DIVISION OF ELECTIONS
TALLHASSEE, FL

June 25, 2013

The Honorable Kenneth W. Detzner
Secretary of State
State of Florida
R. A. Gray Building, Room 316
500 South Bronough Street
Tallahassee, Florida 32399-0250

Dear Secretary Detzner:

Please be advised I have made the following appointment under the provisions of Section 20.23, Florida Statutes:

Senator James A. Sebesta
1040 Sanabel Court, Northeast
St. Petersburg, Florida 33702

as a member of the Florida Transportation Commission, succeeding Manuel L. Marono, subject to confirmation by the Senate. This appointment is effective June 25, 2013, for a term ending September 30, 2015.

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Scott".

QUESTIONNAIRE FOR SENATE CONFIRMATION

The information from this questionnaire will be used by the Florida Senate in considering action on your confirmation. The questionnaire **MUST BE COMPLETED IN FULL**. Answer "none" or "not applicable" where appropriate. Please type or print in blue or black ink.

July 30, 2013

Date Completed

1. Name: Mr. Sebesta James Alvin
Mr./Mrs./Ms. Last First Middle/Maiden

2. Business Address: 1040 Sanabel Ct. NE St. Petersburg
Street Office # City
NA Florida 33702 727-424-2378
Post Office Box State Zip Code Area Code/Phone Number

3. Residence Address: 1040 Sanabel Ct. NE St. Petersburg Pinellas
Street City County
NA Florida 33702 727-527-4090
Post Office Box State Zip Code Area Code/Phone Number

Specify the preferred mailing address: Business Residence Fax # 727-527-4090
(optional)

4. A. List all your places of residence for the last five (5) years.

Address	City & State	From	To
1040 Sanabel Ct. NE	St. Petersburg, FL	7/4/1990	Present
506 Carriage Hills Dr.	Temple Terrace, FL	9/1984	above
Somerville Dr.	Jacksonville, FL	1/1975	above

B. List all your former and current residences outside of Florida that you have maintained at any time during adulthood.

Address	City & State	From	To
Mannheim Rd.	Bellwood, IL	12/1962	3/1963

RECEIVED
DEPARTMENT OF STATE
2013 AUG - 6 AM 9:28
DIVISION OF ELECTIONS
TALLAHASSEE, FL

5. Date of Birth: 08-24-1935 Place of Birth: Pontiac, IL

6. Social Security Number: _____

7. Driver License Number: _____ Issuing State: FL

8. Have you ever used or been known by any other legal name? Yes No If "Yes" Explain

9. Are you a United States citizen? Yes No If "No" explain:

If you are a naturalized citizen, date of naturalization: NA

10. Since what year have you been a continuous resident of Florida? 4/1960-3

11. Are you a registered Florida voter? Yes No If "Yes" list:

A. County of Registration: Pinellas

B. Current Party Affiliation: Republican

12. Education

A. High School: Fenwick, Oak Park, IL

Year Graduated: 1954

(Name and Location)

B. List all postsecondary educational institutions attended:

<u>Name & Location</u>	<u>Dates Attended</u>	<u>Certificates/Degrees Received</u>
<u>Loyola Un. Chicago, IL</u>	<u>1954-1957</u>	<u>BSC</u>
<u>DePaul Un. Chicago</u>	<u>1962-1968</u>	<u>MBA</u>

13. Are you or have you ever been a member of the armed forces of the United States? Yes No If "Yes" list:

A. Dates of Service: 1955-1963

B. Branch or Component: USNavy

C. Date & type of discharge: 1963-Honorable

14. Have you ever been arrested, charged, or indicted for violation of any federal, state, county, or municipal law, regulation, or ordinance? (Exclude traffic violations for which a fine or civil penalty of \$150 or less was paid.) Yes No If "Yes" give details:

<u>Date</u>	<u>Place</u>	<u>Nature</u>	<u>Disposition</u>
<u>3/2013</u>	<u>St. Petersburg, FL</u>	<u>Speeding</u>	<u>Fine</u>

15. Concerning your current employer and for all of your employment during the last five years, list your employer's name, business address, type of business, occupation or job title, and period(s) of employment.

<u>Employer's Name & Address</u>	<u>Type of Business</u>	<u>Occupation/Job Title</u>	<u>Period of Employment</u>
<u>Sebesta Consulting Services</u>	<u>Consulting</u>	<u>President</u>	<u>2007-Present</u>

16. Have you ever been employed by any state, district, or local governmental agency in Florida? Yes No
If "Yes", identify the position(s), the name(s) of the employing agency, and the period(s) of employment:

<u>Position</u>	<u>Employing Agency</u>	<u>Period of Employment</u>
<u>Florida Senate</u>	<u>State of Florida</u>	<u>11/1998-11/2006</u>
<u>Supervisor of Elections</u>	<u>Hillsborough County</u>	<u>11/1970-08/1974</u>
<u>City Commissioner</u>	<u>Lake Wales, FL</u>	<u>04/1965</u>

17. A. State your experiences and interests or elements of your personal history that qualify you for this appointment.

Served 8 years on Senate Transportation Committee (Florida Senate)

2 years as Vice-Chair and 6 years as Chairman

B. Have you received any degree(s), professional certification(s), or designations(s) related to the subject matter of this appointment? Yes No If "Yes", list:

C. Have you received any awards or recognitions relating to the subject matter of this appointment? Yes No If "Yes", list:

Yes. Many during my Senate years.

