A. ---when---when he would make eye contact. Nikolas was the kind of kid he would kind of look down, he wouldn't make eye contact at all but when he would look at you and I would confront him, I'd go "hey Nick look at me" you know he'd look at you but it's like he wasn't—he was somewhere else so I always had that concern because I've been dealing with kids a long time and when—when I have kids that when I'm speaking to them they don't seem like they're really comprehending everything that's going on I always---I—I worry about that you know so that was the part when I—when I you know—my attitude with Nikolas was I tried to get through the helping you know like I want—what can we do to help you Nick, you know that was--

Q. Um-huh.
A. --that was kind of our game plan at the school was 'cuz we know he was kind of like an outcast, we—we—his demeanor was always—wore a hoody, had a camouflage jacket, his head would be down so you know—our attitude was, let's see if we can talk to him like, hey Nick you got a problem come see us. You know it was more we—we were trying to get him to understand that you know if things are going wrong or things are going bad he come speak to us so—you know I mean I think that's the game plan even in my approach with him you know was always you know, what can we—you know can we try to help—you know help him in some way that's---

Q. As far as that stare that you're referring to his position—his attitude towards positions of authority um...was he always respectful when he talked to you?
A. Yes.

Q. But even that state that you're talking about could he have been just indifferent like sometimes I'm the father as well of children who raised and when I would sit in front of them and tell them stuff they just didn't want to hear what I wanted to say so they sat there and listened to me but they had in the back of their minds the indifference of you know it doesn't mean he—he um....had some kind of a—a comprehension problem he just didn't want to hear what you were saying even though he was respectful enough to listen to you?
A. Yes, correct.

Q. Okay, so it didn't mean—it didn't really mean that he had some kind of deficiency it could have been—
A. No, I—I---he might have been just ignoring me.

Q. He may been indifference towards you.
A. But I know but I just said he just stared he might have been just ignoring

everything I was just trying to talk to him about.

Q. Right, did he ever tell you what—what his goals in life were when you had any of these conversations with him? You know like young kids are always talking about what they want to be in life.
A. I think he—I think there was—I think I talked to him and I think he---you know he did mention the military.

Q. Yeah.
A. You know he was in ROTC so I—I think he you know he thought about it.

Q. Did he ever ask you anything about like your firearms or anything?
A. No.

Q. Did he ever show any interest like say, hey what kind of gun you have or anything like that?
A. No.

Q. All right. Okay, now let's just cover briefly Zach you said he was a thief. What other kind of problems did you have with Zach?
A. Well I remember the first—I met Zach I mean he wasn't even at the school very long and I—I think he had stolen a skateboard.

Q. Okay.
A. Was one of the first few days of school when—when he first got there. It think he was a fresh—I think he was like a freshman and he'd stolen a skateboard right out of a um....we had an area where they kept the skateboards and he had stolen a skateboard and we—they captured on video so that was—that was my first contact with anybody of the Cruz—of the Cruz' was with Zach.

Q. Okay.
A. So I dealt with him there and then he stole some ice cream—

Q. Okay.
A. --out of a freezer you know they were just kept you know—

Q. Did—did Zach and—did Zach and Nick hang around together or—
A. No.

Q. --did they have any type of close relationships or mutual friends that you saw?
A. I don't believe so, no.

EOG-02794

Q. Okay.

Q. I have one more question about February 14th the day of the incident. You know I'm going to go backwards. At any point in time on the school radio prior to him hearing the fire work or anything like that did anyone come across the radio with the name Nikolas Cruz or because he shouldn't be on the property or anything like that?
A. No, I did not hear that at all, no.

Q. But I'm glad you actually went back to that. School procedure, code red, tell me how that happens. You say it on the radio; is there something that goes over the—the---the whole---
A. Yes, when---

Q. ---tell me how it happens.
A. When we do a code red usually the procedure is if anyone on the radio goes "code red" administration will immediately get on the P.A. system who's ever over at the administration and will announce a code red which is means a complete lockdown of the school.

Q. Okay and when—when the administrator announces it goes over all the systems in every classroom or every building or everything?
A. Correct.

Q. Did you ever hear it come across the entire school system other than you yelling it?
A. No.

Q. Okay, so you don't know if it got to that stage. You—you did it over the radio um...but you never heard like the—the whole school go into the code red um...
A. No.

Q. Okay.

Q. Let—let me ask you this on a code red the teachers lock their own doors and stuff or is there a button that you could push like in the office to like lock door and unlock doors?
A. No, the teacher have—we have the—the policy is we try to educate the teachers, we—we tell then always keep yours locked, secured um...that's so---we're always anticipating that most of the doors are—will be already locked at that point but there's no manual system we just—they just go and if their door would be opened they would immediately lock the door---

Q. And other than---other than locking the door what is the next procedure for a code red, what they—what is the procedure?
A. The—the teachers would usually um....it's pretty much try to move your students away you know if you can get them away from the door, any glass you know some teachers would turn their lights off---

Q. Okay.
A. ---it's just basically stay in the room, do not open the door for anybody---

Q. Anything about barri—barricaded doors with furniture or anything like that or—I mean just—we're talking about not what each individual may choose to do but is there like a---a school set protocol?
A. Well the um...the school system has an active killer training going where I'm—I'm an instructor---

Q. Okay.
A. --we---we're almost finished with the elementary schools and what you're talking about is we're teaching all the teachers how to barricade the rooms on a code red. It hasn't reached the high school level so they haven't been trained through our presentation but I know Stoneman Douglas as a matter of fact recently in the last couple of months they actually I think had like an—kind of like a teacher work day where they were um...someone from the school district, I think Butler, Detective Butler I think he actually came in and talked about code red and things to do so I think they kind of did their own kind of little training not that long ago regarding what to do in a code red.

Q. But is it like a written go by that each teacher gets that this is—this is what you're supposed to do?
A. No, there's not, it's not—it's not written---

Q. Okay.
A. ---but we train---you know we just try to train them because every circumstance would kind of be different---

Q. Okay.
A. --with the rooms and everything.

Q. All right and the students themselves do you know if they've been taught procedurally when a code red what—what they're supposed to do?
A. To the best of my knowledge the—the teachers are supposed to convey you know on a code red that you know—

Q. Okay.

EOG-02796

A. --obviously to stay inside and---

Q. But—but there's never set like training where all the—all the students in the auditorium or whatever this is procedurally what you're supposed to do?
A. Not that I'm aware of.

Q. That's all---that's all we're asking is if you were aware.

Q. I got one kind of thing—one final question.
A. Sure.

Q. If the fire alarm is going off in the school can the P.A. system override that noise?
A. I believe it can but on that—on that day I don't recall the alarm being on very long. I—I'm thinking back I didn't hear the alarm continuing so I'm not sure how long that actual alarm audible was on 'cuz usually someone has to manually either shut it off from—you know from the administration building---

Q. Um-huh.
A. --but looking—thinking now as you're saying it I don't recall—I don't because it would have been loud and I don't remember that alarm continually going off you know during—while you know I was calling for backup I might have just not heard it my-----you know my audio but I—I don't know how long it was even on.

Q. Okay, anything else on any topic of background, the day of the incident, anything we failed to ask that you feel is important? I'm going to show a picture. We showed you a picture with Jeff—you have—you have your own picture in front of you on you—on you records which we're going to make a copy of.

Q. So I'm just going to show picture; who is that?
A. That's Nikolas Cruz.

Q. You want him to sign it or anything?

Q. Yeah, you might as well. Just (inaudible).

Q. Yeah, just sign the page and put today's date.

Q. This I don't need I don't think. Is that anything of relevance for me to copy?
A. No, that was it. I tried to look to see if I had other contacts where I could see but—Put on today's date is the um...what are we on now?

EOG-02797

Q. 1616.

Q. And put 2:02 p.m.

Q. All right um....

Q. And you want a copy of that report right there don't you?

Q. No, I actually have it.

Q. Oh, okay.

Q. I just wanted to read it I have it.
A. Oh, I can get it I'll make copies—

Q. That's fine.
A. --and you can keep it.

Q. All right, go ahead and conclude it.

Q. All right, the statement will conclude on February 16, 2018 at 2:03 p.m.

to go back and figure out what happened. Okay, going all the way back alright?

Q. Ahm everybody's getting talked to, okay. Ahm do you actually remember a specific call, and I'm gonna let you read this that you received. Ahm take the time, and I got the CADD Event Report in front of me. It's ahm dated February 5th, 2016 around 11:44 ahm is when the the call came out. Take a look at it. Tell me if you remember it. Um -

A. I do not.

Q. You don't remember this?

Q. Okay.

A. had to Baker Act a child. And I went and backed him up on calls.

BSO-02802

Q. Okay.
A. And I was out on this shooting call too. But previously ahm many calls. Road Patrol gets many calls in, involving the school. And we usually contact him immediately if there is a call regarding the the school.

Q. Okay.
A. To let him know, and then he handles it at the school.

Q. Okay, ahm could this have been one of the situations? I'm I'm gonna read the narrative real quick., and then there there is a section on here where it says ah the info was forwarded to ah SRD Peterson at the school on the same day at 12:43:24 ahm and that was ah about an hour after the call came out. The call came out at 11:44. So, is is this a common kind of call?
A. Yes.

Q. Okay, I'm, I'm gonna read it just so we're on the same page with this. Ahm the incident was ah initiated by ah BS Ramos George ah on February 5th, 2016, 11:44:50 hours com., com's son which refers to complainant's son told her that neighbor's son said on Instagram that he was 2016, February 2000 – excuse me, February 5th, 2016, 11:44:50 going to shoot the school and there is pictures of juvenile with guns. This happened about a month ago. Advised subject was expelled from West Lake Middle school and now goes to another school. Ahm possibly a high school unknown. As of February 5th, 2016, it's advised that neighbor lives three houses down from her 1020 on the opposite ah 2016, February 5th. Ah please forgive me. These read very very very rough. Ahm the side complainant is not home at the time. Have a unit 1045 her. Ah female wanted to remain anonymous. Reported a kid name Nicholas Cruz ah Douglas High school has knives and beebee gun in his Instagram photos. No threats noted, and info was forwarded to SRD Peterson at school. Okay, ahm you get a lot of these where where people are calling to complain or make or provide information about a student or an incident related to the school?
A. Yes on social media, regarding social media, yes.

Q. Okay, can you remember how, about how many of these you've ever received?
A. I received directly or indirectly dozens over the years ahm quite a few.

Q. Okay, and ah what's your practice once you get this and it relates to a school? What's your practice?
A. Ah we usually we call the SRO. We give him the information. Ah like anything he does the investigation to his school which he wants to do. He's very ah, he's very into do anything that (unintelligible) with that school

EOG-02803

he wants to do.

Q. Referring to this SRD Scott Peterson?
A. Yes, Scott Peterson.

Q. Okay.
A. So, ahm in that case I don't recall this one, but I would have called him, notified him, give him the information ahm with the complainant. But I believe it said they wanted to be anonymous -

Q. Okay.
A. (unintelligible). Ah -

Q. Right.
A. give him the information and then he takes it from there.

Q. Okay, so (unintelligible) you don't remember this particular call?
A. No, I don't.

Q. Okay, so what do you know that he does with it?
A. Well, I imagine ah investigation with ah the school and him. Ah, you know, I mean, you you know your school. You know your students. You have a history with them. You might have a file. You might, you know, and they know more what's going on in their school. That's why we let them know, and they -

Q. Okay.
A. handle it with The School Board.

Q. When you let them know how how do you do that?
A. Ah it could phone call. Ah usually it's a phone call. If I can get a hold of him immediately and let him know.

Q. Okay.
A. I usually do that while I'm on the call.

Q. Have you ever emailed ah any SRD to include ah Peterson?
A. I have.

Q. Okay, do you remember if you emailed him in this situation?
A. I do not remember.

Q. Okay, what's his response to you that he – what he actually does?
A. Ah he wants the information. He's usually on it. Ahm like I said, he has a

EOG-02804

good ah relationship with the students and staff there ahm and is usually on it. He wants the information ahm and then he'll take it from there.

Q. Okay, have you ever met or do you know of a Nicholas Cruz?
A. No.

Q. Okay, you've never had any dealings with him?
A. No, not that I know of.

Q. Not that you know of?
A. No.

Q. Okay, alright, do you remember, I know you don't' remember this call, but do you remember talking to anybody about this call and and actually calling back?
A. I I don't remember anything about the call.

Q. Okay, okay, do you know – have you ever done follow-up to a call like after you gave it to ah SRD Peterson? Have you ever gone and did additional things or would you do anything additional?
A. It's rare, ah but if he ever needed me to do something off campus, I would do it.

Q. Okay, and has he ever reached out for you to do that?
A. No.

Q. Okay, alright. Ahm do you have anything else you'd like to add to this ah statement?
A. I don't.

Q. Okay, I appreciate you coming in. Ahm has has this statement been voluntary?
A. Yes.

Q. Okay, ahm have you been coerced or ah persuaded or do you feel ahm (dicted?) in any way into this statement or giving this statement?
A. No.

A. My son showed me on his cell phone an Instagram or a snap chat of something Nikolas had written which was to the effect you know I'm gonna get a gun and shoot up the school. Ahm so I called the 911 and an Officer came out and I told him what I saw and what I knew about Nikolas and you know his his upbringing and he went down to talk with Nikolas, I believe yes he did go down to talk with Linda and Nikolas and Zachary cause there was so many times that I called

take the picture of it and my son didn't save it. It was one of those that would show up and then disappear

The First Amendment Right of free speech and I... you know asked him if we could somehow stop him from getting a gun and he said no that his Second Amendment Right, so I said okay so basically you can't do anything, he said yeah basically so I said okay. I mean what I, yeah and that basically what happened

Q. Was the (unintelligible)
A. And they left yeah and he left

Q. Did you have any interaction with ah the family right after that or anything
A. No at that point I was in in fear of Nikolas terribly and I kept my kids away. I just kept my distance you know that saying keep your friends close and your enemies closer you know I'd still wave and just try to a keep him calm because he's through the years has been completely destructive, [redacted] so I just really kept away from him

Q. Okay
A. I try to

EOG-02809

A Yes.

Q And you're aware that anything you say may be used in an administrative hearing or in a court of law?

A Yes.

Q Okay. Bringing your attention back to -- it would have been February 17, 2018, do you recall giving a statement to some detectives from the Broward Sheriff's Office?

A Yes.

Q That was in reference to the criminal investigation of the shooting in Parkland?

A Correct.

Q Okay. On that date, you gave some facts from your memory --

A Yes.

Q -- that, um -- essentially that the deputy in the incident that I'm investigating, that the deputy went to your home, then went to the neighbor's home where Nikolas Cruz's family lived --

A Correct.

Q -- and then came back to your home.

A Right.

Q Um, in the meantime when -- well, prior to setting up this interview, you told me that, um -- that that was not correct.

A Well, I'm not sure; I'm not 100 percent sure, if he -- I remember he asked me, and I was really afraid, and I think he told me that there was nothing he could do, so I think -- I'm not 100 percent sure; I don't remember

Q But I'm --

A -- if he went -- if he went to see them. I mean he came to see me, but --

Q But on that occasion, did he come to your home or was it a phone call report?

A He came to my house; the officer did.

Q Okay.

A An officer came out to my house; oh, yeah.

Q Okay.

A He came to my house.

Q Okay. So he came to your home –

A Yes.

Q -- he did not call you?

A No, he came out.

Q Okay.

A I called initially, and then he came out.

Q Okay. So on that particular -- just tell me again what happened on that particular -- from what you remember now.

A I just -- um, he came over and I just told him, you know, what my son had showed me and what my son had said. And I gave him the whole history of about Nikolas. And I was hoping that he could, um, stop Nikolas from being able to buy a gun when he turned 18, and he was, you know, basically telling me that he didn't have the power to do that. And I was kind of pleading with him to help and, you know, he basically told me the law, which I know that it's -- you know, it was not an immediate danger, which I understood, 'cause Nikolas was only 17 and I knew he didn't own a gun yet. You know, so I totally understood where he was coming from. And then I remember him saying, "Do you want me to go down there?" And I don't remember -- I don't remember at that point if he did or not, but I do remember him saying, you know, that basically there wasn't anything he could do at this point, I mean with that kind of --

Q Okay. So essentially --

A -- vague that -- that --

Q And then just for the record on, you know, my statement here, what was the reason that you called for police to begin with on that occasion?

A Because my son had showed me, um, a post online that Nikolas had said he couldn't wait to turn 18 to buy this like semi-automatic looking gun, a scary looking gun. So, um -- but my -- and then my son said -- um, and then he said something or posted something about wanting to shoot up the school. Originally thought it was --

Q Those were two separate posts?

A Two separate; two separate. And I originally thought it was all on the same day that he did the posts, but my son came to me on the same day. It wasn't the same day that he -- it wasn't the same day that he originally posted that he wanted to shoot up the school, it was a separate time. Um, by [redacted] -- my son [redacted] was very concerned and --

Q So he told you --

A -- scared.

Q -- and then you called.

A Then he told me and then I called.

Q And then –

A I debated. I came to work and I discussed it with some people, and they said, "No, definitely, definitely call," because my friends knew the history, so --

Q Right.

A -- I mean I --

Q And there was -- was there some sort of a delay between the post and the actual call that you made to the deputy?

A Well, the first -- no, no, the second time -- the first post was about the gun, turning 18, it didn't say anything about shooting. The second one, it was pretty immediate, it was like a day or two. It was, you know, not --

Q It was fairly recent.

A -- the same second, but it was like --

Q Right.

A Yeah.

Q Okay. Um, so that day you call. You said a deputy responded to your home.

A Right.

Q And then what did he tell you when he showed up?

A He -- you know, I told him everything, and he said that, um -- that the threats that, you know, people make, if it's -- I was asking him pretty much about the [redacted] you know, [redacted]" And he said well, if it's an immediate threat or a threat to himself or someone else and it was immediate that he could do something, but this threat was in advance and it was, you know --

Q Like it didn't seem like --

A -- not immediate basically.

Q It seemed like an empty threat basically at that point?

A Yeah.

Q He didn't have the means to do it.

A Yeah, I mean he -- you know, from what I know, he, you know, did all he could do really.

Q Okay. And then did you at that time request to stay anonymous?

A Yes, definitely.

Q So you did not want him to meet with the family?

A Well, I remember he asked me, and I don't remember -- I knew I wanted him to do something, but I knew I didn't want to have my son --

Q You didn't want them to know that you --

A Yeah.

Q Okay.

A So he left, and I really don't remember. I mean I wanted him to do something, but he told me basically there was nothing he can do, so --

Q Okay.

A Yeah, I really don't remember.

Q And while the deputy -- you were speaking with him, was he -- was he courteous --

A Very.

Q -- did he listen to you problem?

A Oh, yeah. Yeah; yeah, very much so.

Q And you were happy with his service?

A Very much so; absolutely. I mean he --

Q Okay. And then -- I mean once he left and everything was concluded as far as your interaction with him, do you feel that he handled it properly the situation?

A I do, yeah, for sure.

Q Okay.

A I mean he -- you can't shoot the messenger, just, you know --

Q Okay. Um, let me see. Yeah, and then I have here -- just for the record, I have the CAD notes from the incident that we're speaking of, which was Case Number 17-1602-000212, a Parkland case from February 5, 2016, um, and you're the caller, [redacted] --

A Yes.

Q -- listed here.

A Yes.

Q The comments entered by Deputy Eason (ph) --

A Mm-hmm.

Q -- which was the deputy that you dealt with --

A Right.

Q And by the way, did he identify himself or --

A He did. Yeah, yeah. I mean it was a long time ago, but he came up and he -- yeah.

Q Okay. But that sounds familiar, Deputy Eason?

A No, I mean I don't remember the name.

Q You don't remember?

A But I mean I know he introduced himself, so yeah.

Q All right. He put in the comments, "Female," being you, "who wanted to remain anonymous reported a kid named Nikolas Cruz from Douglas High School has knives and a BB gun in his Instagram photos. No threats noted, and information was forwarded to SRD Peterson at the school."

A No, but the picture -- for sure the picture that Nikolas had on was a real gun --

Q Okay.

A -- and it was saying that he couldn't wait to buy it when he turned 18. I was a real -- it wasn't --

Q And kind of --

A -- his gun.

Q Okay.

A It wasn't his gun. It was like a picture online that you --

Q Okay.

A You know.

Q Okay. So -- okay. So that potentially was a real gun, but not a BB gun?

EOG-02828

A Not his gun. Well, it was real -- no, it was definitely a real gun. He said in the thing, "I can't wait to buy this when I'm 18."

Q Okay.

A So no, it was definitely a real gun.

Q And then he also added that the photos were posted about a month ago. Would that be accurate, roughly?

A A month ago? Oh, you mean when I made the report.

Q Yes.

A I would think so, yeah, about that.

Q Yeah, it's somewhere around there.

A About that, yeah; yeah.

Q Okay; okay. So nothing else to add in reference to your interaction with him?

A I mean just the fact that it's, you know, the law that's frustrating, not -- I thought he did a good job, I mean from what he could do from what I know. I mean I don't know maybe I don't know the law right, I don't -- but for what he had deal with, I thought he did a good job.

Q Oh, and did you ever -- did you ever demand or request a police report be written?

A No, I didn't.

Q You did not?

A No.

Q Do you remember if he provided you with a case number or anything like that?

A I don't think he did. I don't think he -- I don't -- no, he didn't give me a case number for sure, but --

Q Okay.

A -- I don't think he --

Q It would have probably been on a card with a case number on it. You don't remember anything like that?

A I don't think he -- no. But then again, it's two years ago. I -- he could have; I don't remember.

Q Okay.

A No.

Q Okay. Um, are you aware of any witnesses that could assist us in this investigation who were not discussed?

A Um, no.

Q No? Are you aware of any documents or evidence relevant to this case that may not have been discussed in this interview?

A No.

Q Is there anything you'd like to clarify?

A No.

EOG-02830

Q Is there anything I haven't asked you that you'd like to add to this statement?

A Um, no.

Q Has everything you said been truthful to the best of your knowledge?

A Yes.

Q Oh, one more thing before I forget, before we're off the record.

A Mm-hmm.

Q Um, previously had you called with other issues with Nikolas --

A I did.

Q -- your neighbor?

A Yes.

Q What -- or how many times; do you remember roughly?

A Before, um, this call, I called once about Nikolas and my son. They were young, they were like 9 or 10. And Nikolas threw a rock at his face and he cut his -- his -- you know, right by his eye.

Q Like his eyebrow area?

A Yeah. And I called 911 and an ambulance, because at the time I thought it was his eyeball. It turns out that it was only his eye, so he was okay, but, you know, I didn't know at the time. So I called then. And then I called after this call, I believe, but I didn't -- it was about Nikolas, but I knew he had done it, but I couldn't prove it. It was -- somebody threw a rock at my son's car and broke the front window. So -- but I --

Q It was something unrelated?

A I knew it was Nikolas, but I couldn't say, you know.

Q Yeah, you couldn't prove it.

A No. So it was totally unrelated, yeah.

Q So it would have been roughly just the three calls related to that house?

A Well, really two, 'cause the rock through the window I couldn't really tell.

Q Right. So the two calls.

A Yeah.

Q But the previous statement you gave, you might have confused some of the details with that previous case?

A With which one?

Q Um, the one with the rock throwing.

A The rock throwing, yes. Yes, yes, yes.

Q Okay.

A Yeah.

Q Okay. Um, again, anything you'd like to clarify?

A Um, no.

Q No? Anything I haven't asked you that you'd like to add to this statement?

EOG-02832

287 A No.

288 Q Has everything you said been truthful to the best of your knowledge?

289 A Yes.

290 Q All right, this statement concludes on February 28, 2018 at

291 approximately 1247 hours. Thank you.

# INTERVIEW WITH LIEUTENANT MICHAEL DEVITA
Q = SERGEANT HECTOR OLIVA
A = LIEUTENANT MICHAEL DEVITA

Q The following will be a sworn recorded statement taken by Sergeant Hector Oliva of the Broward Sheriff's Office. I'm the lead investigator in charge of this internal investigation. This statement will be taken in reference to Division of Internal Affairs Case Number that's yet to be determined regarding a complaint that's been made against an employee for allegedly violating the Sheriff's Policy Manual. You are hereby being questioned as a witness employee in an official investigation of the Broward Sheriff's Office. This statement will be taken from Lieutenant Michael Devita, last name of D-e-v-i-t-a, CCN of 7523. This statement will commence on February 28, 2018 at approximately 1341 hours. The interview's being conducted at the Parkland District in the City of Parkland, Florida.

And you're aware that your statement's being recorded?

A Yes.

Q All right, Lieutenant Devita, would you state your full name, classification, CCN, and your current assignment?

A Michael Devita. I'm a Lieutenant Executive Officer at the Parkland District. Um, I've been in this assignment since July of -- excuse me -- February of 2015.

Q Okay, and you're assigned to Parkland District?

A I am currently assigned here, yes.

Q Okay. And I've identified myself as a law enforcement officer, and you understand this?

A Yes.

Q Okay, as a law enforcement officer I'm empowered to administer oaths. Do you understand this?

A Yes.

Q All right, please raise your right hand for me. Do you swear or affirm the statement you're about to give will be the truth, the whole truth, and nothing but the truth?

A I do.

Q All right, thank you. Lieutenant Devita, I'd like to inform you that this is an official proceeding, and if you knowingly provide false information during this proceeding, that would constitute perjury under Florida State Statutes. Do you understand?

A Yes.

Q Can you tell me what perjury is?

A Lying while under oath.

Q Correct. Any questions?

A None.

Q Sheriff's Policy Manual states, SPM 2.25.4, in part, "Employees will promptly obey a supervisor's lawful orders. This includes orders relayed from a supervisor, by an employee of the same or lesser rank, and an Internal Affairs investigator when conducting an official internal investigation." SPM 2.5.2, "Employees will not knowingly make any false or

inaccurate verbal or written communication in any official matter." SPM 2.11.2(a), "Employees will not interfere with investigations of cases assigned to other employees." And SPM 9.1.3, "Employee investigations remain open and confidential until final discipline is rendered. No participant, including complainants, subject employees, investigators, and witnesses will disclose any information about the investigation until it's closed and public record."

Do you understand these policies?

A Yes, I do.

Q Okay. Um, how long have you been with BSO?

A 25 years on March 19th.

Q Oh, excellent. And then you're currently assigned to the Parkland District as the Executive Lieutenant.

A Correct.

Q How long have you been in that capacity?

A February of 2015.

Q Okay. And so February 5, 2016, you would have been in the same position at that point?

A That's correct.

Q All right, prior to this statement I requested the schedule from that day based on the investigation that I'm conducting on Deputy Eason, um, and you provided me with the schedule for that day; is that correct?

A Yes, I did.

Q All right, on that schedule, Sergeant Tadesco (ph) -- has her placed on a restricted administrative assignment during that time frame?

A That is -- that's accurate.

Q Okay, and then the OIC for that day would have been Deputy Seward; is that correct?

A Yes, that's correct.

Q Okay. Um, as far as OIC's go in this District, is that something that's commonplace here?

A We have one supervisor, one sergeant, assigned to each squad, and for that supervisor to be able to take time off or be missing from the District we utilize deputies in an OIC capacity, and according to policy, when they do their 40 hours as OIC, any time after that they are in a (indiscernible).

Q Like a (indiscernible).

A Yes. And Deputy Seward, um, was chosen based on his vast experience, um, and his police knowledge, and his influence on the squad. They look at him as like an older brother. So we used him quite often. He was the regular OIC on that squad.

Q And would his responsibilities have been the same as the sergeant?

A Yes, they would have.

Q Up to and including approving reports and all that?

A No. I did not allow OIC's to approve reports. I thought that -- that responsibility should remain with the sergeant, even if it's the CI sergeant. An actual sergeant

would review that squad's reports, like maybe the night shift guy that comes in or the next Bravo sergeant that comes in.

Q Okay, but it would have been an actual supervisor?

A Correct.

Q Okay.

A Correct.

Q A full-time supervisor. Um, okay, prior to this statement I showed you the CAD notes from the incident on February 5, 2016. That was Case Number 17-1602-000212. Um, you had a chance to review it?

A Yes, and if you don't mind, I'll kind of while you talk.

Q Um, so basically you had a chance to review it. At this point I've already told you that the -- we don't have the 911 audio due to the time length of when this occurred --

A Correct.

Q -- being the time -- it's been two years. And then also we don't have any other evidence from it as far as the Instagram post and other things, and also an event report was not created.

Um, after you had a chance to look at it and read over what's there, which is what we have, I mean do you feel that in your opinion that an event report should have been completed?

EOG-02841

A When you look at the initial comments in the CAD call typed in by presumably a call taker, um, it's very disturbing, and I'm trying to look at this from a frame of mind prior --

Q Of course.

A -- to this -- to the incident that we've had recently. Um, it seems the deputy goes through some investigative steps as far as looking for the posts, looking for, um, a picture of the gun, and he discovers a BB gun. Um, he indicates in the CAD that he notified the SRO at -- at Stoneman Douglas after he, you know, discovered he was a student there. Um, certainly no harm in writing a report, and it's my policy that when you're on the fence you write the report. We had a victim -- or a complainant here that wished to remain anonymous, which in my opinion gives -- gives a little bit of difficulty in completing an accurate report. Um, I have a hard time nailing this one down and saying that he absolutely should have written a report. I think he took some steps to investigate, he put some findings in the CAD. Obviously, hindsight being 20/20, a report with some additional investigative steps would have been prudent, would have been a much better decision for the deputy at that time. I think that trying to make contact with the student, trying to make contact with a parent to explain a public concern out there, would have been outlined in such a report, it would have given, um, a little more diligence to the deputy's actions. So, um, I would really expect to see that action here, that effort, and I would expect to see reports, but in this particular situation it's hard to say when you don't have a cooperative or a person reporting who wishes to have their information in this document. It presents some problems for the deputy in this case.

EOG-02842

So I have to be fair and say that, um, without -- without using hindsight, that I would like to see more of an investigative effort on the part of the deputy, and that would be outlined in a report. But I don't feel like -- my personal opinion is I don't feel like he -- he shrugged his duties that day.

Q So essentially what you're saying is that, um -- that the investigation should have -- could possibly been a little more thorough, and again, that would have been documented in an event report, but, um, based on what's there, it wouldn't necessarily be seen as a --

A If I --

Q -- a bad thing that he didn't complete the report?

A If I saw this CAD report two weeks after this call took place, I would understand why a report wasn't done based on the victim -- or the complainant wanting to be -- remain anonymous, and him not being able to locate those texts that were on Instagram. Um, I wouldn't throw a flag at that time.

Q Okay. Yeah, in all fairness, I mean again, we have to look at this from two years prior --

A Correct.

Q -- you know, well before this incident occurred a couple weeks ago.

A Correct. And, um -- and that's why I'm trying to be fair here.

Q Okay.

www.transcriptionexperts.com

EOG-02843

A I mean we've all felt this tragedy here and, um, we have to keep a level head and look at things as they were back then.

Q Absolutely. Okay.

Any other comments based on the notes that you've seen, or pretty much covered it all?

A I think I covered.

Q Okay. Are you aware of any witnesses that could assist us in this investigation that were not discussed?

A No, I'm not.

Q Are you aware of any documents or evidence relevant to this case that may not have been discussed in this interview?

A No, I am not.

Q Is there anything you'd like to clarify?

A No, there isn't.

Q Is -- I'm sorry. Is there anything I haven't asked you that you'd like to add to this statement?

A No, I believe we covered everything.

Q Has everything you said been truthful to the best of your knowledge?

A Yes, it has.

Q Okay. Pursuant to policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation. Except as authorized or

EOG-02844

required, you shall not contact persons involved in this administrative investigation. You shall not discuss, reveal or disseminate information concerning this administrative investigation before it becomes public record.

Do you understand?

A I do.

Q This statement concludes on February 28, 2018 at approximately 1351 hours. Thank you.

Q Okay. Deputy Seward, how long have you been with BSO?

A I was originally a North Lauderdale police officer. Started there in June of 1988.

Q Okay.

A And the Sheriff's Office took us over in October of 2001.

Q Okay. So from 2001 till now, 2018, you've been with BSO?

A Correct, sir.

Q And, um, how long have you been -- or you're assigned currently the Parkland District?

A Yes, sir.

Q And how long have you been there?

A I was transferred to Parkland in March of 2013.

Q Okay.

A 2013.

Q So going on five years.

A Roughly five years.

Q Yeah, okay. Um, prior to starting this statement, I showed you the daily roster from February 5, 2016, and that particular day your supervisor would have been Jean Tadesco (ph), Sergeant Tadesco, but she was on a restricted assignment at that point so she was not working. And it shows you on the schedule at the OIC; is that correct?

A Yes, sir.

Q Okay. Um, was that a duly that you normally had in the District?

A When -- I was her OIC on like her eight-hour days, or if she was off I was going to be OIC, but she'd been -- she'd been on restricted for an extended period of time. So I think I ran the Road up there probably for about a year.

Q Okay. Um, so I mean you only had the one sergeant on the shift?

A Yes.

Q So you filled in whenever she couldn't be there --

A Correct.

Q -- or in this case she was on restricted assignment?

A Correct.

Q Okay. Um, and what were your duties as an OIC?

A Um, basically just to handle roll call, handle the radio. Um, that was pretty much it, just to -- just to run the radio and handle roll call.

EOG-02852

Q And anything as far as reporting or doing -- reviewing report or --

A No. No, we --

Q Any kind of supervisory paperwork?

A No supervisory paperwork; no.

Q Just the basic functions?

A Maybe -- I don't know what the policy was at that time, maybe -- possibly a use of force at that time. I'm not sure.

Q Okay. But definitely not reviewing reports?

A No, definitely didn't review reports; no.

Q Okay. And that same particular day, February 5, 2016 -- prior to this statement I also showed you the CAD notes from a call that Deputy Eason (ph) responded to and dealt with. That was Case Number 17-1602-000212. Um, basically as, you know, you see in the CAD notes, it was some sort of report, that this woman [redacted] was trying to report an Instagram post, and Deputy Eason responded and did his thing, but as far as this call, do you remember this call ever coming out over the radio?

A I do not.

Q No?

A No recollection.

Q Okay. And from reading it, nothing sticks out as something in your memory?

A No, sir.

EOG-02853

Q Okay. Um, and as far as -- did Deputy Eason ever talk to you about this call?

A He has not.

Q He has not. I mean at that time; no?

A No. Negative; no.

Q Okay. I'm trying to think of anything else. Okay.

Okay, it's -- are you aware of any witnesses that could assist us in this investigation that weren't discussed?

A The only other people that would know -- might know anything would be the people that were working that day --

Q Okay.

A -- from on the lineup.

Q Okay. But that particular day I mean it only shows Deputy Eason responding --

A Right –

Q -- to deal with the call.

A -- as far as I know; yes.

Q Okay. Um, are you aware of any documents or evidence relevant to this case that may not have been discussed in this interview?

A Yes.

Q Okay, Ms. Benson, would you state your full name, classification, CCN, and your current assignment, please?

No participant, including complainants, subject employees, investigators, and witnesses will disclose any information about the investigation until it's closed and public record."

Do you understand these policies?

A Yes.

Q Okay. All right, prior to starting this statement, um, I showed you the CAD notes from an incident that occurred February 5, 2016 in the City of Parkland.

A Mm-hmm.

Q That was Case Number 17-1602-000212. And it was handled by a Deputy Eason (ph), a CCN of 10558. Um, I did show this to you?

A Yes.

Q Okay. And you had a chance to look at it to refresh your memory?

A Yes.

Q 'Cause this did occur two years ago, roughly.

A Yes.

EOG-02861

Q Um, on this particular incident based on the CAD notes an operator, George Ramos, was the one that initially took the call, entered the notes, um, which were then sent to you, which would have been the dispatcher, who then dispatched a call to Deputy Eason.

Based on -- after you've looked at this do you have any recollection of this incident?

A No, not at all.

Q Okay. Did you have a chance to read the comments?

A Yes.

Q Okay. Um, and you -- well, let me start over.

How long have you been with BSO?

A 29 years.

Q 29 years. And then how long have you been here at North Regional?

A Roughly, give or take, three, three and a half years now, maybe four.

Q Since the merger?

A Yes.

Q Okay. So that being said, I mean you handle calls --

A Mm-hmm.

Q -- throughout Broward County, you know, that come in here, correct?

A Yes.

EOG-02862

Q Would the information here as far as threats made against possibly shooting in school, is that something that's fairly common? I mean are there threats against juveniles, you know, in social media, or threats against schools or things of that nature?

A It's fairly common now, but during that time it wasn't fairly common, in 2016.

Q Okay. So it wasn't as common back then?

A Exactly.

Q Okay. Um, and if you were to be a call taker or a dispatcher that received a call like this, is this something that would alarm you to the point that you'd notify a supervisor or anything like that? Not now; going back to 2016. Obviously with what just occurred, some things I'm sure have changed.

A Uh, I don't know. I don't want to answer that.

Q No? I mean it's just your opinion. It's not a --

A Just an opinion?

Q Yeah.

A If it's an opinion, yes, but it was -- I believe it was like second, third-hand, 1043.

Q Right.

A It wasn't in progress; it was delayed.

Q Okay. That's what I -- I mean a very similar call to this. So if you got something like this, if it's just information about --

A Now in 2018, definitely, but 2016, it was delayed, it was second, third-hand, 1043 –

Q Mm-hmm.

A -- from a friend or neighbor. No, unless it was in progress.

Q Okay.

A If it was a 33 in progress, then of course you alert your supervisor.

Q Okay. But in this case no, 'cause it was just, like we said, second-hand or third-hand information and then delayed and all that?

A Yes.

Q Okay. Okay, um, all right. Are you aware of any witnesses that could assist us in this investigation that weren't discussed?

A No.

Q Are you aware of any documents or evidence relevant to this case that may not have been discussed in this interview?

A No.

Q Is there anything you'd like to clarify?

A Again, just to clarify that I don't really particularly remember the call. We already discussed that. That's all.

Q Okay. Is there anything I haven't asked you that you'd like to add to this statement?

A No, that was it.

EOG-02864

A Yes.

Q Okay. Pursuant to policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation. Except as authorized or required, you shall not contact persons involved in this administrative investigation. You shall not discuss, reveal or disseminate information concerning this administrative investigation before it becomes public record.

Q Correct. Any questions so far?

A No.

Q All right, Sheriff's Policy Manual states, SPM 2.25.4, in part, "Employees will promptly obey a supervisor's lawful orders. This includes orders relayed from a supervisor, by an employee of the same or lesser rank, and an Internal Affairs investigator when conducting an official internal investigation." SPM 2.5.2, "Employees will not knowingly make any false or inaccurate verbal or written communication in any official matter." SPM 2.11.2(a), "Employees will not interfere with investigations of cases assigned to other employees." And SPM 9.1.3, "Employee investigations remain open and confidential until final discipline is rendered. No participant, including complainants, subject employees, investigators, and witnesses will disclose any information about the investigation until it's closed and public record."

Do you understand these policies?

A Yes.

Q Okay. How long have you been with the Broward Sheriff's Office?

A Since October, 2014.

Q Okay. And --

A Close to three years and a month.

Q Okay. A little over three years -- or three years or so.

And how long have you been assigned to South Regional Dispatch?

A The same amount of time, three years.

Q Okay.

A Since October, 2014.

Q So going back to February 5, 2016, you were employed by BSO?

A Yes.

Q And at that time you were assigned to South Regional Dispatch?

A Yes.

Q Okay, prior to this- taking this statement, I showed you the CAD search for an incident from February 5, 2016. That was Parkland Case Number 17 -- 17 -- let me start over -- 17-1602-000212. It was an information report taken by a Deputy Eason (ph), a CCN of 10558. Do you recall that incident?

A Not particularly, no.

Q Okay. But do you have any independent recollection of this incident, of taking this call?

A No.

Q Okay. On that date though, based on what I showed you, would it be accurate to say that you did take the 911 call that was placed that day?

A Yes.

Q Okay. And the comments that you put in this call, does that look like something that you wrote?

A Yes.

Q Yes?

A Yes.

Q Okay. And essentially explain the process of when you put this information into the system as you're receiving the 911 call. What happens from there on?

A Well, we enter the call. Um, we take like an information. I think I put it as a 13 incident at that time. Um, so we just enter the call and we let the officer call them. I think they wanted to call -- or I don't know if they wanted to be anonymous. And we just go to the next call. We just enter it in, that's about it.

Q Okay, so you enter it in, and then once you enter the call into the system, where does it go from there?

A It will go to the dispatch -- the dispatcher, wherever that district is, which is District 17.

Q Mm-hmm.

A And they'll just dispatch it out to the deputy.

Q And in this case is Jamie Benson the one that would have dispatched the call, Operator Benson?

A That's correct.

Q I mean based on what you see here --

A What I see, yes.

Q So you took the initial call from the caller [redacted] --

A Right.

EOG-02873

Q -- and then that information was relayed to Dispatcher Benson, which then dispatched it to Deputy Eason?

A Right. It would have been to the dispatcher's computer, and from there on dispatch it to the deputy.

Q Okay. Um, based on -- you know, obviously you don't have an independent recollection of this --

A Correct.

Q -- 'cause it was two years ago.

A Correct.

Q Um, based on what you see on the notes that you wrote, is it unusual for you to receive calls like this?

A No, it was not unusual.

Q No? As far as threats -- threats against bodily harm to other people or threats against schools, all those things, is that common?

A Yes, that's common.

Q Okay. Is this something that you or any other operator would have notified a supervisor about, if you received a call like this?

A No.

Q Okay. Um, okay. And essentially I'm seeing here that it was 1019 landline. So he would have handled the call --

A Over the phone.

EOG-02874

Q -- over the phone?

A Correct.

Q Okay. All right, are you aware of any witnesses that could assist us in this investigation who were not discussed?

A No.

Q Are you aware of any documents or evidence relevant to this case that may not have been discussed in this interview?

A No.

Q Is there anything you'd like to clarify?

A No.

Q Is there anything I haven't asked you that you'd like to add to this statement?

A No.

Q Has everything you said been truthful to the best of your knowledge?

A Yes.

Q All right, pursuant to policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation. Except as authorized or required, you shall not contact persons involved in this administrative investigation. You shall not discuss, reveal or disseminate information concerning this administrative investigation before it becomes public record.

Do you understand?

A Yes.

Q All right, this statement concludes on February 27, 2018 at approximately 1009 hours. Thank you.

This statement will be taken in reference to Division of Internal Affairs Case Number IA2018-0041 regarding a complaint that's been made against an employee for allegedly violating the Sheriff's Policy Manual. You are hereby being questioned as a witness employee in an official investigation of the Broward Sheriff's Office. This statement will be taken from Guillermo Marsal; first name G-u-i-l-l-e-r-m-o, last name M-a-r-s-a-l; CCN of 8029. This statement will commence on March 15, 2018 at approximately 1658 hours. And this interview is being conducted at the Division of Internal Affairs. And you're aware your statement is being recorded?

A Yes.

Q All right, Mr. Marsal, will you state your full name, classification, CCN, and your current assignment, please?

A Guillermo Marsal, 8029. I am the Network Manager of Operations, and currently I manage all network connectivity operations, all applications on the network from a connectivity perspective.

www.transcriptionexperts.com

EOG-02879

Q Okay. I've identified myself as a law enforcement officer, and you understand this?

A Yes.

Q All right, as a law enforcement officer I'm empowered to administer oaths. Do you understand this?

A Yes.

Q Please raise your right hand for me. Do you swear or affirm the statement you're about to give will be the truth, the whole truth, and nothing but the truth?

A Yes.

Q All right, thank you.

I'd like to inform you that this is an official proceeding, and if you knowingly provide false information during this proceeding, that would constitute perjury under Florida State Statutes. Do you understand?

A Yes.

Q Can you tell me what perjury is?

A Telling lies; lying actually.

Q Correct, it's --

A Being truthfulness.

Q Yeah, it's lying under oath.

A Lying under oath, yes.

Q Any questions so far?

www.transcriptionexperts.com

EOG-02880

A No.

Q The Sheriff's Policy Manual states, SPM 2.25.4, in part, "Employees will promptly obey a supervisor's lawful orders. This includes orders relayed from a supervisor, by an employee of the same or lesser rank, and an Internal Affairs investigator when conducting an official internal investigation." SPM 2.5.2, "Employees will not knowingly make any false or inaccurate verbal or written communication in any official matter." SPM 2.11.2(a), "Employees will not interfere with investigations of cases assigned to other employees." And SPM 9.1.3, "Employee investigations remain open and confidential until final discipline is rendered. No participant, including complainants, subject employees, investigators, and witnesses will disclose any information about the investigation until it's closed and public record."

Do you understand the policies?

A Yes.

Q Okay. How long have you been with the Broward Sheriff's Office?

A 22 years.

Q And where are you currently assigned again?

A In ITD.

Q ITD; okay. And how long have you been there?

A The full -- probably 21 years.

Q Okay. And you're a supervisor in your capacity?

A Manager, yes.

Q Okay. Essentially I previously requested emails for Deputy Eason --

www.transcriptionexperts.com

EOG-02881

A Mm-hmm.

Q -- reference February 5, 2016 up to about a month after that, for that timeframe. Does that sound correct --

A Yes.

Q -- that you received that request?

And you were able to provide me with that information?

A Yes.

Q And then what else did you provide me with?

A I provided a live active mailbox. I made a copy of it. It's what they call a PSD file. Provided that. And we went back into our tapes -- or tape or disk back-ups, and we provided back-ups around those dates that were requested, as well, those saved PSD file back-ups.

Q Okay. So basically you provided me your copy of the -- just so we can put it on the record. You provided me with a copy of his emails from around the timeframe that I requested --

A Correct.

Q -- and then also his current emails?

A Yes, currently today; yes.

Q Okay.

A Or that date actually.

Q Okay. And then just to briefly explain also on the record what -- you know, what the procedure is for archiving emails at BSO, how it works.

A Currently today, from out network perspective we -- we back-up every night, 8:00. We can go to our -- we can go to disk up to 60 days to pull any email request during those dates. Anything past 60 days we would have to go to tape for quarterly back-ups, and those are snapshots in time as far as -- 60 days we can go past. 8:00 p.m. every day we do full back-ups, and anything past 60 days has to go to tape where we have to recover it from tape.

Q Okay. And then the ones that you gave me, the emails you gave me that were from 2016, that was from tape?

A That was from disk.

Q That was from disk?

A Yeah, because that just happened recently within the 60 days, so we had back-ups every day. So I provided you --

Q Yeah, but from 2016? It was February 5, 2016.

A Yes, I apologize. You're correct; you're correct. We had to go to tape for that, yes.

Q For the old ones you had to go to tape?

A Yes, we had to go to tape; yes.

Q Okay. So those you had to go to tape, and then that's just the snapshot of what he had during that timeframe --

A Correct.

Q -- of his emails?

A Correct.

Q And it's safe to say -- I mean is there any way that there's emails he could have sent or received that would not be in there?

A Yes, it's possible.

Q It's possible?

A Yes.

Q And then how would that be?

A Um, if the user deletes -- he would have to delete it from his inbox and go to his deleted items. If he's sending an email he would have to go to his sent items, delete it from there, and then go back to the deleted box and delete it from there in order to not have it in his mailbox. He'd have to go to two different places

Q Right --

A -- if you were trying to --

Q -- to process.

A To process, yes.

Q And then -- and that would also have to be done before 8:00 p.m.?

A Correct.

Q Every day, which --

www.jenkinsreporting.com

EOG-02884

A And in this case that quarterly back-up, when it happened, the date and time at 8:00 p.m., that would have had to -- those couple of procedures would have had to happen before that time.

Q Okay. Okay. Are you aware of any witnesses that could assist us in this investigation who were not discussed?

A No; no.

Q Are you aware of any documents or evidence relevant to this case that may not have been discussed in this interview?

A No.

Q Is there anything you'd like to clarify?

A No, I think that's about it.

Q Is there anything I haven't asked you that you'd like to add to this statement?

A No, sir.

Q Has everything you said been truthful to the best of your knowledge?

A Yes.

Q Pursuant to policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation. Except as authorized or required, you shall not contact persons involved in this administrative investigation. You shall not discuss, reveal or disseminate information concerning this administrative investigation before it becomes public record.

EOG-02885

Do you understand?

A Yes.

Q This statement concludes on March 15, 2018 at approximately 1703 hours. Thank you.

INTERVIEW WITH DEPUTY EDWARD EASON
Q= SERGEANT HECTOR OLIVA
Q1= SERGEANT AL RENGIFO
A= DEPUTY EDWARD EASON
A1= ANDREA NELSON

Q The following will be a sworn recorded statement taken by Sergeant Hector Oliva of the Broward Sheriff's Office. I'm the lead investigator in charge of this internal investigation. You are being questioned as a subject employee in an official investigation by the Broward Sheriff's Office. This statement will be taken in reference to Division of Internal Affairs Case Number IA2018-0041 regarding a complaint that's been made against you for allegedly violating the Sheriff's Policy Manual. This statement will be taken from Deputy Edward Eason, CC-, or -- I'm sorry, last name of E-a-s-o-n, CCN 10558, and this statement will commence on May 17, 2018, at approximately 1748 hours.

This interview is being conducted at the Division of Internal Affairs and also present is Sergeant Al Rengifo, CCN 9981, from the Division of Internal Affairs, and Andrea Nelson (ph) from the IUPA union, International Union of Police Associations. And you're aware that your statement's being recorded?

A I do.

Q Okay. Deputy Eason, would you state your full name, classification, CCN, and your current assignment?

EOG-02912

A Deputy Edward Eason, E-a-s-o-n; uniform 10558; DLE, City of Parkland.

Q Okay. And have I identified myself as a law enforcement officer and you understand this?

A Yes, sir.

Q As a law enforcement officer, I'm empowered to administer oaths. Do you understand this?

A Yes, sir.

Q Please raise your right hand for me. Do you swear or affirm the statement you're about to give will be the truth, the whole truth, and nothing but the truth?

A Yes, sir.

Q All right. Thank you. Put your hand down. Deputy Eason, this is an official proceeding and if you knowingly provide false information during this proceeding, that would constitute perjury under Florida State Statutes. Do you understand?

A Yes, sir.

Q Can you tell me what perjury is?

A Lying under oath.

Q Correct. Any questions so far?

A No, sir.

Q All right. The Sheriff's Policy Manual states: SPM 2.25.4 in part, "Employees will promptly obey a supervisor's lawful orders. This includes orders relayed from

EOG-02913

a supervisor, by an employee of the same or lesser rank -- excuse me -- and an Internal Affairs investigator when conducting an official internal investigation."; SPM 2.5.2, "Employees will not knowingly make any false or inaccurate verbal or written communication in any official matter."; SPM 2.11.2(a), "Employees will not interfere with investigations of cases assigned to other employees."; and SPM 9.1.3, "Employee investigations remain open and confidential until final discipline is rendered. No participant, including complainants, subject employees, investigators, and witnesses will disclose any information about the investigation until it's closed and public record." Do you understand these policies?

A Yes.

Q All right. And prior to the statement, you were provided with an index containing the complaint form and all evidence related to this case to include any sworn recorded statements. Did you have an opportunity to review all the evidence?

A Yes, sir.

Q And do you have any questions?

A No, sir.

Q And that's your signature on the form that you gave me back?

A Yes, sir.

Q Okay. The Garrity form and the index, correct?

A Yes.

Q Okay. All right. And then you signed as well, Ms. Nelson?

A1 Yes, sir.

www.transcriptionexperts.com

EOG-02914

Q Okay. Thank you. All right. This is an internal administrative investigation. It's not a criminal investigation. You will be asked questions specifically directed and narrowly related to the performance of your official duties and fitness for office. You are requested to be -- or required, I'm sorry -- to be truthful and answer all questions honestly in accordance with Broward Sheriff's Office policy.

You are required to give a statement for administrative purposes. This is a compelled statement. You are being ordered to give this statement. If you refuse to testify or answer questions, you will be subject to administrative charges which could result in your dismissal. And you're entitled to the right to have an attorney or other representative present during this question -- questioning, I'm sorry -- which is Ms. Nelson. That's who you've elected to have here with you. Correct?

A Yes.

Q And you understand that?

A Yes.

Q Okay. You're entitled to all the rights and privileges guaranteed by the laws of the State of Florida and the Constitution of the United States, including the right not to be compelled to incriminate yourself. Therefore, if the scope of the inquiry involves criminal activity, neither your statements nor any information or evidence which is gained by reasons of such statements can be used against you in any subsequent criminal charges, except for perjury and obstruction of justice charges. These statements, however, may be used against you in relation to subsequent administrative charges. Okay. Now -- all right.

www.transcriptionexpress.com

Just to put it on the record, you provided a statement to homicide detectives on February 16, 2018 --

A Yes.

Q -- only two days after the Marjory Stoneman Douglas High School incident. It's assumed that, at that time, you were not given ample opportunity to refresh your memory about a call that you handled approximately two years prior on February 5, 2016, when you were questioned that day. I want to put it on the record that, because you've now had time to think about that call and potentially refresh your memory, there will be no issues regarding a truthfulness charge relating to the statement you previously provided, if you recall details about the incident now.

Having had time to refresh your memory, do you now recall any details of the call that you handled that day on February 5, 2016, Case Number 17-1602-000212?

A No, sir.

Q No? Okay. All right. So, with that being said, what do you recall, if anything?

A I don't recall anything about that call from February of 2016.

Q Okay. I'll give this to you. That's a copy -- I'm providing you a copy with the CAD notes from that day of that incident. Can you confirm that you wrote those CAD notes, where your name is listed?

A My name is on the notes.

Q Okay. But I'm saying your name's here, Edward Eason.

EOG-02916

A Yes.

Q Can you confirm that you wrote that from what you might (indiscernible)?

A It appears that I wrote it, yes.

Q Okay. And then walk me through what you wrote there, line by line if you could, because really at this point, all we have to go by is what you actually wrote that day.

A All right. A female who wanted to remain anonymous reported a kid named Nikolas Cruz from Douglas High School has knives and a BB gun in his Instagram photos. No threat noted, and info forwarded to School Resource Deputy Peterson at the school.

Q And what does that mean to you, since you're -- they're your words.

A That I responded to a call. No evidence of a credible threat. And I relayed that information to the school which it looks like he attended, at Stoneman Douglas, to the SRO over there, Peterson -- Scot Peterson.

Q Which is Deputy Scot Peterson. Okay. Were calls like this frequent or was that an unusual call?

A Frequent.

Q Frequent? How often did you receive calls like that?

A Social media-type calls, threats -- very common.

Q I mean, as far as relating to school incidents or any kind of shooting or, "I'm gonna shoot somebody," or anything like that?

A Well, with weapons in general, yes -- pretty common on social media.

www.reportingparty.com

EOG-02917

Q Okay. Like students from that school -- from Douglas?

A From that school and outside of school, maybe graduated already.

Q Okay. And walk me through how you would normally handle a similar call where potential violence was threatened, or questionable statements were made by a school student. Like, how would you normally handle a call --

A Well --

Q -- like that based on what's there, you know?

A Right. I'd make contact with the complainant, find out what information they have and what evidence they have supporting the facts that they're telling me, and from there, depending on the evidence, conduct an investigation, talking to all the parties, notifying other people involved -- in this case, notifying the SRO at the school.

Q Okay. Well, you just said you notified the SRO -- so you notify the SRO normally -- of the school if it was in Parkland?

A Yes.

Q How about if it was in another high school in South Broward or something?

A Yes, I would notify -- contact their SRO.

Q So you would make the attempt, at least, to notify them?

A Yes.

Q Okay. Would you notify a supervisor?

EOG-02918

A It -- if there's no evidence supporting a threat -- a credible threat, I might, I might not, depending on the case.

Q Okay. So, it would be a case-by-case?

A Yes, sir.

Q Okay. Would you normally complete an incident report for a similar incident based on what's there?

A With no credible threat and an anonymous caller -- a caller who wanted to remain anonymous -- usually no.

Q Okay. And then you noted in your CAD notes that you forwarded the information obtained in this call to SRD Scot Peterson. As you know, I got the archive of the emails and there was no record of you emailing Deputy Peterson, any information relating to the call, or this call specifically. You said you forwarded it to him. So, how did you forward the information to him?

A I don't recall. You know, it was a little while ago -- long time ago.

Q All right. Well, let's put it this way. Like, if you had other calls, how would you normally relay that information to him?

A Well, it's a small district. I could drive to his school, talk to him in person, or if I was at the station -- a lot of times they would come in -- the SRO's -- to complete paperwork or print out paperwork, especially towards the end of the week. I might have saw him in person and explained to him then what's going on.

Q Okay. So more than likely it would be in-person --

www.iconscriptionexperts.com

A Yes.

Q -- communication? All right. And I previously asked you prior to this statement, several months ago -- I previously asked you to attempt to obtain your personal cell phone records to determine if you possibly called Deputy Peterson or sent him a text on or around February 5, 2016. You know, that would possibly indicate that you contacted him through either of those means at the time. Were you able to obtain those records?

A Yes.

Q You were able to pull your old records?

A Yes.

Q Do you have them with you or --

A No.

Q No? Do you have a copy you can provide?

A No. It's at my house at the time.

Q Okay. From what you remember, did it show any kind of communication between you and Peterson (indiscernible)?

A Not on my personal phone, no.

Q No?

A No.

Q Okay.

A Usually work -- if it's work-related, I usually call from the station though.

www.transcriptionexpress.com

EOG-02920

Q Okay. Would you be willing to provide copies of that, at least during that time frame?

A Sure.

Q It's up to you.

A Yes.

Q Okay. And then, why didn't you complete an incident report to document this incident?

A Well between -- there was no credible threat -- no evidence of a credible threat, and the caller wanted to remain anonymous due to being, you know, a close neighbor and a prior history with the family.

Q Okay. Do you think it would have been reasonable to document the information you obtained in an incident report?

A With the information at that point, no.

Q Okay. And next time, how would you handle a similar situation?

A Well, with everything going on in the media now, you know, we do event reports on that.

Q So, just because of what's going on now or -- you know what I mean? Like, can you specify? Like, let's say Parkland had not happened, would you -- moving forward, would you write a report on that same type of situation?

A It wouldn't have changed anything from what happened two years ago, no.

www.universitycourts.com

Q Okay.

A If there was no incident at the high school.

Q But now, because Parkland occurred, you would?

A Yes.

Q Just as a precaution?

A Yes, sir.

Q Okay. And would you do anything different?

A No. I'd do an event report, which the sergeant reviews.

Q Okay. Any questions?

MALE No, sir.

Q Okay. Would you be -- would you object to Sergeant Rengifo asking you questions directly?

A No, sir.

Q Okay.

Q1 Deputy Eason, you mentioned that you -- in order to determine if it was a credible threat, you may have written a report. To you, what is a credible threat?

A Oh --

Q1 What would you say -- what would you -- an example of that?

A A credible threat if there's evidence supporting the carry-out of a threat. Like, if somebody says, "You know what? I have a gun," you know -- boyfriend, girlfriend, it happens all the time. They say, "I'm gonna come to your house and shoot you,"

EOG-02922

that's a credible threat. If someone comes there saying, you know, that, you know, "I'm in fear," but they didn't make a threat. They said, "You'll be sorry." That's kind of vague. But you have to have, you know, a cre-, you have to have an apparent ability to do so, and the item to carry out the crime or the incident.

Q1 Okay. And prior to being assigned to the Parkland district, have you ever been assigned to any investigative unit within the agency?

A No, sir.

Q1 Okay. I don't have any other questions.

Q Nothing else? One other thing. Do you recall ever having dealt with Nikolas Cruz before or after that call? Oh, you didn't -- you didn't meet with him on this date?

A No, sir.

Q Okay. Did you ever meet with him, as far as you can recall, before or after?

A Not that I recall, no.

Q No? Another question I had -- would you know if you took this landline, or if you went to her house, or you met with her -- the caller, Ms. Garino (ph)?

A I don't recall.

Q (Indiscernible).

A Yeah, so -- it was -- it was a long time ago.

Q Okay. Okay. Anything to add Ms. Nelson?

www.transcriptionexperts.com

EOG-02923

A1 Can we email you some articles about this case that were in the media and quotes from the Sheriff to be included?

Q Yeah. I can add it in there. Sure.

A1 Okay. Just the few that were out there that they did nothing wrong and that there was no arrests or anything like that -- we just wanted to add for the record.

Q Okay.

A1 And I think that's it.

A Yes.

A1 Okay.

Q Are you aware of any witnesses that could assist us in this investigation who were not discussed?

A No.

Q Are you aware of any documents or evidence relevant to this case that may not have been discussed in this interview?

A Well, items my attorney's -- is going to email you --

A1 Not attorney.

A -- or my representative is going to email you.

A1 Discussed though.

Q Yeah.

A Other than that, no.

www.transcriptionexperts.com

EOG-02924

Q You'll sign that and then, oh and the cell phone records if you can get me that as well.

A Yes.

Q I mean, I don't need everything, just maybe -- let's just say, like, a two-week time frame after the 5th, just to show if there was any communication, and, you know, you can -- just to see what happened, you know. I'm not looking for anything else. But anything between you and Peterson, okay?

MALE Yes.

Q Is there anything you'd like to clarify?

A No, sir.

A1 On the cell records, before they go in the case to be made public record, can we have those redacted due to law enforcement affiliation and I'm sure his son's name and -- or number will appear in there as well.

Q Yeah.

A1 Okay.

Q We'll get that taken care of. You said no, nothing to clarify?

A No, sir.

Q Okay. Is there anything I haven't asked you that you'd like to add to this statement?

A No, sir.

EOG-02925

Q Has everything you've said been truthful to the best of your knowledge?

A Yes, sir.

Q All right. Pursuant to policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation. Except as authorized or required, you shall not contact persons involved in this administrative investigation. You shall not discuss, reveal, or disseminate information concerning this administrative investigation before it becomes public record.

This statement concludes on May 17, 2018, at approximately 1804 hours. Thank you.

AGREEMENT FOR REIMBURSEMENT OF HIRING AND TRAINING EXPENSES

(Deputy Sheriff Cadet- Department of Law Enforcement)

WHEREAS, the Broward County Sheriff's Office hereinafter referred to as "Sheriff" will incur substantial expenses in the process of training Curtis Travis hereinafter referred to as "Applicant" to be a Deputy Sheriff Cadet - Law Enforcement; and

WHEREAS, these training expenses can only be recovered through the services of the Applicant with the Broward County Sheriff's Office after completion of training; and

WHEREAS, the Sheriff will suffer substantial damages if the undersigned Applicant should leave the Sheriff any time within the two (2) years following completion of formal police training through the Broward County Police Academy.

NOW, THEREFORE, in consideration for the Sheriff providing training to the Applicant, the Applicant agrees as follows:

1. **REIMBURSEMENT OBLIGATION.** The Applicant in consideration of the agreement by the Sheriff, to provide him/her with formal police training through the Broward County Police Academy, located at the Institute of Public Safety of Broward Community College to be followed upon successful completion thereof by a period of field training under the supervision of experienced Broward County Deputy Sheriffs, does hereby agree that in the event his/her employment with the Sheriff ceases due to any cause other than "termination" as defined below, within twenty-four (24) months from completion of formal police training through the Broward County Police Academy, the Applicant will reimburse the Sheriff for all expenses incurred in connection with his/her hiring and training.

2. **DEFINITION OF "TERMINATION".** Termination as used in this Agreement shall mean any discontinuance of the Applicant's employment initiated by the Agency with good cause.

3. **EXPENSES INCURRED FOR REIMBURSEMENT OBLIGATION.** It is agreed that the expenses which the Sheriff will incur in connection with the Applicant's hiring and training, and thus, the Applicant's reimbursement obligation, shall consist of all amounts expended or incurred by the Agency in hiring and training the Applicant from the initiation of the hiring process through field training, including, but not limited to the following:

(a) Expenses for the cost of hiring ($869.00)

(b) Police Academy tuition ($2,320.00)

Thus, the Applicant's reimbursement obligation shall consist of no less than THREE THOUSAND ONE HUNDRED AND EIGHTY NINE ($3,189) DOLLARS.

4. **CREDIT FOR CONTINUOUS EMPLOYMENT.** Credit for service rendered will be given against the Applicant's reimbursement obligation at the rate of one-twenty-fourth of the total reimbursement obligation for each four (4) weeks of full-time employment with the Sheriff subsequent to completion of the formal police training through the Broward County Police Academy. Any absence from work due to illness, non-duty related injury or other cause for a period greater than two (2) weeks shall be excluded from the period of service for which credit will be given.

5. **TERMS OF REPAYMENT.** Complete payment of the reimbursement obligation shall be made by the Applicant within twenty-four (24) months of cessation of employment in monthly installments of no less than one-twenty-fourth of the total reimbursement obligation, commencing on the first day of the month following the month during which cessation of employment occurs, and payable on or before the first of each month thereafter. The Applicant agrees that in the event of his/her failure to make any payment required pursuant to the Agreement in a timely manner, the total amount of the reimbursement obligation then remaining unpaid shall immediately become due and payable. The Applicant further agrees that in the event the Sheriff incurs court costs, attorney's fees, or other costs of collection in an effort to collect any delinquent sums owing pursuant to this Agreement, the Applicant will pay such expenses in addition to the portion of reimbursement obligation then due.

6. The consideration that the Sheriff provides for the Applicant's obligations under this Agreement is the providing of training for the Applicant. Such commencement of training by the Sheriff is the Sheriff's acceptance of this Agreement.

Mr. Treijs:

My name is Bob Fitzgerald and I'm conducting your Deputy Sheriff Cadet background investigation. In reviewing your previous (1999) background investigation, I noted that you had served with the Michigan National Guard...would you please provide a copy of your separation from that military unit (or transfer orders, if you are still active here in Florida)? The only military document in previous background investigation file is a DD214/Member 4, which was issued to you after you completed Basic Training at Fort Benning (GA)...I think the form I'm looking for from you, re: the National Guard, is the DD256 or DD256A.

Thanks for your assistance...

SUBJECT: **VOLUNTARY DEMOTION / PROMOTION TO SUPERVISOR**

Attached you will find a request for a voluntary demotion from CPI Supervisor Guntis Treijs ccn 9714 / position control number 10296. From a command perspective and personal reasons by the affected employee this request is approved at the section level. Lt. Col Brennan was consulted and he concurred with the recommendation.

Also approved, by Lt. Col. Brennan, is the promotion of Jacqueline Lashbrook ccn 9257 / pcn 30463 to fill the vacancy created when Treijs steps down. To facilitate these moves a simple switching of the pcns is suggested if required.

I have checked with Human Resources Classification and upon his demotion Treijs would be slotted into Grade 103 Step 5 at rate of 17.5313 hr. Lashbrook would be placed in the Grade 107 Step 1 at the rate of 17.5484 hr. Mr. Treijs requested the change effective October 1, 2001, so no 5-day notice is required.

We request that this change be executed on October 6th, 2001, which is the beginning of the next pay period. Thank you for your consideration in this matter.

NINETY (90) DAY NOTIFICATION OF UPCOMING PERFORMANCE EVALUATION

EMPLOYEE NAME:	TITLE:	DIVISION:
Treijs, Guntis	Supervisor	DLE / Child Protective Investigations Section
ANNIVERSARY DATE:	9/1/2001	TODAY'S DATE 9-25-01

Your annual performance evaluation is scheduled for completion. This evaluation will cover the period of the last twelve (12) months prior to your anniversary date. You will be evaluated on the results of your efforts to accomplish work assignments, District/Unit objectives, BSO objectives, special assignments or projects.

Please see the description below of any performance deficiency issues which will be addressed during the evaluation performance meeting. Progress in these areas will be reviewed at the meeting. You are encouraged to present any information that might help illustrate the results of your work efforts.

PERFORMANCE IMPROVEMENT AREA(S): these work behaviors and/or responsibilities must show continued improvement in order that the job requirements are being met:

Supervisor Treijs had several developmental issues concerning his supervisory responsibilities. For a variety of reasons, Supervisor Treijs has chosen to accept a voluntary demotion to child protective investigator effective October 1, 2001.

The primary purpose of this evaluation is to assist all BSO employees in both their career and personal development. Since any evaluation process will be at times difficult for both supervisors and employees, a spirit of fair play and reasonableness must guide our interactions.

SUBJECT: **Classification and Pay Study**

The Classification and Pay Study was an ambitious undertaking and was conducted as a team/partnership approach between employees, managers, directors, human resources project staff and Human Resources Management Partners (HRMP), a consulting firm. I would like to thank you for your efforts in fostering this approach. Please know that the successful completion of this study would not have been possible without your participation and cooperation. The scope of the study covered 479 employees in 139 job classifications. This collaborative effort resulted in classification and pay recommendations from our consultant.

I am pleased to inform you that as a result of this comprehensive study, effective pay date June 22, 2001, employees will receive a three percent (3%) pay adjustment to their base salary, followed by placement into a new salary range. In most cases, placement into the new salary range has resulted in a pay increase, as well as an increased earning potential.

