Fixed Capital Construction/Major Renovation:

a. What specific purpose or goal will be achieved by the funds requested?

Total State Funds Requested (must equal total from question #6)

The renovation of the existing facilities and the construction of the

new facilities in Oxford Street Park will require property surveying, engineering design, bidding, and construction observation services as well as the purchase and installation of the proposed equipment.

The Florida Senate Local Funding Initiative Request Fiscal Year 2023-2024

LFIR # 1769

Once the construction of the proposed improvements in the Oxford Street Park are completed, the residents of the Town of Hilliard will have a state of the art outdoor recreation facility they can utilize. The Oxford Street Park will serve all of the residents of the Town of Hilliard as the primary location to partake in or watch outdoor recreation.

b. What activities and services will be provided to meet the intended purpose of these funds?

When the project is complete, the Oxford Street Park will provide the Town's primary facility to participate in or watch outdoor recreational activities in the Town of Hilliard. Oxford Street Park, when the project is completed, will provide the premiere venue for watching and participating in the outdoor recreational activities available in the park.

c. What direct services will be provided to citizens by the appropriation project?

When the proposed project is complete, the Oxford Street Park will continue to be the primary facility in the Town of Hilliard where outdoor recreational activities such as basketball, volleyball, swimming and football are carried out. The town encourages all of the town's citizens to utilize the Oxford Street Park.

d. Who is the target population served by this project? How many individuals are expected to be served?

Based upon the 2011-2015 American Census Survey the Town of Hilliard contains 3,010 people, 1,955 of which are low and moderate income. All of whom will be able to utilize the facilities in the Oxford Street Park. All 3,010 of the town's citizens will benefit from the proposed improvements in the Oxford Street Park.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome is to have a regional park that will serve the entire community. The methodology to determine the success of the renovated Oxford Street Park is the number of people who utilize the facilities in the park for their enjoyment and as a vehicle to obtain their physical exercise goals.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The Town of Hilliard should have the proposed renovations and improvements in Oxford Street Park completed within 18 months following the full execution of the contract between the Department of Environmental Protection and the town.
