d. What are the direct services to be provided to citizens by the appropriations project?

To provide a facility designed to meet the needs of the physically challenged, to promote the overall health and well being of the community

e. Who is the target population served by this project? How many individuals are expected to be served?

The center will be available for all residents. Attendance will vary, but it is expected to serve 100-150 individuals.

f. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

To provide free access to a facility where the physically challenged can have full access to a facility which is designed specifically to meet their needs.

g. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The greatest penalty, will be the failure to improve the live and well being of our physically challenged community. But we will accept any reasonable suggestion.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.