D. Identify all association memberships and association offices held by you that relate to this appointment:

Several during my Senate years

18. Do you currently hold an office or position (appointive, civil service, or other) with the federal or any foreign government? Yes No If "Yes", list:

19. A. Have you ever been elected or appointed to any public office in this state? Yes No If "Yes", state the office title, date of election or appointment, term of office, and level of government (city, county, district, state, federal):

Office Title	Date of Election or Appointment	Term of Office	Level of Government
City Commissioner(Lake Wales)	1965	8 months	City
Supervisor of Elections	1970	7 months	County
Supervisor of Elections	1972	2 years	County
Commission on Ethics	1976	2 years	State
Commission on Ethics	1979	2 years	State

B. If your service was on an appointed board(s), committee(s), or council(s):

(1) How frequently were meetings scheduled: Monthly

(2) If you missed any of the regularly scheduled meetings, state the number of meetings you attended, the number you missed, and the reasons(s) for your absence(s).

<u>Meetings Attended</u>	<u>Meetings Missed</u>	<u>Reason for Absence</u>
All		

20. Has probable cause ever been found that you were in violation of Part III, Chapter 112, F.S., the Code of Ethics for Public Officers and Employees? Yes No If "Yes", give details:

<u>Date</u>	<u>Nature of Violation</u>	<u>Disposition</u>

21. Have you ever been suspended from any office by the Governor of the State of Florida? Yes No If "Yes", list:

A. Title of office: _____ C. Reason for suspension: _____

B. Date of suspension: _____ D. Result: Reinstated Removed Resigned

22. Have you previously been appointed to any office that required confirmation by the Florida Senate? Yes No If "Yes", list:

A. Title of Office: Supervisor of Elections

B. Term of Appointment: 7 months

C. Confirmation results: Confirmed

23. Have you ever been refused a fidelity, surety, performance, or other bond? Yes No If "Yes", explain:

24. Have you held or do you hold an occupational or professional license or certificate in the State of Florida? Yes No If "Yes", provide the title and number, original issue date, and issuing authority. If any disciplinary action (fine, probation, suspension, revocation, disbarment) has ever been taken against you by the issuing authority, state the type and date of the action taken:

<u>License/Certificate Title & Number</u>	<u>Original Issue Date</u>	<u>Issuing Authority</u>	<u>Disciplinary Action/Date</u>
Broker-BK3003034	1976	Dept. of Bus. & Profess. Reg	None

25. A. Have you, or businesses of which you have been and owner, officer, or employee, held any contractual or other direct dealings during the last four (4) years with any state or local governmental agency in Florida, including the office or agency to which you have been appointed or are seeking appointment? Yes No If "Yes", explain:

<u>Name of Business</u>	<u>Your Relationship to Business</u>	<u>Business' Relationship to Agency</u>

B. Have members of your immediate family (spouse, child, parents(s), siblings(s)), or businesses of which members of your immediate family have been owners, officers, or employees, held any contractual or other direct dealings during the last four (4) years with any state or local governmental agency in Florida, including the office or agency to which you have been appointed or are seeking appointment? Yes No If "Yes", explain:

<u>Name of Business</u>	<u>Family Member's Relationship to You</u>	<u>Family Member's Relationship to Business</u>	<u>Business' Relationship to Agency</u>

26. Have you ever been a registered lobbyist or have you lobbied at any level of government at any time during the past five (5) years? Yes No

A. Did you receive any compensation other than reimbursement for expenses? Yes No

B. Name of agency or entity you lobbied and the principal(s) you represented:

<u>Agency Lobbied</u>	<u>Principal Represented</u>
NA	

27. List three persons who have known you well within the past five (5) years. Include a current, complete address and telephone number. Exclude your relatives and members of the Florida Senate.

<u>Name</u>	<u>Mailing Address</u>	<u>Zip Code</u>	<u>Area Code/Phone Number</u>
Reginald Sedita			
Philip Lazzara			
David Marshall			

28. Name any business, professional, occupational, civic, or fraternal organizations(s) of which you are now a member, or of which you have been a member during the past five (5) years, the organization address(es), and date(s) of your membership(s).

