Consultants/Contracted Services/Study		
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning	Traffic calming devices to be installed throughout the Village	500,000
Engineering		
Total State Funds Requested (must equal total from question #6)		500,000

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The installation of traffic calming measures would reduce speeding and other traffic infractions as well as accidents in our residential neighborhoods.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

N/A

c. What are the direct services to be provided to citizens by the appropriations project?

Reduction of traffic, speeding, and accidents on residential streets.

d. Who is the target population served by this project? How many individuals are expected to be served?

Most residential streets experience cut through traffic due to the traffic apps that redirect traffic through the Village. The target population are those residents living on approximately 100 various streets throughout the Village that are impacted by traffic.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Reduced speeds and accidents in residential neighborhoods can be measured by reduction in tickets and reports for accidents.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Return funds to the state.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.

Miami Shores Village.
