school which alerted the "Safe Team members". "Safe Team members" according to Porter are school personal such as security specialists who have designated areas to go to evacuate the students from the campus in critical incidents.

Porter stated that he then heard over the radio a "Code Red" by Coach Bonner who is a campus monitor. Porter then advised he ran back to the intercom system to put out the "Code Red".
According to Porter, Coach Bonner is normal assigned to the Courtyard area but moves he position to the parking lot during the evacuation protocol.

Porter stated that from his position at the 100 building he could hear gunshots going off and began to pull students into the 100 building. Porter thought the shots he heard were in the area of the 1200 building. Porter stated that he had no firsthand knowledge of the school video being rewound but stated that he heard over the school radio Deputy Peterson and Assistant Principal Morford doing it. During the incident he heard people on the school radio talking about "firecrackers" and other voices saying "those aren`t fire crackers." Porter advised that he could not remember who

voices were making those comments.

As far as Nikolas Cruz, Porter advised that he had only one contact with him in reference to discipline and that was in reference to the incident where Cruz and several of his friends wrote racial slurs and swastikas on a lunch room table. In reference to that incident Cruz was given a referral. Porter advised that he had spoken to Cruz`s mother several times but had never heard anything about Nikolas Cruz`s infatuation with firearms.

Porter advised that Cruz was very quiet and reserved in his contacts with him.

Porter advised that all student referrals are assigned "Event Numbers" and after it is investigated and then entered into the "DMS" (Discipline Management System) and then is transferred to "Terms System". According to Porter advised that Nordia Sapelton was in charge of the Discipline Management System.

Porter confirmed that he was the subject who had the bathrooms on the First and Third floor locked on the day of the incident and advised it was so Campus Monitor only had to watch the students using bathrooms on the Second floor.

Porter advised that around January 2018 he as well encouraged teachers in every building of the school to keep their doors locked for general safety reasons.

Present with Porter during the statement was School Board Attorney Trisha Widowfield.

For further information see the sworn statement of Winfred Porter.

After the interview of Porter this detective requested a subpoena be issued for the Board County School Board Records in reference to the "DMS" (Discipline Management System) and then is transferred to "Terms System" related to Nickolas Cruz. Included in the subpoena was a second request for the Threat Assessment Report that was done on Cruz in 2016.

In reference to the school firearm system the first Fire Alarm Drill ran at the school at 10:23 a.m. The second Fire alarm related to the shooting occurred with the Fire Alarm going off on the First floor of the 1200 building at 3:22 p.m. and the alarm going off on the Third floor of the 1200 building at 3:25 p.m. The system shows that it was reset at 5:53 p.m.

Detective Forsberg had done a download of the Fire Alarm System with both the Broward County Fire Department the State Fire Marshall and several members of Bass Fire and Security United who maintain the system for the School Board. This detective spoke to Brad Higdon of Bass Fire and Security United who advised that the Fire System had no fire suppression system and so the dust and particles seen on the School Video were most likely caused by the concussion of the fired AR-15 rounds moving the drop ceiling panels and then dust above the panels falling and beginning to filter down in the air. The Fire System is armed according to Higdon with a light beam which reflected the dust particles and the system then believed that they were smoke particles thus triggering the alarm to go off.

On 03/23/2018 this detective had a subpoena issued to the Broward County School Board for "any policy and procedure manuals" for 2017 through 2018 for the handling of both training and actual "Fire Alarms" and "Active Shooter". This detective also requested any record of any drills for both "Fire Alarms" and "Active Shooter" at MSDHS for 2017-2018 and any emails or memorandums in reference to both "Fire Alarms" and "Active Shooter".

Copies of these records were reviewed and placed in the case file.

Under the same subpoena this detective obtained a copy of the Broward County School PowerPoint for the MSDHS "Safe Plan". This "Safe Plan" was mentioned by School Board Detective Al Butler in his sworn statement. In reviewing this "Safe Plan" it covered school evacuations procedures and had nothing related to active shooter or "Code Red" training or procedures.

A copy of the PowerPoint that Detective Butler presented to the staff of MSDHS in January 2018 was also obtained. In that PowerPoint it advises that it is "mandatory" for teachers to have their doors locked. It also indicates that teachers should lock doors and cover the doors windows and move away and stay quiet. There are no specifics in the PowerPoint as to use of classrooms "hard corner" or how the classrooms should be set up with furniture to ensure all the students can find cover away from the site of the classroom through the doorway.

In reference to the request under subpoena for Broward County school Board Policy for emergency code as to an Active Shooter Training School, Board Police Chief Robert Hutchinson responded back by email that he was "unaware of any SBBC policies for emergency code or active shooter training".

Relevant Information Obtained from Nikolas Cruz`s cell phone

The suspect`s cellphone was determined to be a Tracfone with a service start date of 08/17/2015.

TEXTS AND CELL TOWER LOCATIONS FOR 02/14/2018

On the day of the incident 02/14/2018, AT&T records show the listed cellphone hitting off the cell tower near the Snead house at 7200 Loxahatchee Road until 2:08 pm when he begins to move southeasterly into a cell tower near SW 22 Street and 441. At 2:10 pm the cell phone begins to move in a wester ward direction on Holmberg Road where at 2:16 pm the cellphone is using a cell tower at the Sawgrass Express Way and 104 Avenue. Texts that are received and sent from the suspect`s cellphone are the following.

On 02/14/2018 at 16:19:12 (UTC-5) Nikolas Cruz`s cellphone received an incoming text from phone number

1-503-407-3869 that went unread stating "Shame on you. You are a coward. The fine LEO`s from responding agencies will do their job to the finest. Enjoy your last few minutes of freedom. ... cause they are hot on your trail. Hopefully, you will spend the rest of your miserable life behind bars. You will be BUBBA`s bitch. .. Prayers to the families of the INNOCENT ppl you have hurt".1-503-407-3869 listed in Cruz`s cell phone contacts.

This phone number was determined to belong to a Robert Argyle from Portland Oregon. Argyle was interviewed by this detective and advised that the day of the incident he was watching the incident unfold live on the news. He then went to a police scanner type chatroom where he learned Nikolas Cruz`s phone number from participants in the chat and decided to send the text. Argyle advised that he did not know Nikolas Cruz and had no ties to Broward County.

On 02/14/2018 at 14:51:47 (UTC-5) Nikolas Cruz`s cellphone received an incoming text from phone number 1954-830-3035 that went unread stating "Where you at?" 1-954-830-3035 in the listed in Cruz`s cell phone contacts as the number of James Snead.

On 02/14/2018 at 14:36:48 (UTC-5) Nikolas Cruz`s cellphone received an incoming text from 1- 954-415-7784 which went unread "Answer your phone?" 1-954-415-7784 in the listed in Cruz`s cell phone contacts "J T*" which is the known phone number of Jameson Snead.

954-501-8128
Yaditi Bhugani
W/F 11/01/1997
820 Coral Ridge Drive Apartment 202
Coral Springs, Florida

Made contact with Yaditi Bhugani, W/F 11/1/97, who is [redacted], and who has the telephone number 954-501-8128. She stated that she did not know Nikolas Cruz. She was placed into a group Snap Chat with Cruz by Geraldine Avila, who has already been contacted in reference to the investigation. It should be noted that the suspect's phone showed 20 contacts between Yaditi Bhugani's phone number and Nikolas Cruz between 12/18/2017 and 12/25/2017. Yaditi Bhugani's phone contacted the suspect's phone 19 times but each call showed it was not completed. Yaditi Bhugani stated that she did not remember any of these calls. On 12/19/2017 the suspect contacted Yaditi Bhugani's phone and it showed there was a 2 minute and 35 second conversation. Yaditi Bhugani stated that she did not remember speaking with the suspect. Yaditi Bhugani had no information regarding Nikolas Cruz or listed shooting.

#7

954-234-7204
Caden Krzeminski
W/M 04/14/2000
4671 NW 121 Avenue
Coral Springs, Florida

This number comes back to Christa Krzeminski the mother of Nikolas Cruz's friend Caden Krzeminski. At the time of the MSDHS shooting Krzeminski was out of county in a secured program. In July when he returned to Broward County a sworn statement was obtained from him. Caden Krzeminski stated that he first met Nikolas Cruz in kindergarten but did not see him again till much later when they both attended Cross Creek Alternative School. Caden

Supervisor: *BROWN, J. J. (11100)* Supervisor Review Date / Time: *08/09/2018 13:31:16, Thursday*

Contact: Reference: *Follow Up*

Krzeminski stated that he and Cruz were friends and had been to each other's house in the past. Caden Krzeminski stated that Cruz was an extreme gun lover who would "spent every penny he made" from Dollar Tree buying guns. Caden Krzeminski stated that he and Cruz would go out to Hunter McCutcheon Everglades' campsite and that Cruz brought the AR-15 out their campsite to target practice on one occasion.

Caden Krzeminski stated that Cruz was a racist but would not confront people he was prejudice about directly. Caden Krzeminski stated that Cruz told him about the fight he had on campus and that afterwards Cruz told him "that he was the kind of person who would come back to shoot up the school".

Caden Krzeminski confirmed earlier statements in reference to Cruz asking for assistance in getting a handgun. Caden Krzeminski stated that Cruz asked for his assistance due to the fact that he knew that he hung out on the "bad side" of Coral Springs. Caden Krzeminski stated that though he first agreed to help Cruz he later changed his mind and did not follow through on finding a third party to see Cruz a handgun.

For further information see the sworn statement of Caden Krzeminski.

#8.

[redacted]
[redacted]
W/F [redacted]
[redacted]
[redacted]

This cellphone number was determined to belong to [redacted] from Olympia Washington. In a sworn statement to Detective Roque, [redacted] stated that she met Nikolas Cruz in 2017 through Instagram as part of a chat room in reference to teenagers with [redacted] issues. An on line [redacted] named [redacted] was involved in speaking to participants in the chat room. [redacted] stated that in numerous texts and phone calls Cruz told her he was angry with people at his High School due to the way he was treated by other students. [redacted] stated that though Cruz stated that he "hated people at his school", he never discussed any acts of violence he planned to do. Cruz did tell [redacted] about his interest in shooting and even spoke about his mother's death. [redacted] stated that she last spoke to Cruz on 01/30/2018.

For further information see the sworn statement of [redacted] and Detective Roque's supplement report.

"Nazi German Hardcore Hell March" Screen Shot. This video shows war clips of Adolph Hitler and World War Two scenes.

Screen shot of Linda Cruz`s urn and Trump MAG hat.

Screen shot of Nikolas Cruz wearing body armor and ballistic helmet.

Screen shot of a forearm with superficial scratches.

Screen shot of Cruz wearing camo clothing and bandana.

Screen Shot of Skrillex- I want to Kill Everyone. The lyrics to that song are the following:

I want to kill everybody in the world
I want to eat your heart
I want to kill everybody in the world
I want to eat your heart
I want to kill everybody in the world
I want to kill
I want to kill everybody in the world
I want to eat, want to eat your
I want to kill everybody in the world

Screen Shot of "Lil Dreamy- I Hate Everyone".

The lyrics to that song are the following:

Some stupid chick in the checkout line
Was paying for beer with nickels and dimes
And some old man had clipped coupons
And argued whenever they wouldn't take one
All I wanted to buy were some cigarettes
But I couldn't take it anymore, so I left
I hate everyone
I hate everyone

I hate everyone

I hate everyone

All the people on the street
I hate you all
And the people that I meet
I hate you all
And the people that I know
I hate you all
And the people that I don`t
I hate you all
Oh, I hate you all

Some fucking asshole just cut me off
And gave me the finger when I fucking honked
Then he proceeded to put on the brakes
He slammed on the breaks but I made a mistake
When I climbed out of my van he was waiting
But he was six three, and two hundred pounds of Satan
I hate everyone
I hate everyone

I hate everyone
I hate everyone

All the people on the street
I hate you all
And the people that I meet
I hate you all
And the people that I know
I hate you all
And the people that I don`t
I hate you all

I bet you think I`m kidding
But I promise you it`s true
I hate most everybody
But most of all I hate, oh I hate you

CRUZ`S PHONE WEB HISTORY

On 02/14/2018 at 14:17 and 13:36 searches "Foster the People-Pumped up Kicks" on You Tube. This is only minutes before he enters into MSDHS. This song is about a mass shooting and the lyrics are the following:

Robert`s got a quick hand
He`ll look around the room, he won`t tell you his plan
He`s got a rolled cigarette
Hanging out his mouth, he`s a cowboy kid
Yeah, he found a six-shooter gun
In his dad`s closet, in the box of fun things
I don`t even know what
But he`s coming for you, yeah, he`s coming for you

All the other kids with the pumped up kicks
You better run, better run, outrun my gun
All the other kids with the pumped up kicks
You better run, better run, faster than my bullet
All the other kids with the pumped up kicks
You better run, better run, outrun my gun

All the other kids with the pumped up kicks
You better run, better run, faster than my bullet

Daddy works a long day
He be coming home late, and he`s coming home late
And he`s bringing me a surprise
`Cause dinner`s in the kitchen and it`s packed in ice
I've waited for a long time
Yeah, the sleight of my hand is now a quick-pull trigger
I reason with my cigarette
And say, "Your hair`s on fire, you must`ve lost your wits", yeah

All the other kids with the pumped up kicks
You better run, better run, outrun my gun
All the other kids with the pumped up kicks
You better run, better run, faster than my bullet
All the other kids with the pumped up kicks
You better run, better run, outrun my gun
All the other kids with the pumped up kicks
You better run, better run, faster than my bullet

Run, run, run, run
Run, run, run - run, run, run
Run, run, run - run, run, run
Run, run - run, run
Run, run, run, run, run!

All the other kids with the pumped up kicks
You better run, better run, outrun my gun
All the other kids with the pumped up kicks
You better run, better run, faster than my bullet
All the other kids with the pumped up kicks
You better run, better run, outrun my gun
All the other kids with the pumped up kicks
You better run, better run, faster than my bullet
All the other kids with the pumped up kicks
You better run, better run, outrun my gun

All the other kids with the pumped up kicks
You better run, better run, faster than my bullet

Cruz plays this same video on 02/13/2018 at 18:43 and 13:18 hours.

This video was saved to CD and placed into evidence.

On 02/14/2018 at 13:36 and on 02/13/2018 at 22:01 Cruz searched YouTube for school shooter videos. There are actually several of these searches in a row seconds apart. Cruz then watches a school shooting "hype" music video.

This video is about 45 minutes before the shooting on 02/14/2018. This video is played to the song Pump up Kicks and is played as the background to a movie reenactment of the Columbine School Shooting. The reenactment is titled "Zero Hour the Columbine Killers".

This video was saved to CD and placed into evidence

On 02/13/2018 at 22:10 Cruz does a general Google search for the MSDHS the day before the shooting. Basic building and floor plans for the school are found on the search.

On 02/13/2018 at 22:03 Cruz watches a music video by "Token- Exception". This video is about a kid who is an outcast at school and bullied - The kid engages in a school shooting near the end of the video. The lyrics are the following:

There they go again, harassing this kid so easily
His name is Andy, he grew up right down the street from me
I barely know him though, I just see him in school while passing me
Usually followed by two kids giggling in back of him
I don`t know why I feel the need to interfere and I`ll be honest
The kid is obviously a little weird
He`s got a stutter, plus always talks to himself, but it is clear to me they shouldn`t mess with him
He probably wishes they`d disappear
Like yeah hes different, so?
He ain`t causing harm to anyone
Yeah he might annoy them, not on purpose though
He`s never done something intentionally offensive like these other kids
Like yelling "stop being a retard!" when they see him mumbling

Or called him a faggot when he`s saying something awkward
Yeah, he lives with it, but he shouldn`t have too any longer
He`s just a kid like any of us
Matter of fact, next time I see him I`m gonna say something and have his back
The next day ain`t any better, they`re abusing him
Everyday gets worse `cause people accept it as they become used to it
And he don`t stand up but what can you do with that hate against you
You call `em out, he`s called a spaz with some anger issues
They hear but they don`t listen, senseless
They`re hearing that bullies are everywhere thinking that here must be the exception
But it`s so alive and its so true
They got open eyes but they don`t view
They got growing minds that they don`t use
And its pulverizing our whole youth
But to be honest, most of these bullies don`t mean any harm
They`re just kids like any of us, they like to be in charge
They like attention, but just lack guidance in getting it
So they put others down, none of us are always innocent
But that don`t make it right, cause again I`m watching Andy get tortured by two of his peers with no reason in sight
And I know he knows I watch and he sees me paying attention
And It`s getting worse and worse, I hope he knows that I respect him
The next day Andy didn`t show up to school and I was nervous
He always came to this class, I wonder what was the purpose
The same class had the two kids who been messing with him
But without a target, both of them just blended right in
Twenty minutes later, the class was pretty quiet
As Andy walks through the door, he was shaking and crying
As all heads slowly in sync turned, he pauses
Then pulls a pistol out of his front pocket
The girls screamed, the boys sat there terrified
Nobody expected this but everyone knew the reason why
And before anyone could say something fully
Within seconds, two bullets flew into his bullies
More screams as the bodies collapsed
I felt I should say something cause I was the only one who had his back
I said "It`s over Andy, they`re dead! You had you`re wish!"
He turned to me and said "You? You were the third on my list.