These salary adjustments will be retroactive to March 1, 2001. The retroactive amount will be distributed as a separate check on June 29, 2001.

Please be aware that these salary adjustments will not have an impact on your anniversary date for purposes of future annual increases.

I am very proud and appreciative of the work that you do. Thank you for your patience and cooperation during the various phases and final implementation of the 2001 Classification and Pay Study.

Should you require additional information, please contact Compensation Manager Joanna Hely at 321-4418 or Senior Human Resources Analyst Jennifer Persan at 321- 4416.

Form W-4 (1999)

Purpose. Complete Form W-4 so your employer can withhold the correct Federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7, and sign the form to validate it. Your exemption for 1999 expires February 16, 2000.

Note: *You cannot claim exemption from withholding if (1) your income exceeds $700 and includes more than $250 of unearned income (e.g., interest and dividends) and (2) another person can claim you as a dependent on their tax return.*

Basic instructions. If you are not exempt, complete the Personal Allowances Worksheet. The worksheets on page 2 adjust your withholding allowances based on itemized [illegible]ons, adjustments to income, or two-earner/two-job situations. Complete all worksheets that apply. They will help you figure the number of withholding allowances you are entitled to claim. **However, you may claim fewer allowances.**

Child tax and higher education credits. For details on adjusting withholding for these and other credits, see Pub. 919, Is My Withholding Correct for 1999?

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, you should consider making estimated tax payments using Form 1040-ES. Otherwise, you may owe additional tax.

Two-[illegible]/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding will usually be most accurate when all allowances are claimed on the Form W-4 prepared for the highest paying job and zero allowances are claimed for the others.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your estimated total annual tax. Get Pub. 919 especially if you used the Two-Earner/Two-Job Worksheet and your earnings exceed $150,000 (Single) or $200,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 for a new social security card.

September 15, 2017

Dear Sheriff's Department Leaders,

THANK YOU! This is the second letter I have written to thank you for the excellent service of the Broward Sheriffs that keep Parkland, Florida safe.

I, as all of the Broward Sheriffs, returned home after working the "disaster" of hurricane Irma. I am a nurse and have been working 20 hour shifts at Memorial Hospital West in Pembroke Pines to care for the healthcare community. The Sheriff's Officers did the same and helped the entire community with shelter, protection and recovery.

On Thursday, September 14, at 1:10 PM, I finally was able to return to my home at [redacted] to enjoy some family time after this terrible disaster. I pulled my car into my home garage, left my belongings in my car, went into my home to get supplies for my family, returned to my garage to find my car stolen from my home. It took my husband and me a few minutes to gather our thoughts and finally realized the car was stolen. I called 911 at 1:26 PM to report the car stolen. I immediately received help from **Deputies** [redacted] **Trcijs,** [redacted] EXCELLENT TEAM of gentleman functioning at a very high level of critical thinking, expertise, data collection and criminal investigation.

These fine Officers of the Law immediately contacted my On-Star Provider. The car was located and seen by the area BSO Officer in Tamarac. The On-Star Service TURNED OFF my stolen vehicle. THAT was amazing! The car stopped. The thieves stole my belongings and exited the car. I thank God that NO ONE was injured during these intense minutes. I was more concerned for the Officers then my vehicle. My car can be replaced. These men and women were most important and can never be replaced.

These Officers completely recovered my car without damage within minutes of the crime. I followed the officers' directions and immediately had my electronic key reprogramed and changed the locks in our home. I am sad to experience such a crime in the "safety" of my own home. These thieves will not hurt my spirit. They are NOT going to win and make me fearful. I will change my routines, close my garage and bring my belongings in the house as educated by your fine officers. I will keep my faith in the BSO and be grateful every day for their care, service and team work. Thank you.

Overall Performance Summary: Summarize the employee's overall performance for this period by including explanatory comments consistent with the performance criteria measures. Indicate accomplishments, performance needing improvement, and any actions taken by the employee to improve their performance during this rating period.

Deputy Treijs is a veteran Deputy who has over 13 years of law enforcement experience at the Broward Sheriff's Office. He makes good decisions based on his years of experience and seldom seems to be caught off guard. Deputy Treijs communicates well with his co-workers and command staff. He doesn't hesitate to assist other Deputies or the public when asked. Deputy Treijs is very reliable and has a positive work ethic. He volunteers to work extra hours when other shifts run short even though it effects his off duty free time. He takes excellent care of his equipment and operates it in a safe and prudent manner. He complies with hygiene and grooming policies which projects a positive and professional image. Deputy Treijs is assigned to 1702 zone and handles the zone diligently and with very little supervisory input. He interacts well with the public in a manner that reflects positively on him and this agency. Deputy Treijs presents a very good temperament that translates well to his handling of different calls. Deputy Treijs is an asset to this District and to the citizens he serves.

Performance Expectations: Cite action-oriented, measurable, specific and time bound future performance expectations related to the employee's job duties and responsibilities:

With the low call volume the Parkland District receives, a deputy can become idle and complacent very easily. Deputy Treijs is expected to maintain a high level of work performance and self-generated calls. He must avoid complacency and continue to strive for excellence.

Career Development: Identify educational, training, and professional development activities for the upcoming evaluation period.

Deputy Treijs has many abilities and performs well in all aspects of Law Enforcement. I expect him to take any supervisor classes that are available over the next year. Because of his abilities and dedication I recommend that he takes the next Sergeants exam. I also would like Deputy Treijs take a DUI enforcement class within the next six months to improve his DUI enforcement skills.

Overall Performance Summary – Summarize employee's overall performance for this period, taking into account the above measures. Performance criteria that needs improvement or exceeds expectations requires written justification.

Deputy Treijs has worked with BSO since 1999 – first working within CPIS, and then becoming a Deputy Sheriff in 2003. Deputy Treijs has been a member of the Broward College Unit (BCU) since August 2012, and I have supervised him since August 2014 (upon the retirement of his previous supervisor). Deputy Treijs has proven to be a valuable asset in his assignment. Being CIT-certified and a member of the Homeless Outreach Team, Deputy Treijs has assisted the large homeless population who visits the public library on campus. Deputy Treijs is fluent in Russian and often assists with translations. Deputy Treijs demonstrates a comprehensive perspective toward managerial responsibilities. Showing concern for staffing requirements and budgetary constraints, Deputy Treijs always offers to flex his schedule and work for Comp Time whenever the need exists. Due to this unique assignment, BCU deputies have to collaborate with Broward College's Campus Safety (CS) Department. CS personnel have affirmed that Deputy Treijs exhibits "hard work" and "proactiveness," is "always on time," and is "responsive on the radio." During one incident on campus, a student secretly taped his interaction with CS and Deputy Treijs. According to the CS Lieutenant who reviewed the tape, Deputy Treijs was heard "being very reassuring and calming to the student, de-escalating the situation and reassuring him he was there to help." During another incident with CS, Deputy Treijs proactively researched an issue involving individuals feeding feral cats. Due to Deputy Treijs' assistance, CS was able to resolve the issue and prevent a significant liability to the college. In February 2015, Deputy Treijs received a commendation for his assistance with a possible stalking situation, wherein the dean of Student Affairs thanked him "for [his] continued and proactive approach."

Performance Expectations – State action-oriented, measurable, specific and time bound future performance expectations related to the employee's job duties and responsibilities.

Deputy Treijs had a supervisory position within CPIS, and served as a supervisor in the military - serving as a lieutenant in the Soviet Army and an E4 Specialist in the Army National Guard. Deputy Treijs has shown great interest in becoming a sergeant within BSO, and has displayed supervisory aptitude within his current assignment. In an effort to gain further experience, Deputy Treijs should volunteer for supervisory responsibilities within his current and future assignments.

Career Development – Identify educational, training, and professional development activities for the upcoming evaluation period.

This evaluation period, Deputy Treijs attended the following training classes: Homeless Outreach Team Specialist; MRT for Discriminatory Profiling, Domestic Violence and Juvenile Sex Offender; Handgun Class; Defensive Tactics; Combat Life Saver; as well as Active Shooter/Rescue Task Force. For the upcoming evaluation period, Deputy Treijs should seek courses that could assist him in career development with the goal of becoming a sergeant. He is encouraged to take the upcoming sergeants promotional examination.

Pursuant to SPM 3.10 (Performance Evaluation Process) a Notice of Improvement Needed (BSO A#157) is required for performance criteria needing improvement. Performance criteria that exceeds expectations requires written justification.

Overall,Deputy Treijs is doing an above average job since coming to the unit from road patrol. He is highly visible on foot, bicycle and in his marked unit while he is patrolling the North Campus. He has familiarized himself with his required daily activities as well as the colleges day to day operations and as a result has built a rapport with the students, staff and faculty creating a safe environment on campus. Deputy Treijs'. strengths are planning and organizing, dependability, initiative and dealing with school administration,staff,faculty and municipal police agencies. He also demonstrates respect for coworkers and supervisors. He completes assignments with little direction or supervision and makes sound decisions when performing under difficult situations. Deputy Treijs works independently and offers new suggestions that could improve the daily operation of the unit. He looks for ways to contribute and help command staff, coworkers and peers while completing assignments . Recently Deputy Treijs assisted Coconut Creek Police Department with the apprehension of a burglary suspect who had just committed a burglary and was running away from the scene adjacent to the campus. He has also built a rapport with the residents who live in the community just outside the campus and assisted them with any issues that may come up regarding college students. Performance Expectations – State action-oriented, measurable, specific and time bound future performance expectations related to the employee's job duties and responsibilities.

Dear Guntis,

As mayor of the City of Tampa, I wanted to personally thank you for helping make the 2012 Republican National Convention a success for Tampa and for the entire state of Florida.

Members of more than 60 different local, state, and federal agencies came together as one team and kept our residents and visitors safe.

The truest indications of your skill are that not one officer, deputy, or trooper was hurt; only two arrests were made during the week of the RNC; there was no significant damage to any property in downtown Tampa; and those who came here to make their voices heard and express their First Amendment rights could do so.

We trained together, and when it mattered, we stood together. Your dedication, cooperation, and team work made all the difference and helped Tampa shine when the world was watching. Instead of clashes with protestors, the world saw Tampa in all of its glory – from the newly lit downtown bridges to historic Ybor City.

I believe that the 2012 Republican National Convention will set the standard for how international events – not just political conventions, but world events - are done.

Guntis, thanks for being part of the team who made us so proud and helped Tampa shine.

Thank you,

Bob Buckhorn

DATE: April 20, 2005

MEMO TO: Deputy Guntis Trejs

FROM: Chief Scott A. Gooding
Lauderdale-By-The-Sea

SUBJECT: **Employee of the Month – April 2005**

On April 17, 2005 you observed a suspicious white four door Chevrolet Lumina traveling south on North Ocean Drive. The vehicle had dark tinted windows and the tag was obstructed with a plastic frame cover. You initiated a traffic stop in the 4200 block of North Ocean Boulevard and were advised through your MDT that the vehicle is registered in Teletype as having been stolen out of Fort Lauderdale on February 4th.

Using sound police procedures, you immediately requested back up deputies to respond to the scene. The quick response of backup deputies allowed you to safely remove all the occupants from the vehicle without incident. The driver, later identified as Mykel Williams, was taken into custody and later debriefed by detectives. Your investigation cleared the passenger in the vehicle of involvement in the crime. You were able to return the car to the victim in good condition with no apparent exterior damage.

Your keen observations and quick reaction resulted in the recovery of this stolen vehicle and the apprehension of the offender. You displayed professionalism, sound police procedures and investigative skills in this case. You have brought credit to yourself and to the Lauderdale-By-The-Sea District. It is for these reasons that you have been chosen as the Lauderdale-By-The-Sea District Employee of the month for the Month of April 2005

OVERALL PERFORMANCE SUMMARY (Include overall performance related to strengths and areas in need of improvement as noted in the evaluation)

There is no doubt that Mr. Treijs is a hard worker who is dedicated to the mission of the organization, however Mr. Treijs does not show the consistency needed to manage his personnel in a positive and respectiful manner. After interviewing several investigators and other supervisors related to Mr. Treijs overallperformance, I have been told, as well as have observed, that Mr. Treijs comes accross as condensending and confrontational when asked questions by his personnel.In fact, rather than ask Mr. Treijs for guidence, his personnel will seek other supervisors or training officers to provide assistance. There was improvment noted over the past two rating periods however this deficiency has again begun to appear.

SECTION IV: Performance Expectations, Career Development, Additional Assignments

Instructions: In this section, the evaluator and the employee should collaborate on performance expectations, career development opportunities, and additional assignments for the coming review period.

Performance expectations are specific, measurable, action-oriented, and time bound and should relate to job duties and responsibilities. The employee and the evaluator should also collaboratively agree on career development opportunities and additional assignments for which the employee might be suitable.

PERFORMANCE EXPECTATIONS (State action-oriented, measurable, specific, and time bound future expectations related to the performance criterion relevant to the employees duties and responsibilities)

Mr. Treijs greatest deficiency is in the area of interpersonal skills. Additional training has been provided as well as verbal counselling sessions to correct the deficiency. Even though there has been several months of improvment, as noted within previous evaluations, there is no consistency with this issue being resolved. In order to provide Mr. Treijs with additional assistance, a plan of action has been discussed with Mr. Treijs and Major Lauria that we believe will contribute to Mr. Treijs success.

CAREER DEVELOPMENT (Identify and explore future educational, professional improvement, and enhancement activities for the employee to participate in during the upcoming review period)

Interpersonel Skills courses to be identified for Mr. Treijs to be enrolled.

ADDITIONAL ASSIGNMENTS (List other assignments for which the employee might be suitable)

Weaknesses:
Is new to the role of a supervisor but will continue to grow in knowledge and expereience. I do have some concerns related to how Mr. Trejis communicates with others, including subordinates. Mr. Treijs appears to be condescending when speaking. This could be attributed to the fact that Mr. Trejis does speak another language. I have discussd this concern with Mr. Trejis and I have also had him attend a course designed at improving communication skills and dealing with people. Mr. Trejis also has to develop his skills associated with building relationships with other agencies and organizations affiliated with BSO/CPIS. Mr. Trejis does not yet understand the concept of "the Big Picture" view of adminstration and sometimes develops a negative opinion related to the goals of the section because of his lack of knowledge in this administrative arena.

The only weakness I've observed has been occasional errors or omissions in reports. This can be attributed to Mr. Treijs' enthusiasm and assertiveness towards closing cases for the backlog squad. Errors have been brought to his attention, and he diligently makes corrections, and learns from them, without complaint.

Overall Performance Summary:

Investigator Treijs has been employed with the Broward Sheriff's Office since 08/30/99 and began working cases on 09/13/99. I became his supervisor on 09/20/99. He is a hard working, professional, and a very competent Investigator. Investigator Treijs completes his assignments in a timely manner and requires little direct supervision in performance of his duties.

Strengths:

During this marking period, Investigator Treijs continues to work very hard to reduce his DCF backlogged cases and keep current with his new cases. He continues to complete his cases in a timely manner. During this marking period, Investigator Treijs unselfishly made himself available to fill-in to complete scheduling requirements to keep the section staffed during afternoons and weekends due to other investigator's pre-approved leave.

Weaknesses:

He had no observable weakness this marking period.

During this marking period, Investigator Treijs continues to work very hard to keep current with his new cases. He continues to complete his cases in a timely manner. During this marking period, Investigator Treijs investigated a drowning death case and worked with BSO criminal investigators to conduct a joint investigation. I personally witnessed Investigator Treijs interview parties and work with criminal investigators. He did a superb job.

Weaknesses:

Investigator Treijs was involved in a minor traffic crash with his assigned BSO unit. Investigator Treijs rear-ended another vehicle causing damage to both vehicles. Several days prior to the traffic crash, Investigator Treijs attended the Driver's Training course. Pending the outcome of the Crash Review Board's review of the traffic crash, I would assume that Investigator Treijs will be required to attend an eight-hour driver improvement course.

Overall Performance Summary:

Investigator Treijs has been employed with the Broward Sheriff's Office since 08/30/99 and began working cases on 09/13/99. I became his supervisor on 09/20/99. He is a hard working, professional, and a very competent Investigator. Investigator Treijs completes his assignments in a timely manner and requires little direct supervision in performance of his duties.

Strengths:

During this marking period, Investigator Treijs continues to work very hard to reduce his DCF backlogged cases and keep current with his new cases. He continues to complete his cases in a timely manner. During this marking period, Investigator Treijs commenced an investigation of a child death in an unlicensed day-care. He required little supervision and conducted the initial investigation in a highly professional manner and is currently working with the Sunrise Police Department to complete the investigation.

Weaknesses:

He had no observable weakness this marking period.

It should be noted that the dispatcher spelled the subject's name as "Nikolas Cruz." Deputy Treijs

The disposition for the call is B – No written report.

I obtained and reviewed the sworn, recorded witness statement taken by Sergeant Jonathan Brown, CCN 11100, of the BSO Criminal Investigations Division Homicide Unit, from Deputy Treijs. The statement was taken at the Public Safety Building on Friday, February 16, 2018, in reference to criminal case 17-1802-000525, as part of a criminal investigation regarding the shooting at Marjory Stoneman Douglas High School (MSDHS) which involves the subject, Nikolas J. Cruz, white male, Date of Birth; September 24, 1998. Also present was Detective Melissa Wallach, CCN 17289. The following is a synopsis of the statement:

Deputy Treijs advised that he has worked for the BSO since 1999. Treijs stated that he initially worked with the Child Protection Investigation Section (CPIS) and then attended the police academy in 2002. Treijs said that he later was assigned to various districts, which included unincorporated Deerfield Beach, Lauderdale-by-the-Sea, Broward College, and Cooper City. Treijs advised that he is currently assigned to road patrol in the City of Parkland. Treijs stated that his immediate supervisor is Sergeant Andrew Smith, CCN 13484. Treijs said that he transferred to Parkland approximately 2 and a half years ago in October of 2015. Treijs explained that as a road patrol deputy, he patrols his assigned areas, answers calls for service, drives a marked unit, and wears a BSO issued uniform. Treijs advised that he receives calls for service through a police radio and computer, via dispatch.

Sergeant Brown explained to Deputy Treijs that there is a lot of material that they are investigating regarding the criminal investigation of the incident at MSDHS. Brown advised that they were going "way back" and that a lot of people are being interviewed in order to determine what happened along the way regarding Subject N. Cruz.

Sergeant Brown referred to a Computer Aided Dispatch (CAD) that was generated from a call for service on November 30, 2017, at 1201 hours, the location of the call was 6166 NW 80 Terrace in the city of Parkland, and it was classified as a suspicious incident dispatched to Deputy Treijs. Brown read the comments and asked Treijs if he remembers that particular call for service. Treijs advised that he did remember the call and that he called back the reporter "[redacted]" [[redacted]], who was out of state. Treijs said that he used his personal phone to call the complainant. Treijs explained that [redacted] had an unknown accent and that he had a poor phone connection, because he had a "flip phone" at the time. Treijs recalled that [redacted] was concerned about a relative, "Nikolas Cruz," which she stated that she has not seen in years. Treijs advised that [redacted] told him that Subject N. Cruz at some point was a Parkland resident, but had moved. Treijs could not recall what type of relative, but believed she was a cousin or a relative of his adopted mother. Treijs said that [redacted] told him that N. Cruz had weapons, wanted to join the military, and wanted to kill people. Treijs stated that he asked [redacted] several times if she knew where N. Cruz was and she only reported an unspecified location in Lake Worth, Florida. Treijs advised that [redacted] did not know where N. Cruz lived and could not provide a date of birth. Treijs said that N. Cruz was a common name and that he did not know exactly where he would have been at the time. Treijs explained that [redacted] was concerned about N.

Cruz and the statements he made to her, but that there was no specific information that he could follow-up on.

Deputy Treijs advised that [redacted] relayed to him that Subject N. Cruz had weapons, wanted to join the military, and that he was also [redacted] Treijs denied that [redacted] provided him with any paperwork, literature, emails, or anything that described the threat that she was talking about and stated that "it was just a phone conversation." Treijs said that there was somewhat of a language barrier and that she had to repeat herself several times. Treijs denied that [redacted] either provided or advised that she could provide any proof or evidence. Treijs stated that she did not provide any specific information on a location or type of scenario regarding a threat. Treijs said that [redacted] could not provide a location for N. Cruz.

Deputy Treijs opined that [redacted] was trying to relay to him that Subject N. Cruz owns weapons and that he is joining the military. Treijs said that he interpreted that [redacted] was a concerned relative, but that according to her, his last location was somewhere in Lake Worth. Treijs advised that he directed her to make a report with Lake Worth, but could not recall whether she said she was going to make the report or not. Treijs stated that this was the extent of their phone conversation.

Deputy Treijs believed that [redacted] had last spoken to Subject N. Cruz over the phone within just a few days of her contacting the police.

Deputy Treijs advised that he checked OSSI, but thinks the spelling of "Nikolas" that he used was different. Treijs explained that there were "so many of them" he "couldn't pinpoint" what location or where he would be. Treijs said that if he would have found "Nikolas" in OSSI it would have given him a "reference point" with a current address, but [redacted] indicated that Subject N. Cruz had moved from Parkland. Treijs said that if OSSI would have provided him with an address in Parkland or anywhere else, he would have been able to follow-up or "make face to face" contact with him. Treijs stated that if he would have contacted N. Cruz, he would assess the case, his condition, follow-up on the weapons issue and his mental state. Sergeant Brown asked Treijs what he would have done if he would have made contact with N. Cruz and after assessing him, he thought there was a threat, and he was able to back it up by actually seeing firearms. Treijs explained that if those were valid concerns and if he met the criteria for Baker Act, it would be a Baker Act situation and he would secure the firearms. Treijs advised that if N. Cruz did not meet the Baker Act criteria, but he felt that he was still a threat he would contact his supervisor and attempt some type of crisis intervention with him. Treijs agreed that he would have completed a written police report that he would have forwarded for follow-up.

Deputy Treijs said that it was a very common name, there were multiple Cruz', and [redacted] did not have a date of birth. Treijs said that he did not see any other reports associated with the name. Treijs could not remember whether he checked the name in any other databases. Treijs said that he could have looked up the name in the Driver and Vehicle Information Database (DAVID), but that would have been an additional step taken and he did not have a date of birth.

EOG-03392

Sergeant Brown asked Deputy Treijs what he would have normally done if he had discovered that Subject N. Cruz lived in Parkland and responded to the house, but he was not home. Treijs advised that he would have normally come back later or passed the information on to the next shift to go back to the residence. Treijs also advised that he would have spoken to neighbors to see if they would know where he lived. Treijs denied having any other information from [redacted]. Treijs stated that he had exhausted all the leads that he had at that point.

Sergeant Brown asked Deputy Treijs if he knew who "Nikolas Cruz" is. Treijs stated that now he knows who he is. When Brown asked Treijs if he knew who Subject N. Cruz was at the time of the call, he advised that at that point, all he had was a name. Brown then asked Treijs whether he had ever came across a "Zachary Cruz." Treijs advised that he did not know that Z. Cruz was N. Cruz' brother until "after the fact" and did not know at that point. Treijs advised that he did recall handling a call with a "Nikolas" or a "Zachary Cruz" in Parkland, prior to the call from [redacted]. Treijs said that there was one incident he handled approximately a year ago involving the stepmother and N. Cruz. Treijs stated that he is now putting everything together and believes that it could be the same person. Treijs denied that when he received the call from [redacted] on November 30, 2017, he recalled having any dealings with N. Cruz in any call. Treijs said that if he would have recognized dealing with N. Cruz at the time of the call in November, he would have been able to verify the correct spelling of the first name, which is different than it is normally spelled. Treijs said he would have been able to pull up his old report, which would have given him additional information and his date of birth.

Deputy Treijs advised that in the original call with Subject N. Cruz he wrote a report, but he did not make an arrest [This call for service was dispatched on July 18, 2017, reference case 17-1702-001328]. Treijs recalled that the call was domestic related. Treijs said that the call involved the stepmother and the two stepsons, N. Cruz and Mr. Z. Cruz. Treijs advised that the stepmother reported that "he" wanted to walk the dog and she did not want to let him out at night. Treijs reported that his stepmother grabbed the leash and when he released it, it snapped back and that was the extent of it. Treijs said that there were no injuries or weapons involved in the incident. Treijs advised that he believed that he learned that N. Cruz was under house-arrest or was not supposed to be out at night as part of his release "condition." Treijs said that the call was in the Townpark area and that he did enter the house. Treijs advised that he recalled briefly speaking with Z. Cruz, but he said that he did not notice anything unusual. Treijs denied seeing any firearms inside the residence. Treijs advised that if he would have seen any firearms at that scene and would have felt that something was abnormal or that there was some type of threat he needed to deal with he would have secured the weapons for safekeeping. Treijs denied that he believed he was dealing with a violent subject, who had a potential for violence. Treijs said that they were both calm and sitting. Treijs reported that N. Cruz said that he wanted to walk the dog and his mom said no. Treijs reported that there was no arrest made. Treijs advised that Deputy Kenneth Barone, CCN 9368, was the responding backup deputy and that there may have been one other backup deputy. Treijs acknowledged that he completed a written report.

EOG-03393

Deputy Treijs explained that the reason he completed a written report on this incident was because the incident occurred in Parkland's jurisdiction, he responded to the call, and completed an investigation.

Deputy Treijs opined that he does not receive too many calls like the one that he received from [redacted].

Deputy Treijs agreed that he knows who Deputy Scot Peterson, CCN 4308, is. Treijs reported that he has personally investigated threats at the school. Treijs said that he has written reports that were forwarded by a sergeant to the school resource officer. Treijs said that based on the reports, Peterson contacts the principal who makes a determination whether to keep the school open or close it for the following day. When Treijs was asked whether he believes that the leads he sends to Peterson are being followed up on he replied, "Absolutely," and he advised that they are taken very seriously. Treijs recalled one occasion when Sergeant Bryan Nord, CCN 13551, and he spent half the night tracking down where some threats were coming from. Treijs reported that they located a juvenile, after going from house to house following up on leads. Treijs said that the incident was resolved, documented, and that the school board was notified about it. Treijs stated that he did not remember calling Peterson on this particular call or ever providing him with information about Subject N. Cruz.

When Deputy Treijs was asked whether he did any follow up on the call he received from [redacted], he reported that he made an entry into the CAD notes indicating that "Cruz" is not in Parkland and that his last known location was in Lake Worth. Treijs said that he did not feel that he had any information to act on, because he did not have a date of birth, and it was an out of state general concern about somebody who wants to join the military, is [redacted] owns weapons, and was most likely living in Palm Beach county at the time.

End of synopsis.

I obtained and reviewed a Domestic Disturbance Incident Report reference case number, 17-1707-001328, authored by Deputy Treijs on July 18, 2017. The incident location is listed at 8442 Lakeview Trail, Parkland, Florida 33076. The report is materially consistent with Treijs' statement, except that it appears that Treijs confused Subject N. Cruz with Z. Cruz during his statement. The report reflects that the mother, Mrs. Lynda Cruz, was involved in a domestic disturbance with her son Z. Cruz. It should be noted that there is no mention of Subject N. Cruz in the report. Also, the listed back-up deputy is Deputy Gary Michalosky, CCN 13549, not Deputy Barone as stated by Treijs.

I obtained and reviewed the sworn, recorded witness statement of [redacted]. The statement was taken by Detective Kami Floyd, CCN 17022, of the BSO Criminal Investigations Division Special Victims Unit. The statement was taken over the telephone on Monday, February 19, 2018, in reference to a follow-up investigation of criminal case 17-1802-000525, regarding the shooting at MSDHS. The following is a synopsis of the statement [It

EOG-03394

should be noted: this was a telephonic statement, because [redacted] resides in [redacted], [redacted]]:

[redacted] agreed that she was the person who made the 9-1-1 call on November 30, 2017, at 1201 hours to the BSO using the telephone number [redacted]. Detective Floyd read the comments of the call to [redacted] and she agreed that she provided the listed information. [redacted] advised that she contacted the police after Subject N. Cruz was posting photos on his Instagram account pointing a gun. [redacted] believed that N. Cruz looked like ISIS and said that he always liked to walk around like that and that he thought he was in the military. [redacted] said that she gave the BSO his Instagram account and she asked for it to be looked into.

[redacted] said that there were four Instagram posts that she saw. [redacted] explained that during the time that she contacted the BSO Parkland district, there were only three posts that she knew of. [redacted] described one of the posts as being of a backyard with a gun against the fence, pointing out towards the backyard. [redacted] explained that that she did not know whose house he was at. [redacted] said that she knew it was not his backyard in Parkland, where he originally lived with his mother and brother, because they did not have a wooden fence. [redacted] said that Subject N. Cruz did not really have anything on that particular Instagram account. [redacted] said that the Instagram account that she was so concerned about was the one in which he was wearing an Army hat that was almost like a skull cap and a mask over his face. [redacted] stated that there were guns there and that he did have one gun with an orange tip, which she knew was not a real gun. [redacted] advised that N. Cruz treated the gun as if it was real, because he used to walk around the neighborhood and he would have the gun. [redacted] said that she would tell his mother, "Lynda, he can't walk around with it. He's gonna get killed." [redacted] advised that Cruz' mother died on November 1, 2017, and that she saw the post and called police after she had already passed away.

Detective Floyd asked [redacted] if she was able to "say" where Subject N. Cruz was living when she called the police. [redacted] advised that she "believed" she did. [redacted] said that she told "them" that at one time he was living with "[redacted];" the woman who took him and his brother in [Later identified as [redacted]]. [redacted] advised that [redacted] did nothing but help him. [redacted] stated that during the Instagram conversation she had with N. Cruz, he told her that he did not like [redacted], because she was making him pay for things. [redacted] said that N. Cruz believed [redacted] should spend all her money on him and he should not have to do anything like that. [redacted] said that she responded back to N. Cruz on Instagram and told him that [redacted] was a wonderful and honest person for doing what she was doing. [redacted] advised that she told N. Cruz that [redacted] would help him and told him to do whatever she tells him and that he would be fine.

When Detective Floyd asked [redacted] if anyone called her back after she contacted the police regarding her concern, she initially stated, "No." Floyd then verified a second time by asking [redacted] if she ever spoke with any deputies from Parkland. [redacted] then recalled that she was told that she could not speak to a detective right away and she had to first talk to a deputy and they would call her back. [redacted] advised that she did speak to someone, but could not recall their name and believed that it may have been "Chase" [later identified as Deputy Treijs]. [redacted] advised she had the name written

down somewhere and recalls writing the word "Spanish" next to the name. [redacted] advised that their conversation led her to believe that the deputy knew Mrs. L. Cruz and the family. [redacted] said that she believed that he would help her, because it turned out that he was one of the "guys" who would respond to the Cruz' house all the time and knew what was going on.

[redacted] said that nothing ever happened. [redacted] said that when she found out that he was going to kill people, she knew that it had to stop, so she called the FBI [It should be noted that [redacted] contacted the FBI on January 5, 2018, approximately one month later after reporting the information to the BSO]. Detective Floyd asked [redacted] what the deputy's response to her was before they hung up. [redacted] initially said that the deputy said, "Thank you very much," and that they would call back if they had any questions. [redacted] then advised that she was "so confused" and that she did not know if it was the FBI or the deputy from Parkland who said that to her.

Detective Floyd pointed out that there was some confusion as to where Subject N. Cruz and his brother were living. Floyd asked [redacted] whether she ever spoke to any law enforcement agencies from either Lake Worth or Palm Beach County. [redacted] advised that she believed she did call Lake Worth prior to calling the BSO Parkland District, but when she stated that it was regarding Parkland, she was directed to call the BSO, which is what she believes she did. [redacted] believed that is when she spoke to Deputy Treijs, who told her that they would call her back if they had any questions.

Detective Floyd asked [redacted] how long after contacting the BSO did she make the report to the FBI. [redacted] advised that she was "really confused about that." [redacted] said that she was under the impression that she called the FBI sometime after Thanksgiving, but before Christmas. [redacted] said that she believed she called the FBI sometime in December, but the report on the television said that she reported it on January 5, 2018. [redacted] stated that she did not remember waiting that long to call the FBI.

Detective Floyd verified that the reason why she initially made the phone call and became concerned was because of the three postings she observed on an Instagram account. [redacted] pointed out that there was one posting in particular with all the ISIS "stuff" and the fact that Subject N. Cruz wanted to kill himself. [redacted] explained that N. Cruz posted on Instagram that he wanted to kill himself, but then he took it off. [redacted] confirmed that she saw the post prior to her phone call. [redacted] said that when she "heard," she started an Instagram account, because she did not even know what Instagram was. [redacted] said she saw N. Cruz' account and believed that something was going to happen. [redacted] said that she then called the FBI when she found out N. Cruz was saying that he wanted to kill people. [redacted] said that she recalls saying, "This is gonna be Columbine all over again."

[redacted] reported that she and Subject N. Cruz' mother were friends for almost sixty years. [redacted] advised that she had met N. Cruz and his brother and that they were like nephews to her. Detective Floyd then verified that [redacted] had made a total of three calls, one to Lake Worth, Parkland, and the FBI regarding her concerns.

End of synopsis.

I obtained and reviewed the Call Summaries completed by the BSO CID regarding the shooting at MSDHS. I particularly reviewed the notes reference case number 11-1711-001602. The summary was materially consistent with the aforementioned Communication Incident Summary and Detective's Floyd interview of [redacted].

On February 22, 2018, Deputy Treijs responded to the Division of Internal Affairs and his duty status was changed to Restricted Administrative Assignment.

On February 23, 2018, I obtained a sworn, recorded statement from Senior Mobile Systems Technician Christopher Deosaran, CCN 17277, at the Division of Internal Affairs. The following is a synopsis of the statement:

Technician Deosaran advised that he has been employed with the BSO for the past four years and has been in his current position as the agency administrator for OSSI report writing and PremierOne Motorola CAD system, and other applications for the past three years.

Technician Deosaran reported that once a deputy is on duty, they would log into the computer and the main two applications they use are OSSI MCT, which is used for report writing, and running tags and driver's licenses and PremierOne Mobile Client, which is how the deputies receive their calls from dispatch. It provides them with dispatcher notes, incident history of the call, location, and any other flags that may appear that they may need to be aware of for officer safety.

I pointed out to Technician Deosaran that prior to the statement, we conducted a few searches through the OSSI MCT applications. I asked Deosaran if there was a way to conduct just a name search. Deosaran stated yes, and explained that the deputy would have to open the MFR (F12 tab), create a new incident and when you start typing a name, the program reaches out to our server, which has a repository of all the names that have ever been in the system, and queries it to find out which are the closest matches to what was entered. Deosaran advised that this is just a way that the program can be used to run a search if all you had was a name, but it is not supposed to be used that way. Deosaran said this would allow you to see persons with similar names, their ages, and address. Deosaran agreed that a search through the driver's tab could not be completed, unless the deputy has a name and date of birth or a driver's license number.

I pointed out to Technician Deosaran that when we conducted the search, we queried the name "Nikolas Cruz." Deosaran agreed that the search revealed several different spellings and there was a total of seven names that appeared. Deosaran explained that there was a hard query on the last name, which is Cruz, which has to be definite. And then the first name is a soft query, so it gives you the different variations of spelling, but it returns several results with the different ages and addresses. Deosaran agreed that the listed names would be the same names that would display if the search was conducted through the Records Management System (RMS). Deosaran explained that the laptop version of MCT queries retrieves the information from RMS.

Technician Deosaran acknowledged that I previously asked him to conduct a search for Deputy Treijs search history on OSSI. Deosaran explained that he provided reports from searches that were done in the OSSI driver tab, which would require you to know the first name, last name, and date of birth, or you would have needed to swipe a driver's license. Deosaran said he ran Treijs queries from November 15 to December 15 in state and out of state and provided those reports. Deosaran explained that if Treijs would have conducted a search through the MFR tab that would not show up in any report. Deosaran advised that it is not logged, because that report was never completed and submitted and the only reason that he got that drop-down list of names would be to help him complete his report using the name candidate in the system.

Technician Deosaran advised that DAVID is another application where the deputies can perform a name search, but advised that they are supposed to use the one that is directly connected to OSSI. Deosaran could not think of any other application that he administers in which a name search could be conducted.

On February 23, 2018, I obtained a sworn, recorded statement from Communications Operator III Janice Johnson, CCN 5548, at the Regional Communications North Site located at 4900 West Copans Road, Coconut Creek. The following is a synopsis of the statement:

CO Johnson advised that she has been employed by the BSO for 30 years and is currently working as a Communications Operator III. Johnson described her job duties as receiving emergency and non-emergency phone calls, dispatching units, providing Emergency Medical Dispatching (EMD), which is giving pre-arrival medical instructions to the public prior to fire rescue's response. Johnson clarified that she only dispatches for police units. Johnson explained that she is not assigned a particular area and that the dispatchers get rotated around. Johnson verified that she often dispatches for Channel 8A, which includes the City of Parkland, North Lauderdale, and Tamarac. Johnson stated that Parkland is not as busy as the other two districts, but informed me that she does get busy dispatching for the other two cities.

I pointed out to CO Johnson that prior to the statement, I had her review the Incident Details on Incident Number L1717113000001602. Johnson advised that she did not recall dispatching that particular call. I asked Johnson whether she has ever dispatched any similar calls. Johnson said that they do get all sorts of calls and some which are similar in nature, but did not believe that it was very often. I asked Johnson if due to the comments of the call, she believes this would be something that she would remember or not. Johnson advised that it would not be something that she would remember, because there are so many calls and the dispatchers never know the outcome of calls. Johnson said that the work is fast paced and that it would not stand out to her, unless the call was of a child drowning or something similar.

CO Johnson estimated that according to the Incident Details, it appeared that the unit may have been busy on the call for approximately 16 minutes. I asked the dispatcher if that is a normal amount of time to be busy on a call. Johnson advised that it depends on the type of call that the deputy is

EOG-03400

handling. Johnson said that it appears from the printout that she contacted the sergeant about the call at 1203 hours and was told to hold the call for 17B2 (Treijs). Johnson did not know why the sergeant held the call for 17B2, if the call was in 1703 zone. Johnson opined that the unit assigned to that zone may have been at court, the service center, or busy on another call.

CO Johnson advised that she is not used to looking at a call through the Incident Details or the Communications Incident Summary and requested that a Duty Officer printout the call and provide the Incident Detailed Report. Johnson verified that the comments at the end were entered by Deputy Treijs and then he coded out the call for service, Bravo, which means no report written.

End of synopsis.

On February 23, 2018, I obtained a sworn, recorded statement from Sergeant Brian Miller, CCN 4643, at the Parkland District Office. The following is a synopsis of the statement:

Sergeant Miller, CCN 4643, advised that he has been employed by the BSO for almost 32 years. Miller said that he has been assigned to the Parkland District for over a year and is currently a dayshift road patrol sergeant.

I pointed out to Sergeant Miller that prior to the statement, I showed him the Incident Details for Incident Number L1717113000001602. Miller said that he did not recall this incident being dispatched. Miller could not recall why he advised the dispatcher to hold the call for Deputy Treijs (17B2) if the incident was in 1703 zone. Miller stated that he did not have an independent recollection of the call, but stated that the zone unit may have been busy on something else or out of the district.

I asked Sergeant Miller if after reading the comments on the call, did he believe that more follow-up should have been completed. Miller said that after reading the initial call or comments, he did not understand what the connection was to Parkland. Miller advised that it referred to a Lake Worth location. Miller stated that he is unaware if the information on how the call was connected to Parkland was given to the deputy. Ultimately Miller believed that more information was needed, because he did not see the connection to Parkland, based on what was written in the comments. Miller did verify that the address listed on the summary location is an address in Parkland, but added that it was a telephone call from someone who was in [redacted]. Miller opined that it sounded like the incident or the threats occurred in Lake Worth.

I asked Sergeant Miller if after reading the deputy's comments, he believed that he should have written an Event/Incident report or if he believed that the comments listed in the CAD were sufficient to document the call. Miller stated that the threats that were made were very severe and that he would normally suspect that Deputy Treijs, in particular, would write a report with that type of information. Miller added that Treijs works very hard in the district and usually writes a very good report and does a very good investigation. Miller advised that when someone is referring to the Columbine High School shooting, that event alone is very severe, considering the number of people

that were killed. Miller said that based on what he was reading, he did not know if the deputy knew that the subject was from the Parkland area or went to school there.

I asked Sergeant Miller that if a report would have been generated, who would have followed up on it. Miller said that if it would have been tied to a school in Parkland, they would have definitely informed the school resource officer or if there was a crime it would have been forwarded to the district criminal investigations sergeant.

I pointed out to Sergeant Miller that during a search on OSSI of the name Nikolas Cruz, seven names auto populate with different, similar spellings. I asked Miller if he believed that seven names, would have been too many names for a deputy to follow-up on in order to identify the Nikolas that was being referred to in the complaint. Miller advised that the deputy would have the ability to follow-up on seven names and that if he is familiar with Parkland, he would be able to review and determine which address was in Parkland. Miller verified that one of the addresses on the Nikolas Cruz name search was the same address that was listed as the location on the Incident detailed report.

Sergeant Miller acknowledged that he provided me with the Parkland District Payroll/Daily Roster for November 30, 2017.

Sergeant Miller pointed out that the comments on the dispatch call were extensive and he would be surprised if the dispatcher would have read that much information over the radio. Miller believes that the dispatcher would have read some of the comments and would assume that the deputy would read the details when it came up on his CAD.

I pointed out to Sergeant Miller that the incident did have a location address and asked if the deputies have the capability of doing a history search on the incident location. Miller stated that they do have the capability and that they will frequently do that for alarm calls and to see the history of the addresses. Miller stated that he could have asked the dispatcher for the history on the address.

End of synopsis.

On February 23, 2018, I obtained a sworn, recorded statement from Communications Operator I Dion Lebert, CCN 18201, at the Regional Communications North Site located at 4900 West Copans Road, Coconut Creek. The following is a synopsis of the statement:

CO Lebert advised that she has been employed by the BSO for one year and two months and is currently a 9-1-1 call taker. Lebert said that her duties are to answer calls for service and document incidents. I pointed out to Lebert that prior to the statement, I had her review the Incident Details on Incident Number L1717113000001602. Lebert stated that she remembered receiving that particular 911 call. Lebert informed me that she does not receive similar calls very often, so she remembered this particular call. Lebert stated that after the shooting occurred at MSDHS, she recalled that she was called by "this person" prior to the shooting. Lebert said that she remembered some things that stood out, but that she did not remember the subject's name. I asked Lebert what were some of the

EOG-03402

things that she remembered prior to reading the Incident Details. Lebert advised that she distinctly remembered that the female caller was telling her that the subject's parent died.

I asked CO Lebert how she would normally spell the name Nikolas, if she had to spell it. Lebert initially spelled N-i-c-k-h-o-l-a-s and then corrected herself and spelled N-i-c-h-o-l-a-s. I then asked Lebert whether she recalled if the caller actually spelled the name for her on this particular call, but she could not recall. I pointed out to Lebert that in the comments, she typed the name as N-i-k-o-l-a-s. I asked Lebert whether she would have typed the name that way or does she believe that the caller may have spelled it out that way. Lebert explained that both scenarios are possible. Lebert said that it is possible that she could have typed it that way, if she was working fast, because sometimes they are typing just trying to get the call in and not spelling accurately. Lebert also said that it is also possible that the caller might have spelled it for her, since sometime callers will do that if they are not hearing them clearly or if the call taker wants the caller to clarify, they will request the caller to spell the name.

CO Lebert said that she recalls that the caller was very frantic. Lebert described that the caller was speaking rapidly and she sounded very concerned. Lebert could not recall whether the caller had an accent. Lebert recalled that the caller told her that the person was either not at the address at the time or no longer living there and she mentioned something about the person in Lake Worth or Palm Beach. Lebert explained that once she speaks with the caller and types everything up, she sends it to the dispatcher, and she is done with the call and proceeds to take additional calls.

On February 23, 2018, the New York Times posted the article, "Tipster's Warning to F.B.I on Florida shooting Suspect: 'I Know He's Going to Explode' " on the Internet. The article had a direct link to the transcription of the telephone call [redacted] made to the FBI on January 5, 2018, at 1431 hours. The transcription is unclassified and has been redacted. The following is a synopsis of the transcript:

The caller later identified as [redacted] states that Subject Nikolas Cruz, is 18 years of age, but has the [redacted] and he has Instagram accounts. His mother passed away on November 1, 2017. The caller says that N. Cruz started off by saying that he wanted to kill himself, so what she did was call the "Parkland Police Department" [BSO Parkland District] where he lives. [redacted] states she talked to an officer, but the name is redacted. [redacted] states that she gave him all the information, but did not hear anything back about it.

[redacted] states that just recently, Subject N. Cruz "switched" his Instagram comments and wrote that he wants to kill people. [redacted] says that he posted that on his Instagram page, but he removed the post two days later. [redacted] advises that if they look at his Instagram pages, they will see all the guns and added that "he's so into ISIS." [redacted] says that she is afraid that something is going to happen, because N. Cruz does not have the [redacted]. [redacted] says that he gets so outraged if someone talks to him about certain things. [redacted] reports that N. Cruz pulled a rifle on his mother before she

passed away. [redacted] advises that a whole other problem is that he is going to receive $25,000 from his mother's life insurance. [redacted] says that N. Cruz got his mother's debit card and withdrew money out of her account after she passed away and purchased "all these rifles and ammunition" and posted pictures of them on Instagram. [redacted] states that the family, a distant cousin, and herself are very concerned and wanted someone to know about it, and determine whether it was something worth looking into. [redacted] states that she knows her conscience is clear if he takes off and just starts shooting places up.

[redacted] is asked by the Intake Specialist if Subject N. Cruz said that he would do those things or just said he wanted to. [redacted] reports that on his Instagram account he wrote, "I want to kill people." [redacted] says that she can identify his Instagram accounts, so that they can look at them and see the pictures. [redacted] says that the account where he put, "I want to kill people," and then took it down is "nikolas_cruz_." [redacted] said that he had another account "nicholascruzmakarov" that they should also look at. [redacted] then provided a third account of "cruz_nikolas" and stated that is the account that has cut up animals. [redacted] says that it currently had a picture of a frog, but knows that at one point there was a picture of a bird. [redacted] advises that there was a time that a bird hit the ground after flying into a glass window. [redacted] says that N. Cruz brought the bird into the house, placed it on his mother's kitchen counter, and started cutting it up. [redacted] reports that N. Cruz has all kinds of hunting knives. [redacted] states that she did not know what particular knife he used. [redacted] advises that when N. Cruz' mother asked him what he was doing, he replied, "I want to see what's inside." [redacted] says that this would be a red flag.

[redacted] advises that Subject N. Cruz wanted to "kill all these animals and do something in Arabic." [redacted] describes that N. Cruz would dress up like a ninja or an "ISIS guy." [redacted] says that on one of N. Cruz' Instagram accounts, he had pictures of all his rifles. [redacted] is asked by the Intake Specialist if N. Cruz talked about doing anything else. [redacted] replies, "No," and advises that N. Cruz has expressed different things and then removes the post, but has left the pictures. [redacted] says that she texted him on one of the accounts asking him how he was and requesting him for a phone number, because she needed to speak to someone. [redacted] says that she went back on the account, because she had not heard back from him. [redacted] says that at the top of the page it stated, "Leave me the F alone." [redacted] did not think this was still posted, but believed he was speaking to her.

[redacted] states that it was "just so much" and that she knows "he's going to explode." [redacted] says that the parents of his friend, who also has an Instagram account took Subject N. Cruz in and allowed him to live with them. [redacted] says that the family allowed him to bring his guns and everything to the house, because they had them locked up. [redacted] advises that N. Cruz said that when he received his $25,000, his friend's father was going to invest it for him. [redacted] says this was also a flag to her, because the friend's father did not know N. Cruz "from a hole in the wall." [redacted] describes that N. Cruz gets "crazy" when you ask him for money. [redacted] provided N. Cruz' friend's father's name, address, and phone number, which was redacted from the transcript. [redacted] states that she and the family have tried to call the friend's father, but he refused to return any of their phone calls. [redacted] says that they just want to see how N. Cruz is doing and to make sure he understood his problems.

[redacted] is asked by the Intake Specialist if Subject N. Cruz talks about ISIS or just dresses up like one. [redacted] states that he dresses that way. [redacted] then goes on to describe the photos in each of N. Cruz' Instagram accounts. [redacted] says that he has one Instagram account that has "a thing for Arabic words." [redacted] provides another Instagram account of "crazynikolas_new." [redacted] says that the "cruz_nikolas" account has pictures of him "dressed up in," but she does not finish the sentence. [redacted] reports that N. Cruz wants to join the Army. [redacted] says that he shows the gun he purchased, a Maverick 88 slug for $219. [redacted] says that there is a photo in which he shows all his knives and a gun he owns. [redacted] says that he does show one gun that has an orange tip, which she believes is an air pistol. [redacted] then mentions the cutting up of frogs and another gun photo. [redacted] says that in the "nikolas_cruz_makarov" account there is a photo in which he is wearing a "Make America Great Again" hat and his face is covered with a scarf. [redacted] talks about photos on his Instagram account of a dirt road, bloody frogs, American Eagle ammunition, something that looks like a target in a frame, his rifle, a whole bag with all kinds of rifles and "stuff on it," and scopes. [redacted] states that her main concern is that he is going to receive $25,000. [redacted] opines that he is not going to invest it and that instead he is going to buy guns.

[redacted] reports that the last rifle Subject N. Cruz purchased was online and it was shipped to an address in Parkland, Florida, that is redacted in the transcript. [redacted] states that she believes that N. Cruz was working at his old job at the Dollar Tree, which is near a Walmart in the City of Parkland. [redacted] says that it is alarming to see the photos and to know what he is capable of doing and what could happen. [redacted] advises that he was no longer in school and that he never graduated. [redacted] reports that N. Cruz has been "thrown out of all these school, because he would pick up a chair and just throw it at somebody, a teacher, a student, because he did not like the way they were talking to him." [redacted] then states, "I just think about, you know, getting into a school and just shooting the place up."

[redacted] agrees to answer any further questions if someone calls her back. [redacted] states that she wanted to get the information off her "chest" in case something does happen and she does believe that "something" is going to happen.

End of synopsis.

On March 2, 2018, I obtained a sworn, recorded statement from [redacted]. The statement was taken over the telephone, since [redacted] resides out of the State of Florida. [redacted] advised that her sister-in-law, [redacted], would be in the room with her while she provided her statement. The following is a synopsis of the statement:

I explained to [redacted] that it appeared that there may have been a mix-up of information regarding the initial information she provided to the BSO and the FBI. [redacted] agreed that she had initially contacted the BSO, next the FBI, and ultimately provided a statement to Detective Floyd.

[redacted] explained that she was initially attempting to contact the "Parkland Police Department" (BSO Parkland District), but ended up contacting another police department, "something Worth,"

who provided her with the phone number to the BSO. [redacted] advised she had the phone number written down and provided it [It should be noted during an Internet search, the number provided by [redacted] was registered to the Fort Worth City Police Department located in Texas, (817) 392-4200]. [redacted] said that she believes that she may have started to tell the police department about the incident, but she was stopped and provided with the number to the BSO Parkland District, (954-753-5050). [redacted] advised that when she called the BSO and asked to speak to a detective, she was told that she could not do that. [redacted] stated that she was informed that someone would call her back, so she provided all her information and someone did call her back.

[redacted] agreed that she contacted the BSO on November 30, 2017. [redacted] said that her initial concern was that Subject N. Cruz was saying that he wanted to kill himself and posted it on his Instagram page. [redacted] advised that Mrs. L. Cruz' cousin, Mrs. [redacted] (later identified as [redacted]), was the person who reported it to her and believes that she was the one who told her that N. Cruz posted it on his Instagram account and then removed it. [redacted] clarified that she never saw the post and only received the information from [redacted]. [redacted] stated that her first concern was that this situation had to stop, because she knew how N. Cruz was and surmised what he was going to do.

[redacted] advised that she called the BSO and voiced her opinion to the deputy who she spoke to [later identified as Deputy Treijs]. [redacted] stated that she started the conversation by stating, "I know you've been to Lynda Cruz's house on numerous occasions" and informed Treijs that Mrs. L. Cruz passed away on November 1, 2017. [redacted] said that Treijs responded by stating, "Lynda's dead?" [redacted] informed me that it was this statement, which led her to believe that Treijs knew exactly what she was talking about, that he had been to the house, that he knew the situation, and that he was going to help her. [redacted] said that she proceeded to tell Treijs that Subject N. Cruz wanted to kill himself and believes that she told him about the guns. [redacted] then said that she was unsure of what she told Treijs and would have to hear the tape again [It should be noted the 911 tape was no longer available at the initiation of this investigation due to the time delay]. [redacted] believed that she told Treijs that N. Cruz was going to do something bad. [redacted] could not recall whether it was the BSO or the FBI, who told her that they would call her back if they had any more questions.

[redacted] clarified that she created a personal Instagram account after [redacted] told her that Subject N. Cruz had posted some concerning things on his Instagram page. [redacted] said that after she created her Instagram account, the first few posts she saw on one of N. Cruz' accounts was a photo where he had guns, he shows a picture of a gun that he wants to buy, and another photo where he has a mask on and an "Army hat." [redacted] stated that she saw an Instagram post where N. Cruz was wearing a mask and said that N. Cruz always thought he was Al-Qaeda. [redacted] explained that at the time she called the BSO, she had already created her Instagram account, because that was how she was able to provide the deputy with all the information. [redacted] stated that she passed on the Instagram information to Deputy Treijs and also to the FBI.

[redacted] initially denied that she made contact with Subject N. Cruz during this time or prior to calling the BSO. [redacted] was confused and could not recall whether she made contact with N. Cruz

either right before or right after Thanksgiving Day (Thursday, November 23, 2017), when he was living with [redacted]. [redacted] initially talked about how [redacted] had sent her a message on Instagram and she ([redacted]) asked [redacted] how N. Cruz was doing and if everything was okay. [redacted] then started talking about an Instagram conversation between her and N. Cruz. [redacted] said that she asked him if everything was okay. [redacted] said that N. Cruz replied to her and said that he did not like [redacted] and that she was taking all of his money. [redacted] said that she tried to explain to him that [redacted] was doing "a wonderful thing to take care of him and his brother." [redacted] told N. Cruz that [redacted] was not trying to take his money away, that she did not have any money to do what she was doing, but that she was trying to help him. [redacted] reported that she told N. Cruz to work with [redacted] do what she tells him to do, and that everything would be okay, but he never answered her back. [redacted] repeatedly stated that she did not know whether that conversation she had with N. Cruz was before or after she talked to the BSO. [redacted] advised that she was unsure about the exact timeline. Ultimately, [redacted] stated that she did not believe that she had had the Instagram conversation with N. Cruz, when she spoke to Deputy Treijs. [redacted] reported that prior to the Instagram conversation, it probably had been a few years since she last had any contact with N. Cruz.

I asked [redacted] if she provided the call taker with an address in Parkland. [redacted] stated that she did not have the address where Subject N. Cruz lived. [redacted] said that what she told Deputy Treijs was what he already knew, the address when N. Cruz was a student, which was 6166 Northwest 80 Terrace, Parkland, Florida. [redacted] stated that she visited the residence on numerous occasions in the past. [redacted] estimated that the Cruz family lived at the 6166 Northwest 80 Terrace address for at least 20 years. [redacted] advised that Mrs. L. Cruz sold the house and moved into a townhouse in Parkland in January of 2017, but did not have that address with her. I asked [redacted] again if she believed that she might have given the Parkland address when she initially called the BSO, because she did not know where N. Cruz was and that was the only address she knew of. [redacted] believed that what she told Treijs was that N. Cruz left [redacted] house and was back in Parkland. [redacted] did not believe that she provided the address, because Treijs knew the address and had been there on numerous occasions. [redacted] said that she "knew" that someone knew what she was talking about, was there, and could understand what she was saying. [redacted] reported that when N. Cruz left [redacted] house he stayed with someone by the name of "Brian" in Parkland for two days, before he ended up moving into Mr. James Snead's house.

[redacted] stated that before Mrs. L. Cruz passed away she requested that [redacted] take in Subject N. Cruz and his brother if something happened to her. [redacted] advised that N. Cruz and his brother moved in with [redacted] on November 1, 2017. I asked [redacted] whether N. Cruz had already left [redacted] house when she called the BSO. [redacted] reported that on November 29, 2017, [redacted] called the police, because of an altercation between N. Cruz and her son. [redacted] advised that [redacted] did not want to allow N. Cruz to bring any weapons into her house, so he decided to leave. [redacted] pointed out that she did not know that information until after she had called the BSO. [redacted] clarified that when she called the BSO, she believed that N. Cruz was still living with [redacted]

[redacted] explained that she and [redacted] were acquaintances and that they never spoke

until after Mrs. L. Cruz passed away. [redacted] said that she and [redacted] did exchange text messages. I asked [redacted] whether she knew any of [redacted] personal information. [redacted] stated that she did have her phone number and that was how she was able to text message her. [redacted] advised that she believed [redacted] lived in Lantana and that she had the address written down. [redacted] clarified that she did not know that information when she spoke to Deputy Treijs. [redacted] said that all she knew on November 30, 2017, when she called the BSO was that [redacted] took the Cruz boys to live with her, but did not know the address and did not even think about providing the phone number. [redacted] said that the only thing she was focused on when she called the BSO was that N. Cruz was going to either hurt himself or someone else. [redacted] said she did not know what information she gave, but she would have provided the information if she had it.

I pointed out to [redacted] that in the notes the deputy wrote that she informed him that Subject N. Cruz was staying with "Billy." [redacted] corrected me and advised that the friend's name was Brian. [redacted] advised that Brian lived somewhere in Parkland, but advised that she did not know that when she called the BSO on November 30, 2017. [redacted] said that she only knew that Brian had a room that he rented. When I asked [redacted] why she believed that Cruz was staying with Brian she advised that she had "no idea."

Later in the statement, I asked [redacted] whether she knew that [redacted] had kicked Subject N. Cruz out of her house at the time that she called the BSO. I pointed out to [redacted] that she allegedly told Deputy Treijs that N. Cruz was staying with Brian. [redacted] advised that she did not believe she knew that information when she called the BSO. [redacted] said that she received that information after she spoke to the BSO, which would have been around the first week of December 2017. I advised [redacted] that Treijs documented that she reported that N. Cruz was living with a friend, Billy [redacted] corrected me again by saying Brian. I explained that she may have told Treijs the name Brian, and he may have misunderstood and wrote the name Billy. I again asked [redacted] that if she told Treijs that N. Cruz was living with a friend, does she believe that she would have known that N. Cruz was no longer living with [redacted] [redacted] then agreed and advised that she was getting very confused regarding the time lines. [redacted] denied that she knew Brian's last name or address. I then asked [redacted] how she would have known that N. Cruz was staying with Brian and if [redacted] would have been the one to tell her that. [redacted] was unsure if someone told her that or if she would have just assumed it, because he did not go to Mr. Snead's house right away. [redacted] ultimately advised that she did not remember why she would have told Treijs that N. Cruz was living with Brian. When I asked [redacted] if she knew where Brian lived she advised in Parkland. I then asked [redacted] how she knew that and she stated that she believed Mrs. L. Cruz told her that Brian rented a room in Parkland and was friends with N. Cruz.

When I asked [redacted] if she spelled out the name Nikolas to the call taker, she advised that she did not believe she did. [redacted] explained that she was really upset at the time and said that she did not know what she said to the call taker, besides that she wanted to speak to a detective. I then asked [redacted] if she ever spelled the name out for Deputy Treijs. [redacted] advised that she did spell it out for him, because she gave him as many Instagram accounts as she could remember (The account names were not in any of Treijs' CAD notes). [redacted] advised that the name Nikolas did not have a common

DH

spelling name and that he was named after Mrs. L. Cruz' grandfather. [redacted] later stated that she believed that she may have spelled out the name to both the call taker and Deputy Treijs, because she provided the name of the Instagram account, which was "Nikolas_Cruz_." [redacted] advised that there were several other Instagram accounts, but this one had the information and a picture of the gun that he wanted to buy. [redacted] said that she told the deputy to go on Instagram, so she could prove what she was talking about. [redacted] later said that she believed that she told Treijs about the one Instagram account that she knew of at the time. I asked [redacted] what were the photos that she was concerned about when she called the BSO. [redacted] reported that the first Instagram photos she saw was the one with the picture of the rifle he was going to purchase, the one where Subject N. Cruz was wearing the Army skull cap and he had a mask on, and the one he was holding the knives.

I asked [redacted] what changed that caused her to contact the FBI. [redacted] reported that [redacted] told her that Subject N. Cruz posted on Instagram that he wanted to kill people and then removed the post. [redacted] advised that she saw the additional photos that N. Cruz posted. [redacted] said that her first thought was that she had not heard anything from the BSO, so she called the FBI and gave them the information on Instagram accounts and told them that N. Cruz was "nuts."

[redacted] stated that there are so many things going through her head right now of what she had said and does not know what she said to the BSO, to the FBI, or both. [redacted] said that she was so concerned about the situation with Subject N. Cruz.

I asked [redacted] whether she knew Subject N. Cruz' date of birth. [redacted] advised that it was September 28 and that he was 19 years old. [redacted] denied that Deputy Treijs ever asked her for Cruz' date of birth. I asked [redacted] what types of questions Treijs asked her [redacted] stated that she did not know and that basically she was doing all the talking. [redacted] stated that when Treijs said, "Oh, Lynda's dead," that it was a shame, and that he was sorry to hear that; she figured that he had all the information. [redacted] stated that he knew the address, he knew that he had been to the house on numerous occasions, and that he knew it was a bad situation. When I asked [redacted] why she believed that Treijs had been to the house on numerous occasions she advised, because he knew Mrs. L. Cruz by her first name. [redacted] reported that L. Cruz was on a first name basis with a lot of deputies that responded to the house. I asked [redacted] that besides Treijs knowing L. Cruz' first name, did he tell her [redacted] that he had been to the residence on numerous occasions or that he was familiar with the family and she responded, "No." [redacted] advised that she told Treijs that she was calling about "Nikolas Cruz," and that if he wanted to verify it, to check the records, because "you" (the police) have been called to the house on numerous occasions and he would be able to see the deputies that were called to the house and the reasons that they were called. [redacted] advised that was when she stated that N. Cruz' mother passed away and Treijs stated her first name.

[redacted] agreed that Deputy Treijs asked her for her personal information and she provided it. I asked [redacted] whether she had a phone number for Subject N. Cruz at the time she called the BSO. [redacted] advised that N. Cruz did not have a phone and that he was using his mother's phone. [redacted] said that the phone did have service, but that N. Cruz did not answer anyone's calls and the mailbox was full.

[redacted] advised that she wrote down the deputy's name that she spoke to, but did not have the information with her. [redacted] advised that she remembers writing the name Chase and in parenthesis she wrote down the word "Spanish" and believes it may have been because he had a Spanish name. [redacted] denied that there was a language barrier or a bad phone connection when they talked.

I asked [redacted] whether she ever suggested a way for Deputy Treijs to identify Subject N. Cruz or how to make contact with him. [redacted] advised that she told him about the Instagram account and the previous calls to the house. [redacted] advised that she assumed Treijs knew what school N. Cruz was attending, because he worked in the City of Parkland. When I asked [redacted] if N. Cruz was enrolled in school at the time that she called the BSO, she advised that she did not know.

[redacted] could not recall whether she ever received a case number from Deputy Treijs. [redacted] believed that Treijs told her that he was going to "look into it," but was not positive that he actually said that and she only assumed he would, since he knew the situation. [redacted] stated that she assumed that the deputy was going to write a report regarding what she told him. [redacted] said that she did not know whether she asked Treijs to follow-up with her. [redacted] reported that the next time someone contacted her was after the MSDHS shooting.

I asked [redacted] if Deputy Treijs ever told her that they did not know where Subject N. Cruz was, that he could not follow-up, or that she needed to call the Palm Beach Sheriff's Office, because that was the last place he was known to reside. [redacted] denied that Treijs ever told her that. [redacted] reported that Treijs just listened to her. [redacted] denied that Treijs provided her with any instructions after she reported her concern.

End of synopsis.

It should be noted that throughout the interview [redacted] made contradicting statements about how she obtained the information and what information she provided to Deputy Treijs and the FBI as synopsized below:

- When [redacted] was asked if she spelled the name Nikolas to the call taker, she initially said, "No," and then said that she did not know. Ultimately [redacted] said that she did spell the name to the call taker when she provided her with the Instagram account information; however, the dispatcher did not document any Instagram Account information in her notes. [redacted] stated that she provided Deputy Treijs with the one Instagram account that she knew of at the time that she contacted the BSO and later stated that she provided Treijs with as many Instagram accounts as she could remember.

- [redacted] originally reported that she created an Instagram account only after [redacted] told her that Subject N. Cruz posted on Instagram that he wanted to kill himself. However, [redacted] reported that she had a conversation on Instagram with N. Cruz about his feelings towards [redacted]. [redacted] reported that although she was confused about the timeline

she believed that the conversation on Instagram occurred after she spoke to the BSO. This is a contradicting statement, since N. Cruz would have already moved out of Deschamp's residence when [redacted] contacted the BSO.

- [redacted] advised that she started the conversation with Deputy Treijs by stating "I know you've been to Lynda Cruz' house on numerous occasions" and informed him that she passed away. [redacted] advised that when Treijs stated, "Lynda's dead?" this statement alone led her to believe that he knew the family, had been to the house, and knew the situation.

- [redacted] initially stated that when Subject N. Cruz moved out of [redacted] house he went to stay with a friend only known as Brian. [redacted] then advised that when she spoke to Deputy Treijs, she believed that N. Cruz was still living with [redacted]. [redacted] stated that she was unaware of the altercation and 911 call at [redacted] residence or that N. Cruz was no longer living there. Later in the same statement, I pointed out to [redacted] that Treijs documented that she advised him that N. Cruz was living with a friend Brian. [redacted] insisted that she did not believe she knew that information until after she spoke with Treijs. I again pointed out to [redacted] that if she told Treijs that N. Cruz was staying with Brian, that would mean that she was aware that N. Cruz was no longer living with [redacted] and she agreed. Also, a review of Treijs CAD notes state that [redacted] reported that N. Cruz caused a disturbance in Lake Worth, where he last resided two days ago; however, [redacted] stated that she did not know about this incident until after she spoke to Deputy Treijs. During the statement, [redacted] advised two separate times that Brian lived in Parkland. [redacted] stated at one point that she did not know Brian lived in Parkland until after she spoke to Deputy Treijs (November 30, 2017), but later in the statement, [redacted] advised that Mrs. L. Cruz was the person who told her that Brian rented a room in Parkland (It should be noted Mrs. L. Cruz passed away on November 1, 2017).

End of synopsis.

I obtained and reviewed the sworn, recorded witness statement of [redacted]. The statement was taken by Detective Bruce Link, CCN 10154, of the BSO Criminal Investigations Division Special Victims Unit. The statement was taken over the telephone on Saturday, February 17, 2018, in reference to a follow-up investigation of criminal case 17-1802-000525, regarding the shooting at MSDHS. The following is a synopsis of the statement [It should be noted: this was a telephonic statement, because [redacted] resides in [redacted]]:

[redacted] stated that Subject N. Cruz was her cousin's, Mrs. L. Cruz, adopted son. [redacted] reported that she had never met N. Cruz before. [redacted] agreed that L. Cruz passed away on November 1, 2017. Detective Link points out to [redacted] that according to the CAD report for case 17-1711-0000039, it shows that she called 9-1-1, and asks her if she recalls. [redacted] tells Link that she does not remember making that call. [redacted] advised that she did recall calling the hospital in Broward County. [redacted] explained that she initially called L. Cruz' cellphone and someone answered and asked her if

she was L. Cruz' friend or blood relative. [redacted] reported that they told her that L. Cruz was in the hospital that she "had coded during the night. They brought her back during the night and that she was coding again at that very moment." [redacted] advised that they told her that they had her son N. Cruz there and that they did not believe that L. Cruz was going to survive. [redacted] advised that she requested the person on the phone to give her [redacted] phone number, because she knew her and L. Cruz kept in touch for over 60 years. [redacted] advised that N. Cruz told the person on the phone about "[redacted]" ([redacted]), because she did not know her.

Detective Link points out to [redacted] that according to the report she stated that the kids had guns and that she was requesting law enforcement to respond to the home, to check on them, and to take their guns away. [redacted] advised that she did not remember making the phone call and denied mentioning anything about guns. Link asks [redacted] whether she knew that they had guns and if she was concerned about it. [redacted] reported that Mrs. L. Cruz told her that Subject N. Cruz had pellet guns and bb guns, and wanted to enlist in the military, but that he had the mental capacity of a 14 year old.

[redacted] reported that Mrs. L. Cruz mentioned problems with her sons, but it was mostly about Mr. Z. Cruz stealing things and being verbally disrespectful. [redacted] said that Z. Cruz had been arrested a couple of times and was on probation. [redacted] advised that Z. Cruz refused to get up and go to school.

