14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The purpose of this program is to provide a resource for the diversion of seriously mentally ill individuals from less appropriate and/or more expensive venues into the community mental health system.

b. What activities and services will be provided to meet the intended purpose of these funds?

The request funds operational support for 48 newly-constructed beds in three facilities in Gadsden, Citrus, and Hillsborough counties.

c. What direct services will be provided to citizens by the appropriation project?

Level 1 Community Residential Facility housing and associated competency restoration, psychiatric, case management, court liaison, discharge planning, group and individual counseling, psychiatric assessment and psychiatric rehabilitation services for individuals diverted from the criminal justice system and stepped down from State secure forensic facilities.

d. Who is the target population served by this project? How many individuals are expected to be served?

High-risk seriously mentally ill forensic residential populations.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

This project will divert individuals with serious mental illness from more expensive or less appropriate venues. Forensic hospital services at the State Mental Health Treatment Facilities cost an average of \$353. The beds provided in this proposal would be priced at \$315 per day, a 12% cost savings. The success of this project will be measured by the percentage of program participants who are able to be safely transitioned to a less restrictive care venue.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
