## Local Funding Initiative Request - Fiscal Year 2018-2019

1. **Title of Project:** Hardee County Regional Potable Water Service Improvements, Phase 2

2. **Senate Sponsor:** Denise Grimsley

3. **Date of Submission:** 11/09/2017

4. **Project/Program Description:**

This project provides for extension of potable water lines and appurtenances to include 23 nitrate impacted private well homes in the residential area of Wauchula Hills affecting approximately 400 to 600 homes. The families living here are economically depressed and the median household income is greatly below State averages, low and low-to-moderate incomes. The project protects public health by providing central provider infrastructure for clean, safe waters to residents through eliminating reliance within the region to use of individual home site wells in an area where waters are made hazardous from failing/leaking septic systems. It augments and supports FDEP and SWFWMD, Peace River Basin Plan and water quality standards for the Peace River and Charlotte Harbor Estuary Basins. The project is located in a Rural Area of Economic Opportunity.
