1. Title of Project: Pulse Nightclub shooting relief and recovery efforts

2. Senate Sponsor: Linda Stewart

3. Date of Submission: 10/06/2017

4. Project/Program Description:
   In the Pulse Shooting on June 12, 2016, 49 individuals were killed and 53 others were injured. Approximately 320 individuals were in the club during the incident. For those victims that are deceased, conservatively estimate ten impacted survivors for another 490 individuals directly related to the crime. The multiplier is weighted to assume a higher risk applicable to those experiencing traumatic grief at the loss of a loved one and those experiencing additional stressors during recovery from physical and psychological injuries sustained in the attack. This means that there is a potential population of 810 individuals directly impacted, with an unknown number of caregivers for the 53 injured individuals. Those who have secondary trauma and also require outpatient medical and mental health services are estimated to be between 1,000-3,000. As one of the few licensed health/mental health providers in the region, Two Spirit Health Services, Inc. is committed to serving this population.

   a. What is the specific purpose or goal that will be achieved by the funds requested?

      We anticipate a total of 4,506 units of service in FY 2018-19 to serve 541 unduplicated patients. This requested funding will provide 2,904 units of service to 357 unduplicated patients. We can track these deliverables through our Electronic Medical Record, which identifies how many unduplicated patients are being treated and what services (medical, mental health, or both) they are receiving.

   b. What are the activities and services that will be provided to meet the intended purpose of these funds?

      Comprehensive outpatient medical and mental health services.

   c. How will the funds be expended?

      | Spending Category | Description | Amount |
      |-------------------|-------------|--------|
      | Administrative Costs | | |
      | ☑ Executive Director/Project Head Salary and Benefits | CEO/COO/Office Manager/Executive Assistant | 107,517 |
      | ☑ Other Salary and Benefits | Employer paid taxes | 8,063 |
d. **What are the direct services to be provided to citizens by the appropriations project?**
   
   Comprehensive outpatient medical and mental health services.

e. **Who is the target population served by this project? How many individuals are expected to be served?**
   
   Members of the Central Florida community who were in the Pulse nightclub at the time of the shooting, loved ones of those in the club, and general members of the community who feel adversely affected by the shooting and are experiencing some degree of secondary or tertiary trauma. This requested funding will provide 2,904 units of service to 357 unduplicated patients.

f. **What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**
   
   Patients who received services during a given month will be emailed a customer satisfaction survey, which assesses the degree to which we are providing high-quality, professional, competent, and linguistically and culturally appropriate services. Patients are also asked to fill out a PTSD questionnaire at intake to assess their symptoms. A post-test can be administered at the end of the FY to assess change along scored dimensions. The expected benefit will be a healthier patient population.
