Ride Along With Miami-Dade Fire Rescue

Miami-Dade County is blessed to have the best group of firefighters in the country. I was excited to be able to ride along with the men and women of Miami-Dade Fire Rescue as they serve our District 40 community. They are simply incredible.

I was able to ride in a fire truck, help transport a patient, and spend time with the incredible team of Metro-Dade Firefighters Local 1403. Our firefighters are my heroes and I can't wait to go on another ride along with them!

Senator Annette Taddeo signed and submitted her response to a poll to determine whether the Legislature would meet to provide more funding for public schools.

We Must Fund Public Education

I believe that our students deserve more than the embarrassing \$.47 per student increase that the legislature gave our kids this year. We must fix this for our children...That's why I demanded that the legislature reconvene for a special session so that we can give our students the much needed funding that they deserve.

I voted "yes" and then submitted my signed form, but too many of my fellow elected officials are complacent when it comes to providing funding for our students. The call for a special session may have failed, but I will continue to fight to take care of our kids, teachers, and school staff. Education must be a priority and I will continue to do everything in my power to make sure that our public schools get what they deserve.