[redacted] advised that Mrs. L. Cruz told her that Subject N. Cruz did hit her once, because he wanted to go to Walmart and she told him "No" and that they were going home. [redacted] stated that N. Cruz swung his hand out and either knocked out or loosened three of her teeth. [redacted] said that L. Cruz had to go to the dentist for it. [redacted] estimated that the incident occurred three months before L. Cruz passed away.

[redacted] said that Mrs. L. Cruz told her that Subject N. Cruz bought a gun, but she thought it was a "hunting gun." [redacted] said she believed the "police type of gun" (No further description) was at a boy named "Hunter's" house. [redacted] explained that Hunter was N. Cruz' friend and that they would go to Hunter's father's cabin to go hunting. [redacted] reiterated that she believed the real guns were at Hunter's father house.

[redacted] advised Detective Link that she did not remember making any 9-1-1 calls warning or requesting law enforcement to go and check on the boys and to remove their guns. [redacted] said that she even checked her phone bill for calls that were made on that date.

[redacted] ultimately advised that she had not seen Mrs. L. Cruz in approximately 22 years and she never met the boys (Subject N. Cruz and Mr. Z. Cruz). [redacted] said that after reading and hearing from [redacted] and other people, she thinks that there were problems that L. Cruz was not sharing with everybody. [redacted] believed that [redacted] knew a lot of the problems that were going on, because she had visited Florida and talked to L. Cruz all of the time, over multiple years. [redacted] reported that she did not talk to L. Cruz for a period of 16 to 17 years. [redacted] states that [redacted] had talked to L.

Cruz, visited her, and had met N. Cruz and Z. Cruz. [redacted] advised that [redacted] would tell her things that L. Cruz never told her. [redacted] reported that L. Cruz did not tell the whole family what was going on and believed she may have been embarrassed.

End of synopsis.

I obtained and reviewed the sworn, recorded witness statement of [redacted]. The statement was taken by Detective Bruce Link, CCN 10154, and Detective Kami Floyd, CCN 17022, of the BSO Criminal Investigations Division Special Victims Unit. The statement was obtained at her residence located at [redacted] on Saturday, February 17, 2018, in reference to a follow-up investigation of criminal case 17-1802-000525, regarding the shooting at MSDHS. The following is a synopsis of the statement:

[redacted] advised that she had a very close relationship with Mrs. L. Cruz, and stated that she was like her "mom." [redacted] stated that L. Cruz was the first person she met when she moved to Florida and lived beside her. [redacted] believed that she has known Subject N. Cruz for more than 11 years.

[redacted] advised that Subject N. Cruz moved in with her on November 1, 2017, when Mrs. L. Cruz passed away. [redacted] advised that they called her from the hospital and she went to get "the kids" at the hospital just before L. Cruz passed away. [redacted] advised that she recalled calling police about the possible guns being buried in her backyard. [redacted] explained that her mom caught N. Cruz digging in the backyard with a shovel. [redacted] said that they waited until he was at work to figure out where he was digging. [redacted] advised that N. Cruz worked at the Dollar Tree and she would drive him to and from work. [redacted] said that she found a hole and an empty gun box that he brought with him from his old house. [redacted] opined that N. Cruz was preparing to receive and bury a gun. [redacted] stated that she found out about the gun he purchased from Dick's Sporting Goods and told him that he could not have any guns in the house. [redacted] said that she did not trust N. Cruz and was aware that he had beat his mom and put guns to her head "too many times." [During a review of the Call for Service summaries there did not appear to be a call for service where it was reported that N. Cruz put a gun to anyone's head. It should be noted that when [redacted] called PBSO (case number 17157013) on November 28, 2017, she reported that N. Cruz had used a gun against people in the past, including putting a gun to others head.] [redacted] said that she believed she could control it if there were no guns around and she had her son that was bigger than N. Cruz. [redacted] advised that they called the police after they did not find anything in the hole, because she wanted to know what her options were [redacted] believed that N. Cruz was going to bring a gun and therefore wanted him out of the house. [redacted] reported that he was already starting to get angry, because she did not want him to have his gun or bring his guns that he already had at his friend's house. [redacted] said that she was told that she could not "kick him out," because his property was there and that he could have his guns in the house if he wanted them. [redacted] felt that there was nothing she could do, but just wait there to be killed.

[redacted] advised that on November 28, 2017, there was a big fight and her son was trying to

stop Subject N. Cruz from hitting the walls and he decided to leave on his own. [redacted] said that they were worried that he was coming back with the gun that he bought and was going to go pick up.

[redacted] denied that she ever saw the gun or that Subject N. Cruz ever brought it to her home. [redacted] said that she allowed him to bring the pellet gun, but he could not have it in his possession. [redacted] advised that the pellet gun was stored in her son's closet and his door was locked. [redacted] agreed that on that night N. Cruz punched her son in the face. [redacted] said that she did ask the police to take N. Cruz to jail, but that her adult son did not want them to and only wanted him to leave. [redacted] advised that they found a place with one of his friends for him to go. [redacted] said that she always kept in contact with N. Cruz.

[redacted] believed that Subject N. Cruz returned on December 20, 2017, with "James." [redacted] said that James is the father of "J.T," N. Cruz' friend that he goes hunting with.

End of synopsis.

On May 15, 2018, I obtained a sworn, recorded statement from [redacted]. The statement was taken over the telephone, since [redacted] resides out of the State of Florida. The following is a synopsis of the statement:

[redacted] agreed that Subject N. Cruz is the adopted son of her cousin, Mrs. L. Cruz. [redacted] denied that she ever had any direct contact with N. Cruz and advised that she never met him. [redacted] reported that the last time she spoke to L. Cruz was over the telephone the day before she passed away. [redacted] said that they were discussing L. Cruz being [redacted]

[redacted] explained that she has known [redacted], for approximately 58 years, since they were children. [redacted] advised that she did not keep in touch with [redacted] over the years, but that Mrs. L. Cruz did. [redacted] said that L. Cruz and [redacted] were longtime friends. [redacted] reported that she started to communicate with [redacted] after L. Cruz passed away. [redacted] advised that she knew L. Cruz kept in contact with [redacted], so when she passed away she asked the nurse for [redacted]'s number. [redacted] said that she called [redacted] and notified her that L. Cruz had passed away, but advised that Subject N. Cruz had already notified her. [redacted] reported that her and [redacted] have maintained contact, since L. Cruz passed away.

I pointed out to [redacted] that on November 30, 2017, [redacted] called the BSO regarding some concerns she had. I then asked [redacted] whether she knew what [redacted]'s concerns were at that time. [redacted] said that the concerns were that Subject N. Cruz "would just snap a lot. He could snap very quickly and just get violent." [redacted] explained that during that time, she and [redacted] had also been communicating with [redacted] who was taking care of N. Cruz and Mr. Z, Cruz. [redacted] said that [redacted] had told her that her mother had seen N. Cruz trying to bury a gun in the yard. [redacted] advised that Mrs. L. Cruz had told her and believes that she may have told [redacted] too, that N. Cruz was "just in love with guns and knives." [redacted] advised that when they found out that he was "trying to bury it," they knew he could "snap" and were nervous about that. [redacted] reported that L.

Cruz had also mentioned that one time N. Cruz was mad and had actually pointed the gun at her and pointed the gun at Z. Cruz. I asked [redacted] again if she knew why [redacted] called the BSO on November 30, 2018. [redacted] advised that [redacted] knew N. Cruz much better than she did, and [redacted] was concerned that he would, "you know, blow up and use his guns."

[redacted] advised that she did see three or four of Subject N. Cruz' Instagram accounts. [redacted] explained that she already had an Instagram account and looked up N. Cruz and Mr. Z. Cruz just to check-up on them and see what they were getting into. [redacted] advised that she had seen one of N. Cruz' Instagram account approximately two months before Mrs. L. Cruz had passed away. [redacted] advised that the first Instagram account she saw had a picture of N. Cruz holding knives, there were guns on a bed, his face was covered with what looked like T-shirts with slits cut in them for his eyes. [redacted] reported that she told L. Cruz about it and she responded by saying that he wanted to go into the Army and join the infantry. L. Cruz told her that it was just his way of horsing around. [redacted] advised that after L. Cruz passed away she started noticing "nastier stuff." [redacted] advised that N. Cruz posted, "I want to kill people," approximately two weeks before the shooting at MSDHS [It should be noted that when [redacted] contacted the FBI on January 5, 2018, she reported that N. Cruz has posted that he wanted to "kill people," which was approximately one month before the shooting at MSDHS]. [redacted] advised that N. Cruz was living with Mr. Snead at the time. [redacted] said that she attempted to contact Snead several times and was unsuccessful until she threatened to contact the "authorities." [redacted] advised that she warned Snead about N. Cruz' behavior, potential for violence, and the content if his Instagram accounts. [redacted] said that Snead told her that he would talk to N. Cruz and that he was sure that he was "just acting out a little."

[redacted] agreed that she was the person who initially told [redacted] about Subject N. Cruz' Instagram accounts and advised that they both started to monitor his accounts. [redacted] agreed that prior to N. Cruz posting that he wanted to kill people, she physically saw a post where he wrote that he wanted to kill himself and then removed the post. [redacted] agreed that she and [redacted] talked about that particular post.

I asked [redacted] whether she knew who Billy or Brian was. [redacted] advised that Mrs. L. Cruz had an older friend named Billy who was approximately 70 years old. I asked [redacted] whether she knew who Subject N. Cruz went stay with after he left [redacted] residence. [redacted] said that she believed that he went to stay with "some kid that was a little older." [redacted] believed that N. Cruz stayed there for one or two days. [redacted] said that she believed the unknown "kid" was renting a room and assumed that it was somewhere near the city of Parkland, because N. Cruz knew him. I asked [redacted] how she knew that N. Cruz went to stay with a friend. [redacted] said that she believed that was what [redacted] told her, but it was something that she had heard. [redacted] advised that N. Cruz was only there for a short time and then left to go live with the Snead family. [redacted] believed that N. Cruz' friend at the Snead's residence is named Jameson, but is referred to as J.T.

[redacted] advised that [redacted] told her that when she contacted the BSO in November she reported that she told him who she was and that she was calling about the Cruz's. [redacted] said that [redacted] told her that the person she talked to actually knew Mrs. L. Cruz, because they had been to her

house so many times. [redacted] stated that [redacted] told her that when she notified the person that L. Cruz had passed away he seemed shocked. [redacted] advised that [redacted] told her that the person seemed to acknowledge all the calls that were made by L. Cruz over the years regarding Subject N. Cruz and Mr. Z. Cruz. [redacted] said that [redacted] told her that she reported how N. Cruz "is", that he had guns, that he did not have anyone to keep him calm, and that he should take the guns away before he did something stupid. I asked [redacted] whether [redacted] told her that she said something about the Instagram accounts and she said yes. I asked [redacted] whether [redacted] knew where N. Cruz was staying when she called the BSO on November 30, 2017. [redacted] said that she believed that [redacted] still thought that he was at [redacted] residence.

I asked [redacted] whether she knew what pictures were posted on Subject N. Cruz' Instagram account when [redacted] called the BSO on November 30, 2017, versus the pictures that were posted when she called the FBI in January of 2018. [redacted] stated that they were, "Pretty much the same" and did not have a lot of differences. [redacted] agreed that the photos of N. Cruz with guns and the knives, and him covering his face were posted prior to November 30, 2017. [redacted] clarified that before Mrs. L. Cruz passed away she did not see N. Cruz' posting, "I want to kill people," or "I want to kill myself." [redacted] said that she did not see those post until after L. Cruz past away. [redacted] believed that the post which stated that he wanted to kill himself was removed approximately one or two days after it was posted.

[redacted] said that she thinks that whoever handled both of [redacted] calls "dropped the ball." [redacted] advised that she did not think enough was done to stop the shooting at MSDHS. [redacted] advised that she believed that it could have been prevented if the police would have got involved. [redacted] stated that Subject N. Cruz could have been sent in as a Baker Act. [redacted] advised that [redacted] gave them the information that N. Cruz said that he wanted to kill himself and that he had guns. [redacted] said that information should have been enough for the police to go to the house and investigate it.

End of synopsis.

I reviewed the video recorded witness interview of [redacted]. The statement was taken by Detective Bryan Tutler, CCN 10849, of the BSO Criminal Investigations Division Homicide Unit. The interview was conducted at the Public Safety Building on February 14, 2018, in reference to a criminal investigation regarding the shooting at MSDHS, reference case 17-1802-000525. During the statement [redacted] reports that Subject N. Cruz went to live with Mr. James Snead after she "kicked" him out (Timestamp 5:05 minutes).

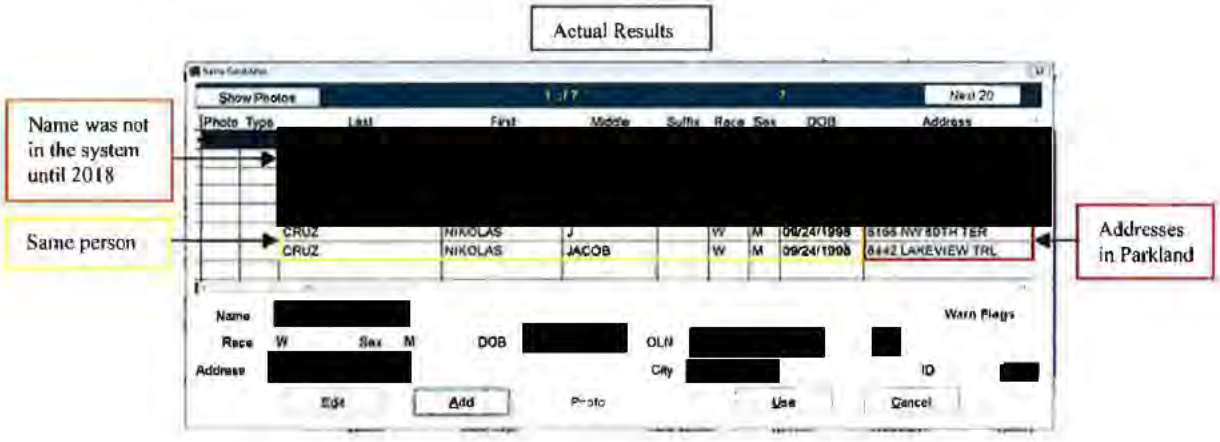
I obtained and reviewed Detective Timothy Metz, CCN 11626, Case Supplemental Report reference case 17-1802-00525. On page 4 of the report Metz documents that he obtained video recorded statements from Mr. Jameson (J.T) Snead (Friend of Subject N. Cruz), Mr. James Snead, and Mrs. Kimberly Snead (Jameson's parents). Metz documented that they advised that N. Cruz moved into their residence located at 7200 Loxahatchee Road, Parkland, Florida 33067, with them on November 27, 2017, after the person he was living with in Lake Worth ([redacted]) forced him to move

out.

I contacted Sergeant Eric Keith, ID 6231, from the PBSO Internal Affairs Division and requested him to search for any calls for service made by [redacted] or her phone number [redacted] in November of 2017. Keith replied by email and advised that he checked with their Communications Division and they were unable to locate any calls.

I also sent an internet request to the Fort Worth Police Department to see if there was a call made by [redacted] in November of 2017. I received an email back from Fort Worth Police Department stating that they reviewed their files and determined that there were no responsive documents regarding my request.

A search of the RMS master names database as pictured below revealed the following spelling variations of the name Nikolas Cruz: (2) "Nicholas Cruz", (2) "Nicholas Cruz", and (3) "Nikolas Cruz." After further review it appears that one of the Nicholas Cruz' was not entered into the database until February 20, 2018, and therefore would not have been in the system when Deputy Treijs would have attempted to complete a name search in OSSI. There were two Nikolas Cruz' with the same date of birth, but two separate addresses in the City of Parkland 6166 NW 80 Terrace and 8442 Lakeview Trail. It should be noted that one of the listed addresses, 8442 Lakeview Trail, is the same address that was listed as the location for the Domestic Disturbance that Treijs responded to on July 18, 2017, reference case 17-1702-001328. The other listed address 6166 NW 80 Terrace, is the same address that was listed as the location for the Suspicious Incident reference Incident Number L1717113000001602, on November 30, 2017. It should be noted that Subject N. Cruz was no longer living at either of the two listed Parkland addresses on November 30, 2018, when [redacted] contacted the BSO.



A search in RMS for the last name Cruise revealed 15 males, none of which had the first name Nikolas or any variation of the name. It should be noted that due to recent changes to the OSSI MCT, a history for the address would not have been readily available to Treijs, because the calls for service

would have been prior to data migration that occurred on March 28, 2017.

I requested the Transaction Archive Reports (TAR) and DAVID Audit for Deputy Treijs in order to locate whether he made any queries for Subject Nikolas Cruz or several variations of that name. The TAR and DAVID Audit did not return any related searches.

I conducted several searches on DAVID for the name Nikolas Cruz and several variations of the name which revealed the following:

(5) Nikolas Cruz – One that had a City of Parkland address.
(44) Nicholas Cruz – None with a City of Parkland address.
(29) Nicolas Cruz – One that had a Lake Worth address. One that had a West Palm Beach address.
(2) Nickolas Cruz – None with a City of Parkland address.

It should be noted there were zero results for the name Nikolas Cruise or any variation of the name. The one Nikolas Cruz with the Parkland address is the Subject in the MSDHS shooting. The address history does have the address of 6166 NW 80 Terrace, which was provided during the call made to the BSO.

A search of the RMS Master Location database revealed that the 6166 NW 80 Terrace address was used in three Incident Reports, two that involved Subject N. Cruz. The address was also attached with the names Nikolas Cruz, Zachary Cruz, and Lynda Cruz.

I obtained and reviewed PremiereOne and CAD regarding the Calls For Service for November 30, 2017, in the City of Parkland. During the Bravo Gold shift (0600 – 1800 hours) there were 45 Incident Numbers generated. There were 26 calls for service that were dispatched and 19 calls that were self-generated (school zones, vacation watches, and traffic stops). Deputy Treijs personally handled 10 service calls. He was dispatched to 7 of the calls for service. Treijs had three self-generated calls; 1 school zone, 1 vacation watch, and 1 traffic stop. Treijs did not complete any Incident Reports on this date.

I contacted Application Programer/Analyst, Courtney Harvey, CCN 9945, from the Information Technology Division. Harvey provided an Internet Browser log from November 1, 2017 through December 31, 2017, for Deputy Treijs. The log revealed that Treijs did have access to streaming video. According to the log it did not appear that Treijs visited the Instagram website on November 30, 2017. It did appear that the Instagram website was visited on December 12 and 22, 2017; however, it is unknown what was accessed or whether it was a redirection from a different website.

On May 24, 2018, I obtained a Garrity statement from Deputy Guntis Treijs, CCN 9714, at the Division of Internal Affairs. His IUPA representative, Associate General Counsel Gary Lippman and Sergeant Aldemar Rengifo, CCN 9981, from the Division of Internal Affairs was also present. The following is a synopsis of the statement:

EOG-03418

Deputy Treijs agreed that the statement that he provided to Sergeant Brown was true and accurate. Treijs clarified that in his statement he referred to Subject N. Cruz as being involved in the Domestic Disturbance that he handled in July of 2017, but it was actually his brother, Mr. Z. Cruz who he made contact with.

Deputy Treijs reported that he has conducted "civilian" Child Protective Investigations for a little less than three years. Treijs agreed that he also conducts investigation as a Road Patrol deputy. Treijs advised that he has been assigned to Road Patrol since 2003.

Deputy Treijs advised that he did recall handling the call for service on November 30, 2017, with the caller, [redacted]. Treijs stated that [redacted] reported that her relative, Subject N. Cruz, possessed firearms and wanting to join the military and kill people. Treijs explained that he and [redacted] had a conversation, but that was the information that he mostly remembered. Treijs advised that he asked [redacted] what her relationship to N. Cruz was, his location, his name, and age or date of birth. Treijs reported that [redacted] could only provide partial information. Treijs advised that she provided the name, but did not know his date of birth. I asked Treijs whether [redacted] was able to provide a location. Treijs advised that the location was Lake Worth, "because that's where he was last located. That was where he was." Treijs said that [redacted] was unable to provide a specific address in Lake Worth or a phone number. Treijs said that she provided that name of the city and that was all "she knew about it." I asked Treijs whether he believed that he asked sufficient questions in order to attempt to identify the individual. Treijs said that he asked "biographic questions" that she should have had, but she gave him the answers she knew, "his name and not the date of birth."

I asked Deputy Treijs what investigative measures he took. Treijs advised that based on the information that he had, he attempted to search for the name on OSSI. Treijs reported that without a date of birth he received multiple responses. Treijs said that because Subject N. Cruz had just moved two days earlier, he did not search anything further "knowing that he just moved from Broward." [It should be noted N. Cruz moved from Broward after his mother passed away on November 1, 2017, and went to stay with [redacted] in Lake Worth.] Treijs said that what he understood was that N. Cruz had recently relocated to Lake Worth, he was known to be in Lake Worth, and that he was in Lake Worth. Treijs said that it was verified by [redacted] that N. Cruz was in Lake Worth and that she knew that he was there.

Deputy Treijs advised that he conducted a Person Search on OSSI, by entering the first name, last name. I pointed out to Treijs that he advised that too many names populated and asked him approximately how many names it revealed. Treijs explained that there was a list of names on the screen he saw, but he did not count them. Treijs said that that the page he opened up was not a full screen, but advised that the page was full. Treijs denied that he scrolled down the list of names to see whether anybody had a Parkland address. Treijs said that he did not do any further research because the person was no longer living in Parkland and the caller did not have an address. I pointed out to Treijs that there was a Parkland address that was attached to the call, 6166 Northwest 80th Terrace, and asked him whether he attempt to conduct a history search on that address. Treijs said the reason he did not conduct a search of the history of the address was because, "based on the fact" that he did

not live there, the address was no longer active, and that was "not his address anymore." I asked Treijs whether it could have helped him identify who the person was, if there were prior calls to that residence. Treijs agreed that if there were prior calls, prior reports would have showed if that person was listed in a report. I asked Treijs whether he thought about checking the address history at the time or if there was a reason this was not completed. Treijs said that he did not conduct the address search, because "the concern was about the jurisdiction," which was in Palm Beach. Treijs said that the fact that the individual was previously living in Broward was old information. Treijs advised that he did not respond to the address provided on the CAD. Treijs agreed that the new occupants or neighbors could have possibly provided information on where the family moved to. Treijs advised that he did not respond to the listed address because he was told that his current location was in West Palm Beach. Treijs clarified that during his conversation with [redacted] she indicated that N. Cruz was not in Broward County, so he believed that he was not in Broward County. Treijs agreed that he did not try to identify N. Cruz or gather any further information, because he believed it was out of his jurisdiction. Treijs pointed out that when N. Cruz had the conversation with [redacted] he was in West Palm Beach. I asked Treijs whether [redacted] reported that N. Cruz was living in West Palm Beach or whether that was his last known location. Treijs advised that West Palm Beach was N. Cruz' last known location per [redacted]; she knew that because there was some type of recent incident involving N. Cruz and the Lake Worth Police Department [During a review of the call for service summaries it was documented that on November 28, 2017, PBSO (case number 17157013) responded to the Deschamp's residence due to an Assault. On this date N. Cruz voluntarily moved out of the residence].

Deputy Treijs agreed that [redacted] told him that Subject N. Cruz went to stay with his friend Billy. Treijs advised that he did not know where Billy lived and [redacted] did not specify a location. I asked Treijs whether [redacted] ever told him that N. Cruz went to live with [redacted] after his mom, Mrs. L. Cruz passed away. Treijs advised that he never heard the name [redacted] before, and said that [redacted] never told him that. When I asked Treijs if he believe that [redacted] gave him any information that he could have followed up on he replied, "Not based on what she gave me."

Deputy Treijs agreed that he had access to streaming video on his work computer, which includes site like YouTube, Facebook, and Instagram. Treijs denied that he has an Instagram account. I pointed out to Treijs that in his internet browser log, it appears that the Instagram website was visited on December 12th and the 22nd. Treijs advised that he did not recall ever visiting the Instagram website. I asked Treijs whether he recalled being on another website and possibly being redirected to the Instagram website. Treijs advised that would be the only way it could have occurred, because he does not even know what the Instagram website looks like. Treijs reported that he is not familiar with social media. Treijs denied that [redacted] provided him with any Instagram information for Subect N. Cruz' accounts. I pointed out to Treijs that the CAD notes on the call stated that N. Cruz had several social media sites and asked him whether he attempted to obtain any information regarding that statement. Treijs recall that [redacted] stated, "It's all over internet." Treijs advised that [redacted] did not provide him with the account information or website. I asked Treijs whether he asked [redacted] for the social media website, the account, or where he could find it. Treijs advised that he did not get the specifics.

I asked Deputy Treijs whether he ever provided [redacted] with the telephone number to the Palm Beach Sheriff's Office or Lake Worth, since he believed that it was in their jurisdiction. Treijs said that he did not have the number, but advised that he told her "twice" that she needed to call to Lake Worth. Treijs advised that [redacted] understood what he told her.

I asked Deputy Treijs if he recognize any of the people that [redacted] was talking about from previous calls for service. Treijs advised that he remembered the name Mrs. L. Cruz from his previous call. Treijs verified that he recognized the name when he talked to [redacted] during the phone call. Treijs agreed that he knew who [redacted] was talking about when she notified him that L. Cruz passed away. Treijs said that he knew L. Cruz, because he had a call the previous year and she was referring to the stepson. I asked Treijs whether he made the connection that [redacted] was talking about L. Cruz' son, Subject N. Cruz. Treijs said that he did remember the call for service involving L. Cruz and the "other son" (Mr. Z. Cruz). I asked Treijs if he knew who L. Cruz was, and [redacted] was talking about her son, does he believe that he could have identified who her son was based on him knowing that he had been to the residence before. Treijs advised that he never saw N. Cruz or had any dealings with him. Treijs agreed that he may have told [redacted] that he was familiar with the family and had responded to a call there before as she had suggested. Treijs pointed out that his previous involvement with the family was one call for service.

Deputy Treijs agreed that during his statement to Sergeant Brown he mixed up Subject N. Cruz and Mr. Z. Cruz. I pointed out to Treijs that during his statement he said that he recalled both sons being at the scene, but in the report, it only mentioned Z. Cruz. I asked Treijs whether he recalled N. Cruz being on-scene. Treijs replied, "No," and explained that there was another juvenile at the home, but described him as a black male, approximately 16 or 17 years old.

I pointed out to Deputy Treijs that according to his statement, he stated that [redacted] had an accent and that he had a bad phone connection. I asked Treijs if after reviewing the statements he believed that [redacted] has an accent. Treijs explained that he had trouble understanding her and had to keep asking her to repeat herself. Treijs advised that it could have been either because of an accent or the manner in which she spoke. Treijs stated that she appeared agitated and it was hard to understand everything that she was saying. Treijs reported that back then he had a flip phone which stopped working. Treijs agreed that if he had a bad phone connection he could have used a different phone.

I asked Deputy Treijs what he thinks [redacted] was attempting to report to him, what her concern was, and what he believed that she wanted him to do for her. Treijs said that [redacted] was concerned about her relative, Subject N. Cruz. Treijs said that [redacted] wanted assistance, but she only provided limited information about his whereabouts. Treijs insisted that [redacted] did not know N. Cruz' date of birth and advised that he asked her "twice" for it. Treijs said that he did ask for an approximate age and [redacted] told him that he was an adult. I asked Treijs if that information could have helped him in trying to narrow down the list of people on OSSI and he agreed.

I asked Deputy Treijs if [redacted] specifically told him that Subject N. Cruz wanted to kill himself.

Treijs advised that [redacted] did not advise any specific threats and said that she told him that he wanted to join the military and kill people. Treijs agreed that he saw the CAD notes which stated that N. Cruz wanted to kill himself. I asked Treijs whether he specifically asked [redacted] why she said that he wanted to kill himself. Treijs replied, "Yes," and explained that [redacted] told him that she had a conversation with N. Cruz when they were on the phone. Treijs stated "but those were not the specific threat; he was grieving his stepmother." Treijs agreed that he asked [redacted] whether N. Cruz said that he wanted to kill himself. Treijs said that [redacted] was concerned about him because of the recent death of his stepmother, L. Cruz. Treijs reported that [redacted] repeated that she was concerned about him, that he was grieving his mother, and that he wanted to join the military. Ultimately, Treijs agreed that one of [redacted] concerns was that N. Cruz wanted to kill himself. I asked Treijs if he believed that those were serious allegations or concerns. Treijs replied, "On its face, yes." Treijs advised that he did not notify a supervisor or make any notifications to anyone else regarding these allegations, because the call was received from out-of-state and it was regarding a person who was not in the BSO jurisdiction.

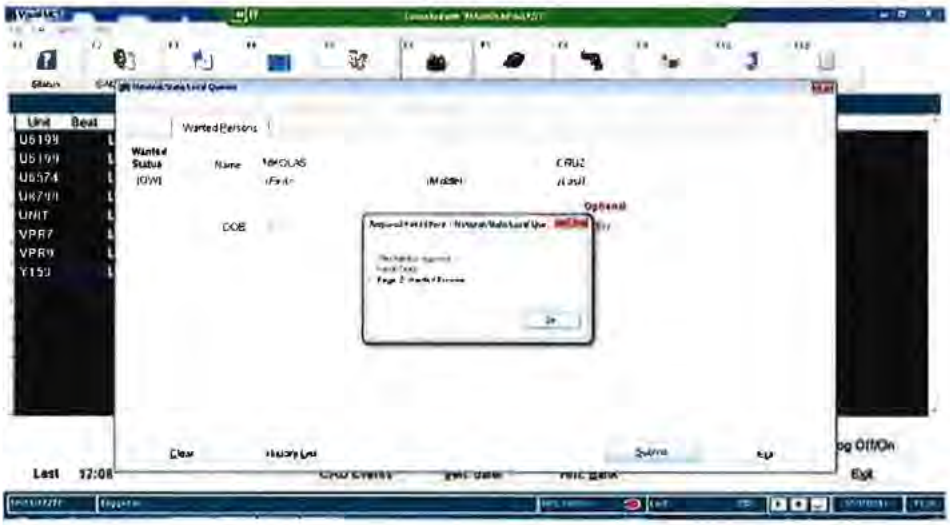
I asked Deputy Treijs whether he would do anything differently in the future while handling a similar call. Treijs said that he would have added more notes to his call, be more specific, he would have emphasized things, and he would have done a recap of the conversation. Treijs agreed that he would complete a police report for a similar type of call with these types of allegations. I asked Treijs, would he attempt to do more investigative work in order to identify person. Treijs advised, "Well, I would have attempted to not so much identify the person, but the location. Yes, that would have been -- that would have been, I think, important."

Deputy Treijs agreed that he said that [redacted] gave him limited information. Treijs agreed that during the conversation with [redacted] he was able to identify the family she was referring to was the Cruz family, which he wrote a Domestic Disturbance Incident Report for. Sergeant Rengifo pointed out to Treijs that even though he is saying that [redacted] gave him limited information, he knew who she was referring to, so that information was available on OSSI. Treijs agreed that he knew "the person" [redacted] was talking about, but advised that he did not know the location. Treijs agreed that he had been to the Cruz residence when Mrs. L. Cruz was alive and they were living there. Treijs advised that he believed that N. Cruz was no longer living there, based on the information [redacted] provided.

Sergeant Rengifo pointed out to Deputy Treijs that he mentioned that he did not believe that there was a specific threat, but he also said that when he spoke to [redacted] on the phone, she mentioned that Subject N. Cruz was grieving, he had firearms, and he wanted to kill himself. Rengifo asked Treijs how much more specific did he think the threat should be for a report to be written, a supervisor to respond, or somebody to be notified and not just refer her to another agency. Treijs advised that specific information would be to "know where he is." Treijs agreed that besides checking OSSI he did nothing further to identify where N. Cruz was located following the conversation he had with [redacted] When Rengifo asked Treijs whether he believed that he conducted a preliminary investigation suitable enough for the allegations that were being made over the telephone he replied, "I could have done more."

End of synopsis.

It should be noted as previously stated by Technician Deosaran that a search through the driver's tab in OSSI could not be completed, unless the deputy has a name and date of birth or a driver's license number. During Deputy Treijs statement he advised that he conducted a Person Search on OSSI for the name Nikolas Cruz. Deosaran verified that a Person Search could not be conducted without a date of birth and provided the following screen shot.



BRIEF

- On November 30, 2017, Deputy Treijs was dispatched to make telephone contact with [redacted] in reference to Subject N. Cruz collecting guns and knives and advising that he is going to one day kill himself. [redacted] indicated that she was afraid that someone was going to get hurt and that this might be "Columbine" in the making.

- Deputy Treijs entered into the CAD notes that [redacted] advised him that Subject N. Cruz was living with a friend and that we wanted to join the service and "kill people." Treijs documented that N. Cruz caused a disturbance in Lake Worth, where he was residing two days ago. Treijs documented that N. Cruz is [redacted] and that it was unknown where N. Cruz was currently located.

- Deputy Treijs stated that he informed [redacted] to contact the Lake Worth Police

Department to file a police report, since it was believed that was the last place Subject N. Cruz was seen. Treijs did not complete a report regarding the information he received from [redacted].

- Subject N. Cruz moved from Parkland after his mother, Mrs. L. Cruz passed away on November 1, 2017, and went to stay with [redacted] in Lake Worth. On November 28, 2017, N. Cruz left [redacted] residence. It is unclear whether N. Cruz went to stay with an unknown friend "Brian" or "Billy" at an unknown location for two days or if he immediately went to stay with the Snead family in Parkland. It should be noted that on November 30, 2018, when [redacted] contacted the BSO, N. Cruz was no longer living at either of the two Parkland addresses that were listed in OSSI.

- Throughout her multiple interviews, [redacted] provided the listed information several different times to multiple people during different time frames. [redacted] has made contradicting statements about the timeline, how things occurred, and about the information she provided to the BSO and the FBI.

- A search of the RMS system revealed that there were a total of 6 variations of the name Nikolas Cruz in the database at the time of this incident. A search of the listed address revealed that there were three Incident Reports, two that involved Subject N. Cruz. The address was also attached with the names Nikolas Cruz, Zachary Cruz, and Lynda Cruz.

- Deputy Treijs advised that during the conversation with [redacted] he knew that she was referring to the Cruz family, because he recalled responding to their residence for a Domestic Disturbance.

- Deputy Treijs agreed that besides checking OSSI he did nothing further to identify where Subject N. Cruz was located. Treijs advised that based on the information [redacted] provided he believed that N. Cruz was no longer in Broward County and that his last know location was in Lake Worth.

END OF REPORT.

I, THE UNDERSIGNED, DO HEREBY SWEAR OR AFFIRM, UNDER PENALTY OF PERJURY, THAT TO THE BEST OF MY PERSONAL KNOWLEDGE, INFORMATION, AND BELIEF, I HAVE NOT KNOWINGLY OR WILLFULLY DEPRIVED, OR ALLOWED ANOTHER TO DEPRIVE, THE SUBJECT OF THE INVESTIGATION OF ANY OF THE RIGHTS CONTAINED IN ss. 112.532 AND 112.533, FLORIDA STATUTES.

According to the caller Nikolas owns weapons and ammunition that he keeps in his friend's house."

Okay end of the narrative. Okay, Guntis do you remember this call for service?

A. Yes, I made the phone call back to a caller who was—who is out of state.

Q. Okay, do you remember who that was?

A. Um.. [redacted], that was the person I spoke with on the phone.

Q. Okay, so you were dispatched this call?

A. I was—it was a phone call to call back the complainant 'cuz she's out of state.

Q. Okay, so it was dispatched to you with a phone number to call the complainant?

A. To call the complainant, yes.

Q. And where did you call the complainant?

A. I call at the number that is in the—in the computer call, I—I called back that number from my personal phone.

Q. From your personal phone?

A. Yes.

Q. Okay and who do you remember talking to?

A. I spoke with a female I—I remember she—she had an accent I couldn't detect what accent but spoke with an accent then I remember it was rather poor connection because I had a flip phone at that time.

Q. Okay.

A. Um...

Q. Do you remember her name?
A. [redacted], the person I spoke with.

Q. Okay, what did she tell you that you remember?
A. Um...she was—she was concerned about—she's a relative I remember she said that—I asked her when has she seen him and she said she hasn't seen him in years but—

Q. "Him" being who?
A. Um....Cruz.

Q. Okay, Nikolas Cruz?
A. Nikolas Cruz, yes.

Q. Okay.
A. Who was a resident and some point of Parkland but she said that he has moved since.

Q. What was her relationship with Nikolas Cruz that you can remember?
A. As I can remember she was a relative.

Q. And you---do you know which one?
A. I um...

Q. Do you remember what relative—what type of relative?
A. I think she was either—she was a cousin or a mother—she was a mother's—mother's relative of his adopted mother's relative.

Q. Okay. All right um...what do you remember her telling you?
A. Telling that he—that he has weapons and he wants to join the military and he wants to kill people and---but then I asked her several times is there a way that she knows where he is and—and she said that last was um...where he was was Lake Worth---

Q. Okay.
A. ---but no specifically where Lake Worth---

Q. Okay.
A. --Lake Worth, Florida.

Q. So she didn't know where he lived?
A. She didn't know where he lived and—and I asked her 'cuz—I said—and then I also asked for date of birth and she didn't know the date of birth so I---the Cruz where—that's a

rather common name. That's just um...I—I didn't know exactly where he would have been at this time.

Q. Okay, did she provide any specific information about a date of an incident he was going to create?
A. No, there was no specifics. She was concerned about his—him and the statements he made to her but there was nothing specific as far—as far as something I could follow up, he didn't make—she---she talked to him I never talked to Cruz.

Q. Okay.
A. What she related---related to me was that he has weapons and he wants to join military and—and that he also is um.. [redacted] so---

Q. Okay, did she provide any paperwork or follow up or any literature or emails or anything like that that describe a threat that she's talking about?
A. No, it was just—it was just a phone conversation and—

Q. Okay.
A. --it was—again there was somewhat of a language barrier 'cuz I—

Q. Okay.
A. --she had to repeat herself several times and—

Q. No, let me ask you did she offer any type of proof or evidence? Did she say she can get it for you or that—that is available or I'll send it to you?
A. No, no evidence that she could provide.

Q. Okay and was she able to provide you any type of specific threat as to a certain location or a certain scenario?
A. No, no specific threat and no—no location for—for Cruz.

Q. Okay, in your opinion what did you feel um....she was trying to communicate?
A. She was commu—what—she was relating the message that he owns weapons and that um....that he's joining military.

Q. How did you interpret all of this?
A. I interpret that as a um....concerned rel—concerned relative but who—according to her the last location was somewhere else and I directed her to contact—to contact where he might be—might be living at this time but she didn't know where he lived.

Q. And what—where was that at?
A. Um...Lake Worth but there was no specific location.

Q. Okay.
A. So that's the next county over.

Q. Did you direct her to make a report with the---
A. I—I told her that Lake Worth is---yes.

Q. To make a—a report with another county?
A. I told her to contact Lake Worth.

Q. Okay, did she say she was going to do that?
A. I don't remember that.

Q. Okay, so what else happened?
A. Um....that was the phone conversation; that was the extent of it.

Q. Okay, did she give you any time reference as to when she last spoke to him?
A. Um...I believe was recently.

Q. No, when—when she had spoke to Nikolas. Did she say anything regarding, oh, I talked to him the other day or any type of communication she he had had with Nikolas?
A. Um...there was a phone—I don't know exactly when she spoke recently.

Q. Okay, so how is she validating her concern is what I'm trying to figure out? How did she know if she's in [redacted] and he's down here how is she getting this information?
A. Um....they spoke on the phone, he—he and her spoke on the phone (inaudible).

Q. And we don't know how recent that was at the time?
A. It was I believe maybe days, it was recent.

Q. Okay. All right, what else did you do once you received this information?
A. Well, I—I checked the—on OSSI but I think the—the spelling of Nikolas that I used somewhat different. There were so many of them and I couldn't pinpoint what—what location or where would—

Q. Okay.
A. --he would be.

Q. Now, if you would have found Nikolas in OSSI what would that have given you?
A. It would have given me a reference point where he—if he's got a current address or—but she indicated that he—or has moved from Parkland---

Q. Okay.
A. --during conversation.

Q. And if OSSI would have told you the address and it would have been in Parkland or anywhere else what would you have been able to do?
A. I would be able to do a follow up, make face to face with him, I would---

Q. And what would you do?
A. ---I would assess case and condition and follow up on this con—um...weapons issue and—and his mental state.

Q. Okay, talk to me about making contact with him, assessing him and let's just say you thought there was a condition and there was a threat and you were able to back it up by actually seeing firearms or whatever what would you have done then?
A. If—if those were valid concerns and---and that would be—if he met criteria for Baker Act that would be a Baker Act situation.

Q. Okay.
A. Where I would secure firearms.

Q. Let's just say you didn't have a Baker Act situation and you felt he was a threat what could you have done and what would you have done?
A. Um....contact my supervisor first of all and also um...some type of crisis intervention with him.

Q. Okay, would you—
A. Therapy—therapy or um....or even—I would still consider Baker Acting that's if he met the criteria.

Q. Would you have done a police report?
A. Yes, I would have done a written—written report as oppose to um...

Q. And what would you have done with that report?
A. That would um...I would forward to um...for a follow up.

Q. Okay. All right um....so you weren't able to do anything because of the OSSI look up was too broad and—
A. That's a—that's a very common name what popped up and---

Q. And nothing popped up on your query?
A. But it was—it was just Cruz there's multiple Cruz'.

Q. Okay, were you able to look anywhere else for information about his location or who he was?
A. Um...they would---

Q. Did you remember looking it up?
A. I did not see any other reports with that name associated.

Q. Okay, separating OSSI did you go into any other databases to find out what happened?
A. I don't remember.

Q. You don't remember could you have?
A. I—I could have looked up and (inaudible)---

Q. Would you normally have done that?
A. If—if—yes, that would be additional---

Q. Okay.
A. --except she didn't have a date of birth for him.

Q. Okay. All right, let's just say you found out he lived in Parkland—
A. Um-huh.

Q. --and you went to his house and he wasn't home what—what would you have done normally?
A. Normally I would have come back later or pass it on to the next shift to—for a—to go back to the residence---

Q. Okay.
A. --and speak to neighbors see if they know where he lives or has he—

Q. Okay, so you didn't have any other information um...from [redacted]. Was she able to give you any other information that you can remember?
A. No, no additional information.

Q. Okay, what did you have to follow up on with this call?
A. At that point I—I just said—I exhausted all what she gave—she—the—the leads that I had at that point.

Q. Okay, do you know who Nikolas Cruz is?
A. I do now, yes, sir.

Q. Now, let's go back a bit at the time of this call did you know who Nikolas was at the time?
A. At that point I just had a name.

Q. A name okay how about um...a Zachary, you ever came across a Zachary Cruz?
A. That's a---after the fact I learned that that's his brother but—

Q. Okay.
A. --at that point, no, I did not.

Q. You didn't know who Zachary was?
A. No.

Q. Okay, do you remembering handling any calls with a Nikolas or a Zachary Cruz in Parkland?
A. Um...yes.

Q. No, no, prior to this incident. Prior to this call we just discussed do you remember having an incident with these guys?
A. Um...prior to that yes with the—there was one incident I don't recall exactly how long ago.

Q. With who?
A. With the—with the stepmother and Cruz.

Q. Which Cruz?
A. Nikolas Cruz.

Q. Okay and how long ago prior to this call was that, do you remember?
A. Um...I just remember I was in midnights then so it had to be maybe a year ago.

Q. Okay, at the time of this call did you remember Nikolas Cruz or—
A. I---

Q. --or are you remembering it now reflecting back?
A. After now putting it together, yes, I—I see that—that—

Q. Okay.
A. --that could be the same person that—

Q. But at the time that you received the call from [redacted] and spoke to [redacted] which was on November 30, 2017 did you recall having dealings with Nikolas Cruz in any call?
A. No, at that point I did not I---

Q. Okay, this is now after the fact.
A. After the fact.

Q. Okay. All right, if you would have recognized dealing with Nikolas Cruz at the time of this call on---in November of last year what would you have done?

A. I would have been able to verify the correct spelling of the first name which is different than normally spelled. I would have been able to pull up the report and—and—and seen his—and found his date of birth from there from my old report.

Q. Okay.
A. That would have given me additional information.

Q. Okay, what happened with that call that you can remember now reflecting back, the original call that you had involving Nikolas Cruz? What—what happened there?
A. Um....that report was—I—I don't report on it, I did not make an arrest at all.

UNRELATED TELEPHONE CALL:
Yeah, I'm on a statement right now, goodbye.

Q. Sorry about that. Go ahead.
A. Um...that's a domestic if I remember correctly that I was on—

Q. And who---
A. --with the stepmother and---

Q. Who did it involve?
A. It involved her two stepsons.

Q. Nikolas and Zachary?
A. Right.

Q. What happened there?
A. He was a um....a---some incident involving where he wanted to walk the dog and his stepmother didn't want to let him out at night.

Q. Okay, now are you remembering this now because you looked it up and you realized, oh, I remember that and the reports and you just now looked it up or did you remember that at all during the time of this incident?
A. At that time I had no recollection.

Q. Okay, so---
A. I did not put two and two together.

Q. Okay, so as of now you researched it and realized—
A. I haven't looked at the report but I---

Q. Okay, but you recall?
A. And I was—yes.

Q. Okay, so he had an incident with a dog?
A. Yes.

Q. What—continue I just wanted—continue that, what was the incident with the dog?
A. The incident was where he wanted to walk the dog and—and um...his stepmother took the leash—grab the leash and—and he released it and it snapped back and that was the extent of it and there was no—it wasn't—that wasn't—it was a written report with no arrest.

Q. Okay and who initiated that report, who was---
A. It was dispatched from BSO dispatch, I was dispatched to the residence.

Q. What I'm saying is who called the police?
A. Um...I believe the stepmother.

Q. And do you know what her name was, do you remember?
A. I don't remember I just looked at the report.

Q. Okay, were there any injuries?
A. There were no injuries---

Q. Okay.
A. --whatsoever.

Q. All right, were there any weapons involved in that call?
A. Not at all.

Q. Did you learn anything about Nikolas Cruz at that time?
A. Um...just that he's a—I believe he was under house-arrest or his—his mother—stepmother mentioned that he's not supposed to be out at night 'cuz he—part some condition of um....

Q. Okay, how long ago was that call that you remember? Give me a general area/timeframe.
A. Um...a year ago.

Q. Okay and where was that at? Do you remember the general area?
A. Um....Townpark.

Q. Townpark okay. Did you ever go inside that house that day?
A. Yes, I was in the house and---

Q. What did you see when you went in there?

EOG-03444

A. I saw the stepmother sitting on a um…big chair by the TV and—and I believe Nikolas was somewhere there---

Q. Okay.
A. --in the living room.

Q. And where was Zachary at?
A. Um…I think he was upstairs I—I spoke with him briefly and he said he didn't—didn't notice anything.

Q. Okay, did you go upstairs?
A. Yes, I spoke---'cuz there was somebody else upstairs I spoke with him.

Q. Okay, did you go into any of the bedrooms that you can remember?
A. I think—I think one was—that was a bedroom that I walked in.

Q. And who—whose bedroom was that?
A. I just saw the other child there I don't know whose bedroom was it.

Q. Okay, did you notice anything out of the ordinary inside this residence?
A. No, no, it was well kept and um….

Q. Okay, did you come across any firearms or any weapons?
A. Not at all, I did not see any.

Q. Okay, if at the time you would have had firearms at that scene where you felt something was abnormal and there was some type of threat you needed to deal with what would you have done?
A. I would secure the scene first by---by securing the weapons.

Q. Okay and for what purpose?
A. Um…for—for safety—for safekeeping and---

Q. All right, so at that call you didn't um….see anything that jumped out at you and as far as a—a violent subject who was---had potential violence?
A. No, they were both calm, they were both sitting, he just said he wanted to walk the dog and—and he said his mom said no.

Q. Was there an arrest made?
A. No, there was no arrest.

Q. Was there a backup deputy?
A. Yes, there was a backup deputy.

Q. Who was that?
A. Deputy Barone I remember him being there.

Q. Okay.
A. There might have been one more.

Q. Okay, so you did a report.
A. Yes, I wrote the written report.

Q. Okay, why would you write a written report in this incident?
A. Because it—it involved actual incident that occurred in our jurisdiction and it was—it was a call for service and I responded and I—I did an investigation that's why I wrote the report.

Q. Okay um....let's go back to um...these—this call here where you got an anonymous---actually a complaint from [redacted]. How many of these types of call do you get um....per year do you think? Just give me a rough number.
A. Um...not too many I can't put a number, an exact number, may be (inaudible)---

Q. Okay.
A. We get calls from out of state sometimes but the um....

Q. Okay.
A. ..and I don't have an exact number.

Q. Do you know who Deputy Scott Peterson is?
A. Yes, I know him.

Q. Um....have you ever called him and given him information about any type of threat or anything concerning students at a school in whatever capacity?
A. I've done it. I've---I've investigated threats at the schools, yes, and I—

Q. Okay.
A. --um....

Q. And what did you do with that information?
A. That information I—I've written a written reports and it was—they were forwarded by a sergeant to um...those—the school resource officers.

Q. Okay and what do you know that he does with the information?
A. Um...he contacts principal and the—the principal makes a determination whether to keep the school open or close it for the following day. We've had threats I the past and---

Q. Okay.
A. --I've investigated those.

Q. Are you under the impression that is being followed up on these leads that you send to Scott Peterson?
A. Absolutely they are—they are taken very seriously. On one of the occasions Sergeant Nord and I spent half a night, we were tracking down where the threats came from and we found the juvenile, we went from house to house and—

Q. Okay.
A. --we followed up leads and—and resolved it and it—it was all documented and the school—the school board was notified about it.

Q. Okay, do you remember if you contacted um...Scott Peterson on this particular call that you can remember?
A. Not on this call I don't remember calling.

Q. Okay and do you remember providing Scott Peterson with any information about Nikolas Cruz at any time that you can recall?
A. Um....that I don't remember 'cuz he's---apparently there's prior calls with him and---

Q. Okay um...
A. --Deputy Peterson knows—knows many students so---

Q. Did you do any follow up with this call after you hung up with [redacted]?
A. I did a documentation 'cuz there was—

Q. Okay, so you have these C.A.D. notes. Did you make entry into the C.A.D. notes?
A. I made entries for C.A.D. notes and—indicating that—that um...Cruz is not in Parkland and he's in Lake Worth last known location.

Q. And those are on your C.A.D. now?
A. I'm sorry?

Q. They're on your C.A.D. They're not on here?
A. No these are—that's pretty much what I—I wrote some of those, there's notes some are—

Q. These are yours?
A. --some are mine, yes.

Q. Okay.
A. After that when I entered—when I finished the call---

Q. Okay.
A. --about this location and last known location.

Q. Do you feel that you had any information to move on?
A. No, this—this was no—no date of birth and it was out of state, a general concern about somebody who wants to join the military but who's [redacted] and—and owns weapons and--and who is most likely in Palm Beach County at this time that's—that's what I understood from the caller.

Q. Okay, is there anything else you'd like to add to this statement?
A. No, sir.

Q. Okay, today's date is February 16th um...it's 2:43 p.m. and this is going to conclude this statement.

NARRATIVE

Town Parc 1702 zone

Mother and son domestic over the son wanting to walk the dog. As the two quarreled, the dog leash accidentally snapped back and hit the mother in the face. However, it was determined that it was not intentional but accidental. Event report completed.

EOG-03451

On 07/18/17 at approximately 2310 hours, I responded to 8442 Lakeview Trail in Parkland, FL in reference to allegations that the son may have assaulted his mother with a dog leash. Upon arrival I met with the Linda Cruz who reported that she and her son Zachary had an argument over Zachary wanting to walk the dog. Linda stated that Zachary is not allowed outside at night since he is on Juvenile Probation for theft and presently has a curfew.

Linda stated that she was seated in the living room chair when Zachary went to put the leash on the dog. While Zachary was attempting to put the leash on a dog, Linda pushed him away at which time the dog leash snapped back and accidently brushed her left cheek. Linda did not complain of any injuries and/nor was there any visible injuries to her face.

Zachary stated that he did not intentionally hit his mother with a dog leash. Zachary showed officers how his mother was sitting in the chair when the dog leash snapped g back across the chair hitting his mother in the face.

After separately interviewing both parties it was determined that domestic violence did not occur and that the striking of the pet leash was not intentional, but accidental and therefore there was no probable cause for arrest and the incident was documented.

Q Okay. As such, I'm duly authorized to take taped sworn statements. Everything you tell me in this statement must be the truth and to the best of your knowledge. Do you understand?

A Yes.

Q Please raise your right hand. Do you solemnly swear to tell the truth, the whole truth, and nothing but the truth, so help you God?

A I certainly do.

Q Okay. [redacted], do you understand what perjury means?

A Yes, I do.

Q Okay. Basically, I'm considering you under oath at this point. Please tell the truth and everything to the best of your knowledge, okay?

A Oh, yeah. Definitely.

Q All right. Awesome.

A (Indiscernible).

Q On November 30th, 2017 at 12:01, a 9-1-1 call was made and it says that it was from [redacted] at the phone number of [redacted]. Is that you?

A Yes, ma'am.

Q Okay. And do you remember making that call?

A Yes.

Q Okay. Awesome. I'm just gonna give the notes real quick of what that call was about. It says complainant referenced a subject named Nikolas Cruz (ph) collecting guns and knives and advised that he is going to one day kill himself and wants to go into the Army and kill himself. Advised that she's afraid that someone is going to get hurt and this might be Columbine in the making. Advised subject has multiple guns and the subject is no longer living at the listed address. The subject has several social media accounts. She's requesting police assistance. For additional information -- and it's -- okay, you advised that the subject, Nikolas, is living with his friend, Billy. Nikolas told [redacted] that he wants to join the Service and kill people. She advised she resides in [redacted] Nikolas caused a disturbance in Lake Worth where he was last residing two days ago. Nikolas is [redacted] It is unknown where he is currently

located. According to caller, Nikolas owns weapons and ammunition that he keeps at his friend's house. Is -- are those the things that you said in the 9-1-1 call?

A Yes, they are. And that's how I know it to be -- I knew it to be at that time.

Q Okay. And did anything specifically lead you to make that 9-1-1 call?

A Yes. He was -- he was posting -- that's another thing I gave your department was his Instagram account, and I asked that they would please look at them because it showed him, you know, pointing a gun. It showed him -- he looked like ISIS. And he always liked to walk around like that. He thought he was in the military.

Q What exactly were the --

A I don't know who saw it, but --

Q You saw the Instagram posts?

A I saw -- yeah, all four of them. There's more. There was four of them.

Q Okay. How many?

A Like at the time when I -- when I talked to Parkland there were only three that I knew of.

Q Okay. So when you -- when you made this call there were three Instagram posts that you knew of.

A Yes.

Q Okay. And what were they of? What do you remember seeing?

www.transcriptionexpress.com

A Well, one of them was in the backyard with the gun and he had it on the fence. I don't know whose house he was at but he was pointing it out towards the backyard. I know it wasn't his yard in Parkland where he lived originally with his mother and his brother because she didn't have a wooden fence back there. So he had the gun pointed that way.

Q Okay.

A And that one account he really wasn't -- he didn't have anything on it. But the account that I was so concerned about was that he was wearing a Army hat that -- almost like a skull cap and something, a mask over his face. I'm sure you've seen these. And there were guns -- a gun there and he did have one gun with the orange tip, which I know is not a real gun. But he treated it as such because he used to walk around the neighborhood and he would have this gun. And I'd say, "Lynda (ph),"-- his mother -- I said, "Lynda, he can't walk around with it. He's gonna get killed." I said, "Somebody's gonna think that --"

Q When you saw these posts and you called 9-1-1, was his mother still alive?

A She died November 1st. But a --

Q Okay. So when you made the 9-1-1, call she had already been passed?

A Yes. Yes.

Q Okay. And when you made the 9-1-1 call, were you able to say where he was living?

A Well, I said -- well, I believe I did. I told them he was living at one time with [redacted] that woman who took him and his brother in. And she did nothing but help

him and the Instagram conversation I had with him was -- he had Instagrammed me telling me he didn't like [redacted]. She was making him pay for things. He thought she should spend all her money on him and he shouldn't have to do anything like that. And I just Instagrammed him back saying -- him back -- just saying that she's a wonderful person for doing what she's doing. She's honest. I said, "She'll help you. Do what she tells you to do and you'll be fine."

Q Okay.

A But talking to Nikolas, he doesn't really comprehend a lot of things. He -- like he wouldn't know what the word -- let's see -- "conjure up", or he wouldn't know certain words that -- Lynda had to talk to him like he was in, you know, a very -- elementary school. That's how he, you know, would talk and listen. He wouldn't understand the full conversation.

Q Okay. Let me ask you this. After you called and made this 9-1-1 call -- when you made it -- did anyone contact you back?

A No.

Q So you never spoke with any police officers; Parkland officers, deputies?

A Oh, wait. Wait. Wait. Wait. When I made the -- yeah, I did. I called Parkland police. That's what this is about.

Q That's what this is about. Okay.

A 'Cause I -- yes. And this is why I thought they'd really help me because I -- yes. I had a call and they told me I couldn't speak to a detective right away. I had to talk to a

police officer and they'll call me back. I said, "Okay, fine." So someone called me back and it turns out -- I don't know if his name was Chase (ph). I have these papers written up in my apartment in [redacted]. I had somebody give me the information the other day so I could transfer it to you guys. And so I'm not positive about his name, but next to the name I wrote the word "Spanish". And he was one of the guys who would go to the house all the time, like I'm sure you know how many times I'm talking about, and be there with Lynda. And he even said to me, he says, "Well, Lynda --" I told him it was Nikolas Cruz. And I told him, I says, "I know you used to go there about Zachary Cruz (ph)." And he said, "Lynda?" I said, "Yes, when she passed." "She died?" I said, "Yes, she passed away November 1st." And he was flab -- he was amazed that she had passed away. I said -- so I was thinking now, wow, this guy knows where I'm coming from. He knows I'm not blowing smoke.

Q Right.

A Because I told him, I says, "You know yourself. All you gotta do is look at him." And my whole thing is that his lights are on, but nobody's home.

Q Okay.

A And I thought, wow, this guy knows what's going on. He's gonna do something. And that's how I felt. And then nothing happened. Nothing happened. Then I found out that he was going to kill people. And I just said, "This has gotta stop." So I called the FBI.

Q Okay. Let me ask you this. Did that -- who was it that you spoke with? It was a Parkland police officer? Is that correct?

A Yes.

Q Okay.

A Yes. I couldn't even give -- is Scott his name? His right name? I don't think. But I should, you know, with all these reports going through the house, one of them has to pop out, maybe Chase. I don't know if it's a first name, last name, or what.

Q Right. I'm sure.

A I was just hoping --

Q I'm sure they can -- I'm sure they can find that. My question to you is what was his -- before you guys hung up, what was his response to you? What did he say he was going to do? Or did he ask you to do anything else?

A Well, he said, "Thank you very much." And I believe he said, "If we have any questions, can we call you back?" But now I'm so confused that I don't know --

Q That's okay.

A -- if it was the FBI that said that to me, or he did.

Q Okay. And it was a long time ago. So it's, you know, we're not expecting you to remember everything word for word.

A Right.

Q You're doing this off of your memory. So my other question is I know that there was a confusion as to where Zachary and Nikolas were living.

A Okay. They lived by --

Q Do you recall speaking with anybody from Lake Worth or Palm Beach County?

www.transcriptionexpress.com

142 A Yeah, [redacted]. The girl that --

143 Q No, I mean any law enforcement agencies? Did you ever call --

144 A No. No.

145 Q -- anybody from --

146 A I -- I don't have the paperwork with me. I think I had a call -- before I
147 got to the Parkland Police Department I did call Lake Worth and asked for a detective. I didn't
148 know who to talk to. And I tell them this is in regards to Parkland and they tell me to call
149 Parkland Police. Which is -- I believe that's what I did.

150 Q Okay.

151 A And they told me I couldn't talk to anybody until somebody called me
152 back and --

153 Q Okay. So you called Lake Worth prior to calling Parkland?

154 A Yes, just to find out if I could talk with somebody.

155 Q Okay.

156 A And then they told me to call Parkland.

157 Q And they told you to call Parkland? Okay.

158 A Right.

159 Q Okay. And then that's when you spoke with the deputy, or the police
160 officer from Parkland, and he said, "If we have any questions, can I call you back?"

161 A He (indiscernible). I believe so, yes.

Q Okay. No problem. And then how long afterwards would you say that you made the report to the FBI?

A Well I'm, you know, I'm really confused about that. I -- like I said, I got this information written out. I don't think they gave it all to me when I called my apartment [*sic*]. But I was under the impression I called the FBI -- it was after Thanksgiving but before Christmas. So if I called you on the 30th of November I had to call them in December.

Q Okay.

A I don't remember. But that report that came on the TV said January 5th. And I didn't remember waiting that long to call the FBI.

Q Okay. Well -- and it's hard with dates, so we understand that. Okay.

A But I was really frustrated and upset about this whole situation before it ever happened.

Q Right. And I -- so I just wanna clarify, and correct me if I'm wrong.

A Mm-hmm.

Q I'm understanding that the reason why you initially made this phone call and you became concerned is because the three postings you observed on an Instagram account, correct?

A Well, the one posting in particular.

Q Right.

A With all the ISIS stuff. And the fact that he wanted to kill himself. I thought (indiscernible).

Q Did he say he wanted to kill himself on the Instagram?

A He posted it. He put it on and took it off.

Q Okay. And that was prior to your phone call.

A Yes. And when I heard that I, you know, started an Instagram account 'cause I didn't even know what the heck Instagram was.

Q Gotcha.

A But I saw the account and I said this is terr -- you know, he can't -- this can't go on. Something's gonna happen. But I've been saying this since he was ten years old. So -- so then I called the FBI when I found out he was saying he wanted to kill people. I said, "Oh, wow." And I told somebody, one of them, I said, "This is gonna be Columbine all over again."

Q Mm-hmm.

A And now I hate to say it. I mean, his mother was a friend of mine for almost sixty years. We met as little girls. And if you look at the guy who did Columbine -- you know, he killed his mother and everything in that -- I'm putting Nikolas next to him. Like they pass as relatives.

Q So let me ask you this. Okay.

A (Indiscernible).

Q So you said that you knew -- you knew Lynda since you guys were little kids.

A We were nine and ten when we --

Q Okay. So when she had Nikolas and Zachary, did you ever meet them in person?

A Yeah.

Q Okay. How well would you say you knew them?

A They were like nephews.

Q Okay.

A I knew them very well. I would vacation with them and talk with them. After Roger had died -- I was there when Roger was alive and then shortly after -- and then when he died, I would spend like two weeks with her. At different times my daughter and I would go there. And, as a matter of fact, when they were infants my daughter was in Florida and she's the only one that they would allow to babysit for the kids.

Q Okay.

A But she, you know -- and then I hear a report saying that Nikolas was two years old and Zachary was two months old. That's not correct.

Q Okay.

A Lynda was in the hospital when Nikolas was born and she picked Zachary up in Ocala at prison.

Q Okay. The calls that we talked about; you spoke -- you called Lake Worth, you called Parkland PD, and you called the FBI. Are these -- are these the only calls that you made in reference to your concerns?

A Yes.

Q Okay. So three telephone calls, correct?

A Yes.

Q Okay. And has everything you've told me been the truth?

A Yes.

Q Okay. Is there anything else you wanted to add?

A To my knowledge. I don't know what I can add. I mean, I just know that [redacted] being persecuted for no reason. I know Zachary's in a facility right now which is probably the best thing that ever happened. And it's just -- what's bothering me is all these false reports. And I understand it's not coming from you and it's not coming from the FBI, it's just very frustrating.

Q I understand. I understand. It is for us, too.

A I know. I know. I know. I just feel so bad for the parents 'cause they don't know the truth.

Q Me, too.

A They don't know the truth. I keep thinking --

Q Okay. I'm gonna --[redacted], I'm gonna go ahead and stop this recording, okay?

A Yes, ma'am.

Q Okay.

INTERVIEW WITH TECHNICIAN CHRISTOPHER DEOSARAN

Q= Sergeant Alexandra Holmes
A= Technician Christopher Deosaran

Q The following will be a sworn recorded statement taken by Sergeant Alexandra Holmes, CCN 11989, of the Broward Sheriff's Office. I am the lead investigator in charge of this internal investigation. This statement will be taken in reference to Division of Internal Affairs Case Number To Be Determined regarding a complaint that has been made against an employee for allegedly violating the Sheriff's Policy Manual. You are hereby being questioned as a witness employee in an official investigation of the Broward Sheriff's Office. This statement will be taken from Christopher Deosaran, C-h-r-i-s-t-o-p-h-e-r Deosaran D-e-o-s-a-r-a-n with a CCN of 17277. This statement will commence on February 23rd, 2018 at approximately 1143 hours. The interview is being conducted at the Division of Internal Affairs and no one else is present. Your statement is being recorded. Mr. Deosaran, would you state your full name, classification, CCN and current assignment?

A Christopher Deosaran, CCN 17277. I'm a senior mobile systems tech and I'm currently the agency administrator for OSSI report writing and PremierOne Motorola CAD system.

Q Okay. Mr. Deosaran, have I identified myself as a law enforcement officer and do you understand this?

www.transcriptionexperts.com

EOG-03477

A Yes, ma'am.

Q As a law enforcement officer, I am empowered to administer oaths. Do you understand this?

A Yes.

Q Can you please raise your right hand for me? Let the record reflect that Mr. Deosaran has raised his right hand. Do you swear or affirm that the statement you're about to give will be the truth, the whole truth, and nothing but the truth?

A Yes, ma'am.

Q Thank you. You can lower your hand. Mr. Deosaran, I would like to inform you that this is an official proceeding, and if you knowingly provide false information during this proceeding, that would constitute perjury under Florida State Statutes. Do you understand?

A Yes.

Q Can you tell me what perjury is in your own words?

A It's just a conflict of the law.

Q It's lying under oath, to be specific, which is a crime. If you do lie, it is a crime. You could be charged with it. Do you understand?

A Yes.

Q Do you have any questions so far?

A No.

EOG-03478

Q The Sheriff's Policy Manual states SPM 2.25.4 in part: Employees will promptly obey a supervisor's lawful orders. This includes orders relayed from a supervisor by an employee of the same or lesser rank and an internal affairs investigator when conducting an official internal investigation. SPM 2.5.2: Employees will not knowingly make any false or inaccurate verbal or written communications in any official matter. SPM 2.11.2A: Employees will not interfere with investigations of cases assigned to other employees. SPM 9.1.3: Employee investigations remain open and confidential until final discipline is rendered. No participant including complainants, subject employees, investigators and witnesses will disclose any information about the investigation until it is closed and is public record. Do you understand these policies?

A Yes.

Q Okay. Mr. Deosaran, how long have you been with the Broward Sheriff's Office?

A I've been here approximately four years, and my current position I've been in three years.

Q And what are your current duties? Again, what's your title?

A Senior mobile systems tech, and I'm the agency administrator for various specialized applications, such as our report writer system, our dispatching system, our license print reader system, fingerprint reader systems, and much other miscellaneous –

Q Applications, okay. What are the applications that the deputies on road patrol would sign into when they report to duty?

A Initially, for a shift, once they log into the computer, the main two applications they use are OSSI MCT, which is used for report writing, and running tags and licenses and driver's licenses. And the other application is PremierOne Mobile Client, which is how they get their calls from dispatch and match them to the calls. That gives them dispatcher notes and incident history of the call location and any other flags that may pop up that they may need to be aware for officer safety.

Q Okay. Prior to our statement, we conducted a few searches through these applications. Through I believe it was the OSSI MCT, is there a way to conduct just a name search?

A Yes. So if you go into the entity and you open up the F12 tab, which is called MFR, and if you go into creating a new incident – so when you create a new incident, it asks for the case number, time, address, and there is a name section. So when you start typing the name, it goes back and it reaches out to our server, which has a repository of all the names that have ever been in the system, and queries it to find out which one is the closest match to who you're actually talking about, because some of these names in the system may be missing the date of birth, they may be missing the height, so you have to actually – it's up to your discretion of the description of your victim or your suspect, to pick the right match.

Q Okay. And I believe there's another tab, I think it was like the driver's tab, we attempted to do just a name search on that and it required a date of birth. You couldn't just do a search on that.

A Correct. So with that tab, you can either swipe the license at that instance, or if you don't have a license, you can manually type it, but it does require a date of birth –

Q Okay.

A - to perform a query.

Q So you cannot just perform a name search on that tab?

A No.

Q Okay. And when we did it through the MFR search –

A Mmm-hmm.

Q - you stated something like, you had to create like a dummy report.

A Right. So –

Q You have to like make like –

A Well, not just a dummy report. Like it's – like as if you're starting off your report.

Q Okay.