<u>Name</u>	<u>Mailing Address</u>	<u>Office(s) Held & Term</u>	<u>Date(s) of Membership</u>
NA			

29. Do you know of any reason why you will not be able to attend fully to the duties of the office or position to which you have been or will be appointed? Yes No If "Yes", explain:

30. If required by law or administrative rule, will you file financial disclosure statements? Yes No

MEMORANDUM

AS A GENERAL MATTER, APPLICATIONS FOR ALL POSITIONS WITHIN STATE GOVERNMENT ARE PUBLIC RECORDS WHICH MAY BE VIEWED BY ANYONE UPON REQUEST. 1. COAST BIKE SHARE

bike share

1228 East 7th Ave, Tampa FL 33605 CoastBikeShare.com

Companies

CycleHop is a professional service organization focused on planning, launching, and operating world-class bike share programs. CycleHop is a Florida based business and has over 20 years of experience in bike share, bike rental, and bike commuting facilities. Currently CycleHop is in the process of implementing programs in Tampa and St. Petersburg as Coast Bike Share, as well as a system in Orlando, among others across the nation, in partnership with Social Bicycles.

Social Bicycles is a US based company that provides the industry's best-in-class bike share platform and is working to bring bike share to a number of Florida municipalities and campuses. Featuring GPS tracking and an integrated lock that works with affordable bike racks, the SoBi system is the ideal fit for Florida's streets.

Benefits of Bike Share and the New Technology

Bike share is designed to be the last mile solution to mass transit, providing a quick and easy way to get from doorstep to doorstep. In addition, as users are slower, in a more pedestrian form of traveling, serendipitous trips are increased with each trip on average producing \$7 in local spending. Add to that the cost benefits and improvement of health for users and bike share is a truly unique form of transit.

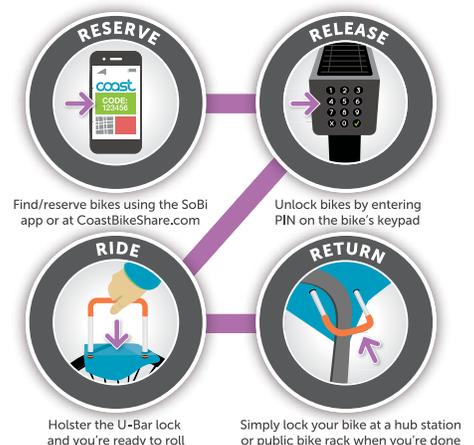

Tampa's system will be one of the first large scale implementations in the U.S. that features GPS tracking technology on every bike. This enables individual users to track valuable metrics, such as miles traveled, calories burned, pounds carbon reduced, and dollars saved by biking. An even greater value to this technology is that it also provides municipalities with specific route data, enabling more precise placement of biking infrastructure based on demand, saving time, money, and ultimately lives.

How it Works

A user can engage with this new fourth generation system in two different ways. The first, modeled after traditional bike share systems, allows a user to visit a kiosk. The second, and most innovative, allows a user to find and reserve a bike on their smart phone. From there, both methods follow the same procedure of release, ride, and return.

Rates in the Tampa system range from \$5 an hour to annual membership at \$79. All memberships include 1 hour of free ride time.

Addressing A Growing Public Safety Crisis

Every 5 seconds there is a collision on our roads, costing thousands of lives and billions of dollars

An average of 93 people die each day in vehicle crashes – one every 15 minutes

Estimated cost of vehicle collisions is \$300B each year – or 2% of U.S. GDP

Florida

281,340 Traffic Crashes

198,032 Injuries

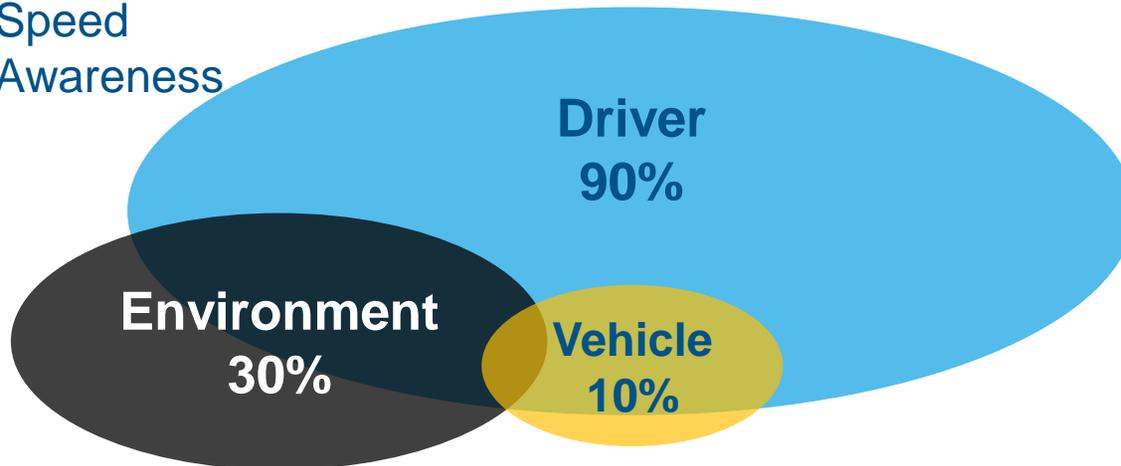

2,430 Fatalities

Sources: US Department of Transportation; National Safety Council; Center for Disease Control; 2012 Crash Facts Annual Report by the Florida Department of Highway Safety and Motor Vehicles

