4. **Project/Program Description**

The City of Blountstown Police Department was severely damaged by Hurricane Michael in October 2018. Since this date, the Police Department has been operating out of a rental house within the City. This location is not hardened and does not provide safe or adequate space for the officers and the public they serve. The City is in dire need of a new Police Department that is built to today's standards to provide the citizens high quality law enforcement services. The City currently owns a lot located near the intersection of SR 20 and SR 71 that would provide adequate space for the proposed building.