On 02/13/2018 at 21:56 and 21:58 Cruz does a search for "Good songs for killing people" and then the Skrillex-Kill Everyone Video. The lyrics to that song were discussed earlier in this detectives supplement.

This video was saved to CD and placed into evidence.

On 02/13/2018 at 21:53 and 21:56 Cruz does a search for the "Metallica-Enter the Sandman" Video.

This video was saved to CD and placed into evidence

On 02/13/2018 at 21:25 at 13:01 and at 13:05 Cruz does a search for the "YouTubers Turned Killers" Video.

This video does brief stories on the following five killers:

Trey Sesler

Trey Sesler, also known as Mr. Bryko, was originally a YouTube reviewer, largely discussing anime, guns, and video games. However, as time went on, he started showing signs that his sanity was slipping; such signs included researching serial killers, killing animals, using real guns in his videos, doing videos about his guns, and shooting buildings in the middle of the night. Eventually, Sesler shot and killed his mother Ronda, his dad Lawtin, and his brother Mark. After committing the act, he wrote down on the walls, "Why did I do this? I love my mom, dad and brother." In some interviews, he admitted to his crime and showed genuine remorse for his actions.

After being interrogated, Sesler revealed his true intentions. He had actually killed his family to spare them from knowing what he planned on doing next. He had become so obsessed with serial killers and weapons that he ultimately wanted to shoot up the Waller Junior High School, and his goal was to kill at least 70 people. Although, he was caught before he could accomplish this.
Sesler was sentenced to life in prison without the possibility of parole or appeal.

Anthony Powell

In 2009, Anthony Powell, a 28-year-old student at the Henry Ford Community College in Detroit, shot and killed fellow student, 20-year-old Asia McGowan, before fatally shooting himself. Powell had a history of mental illness and used his YouTube account to make hate videos against black women and atheists. McGowan also had an account at YouTube. Powell became obsessed with McGowan through her account, and began stalking her on both YouTube and Facebook. He had decided that black women like McGowan were naturally promiscuous, and had made videos with titles such as "Black Women Don't Deserve Respect", shortly before killing McGowan. Many of Powell's videos were

so concerning that many YouTube users contacted the Detroit police about them.

Pekka Auvinen

The Jokela School shooting occurred on 11/07/2007, at Jokela High School in Jokela, a town in the municipality of Tuusula, Finland. The gunman, 18-year-old student Pekka-Eric Auvinen, entered the school on that morning armed with a semi-automatic pistol. He killed eight people and wounded one person in the toe before shooting himself in the head; twelve others were also injured by flying shattered glass or sprained ankles. Auvinen died later that evening in a Helsinki hospital.

On that same date 02/13/2018 Cruz watches two video on the "Pekka Shooting" on You Tube on titled "Just Testing my Gun" by Pekka Auvinen. This video is a clip of the mass murder Pekka Auvinen target practicing in the woods.

Jared Loughner

Jared Lee Loughner is an American mass murderer who pled guilty to 19 charges of murder and attempted murder in connection with the January 8, 2011 Tucson shooting, in which he shot and severely injured U.S. Representative Gabrielle Giffords, his target, and killed six people, including Chief U.S. District Court Judge John Roll, as well as a nine-year-old bystander, Christina-Taylor Green. Loughner shot and injured a total of 13 people, while one man was injured while subduing him.
Acquaintances say that Loughner's personality had changed markedly in the years prior to the shooting, a period during which he was also abusing alcohol and drugs. Loughner had been suspended from Pima Community College in September 2010 because of his bizarre behavior and disruptions in classes and the library. After his arrest, two medical evaluations diagnosed Loughner with paranoid schizophrenia and ruled him incompetent to stand trial. Loughner was placed on medication while in jail, as part of his treatment. Loughner was again judged incompetent in May 2012.
In August 2012, Loughner was judged competent to stand trial, and at the hearing, he pleaded guilty to 19 counts. In November 2012, he was sentenced to life plus 140 years in federal prison.

Elliott Rodger

On 05/23/2014, in Isla Vista, California, 22-year-old Elliot Rodger killed six people and injured fourteen others near the campus of University of California, Santa Barbara, before killing himself inside his vehicle.

This video viewed by Cruz was saved to CD and placed into evidence.

On 02/13/2018 at 20:09 Cruz searches YouTube search "I wanna die" he also searches the song "Under the beautiful

On 02/11/2018 at 14:13 and 13:45 Cruz`s watches a video on the "Virginia Tech College Massacre".

This video was saved to CD and placed into evidence.

On 02/11/2018 Cruz`s around the same time watches two videos the "The Columbine Killer School Shooting Crime Documentary and Columbine Diary". These videos were saved to CD and placed into evidence.

On 02/10/2018 at 18:51 Cruz does a Wikipedia search for the "Red Lake Senior High School Shooting".

The Red Lake shootings were a series of spree killings that occurred on 03/21/2005 in two places on the Red Lake Indian Reservation in Red Lake, Minnesota. That morning, 16-year-old Jeffrey Weise killed his grandfather (a tribal police officer) and his grandfather`s girlfriend at their home. After taking his grandfather`s police weapons and vest, Weise drove his grandfather`s police vehicle to Red Lake Senior High School, where he had been a student some months before.
Weise shot and killed seven people at the school and wounded five others. The dead included an unarmed security guard at the entrance of the school, then a teacher and five students. After the police arrived, Weise exchanged gunfire with them. Weise was wounded and then died by suicide in a vacant classroom.

On 02/10/2018 at 18:46 Cruz does a Wikipedia search for the "Marshall County High School Shooting."

At the Marshall County High School Shooting students were gathering in an open area prior to the start of classes when a 15-year-old student Gabriel Ross Parker, opened fire with a 9mm Ruger handgun, killing one 15-year-old at the scene, and wounding another who died at a nearby hospital.
Parker reportedly went to the schools band room to check with his friends before the shooting, to make sure they were not in the area before returning to the commons area and starting his attack.
After the shooting he returned to the band room and discarded the weapon, while students unaware he was the suspected shooter motioned for him to join them in hiding.
Eighteen other people were injured, by bullets and the chaos afterwards with three injured critically injured. Parker was taken into custody by the Marshall County Sheriff.

On 02/09/2018 Cruz does a Goggle Search for "Therapist" for "Homicidal thoughts and urges."
On 02/09/2018 Cruz watches various videos about people defending themselves against attackers. One is titled Store Owner defends self and store with AR-15 rifle and another Shooting burglars with a AR-15

On 02/08/2018 at 14:38 Cruz does a search on Google for - "is killing people easy".

On 01/12/2018 at 12:53 p.m. Cruz accesses the interactive Site "Quora" and asks the site [redacted]

Neurotypical or NT, an abbreviation of neurologically typical, is a neologism widely used in the autistic community as a label for people who are not on the autism spectrum. In its original usage, it referred to anyone who is not autistic or a `cousin` with an `autistic-like` brain; the term was later narrowed to refer to those with strictly typical neurology, that is, without a defined neurological difference.

In other words, this refers to anyone who does not have any developmental disabilities such as autism, developmental coordination disorder or ADHD. The term was later adopted by both the neurodiversity movement and the scientific community.

In recent times, people with any sort of mental disability, whether congenital or acquired, have also sometimes been excluded from the neurotypical label. In this sense, the term is now contrasted to neurodivergent, ND or neuroatypical, an umbrella term inclusive of people with diverse mental and behavioral disorders, such as mood, anxiety, dissociative, psychotic, personality and eating disorders. The conditions themselves, following the neurodiversity and social construction of disability models and in distance from the hegemonic medical model of disability (otherwise known in the neurodiversity community as the pathology paradigm), are often referred to as neurodivergences, that is, neurotypes that are divergent from a given social and medical norm.

Neurotypical, as a specific term for its original purpose within autistic communities, has been replaced by some with allistic, or "nypical", which has roughly the same meaning that "neurotypical" had originally. These terms refer to those who are not autistic and who do not possess another pervasive developmental disorder, even if they are neurologically atypical in some other way, such as having dyslexia.

On 01/14/2018 at 2:49 p.m. Cruz accesses the interactive Site "Quora" and asks the site "As a [redacted] would you care if your best friend died?"

Psychopathy, sometimes considered synonymous with sociopathy, is traditionally defined as a personality disorder characterized by persistent antisocial behavior, impaired empathy, impaired remorse, bold, disinhibited, and egotistical traits. Different conceptions of psychopathy have been used throughout history. These conceptions are only partly overlapping and may sometimes be contradictory.

Investigator Signature: _____

Supervisor: *BROWN, J. J. (11100)* Supervisor Review Date / Time: *08/09/2018 13:31:16, Thursday*

Contact: Reference: *Follow Up*

The DSM and International Classification of Diseases (ICD) subsequently introduced the diagnoses of antisocial personality disorder (ASPD) and dissocial personality disorder (DPD) respectively, stating that these diagnoses have been referred to (or include what is referred to) as psychopathy or sociopathy. The creation of ASPD and DPD was driven by the fact that many of the classic traits of psychopathy were impossible to measure objectively.

Although no psychiatric or psychological organization has sanctioned a diagnosis titled "psychopathy", assessments of psychopathic characteristics are widely used in criminal justice settings in some nations, and may have important consequences for individuals. The study of psychopathy is an active field of research, and the term is also used by the general public, popular press, and in fictional portrayals. While the term is often employed in common usage along with "crazy", "insane", and "mentally ill", there is a distinction between those with psychosis and psychopathy.

On 01/16/2018 at 03:01 p.m. Cruz accesses the interactive Site "Quora" and asks the site "What makes a narcissist lose interest?"

A Midway USA purchase on 01/12/2018.
A Gun Parts Corporation purchase on 01/12/2018.

These accounts were identified as coming from the listed companies. On 05/16/2018 subpoenas were issued to the above listed companies to determine what items Nikolas Cruz purchased from them.

Gun Parts Corporation
226 Williams Lane
Kingston, New York,
Phone number 845-679-4867

This purchase was determined to be a $7.95 purchase for a "SUPER" firing pin for a .556/.223 rifle. This gun part was shipped to the 7200 Loxahatchee Road address on 01/17/2018. Total cost of the purchase with shipping was $ 12.90.

This detective had Crime Scene Detective Crespo photograph the firing pin inside the AR-15 used in MSDHS and contacted Randi DeFelicis of Numrich Gun Parts Corporation. DeFelicis was provided pictures of the firing pin to determine if it was the item sold to Cruz by their company.
DeFelicis advised that she forwarded the pictures to two long-term (30 year +) employees; our Chief Product Officer and our Parts Department Manager.

Both examined the photos and advised that unfortunately, they cannot ID the firing pin in the photo as the one that we shipped. Typically, internal parts do not display marks/identifiers/tracking numbers. The absence of any markings makes it impossible to correlate the part in the photo to the part that we shipped.

They also advised that the term "super" in the part description is an abbreviation of the word "supersede". This identical part is made and used by many manufacturers and OEM sources for variations of this firearm. The "supersede" designation means that it will fit the products of multiple manufacturers and may be substituted as noted.

Brownells Incorporated
200 South Front Street
Grinel Iowa
Phone number 641-623-5401

This purchase was determined to be an $11.99 purchase for an AR-15 Gas Tube cleaners for a rifle. This gun part was shipped to the 7200 Loxahatchee Road address on 01/15/2018. Total cost of the purchase with shipping was $

15.94

Midway USA.com
5875 W Van Horn Tavern Road
Columbia MO
800-243-3220

This purchase was determined to be a $31.49 purchase for a Magna Matic Defense Front Sight Adjustment for AK-47 rifle. This gun part was shipped to the 7200 Loxahatchee Road address on 01/12/2018. Total cost of the purchase with shipping was $ 37.00.

Contact was made with US Postal Inspector Ivan Ramirez who provided copies of all the packages delivered to 7200 Loxahatchee Road from 01/01/2018 till 02/14/2018. Four of the listed packages sent to Nikolas Cruz were on the provided list including packages from Midway, Brownells and Numich Gun Parts.

Copies of the images, PTR tracking and all IP address associated to the transactions were placed on DVD and then placed into evidence by this detective.

FBI Related Follow Up

From the day of the incident 02/14/2018 numerous FBI Agents were deployed to assist this detective in reference to follow up on the listed case.

As stated earlier in this report FBI Agents from The CERT and HERT teams assisted Crime Scene detectives with the original crime scene and the documentation and collection of evidence.

Once the suspect's cellphone (954-821-1007) was recovered and a Search Warrant obtained a copy of the cellphone download was given to Special Agent Wendell Cosenza who in turn made a CAST report based on the information on the cellphone.

Special Agent Joseph Oliver was assigned as the lead agent to assist this detective in reference to any tips or leads that came in on the case to the FBI Tip Line.

This detective directed Special Agent Oliver that any tip that came in that was directly related to the Homicide (such as witnesses' names, etc.) was to be directed back to this detective for follow up.

Investigator Signature:_____

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

Supervisor: *BROWN, J. J. (11100)* Supervisor Review Date / Time: *08/09/2018 13:31:16, Thursday*

Contact: Reference: *Follow Up*

This detective directed Special Agent Oliver that any tip or information that came in on any threats by other subjects (whether local or out of state) or any posts sympathetic to Nikolas Cruz actions be handled directly by the FBI.

Many of the tips that came into the FBI Tip Line were in reference to on line posts seen by the tipster that included pictures or videos from inside the school at the time of the shooting. It should be noted all the videos or stills from the videos were from the original phone downloads from students inside the 1200 building during the shooting and had already been secured as evidence.

FBI Agents also did follow up on other subjects seen in group texts and chatroom with Nikolas Cruz. Agents obtained and examined financial type sites and information found on the suspects cellphone Many of these subject were scattered across the country. Each was interviewed by agents and 302 Reports written as to the outcome of the tip.

This detective requested Special Agent Oliver contacted Army Headquarters to attempt to confirm Nikolas Cruz's claim in his statement to this detective that he had failed the ASVAB after taking it in the JRROTC at MSDHS.

Don Hill of the Testing Division Chief for the Military, who is stationed at their headquarters in North Chicago advised that no one was able to locate information related to CRUZ taking the ASVAB at their Miami Processing Office.

It was determined through Miami Databases that Nikolas Cruz took a student ASVAB test at Marjory Stoneman Douglas HS while in the 10th grade and tested on 12/03/2015 achieving an AFQT score of 15.

According to Hill the student ASVAB scores are used for career exploration and are valid for up to two years from the date of test for enlistment into any of the Armed Forces for 11th and 12th grade students. However, student ASVAB results for tests taken in the 10th grade are not valid for enlistment, so the test Cruz took was for career exploration only.

The AFQT score is the initial aptitude screening score used to enter the military which is on a scale of 1-99. An AFQT of 31 is the normal minimum qualifying score to enter the Army or Marine Corps. The Navy, Air Force, and Coast Guard have higher minimum scores.

FBI Tips of Direct Relevant to the Investigation

Cruz and Nikolas Cruz. Upon receiving the information nothing of significance was located in relation to the listed incident.

For further information see FBI Lead 3

Lead 7

On 02/20/2018 a subpoena was issued for Stars and Stripes Inc. which is a technology platform that allows merchants selling goods on line to accept credit card payments. It was determined that on 10/06/2017 Nikolas Cruz attempted three time unsuccessful to buy products for $10.95 from Gadson and Culpeper American Heritage Shoppe which is America`s official "Don`t Tread on Me" outfitter.

For further information see FBI Lead 7.

Lead 27

On 02/14/2018 an Elaine Fernandez contacted the FBI Tip line to advise that after the shooting at MSDHS she saw the suspect in the Subway in the Walmart wearing black pants a black hat and a burgundy shirt.

On 06/01/2018 this detective contacted Fernandez who advised that she was in the Walmart with her friend Courtney (Unknown Last Name) when she saw Cruz inside the store. She advised that only after the media began to put out Cruz picture did she realize that he was the gunman. Fernandez stated that she had seen Cruz in school once before in the Ninth grade but had no interaction with him ever.

No statement was taken from Fernandez due to her limited information. For further information see FBI Lead 27.

Lead 33

On 02/14/2018 a call came into the FBI Tip Line from [redacted] who advised that he had seen Nikolas Cruz on the Gun World Gun Range and the Markham Park Gun Range.

Upon calling Gun World Range (954-357-5143) it was determined that though Nikolas Cruz had bought several firearm at the location but showed no signs of ever signing the waiver to shoot on the range.

As far as the Markham Park Range per Park Manger Trevor Fell anytime a patron comes in to shoot at the range they must fill out and sign a waiver ticket and the range does keep that ticket. However, this is done daily and the tickets are then rubber-banded and put into a box for that day and that month and never placed into a computer system. The

range has 8 years of boxes and thousands of tickets that would need to be hand searched.

Lead 116

On 02/15/2018 [redacted] contacted the FBI tip line and advised that she worked with Nikolas Cruz at the Dollar tree Store. In numerous conversations [redacted] stated that Cruz spoke of how he "hated MSDHS" and stated in one conversation her mother [redacted] was in the store and Nikolas Cruz was checking her out with what she had purchased and when she began talking to him about graduating High School since she heard he had been expelled. Cruz advised that [redacted] he was most likely not going to graduate on time and "maybe I can try on-line school after I shoot up Stoneman Douglas". [redacted] stated that this conversation occurred in the summer of 2017.