90% of Collisions Are Preventable

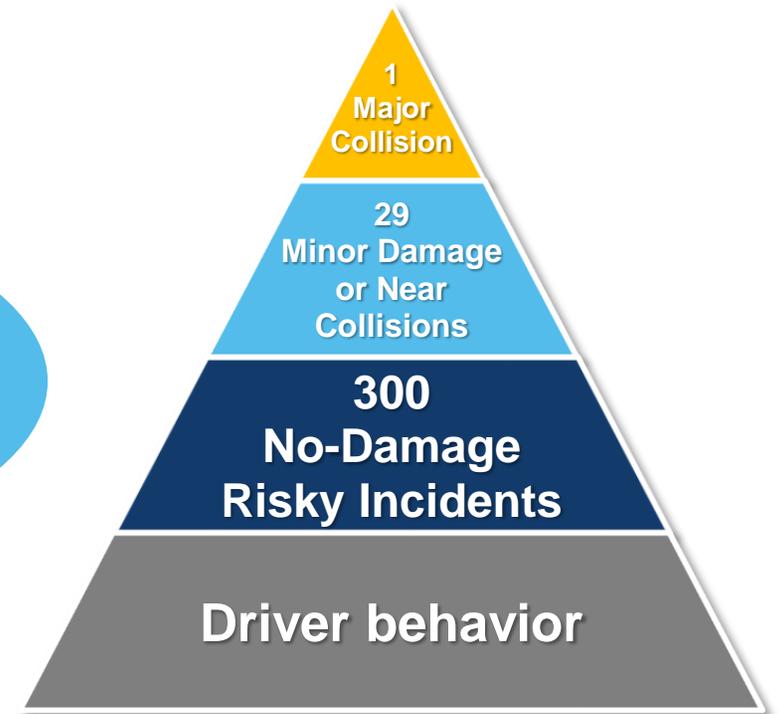

CAUSE OF COLLISIONS

- ✓ Distraction
- ✓ Speed
- ✓ Awareness

- ✓ Limited Visibility
- ✓ Road Design
- ✓ Weather

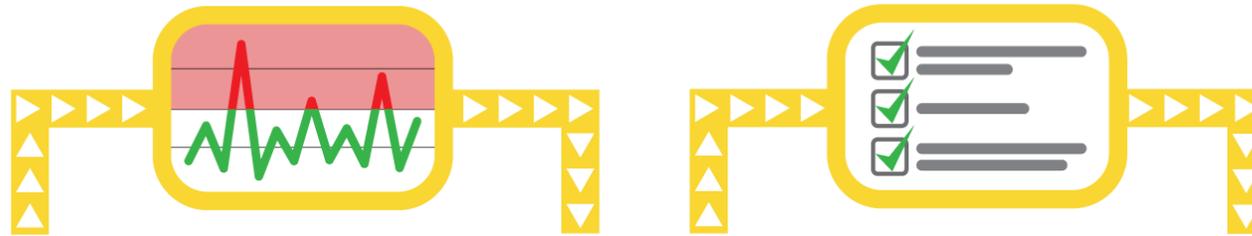

- ✓ Blind Spots
- ✓ Tire Failure
- ✓ Mechanical Failure

Changing risky behaviors is the only way to reduce the risk of actual collisions

DriveCam Powered by Lytx™

Event-Based Device

Device activated by sudden change in G-Forces; captures 12 seconds of video/audio data

Expert Review

Securely uploads data to expert reviewers who analyze data for risk

Coaching and Improvement

Data then used to coach and return safer drivers to the road

Proven Results

- › Reduced vehicle collisions by 73%
- › Reduced average annual auto claim payouts by 78%

- › Reduced vehicle collisions by 70%
- › Reduced auto liability by \$3.1M

- › Federal Motor Carrier Administration sponsored study analyzed two fleets
- › Reduced number of risky driving events by 52.2% in the first fleet and 37% in the second fleet

- › Major collisions decreased 75%
- › Reduced workers compensation claims by 50%

Improving Driving Behavior

Improving Driving Behavior

Protecting Drivers

Lytx Inc.

Del Lisk
Vice President, Safety Services
February 20, 2014

Delivering insights. Driving results.

DriveCam
POWERED BY Lytx 

Proven Results

Proven to protect over 450,000 drivers in more than 500 fleets, DriveCam Powered by Lytx™ delivers results.* Major fleet operators return to DriveCam year-after-year because they realize millions of dollars in savings and indirect benefits when they:

"The DriveCam Program provides us with more than just technology. They provide the service and support we need to improve and grow our business."
 – Waste Management

REDUCE COLLISIONS

Fleet operators see collisions cost reductions of up to 80% in Property & Auto Liability and Workers Compensation claims.

