Local Funding Initiative Request

Fiscal Year 2020-2021

LFIR # 1814

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. **Project/Program Description**

Replacement of The Dayton bridge and storm water culvert on the M1 canal. The existing metal culvert and bridge are 60 plus years old and are in need of replacement. SJRWMD is currently constructing a weir just east of the culvert which will redirect the flow of water in the M1 canal to the west towards the current culvert. The existing culvert and bridge will be replaced with a new concrete culvert and a new bridge for vehicles. This is one of only two roads which serve as access points to the Town.

11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

Replacement of storm water culvert and vehicle bridge

- b. What activities and services will be provided to meet the intended purpose of these funds?

Construction of new storm water culvert and bridge

- c. What direct services will be provided to citizens by the appropriation project?

This culvert and bridge serves as one of only two entrances to the Town. Replacement will ensure continued access for the residents and emergency services. The new culvert will also allow for a properly functioning storm water discharge through the canal system.

- d. Who is the target population served by this project? How many individuals are expected to be served?

700 plus residents of the town.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The construction of a new culvert and bridge

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

We would return all funding to the state