Both [redacted] later gave a sworn statements to Detective Mark Copley. For further information see the statements of [redacted] and [redacted], the supplement report of Detective Copley and FBI Lead 116.

Lead 63

On 02/15/2018 a female named [redacted] contacted the FBI Tip line to report that her son [redacted] knew Nikolas Cruz from Cross Creek School. [redacted] stated that her son was in Cross Creek as way Cruz for Behavioral problems. According to [redacted] her son commented frequently as to the fact that Cruz often spoke about shooting up schools and other venues. This detective spoke to [redacted] where it was determined that [redacted] was in a treatment facility in the middle of the state and could not be interviewed until his release in August.

For further information see FBI Lead 172.

Lead 172

On 02/16/2018 [redacted] contacted the FBI Tip line to advise that in September 2017 FBI Agents came to his home in Mississippi in reference to a comment he had seen on his "You Tube" Channel "[redacted]" from a subject stating " I am going to be a professional School Shooter". According to [redacted] the comment poster was a subject "nikolas cruz".

[redacted] stated he had never interacted with the poster in the past and reported the post to You Tube moderators that took the post down. [redacted] took a screenshot of the post and saved in to his phone which he provided the agents in September 2017. A copy of this screenshot was provided to this detective.

On 05/31/2018 this detective took a sworn statement from [redacted] where he advised that he is a Bail Bondsman and has a "YouTube Channel Show" where other users can comment on any topic being discussed. [redacted] advised he doesn't remember what topic was being discussed on the day in question when the post showed up as a comment. [redacted] stated that he contacted You Tube moderator who took the post down but before they did he took a screenshot of the post. [redacted] stated that he then contacted the local FBI Office in Jackson Mississippi to report the incident. [redacted] was interviewed by Special Agent Ryan Furr. [redacted] phone was not downloaded rather, [redacted] sent Special Agent Furr a text message of the screenshot of the YouTube posting. [redacted] was interviewed another time by Special Agent Gregory Sturtevant, which was documented under FBI serial number 261. The screenshot was included as an attachment to that serial as well.

This detective contacted SID Detective Nick Masters who had assisted this detective on other tasks related to Cruz's cellphone download. Detective Master was able to locate the listed post on Cruz's cellphone dated 09/24/2017 at 11:49 UTC.

For further information see the sworn statement of [redacted] and FBI Lead 172 and 261 and the supplement report by Detective Masters.

Lead 193

On 02/18/2018 [redacted] called the FBI Tip line to report that he knew Cruz from going to school with him and that Cruz constantly talked about guns and killing things. [redacted] stated that he heard that Cruz used to bring dead animals to school in his lunch box though he never personally saw them. Cruz also stated that he saw Cruz attack other classmates and in one incident sprayed a female student in the face with body spray after an argument. This detective spoke to [redacted] and he had nothing further to add to his statement. [redacted] stated that he was on campus on the day of the shooting but was not in the 1200 building. No statement was taken from [redacted] due to his limited information.

For further information see Lead 193.

Lead 233

On 02/20/2018 [redacted] contacted the FBI tip line to report that she was retired but once taught Nikolas Cruz at MSDHS. [redacted] described Cruz as a "loose cannon" due to his violent outbursts in class and stated that she reported it to School Administration. [redacted] stated that she felt that the school administration always took Cruz's action too lightly and used to joke that Cruz had a "hit list" of teachers and administrators that he wanted to kill. No statement was taken from [redacted] due to her limited information.

Lead 237

FBI Lead 237 was generated due to follow up on Chat Rooms and various Group Chats found on Nikolas Cruz's cell phone. [redacted] of Maryland was one of such subjects interviewed. [redacted] stated that Cruz would always talked about guns and killing things and once posted a video of him slitting a frog's throat. [redacted] was found to have similar disturbing posts and pictures on his cellphone including pictures of him [redacted]) holding a gun with the caption "The School Shooter". [redacted] was less than cooperative since the FBI Agents contacted his mother to locate him and no sworn statement was obtained from him.

For further information see FBI Lead 237.

Lead 247

On 02/20/2018 [redacted] contacted the FBI Tips line to report that he had contact with Nikolas Cruz after the shooting. This tip was assigned to Detective Nitsch for follow up. In sworn statement [redacted] advised that he was a 12th Grader at MSDHS and was in the Science Building in Mr. Simpson Environmental Class at the time of the shooting. [redacted] stated that he heard the fire alarm and evacuated the classroom with other students. As they neared their assigned area he heard other students "Code Red" but thought it was a drill. [redacted] stated that as he was walking out to the rear of school by the canal he saw Nikolas Cruz who he hadn't seen in years in with students who were walking. [redacted] advised that he engaged Cruz in conversation asking Cruz where he was going to college to which Crus responded that said he "was going to trade school". Cruz at the time was wearing a JROTC burgundy shirt, black hat and black pants. Cruz was last seen walking slow by the water and [redacted] was 100% sure that Cruz was the person walking in the crowd. [redacted] stated that he knew Cruz for years and described him as the kid in school was always a behavioral problem. [redacted] was shown a photographic array By Detective Demosthenes and identified Nikolas Cruz

For further information see the sworn statement of [redacted] and the supplement report of Detective Nitsch.

Lead 264

On 02/21/2018 [redacted] contacted the FBI Tip line to report that her daughter (unknown name) used to ride the school bus with Nikolas and Zachary Cruz and that she had to contact the Vice Principal of West Glade Middle School to report their behavior. [redacted] advised that both Cruz's were verbally abusive to other students using racial slurs and have anger outbursts. Both boys would also use Axe spray deodorant and tape it open and throw it on the bus calling

them axe bombs.

[redacted] advised that the school told her that they could not remove the Cruz`s unless they committed several violations.

For further information see FBI Lead 264.

Lead 273

On 02/22/2018 Agents interviewed [redacted] and [redacted] due to the fact that they lived several house away from the Cruz family in 2012. [redacted] stated that he was close friends with Zachary Cruz during that time frame. Both stated that Nikolas Cruz`s bedroom had holes in the walls and little or no furniture due to the fact that he would destroy items inside the house. [redacted] stated that Nikolas Cruz played "Halo" and "Call of Duty" rather than going outside to play with the other kids in the neighborhood. [redacted] and [redacted] had no contact with either Cruz brother after they moved from the area.

No statement was taken from either [redacted] or [redacted] due to their limited information.

For further information see FBI Lead 273.

Lead 279

On 02/22/2018 [redacted] was contacted by the FBI. [redacted] lives in Washington State and was active in a Chatroom with Cruz for several months. [redacted] stated that Cruz "hated black people" and always talked about having a lot of guns. [redacted] stated that Cruz would get mad easily on the posts and say that he wanted to kill people.

For further information see Lead 279.

Lead 283

On 02/23/2018 [redacted] was contacted by the FBI. [redacted] lives in Pennsylvania and was active in a Chatroom with Cruz for several months. [redacted] stated that Cruz "hated people" and always talked about having a lot of guns. In late December early January 2018 Cruz began to post his desire to go out and "shoot some niggers". [redacted] stated that once when Cruz made a similar type comment another chat member made a comment about not taking Cruz serious at which time Cruz posted "you guys are laughing but wait and see".

Lead 290

On 02/26/2018 follow up was done by means of a subpoena on an EBAY, PayPal Account linked to Nikolas Cruz`s email address of nikolasjacobcruz@gmail.com and Cruz`s Metabank prepaid credit card. A subpoena was issued on 02/23/2018 for the Meta Bank account information.

It showed that on 01/20/2018 Cruz purchased a Russian Army Surplus AK-47 Kalashnikov cleaning kit for $14.00. The kit was shipped to the 7200 Loxahatchee Road address in Parkland Florida.

Lead 296

On 02/26/2018 a subject named [redacted] called the FBI Tip line to report that he was in the area of the shooting on 02/14/2018 and believed that his dash camera of his vehicle captured Nikolas Cruz walking after the shooting. The video was retrieved and downloaded and in follow up the subject was determined not to be Cruz. The subject in the dash camera video is carrying a white pack and is wearing sneakers. The copy of the video was placed into evidence by this detective.

For further information see Lead 296.

Lead 300

On 02/27/2018 [redacted] called the FBI Tip line to advise that he knew Cruz from school and knew of his problems of fighting and bringing knives to school. On 06/01/2018 this detective interviewed [redacted] who advised that he knew Cruz since Eight Grade and was around him in JRROTC in both the Ninth and Tenth Grade at MSDHS.

[redacted] stated that he only socialized with Cruz outside school a few times and lessened his contact with Cruz after Cruz began posting pictures of and talking about dead animals on social media.

[redacted] stated that he and Cruz would often talk about guns do to their interest in the military but had last contact with Cruz while Cruz`s mother was still alive. [redacted] advised he was on campus on the day of the shooting but was in the 100 building. [redacted] stated that he did not hear the "Code Red" signal put over the PA system but began to evacuate the building when the Fire Alarm went off and was told by his JRROTC teacher to go back inside the building due to a problem on campus. [redacted] had sold Nikolas Cruz several items in on line purchases on 09/02/2017 and 10/03/2017.

On 09/02/2017 Cruz purchased body armor and a shooter cut plate for the armor for $199.00 and on 10/03/2017 a ballistic helmet for $370.00. Both items were shipped to Cruz's old address of 8442 Lakeview Trails in Parkland Florida. Pictures were found on Cruz cellphone of himself wearing the listed items.

Copies of the receipts were placed into the case file.

Lead 349

On 02/19/2018 this detective was advised that a student named was inside the 1200 building when the shooting occurred and was the daughter of [redacted]. On 02/19/2019 this detective took a sworn statement from where advised that the day of the shooting she was inside the 1200 building in classroom 1213. advised that around 2:20 p.m. she began to hear gunshots going off advised that in response to the gunshots that the students in the class all ran to the corner of the room near the windows but moved after the teacher advised that they had run to the wrong corner. advised that as the students then moved to hide in the hard corner of the room but that there were too many kids to fit into the hard corner due to the furniture in the corner. Stout advised that four students who were near the podium who could not get fully into the hard corner were shot including Carmen Schentrup,

advised that she went to middle school with Nikolas Cruz who described him as a "trouble maker and violent kid" who liked to cause problems.

For further information see the recorded statement of

later advised through her father that a fellow classmate inside room 1213 during the shooting had filmed several videos during the incident. This student was identified as BI Employee Gaston Nieves (CART) copied the videos from the phone and provided them to this detective. It should be noted that several videos were recovered from that were taken by her while was hiding in room 1213.The first video captures the sounds of gunshot while students are hiding under furniture in the classroom. The last video captures injured students being evacuated from room 1213 by members of the Broward Sheriff's Office and the Coral Springs Police Department. This last video is the video that had been widely posted on various social media sites after the shooting.

A sworn statement was taken from by Detective Depelisi. In that statement stated that she was in her classroom when they heard gunshots go off. t stated they got on the ground and that they ran to the corner of the room. stated that after hearing gunshots the glass on her classroom door shattered and they realized that four of her classmates were shot. advised that though she did not see the gunman she did go to school with

Other Subpoenas and Court Orders Issued and Information Obtained

On 02/19/2018 a subpoena was issued for work records for Nikolas Cruz for Dollar Tree. Nothing of significance was obtained in the records related to the incident. Records indicate that Cruz was hired on 11/25/2016 and earned almost $6,000.00 in 2017 at the store. Records show he attended and passed several required courses such as "Cashiers Basics", "Cashiers Proficiency Validation", "Terminal Fraud Awareness" courses and numerous safety related cases.

Dollar Tree records show that Cruz was only counseled once while working for the company and that was for his cash drawer being short $4.13 on 09/17/2017. The lost money was later found in a second audit of Cruz's cash drawer.

On 02/21/2018 "The Clearing House Payments Company Inc." was subpoenaed with no relevant information being found.

On 02/21/2018 "CHEX Systems Inc." was subpoenaed with no relevant information being found.

On 02/21/2018 "Early Warning" was subpoenaed with no relevant information being found.

On 02/26/2018 "Ally Bank" was subpoenaed for records. Upon return of the account information this appeared to be an account set up by Linda Cruz for car payments.

On 02/27/2018 "Synchrony Financial." was subpoenaed with no relevant information being found.

On 02/27/2018 "MetLife Insurance" was subpoenaed with no relevant information being found.

On 02/28/2018 "Federal Reserve Bank of New York." was subpoenaed with no relevant information being found.

On 03/08/2018 "Genworth Life Insurance" was subpoenaed with no relevant information being found. This was a life insurance policy for Linda Cruz.

On 03/14/2018 a Court Order was signed by the Honorable Elizabeth Scherer for records for the Jerome Golden Center for Behavioral Heath in Palm Beach County. On 04/25/2018 the Jerome Golden Center responded back that they had no records on Nikolas Cruz.

On 03/14/2018 a Court Order was signed by the Honorable Elizabeth Scherer for records for the South County Mental Health in Palm Beach County. On 03/15/2018 the South County Mental Health responded back that they had no records on Nikolas Cruz.

On 03/14/2018 a Court Order was signed by the Honorable Elizabeth Scherer for records for the Broward County Clerk of the Courts. It was determined that the only records found in the Clerk of the Courts was a motion to unseal the Records reference to Nikolas Cruz through the Department of Children and Families. This motion was presented by attorneys for the Department of Children and Families due to misinformation printed in the media after the shooting. The motion was granted by the Honorable Judge Charles Greene on 02/21/2018

On 02/20/2018 a subpoena was issued for the "Wells Fargo" (Account Number belonging to Linda Cruz and Nikolas Cruz was subpoenaed. In looking at the transactions on the account before 11/01/2017 (Linda Cruz`s date of death) they all appear to be possible from her. After 11/01/2018 there are numerous transaction at Dollar Tree (Nikolas Cruz`s work company) and Purchases at "Dicks Sporting Goods" in Boynton Beach on the above dates:

11/21/2017 purchase of $62.55
11/22/2017 purchase of $13.90
11/25/2017 purchase return of $35.31
11/25/2017 purchase of $98.37

12/09/2017 purchase of $160.48

Transactions also showed that on 02/05/2018 he made a purchase at the Army Navy Store in North Lauderdale for $268.06 and that Cruz paid his Uber Account of this Wells Fargo account.

On a subpoena was issued for the Army Navy Store where it was determined that on Nikolas Cruz purchased the following items:

Three hole black mask for $9.99
One spring loaded knife for $14.99
Two Bill Blade knives for $24.99 each
A Russian military gas mask for $19.99
A Punisher T- Shirt for $4.99
A 90 round Q-Mag holder for an AR-15, AK 47 style rifle for $22.99
A modular plate for a bullet proof vest for $69.99
A pair of black combat boots for $89.99
Total purchase $252.89 plus tax of $15.17.

On 04/24/2018 a Search Warrant was authored by Detective Foster for a You Tube Account hosted by Google Inc. called "True Crime Enthusiast". This action was taken after it was learned from social media that this account had posted several videos one titled "Nikolas showing off a bullet". In the video clip the suspect Nikolas Cruz is seen holding a rifle round. Attempts are still be made to determine the actual source of the original video. For further information see Detective Foster's supplement report.

The Search Warrant was assigned Broward County Clerk of the Courts Case Number 18-0924SF10.

On 05/08/2018 a Search Warrant was authored by Detective Cottam for information from EXPERIAN on Nikolas and Linda Cruz. The Search Warrant was signed by the Honorable Judge Andrew Siegel. EXPERIAN responded back that they had no records related to Nikolas Cruz.

On 05/09/2018 a Search Warrant was authored by Detective Cottam for information from EQUIFAX on Nikolas and Linda Cruz. The Search Warrant was signed by the Honorable Judge Andrew Siegel. EQUIFAX responded back that they had no records related to Nikolas Cruz.

On 05/09/2018 a Search Warrant was authored by Detective Cottam for information from TRANSUNION on Nikolas and Linda Cruz. The Search Warrant was signed by the Honorable Judge Andrew Siegel. TRANSUNION responded back that they had no records related to Nikolas Cruz.

On 05/22/2018 a Court Order was obtained to records from the "Rock Island Professional Development Center" the last location where Nikolas Cruz attended school. It was determined that those school records were included in the Henry Perry off Campus Education Center where the Rock Island Professional Learning Center has a single classroom. These records were discussed earlier in this detective's supplement report.

The 911 calls in reference to this listed case were reviewed by this detective. It should be noted that while the Broward Sheriff's Office supplies manpower for the Regional 911 system it is maintained by Broward County Government and not the Broward County Sheriff's Office. The largest city geographically to the City of Parkland is the City of Coral Springs which is not part of the Regional 911 System and maintains its own Police and Fire Dispatch. The City of Parkland contracts BSO for its Law Enforcement services and contracts the City of Coral Springs Fire Department for its fire rescue and emergency medical services. Under this arrangement all Parkland cellular 911 callers are routed to the Coral Springs Communications Center to be routed to go to Coral Springs Fire Rescue or BSO for law enforcement. This arrangement was made By the City of Parkland policy makers and was based on the fact that due to the City of Parklands low crime rate that most 911 callers would be medical in nature and need to go directly to the City of Coral Springs Dispatch Center to be routed to Coral Springs Fire Rescue. Hard line phone calls in Parkland go to the Regional Communications Center.