REDUCE FRAUDULENT CLAIMS

Exception-based video captures indisputable evidence when an event occurs, protecting drivers and fleets from fraudulent or other errant claims.

REDUCE FUEL USE

Typical reduction of up to 12% through the management of efficient driving, excessive idling and speeding.

Fleets also realize a variety of important indirect benefits from developing and maintaining a world-class safety culture.

With the DriveCam Program, you'll:

- Protect your drivers from the devastating impact of being involved in a collision – and exonerate them when they are in a no-fault collision.
- Protect your brand by minimizing high-profile collisions that receive broad media coverage.
- Exemplify good corporate citizenship by contributing to a safer and more environmentally conscious community.

*As of November 2013

The DriveCam Online® Experience

With 24/7 secure access, DriveCam Online provides the important information you need to monitor fleet risk, prioritizes what you need to maximize your safety program and provides the necessary tools for coaching your drivers to improve their driving behavior. DriveCam Online is your key to Driver Risk Management success.

Role-based Home Pages

Including an inbox and a variety of dashboards, you can drill into specifics about a driver or group.

3-Step Coaching Process

To help guide you through ...

1. Coaching Behaviors (video and non-video)
2. Selecting an Action Plan
3. Conduct the Coaching Session

Driver Score Ranking			
Unidentified Drivers: 2.1%			
Rank Number	Driver	Home Group	Rank
1	Butch Leifless	San Diego	● HIGH
2	Larry Garner	San Diego	● HIGH
3	Nate Macdels	Escondido	● NEED
4	Trevor Hoffman	San Diego	● NEED
5	Josh Boseman	San Marcos	● NEED
6	Russ Peterson	East County	● NEED
7	Michael Shilling	Downtown	● LOW
8	Kristen O'Neil	Orange County	● LOW
9	Nikki Kalipolis	San Diego	● LOW

Driver Score Ranking

Using our new Driver Safety Score, you can now identify your safest drivers, as well as those with a higher probability of being involved in a collision.

How the DriveCam Program Works

The DriveCam Program – powered by the Lytx engine – identifies, prioritizes and helps prevent the causes of poor driving before they lead to a collision. This “programmable approach” helps clients transform their safety culture and ensures bottom-line results: preventing collisions, fraudulent claims and wasted operating expenses – while protecting their drivers and their brand.

- 1 MONITOR DRIVING; PROVIDE REAL-TIME FEEDBACK**
The DriveCam video event recorder captures driving behavior data and provides real-time driver feedback.
- 2 UPLOAD VIDEO & DATA**
Exception-based video and data are uploaded via a secure wireless connection to the DriveCam Review Center – and are immediately available to the client.
- 3 ANALYZE, SCORE & PRIORITIZE**
Proprietary predictive data analytics, combined with expert video review, highlight the causes of poor driving and prioritize actions needed to reduce fleet risk and operating costs.
- 4 ACCESS DRIVER MANAGEMENT PORTAL**
Configurable alerts direct clients to online tools, including dashboards for company-wide visibility and accountability, and analysis of risky driving behaviors.
- 5 COACH DRIVER**
Flexible coaching and training methods are applied based on operational capabilities and organizational profiles.
- 6 SAFER DRIVER RETURNS TO THE ROAD**
Continuous monitoring verifies that lessons have been applied, resulting in safer drivers and fewer collisions.

Ensuring your program is on track, DriveCam program reviews provide benchmarking and best practices specific to your operations and industry. In addition, proprietary video and data analysis provide a complete profile of drivers and driving, allowing for objective comparisons of driver to driver, site to site, region to region and company to industry.

Why Companies Choose the DriveCam Program

During the decision making process, there are many considerations when evaluating driver risk management, fuel management and fleet tracking services. Read why companies are choosing the DriveCam solution to protect their drivers, their vehicles and their community.

“DriveCam is the first system I have seen that is proactive, instead of reactive. In the first six months we saw a 50% reduction in minor vehicle accidents, a 50% reduction in workers’ compensation claims and a 70% decrease in risky driving behavior.” – US Foods

“Through our use of the DriveCam Program, we are able to reduce litigation and exonerate drivers.

We have saved hundreds of thousands in litigation costs on frivolous claims since implementing the program.” – Cargo Transporters

“Greyhound’s number one focus has always been the safe

transportation of millions of passengers every year across North America, and incorporating DriveCam is one more way we are able to reinforce this focus.” – Greyhound

Value-Added Solutions

Fuel Management

The innovative behavior-based DriveCam Fuel Management Solution can help improve fleet performance. Integrated into DriveCam Online, our solution combines real-time in-cab feedback with online reporting and coaching to improve fuel efficiency – by up to 12% - and lower emissions.

Fleet Tracking

Get a real-time view of their fleet operations – helping to ensure compliance and improve productivity – with immediate access to real-time status, trip history and a full suite of reports. Seamlessly integrated into DriveCam Online, there’s no need for additional in-cab equipment, extra peripherals or extra software.