A But once you get to that screen, even after you pick a name from that pick list of names, your report's not complete and it's not sent anywhere. So you still have to go through the rest of the motions with the crime, the other suspects, your narrative, but if you – you can always just cancel it, you know.

Q So it's just a way that you can use that to run a search, if all you had was a name?

EOG-03481

A It's not supposed to be used that way, but it can.

Q It can.

A Just to see if there was, you know, eight people with the name Michael Johnson, you know. You'd get the ages – all Michael Johnsons would pop up and you'd get all the addresses, the date of births, and different heights and weights, male, females, and -

Q And when we were conducting this search together, we actually did conduct the search on the name Nikolas Cruz. Initially I think – there are several different spellings, but when we entered one of the spellings, multiple spellings came out, is that correct?

A Correct.

Q And there was a total of seven that came up?

A Yep. So there was a hard query on the last name, which is Cruz, which has to be definite. And then the second one is a soft query, so it gives you the different variations of spelling, but as you could see, it returns several results with the different ages and addresses -

Q Okay.

A - of the different seven Nikolas Cruzes.

Q Now would these be the same names that would be if it was run through the RMS system, which is a records management system?

A Correct. Once you tab and search the local version, the laptop version of MTT, it goes to the RMS service – the RMS to search. That's where it's querying from.

Q Okay.

EOG-03482

A So –

Q So –

A It's the same exact – it's the same repository.

Q Okay. It's pulling the same information from the same place?

A Yes.

Q Okay. So if they search – if someone searched an RMS, they wouldn't get anything different because it's the same information?

A Correct.

Q Okay. And I also asked you to conduct a search for Deputy Gunthes Trahees (ph) to see a history on his – on searches that he had done. Can you explain the reports that you provided to me?

A These searches were done as if he would have done it in the OSSI from the driver tab, so the driver tab was the one where you needed to know first name, last name, and date of birth, or you needed to swipe their license. And the first search query I ran on him, I ran all his queries from November 15th to December 15th in state and the same date range out of state. So these are the two results that came back from all his searches throughout that 30-day period.

Q And the searches would only be if he ran it through the driver tab?

A Correct.

Q If he did a search through the MFR tab –

A Mmm-hmm.

EOG-03483

Q - that would not come up?

A No.

Q In your reports?

A Right. It's not logged because that report was never completed and submitted.

Q Okay.

A And the only reason that he got that drop-down list of names was to help him complete his report to match – it's called name candidate in the system.

Q Okay.

A But when he does it from the other tab, that's actually the process we do if he gets behind someone and he wants to run a license plate real quick or he is in contact with someone and he swipes the DL to make sure the DL's good.

Q But again, for that search, you actually need a date of birth. So if he had – didn't have a date of birth, he wouldn't have been able to do a search, a driver's search?

A Correct. Well, with no date of birth, he couldn't have run it through the driver tab.

Q Yes. Which is the report that you searched?

A Yes.

Q Okay.

A I pulled all his logs of everybody he ran through the driver tab.

Q Okay.

EOG-03484

A Which goes through FCIC/NCIC.

Q Now is there any other search that he could have done through a name search that you would be able to generate a report out to see whether he did or did not run?

A Not to my knowledge. I'd probably have to get the developers involved, but once again, once he's creating that - so quote unquote "dummy report" and he's querying the names, it's just a search to help him fill - put the right name. It's not actually running against FCIC or NCIC databases, it's just, hey, we got these John Does in the system, which one matches closest to your – or if none of them match, you can add a new one.

Q Okay. But there's no report to show if –

A Oh, no.

Q - if he ran something like that?

A No, because if he would have done something like that, and he – let's say he got what he needed out of these seven names, he could have just closed it and closed that report and that report was never created 'cause it was never finished, and it never left his laptop so it never came back to our servers or logged anywhere.

Q Okay.

A Just kind of like the equipment, so like closing a Word document without saving it.

Q Okay.

A If you want to correlate.

Q To your knowledge, do deputies have other databases that they can use to query name searches besides – I know we have the DAVID and I'm having –

A DAVID. Those are the main – so everything goes – DAVID and this connects directly, the OSSI connects directly to what they usually – and this is the one they're supposed to use.

Q Okay.

A On the day-to-day traffic stops and whatnot.

Q So besides that, so do you know any other applications that they could do a name search on?

A Not off the top of my head. None of the ones I administer.

Q Okay. And I know you're not too sure what the case is about, but are you aware of any other witnesses that could assist us in this investigation who were not discussed?

A No. The only person I can think is – me and him do the same job, so – he'd probably tell you the same thing and run the same reports that I did. So -

Q Okay. Are you aware of any documents or evidence relevant to this case that may have not been discussed in this interview?

A Nope. Just besides this log, yeah, but we talked about it.

Q Okay. Is there anything you would like to clarify regarding your statement?

A No. I just want to make sure you know the difference between – you're okay with the difference between the driver tab and MFR tab.

Q Yes.

A Okay.

Q One is actually running like a driver's license or a name – but you need a name and date of birth to be able to run it?

A Correct.

Q And that once you're in it there, you do get a report. You would be able to run that.

A Yep. There's a – there is a log.

Q Yes. And then the other one is as if they're creating a report - which is MFR - as if they're creating a report, if they type the name in, any similar names will come up but if they don't use it or write a report, then it would -

A There's no –

Q - no report would be generated to show that they were in that.

A Correct.

Q Okay. Is there anything I haven't asked you that you would like to add to this statement?

A Not that I can think of.

Q Has everything you've said been truthful and to the best of your knowledge?

EOG-03487

A Yes.

Q Pursuant to the policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation. Except as authorized or required, you shall not contact persons involved in this administrative investigation. You shall not discuss, reveal, or disseminate information concerning this administrative investigation before it becomes public record. Do you understand?

A Yes.

Q This statement will conclude on February 23rd, 2018 at approximately 1157 hours. Thank you.

A My job duties: Receive emergency and non-emergency phone calls and dispatch the units, provide EMD, which is help to the public through -- when they need rescue to help assist rescue before they get there -- pre-arrival instructions.

EOG-03491

Q So do you -- when you dispatch, is it for police or for fire or for both depending on the call?

A Just for PD.

Q Okay -- just for PD.

A Right.

Q Okay, and right now, are you assigned a certain position? Are you a dispatcher for a certain district or do you get switched around?

A We get switched around.

Q Okay. Do you mostly work any particular area or district?

A No, not really.

Q Okay. Prior to your statement, I had you review the incident details on Incident Number L17171130000001602. Do you remember dispatching this particular call?

A No, I do not.

Q Okay. After reading the call, do you -- have you ever dispatched any similar calls like this regarding the comments?

A Yeah, we get calls with people -- we get all sorts of calls as you know, but yes, we get calls of similar nature.

Q Okay, is it -- would you say it would be often or not so often?

A Not so often.

Q Okay, but you do -- have received calls like that before.

A Yes.

Q Okay. Do you think regarding the comments of the call, would this be something that you would remember or because you dispatch so many calls, you don't think it would be something that would stick out.

A No, I wouldn't remember this because there are so many calls that we just -- we never know the outcome of calls, and it's just fast paced. You don't really have time to sit and unless, you know, it's like a child drowning or something like that but, you know --

Q Just a regular call --

A Yes.

Q -- that's how you code it out. It's not something that would stick out to you.

A Right.

Q Now, just to verify, you do or have dispatched for the Parkland channel?

A Yes.

Q How often would you say you dispatch for them?

A I dispatch for them a lot.

Q Okay, on a quite --

A Mm-hmm.

Q -- often basis?

A Yes.

Q Okay, and I understand you don't know what this investigation is about, but are you aware of any witnesses that could assist us in this investigation who were not discussed?

A No.

Q Are you aware of any documents or evidence relevant to this case that may have not been discussed in this interview?

A No.

Q Is there anything you would like to clarify regarding your statement?

A No.

Q And has everything you said been truthful and to the best of your knowledge?

A Yes.

Q According to the incident details, can you tell me how long it appears that the person may have been on the call from when they arrived to the time it was closed out?

A Let's see. This is weird. This printout here is weird. It looks like the call came in at 1201. I went to the Sergeant on it at 1203, and --

Q What was told to the -- what were the notes placed at 1203?

A Holding for 17 Bravo 2 per 17 Delta 2.

Q Any reason why that would -- why the Sergeant would say that?

A Unless the units are busy, so it'll be holding for the zone unit if this is in 2 zone. This was in 3 zone actually.

www.transcriptionequity.com

EOG-03494

Q So any reason that you think it would hold for that unit?

A I guess he would be the next unit to go and handle it.

Q Okay.

A Maybe the other units were at court or at a service center or busy on another call. So anytime it's holding for the Sergeant, we document once we read the comments to him.

Q Okay. I think I'm looking here. It has like a dispatch, also an arrival time of 1220. Is this the same -- yeah. Yes, (indiscernible).

A Mm-hmm.

Q And then ultimately I believe the call was coded out at 1236, that would be about 16 minutes. Is that a normal time to be on a call -- 16 minutes -- or is it -- ?

A It depends on the call.

Q Okay.

A This was a landline call, so she wanted to be called. So I guess he made landline. Maybe he was already 10-19 and that's why the Sergeant said to hold, but this doesn't show a printout of the call.

Q What do you think is missing?

A Let's see here. The phone picked up (indiscernible) 20 -- that's the call taker. Treated the incident at 1201. First unit dispatched at 1220. First unit en route at 1220. First unit arrival at 1220, and it was closed at 1237. Left closed. 1237 coded at Bravo. I don't -- I wish I could pull this up inside.

Q I guess you have -- what you're saying is you see it as a different screen?

A Yes.

Q Okay. What if --

A Can I use her computer and see if I can pull it up over there?

Q Sure.

A Hers might be locked. This is a CAD. See? November? December -- January. I should still be able to pull that case up. Can I go upstairs?

Q I have to keep the recorder running, but you can go upstairs and print out whatever -- however you see it, and then maybe bring it back down. You need the case number -- or you need this?

A The DOs (ph) can print it out.

Q Oh, maybe you can call them and see if they can bring it down?

A I can -- yeah. Hello. Hi, this is J. J. I'm downstairs here with Sergeant --

Q Holmes.

A --Holmes, and she -- we're looking at a case and I need to know if we are able to print this call out that we're looking at. It's from November. I have the case number. Okay. The case number is 17-1711300001602. The call in its entirety.

Q Just let her know we're in Tara's office -- if she could bring it down.

www.transcriptionsplus.com

EOG-03496

A November 30th. I know it's complicated now for us to pull up the cases. Yes. Yes, please. The call in its entirety from when it came in to calling dispatch and everything because what I'm looking at, it doesn't look clear to me. Okay. Thank you. Bye. She said she'll bring it down.

Q Okay. Just so you know that the recorder is still running because I can't turn it off.

A Okay.

Q Okay, it's just our policy. And just for the record, I was showing you incident details, and you're not used to seeing it this way; and also the communication incident summary, you're also not used to seeing it this way.

A Right.

Q So you're asking for -- and can you tell me what kind of printout it would be that you guys use? Do you know the name of it?

A It's called a CAD printout, but --

Q Okay.

A -- because we hardly ever print out calls, it just -- I wouldn't know how it would look, but this -- I know this isn't enough.

Q Information?

A It's not telling me -- right.

Q Okay.

A And I don't -- is this a regular MDC?

Q This is just from, I guess, the web site.

A Oh.

Q This is the CAD events. It's just like a CAD query, but that's how it comes out.

A I wish I could remember, but I cannot.

Q In general, how many calls -- since you work Parkland -- how many calls would you say of Parkland during your shift would you dispatch? Is it a busy district?

A No.

Q Is it a slow district?

A No, they're not a busy district -- no. They're a slow district. They're on 8 Alpha. 8 Alpha has three cities on it, Parkland, Tamarac and North Lauderdale.

Q Okay.

A So, Parkland is not as busy as the other two cities.

Q Okay, but you would be busy dispatching for the other two calls?

A Yes.

Q For the other two cities.

A For the other two cities -- yes.

Q Okay.

A Yes, yes -- all their information. They're all on one channel -- yes.

Q Okay. So it's not like your just sitting there dispatching for Parkland.

A No.

Q Okay. I just want to make sure I get that on record because it is --

A Yes.

Q -- the amount of calls -- so you do get a large amount of calls.

A For Tamarac and North Lauderdale. Parkland is a quiet city -- it's a quiet district -- yes. So, yeah, Tamarac and North Lauderdale take up all the time. Okay. Is this what he wrote?

FEMALE Okay, (indiscernible).

Q Thanks. Appreciate that. All right, just for the record, we received a copy of the incident detail report, which is -- I guess has more information for you.

A Okay. I think it's really -- nothing still isn't standing out, just that he did make landline with the caller and it was just dispatching to make landline with the caller reference the information she provided, and he updated what she said and that was it, coded it Bravo.

Q Okay. The call -- the comments at the end would have been put input by the Deputy?

A Yes.

Q Okay, and then he coded out Bravo, which means no report?

A Right.

Q Okay.

EOG-03499

A Sometimes they code their own calls and sometimes we do. Like they'll say they're 10-8, but they have already closed it out. Comments via the mobile. So that's him updating the call.

Q I'm sorry, so that doesn't pick it up. At 1236:22, alert says comments. That means it was placed in by the mobile user.

A Right. That's his ID.

Q 9714.

A 17 Bravo 2 -- yes, but I just don't remember this call.

Q No problem, I mean, it was a few months ago and I understand you take multiple calls. Anything else you can tell me from this report that I wouldn't know looking at it what something might mean?

A No, just, you may not know what that meant, but that he was making landline.

Q Okay.

A But other than that, it's just -- it's self-explanatory.

Q Now, working the Parkland radio, do they normally have a 17 Bravo 3?

A Yes.

Q Okay. So (indiscernible) (inaudible).

A No.

Q Okay, or why is it held for 17 Bravo 2 -- or we don't know?

EOG-03500

A It may have been held for 17 Bravo 2 because he might've already been 10-6 -- 10-19, and it's a landline call, so they usually make the calls from 10-19 or 17 Bravo 3 could've been in court. He could've just been 10-6 -- unavailable, so whomever would be available will take it.

Q No problem. I asked you all these other questions already, but just to go back, everything you said has been truthful and to the best knowledge?

A Yes.

Q Okay. Pursuant to policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation. Except as authorized or required, you shall not contact persons involved in this administrative investigation. You shall not discuss, reveal or disseminate information concerning this administrative investigation before it becomes public record. Do you understand?

A Yes.

Q This statement will conclude on February 23, 2018 at approximately 1359 hours. Thank you.

INTERVIEW WITH SERGEANT BRIAN MILLER
Q= Sergeant Alexandra Holmes
A= Sergeant Brian Miller

Q The following will be a sworn recorded statement taken by Sergeant Alexandra Holmes, CCN 11989, of the Broward Sheriff's Office. I am the lead investigator in charge of this internal investigation. This statement will be taken in reference to Division of Internal Affairs Case Number To Be Determined regarding a complaint that has been made against an employee for allegedly violating the Sheriff's Policy Manual. You are hereby being questioned as a witness employee in an official investigation of the Broward Sheriff's Office. This statement will be taken from Sergeant Brian Miller, B-r-i-a-n Miller M-i-l-l-e-r with a CCN of 4643. This statement will commence on January – I'm sorry, February 23rd, 2018 at approximately 1457 hours. The interview is being conducted at the Parkland District, which is located at 6650 University Drive in the City of Parkland inside the Sergeant's office. No one else is present and your statement is being recorded. Sergeant Miller, would you state your full name, classification, CCN and current assignment?

A Brian Miller, CCN 4643. I'm a sergeant in Parkland District.

Q Okay. Sergeant Miller, have I identified myself as a law enforcement officer and do you understand this?

A Yes, you did.

Q As a law enforcement officer, I am empowered to administer oaths. Do you understand?

A Yes.

Q Can you please raise your right hand? Let the record reflect that Sergeant Miller has raised his right hand. Do you swear or affirm that the statement you're about to give will be the truth, the whole truth, and nothing but the truth?

A Yes.

Q Thank you. You can lower your hand. Sergeant Miller, I would like to inform you that this is an official proceeding, and if you knowingly provide false information during this proceeding, that would constitute perjury under Florida State Statutes. Do you understand?

A Yes.

Q Do you have any questions so far?

A No.

Q The Sheriff's Policy Manual states SPM 2.25.4 in part: Employees will promptly obey a supervisor's lawful orders. This includes orders relayed from a supervisor by an employee of the same or lesser rank and an internal affairs investigator when conducting an official internal investigation. SPM 2.5.2: Employees will not knowingly make any false or inaccurate verbal or written communications in any official matter. SPM 2.11.2A: Employees will not interfere with investigations of cases assigned to other employees. SPM 9.1.3: Employee investigations remain open and confidential until final discipline is rendered. No

participant including complainants, subject employees, investigators and witnesses will disclose any information about the investigation until it is closed and is public record. Do you understand these policies?

A Yes, I do.

Q Okay. Sergeant Miller, how long have you been with the Sheriff's Office?

A Almost 32 years.

Q Okay. And has it always been in law enforcement?

A Yes.

Q Okay. And how long have you been assigned to the Parkland District?

A Over a year.

Q Okay. Have you worked in the City of Parkland before?

A No.

Q Okay. And you've been assigned here over a year? What were your duties here? What shift were you working?

A I am Bravo Gold, which has the Sunday, Monday, Tuesday, every other Wednesday off, and it's bravo shift road patrol.

Q Okay. Prior to the statement, I showed you the incident details for incident number L17171130000001602. Do you recall this incident being dispatched?

A No, I'm sorry, I don't.

Q Okay. During the call, the dispatcher had the call held for a Deputy Trahees (ph) per you. Do you know why this would have occurred? I understand, I believe, this incident was in a 1703 zone?

A Right.

Q And I believe Deputy Trahees was 17 Bravo 2 according to the patrol roster?

A Right.

Q Any reason you would have held it for 17 Bravo 2 instead of the zone unit?

A I don't know what the zone unit may have been on at that time. He may have been tied up on something, he could have been out of the district, or –

Q Okay.

A To be honest with you, I don't have an independent recollection of it.

Q Okay, no problem. After reading the comments on the call, do you believe that more followup should have been completed?

A As far as what was written for – as the caller or for as the deputy's response to it?

Q Well, the initial call or comments.

A Yeah, it didn't – to be honest with you, reading it, I didn't understand what the tie was to Parkland from this, as it referred to the Lake Worth location, so I don't know

if that information was given to the deputy. So yeah, I think there needs more information 'cause I don't see the tie to Parkland based on what's written here.

Q Okay. The only thing was like, I believe, the address listed on the incident is a Parkland address.

A On the summary location at the top?

Q Yes.

A It has a Parkland address, yes.

Q Okay.

A And that's Pine Tree Estates South. Yeah, that is – I – it was a telephone call in from somebody and my under – maybe my interpretation was from [redacted].

Q Yes.

A So I didn't – and it sounded like the incident occurred, or the threats occurred in Lake Worth.

Q Okay. From the comments that you're reading?

A From – that's my interpretation, yes.

Q Now, after reading what the deputy wrote in his comments, do you believe that he should have wrote a report, an event report – incident report – or do you believe that the comments listed in the CAD were sufficient for the call?

A It's very severe threats that are made, and I would normally suspect that, especially this deputy, to write a report with that type of information.

Q Okay. Due to the severity of the threats, you mean? Because of the severity of the threats?

A Yeah, I mean when you're referring to Columbine and we know what that is and it may be hindsight now sitting here with what has occurred in the city, but that event alone is very severe in killing people. If there was the information, if – you know, if – I don't know if the deputy knew that he was from this area, he went to school here, and I don't know, you know, based on what I'm reading, what knowledge he had.

Q Okay. If a report would have been generated, who would have followed up on that?

A Well, again, if this is tied to a school in Parkland, we would definitely would have informed the school resource officer or this, you know, crime – you know, our sergeant here that does criminal investigations. He oversees that unit as well, and we would have provided him with that information to see if they wanted to forward it anywhere else. Bless you.

Q I'm sorry, excuse me. During a search on OSSI, when you search the name Nikolas Cruz, there are seven names that appear, all with different, similar spellings of the first name Nikolas, were the result. Where was that paper at? No, not that one. Yes. There was seven names that come up, all spelled either Nicholas N-i-c-h-o-l-a-s, N-i-c-o-l-a-s and N-i-k-o-l-a-s. Do you believe that seven names that come up, would that be too much for a deputy to follow up on? Is that like too many names or do you think that they can look – it's a small amount of names that they can look up to see maybe where they live, if they had any ties to Parkland?

EOG-03507

A Oh, to see if the Nikolas that was being referred to in the complaint –?

Q Yes, because in the complaint, I guess you could not provide a date of birth or a location. All she could provide was the name Nikolas Cruz. So, when you put Nikolas Cruz into OSSI, there are seven names that come up. Do you think a deputy is capable of following up on those seven names?

A Yes. I mean, he has the ability and if he's familiar with Parkland, he'd be able to review to determine which one is Parkland.

Q And one of the addresses on those seven names, is it correct that it's actually the same address that is on the location for the –

A Incident detailed report?

Q Yes.

A Yes, the one that's there has the same address.

Q Okay. I don't think I have any other questions. Also, I asked and you provided me the Parkland District payroll/daily roster for November 30, 2017?

A Correct.

Q Okay. And again, you don't recall hearing that call being dispatched over the radio?

A No, ma'am. I do not.

Q I know that the comments on the dispatch call were –

A Extensive.

www.transcriptionexperts.com

EOG-03508

Q Yes. But do you believe that the dispatcher would have put all those comments over the radio?

A I'd be surprised. I mean, we're with three different districts. To read that much information, I would be surprised. I would think she would read some of it and I'm assuming the deputy when he pulled up the call would be reading all the details, or he should be, reading all the details when it comes up on his CAD.

Q Okay. And it did have a – the incident location. Did deputies have the capability of doing a history search on the incident location?

A Yeah, they frequently do that here for like alarm calls to see the history of those addresses. He could have asked the dispatcher this address, what the history is.

Q Okay. Are you aware of any witnesses that could assist us in this investigation who were not discussed?

A No, ma'am, I don't.

Q Are you aware of any documents or evidence relevant to this case that may have not been discussed in this interview?

A No, none. Not that I know of.

Q Is there anything you would like to clarify regarding your statement?

A No.

Q Is there anything I haven't asked that you would like to add to this statement?

www.lexitaslegal.com

EOG-03509

A I would just say that the deputy (indiscernible) works very hard in the district and is usually – writes a very good report and does very good investigation.

Q Okay. Has everything you've said been truthful and to the best of your knowledge?

A Yes.

Q Pursuant to the policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation. Except as authorized or required, you shall not contact persons involved in this administrative investigation. You shall not discuss, reveal, or disseminate information concerning this administrative investigation before it becomes public record. Do you understand?

A Yes.

Q Okay. And you're currently assigned where?

A North Regional PSAC (ph).

EOG-03511

Q Okay. Can you tell me -- do you know the address here by any chance? If you don't, it's okay. Is that a no? No, it's okay if you don't know.

Um, Ms. Lebert, have I identified myself as a law enforcement officer, and do you understand this?

A Yes, I do.

Q As a law enforcement officer, I am empowered to administer oaths. Do you understand this?

A Yes.

Q Can you please raise your right hand for me? Let the record reflect that Ms. Lebert has raised her right hand.

Do you understand these policies?

A Yes, I do.

Q Okay. Um, Ms. Lebert, um, how long have you been with the Broward Sheriff's Office?

A I've been with the Broward Sheriff's Office one year and two months.

Q Okay. Um, and as a 911 call taker?

A Yes.

Q Okay. Um, what are your job duties?

EOG-03513

A Okay, my duties are to answer calls for service and, um, document incidents.

Q Okay. Um, do you only receive 911 calls, or do you ever work I guess the District radios dispatching?

A Currently I do not work the District radios. I am not entering it at this time.

Q Okay. I'm just going to lower this phone so it doesn't ring. Okay. Um, prior to this statement, I had you review the incident details on Incident Number L17171130000001602. Do you remember receiving this particular 911 call?

A Yes, I do remember.

Q Okay. Um, do you receive similar calls like this often, or no?

A No, I don't.

Q Okay. So this particular call stuck out to you?

A Yes, I remember this call --

Q Okay.

A -- after the incident occurred and I recall that I was called by this person.

Q And you're speaking about the shooting that occurred at Stoneman Douglas High School; is that correct?

A Yes.

Q So after that incident occurred you recalled that you had received a call prior to this?

A Yes, ma'am.

Q Okay. Um --

A I was -- I remember some things that stood out, but I did not remember the subject's name.

Q Okay. Um, what did you remember -- before reading this, what did you recall, um, prior -- when the incident occurred, what were the details that you remembered, not reading this now? You said you didn't remember his name, but what were some of the things that stuck out to you?

A I remember -- I remember she was telling me that --

Q And when you say she, you mean the caller?

A I remember the caller was telling me that, um, the subject's parent died. I remember that distinctly.

Q Okay. Um, and now reviewing the call, it refreshes your memory?

A Somewhat it does.

Q Okay. How would you normally spell the name Nicholas? If you had to spell it, how would you normally spell it?

A N-i-c-k-h-o-l-a-s.

Q Okay, let me just spell that. N -- I'm sorry, N-i-c-k --

A Oh, no, no. N-i-c-h --

Q N-i-c-h --

A -- o-l-a-s.

Q -- o-l-a-s. If somebody told you to spell that name, that's how you would normally spell it. Um, do you recall if the caller actually spelled the name for you on this particular call?

A No, I don't.

Q You don't recall whether she did?

A I don't recall.

Q Okay. Now looking at the comments, um -- you typed these comments up on this?

A Yes, I did.

Q Okay. And, um, I guess -- let's see. When you typed the name in, it actually spelled N-i-k-o-l-a-s. Would you have typed it that way, do you believe, or do you believe --

A It is possible.

Q That --

A It is possible.

Q That you would have typed it that way?

A It's possible that I would have typed it that way, if I was moving fast, because sometimes you're typing, you're just trying to get the call and you're not spelling accurately. So it is possible that I could have spelled it that way.

Q Okay. Um, is it also possible that she might have spelled it for you that way?

A It is possible, because --

Q Okay.

A -- sometimes they do. Sometimes, you know, if you're not hearing them clearly or you want to clarify, you ask for them to spell the name.

Q Okay. So you -- you cannot recall whether you spelled it that way or --

A No, I can't recall.

Q -- she spelled it that way?

A No, I can't recall.

Q Um, but I asked you initially if you were to spell it and you didn't know how, you would spell it the N-i-c-h-o-l-a-s?

A Yes.

Q Okay.

A That is the correct spelling I know for Nicholas, but again, as I said, sometimes you're entering calls and you're liable to just spell it how it is pronounced at the time just to make sure, you know --

Q Okay.

A -- especially when you're getting a lot of information at that time.

Q Okay. Anything else that sticks out about that call that you remember, or maybe something she said that wasn't on there that you -- that you remember?

A She -- I remember she was very frantic.

Q Frantic?

A Frantic. Sorry, she was very frantic. Um, and, um --

Q When you say frantic, describe that. Like was she speaking loudly, or was she speaking rapidly?

A Yeah, she was speaking rapidly and she was kind of -- she sounded very concerned.

Q Okay. And, um, did she have an accent by any chance that you remember?

A I can't recall.

Q Okay.

A I can't recall.

Q Okay. Anything else that I'm not asking you that you feel is important?

A I'm trying to think if there is anything else. I know -- I know that I know that she was really -- she sounded really concerned when she called. She was like -- she sounded -- I believe she sounded upset and just frantic, you know, saying she's concerned about this person.

Q Okay.

EOG-03518

A That's what I recall.

Q Um, are you aware of any witnesses that could assist us in this investigation who were not discussed?

A No, ma'am.

Q Are you aware of any document or evidence relevant to this case that may have not been discussed in this interview?

A No, ma'am.

Q Is there anything you would like to clarify regarding this statement?

A Oh, the address, 4600 Copans Road, Coconut Creek.

Q Okay, for the location here?

A Yes, ma'am.

Q Okay, no problem. Um, has everything you said been truthful and to the best of your knowledge?

A Yes, ma'am.

Q Let me just review this real quick, make sure I don't have another question for you.

A And I remember -- I remember she was telling me that this person was not at the address at the time, and I remember -- I believe I remember she mentioning something about Lake Worth, this person was in Lake Worth.

Q Okay. So you remember her -- the address that she provided you was an address in Parkland?

A In Parkland.

Q Okay.

A It was an address in Parkland.

Q But she told you that the person didn't live there anymore.

A She either said the person was not there at the time or was not living there any longer.

Q Okay. And you remember something about Lake Worth?

A I remember she said something about Lake Worth or Palm Beach. I remember she said something about a second location.

Q A second location; okay.

Um, once you speak with the caller and take the call, type everything up, you send it to the dispatcher --

A Yes, ma'am.

Q -- of that particular District?

A Yes, ma'am.

Q Okay. Do you do any follow-up after that, or that's it, you're done with the call at that point?

A No, ma'am; I was done with the call at that point. I sent it off to the dispatcher and I proceeded to take additional calls.

Q Okay. And I asked you all these questions already. But again, everything you said has been truthful and to the best of your knowledge?

EOG-03520

A Yes, ma'am.

Q Okay. [redacted], are you aware that your conversation is being recorded?

A Yes.

Q And are you aware that anything you may say may be used in an administrative hearing or in a court of law?

A Yes.

Q Okay. Thank you, [redacted]. Okay, [redacted], it appears that there may have been a mix up of information regarding the initial information you provided to BSO and the FBI. I know you contacted the Broward Sheriff's Office, you also contacted the FBI and later on Detective Tammy – I'm sorry, Tammy Floyd took a statement from you, is that correct?

A Yes.

Q Okay. Can you tell me when this all started, can you tell me what agency did you call first?

A I called – I tried to get a hold of the Parkland Police Department, but first I think I got – I ended up calling the, what is it, another police department, I can't think of the name of it, something Worth.

Q Okay. Yes.

A They gave me the Parkland Police Department phone number.

Q Okay.

A So I called them and what happened was – I asked to speak to a detective and they said I couldn't do that, that someone would get back to me. So I said, okay, I gave them all my information and someone did call me back.

Q Okay. Let me ask you – I'm sorry to interrupt you.

A That's okay.

Q So you called the – I guess it would be the Palm Beach –

A The Lake Worth – Lake Forth Worth, Florida.

Q Yes.

A And I have the number right here.

Q Lake Worth. Can you give me the number that you have?

A Yes. 817-392-4200.

Q Okay. And that was the number you initially called?

A Yes, ma'am.

Q And that was to Lake Worth, the police department there, which I believe is the Palm Beam County Sheriff's Office there.

A I have no idea.

Q No problem. Now, when you called them, did you tell them what the incident was about, or did you just ask for the Parkland number?

A I just told them I – I don't believe I informed them what it was about. I think I told them that I needed to speak to the Parkland Police. I might have started into it and they stopped me and told me to call – gave me the number to Parkland Police, 954-753-5050.

Q Okay. And then you end up calling Parkland, which is the Broward Sheriff's Office jurisdiction there.

A Yes.

Q And then somebody ended up calling you back, is that correct?

A Yes, ma'am.

Q Okay. You called the Broward Sheriff's Office from our records on November 30th, 2017, does that sound about right?

A Yes, it does.

Q Okay. And what was the initial concern that you ended up calling the Parkland Police?

A When I called the Parkland Police and spoke to this gentleman, my concern was Nikolas was saying he wanted to kill himself, and I saw the first Instagram post where he's wearing the mask and he always thought he was Al-Qaeda.

Q Okay.

A So –

Q I'm sorry, I might interrupt you a few times. Now, when you said that he said that he wanted to kill himself, did he actually verbalize this to you, did he say it in writing, or it was something that you saw on Instagram? Did he ever say that to you?

A No, he did not say that directly to me.

Q Okay.

A What happened was he did post it on his Instagram. See at this point I had no idea where Mr. Cruz was, I didn't deal with it, and then his cousin – Linda's cousin, [redacted] who is the only blood relative around and I were talking, and she called me and she said, Nikolas wants to kill himself, and it must have been on the Instagram. I think she told me it was on the Instagram, he puts it on and he took it off. So, my first concern was, this has got to stop, because I knew how he was and what he was going to do and I just – when I say I knew what he was going to do, I surmised what he was going to do.

Q Yes.

A And so I called and voiced this opinion to the officer I spoke to and yet I thought I hit pager when I spoke to this officer, because I started the conversation saying, I know you've been to Linda Cruz's house on numerous occasions and I said she passed away

November 1st, and he said Linda's dead, and I said, yes, she passed away on the first of November. I thought wow, you know, this man knows exactly what I'm talking about, he's been to the house, he knows the situation, he's going to help me, or help the situation. And then I proceeded to tell him that Nikolas wanted to kill himself and I told him about – I believe the guns – I mean I would have to hear the tape again, because I was apparently being recorded when I called. And I believe I told him, you know, this kid is going to do something bad, and I believe, I don't know if it was him or the FBI had said to me, if we have any more questions do you mind if we give you a call and whoever it was that said that to me I told them yes, of course.

Q Okay. So initially from what I understand, you did not have Instagram, [redacted] which is a blood cousin of Nikolas –

A Yes.

Q -- of Nikolas or of Linda?

A Of Linda.

Q Okay. So Linda's cousin, [redacted], you and her were talking and she's the one that told you that he had posted some – Nikolas had posted some things on Instagram, correct?

A Yes.

Q And at that point did you open an Instagram account so that you could see it for yourself?

A Yes, I did. Yes.

Q Okay. And what did you see at that point?

WWW.TOWNEPAGEVIDEO.COM

142 A Well, one of the accounts that I saw was the first one where he's got
143 the guns – he shows a picture of the gun he wants to buy. He's got a mask on and an Army hat
144 and I don't know, and then the FBI was the one I called about with the next (Indiscernible)
145 Q Okay. Now, when you called Parkland.
146 A Yes.
147 Q Had you opened up an Instagram account at that point to see the
148 pictures?
149 A Yes, I had to because I gave all that information to the gentleman I
150 spoke to.
151 Q Okay. Now, did you give it to the person you spoke to at the FBI or
152 did you give that information to the person you spoke to from Parkland?
153 A Both.
154 Q Okay. All right. Let me just go down my questions just to make sure
155 we cover everything. Now, so your initial concern when you initially called, [redacted] told you there
156 was some Instagram photos and Nikolas is saying he wants to kill himself. Now, did you see the
157 post where he put that he wanted to kill himself and then removed it, or was that something that
158 you just heard from [redacted]?
159 A That's something I was told by [redacted] and then I went on Instagram to
160 look at the post that we were talking about, he had posted that and then taken it off.
161 Q Okay. But you never saw it, [redacted] is the one who told you about it?
162 A No, I never saw it. Yes.

EOG-03529

Q Okay. Now, so when you –

A (Indiscernible)

Q I'm sorry?

A I know she was worried around – she was concerned as I was about the whole incident.

Q Okay. Now, at any point did you make contact with Nikolas during this time or prior to calling BSO?

A No, I didn't make any contact with Nikolas until after Thanksgiving when he – either right before Thanksgiving or right after Thanksgiving when he was living with [redacted], because she had Instagramed me. I asked her how he was doing and everything was okay, because I knew he left [redacted] house, so it had to be after Thanksgiving, and I said is everything okay and he Instagramed me back saying that he was concerned, he didn't like [redacted], she's taking all his money, and I tried to explain to him, which is in the Instagram, that she's doing a wonderful thing to take care of you and your brother. She's not trying to take your money away. She doesn't have any money to do this here, and but she's trying to help you, please work with her and do what she tells you to do and everything will be okay. He never answered me.

Q Okay. And that was a conversation you had with him over Instagram?

A Over Instagram, yes.

Q Now was that prior to or after you called the sheriff's office? Which is Parkland, I'm sorry?

EOG-03530

A I would say – I would say – I really don't know, I'm going to say maybe it's after I spoke to Parkland, because I talked to them – no, that was on the 30th, so it was after Thanksgiving. I really don't know exactly the time line. Well, there's so many things thrown at me that –

Q No. Problem. Obviously if you don't remember, you don't remember. You know, I might just, you know, ask you, but if you don't remember, you don't remember. So pretty much you don't remember whether when you called Parkland, whether you had had that Instagram conversation with Nikolas at that time?

A At that time I haven't had the conversation with Nikolas, I don't believe.

Q You don't believe.

A When I spoke to Parkland.

Q Okay. What do you think was the last time you would have had contact with Nikolas prior to you calling the police?

A The last time I had contact with Nikolas before the police?

Q So it would have been – when would you have had contact with him prior to that Instagram conversation?

A Oh, probably a few years prior to that when I went to see Linda at the house.

Q Okay.

A But Linda and I spoke sometimes three times a day every day.

205 Q Okay.

206 A Now, I say it's – (Indiscernible) going through a lot of nonsense, but

207 he would never get on the phone and talk to anyone.

208 Q Okay. Now, when you called Parkland to talk to the Parkland Police

209 Officer, now, did you provide the address to the call taker?

210 A My address.

211 Q Did you provide an address in Parkland?

212 A For Nikolas' address?

213 Q I'm sorry?

214 A I didn't have – I didn't have Nikolas' address where he lived.

215 Q Okay.

216 A What I told the officer was, and what he knew is the address that they

217 had when he lived with Susan which is 6166 Northwest 80th Terrace in Parkland, Florida.

218 Q Okay. And that address is what? What address is that again?

219 A I believe it's 6166 Northwest 80th Street in Parkland, Florida, but she

220 had two – before all this happened, right before this had happened, she had left there and got into

221 a townhouse.

222 Q Okay.

223 A She was renting a townhouse.

224 Q Now, did you ever visit that 6166 Northwest 80th Terrace?

225 A Numerous occasions.

www.transcriptionexperts.com

Q Okay. So you visited it numerous times. So do you believe you might have given that address when you called because you didn't know where he was, that was the only address you knew of?

A No, because I was – no, I just – I simply told him he left – wait a second now. I think I told him that he left [redacted] house and back to Parkland. He left [redacted] house and he got back to Parkland and he stayed, it was two months with someone that he went (Indiscernible). I don't know who the person is, I think he was in college, maybe a previous student, freshman, sophomore in college, but that's where he stayed for about two months before he ended up going to James Snead's house.

Q Okay. So again, you don't recall whether you provided that 6166 address?

A I don't believe I did, because he knew the address. He had been there on numerous occasions.

Q Okay.

A That's why I said terrific, I knew that someone knew what I was talking about and was there and could understand what I was saying.

Q Okay. Do you know how long the Cruz family lived at that 80th Terrace address?

A Yes, Nikolas is 19, they're there at least 20 years.

Q Okay. At that address. And you said you visited that address numerous times?

247 A Yes.
248 Q Okay. What happened to that house once they moved out?
249 A It was sold.
250 Q Okay. So they sold the house?
251 A Yes.
252 Q And you said Linda moved into a townhouse?
253 A Yes, ma'am.
254 Q Do you know the address there?
255 A I don't have it here with me at all.
256 Q Okay.
257 A I might be able to get it for you if you need it, but I don't have it.
258 Q Okay. Do you know what city it was in that she bought the
259 townhouse?
260 A She didn't buy it, she rented and it was in Parkland.
261 Q Okay. So she rented a house in Parkland after she moved out of the
262 6166 address.
263 A Right, and when she sold it, it was a short sale so there was no
264 monetary.
265 Q Now, did you ever visit the townhouse?
266 A No, ma'am.

267 Q Do you know when she moved out of that 80th Terrace house, like
268 what year about?
269 A Yeah, it was 2016 – '17.
270 Q In 2017 she moved out?
271 A Yes, into the townhouse, maybe it was the end of '16. It could have
272 been the end of '16 and that was also in Parkland. You would be able to verify the dates that she
273 moved in. I'm pretty sure she moved in in January, but you would be able to verify if it I could
274 get the address for you, you could speak to the landlord.
275 Q Okay, that's fine. Now, when you called and you were talking to like
276 the – you know, the call taker, the 911 person that was actually going to – the one that told you,
277 you can't speak to a detective, I'll have somebody call you back, the call taker, when you spoke
278 with that person –
279 A Yeah.
280 Q Do you know if you would have spelled out the name Nikolas to her?
281 A I don't believe I did, but I – I don't think so, I don't know. As I said
282 this is – I'm sure my call is recorded. I'm assuming, but I'm not sure about it, you could go back
283 to the tape copy.
284 Q Okay.
285 A I don't know what I said to her, I just told her that I wanted to speak to
286 someone, a detective, and I don't know, I was really upset at this time.

Q Okay. Did you ever spell out the name for the officer that you spoke with?

A When I – yes, I did, because I gave him as many Instagram accounts as I could remember and I told him to go on Instagram so I could prove what I was talking about and it was N-i-k-o-l-a-s, I believe.

Q Okay. Now, do you believe Nikolas has a common spelling name, or do you think it's –

A No.

Q Do you think it's different?

A It is, it's N-i-k-o-l-a-s, because he was named after Linda's grandfather and his father, it's actually Nikolas.

Q Okay. But you don't remember actually – you don't remember spelling it out for the call taker, but you believe you spelled it out to the officer because you provided him with the Instagram account name?

A Yes, I think I gave it to both of them and I told them – yeah, I did because I gave it to them, the name of the account was on Instagram and I told them how to look for it, it was Nikolas_Cruz_ and there were several accounts, and this one had the information about the gun he wanted to buy, he had a picture of it and I do know he did purchase that gun. I don't know when he purchased it, but it was sent to a sporting goods store and he picked it up there, I assume.

Q Okay. Who took in Nikolas right after his mom passed away?

EOG-03536

A His mother had requested this in the will that [redacted] (Indiscernible) Canadian-French name, but it was [redacted] and then no one was able to find the papers about the will, but at the death bed before Linda passed away, she asked [redacted] will you please take my boys and [redacted] said yes, I will.

Q Okay.

A And since that day on, November 1st, [redacted] left the hospital with the boys and went to the apartment where they were staying and to pick up some clothes and things that they might need at her house and she brought them back to her house.

Q Okay. And when you called the police, Nikolas had already left [redacted] house?

A I believe so. I called them the 30th of November and he left some time after Thanksgiving. Oh wait, yes, because the night before, and I didn't know this at the time, the police were called to [redacted] house. She had called -- where does she live, I have that down here somewhere, but anyway she called the police because there was an altercation with her son who's around 22 and Nikolas. Nikolas of course wanted to have his guns in the house and I believe after the altercation he pulled a gun on her son and they had a big fight, [redacted] called the police, 911 and Nikolas called 911, and [redacted] had told Nikolas you will not bring any weapons into my home and he said, well, then I'm going to leave, and she said, well, you go right ahead, but know you can't come back. And he left, I believe that night which would have been the 29th of November.

Q Okay.

EOG-03537

329 A I didn't know about it though on the 30th when I called the police, I
330 had no idea about that.
331 Q Okay. You didn't know that she called the police, but did you know
332 that he had left her house?
333 A Not at that time, not on the 29th, no, it wasn't until later after I called
334 the police that I found out that he had left the house because she told him he couldn't bring in the
335 guns, so he left. I was never told about the 911 calls.
336 Q Okay. So on the 30th when you called –
337 A Yes.
338 Q -- where did you believe Nikolas was living?
339 A I thought he was with [redacted].
340 Q Okay. And do you know where [redacted] lives, do you know her
341 address?
342 A I don't know her address. (Indiscernible) I don't know, I got
343 everything written down. She's an hour away from Parkland.
344 Q Now, were you and [redacted], are you friendly, do you talk to each
345 other?
346 A We never spoke to each other until after Linda passed away and the
347 only time – she might text me, you know. If I text her and I ask her, is everything okay, are you
348 doing all right, how's Zachary, she might text me back and say everything's fine, we're doing

everything we possibly – you know, trying to handle everything. [redacted] would talk to Linda's cousin, [redacted] more.

Q Okay. So, you never spoke with [redacted] until Linda passed away?

A Correct. I had no – yeah, she was Linda's friend. She was not -- I was an acquaintance of hers.

Q Okay. Now, did you know her personal information, like did you know her phone number or address or date of birth, anything like that? Did you know her phone number?

A [redacted]?

Q Yes.

A I do have her phone number, that's why I'm able to text her, but I don't know why I have it, or how I acquired it.

Q Okay. And do you know what city she lives in by any chance or what county?

A That's what I'm trying to find that right now. It starts with an L. I want to say Lantana or –

Q Now, my question is more like did you know this at the time that you talked to the officer?

A Did I know?

Q The Parkland officer. Did you know this at the time that you spoke to the Parkland officer?

www.transcriptionexperts.com

370 A No.

371 Q Okay. So you wouldn't have had that information at the time?

372 A I knew [redacted] took the boys on, and that's all I knew. I didn't know

373 her address or where she took them. (Indiscernible) I have it written down here somewhere.

374 Q Okay.

375 A Does Palm Beach sound right?

376 Q I'm sorry?

377 A Is it Palm Beach -- oh, Lantana, L-a-n-t-a-n-a.

378 Q Okay. Now, let me ask you, when you spoke to the police on

379 November 30th, you knew that the boys had already left – that they were living with [redacted].

380 Okay.

381 A Yes.

382 Q Now, did you know – was that information that you provided to the

383 officer, that they were living with [redacted] or that – or her phone number and address? Did you

384 have that November 30th to provide?

385 A I didn't have the address, or I didn't even think about her phone

386 number. My whole thing when I called, and the only thing I was focused on, was that he was

387 going to either hurt himself or someone else.

388 Q Okay.

www.transcriptionexperts.com

A And that's what I was concerned about. And I gave them -- I really don't – like I said, (Indiscernible) tell you what information I gave them. If I had it I would have given it to them.

Q Okay, but you don't know if you did?

A I'm not positive, no.

Q Okay. Now, you mentioned in the call that he was living or he was staying with Billy?

A No, Brian.

Q Okay.

A A person by the name of Brian. I don't know who it was – it was a young man, you know, maybe the same – maybe a little bit older than Zachary.

Q Okay. Now, Brian is not in the same place where [redacted] lives? Brian is somewhere else?

A Yes, he's in Parkland somewhere.

Q Okay. Now, did you know that Brian was in Parkland when you called the police on November 30th?

A I don't believe so. I didn't think that he had gone there. It wasn't until later on, I was talking to [redacted], Linda's cousin. Nikolas had texted me, and the grammar was so good, and the punctuation and the spelling that I said, this can't be Nikolas Instagraming me. I said someone was – Nikolas was telling this person what to say and this person typed it to me.

409 And I – I mean that's nothing I can prove that's him, it just (Indiscernible) you need evidence, I
410 don't (Indiscernible)
411 Q Okay. I'm just looking at the call when you called us. Let me just
412 double check. Okay. He put Billy, I guess it was Brian. So, you may have told the officer that he
413 was staying with – it says Billy on the call, but you probably said Brian.
414 A Okay.
415 Q But you didn't know where Brian lived?
416 A Right, I didn't. All I know is that he had a room that he rented.
417 Q Okay. Why did you believe that Nikolas was with Brian? How would
418 you have gotten that information? Why would you have thought that he was living with him?
419 A I'm trying to think. I know he was friends with the kid. I really – I
420 have no idea.
421 Q Okay. Do you know Nikolas' date of birth?
422 A Not offhand. I know it was the day before Linda's birthday. September
423 28th, he was 19 years old.
424 Q Okay. Now, did the deputy ever ask you for Nikolas' date of birth that
425 you remember?
426 A No.
427 Q Okay. He never asked for it?
428 A No.
429 Q What kind of questions did the deputy ask you?

EOG-03542

A I don't know what he was asked me, basically I was doing all the talking and he said, oh, Linda's dead, and I said, yes, I said she died November 1st, he said that's a shame, I'm sorry to hear that, so I figured he had all this information. He knew Nikolas' address. He knew that – he had been to the house on numerous occasions. He knew it was a bad situation.

Q Why do you say that, why do you think that he had been to the house on numerous occasions?

A Because he knew her, he knew her by her first name. She was on a first name basis with a lot of officers that came to the house.

Q Okay. But besides him knowing her first name, did he tell you that he had been there numerous occasions, or did he tell you he was familiar with the family?

A No.

Q Or did he just say the first name and then you assumed that he was familiar with the family?

A I told the officer I was calling about a Nikolas Cruz, and I also said to him if you want to verify this you have been called to the house on numerous occasions, if you check your records you'll be able to see the officers that were called to the house and the reasons that they were called, you have all this information, and he said something about – I think that's when he said – and I said because his mother passed away and that's when the officer said, Linda's dead, and I said, yes, she died November 1st. He said I'm sorry to hear that. He knew –

EOG-03543

when I heard him say that, I thought wow, I'm going to get some – you know, someone's going to get some satisfaction from this, because he knows I'm not just calling for the heck of it.

Q Okay. But he never told you that he had been to the house numerous times or that he had been there. Did he ever actually say that to you?

A No, he didn't.

Q Okay. Now, did he ask for your personal information? Did he ask for your last name or your date of birth or an address for you?

A Yes, I gave him all my information, name, date of birth, my address, my phone number.

Q Did you have a phone number for Nikolas at the time?

A No, Nikolas didn't have a phone at this time. He was using his mother's phone.

Q Okay. So did it have a phone number, did he actually have a phone number that was connected?

A Yes. The last four digits are 1007 and the house phone, the digits are the same as the address, 6166, the last four. I don't know what the exchange – I'd have to look in my phone and I can't do that while I'm on the phone with you.

Q No problem. Let me just ask you though again, so he didn't have – Nikolas didn't have a phone, but he was using his mother's telephone. Was that phone still connected where you would have been able to call him?

EOG-03544

A He used it after Linda passed away, that's how he got a hold of it. He got a hold of it in the hospital. Apparently no one asked for it back.

Q Okay.

A On the day that Linda died he called me on that phone to tell me that his mother was sick, they were working on her, and you know, ever since then it's been very bad. So, but what he did was he took Linda's phone and he wouldn't answer anyone's call that would come into him. Nikolas would never answer the phone.

Q Okay.

A He had the phone, he called me on it. Now, I didn't know who it was, but I tried calling back and the mailbox was full. So then it was one time, I'm trying to think if it was after everything happened, after – before everything happened – maybe it was after everything – no, before everything happened I got a phone call from Linda, and I thought he was cranking me, because he was the only one would have done that, and he wouldn't answer, wouldn't answer, and I didn't mention it to anyone other than, you know, Linda's cousin, that I think he's cranking me. He hasn't done it again. But I tried calling and like I said the mailbox was full and he wouldn't answer the phone.

Q Okay. And you – and I don't want you to get it mixed up with the FBI and Parkland. Now, did you provide the Parkland deputy with the names of the Instagram accounts?

A I believe I did, like the one that I knew about.

Q Okay. There was only one that you knew of at the time?

EOG-03545

491 A Yes.

492 Q Okay.

493 A (Indiscernible) concerned about it, I didn't go searching through

494 anything else. I saw this, you know.

495 Q So there was one at the time and you believe you provided it to the

496 officer?

497 A Yes.

498 Q Okay. And I understand there were some photos posted during

499 different time frames, right? Can you specifically recall what photos you saw that concerned you

500 the first time you called the police? When you talked to Parkland, not to the FBI, what were the

501 photos that you seen?

502 A Was because he was threatening to kill himself, he put it on, took it

503 off. On the first Instagram that I saw was the one with the picture of the gun there, he's got an

504 Army skull cap on it, it says Army on it, on its face, he's got a mask on it, that's the one really I

505 can think of right now. That's the one I was concerned about, he also had the knives and I knew

506 he was infatuated with knives.

507 Q Okay. But I don't want you to get it mixed up, that's why I'm trying

508 to clear it up.

509 A Okay.

www.tsmwgattorneys.com

EOG-03546

Q I don't want you to get it mixed up when you talked to the FBI there were other photos. I know there were photos put up at different times, so I want to know what photos were there when you talked to Parkland.

A The ones that I was concerned about at the time and I hadn't seen the other Instagrams at this point were the guns with the Army cap on his head, his face was covered, there's a picture of a gun, a picture of a gun in a box, or the box that holds the gun on there and then that's the Instagram and the knives.

Q Okay.

A I didn't hear about the other ones to the FBI until later on.

Q Okay. Now, the picture with the knives, was it just knives or was he in the photo with the knives?

A You wouldn't be able to identify him. I believe he was holding them.

Q Okay.

A It was a picture of that.

Q And then the picture that you're saying that there was a gun like maybe in a box or in a holder or something.

A Well, it looked like a picture of a gun that he was going to purchase, it was a rifle.

Q Okay.

A It wasn't the one he used, it was a different one. I come to find that out now. I didn't know it then.

EOG-03547

Q Okay. So, you never reported this to the Palm Beach County Sheriff's Office, you actually called them and they ended up giving you the number to Parkland, but you never reported anything to them?

A I don't believe I did. I might have told them why I wanted to speak to someone.

Q Okay.

A I was concerned, and I thought it was the Parkland Police. I have no idea what any of these counties are here in Florida, I'm not familiar with them.

Q No problem.

A And I wanted to speak to someone in the Parkland Police Department.

Q From the name, what is the name that you kind of remember that you spoke to from Parkland. You said you wrote it down, but I believe you said you don't have that with you.

A I have – I wrote it down on a paper also. I remember writing down the name Chase, but I don't know if it's a first name or a last name, but after the name Chase in parenthesis, I wrote down Spanish, so he might have said I'm officer Chase something, but I didn't quite get the last name and I just wrote down it was a Spanish name, because I wrote all this stuff down after I spoke to them, I mean I wasn't writing as I was talking to them.

Q Now, was there a language barrier when you guys talked or was there a bad phone connection during the call that you recall?

A Not at all. It just sounded like an Hispanic name to me.

EOG-03548

552 Q Okay. And I asked you that already. Why did you believe the person
553 you were speaking with was familiar with the family, and you said because he had said the name
554 Linda. Is that correct?
555 A Right, Linda died, and I said yes, I said she died on November 1st.
556 Q Did you ever suggest a way to the officer on how to identify Nikolas,
557 or how to make contact with him? Did you ever tell him?
558 A No, I don't think I did. I just told him about the Instagram account and
559 he should investigate. I mean, he knew what school he went to. I'm assuming he knew what
560 schools he was at, because he was in Parkland, he was a Parkland Police Officer and there were
561 so many calls to the house. I even said to the gentleman I spoke to, if you look at your records
562 you'll be able to find someone that you might know who went to the house, you can confirm
563 what I'm saying to you.
564 Q Now, was Nikolas going to school at the time or had he –
565 A Yes, he – well that's hard to say. He was supposed to be going to
566 another school. Linda was very evasive at this point about things like that, and, I really couldn't
567 tell you what school he was at. I know he went back to Douglas after he completed some
568 program in another school, where he brought his grades up and he wanted to be mainstreamed,
569 so he had to go see a psychiatrist, because Linda insisted that he be mainstreamed back into
570 Douglas. I believe that was against any reasoning from either school, but for some reason they
571 allowed him back into Douglas and then he was at – I believe Douglas for the second time and
572 later he got – he refused to go to a school where they had metal detectors, because he was at one

EOG-03549

of those schools, and then I really don't know – maybe he went to the school where you sit and do everything on the computer, but he wasn't happy there either, so I don't know.

Q So you don't know whether he was enrolled in school at the time that you called the police?

A He was enrolled in school because [redacted] said I'm keeping him on – she said I have to find a school for Nikolas because I'm an hour away from the Parkland area and I can't get him there, so she was thinking about putting him in another school. And then when he went with James Snead, James Snead got him into the school where he works. Now, I don't know what kind of – it's an education school, and he would take him to the school when he went there to work. He was in construction, he drives for the school under contract, something like that. I'm not completely sure what that situation was.

Q So you believe that he was attending school when he was living with [redacted]?

A When he was living with [redacted] he was not, because she took him home on November 1st. Prior to that I believe he was in some school.

Q Okay. So while Linda was still alive he was enrolled in a school?

A Yes.

Q You don't know what school it was?

A No, I don't.

Q Okay. But once Linda passed away and he went to live with [redacted] he was not enrolled in a school?

EOG-03550

A Unless he was (Indiscernible) enrolled in a school, but he just didn't go back. She would not allow him to go back to school.

Q But you don't know, you don't have any personal knowledge of the school that he was attending?

A No, I don't. I mean Douglas would be able to tell you that. Douglas School would be able to tell you where he was after he left there.

Q Okay.

A I think they had four schools that he went to.

Q Did the officer ever give you a case number before you hung up?

A That I don't know, I don't have the original paper. I don't have – no, I don't have – like I said, I don't have the original paper. I didn't know I was supposed to bring it with me. I didn't know nothing like this was going to happen bad.

Q So you don't – do you remember receiving a case number, do you believe you received a case number or you don't know?

A I cannot honestly say that I did or I didn't.

Q What did the deputy say he was going to do when you talked to him? Did he say he was going to do anything or follow up on anything?

A I believe he said he'll look into it.

Q Okay. Are you sure he said that, or you're not sure?

www.transcriptionexpress.com

613 A I'm not positive. You would have to listen to the tape. I'm not positive
614 that he said that to me, but maybe I assumed since he knew the situation, that he was going to
615 look into it.
616 Q Okay. But you don't recall him actually saying that?
617 A Right. I have a phone number for [redacted] if you'd like it?
618 Q Sure.
619 A Okay. It's 5[redacted]. Now, I'm pretty sure he has retained
620 her own attorney. I don't know if she will talk to me, but that's her number.
621 Q Did you believe that the officer was going to write a report regarding
622 what you told him?
623 A I assumed that, sure.
624 Q Did you ask the officer to follow up with you and let you know what
625 the results were?
626 A I don't know if I said that to him, follow up with me.
627 Q Okay. Did anybody later ever from Parkland follow up with you to
628 give you any information?
629 A It was later on when I talked to Sergeant Champaign (phonetic), Scott
630 Champaign.
631 Q Yes. And that was after the shooting incident, correct?
632 A Yes, yes. And I told him everything I could remember at that point and
633 what had transpired.

634 Q Now, what was your concern when you contacted the FBI? What
635 changed that made you contact the FBI?
636 A Well, that post on Instagram, now he wanted to kill people, and this
637 was, I called the FBI January 5th, so time had passed, again someone told me, Linda's cousin,
638 [redacted] told me, go on Instagram and look at this, and when I saw that about the (Indiscernible)
639 being cut up, the guns all over the bed, just everything in that picture, everything that I
640 personally knew about Nikolas made sense, I said I understand, and she also told me that he put
641 it on and took it off, that he wanted to kill people. And my first thought was I haven't heard
642 anything form the Parkland Police. I did what I thought was right. So then I called the FBI and I
643 gave them that Instagram account and I said this kid is nuts.
644 Q Now, when you say he said that he wanted to kill people, [redacted] had
645 told you, did you actually see that on the Instagram or that was from [redacted]?
646 A That was from [redacted]. She had told me she saw it. She somehow –
647 whether she saw it, I'm not positive, but she told me about it, that now he wants to kill people, he
648 posted that he wants to kill people and then he takes it off, which is what he had a habit of
649 doing.
650 Q Now, did you ever see that on Instagram?
651 A No, I didn't. I just saw the pictures.
652 Q Okay.

A And I gave that account, the information to Tammy Floyd. I was able to get that from [redacted] all this information. There was also a detective in Broward County that spoke to [redacted] (phonetic).

Q Okay. And again, during your statement you stated that you didn't know what Instagram was, you opened an account after you heard and that was [redacted] who was giving you the information?

A That she gave me – yeah, (Indiscernible) on the Instagram.

Q What is [redacted], I'm sorry, last name?

A I believe it's [redacted]

Q And is that [redacted] with a [redacted] or a [redacted]?

A [redacted]. Like I said, she spoke to a detective from Broward County, they called her also and they explained to her, you know, some of the detectives are looking into this, but he was just one of them.

Q Exactly. Okay. Anything that you can remember from the conversation you had with the Parkland officer that I'm not asking you that you feel is important?

A I honestly and truly – there's so many things going through my head right now of what I had said. I don't know if I said it to Parkland or if I said it to the FBI or I said it to both of them, but I was so concerned about the situation with him. At first, I thought he was going to kill himself, and that was a harmless thing to hear, because as screwed up as the kid was I still cared about him. You know.

Q Okay.

EOG-03554

A I'm just so upset about it.

Q I understand. I appreciate you giving this statement. I know you've talked to several people. Are you aware of any witnesses that could assist us in this investigation who were not discussed?

A Any witnesses?

Q Yeah, pretty much again I'm looking more into the initial call that you made to Parkland.

A I called from [redacted] and I originally called the Parkland Police, but they gave me the Parkland Police phone number, I called them and I asked to speak to a detective, they told me I couldn't do that, that an officer would call me back and someone called me back and that's who I talked to and it turned out –

Q I'm sorry, that officer that you talked to, did he ever tell you like well, we don't know where he is, we can't follow up, or did he ever tell you, no, you need to call Palm Beach because that was the last place he was?

A No. All he did – all he – he just listened to me. He just listened to what I was saying.

Q Okay. And he didn't give you any instructions after the fact that you recall?

A No, no.

www.trustpublishing.com

693 Q Okay. Are you aware of any documents or evidence relevant to this
694 case that may have not been discussed in this interview? And I know you said it would be on
695 tape, but besides that, anything that you can think of?
696 A I don't know of anything other than – anything that hasn't already
697 been documented. The police were called to [redacted] house the day before I called the
698 Parkland Police, but I was unaware of that at the time when I called.
699 Q Yes.
700 A She wouldn't file charges, press charges, so they said there was
701 nothing they could do, this police department, which I couldn't understand, because he's over 18,
702 he was 19 years old and he had a gun. (Indiscernible)
703 Q Before we hang up, I just want to ask, you received the information
704 from [redacted] about the Instagram and you became concerned and you called Parkland?
705 A Yes.
706 Q Now, at the time that the called Parkland did you already know that
707 [redacted] had kicked him out of the house pretty much, because you said he was allegedly
708 staying with Brian?
709 A I don't believe I knew this when I called Parkland. I found this out
710 after I spoke to Parkland, which would have been like the first week of December.
711 Q I guess from my notes he did say that you said that he was living with
712 a friend, Billy.
713 A Brian.

www.transcriptionexperts.com

Q Brian. I know, it says Billy, but you're saying it's Brian and he might have misunderstood. So, if you told him that he was living with a friend Brian, do you believe that you would have known that he was no longer with [redacted]?

A That's true, yes. That he had left [redacted] house. The time lines, I'm really – it's getting very confusing on that, but I think I might have, because I said – he would have asked me where Nikolas was, and I said he's not living with [redacted], but I think he stopped, and he's staying with someone by the name of Brian, and he's a young man and had a – he rented a room and I remember hearing that name from Linda, that he would hang out with this kid every once and a while, so I'm assuming he went to him and told him he had no place to stay and the kid took him in for a couple of months.

Q Okay. And you only knew Brian. Did you know an address or a last name?

A No, I didn't.

Q Now, how would you have known it was Brian that he was staying with? Would [redacted] have told you that?

A No, I think he was friends when Linda was still alive, and I think she mentioned him to me.

Q No, I know, but Linda would have passed away at the time that you called the police.

A Yes.

Q So who –

EOG-03557

735 A Maybe I just – somebody might have said it to me, or I assumed he
736 went to stay with that kid Brian, because he didn't go to James Snead's house right away.
737 Q Okay. But so, you don't know why you would have told the deputy
738 that he was living with Brian?
739 A Not at this point, no, I don't remember.
740 Q Okay. Now, did you know where Brian lived? Did you know what city
741 he lived in?
742 A He lived in Parkland.
743 Q And how do you know that?
744 A I think this is what I knew in the – I didn't know about Nikolas going
745 there, but I think Linda told me he rented a room in Parkland with this boy Brian, that he was
746 friendly with Nikolas.
747 Q Okay. Is there anything that you would like to clarify regarding your
748 statement?
749 A I wouldn't know where to begin. I don't know what would need to be
750 clarified. I'm trying to relate what I said, and I really don't remember exactly verbatim. Like I
751 said, the transcript should be there, and everybody knows what was said ther. You know, I'm not
752 trying to –
753 Q No problem. I just have to ask these questions anyway.
754 A I know.

Q Is there anything I haven't asked you that you would like to add to the statement?

A Probably, but none of it pertains.

Q Okay. And has everything you said been truthful and to the best of your knowledge?

A Yes.

Q Okay. The statement will conclude on March 2nd, 2018 at approximately 1625hours. Thank you.

A Okay.

A The night before she passed.

Q Okay. You spoke with her over the phone?

A Yes.

Q Okay. Did she tell you anything regarding her son, Nikolas Cruz?

A We weren't discussing Nikolas at the time. We were discussing her being sick.

Q Okay. And how do you know [redacted] (ph)?

www.[redacted].com

EOG-03562

A Oh, [redacted]? Our - okay, my grandfather owned a house in Bay Point in Sag Harbor, and [redacted] used to spend her summers out there. And Lynda used to spend - Lynda lived with my grandparents, so she spent her summers up there, and I used to go out like every other weekend.

Q Okay. So - so all of you knew each other.

A Yes.

Q Okay. Have long have you known, [redacted] would you say?

A Oh, gosh. I was about 8, so 62 years, 60 to 62 years.

Q Okay.

A But her and I - I'm sorry, not 60, no. I'm 65, so maybe 58 years.

Q Uh-huh.

A You know, I was very young.

Q Okay. You - you were a young girl when - when you met [redacted]. And did you guys -

A Oh, yeah.

Q - keep in contact over all these years?

A [redacted] and I?

Q Yes.

A No, no.

Q Okay.

A Lynda - Lynda and [redacted] did.

EOG-03563

Q Oh.

A I didn't.

Q Okay. They were friends, long time friends, as well.

A [redacted] and Lynda were three years older than me.

Q Okay.

A So I was, like, the younger cousin, you know when - when - like when they were 12, I was 9. I was more the pain in the butt to them, you know? Because I was, you know, younger. I spent more time with my other cousin, Lynda's brother.

Q Okay.

A Because he was closer to my age.

Q Now, did you start talking back to [redacted] after Lynda passed away, or had you talked to her before that?

A No. It was after passed. That - I knew Lynda was keep - Lynda kept in contact and talked to [redacted], a lot, just the way she talked to me. Just (indiscernible) to talk with me. So when Lynda was - had passed that morning, I had asked the nurse who had Lynda's phone to give me [redacted] number.

Q Okay.

A And then I called [redacted].

Q Okay, so you didn't have [redacted] number. You - you asked somebody to give it to you. But you knew who [redacted] was. You just -

EOG-03564

A Oh, absolutely, yes. [redacted] knew my - [redacted] has met my parents. [redacted] had seen actually my parents, and that, you know, when 20 - within the last 25 years, 30 years, when Lynda was down here. Because Lynda would come over with [redacted] sometimes to visit my parents.

Q Mm-hm.

A I wasn't there because I was living at Cornell, and I wasn't still living at home. But, yeah, [redacted] knows - [redacted] know my - knew my mother and my father, and my brother.

Q So once Ms. Cruz passed away, you asked for [redacted] number, you called [redacted].

A Yeah.

Q What was the conversation about?

A Telling [redacted] that Lynda had passed away.

Q Okay, so you notified her about [redacted] about [redacted] Lynda's passing.

A I did, because Nickolas that day - because [redacted] used to go to Florida quite often. So Nickolas also called [redacted], but after I had called her.

Q Okay. Now, did you guys kind of keep in touch after Ms. Lynda had passed away?

A Oh, yes. Yeah, we - we still do. We keep in touch constantly.

Q Okay. On November 30th of 2017, [redacted] called BSO regarding some concerns she had. Do you know what con - what her concerns were at that time?

A November 30th? Yes, she was - he would just snap a lot. He could snap very quickly and just get violent. And, at the time, we were also in conversations with [redacted] who was taking care of Nikolas and Zachary, and he - [redacted] had told me that he was - that her mother had seen him trying to bury a gun in the yard. And Nikolas was - Lynda told us - had told me, and I think she mentioned to [redacted], but Nikolas was just in love with guns and knives. So, when he was trying to bury it, and we knew he could snap, we were nervous about that. Plus Lynda had mentioned to me that one time Nikolas had been mad and actually pulled the gun - pointed the gun at her and pointed the gun at Zachary.

Q Okay, so when [redacted] called BSO on November 30th, do you know what prompted her to call at - at that particular time?

A She knew Nikolas much better than I did, and she was just concerned that he would start, you know, blow up and use his guns.

Q Okay. Now, did you ever see some Instagram accounts or - or - or - from Nikolas?

A Yes.

Q Okay, and how - how did you locate those Instagram accounts? Did he friend you or did you just find them?

A No. Just started looking to check-up on them and - and found them. He had three or four Instagram accounts.

Q Okay, so you did it as - as like a way of looking up on - look - looking -

143 A Yeah, what he was getting into.

144 Q Okay, so you - you had -

145 A And - and I was looking for Zachary, too. Not just Nikolas.

146 Q No, no, that's fine. So you had a Instagram account and you just

147 happened to be looking for him just to see what he was up to.

