d. What are the direct services to be provided to citizens by the appropriations project?
   We will provide programs and future programs conducive to community needs assessments such as providing needed shelter during catastrophic weather conditions, food ministries, pastoral care, counseling, enhancing computer efficiencies for senior citizens, after school programs providing room to bloom, psycho-social and substance abuse counseling, health care symposiums, and network referrals.

e. Who is the target population served by this project? How many individuals are expected to be served?
   Disabled, seniors, young adults, youths, and general public of Miami-Dade County with expectations of serving approximately 500 or more individuals.

f. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?
   The expected outcome of this project is to have a completely functional state-of-the-art facility. The expected benefit will be to provide a safe environment for those entering our doors and to house and provide services for the aforementioned programs with greater efficiency. The outcome will be measured by consistently conducting Intake and Exit Surveys and evaluations, extensive analysis, data collection, and performance management which will be measured using the PDSA (Plan-DO-Study-Act) Model.

g. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?
   Withholding of funds.