Lytx Engine

Our Lytx Engine™ is powered by human intelligence combined with state-of-the-art predictive analytics and statistical machine learning technologies. In the field, our devices are equipped with real-time automated decision algorithms that determine when data should be captured and stored. In our data centers, automated decision algorithms prioritize, store and route selected data to our human-powered internal processes.

We capture data from multiple sensors embedded in the work environment. In vehicles, our device captures signals from accelerometers, GPS systems, engine control units, video, microphones and advanced safety systems. To make sense of these signals, we have developed and deployed real-time decision algorithms that continuously monitor the sensor stream to determine the likelihood of risky driving behaviors.

The Lytx Engine applies advanced predictive models to prioritize, select and route data to review centers where teams of expert reviewers identify and verify behaviors from video events, adding structured labels to the data. These labels provide the basis for our scoring algorithms and for the continuous improvement of the predictive models that power our real-time decision algorithms in our sensors and servers. Our scoring algorithms and statistical models enable us to create driver safety and coaching effectiveness models that are examples of the tools we use that predict the likelihood of future collisions. These important predictors help safety managers and coaches understand and prioritize their areas of focus. Our constantly growing database enables us to refine and improve our ability to predict risky behaviors so that we can deliver even more value to our clients.

Our data analytics teams include scientists and analysts who apply statistical analysis, feature engineering and data-driven machine learning to develop decision algorithms and predictive models that support our human-powered processes. Over the years, we have learned how to maximize the effectiveness of these processes to help our customers drive positive change throughout their organizations.

Lytx stands for the entire process of Sense, Predict, Prevent (SPP)™. Using our technology, we analyze the data we gather, distill it into actionable insights and leverage it in ways that empower our clients to be safer, better companies.

Lytx, Inc., San Diego, California, USA 858.430.4000 866.419.5861 info@lytx.com www.lytx.com

At Lytx (formerly DriveCam, Inc.), we harness the power of data to change human behavior and help good companies become even better. Our flagship product, DriveCam powered by Lytx™, sets the standard for driver safety in the industries we serve, and our RAIR™ Compliance Services helps DOT-regulated fleets comply with safety regulations, complementing the DriveCam program. We protect drivers from more than 500 commercial and government fleet clients worldwide who drive more than 20 billion miles annually. Our clients realize tremendous ROI by lowering operating and insurance costs, while achieving greater efficiency and compliance. Most of all, we strive to help save lives – on our roads and in our communities, every day. Lytx is privately held and headquartered in San Diego. For more information, visit www.lytx.com.

5. SPACEX

SpaceX Company Overview

SpaceX designs, manufactures, and launches the world's most advanced rockets and spacecraft. The company was founded in 2002 by Elon Musk to revolutionize space transportation, with the ultimate goal of enabling people to live on other planets. Today, SpaceX is advancing the boundaries of space technology through its Falcon launch vehicles and Dragon spacecraft.

Transforming the Way Rockets Are Made

SpaceX's proven designs are poised to revolutionize access to space. Because SpaceX designs and manufactures its own rockets and spacecraft, the company is able to develop quickly, test rigorously, and maintain tight control over quality and cost. One of SpaceX's founding principles is that simplicity and reliability are closely coupled.

Making History

SpaceX has gained worldwide attention for a series of historic milestones. It is the only private company ever to return a spacecraft from low-Earth orbit, which it first accomplished in December 2010. The company made history again in May 2012 when its Dragon spacecraft attached to the International Space Station (ISS), exchanged cargo payloads, and returned safely to Earth—a technically challenging feat previously accomplished only by governments. In October 2012, SpaceX began official cargo resupply to the ISS in October 2012, with the first of 12 commercial resupply (CRS) missions.

Advancing the Future

Under a \$1.6 billion contract with NASA, SpaceX will fly at least 10 more cargo resupply missions to the ISS, for a total of at least 12 —and in the near future, SpaceX will carry crew as well. Dragon was designed from the outset to carry astronauts and now, under a \$440 million agreement with NASA, SpaceX is making modifications to make Dragon crew-ready.

SpaceX is the world's fastest-growing provider of launch services. Profitable and cash-flow positive, the company has nearly 50 launches on its manifest, representing nearly \$5 billion in contracts. These include commercial satellite launches as well as NASA missions.

Currently under development is the Falcon Heavy, which will be the world's most powerful rocket. All the while, SpaceX continues to work toward one of its key goals—developing reusable rockets, a feat that will transform space exploration by radically reducing its cost.