148 A Correct.

149 Q Now, when - when was the first time that you saw his Instagram

150 account? Would it have been after Ms. Lynda had passed -

151 A No, before -

152 Q - away?

153 A - that. Be - no. It was after she passed away, yeah.

154 Q After she passed away. Okay.

155 A I actually saw one before she passed away, maybe two months before.

156 And the Instagram account I saw before she passed away had him holding knives, there were

157 guns on a bed, there was a lot of stuff with his face covered with what looked like T-shirts with

158 slits cut in them for his eyes. And I told Lynda about it. And she had said he wanted - she had

159 said he wanted to go into the Army and be in infantry, and that was just his way of horsing

160 around. That he - he always wanted to be military, you know, and he was enthralled by that type

161 of thing.

162 Q Okay, so you saw this, those pictures you just described prior to Ms.

163 Lynda Cruz passing away and you actually notified her about them?

EOG-03567

A Yeah.

Q And she gave you an explanation for them.

A Yes.

Q Okay. And after she passed away did you see anything different in his Instagram accounts - did - or anything else that was concerning?

A Yeah, I started noticing more of the thing - the nastier stuff.

Q And when you say nastier stuff, what do you mean?

A At one point I had seen him put on the Instagram account, "I want to kill people." That was two weeks before he did the - the shooting, and at the time Nikolas was living with James Snead, and I talked to - finally got - I had been trying to reach Mr. Snead a long time - and - after Nikolas moved in with him, and I kept leaving messages that I was Lynda's cousin, please call me. And he was not returning calls. And it finally came down to a threat to get him to call me. That we were going to call authorities if he didn't call me. He wasn't re- just not returning calls. And at that point he finally did return the call. And I spoke with him and told him about the way Nikolas could just blow up, the - what he did to Lynda one time. Lynda told me she was driving and he wanted to go Walmart. He was in the car with her and he wanted to go to Walmart, and she said no, she was tired. She'd take him another day. He hauled off at that point while she was driving and punched her in the face and knocked out three teeth. So I told - and he had hit her before. She was afraid of Nikolas. She wasn't afraid of Zachary, and I had asked her, I said, "Nickolas will hit you?" she said, she has to be very careful with Nikolas, he'll snap. And I asked her, "What about Zachary?" she said, Zachary would never

EOG-03568

hit her. So, I said, "Oh," and I had warned Mr. Snead that he has to be careful because that Nikolas could flip and I mentioned, you know, "Be careful with your wife." Mr. Snead's comment to me was that his wife was an amazon and could take care of herself. So I said, "Okay," and I warned him - I talked to him about the fact he could snap. I talked to him about the fact he wasn't taking his medications for Lynda. I told him that he had tried to hide guns from [redacted], that he was infatuated with guns, he was infatuated with knives, and that he posted on Instagram, "I want to kill people." And he said, "Oh, I'll just talk to him. I'm sure he's just acting out a little," and that was - he assured me he was going to talk with him. He also told me that he had experience with PTSD, because he had been in the military. And I said, "Oh, okay." So that was the way that conversation ended.

Q Okay. Now, I see that you reported that to him. Now, also when you saw the Instagram accounts that concerned you, did you report to [redacted]? [redacted]?

A Yes, we were both looking at - at the In- we were both following his Instagram accounts and looking at them.

Q Okay. But you were the one who - who told her about them initially?

A Yes.

Q Okay. Anything else that you reported to her that, that you saw and maybe she didn't see?

A Well, we both were looking at the Instagram accounts, so they were, you know, they - we were both watching them.

www.[redacted].com

EOG-03569

Q Okay.

A So, she - whatever I saw she saw, and what she saw - she would call me and say, "Look at this one now." She did Messenger a couple of times with Nikolas on Instagram. I never Messengered with him. I did also see that Mr. Snead's son was - was one of the followers on Instagram, on Nikolas' account, and I also had seen Mr. Snead's comments that he made on the Dr. Phil show where he said he knew nothing about this. His son knew nothing about the way Nikolas was. Meanwhile they - they were all - half of the interviews that he gave, that Mr. Snead gave on Dr. Phil were lies, because one, his son was following the Instagram account, and two, I specifically told him about Nikolas and his violence, and his - his thing with guns, and how he wanted to be in the military, and how he had posted he wanted to kill people. So I knew that anything Mr. Snead was saying on Dr. Phil was a lie.

Q Okay. And now, people have taken statements from you regarding the criminal aspect of this. Just a reminder that I'm - I'm doing the internal investigation, but you have given other statements, I believe. Did you give a statement maybe to the FBI, or to the criminal detectives I believe?

A Tato Shay (ph) and someone else.

Q I'm not sure.

A Awhile back.

Q Okay.

A Yeah, this isn't the first time.

www.transcriptsource.com

Q Yes. Now, did you see, prior to him saying that he wanted to kill people. Did you physically see a post where Nikolas said that he wanted to kill himself, and then I guess maybe took the post down?

A Yes.

Q Okay. Was that earlier before he said that he wanted to kill people?

A Yes.

Q Okay. Same thing, you re- I mean, you and [redacted], did you guys talk about this? About this - these particular statements? That he wanted -

A Yes.

Q - to kill himself, and that he wanted to kill other people?

A Yes.

Q Okay. So [redacted] is the person who took Nikolas after his mother passed away?

A Yes.

Q Okay. Now, somebody mentioned a Billy (ph) or Brian (ph), do you know who that is by any chance?

A Billy is an older man who was a friend of Lynda's.

Q Now, when Nikolas left [redacted] house, do you know where he went?

245 A Where he went - the first when he left right, right after Thanksgiving?
246 No. I believe he went with some kid that was a little older than him, that was renting a room. I
247 believe he was there for a day or two.
248 Q And you don't know that kid's name?
249 A No.
250 Q Do you know where he was renting a room?
251 A He - where the kid was renting a room?
252 Q Yes.
253 A Somewhere near the Parkland area I'm assuming. Because Nikolas
254 knew him.
255 Q Okay. Now how did - how do you know that he went to stay with a
256 friend for a couple days?
257 A That's when we had heard, I believe it was from [redacted].
258 Q Okay.
259 A And then he was only at that place for a very short time, and then he
260 went to the Snead's.
261 Q Do you know the - Mr. James Snead, his son's name by any chance?
262 A J.T. I think.
263 Q Okay.
264 A Jamison (ph) I think is his - I think his first name is actually Jamison.

www.freestatereporting.com

265 Q Now this Billy, who you say is, was Lynda's friend, that's not the
266 person that you believe that Nikolas went to stay with for those couple days.
267 A No.
268 Q Okay. And was he Nikolas' friend or he was just Lynda's friend?
269 A Lynda's.
270 Q Okay.
271 A Older man, probably somewhere in his I believe late 70's.
272 Q Okay. So, yeah, that wouldn't have been him. Now what did [redacted]
273 tell you that she reported to the police or er- when?
274 A Are we talking about the November?
275 Q Yes.
276 A Okay.
277 Q When she - the first time she called, [redacted], what did she tell you
278 that she reported?
279 A She told me she called and she -
280 Q Do you know what -
281 A - said that she -
282 Q - what - where she told you she called? I think she might've called
283 several places, but.
284 A I know she - I think she called either Parkland or Broward. I'm not
285 sure which one.

EOG-03573

Q Okay.

A And she told me that she told them, she told them who she was. She told them that she was calling about the Cruz's and she told me that the person she talked to actually knew Lynda because they had been to her - Lynda's house so many times with, you know, being called. And that he knew Lynda, and he - she told him that Lynda had passed away and he seemed very shocked over it. And she told him that she was calling about Nikolas, and he ack- he seemed to acknowledge to her about the - about all the calls that were kind - she - Lynda had made a lot of calls over the years about both Zachary and Nikolas. And she told him that Nikolas had guns, and that, you know, he's - the way he is, and - and, you know, he has - he didn't have anybody to keep him calm at this point. Because Lynda used to try and calm him down, and he didn't have anybody to lean on at this point. And that he should take the guns away before he does something stupid.

Q Okay. Now, do you know whether she told him about the Instagram accounts or you don't know?

A Yeah, she told - she told him about the Instagram accounts.

Q And this is what she told you.

A Yes.

Q Now, did [redacted] know at the time where Nikolas was at?

A When she made the call?

Q Yes, that November 30th.

A I think she still thought he was [redacted]

www.[redacted].com

EOG-03574

Q Okay.

A But she made - she made the call and actually, her call was the day after [redacted] kicked him out. So I think she still called - she thought he was at [redacted].

Q Okay. Anything I'm not asking you that you feel is important regarding, pretty much, the November 30th call that she made?

A No.

Q Okay.

A You are aware she - she - you are aware that she's the same one that called the FBI, correct?

Q Yes, yes. And I - I did take a statement from [redacted].

A Yeah.

Q Now, how about can you tell me the difference in the - in the Instagram pictures? Like, initially when she called in - November 30th, compared to when she called the FBI? Do you know what - what pictures were posted during the November timeline and what pictures would've been posted when she called the FBI in January? Were there - were there -

A Pretty much the same -

Q - different -

A - type. Not, not a lot of differences, no.

Q Okay.

A Not a lot of differences.

EOG-03575

328 Q So you're saying definitely the ones with the guns and the knives, and
329 him covering his face, they were posted before Lynda passed away because you actually
330 informed Lynda about them?
331 A Yes, but at - at that time I didn't see anything about, "I want to kill
332 people," or "I want to kill myself."
333 Q That was -
334 A They - they were not listed. That was not there.
335 Q That was after -
336 A But -
337 Q - um -
338 A - that was after was Lynda passed.
339 Q Okay. Now, those comments that were made, were they made like on
340 a picture or how - how were those comments on the Instagram account?
341 A At the top, just where they - where you list some - I'm not that - all that
342 familiar with how Instagram works, but it was like at the top just in words. It wasn't attached to
343 a picture.
344 Q Okay. Okay. I guess that's it. Are you aware of any witnesses that
345 could assist us in this investigation who were not discussed? And again, this is -
346 A You have -
347 Q - the internal -
348 A - you have -

EOG-03576

Q - (investigation) (indiscernible) -

A - spoken to, I'm sure, [redacted].

Q Yes.

A Okay.

Q Oh, no, no, but she's next on my list.

A Oh, okay. Yeah, [redacted]. [redacted] son, [redacted] He's, I think 22.

Q Okay.

A Yeah, I don't know to be honest with you if [redacted] will cooperate anymore because of the - the - the lawsuits that are being put out there. So I don't know if she will, you know, give any statements at this point.

Q Okay.

A Or return an - or return any calls. But [redacted] also had seen a lot of stuff, while - while he was living there, so I would - and [redacted] is 22 or 23. Also, I don't know her name, but [redacted] girlfriend.

Q Okay. And again, I'm mostly concerned about that November 30th call, but do you think they would know anything about [redacted] making that call on November 30th?

A They do not know that she is the one that made that call, and they do not know she is the one that made the FBI call.

Q Okay.

A They - they - at one point, she thinks it was me. And, like I said, [redacted] didn't want to be out there with it. She didn't want it to be made public. So, because we've all been being bombarded with reporters and phone calls. Reporters at our houses, phone calls, and now we're getting authors, people want to write a book.

Q Oh, boy.

A Oh, yes. It's ridiculous.

Q I understand. But again, so -

A So I know -

Q - thank you. I - I appreciate you taking my call. I know this was a voluntary statement.

A Right. I think whoever handled the call - both of [redacted] calls - I think [redacted] did the right thing, but I think that whoever took the calls dropped the ball. I don't think that on both instances, I think that not enough was done to stop that February 14th shooting. I think it could've been prevented had police gotten involved. They could've Baker Acted him - I mean they - there was so much that - that should've been done that wasn't done. [redacted] merely gave them what I feel was enough information, just in the fact that he said that he wanted to kill himself and he had guns. Right there, just not even hurting anybody else, just he had guns and he had put out he wanted to kill himself should've been enough for them to go to the house and investigate it.

EOG-03578

Q Now, I know that was posted that he wanted to kill himself and that it was taken back down. Do you know how long it was on Instagram by any chance, before it was taken down?

A Maybe a day or two.

Q Okay. Are you aware of any documents or evidence relevant to this case that have - may have not been discussed in this interview?

A A document?

Q Yeah, any evidence, or documents or evidence?

A Just pull up, I guess, I don't know if Instagram has a way of pulling up everything that had been posted on there, and then taken down.

Q Yeah, I - I believe -

A Or something like that.

Q - they can do that for the criminal aspect of it, but not for the internal. Like you -

A Oh.

Q - didn't take any screen shots or anything of it or anything like that? Or send them out?

A No, I'm not - I - I'm not that compute - I'm 65 years old. That computer savvy, I'm not.

Q No problem. I - I'm - I just have to ask, but thank you.

A Yeah, now that - that's what I said, I - I don't know how to do a lot on Instagram except, you know, look at it and see what's there, look at the pictures, see what other people have posted. I don't know how to do very much else on - on Instagram. So that's why I said, I'm - I'm not that computer savvy with today's computers. You know, in that respect.

Q All right, Ms. -

A I still - I still even use a flip phone. I don't use an iPhone.

Q Mm-hm.

A I use a regular old flip phone. If I want to use a computer, I go on a regular computer.

Q All right, [redacted], is there anything that you would like to clarify regarding your statement?

A Just like I said, that I think that to the persons who took the - both the - both phone calls from [redacted] totally messed it up. Didn't - didn't do something right and it - and there should've been some kind of procedure in place that they would have gone to Nikolas and, actually Baker Acted him, or investigated it, or taken away his guns, or done something. But to do nothing, I'm sorry, then it - as far as I'm concerned they're partially accountable for the shooting, because it - it was warned before he did it. And it was even warned to the FBI. I mean it was warned and more - so many people dropped the ball on Nikolas and the whole situation. It's - it's ridiculous. It's pathetic. It's pathetic how many times the ball was dropped, that 17 people are dead and 17 others were wounded.

Q All right, [redacted], is there anything I haven't asked you that you would like to add to this statement?

A No. It - that's it.

Q Has everything that you've said been truthful and to the best of your knowledge?

A Yes.

Q Okay. This statement will conclude on May 15th, 2018 at approximately 1140 hours. Thank you.

A Thank you.

(End).

Tipster's Warning to F.B.I. on Florida Shooting Suspect: 'I Know He's Going to Explode'

By RICHARD A. OPPEL Jr., SERGE F. KOVALESKI, PATRICIA MAZZEI and ADAM GOLDMAN FEB. 23, 2018

The warnings that law enforcement officials received about Nikolas Cruz were anything but subtle.

"I know he's going to explode," a woman who knew Mr. Cruz said on the F.B.I.'s tip line on Jan. 5. Her big worry was that he might resort to slipping "into a school and just shooting the place up." Forty days later, Mr. Cruz is accused of doing just that, barging into his former high school in Parkland, Fla., and shooting 17 people to death.

Three months before the Feb. 14 massacre at Marjory Stoneman Douglas High School, a family friend dialed 911 to tell the Palm Beach County sheriff's office about Mr. Cruz's personal arsenal. "I need someone here because I'm afraid he comes back and he has a lot of weapons," the friend said.

Mr. Cruz, 19, himself called the authorities just after Thanksgiving, describing how he had been in a fight and was struggling with the death of his mother. "The

thing is I lost my mother a couple of weeks ago, so like I am dealing with a bunch of things right now," he said in a childlike voice, sounding agitated and out of breath.

The authorities have acknowledged mishandling numerous warning signs that Mr. Cruz was deeply troubled. There were tips to the F.B.I. about disturbing social media posts. There were visits by social services to his home. There were dozens of calls to 911 and the local authorities, some mentioning fears that he was capable of violence.

Reviewing the transcripts of those calls, and listening to the audiotapes of some of them, is a chilling exercise that makes Mr. Cruz's arrest in one of America's deadliest school shootings seem less than a complete surprise. (Read the transcripts here.)

In a 911 call on Nov. 29, [redacted], the family friend who took in Mr. Cruz after the death of his mother, expressed fear that he was going to get a gun after fighting with her son. [redacted] lives in a faded, off-white mobile home, where Mr. Cruz and his younger brother, Zachary, stayed with her briefly.

In [redacted] 911 call, she told the dispatcher that Mr. Cruz already had about eight guns that he kept at a friend's house and that he had just been thrown out of the house after the tantrum in which he punched the walls, hurled things around her home and got into a fight with [redacted], her 22-year-old son.

"He got pissed off and then he came in the house and started banging all the doors and banging in the walls and hitting the walls and throwing everything in the room," she said. "And then my son got in there and he said, 'Stop it,' and he didn't want to stop."

She added: "It's not the first time he put a gun on somebody's head." [redacted] made it clear that her new houseguest was obsessed with firearms and had threatened both his mother and his brother. "That's all he wants is his gun," she said. "And that's all he cares about is his gun. He bought tons of bullets and stuff and I took it away from him."

[redacted] declined to comment on Friday, and her lawyer did not respond to phone messages and emails over the past week.

More than once, Mr. Cruz was identified by those around him as someone capable of carrying out a school shooting.

On Nov. 30, two and a half months before the Parkland massacre, an unidentified caller from [redacted] told the Broward County Sheriff's Office that Mr. Cruz was collecting guns and knives and that "he could be a school shooter in the making."

Two years before, the office reported receiving "thirdhand information" from the son of one of Mr. Cruz's neighbors that he "planned to shoot up the school on Instagram."

The tip that the F.B.I. received in early January from someone close to Mr. Cruz suggested that he owned a gun and had talked about carrying out a school shooting. But the bureau failed to investigate, even though the tipster said Mr. Cruz had a "desire to kill people, erratic behavior and disturbing social media posts."

That information should have been sent to the Miami F.B.I. field office, the bureau said.

The F.B.I. also received a tip from a bail bondsman in Mississippi in September about a suspicious comment left on his YouTube channel by a "nikolas cruz" who professed a desire to be a "professional school shooter." The bondsman notified YouTube, which promptly took down the comment.

The F.B.I. said it did not have enough information to determine if "nikolas cruz" was a real name or a pseudonym, and the bureau said it could not justify keeping a file on the tip open and closed it in October.

When the second tip reached the F.B.I. in West Virginia in January, a specialist was able to view the earlier tip, too. But even then, the specialist, in consultation with her supervisor, decided that there was not enough evidence to pursue it and that it did not appear to be an imminent threat.

EOG-0301

The acting F.B.I. deputy director, David L. Bowdich, briefed congressional staff members about the case on Friday and acknowledged the bureau's failure to investigate, according to three people with direct knowledge of the meeting.

Over the course of the January call, which lasted more than 13 minutes, the tipster warned the F.B.I. that Mr. Cruz had been adrift since his mother's death in November. She said that Mr. Cruz had "[redacted]" The tipster provided four Instagram accounts for Mr. Cruz, which she said showed photos of sliced up animals and the firearms he had amassed. The caller, whose name was redacted on the transcript, said Mr. Cruz had used money from his mother's account after her death to purchase the weapons.

"If you go onto his Instagram pages, you'll see all the guns," the woman said.

Before calling the F.B.I., the woman telephoned Broward sheriff's deputies in Parkland, worried that Mr. Cruz might kill himself. But she did not hear back from them and became increasingly alarmed after she said Mr. Cruz posted online that "he wants to kill people."

Two deputies have been placed on restricted duty while the Broward office investigates how two calls about Mr. Cruz — the one in November and an earlier one in 2016 — may have been mishandled.

Before she died in early November, Mr. Cruz's mother, Lynda Cruz, had called the authorities numerous times over the past decade to report her son. She said he had hit her with the plastic hose from a vacuum, and once threw her against the wall after she took his Xbox away, adding that he suffered from anger issues as well as attention deficit hyperactivity disorder and obsessive-compulsive disorder.

Mr. Cruz progressed to more distressing behavior, including possibly shooting a neighbor's chicken with a BB gun, collecting hate symbols, cutting himself, and possibly swallowing gasoline in a failed suicide attempt, according to complaints to the local authorities.

EOG-03005

An earlier version of this article misidentified the local law enforcement agency that received a call from a family friend. It was the Palm Beach County sheriff's office, not the Broward County sheriff's office. An earlier version also misstated how the caller said Mr. Cruz had bought weapons. The caller said he had used money from his mother's account, not from a life insurance policy.

Reporting was contributed by Jess Bidgood, Nick Madigan, Nicholas Fandos and Alan Blinder.

A version of this article appears in print on February 24, 2018, on Page A1 of the New York edition with the headline: Alarmed Calls Came In on Suspect. Nothing Was Done.

UF: Thank you for calling the FBI. Can I get your name please?

Ah, yes. My name is [PH]

UF: Thank you. And can I get your telephone number please?

Sure.

UF: Thank you. And how can I help you today ma'am?

Okay. I was just fig-I guess I was talking to the operator and, and she transferred me. Um, like I said to her. I don't know how to go about this, but, uh on the Instagram account. I have a, um. I wouldn't say he's by blood but, um, I-I would consider him . He's only 18, but he's got the [redacted]. His mother just passed away on the first of November. He's got Instagram accounts. He started off saying he wanted to kill himself. So what I did was I called the Parkland, which is where he lives. Uh, Parkland Police Department and I spoke to a officer [PH], uh, [PH]. Um, I didn't hear anything on, you know, my—I left it. I gave him all the information I had. And then just recently, now he has switched it to he wants to kill people. And then he put that on his Instagram and about two days later, he took it off. Um, if you go onto his Instagram pages, you'll see all the guns he-he's so into ISIS and, um, I-I'm afraid this is, so-something's gonna happen. Because he's, he doesn't have the mental capacity. He can't, he's so outraged if someone talks to him about certain things. And he had pulled a rifle on his mother before she had, uh, passed away because she wanted to get money to [UI]. Um, and the whole, and another problem is that—and-and he's 18 and his mother's life insurance policy is, uh, coming in and he is going to receive $25,000 from that and then at 21, uh, 24, and up to 30, he's receiving, uh, $25,000 every year after that, uh, from a, um, a wrongful death suit that the mother had on the father, on his father. So, he went out and he, um, took money out of his mother's account. I don't know how he got the debit card, but he did. And he, uh, took money. This is after she passed away. And he took the money out, the social security money out. And he took it, and he bought all these rifles and ammunition and he posted pictures of them on the Instagram. And the family that, you know, distant cousin and-and myself, um, are very concerned about this because I just want someone to know about this so they can look into it. If they think it's something worth going into, fine. If not, um, I just know I have a clear conscience if he takes off and, and just starts shooting places up.

UF: Okay. And did he say he would do that or he just wanted to, ma'am?

[redacted] Uh, on the Instagram, he says, "I want to kill people." Um. Yeah, let me see. [UI] uh, yes. "I want to kill people." And, um, I can, give you, the Instagram accounts and you can look at them and you'll see the pictures.

UF: Yeah.

[redacted] Um.

UF: Yes please, ma'am.

[redacted] Okay. The one account where it was on there, "I want to kill people." and then he took it down is Nikolas, N-I-K-O-L-A-S underline Cruz, C-R-U-Z underline. Now there's another, um, that you should really look at and that's Nikolas. Oh this is all one word all, uh, underca-lowercase. N-I-K-O-L-A-S-C-R-U-Z-M-A-K-A-R-O-V.

UF: Okay.

[redacted] Okay. And then there's an-there's another one, um, uh, it-it's Cruz, C-R-U-Z, underline, Nikolas, N-I-K-O-L-A-S. Um, and that's where all [UI]. And, now, it-it's cutting up animals and things like that. Little animals. Right now it's just frogs and I know for a fact it was a bird at one time. Uh, just to, just to give you a little background on him. You know how a bird will fly around in the backyard and then hit your glass door, your sliding glass doors and hit the ground?

UF: Mhm.

[redacted] Well that's what happened. He brought the bird into the house. He threw it on his mother's kitchen counter and he started cutting it up. He has all kinds of hunting knives. I don't know what knife he used though. And he started cutting the, uh, bird up and his mother, Linda [PH], said, "What're you doing?" And he says, "I want to see what's inside." Now . . I don't know. [chuckle] That to me would be a red flag.

UF: [UI]--

[redacted] And then, uh, you know, wanting to kill all these animals and uh, he wants to um, uh, do something in Arabic and uh, he-he dresses up like a ninja or a, or a-a-a ISIS guy. And he has pictures of all the rifles and everything on the Instagram, on one of these accounts.

UF: Okay. Does he say anything--

[redacted] [OV] [UI]

UF: --else about doing anything, ma'am?

[redacted]: Um, no. He really, he doesn't, um, but he has expre—in different times he expresses different things and then he takes it off. But he left the pictures. Um, there's one of these accounts I had, uh, texted him on his Instagram asking him how he was and, and, you know, if he was doing okay and telling him I needed to speak to someone and um, could he get me the phone number, and I went back on the account because I hadn't heard from him. And at the top of the page it said, "Leave me the f alone." And now I don't believe it's there anymore. And I know he was speaking to me.

UF: Okay.

[redacted]: You know, it-it's just, it's so much and I know he's-he's going to explode. A man he befriended, some young boy who's also on Instagram, and, um, his father, this boy's father took him in. Him and his wife took Nikolas in and said he could live there and, uh, his guns and everything could be in the house because he has them locked up. Um, he also said when, this is another flag I saw. He also said, when Nikolas gets his money, his $25,000. This man will invest it for him.

UF: Okay.

[redacted]: He doesn't know Nikolas from a hole in the wall. And I don't know who he's going to invest it with or what's going to happen but I do know, and this is a fact, when you ask Nikolas for money, he goes up one rule and down the other. He gets crazy, because he will not give anybody his money. Matter of fact, he thinks anything he [UI] the bank is all is, and, you know, to hell with everybody else including his brother. So, and I have th-the, uh, man's name who uh-I-we've, the family and I have tried to call this gentleman and he refuses to return any phone calls, but I got his name and his address if you'd like it.

UF: Yes please.

[redacted]: Okay. His name is [redacted] [PH] [redacted]. His address is [redacted] [PH] [redacted]. Now I have um, a phone number here. [redacted].

UF: And is that--

[redacted]: [OV] Um,

UF: --the one that he's staying with, ma'am?

[redacted]: Yes. That's the man he's supposed to be staying with. And um, an aunt of his has, had called him. Another woman who was taking care of Nikolas, uh, who has already spoken to him tried to call him. I tried to call him just to find out how Nikolas was and to make sure he understood the problems of this, he has. And he

just doesn't return any phone calls, which, if you're going to help somebody and you know there's family involved, at least return the phone calls and talk to them about it. Or, you know, return the phone call and say mind your own business. Yeah, something.

UF: Yeah, and does he talk about ISIS or he just dressed up like one of--

[redacted]: Yeah, well dresses that way and he's, if-if you go into the Instagram account, there's one Instagram where it just, uh, he has a thing for Arabic words, um, let me see. I'm going to it. Um [UI]. Oh boy [UI]. Okay. Well. Okay. Okay, um, there's also a, um, it says crazy Nikolas underline new. All under case. C-R-A-Z-Y-N-I-K-O-L-A-S underline new. N-E-W. Now the Cruz underline Nikolas account.

UF: Mhm.

[redacted]: See, if you go on that, it'll show you all these pictures of him dressed up in, he-he-he wants to be a, he also wants to join the Army so [UI]. He shows the gun that he purchased, The Maverick, uh, 88 Slug. He paid $219 for it. Um, and he shows you all the, uh, knives that he's got and the gun. And he does hold up one gun. And I noticed at the end of the one gun it has an orange tip. And that's just to let the police know it's not real, I believe. And, um, he does use that. It's like an air, air pistol. Um, but, you know, and then the other one is where he's um, cutting up frogs and, uh, and he shows his guns also. Uh, where is it? Okay, the, uh, Nikolas Cruz M-A-K-A-R-O-V. In that one there, he's . . . tell you how confused he is he's got the Make America Great Again hat on. And his face is all covered with a scarf. And it shows you a dirt road. It shows you the frogs. They're a little bloody. The American eagle, uh, ammunition. What looks to be a something that you shoot at, it's in a frame. His rifle, and then a whole bag with all kinds of rifles and-and stuff on it. And scopes. I mean he-he . . . and . . . [UI] the main concern is also when he gets this $25,000. He's not going to give it to this man to invest. He's going to buy guns.

UF: Okay--

[redacted]: And I know the last rifle he bought, he went online and he bought it and it was shipped to, uh, [redacted] in Parkland, Florida. He also works at I believe he's back at his old job which is at the Dollar Tree. And it's right by Walmart and-and, um, in Parkland. I-I-I really don't know exactly which one it is, but I know there's two right now he, it's right by Walmart. And it's the Dollar Tree. And, um, I don't know. It-it just , , it's alarming to see these pictures and to know what he's capable of doing and-and what could happen. He's not in school any longer. He never graduated high school. He's thrown out of all these schools because he would pick up a chair and just throw it at somebody, a teacher or a student because he didn't like the way they were talking to him. Um, I-I just think about, you know, getting into a school and just shooting the place up. You

know, he-he . . . unless there's any other information I could possibly give you I, you know, I'm, I will.

UF: Thanks. So if anybody else has questions they can call you back. Is that correct, ma'am?

[redacted]: Yes, you can, hun. And you name is?

UF: I can give you my ID number ma'am.

[redacted]: Okay.

UF: It's [redacted].

[redacted]: Seven. Okay. [UI]. Okay. Um. Are you an agent?

UF: Uh, we are Intake Specialists, ma'am.

[redacted]: Okay. Very good. Um. I didn't know whether to call you or Homeland Security or who, but, like I said. Um, when you look into this, you can make the decision as to whether you want to go further or not. I just want to, you know, get it off my chest in case something does happen and I do believe something's going to happen, but . . .

UF: Yeah, I do appreciate you calling that in, ma'am.

[redacted]: Okay. Well thank you very much, and, uh, have a good weekend.

UF: Thank you. You as well ma'am.

[redacted]: [OV] And uh, stay warm [chuckle]. Okay.

UF: Thank you.

[redacted]: Bye. Bye-bye.

Nothing by this user for that last name either. Be advised that if this was called in the run won't be listed under his user code. The way I'm running it will only show what he physically typed in and queried.

Yes, that was 11/30/17 – 2/22/18. I ran his user code for any time the last name Cruz was queried.

The request is actually from November 30, 2017, to the present. I do not believe the ten days will make much of a difference. Will the report be too long? I am looking for any searches for Nikolas Cruz, but he may have spelled it differently Nicholas, Nicolas, Nickolas, etc. if he searched the name at all.

A. I initially called cellphone Linda Cruz's cellphone. When I called Linda Cruz's cellphone someone answered that it was not Linda. They asked me if I was a friend or a relative of Linda. I said I was a cousin of Linda. They asked if I was a blood relative I said yes and then they told me that Linda um was in the hospital that she had coded during the night. They brought her back during the night and that she was coding again at that very moment. They told me that they had her son Nikolas there and I told him I said they said it didn't look good that they didn't she kind of pulled away from Nikolas so that he couldn't hear that it sounded like she wasn't gonna make it. I told her that she has another son was he there also and she said no. So, I said well they said where is he. I said I don't know you have Nikolas ask Nikolas. So I guess Nikolas told them he was in school. And I told her Nikolas was [redacted] and she said yes but he's down there. And I said no there is no relatives down there. And I said go through the phone and give me the Cruz list (unintelligible) knew that there was relatives up here that might know something. So the nurse was looking through the phone. She gave me a couple of phone numbers with the last name of Cruz that were in the phone and Nikolas told her about [redacted]. Now I don't know who [redacted] was but Nikolas told her about [redacted] and then I asked for [redacted] phone number cause I knew [redacted] talked to Linda a lot and they had been friends and kept in touch for over 60 years

Q. And who is [redacted]?
A. [redacted] was a friend of Linda's from childhood

Q. Okay does she live in Florida?
A. Did she live in Florida no

EOG-03689

Q. Where does [redacted] live now ?
A. [redacted]

Q. Okay okay did they reach out to her do you know that day?
A. I know [redacted] used to go down to Florida a lot and she talked to her all the time

Q. Did she know the boys, Nikolas and Zachary?
A. Yes

Q. Okay alright so, according, going over this report it does mention there that, again I'm saying what I'm just reading off what was reported here, it saying that you reported this, um it says that the kids had guns and that you were, according to this, you were requesting law enforcement to respond out to the home to check on them and take away their guns. Did you remember making that phone call?
A. No I did not mention anything about guns at all

Q. Did you know that they had guns or were you concerned about that at all?
A. Linda had told me that they had um powered guns or bb guns of some sort. I didn't know that it was. No. and that he wanted to, Nikolas wanted to be a militant. He wanted to go into the service but then he had a mental capacity of a, Linda told me he had the mental capacity of a 14 year old that he was also sick and he would never pass the test to go into the military but he was, he wanted to be military he he was very military and he had guns pellet gun and bb guns

Q. Okay
A. But I didn't know, I know she, she had mentioned problems with, with her sons but more problems actually with Zachary stealing things and being very disrep, verbally disrespectful

Q. Okay so when you talk to her and she complained about her kids it was mostly Zachary?
A. Yeah mostly Zachary

Q. Okay so
A. Mostly because he would steal things. He got, he got arrested a couple of times but he was on probation. He refused to go to school. He refused to get up. Ah (unintelligible) used to call him names, nasty names now.

Q. Okay
A. Um just very very um very nasty you know verbal names but ya know um she did tell me that Nikolas did hit her once and that, and that um he didn't,

he wanted to go to Walmart or something and she said no we're going home and he pushed his hand. He swung his hand out and knocked, the way he hit her he knocked three teeth out, he knocked three teeth loose she had to go to the dentist for it

Q. When was that?
A. Dental work done

Q. Do you remember when that was about?
A. Oohhh three months before she past maybe

Q. Oh okay
A. Because I know she was still paying off the dentist

Q. Okay
A. She had 2000 dollars' worth of dental work and she was paying off the dentist

Q. And that was from the injury from Nikolas hitting her?
A. Yes

Q. Okay
A. And when I said to, ya know and then she told me, she did tell me Nikolas bought a gun but I didn't know that it was a ya know. I thought it was like that he used to go hunting that it was a hunting gun

Q. Right
A. And I thought that the gun the gun gun the real, your type of gun was at this boy Hunter's house

Q. Okay when was this conversation?
A. Before she passed

Q. Okay
A. Months before she passed. Well I didn't even think the guns were at her house. I though the guns were at Hunter's house and that he just had his bb gun

Q. And who is Hunter, a friend of his?
A. Yeah hunter was a friend of his. He used to go on, they used to go to Hunter's father I think had a cabin or something and they used to go to the cabin and go hunting and hunt like ya know birds or stuff like that I guess

Q. Right

A. They used to go hunting and fishing ya know so like they said they didn't think the real guns were at the house. I thought that they were at Hunter's house with Hunter's father ya know they do hunting with them so like I said the only guns I thought were at the house were the um bb guns or pellet guns whatever they were

Q. Alright safe to say you don't remember making any 9-1-1 calls warning or requesting law enforcement to go and check on these boys and take their guns or remove their guns from them?
A. No no I even went through my Verizon bills to check all the calls on that that were made on that date just to look to see there's no 9-1-1s there at all

Q. Okay
A. Not for 9-1-1 and like I said my concern was and that's what the hospital told me they had sent they had went and got Nikolas and brought him to the hospital and they were sending somebody to the school to get Zachary

Q. Okay
A. And then I got a phone call then I was tryna call people to find out trying to call ya know this person [redacted] to see if she knew ya know that Nikolas was at the hospital (phone ringing) and then but it was that it was a (phone ringing) lot of the that kind of call going on

Q. Okay
A. Then I was trying to figure out what the hell? Then I got a phone call from a doctor at the hospital to officially tell me Linda passed.

Q. Okay. Alright [redacted] I appr, I appreciate your time is there anything else you would like to add to this statement?
A. Umm like I said I, I would I mean I haven't seen Linda in like 22 years and I never met the boys and I think to be honest with you with what I'm reading and hearing from [redacted] and from other people that there with things Linda wasn't sharing she wasn't sharing the problems with everybody. I think [redacted] knew a lot of the problems that were going on because she'd been down there and they talk all of the time over all those years. There was like, I didn't talk to Linda for like a 16/17 year stretch where we didn't talk at all. Between my ya know, things that were going on in my family, then (unintelligible) so there was 16/17 year stretch that I didn't talk to Linda at all and [redacted] talked to her, was down there, had met the boys, knew the boys and she was telling me things and I said Linda never told me that. You're kidding. Linda never shared a lot of the stuff, the problems from the past with them

Q. Right

EOG-03692

A. Never shared a lot of that, and from talking to Michael Cruz. Since then because I got the phone number from Michael which is um Linda's I guess distant, Linda's husband's son and they didn't know it either. She wasn't sharing information as far as what was going on. I don't know if she was embarrassed. I don't why she didn't but she didn't tell me, she didn't tell them the whole family didn't know about all the stuff going on. [redacted] was the one who knew about a lot of the stuff. Now that was with them growing up with the way he acted, um with all that and what Linda was going through trying to take care of them. You know trying to deal with uh with his issues. He had told me that he was for quite a while was under a couns, was having a counselor come to the house for a couple of times a week to see the boys and for a while. For quite a while and um after his father died. Like I said all the stuff I'm hearing now, the people. 39 times the police was there, from what I'm hearing the police were being called back in 2010 I was like what can they be doing? They're 11 and 10 years old. What could be so bad at 11 and 10 a lot of this is just unbelievable to me. And like I said Linda didn't share that stuff. More she, she was more with. I was looking more toward Zachary with Zachary stealing things and (unintelligible) and Zachary hanging out all night. That type of thing

Q. Okay. Alright [redacted] thank you for your time you and I talked briefly before we went on record did we cover everything we talked about?

A. Yes

Q. Okay then this will conclude this statement ending on February 17, 2018 the time is now 1:16pm.

A. As long as I don't have to study.

Detective Link, CCN 10154, also present Detective Kami Floyd, CCN—

Det. Floyd:
17022.

—this is in reference to a criminal investigation that occurred on February 14, 2018, case #17-1802-000525 that occurred at Stoneman Douglas High School. Um...this statement is being taken from [redacted] white female, date of birth [redacted], phone number [redacted], home address [redacted]. This statement is being taken on February 17, 2018, the time is now 3:47 p.m. This statement is being taken at [redacted] home address.

Q. Um... [redacted], do you understand that um...we're detectives investigating this case?
A. Yes.

Q. All right and as such we're authorized to take sworn statements—
A. Yes.

Q. --therefore everything you tell us must be the truth 100%, do you understand?
A. Yeap.

Q. All right, can you raise your right hand?
A. Yeah.

Q. Do you solemnly swear to tell the truth, the whole truth and nothing but the truth, so help you God?
A. Yes.

Q. Okay, you can lower your hand. All right, [redacted] um....we're her investigating um...this case going backwards um...through a timeline when we're um...we've been tasked to reach out to everyone who's made a 911 call um...regarding um...the subject in this case, Nikolas Cruz. First off, how do you know Nikolas Cruz?
A. 'Cuz of his mother.

Q. His mother—
A. Yeah.

Q. --is who?

A. Um...Linda Cruz um...me and her was real very close, she was like my mom here but she was—I was her best friend or like a daughter, she was like the grandmother of my youngest child.

Q. Um-huh.
A. So I know her that day.

Q. Okay.
A. I moved beside her house when I moved to Florida that the first person I met.

Q. Oh, okay. So how long was your---did you know Nikolas—how long did you say you've known him?
A. Um...for—that was a long time—Nikolas or—

Q. Nikolas.
A. --how long I've been moving—I've been in Florida?

Q. No, how long have you known Nikolas, yeah.
A. Um...this—I'd be over maybe 11 years.

Q. Okay, so you knew him as a young young child?
A. Yeah, a young young child, yes.

Q. Okay um...
A. (inaudible)—

Q. When did he come to live with you?
A. November 1st.

Q. And that's the day his mother passed away?
A. Yeah, they called me from the hospital and I went to get the kids at the hospital just before she passed.

Q. Okay. All right um...the first time that we had documented here that you called 911—
A. Um-huh.

Q. --was on—

Q. She only called once, he called the other time that's why I was interrupting, sorry.

Q. Okay, no problem.

Q. Case #17-157013 Palm Beach County case number, [redacted]--

Q. What day?

Q. [redacted] called on November 28, 2017.

Q. What about the November 24, 2017?

Q. November 24, 2017 was called in by her son, [redacted].

Q. Okay, did you—do you remember calling in about the gun being buried in your backyard or possible—
A. Yeah.

Q. Okay.
A. My mom caught him bur—digging in the backyard I wasn't here when that happened.

Q. Okay.
A. And um...she told me after when I came back and then he went to work and that's when we went in the backyard and trying to locate where he was digging according to my mom you know all she was seeing—she was hiding on the corner there and all she was seeing is like dirt coming up.

Q. And she saw him digging?
A. Yeah, she saw the dirt coming up and she knew it was him digging, she saw him with a shovel and stuff.

Q. Um-huh.
A. So—but we had to wait 'til he leaves so he went to work and then went in the backyard and trying to figure where he was digging but we didn't know if we were looking for a hole or if we were a looking um...something that looked like it was reburied or something you know so we're just looking.

Q. Where did he work?
A. And—um...the Dollar Store.

Q. Up there?
A. The Dollar Tree or something, yeah, Dollar Tree.

Q. How did he get to—to and from work?
A. Me.

Q. Oh, you drove him?
A. Yeah.

Q. Okay, did he ever have a car or anything?
A. No.

Q. Okay.
A. He's never been enough mature to have—he didn't even know how to use a---a ATM card or put gas in the car.

Q. Um...
A. And less you know—and less driving.

Q. Right, so when you guys—so you and your son called on the 24th of 2017 um...what was done? Did—did the police come out?
A. Well, I don't know the date. What's the date? What happened on that date? Were you talking about the same thing—

Q. The 20—
A. --about the call about the digging?

Q. Yes.

Q. Yeah.
A. Yeah.

Q. And what did you find anything?
A. The police (inaudible) the police is been here so many times um...no, no, I didn't ask the police to go look for it I found what it was.

Q. And what was it?
A. It was a hole.

Q. Okay.
A. He digged a hole in the backyard and when I went in behind that fence and there's little water there so this hole was about this long and about this wide which is like perfect size of the box that I found in the backyard that was here, a gun box and under the gun box like a—'cuz I grabbed it was still wet from the dirt that came from that hole. I should have been an investigator.

Q. So he did burry a gun there at some point?
A. No, he did not burry the gun.

Q. Oh.
A. He took that old box that came from his house that he has from another gun but didn't have guns in it, he texted it in that hole, he was preparing himself to receive the gun to

bury the gun because I told him—and I found out about the gun, he bought the gun at Dick's, I told him "there's no gun in this house" I'm not going to take any chances and I knew how he is—

Q. Um-huh.
A. --and I have a five year old on top of it and I was not—and I already didn't trust him. He beat his mom too many times, he put the guns on his mom's head too many times and I know about this but I figured you know maybe I could control it if there's no gun around and I have my son that's bigger than him.

Q. Um-huh.
A. My son is you know he's pretty (inaudible) but obviously I was fooled, I was naive but um...after that we found the hole, there's nothing in the hole and we called the police um...let them know was our—what was our option at that time too um...I wanted him out because I was afraid that if he'd doing that that means when he gets the gun God knows what else he's going to do and he was getting---he was already starting to get angry at us because um...I didn't want him to have his gun or bring his gun that he already has—

Q. Um-huh.
A. --from his friend's house.

Q. Um-huh.
A. He had another friend that was keeping all his guns—

Q. Okay.
A. --and he was getting angry and more mean his attitude start changing so I was getting worried you know for the safety of us and they told us that we cannot kick him out because his stuff was here, they basically told us that he could have guns in the house if he wanted to have guns in the house and I had nothing to say. There was nothing I could do about it so just stay there, wait to be killed and we'll figure afterwards that's how I felt, that's how we all felt but then that day we came back there was a big fight between the two and my son was trying to stop him from hitting the walls and stuff um...and he was worried for us and he was—he came ballistic um...he decided to leave on his own, they start fighting he was 18—

Q. That was—
A. --he was 19—he was 19.

Q. No, go ahead.
A. 19.

Q. 19 at the time?
A. He was 19 at the time.

Q. Yeah, that brings us to the second call on—on November 28, 2017
A. Yeah.

Q. So that would have been the call you just went into?
A. Yeah, yeah.

Q. Okay, so he was um...this is the day that he was kicked out?
A. Yeah.

Q. Okay.
A. Actually my son kicked him out because he was banging on the walls and start fighting and they broke the whole bed and the whole bedroom out there and he was in my youngest son's bedroom he was in.

Q. Okay.
A. Um...so basically he kicked him out—out of the house so he doesn't bring anything but he walked away and then he decided to leave on his own which he was like "oh thank God" that was like bonus for us because you know—but then we were worried that he's coming back with that gun that he bought that he was going to go pick up the gun and kill us so for day I had to get his friend that's in the military to come here to watch over us, have a machata—machete or whatever it's call 'cuz I don't believe in gun but I had that and the baby was sleeping in my room and I have that by my bed and it's still there—

Q. Um-huh.
A. --because you know he could have came any time and—and—

Q. Did you ever see him bring the gun or have the gun or do you—
A. No, no, no he had the gun at the store, he bought the gun at the store.

Q. Right, but he never brought it here?
A. But I saw how he was with the gun at his mom's house.

Q. Right.
A. And he's—he's—and here he have the pellet gun that's the only thing he was able to—I---I allowed him to have but he could not have it on his possession with him my son had it in his closet and his door is locked and I told him—I said "if you want to play with your pellet gun fine let's me know and I'll make—you know I'll---I'll let him---I let [redacted] know he could give it to you" but I wasn't able to you know to see if he was in his right mind or not you know—

Q. Um-huh.
A. ---'cuz he could still hurt somebody really bad with a pellet gun but it's not like---

Q. Um-huh.
A. --a real gun you know what I'm saying.

Q. Yeah.
A. So I—I made some target in the back with the beer cans and stuff so I made that in the tree because he was just um…he was going to go shoot, no you can't just go shoot, I said, it's---it's a big community so it doesn't work this way.

Q. Um-huh.
A. I said we have—I can make you some target and then focus on shooting on the target. You know for me is like if you have a gun you shoot on targets.

Q. Um-huh.
A. But for him no, shoot anything that moves. I'm like "don't kill my animals" 'cuz animals are everywhere here you know little—but for him it was great. I'm like "no, you kill something and you lose the—the pellet gun" so the—the um…beer bottles---the beer cans or whatever and as soon as he start boom, boom, boom, boom, boom, he would like empty the whole thing I'm like "don't you want like to make sure you have it right and like focus that's what hunters do you know."

Q. Um-huh.
A. Trying to hunt a deer make sure don't go boom, boom, boom, boom, boom and shoot everywhere so you know and I tried this. I'm like, this is not normal.

Q. Um-huh.
A. So----

Q. So the police they came out that day; what happen—what was the result of that call the day that he was doing---
A. Yeah, turning in circle. They told me there's nothing they could do and if he wants to leave he can leave but he has decide to leave because they can't force him to leave. He had a hat—a really hard hat and bullet vest or whatever that—so that's---

Q. That when he left he did?
A. He had it here. He wanted it and we didn't give it to him. My son kept it, he says "I'm not giving it back", he says if he's coming here to shoot us now—he said "I don't want him to have that on", he says "he'll have all the protection and we'll be all here like rabbits in a whole", he says "no way" so he kept that stuff 'till um…he was with James and James got the um…the truck and all that stuff and Nick came in and got that stuff then we released that equipment to them but we told the officer—we let them know and the office says "there's no big deal."

Q. well, that night that they were---that they were fighting my understanding is that Nick—Nikolas punched your son in the face, is that correct?
A. Yeah.

Q. Was your son injured?
A. Well, he's---you know he got little swollen but—

Q. Okay, did you guys ask for the officers to take Nikolas to jail?
A. I did.

Q. Okay, how about [redacted]?
A. He didn't want to.

Q. Okay.
A. He—that's what I'm saying he's not a fighter, he will protect us but he's not a fighter and—

Q. And how old is [redacted]?
A. Um...22.

Q. 22 okay.
A. Um...I think he was—because for me I just wanted him to be gone.

Q. You wanted him out?
A. Like for me at that point because I tried to get him out before and my mom was here at that time and my mom was so petrified—we were petrified the whole time (inaudible) here and he start like (inaudible)—

Q. Did you ever try to get him evicted through the courthouse?
A. No, it would have been---it would have been terrible 'cuz I would have had to do all this and it would have been—you know what I'm saying he was—he was always with me plus I have to do all the funeral by myself, I had to empty a whole house by myself for them they had nobody.

Q. I understand.
A. So I had to do everything plus doing my own stuff with my children plus my job plus this I could never stop. I was so exhausted there's nothing you know---

Q. Um-huh.
A. --but when I had the chance and he said he wants to go I was like, yes just bring him where here but then that girl didn't want to take him 'cuz we tried to make phone calls so I left with the baby 'cuz I have to get the baby from the daycare and I didn't want to come back here 'til he was gone, I didn't want to have drama um...in front of the baby he's five.

So you know he realize things but he doesn't—he can't really understand everything so I told [redacted]---I said "just stay here, find a place for him to go to" and there was the officer here too I think at the same—stayed with him at the same time and—but when I came back he was still here but at least he was calm and stuff so I just came in the house and they stayed outside um...but then they found—that's when they found a place for him to go. One of his friends to go to so it was okay but I always kept a contact with Nick.

Q. And that was on---so that was 11/28/2017 had you seen him since?
A. Yeah.

Q. When?
A. He came back on I think the 20th of December he came here um...I had to talk to James and um...'cuz me and James kept talking in regard of---

Q. Who is James?
A. James is the father of J.T., J.T. is the friend of Nick, Nick is the one that lives (inaudible) too and they go hunting.

Q. Yeah.

Q. Yeah, that's the hunting family?
A. Yeah, the one that he lives with.

Q. Right.

Q. Okay.
A. So we talked about it, Nick came and visit his brother and he brought J.T., he came to see the dogs.

Q. Besides these main incidents um...and these are the one—the two documents that we have um...that year that you called 911 those are the two that you recall?
A. On him?

Q. Um-huh.

Q. Right.
A. Yeah.

Q. (inaudible) Nikolas?
A. Yeah.

Q. Yeah.
A. Yeah, yeah me, yeah.

Q. Okay.

Q. Okay.

Q. All right, [redacted] that's all we're going to um...cover today did—did um....we covered everything we talked about prior to going on record?
A. I think so.

Q. Yeah.
A. Yeah.

Q. Okay um....all right, this will conclude the statement ending at 4:01 p.m.

Narrative:

On 2/14/18 at approximately 2:30pm, I responded to the area of Marjory Stoneman Douglas High School in Parkland to assist with this school shooting investigation. When I initially arrived on scene at approximately 3:00pm, the suspect had not yet been detained. Dispatch broadcasted a B.O.L.O. for the suspect who was believed to be Nikolas Cruz. A clothing description was also broadcasted over police radios. I circulated neighborhoods surrounding the area of the school searching for suspect.

At approximately 3:30pm, Sgt. Rubin requested back-up at 7200 Loxahatchee Rd. I arrived at this location at approximately 3:40pm and was informed by Sgt. Rubin this was the residence where Cruz lived. Upon arrival, Sgt.

Rubin and Det. Sokol were standing on the driveway of this residence along with James and Kimberly Snead, residents of the house. While Sgt. Rubin and Det. Sokol remained focused on the residence (as Cruz's whereabouts were still unknown), I escorted James and Kimberly Snead to a safer location, along the roadway just east of their property line, and obtained basic information from them. They provided their personal information and identified their son as Jameson "JT" Snead. They also advised their son's friend, Nikolas Cruz, recently moved into their home. They were the only four people that lived in the house. While waiting for additional back-up units to respond, I continued speaking to James and Kimberly Snead. They provided the following information during our initial conversation:

James and Kimberly Snead's son, "JT" Snead, approached them about allowing his friend, Nikolas Cruz, to move into their house. JT Snead and Cruz became friends while in JROTC while they both attended Marjory Stoneman Douglas High School (2016-2017 school year). At some point last year, Cruz had left the high school and now attended Rock Island Development Center. James Snead, coincidentally, attends this school as well. They advised Cruz's mother died in Nov. 2017, leaving both Nikolas Cruz and his brother, Zack, parentless (Their father died several years ago.). Cruz moved to a home somewhere in Lake Worth but was told by the resident that she did not want Cruz to have firearms in her house. JT Snead asked them if Cruz could temporarily live with them and James and Kimberly Snead agreed. They were aware Cruz owned several firearms and had no problem allowing him to store them inside their home. James Snead stated he did require Cruz to purchase a safe and keep his firearms secured within the safe. According to James Snead, he believed he was the only one with a key and initially informed me there was no way Cruz could have used one of his firearms because he was the only one with keys. James Snead further stated that Cruz was only allowed to access the firearms if he or his wife were home and only when he asked permission to do so. Regarding Cruz's current whereabouts, James Snead stated he normally drops off Cruz at Rock Island Development Center but Cruz told him that he, "Does not go to school on Valentine's Day." Neither James Snead nor Kimberly Snead knew where Cruz was at the time. After the school shooting, James Snead spoke to his son, JT, who advised Cruz texted him stating he was going to the movies. That was the last they had heard from him. Cruz was not answering phone or text messages. James Snead had been in contact with his son and he was waiting to be picked up at a nearby McDonald's (5741 Coral Ridge Dr.). Kimberly Snead informed me that she last saw Cruz earlier in the day and she believed had been wearing black pants and a red shirt.

At approximately 4:30pm, Sgt. Rubin and several other back-up units conducted a safety check of the house. No other people were located. I informed James and Kimberly Snead that they would not have access to their house for quite some time as a search warrant was going to be obtained. Kimberly Snead requested she be allowed to walk her two dogs and provide them with water. She also wanted to get her cell phone from her bedroom. Sgt. Rubin and I escorted her into the home and allowed her to walk the dogs. She also obtained her cell phone and a bottle of water before leaving the house. James Snead, who believed he was the only person with a key to Cruz's safe, told me that the key was in a discreet location in his bedroom. He advised he would show me where the key was as it was in a hidden location and would be difficult to locate. Sgt. Rubin and I then escorted James Snead into the home. He entered his bedroom and retrieved the safe key from his night table. The key was left on the coffee table in the living room. I conveyed the keys location to Det. Foster who at the time, was to be responsible for obtaining the search warrant for the house. The house was then secured and nobody else was allowed to enter.

At approximately 5:15pm, I was tasked by Sgt. Jonathan Brown to transport James and Kimberly Snead to the BSO Public Safety Building (PSB) and interview them. They agreed to come with me but were concerned for their son, Jameson Snead, as he was waiting for them at the aforementioned McDonald's. I made arrangements to have their son

picked up by BSO deputies and be transported to the PSB.

At approximately 6:27pm, I interviewed James Snead, Kimberly Snead, and Jameson Snead inside CID interview room #8. The goal of this interview was to obtain background information regarding Cruz as well as determine if there were any indicators of his plan to carry out this school shooting. The interview was electronically recorded via audio and video and uploaded to www.evidence.com. Refer to the recorded interview for specific details and statements from the interview. James Snead, who before the interview, had been in contact with his lawyer, stated that attorney Jim Lewis was on the way to the PSB to sit in on the interview. However, James Snead stated he would begin the interview and unless he felt he was being questioned as a suspect, would continue to cooperate with the investigation. I then interviewed James Snead, Kimberly Snead and Jameson Snead who, in summary, provided the following information regarding their knowledge and friendship with Cruz:

They initially provided background information regarding Cruz and how he came to live with them. Cruz's mother died on Nov. 1, 2017. Cruz and his brother, Zack, moved in with someone named [redacted] in Lake Worth. Cruz moved into their home on Nov. 27, 2017, after the person he was living with in Lake Worth forced him to move out. They believed [redacted] did not allow Cruz to keep his firearms in the house and told Cruz that if he did not get rid of the firearms, he would be forced to leave. Cruz, in turn, decided to move out of that house. Jameson Snead, who was in JROTC with Cruz when they both attended Marjory Stoneman Douglas High School together, became aware of Cruz's situation and asked his parents if Cruz could stay with them. They agreed. James and Kimberly Snead were aware of Cruz's firearms and allowed him to keep them at their house provided they were secured at all times. James and Kimberly Snead did state that they required Cruz to ask permission before he would access his firearms from the safe and stated that as far as they knew, he had previously abided by this rule. James Snead stated he even went with Cruz to purchase a safe. He also believed he was the only person with the keys to the safe (which he previously told me while outside their house). However, when I told James Snead that most safes come with two sets of keys, he stated that Cruz, unbeknownst to him, must have kept one.

James and Kimberly Snead stated that Cruz was socially awkward and that he did not know how to do simple household chores that they asked him to do. Although willing to help when asked, they often had to show him how to do the chores first. Kimberly Snead stated that it was almost as if Cruz had been coddled all his life and never had responsibilities around the house as a child. They also advised that he mainly kept to himself and would spend a large amount of time alone in his bedroom, presumably playing video games and watching videos on his phone (He did not have a computer as far as they knew.). Jameson Snead did state that Cruz had an unusual interest in guns, stating that he was constantly looking at them on the internet or talking about them. At the time, Jameson Snead believed it was more an appreciation of guns than an obsession. Jameson Snead also stated that Cruz did have an unusual amount of ammunition. Despite his social awkwardness and interest in firearms, none of them ever saw any indicators that Cruz was capable of or planning to commit this crime.

Regarding school, Cruz attended Rock Island Development Center along with James Snead. However, Cruz had informed the family that he was not going to school on 2/14/18, stating, "I don't go to school on Valentine's Day." Jameson Snead, who was at the high school when the shooting happened, stated that prior to the shooting, Cruz texted him. Jameson Snead showed me his cell phone and the text message exchange he and Cruz had (The text message thread was photographed using my tablet and later uploaded to www.evidence.com.). Just prior to the shooting, Cruz texted Jameson Snead that he had something important to tell him. When Jameson Snead asked what it was, Cruz replied that it was nothing important and that he was going to the movies. Cruz used the cell phone number 954-821-1007 when communicating with Jameson Snead.

Kimberly Snead was the last person to see him on the morning of 2/14/18. Kimberly Snead, who works midnight shift, saw Cruz during the mid-morning hours. She informed me that Cruz was last seen wearing a red shirt and dark colored, possibly black pants. Kimberly Snead also advised that Cruz had a broken hand and was in a cast until approximately two weeks ago. Cruz had prematurely taken the cast off and the hand was placed in a cast again on 2/13/18. Kimberly Snead believed Cruz was still in the cast on 2/14/18.

Jameson Snead, who was at school and on the campus when the shooting occurred, was not near the shooting location. However, when the shooting occurred, Jameson Snead heard gunshots and knew that there was a school shooting. He and other classmates headed west, away from the gunshots. Jameson spoke to his father and was directed to go to Walmart and wait for him as he would pick him up there. However, there was too much traffic and ultimately they decided to meet at the nearby McDonald's. After the shooting, neither Jameson nor James Snead were able to get in contact with Cruz.

During the interview with James Snead, Kimberly Snead, and Jameson Snead, Attorney Jim Lewis, who had been in contact with James Snead, arrived at the PSB and requested that he speak alone with the family. Lewis arrived toward the end of the interview. I escorted Lewis into the interview room and he spoke privately with the three of them before we finished the interview. After Lewis' arrival, we only spoke for a few more minutes before finishing the interview. Prior to concluding the interview, I requested Jameson Snead not to delete anything from his phone as it might be needed at a later time. Both he and his father agreed that nothing would be deleted. I then escorted the Snead family and Lewis out of the interview room and they left the PSB.

After interviewing the Snead family, I was requested to review the CCTV from McDonald's for evidentiary value. Det. Schnakenberg, who was one of the deputies who transported Jameson Snead to the PSB, provided a copy of the McDonald's CCTV to me when transporting Jameson Snead to the PSB (As previously stated, although Jameson Snead did go to the McDonald's at the request of his father, Jameson Snead did not cross paths with Cruz. Cruz was also observed on McDonald's CCTV.). Cruz was observed on the McDonald's CCTV for only a few minutes. The following is a brief timeline of Cruz at McDonald's:
15:01:03- cam # 19 (side entry) - Cruz entered McDonald's holding a cup in his hand.
15:01:16 -cam # 6 (side lobby) - Cruz sat next to a young white male wearing a black shirt who was already inside the business. This person appeared to be high school aged (He was later identified by the BSO Homicide Unit). They had a brief conversation before both of them left the business.
15:02:07 - cam # 20 (main parking lot) - The person wearing the black shirt exited the business.
15:02:10 - cam # 20 (main parking lot) - Cruz walks out, briefly speaks to the person in the black shirt then separates. They leave in separate directions.
It should be noted that Cruz did not purchase anything while at the McDonald's.

On 2/15/18 at approximately 10:15am, I was requested by Sgt. Brown to make contact with Sandra Rennie, a former teacher of Cruz's from the previous year while he attended Marjory Stoneman Douglas High School. I contacted Rennie via telephone and she agreed to meet with me.

At approximately 10:45am, I arrived at Rennie's home and spoke to her. Rennie did not see Cruz on campus during the shooting. However, because she was his former teacher, she was able to provide insight into his background/character. In summary, Rennie provided the following information regarding Cruz:

During the last school year, Cruz took an Engineering class that Rennie taught. Rennie described Cruz as an introvert, someone who kept to himself. He was soft-spoken and calm, never raising his voice to her or other students. She described Cruz as a poor student without direction or motivation. She spoke to Cruz's mother at one point and the mother explained to her that she had trouble getting him motivated. Rennie asked Cruz what he wanted to do after school and he explained either "construction" or "military".

Cruz often wore camouflaged clothing with combat boots and a bandana around his neck. Cruz had a "goofy" walk. He also had "stuff" hooked to his belt or backpack which added to his awkwardness.

She described one incident where Cruz intentionally destroyed a group project belonging to other students. The groups had been instructed to build a bridge and Cruz intentionally broke another group's project. Cruz laughed it off and stated that he did not want that group to do better than his group. She also stated that Cruz was fascinated with weird stuff and complained that the school's firewall would not let him search for guns. During one instance when he was supposed to be searching mechanical engineering on the internet, Cruz attempted to search for guns. However, he was prevented from doing so. Cruz complained and said that guns weren't bad and that they were for hunting. Cruz would also search gory items and would often laugh at disfigured images. Rennie stated that the more disfigured the image, the funnier it was to Cruz. Rennie also stated that former student, Santiago Cuellar, who sat next to Cruz, requested a seat change because Cruz was "creepy".

Rennie was on campus during the shooting but did not see Cruz. She was teaching in the 700 building, which is adjacent to the 1200 building. A student in her class, Justin West, had asked to go to the 1200 building to get a paper signed. However, after leaving, he quickly returned stating he saw smoke and heard fireworks. It was at that time that they heard the fire alarm. When Rennie walked toward the 1200 building, she heard gunshots and directed her students to run south toward the 200 building.

At approximately 11:29am, I obtained a sworn recorded statement from Rennie. The statement was later uploaded to www.evidence.com.

After obtaining Rennie's statement, I verified that the two students mentioned by Rennie, Santiago Cuellar and Justin West, were on the list of students to speak with and conduct follow-up investigation. I learned that Cuellar was spoken to by FBI Agent Sara Roussell and that West was contacted by BSO Det. Bob Anderson but have no information regarding the results of those contacts.

At approximately 3:40pm, I contacted James Snead and informed him that I wanted to download Jameson's cell phone. He agreed and I made arrangements to pick up the phone from him.

At approximately 5:17pm, I met with James Snead. He signed a consent to search form for the cell phone and gave me Jameson's phone. I met with Det. Vince Puran who downloaded the phone. Det. Puran provided me with a DVD of the phone download which was later turned over to Det. Val Perez. The phone was later returned to Jameson Snead.

On 2/16/18, Sgt. Brown requested that I assist with conducting the investigation into the firearms recovered in this case. I was tasked with tracing the firearms back to point of purchase, identifying where they were purchased and who sold the firearms to Nikolas Cruz and James Snead. There were a total of ten firearms recovered during this investigation:

1) Smith & Wesson, model M&P-15 Sport II, s/n TF16214, AR style rifle (Owned by Cruz and used in the school

shooting. Recovered on scene.)
2) Hi-Point, model995TS, s/n F135972, 9 x 19mm rifle (Owned by Cruz)
3) Marlin, model 60, s/n MM18640M, 0.22 LR rifle (Owned by James Snead)
4) Mossberg, model Maverick 88, s/n MV0217695, 12 gauge shotgun (Owned by Cruz)
5) Remington, model, 870, s/n RS38221Y, 12 gauge shotgun (Owned by Cruz)
6) Savage, model 320, s/n174636A , 12 gauge shotgun (Owned by James Snead)
7) American Tactical, model Omni Hybrid, s/n NS099694, AR style rifle (Owned by James Snead)
8) Century Arms, model RAS47, s/n RAS47079188, AK-47 style rifle (Owned by Cruz)
9) Mossberg, model 500A, s/n K431580, 12 gauge shotgun (Owned by Cruz)
10) Ruger, model American Rifle, s/n 691-31976, .30-06 SPRG rifle (Owned by Cruz)
Detectives Hoover, Carrasquillo and Goodwin assisted me in this task. Our investigation into these aforementioned firearms was to determine where they were purchased, contact the people who sold and transferred the firearms to Cruz and/or Snead, and obtain statements from them. In addition, obtaining the original ATF Firearm Transaction Record Forms (also known as "4473 forms") which are completed when purchasing a firearm was requested. The list was divided amongst us and all the requested information was compiled into a spreadsheet (See spreadsheet for further details.). While a few employees conducting these transactions did remember Cruz and/or Snead when they purchased or picked up the firearms, nobody was suspicious of the transactions or circumstances surrounding them. See supplemental reports by Det. Hoover, Det. Carrasquillo and/or Det. Goodwin for further details. The information obtained during my interaction with the firearm sellers will be documented below.

On 2/17/18 at approximately 12:30pm, I was requested by Sgt. Brown to contact student Hunter Dubois and interview him regarding information he might have about Cruz. Hunter Dubois and his brother, Anthony Dubois, were previously in JROTC with Cruz. Anthony Dubois, who lives in Georgia, provided information to FBI investigators about Cruz. Anthony Dubois told investigators his brother, Hunter, Dubois, might be able to provide additional information regarding Cruz. I contacted Hunter Dubois and made arrangements to meet with him.

At approximately 3:45pm, I arrived at Hunter Dubois' residence at 10576 NW 56th Dr., in the city of Coral Springs, and met with him. In summary, Hunter Dubois provided the following information:

Hunter Dubois was in JROTC with Cruz last year. They also had an engineering class together with Ms. Rennie (Sandra Rennie whom I previously obtained a statement from). One time during class, he observed Cruz destroy a bridge project groups had to construct and asked him why he did it. Cruz admitted to doing it and told Hunter Dubois, "I'm fucking crazy!" Cruz also told him that he had two shotguns and that he (Cruz), "Liked seeing people in pain." Hunter Dubois also witnessed Cruz conduct a google search for guns and also observed Cruz make a shooting gesture toward birds as he walked by them. Hunter Dubois stated he became concerned after these interactions with Cruz and reported him to Student Affairs. When doing so, fellow classmate named Justin was with him.

Hunter Dubois was at school when the shooting occurred. He was in the JROTC room (building 500) and although he heard the fire alarm and two loud bangs, was unaware that they were gunshots at the time. He did not provide any relevant information regarding the school shooting.

At approximately 4:09pm, I obtained a sworn recorded statement from Hunter Dubois. The statement was later uploaded to www.evidence.com.

On 2/18/18 at approximately 11:40am, Jennifer Dubois (Hunter Dubois' mother) informed me that she received concerning information from her daughter, Alexis Dubois. Alexis Dubois told her that a girl named Carinna O. (later identified as Carinna Osio) shared a class with Cruz and it was rumored that Cruz told Osio in the hallway before the shooting occurred, "Don't worry, I will not shoot your class." Although this was believed to be a rumor, I decided to identify and contact Osio to verify this information.

On 2/19/18 at approximately 1:15pm, I called Osio (954-673-4889) and spoke to her about what she knew. She advised that she was also contacted by the FBI yesterday (2/18/18) and asked about Cruz. However, she had not yet given a formal statement. I made arrangements to meet with her the following day.

At approximately 2:15pm, I was contacted by ATF Agent Kent Finch, the resident agent in charge of the Ft. Lauderdale office. Agent Finch explained to me that he was contacted by Michael Drago, owner of Coral Springs Gun & Pawn, with information about Cruz. Drago informed Agent Finch that approximately one to two months ago, Cruz entered his store and attempted to purchase a rifle. Drago, however, did not sell him one as Cruz appeared to be very young. I obtained Drago's information and contacted him, requesting to meet with him. Drago was cooperative and I made arrangements to meet him right away.

