13. Details on how the requested state funds will be expended

| Spending Category | Description | Amount |
|---|---|---------|
| Administrative Costs: | • | |
| Executive Director/Project Head Salary and Benefits | | 0 |
| Other Salary and Benefits | | 0 |
| Expense/Equipment/Travel/Supplies/ Other | | 0 |
| Consultants/Contracted Services/Study | | 0 |
| Operational Costs: Other | | |
| Salary and Benefits | | 0 |
| Expense/Equipment/Travel/Supplies/ Other | One Year Platform Subscription (including summer) for approximately 125,000 students at \$4.00/student (includes 24-7 platform access to Muzology on any internet connected device PLUS free teacher accounts, professional development, teacher training and support, platform set up, maintenance and technical support). | 500,000 |
| Consultants/Contracted Services/Study | | 0 |
| Fixed Capital Construction/Majo | r Renovation: | |
| Construction/Renovation/Land/ Planning Engineering | | 0 |
| Total State Funds Requested (m | ust equal total from question #6) | 500,000 |

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

1

The Florida Senate Local Funding Initiative Request Fiscal Year 2023-2024

LFIR # 1012

Goal: Improve math learning, engagement, and achievement among elementary and middle school students, and rapidly fill in learning gaps due to the pandemic. Muzology is a nationally-recognized learning platform that teaches math through the power of music. Muzology uses instructional math music videos (mapped to FL standards) to make learning math fun, engaging and effective for students of ALL levels of proficiency. Muzology is a proven, evidence-based solution for math learning and recovery.

b. What activities and services will be provided to meet the intended purpose of these funds?

FULL access to Muzology's award-winning, digital math platform. Access is 24-7 on any internet connected device. Muzology uses instructional math music videos and associated formative assessments to make math relevant and engaging for ALL students. Muzology is a supplemental learning tool that is mapped to FL standards and evidence-based.

c. What direct services will be provided to citizens by the appropriation project?

Muzology's learning platform (containing instructional math music videos and formative assessments, plus assignment features and student/teacher analytics) will be provided to approximately 125,000 Florida elementary and middle school students identified by DOE. Includes ongoing professional development, training, and support to ensure seamless and effective implementation plus technical support.

d. Who is the target population served by this project? How many individuals are expected to be served?

125,000 students in districts or platforms identified by the DOE.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

To rapidly remediate and close the achievement gap for elementary and middle school students for pre-algebra and algebra readiness. Measurements include in-platform formative math assessments, in-platform engagement metrics, class math grades, class attendance, measures of class behavior issues, state testing scores, teacher reports, student self-reports, and qualitative assessments of math enjoyment, confidence, and self-efficacy.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