Key SpaceX Milestones

- **March 2002** SpaceX is incorporated
- **March 2006** First flight of SpaceX's Falcon 1 rocket
- **August 2006** NASA awards SpaceX \$278 million to demonstrate delivery and return of cargo to ISS
- **September 2008** Falcon 1, SpaceX's prototype rocket, is first privately developed liquid-fueled rocket to orbit Earth
- **December 2008** NASA awards SpaceX \$1.6 billion contract for 12 ISS cargo resupply flights
- **July 2009** Falcon 1 becomes first privately developed rocket to deliver a commercial satellite into orbit
- **June 2010** First flight of SpaceX's Falcon 9 rocket, which successfully achieves Earth orbit
- **December 2010** On Falcon 9's second flight and the Dragon spacecraft's first, SpaceX becomes the first commercial company to launch a spacecraft into orbit and recover it successfully
- **May 2012** SpaceX's Dragon becomes first commercial spacecraft to attach to the ISS, deliver cargo, and return to Earth
- **August 2012** SpaceX wins \$440 million NASA Space Act Agreement to develop Dragon to transport humans into space
- **October 2012** SpaceX completes first official cargo resupply mission (CRS-1) to the ISS, delivering and returning critical supplies
- **September 2013** First flight of SpaceX's upgraded Falcon 9 rocket, with successful reentry of the first stage booster
- **December 2013** First flight of Falcon 9 to geosynchronous transfer orbit

Profile

SpaceX is a private company owned by management and employees, with minority investments from Founders Fund, Draper Fisher Jurvetson, and Valor Equity Partners. The company has more than 3,000 employees at its headquarters in Hawthorne, California; launch facilities at Cape Canaveral Air Force Station, Florida, and Vandenberg Air Force Base, California; rocket development facility in McGregor, Texas; and offices in Houston, Texas; Chantilly, Virginia; and Washington, D.C.

For more information, including SpaceX's Launch Manifest, visit the SpaceX website at spacex.com.

6. TESLA

ABOUT TESLA

Tesla's goal is to accelerate the world's transition to electric mobility. Palo Alto, California-based Tesla designs and manufactures EVs and EV power train components for partners such as Toyota and Daimler. Tesla has delivered more than 2,400 Roadsters to customers worldwide. Model S, the first premium sedan built from the ground up as an electric vehicle, began deliveries in June 2012. Tesla has delivered more than 25,000 electric vehicles to customers in 31 countries.

Tesla was founded in Palo Alto, California in 2003 by a group of engineers who set out to prove that electric vehicles could be the best cars in the world. A Silicon Valley approach means we move fast and constantly innovate. Tesla technology offers the most efficient path to a sustainable energy future. Our batteries and powertrains aim to lessen global dependence on petroleum-based transportation and drive down the cost of electric vehicles. By cooperating with other car manufacturers, we hope to put more electric cars on the road. Every Tesla and EV using our technology is a step towards making increasingly affordable electric cars available.

MODEL S

FACTS AND FIGURES

- Model S is the world's first electric premium sedan. It's also the first premium sedan to be built from the ground up as an electric vehicle.
- Model S is a four-door, sportback sedan with seating for five adults, and an option to add seating for two children with rear facing child seats.
- Model S can plug into any conventional 120v or 240v outlet to charge, and can be charged for up to 50% battery capacity in 20 minutes with a Tesla Supercharger.
- Model S is offered with two battery pack options: 60 kWh and 85 kWh. It has the longest range of any electric vehicle in production. The 85 kWh battery achieves 265 miles of electric vehicle range using the 5-cycle EPA test procedure. The 65 kWh battery has an EPA rating of 208 miles.
- In the U.S., Model S starts at \$69,900 after the U.S. federal tax credit. Detailed pricing information can be found [here](#).

PRODUCT OVERVIEW

Model S is the world's first premium sedan built from the ground up as an electric vehicle and has been engineered to elevate the public's expectations of what a premium sedan can be. At the heart of Model S is the proven Tesla powertrain, delivering both unprecedented range and a thrilling drive experience. With a rigid body structure, nearly 50/50 weight distribution and a remarkably low center of gravity, Model S offers the responsiveness and agility expected from the world's best sports cars while providing the ride quality of a luxury performance sedan.

Model S has received many awards and accolades during its first year on the market, including:

- ✓ Motor Trend 2013 Car of the Year©,
- ✓ AUTOMOBILE Magazine 2013 Automobile of the Year,

- ✓ the 2013 Yahoo! AUTOS Car of the Year,
- ✓ TIME's Best Invention of the Year 2012,
- ✓ Consumer's Reports highest score ever given to a car,
- ✓ AOL Auto's second annual Technology Of The Year award, and
- ✓ NHTSA 5-star safety rating.

Setting the bar for electric driving range, Model S offers 60 kWh and 85 kWh battery options. All deliver unprecedented range, with the 85 kWh variant achieving an EPA-certified range of 265 miles. Both batteries use automotive-grade lithium-ion cells arranged for optimal energy density, thermal management, and safety.

Without an internal combustion engine or transmission tunnel, the interior of Model S has more cargo space than any other sedan in its class and includes a second trunk under the hood. The Model S interior features a 17" in-dash touchscreen with Internet capabilities, allowing for streaming radio, web browsing and navigation.

For more information on Model S, please visit www.teslamotors.com/models.

