900 3. There are adequate firebreaks at the burn site and
901 sufficient personnel and firefighting equipment for the control
902 of the fire;

903 4. The fire remains within the boundary of the authorized
904 area;

905 5. An authorized person ~~Someone~~ is present at the burn
906 site until the fire is extinguished;

907 6. The division does not cancel the authorization; and

908 7. The division determines that air quality and fire
909 danger are favorable for safe burning.

910 (b) A person who burns wild land or vegetative land-
911 clearing debris in a manner that violates any requirement of
912 this subsection commits a misdemeanor of the second degree,
913 punishable as provided in s. 775.082 or s. 775.083.

914 (3) CERTIFIED PRESCRIBED BURNING; LEGISLATIVE FINDINGS AND
915 PURPOSE.—

916 (a) The application of prescribed burning is a land
917 management tool that benefits the safety of the public, the
918 environment, and the economy of the state. The Legislature finds
919 that:

920 1. Prescribed burning reduces vegetative fuels within wild
921 land areas. Reduction of the fuel load reduces the risk and
922 severity of wildfire, thereby reducing the threat of loss of
923 life and property, particularly in urban areas.

HB 7215

2011

924 2. Most of Florida's natural communities require periodic
925 fire for maintenance of their ecological integrity. Prescribed
926 burning is essential to the perpetuation, restoration, and
927 management of many plant and animal communities. Significant
928 loss of the state's biological diversity will occur if fire is
929 excluded from fire-dependent systems.

930 3. Forestland and rangeland constitute significant
931 economic, biological, and aesthetic resources of statewide
932 importance. Prescribed burning on forestland prepares sites for
933 reforestation, removes undesirable competing vegetation,
934 expedites nutrient cycling, and controls or eliminates certain
935 forest pathogens. On rangeland, prescribed burning improves the
936 quality and quantity of herbaceous vegetation necessary for
937 livestock production.

938 4. The state purchased hundreds of thousands of acres of
939 land for parks, preserves, wildlife management areas, forests,
940 and other public purposes. The use of prescribed burning for
941 management of public lands is essential to maintain the specific
942 resource values for which these lands were acquired.

943 5. A public education program is necessary to make
944 citizens and visitors aware of the public safety, resource, and
945 economic benefits of prescribed burning.

946 6. Proper training in the use of prescribed burning is
947 necessary to ensure maximum benefits and protection for the
948 public.

949 7. As Florida's population continues to grow, pressures
950 from liability issues and nuisance complaints inhibit the use of
951 prescribed burning. Therefore, the division is urged to maximize

HB 7215

2011

952 the opportunities for prescribed burning conducted during its
 953 daytime and nighttime authorization process.

954 (b) Certified prescribed burning pertains only to
 955 broadcast burning for purposes of silviculture, wildland fire
 956 hazard reduction, wildlife management, ecological maintenance
 957 and restoration, and range and pasture management. It must be
 958 conducted in accordance with this subsection and:

959 1. May be accomplished only when a certified prescribed
 960 burn manager is present on site with a copy of the prescription
 961 from ignition of the burn to its completion.

962 2. Requires that a written prescription be prepared before
 963 receiving authorization to burn from the division.

964 3. Requires that the specific consent of the landowner or
 965 his or her designee be obtained before requesting an
 966 authorization.

967 4. Requires that an authorization to burn be obtained from
 968 the division before igniting the burn.

969 5. Requires that there be adequate firebreaks at the burn
 970 site and sufficient personnel and firefighting equipment for the
 971 control of the fire.

972 6. Is considered to be in the public interest and does not
 973 constitute a public or private nuisance when conducted under
 974 applicable state air pollution statutes and rules.

975 7. Is considered to be a property right of the property
 976 owner if vegetative fuels are burned as required in this
 977 subsection.

978 (c) Neither a property owner nor his or her agent is
 979 liable pursuant to s. 590.13 for damage or injury caused by the

980 fire or resulting smoke or considered to be in violation of
 981 subsection (2) for burns conducted in accordance with this
 982 subsection unless gross negligence is proven.

983 (d) Any certified burner who violates this section commits
 984 a misdemeanor of the second degree, punishable as provided in s.
 985 775.082 or s. 775.083.

