CS/CS/CS/SB 694— Adult Day Care Centers

by Budget Subcommittee on Health and Human Services Appropriations; Health Regulation Committee; Children, Families, and Elder Affairs Committee; and Senators Fasano, Haridopolos, Norman, Sachs, Gaetz, Bullard, Garcia, Dockery, and Sobel

This bill creates the Specialized Alzheimer’s Services Adult Day Care Act (Act), which allows an adult day care center to apply to the Agency for Health Care Administration for a designation on its license as a “specialized Alzheimer’s services adult day care center.” The bill provides heightened requirements that an adult day care center seeking such licensure designation must follow.

The operator and the operator’s designee hired on or after July 1, 2012, by an adult day care center that has a license designated under the Act must meet certain education or experience requirements. In addition, an adult day care center having a license designated under the Act must have a registered or licensed practical nurse on site daily for at least 75 percent of the time that the center is open to Alzheimer’s disease or a dementia-related disorder (ADRD) participants. Certain staff must have additional hours of dementia-specific training and receive and review an orientation plan.

In order for a person to be admitted to an adult day care center with a designated license, the person must require ongoing supervision and may not actively demonstrate aggressive behavior. In addition, the adult day care center participant or the participant’s caregiver must provide certain medical documentation signed by a licensed physician, licensed physician assistant, or a licensed advanced registered nurse practitioner.

The bill provides requirements for an ADRD participant’s plan of care and requires a center to coordinate and execute appropriate discharge procedures if the center involuntarily terminates an ADRD participant’s enrollment in the center for medical or behavioral reasons.

The bill specifies that an adult day care center that chooses not to have a licensure designation may still provide adult day care services to persons who have Alzheimer’s disease or other dementia-related disorders. However, an adult day care center may not claim to have a license or licensure designation to provide specialized Alzheimer’s services unless it has received such licensure designation.

The bill provides rulemaking authority to the Department of Elderly Affairs to administer the newly created section of law.

If approved by the Governor, these provisions take effect July 1, 2012.

The bill makes changes to numerous provisions in ch. 39, F.S., relating to the central abuse hotline, child protective investigations, and the dependency process. The bill redesigns the process of child protective services by strengthening the investigation process, streamlining activities, and providing a more focused framework for on-going services to be provided. Specifically, the bill:

- Amends the central abuse hotline procedures to provide that the hotline may accept a call from a parent or legal custodian seeking assistance for themselves when the call does not meet the statutory requirement of abuse, abandonment or neglect;
- Allows the Department of Children and Family Services (DCF or department) to discontinue an investigation if it is determined that a false report of abuse, abandonment or neglect has been filed;

- Requires child protective investigators (CPIs) to determine the need for immediate consultation with law enforcement personnel, child protection teams, and others prior to the commencement of an investigation;
- Eliminates the current bifurcated investigative process and provides for a single procedure for every case accepted for investigation; and
- Requires that monitoring of protective investigation reports are used to determine the quality and timeliness of safety assessments, and teamwork with other professionals and engagement with families.

In addition, the bill makes changes to ch. 39, F.S., protective injunction process to prevent child abuse and to mirror language in the civil injunction process in ch. 741, F.S., amends requirements relating to criminal background and records checks for individuals being considered for placement of a child, and amends provisions relating to termination of parental rights that apply to incarcerated parents. The bill provides specific circumstances in which the court may order maintaining and strengthening families as a permanency goal in a child's case plan when the child resides with a parent. Finally, the bill revises the number of times per year the Children and Youth Cabinet must meet.

If approved by the Governor, these provisions take effect July 1, 2012.

Holder and others (CS/CS/SB 320 by Budget Subcommittee on Health and Human Services Appropriations; Children, Families, and Elder Affairs Committee and Senators Storms, Thrasher, and Rich)

The bill makes a number of changes to background screening requirements, primarily relating to individuals who work and volunteer with vulnerable populations. Specifically, the bill:

- Establishes a rescreening schedule for those individuals who have been screened and qualified to work by the Agency for Health Care Administration (AHCA);
- Revises a list of professionals to include law enforcement officers such that officers are not required to be refingerprinted or rescreened if they are working or volunteering in a capacity that would otherwise require them to be screened;

- Specifies that employers of direct service providers previously qualified for employment or volunteer work under Level 1 screening standards, and individuals required to be screened according to the Level 2 screening standards, shall be rescreened every five years, except in cases where fingerprints are electronically retained;
- Creates a definition of the term "specified agency" for purposes of conducting background screening. These agencies include the Department of Health (DOH), the Department of Children and Family Services (DCF), AHCA, the Department of Elder Affairs (DOEA), the Department of Juvenile Justice (DJJ), the Agency for Persons with Disabilities (APD) and DVR;
- Requires fingerprint vendors to meet certain technology requirements;
- Provides that employees may be hired before completing the background screening process but those employees may have no direct contact with vulnerable persons;
- Waives the additional background screening requirement for Certified Nursing Assistants (CNA) under certain circumstances; and
- Provides for requirements relating to fingerprinting including who may take the prints, standards for vendors, and fee collection.

The bill also provides for the creation of the Care Provider Background Screening Clearinghouse. The clearinghouse will:

- Be created by AHCA, in consultation with FDLE;
- Be a web-based system;
- Be implemented to fullest extent possible no later than September 30, 2013; and
- Allow results of criminal history checks, provided to specified agencies for screening of persons under s. 943.0542, F.S., to be shared among the specified agencies when a person has applied to volunteer; be employed; be licensed or enter into a contract that requires a state and national finger-print based criminal history check.

The bill also provides that prints retained by the clearinghouse must meet certain criteria. Finally, the bill provides for rescreening procedures related to use of the clearinghouse; and provides for screening procedures for use on or after January 1, 2013.

If approved by the Governor, these provisions take effect upon becoming law.