At approximately 2:30pm, I spoke to Attorney Eric Maimone, who represents Michael Morrison, the owner Sunrise Tactical Supply, the business that sold Cruz the Smith & Wesson AR-15 rifle used in this shooting. Attorney Maimone and I made arrangements to meet on 2/22/18 and obtain a statement from Morrison, as well as employee David Martinez, the person who sold Cruz the firearm.

At approximately 3:10pm, I arrived at Coral Springs Gun & Pawn, 11320 Wiles Rd., Coral Springs, and met with Drago. In summary, Drago provided the following information:

Cruz entered his business a few months ago and looked at AR-15 and AK-47 rifles. After examining each rifle, Cruz told Drago he wanted to purchase the AR-15 rifle. Drago obtained Cruz's driver's license and noted how young he was. Drago also stated that Cruz appeared immature and cocky, and got a weird feeling from him. Not wanting to sell a weapon to a person so young, Drago told Cruz that his business does not sell firearms to people under 21 years of age. Cruz was somewhat upset but left without causing a scene. After the school shooting, Drago was contacted by the media and informed that someone named "Nikolas Cruz" left a bad review about his business on www.pawnbat.com/pawn-shops. Drago recently saw this review and remembered the transaction with Cruz. Drago's video surveillance is only saved for 1-2 weeks before being written over. There was no CCTV of his interaction with Cruz.

At approximately 3:27pm, I obtained a sworn recorded statement from Drago. The statement was later uploaded to www.evidence.com.

At approximately 6:50pm, I responded to Dick's Sporting Goods in Boynton Beach to conduct follow-up investigation into Cruz's purchase of the Mossberg Maverick 88 shotgun from the business. Cruz purchased the shotgun from employee David Belzer on 11/18/17 and picked it up on 12/9/17. It was picked up from employee Gary Pase and Store Manager Rikki Jones. As a store policy, when possession of a firearm is transferred to a customer, the store manager must escort the customer and firearm to the front of the business before physically handing it to him/her. When

EOG-03712

arriving at the store, I made contact with Pase and Jones and obtained statements from them.

At approximately 7:25pm, I obtained a sworn recorded statement from Pase. The statement from Pase was later uploaded to www.evidence.com. In summary, Pase provided the following information:

Pase is the employee who sold Cruz the aforementioned Mossberg Maverick 88 shotgun. Pase did, in fact, remember the transaction with Cruz. Pase, who is an avid fisherman and hunter, spoke to Cruz as well as James and Jameson Snead for approximately 1-1.5 hours as they perused the store. Pase and Cruz exchanged phone numbers and intended to get together to go fishing and/or hunting. However, they never met. At one point, Cruz texted Pase that he recently purchased an AK-47.

At 7:45pm, I obtained a sworn recorded statement from Jones. The statement from Jones was later uploaded to www.evidence.com. Jones, who was working as store manager at the time and escorted Cruz to the front of the store before handing him the firearm, had no independent recollection of this transaction.

Jones provided me with copies of the paperwork documenting this transaction, to include the ATF #4473 form, invoice and sales receipt. While speaking to Jones, I requested any video surveillance the business had regarding this purchase and/or transfer. Jones referred me to District Loss Prevention Manager Monica Serna (412-503-3227 / monica.serna@DCSG.com) whom I later contacted to obtain the CCTV.

At approximately 8:10pm, I met with Belzer who, in summary, provided the following information:

Belzer was the person who sold the Mossberg Maverick 88 shotgun to Cruz. Belzer remembered the transaction with Cruz. Belzer stated that Cruz had asked for the Maverick shotgun and needed it for "home defense". Belzer remembered Cruz was a younger person and had red hair and big ears. Cruz initially completed the "4473" form but it had to be redone because the wrong color ink pen was used. During the wait period, Belzer remembered that Cruz came into the store and was looking at ammunition. However, he did not remember whether or not Cruz purchased any.

At approximately 8:26pm, I obtained a sworn recorded statement from Belzer. The statement was later uploaded to www.evidence.com.

On 2/20/18 at approximately 2:00pm, I met with Osio at her home. Her parents were also present. She requested that they remain with her as she was still emotionally disturbed from the shooting. In summary, she provided the following information:

Osio informed me that she was in the same class as Cruz last year (2016-2017 school year). She and Cruz were in Ms. Colavito's Learning Strategies class together. Although not friends, she would often talk to Cruz because she pitied him. Cruz told her that he was into hunting and was in the JROTC. She also stated he would wear his JROTC shirt on Wednesdays. She believed Cruz was [redacted] but also stated he was [redacted] stating he was aware of class homework assignments and his poor grades. Cruz was often absent and would ask Osio questions regarding their homework. Osio explained that Cruz was often bullied by other students and did not appear to have any friends. A female student named Alexa was particularly cruel to him. At one point during the school year, Cruz told Osio that he was tired of people being mean and bullying him so he wanted to, "Go shoot up a school." When Osio confronted him about this, Cruz told her that he was joking. At another time, Cruz told her that he was going to get one of his guns and

shoot himself. Osio informed me that she believed Cruz was suicidal and that she reported him to Ms. Rubenstein, the Peer Counselor. He was pulled from the classroom and spoken to by school administrators. When he returned to the classroom, Cruz blamed her for reporting him but did not seem to be too upset with her. The last time Osio spoke to Cruz was before he was expelled last year. Osio denied seeing him in the hallway before the shooting (contrary to the rumors). At the time of the shooting, Osio was in Ms. Lazar's class on the first floor of building 1200 and instantly knew it was Cruz. Although she provided no information regarding this shooting because she did not see the shooter, she stated that based on his prior comments and what she knew about Cruz, she felt that he was the person shooting in the hallway. Her classroom was locked down until police entered and removed the students. She did not believe any shots were fired into her room.

At approximately 2:34pm, I obtained a sworn recorded statement from Carinna Osio. The statement was later uploaded to www.evidence.com.

On 2/22/18 at approximately 10:00am, I met with Attorney Eric Maimone, the owner of Sunrise Tactical Supply, Michael Morrison, and employee David Martinez. As previously stated, Sunrise Tactical Supply is the business that sold Cruz the Smith & Wesson AR-15 rifle used in this shooting.

At approximately 10:19am, I obtained a sworn recorded statement from Morrison. The statement was later uploaded to www.evidence.com. In summary, Morrison provided the following information:

Morrison, who is the owner of Sunrise Tactical Supply, was present during the sale of this firearm and was the person who conducted the background check after Cruz completed the ATF # 4473 form. He did remember Cruz because he had "big ears". Morrison also asked Cruz if he liked AR-15 rifles. Cruz replied that he did and stated he enjoyed shooting them with his friends. Nothing about Cruz or his demeanor was suspicious to Morrison.

(I later contacted Morrison via telephone to obtain answers to a few follow-up questions that were brought to my attention after I took his statement. Morrison provided the following additional information: 1) When purchasing the Smith & Wesson AR-15 rifle, it was brand new; 2) When purchasing this firearm, Cruz was alone; 3) Cruz paid for the purchase in cash; and 4) Cruz did not buy anything else when making this purchase.)

At approximately 10:37am, I obtained a sworn recorded statement from Martinez. The statement was later uploaded to www.evidence.com. In summary, Martinez provided the following information:

Martinez is an employee of Sunrise Tactical Supply and sold the Smith & Wesson AR-15 to Cruz on 2/11/17. He was also the person who completed the transfer of the firearm to Cruz on 2/18/17. Martinez did not remember this transaction. However, when watching news coverage of the shooting, he recognized Cruz's face and then remembered that he bought a firearm from their store. Martinez stated nothing about Cruz's demeanor was suspicious when purchasing or picking up the firearm.

On 2/23/18 at approximately 9:40am, I called Dick's Sporting Goods District Loss Prevention Manager Monica Serna and left a message inquiring about the video surveillance at the stores. Serna later contacted me and advised that Dick's Sporting Goods did still have video surveillance of Cruz's firearm purchase from the Boynton Beach store on 11/18/17 an also of James Snead's purchase of a Savage model 320 shotgun from the Boca Raton store on 10/13/17. Serna requested a subpoena duces tecum in order to turn over the video surveillance. I made arrangements to obtain

subpoenas duces tecum for the two transactions and informed her I would contact her when ready.

At approximately 9:45am, I called Dick's Sporting Goods employee Vanessa Halahan, who sold James Snead the Savage shotgun at the Boca Raton store on 10/13/17. When Det. Goodwin conducted his follow-up investigation to obtain statements from the employees of the Boca Raton store, he was advised that Halahan was out of town until the beginning of March. I called her and left a message requesting contact upon her return to South Florida.

On 2/27/18 at approximately 3:30pm, ATF Agent Elizabeth Richards and I went to Advanced Firearms in Margate to investigate the fact that one of the firearms recovered during this investigation was reported stolen. The firearm, a Mossberg, model 500A, 12 gauge shotgun (s/n K431580), was purchased by Cruz at Advanced Firearms in Margate on 11/19/16. It had previously been reported stolen in California in 1991 (NIC hit #G569506081). Due to the fact that Cruz legally purchased the firearm from Advanced Firearms, he could not have had knowledge that the firearm was stolen. However, Agent Richards and I inquired as to how the business came to possess this firearm. We learned that the shotgun was acquired by Advanced firearms on 1/14/16 from a person named Kevin Hernandez (DL #H655-504-87-371-0), and remained in the store until it was sold to Cruz on 11/19/16. I would later conduct follow-up investigation into how Hernandez came to possess this stolen firearm.

On 2/28/18, I prepared the subpoenas duces tecum to obtain the video surveillance from Dick's Sporting Goods. ASA Justin Griffis reviewed and signed the subpoenas duces tecum and returned them to me. I later emailed the subpoenas duces tecum to Loss Prevention Manager Serna. She, in turn, sent the video surveillance to me via certified mail (which was received on 3/6/18 at 11:30am). The DVD containing the video surveillance was placed into evidence, copies of which were provided to Det. Curcio, the lead investigator.

On 3/6/18 at approximately 12:30pm, Sgt. Brown requested that I respond to Coconut Creek Pawn at 5450 W. Hillsboro Blvd. and meet with the owner, Raziel Gridi, who had information regarding Cruz.

At approximately 3:30pm, I met with Gridi. Gridi, in summary, provided the following information:
He had been out of the country during this shooting. He had just returned to Florida and stated Cruz had been in his store looking at AK-47 and AR-15 rifles a few months ago. Gridi stated that Cruz appeared immature and when he asked how old he was, Cruz told him 19 years old. Gridi, who stated that as a store policy does not sell firearms to anyone under 21 years old, told Cruz he could not purchase a firearm from his store. Cruz then left without incident. Gridi stated there is no video surveillance of this interaction with Cruz as it is only saved for a few weeks.

At approximately 3:40pm, I obtained a sworn recorded statement from Gridi. The statement was later uploaded to www.evidence.com.

On 3/9/18 at approximately 10:50am, I met with Vanessa Halahan, the Dick's Sporting Goods employee who sold James Snead the Savage shotgun on 10/13/17. At the time of this transaction, Halahan was the Assistant Store Manager of the Boca Raton store. She was provided the ATF 4473 form and reviewed it. Based on the paperwork provided, she advised that she reviewed the paperwork submitted by Snead and finalized the sale. Halahan had no independent recollection of this transaction.

At approximately 10:53am, I obtained a sworn recorded statement from Halahan. The statement has been uploaded to www.evidence.com.

At 11:45am, I met with Kevin Hernandez at his residence and continued the investigation into the stolen Mossberg shotgun from California. Hernandez advised that he frequently goes to on-line gun forums which is where he acquired the Mossberg shotgun. Hernandez advised he traded for the Mossberg shotgun, acquiring it from a person named David Nigro. Hernandez traded Nigro an antique Ivory Johnson revolver for the Mossberg shotgun. He was able to find the messages exchanged between him and Nigro in which they negotiate for some time before finally agreeing on terms for the transaction. Hernandez only had the shotgun for one day before deciding to sell it to Advanced Firearms, which gave him $125 for the firearm. Hernandez had no knowledge this firearm was stolen. Hernandez provided me with Nigro's phone number which he was able to retrieve from the website. I also took photographs of the communication between Hernandez and Nigro with my BSO issued Samsung tablet and later uploaded those to www.evidence.com.

At 11:58am, I obtained a sworn recorded statement from Kevin Hernandez. The statement has been uploaded to www.evidence.com. After obtaining Hernandez's statement, I conducted a DHSMV search for David Nigro, and found a local address in Coconut Creek.

On 3/27/18 at approximately 11:45am, I went to David Nigro's residence and contacted him. Nigro, who was cooperative, advised the following:
Nigro purchased the Mossberg shotgun from a person known to him as "Charley Brown" on 12/10/15 for $150. However, no identification was ever presented by the seller nor was it requested by Nigro to confirm his identity. Nigro also stated he had the firearm for approximately one month before trading it to Hernandez for the antique revolver. Nigro was able to retrieve a bill of sale regarding this transaction. The bill of sale was photographed using my BSO issued Samsung tablet and later uploaded to www.evidence.com. The bill of sale only named the seller as "Charley Brown" with an address of 2120 NW 21st Ter., Apt. #A, Ft. Lauderdale. When conducting this transaction, Nigro did not view the seller's identification and stated he would be unable to identify the person.

At approximately 11:53am, I obtained a sworn recorded statement from Nigro. The statement was later uploaded to www.evidence.com.

At approximately 4:50pm, I went to 2120 NW 21st Ter., Apt. #A, and contacted the current tenant. She identified herself as Shawnta Savage and stated she moved into the residence in Nov. 2017. She did not know anyone named "Charley Brown". Upon returning to the office, I conducted a search of DHSMV records but due to the fact that Charley Brown or Charles Brown is such a common name, I was unable to narrow down the list of potential sellers of this stolen firearm to a manageable number. Regardless, due to the fact that the firearm was stolen in 1991 and has, undoubtedly, passed through numerous hands over the years, it is unlikely that any of the most recent owners of this firearm have knowledge that it is, in fact, stolen.

On 4/24/18, I met with ATF Agent Richards, who provided me with the six original Firearm Transaction Record Forms (4473 forms) completed by Cruz when purchasing his firearms. I took possession of the forms and placed them into evidence.

On 5/2/18, as previously noted in this report, I contacted Morrison, the owner of Sunrise Tactical Supply, as there were a few additional questions that needed to be answered. Morrison was cooperative and provided the additional information (His answers are noted above).

On 5/3/18, I learned that the stolen Mossberg had not yet been removed from NCIC (The firearm was originally recovered by Det. Cottam and taken to the BSO Evidence Unit. The information was passed along to me and hence the miscommunication as to whether it was removed from NCIC.). I contacted teletype and the shotgun was removed from NCIC by Operators Denise (CCN 9998) and Rosa (CCN 9605) who confirmed the stolen firearm hit with the Patrol Secretary of the Temple Sheriff's Station in California (Original case # 911472305). For additional information or questions regarding the theft of this firearm, I was advised to contact the Temple Sheriff's Station Detective Bureau (626-292-3315).

This concludes my involvement in this case.

A No, ma'am.

Q All right. Just to start off, Deputy Treijs, there was a statement that you provided to Sergeant Brown (ph). Did you get a chance to review your statement?

A I had a chance.

www.transcriptionexpress.com

EOG-03727

Q Okay. Was it true and accurate, or would you like to make any clarifications regarding that statement? I know it was right after this incident and maybe you've had time to think about it, but anything -- or was that statement true and accurate?

A It was truthful, however, I referred to Nikolas Cruz (ph) in a domestic case that was -- that took place in July of last year and instead of -- that was referring to his brother, Zachary (ph).

Q Zachary Cruz.

A Yes.

Q Okay. So, you transposed them. You mixed the two brothers up?

A Correct.

Q Anything else that you want to correct or clarify regarding that?

A No, ma'am.

Q Okay. Now have you completed any types of investigations before? Have you conducted investigations?

A I've conducted civilian child protective investigations.

Q Okay. And how long did you do that for?

A From 1999 until about 2002.

Q So about three --

A Three years.

Q -- three years you did --

A Less than that, yes.

EOG-03728

Q -- child protective investigations?

A Yes.

Q And have you done -- do you do -- do you do investigations, like, on Road Patrol?

A Yes, I do.

Q Okay. And how long have you been on Road Patrol now?

A I've been assigned to Road Patrol since 2003.

Q Okay. Do you recall handling the call for service on November 30, 2017, with the caller, [redacted] (ph)?

A Yes, I do.

Q Okay. Can you tell me, from your recollection, what do you remember that [redacted] reported to you?

A [redacted] reported her relative, Nikolas Cruz, possessing firearms and wanting to join the military and kill people.

Q Is that all you remember her reporting to you?

A No, we had a conversation, but that was the --

Q The parts that stick out to you?

A The parts that for -- yes, the ones that --

Q Now when you were having the conversation with her, what types of questions did you ask of her?

www.transcriptionexpress.com

A I asked her for Nikolas -- person-, her relationship to him, his location, and his name and age or date of birth.

Q Okay. And was she able to provide these things to you?

A No. She was -- she only had partial information.

Q She did have the name?

A She had the name and she did not know his date of birth.

Q Okay. And how about a location? Did she have a location?

A Location was Lake Worth, because that's where he was last located. That was where he was.

Q Could she give a specific location in Lake Worth? Did she give an address --

A No particular location.

Q -- or a phone number to somebody?

A No. No, she didn't have it.

Q So did she -- she just stated that he was in Lake Worth?

A Yes, she said the city's name. That was -- that's all she knew about it.

Q Do you believe that you asked sufficient questions in order to attempt to identify the individual?

A I asked the biographic questions that she should have -- she might have had, but -- and she gave me the ones that she -- she knew his name and not the date of birth.

Q Now, regarding this call, what investigative measures did you take?

EOG-03730

A I -- based on information I had, I attempted to search for -- on OSSI for the name.

Q Okay.

A And I just -- because without date of birth I received multiple responses.

Q Okay. Is that all you did -- just try to look for the name on OSSI, or did you do anything else?

A Well, given that he just moved to -- prior two days earlier, I did not search any -- anything further, knowing that he just moved from -- from Broward.

Q Okay. Now, can you -- I'm sorry, can you repeat that? I know you said something about two days earlier.

A That he was recently -- he recently m-, relocated to Lake Worth, or he was known to be in Lake Worth. That was my understanding, that he was in Lake Worth.

Q Okay. And what is it about the two days -- something about two days?

A I believe it's because of his most recent location. It was verified that he was in Lake Worth by her. She knew that he was there.

Q Now you reported that you conducted a name search attempt on OSSI. How did you conduct the name search? How do you -- what program do you use or how do you enter a name search?

A OSSI Person -- I believe it's called Person Search. Enter name; first name, last name.

EOG-03731

Q Okay. And when you said too many names populated. Approximately how many names would you say it revealed?

A That screen I saw -- I saw there were a list of names. I didn't count them exactly.

Q Okay. Do you have an approximate amount -- how many?

A I didn't count, but that page was full. The one I opened up that's --it's not a full screen, so I saw that list of names.

Q Okay. Did you scroll down or look to see if anybody had, like, a Parkland address?

A No, I didn't do further research because this person is no longer living in Parkland.

Q Okay. So, once you looked at the names, it filled up that particular screen --

A Yes.

Q -- you didn't scroll through to try to identify anyone?

A No, because the address was not known to the caller.

Q Now there was a Parkland address that was attached to the call -- the 6166 Northwest 80th Terrace. Did you attempt to do a -- conduct a history search on that address?

A No, I didn't.

www.transcriptionexperts.com

EOG-03732

Q Any reason why you didn't try to search a history on the address provided?

A Well, based on the fact that they no longer -- the kid doesn't live there. So, that address is no longer active. That's not a -- not his address anymore.

Q Could that have helped you identify who the person was, if there was prior calls there?

A Yes, if there were prior calls, it would -- prior reports would have showed if that person was listed in a report.

Q Did you not think about it at the time or -- any reason why an address search wasn't done?

A Because the concern was about the jurisdiction, which is in Palm Beach, and the fact that that individual was living in Broward at -- previously, it was old information.

Q So, you never went by the house either, the house that was provided on the CAD, the address? You didn't go by that house?

A No, I did not -- I didn't contact the residents. I just had the phone call.

Q Do you believe you could have gathered some information from the new residents as far as where the old residents went or maybe have spoken to any neighbors to find out any information?

A Yes, if there's somebody home, then they would have been able to possibly tell me, you know, where they moved to.

EOG-03733

Q And -- but you didn't decide to do that for -- any reason not --

A Again, the -- well, I was given the location in Palm Beach which was not their -- that's what is current -- what his current location was.

Q Okay. So you believe -- just before I ask all these other questions --

A Mm-hmm.

Q -- with your conversation with [redacted], you believed that he was not in Broward County?

A Yes.

Q You believe that he was --

A She indicated that.

Q She indicated that he was out of Broward County?

A Yes.

Q So, you did not try to identify him or gather any further information because you believed it was out of your jurisdiction?

A Well, that's -- he was -- correct. He was making -- he had conversation with that relative, [redacted], while being in Palm Beach.

Q So, now did she report that he was living in Palm Beach at the time, or that that was his last known location? Did she say he's staying in Lake Worth, or that's the last place that I knew he was -- he was at?

A That was the most recent place.

Q Okay. But did she know for sure that he was there, or was that just the last known?

A Yes, because there was -- she knew because there was some type of incident involving Lake Worth Police Department; a recent incident, so that put him there.

Q Now, did she say something to you that he went to stay with a friend named Billy (ph) or something?

A That was one of the -- that's the name, yes -- one of the names I've heard from -- Billy -- Billy was his friend's name.

Q Okay. And is this what [redacted] told you? [redacted] told you that he went to stay with Billy?

A That he's staying with -- well, I don't know exactly how -- what words she used. But, yes, Billy -- he's -- was staying with Billy or is staying with Billy.

Q Okay. And did you know where Billy lived?

A No.

Q Okay. Did she specifically say that Billy was in Lake Worth, or she just said she didn't know where he was?

A She didn't specify.

Q Did she ever mention that Nikolas Cruz went to live with [redacted] (ph) after his mom passed away?

A Not that name -- I -- that name I've never heard before.

Q She never told you --

A No.

Q -- that name. Did [redacted] ever say where she believed that Billy lived? Did she -- I know she said she didn't know, but did she say, "I think he lives here," or, "I think he lives there?"

A No, she didn't do that.

Q Do you believe that [redacted] gave you any information that you could have followed up on?

A Not based on what she gave me.

Q Do you have access to streaming video on your work computer -- like, YouTube, Facebook, Instagram. Are you able to access that on your computer?

A Yes.

Q Do you have an Instagram account by any chance?

A No.

Q Okay. In the internet browser log, it appears that an Instagram website was visited on December 12th and the 22nd of December. Do you recall ever visiting the Instagram website?

A Not at all.

Q Do you recall whether you were possibly maybe on another website and sometimes you hit something, and it redirects you to --

A That would be the only way. I wouldn't even know what Instagram looks like.

EOG-03736

Q Okay. So, you're not at all familiar with Instagram?

A I'm not familiar with social media much.

Q Did [redacted] provide you with any Instagram information or accounts for Nikolas?

A No, she did not.

Q Now, the notes on the CAD call state that he had several social media sites. Did you obtain -- did you attempt to obtain any information regarding that?

A Yes. She was -- way she said, "It's all over internet," but that's the words she used.

Q She just said that it was all over the internet?

A All over the internet.

Q But did she -- did she say, "Oh, this is the account," --

A No.

Q -- or, "It's on Instagram?"

A No, no account at all.

Q Did you try to ask her questions regarding what social media or what accounts, did you ask her?

A Well, that was the only specifics she gave -- it's all over internet, but no --

Q Okay. But when she said it's over -- all over the internet, did you say, "On what site?" or "Where can I find it?" Did you ask her?

EOG-03737

A I didn't get the specifics.

Q Did you actually ever provide her with the phone number to Palm Beach Sheriff's Office or Lake Worth's so that -- if you believe that it was in their jurisdiction, did you provide her the number to call them?

A No, I don't have that number. But I told her twice to -- that she needs to call to Lake Worth.

Q And when you told her that, what did she -- what was her reply to you?

A She understood.

Q When [redacted] called, did you recognize any of the people she was speaking about -- Linda (ph) Cruz, Nikolas or Zachary Cruz -- from previous calls? When you talked to her, did you know who she was talking about?

A The Linda Cruz and -- and -- yes, that -- that name I remembered from my call -- from my previous call.

Q You recognized the name Linda Cruz?

A The stepmother, yes.

Q And you recognized it when you talked to [redacted]?

A Yes.

Q During that phone call? Now, when you talked to [redacted] and you recognized Linda Cruz, I guess she told you that she passed away?

A Yes.

Q And you knew who she was talking about?

EOG-03738

A Yes.

Q And how did you know Linda?

A Because I had a call and she was -- she was referring to the stepson. I was -- I was at the call that -- on the previous year.

Q Okay. Did you make the connection there at all, that she was talking about Linda's son, Nikolas Cruz?

A Yes, I remembered but I -- I remember the other son that -- that was the call I was with -- yes, I remember that call.

Q The -- you were saying you remember the domestic violence call between Linda and Zach (ph).

A Right.

Q Now you remembered that when you spoke to her on November 30th?

A I remembered she said -- the fact that Linda Cruz died -- yes, and I didn't know that, but --

Q Okay. So, did -- if you knew Linda, and she was talking about Linda's son, do you believe that you could have identified who he was based on you knowing that you had been there before?

A I was -- I never saw him. I was never in any dealings with Nikolas Cruz.

Q Did you tell [redacted] that you were familiar with the family and you had responded to a call there before?

EOG-03739

A I might have said that, but I -- my involvement was one call, and I believe the reason why they moved is because Linda Cruz passed away.

Q I think we've covered this, but I'll just -- since I'm going down the list. You had a chance to review your domestic violence report involving Linda Cruz --

A Yes.

Q -- and it appears that you -- when you gave your statement, you mixed up Nikolas Cruz and Zachary Cruz --

A Right.

Q -- during that statement. Is that correct?

A Correct.

Q Now, during your statement, you actually said that you recalled both sons being at the scene, but in the report, it only mentioned Zachary --

A Yes.

Q -- Cruz. Do you remember Nikolas Cruz being on-scene?

A No. No, there was another juvenile at home -- black male, had to be maybe 16, 17.

Q Okay. So, there was a -- somebody else on-scene?

A Somebody who was up-, yes, upstairs.

Q Upstairs, but it was not Nikolas Cruz?

A No.

Q According to your statement, you stated that she had an accent -- [redacted], that she had an accent --

A Yes.

Q -- and that you had a bad phone connection. After reviewing the statements, do you believe that she had an accent?

A Either accent or the manner of she spoke, or both, but I -- because I had trouble understanding. I had to ask her to repeat herself, and back then I did have my flip phone which stopped working.

Q So, it may have not been that she had an accent, it was more maybe the way she spoke, or the bad connection or --

A It sounded like an accent to me, but it could have been just the manner she spoke.

Q Okay.

A She appeared, like, agitated and it was hard to understand everything she was saying.

Q Now, when you said you had a phone connection, could you have gone to a different phone and called her?

A Yes.

Q Ultimately, what do you think [redacted] was attempting to report to you? What was her concern? What do you think she wanted you to do for her?

A Her concern was the welfare of her relative, Nikolas Cruz.

Q And what do you think she wanted you to do?

A She wanted -- she wanted assistance, but she only provided limited information as to his whereabouts and --

Q Now, as far as the date of birth, I know you said that she did not have a date of birth. Did she just not provide it or --

A She didn't know.

Q She --

A Said she didn't know.

Q You asked -- did you ask her for it?

A Yes, twice.

Q Okay. And she said she didn't know?

A She didn't know.

Q Did you ask for an approximate age?

A Yes. She think -- she's -- he was an adult, I think she said.

Q Okay. So, you did ask for an approximate age?

A Yes.

Q Now could that information have helped you in trying to narrow down regarding the list of people?

A On OSSI?

Q Yes.

A Yes, I would -- I would have been able to narrow it down.

EOG-03742

Q Did [redacted] specifically tell you that Nikolas Cruz wanted to kill himself or that he said or posted that he wanted to kill himself?

A No perfect -- no specifically threats. No, she didn't, like -- she did not.

Q She did not tell you that he wanted to kill himself?

A No. She said he wants to join the military and kill people.

Q Okay. Now, did you read the CAD notes, or was it dispatched to you prior to you calling [redacted]?

A I saw the notes, yes.

Q And did the notes say that he wanted to kill himself?

A That's -- that was -- that's what's in the notes, yes.

Q Now, did you ask her specifically why she said that he wanted to kill himself?

A Yes, and I had a conversation when we're on the phone, but those were -- again, those were not the specific threat; he was craving his stepmother.

Q Okay. So, you did ask her whether --

A Yeah.

Q -- he said he wanted to kill himself?

A Yes.

Q And she agreed that --

A She was concerned about him because of the recent death of his stepmother.

EOG-03743

Q So you -- but did you discuss -- did you discuss her saying that he wanted to kill himself -- you and [redacted]?

A She repeated that he -- she's concerned about him, that he is grieving and that her -- that he's trying to -- that he wants to join the military.

Q Okay. I'm sorry, I don't want to keep --

A Mm-hmm.

Q -- asking you the same question. On the CAD notes --

A Mm-hmm.

Q -- specifically --

A Yes.

Q On the CAD notes, it says that she reported that he wanted to kill himself. And you saw those on the CAD notes?

A Yes.

Q And you asked her about it when you spoke with her on the phone?

A Yes, we talked about it.

Q Okay. And was it her concern that -- besides him grieving his mom and that he wanted to join the military, was it her concern that he wanted to kill himself?

A That's -- yes.

Q Was that discussed?

A That's one -- one of her concerns, yes.

EOG-03744

Q Okay. Did you believe that these were serious allegations or concerns?

A On its face, yes.

Q Did you ever notify a supervisor or make any notifications to anyone else regarding these allegations?

A No, I didn't notify a supervisor.

Q Any reason you didn't write a police report regarding this call?

A Because the call was received from out-of-state and it was regarding a person who was -- who was not in our jurisdiction.

Q Knowing everything -- you know, reviewing everything, would you have done anything differently in the future -- like, handling a similar call -- would you do anything differently?

A I would have -- I would have added more notes and -- to my call and be more specific and I would have emphasized things that I've done, and I would -- that -- to recap the conversation.

Q Do you think you would have wrote a police report?

A If it's required; yes, in that case.

Q For a similar type of call with these types of allegations, would you complete a police report?

A Yes.

www.transcriptionexperts.com

449 Q Would you attempt to do more investigative work as far as identifying
450 the person or anything else to attempt to identi --
451 A Can you repeat that question?
452 Q Would you attempt to do any more investigative work as far as
453 attempting to identify the person. Would you do more work?
454 A Well, I would have attempted to not so much identify the person, but
455 the location. Yes, that would have been -- that would have been, I think, important.
456 Q Okay. Is it okay if my partner, Sergeant Rengifo, asks you any
457 questions?
458 A Yes.
459 A1 He will -- he'll waive his right.
460 Q1 All right.
461 Q Thank you.
462 A Yes, sir.
463 Q1 You mentioned that she -- the caller gave you limited information. Is
464 that accurate? Is that what you said?
465 A Yes, sir.
466 Q1 Okay. Now, but during the conversation -- just clarify with me -- you
467 mentioned that you were able to identify the family she was referring to was the Cruz family
468 which you wrote a domestic report for.
469 A Yes.

EOG-03746

Q1 Is that accurate?

A Yes.

Q1 Okay. So, even though you're saying that she gave you limited information, you knew who she was referring to. Correct? So that information was available on OSSI. Is that -- would that be accurate to say? She gave you limited information, but you knew who she was talking about?

A Yes. The person, yes.

Q1 Okay.

A Not the location.

Q1 Okay, but you had been to that location?

A The last -- what they used -- they were living when the stepmother was alive.

Q1 Okay. And the only --

A And that -- yes, go ahead.

Q1 And you're stating that you believe that he wasn't living there. You just believe that based on the fact that she told you -- something within two days -- he had left that area. But you didn't investigate any further, you just took her word for it that she -- that he lived in Lake Worth?

A That he's no longer -- yes, based on information the caller provided.

Q1 Okay. You also mentioned that she sounded agitated on the phone.

A Yes.

www.transcriptionexperts.com

EOG-03747

Q1 Did the conversation begin in that manner, agitated, or did it turn into agitation for some reason during the conversation you had with her?

A No, that's how I describe her manner of speaking. It was -- it was the same level. I was -- I was listening.

Q1 Okay. So that's how she started the conversation, in that manner?

A That's -- I don't know her, but maybe that's how she speaks.

Q1 Okay. Now you mentioned that you didn't believe -- that there wasn't a specific threat, but you also said that she -- when you spoke to her on the phone, she mentioned that he was -- he was grieving, he had firearms, and he wanted to kill himself. How much more specific do you think there needed to be? What would you rationalize would be a concern where a report needed to be written or a supervisor needed to respond or somebody else be notified? What -- what -- what more did you need to make this, I guess, a specific threat than what you had already? How much more specific would you have needed to take this to the next step and not just refer her to another agency?

A To know where he is. That would be -- that would be specific information.

Q1 Okay. And the only thing -- like you said -- just to reiterate -- is that you just checked OSSI. That's the extent that you took it to identify where he was located following the call that -- the conversation you had. Correct? Is that what (indiscernible)?

A Can you repeat that? I'm sorry.

EOG-03748

Q1 So, the -- you took it to the extent where you just checked OSSI and nothing further -- that that's the extent that you took this allegation that she made?

A Well, without knowing, yes. W-, when -- without knowing where he is, yes.

Q1 Okay. But how does one identify where he's at? As a previous CPIS investigator --

A Mm-hmm.

Q1 -- and as a law enforcement officer for several years, what steps, you know, could you have taken to identify where he was? Like, what is the purpose of a Road Patrol deputy -- is to do what? To gather information. Would that be accurate?

A Yes.

Q1 Who, what, when, where, and why. Not just to search a database and just -- and take that as gospel. It's to take it to a preliminary investigation. Do you believe that you conducted a preliminary investigation suitable enough for the allegations that were being made over the telephone?

A I could have done more.

Q1 Okay. I don't have any other questions.

Q Mr. Lippman, would you like to add anything?

A1 The only thing I would clarify is the two days that you had identified, I think, with -- Deputy Treijs was referring to is that [redacted] had said that only two days earlier, there had been an incident in Lake Worth involving him.

EOG-03749

Q Okay. Anything else?

A1 No, thank you.

Q Deputy Treijs, are you aware of any witnesses that could assist us in this investigation who were not discussed?

A No, ma'am.

Q Are you aware of any documents or evidence relevant to this case that may have not been discussed in this interview?

A No, ma'am.

Q Is there anything that you would like to clarify regarding your statement?

A No, ma'am.

Q Is there I haven't asked you that you would like to add to the statement?

A No, ma'am.

Q Has everything you've said been truthful and to the best of your knowledge?

A Yes, ma'am.

Q Pursuant to policy of the Broward Sheriff's Office, you shall not in any manner interfere with this administrative investigation except as authorized or required. You shall not contact persons involved in this administrative investigation. You shall not discuss, reveal, or disseminate information concerning this administrative investigation before it becomes

[redacted] advised that she did call 9-1-1 on November 30, 2017, due to some Instagram posts she observed from Nikolas Cruz. [redacted] explained that first she called Lakeworth Police, and they advised her to contact Parkland PD. Then she contacted Parkland PD and spoke with a police officer who she remembers as Spanish and has a possible name of "Chase." [redacted] stated that the Instagram posts she observed were of Nikolas with a gun on fence in a backyard. [redacted] explained that she knew the photographs weren't taken at the Cruz's old residence in Parkland because the fence in photograph was wooden and they didn't have a wooden fence. Another post [redacted] observed was of Nikolas stating he wanted to kill himself, but [redacted] stated the post was deleted immediately afterwards. The third post [redacted] recalls was of Nikolas wearing an army hat, a mask over his face, and holding a gun, but the gun had an orange tip, so she knows it wasn't real gun. [redacted] stated that while talking to the Parkland Officer she mentioned that Nikolas's brother is Zachary and their mother passed away. [redacted] stated that the Parkland Officer was familiar with the family because he mentioned Linda's name and stated he wasn't aware that she had passed. Because [redacted] didn't hear anything back after the 9-1-1 calls, she stated that she called the FBI and reported the same information to them sometime in the month of December. [redacted] stated that because some time has passed since her calls, she can't remember, or may be confused, on the exact details or dates.

Q. Is that correct
A. Uh huh, uh-huh

Q. Ah [redacted] white female, date of birth [redacted] Home address [redacted] This statement is being taken on ah February 17th, 2018. The time is 10:58 AM. This is being taken at her home address. Ah this statement will be taken in reference to ah her calling 911 regarding the suspect in this case, Nikolas Cruz back on February 5th, 2016 at 11:44. I believe it was a.m.

A. [NOT AUDIBLE- speaking low]

Q. Yes 11:44 AM Ah that case number was 17-1602-000212 coded out as an Information ah [redacted] was the caller and the narrative was the complainant's son told her that neighbor's son ah said on Instagram that he was going to shoot his school and there is pictures of the juvenile with the guns. This happens...happened about a month ago. Subject was expelled from Westlake Middle now goes to another school, possibly a high school, unknown name. Neighbor lives three houses down from female who wanted to remain anonymous. Ahm reported a kid name Nikolas Cruz ah, he has knives and began his Instagram [dog barking] or lets see, began in his Instagram photos, no threats or info forwarded to SRO Peterson at school. Ahm that was a synopsis from that call
A. Yes

Q. Report to our CAD report. So [redacted] do you understand that I'm also here at the Detective ah Kami Floyd, CCN
Q2. 17022

Q. Okay, [redacted] do you understand that we are Detectives
A. Yes

A. I do remember yes

Q. Okay can you... can you kind of briefly tell me what prompted you to make this call
A. My son showed me on his cell phone an Instagram or a snap chat of something Nikolas had written which was to the effect you know I'm gonna get a gun and shoot up the school. Ahm so I called the 911 and an Officer came out and I told him what I saw and what I knew about Nikolas and you know his his upbringing and he went down to talk with Nikolas, I believe yes he did go down to talk with Linda and Nikolas and Zachary cause there was so many times that I called

Q. Did you know Nikolas when your son
A. Yes

Q. Brought this information to you
A. Yes

Q. So that wasn't like just some stranger kid
A. Right

Q. That he told you about
A. Oh I I I've known him since he's a baby

Q. Okay okay so
A. So the Policeman walked down there and the mother said that Nikolas was an angel pretty much and a great kid and that the brother Zachary tormented Nikolas and it was basically you know all Zachary's fault and that ahm Nikolas didn't have anything like that on his Instagram. I didn't

take the picture of it and my son didn't save it. It was one of those that would show up and then disappear

Q. Okay
A. Ahm so you know

Q. Did you see it tho
A. Yes I did

Q. Can you describe it again?
A. And I think he even had a picture of a gun. It it said something to the effect of I'm gonna get this gun when I turn eighteen or and shoot up the school

Q. Okay
A. So

Q. Do you remember what the outcome of this call was?
A. Yeah he came back and he said

Q. Who, who came back
A. The Officer came back

Q. Okay
A. And said that Ahm you know he has it. The First Amendment Right of free speech and I... you know asked him if we could somehow stop him from getting a gun and he said no that his Second Amendment Right, so I said okay so basically you can't do anything, he said yeah basically so I said okay. I mean what I, yeah and that basically what happened

Q. Was the (unintelligible)
A. And they left yeah and he left

Q. Did you have any interaction with ah the family right after that or anything
A. No at that point I was in in fear of Nikolas terribly and I kept my kids away. I just kept my distance you know that saying keep your friends close and your enemies closer you know I'd still wave and just try to a keep him calm because he's through the years has been completely destructive, he's destroyed my property, hurt my children, hurt my dog, so I just really kept away from him

Q. Okay
A. I try to

Q2. What was your son's name that [Unintelligible]
A. Ah [redacted]

Q2. [redacted]
A. I have a [redacted]

Q2. What's the last name

Q2. And how old was [redacted] and Nikolas at the time?
A. It was with when sixteen, I don't remember at all but it was...

Q. Yeah, that...
Q2. You don't remember its okay if you don't
A. yeah so sixteen he was born in [redacted] so

Q2. Okay
A. [redacted] was born in [redacted]

Q. 15
A. Yeah

Q2. And do you know what school he went to at the time

Q. (16) (16) (speaking low in background)
A. Ah my son was going to a private school ahm down the street [redacted]
[redacted]

Q2. And how about Nikolas, do you remember?
A. Nikolas was in high school then

Q2. Okay
A. Wasn't he ahm

Q2. Okay
A. Ahm that age, so...

Q. That's fine
A. I believe he was going to Stoneman Douglas. I... I don't

Q2. And was Nikolas in the photo. How do Nikolas made that post?
A. No Nikolas, Nikolas I believe had a picture of a gun that he like pulled up on line

Pine Tree Estates

On Tuesday January 15, 2013 at 1813hrs. I responded to 911 call of a 14 y/o white male juvenile with history of [redacted] throwing things and becoming physically aggressive towards his mother.

I met with Caller Lynda Cruz. Lynda advised of an ongoing issue with her 14 y/o son Nikolas who [redacted]

Lynda advised that Nikolas defied her requests to attend school today and says he does not want to go because he is having difficulty learning the material being taught. Lynda eventually decided to allow Nikolas to stay home to avoid any escalated conflict with him.

Lynda decided to take the privilege of playing video games away and hid the Xbox in her vehicle, because Nikolas refusal to go to school today. Nikolas retaliated and threw a chair, dog bowl and a drinking glass across the room and called Lynda "A useless bitch" along with other swearing and yelling at her which Lynda wished to not repeat. Lynda stated that he did not threaten to harm her or himself, but was concerned with his behavior now escalating and did not want to intervene by herself because of his age and size. She decided to call 911 when she could not immediately contact his [redacted] for help with gaining control of Nikolas.

Nikolas knowing that Lynda called the police locked himself inside his bedroom in an attempt to avoid any contact.

Lynda's assisted me to open the door and push the two nightstands that were barricading the door from the inside. Nikolas immediately complied with me and did not attempt to resist in any way. Based on the nature of the 911 call and concerns of Nikolas causing harm to himself or others. Nikolas was handcuffed and temporarily detained by placing him into the backseat of my assigned vehicle until I can interview Lynda and wait for back-up to arrive.

I asked Nikolas as to why he is locking himself in the bedroom, which he advised "I am mad at my mom". Nikolas was observed with no physical injuries and there were no weapons inside his bedroom. Nikolas did not make any threats of wanting to hurt himself or his mother and was apologizing for his behavior to his mother.

[redacted]. Once I was able to determine that Nikolas did posed a threat of harm to himself or others, the handcuffs were removed and he was taken out of my patrol vehicle.

[redacted] stated that she can take over in ensuring Nikolas and his mother Lynda's needs will be met.

A. Ah I've had road patrol and I've worked in ah as an SRO periodically.

Q. As an SRO?
A. Yes.

Q. Okay, when is the last time you were an SRO?
A. This year the beginning of this school year for the first maybe two months

at West Glades Middle school.

Q. At West Glades?
A. Yes.

Q. Okay, ahm back in 2016, February 5th to be exact where were you working?
A. Um I believe Parkland. I spent a little time in Deerfield ah but I believe Parkland at that time.

A. In Deerfield?

Q. No, in Parkland?
A. Oh in Parkland at that time probably road patrol.

Q. Road patrol?
A. Yes.

A. I did.

Q. Okay, did you drive a marked unit?
A. Yes.

A. Yes.

Q. Okay, what's that system called? Do you -
A. The CADD.

Q. Yeah, a lot of things I'm gonna ask you, and -
A. Yeah.

Q. it it seems simple, but we have to go over the process trust me. This this investigation is is is far reaching. It's it's very very in-depth and encompasses a lot. Okay, as you know it's regarding the shooting of the seventeen ah people at the school.
A. Yes.

Q. So, ahm the purpose for for this investigation and this statement actually is

EOG-03857

to go back and figure out what happened. Okay, going all the way back alright?

A. Uh huh.

Q. Ahm everybody's getting talked to, okay. Ahm do you actually remember a specific call, and I'm gonna let you read this that you received. Ahm take the time, and I got the CADD Event Report in front of me. It's ahm dated February 5th, 2016 around 11:44 ahm is when the the call came out. Take a look at it. Tell me if you remember it. Um -

A. I do not.

Q. You don't remember this?

A. I don't remember it.

Q. You don't remember this call to service to you at all?

A. No over two years ago I I don't remember.

Q. Okay, and this didn't refresh your memory?

A. No.

Q. Okay, alright, how many calls do you usually get a day in Parkland?

A. That could be personally could be anywhere between between calls and back-up for calls anywhere between one and twelve to fifteen.

Q. Okay, do you know ah the SRD at Stoneman Douglas?

A. I do.

Q. Who is it?

A. Scott Peterson.

Q. Okay, and how long have you known him?

A. Since coming to Parkland about five years, approximately five years.

Q. Okay, have you ever come into contact with him on any ah calls that you received?

A. Yes.

Q. Okay, do you have, do you remember which calls or what the situations were?

A. Ahm I remember a couple of times where there were fights at the school, and ahm -

Q. Okay.

A. had to Baker Act a child. And I went and backed him up on calls.

EOG-03858

Q. Okay.
A. And I was out on this shooting call too. But previously ahm many calls. Road Patrol gets many calls in, involving the school. And we usually contact him immediately if there is a call regarding the the school.

Q. Okay.
A. To let him know, and then he handles it at the school.

Q. Okay, ahm could this have been one of the situations? I'm I'm gonna read the narrative real quick., and then there there is a section on here where it says ah the info was forwarded to ah SRD Peterson at the school on the same day at 12:43:24 ahm and that was ah about an hour after the call came out. The call came out at 11:44. So, is is this a common kind of call?
A. Yes.

Q. Okay, I'm, I'm gonna read it just so we're on the same page with this. Ahm the incident was ah initiated by ah BS Ramos George ah on February 5th, 2016, 11:44:50 hours com., com's son which refers to complainant's son told her that neighbor's son said on Instagram that he was 2016, February 2000 – excuse me, February 5th, 2016, 11:44:50 going to shoot the school and there is pictures of juvenile with guns. This happened about a month ago. Advised subject was expelled from West Lake Middle school and now goes to another school. Ahm possibly a high school unknown. As of February 5th, 2016, it's advised that neighbor lives three houses down from her 1020 on the opposite ah 2016, February 5th. Ah please forgive me. These read very very very rough. Ahm the side complainant is not home at the time. Have a unit 1045 her. Ah female wanted to remain anonymous. Reported a kid name Nicholas Cruz ah Douglas High school has knives and beebee gun in his Instagram photos. No threats noted, and info was forwarded to SRD Peterson at school. Okay, ahm you get a lot of these where where people are calling to complain or make or provide information about a student or an incident related to the school?
A. Yes on social media, regarding social media, yes.

Q. Okay, can you remember how, about how many of these you've ever received?
A. I received directly or indirectly dozens over the years ahm quite a few.

Q. Okay, and ah what's your practice once you get this and it relates to a school? What's your practice?
A. Ah we usually we call the SRO. We give him the information. Ah like anything he does the investigation to his school which he wants to do. He's very ah, he's very into do anything that (unintelligible) with that school

EOG-03859

he wants to do.

Q. Referring to this SRD Scott Peterson?
A. Yes, Scott Peterson.

Q. Okay.
A. So, ahm in that case I don't recall this one, but I would have called him, notified him, give him the information ahm with the complainant. But I believe it said they wanted to be anonymous -

Q. Okay.
A. (unintelligible). Ah -

Q. Right.
A. give him the information and then he takes it from there.

Q. Okay, so (unintelligible) you don't remember this particular call?
A. No, I don't.

Q. Okay, so what do you know that he does with it?
A. Well, I imagine ah investigation with ah the school and him. Ah, you know, I mean, you you know your school. You know your students. You have a history with them. You might have a file. You might, you know, and they know more what's going on in their school. That's why we let them know, and they -

Q. Okay.
A. handle it with The School Board.

Q. When you let them know how how do you do that?
A. Ah it could phone call. Ah usually it's a phone call. If I can get a hold of him immediately and let him know.

Q. Okay.
A. I usually do that while I'm on the call.

Q. Have you ever emailed ah any SRD to include ah Peterson?
A. I have.

Q. Okay, do you remember if you emailed him in this situation?
A. I do not remember.

Q. Okay, what's his response to you that he – what he actually does?
A. Ah he wants the information. He's usually on it. Ahm like I said, he has a

EOG-03860

good ah relationship with the students and staff there ahm and is usually on it. He wants the information ahm and then he'll take it from there.

Q. Okay, have you ever met or do you know of a Nicholas Cruz?
A. No.

Q. Okay, you've never had any dealings with him?
A. No, not that I know of.

Q. Not that you know of?
A. No.

Q. Okay, alright, do you remember, I know you don't' remember this call, but do you remember talking to anybody about this call and and actually calling back?
A. I I don't remember anything about the call.

Q. Okay, okay, do you know – have you ever done follow-up to a call like after you gave it to ah SRD Peterson? Have you ever gone and did additional things or would you do anything additional?
A. It's rare, ah but if he ever needed me to do something off campus, I would do it.

Q. Okay, and has he ever reached out for you to do that?
A. No.

Q. Okay, alright. Ahm do you have anything else you'd like to add to this ah statement?
A. I don't.

Q. Okay, I appreciate you coming in. Ahm has has this statement been voluntary?
A. Yes.

Q. Okay, ahm have you been coerced or ah persuaded or do you feel ahm (dicted?) in any way into this statement or giving this statement?
A. No.

Q. Okay, alright, this is gonna conclude the statement. The time is 1412 hours.

NARRATIVE

EOG-03867

On 9-28-16, I was assigned as the SRO at Stoneman Douglas high school, Parkland, Florida.

Peer Counselor Instructor Lauren Rubenstein reported that she obtained information from a peer counselor student (wants to remain anonymous) that student Nikolas Cruz (18 yrs old) had stated that a couple weeks ago he had ingested gasoline in an attempt to kill himself. Rubenstein also indicated that Cruz had possible been "cutting" himself in the recent past.

[redacted]

[redacted] also reported that Cruz had told her that he wants to purchase a gun for hunting. Cruz was also found to have a swastika and hate speech (I hate niggers) on his school backpack.

Further investigation determined that Cruz was currently in [redacted] made contact with Jared and he advised that he would conduct a welfare check on Cruz this evening (9-28-16)

Stoneman Douglas high school will be conducting a threat assessment on Cruz to determine if a safety plan should be implemented on Cruz.

End of report.

DRAFT

INTERVIEW WITH [redacted]
Q= DETECTIVE KAMI FLOYD
A= MRS. [redacted]

Q This is a taped statement taken by Detective Kami Floyd, I.D. 17022. This statement is going to be in reference to case number 171802000525 which is an incident that occurred at Stoneman Douglas High School on February the 14th, 2018. I'm on the phone now with [redacted]. Her date of birth is [redacted].

[redacted], do you understand that I'm a detective and that I'm investigating a criminal case?

A Yes, I do.

Q Okay. As such, I'm duly authorized to take taped sworn statements. Everything you tell me in this statement must be the truth and to the best of your knowledge. Do you understand?

A Yes.

Q Please raise your right hand. Do you solemnly swear to tell the truth, the whole truth, and nothing but the truth, so help you God?

A I certainly do.

Q Okay. [redacted], do you understand what perjury means?

A Yes, I do.

Q Okay. Basically, I'm considering you under oath at this point. Please tell the truth and everything to the best of your knowledge, okay?

A Oh, yeah. Definitely.

Q All right. Awesome.

A (Indiscernible).

Q On November 30th, 2017 at 12:01, a 9-1-1 call was made and it says that it was from [redacted] at the phone number of [redacted]. Is that you?

A Yes, ma'am.

Q Okay. And do you remember making that call?

A Yes.

Q Okay. Awesome. I'm just gonna give the notes real quick of what that call was about. It says complainant referenced a subject named Nikolas Cruz (ph) collecting guns and knives and advised that he is going to one day kill himself and wants to go into the Army and kill himself. Advised that she's afraid that someone is going to get hurt and this might be Columbine in the making. Advised subject has multiple guns and the subject is no longer living at the listed address. The subject has several social media accounts. She's requesting police assistance. For additional information -- and it's -- okay, you advised that the subject, Nikolas, is living with his friend, Billy. Nikolas told [redacted] that he wants to join the Service and kill people. She advised she resides in [redacted] Nikolas caused a disturbance in Lake Worth where he was last residing two days ago. Nikolas is [redacted] It is unknown where he is currently

located. According to caller, Nikolas owns weapons and ammunition that he keeps at his friend's house. Is -- are those the things that you said in the 9-1-1 call?

A Yes, they are. And that's how I know it to be -- I knew it to be at that time.

Q Okay. And did anything specifically lead you to make that 9-1-1 call?

A Yes. He was -- he was posting -- that's another thing I gave your department was his Instagram account, and I asked that they would please look at them because it showed him, you know, pointing a gun. It showed him -- he looked like ISIS. And he always liked to walk around like that. He thought he was in the military.

Q What exactly were the --

A I don't know who saw it, but --

Q You saw the Instagram posts?

A I saw -- yeah, all four of them. There's more. There was four of them.

Q Okay. How many?

A Like at the time when I -- when I talked to Parkland there were only three that I knew of.

Q Okay. So when you -- when you made this call there were three Instagram posts that you knew of.

A Yes.

Q Okay. And what were they of? What do you remember seeing?

www.transcriptionexperts.com

EOG-03903

A Well, one of them was in the backyard with the gun and he had it on the fence. I don't know whose house he was at but he was pointing it out towards the backyard. I know it wasn't his yard in Parkland where he lived originally with his mother and his brother because she didn't have a wooden fence back there. So he had the gun pointed that way.

Q Okay.

A And that one account he really wasn't -- he didn't have anything on it. But the account that I was so concerned about was that he was wearing a Army hat that -- almost like a skull cap and something, a mask over his face. I'm sure you've seen these. And there were guns -- a gun there and he did have one gun with the orange tip, which I know is not a real gun. But he treated it as such because he used to walk around the neighborhood and he would have this gun. And I'd say, "Lynda (ph),"-- his mother -- I said, "Lynda, he can't walk around with it. He's gonna get killed." I said, "Somebody's gonna think that --"

Q When you saw these posts and you called 9-1-1, was his mother still alive?

A She died November 1st. But a --

Q Okay. So when you made the 9-1-1, call she had already been passed?

A Yes. Yes.

Q Okay. And when you made the 9-1-1 call, were you able to say where he was living?

A Well, I said -- well, I believe I did. I told them he was living at one time with [redacted]; that woman who took him and his brother in. And she did nothing but help

him and the Instagram conversation I had with him was -- he had Instagrammed me telling me he didn't like [redacted]. She was making him pay for things. He thought she should spend all her money on him and he shouldn't have to do anything like that. And I just Instagrammed him back saying -- him back -- just saying that she's a wonderful person for doing what she's doing. She's honest. I said, "She'll help you. Do what she tells you to do and you'll be fine."

Q Okay.

A But talking to Nikolas, he doesn't really comprehend a lot of things. He -- like he wouldn't know what the word -- let's see -- "conjure up", or he wouldn't know certain words that -- Lynda had to talk to him like he was in, you know, a very -- elementary school. That's how he, you know, would talk and listen. He wouldn't understand the full conversation.

Q Okay. Let me ask you this. After you called and made this 9-1-1 call -- when you made it -- did anyone contact you back?

A No.

Q So you never spoke with any police officers; Parkland officers, deputies?

A Oh, wait. Wait. Wait. Wait. When I made the -- yeah, I did. I called Parkland police. That's what this is about.

Q That's what this is about. Okay.

A 'Cause I -- yes. And this is why I thought they'd really help me because I -- yes. I had a call and they told me I couldn't speak to a detective right away. I had to talk to a

police officer and they'll call me back. I said, "Okay, fine." So someone called me back and it turns out -- I don't know if his name was Chase (ph). I have these papers written up in my apartment in [redacted]. I had somebody give me the information the other day so I could transfer it to you guys. And so I'm not positive about his name, but next to the name I wrote the word "Spanish". And he was one of the guys who would go to the house all the time, like I'm sure you know how many times I'm talking about, and be there with Lynda. And he even said to me, he says, "Well, Lynda --" I told him it was Nikolas Cruz. And I told him, I says, "I know you used to go there about Zachary Cruz (ph)." And he said, "Lynda?" I said, "Yes, when she passed." "She died?" I said, "Yes, she passed away November 1st." And he was flab -- he was amazed that she had passed away. I said -- so I was thinking now, wow, this guy knows where I'm coming from. He knows I'm not blowing smoke.

Q Right.

A Because I told him, I says, "You know yourself. All you gotta do is look at him." And my whole thing is that his lights are on, but nobody's home.

Q Okay.

A And I thought, wow, this guy knows what's going on. He's gonna do something. And that's how I felt. And then nothing happened. Nothing happened. Then I found out that he was going to kill people. And I just said, "This has gotta stop." So I called the FBI.

Q Okay. Let me ask you this. Did that -- who was it that you spoke with? It was a Parkland police officer? Is that correct?

A Yes.

Q Okay.

A Yes. I couldn't even give -- is Scott his name? His right name? I don't think. But I should, you know, with all these reports going through the house, one of them has to pop out, maybe Chase. I don't know if it's a first name, last name, or what.

Q Right. I'm sure.

A I was just hoping --

Q I'm sure they can -- I'm sure they can find that. My question to you is what was his -- before you guys hung up, what was his response to you? What did he say he was going to do? Or did he ask you to do anything else?

A Well, he said, "Thank you very much." And I believe he said, "If we have any questions, can we call you back?" But now I'm so confused that I don't know --

Q That's okay.

A -- if it was the FBI that said that to me, or he did.

Q Okay. And it was a long time ago. So it's, you know, we're not expecting you to remember everything word for word.

A Right.

Q You're doing this off of your memory. So my other question is I know that there was a confusion as to where Zachary and Nikolas were living.

A Okay. They lived by --

Q Do you recall speaking with anybody from Lake Worth or Palm Beach County?

142 A Yeah, [redacted]. The girl that --

143 Q No, I mean any law enforcement agencies? Did you ever call --

144 A No. No.

145 Q -- anybody from --

146 A I -- I don't have the paperwork with me. I think I had a call -- before I
147 got to the Parkland Police Department I did call Lake Worth and asked for a detective. I didn't
148 know who to talk to. And I tell them this is in regards to Parkland and they tell me to call
149 Parkland Police. Which is -- I believe that's what I did.

150 Q Okay.

151 A And they told me I couldn't talk to anybody until somebody called me
152 back and --

153 Q Okay. So you called Lake Worth prior to calling Parkland?

154 A Yes, just to find out if I could talk with somebody.

155 Q Okay.

156 A And then they told me to call Parkland.

157 Q And they told you to call Parkland? Okay.

158 A Right.

159 Q Okay. And then that's when you spoke with the deputy, or the police
160 officer from Parkland, and he said, "If we have any questions, can I call you back?"

161 A He (indiscernible). I believe so, yes.

Q Okay. No problem. And then how long afterwards would you say that you made the report to the FBI?

A Well I'm, you know, I'm really confused about that. I -- like I said, I got this information written out. I don't think they gave it all to me when I called my apartment [*sic*]. But I was under the impression I called the FBI -- it was after Thanksgiving but before Christmas. So if I called you on the 30th of November I had to call them in December.

Q Okay.

A I don't remember. But that report that came on the TV said January 5th. And I didn't remember waiting that long to call the FBI.

Q Okay. Well -- and it's hard with dates, so we understand that. Okay.

A But I was really frustrated and upset about this whole situation before it ever happened.

Q Right. And I -- so I just wanna clarify, and correct me if I'm wrong.

A Mm-hmm.

Q I'm understanding that the reason why you initially made this phone call and you became concerned is because the three postings you observed on an Instagram account, correct?

A Well, the one posting in particular.

Q Right.

A With all the ISIS stuff. And the fact that he wanted to kill himself. I thought (indiscernible).

Q Did he say he wanted to kill himself on the Instagram?

A He posted it. He put it on and took it off.

Q Okay. And that was prior to your phone call.

A Yes. And when I heard that I, you know, started an Instagram account 'cause I didn't even know what the heck Instagram was.

Q Gotcha.

A But I saw the account and I said this is terr -- you know, he can't -- this can't go on. Something's gonna happen. But I've been saying this since he was ten years old. So -- so then I called the FBI when I found out he was saying he wanted to kill people. I said, "Oh, wow." And I told somebody, one of them, I said, "This is gonna be Columbine all over again."

Q Mm-hmm.

A And now I hate to say it. I mean, his mother was a friend of mine for almost sixty years. We met as little girls. And if you look at the guy who did Columbine -- you know, he killed his mother and everything in that -- I'm putting Nikolas next to him. Like they pass as relatives.

Q So let me ask you this. Okay.

A (Indiscernible).

Q So you said that you knew -- you knew Lynda since you guys were little kids.

A We were nine and ten when we --

www.transcriptionexperts.com

EOG-03910

Q Okay. So when she had Nikolas and Zachary, did you ever meet them in person?

A Yeah.

Q Okay. How well would you say you knew them?

A They were like nephews.

Q Okay.

A I knew them very well. I would vacation with them and talk with them. After Roger had died -- I was there when Roger was alive and then shortly after -- and then when he died, I would spend like two weeks with her. At different times my daughter and I would go there. And, as a matter of fact, when they were infants my daughter was in Florida and she's the only one that they would allow to babysit for the kids.

Q Okay.

A But she, you know -- and then I hear a report saying that Nikolas was two years old and Zachary was two months old. That's not correct.

Q Okay.

A Lynda was in the hospital when Nikolas was born and she picked Zachary up in Ocala at prison.

Q Okay. The calls that we talked about; you spoke -- you called Lake Worth, you called Parkland PD, and you called the FBI. Are these -- are these the only calls that you made in reference to your concerns?

A Yes.

EOG-03911

Q Okay. So three telephone calls, correct?

A Yes.

Q Okay. And has everything you've told me been the truth?

A Yes.

Q Okay. Is there anything else you wanted to add?

A To my knowledge. I don't know what I can add. I mean, I just know that [redacted] being persecuted for no reason. I know Zachary's in a facility right now which is probably the best thing that ever happened. And it's just -- what's bothering me is all these false reports. And I understand it's not coming from you and it's not coming from the FBI, it's just very frustrating.

Q I understand. I understand. It is for us, too.

A I know. I know. I know. I just feel so bad for the parents 'cause they don't know the truth.

Q Me, too.

A They don't know the truth. I keep thinking --

Q Okay. I'm gonna --[redacted], I'm gonna go ahead and stop this recording, okay?

A Yes, ma'am.

Q Okay.

(End).

Q. Okay, do you remember who that was?

A. Um... [redacted], that was the person I spoke with on the phone.

Q. Okay, so you were dispatched this call?

A. I was—it was a phone call to call back the complainant 'cuz she's out of state.

Q. Okay, so it was dispatched to you with a phone number to call the complainant?

A. To call the complainant, yes.

Q. And where did you call the complainant?

A. I call at the number that is in the—in the computer call, I—I called back that number from my personal phone.

Q. From your personal phone?

A. Yes.

Q. Okay and who do you remember talking to?

A. I spoke with a female I—I remember she—she had an accent I couldn't detect what accent but spoke with an accent then I remember it was rather poor connection because I had a flip phone at that time.

Q. Okay.

A. Um...

Q. Do you remember her name?
A. [redacted] the person I spoke with.

Q. Okay, what did she tell you that you remember?
A. Um...she was—she was concerned about—she's a relative I remember she said that—I asked her when has she seen him and she said she hasn't seen him in years but—

Q. "Him" being who?
A. Um....Cruz.

Q. Okay, Nikolas Cruz?
A. Nikolas Cruz, yes.

Q. Okay.
A. Who was a resident and some point of Parkland but she said that he has moved since.

Q. What was her relationship with Nikolas Cruz that you can remember?
A. As I can remember she was a relative.

Q. And you---do you know which one?
A. I um...

Q. Do you remember what relative—what type of relative?
A. I think she was either—she was a cousin or a mother—she was a mother's—mother's relative of his adopted mother's relative.

Q. Okay. All right um...what do you remember her telling you?
A. Telling that he—that he has weapons and he wants to join the military and he wants to kill people and---but then I asked her several times is there a way that she knows where he is and—and she said that last was um...where he was was Lake Worth---

Q. Okay.
A. ---but no specifically where Lake Worth---

Q. Okay.
A. --Lake Worth, Florida.

Q. So she didn't know where he lived?
A. She didn't know where he lived and—and I asked her 'cuz—I said—and then I also asked for date of birth and she didn't know the date of birth so I---the Cruz where—that's a

rather common name. That's just um...I—I didn't know exactly where he would have been at this time.

Q. Okay, did she provide any specific information about a date of an incident he was going to create?
A. No, there was no specifics. She was concerned about his—him and the statements he made to her but there was nothing specific as far—as far as something I could follow up, he didn't make—she---she talked to him I never talked to Cruz.

Q. Okay.
A. What she related---related to me was that he has weapons and he wants to join military and—and that he also is um..[redacted] so---

Q. Okay, did she provide any paperwork or follow up or any literature or emails or anything like that that describe a threat that she's talking about?
A. No, it was just—it was just a phone conversation and—

Q. Okay.
A. --it was—again there was somewhat of a language barrier 'cuz I—

Q. Okay.
A. --she had to repeat herself several times and—

Q. No, let me ask you did she offer any type of proof or evidence? Did she say she can get it for you or that—that is available or I'll send it to you?
A. No, no evidence that she could provide.

Q. Okay and was she able to provide you any type of specific threat as to a certain location or a certain scenario?
A. No, no specific threat and no—no location for—for Cruz.

Q. Okay, in your opinion what did you feel um....she was trying to communicate?
A. She was commu—what—she was relating the message that he owns weapons and that um....that he's joining military.

Q. How did you interpret all of this?
A. I interpret that as a um....concerned rel—concerned relative but who—according to her the last location was somewhere else and I directed her to contact—to contact where he might be—might be living at this time but she didn't know where he lived.

Q. And what—where was that at?
A. Um...Lake Worth but there was no specific location.

Q. Okay.
A. So that's the next county over.

Q. Did you direct her to make a report with the---
A. I—I told her that Lake Worth is---yes.

Q. To make a—a report with another county?
A. I told her to contact Lake Worth.

Q. Okay, did she say she was going to do that?
A. I don't remember that.

Q. Okay, so what else happened?
A. Um....that was the phone conversation; that was the extent of it.

Q. Okay, did she give you any time reference as to when she last spoke to him?
A. Um...I believe was recently.

Q. No, when—when she had spoke to Nikolas. Did she say anything regarding, oh, I talked to him the other day or any type of communication she he had had with Nikolas?
A. Um...there was a phone—I don't know exactly when she spoke recently.

Q. Okay, so how is she validating her concern is what I'm trying to figure out? How did she know if she's in [redacted] and he's down here how is she getting this information?
A. Um....they spoke on the phone, he—he and her spoke on the phone (inaudible).

Q. And we don't know how recent that was at the time?
A. It was I believe maybe days, it was recent.

Q. Okay. All right, what else did you do once you received this information?
A. Well, I—I checked the—on OSSI but I think the—the spelling of Nikolas that I used somewhat different. There were so many of them and I couldn't pinpoint what—what location or where would—

Q. Okay.
A. --he would be.

Q. Now, if you would have found Nikolas in OSSI what would that have given you?
A. It would have given me a reference point where he—if he's got a current address or—but she indicated that he—or has moved from Parkland---

Q. Okay.
A. --during conversation.

Q. And if OSSI would have told you the address and it would have been in Parkland or anywhere else what would you have been able to do?
A. I would be able to do a follow up, make face to face with him, I would---

Q. And what would you do?
A. ---I would assess case and condition and follow up on this con—um...weapons issue and—and his mental state.

Q. Okay, talk to me about making contact with him, assessing him and let's just say you thought there was a condition and there was a threat and you were able to back it up by actually seeing firearms or whatever what would you have done then?
A. If—if those were valid concerns and---and that would be—if he met criteria for Baker Act that would be a Baker Act situation.

Q. Okay.
A. Where I would secure firearms.

Q. Let's just say you didn't have a Baker Act situation and you felt he was a threat what could you have done and what would you have done?
A. Um....contact my supervisor first of all and also um...some type of crisis intervention with him.

Q. Okay, would you—
A. Therapy—therapy or um....or even—I would still consider Baker Acting that's if he met the criteria.

