## 11. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The requested funds will be used to rebuild the state and local roads that will be impacted as the City of St. Pete Beach expands its wastewater transmission system, which will minimize future sanitary sewer overflows and create capacity to immediately facilitate commercial development and redevelopment projects.

b. What activities and services will be provided to meet the intended purpose of these funds?

Improved infrastructure conditions.

c. What direct services will be provided to citizens by the appropriation project?

Improved infrastructure conditions.

d. Who is the target population served by this project? How many individuals are expected to be served?

All visitors and residents of St. Pete Beach.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Restore the road and improve circulation along St. Pete Beach's major corridor - replacing half of the roadway surface with new asphalt. Roadway condition is annually inspected by FDOT.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Standard contract penalties are sufficient.
