I. Summary:

CS/SB 612 provides additional grounds for licensure discipline if a person licensed under the Nurse Practice Act introduces himself or herself as "doctor" while rendering health care services but fails to orally disclose the appropriate title that corresponds with his or her nursing licensee.

This bill amends section 456.072 of the Florida Statutes.

II. Present Situation:

Chapter 464, F.S., is the Nurse Practice Act. The Board of Nursing, (board) created within the Department of Health is responsible for licensing and regulating nurses within the state. The board is under the Division of Medical Quality Assurance.

The following chart reflects the number of in-state active licenses by credential issued under the Nurse Practice Act as of June 30, 2012:¹

¹ Medical Quality Assurance 2011-2012 Annual Report, page 38, available at: http://www.doh.state.fl.us/mqa/mqa2011-2012annualreport/ (Last visited Mar. 2, 2013).

BILL: CS/SB 612 Page 2

Credential	In-State Active
Advanced Registered Nurse Practitioner (ARNP)	14,440
Advanced Registered Nurse Practitioner / Certified	21
Nurse Specialist (ARNP/CNS)	
Clinical Nurse Specialist (CNS)	87
Licensed Practical Nurse (LPN)	63,951
Registered Nurse (RN)	198,748
Certified Nursing Assistant (CNA) (part II of the Act)	155,843
Total in-state active licenses	433,090

Acts which constitute grounds for disciplinary sanctions specific to nurses are found in s. 464.018, F.S., for all nursing professions except for certified nursing assistants, which are found in s. 464.204, F.S. One of the grounds for disciplinary action in s. 464.018(g), F.S., is false, misleading, or deceptive advertising.²

The Nurse Practice Act also prohibits a person who does not hold a specific licensing credential referenced in the chart above from using the corresponding title or abbreviation.³ A violation of this law is classified as a misdemeanor of the first degree, punishable by a term of imprisonment not exceeding 1 year and / or a fine not to exceed \$1,000.

In addition to the regulation of nurses under the Nurse Practice Act, all health care practitioners in the state that are regulated under the Division of Medical Quality Assurance are subject to the general provisions under ch. 456, F.S. Acts which constitute grounds for disciplinary sanctions for all health care practitioners are found in s. 456.072, F.S. Two relevant grounds for disciplinary action under this section are:⁴

Making misleading, deceptive, or fraudulent representation in or related to the practice of the licensee's profession.

Failing to identify through written notice, which may include the wearing of a name tag, or orally to a patient the type of license under which the practitioner is practicing. Any advertisement for health care services naming the practitioner must identify the type of license the practitioner holds. However, this paragraph does not apply to a practitioner while the practitioner is providing services in a facility providing mental health or substance abuse services, hospitals and ambulatory surgical centers, nursing homes, or assisted living facilities.⁵

Administrative discipline may include letters of concern, reprimands, fines up to \$10,000, probation, and suspension or permanent revocation of a license. If the violation is for fraud or making a false or fraudulent representation, the board, or the department if there is no board, must impose a fine of \$10,000 per count or offense.⁶

² Disciplinary sanctions are administrative as provided in s. 456.072, F.S.

³ See s. 464.015, F.S.

⁴ s. 456.072(a) and (t), F.S.

⁵ Specifically excluded are facilities licensed under chapters 394, 395, 400, or 429, F.S.

⁶ s. 456.072(2)(d), F.S.

BILL: CS/SB 612 Page 3

Under the Medical Practice Act, leading the public to believe that one is licensed as a medical doctor, or is engaged in the licensed practice of medicine, without holding a valid, active license is a misdemeanor of the first degree, punishable by a term of imprisonment not exceeding 1 year and / or a fine not to exceed \$1,000. A similar provision is not found under the Osteopathic Medical Practice Act.

Currently, nurses licensed under ch. 464, F.S., who have obtained a doctorate degree are not required to disclose that they are not a medical doctor or an osteopathic physician when rendering health care services.⁸

III. Effect of Proposed Changes:

The bill amends s. 456.072, F.S., pertaining to grounds for disciplinary action applicable to all health care practitioners regulated by the Division of Medical Quality Assurance. Another ground for disciplinary action is added if a nurse introduces himself or herself with the title of "doctor" while rendering health care services, without orally disclosing that he or she is a nurse practitioner, doctor of nursing practice, or the corresponding appropriate title that corresponds with the person's license.

The effective date of this act is October 1, 2013.

B. Private Sector Impact:

A nurses who introduces himself or herself as "doctor" without disclosing the appropriate licensure title may be subject to administrative penalties. Patients will be better informed as to the licensure credentials of the health care provider.

C. Government Sector Impact:

The Department of Health indicates the bill will require the board to adopt rules for disciplinary action and may also cause an increase in complaints and disciplinary actions; however these costs can be absorbed within current budget authority and resources.⁹

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Additional Information:
