1. **Title of Project:** Florida Forensic Assertive Treatment Team (FACT)

2. **Senate Sponsor:** Greg Steube

3. **Date of Submission:** 10/23/2017

4. **Project/Program Description:**

Coastal Behavioral Healthcare is requesting funding for a new FACT program in Sarasota County. The primary target population will be adults with severe mental illnesses who are homeless or at risk of homelessness and are involved or at risk of involvement with the criminal justice system. FACT programs are nationally recognized Evidence Based Practices for serving this population. Many of the individuals enrolled will have co-occurring substance use disorders. The state currently funds 32 such programs across the state. FACT teams consist of 12 staff members including a psychiatrist, peer specialist, nurses, case managers, housing specialist, criminal justice specialist, and mental health and substance use treatment therapists. They work as a team to provide services to 100 individuals. Almost all services are delivered in the community including in people's homes. Local match is not required of FACT programs.

10. Is future-year funding likely to be requested?

Yes

a. If yes, indicate non-recurring amount per year.

$1,362,111

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The FACT program is designed to provide intensive services for persons with severe and persistent mental illnesses. The goals of the program include; more stable housing, improved mental health, healthier lifestyles, fewer risk-taking behaviors and reduced involvement with the acute care and criminal justice systems.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

Creation of a multidisciplinary team with responsibility for the provision of the majority of treatment, rehabilitation, and support services for a designated number or persons with severe and persistent mental illness. Funding will also be used to provide housing subsidies, medications and other incidental items needed to live and succeed in the community.

c. How will the funds be expended?

d. What are the direct services to be provided to citizens by the appropriations project?

FACT services are a bundled package of services for high risk individuals. The team includes a peer specialist, psychiatrist, two nurses, criminal justice specialist, mental health and substance abuse therapists, case managers, and housing specialists. Almost all services are performed in the community including in people's homes.

e. Who is the target population served by this project? How many individuals are expected to be served?

Individuals with severe mental illnesses or dually diagnosed with mental health and substance abuse disorders involved or at risk of involvement in the criminal justice system or who are homeless and at risk of homelessness.

f. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

More stable housing, improved mental health, healthier lifestyles, fewer risk-taking behaviors and reduced involvement with the acute care and criminal justice systems. Coastal will monitor, track and report on these measures.

g. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

DCF and managing entities set performance expectations for all of the contracts they execute with providers. FACT programs are no exception. In addition to the regular performance and outcome measures, DCF and
managing entities could consider measuring reduction in acute care hospital and CSU admissions and reductions in involvement in criminal justice system. Coastal will monitor, track and report on these measures.