The two communications systems BSO and Coral Springs Dispatch cannot communicate directly with each other. Though this original arrangement on how to handle 911 calls was made over a decade ago, the protocol has remained in place even though the majority of all 911 calls (both police and medically related) are made by personal cellphones.

BSO Dispatch Center received over seventy 911 calls in reference to the incident between the hours of 14:22 and 15:35. No abandoned calls were identified to BSO Dispatch. Only was one inbound call has been identified as coming from the school at 14:27 hours.

Coral Springs Dispatch received over eighty 911 calls in reference to the listed incident between the hours of 14:22 and 15:35. Over twenty of these calls were abandoned by the callers due to factors like the caller hung up was disconnected or the call was dropped prior to being answered.

Only three of the calls to the Coral Springs Dispatch were transferred to the Broward Sheriff's Office for response. During the 911 call process Coral Springs dispatchers who would speak to the 911 callers would then attempt to transfer them to BSO Dispatch. In some cases the calls would be lost or abandoned. Coral Springs Dispatch became so overwhelmed with 911 callers that their 911 dispatchers began to answer incoming 911 calls. Coral Springs Dispatch has only 18 Emergency 911 Calls lines compared to the Regional Communications System that has 126 Emergency 911 Calls lines. This led to the volume of calls to Coral Springs 911 lines being so overwhelming to their system that incoming 911 call would ring and be unable to locate an open a 911 line. In some cases the over flow of Coral Springs

---

911 calls transferred to "administration phone lines" which limited the ability for 911 call takers to call back callers when the phone lines cut off.

Several students and teachers calling from the 1200 building, with gunshots heard going off in the background of the call were told by the Coral Springs 911 call takers that they had to hang up to answer other 911 calls and to call back if the shooter got into their classroom rather than transferring the call to the Regional Communication Center Dispatch.

This system on 02/14/2018 lead to Deputies from BSO obtaining a delayed and limited information as to what the 911 callers were reporting to call takers. Body camera footage of deputies at MSDHS standing aside of Coral Springs Officers many times showed information being obtained on Coral Springs Dispatch Channel that was never relayed to BSO Deputies. The only way the information in some cases was transferred was by word of mouth from officers and deputies.

Along with the documented problems of members of the Broward Sheriff's Office and Coral Springs Police communicating, the Broward Sheriffs Deputies had problems communicating with each other. This problem occurred due to the fact the Broward County radio system (Maintained by Broward County Government) is nearing its end of life and is scheduled for replacement in 2019. The system in place can be impaired when excessive users beyond what the system can manage access the system. This overwhelming of the system results in a condition known as "throttling or fail-soft". During this "throttling or fail-soft" deputies cannot transmit over their radios. This condition was evident when viewing BWC on scene on 02/14/2018. BSO SWAT officers unable to communicate with each other while securing the 1200 building had to revert to using hand signals to each other to clear classrooms and floors. BSO SWAT "runners or couriers" had to run from the scene at MSDHS to different Command Posts to relay information to command members unable to use their radios at times.

A Regional Communications Summary of the events on 02/14/2018 was reviewed by this detective and a copy of it was included in the case file for review.

BSO 911 Calls

Call #1
Console: N10
Call duration: 14:22:41 - 14:25:50
Transferred from CSPD
Caller's number:
Caller: W/F

Call duration: 18:02:52 - 1808:26
Caller`s number: [redacted]
Caller: [redacted] W/F [redacted]

Call Notes:

911 Caller contacted police to advise that her mother ([redacted]) and father ([redacted]) were good friends with Linda Cruz for many years. [redacted] advised in sworn statement that everything she knew about the Cruz family was by third person hearsay from her mother (who is now deceased) who spoke to Linda Cruz. Linda Cruz advised [redacted] that Nikolas Cruz had been thrown off the bus and was having problems in school but always defended Nikolas Cruz`s action stating that the incidents were not his fault. Linda Cruz never advised [redacted] anything firearm related in reference to Nikolas Cruz. It should be noted that when [redacted] first contacted BSO a supplement report was done by Deputy Gontko under BSO Case Number 17-1802-000538.

For further information see the recorded statement of [redacted].

---

911 caller received a call from her daughter who stated a guy was "shooting up" her class room, which was Room #1216. She witnessed the shooting and provided a statement. Caller stated that her daughter believed Cruz looked familiar but was not friends with him.

provided a sworn statement to Detective Parrish. In that statement advised that she was inside the 1200 Building when she heard gunshots go off. Her and other classmates ran to the corner that they had been trained to hide in but since they could not all fit some of the students had to run to a corner in the sight of anyone looking through the classroom door. stated that shots began to go off in her classroom and the male student in front of her got shot. advised that she pulled that male student on top of her to protect her from the gunshots which continued. Eastmond stated that several other students who were in her room got shot and she was pulled behind a filing cabinet for cover. tried to call her parents and 911.

For further information see and the supplement report of Detective Parrish.

Sisters Name: W/F

Interview of Caller:

Caller advised that her sister was at the school and reported the incident to her. School records show that was in room 1214 at the time of the shooting.

provided a sworn statement to Detective Neves were she advised that she was inside room 1214 when she heard gunshots and then the Fire Alarm go off. stated that she and other students hid in the corner but not all of the students could fit behind objects to hide. stated that several students who could not fit behind objects were shot including Nicholas Dworet and Helena Ramsey. Stark then stated that she called her parents and then called 911. advised that she did not see the gunman and did not know Nikolas Cruz from prior contact. later called Detective Neves to advise that she had found an injury to the back of her leg that she felt could have been caused by a fragmented bullet. The wound was photographed by Detective Neves but did not require medical treatment.

For further information see the statement of and the supplement report of Detective Neves.

Calls One and Two
Time: 14:25

911 caller is a male student calling in with over a dozen gunshots heard going off in the background. A second 911 call at the same time is from a teacher on the third floor. In both cases the 911 callers hang up on the subjects inside the building to take other incoming 911 calls.

Below is a list of the Coral Springs 911 operators and dispatchers who were working on 02/14/2018.

Kathy Liriano- Communications Administrator
(Phones then Fire Command primary Dispatch)

Thomas Ciampi- Communications Technical Coordinator
(Incident Dispatcher)

Diana Armistead- Communications Training Coordinator
Phones, then Fire Staging Primary Dispatcher)

EVIDENCE RECOVERED AT MSDHS AFTER 02/14/2018

Several live 223 rounds were found on the campus of MSDHS days after the incident. They included two live 223 rounds (Winchester Remington) recovered in classroom 703 of the 700 building. A live 223 round (Speer) recovered outside classroom 220 in the 200 building. A spent 9mm (Speer) casing recovered from the walkway in front of the 500 building and a loaded 357 magazine with 14 live rounds located at Holmberg Road and Pine Island Road.

On 04/09/2018 school workers cleaning in the auditorium stage found another spent 223 casing that was collected by Detective Crespo. This spent casing was determined to be a brand name JSC Barnaul and testing at the BSO Crime Laboratory confirmed that it was not fired from Nikolas Cruz`s AR-15.

For further information see BSO Lab Number 18-02052.

For further information see Detective Clint Williams and Gloria Crespo`s reports.

Since several of the SWAT Teams (BSO and Coral Springs) were in range training and responded this detective determined that though BSO SWAT Teams did help clear the 700 building they did not help clear the 200 building. The BSO SWAT Team uses "Winchester Ranger" 223 rounds which are inconsistent with the live rounds found at the 200 building.

The Coral Springs SWAT Team and Fort Lauderdale which helped clear the 200 building uses "Speer" 223 rounds which is consistent with the live round found at room 220.

It should be noted that it is standard practice to keep your police issue AR15 without a round in the chamber before taking it out on a call. Therefor it is logical if SWAT Officers had their AR-15 fully loaded with a round in the chamber when they left the range they may have gone through the process of believing the weapon was unloaded and recharged the rifle extracting the live round that was already in the gun`s chamber.

This detective contacted Captain Mock the officer in charge of the Coral Springs SWAT TEAM in reference to the

loaded 357 magazine with 14 live rounds located at Holmberg Road and Pine Island Road. This magazine and ammunition is somewhat unique to most police agencies and is consistent with the duty city issued handgun that the Coral Springs SWAT TEAM uses. As of the time of thus supplement no officers has claimed losing a magazine and ammunition on 02/14/2018.

On February 14th, 2018, Sergeant Maria Renner received a call informing her of the shooting at Marjory Stoneman Douglas High School. Sergeant Renner had just concluded a meeting at the Broward Sheriff's Main Headquarters Public Safety Building (2601 W. Broward, Fort Lauderdale) and responded to the campus. Sergeant Renner arrived in the area of the school and parked on Coral Ridge Drive due to traffic and continued to the school on foot.

Sergeant Renner arrived at the north end of the school's student parking lot adjacent to the 1200 building. Sergeant Renner continued to the east side of the school and assisted students as they exited the school. Sergeant Renner escorted dozens of students north-bound on Pine Island Road and east-bound on Holmberg Road while assuring they were out of sight from the school building where the shooter was believed to be. As they moved, students called parents and made arrangements to be picked up. Once the flow of students ceased from inside the school campus, Sergeant Renner assisted with various specific needs of individual students and parents in my presence. These needs mostly were associated with re-unification of family members and communication.

On Friday, February 15th, Sergeant Renner responded to Marjory Stoneman Douglass High School and met with Principal Thompson's Office Manager, Ms. Teresa Basilone. They worked to establish a plan for the release of staff and student vehicles and book bags left on the school property after the shooting.

On this date, Sergeant Renner was advised by Captain Gajate that all vehicles parked at the school were eligible to be released to their owners.

Sergeant Renner attended a meeting with Chief Robert Hutchinson (School Board Police Chief), Major C. Kowalski (School Board Police), Major Nate Osgood (BSO), Captain Jan Jordan (BSO) to discuss the logistics of releasing the staff/student vehicles. It was decided that staff of MSDHS would be directed to arrive on Friday, February 16th between 6am-9am and students between 11am - 1pm.

On this date, Principal Thompson utilized school procedures to notify staff/parents/students and instruct them how to retrieve their vehicles. Everyone was instructed to enter the north end check point located on Pine Island Road, north of Holmberg Road. Staff/parents/students were instructed to arrive and be dropped off to retrieve their vehicles. Working jointly with the BSO motor unit, each arriving staff member/parent/student was escorted to their vehicle. Once the vehicle was retrieved the Police Motor units escorted the staff/parents/students off the school property.

On February 15th and 16th, the FBI retrieved book bags, cellular phones, and laptops from the 1200 building they

Contact: Reference: Follow Up

deemed non-evidentiary. The items were turned over to BSO and placed into a box truck for safe keeping for school officials to later release to their rightful owners.

This action of removing the non-evidentiary from the school was discussed and approved by ASA Shari Tate and ASA Jeff Marcus.

On Tuesday, February 20th, Sergeant Renner discovered the boxes had been released to school officials on Saturday, February 17th and placed in the school's front office area. The boxes were taken to the gymnasium and placed in order by room number and floor. Sergeant Renner assisted the school with attempting to identify each book bag in preparation for them to be released to students. During the identifying process Sergeant Renner recovered electronic devices (e.g. cell phone, laptop, IPads). Sergeant Renner contacted Detective Tutler and discussed how he wanted to move forward with the personal property of the students regarding the electronic devices. Detective Tutler wanted to make sure these devices were clear of any images/video that could have evidentiary value. The Electronic devices were separated in an attempt to obtain verbal consent from the owner of the device in order to view the photo/video gallery. The school administration announced via school procedures that students can return to the school on Sunday, February 25th to retrieve their belongings from the gymnasium. Sergeant Rafailovitc (CCN #14627) and Sergeant Renner made ourselves available for students looking for their electronic devices. School administration provided a large charging station to power up devices in order to check them for evidence.

Some of the electronic device owners were identifiable as they were found in book bags or with school/government identification. Other device owners were not readily identifiable. Sergeant Renner created a list which documented the owner of the device, the device type, who reviewed the device and who the device was released to from the gymnasium. After the scheduled release of student book bags and devices, several devices remained unclaimed.

On February 28th, school resumed, and Sergeant Renner worked closely with School Registrar, Ms. Amy Pena to identify the owners of the remaining electronic devices. Ms. Pena provided a list of teacher classroom assignments from the 1200 building, specifically during the 4th period. The 4th period was in session at the time of the shooting and would indicate most accurately where teachers/students were when property was abandoned. Sergeant Renner began the task of contacting students to see if they were missing an electronic device and attempting to find the device owners. Sergeant Renner inquired about the type of phone and other descriptive characteristics. Sergeant Renner received verbal consent to check each device for evidence.

Below is a list of names of the electronic devices that were identified and were released.

Release to Room item found Electronic Device released
The below electronics reviewed / released by Sgt. Maria Renner, CCN 5367

Sergeant Renner assisted the BSO Homicide Unit with the release of non-evidentiary items to victims and/or their families. On Tuesday, February 27th, 2018 Sergeant Renner took custody of Property Receipt (#18004406) from Deputy Gloria Crespo (BSO/Crime Scene Unit). These items were authorized for release to their owners. The bag containing the property was marked as "third floor". The evidence bag contained 7 cell phones, one IPad and one lanyard with keys. The items were listed on one evidence receipt, but they belonged to different individuals. Sergeant Renner documented each item individually and who they were released to (see below).

Assistant Principal Denise Reed approached Sergeant Renner and advised several teachers and students were requesting items from the 1200 building. A.P. Reed was asked to comprise a list of the items requested which would be forwarded to ASA Sheri Tate for review. A.P. Reed provided a teacher and student list, which Sergeant Renner merged and forwarded it to ASA Shari Tate.

On Monday, March 26th, Sergeant Renner met with Captain Gajate, Sergeant Torok and members of the Crime Scene Unit to assist with the retrieval of items from the 1200 building. The list was reviewed and certain items were approved by ASA Sheri Tate. ASA Tate stated the items to be removed from the classrooms could not change the integrity of the room. All items were provided to A.P. Reed at the scene.

On April 18th, 2018, Sergeant Renner responded to the Broward Sheriff's Evidence Unit to retrieve items that were originally taken by the FBI and released to our Crime Scene Unit. Sergeant Renner was advised by Sergeant Torok that the contents of the book bags were deemed non-evidentiary and were authorized to be released to the owners. State

Sergeant Renner arranged to meet Deputy Gloria Crespo of the BSO Crime Scene Unit (CCN #13411) at Stoneman Douglas on Tuesday, May 22. In efforts to recover missing jewelry from a victim, Sergeant Renner requested Detective Crespo to borrow a metal detector to search the exterior grounds of the 1200 building. Sergeant Renner searched the grounds with negative results utilizing a Garrett 250 Metal Detector.

EOG-01263

DATE: **October 1, 2005**

TO: **DEPUTY SCOT PETERSON CCN: 4308**
SCHOOL RESOURCE OFFICE

FROM: **Sheriff Ken Jenne**

SUBJECT: DLE Deputies & Sergeants - Salary Adjustment – October 2005

I am pleased to announce that effective the first full pay period in October 2005 (October 1 - October 14) the pay schedule for DLE Deputies and Sergeants will be increased by three percent (3%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in paychecks received on October 21, 2005.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

cc: Colonel John Auer, Department of Law Enforcement
Colonel James Wimberly, Department of Detention and Community Control
Chief Charles Lanza, Department of Fire Rescue and Emergency Services
Executive Director John Curry, Department of Administration
Director William MacDonald, Bureau of Finance and Budget
General Counsel Edward Dion, Department of Legal Affairs

Form W-4 (2005)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2005 expires February 16, 2006. See Pub. 505, Tax Withholding and Estimated Tax.

Note. You cannot claim exemption from withholding if (a) your income exceeds $800 and includes more than $250 of unearned income (for example, interest and dividends) and (b) another person can claim you as a dependent on their tax return.

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. However, you may claim fewer (or zero) allowances.

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See Pub. 919, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the instructions for Form 8233 before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2005. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 to initiate a name change and obtain a social security card showing your correct name.

Personal Allowances Worksheet (Keep for your records.)

A Enter "1" for **yourself** if no one else can claim you as a dependent . . . . . A ____

B Enter "1" if:
- You are single and have only one job; or
- You are married, have only one job, and your spouse does not work; or
- Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less. . . B ____

C Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.) . . . . . C ____

D Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return . . . . . D ____

E Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above) . E ____

F Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit . . F ____
(**Note.** Do **not** include child support payments. See **Pub. 503,** Child and Dependent Care Expenses, for details.)

G **Child Tax Credit** (including additional child tax credit):
- If your total income will be less than $54,000 ($79,000 if married), enter "2" for each eligible child.
- If your total income will be between $54,000 and $84,000 ($79,000 and $119,000 if married), enter "1" for each eligible child plus "1" **additional** if you have four or more eligible children. G ____

H Add lines A through G and enter total here. (**Note.** This may be different from the number of exemptions you claim on your tax return.) ▶ H ____

For accuracy, complete all worksheets that apply.
- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have **more than one job** or are **married and you and your spouse both work** and the combined earnings from all jobs exceed $35,000 ($25,000 if married) see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If **neither** of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

---------- **Cut here and give Form W-4 to your employer. Keep the top part for your records.** ----------

Deductions and Adjustments Worksheet

Note. Use this worksheet *only* if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2005 tax return.

