LFIR # 2668

Parks & Recreation will continue to provide a football, basketball, and track & field programs. We will also introduce pickleball and Lacrosse as activities for the youth. Additionally, there will be exercise and fitness and wellness programs available to residents of all ages.

c. What direct services will be provided to citizens by the appropriation project?

Ingram Park has the potential of becoming the premiere park for the City. A new state of the art modern facility along with updated amenities will allow for countless services offering to the community.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population to be served are the elderly persons and at-risk youth. Rougly 800 individuals are expected to be served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit is to improve physical health. With a new facility and grounds completed, the City will be able to offer programs and services to all residents of the City that does not have access to the programs and services currently offered. All residents will have an opportunity to participate in these programs if they desire. This method can be measured through increase participation and attendance from the residents.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

If the City fails to meet deliverables, performance measures and/or completion of the project without a good reasoning a penalty requiring reimbursement of appropriated funds received should be imposed with a 60 days calendar notice.