Q. Would you have done a police report?
A. Yes, I would have done a written—written report as oppose to um...

Q. And what would you have done with that report?
A. That would um...I would forward to um...for a follow up.

Q. Okay. All right um....so you weren't able to do anything because of the OSSI look up was too broad and—
A. That's a—that's a very common name what popped up and---

Q. And nothing popped up on your query?
A. But it was—it was just Cruz there's multiple Cruz'.

Q. Okay, were you able to look anywhere else for information about his location or who he was?
A. Um...they would---

Q. Did you remember looking it up?
A. I did not see any other reports with that name associated.

Q. Okay, separating OSSI did you go into any other databases to find out what happened?
A. I don't remember.

Q. You don't remember could you have?
A. I—I could have looked up and (inaudible)—

Q. Would you normally have done that?
A. If—if—yes, that would be additional—

Q. Okay.
A. --except she didn't have a date of birth for him.

Q. Okay. All right, let's just say you found out he lived in Parkland—
A. Um-huh.

Q. --and you went to his house and he wasn't home what—what would you have done normally?
A. Normally I would have come back later or pass it on to the next shift to—for a—to go back to the residence—

Q. Okay.
A. --and speak to neighbors see if they know where he lives or has he—

Q. Okay, so you didn't have any other information um…from [redacted] Was she able to give you any other information that you can remember?
A. No, no additional information.

Q. Okay, what did you have to follow up on with this call?
A. At that point I—I just said—I exhausted all what she gave—she—the—the leads that I had at that point.

Q. Okay, do you know who Nikolas Cruz is?
A. I do now, yes, sir.

Q. Now, let's go back a bit at the time of this call did you know who Nikolas was at the time?
A. At that point I just had a name.

Q. A name okay how about um…a Zachary, you ever came across a Zachary Cruz?
A. That's a—after the fact I learned that that's his brother but—

Q. Okay.
A. --at that point, no, I did not.

Q. You didn't know who Zachary was?
A. No.

Q. Okay, do you remembering handling any calls with a Nikolas or a Zachary Cruz in Parkland?
A. Um...yes.

Q. No, no, prior to this incident. Prior to this call we just discussed do you remember having an incident with these guys?
A. Um...prior to that yes with the—there was one incident I don't recall exactly how long ago.

Q. With who?
A. With the—with the stepmother and Cruz.

Q. Which Cruz?
A. Nikolas Cruz.

Q. Okay and how long ago prior to this call was that, do you remember?
A. Um...I just remember I was in midnights then so it had to be maybe a year ago.

Q. Okay, at the time of this call did you remember Nikolas Cruz or—
A. I---

Q. --or are you remembering it now reflecting back?
A. After now putting it together, yes, I—I see that—that—

Q. Okay.
A. --that could be the same person that—

Q. But at the time that you received the call from [redacted] and spoke to [redacted] which was on November 30, 2017 did you recall having dealings with Nikolas Cruz in any call?
A. No, at that point I did not I---

Q. Okay, this is now after the fact.
A. After the fact.

Q. Okay. All right, if you would have recognized dealing with Nikolas Cruz at the time of this call on---in November of last year what would you have done?

A. I would have been able to verify the correct spelling of the first name which is different than normally spelled. I would have been able to pull up the report and—and—and seen his—and found his date of birth from there from my old report.

Q. Okay.
A. That would have given me additional information.

Q. Okay, what happened with that call that you can remember now reflecting back, the original call that you had involving Nikolas Cruz? What—what happened there?
A. Um....that report was—I—I don't report on it, I did not make an arrest at all.

UNRELATED TELEPHONE CALL:
Yeah, I'm on a statement right now, goodbye.

Q. Sorry about that. Go ahead.
A. Um...that's a domestic if I remember correctly that I was on—

Q. And who---
A. --with the stepmother and---

Q. Who did it involve?
A. It involved her two stepsons.

Q. Nikolas and Zachary?
A. Right.

Q. What happened there?
A. He was a um....a---some incident involving where he wanted to walk the dog and his stepmother didn't want to let him out at night.

Q. Okay, now are you remembering this now because you looked it up and you realized, oh, I remember that and the reports and you just now looked it up or did you remember that at all during the time of this incident?
A. At that time I had no recollection.

Q. Okay, so---
A. I did not put two and two together.

Q. Okay, so as of now you researched it and realized—
A. I haven't looked at the report but I---

Q. Okay, but you recall?
A. And I was—yes.

Q. Okay, so he had an incident with a dog?
A. Yes.

Q. What—continue I just wanted—continue that, what was the incident with the dog?
A. The incident was where he wanted to walk the dog and—and um…his stepmother took the leash—grab the leash and—and he released it and it snapped back and that was the extent of it and there was no—it wasn't—that wasn't—it was a written report with no arrest.

Q. Okay and who initiated that report, who was---
A. It was dispatched from BSO dispatch, I was dispatched to the residence.

Q. What I'm saying is who called the police?
A. Um…I believe the stepmother.

Q. And do you know what her name was, do you remember?
A. I don't remember I just looked at the report.

Q. Okay, were there any injuries?
A. There were no injuries---

Q. Okay.
A. --whatsoever.

Q. All right, were there any weapons involved in that call?
A. Not at all.

Q. Did you learn anything about Nikolas Cruz at that time?
A. Um…just that he's a—I believe he was under house-arrest or his—his mother—stepmother mentioned that he's not supposed to be out at night 'cuz he—part some condition of um….

Q. Okay, how long ago was that call that you remember? Give me a general area/timeframe.
A. Um…a year ago.

Q. Okay and where was that at? Do you remember the general area?
A. Um….Townpark.

Q. Townpark okay. Did you ever go inside that house that day?
A. Yes, I was in the house and—

Q. What did you see when you went in there?

EOG-03924

A. I saw the stepmother sitting on a um…big chair by the TV and—and I believe Nikolas was somewhere there---

Q. Okay.
A. --in the living room.

Q. And where was Zachary at?
A. Um…I think he was upstairs I—I spoke with him briefly and he said he didn't—didn't notice anything.

Q. Okay, did you go upstairs?
A. Yes, I spoke---'cuz there was somebody else upstairs I spoke with him.

Q. Okay, did you go into any of the bedrooms that you can remember?
A. I think—I think one was—that was a bedroom that I walked in.

Q. And who—whose bedroom was that?
A. I just saw the other child there I don't know whose bedroom was it.

Q. Okay, did you notice anything out of the ordinary inside this residence?
A. No, no, it was well kept and um….

Q. Okay, did you come across any firearms or any weapons?
A. Not at all, I did not see any.

Q. Okay, if at the time you would have had firearms at that scene where you felt something was abnormal and there was some type of threat you needed to deal with what would you have done?
A. I would secure the scene first by---by securing the weapons.

Q. Okay and for what purpose?
A. Um…for—for safety—for safekeeping and---

Q. All right, so at that call you didn't um….see anything that jumped out at you and as far as a—a violent subject who was---had potential violence?
A. No, they were both calm, they were both sitting, he just said he wanted to walk the dog and—and he said his mom said no.

Q. Was there an arrest made?
A. No, there was no arrest.

Q. Was there a backup deputy?
A. Yes, there was a backup deputy.

Q. Who was that?
A. Deputy Barone I remember him being there.

Q. Okay.
A. There might have been one more.

Q. Okay, so you did a report.
A. Yes, I wrote the written report.

Q. Okay, why would you write a written report in this incident?
A. Because it—it involved actual incident that occurred in our jurisdiction and it was—it was a call for service and I responded and I—I did an investigation that's why I wrote the report.

Q. Okay um....let's go back to um...these—this call here where you got an anonymous—actually a complaint from [redacted] in [redacted]. How many of these types of call do you get um....per year do you think? Just give me a rough number.
A. Um...not too many I can't put a number, an exact number, may be (inaudible)---

Q. Okay.
A. We get calls from out of state sometimes but the um....

Q. Okay.
A. ..and I don't have an exact number.

Q. Do you know who Deputy Scott Peterson is?
A. Yes, I know him.

Q. Um....have you ever called him and given him information about any type of threat or anything concerning students at a school in whatever capacity?
A. I've done it. I've---I've investigated threats at the schools, yes, and I—

Q. Okay.
A. --um....

Q. And what did you do with that information?
A. That information I—I've written a written reports and it was—they were forwarded by a sergeant to um...those—the school resource officers.

Q. Okay and what do you know that he does with the information?
A. Um...he contacts principal and the—the principal makes a determination whether to keep the school open or close it for the following day. We've had threats I the past and---

Q. Okay.
A. --I've investigated those.

Q. Are you under the impression that is being followed up on these leads that you send to Scott Peterson?
A. Absolutely they are—they are taken very seriously. On one of the occasions Sergeant Nord and I spent half a night, we were tracking down where the threats came from and we found the juvenile, we went from house to house and—

Q. Okay.
A. --we followed up leads and—and resolved it and it—it was all documented and the school—the school board was notified about it.

Q. Okay, do you remember if you contacted um...Scott Peterson on this particular call that you can remember?
A. Not on this call I don't remember calling.

Q. Okay and do you remember providing Scott Peterson with any information about Nikolas Cruz at any time that you can recall?
A. Um....that I don't remember 'cuz he's---apparently there's prior calls with him and---

Q. Okay um...
A. --Deputy Peterson knows—knows many students so---

Q. Did you do any follow up with this call after you hung up with [redacted]?
A. I did a documentation 'cuz there was—

Q. Okay, so you have these C.A.D. notes. Did you make entry into the C.A.D. notes?
A. I made entries for C.A.D. notes and—indicating that—that um...Cruz is not in Parkland and he's in Lake Worth last known location.

Q. And those are on your C.A.D. now?

INTERVIEW WITH [redacted]
Q= DETECTIVE KAMI FLOYD
A= [redacted]

Q This is a taped statement taken by Detective Kami Floyd, I.D. 17022. This statement is going to be in reference to case number 171802000525 which is an incident that occurred at Stoneman Douglas High School on February the 14th, 2018. I'm on the phone now with [redacted]. Her date of birth is [redacted], [redacted] [redacted].

[redacted], do you understand that I'm a detective and that I'm investigating a criminal case?

A Yes, I do.

Q Okay. As such, I'm duly authorized to take taped sworn statements. Everything you tell me in this statement must be the truth and to the best of your knowledge. Do you understand?

A Yes.

Q Please raise your right hand. Do you solemnly swear to tell the truth, the whole truth, and nothing but the truth, so help you God?

A I certainly do.

Q Okay. [redacted], do you understand what perjury means?

A Yes, I do.

Q Okay. Basically, I'm considering you under oath at this point. Please tell the truth and everything to the best of your knowledge, okay?

A Oh, yeah. Definitely.

Q All right. Awesome.

A (Indiscernible).

Q On November 30th, 2017 at 12:01, a 9-1-1 call was made and it says that it was from [redacted] at the phone number of [redacted]. Is that you?

A Yes, ma'am.

Q Okay. And do you remember making that call?

A Yes.

Q Okay. Awesome. I'm just gonna give the notes real quick of what that call was about. It says complainant referenced a subject named Nikolas Cruz (ph) collecting guns and knives and advised that he is going to one day kill himself and wants to go into the Army and kill himself. Advised that she's afraid that someone is going to get hurt and this might be Columbine in the making. Advised subject has multiple guns and the subject is no longer living at the listed address. The subject has several social media accounts. She's requesting police assistance. For additional information -- and it's -- okay, you advised that the subject, Nikolas, is living with his friend, Billy. Nikolas told [redacted] that he wants to join the Service and kill people. She advised she resides in [redacted]. Nikolas caused a disturbance in Lake Worth where he was last residing two days ago. Nikolas is [redacted] It is unknown where he is currently

located. According to caller, Nikolas owns weapons and ammunition that he keeps at his friend's house. Is -- are those the things that you said in the 9-1-1 call?

A Yes, they are. And that's how I know it to be -- I knew it to be at that time.

Q Okay. And did anything specifically lead you to make that 9-1-1 call?

A Yes. He was -- he was posting -- that's another thing I gave your department was his Instagram account, and I asked that they would please look at them because it showed him, you know, pointing a gun. It showed him -- he looked like ISIS. And he always liked to walk around like that. He thought he was in the military.

Q What exactly were the --

A I don't know who saw it, but --

Q You saw the Instagram posts?

A I saw -- yeah, all four of them. There's more. There was four of them.

Q Okay. How many?

A Like at the time when I -- when I talked to Parkland there were only three that I knew of.

Q Okay. So when you -- when you made this call there were three Instagram posts that you knew of.

A Yes.

Q Okay. And what were they of? What do you remember seeing?

A Well, one of them was in the backyard with the gun and he had it on the fence. I don't know whose house he was at but he was pointing it out towards the backyard. I know it wasn't his yard in Parkland where he lived originally with his mother and his brother because she didn't have a wooden fence back there. So he had the gun pointed that way.

Q Okay.

A And that one account he really wasn't -- he didn't have anything on it. But the account that I was so concerned about was that he was wearing a Army hat that -- almost like a skull cap and something, a mask over his face. I'm sure you've seen these. And there were guns -- a gun there and he did have one gun with the orange tip, which I know is not a real gun. But he treated it as such because he used to walk around the neighborhood and he would have this gun. And I'd say, "Lynda (ph),"-- his mother -- I said, "Lynda, he can't walk around with it. He's gonna get killed." I said, "Somebody's gonna think that --"

Q When you saw these posts and you called 9-1-1, was his mother still alive?

A She died November 1st. But a --

Q Okay. So when you made the 9-1-1, call she had already been passed?

A Yes. Yes.

Q Okay. And when you made the 9-1-1 call, were you able to say where he was living?

A Well, I said -- well, I believe I did. I told them he was living at one time with [redacted]; that woman who took him and his brother in. And she did nothing but help

EOG-03933

him and the Instagram conversation I had with him was -- he had Instagrammed me telling me he didn't like [redacted]. She was making him pay for things. He thought she should spend all her money on him and he shouldn't have to do anything like that. And I just Instagrammed him back saying -- him back -- just saying that she's a wonderful person for doing what she's doing. She's honest. I said, "She'll help you. Do what she tells you to do and you'll be fine."

Q Okay.

A But talking to Nikolas, he doesn't really comprehend a lot of things. He -- like he wouldn't know what the word -- let's see -- "conjure up", or he wouldn't know certain words that -- Lynda had to talk to him like he was in, you know, a very -- elementary school. That's how he, you know, would talk and listen. He wouldn't understand the full conversation.

Q Okay. Let me ask you this. After you called and made this 9-1-1 call -- when you made it -- did anyone contact you back?

A No.

Q So you never spoke with any police officers; Parkland officers, deputies?

A Oh, wait. Wait. Wait. Wait. When I made the -- yeah, I did. I called Parkland police. That's what this is about.

Q That's what this is about. Okay.

A 'Cause I -- yes. And this is why I thought they'd really help me because I -- yes. I had a call and they told me I couldn't speak to a detective right away. I had to talk to a

EOG-03934

police officer and they'll call me back. I said, "Okay, fine." So someone called me back and it turns out -- I don't know if his name was Chase (ph). I have these papers written up in my apartment in [redacted]. I had somebody give me the information the other day so I could transfer it to you guys. And so I'm not positive about his name, but next to the name I wrote the word "Spanish". And he was one of the guys who would go to the house all the time, like I'm sure you know how many times I'm talking about, and be there with Lynda. And he even said to me, he says, "Well, Lynda --" I told him it was Nikolas Cruz. And I told him, I says, "I know you used to go there about Zachary Cruz (ph)." And he said, "Lynda?" I said, "Yes, when she passed." "She died?" I said, "Yes, she passed away November 1st." And he was flab -- he was amazed that she had passed away. I said -- so I was thinking now, wow, this guy knows where I'm coming from. He knows I'm not blowing smoke.

Q Right.

A Because I told him, I says, "You know yourself. All you gotta do is look at him." And my whole thing is that his lights are on, but nobody's home.

Q Okay.

A And I thought, wow, this guy knows what's going on. He's gonna do something. And that's how I felt. And then nothing happened. Nothing happened. Then I found out that he was going to kill people. And I just said, "This has gotta stop." So I called the FBI.

Q Okay. Let me ask you this. Did that -- who was it that you spoke with? It was a Parkland police officer? Is that correct?

A Yes.

Q Okay.

A Yes. I couldn't even give -- is Scott his name? His right name? I don't think. But I should, you know, with all these reports going through the house, one of them has to pop out, maybe Chase. I don't know if it's a first name, last name, or what.

Q Right. I'm sure.

A I was just hoping --

Q I'm sure they can -- I'm sure they can find that. My question to you is what was his -- before you guys hung up, what was his response to you? What did he say he was going to do? Or did he ask you to do anything else?

A Well, he said, "Thank you very much." And I believe he said, "If we have any questions, can we call you back?" But now I'm so confused that I don't know --

Q That's okay.

A -- if it was the FBI that said that to me, or he did.

Q Okay. And it was a long time ago. So it's, you know, we're not expecting you to remember everything word for word.

A Right.

Q You're doing this off of your memory. So my other question is I know that there was a confusion as to where Zachary and Nikolas were living.

A Okay. They lived by --

Q Do you recall speaking with anybody from Lake Worth or Palm Beach County?

www.transcriptionexpress.com

EOG-03936

142 A Yeah, [redacted]. The girl that --

143 Q No, I mean any law enforcement agencies? Did you ever call --

144 A No. No.

145 Q -- anybody from --

146 A I -- I don't have the paperwork with me. I think I had a call -- before I
147 got to the Parkland Police Department I did call Lake Worth and asked for a detective. I didn't
148 know who to talk to. And I tell them this is in regards to Parkland and they tell me to call
149 Parkland Police. Which is -- I believe that's what I did.

150 Q Okay.

151 A And they told me I couldn't talk to anybody until somebody called me
152 back and --

153 Q Okay. So you called Lake Worth prior to calling Parkland?

154 A Yes, just to find out if I could talk with somebody.

155 Q Okay.

156 A And then they told me to call Parkland.

157 Q And they told you to call Parkland? Okay.

158 A Right.

159 Q Okay. And then that's when you spoke with the deputy, or the police
160 officer from Parkland, and he said, "If we have any questions, can I call you back?"

161 A He (indiscernible). I believe so, yes.

www.transcriptionexpress.com

EOG-03937

Q Okay. No problem. And then how long afterwards would you say that you made the report to the FBI?

A Well I'm, you know, I'm really confused about that. I -- like I said, I got this information written out. I don't think they gave it all to me when I called my apartment [*sic*]. But I was under the impression I called the FBI -- it was after Thanksgiving but before Christmas. So if I called you on the 30th of November I had to call them in December.

Q Okay.

A I don't remember. But that report that came on the TV said January 5th. And I didn't remember waiting that long to call the FBI.

Q Okay. Well -- and it's hard with dates, so we understand that. Okay.

A But I was really frustrated and upset about this whole situation before it ever happened.

Q Right. And I -- so I just wanna clarify, and correct me if I'm wrong.

A Mm-hmm.

Q I'm understanding that the reason why you initially made this phone call and you became concerned is because the three postings you observed on an Instagram account, correct?

A Well, the one posting in particular.

Q Right.

A With all the ISIS stuff. And the fact that he wanted to kill himself. I thought (indiscernible).

EOG-03938

Q Did he say he wanted to kill himself on the Instagram?

A He posted it. He put it on and took it off.

Q Okay. And that was prior to your phone call.

A Yes. And when I heard that I, you know, started an Instagram account 'cause I didn't even know what the heck Instagram was.

Q Gotcha.

A But I saw the account and I said this is terr -- you know, he can't -- this can't go on. Something's gonna happen. But I've been saying this since he was ten years old. So -- so then I called the FBI when I found out he was saying he wanted to kill people. I said, "Oh, wow." And I told somebody, one of them, I said, "This is gonna be Columbine all over again."

Q Mm-hmm.

A And now I hate to say it. I mean, his mother was a friend of mine for almost sixty years. We met as little girls. And if you look at the guy who did Columbine -- you know, he killed his mother and everything in that -- I'm putting Nikolas next to him. Like they pass as relatives.

Q So let me ask you this. Okay.

A (Indiscernible).

Q So you said that you knew -- you knew Lynda since you guys were little kids.

A We were nine and ten when we --

EOG-03939

Q Okay. So when she had Nikolas and Zachary, did you ever meet them in person?

A Yeah.

Q Okay. How well would you say you knew them?

A They were like nephews.

Q Okay.

A I knew them very well. I would vacation with them and talk with them. After Roger had died -- I was there when Roger was alive and then shortly after -- and then when he died, I would spend like two weeks with her. At different times my daughter and I would go there. And, as a matter of fact, when they were infants my daughter was in Florida and she's the only one that they would allow to babysit for the kids.

Q Okay.

A But she, you know -- and then I hear a report saying that Nikolas was two years old and Zachary was two months old. That's not correct.

Q Okay.

A Lynda was in the hospital when Nikolas was born and she picked Zachary up in Ocala at prison.

Q Okay. The calls that we talked about; you spoke -- you called Lake Worth, you called Parkland PD, and you called the FBI. Are these -- are these the only calls that you made in reference to your concerns?

A Yes.

Q Okay. So three telephone calls, correct?

A Yes.

Q Okay. And has everything you've told me been the truth?

A Yes.

Q Okay. Is there anything else you wanted to add?

A To my knowledge. I don't know what I can add. I mean, I just know that [redacted] being persecuted for no reason. I know Zachary's in a facility right now which is probably the best thing that ever happened. And it's just -- what's bothering me is all these false reports. And I understand it's not coming from you and it's not coming from the FBI, it's just very frustrating.

Q I understand. I understand. It is for us, too.

A I know. I know. I know. I just feel so bad for the parents 'cause they don't know the truth.

Q Me, too.

A They don't know the truth. I keep thinking --

Q Okay. I'm gonna -- [redacted] I'm gonna go ahead and stop this recording, okay?

A Yes, ma'am.

Q Okay.

(End).

Q. Okay.
A. ---but no specifically where Lake Worth---

Q. Okay.
A. --Lake Worth, Florida.

Q. So she didn't know where he lived?
A. She didn't know where he lived and—and I asked her 'cuz—I said—and then I also asked for date of birth and she didn't know the date of birth so I---the Cruz where—that's a

rather common name. That's just um...I—I didn't know exactly where he would have been at this time.

Q. Okay, did she provide any specific information about a date of an incident he was going to create?
A. No, there was no specifics. She was concerned about his—him and the statements he made to her but there was nothing specific as far—as far as something I could follow up, he didn't make—she---she talked to him I never talked to Cruz.

A. What she related---related to me was that he has weapons and he wants to join military and—and that he also is um.. [redacted] so---

Q. Okay, did she provide any paperwork or follow up or any literature or emails or anything like that that describe a threat that she's talking about?
A. No, it was just—it was just a phone conversation and—

Q. Okay.
A. --it was—again there was somewhat of a language barrier 'cuz I—

Q. Okay.
A. --she had to repeat herself several times and—

Q. No, let me ask you did she offer any type of proof or evidence? Did she say she can get it for you or that—that is available or I'll send it to you?
A. No, no evidence that she could provide.

Q. Okay and was she able to provide you any type of specific threat as to a certain location or a certain scenario?
A. No, no specific threat and no—no location for—for Cruz.

Q. Okay, in your opinion what did you feel um....she was trying to communicate?
A. She was commu—what—she was relating the message that he owns weapons and that um....that he's joining military.

Q. How did you interpret all of this?
A. I interpret that as a um....concerned rel—concerned relative but who—according to her the last location was somewhere else and I directed her to contact—to contact where he might be—might be living at this time but she didn't know where he lived.

Q. And what—where was that at?
A. Um...Lake Worth but there was no specific location.

Q. Okay.
A. So that's the next county over.

Q. Did you direct her to make a report with the---
A. I—I told her that Lake Worth is---yes.

Q. To make a—a report with another county?
A. I told her to contact Lake Worth.

Q. Okay, did she say she was going to do that?
A. I don't remember that.

Q. Okay, so what else happened?
A. Um....that was the phone conversation; that was the extent of it.

Q. Okay, did she give you any time reference as to when she last spoke to him?
A. Um...I believe was recently.

Q. No, when—when she had spoke to Nikolas. Did she say anything regarding, oh, I talked to him the other day or any type of communication she he had had with Nikolas?
A. Um...there was a phone—I don't know exactly when she spoke recently.

Q. Okay, so how is she validating her concern is what I'm trying to figure out? How did she know if she's in [redacted] and he's down here how is she getting this information?
A. Um....they spoke on the phone, he—he and her spoke on the phone (inaudible).

Q. And we don't know how recent that was at the time?
A. It was I believe maybe days, it was recent.

Q. Okay. All right, what else did you do once you received this information?
A. Well, I—I checked the—on OSSI but I think the—the spelling of Nikolas that I used somewhat different. There were so many of them and I couldn't pinpoint what—what location or where would—

Q. Okay.
A. --he would be.

Q. Now, if you would have found Nikolas in OSSI what would that have given you?
A. It would have given me a reference point where he—if he's got a current address or—but she indicated that he—or has moved from Parkland---

Q. Okay.
A. --during conversation.

Q. And if OSSI would have told you the address and it would have been in Parkland or anywhere else what would you have been able to do?
A. I would be able to do a follow up, make face to face with him, I would---

Q. And what would you do?
A. ---I would assess case and condition and follow up on this con—um...weapons issue and—and his mental state.

Q. Okay, talk to me about making contact with him, assessing him and let's just say you thought there was a condition and there was a threat and you were able to back it up by actually seeing firearms or whatever what would you have done then?
A. If—if those were valid concerns and---and that would be—if he met criteria for Baker Act that would be a Baker Act situation.

Q. Okay.
A. Where I would secure firearms.

Q. Let's just say you didn't have a Baker Act situation and you felt he was a threat what could you have done and what would you have done?
A. Um....contact my supervisor first of all and also um...some type of crisis intervention with him.

Q. Okay, would you—
A. Therapy—therapy or um....or even—I would still consider Baker Acting that's if he met the criteria.

Q. Would you have done a police report?
A. Yes, I would have done a written—written report as oppose to um...

Q. And what would you have done with that report?
A. That would um...I would forward to um...for a follow up.

Q. Okay. All right um....so you weren't able to do anything because of the OSSI look up was too broad and—
A. That's a—that's a very common name what popped up and---

Q. And nothing popped up on your query?
A. But it was—it was just Cruz there's multiple Cruz'.

Q. Okay, were you able to look anywhere else for information about his location or who he was?
A. Um...they would---

Q. Did you remember looking it up?
A. I did not see any other reports with that name associated.

Q. Okay, separating OSSI did you go into any other databases to find out what happened?
A. I don't remember.

Q. You don't remember could you have?
A. I—I could have looked up and (inaudible)---

Q. Would you normally have done that?
A. If—if—yes, that would be additional---

Q. Okay.
A. --except she didn't have a date of birth for him.

Q. Okay. All right, let's just say you found out he lived in Parkland—
A. Um-huh.

Q. --and you went to his house and he wasn't home what—what would you have done normally?
A. Normally I would have come back later or pass it on to the next shift to—for a—to go back to the residence---

Q. Okay.
A. --and speak to neighbors see if they know where he lives or has he—

Q. Okay, so you didn't have any other information um...from [redacted] Was she able to give you any other information that you can remember?
A. No, no additional information.

Q. Okay, what did you have to follow up on with this call?
A. At that point I—I just said—I exhausted all what she gave—she—the—the leads that I had at that point.

Q. Okay, do you know who Nikolas Cruz is?
A. I do now, yes, sir.

Q. Now, let's go back a bit at the time of this call did you know who Nikolas was at the time?
A. At that point I just had a name.

Q. A name okay how about um...a Zachary, you ever came across a Zachary Cruz?
A. That's a---after the fact I learned that that's his brother but—

Q. Okay.
A. --at that point, no, I did not.

Q. You didn't know who Zachary was?
A. No.

Q. Okay, do you remembering handling any calls with a Nikolas or a Zachary Cruz in Parkland?
A. Um...yes.

Q. No, no, prior to this incident. Prior to this call we just discussed do you remember having an incident with these guys?
A. Um...prior to that yes with the—there was one incident I don't recall exactly how long ago.

Q. With who?
A. With the—with the stepmother and Cruz.

Q. Which Cruz?
A. Nikolas Cruz.

Q. Okay and how long ago prior to this call was that, do you remember?
A. Um...I just remember I was in midnights then so it had to be maybe a year ago.

Q. Okay, at the time of this call did you remember Nikolas Cruz or—
A. I---

Q. --or are you remembering it now reflecting back?
A. After now putting it together, yes, I—I see that—that—

Q. Okay.
A. --that could be the same person that—

Q. But at the time that you received the call from [redacted] and spoke to [redacted] which was on November 30, 2017 did you recall having dealings with Nikolas Cruz in any call?
A. No, at that point I did not I---

Q. Okay, this is now after the fact.
A. After the fact.

Q. Okay. All right, if you would have recognized dealing with Nikolas Cruz at the time of this call on---in November of last year what would you have done?

A. I would have been able to verify the correct spelling of the first name which is different than normally spelled. I would have been able to pull up the report and—and—and seen his—and found his date of birth from there from my old report.

Q. Okay.
A. That would have given me additional information.

Q. Okay, what happened with that call that you can remember now reflecting back, the original call that you had involving Nikolas Cruz? What—what happened there?
A. Um....that report was—I—I don't report on it, I did not make an arrest at all.

UNRELATED TELEPHONE CALL:
Yeah, I'm on a statement right now, goodbye.

Q. Sorry about that. Go ahead.
A. Um...that's a domestic if I remember correctly that I was on—

Q. And who---
A. --with the stepmother and---

Q. Who did it involve?
A. It involved her two stepsons.

Q. Nikolas and Zachary?
A. Right.

Q. What happened there?
A. He was a um....a---some incident involving where he wanted to walk the dog and his stepmother didn't want to let him out at night.

Q. Okay, now are you remembering this now because you looked it up and you realized, oh, I remember that and the reports and you just now looked it up or did you remember that at all during the time of this incident?
A. At that time I had no recollection.

Q. Okay, so---
A. I did not put two and two together.

Q. Okay, so as of now you researched it and realized—
A. I haven't looked at the report but I---

Q. Okay, but you recall?
A. And I was—yes.

Q. Okay, so he had an incident with a dog?
A. Yes.

Q. What—continue I just wanted—continue that, what was the incident with the dog?
A. The incident was where he wanted to walk the dog and—and um…his stepmother took the leash—grab the leash and—and he released it and it snapped back and that was the extent of it and there was no—it wasn't—that wasn't—it was a written report with no arrest.

Q. Okay and who initiated that report, who was---
A. It was dispatched from BSO dispatch, I was dispatched to the residence.

Q. What I'm saying is who called the police?
A. Um…I believe the stepmother.

Q. And do you know what her name was, do you remember?
A. I don't remember I just looked at the report.

Q. Okay, were there any injuries?
A. There were no injuries---

Q. Okay.
A. --whatsoever.

Q. All right, were there any weapons involved in that call?
A. Not at all.

Q. Did you learn anything about Nikolas Cruz at that time?
A. Um…just that he's a—I believe he was under house-arrest or his—his mother—stepmother mentioned that he's not supposed to be out at night 'cuz he—part some condition of um….

Q. Okay, how long ago was that call that you remember? Give me a general area/timeframe.
A. Um…a year ago.

Q. Okay and where was that at? Do you remember the general area?
A. Um….Townpark.

Q. Townpark okay. Did you ever go inside that house that day?
A. Yes, I was in the house and---

Q. What did you see when you went in there?

EOG-03953

A. I saw the stepmother sitting on a um...big chair by the TV and—and I believe Nikolas was somewhere there---

Q. Okay.
A. –in the living room.

Q. And where was Zachary at?
A. Um...I think he was upstairs I—I spoke with him briefly and he said he didn't—didn't notice anything.

Q. Okay, did you go upstairs?
A. Yes, I spoke---'cuz there was somebody else upstairs I spoke with him.

Q. Okay, did you go into any of the bedrooms that you can remember?
A. I think—I think one was—that was a bedroom that I walked in.

Q. And who—whose bedroom was that?
A. I just saw the other child there I don't know whose bedroom was it.

Q. Okay, did you notice anything out of the ordinary inside this residence?
A. No, no, it was well kept and um....

Q. Okay, did you come across any firearms or any weapons?
A. Not at all, I did not see any.

Q. Okay, if at the time you would have had firearms at that scene where you felt something was abnormal and there was some type of threat you needed to deal with what would you have done?
A. I would secure the scene first by---by securing the weapons.

Q. Okay and for what purpose?
A. Um...for—for safety—for safekeeping and---

Q. All right, so at that call you didn't um....see anything that jumped out at you and as far as a—a violent subject who was---had potential violence?
A. No, they were both calm, they were both sitting, he just said he wanted to walk the dog and—and he said his mom said no.

Q. Was there an arrest made?
A. No, there was no arrest.

Q. Was there a backup deputy?
A. Yes, there was a backup deputy.

Q. Who was that?
A. Deputy Barone I remember him being there.

Q. Okay.
A. There might have been one more.

Q. Okay, so you did a report.
A. Yes, I wrote the written report.

Q. Okay, why would you write a written report in this incident?
A. Because it—it involved actual incident that occurred in our jurisdiction and it was—it was a call for service and I responded and I—I did an investigation that's why I wrote the report.

Q. Okay um....let's go back to um...these—this call here where you got an anonymous---actually a complaint from [redacted] in [redacted]. How many of these types of call do you get um....per year do you think? Just give me a rough number.
A. Um...not too many I can't put a number, an exact number, may be (inaudible)---

Q. Okay.
A. We get calls from out of state sometimes but the um....

Q. Okay.
A. ..and I don't have an exact number.

Q. Do you know who Deputy Scott Peterson is?
A. Yes, I know him.

Q. Um....have you ever called him and given him information about any type of threat or anything concerning students at a school in whatever capacity?
A. I've done it. I've---I've investigated threats at the schools, yes, and I—

Q. Okay.
A. --um....

Q. And what did you do with that information?
A. That information I—I've written a written reports and it was—they were forwarded by a sergeant to um...those—the school resource officers.

Q. Okay and what do you know that he does with the information?
A. Um...he contacts principal and the—the principal makes a determination whether to keep the school open or close it for the following day. We've had threats I the past and—

Q. Okay.
A. --I've investigated those.

Q. Are you under the impression that is being followed up on these leads that you send to Scott Peterson?
A. Absolutely they are—they are taken very seriously. On one of the occasions Sergeant Nord and I spent half a night, we were tracking down where the threats came from and we found the juvenile, we went from house to house and—

Q. Okay.
A. --we followed up leads and—and resolved it and it—it was all documented and the school—the school board was notified about it.

Q. Okay, do you remember if you contacted um...Scott Peterson on this particular call that you can remember?
A. Not on this call I don't remember calling.

Q. Okay and do you remember providing Scott Peterson with any information about Nikolas Cruz at any time that you can recall?
A. Um....that I don't remember 'cuz he's---apparently there's prior calls with him and---

Q. Okay um...
A. --Deputy Peterson knows—knows many students so---

Q. Did you do any follow up with this call after you hung up with [redacted]?
A. I did a documentation 'cuz there was—

Q. Okay, so you have these C.A.D. notes. Did you make entry into the C.A.D. notes?
A. I made entries for C.A.D. notes and—indicating that—that um...Cruz is not in Parkland and he's in Lake Worth last known location.

Q. And those are on your C.A.D. now?
A. I'm sorry?

Q. They're on your C.A.D. They're not on here?
A. No these are—that's pretty much what I—I wrote some of those, there's notes some are—

Q. These are yours?
A. --some are mine, yes.

Q. Okay.
A. After that when I entered—when I finished the call---

Q. Okay.
A. --about this location and last known location.

Q. Do you feel that you had any information to move on?
A. No, this—this was no—no date of birth and it was out of state, a general concern about somebody who wants to join the military but who's [redacted] and—and owns weapons and--and who is most likely in Palm Beach County at this time that's—that's what I understood from the caller.

Q. Okay, is there anything else you'd like to add to this statement?
A. No, sir.

Q. Okay, today's date is February 16th um...it's 2:43 p.m. and this is going to conclude this statement.

Summary:

On February 21, 2018, Lieutenant Barry Lindquist, CCN 13979, Executive Officer to the Division of Internal Affairs, assigned me to review past calls/incidents involving Nikolas Cruz, 9/24/1998. The review was to ascertain if any BSO policy was violated.

A memo was prepared in reference to the review [See Attached]. As a result, two employees were identified as possibly violating policy. See below:

Subject employee 1: Deputy Edward Eason, CCN 10558
Violation of SPM 2.4; Meeting BSO Standards, to wit: DLE SOP 3.6.1(B), Reporting Requirements.
Narrative: On February 5, 2016, Deputy Eason responded to [redacted], in reference to a complaint made by a third party that Nikolas Cruz planned to shoot up the school [17-1602-000212]. Per the complainant, Nikolas Cruz had posted a picture on Instagram of him in possession of a firearm. This was reported to be a one month time delay and it did not specify

which school. Per CAD entry, Deputy Eason made contact with an anonymous female who reported that Nikolas Cruz from Douglas Highschool has knives and a BB gun in his Instagram photos. Deputy Eason wrote that no threats were noted and he forwarded the information to the SRD Deputy Scot Peterson, CCN 4308. On February 17, 2018, Detectives Kami Floyd, CCN 17022, and Bruce Link, CCN 10154, obtained a sworn statement from the caller [redacted]. She advised that her son saw the Instagram post which had a picture of a gun and stated something similar to "I am going to get this gun when I turn 18 and shoot up the school." Per [redacted], Deputy Eason had contacted Ms. Cruz who stated the Nikolas Cruz did not have anything like that on his Instagram page. [redacted] did not take a snap shot of the post when her son showed it to her and it was no longer posted for them to show Deputy Eason. Deputy Eason coded the call "Bravo" and did not prepare an incident report.

Subject employee 2: Deputy Guntis Treijs, CCN 9714
Violation of SPM 2.4; Meeting BSO Standards, to wit: DLE SOP 3.6.1(B), Reporting Requirements.
Narrative: On November 30, 2017, Deputy Treijs was instructed by dispatch to make telephone contact with a person in [redacted] in reference to Nikolas Cruz collecting guns and knives and advising that he is going to one day kill himself. The caller indicated that she is afraid that someone is going to get hurt and this might be "Columbine" in the making. The caller indicated that Nikolas Cruz has multiple guns and has several social media accounts. Deputy Treijs entered into the CAD notes that the caller advised him the Nikolas Cruz is living with a friend and that he told the caller that he wants to join the service and "kill people." He authored that Nikolas Cruz is [redacted] and it is unknown where Nikolas Cruz is currently located. On February 9, 2018, Detective Kami Floyd, CCN 17022, obtained a telephone statement from the caller [redacted] who explained that on Nikolas Cruz' Instagram she observed Nikolas Cruz with a gun on a fence in a backyard and another post stating he wanted to kill himself. After not receiving any further information from Treijs, [redacted] contacted the FBI with her information. Deputy Treijs coded the call "Bravo" indicating that [redacted] was not specific in her details and could not provide any proof of what she was informing him about. Deputy Treijs stated that he informed [redacted] to contact the Lake Worth Police Department to file a police report since it was believed that was the last place Nikolas Cruz was seen.

Entered by Barry Lindquist, February 27, 2018.

Q. Okay.
A. To let him know, and then he handles it at the school.

Q. Okay, ahm could this have been one of the situations? I'm I'm gonna read the narrative real quick., and then there there is a section on here where it says ah the info was forwarded to ah SRD Peterson at the school on the same day at 12:43:24 ahm and that was ah about an hour after the call came out. The call came out at 11:44. So, is is this a common kind of call?
A. Yes.

Q. Okay, I'm, I'm gonna read it just so we're on the same page with this. Ahm the incident was ah initiated by ah BS Ramos George ah on February 5th, 2016, 11:44:50 hours com., com's son which refers to complainant's son told her that neighbor's son said on Instagram that he was 2016, February 2000 – excuse me, February 5th, 2016, 11:44:50 going to shoot the school and there is pictures of juvenile with guns. This happened about a month ago. Advised subject was expelled from West Lake Middle school and now goes to another school. Ahm possibly a high school unknown. As of February 5th, 2016, it's advised that neighbor lives three houses down from her 1020 on the opposite ah 2016, February 5th. Ah please forgive me. These read very very very rough. Ahm the side complainant is not home at the time. Have a unit 1045 her. Ah female wanted to remain anonymous. Reported a kid name Nicholas Cruz ah Douglas High school has knives and beebee gun in his Instagram photos. No threats noted, and info was forwarded to SRD Peterson at school. INTERVIEW WITH [redacted]
Q= DETECTIVE KAMI FLOYD
A= [redacted]

Q This is a taped statement taken by Detective Kami Floyd, I.D. 17022. This statement is going to be in reference to case number 171802000525 which is an incident that occurred at Stoneman Douglas High School on February the 14th, 2018. I'm on the phone now with [redacted] Her date of birth is [redacted], [redacted]. [redacted], do you understand that I'm a detective and that I'm investigating a criminal case?

A Yes, I do.

Q Okay. As such, I'm duly authorized to take taped sworn statements. Everything you tell me in this statement must be the truth and to the best of your knowledge. Do you understand?

A Yes.

Q Please raise your right hand. Do you solemnly swear to tell the truth, the whole truth, and nothing but the truth, so help you God?

A I certainly do.

Q Okay. [redacted], do you understand what perjury means?

A Yes, I do.

Q Okay. Basically, I'm considering you under oath at this point. Please tell the truth and everything to the best of your knowledge, okay?

A Oh, yeah. Definitely.

Q All right. Awesome.

A (Indiscernible).

Q On November 30th, 2017 at 12:01, a 9-1-1 call was made and it says that it was from [redacted] at the phone number of [redacted]. Is that you?

A Yes, ma'am.

Q Okay. And do you remember making that call?

A Yes.

Q Okay. Awesome. I'm just gonna give the notes real quick of what that call was about. It says complainant referenced a subject named Nikolas Cruz (ph) collecting guns and knives and advised that he is going to one day kill himself and wants to go into the Army and kill himself. Advised that she's afraid that someone is going to get hurt and this might be Columbine in the making. Advised subject has multiple guns and the subject is no longer living at the listed address. The subject has several social media accounts. She's requesting police assistance. For additional information -- and it's -- okay, you advised that the subject, Nikolas, is living with his friend, Billy. Nikolas told [redacted] that he wants to join the Service and kill people. She advised she resides in [redacted] Nikolas caused a disturbance in Lake Worth where he was last residing two days ago. Nikolas is [redacted] It is unknown where he is currently

located. According to caller, Nikolas owns weapons and ammunition that he keeps at his friend's house. Is -- are those the things that you said in the 9-1-1 call?

A Yes, they are. And that's how I know it to be -- I knew it to be at that time.

Q Okay. And did anything specifically lead you to make that 9-1-1 call?

A Yes. He was -- he was posting -- that's another thing I gave your department was his Instagram account, and I asked that they would please look at them because it showed him, you know, pointing a gun. It showed him -- he looked like ISIS. And he always liked to walk around like that. He thought he was in the military.

Q What exactly were the --

A I don't know who saw it, but --

Q You saw the Instagram posts?

A I saw -- yeah, all four of them. There's more. There was four of them.

Q Okay. How many?

A Like at the time when I -- when I talked to Parkland there were only three that I knew of.

Q Okay. So when you -- when you made this call there were three Instagram posts that you knew of.

A Yes.

Q Okay. And what were they of? What do you remember seeing?

A Well, one of them was in the backyard with the gun and he had it on the fence. I don't know whose house he was at but he was pointing it out towards the backyard. I know it wasn't his yard in Parkland where he lived originally with his mother and his brother because she didn't have a wooden fence back there. So he had the gun pointed that way.

Q Okay.

A And that one account he really wasn't -- he didn't have anything on it. But the account that I was so concerned about was that he was wearing a Army hat that -- almost like a skull cap and something, a mask over his face. I'm sure you've seen these. And there were guns -- a gun there and he did have one gun with the orange tip, which I know is not a real gun. But he treated it as such because he used to walk around the neighborhood and he would have this gun. And I'd say, "Lynda (ph),"-- his mother -- I said, "Lynda, he can't walk around with it. He's gonna get killed." I said, "Somebody's gonna think that --"

Q When you saw these posts and you called 9-1-1, was his mother still alive?

A She died November 1st. But a --

Q Okay. So when you made the 9-1-1, call she had already been passed?

A Yes. Yes.

Q Okay. And when you made the 9-1-1 call, were you able to say where he was living?

A Well, I said -- well, I believe I did. I told them he was living at one time with [redacted] that woman who took him and his brother in. And she did nothing but help

EOG-03972

him and the Instagram conversation I had with him was -- he had Instagrammed me telling me he didn't like [redacted]. She was making him pay for things. He thought she should spend all her money on him and he shouldn't have to do anything like that. And I just Instagrammed him back saying -- him back -- just saying that she's a wonderful person for doing what she's doing. She's honest. I said, "She'll help you. Do what she tells you to do and you'll be fine."

Q Okay.

A But talking to Nikolas, he doesn't really comprehend a lot of things. He -- like he wouldn't know what the word -- let's see -- "conjure up", or he wouldn't know certain words that -- Lynda had to talk to him like he was in, you know, a very -- elementary school. That's how he, you know, would talk and listen. He wouldn't understand the full conversation.

Q Okay. Let me ask you this. After you called and made this 9-1-1 call -- when you made it -- did anyone contact you back?

A No.

Q So you never spoke with any police officers; Parkland officers, deputies?

A Oh, wait. Wait. Wait. Wait. When I made the -- yeah, I did. I called Parkland police. That's what this is about.

Q That's what this is about. Okay.

A 'Cause I -- yes. And this is why I thought they'd really help me because I -- yes. I had a call and they told me I couldn't speak to a detective right away. I had to talk to a

police officer and they'll call me back. I said, "Okay, fine." So someone called me back and it turns out -- I don't know if his name was Chase (ph). I have these papers written up in my apartment in [redacted]. I had somebody give me the information the other day so I could transfer it to you guys. And so I'm not positive about his name, but next to the name I wrote the word "Spanish". And he was one of the guys who would go to the house all the time, like I'm sure you know how many times I'm talking about, and be there with Lynda. And he even said to me, he says, "Well, Lynda --" I told him it was Nikolas Cruz. And I told him, I says, "I know you used to go there about Zachary Cruz (ph)." And he said, "Lynda?" I said, "Yes, when she passed." "She died?" I said, "Yes, she passed away November 1st." And he was flab -- he was amazed that she had passed away. I said -- so I was thinking now, wow, this guy knows where I'm coming from. He knows I'm not blowing smoke.

Q Right.

A Because I told him, I says, "You know yourself. All you gotta do is look at him." And my whole thing is that his lights are on, but nobody's home.

Q Okay.

A And I thought, wow, this guy knows what's going on. He's gonna do something. And that's how I felt. And then nothing happened. Nothing happened. Then I found out that he was going to kill people. And I just said, "This has gotta stop." So I called the FBI.

Q Okay. Let me ask you this. Did that -- who was it that you spoke with? It was a Parkland police officer? Is that correct?

A Yes.

www.transcriptionexperts.com

EOG-03974

Q Okay.

A Yes. I couldn't even give -- is Scott his name? His right name? I don't think. But I should, you know, with all these reports going through the house, one of them has to pop out, maybe Chase. I don't know if it's a first name, last name, or what.

Q Right. I'm sure.

A I was just hoping --

Q I'm sure they can -- I'm sure they can find that. My question to you is what was his -- before you guys hung up, what was his response to you? What did he say he was going to do? Or did he ask you to do anything else?

A Well, he said, "Thank you very much." And I believe he said, "If we have any questions, can we call you back?" But now I'm so confused that I don't know --

Q That's okay.

A -- if it was the FBI that said that to me, or he did.

Q Okay. And it was a long time ago. So it's, you know, we're not expecting you to remember everything word for word.

A Right.

Q You're doing this off of your memory. So my other question is I know that there was a confusion as to where Zachary and Nikolas were living.

A Okay. They lived by --

Q Do you recall speaking with anybody from Lake Worth or Palm Beach County?

142 A Yeah, [redacted] The girl that --

143 Q No, I mean any law enforcement agencies? Did you ever call --

144 A No. No.

145 Q -- anybody from --

146 A I -- I don't have the paperwork with me. I think I had a call -- before I
147 got to the Parkland Police Department I did call Lake Worth and asked for a detective. I didn't
148 know who to talk to. And I tell them this is in regards to Parkland and they tell me to call
149 Parkland Police. Which is -- I believe that's what I did.

150 Q Okay.

151 A And they told me I couldn't talk to anybody until somebody called me
152 back and --

153 Q Okay. So you called Lake Worth prior to calling Parkland?

154 A Yes, just to find out if I could talk with somebody.

155 Q Okay.

156 A And then they told me to call Parkland.

157 Q And they told you to call Parkland? Okay.

158 A Right.

159 Q Okay. And then that's when you spoke with the deputy, or the police
160 officer from Parkland, and he said, "If we have any questions, can I call you back?"

161 A He (indiscernible). I believe so, yes.

EOG-03976

Q Okay. No problem. And then how long afterwards would you say that you made the report to the FBI?

A Well I'm, you know, I'm really confused about that. I -- like I said, I got this information written out. I don't think they gave it all to me when I called my apartment [*sic*]. But I was under the impression I called the FBI -- it was after Thanksgiving but before Christmas. So if I called you on the 30th of November I had to call them in December.

Q Okay.

A I don't remember. But that report that came on the TV said January 5th. And I didn't remember waiting that long to call the FBI.

Q Okay. Well -- and it's hard with dates, so we understand that. Okay.

A But I was really frustrated and upset about this whole situation before it ever happened.

Q Right. And I -- so I just wanna clarify, and correct me if I'm wrong.

A Mm-hmm.

Q I'm understanding that the reason why you initially made this phone call and you became concerned is because the three postings you observed on an Instagram account, correct?

A Well, the one posting in particular.

Q Right.

A With all the ISIS stuff. And the fact that he wanted to kill himself. I thought (indiscernible).

Q Did he say he wanted to kill himself on the Instagram?

A He posted it. He put it on and took it off.

Q Okay. And that was prior to your phone call.

A Yes. And when I heard that I, you know, started an Instagram account 'cause I didn't even know what the heck Instagram was.

Q Gotcha.

A But I saw the account and I said this is terr -- you know, he can't -- this can't go on. Something's gonna happen. But I've been saying this since he was ten years old. So -- so then I called the FBI when I found out he was saying he wanted to kill people. I said, "Oh, wow." And I told somebody, one of them, I said, "This is gonna be Columbine all over again."

Q Mm-hmm.

A And now I hate to say it. I mean, his mother was a friend of mine for almost sixty years. We met as little girls. And if you look at the guy who did Columbine -- you know, he killed his mother and everything in that -- I'm putting Nikolas next to him. Like they pass as relatives.

Q So let me ask you this. Okay.

A (Indiscernible).

Q So you said that you knew -- you knew Lynda since you guys were little kids.

A We were nine and ten when we --

www.transcriptionexperts.com

EOG-03978

Q Okay. So when she had Nikolas and Zachary, did you ever meet them in person?

A Yeah.

Q Okay. How well would you say you knew them?

A They were like nephews.

Q Okay.

A I knew them very well. I would vacation with them and talk with them. After Roger had died -- I was there when Roger was alive and then shortly after -- and then when he died, I would spend like two weeks with her. At different times my daughter and I would go there. And, as a matter of fact, when they were infants my daughter was in Florida and she's the only one that they would allow to babysit for the kids.

Q Okay.

A But she, you know -- and then I hear a report saying that Nikolas was two years old and Zachary was two months old. That's not correct.

Q Okay.

A Lynda was in the hospital when Nikolas was born and she picked Zachary up in Ocala at prison.

Q Okay. The calls that we talked about; you spoke -- you called Lake Worth, you called Parkland PD, and you called the FBI. Are these -- are these the only calls that you made in reference to your concerns?

A Yes.

EOG-03979

Q Okay. So three telephone calls, correct?

A Yes.

Q Okay. And has everything you've told me been the truth?

A Yes.

Q Okay. Is there anything else you wanted to add?

A To my knowledge. I don't know what I can add. I mean, I just know that [redacted] being persecuted for no reason. I know Zachary's in a facility right now which is probably the best thing that ever happened. And it's just -- what's bothering me is all these false reports. And I understand it's not coming from you and it's not coming from the FBI, it's just very frustrating.

Q I understand. I understand. It is for us, too.

A I know. I know. I know. I just feel so bad for the parents 'cause they don't know the truth.

Q Me, too.

A They don't know the truth. I keep thinking --

Q Okay. I'm gonna -- [redacted] I'm gonna go ahead and stop this recording, okay?

A Yes, ma'am.

Q Okay.

(End).

A. --she had to repeat herself several times and—

Q. No, let me ask you did she offer any type of proof or evidence? Did she say she can get it for you or that—that is available or I'll send it to you?
A. No, no evidence that she could provide.

Q. Okay and was she able to provide you any type of specific threat as to a certain location or a certain scenario?
A. No, no specific threat and no—no location for—for Cruz.

Q. Okay, in your opinion what did you feel um....she was trying to communicate?
A. She was commu—what—she was relating the message that he owns weapons and that um....that he's joining military.

Q. How did you interpret all of this?
A. I interpret that as a um....concerned rel—concerned relative but who—according to her the last location was somewhere else and I directed her to contact—to contact where he might be—might be living at this time but she didn't know where he lived.

Q. And what—where was that at?
A. Um...Lake Worth but there was no specific location.

Q. Okay.
A. So that's the next county over.

Q. Did you direct her to make a report with the---
A. I—I told her that Lake Worth is---yes.

Q. To make a—a report with another county?
A. I told her to contact Lake Worth.

Q. Okay, did she say she was going to do that?
A. I don't remember that.

Q. Okay, so what else happened?
A. Um....that was the phone conversation; that was the extent of it.

Q. Okay, did she give you any time reference as to when she last spoke to him?
A. Um...I believe was recently.

Q. No, when—when she had spoke to Nikolas. Did she say anything regarding, oh, I talked to him the other day or any type of communication she he had had with Nikolas?
A. Um...there was a phone—I don't know exactly when she spoke recently.

Q. Okay, so how is she validating her concern is what I'm trying to figure out? How did she know if she's in [redacted] and he's down here how is she getting this information?
A. Um....they spoke on the phone, he—he and her spoke on the phone (inaudible).

Q. And we don't know how recent that was at the time?
A. It was I believe maybe days, it was recent.

Q. Okay. All right, what else did you do once you received this information?
A. Well, I—I checked the—on OSSI but I think the—the spelling of Nikolas that I used somewhat different. There were so many of them and I couldn't pinpoint what—what location or where would—

Q. Okay.
A. --he would be.

Q. Now, if you would have found Nikolas in OSSI what would that have given you?
A. It would have given me a reference point where he—if he's got a current address or—but she indicated that he—or has moved from Parkland---

Q. Okay.
A. --during conversation.

Q. And if OSSI would have told you the address and it would have been in Parkland or anywhere else what would you have been able to do?
A. I would be able to do a follow up, make face to face with him, I would---

Q. And what would you do?
A. ---I would assess case and condition and follow up on this con—um...weapons issue and—and his mental state.

Q. Okay, talk to me about making contact with him, assessing him and let's just say you thought there was a condition and there was a threat and you were able to back it up by actually seeing firearms or whatever what would you have done then?
A. If—if those were valid concerns and---and that would be—if he met criteria for Baker Act that would be a Baker Act situation.

Q. Okay.
A. Where I would secure firearms.

Q. Let's just say you didn't have a Baker Act situation and you felt he was a threat what could you have done and what would you have done?
A. Um....contact my supervisor first of all and also um...some type of crisis intervention with him.

Q. Okay, would you—
A. Therapy—therapy or um....or even—I would still consider Baker Acting that's if he met the criteria.

Q. Would you have done a police report?
A. Yes, I would have done a written—written report as oppose to um...

Q. And what would you have done with that report?
A. That would um...I would forward to um...for a follow up.

Q. Okay. All right um....so you weren't able to do anything because of the OSSI look up was too broad and—
A. That's a—that's a very common name what popped up and---

Q. And nothing popped up on your query?
A. But it was—it was just Cruz there's multiple Cruz'.

Q. Okay, were you able to look anywhere else for information about his location or who he was?
A. Um...they would---

EOG-03988

Q. Did you remember looking it up?
A. I did not see any other reports with that name associated.

Q. Okay, separating OSSI did you go into any other databases to find out what happened?
A. I don't remember.

Q. You don't remember could you have?
A. I—I could have looked up and (inaudible)—

Q. Would you normally have done that?
A. If—if—yes, that would be additional—

Q. Okay.
A. --except she didn't have a date of birth for him.

Q. Okay. All right, let's just say you found out he lived in Parkland—
A. Um-huh.

Q. --and you went to his house and he wasn't home what—what would you have done normally?
A. Normally I would have come back later or pass it on to the next shift to—for a—to go back to the residence---

Q. Okay.
A. --and speak to neighbors see if they know where he lives or has he—

Q. Okay, so you didn't have any other information um...from [redacted] Was she able to give you any other information that you can remember?
A. No, no additional information.

Q. Okay, what did you have to follow up on with this call?
A. At that point I—I just said—I exhausted all what she gave—she—the—the leads that I had at that point.

Q. Okay, do you know who Nikolas Cruz is?
A. I do now, yes, sir.

Q. Now, let's go back a bit at the time of this call did you know who Nikolas was at the time?

A. I---

Q. --or are you remembering it now reflecting back?
A. After now putting it together, yes, I—I see that—that—

Q. Okay.
A. --that could be the same person that—

Q. But at the time that you received the call from [redacted] and spoke to [redacted] which was on November 30, 2017 did you recall having dealings with Nikolas Cruz in any call?
A. No, at that point I did not I---

Q. Okay, this is now after the fact.
A. After the fact.

Q. Okay. All right, if you would have recognized dealing with Nikolas Cruz at the time of this call on---in November of last year what would you have done?

A. I would have been able to verify the correct spelling of the first name which is different than normally spelled. I would have been able to pull up the report and—and—and seen his—and found his date of birth from there from my old report.

Q. Okay.
A. That would have given me additional information.

Q. Okay, what happened with that call that you can remember now reflecting back, the original call that you had involving Nikolas Cruz? What—what happened there?
A. Um....that report was—I—I don't report on it, I did not make an arrest at all.

A. At that time I had no recollection.

Q. Okay, so---

[redacted] stated that she recalled a conversation with Ms. Cruz when she told her that Nikolas Cruz purchased a gun but she believed Ms. Cruz was talking about a hunting gun, not a real gun.

No apparent policy violation noted.

Incident 48: November 30, 2017. Case number 17-1711-001602. Handled by Deputy Guntis Treijs, CCN 9714. Location of 6166 NW 80th Terr., Parkland, FL 33076. Dispatched as a Signal-13(I) [code for suspicious incident]

Synopsis: Per CAD, Caller; [redacted] requested telephone contact in reference to Nikolas Cruz collecting guns and knives and advising that he is going to one day kill himself. [redacted] indicated that she is afraid that someone is going to get hurt and this might be "Columbine" in the making. She advised that Nikolas Cruz has multiple guns and has several social media accounts.

Follow up: Per CAD notes authored by Deputy Treijs; [redacted] advised that Nikolas Cruz is living with a friend named "Billy" and that he told [redacted] that he wants to join the service and "kill people." Deputy Treijs advised that Nikolas Cruz caused a disturbance in Lake Worth where he was last residing two days ago. He wrote that Nikolas Cruz is borderline [redacted] and it is unknown where Nikolas Cruz is currently located. Treijs wrote that, according to the caller, he owns weapons and ammunition that he keeps at his friend's residence. Deputy Treijs coded the call "Bravo" for no written report.

On February 19, 2018, Detective Kami Floyd, CCN 17022, obtained a sworn recorded telephone statement from [redacted] [caller]. She explained that she was very close with the Cruz family and had vacationed with them in Parkland. [redacted] stated that she first called the Lake Worth Police Department and they advised her to call BSO. [redacted] said that Nikolas Cruz' Instagram post showed him with a gun in a backyard. She observed another post indicating that Nikolas Cruz stated he wanted to kill himself. The third post [redacted] observed was of Nikolas Cruz wearing an army hat, a mask over his face, and holding a gun, but the gun had an orange tip, so she knew it wasn't real. [redacted] stated that after she informed Deputy Treijs of this she did not receive any information back, so she decided to call the FBI in December of 2017.

EOG-04011

On February 16, 2018, Sergeant Brown obtained a statement from Deputy Treijs as part of his criminal investigation. Deputy Treijs stated that he recalled the phone conversation with [redacted] who informed him that Nikolas Cruz was in Lake Worth. He stated that he repeatedly asked [redacted] where in Lake Worth Nikolas Cruz was, and if she knew Nikolas Cruz' date of birth. Deputy Treijs stated that [redacted] did not know the answer to either question. Deputy Treijs said that [redacted] was not specific in her details and could not provide any proof of what she was informing him about. He stated that he informed [redacted] that she needed to contact the Lake Worth Police Department to file a report. Deputy Treijs stated that he checked in OSSI but most likely entered the name as Nicholas not Nikolas. He said that if he were able to locate Nikolas Cruz he would have spoken to him and asked him about the claims he made and question him about his weapons. Deputy Treijs said that he could have Baker Acted him also. He stated that prior to the incident he did not recall any interaction with Nikolas Cruz. Deputy Treijs indicated that he has handled calls for service before in regards to threats to a school. He recalled preparing a written report and informing the SRD who would contact the principle to determine if the school should be shut down.

Possible SPM violation identified. Case under investigation by the Division of Internal Affairs.

A. [NOT AUDIBLE- speaking low]

Q. Yes 11:44 AM Ah that case number was 17-1602-000212 coded out as an Information ah [redacted] was the caller and the narrative was the complainant's son told her that neighbor's son ah said on Instagram that he was going to shoot his school and there is pictures of the juvenile with the guns. This happens...happened about a month ago. Subject was expelled from Westlake Middle now goes to another school, possibly a high school, unknown name. Neighbor lives three houses down from female who wanted to remain anonymous. Ahm reported a kid name Nikolas Cruz ah, he has knives and began his Instagram [dog barking] or lets see, began in his Instagram photos, no threats or info forwarded to SRO Peterson at school. Ahm that was a synopsis from that call
A. Yes

Q. Report to our CAD report. So [redacted] do you understand that I'm also here at the Detective ah Kami Floyd, CCN
Q2. 17022

Q. Okay, [redacted] do you understand that we are Detectives

A. I do remember yes

Q. Okay can you... can you kind of briefly tell me what prompted you to make this call
A. My son showed me on his cell phone an Instagram or a snap chat of something Nikolas had written which was to the effect you know I'm gonna get a gun and shoot up the school. Ahm so I called the 911 and an Officer came out and I told him what I saw and what I knew about Nikolas and you know his his upbringing and he went down to talk with Nikolas, I believe yes he did go down to talk with Linda and Nikolas and Zachary cause there was so many times that I called

Q. Did you know Nikolas when your son
A. Yes

Q. Brought this information to you
A. Yes

Q. So that wasn't like just some stranger kid
A. Right

Q. That he told you about
A. Oh I I I've known him since he's a baby

Q. Okay okay so
A. So the Policeman walked down there and the mother said that Nikolas was an angel pretty much and a great kid and that the brother Zachary tormented Nikolas and it was basically you know all Zachary's fault and that ahm Nikolas didn't have anything like that on his Instagram. I didn't

take the picture of it and my son didn't save it. It was one of those that would show up and then disappear

Q. Okay
A. Ahm so you know

Q. Did you see it tho
A. Yes I did

Q. Can you describe it again?
A. And I think he even had a picture of a gun. It it said something to the effect of I'm gonna get this gun when I turn eighteen or and shoot up the school

Q. Okay
A. So

Q. Do you remember what the outcome of this call was?
A. Yeah he came back and he said

Q. Who, who came back
A. The Officer came back

Q. Okay
A. And said that Ahm you know he has it. The First Amendment Right of free speech and I... you know asked him if we could somehow stop him from getting a gun and he said no that his Second Amendment Right, so I said okay so basically you can't do anything, he said yeah basically so I said okay. I mean what I, yeah and that basically what happened

Q. Was the (unintelligible)
A. And they left yeah and he left

Q. Did you have any interaction with ah the family right after that or anything
A. No at that point I was in in fear of Nikolas terribly and I kept my kids away. I just kept my distance you know that saying keep your friends close and your enemies closer you know I'd still wave and just try to a keep him calm because he's through the years has been completely destructive, he's destroyed my property, hurt my children, hurt my dog, so I just really kept away from him

Q. Okay
A. I try to

Q2. What was your son's name that [Unintelligible]
A. Ah [redacted], my [redacted]

A. It was with when sixteen, I don't remember at all but it was...

Q. Yeah, that...

A. Nikolas was in high school then

Q2. Okay

Q2. Okay
A. Ahm that age, so...

Q. That's fine
A. I believe he was going to Stoneman Douglas. I... I don't

Q2. And was Nikolas in the photo. How do Nikolas made that post?
A. No Nikolas, Nikolas I believe had a picture of a gun that he like pulled up on line

Scott Israel says he won't resign after Parkland

Posted: 12:11 PM, February 25, 2018
Updated: 12:36 PM, February 25, 2018

(CNN) - JAKE TAPPER, CNN ANCHOR: Hello. I'm Jake Tapper in Washington, where the state of our union is still raw in the wake of the tragedy in Florida.

President Trump and Florida's Republican governor have promised action, including some proposals to change existing gun laws. And a brand-new CNN poll now shows support for stricter gun purchasing laws at its highest level of the last 25 years, with 70 percent now saying that they back new, more restrictive gun legislation.

Nearly two-thirds think government and society can take action that will effectively prevent future mass shootings. That's much higher than CNN polls after the tragedies in Las Vegas, and Orlando, and Charleston, and Sandy Hook, suggesting perhaps, perhaps the shooting in Parkland, Florida, has shifted public opinion in a way other incidents have not.

But there are also new questions about the numerous missed red flags about the shooter and the immediate response. Coral Springs sources tell me, in addition to the school resource officer, when Coral Springs arrived on the scene, they were surprised to find three other Broward County sheriff's deputies who had not yet entered the school.

The Broward County (sheriff) denies those reports, saying only one deputy was there during the time of the shooting, while the shooter was there. But what about in its immediate aftermath, when it was still an active shooter situation and victims were in desperate need of help?

Joining me now to discuss all of this is Broward County Sheriff Scott Israel.

Sheriff, thanks so much for joining us. I appreciate it.

I want you to take a listen to Stoneman Douglas senior [redacted] talking about your deputy, the school resource officer, Scot Peterson.

(BEGIN VIDEO CLIP)

[redacted] SENIOR, MARJORY STONEMAN DOUGLAS HIGH SCHOOL: The school resource officer was behind a stairwell wall just standing there, and he had his gun drawn. And he was just pointing it at the building.

And you could -- shots started going off inside. You could hear them going off over and over. And he was just talking on the radio, and he never did anything for four minutes. And he's the only one with a gun. He's wearing a bulletproof vest. And all -- he has all that, while school security guards, you know, coaches pretty much, were running in shielding kids.

(END VIDEO CLIP)

TAPPER: Sheriff, how do you respond to this student?

BROWARD COUNTY SHERIFF SCOTT ISRAEL: Oh, what the student said, our video and audio and all the witness statements we have taken corroborates that.

That's what I saw. And when I saw that, I was disgusted. I was just demoralized with the performance of former Deputy Peterson. And that's why I called him in and suspended him without pay, as we were going to move towards termination. And he resigned.

TAPPER: Did he tell you why he didn't go in?

ISRAEL: He did not.

TAPPER: I'm also told by sources in Coral Springs that Coral Springs police who arrived at the scene saw that three other Broward deputies were standing behind cars, not having gone into the building. What can you tell me about that?

ISRAEL: Well, let me (be) perfectly clear.

Our investigation to this point shows that, during this horrific attack, while this killer was inside the school, there was only one law enforcement person, period, and that was former Deputy Scot Peterson.

Coral Springs arrived. A group of Coral Springs officers went in within, I think, about four minutes, we're projecting, after the killer left the campus.

The -- I understand that they're going to give statements to us regarding the other three, four, five deputies. At this point, we have no reason to believe that any one acted incorrectly or correctly. That's what an investigation is.

Everybody's entitled to their own opinion, but nobody's entitled to their own set of facts.

We do know, Jake, that Deputy Peterson at the time uttered -- he disseminated information over the police radio. We don't know why those deputies -- what those deputies heard. Perhaps they did something by what they heard from Peterson.

And that will be, you know, outlined in interviews. We will get to the truth. But, at this point, one deputy was remiss, dereliction of duty, and he's now no longer with this agency. And that's Peterson.

TAPPER: And you're saying -- you're saying that because, during the time that the shooter was in the school, you say Peterson was the only one there.

But that's not -- that wasn't known at the time. You know that now because of security cameras. You saw when he left the school.

ISRAEL: Correct.

TAPPER: This is after the fact.

But when did your deputies, not Peterson, but the others, when did they arrive on the scene, because Coral Springs sources say, when Coral Springs arrived, there were Broward deputies there in addition to Peterson.

ISRAEL: And I don't dispute that, but that is an active investigation. We have not taken statements yet from the Coral Springs officers.

