COMMITTEE SUBSTITUTE - Substantial Changes

I. **Summary:**

CS/SB 1000 allows labor pools to offer additional methods to compensate day laborers for services performed. These new methods include electronic fund transfer to the financial institution designated by the day laborer and payroll debit card, which does not charge a fee for withdrawal of its contents. The labor pool must notify the day laborer of the payment method it intends to use and provide the day laborer the option to be paid by another authorized method. The bill authorizes the labor pool to provide a wage statement electronically upon written request of the day laborer.

II. **Present Situation:**

The Labor Pool Act

Part II of ch. 448, F.S., also known as the Labor Pool Act, was enacted in 1995 to protect the health, safety, and well-being of day laborers throughout Florida. The act also outlines uniform standards of conduct and practice for labor pools. A labor pool is defined as business entity that operates a labor hall² by one or more of the following methods:

- Contracting with third-party users to supply day laborers to them on a temporary basis;
- Hiring, employing, recruiting, or contracting with workers to fulfill these contracts for temporary labor; or

¹ Chapter 95-332, L.O.F.

² Section 448.22(3), F.S., defines a "labor hall" as a central location maintained by a labor pool where day laborers assemble and are dispatched to work for a third-party user.

• Fulfilling any contracts for day labor in accordance with the act, even if the entity also conducts other business.³

The act limits the methods by which a day laborer may be paid to cash or commonly accepted negotiable instruments that are payable in cash, on demand at a financial institution, and without discount.⁴ The act prohibits a labor pool from charging a day laborer for directly or indirectly cashing the worker's check.⁵

Payment for Labor

Chapter 532, F.S., governs the issuance of payment for labor in this state. Under the law, payment for labor may be made by order, check, draft, note, memorandum, payroll debit card, or other acknowledgment of indebtedness issued in payment of wages and payable in cash, on demand, without discount, at an established place of business. It further requires the name and address of such business to appear on the payroll debit card.

Payroll Debit Cards

More companies are using payroll debit cards to compensate their employees for their labor. The number of companies using this method to pay employees is expected to reach 10.8 million within the next 5 years. However, some consumer advocates warn that employees paid by these debit cards may be subjected to fees for transactions, such as withdrawals, balance inquiries, and point of sale purchases. Some of the payroll debit card issuers may also charge its cardholders overdraft and inactivity fees.

However, payroll debit cards may offer an individual who has limited or no access to a financial institution a safe and convenient way to receive her or his wages. The Consumers Union and the National Consumer Law Center has issued a Model State Payroll Card Law, which they feel offer a mutually beneficial payroll program for both employers and employees. The model law includes such provisions as:

- Requirement of a voluntary written consent to receive payment by payroll card;
- The availability of wages without a fee at least once each pay period;

³ Section 448.22(1), F.S. The act also specifically excludes certain businesses from its provisions: businesses registered as farm labor contractors; employee leasing companies; temporary help services that solely provide white collar employees, secretarial employees, clerical employees, or skilled laborers; labor union hiring halls; or labor bureau or employment offices operated by a business entity for the sole purpose of employing an individual for its own use. *See* s. 448.23, F.S.

III. Effect of Proposed Changes:

Section 1 amends s. 448.24, F.S., to permit labor pools to pay a day laborer by payroll debit card or electronic funds transfer, in addition to the current options of payment by cash or a negotiable instrument that is payable in cash.

The bill provides that before the first pay period, a day laborer must be advised of the method of payment the labor pool uses, and the payment options available. A day laborer must be given the opportunity to opt out of receiving his or her wages by payroll debit card or electronic fund transfer.

If a labor pool decides to pay wages by payroll debit card, the labor pool must:

- Offer to provide wages by electronic fund transfer; and
- Provide a list of businesses in close proximity of the labor pool that will allow the day laborer to withdraw the contents of the payroll debit card without a fee.

The bill authorizes a labor pool to provide an itemized statement of a day laborer's wages, along with any deductions made by the labor pool, in an electronic format upon written request by the day laborer.

Section 2 provides an effective date of July 1, 2014.

This term was reviewed by the Fifth District Court of Appeal, which found this term to mean the same or closest metropolitan area. ¹²