986 (e) The division shall adopt rules for the use of
 987 prescribed burning and for certifying and decertifying certified
 988 prescribed burn managers based on their past experience,
 989 training, and record of compliance with this section.

990 (4) CERTIFIED PILE BURNING.—

991 (a) Certified pile burning pertains to the disposal of
 992 piled, naturally occurring debris from an agricultural,
 993 silvicultural, or temporary land-clearing operation. A land-
 994 clearing operation is temporary if it operates for 6 months or
 995 less. Certified pile burning must be conducted in accordance
 996 with the following:

997 1. A certified pile burner must ensure, before ignition,
 998 that the piles are properly placed and that the content of the
 999 piles is conducive to efficient burning.

1000 2. A certified pile burner must ensure that the piles are
 1001 properly extinguished no later than 1 hour after sunset. If the
 1002 burn is conducted in an area designated by the division as smoke
 1003 sensitive, a certified pile burner must ensure that the piles
 1004 are properly extinguished at least 1 hour before sunset.

1005 3. A written pile burning plan must be prepared before
 1006 receiving authorization from the division to burn.

1007 4. The specific consent of the landowner or his or her

HB 7215

2011

1008 agent must be obtained before requesting authorization to burn.

1009 5. An authorization to burn must be obtained from the
 1010 division or its designated agent before igniting the burn.

1011 6. There must be adequate firebreaks and sufficient
 1012 personnel and firefighting equipment at the burn site to control
 1013 the fire.

1014 (b) If a burn is conducted in accordance with paragraph
 1015 (a), the property owner and his or her agent are not liable
 1016 under s. 590.13 for damage or injury caused by the fire or
 1017 resulting smoke, and are not in violation of subsection (2),
 1018 unless gross negligence is proven.

1019 (c) A certified pile burner who violates this subsection
 1020 commits a misdemeanor of the second degree, punishable as
 1021 provided in s. 775.082 or s. 775.083.

1022 (d) The division shall adopt rules regulating certified
 1023 pile burning. The rules shall include procedures and criteria
 1024 for certifying and decertifying certified pile burn managers
 1025 based on past experience, training, and record of compliance
 1026 with this section.

1027 (5)(4) WILDFIRE HAZARD REDUCTION TREATMENT BY THE
 1028 DIVISION.—The division may conduct fuel reduction initiatives,
 1029 including, but not limited to, burning and mechanical and
 1030 chemical treatment, on any area of wild land within the state
 1031 which is reasonably determined to be in danger of wildfire in
 1032 accordance with the following procedures:

1033 (a) Describe the areas that will receive fuels treatment
 1034 to the affected local governmental entity.

1035 (b) Publish a treatment notice, including a description of

HB 7215

2011

1036 the area to be treated, in a conspicuous manner in at least one
 1037 newspaper of general circulation in the area of the treatment
 1038 not less than 10 days before the treatment.

1039 (c) Prepare, and send ~~the county tax collector shall~~
 1040 ~~include with the annual tax statement,~~ a notice to be sent to
 1041 all landowners in each area ~~township~~ designated by the division
 1042 as a wildfire hazard area. The notice must describe particularly
 1043 the area to be treated and the tentative date or dates of the
 1044 treatment and must list the reasons for and the expected
 1045 benefits from the wildfire hazard reduction.

1046 (d) Consider any landowner objections to the fuels
 1047 treatment of his or her property. The landowner may apply to the
 1048 director of the division for a review of alternative methods of
 1049 fuel reduction on the property. If the director or his or her
 1050 designee does not resolve the landowner objection, the director
 1051 shall convene a panel made up of the local forestry unit
 1052 manager, the fire chief of the jurisdiction, and the affected
 1053 county or city manager, or any of their designees. If the
 1054 panel's recommendation is not acceptable to the landowner, the
 1055 landowner may request further consideration by the Commissioner
 1056 of Agriculture or his or her designee and shall thereafter be
 1057 entitled to an administrative hearing pursuant to the provisions
 1058 of chapter 120.

