A bill to be entitled

An act relating to renewable energy; amending s. 366.91, F.S.; requiring that a purchase contract offered to producers of renewable energy contain payment provisions for energy and capacity based upon a public utility's equivalent cost-recovery rate for certain clean energy projects rather than the utility's full avoided costs; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (3) of section 366.91, Florida Statutes, is amended to read:

366.91 Renewable energy.

(3) On or before January 1, 2006, Each public utility must continuously offer a purchase contract to producers of renewable energy. The commission shall establish requirements relating to the purchase of capacity and energy by public utilities from renewable energy producers and may adopt rules to administer this section. The contract shall contain payment provisions for energy and capacity which are based upon the utility's equivalent cost-recovery rate for projects constructed pursuant to s. 366.92(4) full avoided costs, as defined in s. 366.051; however, capacity payments are not required if, due to the operational characteristics of the renewable energy generator or the anticipated peak and off-peak availability and capacity factor of the utility's avoided unit, the producer is unlikely to provide any capacity value to the utility or the electric

grid during the contract term. Each contract must provide a contract term of at least 10 years. Prudent and reasonable costs associated with a renewable energy contract shall be recovered from the ratepayers of the contracting utility, without differentiation among customer classes, through the appropriate cost-recovery clause mechanism administered by the commission.

Section 2. This act shall take effect July 1, 2011.