SUPERCHARGER

The technology at the heart of the Supercharger was developed internally and leverages the economies of scale of existing charging technology already used by the Model S, enabling Tesla to create the Supercharger device at minimal cost. Tesla Superchargers allow Model S owners to travel for free between cities along well-traveled highways in North America. The Tesla Supercharger is substantially more powerful than any charging technology to date, providing up to 120 kilowatts of power and replenishing half a charge in twenty minutes. Supercharger stations are strategically placed to allow owners to drive from station to station with minimal stops. Stations are located near amenities like roadside diners, cafes, and shopping centers so road trippers can stop for a quick meal and have their Model S charged by the time they're done.

There are currently fifty-eight supercharger locations in the United States and fourteen in Europe. In 2013, Tesla completed a route enabling Model S owners to drive free between San Diego, California and Vancouver, BC. This winter Tesla will complete a cross-country route allowing owners to drive free between Los Angeles and New York and an East Coast route connecting Miami and Boston.

For more information on Supercharger, please visit www.teslamotors.com/supercharger.

MODEL X

FACTS AND FIGURES

- Model X comfortably seats seven adults in three rows of seats. Tesla's flat battery, positioned along the floor of the vehicle, allows unprecedented cargo space and a second trunk under the hood.
- Model X will offer Dual Electric Motor All Wheel Drive for superior all-weather driving. Tesla's AWD system detects slippage and immediately redirects torque and power to maintain stability and deliver maximum performance. Unlike in a combustion engine vehicle, Dual Electric Motor AWD offers improved traction without sacrificing efficiency or acceleration.

- The first of their kind, Falcon Wing doors open up and out of the way, creating unrivaled access. The Falcon Wing doors allow an adult to stand in the middle row, for convenient positioning of a child seat. Sliding second row seats offer easy access to the third-row.
- Model X will be offered with a 60 or 85 kWh battery. It will come equipped with the Tesla touchscreen, the 17" in-dash display that includes driver controls, vehicle apps, and web connectivity. It will be offered with a panoramic roof and a premium interior.
- Model X will be priced competitively with premium SUVs. It will be built at the Tesla Factory in Fremont, CA. Production begins in 2014.

PRODUCT OVERVIEW

Model X is designed from the ground up to blend the best of an SUV with the benefits of a minivan, as only an electric car can. It is an automobile above category, built around the driver—and six of her friends. It artfully provides unfettered performance and brilliant functionality.

Model X is a family vehicle with performance roots. The Tesla Vehicle Platform enables Model X to perform in ways never expected from a car of its size. With a center of gravity lower than any other SUV, you'll notice nimble reflexes at every turn. The electric powertrain delivers instant torque for confident lane changes, even when loaded with seven adults and all their gear.

Model X is offered with optional Dual Motor All-Wheel Drive. The second motor enables more than all-weather, all-road capabilities: it increases torque by 50%. When outfitted with AWD, Model X Performance accelerates from 0 to 60 mph in less than 5 seconds, outperforming the fastest SUVs and many sports cars.

For more information on Model X, please visit www.teslamotors.com/modelx.

Need for more stylish
transportation options at an
affordable price

What Makes Uber Different?

Why Drivers Love Uber

- Fills out down-time, increases utilization
- Sedans can make 30-50% more per hour
- Taxi drivers can triple current earnings
- Financial freedom: Technology provides lead generation for small businesses
- Professional freedom: no scheduled shifts or minimum hours

Why Riders Love Uber

- Highest quality transportation with the fastest response time
- Brings unprecedented accountability and transparency to transportation services
- Reliable and classy way to get around
- Timely customer service at all price points
- Get to meetings on time, be productive on your way

Why Cities Love Uber

- More choice in transportation
- Higher reliability and access in all neighborhoods
- Attractive to business travelers and tourists
- Curbs drinking and driving
- Parking problems significantly reduced
- Reduces two-car households
- Greater accessibility to local businesses

// Every ride facilitated by Uber involves

1. A licensed, interviewed and insured driver
1. A licensed, inspected and insured vehicle
1. A fully transparent and cashless transaction between rider and driver
1. Actionable feedback

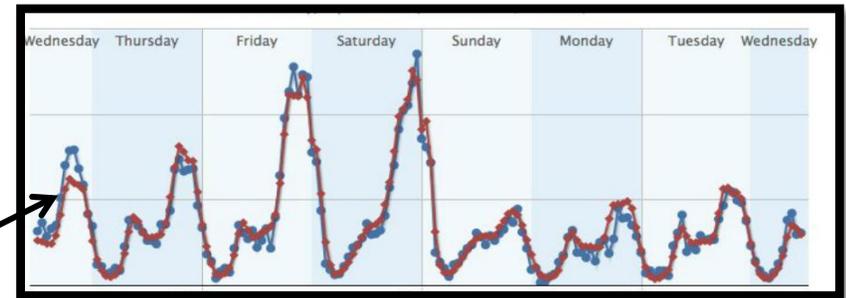

// Technology
