Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2134

1. Project Title
2. Senate Sponsor
3. Date of Request

4. Project/Program Description

The Police Training Facility will include an indoor firing range, state of the art classroom, office space for the training and recruiting section of the police department and storage for training supplies. The addition of the training facility on the City campus will eliminate scheduling issues the department has been experiencing for years with shared facility at IRSC. There are currently approximately 25 agencies and the full-time police academy sharing that facility. The new facility will allow the department to schedule training which is convenient, efficient, and much more effective for department personnel. As the population and the department grow and policing continues to get more complex, proving effective and efficient training is imperative. In addition to providing enhanced training for the Port St. Lucie Police Department, this facility will allow the department to host advanced training for the benefit of regional law enforcement and emergency management agencies.
