

- 1. **Project Title** Miami Springs: Erosion Control and Stabilization of Drainage
- 2. Senate Sponsor Manny Diaz
- 3. Date of Request 10/21/2019

4. **Project/Program Description**

Funding is requested to address the safety and flooding issues on S. Royal Poinciana Blvd. This design not only reduces the number of lanes on S. Royal Poinciana Boulevard from four lanes to one lane in each direction, it also adds a green median to absorb rainwater; reducing flooding in the area. These alterations also provide an added benefit - allowing bicyclists to ride safely.

11. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

This is a much-needed public safety & water quality project that the City seeks funding to continue. Approved by the City Council on 01/11/2016, the Phase I contract stabilized the area by the elementary school, bus, and emergency vehicle routes. Phase II & III will address the critical situation that threatens the residential area through which the canal passes.

b. What activities and services will be provided to meet the intended purpose of these funds?

Preservation of 50+ mature trees currently in danger of toppling due to erosion of exposed embankment sill and roots.

c. What direct services will be provided to citizens by the appropriation project?

Stabilization of canal bank to elimiate hazards caused by roadway collapse.

d. Who is the target population served by this project? How many individuals are expected to be served?

Residents of Miami Springs - 14,424 residents

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Decreased residential flooding by improved drainage and water floow of stormwater runoff. Decrease in stagnation, sedimentation, trees, and other organic and non-organic debris in impaired water body due to stabilization of collapsing embankments.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Revocation of funding if project is not completed.

12. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