1 Enter an estimate of your 2005 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2005, you may have to reduce your itemized deductions if your income is over $145,950 ($72,975 if married filing separately). See *Worksheet 3* in Pub. 919 for details.) . . . 1 $

2 Enter: { $10,000 if married filing jointly or qualifying widow(er) / $ 7,300 if head of household / $ 5,000 if single or married filing separately } . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2005 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total. (Include any amount for credits from *Worksheet 7* in Pub. 919) . 5 $

6 Enter an estimate of your 2005 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than "-0-" . . . . . 7 $

8 **Divide** the amount on line 7 by $3,200 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet,** line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet,** also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet (See *Two earners/two jobs* on page 1.)

Note. Use this worksheet *only* if the instructions under line H on page 1 direct you here.

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the **LOWEST** paying job and enter it here 2

3 If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet 3

Note. If line 1 is *less than* line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **HIGHEST** paying job and enter it here . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2005. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2004. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and using it in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: Recordkeeping, 46 min.; Learning about the law or the form, 12 min.; Preparing the form, 55 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to: Internal Revenue Service, Tax Products Coordinating Committee, SE:W:CAR:MP:T:T:SP, 1111 Constitution Ave. NW, IR-6406, Washington, DC 20224. **Do not** send Form W-4 to this address. Instead, give it to your employer.

** END OF REPORT **

Form W-4 (2003)

Purpose. Complete Form W-4 so that your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2003 expires February 16, 2004. See **Pub. 505**, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if: (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized

...tions, certain credits, adjustments to ...me, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919**, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using **Form 10...**, Estimated Tax for Individuals. Otherwis... may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2003. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

** END OF REPORT **

NOV 19 2004

DATE: October 1, 2004

TO: DLE DEPUTY SCOT PETERSON CCN: 4308
SCHOOL RESOURCE OFFICE

FROM: Sheriff Ken Jenne

SUBJECT: DLE Deputies and Sergeants Salary Adjustment – October 2004

I am pleased to announce that effective the first full pay period in October 2004 (October 2 - October 15) the pay schedule for DLE Deputies and Sergeants will be increased by three percent (3%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in paychecks received on October 22, 2004.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

Form W-4 (2003)

Purpose. Complete Form W-4 so that your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2003 expires February 16, 2004. See **Pub. 505**, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if: (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized ...tions, certain credits, adjustments to e, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919**, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 10... Estimated Tax for Individuals. Otherwis... may owe additional tax.

Two ea... no jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2003. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for yourself if no one else can claim you as a dependent	A ____
B	Enter "1" if: • You are single and have only one job; or • You are married, have only one job, and your spouse does not work; or • Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less.	B ____
C	Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.)	C ____
D	Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return	D ____
E	Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above)	E ____
F	Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit (**Note:** *Do not include child support payments. See Pub. 503, Child and Dependent Care Expenses, for details.*)	F ____
G	**Child Tax Credit** (including additional child tax credit): • If your total income will be between $15,000 and $42,000 ($20,000 and $65,000 if married), enter "1" for each eligible child plus 1 additional if you have three to five eligible children or 2 additional if you have six or more eligible children. • If your total income will be between $42,000 and $80,000 ($65,000 and $115,000 if married), enter "1" if you have one or two eligible children, "2" if you have three eligible children, "3" if you have four eligible children, or "4" if you have five or more eligible children.	G ____
H	Add lines A through G and enter total here. **Note:** *This may be different from the number of exemptions you claim on your tax return.* ▶	H ____

For accuracy, complete all worksheets that apply.

- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have **more than one job** or are **married and you and your spouse both work** and the combined earnings from all jobs exceed $35,000, see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

---------- Cut here and give Form W-4 to your employer. Keep the top part for your records. ----------

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2003 tax return.*

1 Enter an estimate of your 2003 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2003, you may have to reduce your itemized deductions if your income is over $139,500 ($69,750 if married filing separately). See **Worksheet 3** in Pub. 919 for details.) . . . 1 $

2 Enter: $7,950 if married filing jointly or qualifying widow(er); $7,000 if head of household; $4,750 if single; $3,975 if married filing separately . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2003 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total. Include any amount for credits from **Worksheet 7** in Pub. 919 . 5 $

6 Enter an estimate of your 2003 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than "-0-" . . . . . 7 $

8 **Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet**, line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet**, also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions under line H on page 1 direct you here.*

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the lowest paying job and enter it here 2

3 If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet 3

Note: *If line 1 is **less than** line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year-end tax bill.*

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **highest** paying job and enter it here . . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2003. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2002. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

EOG-01273

Form W-4 (2003)

Purpose. Complete Form W-4 so that your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2003 expires February 16, 2004. See Pub. 505, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if: (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See Pub. 919, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2003. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2003, you may have to reduce your itemized deductions if your income is over $139,500 ($69,750 if married filing separately). See **Worksheet 3** in Pub. 919 for details.) . . . 1 $

2 Enter: { $7,950 if married filing jointly or qualifying widow(er) / $7,000 if head of household / $4,750 if single / $3,975 if married filing separately } . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2003 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total. Include any amount for credits from **Worksheet 7** in Pub. 919 . 5 $

6 Enter an estimate of your 2003 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than "-0-" . . . . . 7 $

8 **Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet**, line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet**, also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet **only** if the instructions under line H on page 1 direct you here.*

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the **lowest** paying job and enter it here 2

3 If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet 3

Note: *If line 1 is **less than** line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year-end tax bill.*

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **highest** paying job and enter it here . . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2003. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2002. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. **Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties.** Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and using it in the National Directory of New Hires. We may also disclose this information to Federal and state agencies to enforce Federal nontax criminal laws and to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: **Recordkeeping**, 46 min.; **Learning about the law or the form**, 13 min.; **Preparing the form**, 58 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. Do not send the tax form to this address. Instead, give it to your employer.

** END OF REPORT **

OCT 24 2003

DATE: **September 30, 2003**

TO: **DEPUTY SCOT PETERSON CCN: 4308**
SCHOOL RESOURCE OFFICE

FROM: **Sheriff Ken Jenne**

SUBJECT: DLE Deputies and Sergeants Salary Adjustment – October 2003

I am pleased to announce that effective the first full pay period in October 2003 (October 4 - October 17) the pay schedule for DLE Deputies and Sergeants will be increased by four and one-half percent (4 1/2%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in paychecks received on October 24, 2003.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

Employee Personnel File

Form W-4 (2003)

Purpose. Complete Form W-4 so that your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2003 expires February 16, 2004. See **Pub. 505**, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if: (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919**, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using **Form 1040-ES**, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2003. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Personal Allowances Worksheet (Keep for your records.)

A Enter "1" for **yourself** if no one else can claim you as a dependent . . . . . A ____

B Enter "1" if:
- You are single and have only one job; or
- You are married, have only one job, and your spouse does not work; or
- Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less. . . B ____

C Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.) . . . . . C ____

D Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return . . . . . D ____

E Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above) . E ____

F Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit . . F ____
(**Note:** *Do not include child support payments. See* ***Pub. 503****, Child and Dependent Care Expenses, for details.*)

G **Child Tax Credit** (including additional child tax credit):
- If your total income will be between $15,000 and $42,000 ($20,000 and $65,000 if married), enter "1" for each eligible child plus **1 additional** if you have three to five eligible children or **2 additional** if you have six or more eligible children.
- If your total income will be between $42,000 and $80,000 ($65,000 and $115,000 if married), enter "1" if you have one or two eligible children, "2" if you have three eligible children, "3" if you have four eligible children, or "4" if you have five or more eligible children. G ____

H Add lines A through G and enter total here. **Note:** *This may be different from the number of exemptions you claim on your tax return.* ► H ____

For accuracy, complete all worksheets that apply.
- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have **more than one job** or are **married and you and your spouse both work** and the combined earnings from all jobs exceed $35,000, see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

---------- Cut here and give Form W-4 to your employer. Keep the top part for your records. ----------

Deductions and Adjustments Worksheet

Note: *Use this worksheet **only** if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2003 tax return.*

1 Enter an estimate of your 2003 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2003, you may have to reduce your itemized deductions if your income is over $139,500 ($69,750 if married filing separately). See **Worksheet 3** in Pub. 919 for details.) . . . 1 $

2 Enter: { $7,950 if married filing jointly or qualifying widow(er) / $7,000 if head of household / $4,750 if single / $3,975 if married filing separately } . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2003 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total. Include any amount for credits from **Worksheet 7** in Pub. 919 . 5 $

6 Enter an estimate of your 2003 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than "-0-" . . . . . 7 $

8 **Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet,** line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet,** also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet **only** if the instructions under line H on page 1 direct you here.*

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the **lowest** paying job and enter it here 2

3 If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet 3

Note: *If line 1 is **less than** line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year-end tax bill.*

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **highest** paying job and enter it here . . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2003. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2002. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

** END OF REPORT **

APR 1 1 2003

Form W-4 (2002)

Purpose. Complete Form W-4 so your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2002 expires February 16, 2003. See **Pub. 505**, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919**, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using **Form 1040-ES**, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2002. See Pub. 919, especially if you used the **Two-Earner/Two-Job Worksheet** on page 2 and your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2002 tax return.*

1	Enter an estimate of your 2002 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2002, you may have to reduce your itemized deductions if your income is over $137,300 ($68,650 if married filing separately). See **Worksheet 3** in Pub. 919 for details.)	1	$
2	Enter: $7,850 if married filing jointly or qualifying widow(er) $6,900 if head of household $4,700 if single $3,925 if married filing separately	2	$
3	**Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-"	3	$
4	Enter an estimate of your 2002 adjustments to income, including alimony, deductible IRA contributions and student loan interest	4	$
5	**Add** lines 3 and 4 and enter the total. Include any amount for credits from **Worksheet 7** in Pub. 919.	5	$
6	Enter an estimate of your 2002 nonwage income (such as dividends or interest)	6	$
7	**Subtract** line 6 from line 5. Enter the result, but not less than "-0-"	7	$
8	**Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction	8	
9	Enter the number from the **Personal Allowances Worksheet**, line H, page 1	9	
10	**Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet**, also enter this total on line 1 below. Otherwise, stop here and enter this total on Form W-4, line 5, page 1	10	

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions under line H on page 1 direct you here.*

1	Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**)	1	
2	Find the number in **Table 1** below that applies to the lowest paying job and enter it here	2	
3	If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet	3	

Note: *If line 1 is less than line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year end tax bill.*

4	Enter the number from line 2 of this worksheet	4			
5	Enter the number from line 1 of this worksheet	5			
6	**Subtract** line 5 from line 4			6	
7	Find the amount in **Table 2** below that applies to the **highest** paying job and enter it here			7	$
8	**Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed			8	$
9	Divide line 8 by the number of pay periods remaining in 2002. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2001. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck			9	$

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. **Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties.** Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and using it in the National Directory of New Hires.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: **Recordkeeping,** 46 min.; **Learning about the law or the form,** 13 min.; **Preparing the form,** 59 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. **Do not send the tax form to this address. Instead, give it to your employer.**

** END OF REPORT **

NOV 20 2002

DATE: October 18, 2002

TO: DEPUTY SCOT PETERSON CCN: 4308
SCHOOL RESOURCE OFFICE

FROM: Sheriff Ken Jenne

SUBJECT: DLE Deputy and Sergeant Salary Adjustment – October 2002

I am pleased to announce that effective the first full pay period in October 2002 (October 5 – October 18) the pay schedule for DLE Deputies and Sergeants will be increased by four percent (4%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in paychecks received on October 25, 2002.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

Request for Verification of Employment

Privacy Act Notice: This information is to be used by the agency collecting it or its assignees in determining whether you qualify as a prospective mortgagor under its program. It will not be disclosed outside the agency except as required and permitted by law. You do not have to provide this information, but if you do not your application for approval as a prospective mortgagor or borrower may be delayed or rejected. The information requested in this form is authorized by Title 38, USC, Chapter 37 (if VA); by 12 USC, Section 1701 et. seq. (if HUD/FHA); by 42 USC, Section 1452b (if HUD/CPD); and Title 42 USC, 1471 et. seq., or 7 USC, 1921 et. seq. (if USDA/FmHA).

Instructions: Lender — Complete items 1 through 7. Have applicant complete item 8. Forward directly to employer named in item 1.
Employer — Please complete either Part II or Part III as applicable. Complete Part IV and return directly to lender named in item 2.
The form is to be transmitted directly by the lender and is not to be transmitted through the applicant or any other party.

Part I — Request

1. To (Name and address of employer)
BROWARD SHERIFF'S OFFICE
2601 W. Broward Blvd.
Ft. Lauderdale FL 33312

2. From (Name and address of lender)
CONSECO FINANCE
1400 TURBINE DRIVE
RAPID CITY, SD 57703

I certify that this verification has been sent directly to the employer and has not passed through the hands of the applicant or any other interested party.

3. Signature of Lender	4. Title	5. Date	6. Lender's Number (Optional)

*** END OF REPORT ***

Form W-4 (2002)

Purpose. Complete Form W-4 so your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2002 expires February 16, 2003. See **Pub. 505**, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line **E** below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919**, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using **Form 1040-ES**, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2002. See Pub. 919, especially if you used the **Two-Earner/Two-Job Worksheet** on page 2 and your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for **yourself** if no one else can claim you as a dependent	A ____
B	Enter "1" if: • You are single and have only one job; or • You are married, have only one job, and your spouse does not work; or • Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less.	B ____
C	Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.)	C ____
D	Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return	D ____
E	Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above)	E ____
F	Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit (**Note:** *Do not include child support payments. See* **Pub. 503**, *Child and Dependent Care Expenses, for details.*)	F ____
G	**Child Tax Credit** (including additional child tax credit): • If your total income will be between $15,000 and $42,000 ($15,000 and $65,000 if married), enter "1" for each eligible child plus **1 additional** if you have three to five eligible children or **2 additional** if you have six or more eligible children. • If your total income will be between $42,000 and $80,000 ($65,000 and $115,000 if married), enter "1" if you have one or two eligible children, "2" if you have three eligible children, "3" if you have four eligible children, or "4" if you have five or more eligible children.	G ____
H	Add lines A through G and enter total here. **Note:** *This may be different from the number of exemptions you claim on your tax return.* ▶	H ____

For accuracy, complete all worksheets that apply.

- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have **more than one job** or are **married and you and your spouse both work** and the combined earnings from all jobs exceed $35,000, see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If **neither** of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2002 tax return.*

1	Enter an estimate of your 2002 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2002, you may have to reduce your itemized deductions if your income is over $137,300 ($68,650 if married filing separately). See **Worksheet 3** in Pub. 919 for details.)	1	$
2	Enter: $7,850 if married filing jointly or qualifying widow(er); $6,900 if head of household; $4,700 if single; $3,925 if married filing separately	2	$
3	**Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-"	3	$
4	Enter an estimate of your 2002 adjustments to income, including alimony, deductible IRA contributions, and student loan interest	4	$
5	**Add** lines 3 and 4 and enter the total. Include any amount for credits from **Worksheet 7** in Pub. 919.	5	$
6	Enter an estimate of your 2002 nonwage income (such as dividends or interest)	6	$
7	**Subtract** line 6 from line 5. Enter the result, but not less than "-0-"	7	$
8	**Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction	8	
9	Enter the number from the **Personal Allowances Worksheet,** line H, page 1	9	
10	**Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet,** also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1	10	

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions under line H on page 1 direct you here.*

1	Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**)	1	
2	Find the number in **Table 1** below that applies to the lowest paying job and enter it here	2	
3	If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet	3	

Note: *If line 1 is **less than** line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year-end tax bill.*

4	Enter the number from line 2 of this worksheet	4	
5	Enter the number from line 1 of this worksheet	5	
6	**Subtract** line 5 from line 4	6	
7	Find the amount in **Table 2** below that applies to the **highest** paying job and enter it here	7	$
8	**Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed	8	$
9	Divide line 8 by the number of pay periods remaining in 2002. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2001. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck	9	$

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. **Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties.** Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and using it in the National Directory of New Hires.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: **Recordkeeping,** 46 min.; **Learning about the law or the form,** 13 min.; **Preparing the form,** 59 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. **Do not** send the tax form to this address. Instead, give it to your employer.

** END OF REPORT **

DATE: **March 5, 2002**

TO: DEPUTY SHERIFF/CC SCOT PETERSON CCN - 4308
SCHOOL RESOURCE OFFICE

FROM: **Sheriff Ken Jenne**

SUBJECT: Wage Increase

Successful negotiations between the Police Benevolent Association (PBA) and the Sheriff's Office have resulted in a finalized contract for Department of Law Enforcement Deputies and Sergeants. According to Article 19 of the contract, the pay scale for Deputies and Sergeants will be increased by three percent (3%) effective the first full pay period in October 2001. This adjustment will be processed for those employees whose salary falls within the established BSO pay range.

This salary adjustment will be reflected in paychecks received on March 15, 2002. A separate check will also be distributed on March 29, 2002 for the retroactive amount.

Should you require additional information, please contact Compensation Manager Joanna Hely at 321-4418 or Senior Human Resources Analyst Jennifer Wheeler at 321-4416.

Form W-4 (2001)

Purpose. Complete Form W-4 so your emplo can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7, and sign the form to validate it. Your exemption for 2001 expires February 18, 2002.

