

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2019-2020

LFIR#: 1016

1. Title of Project: Golden Beach Landfall Team Bunker & EOC Hardening

2. Senate Sponsor: Jason Pizzo

3. Date of Submission: 01/16/2019

4. Project/Program Description:

The Northeast Miami-Dade region lacks a hardened facility to house Emergency Landfall Teams during natural or man-made disasters. We propose to build such a facility as part of our proposed new Civic Center (Town Hall and Police Complex). The project, when constructed, will be the first of its kind in the state. Currently the barrier island cities along the east coast do not have a hardened facility for emergency response teams.

5. State Agency to receive requested funds : Executive Office of the Governor

State Agency Contacted? No

6. Amount of the Nonrecurring Request for Fiscal Year 2019-2020

Type of Funding	Amount
Operations	
Fixed Capital Outlay	1,000,000
Total State Funds Requested	1,000,000

7. Total Project Cost for Fiscal Year 2019-2020 (including matching funds available for this project)

Type of Funding	Amount	Percent
Total State Funds Requested (from question #6)	1,000,000	50.00%
Federal	0	0.00%
State (excluding the amount of this request)	0	0.00%
Local	1,000,000	50.00%
Other	0	0.00%
Total Project Costs for Fiscal Year 2019-2020	2,000,000	100.0%

8. Has this project previously received state funding? No

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	NonRecurring		

9. Is future-year funding likely to be requested? No

10. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits

Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	The Northeast Miami-Dade region lacks a hardened facility to house Emergency Landfall Teams during natural or man-made disasters. We propose to build such a facility as part of our proposed new Civic Center (Town Hall and Police Complex).	1,000,000
Total State Funds Requested (must equal total from question #6)		1,000,000

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The funds will assist with the creation of an Emergency Operations Center for the Northeast Miami-Dade region for emergency response teams to use as a command post during natural or man-made disasters. By having the EOC in this location, emergency teams will be available to assist persons in need immediately following these situations.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

These funds will specifically be used to harden and make a safe space within the proposed Civic Center, guaranteeing immediate access to first responders following an occurrence.

c. What are the direct services to be provided to citizens by the appropriations project?

Access to first responders before, during, and after a natural or man-made occurrence.

d. Who is the target population served by this project? How many individuals are expected to be served?

All municipalities on the barrier islands of Northeast Miami-Dade and Southeast Broward Counties, which include: Hollywood, Hallandale, Sunny Isles, Surfside, and Bal Harbour.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome is that emergency response teams will be closer to the area should an emergency situation arise where their services are immediately needed. They will be able to get to individuals in need more swiftly and safely. In addition, these teams will be housed in a safer structure so as to also protect their own well-being during an emergency event.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Repayment of state funds.