1059 (6) DIVISION APPROVAL OF LOCAL GOVERNMENT OPEN BURNING
 1060 AUTHORIZATION PROGRAMS.—

1061 (a) A county or municipality may exercise the division's
 1062 authority, if delegated by the division under this subsection,
 1063 to issue authorizations for the burning of yard trash or debris

1064 from land-clearing operations. A county's or municipality's
 1065 existing or proposed open burning authorization program must:

1066 1. Be approved by the division. The division may not
 1067 approve a program if it fails to meet the requirements of
 1068 subsections (2) and (4) and any rules adopted under those
 1069 subsections.

1070 2. Provide by ordinance or local law the requirements for
 1071 obtaining and performing a burn authorization that complies with
 1072 subsections (2) and (4) and any rules adopted under those
 1073 subsections.

1074 3. Provide for the enforcement of the program's
 1075 requirements.

1076 4. Provide financial, personnel, and other resources
 1077 needed to carry out the program.

1078 (b) If the division determines that a county's or
 1079 municipality's open burning authorization program does not
 1080 comply with subsections (2) and (4) and any rules adopted under
 1081 those subsections, the division shall require the county or
 1082 municipality to take necessary corrective actions within 90 days
 1083 after receiving notice from the division of its determination.

1084 1. If the county or municipality fails to take the
 1085 necessary corrective actions within the required period, the
 1086 division shall resume administration of the open burning
 1087 authorization program in the county or municipality and the
 1088 county or municipality shall cease administration of its
 1089 program.

1090 2. Each county and municipality administering an open
 1091 burning authorization program must cooperate with and assist the

HB 7215

2011

1092 division in carrying out the division's powers, duties, and
 1093 functions.

1094 3. A person who violates the requirements of a county's or
 1095 municipality's open burning authorization program, as provided
 1096 by ordinance or local law enacted pursuant to this subsection,
 1097 commits a violation of this chapter, punishable as provided in
 1098 s. 590.14.

1099 (7)~~(5)~~ DUTIES OF AGENCIES.—The Department of Education
 1100 shall incorporate, where feasible and appropriate, the issues of
 1101 fuels treatment, including prescribed burning, into its
 1102 educational materials.

1103 Section 40. Section 590.14, Florida Statutes, is amended
 1104 to read:

1105 590.14 Notice of violation; penalties; legislative
 1106 intent.—

1107 (1) If a division employee determines that a person has
 1108 violated chapter 589, ~~or~~ this chapter, or any rule adopted by
 1109 the division to administer provisions of law conferring duties
 1110 upon the division, the division employee ~~he or she~~ may issue a
 1111 notice of violation indicating the statute or rule violated.
 1112 This notice will be filed with the division and a copy forwarded
 1113 to the appropriate law enforcement entity for further action if
 1114 necessary.

1115 (2) In addition to any penalties provided by law, any
 1116 person who causes a wildfire or permits any authorized fire to
 1117 escape the boundaries of the authorization or to burn past the
 1118 time of the authorization is liable for the payment of all
 1119 reasonable costs and expenses incurred in suppressing the fire

HB 7215

2011

1120 or \$150, whichever is greater. All costs and expenses incurred
1121 by the division shall be payable to the division. When such
1122 costs and expenses are not paid within 30 days after demand, the
1123 division may take proper legal proceedings for the collection of
1124 the costs and expenses. Those costs incurred by an agency acting
1125 at the division's direction are recoverable by that agency.

1126 (3) The department may also impose an administrative fine,
1127 not to exceed \$1,000 per violation of any section of chapter 589
1128 or this chapter or violation of any rule adopted by the division
1129 to administer provisions of law conferring duties upon the
1130 division. The fine shall be based upon the degree of damage, the
1131 prior violation record of the person, and whether the person
1132 knowingly provided false information to obtain an authorization.
1133 The fines shall be deposited in the Incidental Trust Fund of the
1134 division.

1135 (4) A person commits a misdemeanor of the second degree,
1136 punishable as provided in s. 775.082 or s. 775.083, if the

1143 this chapter or any rules adopted under this chapter.

1144 (5) It is the intent of the Legislature that a penalty
1145 imposed by a court under subsection (4) be of a severity that
1146 ensures immediate and continued compliance with this section.

1147 (6)-(4) The penalties provided in this section shall extend

HB 7215

2011

1148 to both the actual violator and the person or persons, firm, or
 1149 corporation causing, directing, or permitting the violation.