Note: *You cannot claim exemption from withholding if (1) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (2) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. They will help you figure the number of withholding allowances you are entitled to claim. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919,** How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using F 1040-ES, Estimated Tax for Individuals. C se, you may owe additional tax.

T mers/two jobs. If you have a working s or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2001. Get Pub. 919 especially if you used the **Two-Earner/Two-Job Worksheet** on page 2 and your earnings exceed $150,000 (Single) or $200,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for **yourself** if no one else can claim you as a dependent	A ____
B	Enter "1" if: • You are single and have only one job; or • You are married, have only one job, and your spouse does not work; or • Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less.	B ____
C	Enter "1" for your **spouse.** But, you may choose to enter -0- if you are married and have either a working spouse or more than one job. (Entering -0- may help you avoid having too little tax withheld.)	C ____
D	Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return	D ____
E	Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above)	E ____
F	Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit (**Note:** *Do not include child support payments. See* ***Pub. 503,*** *Child and Dependent Care Expenses, for details.*)	F ____
G	**Child Tax Credit** (including additional child tax credit): • If your total income will be between $18,000 and $50,000 ($23,000 and $63,000 if married), enter "1" for each eligible child. • If your total income will be between $50,000 and $80,000 ($63,000 and $115,000 if married), enter "1" if you have two eligible children, enter "2" if you have three or four eligible children, or enter "3" if you have five or more eligible children.	G ____
H	Add lines A through G and enter total here. (Note: *This may be different from the number of exemptions you claim on your tax return.*) ▶	H ____

For accuracy, complete all worksheets that apply.

- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you are **single,** have **more than one job** and your combined earnings from all jobs exceed $35,000, **or** if you are **married** and have a **working spouse or more than one job** and the combined earnings from all jobs exceed $60,000, see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If **neither** of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

Cut here and give **Form W-4 to your employer. Keep the top part for your records.**

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2001 tax return.*

1 Enter an estimate of your 2001 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2001, you may have to reduce your itemized deductions if your income is over $132,950 ($66,475 if married filing separately). See **Worksheet 3** in Pub. 919 for details.) . . . 1 $

2 Enter: { $7,600 if married filing jointly or qualifying widow(er) / $6,650 if head of household / $4,550 if single / $3,800 if married filing separately } . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter -0- . . . . . 3 $

4 Enter an estimate of your 2001 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total (include any amount for credits from **Worksheet 7** in Pub. 919.) . 5 $

6 Enter an estimate of your 2001 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than -0- . . . . . 7 $

8 **Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet**, line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet**, also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions under line H on page 1 direct you here.*

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the **lowest** paying job and enter it here 2

3 If line 1 **is more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter -0-) and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet 3

Note: *If line 1 is **less than** line 2, enter -0- on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year end tax bill.*

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **highest** paying job and enter it here . . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2001. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2000. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. **Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties.** Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and using it in the National Directory of New Hires.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: **Recordkeeping,** 46 min.; **Learning about the law or the form,** 13 min.; **Preparing the form,** 59 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. **DO NOT** send the tax form to this address. Instead, give it to your employer.

EOG-01331

Form W-4 (2001)

Purpose. Complete Form W-4 so your emp can withhold the correct Federal income from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7, and sign the form to validate it. Your exemption for 2001 expires February 18, 2002.

Note: *You cannot claim exemption from withholding if (1) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (2) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. They will help you figure the number of withholding allowances you are entitled to claim. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919,** How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2001. Get Pub. 919 especially if you used the **Two-Earner/Two-Job Worksheet** on page 2 and your earnings exceed $150,000 (Single) or $200,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

** END OF REPORT **

AUG 3 1 2001

Form W-4 (2001)

Purpose. Complete Form W-4 so your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7, and sign the form to validate it. Your exemption for 2001 expires February 18, 2002.

Note: *You cannot claim exemption from withholding if (1) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (2) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. They will help you figure the number of withholding allowances you are entitled to claim. However, you may claim fewer (or zero) allowances.

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919, How Do I Adjust My Tax Withholding?** for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2001. Get Pub. 919 especially if you used the **Two-Earner/Two-Job Worksheet** on page 2 and your earnings exceed $150,000 (Single) or $200,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

IN RE: THE MARRIAGE OF:

CASE NO. FMCE[redacted]
Florida Bar #: [redacted]

SCOT R. PETERSON,
Petitioner/Husband,

and

[redacted]
Respondent/Wife.
_____/

FINAL JUDGMENT OF DISSOLUTION OF MARRIAGE

The final hearing in this case was heard before the Court on April 4th and 5th 2001. On the evidence presented, the Court finds and orders as follows:

BACKGROUND AND JURISDICTIONAL FINDINGS

1. The parties were married on September 19, 1986 in Broward County Florida and separated on April 2, 2000..

2. The Petition for Dissolution of Marriage was filed by the Husband on June 28, 2000 ; an answer and Counterpetition were filed by the Wife on October 26, 2000.

3. Both parties have resided in Broward County for six (6) months prior to the filling of the Petition and Counterpetion for Dissolution of Marriage.

4. Florida is the home state of the minor children and is the sole jurisdictional state to determine child custody and visitation under the Uniform Child Custody Jurisdiction Act.

5. This Court has jurisdiction of the parties, children, and of the subject matter herein.

6. Four children were born of this marriage:

SUBJECT: PBA Deputy and Sergeant Salary Adjustment – April 2001

I am pleased to announce effective the first full pay period in April 2001 (April 7 – April 20) the pay schedule for PBA Deputies and Sergeants will be increased by three percent (3%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in paychecks received on April 27, 2001.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2001 tax return.*

1	Enter an estimate of your 2001 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2001, you may have to reduce your itemized deductions if your income is over $132,950 ($66,475 if married filing separately). See **Worksheet 3** in Pub. 919 for details.)	1	$
2	Enter: $7,600 if married filing jointly or qualifying widow(er) $6,650 if head of household $4,550 if single $3,800 if married filing separately	2	$
3	**Subtract** line 2 from line 1. If line 2 is greater than line 1, enter -0-	3	$
4	Enter an estimate of your 2001 adjustments to income, including alimony, deductible IRA contributions, and student loan interest	4	$
5	**Add** lines 3 and 4 and enter the total (Include any amount for credits from **Worksheet 7** in Pub. 919.)	5	$
6	Enter an estimate of your 2001 nonwage income (such as dividends or interest)	6	$
7	**Subtract** line 6 from line 5. Enter the result, but not less than -0-	7	$
8	**Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction	8	
9	Enter the number from the **Personal Allowances Worksheet,** line H, page 1	9	
10	**Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet,** also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1	10	

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions under line H on page 1 direct you here.*

1	Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**)	1	
2	Find the number in **Table 1** below that applies to the **lowest** paying job and enter it here	2	
3	If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter -0-) and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet	3	

Note: *If line 1 is **less than** line 2, enter -0- on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year end tax bill.*

4	Enter the number from line 2 of this worksheet	4			
5	Enter the number from line 1 of this worksheet	5			
6	**Subtract** line 5 from line 4			6	
7	Find the amount in **Table 2** below that applies to the **highest** paying job and enter it here			7	$
8	**Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed			8	$
9	Divide line 8 by the number of pay periods remaining in 2001. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2000. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck			9	$

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. **Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties.** Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and using it in the National Directory of New Hires.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: **Recordkeeping,** 46 min.; **Learning about the law or the form,** 13 min.; **Preparing the form,** 59 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. **DO NOT** send the tax form to this address. Instead, give it to your employer.

Form W-4 (2000)

Purpose. Complete Form W-4 so your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7, and sign the form to validate it. Your exemption for 2000 expires February 16, 2001.

Note: *You cannot claim exemption from withholding if (1) your income exceeds $700 and includes more than $250 of unearned income (e.g., interest and dividends) and (2) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. They will help you figure the number of withholding allowances you are entitled to claim. **However, you may claim fewer (or zero) allowances.**

Child tax and higher education credits. For details on adjusting withholding for these and other credits, see **Pub. 919,** How Do I Adjust My Tax Withholding?

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, you should consider making estimated tax payments using **Form 1040-ES,** Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 prepared for the highest paying job and zero allowances are claimed for the others.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2000. Get Pub. 919 especially if you used the **Two-Earner/Two-Job Worksheet** on page 2 and your earnings exceed $150,000 (Single) or $200,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for **yourself** if no one else can claim you as a dependent	A ____
B	Enter "1" if: • You are single and have only one job; or • You are married and have only one job, and your spouse does not work; or • Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less.	B ____
C	Enter "1" for your **spouse.** But, you may choose to enter -0- if you are married and have either a working spouse or more than one job. (Entering -0- may help you avoid having too little tax withheld.)	C ____
D	Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return	D ____
E	Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above)	E ____
F	Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit	F ____
G	**Child Tax Credit:** • If your total income will be between $18,000 and $50,000 ($23,000 and $63,000 if married), enter "1" for each eligible child. • If your total income will be between $50,000 and $80,000 ($63,000 and $115,000 if married), enter "1" if you have two eligible children, enter "2" if you have three or four eligible children, or enter "3" if you have five or more eligible children.	G ____
H	Add lines A through G and enter total here. **Note:** *This may be different from the number of exemptions you claim on your tax return.* ▶	H ____

For accuracy, complete all worksheets that apply.

- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you are **single,** have **more than one job** and your combined earnings from all jobs exceed $34,000, OR if you are **married** and have a **working spouse or more than one job** and the combined earnings from all jobs exceed $60,000, see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

Cut here and give Form W-4 to your employer. Keep the top part for your records.

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions or claim adjustments to income on your 2000 tax return.*

1 Enter an estimate of your 2000 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2000, you may have to reduce your itemized deductions if your income is over $128,950 ($64,475 if married filing separately). See **Worksheet 3** in Pub. 919 for details.) . . . 1 $

2 Enter: $7,350 if married filing jointly or qualifying widow(er); $6,450 if head of household; $4,400 if single; $3,675 if married filing separately . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter -0- . . . . . 3 $

4 Enter an estimate of your 2000 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total (include any amount for credits from **Worksheet 7** in Pub. 919.) . 5 $

6 Enter an estimate of your 2000 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than -0- . . . . . 7 $

8 **Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet,** line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet,** also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions under line H on page 1 direct you here.*

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the **LOWEST** paying job and enter it here 2

3 If line 1 is **MORE THAN OR EQUAL TO** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter -0-) and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet 3

Note: *If line 1 is **LESS THAN** line 2, enter -0- on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year end tax bill.*

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **HIGHEST** paying job and enter it here . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2000. For example, divide by 26 if you are paid every other week and you complete this form in December 1999. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

DATE: **April 3, 2000**

TO: **PBA Deputies and Sergeants**

FROM: **Sheriff Ken Jenne**

SUBJECT: PBA Deputy and Sergeant Salary Adjustment – April 2000

I am pleased to announce effective the first full pay period in April 2000 (April 8 – April 21) the pay schedule for PBA Deputies and Sergeants will be increased by three percent (3%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in pay checks received on April 28, 2000.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

Form W-4 (2000)

Purpose. Complete Form W-4 so your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7, and sign the form to validate it. Your exemption for 2000 expires February 16, 2001.

Note: *You cannot claim exemption from withholding if (1) your income exceeds $700 and includes more than $250 of unearned income (e.g., interest and dividends) and (2) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the Personal Allowances Worksheet below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. They will help you figure the number of withholding allowances you are entitled to claim. However, you may claim fewer (or zero) allowances.

Child tax and higher education credits. For details on adjusting withholding for these and other credits, see Pub. 919, How Do I Adjust My Tax Withholding?

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, you should consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 prepared for the highest paying job and zero allowances are claimed for the others.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2000. Get Pub. 919 especially if you used the Two-Earner/Two-Job Worksheet on page 2 and your earnings exceed $150,000 (Single) or $200,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for **yourself** if no one else can claim you as a dependent	A ____
B	Enter "1" if: • You are single and have only one job; or • You are married, have only one job, and your spouse does not work; or • Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less.	B ____
C	Enter "1" for your spouse. But, you may choose to enter -0- if you are married and have either a working spouse or more than one job. (Entering -0- may help you avoid having too little tax withheld.)	C ____
D	Enter number of dependents (other than your spouse or yourself) you will claim on your tax return	D ____
E	Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above)	E ____
F	Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit	F ____
G	**Child Tax Credit:** • If your total income will be between $18,000 and $50,000 ($23,000 and $63,000 if married), enter "1" for each eligible child. • If your total income will be between $50,000 and $80,000 ($63,000 and $115,000 if married), enter "1" if you have two eligible children, enter "2" if you have three or four eligible children, or enter "3" if you have five or more eligible children	G ____
H	Add lines A through G and enter total here. Note: *This may be different from the number of exemptions you claim on your tax return.* ▶	H ____

For accuracy, complete all worksheets that apply.

- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you are **single, have more than one job** and your combined earnings from all jobs exceed $34,000, OR if you are **married** and have a **working spouse or more than one job** and the combined earnings from all jobs exceed $60,000, see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, stop here and enter the number from line H on line 5 of Form W-4 below.

Cut here and give Form W-4 to your employer. Keep the top part for your records.

Form **W-4** — Department of the Treasury, Internal Revenue Service

Employee's Withholding Allowance Certificate

▶ For Privacy Act and Paperwork Reduction Act Notice, see page 2.

OMB No. 1545-0010

2000

1 Type or print your first name and middle initial: Scot R — Last name: Peterson — 2 Your social security number: [redacted]

Home address (number and street or rural route): [redacted] — 3 ☐ Single ☑ Married ☐ Married, but withhold at higher Single rate.
Note: If married, but legally separated, or spouse is a nonresident alien, check the Single box.

City or town, state, and ZIP code: [redacted] — 4 If your last name differs from that on your social security card, check here. You must call 1-800-772-1213 for a new card . . . ▶ ☐

5	Total number of allowances you are claiming (from line H above OR from the applicable worksheet on page 2)	5 1
6	Additional amount, if any, you want withheld from each paycheck	6 $
7	I claim exemption from withholding for 2000, and I certify that I meet **BOTH** of the following conditions for exemption: • Last year I had a right to a refund of **ALL** Federal income tax withheld because I had **NO** tax liability **AND** • This year I expect a refund of **ALL** Federal income tax withheld because I expect to have **NO** tax liability. If you meet both conditions, write "EXEMPT" here ▶	7

Under penalties of perjury, I certify that I am entitled to the number of withholding allowances claimed on this certificate, or I am entitled to claim exempt status.

Employee's signature (Form is not valid unless you sign it) ▶ Scot Peterson 4308 — Date ▶ 5-8-00

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions or claim adjustments to income on your 2000 tax return.*

1	Enter an estimate of your 2000 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2000, you may have to reduce your itemized deductions if your income is over $128,950 ($64,475 if married filing separately). See **Worksheet 3** in Pub. 919 for details.)	1	$
2	Enter: { $7,350 if married filing jointly or qualifying widow(er); $6,450 if head of household; $4,400 if single; $3,675 if married filing separately }	2	$
3	**Subtract** line 2 from line 1. If line 2 is greater than line 1, enter -0-	3	$
4	Enter an estimate of your 2000 adjustments to income, including alimony, deductible IRA contributions, and student loan interest	4	$
5	**Add** lines 3 and 4 and enter the total (Include any amount for credits from **Worksheet 7** in Pub. 919.)	5	$
6	Enter an estimate of your 2000 nonwage income (such as dividends or interest)	6	$
7	**Subtract** line 6 from line 5. Enter the result, but not less than -0-	7	$
8	**Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction	8	
9	Enter the number from the **Personal Allowances Worksheet**, line H, page 1	9	
10	**Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet**, also enter this total on line 1 below. Otherwise, stop here and enter this total on Form W-4, line 5, page 1	10	

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions under line H on page 1 direct you here.*

1	Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**)	1	
2	Find the number in **Table 1** below that applies to the **LOWEST** paying job and enter it here	2	
3	If line 1 is **MORE THAN OR EQUAL TO** line 2, **subtract** line 2 from line 1. Enter the result here (if zero, enter -0-) and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet	3	

Note: *If line 1 is **LESS THAN** line 2, enter -0- on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year end tax bill.*

4	Enter the number from line 2 of this worksheet	4		
5	Enter the number from line 1 of this worksheet	5		
6	**Subtract** line 5 from line 4		6	
7	Find the amount in **Table 2** below that applies to the **HIGHEST** paying job and enter it here		7	$
8	**Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed		8	$
9	Divide line 8 by the number of pay periods remaining in 2000. For example, divide by 26 if you are paid every other week and you complete this form in December 1999. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck		9	$

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and for use in the National Directory of New Hires.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: Recordkeeping 46 min., Learning about the law or the form 13 min., Preparing the form 59 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. DO NOT send the tax form to this address. Instead, give it to your employer.

Memo# CC97-078

DATE: July 10, 1997

TO: Distribution

FROM: Christine B. Holley, Human Resources Analyst
Classification and Compensation

SUBJECT: **Annual and Holiday Leave Accruals**

In a continued effort to assist employees in monitoring the above referenced accruals, attached is a list of leave balances for employees in your area(s) of command for pay period ending June 20, 1997. There will be an amount shown in the column titled "excess" for those employees who are currently over their annual/holiday leave accrual cap. Please distribute the enclosed accrual statements.

