4. Project/Program Description

Improve an unpaved connector between State Road 85 and CR Hwy 2 in Laurel Hill, utilized by local residents, agricultural and silvicultural vehicles with potential for increased traffic volume. Millside Road scored near the top of Okaloosa County's "Dirt to Pave" matrix and was listed among impaired sites in the Yellow River Watershed in Alabama and Florida, in a 2010 FWC Report. Improvements include paving, guardrails, road and crosswalk striping and reflective pavement markers, traffic signage, and establishing ROW for 3 miles between SR 85 and Steel Mill Creek Road. Okaloosa County is seeking a state appropriation of \$1.5 Million dollars for the Millside Road "Dirt to Pave" project.

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2023-2024

LFIR # 2914

Construction and construction engineering and inspection services.

c. What direct services will be provided to citizens by the appropriation project?

The project will include paving of the dirt road with additional right-of-way. guardrails, striping and reflective pavement markers, traffic signage and pedestrian crosswalk striping to enhance public and vehicular safety. Dirt to pave will also improve water quality by eliminating sediment runoff into wetland areas, as identified in the Yellow River Watershed Alabama and Florida 2010 FWC report.

d. Who is the target population served by this project? How many individuals are expected to be served?

Millside Road is the connector between two major highways in the northern portion of the County and will serve local residents, and commercial agricultural and timber businesses.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Benefits of the project include increased stability and safety of road conditions in general, especially during and immediately after heavy rain and major weather events. Regular maintenance of the paved road will proactively ensure safer driving conditions and continued use not impacted by flooding and wash-outs due to major weather events.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Standard contract penalties and/or revocation of grant funds to be considered for failing to meet deliverables or performance standards.
