The Florida Senate
Local Funding Initiative Request
Fiscal Year 2020-2021

LFIR # 1108

1. **Project Title**
   Penney Farms Potable Water Update of Deteriorating Sections of Piping

2. **Senate Sponsor**
   Keith Perry

3. **Date of Request**
   10/24/2019

4. **Project/Program Description**
   The potable water system for Penney Farms was installed many years ago and repairs over these years were made using whatever type and size of piping was available. Although some mains have been upgraded with PVC, as funding allowed, most of the residential streets still have galvanized iron that is quickly deteriorating and one section in the central section has metal pipes with lead joints, which are constantly monitored and show no leakage into the water. Although Town water tests show a good quality of water being delivered to residents, removal for the lead joints is high on the priority list. If appropriations funding was made available to the Town in 2020-2021, the goal would be to install PVC piping in residential areas to replace galvanized iron and replacement of the section with lead joints. Such a project would upgrade the water utility in advance of rapidly approaching development.

5. **State Agency to receive requested funds**
   Department of Environmental Protection
   State Agency contacted?  ○ Yes  ● No

6. **Amount of the Nonrecurring Request for Fiscal Year 2020-2021**

11. **Program Performance**
   
a. What specific purpose or goal will be achieved by the funds requested?
   
   **Goal:** To update the potable water infrastructure, within the Town of Penney Farms ahead of imminent development, remove potential future hazards from the system and reduce water shut-offs to make necessary repairs
   
   b. What activities and services will be provided to meet the intended purpose of these funds?
   
   1. Replacement of sections of galvanized iron piping, preventing potential rust in water
   2. Removal of area of piping with lead joints to alleviate concerns for future health issues
   3. Reduce leaks from pipes and lead joints
   4. Continue to provide the excellent water quality that residents expect
   
   c. What direct services will be provided to citizens by the appropriation project?
   
   1. Water service without the inconvenience of intermittent shut off of service for repairs
   2. Reduction of "boil water" notices, necessary when repairs must be made
   3. Removal of periodic discoloration in water
   4. Water pressure kept more constant because of fewer repairs
   5. Reduced costs for maintenance with PVC
   
   d. Who is the target population served by this project? How many individuals are expected to be served?
   
   All 750 residents of Penney Farms will benefit.
   
   e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?
   
   1. A municipal potable water system that is ready for imminent development
   2. A more efficient water system that reduces unaccounted gallons lost by leakage
   3. Better service to residents with fewer interruptions of service
   4. Reduced concern about occasional discoloration of water and the lead joints
   
   f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?
   
   1. Not funding again for a specific time period
   2.
12. **The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.**

Town Council of the Town of Penney Farms. The Town Council oversees and approves all expenditures made in the name of the town.

13. **Requestor Contact Information**
   
a. First Name  David  
   b. Organization Town of Penney Farms  
   c. E-mail Address penneyfarms@bwllsouth.net  
   d. Phone Number (904)529-9078  
   Ext. N/A

14. **Recipient Contact Information**
   
a. Organization Town of Penney Farms  
   b. Municipality and County Clay  
   c. Organization Type
      - For-profit Entity  
      - Non-Profit 501(c) (3)  
      - Non-Profit 501(c) (4)  
      - Local Entity  
      - University or College  
      - Other (please specify)  
   d. First Name David  
   e. E-mail Address  
   f. Phone Number (904)5299078

15. **Lobbyist Contact Information**
   
a. Name None  
   b. Firm Name None  
   c. E-mail Address  
   d. Phone Number  
   Ext. 
Please complete the questions below for Water Projects only.

16. Have you applied for alternative state funding?
   - [ ] Waste Water Revolving Loan
   - [ ] Drinking Water Revolving Loan
   - [ ] Small Community Wastewater Treatment Grant
   - [ ] Other (please specify) [___]
   - [x] N/A

17. What is the population economic status?
   - [ ] Financially Disadvantaged Community (ch. 62-552, F.A.C.)
   - [ ] Financially Disadvantaged Municipality (ch. 62-552, F.A.C.)
   - [ ] Rural Area of Economic Concern
   - [ ] Rural Area of Opportunity (s. 288.0656, Florida Statutes)
   - [x] N/A

18. What is the status of construction?
   - [ ] Not begun
   - [ ] [___]

19. What percentage of the construction has been completed?
   - [ ] None
   - [ ] [___]

20. What is the estimated completion date of construction?
   - [ ] 12/30/2020
   - [ ] [___]

The information provided will be posted to the Florida Senate website for public viewing if sponsored by a Senator.