There are fourteen (14) more pay periods (period beginning June 21, 1997 to period ending January 2, 1998) in which employees may accrue and/or use annual leave time. There are six (6) holidays (Independence, Labor, Veterans, Thanksgiving, Day After Thanksgiving and Christmas) which may also be accrued/used. Please be aware that December 31 falls in pay period ending January 2, 1998; therefore, all hours over the 320 or a grandfathered cap must be exhausted by Friday, January 2 or be forfeited by the employee.

Requests to carry forward excess accruals into 1998 should be made by the employee through his or her chain of command to the department director level prior to submission to Personnel. As always, such requests should show that the employee made reasonable attempts to use annual/holiday leave and was subsequently denied because of operational necessity. This documentation should be forwarded to Personnel no later than Friday, January 2, 1998.

Please feel free to contact me at 321-4417 if you require additional information.

RON COCHRAN
SHERIFF
BROWARD COUNTY

DATE: April 1, 1997

TO: Crime Prevention Deputies and Sergeants

FROM: Ron Cochran, Sheriff

SUBJECT: **Pay Range Extension**

Consistent with our collective bargaining agreement, effective the first full pay period after April 1, 1997, an additional step will be added to the existing pay range for deputies and sergeants. As stated in Article 20, "Those bargaining unit members who have been at...step H for at least one (1) year effective October 1, 1996, i.e. from October 1, 1995 (or earlier) and who are in good standing will.. (be placed in the new)... five percent (5%) pay step."

I am pleased to advise you that the above step increase will be effective pay period beginning April 12, 1997. The new "I" step at either the hourly rate of $21.9116 for deputies or $26.6509 for sergeants will be reflected in your pay check distributed on Friday, May 2.

Should you require additional information, please feel free to contact Compensation Manager Joanna Hely at 321-4418 or Human Resources Analyst Christine Holley at 321-4417 in Personnel's Classification and Compensation Section.

SUBJECT: **Annual/Holiday Leave Accruals**

To assist employees in monitoring this valuable benefit, attached is a list of leave balances for employees in your area(s) of command for pay period ending June 7. Those employees who are currently over their cap are so indicated. Please distribute the enclosed copies.

When reviewing leave hours, please keep in mind that there are fifteen (15) more pay periods (pay period ending 6/21/96 through period ending 1/3/97) in which employees can accrue and/or use annual leave time. There are six (6) more holidays(Independence, Labor, Veterans, Thanksgiving, Day After Thanksgiving and Christmas) which may also be accrued/used. Please note that since December 31 falls in pay period ending January 3, 1997, all hours over the 320 or a grandfathered cap must be exhausted by January 3. New Year's Day 1997 also falls in pay period ending January 3, 1997, but it will not be included in the review of excess accruals until the end of 1997.

Please feel free to contact me at 321-4417 if you require additional information.

RON COCHRAN
SHERIFF
BROWARD COUNTY

DATE: May 1, 1996

TO: Crime Prevention Deputies and Sergeants

FROM: Ron Cochran, Sheriff

SUBJECT: **Wage Increase**

Consistent with our collective bargaining agreement for deputies and sergeants, effective the first full pay period after May 1, 1996 (May 11 - May 24), you will receive a two percent (2%) increase. I am pleased to advise you that this wage increase will be reflected in your pay check distributed on May 31.

Should you require additional information, please feel free to contact Human Resources' Classification and Compensation Section at 321-4417 or 321-4418.

SHERIFF
BROWARD COUNTY

DATE: July 13, 1995

TO: Crime Prevention Deputies and Sergeants

FROM: Ron Cochran, Sheriff

SUBJECT: **Step Increase**

Consistent with our collective bargaining agreement for deputies and sergeants, effective the first full pay period beginning after July 1, 1995, an additional step will be added to the existing pay range for deputies and sergeants. "Those deputies and sergeants who have been at the...top of the pay (range) for at least one year, i.e from July 1, 1994 or earlier, and who are in good standing will receive...(a step) increase... of five and eight-tenths percent (5.8%)."

I am pleased to advise you that the above step increase will be effective during pay period ending July 21, 1995. Either the new "H" step at the hourly rate of $20.0578 for deputies or $24.3963 for sergeants will be reflected in your pay check distributed on Friday, July 28.

Should you require additional information, please feel free to contact Human Resources' Classification and Compensation Section at 321-4417 or 321-4418.

Memo# 95 - 383B

DATE: May 3, 1995

TO: Crime Prevention Deputies and Sergeants

FROM: Carole Z. Barnhart, Director
Bureau of Human Resources

SUBJECT: **Accrued Annual and Holiday Leave**

As a result of an agreement reached between BSO and the Police Benevolent Association, please be aware that Article 40 of the Collective Bargaining Agreement has been amended. For purposes of holiday and annual leave accruals, "fiscal year" has been changed to "calendar year." Combined annual and holiday leave accruals in excess of a grandfathered cap or the 320 cap will be reviewed December 31, 1995, which is included in pay period ending January 5, 1996.

To illustrate the above, please review the following examples:

* A deputy has 400 hours of annual leave and 80 hours of holiday leave on the accrual report for pay date October 7, 1994. This is over the 320 cap maximum. This deputy would be grandfathered in at 480 hours. Before December 31, 1995, the deputy will need to use any excess time over 480 or forfeit the time.

* On the October 7, 1994 accrual report, a sergeant has 280 hours annual leave and 40 hours holiday leave. The cumulative total of 320 hours is at the cap maximum. Any annual/holiday leave accrued before the end of this calendar year will need to be used, or the sergeant will forfeit the time.

* A deputy has a grandfathered cap of 900 hours, but at the end of the calendar year, the deputy's cumulative annual and holiday leave total is 800 hours. The deputy's new grandfathered cap is 800 hours.

Please make every effort to use excess vacation and/or holiday accruals so as not to lose this valuable benefit. If you have made reasonable attempts to use excess accruals, yet your request has been denied due to operational necessity, please notify me in writing via chain of command for authorization to carry excess accruals into the next calendar year.

See attached for your annual/holiday leave balance as of pay period ending April 14, 1995.

Should you have any questions or require additional information, please contact Joanna Hofer at 321-4418 or Christine Holley at 321-4417 in Human Resources' Classification and Compensation Section.

Thank you.

1990 Form W-4

Department of the Treasury
Internal Revenue Service

Purpose. Complete Form W-4 so that your employer can withhold the correct amount of Federal income tax from your pay.

Exemption From Withholding. Read line 6 of the certificate below to see if you can claim exempt status. *If exempt, complete line 6; but do not complete lines 4 and 5.* No Federal income tax will be withheld from your pay. This exemption expires February 15, 1991.

Basic Instructions. Employees who are not exempt should complete the Personal Allowances Worksheet. Additional worksheets are provided on page 2 for employees to adjust their withholding allowances based on itemized deductions, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply to your situation. The worksheets will help you figure the number of withholding allowances you are entitled to claim. However, you may claim fewer allowances than this.

Head of Household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals.

Nonwage Income. If you have a large amount of nonwage income, such as interest or dividends, you should consider making estimated tax payments using Form 1040-ES. Otherwise, you may find that you owe additional tax at the end of the year.

Two-Earner/Two-Jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. This total should be divided among all jobs. Your withholding will usually be most accurate when all allowances are claimed on the W-4 filed for the highest paying job and zero allowances are claimed for the others.

Advance Earned Income Credit. If you are eligible for this credit, you can receive it added to your paycheck throughout the year. For details, obtain Form W-5 from your employer.

Check Your Withholding. After your W-4 takes effect, you can use **Publication 919,** Is My Withholding Correct for 1990?, to see how the dollar amount you are having withheld compares to your estimated total annual tax. Call 1-800-424-3676 (in Hawaii and Alaska, check your local telephone directory) to order this publication. Check your local telephone directory for the IRS assistance number if you need further help.

Personal Allowances Worksheet

A Enter "1" for **yourself** if no one else can claim you as a dependent . . . . . A ____

B Enter "1" if:
1. You are single and have only one job; or
2. You are married, have only one job, and your spouse does not work; or
3. Your wages from a second job or your spouse's wages (or the total of both) are $2,500 or less. . . . . B ____

C Enter "1" for your **spouse.** But, you may choose to enter "0" if you are married and have either a working spouse or more than one job (this may help you avoid having too little tax withheld) . . . . . C ____

D Enter number of **dependents** (other than your spouse or yourself) whom you will claim on your tax return . . . . . D ____

E Enter "1" if you will file as a **head of household** on your tax return (see conditions under "Head of Household," above) . . E ____

F Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit . . . . F ____

G Add lines A through F and enter total here . . . . . ▶ G ____

For accuracy, do all worksheets that apply.
- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, turn to the Deductions and Adjustments Worksheet on page 2.
- If you are **single** and have **more than one job** and your combined earnings from all jobs exceed $25,000 OR if you are **married** and have a **working spouse or more than one job,** and the combined earnings from all jobs exceed $44,000, then turn to the Two-Earner/Two-Job Worksheet on page 2 if you want to avoid having too little tax withheld.
- If **neither** of the above situations applies to you, **stop here** and enter the number from line G on line 4 of Form W-4 below.

---------- **Cut here and give the certificate to your employer. Keep the top portion for your records.** ----------

MAR 02 1990

Form **W-4**
Department of the Treasury
Internal Revenue Service

Employee's Withholding Allowance Certificate

▶ **For Privacy Act and Paperwork Reduction Act Notice, see reverse.**

OMB No. 1545-0010
1990

1 Type or print your first name and middle initial: Scot | Last name: Peterson | 2 Your social security number: [redacted]

Home address (number and street or rural route): [redacted]

City or town, state, and ZIP code: [redacted]

3 Marital status:
- ☐ Single ☐ Married
- ☒ Married, but withhold at higher Single rate.

Note: *If married, but legally separated, or spouse is a nonresident alien, check the Single box.*

4 Total number of allowances you are claiming (from line G above or from the Worksheets on back if they apply) . . . | 4 | 0

5 Additional amount, if any, you want deducted from each pay . . . | 5 | $

6 I claim exemption from withholding and I certify that I meet **ALL** of the following conditions for exemption:
- Last year I had a right to a refund of **ALL** Federal income tax withheld because I had **NO** tax liability; **AND**
- This year I expect a refund of **ALL** Federal income tax withheld because I expect to have **NO** tax liability; **AND**
- This year if my income exceeds $500 and includes nonwage income, another person cannot claim me as a dependent.

If you meet all of the above conditions, enter the year effective and "EXEMPT" here . . . . . ▶ | 6 | 19

7 Are you a full-time student? (**Note:** *Full-time students are not automatically exempt.*) . . . . . | 7 | ☐ Yes ☐ No

Under penalties of perjury, I certify that I am entitled to the number of withholding allowances claimed on this certificate or entitled to claim exempt status.

Employee's signature ▶ Scot Peterson Date ▶ 02-08 , 19 90

8 Employer's name and address (**Employer:** Complete 8 and 10 **only if sending to IRS**) | 9 Office code (optional) | 10 Employer identification number

EOG-01405

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions or claim adjustments to income on your 1990 tax return.*

1 Enter an estimate of your 1990 itemized deductions. These include: qualifying home mortgage interest, 10% of personal interest, charitable contributions, state and local taxes (but not sales taxes), medical expenses in excess of 7.5% of your income, and miscellaneous deductions (most miscellaneous deductions are now deductible only in excess of 2% of your income) . . . . . 1 $

2 Enter: { $5,450 if married filing jointly or qualifying widow(er) / $4,750 if head of household / $3,250 if single / $2,725 if married filing separately } . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter zero . . . . . 3 $

4 Enter an estimate of your 1990 adjustments to income. These include alimony paid and deductible IRA contributions . . 4 $

5 **Add** lines 3 and 4 and enter the total . . . . . 5 $

6 Enter an estimate of your 1990 nonwage income (such as dividends or interest income) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than zero . . . . . 7 $

8 **Divide** the amount on line 7 by $2,000 and enter the result here. Drop any fraction 8

9 Enter the number from Personal Allowances Worksheet, line G, on page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the Two-Earner/Two-Job Worksheet, also enter the total on line 1, below. Otherwise, **stop here** and enter this total on Form W-4, line 4 on page 1 10

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions at line G on page 1 direct you here.*

1 Enter the number from line G on page 1 (or from line 10 above if you used the Deductions and Adjustments Worksheet) . 1

2 Find the number in **Table 1** below that applies to the **LOWEST** paying job and enter it here 2

3 If line 1 is **GREATER THAN OR EQUAL TO** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "0") and on Form W-4, line 4, on page 1. **DO NOT** use the rest of this worksheet 3

Note: *If line 1 is **LESS THAN** line 2, enter "0" on Form W-4, line 4, on page 1. Complete lines 4–9 to calculate the additional dollar withholding necessary to avoid a year-end tax bill.*

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **HIGHEST** paying job and enter it here . . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding amount needed 8 $

9 Divide line 8 by the number of pay periods each year. (For example, divide by 26 if you are paid every other week.) Enter the result here and on Form W-4, line 5, page 1. This is the additional amount to be withheld from each paycheck . . . 9 $

- Penalty on early withdrawal of savings
- Qualified contributions to an IRA account or Keogh plan. If either you or your spouse, if applicable, have an IRA and are covered by an employer's pension plan, your 1987 IRA deduction may be reduced or eliminated if your adjusted gross income is at least $40,000 ($25,000 if single, or $0 if married filing separately). Get **Publication 590**, Individual Retirement Arrangements (IRAs), for details.

next whole number. For example, 3 becomes 3, and 4.61 becomes 5.

Lines Q through T—Working Spouse? More Than One Job? Nonwage Income?—So that you will have enough tax withheld, you MUST complete any lines that apply to you.

Line U—Total Withholding Allowances.—If the number on line T is larger than the number on line P, you will probably owe more tax when you file your return and may have to pay a penalty unless you take further

$54,641 and over	$

Privacy Act and Paperwork Reduction Act Notice.—We ask for this information to carry out the Internal Revenue laws of the United States. We may give the information to the Department of Justice for civil or criminal litigation and to cities, states, and the District of Columbia for use in administering their tax laws. You are required to give this information to your employer.

EOG-01451

8 Office code

9 Employer identification number

Line 6 of Form W–4

Exemption from withholding.—You can claim exemption from withholding only if last year you did not owe any Federal income tax and had a right to a refund of all income tax withheld, and this year you do not expect to owe any Federal income tax and expect to have a right to a refund of all income tax withheld. If you qualify, check boxes 6a and b, write "EXEMPT" on line 6b and answer Yes or No to the question on line 6c.

If you want to claim exemption from withholding next year, you must file a new Form W–4 with your employer on or before February 15 of next year. If you are not having Federal income tax withheld this year, but expect to have a tax liability next year, the law requires you to give your employer a new Form W–4 by December 1 of this year.

If you are covered by the Federal Insurance Contributions Act, your employer must withhold social security tax.

A fine of $500 may be charged if you file a Form W–4 which decreases the tax withheld with no reasonable basis at the time for the decrease. In addition, criminal penalties apply for willfully supplying false or fraudulent information or failing to supply information requiring an increase in withholding.

Your employer must send to IRS any Form W–4 claiming more than 14 withholding allowances or claiming exemption from withholding if the wages are expected to usually exceed $200 a week.

Privacy Act and Paperwork Reduction Act Notice.—If you do not give your employer a certificate, you will be treated as a single person with no withholding allowances as required by Internal Revenue Code sections 3402(l) and 3401(e).

We ask for this information to carry out the Internal Revenue laws of the United States. We may give the information to the Department of Justice for civil or criminal litigation and to the States and the District of Columbia for use in administering their tax laws.

Table for Figuring Your Withholding Allowances For Estimated Tax Credits and Income Averaging

AUTHORIZATION TO RELEASE INFORMATION

As an applicant for a position with the Broward Sheriff's Office, I am required to furnish information concerning my moral, physical, educational and mental qualifications. In this regard, I hereby appropriate inquiries regarding the above enumerated qualifications. Moreover, I authorize those people or organizations selected by the Broward Sheriff's Office to release any and all information that they may have concerning me, including information of a confidential or privileged nature.

I hereby release you, your organization or others from any liability or damage which may result from furnishing the information requested.

Signed Scott Peterson

"THIS TRANSCRIPT HAS BEEN FORWARDED TO YOU AT THE REQUEST OF THE STUDENT WITH THE UNDERSTANDING THAT IT WILL NOT BE RELEASED TO OTHER PARTIES. THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 PROHIBITS RELEASE OF THIS INFORMATION WITHOUT THE STUDENT'S WRITTEN CONSENT. PLEASE RETURN THIS MATERIAL TO US IF YOU ARE UNABLE TO COMPLY WITH THIS CONDITION OF RELEASE."

FLORIDA INTERNATIONAL UNIVERSITY TRANSCRIPT EXPLANATION

FIU IN REVIEW: A member of the State University System and fully accredited by the Southern Association of Colleges and Schools, the University is a four year institution offering degrees at the associate's, bachelor's, master's and doctorate's levels. Admissions is granted without regard to race, creed, color, sex, age or national origin.