We found out, I believe, five or six days ago from their police chief that he told one of our colonels about the -- about the information. We're going to be taking statements from those Coral Springs police officers.

Then we're going to be speaking with our deputies. If any deputies are alleged to have dereliction of duty, we will look into that. We don't know what the deputies heard on the radio. Coral Springs and the Broward Sheriff's Office, we have different radio systems.

So, we don't know what one was hearing vis-a-vis what the other was hearing. All I can tell you is, we will investigate every action of our deputies, of their supervisors. And if they did things right, we will move forward. And if they did things wrong, I will take care of business in a disciplinary matter, like I did with Peterson.

TAPPER: And just so people watching at home understand, even after the shooter left the school, there was a period of time where nobody was going into the school, no law enforcement officers. People were bleeding out.

The question -- nobody knew that the shooter had left the school, so officers needed to go in. One of the things that we have heard -- and I don't know if this is true or not -- I can -- hope you can shed light on it -- is that there might have been a stand-down order, somebody on the radio telling Broward deputies not to enter this school until a SWAT team arrived.

What can you tell us about that?

ISRAEL: I can't tell you anything about that. I haven't heard that.

As I said, we feverishly are dissecting. It's a voluminous investigation. We're taking hundreds and hundreds of statements. And, right now, Jake, the focus of this agency is on the successful prosecution of the killer.

So, we're doing that. Our detectives have worked tirelessly. We will investigate all aspects of this case. We will look at all the actions or inactions of every single deputy and leader on our agency, sergeants, lieutenants, captains. And we will make some decisions.

But, right now, all I can tell you is, during the killing, there was -- while the killer was on campus with this horrific killing, there was one deputy, one armed person within proximity of that school. And that was Peterson.

Everything else is fluid. And, as I said, we will get to the truth. But, right now, people could have conjecture, people could act on rumors, and people have -- you know, everybody has the right to their own opinion, but nobody has the right to their own set of facts.

TAPPER: Have you listened to the...

ISRAEL: The facts will come out.

TAPPER: Have you listened to the radio recordings?

ISRAEL: I'm not, but the investigators are, of course.

TAPPER: OK. But you haven't. You have not heard them, though?

(CROSSTALK)

ISRAEL: No.

But what they're doing now is, they're marrying up the audio with the visual. And I was told that one of the -- one of Peterson's utterances on the radio, I think one or two times, he actually says shots fired.

So, you would have to assume at that time every person who heard that transmission is pushing as fast as they can, code three, as we call it, to the school, to the school. Identify the threat. Neutralize the target. Take the killer out.

There comes a point in time later that Peterson makes a transmission that would almost lead one to believe that he's talking about perimeters.

So, if I know my school resource deputy is talking about perimeter positions, it's absolutely safe to assume, incorrectly, if that's what actually happened, it's absolutely safe to assume that, if a person there is talking about perimeter, that perhaps he sees the killer leaving, and -- and you're going to a perimeter position to catch the killer.

But I don't know what was in the mind of the other deputies. I don't know what was in the mind of Peterson. This is why we investigate. All I can tell you is that...

TAPPER: Right.

ISRAEL: ... from the time I heard about this, I did what needed to be done with former Deputy Peterson.

TAPPER: But, sheriff, the Thursday -- the day after the horrific incident, at a vigil, the city manager for Coral Springs confronted you in public.

And one of the things he confronted you about, sources tell me, is the idea that your deputies did not go into the school while children inside were bleeding out.

ISRAEL: That's absolutely untrue.

We had a conversation. We were out in public. The only two people who could have heard the conversation were myself and the city manager. It was a conversation. I'm not going to share that conversation. It was very short.

The city manager and I have spoken numerous times. We have met. He's a great city manager. He does a great job with Coral Springs.

TAPPER: OK.

ISRAEL: We have got a great relationship. And it was just two guys having a conversation.

TAPPER: One of the questions about the response by Broward is whether this was policy to set up a perimeter, instead of going in.

Earlier this week, you seemed to suggest that your deputies are trained to arrive and not immediately go into the site of the shooting, but rather to create a staging area.

Listen to yourself a few days ago talking about what you learned from the Fort Lauderdale Airport shooting 13 months ago. Take a listen.

(BEGIN VIDEO CLIP)

ISRAEL: One of the key lessons we learned from the airport was the phenomenon of self-dispatching and not allowing deputies and police officers from all over the tri-county area to just arrive haphazardly.

And we had staging areas and people who came, went to a staging area. And they were inserted into the position in a commonsense way, and everybody had a job to do.

(END VIDEO CLIP)

TAPPER: See, that seems to -- that sounds to a lot of people like the opposite of what police forces learned after Columbine, which is, when you arrive, you don't wait; you run in.

(CROSSTALK)

ISRAEL: I'm glad you asked that question.

Jake, you're completely talking apples and oranges. And I'm glad you brought that up.

When we have a horrific incident of any magnitude, and the incident is over, and people are arriving to help, and we know we have five, 10, 12 hours of work to do, we have our deputies, police officers, firefighters go to staging areas, so we can insert them in a clear and concise manner into the scenario, into the event.

An active shooter is completely different. As people were coming to the airport, we didn't have an active shooter. He was already in custody 72 seconds after the event.

This is an active shooter. We push to the entry, to the killer. We get in, and we take out the threat. Completely different set of circumstances.

TAPPER: OK.

Sheriff, when did you find out that Deputy Peterson had not gone into the building? How soon after the shooting did you know that?

ISRAEL: Not for days. We -- our investigators looked...

TAPPER: How many days?

ISRAEL: I'm not sure.

TAPPER: Because you spent much of the Wednesday night town hall on CNN, with the entire Stoneman Douglas community, students and teachers and parents, attacking the NRA, saying that police need more powers, more money to prevent future tragedies.

You didn't disclose any of this to the crowd then, the Stoneman Douglas High School community. Did you know it then? Did you know it Wednesday night?

ISRAEL: It was spoken about during that -- earlier during that day.

I'm not on a timeline for TV or any news show. We need to get it right. We need to get it accurate. We're talking about people's lives. We're talking about a community. We need to corroborate, we need to verify.

And once we did the next day, and I looked at the tape, and I was 100 percent certain that it happened the way I was told about the investigators initially told me -- told about, I didn't even release it right that second.

(CROSSTALK)

TAPPER: You didn't look at the video? One week after the shooting, you hadn't looked at the video yet?

ISRAEL: I looked at the video as soon as our investigators -- it wasn't my job to look at the video. It was investigators' job to look at the video.

I'm still sheriffing this county. There were many things to do. We have investigators, homicide investigators, internal affairs investigators dissecting it. And when they felt there was a video that -- ready for my view, that I might take action on one of our deputies, I looked at the video.

And let me add this, Jake. Once I saw the video, the first order I gave was for our detectives to notify the families that the -- of the -- those lost, the families. Yesterday, today and tomorrow, the families come first. And I wanted to make sure the families knew what happened and what was about to happen before we released...

(CROSSTALK)

TAPPER: The families were at the CNN town hall, sir. Sir, the families were at the CNN town hall. And you could've disclosed to them...

ISRAEL: That's not the -- that's not -- I couldn't disclose it then, because there was no corroboration, Jake. There was no confirmation.

We needed to dot I's and cross T's. And I certainly would not disclose it to a family at a town hall. Not every family was there. One of the families, one -- [redacted] had gone to Washington, D.C.

TAPPER: All right.

ISRAEL: That's not the way you do things, over a news camera. You do it individually. You meet privately with families. You have compassion. You don't do it at a public forum. And we weren't ready to do it anyway.

TAPPER: Right. But your tone -- your tone at the public forum, sir -- your tone at the public forum was rather belligerent towards the NRA.

And you were talking about needing more police protection -- I mean, more police funding and more police powers, and yet you knew...

ISRAEL: That's not...

TAPPER: No, it's not -- that wasn't your tone?

ISRAEL: That's not true. Jake, that's not true at all.

I wasn't belligerent towards the NRA. I took a passionate stance, as I always have, about commonsense gun reform and expanding police ability throughout our country when we come in contact with someone mentally ill to take them to a facility.

TAPPER: OK.

ISRAEL: To take guns away from them.

There was no belligerence at all. And I completely disagree with you.

TAPPER: A medical -- let's talk about the response.

A medical first-responder told local news station WSVN that medical personnel were asking to go into the school, but law enforcement wouldn't let them. He told WSVN -- quote -- "Everything I was trained on mass casualty events says they did the wrong thing. You don't want wait for the scene to be cleared. You go in immediately, armed, retrieve the victims. You can't leave the victims laying there."

What's your response to that, sir?

ISRAEL: I agree with that. That's very accurate.

That is how -- this is what you do. Once the killer leaves the scene of a mass casualty, it's still an active killer scene. There are people wounded, people that could -- lives could be saved.

And let me say this. Coral springs police, Broward sheriff's deputies, we did carry people out there. These deputies and these -- and the Coral Springs police officers are credited with savings quite a few lives by getting people medical attention. So, we did.

TAPPER: But did you prevent medical people from going inside?

ISRAEL: No.

Once the scene -- once the scene is -- medical people wouldn't go inside until you're sure that they're not going to get killed inside. We have -- what we do is we tell...

(CROSSTALK)

TAPPER: But this person told WSVN -- this person told WSVN he wanted to go in, this medical personnel, emergency first-responder wanted to go in and wasn't allowed to.

ISRAEL: Jake, I'm hearing that for the first time. If you know who the person is, please have him contact me or the Broward Sheriff's Office, and we will interview him, we will take statements from him.

And if that's true, that's certainly something we will look into, but I'm hearing this for the first time.

TAPPER: OK. WSVN will get back to you, I'm sure.

Let's talk about the missed red flags. We now know at least 18 calls were made to the Broward County Sheriff's Office related to the shooter prior to the shooting. Let's talk about them.

In February 2016, your office received a call that the shooter made a threat on Instagram to shoot up a school. One of your deputies responded and, according to your records released, the information was forwarded to Deputy Peterson at the school.

What, if anything, was done with that information?

ISRAEL: I'm not sure if anything was done with that information.

I do know as far as notifying the person or notifying either Palm Beach Sheriff's Office or one of the local jurisdictions, depending on where the killer was living at the time.

But Peterson did, I think, report Cruz to DCF, if I'm not mistaken. He did get -- [redacted]. [redacted]. And, as I said, of those 18 calls, two of those calls are being -- 16 of them, we believe, were handled exactly the way they should. Two of them, we're not sure if our deputies did everything they could have or should have.

That's not to say they didn't. That's not to say they did.

(CROSSTALK)

TAPPER: Which are the two that you're looking in to?

ISRAEL: One was the call from a woman in [redacted]. And the other one escapes me right now. But we're looking into those two calls.

We will absolutely find out what we did or what we didn't do and -- as I said in a press conference a few days ago, and we will handle that accordingly.

(CROSSTALK)

TAPPER: One of them, in September 2016...

(CROSSTALK)

ISRAEL: But let's not -- but hold on one second, Jake.

TAPPER: Yes.

ISRAEL: Let's not forget the whole crux of this is giving law enforcement, giving deputies, giving police officers, not only in Broward County, but in Florida and around the nation, expanded power to be able to do something more than just write a report.

That's the whole reason I went on CNN for the town hall meeting.

(CROSSTALK)

TAPPER: Sir, isn't making a threat against a school a crime?

ISRAEL: Not if the person doesn't have the ability to carry it out.

You could say, a nonspecific threat, I'm going to go to a school. It's not a crime. We need it to be a crime, or at least we need to be able to say, if a person makes a nonspecific threat with -- what an assault is, is a threat, coupled with the apparent ability to carry it out.

If the person doesn't have the apparent ability to carry it out, it's not a crime.

(CROSSTALK)

TAPPER: Well, in September 2016, the shooter indicated he wanted to buy a gun.

Deputy Peterson knew about that. He initiated the report. The school launched a threat assessment. At this point, you have somebody saying that they're going to shoot up a school and somebody with a gun. That's not enough?

ISRAEL: That's not enough. And that's what we're trying to change.

We're trying to change the law, so we can either arrest that person, or, more importantly, get that person to a medical facility, because if you arrest the person, there's going to be a time where they get out of jail anyway.

We want to get people medical help for mental illnesses, continual medical help. And then when they get out of the medical facility and a doctor says they're better, that doesn't mean they're better. That means they're rehabbing.

We want to be able to take their guns away from them for a long, long period of time. And that's what the governor is going to be -- Governor Scott is going to be introducing his proposal. I have read it. And it's a giant, giant step in the right direction. And we're hoping that...

TAPPER: Well, Sheriff, how about this? How about this?

In November, the Palm Beach Sheriff's Office, not your office, but a neighboring office, responded to a call from a woman who had taken the shooter in and his brother after the death of their mother. She told police that the shooter had gotten into a physical fight with her son and threatened to go get his gun and come back.

She also said he had used guns to threaten people before and had put a gun to others' heads in the past. That's a crime. Were you aware of that incident?

ISRAEL: No, I wasn't aware of that incident.

But putting a -- if a person had a gun put to their head, and they were the victim of that type of incident, that's an aggravated assault. That's an absolute felony. That is a crime.

And a person should be arrested for that. I don't know if the victim wanted to cooperate. I don't -- it was in Palm Beach County. I don't know the nuances and the specifics of the case. But that absolutely is a crime.

TAPPER: On Nov. 30, fewer than three months ago, your office received a call saying from a tipster explicitly saying that Cruz could be a -- quote -- "school shooter in the making."

According to notes released on that call, no report was even initiated. At this point, sir, do you understand how the public, seeing red flag after red flag after red flag, warning after warning after warning, they hear that your office didn't even initiate a report when they got a call saying that this guy could be a school shooter in the making?

How could there not even be a report on this one?

ISRAEL: Well, if that's accurate, Jake, there needed to be a report. And that's what we're looking into, that a report needed to be completed, it needed to be forwarded to our either homeland security or violent crimes unit, and they would've followed up on it.

(CROSSTALK)

TAPPER: That's from your notes. That's from notes released by your office. I'm not making this up. This is from Broward...

ISRAEL: No.

And that's -- and that's what -- that's -- the officer who handled that is on restrictive duty. And we are -- that's an active internal investigation. And we are looking in to it.

I can't tell you -- I can't predict how an investigation is going, but we have -- I have exercised my due diligence. I have led this county proudly, as I always have. We have restricted that deputy as we look in to it.

Deputies make mistakes. Police officers make mistakes. We all make mistakes. But it's not the responsibility of the general or the president, if you have a deserter. You look into this. We're looking into this aggressively. And we will take care of it, and justice will be served.

TAPPER: Are you really not taking any responsibility for the multiple red flags that were brought to the attention of the Broward Sheriff's Office about this shooter before the incident, whether it was people near him, close to him calling the police...

(CROSSTALK)

ISRAEL: Jake, I can only -- Jake, I can only take responsibility for what I knew about. I exercised my due diligence.

I have given amazing leadership to this agency.

TAPPER: Amazing leadership?

ISRAEL: I have worked -- yes, Jake.

There's a lot of things we have done throughout this -- this is -- you don't measure a person's leadership by a deputy not going into a -- these deputies received the training they needed. They received the equipment.

TAPPER: Maybe you measure somebody's leadership by whether or not they protect the community.

In this case, you have listed 23 incidents before the shooting involving the shooter, and still nothing was done to keep guns out of his hands, to make sure that the school was protected, to make sure you were keeping an eye on him.

ISRAEL: Jake...

(CROSSTALK)

TAPPER: Your deputy at the school failed.

I don't understand how you can sit there and claim amazing leadership.

ISRAEL: Jake, on 16 of those cases, our deputies did everything right. Our deputies have done amazing things.

We have taken this -- in the five years I have been sheriff, we have taken the Broward Sheriff's Office to a new level. I have worked with some of the bravest people I have ever met.

One person -- at this point, one person didn't do what he should have done. It's horrific. The victims here, the families, I pray for them every night. It makes me sick to my stomach that we had a deputy that didn't go in, because I know, if I was there, if I was on the wall, I would have been the first in, along with so many of the other people.

TAPPER: I think there are a lot of people, sir, who think that there are a lot of mistakes, other than that one deputy.

But let me ask you something else. A lot of people in the community have noted that the Broward County School Board entered into an agreement when you were sheriff in 2013 to pursue the -- quote -- "least punitive means of discipline" against students.

This new policy encouraged warnings, consultations with parents and programs on conflict resolution, instead of arresting students for crimes.

Were there not incidents committed by the shooter as a student had this new policy not been in place that otherwise he would have been arrested for and not able to legally buy a gun?

ISRAEL: What you're referring to is the PROMISE Program.

And it's giving the school -- the school has the ability under certain circumstances not to call the police, not to get the police involved on misdemeanor offenses and take care of it within the school. It's an excellent program.

It's helping many, many people. What this program does is not put a person at 14, 15, 16 years old into the criminal justice system.

TAPPER: What if he should be in the criminal justice system? What if he does something violent to a student? What if he takes bullets to school? What if he takes knives to schools? What if he threatens the lives of fellow students?

ISRAEL: Then he goes to jail. That's not applicable in the PROMISE Program.

TAPPER: That's not what happened. But that's not what happened with the shooter.

ISRAEL: If -- Jake, you're telling me that the shooter took knives to school or bullets to school, and police knew about it?

TAPPER: I don't know if police knew about it.

ISRAEL: No. Well, police...

TAPPER: I know that the agreement that you entered into with the school allowed the school to give this kid excuse after excuse after excuse, while, obviously...

ISRAEL: Not for bullets, not for bullets, not for guns, not for knives, not for felonies, not for anything like that. These are infractions within the school, small amounts of marijuana, some misdemeanors.

You're absolutely exacerbating it. That's not...

(CROSSTALK)

TAPPER: There are at teachers at the school had been told, if you see Cruz come on campus with a backpack, let me know.

Does that not indicate that there is something seriously awry with the PROMISE Program if these teachers are being told, watch out for this kid, and you don't know about it?

ISRAEL: We don't know that that has anything to do with the PROMISE Program. I didn't hear about this until after the fact. I have heard about this information about a week ago. I do know about it. I don't know who the teacher was. It hasn't been corroborated, but that has nothing to do with the PROMISE Program.

I can't, nor can any other Broward sheriff's deputy, handle anything or act upon something you don't know about it. There's no malfeasance or misfeasance if you don't know about something.

TAPPER: He asked a question at the town hall of you. So, you can find him if you want.

I have one last question for you, sir. Florida State Rep. Bill Hager from Boca sent a letter to the governor of Florida, Rick Scott, yesterday asking him to remove you for negligence of duty and incompetence.

Here's what he wrote -- quote -- "An investigation by Sheriff Israel into the unfathomable inaction of these deputies will do nothing to bring back the 17 victims. The sheriff was fully aware of the threat this individual presented to community and chose to ignore it."

What is your response? And will you resign?

ISRAEL: It was a shameful -- of course I won't resign. It was a shameful letter. It was politically motivated.

I never met that man. He doesn't know anything about me. And the letter was full of misinformation. I wrote a letter back to the governor. I talked about all the mistakes that Hager in his letter. It was a shameful, politically motivated letter that had no facts.

EOG-04126

And of course I won't resign.

TAPPER: The last question, sir. Do you think that if the Broward Sheriff's Office had done things differently, this shooting might not have happened?

ISRAEL: Listen, ifs and buts and candy and nuts, O.J. Simpson would still be in the record books.

(CROSSTALK)

TAPPER: I don't know what that means.

There's 17 dead people, and there's a whole long list of things your department could have been done differently.

ISRAEL: How could -- listen, that's what after-action reports are. That's for -- lessons-learned reports are for.

We -- I have entered into conversation with Chuck Wexler of the Police Executive Research Forum. They will be coming to town to do an independent after-action lessons-learned report.

We understand everything wasn't done perfectly. And if it happened in Los Angeles or Chicago or any other city, every person wouldn't have perform perfectly. That's not what happens.

Yes, if Scot Peterson went into -- do I believe in Scot Peterson went into that building, there was a chance he could have neutralized the killer and saved lives? Yes, I believe that.

But as far as anything else done at this point, I can't say that.

TAPPER: Well, we hope you get to the bottom of it.

ISRAEL: And I might say it -- what is that?

TAPPER: We hope you get to the bottom of it, sir. There are a lot of people wondering about a lot of questions.

ISRAEL: We will. We will. We will. We will.

And there's no timeline on it, other than to work as fast as we can. But we want to get it right. We want to get it accurate. When we come to the public, we want accurate information. And we're not going to push forward to meet the timeline of a show or a newscast.

TAPPER: All right. I appreciate it.

ISRAEL: Thank you.

TAPPER: And our thoughts and prayers are with the people of Parkland and Marjory Stoneman Douglas High School.

Thank you for being here and answering my questions, sir.

ISRAEL: You bet. Thank you for having me on.

Part 2

Time (in hours)	Content	Directives
	Introduction: All instructors will introduce themselves and give a brief on the location and where the restrooms are located. Part one of the class includes a PowerPoint presentation, which covers historical analysis of previous active shooters as well as an overview of the new tactics to defeat them. FACTILITATOR: Start PowerPoint. July 20th 2012, Aurora Colorado shooting at the Century Theatres. SAY: We are going to hear actual audio from the dispatch tapes of the incident. I want you to listen and afterwards we will talk about what you heard and what you didn't hear… PLAY: Audio from the dispatch SAY: What did you hear? DISCUSS: Students should talk about units responding got caught up with victims and could not continue to go for suspect. They should also talk about the gas masks. Another note was lack of information on the suspect.	Slides 1-6

	ASK: What could the officers responding do differently? ADD: Bring a gas mask, Move past victims to address suspect before rendering aid or extractions. FACILITATOR: The next few slides break down what active shooter/killer is. SAY: Time is critical in each of these incidents. This is like no other crime. The motive is to kill as many people as possible in the shortest amount of time. Why? Because the bad guy knows "we" are coming. Another thread in 99% of all active shooters is the mental illness component. Just like in the Aurora Colorado incident, active shooters have been shown to have some form of mental illness. ASK: What are the priorities of life? ADD: 1) Hostages/victims 2) Innocent Bystanders 3) Police/deputies 4) Suspects The priorities are there to help focus your action. If in doubt about going through the door after a suspect, think about the victims and where they stand on the list. ASK: Where do active shooters take place? ADD: Schools, workplace, malls, highways, hospital (etc.) SAY: We are going to go over a few active shooter events from the past. The first active shooter on file is the Texas Tower. Bad guy Charles Joseph Wittman, 25, was a student at	Slides 7-9 Slides 10-12

EOG-04143

	University of Texas. Killed 12. Taken down by a deputy and civilian who came up back side of Tower. SAY: More recently we saw problems with time evolving during the Washington Navy Shipyard shooting. SAY: During that event, in September of 2013, the suspect, Aaron Alexis, was able to get on base with a shotgun without being detected since he was a contractor there. Using the shotgun, he killed a guard and proceeded to roam the building shooting people. Alexis had anger issues and had shot a gun in a road rage incident before. Also was hearing voices. FACILITATOR: Timeline of events is on the slide. Emphasize the inability of police to communicate and how long this event went on. FACILITATOR: The PowerPoint is now going to cover response tactics to use in the active shooter events. SAY: There are three desired outcomes for an active shooter. ADD: 1) Force the suspect to surrender. 2) Force the suspect into a barricade situation (SWAT will handle since they have the tools and tactics.) 3) Incapacitate the suspect by shooting him (stopping the threat) or suspect shoots himself. All of the outcomes are good, however most events end with number 3. SAY: During Columbine, the response to an ongoing shooting situation was to contain the suspect.	Slides 13-17 Show video of suspect moving through building. Slides 18-20

EOG-04144

	After Columbine the International Chiefs of Police addressed the problem with the response and came up with the "Quad" or diamond formation. With the quad, the first four officers to respond entered the building with coverage in all directions. This was critical to address the concerns of officers who previously would not enter and just wait for SWAT. The problem with formations, the training would only be once in the career of an officer and they would most likely forget what to do during an active shooter event. Also, formations move slowly and we now know that time is critical. Finally, there is the iconic picture of four officers in the quad formation moving down the hallway of a school. The problem with that photograph is that it's missing the hoards of students running down the center of the hallway were the team would be. In reality, the team would have to split up to the sides of the hallway. SAY: After reviewing a lot of active shooter incidents, the environment and the shooter dictates the tactics. ADD: The majority of incidents were over in minutes. There is a need to get there fast. SAY: History shows when a suspect is confronted by any armed individual (police, security, concealed carry person) they either shoot it out with that person or kill themselves. Either way, the shooting of innocent bystanders must stop. Now, the first officer or two officers on scene will immediately go to confront the shooter. Military tactics work well in this situation. The two man "bounding overwatch" is our response.	Slides 21-28

EOG-04145

	ASK: What is cover? What is concealment? ADD: Cover is any object that will stop bullets from penetrating. Concealment will only hide your body and offers little ballistic protection. ASK: What is bounding overwatch? Wait for a response ADD: Bounding overwatch is basically a tactical "leap frog" maneuver. Movement is from cover point to cover point. Bounding overwatch requires at least two deputies to work. The first deputy will hold a cover position and "cover" (scan for threats) the second deputy as the move forward (run) to a second position of cover. Once there, the second deputy will provide protection for the first deputy allowing them to run past them and take a further position of cover. The two will continue to switch roles until they get in contact with the suspect. Bounding overwatch is the safest way to get from point A to point B and still be moving fast. ASK: How easy is it to shoot while running? ADD: If someone is running it is impossible to shoot accurately. If you can aim and shoot, you are not running fast enough. SAY: Another similar method is "successive overwatch". Successive uses the same leap frog approach however, the second deputy always moves up to the first deputy's position of cover. Then the first deputy will move again, and the second will move up to the first. This is slower but can be used in situation where there is	

EOG-04146

	not a lot of cover or there is an extremely long distance to travel and the abilities of the deputies is overwhelmed. ASK: What is a single deputy response? ADD: If you are on scene or in the area and hear gunshots, You should immediately access what you have and prepare to respond. Remember, every time you hear a gunshot in an active shooter incident; you have to believe that is another victim being killed. ASK: How many of you have shot a moving target? Was it easy or hard? ADD: Remember, speed and movement are your best friend when approaching by yourself. Be unpredictable in your movement. SAY: Look for positions of cover. ASK: Is the gunfire getting louder? Do you see people fleeing from an area? Do you smell gunpowder? Do you see bodies? ADD: Use your senses to gain a better perspective of the event. Move with speed and be decisive. ASK: What is the third eye principle? ADD: When searching, the gun stays up with your eyes and moves together. SAY: You should have a method of containing your own	Slides 29-30

EOG-04147

	bleeding and gunshots. Combat Lifesaver is skills in self-aid and buddy aid. ADD: Carry quick clot and tourniquets. It's an easy way to stop bleeding. SAY: You should also consider having a way of breaching a door or windows. ASK: Do you know what a "Go Bag" is? ADD: A Go Bag is a bag that has extra ammo, radio batteries, medical supplies and bolt cutters or other breaching tools. Remember at the Virginia Tech massacre the suspect used chains to secure the doors. SAY: If you are not part of the immediate response team, searching for the suspect, you will either be on a perimeter point or be part of the Extraction Team. BOUNDING OVERWATCH PRACTICE: FACILITATOR: Break the class into two groups to begin practice of the bounding overwatch movement drills. Initial location should be outside in a parking lot with several cars in area. Plot out an area from one side of the parking lot to the building. FACILITATOR: Have the students go to their vehicles and secure their firearms and magazines. Instructors then do a visual inspection to ensure that no one has a firearm/backup gun or magazines. DEMONSTRATION OF BOUNDING OVERWATCH	

	SAY: Bounding overwatch is basically a tactical "leap frog" maneuver. Movement is from cover point to cover point. ASK AGAIN: What is cover? What is concealment? ADD: Identify with students different areas in parking lot for cover and for concealment. SAY: In bounding over watch, it requires at least two deputies to work. First deputy will hold a cover position and "cover" the second deputy as they move forward to a second cover position. Once there, the second deputy will provide protection for the first deputy to run past them and take another cover position. Deputies will switch roles until they make contact with suspect. Bounding over watch is the safest way to get from point A to point B and still have an element of speed. DEMONSTRATE: Two instructors with no live firearms will get two blue guns for practice. Instructors will point out the objective to the class across the parking lot, courtyard, school hallway, etc. Instructors will then demonstrate how bounding over watch works moving fast and still providing cover. WATCH: Two students will perform the bounding overwatch movement. EVALUATE: Instructors will watch the students. Instructors should observe the students movement. Are they moving fast? Are they using cover or concealment? Are they working together? Are they staying in visual contact with each other? EXERCISE REPITITION: Students will work in groups of 2-4 and practice the bounding or successive overwatch movements.	

EOG-04149

	Instructors should find different areas both outdoor and indoor for students to practice. Students will repeat the exercise until they can show they have learned the movement and can apply it to any locale. STAIRWELLS NOTE: Not all facilities have stairwells that are available to use for training. If the facility in use does not have stairs, eliminate this section from the lesson. SAY: Remind the students that in a true emergency situation like an active killer, the elevators should be avoided if possible. If the elevator opens on the floor of the active killer, the student would have no place to escape, not know where the killer is, and the killer may be alerted to their presence by the dinging of the elevator upon its arrival. The idea of attempting to go above the affected floor, then use the stairwells to come down (in an attempt at surprising the killer) can be thwarted by someone on the affected floor pressing the button when the student did not anticipate it. In the case of an active killer on a very high floor, it may be necessary for the deputy to take the elevator to a floor below the affected area and use the stairwell for the remaining response. DEMONSTRATE: Instructors will demonstrate how to ascend the stairwells safely and rapidly. As the lead instructor enters the stairwell, they immediately clear the corners and landing directly in front, sweep the ascending stairwell, and hold the hard corner of the landing directly above them. The secondary instructor will bound past the first instructor, picking up the corner parallel to the first instructor's point of cover, then duplicate the movements of the first instructor (sweep the stairs up, hold the corner directly above.) Stress the importance of speed, but not at the cost of recklessness. WATCH: Watch the students perform the maneuvers, using the instructors as points of reference (i.e. where a suspect or a victim may be hiding). REMIND: Remind the deputies that gunfire in a stairwell will be extremely loud, affecting their hearing and subsequent response. Also remind them that there may	

	be victims, casualties, blood, chemical agents, shell casings or other fire sprinklers in the stairwell as well, creating hazards. **PRACTICE SCENARIOS:** NOTE: For the class, the students will conduct the practice scenarios with blue guns only and instructors will act as role players/observers. Also in the class, the scenarios act as an application of the bounding movements. SAFETY BRIEF SAY: All deputies will wear their ballistic vests and duty gear. All deputies will have blue. No deputy will have any firearm, magazine, OC Spray, Taser, knives. FACILITATOR: Have students go to their cars and remove any gun, OC Spray, Taser, magazines, ASP/Batons, and knives. Upon return, students will be pat down by an instructor and enter the "safe zone". At any time if a student leaves the "safe zone", they will submit to another pat down. EXERCISE ONE: In first scenario, a two man deputy team will move towards the sound of a lone gunman using the bounding overwatch method in a parking lot around vehicles. (Repeat exercise as 2 two man teams, bounding and moving) Scenario begins when an instructor fires blanks from a pistol (or simulates gunfire), and deputy team will move, using bounding over watch towards the sound of the gunfire. Deputy team will ignore victims and respond to the threat of the gunman. FACILITATOR: An instructor will move and observe the deputy team. Instructor will observe the speed of the team and if they cover each other. Instructor will also observe firearm	Students will have blue guns.

EOG-04151

	handling skill, marksmanship and how team reacts to the gunman. After scenario, instructor will check deputy team to see if they were hit by the Simuntion. EXERCISE TWO: Single deputy response: The deputy will need to search for a little while after hearing the gunshot. Bad guy should be at some distance, however, a blank gun will be firing intermittently to get deputy moving towards the gunfire, passing dead students and others running by him. This should provide "real time" Intel for the deputy. Suspect will drop gun and raise hands to surrender prior to responding deputy making contact so that there is no overlap and cause for deputy to shoot. The single deputy should hold the suspect at gun point and prone the suspect out, with regards to the gun on the ground in front of the suspect and any potential weapons still on the suspect. (Suspect should put a second handgun in their waistband behind their back). WATCH: Instructors should watch deputy to see if they go to place suspect into handcuffs. It is dangerous to do so by themselves. Once a deputy goes to put handcuffs on, they will holster their gun and at this point they become vulnerable to another suspect hidden in unchecked areas or the suspect they are trying to cuff could turn and fight. SAY: There is no reason to give up a good position of cover. You need to ask yourself "has the shooting stopped? Is this the same suspect I was chasing? Am I in a good position? Do you feel comfortable leaving cover to secure the suspect?" Discuss "Predator mode". Remember, the cavalry is on their way, so it's better to hold, than to expose yourself to unknown threats. (If staff	

EOG-04152

	and location permits, additional threat(s) can hide in hidden areas for effect on deputies that approach suspect. EXERCISE THREE: FACILITATOR: This exercise if for 4 man deputy teams. There will also be one suspect role player and (if available) one or two victim role players (instructors). In this scenario, deputies will hear gunfire and begin to search for the suspect using the bounding overwatch movement. The suspect should yell phrases like "You're next" or "3 – 2 – 1…" to indicate that an additional victim will be shot. If the deputies delay, shoot another blank round. Victim role players sit with hands up and comply with deputy instructions. Once they encounter the suspect and he is neutralized, deputies should secure victims, rendering aid if applicable, and attempt to gather intel about any additional suspects. WATCH: Deputies should handcuff "dead" suspect and cover any areas where an additional suspect can be hidden. EXPLAIN: Tell the deputies that even though it appears that the role players with hands up are victims, they could be suspects or sleepers and should be treated as such until intent is determined and searched for weapons. Security and safety is priority over rendering medical aid, but if the resources are present, there is no active intelligence of another shooter, and all areas are covered, aid can be rendered to a victim.	

EOG-04153

	FACILITATOR: This exercise if for 4-6 man deputy teams. There will also be two suspect role players and (if available) two or more victim role players.. In this scenario, deputies will hear gunfire and begin to search for the suspect using the bounding overwatch movement. The suspect should yell phrases like "You're next" or "3 – 2 – 1…" to indicate that an additional victim will be shot. If the deputies delay, shoot another blank round. Victim role players sit with hands up and comply with deputy instructions. Once they encounter the suspect and he is neutralized, deputies should secure victims, rendering aid if applicable, and attempt to gather intel about any additional suspects. In this scenario, deputies will hear gunfire and begin to search for the suspect using the bounding overwatch movement. Once they encounter the suspect and he is neutralized, deputies will hear gunfire from another location. Deputies will need to search and neutralize the second suspect. WATCH: If the deputies do not secure the first suspect, the instructor will give the first suspect a Sim gun and the suspect will get behind the deputy team and shoot at them. EXPLAIN: Tell the deputies that even though it appears that the first suspect was down, they must continue to secure and remove any weapons.	

EOG-04154

	DEBRIEF AND CLEANUP: FACILITATOR: Review the concepts of the course to the students and pass out evaluations. Once the evaluations are completed, pass out cleaning supplies (if necessary) and be sure to have students re-arm themselves when they leave.

Time (in hours)	Content	Directives
30 min	**Introduction:** All instructors will introduce themselves and give a briefing on the location where the restrooms are located and basic housekeeping. Instructor will brief the class on the goals and objectives for the course on the dry erase board. Part one of the course will be a briefing by dispatch to provide necessary information on communications. Followed by brief lecture on core concepts: **Say:** Time is critical in each of these incidents. This is like no other crime. The motive is to kill as many defenseless people as possible in the shortest amount of time. This is due mostly in part, because the shooter knows "law enforcement" is coming and only minutes away. Some of the tactics shooters used: • Chained doors closed • Deployed chemical agents prior to shooting • Donned body armor, and military style gear, optics • Assembled firearm in a concealed place • Took elevated position to engage large crowd • Attached a "bump-stock" for faster rate of fire • Possibly activated fire alarm **Say:** The priorities of life are: • Victims • Innocent Bystanders • Police/Deputies • Suspects	*The instructors must manage time from the onset of the class to ensure sufficient time to complete all drills.* *Due to the physical demand of the class, the instructor should determine if any students are on a current light-duty status or recently off that status.*

EOG-04159

3hr 15min	The priorities are there to help focus your action. **If in doubt about going through the door after a suspect, think about the victims and where they stand on the list.** **Say:** The Deputy Contact Element with Real Time Intelligence will continue with a proactive tactical intervention until one of these objectives has been met: • The subject/s has been forced into a surrender • The subject/s has been forced into a barricade • The subject/s hostiles have been stopped • The Deputy Contact Element is relieved by SWAT personnel Define: • Contact Element: A singular deputy or a team of deputies who while on scene have "Real Time Intelligence" and enter the area/structure of the active shooter with the goal of stopping the threat. • Extraction Element: singular deputy or a team of deputies with the ability to enter the area/structure and either remove victims to a casualty collection point (CCP) or provide first aid in place. The purpose of the Extraction Element is to provide first aid in the area/structure or move victims to a casualty collection point prior to the arrival of fire rescue paramedics. • Rescue Task Force: A team consisting of deputies and fire rescue paramedics with the ability to enter the area/structure. The purpose of the Rescue Task Force (RTF) is to provide advanced emergency first aid to victims of an active shooter event as quickly as possible in the area/structure. BREAK-OUT SESSIONS (Isolation drills) Split class in half with one half going to each break-out session. Each group will train in their break out session for 90 minutes each, then switch to the other session for a total of three hours and 15 minutes. • Discretionary live FX fire • Medical Casualty care	***Instructor will split class into two groups for breakout sessions one and two.***

EOG-04160

	MEDICAL BREAK-OUT SESSION and ISOLATION DRILLS: Tactical Casualty Care will include: Arterial bleeding and severe wounds to the torso. Necessary equipment to accomplish the above: • Tourniquet application • Combat gauze • Israeli bandage • Chest seal **Phases of tactical combat casualty care and its importance** **Say:** • Military studies show that proper use of self-aid, buddy aid, and combat lifesaver skills can reduce battlefield deaths by 15 to 18 percent. • Studies indicate that extremity hemorrhage, tension pneumothorax, and airway obstruction continue to be the primary preventable causes of death in modern combat with extremity hemorrhage resulting in the most deaths. **Instructor Notes:** • Review the following terminology with class **Terminology:** • Extremity Hemorrhage- Hemorrhage is another word for bleeding. It usually refers to serious bleeding. • Dressing- Refers to material that is placed directly over the wound. Dressing absorbs some of the blood and helps a clot to form. • Bandage- Material used to hold (secure) the dressing in place so the dressing will not slip and destroy the clot that is forming • Tourniquet- A device for compressing the blood vessels of an extremity in order to stop blood flow distal to the tourniquet band • Chest Seal- Improvised sealing material: any plastic, cellophane, or other nonporous, airtight material (ex: plastic wrapper of the Emergency Bandage). Commercial chest seal: Adhesive material made to secure the wound and create an airtight seal	***Breakout session 1*** *Instructor will double check participants for weapons and live ammunition to ensure a safe training environment.*

EOG-04161

Phases of Tactical Combat Casualty Care

Say: The following are the three phases of Tactical Combat Casualty Care

- Care Under Fire
- Tactical Field Care
- Tactical Evacuation Care

Ask: By looking at the name of each phase, what do you think

- Care Under Fire means?
- Tactical Field Care means?
- Tactical Evacuation Care means?

Add:

- Care Under Fire: Providing care while under fire
- Tactical Field Care: Safe environment to provide care
- Evacuation Care: Providing care while transporting

Care Under Fire

Say:

- In care under fire, you are in a deadly force encounter and are very limited as to the care you can provide. Treatment consists primarily of using a tourniquet to stop life threatening bleeding from wounds on the extremities and moving the casualty to safety.

Ask:

- When you have an officer down still under suspect fire, what should you do?

Add:

- Communicate the threat
- Take cover and return fire
- Stop the threat
- Try to keep casualty from sustaining any additional wounds
- If possible, direct casualty to move to cover, return fire and administer self-aid

Ask:

- If you determine that you can provide assistance to the casualty under fire, what actions should be considered before making your approach?

EOG-04162

Add:

- Scan the area (540 situational awareness)
- If possible, evaluate injuries from a safe distance
- Determine the best route for the approach and plan your evacuation route
- With your element, utilize cover fire (to a known threat) when necessary during movement to and from the casualties
- Assess and decide what care you can administer when you reach the casualty and what care will have to wait

Say: When providing care under fire, consider the following:

- Approach casualty by the safest route
- Form a general impression of injuries and determine his responsiveness
- If casualty has what appears to be life threatening bleeding from a wound on a limb, quickly apply a tourniquet
- Move the casualty and yourself to a place of safety where you can perform tactical field care

Casualty Assessment

Ask: What is the easiest way to check for responsiveness?

Add:

- Ask in a loud but calm voice "Are you okay?"
- Utilize the AVPU Scale to determine level of consciousness
- A-The casualty is alert
- V- The casualty is not alert, but does responds to verbal
- P- The casualty responds to pain, but not to verbal
- U- The casualty is unresponsive

Drags And Carries To Move A Casualty

Drags

Say:

- Drags are used to move a casualty quickly for a short distance
- Examples: One person drag, and two person drag

EOG-04163

Carries

Say:

- Carries are meant for longer distances
- Examples: Hawes Carry, One Person Support Carry, Fireman's Carry, Two Person Support Carry, Modified two person fore-and aft carry

Say:

There needs to be good communication within the element to decide whether to drag or carry a victim. Every situation will be different and dependent on your environment and how many are on your element. Depending on your size element, you can have more security with slower movement or less security with faster movement depending on how you utilize your element members.

Tactical Field Care

Say:

- In Tactical Field Care, you and the casualty are not under suspect fire and you are free to provide casualty care to the best of your ability
- In a deadly force scenario, tactical field care may be given after the casualty has been moved to a safe location
- Tactical Field Care also refers to care rendered when the casualty is not in a care under fire situation to begin with

Ask: If in a deadly force scenario and casualty has been moved to a position of safety, what considerations need to be taken during tactical field care?

Add:

- Maintain 540 security
- Communicate your situation
- Check level of responsiveness (AVPU)
- Check for major bleeding of the extremities
- Check the casualty for breathing
- Check the casualty for open chest wounds
- Check for other wounds
- Continue To Monitor The Casualty
- Check the level of consciousness every 15 minutes
- Monitor the casualty's respirations
- If breathing becomes more labored and faster it could be signs of tension pneumothorax

EOG-04164

	• Decompress the affected chest side when necessary • If a tourniquet has been applied, make sure arterial bleeding is controlled and monitored especially every time casualty is moved **Tactical Evacuation Care** **Say**: • Evacuation Care is rendered while the casualty is being evacuated to a collection point or medical treatment facility • Casualty Evacuation (CASEVAC) refers to the movement of casualties using nonmedical vehicles • Medical Evacuation (MEDEVAC) refers to using medical ground or air transportation with medical personnel to care for casualties during evacuation **Ask**: What considerations need to be made if we place a victim in our vehicle to transport to a medical facility? **Add:** • Environmental factors (time of day, traffic,) • Utilize resources (block roads and intersections) • Which medical facility you will be transporting to **Controlling The Bleeding** **Say:** This section of training you will be introduced to methods on how to control the bleeding and you will be practicing how to apply basic first aid equipment. **Say:** When you have a safe environment (not care under fire) you need to: • Always wear gloves! • Expose the wound • Check for entrance and exit wounds • Both entrance and exit wounds need to be dressed and bandaged **Methods to control bleeding:** **Say:** We will now look at the following ways to control bleeding: • Manual Pressure • Digital Pressure • Emergency Bandage • Combat Gauze/Regular Gauze • Tourniquet	

EOG-04165

Manual Pressure

Say:

- Refers to pressure applied directly over the wound with your hand
- Applying manual pressure after applying an Emergency bandage or other dressing will help compress the damaged blood vessels and control bleeding

Digital Pressure

Say:

- Refers to applying pressure to certain "pressure points"
- Arm (brachial Artery)
- Groin (femoral Artery)

Instructor Note:

- Show power point slide diagram on digital pressure points
- Discuss and point out the two important pressure points to remember (arm and leg/groin)

Emergency Bandage

Say:
The Emergency Bandage can be used on any bleeding wound. It can be used both as a field dressing and as a pressure dressing

Say:
I will now be showing a quick video on how to apply an emergency bandage.

Demonstration

Say: I am now going to explain and demonstrate the application of an emergency bandage on someone's arm.

Instructor Notes:

- Grab an assistant from the class and demonstrate the application of an emergency bandage on their arm.
- Discuss the steps and explain how much pressure is needed to be an effective pressure dressing

Steps:

- Place pad on wound and wrap the elastic bandage around limb or body part
- Insert elastic bandage into pressure bar
- Tighten elastic bandage
- Pull back- forcing pressure bar down onto pad
- Wrap elastic bandage tightly over pressure bar and wrap over all edges of pad
- Secure hooking ends of closure bar into elastic bandage

Practice

Say: It's your turn. I will need you guys to partner up with someone. I will be handing out one Emergency Bandage to each group and I would like you to take turns practicing placing the Emergency Bandage on each other's arm.

Instructor Note:

- Pass out Emergency Bandage to each group of two
- Walk around classroom answering any questions that students have

Evaluate

Instructor Note:

- Walk around classroom, ensuring proper placement on students arm
- Provide student feedback

Combat Gauze

Ask:

- Does anyone still have the older version of the Quick Clot that was distributed in prior training sessions?

Say: The older version of Quick Clot has evolved into a new Combat Gauze format which is proving to be more effective and saving more lives.

Say: The main differences of the older and newer Quick Clots are:

- The older Quick Clot used a heating compound that caused complication upon removal of Quick Clot. The new Combat Gauze is heat free.
- The older Quick Clot was designed to place directly over the wound with applied pressure. The new Combat Gauze is meant to be packed into the wound directly

over the source of bleeding.

Say: Let's take a look at what Combat Gauze is and how it works:

- Combat Gauze is a roll of gauze that is impregnated with a hemostatic agent.
- Material is a pro-coagulant and will cause blood to clot when it comes into contact with the blood
- This action, along with the pressure of packing it into a bleeding wound and applying manual pressure, causes the wound to stop bleeding

Application of basic gauze or hemostatic combat gauze

Demonstrate

Say: I am now going to demonstrate the application of the new Quick Clot Combat Gauze utilizing a simulated injury.

Instructor Notes:

- Take out the extremity hemorrhage control training kit and demonstrate application of the Combat Gauze into the simulated injury cavity.
- Discuss the steps and explain how the source of bleeding will most likely be found near the bone.

Steps:

- Open the clothing around the wound
- If possible, remove any excess pooled blood from the wound
- Locate source of most active bleeding
- Pack the combat Gauze tightly into the wound directly onto the source of the bleeding
- Quickly apply manual pressure for about three minutes or until the bleeding has stopped
- Reassess for proper and effective placement
- Apply a pressure bandage to the wound to secure the gauze
- Follow same procedure for applying regular gauze dressing

Practice

Say: It's your turn, I will pass around the training kit and I would like you to practice packing the Combat Gauze into the simulated injury. Once you have finished packing the wound, pass it to the person next to you.

Instructor Note:

- Pass around the bleeding control training kit
- Walk around classroom answering any questions that students have

Evaluate

Instructor Note:

- Walk around classroom, ensuring proper placement of Combat Gauze
- Provide student feedback

Combat Application Tourniquet

Ask: What is a tourniquet?

Add:

- A band or material utilized to constrict the blood vessels from bleeding distal to the tourniquet placement

Say: The purpose of the Tourniquet is to completely stop the bleeding from an extremity

One Handed Application

Demonstration

Say:

- I am going to demonstrate a one handed application of the CAT on myself. As I apply the Tourniquet, pay attention to how much force or pressure is actually needed to effectively control the bleeding.

Instructor Note:

- Demonstrate an effective one handed application of the CAT
- Discuss the steps and explain how much pressure is needed to effectively stop your pulse

Steps:

- Normally used when applied to the upper extremity (upper arm or forearm)
- Remove CAT from pouch and slide wounded extremity

	through the loop formed by the tourniquet band • Position CAT so the tourniquet band is two inches above the wound • Pull the band tight and securely fasten the band back on itself • Twist the windlass rod to tighten the tourniquet band • Continue tightening until the bright red arterial bleeding has stopped and distal pulse is eliminated • Place windlass rod inside the rod-locking clip, locking the rod in place and keeping the tourniquet from untwisting • Secure the windlass rod and tourniquet band with the rod-securing strap **Practice** **Say:** • It's your turn. I will be handing out one CAT to each of you and I would like you to practice placing the CAT on your arm utilizing the one handed self-aid application. **Instructor Note:** • Pass out CAT to each student • Walk around classroom answering any questions that students have **Evaluate** **Instructor Note:** • Walk around classroom, ensuring proper placement on students arm • Provide student feedback **Two Handed Application** **Demonstration** **Say:** • I will now demonstrate how to apply a CAT Tourniquet on a lower extremity utilizing two hands. **Instructor Note:** • Demonstrate an effective two handed application of the CAT • Discuss the steps and explain how the friction buckle of the CAT is used **Steps:** • Normally used for the lower extremity when greater pressure is needed to stop the bleeding • Completely take the CAT apart and route band around	

	the casualty's limb so that the band is placed two inches above the wound • Pass the tip of band through the inside slit of friction buckle and pull the band tight • Pass the tip of the band through the outside slit of the friction buckle. The friction buckle will lock the tourniquet band in place • Pull the band until it is very tight and securely fasten the band back on itself • Begin to twist windlass rod until arterial bleeding is stopped and controlled • Secure windlass rod and tourniquet band using locking clip and securing strap **Practice** **Say:** • It's your turn to practice, I would like you to practice placing the CAT on your leg with two hands utilizing the friction buckle **Instructor Note:** • Walk around classroom answering any questions that students may have **Evaluate** **Instructor Note:** • Walk around classroom ensuring proper two handed placement on students leg **Penetrating Chest Trauma** **Say:** • When it comes to chest trauma, we need to discuss the vital organs within the chest: • The body has two lungs. Each lung is enclosed in a separate airtight area within the chest • These chest areas are each under negative pressure • If air enters into one of the formerly airtight areas, the lung will begin to collapse **Instructor Notes:** • Show power point diagram of the open chest wound and explain how the air enters into the chest cavity causing the lung to collapse	

Say: I am now going to show a quick video of an actual sucking chest wound. As I play the video, pay close attention to what noises the injury is making and what the lung is trying to do.

Signs And Symptoms of An Open Chest Wound

Say: Not all sucking chest wounds are easily noticeable, but let's discuss some symptoms of an open chest wound:

- Sucking or hissing sounds coming from chest wound
- Coughing up blood
- Shortness of breath or difficulty breathing
- Chest not rising normally when inhaling
- Signs of shock such as a rapid and weak heartbeat

Say: Treatment requires:

- Check for open chest wounds, both entry and exit wounds
- Expose the wound but do not try to remove any stuck clothing from wound
- Seal the chest wound
- Secure the wound
- Position casualty sitting up or in a rescue position for easier breathing

Say: To apply a Chest Seal:

- Prepare the plastic wrapper or commercial chest seal
- Any plastic, cellophane, or other nonporous airtight material can be used as a seal
- The edges of the sealing material should extend at least two inches beyond the edges of the wound
- Have the casualty exhale
- When possible, place seal over wound when the most air has been exhaled out of the lungs
- Secure the sealing material
- If needed, tape down all four edges of sealing material
- Secure with Emergency Bandage if necessary

Recovery Position

Say: Place a conscious casualty in the sitting position or on his injured side to help with breathing

Tension Pneumothorax

Say:

- Tension Pneumothorax occurs when there is a buildup

	of air under pressure in the plural space that cannot escape • As the air outside the lung increases, the affected lung continues to collapse • Increased pressure of the trapped air will begin to push to one side and compress the uninjured lung, major blood vessels and heart **Instructor Notes:** • Show the power point slide diagram of the tension pneumothorax and describe how the trapped air is building up and pushing everything to one side. **Signs And Symptoms** **Say:** The following are signs and symptoms of tension pneumothorax • Anxiety, agitation and apprehension • Diminished or absent breath sounds • Increasing difficulty in breathing • Cool, clammy skin • Visible deterioration • Loss of consciousness • Tracheal deviation (shift of the windpipe to the right or left) **Say:** Let me give you an example of what the symptoms may look like: • I take a shot to the chest and receive a sucking chest wound • As I am waiting for help, my chest cavity is quickly filling up with air • Help arrives and places a chest seal over my wound. No more air is coming into the wound • You notice that I am calm and collective trying to breathe as best I can. • About 30 seconds to a minute later after putting chest seal on, you notice I am in a panic as if I can't breathe anymore. • All the trapped air is still under constant pressure and as it builds up within the cavity, it is looking for an escape. • Without finding an escape, all the trapped air will begin to push to the opposite side and begin applying pressure to the other organs within the chest (heart, lung, aorta etc.) • All that additional pressure is what will cause me difficulty breathing and make me feel as if I were drowning.	

	Treatment
	
	Say: Treatment requires
	• Needle chest decompression to relieve the pressure of the tension pneumothorax
	• Temporary relief treatment: "Burp the chest wound"
	• Open part of the chest seal and place a gloved finger within the wound and attempt to pull the wound open to create space for the air to exit
	
	Say: Once you burp the chest wound, you need to continue to monitor the victim. Once the pressure builds up again, the victims wound will need to be burped again.
	
	Isolation drill:
	Say:
	Now it is your turn to practice what we have learned with isolation drills. You will be split up into groups but first you will need to secure all your weapons and bring an empty and secure gun belt to the designated safe training area.
	
	• You will need the following training equipment
	  • 16 blue training guns.
	  • A minimum of 4 mannequins (trauma randy or basic with moulage).
	  • Trauma Randy mannequin will need fluids to be prepped for live bleed simulation of injuries.
	  • 16 IFAKS equipped with training hasty medicine equipment (2xCAT tourniquets, 2x chest seals, 1x bandage, 3x rolls of gauze, gloves).
	  • Towels and mops to clean fluids from trauma randy mannequins.
	
	• You will need at least two instructors, but if possible have four or more for a better instructor to student ratio.
	
	• You will need a designated safe training area.
		The instructor will prepare the "Rescue Randy" decoys for the isolation drills and assign a decoy operator to pump the fluids for treatment.
		
		Instructor will define the extraction element role and explain the movement principles.
		
		Emphasis needs to be placed on not being bound to a single formation, as they typically break down.

EOG-04174

	• Split class into groups of approximately 5. • Designate a lead safety officer to safety check every deputy before entry into the designated training area. **TCCC / Extraction Element(s):** **Say:** The extraction process typically begins upon the arrival of additional units on scene that may trail the contact element's path to assess, treat and extract wounded victims from the warm and hot zones. When there is no longer evidence of ongoing killing, deputies will begin Extraction Team Protocols with the ultimate goal of a Rescue Task Force. 1. Extraction Team Responsibilities: (Consists of LE members only) a. Locate victims; b. Provide appropriate first aid/combat casualty care; c. Remove victims to a casualty collection point (CCP); d. Area of operations for the Extraction Team may include hot, warm, and cold zones. The model number to go by that makes an extraction element is four deputies, but that number is fluid in that it may change based on the number of resources arriving at the moment needed to move in to carry out the mission. *You are pushing through a large structure during an active killer event. You arrive to a chokepoint within the structure where you have no active intel of where the killer may be. You assess your current position and realize there are multiple victims bleeding out that need immediate assistance. Other elements have detached to continue searching for a possible suspect and more victims, while you decide to fortify your current position and treat/extract the known victims in your area.* **Say:** Do not be bound by formations as they typically break down during a critical incident such as an active killer. Simply cover an area of responsibility and move through	*Stress to move with purpose and cover areas of responsibility.* *Instructor will explain a scenario to illustrate how to coordinate resources to accomplish mission.* *Remind students to use good muzzle awareness while moving.* *Instructor will recap previous training on formations used.*

EOG-04175

	the area. Use good muzzle awareness. **Add:** The extraction element movement will likely be dictated by the environment of the scene. Elements can use bounding through an open space area, (parking lot) to a "T" method through an interior or a "hall boss." Remember to move with a purpose and cover an area of responsibility." **Drill:** • Objective of the drill is for deputies to assess their environment and situation for threats and victims followed by appropriate care under fire and tactical field care protocol to treat victims. • Deputies should maintain proper security and element communication throughout drill. • Deputies will use hasty medicine to treat and extract victims according to their injuries. • A minimum of four mannequin victims will be laid out in various positions in an open space area. • Deputies will have the option to move victims into a secured room to establish a more secure CCP (Casualty Collection Point) for tactical field care treatment. • If using Trauma Randy mannequins which simulate live bleeding, have a volunteer or instructor be ready to pump the fluids out of the injuries as the deputy begins to assess and treat the victim. • Drill can end when all bleeding is controlled.	

EOG-04176

	MOVEMENT & DISCRETIONARY SIM FIRE / BREAK OUT SESSION & ISOLATION DRILLS: Setting is a room(s) created in the center of the terminal using the metal barricade walls. Paper range targets will be placed through the rooms, on the walls, and on stands supporting backers. One or more may pose as an armed threat (active killer). **Say:** Do not be bound by formations as they typically break down during a critical incident such as an active killer. Simply cover an area of responsibility and move through the area. Use good muzzle awareness. **Add:** The contact deputy or element movement will likely be dictated by the environment of the scene. Elements can use bounding through an open space area, (parking lot) to a "T" method through an interior or a "hall boss." Remember to move with a purpose and cover an area of responsibility." Use good muzzle awareness. **Say:** After reviewing many of the active shooter incidents, the environment and the shooter typically dictates the tactics. • Interior of a structure, hallways, classrooms • Stairways, elevators, vestibules • Exterior, parking lot, common area, courtyard • Movement of the shooter, and number of shooters These various situations may force the first deputies arriving or already on scene to adjust their tactics, moving to that threat, bounding, gathering real-time active intel. **Add:** The majority of previous incidents were over in minutes, meaning, the shooter either stopped shooting and surrendered, forced law enforcement to engage the shooter and eliminate, force a barricade situation or fled the scene undetected.	***Breakout section #2*** *Instructor will lead group to training area and double check that all participants have secured their weapons and live ammunition.* *Instructor will define the contact element's role and explain the movement principles.* *Emphasis needs to be placed on not being bound to a single formation, as they typically break down. Stress to move with purpose and cover areas of responsibility. Stress the students to use good muzzle awareness and finger on/off the trigger*

EOG-04177

	Say: History shows when a suspect is confronted by any armed individual (police, security, concealed carry person) they either shoot it out with that person or kill themselves. Either way, the shooting of defenseless civilians must stop. The first officer or first two officers, depending on who arrives first on scene, shall immediately advance to confront the shooter. They must gather real-time active intel to direct them to the shooter. Military tactics work well in this situation. The two man "bounding overwatch" is our response through open space. A single deputy should bound from cover-to-cover working toward the threat (shooter) with urgency. **Ask:** What is real-time active intel? **Say:** Real-time active intel is not limited by the following: gunfire, smell of gun powder, smoke, smoke alarms activated by the smoke form the gunfire, empty casings scattered, victims running from shooter, victims shouting where the shooter is located, and providing a description and direction of travel, if any. **Intel may come over the radio system** of law enforcement, or the venue's radio systems. First on scene must be diligent in gathering information to decrease response time to minimize casualties. Absent real-time intel, and in the event the shooter has escaped or unable to locate, it may be necessary to fortify your position by maintaining security to the immediate area to begin the extraction process of victims. There will be work to do, find it. **Ask:** What is cover? What is concealment? **Add:** Cover is any object that will stop bullets from penetrating. Concealment will only hide your body and offers little	*Stress students to be aware of active intel being sent over the radio systems. May dictate path to be taken to the killer.*

	ballistic protection. **Say:** The following is for review and was covered in previous training courses for active shooter. **Add:** Bounding overwatch is basically a tactical "leap frog" maneuver. Movement is from cover point to cover point primarily through an open space area. Bounding overwatch requires at least two deputies to work. The first deputy will hold a cover position and "cover" (scan for threats) the second deputy moves forward (run) to a second position of cover toward the shooter (threat). Once there, the second deputy will provide protection for the first deputy allowing them to run past them and take a further position of cover toward the shooter (threat). The two will continue to switch roles until they get in contact with the shooter. Bounding overwatch a safe way to get from point A to point B and still be moving fast. **Ask:** How easy is it to shoot while running? **Add:** If someone is running it is impossible to shoot accurately. If you can aim and shoot, you are not running fast enough. **Say:** Another similar method is "successive overwatch". Successive uses the same leap frog approach however, the second deputy always moves up to the first deputy's position of cover. Then the first deputy will move again, and the second will move up to the first. This is primarily used to move through an open space area. This is slower but can be used in situation where there is not a lot of cover or there is an extremely long distance to travel and the abilities of the deputies is overwhelmed.	*Instructor will review what was covered in previous active shooter courses but stress it is difficult to maintain any one formation. The concept now is to cover areas of responsibility to move through an area.*

EOG-04179

	This method also works well if a deputy has a patrol rifle. He/she can provide the over-watch until contact is made with the shooter (threat). **Ask:** What is a single deputy response? **Add:** If you are on scene or in the area and hear gunshots, You should immediately access what you have and prepare to respond to the killer. Rely on real-time active intel, the sound of gunshots, smoke, smell of gunpowder, shell casings on the ground, magazines, ammunition, weapons, victims, trails of blood, etc. Remember, every time you hear a gunshot in an active shooter incident; you have to believe that is another victim being killed. **Ask:** How many of have shot a moving target? Was it easy or hard? **Add:** Remember, speed and movement are your best friend when approaching by yourself. Be unpredictable in your movement. **Say:** Look for positions of cover as you move. Select the position of your next move prior to committing to the move. **Ask:** Is the gunfire getting louder? Do you see people fleeing from an area? Do you see bodies? **Add:** Use your senses to gain a better perspective of the event, meaning listen to the sounds around you, scan for visible clues directing to the killer's location, listen to the radio for intel, and gather intel provided by people on scene. Move with speed and be decisive.	

EOG-04180

	Ask: What is the third eye principle? **Say:** When searching, the gun stays up with your eyes and moves together. INTERIOR (CHOKE-POINT) MOVEMENT The environment will dictate what tactics responding deputies implement entering the scene. In the event there is no available means to move from cover-to-cover, the contact element and responding deputies will move quickly with weapons drawn covering point, and flanks. The old model is the "quad" formation or a "T" formation to move through an area. This movement is fluid and the formation will collapse as it moves through choke-points and narrow corridors. Again, do not be bound by formations, as they tend to break down as the incident unfolds. Cover areas of responsibility and move. **Say:** You should also consider having a way of breaching a door or windows. Expandable baton or a glass break device. **Ask:** Do you know what a "Go Bag" is? **Add:** A Go Bag is a bag that has extra ammunition, radio batteries, medical supplies and bolt cutters or other breaching tools, marking tool, edged instrument, etc. Remember at the Virginia Tech massacre the suspect used chains to secure the doors.	*Instructor should remind students that formations will likely collapse.* ***The goal is to cover unknown areas while on the move using good muzzle and trigger discipline.***

EOG-04181

	Say: If you are not part of the immediate response (contact) element, searching for the shooter, you will be on one of the extraction elements. You should expect to be an element of the contact element until you have confirmation the killer/shooter has been eliminated, captured, contained or is believed to have fled the scene unless ordered otherwise. **Demonstrate: Dry demo first-** The instructor cadre for this session will demonstrate the movement in a single response and a multi response using the Glock 17-T's. **Watch:** Four students will perform the movement using the Glock 17-T's **dry** first. The students will move through the area leading up to the simulated room(s), and then breach the threshold to locate the killer, and take action. Simulated victims will be placed on the ground for them to have to maneuver around while locating the killer. **Evaluate:** Instructors will watch the students. Instructors should observe the students movement. Are they moving fast? Are they using cover or concealment? Are they working together? Are they staying in visual contact with each other? Are they using the third eye gun principle? **Exercise repetition:** Students will work in elements of 4, then 2 and solo movement exercises. The main objective with the movement is to always cover the area of your responsibility. Students will repeat the exercise until they can show they have learned the movement and can apply it to any locale.	*The instructor will split the group into subgroups, where they will practice moving in elements of 4, then 2, then solo.*

	Practice scenarios: **Live FX marking isolation drills:** **Safety brief-Double check students for live weapons** **Say:** All deputies will wear their protective mask, ballistic vests, gloves (if available) and duty gear. All deputies will have two magazines loaded with (6) live FX marking rounds in their Glock 17-T. ***No deputy will have any firearm, magazine, OC Spray, Taser, knives***. **Isolation drill one:** In first scenario, a four man deputy element will move towards the sound of gunfire (blanks fired by cadre) into the designated area. Multiple soft targets positioned in the area with simulated victims laying on the ground. They should move covering their area of responsibilities and seek out the killer. The element should engage the threat target as they move through searching the area. If there is cover available, they should utilize if possible. The element should fire at least two rounds at the threat target. The element should clear any weapon malfunctions and continue with the drill until finished. The element should use communication when necessary during the drill. The element will be debriefed by cadre after each repetition (keep it brief). Repeat isolation drill one after all students in the group have successfully competed in the following order: • Two man element • Solo response **Say:** Deputies can still achieve a successful outcome with less numbers based on two principles, one- being the element of surprise, and two- the speed of movement.	*Emphasize the difficulty of a solo entry to cover the unknown areas, but remind students that they would be going in with active intel, the sound of gunfire, or additional information that would lead to the location of the killer, if still on scene.* *Double check students for live weapons and ammo. Secure anything found.* *To maintain a consistent flow the instructor should maintain a short debrief with each element. If cadre believes the element should perform the drill a second time, permit the element the*

	Facilitator: An instructor will move and observe the deputy element. Instructor will observe the speed of the element and if they cover each other. Instructor will also observe firearm handling skills, marksmanship and how element reacts to the gunman.	*opportunity to do so to achieve a level of success.*
	Isolation drill two:	
	Live role player as active killer: The same drill as before, with multiple soft targets positioned in the area, and simulated victims laying on the ground. ***The threat is a live role player.***	*The instructor will stress that success is still achievable with less numbers based on the element of surprise, and speed of movement.*
	The role player will be dressed in FX protective gear.	
	The student will also be armed with a 17-T Glock pistol loaded with FX marking cartridges and two magazines.	
	The role player will use blanks to draw the student into the area.	
	The student(s) will enter the area where the killer is located and force the killer into a surrender, barricade or eliminate by the use of deadly force. Cover threat in the event deadly force is used. Pairs should cover shooter and other unknowns. (If possible, assess any victims in the immediate area for treatment and extraction).	*Instructor will stress for the pair to secure the scene in the event deadly force is used. Cover threat and unknowns.*
	The students will perform this drill at least once solo, and with a element of two or more (time permitting).	
	If the student fails to make hits on target against the killer, or fails to find the killer, or hits an innocent target, he/she will be required to perform the drill a second time or until he/she passes.	
	Once each group has completed both breakout session, they will regroup for a short debrief of the first part of the training, then break for lunch.

EOG-04184

3 hours	**Scenarios:** Upon returning from lunch, the class will be split up into groups of at least six. **Two-plus response scenario: SAFETY CHECK** **General information:** Summary of situation- Two deputies are working on day shift at Port Everglades near terminal 29 and respond to a possible active shooter call via dispatch at terminal 29. Primary deputies 1 and 2 will enter the hot zone with belief the shooter is still on scene. Absent gunfire upon arrival, students should use real time info to guide their movement. The shooter is possibly a traveling tourist that brought a gun into the terminal from a vehicle. The first deputies on scene must assess the situation and begin to make contact with victims, while securing as much of the area as they can. They must prepare for the potential engagement with the shooter at any time. Treat and extract to warm and cold zone. Additional responding deputies will coordinate with the primary deputies and assist as needed with treatment and extraction. The active killer (shooter) can be inserted into the scenario at any time if deputies are not focused on their areas of responsibility to an unsafe extreme. Deputies will be instructed to activate their radios to use during the scenario. Dispatch will manage the radio during the scenario from dispatching the call to monitoring the radio during the scenario from start to finish.	***Instructors will conduct another safety check for live weapons prior to the start of the scenarios.*** *See scenario facts sheets to set up and conduct the scenarios. Dispatch should be provided with their dispatch scenario fact sheets and other necessary forms (provided by them).* *Ref the insertion of the active killer role player that can only occur at the*

	If a element does not successfully secure the scene, assess, treat victims and extract, they will have to perform another scenario. ***Dispatch will be part of each scenario debrief.*** CLASS DEBRIEF AND CLEANUP: FACILITATOR: Review the concepts of the course to the students and pass out performance objectives evaluations. Once the evaluations are completed, pass out cleaning supplies (if necessary) and be sure to have students re-arm themselves when they leave.	*direction of the facilitator.* *The instructor needs to make sure that dispatchers are included in each of the element debriefs after the scenario has concluded.*