CREDIT: The basic unit of credit is the semester hour. Prior to Fall 1981, all institution hours were awarded under the quarter system. All credit hours have been converted to semester hours. MINIMUM GPA GRADUATION REQUIREMENT: undergraduate = 2.0 graduate = 3.0

REPEATING COURSES: There is no limit to the number of courses a student may repeat, however effective Fall 1986, a student can only report four attempts (undergraduate) and two attempts (graduate) for the purpose of improving the GPA. The last attempt is denoted by the letter ~R~ under the column ~type~.

GRADING SYSTEM FALL 1972-SUMMER 1975

GRADES	DEFINITION
HC	EXCELLED IN DEMONSTRATING ALL REQUIRED COMPETENCIES
CR	DEMONSTRATED ALL REQUIRED COMPETENCIES
A	ACHIEVED KNOWLEDGE AND SKILL AT A SIGNIFICANTLY HIGHER LEVEL THAN REQUIRED
B	ACHIEVED KNOWLEDGE AND SKILL AT A HIGHER LEVEL THAN REQUIRED
C	ACHIEVED THE LEVEL OF KNOWLEDGE AND SKILL REQUIRED
AU	Audit, no credit hours earned
WI	Withdrew from the term
NR	Not reported (temporary symbol)
NC	No Credit (non-penal grade and should not be interpreted as failure. Grade was given to a student who did not earn credit hours for course(s) regardless of reason, i.e., course dropped after 2nd week, personal illness, incomplete, etc.

NOTE: At the time the above symbols were in use, the School of Education and School of Health and Social Services utilized the following grades: HC, CR, NC. It should be pointed out that in many courses within these two schools the HC grade was not utilized, thus making the CR grade the highest grade possible. The remainder of the college/schools used ABC/NC. All utilized AU and WI symbols when appropriate.

NO GPA WAS COMPUTED UNDER THIS SYSTEM

THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 PROHIBITS RELEASE OF THIS INFORMATION WITHOUT THE STUDENT'S WRITTEN CONSENT. PLEASE RETURN THIS MATERIAL TO US IF YOU ARE UNABLE TO COMPLY WITH THIS CONDITION OF RELEASE."

FLORIDA INTERNATIONAL UNIVERSITY TRANSCRIPT EXPLANATION

FIU IN REVIEW: A member of the State University System and fully accredited by the Southern Association of Colleges and Schools, the University is a four year institution offering degrees at the associate's, bachelor's, master's and doctorate's levels. Admissions is granted without regard to race, creed, color, sex, age or national origin.

CREDIT: The basic unit of credit is the semester hour. Prior to Fall 1981, all institution hours were awarded under the quarter system. All credit hours have been converted to semester hours. MINIMUM GPA GRADUATION REQUIREMENT: undergraduate = 2.0 graduate = 3.0

REPEATING COURSES: There is no limit to the number of courses a student may repeat, however effective Fall 1986, a student can only report four attempts (undergraduate) and two attempts (graduate) for the purpose of improving the GPA. The last attempt is denoted by the letter ~R~ under the column ~type~.

*grade point per credit hour

GRADING SYSTEM FALL 1972-SUMMER 1975

GRADES	DEFINITION
HC	EXCELLED IN DEMONSTRATING ALL REQUIRED COMPETENCIES
CR	DEMONSTRATED ALL REQUIRED COMPETENCIES
A	ACHIEVED KNOWLEDGE AND SKILL AT A SIGNIFICANTLY HIGHER LEVEL THAN REQUIRED
B	ACHIEVED KNOWLEDGE AND SKILL AT A HIGHER LEVEL THAN REQUIRED
C	ACHIEVED THE LEVEL OF KNOWLEDGE AND SKILL REQUIRED
AU	Audit, no credit hours earned
WI	Withdrew from the term
NR	Not reported (temporary symbol)
NC	No Credit (non-penal grade and should not be interpreted as failure. Grade was given to a student who did not earn credit hours for course(s) regardless of reason, i.e., course dropped after 2nd week, personal illness, incomplete, etc.

NOTE: At the time the above symbols were in use, the School of Education and School of Health and Social Services utilized the following grades: HC, CR, NC. It should be pointed out that in many courses within these two schools the HC grade was not utilized, thus making the CR grade the highest grade possible. The remainder of the college/schools used ABC/NC. All utilized AU and WI symbols when appropriate.

NO GPA WAS COMPUTED UNDER THIS SYSTEM

Subject: RE: Scot Peterson CCN 4308

Heather,

There is still an active investigation in IA and FDLE at this time regarding the Parkland Shooting and his involvement . He **Retired** effective 2/22/18. The only charge on our case is Meeting BSO Standards and the case does not have a narrative.

Subject: Scot Peterson CCN 4308

Dee, are charges still pending for Deputy Peterson. Did he resigned in lieu of separation for violating agency policy or for moral character violation under Florida Statute?

Thanks.

SCHOOL RESOURCE OFFICE

FROM: **Sheriff Ken Jenne**

SUBJECT: DLE Deputies & Sergeants - Salary Adjustment – October 2005

I am pleased to announce that effective the first full pay period in October 2005 (October 1 - October 14) the pay schedule for DLE Deputies and Sergeants will be increased by three percent (3%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in paychecks received on October 21, 2005.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

Chief Charles Lanza, Department of Fire Rescue and Emergency Services
Executive Director John Curry, Department of Administration
Director William MacDonald, Bureau of Finance and Budget
General Counsel Edward Dion, Department of Legal Affairs

Form W-4 (2005)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2005 expires February 16, 2006. See Pub. 505, Tax Withholding and Estimated Tax.

Note. You cannot claim exemption from withholding if (a) your income exceeds $800 and includes more than $250 of unearned income (for example, interest and dividends) and (b) another person can claim you as a dependent on their tax return.

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. However, you may claim fewer (or zero) allowances.

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See Pub. 919, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the instructions for Form 8233 before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2005. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 to initiate a name change and obtain a social security card showing your correct name.

Personal Allowances Worksheet (Keep for your records.)

A Enter "1" for **yourself** if no one else can claim you as a dependent . . . . . A ____

B Enter "1" if:
- You are single and have only one job; or
- You are married, have only one job, and your spouse does not work; or
- Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less. . . B ____

C Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.) . . . . . C ____

D Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return . . . . . D ____

E Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above) . E ____

F Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit . . F ____
(**Note.** Do **not** include child support payments. See **Pub. 503,** Child and Dependent Care Expenses, for details.)

G **Child Tax Credit** (including additional child tax credit):
- If your total income will be less than $54,000 ($79,000 if married), enter "2" for each eligible child.
- If your total income will be between $54,000 and $84,000 ($79,000 and $119,000 if married), enter "1" for each eligible child plus "1" **additional** if you have four or more eligible children. G ____

H Add lines A through G and enter total here. (**Note.** This may be different from the number of exemptions you claim on your tax return.) ▶ H ____

For accuracy, complete all worksheets that apply.
- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have **more than one job** or are **married and you and your spouse both work** and the combined earnings from all jobs exceed $35,000 ($25,000 if married) see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If **neither** of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

Deductions and Adjustments Worksheet

Note. Use this worksheet *only* if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2005 tax return.

1 Enter an estimate of your 2005 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2005, you may have to reduce your itemized deductions if your income is over $145,950 ($72,975 if married filing separately). See *Worksheet 3* in Pub. 919 for details.) . . . 1 $

2 Enter: { $10,000 if married filing jointly or qualifying widow(er) / $ 7,300 if head of household / $ 5,000 if single or married filing separately } . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2005 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total. (Include any amount for credits from *Worksheet 7* in Pub. 919) . 5 $

6 Enter an estimate of your 2005 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than "-0-" . . . . . 7 $

8 **Divide** the amount on line 7 by $3,200 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet,** line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet,** also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet (See *Two earners/two jobs* on page 1.)

Note. Use this worksheet *only* if the instructions under line H on page 1 direct you here.

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the **LOWEST** paying job and enter it here 2

3 If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet 3

Note. If line 1 is *less than* line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **HIGHEST** paying job and enter it here . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2005. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2004. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and using it in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: Recordkeeping, 46 min.; Learning about the law or the form, 12 min.; Preparing the form, 55 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to: Internal Revenue Service, Tax Products Coordinating Committee, SE:W:CAR:MP:T:T:SP, 1111 Constitution Ave. NW, IR-6406, Washington, DC 20224. **Do not** send Form W-4 to this address. Instead, give it to your employer.

** END OF REPORT **

Form W-4 (2003)

Purpose. Complete Form W-4 so that your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2003 expires February 16, 2004. See **Pub. 505**, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if: (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized ...tions, certain credits, adjustments to ...me, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919**, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using **Form 10...**, Estimated Tax for Individuals. Otherwis... may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2003. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

NOV 19 2004

DATE: October 1, 2004

TO: DLE DEPUTY SCOT PETERSON CCN: 4308
SCHOOL RESOURCE OFFICE

FROM: Sheriff Ken Jenne

SUBJECT: DLE Deputies and Sergeants Salary Adjustment – October 2004

I am pleased to announce that effective the first full pay period in October 2004 (October 2 - October 15) the pay schedule for DLE Deputies and Sergeants will be increased by three percent (3%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in paychecks received on October 22, 2004.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

Form W-4 (2003)

Purpose. Complete Form W-4 so that your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2003 expires February 16, 2004. See **Pub. 505**, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if: (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919**, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2003. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Personal Allowances Worksheet (Keep for your records.)

A	Enter "1" for yourself if no one else can claim you as a dependent	A ____
B	Enter "1" if: • You are single and have only one job; or • You are married, have only one job, and your spouse does not work; or • Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less.	B ____
C	Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.)	C ____
D	Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return	D ____
E	Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above)	E ____
F	Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit (**Note:** *Do not include child support payments. See Pub. 503, Child and Dependent Care Expenses, for details.*)	F ____
G	**Child Tax Credit** (including additional child tax credit): • If your total income will be between $15,000 and $42,000 ($20,000 and $65,000 if married), enter "1" for each eligible child plus 1 additional if you have three to five eligible children or 2 additional if you have six or more eligible children. • If your total income will be between $42,000 and $80,000 ($65,000 and $115,000 if married), enter "1" if you have one or two eligible children, "2" if you have three eligible children, "3" if you have four eligible children, or "4" if you have five or more eligible children.	G ____
H	Add lines A through G and enter total here. **Note:** *This may be different from the number of exemptions you claim on your tax return.* ▶	H ____

For accuracy, complete all worksheets that apply.

- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have **more than one job** or are **married and you and your spouse both work** and the combined earnings from all jobs exceed $35,000, see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

---------- Cut here and give Form W-4 to your employer. Keep the top part for your records. ----------

Deductions and Adjustments Worksheet

Note: *Use this worksheet only if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2003 tax return.*

1 Enter an estimate of your 2003 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2003, you may have to reduce your itemized deductions if your income is over $139,500 ($69,750 if married filing separately). See **Worksheet 3** in Pub. 919 for details.) . . . 1 $

2 Enter: { $7,950 if married filing jointly or qualifying widow(er) / $7,000 if head of household / $4,750 if single / $3,975 if married filing separately } . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2003 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total. Include any amount for credits from **Worksheet 7** in Pub. 919 . 5 $

6 Enter an estimate of your 2003 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than "-0-" . . . . . 7 $

8 **Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet**, line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet**, also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet only if the instructions under line H on page 1 direct you here.*

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the lowest paying job and enter it here 2

3 If line 1 is **more than or equal to** line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. **Do not** use the rest of this worksheet 3

Note: *If line 1 is **less than** line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4–9 below to calculate the additional withholding amount necessary to avoid a year-end tax bill.*

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 **Subtract** line 5 from line 4 6

7 Find the amount in **Table 2** below that applies to the **highest** paying job and enter it here . . . . . 7 $

8 **Multiply** line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2003. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2002. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. The Internal Revenue Code requires this information under sections 3402(f)(2)(A) and 6109 and their regulations. **Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances; providing fraudulent information may also subject you to penalties.** Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, to cities, states, and the District of Columbia for use in administering their tax laws, and using it in the National Directory of New Hires. We may also disclose this information to Federal and state agencies to enforce Federal nontax criminal laws and to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: **Recordkeeping,** 46 min.; **Learning about the law or the form,** 13 min.; **Preparing the form,** 59 min. If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. Do not send the tax form to this address. Instead, give it to your employer.

EOG-01511

Form W-4 (2003)

Purpose. Complete Form W-4 so that your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2003 expires February 16, 2004. See Pub. 505, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if: (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the Personal Allowances Worksheet below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the Personal Allowances Worksheet below. See Pub. 919, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the Instructions for Form 8233 before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2003. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

SCHOOL RESOURCE OFFICE

FROM: **Sheriff Ken Jenne**

SUBJECT: DLE Deputies and Sergeants Salary Adjustment – October 2003

I am pleased to announce that effective the first full pay period in October 2003 (October 4 - October 17) the pay schedule for DLE Deputies and Sergeants will be increased by four and one-half percent (4 1/2%). This adjustment will be processed for employees whose salaries fall within the established BSO pay ranges. This increase will be reflected in paychecks received on October 24, 2003.

Should you require additional information, please contact the Compensation section representatives at 321-4419 or 321-4420.

cc: Colonel Thomas Carney, Undersheriff, Department of Law Enforcement
Colonel James Wimberly, Department of Detention and Community Control
Executive Director John Curry, Department of Administration

Major Michael C. Goldstein, Director, Bureau of Human Resources
Director William MacDonald, Bureau of Finance and Budget
Legal Counsel Kim Kisslan, Department of Legal Affairs
Employee Personnel File

Form W-4 (2003)

Purpose. Complete Form W-4 so that your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2003 expires February 16, 2004. See **Pub. 505**, Tax Withholding and Estimated Tax.

Note: *You cannot claim exemption from withholding if: (a) your income exceeds $750 and includes more than $250 of unearned income (e.g., interest and dividends) and (b) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. **However, you may claim fewer (or zero) allowances.**

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See **Pub. 919**, How Do I Adjust My Tax Withholding? for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using **Form 1040-ES**, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the **Instructions for Form 8233** before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2003. See Pub. 919, especially if your earnings exceed $125,000 (Single) or $175,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

Personal Allowances Worksheet (Keep for your records.)

A Enter "1" for **yourself** if no one else can claim you as a dependent . . . . . A ____

B Enter "1" if:
- You are single and have only one job; or
- You are married, have only one job, and your spouse does not work; or
- Your wages from a second job or your spouse's wages (or the total of both) are $1,000 or less. . . B ____

C Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.) . . . . . C ____

D Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return . . . . . D ____

E Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above) . E ____

F Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit . . F ____
(**Note:** *Do not include child support payments. See* ***Pub. 503****, Child and Dependent Care Expenses, for details.*)

G **Child Tax Credit** (including additional child tax credit):
- If your total income will be between $15,000 and $42,000 ($20,000 and $65,000 if married), enter "1" for each eligible child plus **1 additional** if you have three to five eligible children or **2 additional** if you have six or more eligible children.
- If your total income will be between $42,000 and $80,000 ($65,000 and $115,000 if married), enter "1" if you have one or two eligible children, "2" if you have three eligible children, "3" if you have four eligible children, or "4" if you have five or more eligible children. G ____

H Add lines A through G and enter total here. **Note:** *This may be different from the number of exemptions you claim on your tax return.* ▶ H ____

For accuracy, complete all worksheets that apply.
- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have **more than one job** or are **married and you and your spouse both work** and the combined earnings from all jobs exceed $35,000, see the **Two-Earner/Two-Job Worksheet** on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

---------- Cut here and give Form W-4 to your employer. Keep the top part for your records. ----------

Deductions and Adjustments Worksheet

Note: *Use this worksheet **only** if you plan to itemize deductions, claim certain credits, or claim adjustments to income on your 2003 tax return.*

1 Enter an estimate of your 2003 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions. (For 2003, you may have to reduce your itemized deductions if your income is over $139,500 ($69,750 if married filing separately). See **Worksheet 3** in Pub. 919 for details.) . . . 1 $

2 Enter: { $7,950 if married filing jointly or qualifying widow(er) / $7,000 if head of household / $4,750 if single / $3,975 if married filing separately } . . . . . 2 $

3 **Subtract** line 2 from line 1. If line 2 is greater than line 1, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2003 adjustments to income, including alimony, deductible IRA contributions, and student loan interest 4 $

5 **Add** lines 3 and 4 and enter the total. Include any amount for credits from **Worksheet 7** in Pub. 919 . 5 $

6 Enter an estimate of your 2003 nonwage income (such as dividends or interest) . . . . . 6 $

7 **Subtract** line 6 from line 5. Enter the result, but not less than "-0-" . . . . . 7 $

8 **Divide** the amount on line 7 by $3,000 and enter the result here. Drop any fraction 8

9 Enter the number from the **Personal Allowances Worksheet,** line H, page 1 9

10 **Add** lines 8 and 9 and enter the total here. If you plan to use the **Two-Earner/Two-Job Worksheet,** also enter this total on line 1 below. Otherwise, **stop here** and enter this total on Form W-4, line 5, page 1 . 10

Two-Earner/Two-Job Worksheet

Note: *Use this worksheet **only** if the instructions under line H on page 1 direct you here.*

1 Enter the number from line H, page 1 (or from line 10 above if you used the **Deductions and Adjustments Worksheet**) 1

2 Find the number in **Table 1** below that applies to the **lowest** paying job and enter it here 2
