COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 958 provides Purple Heart recipients a free lifetime family annual pass for entrance into Florida state parks.

The bill will have an indeterminate, but expected insignificant negative fiscal impact to the State Park Trust Fund in the Department of Environment Protection.

II. Present Situation:

The Purple Heart

The Purple Heart is one of the oldest and most recognized American military medals, awarded to service members who were killed or wounded by enemy action. The Purple Heart was established by General George Washington on August 7, 1782, during the Revolutionary War, and reestablished by President Franklin D. Roosevelt in 1932.¹ The Purple Heart differs from all other decorations in that an individual is not “recommended” for the decoration; rather he or she is entitled to it upon meeting specific criteria.² The Purple Heart is ranked immediately behind

² Paragraph 1-14(c), Army Regulation 600-8-22.

the Bronze Star Medal³ and ahead of the Defense Meritorious Service Medal⁴ in order of precedence.

The Purple Heart currently is awarded pursuant to executive order and federal law.⁵ The award is given in the name of the President of the United States to a member of the U.S. Armed Forces who, while serving under component authority in any capacity after April 5, 1917, was wounded or killed:

- In any action against an enemy of the U.S.
- In any action with an opposing armed force of a foreign country in which the Armed Forces of the U.S. are, or have been engaged.
- While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the U.S. is not a belligerent party.
- As a result of an act of any such enemy of opposing armed forces.
- As the result of an act of any hostile foreign force.
- As a result of an international terrorist attack against the U.S. or a foreign nation friendly to the U.S.
- As a result of military operations while serving outside the territory of the U.S. as part of the peacekeeping force.⁶

A wound qualifying for a Purple Heart must have required treatment, not just examination, by a military medical officer or other medical professional. That treatment must be noted in the service member's medical record. Additionally, while possession of a Purple Heart definitively infers that a service member was wounded in combat, the award itself is not an indicator that the service member has established the existence of a service-connected disability.

Purple Heart Recipients in Florida

Florida has the third largest population of veterans in the country, with over 1.5 million veterans residing in the state.⁷ While there are numerous statistics available on the demographics of Florida's veterans and military service members, the number of Purple Heart recipients in Florida is unknown. The lack of data on the number of Purple Heart recipients is due to inconsistent record keeping during the early years in which the medal was awarded and also the infamous fire at the National Personnel Records Center in St. Louis, Missouri in 1973 that destroyed approximately 16-18 million veteran's records.⁸ The only reliable indicator of the number of Purple Heart recipients in Florida, which is not fully indicative of the total Purple

³ The Bronze Star Medal is awarded to a person in any branch of the military service who, while serving in any capacity with the Armed Forces of the United States on or after December 7, 1941, has distinguished himself or herself by heroic or meritorious achievement or service, not involving participation in aerial flight, in connection with military operations against an armed enemy.

⁴ The Defense Meritorious Service Medal is awarded in the name of the Secretary of Defense to members of the Armed Forces of the United States who, after 3 November 1977, distinguished themselves by noncombat meritorious achievement or service.

Heart population, is the number of special use license plates issued to Purple Heart recipients.⁹ There are currently 12,276 Florida-issued Purple Heart special use license plates in circulation.¹⁰

Recipients of the Purple Heart are entitled to certain state benefits in Florida due to their classification as a Purple Heart recipient. Purple Heart recipients are currently entitled to free tuition at state colleges and universities¹¹ and are able to purchase a Purple Heart special use license plate.¹² Only one Purple Heart license plate may be issued to a qualified registrant.¹³ Additionally, the Purple Heart special use license plate is issued free of charge only if the recipient is also a service-disabled veteran.¹⁴

Recipients of the Purple Heart are able to document receipt of the award by presenting the Department of Defense Form 214 (DD Form 214). The DD Form 214 is the official report of separation from the U.S. military issued to a service member that has served on active duty for at least 90 consecutive days. The DD Form 214 contains information normally needed to verify military service for benefits, retirement, employment and membership in veterans' organizations. Included on the DD Form 214 is the complete listing of military awards received during a service member's tenure in the military.

State Park Entrance Fee Discounts and Waivers

The Division of Recreation and Parks (DRP) within the Department of Environmental Protection oversees Florida's 160 state parks. The DRP offers two types of annual entrance passes: the individual annual entrance pass for \$60 and the family annual entrance pass for \$120. The DRP currently provides park entrance fee discounts and waivers pursuant to the following:¹⁵

- Active duty members and honorably discharged veterans of the U.S. Armed Forces, National Guard, or reserve components receive a 25 percent discount on an annual entrance pass;
- Veterans with service-connected disabilities receive a free-for-life family annual entrance pass;
- Surviving spouses and parents of deceased members of the U.S. Armed Forces, National Guard, or reserve components who have fallen in combat receive a free-for-life family annual entrance pass; and
- Surviving spouses and parents of a law enforcement officer or firefighter who have died in the line of duty receive a free-for-life family annual entrance pass.

⁹ Section 320.089(1), F.S., authorizes the Purple Heart special use license plate to be issued to qualifying individuals upon proof of being a Purple Heart recipient.

¹⁰ E-mail correspondence with Department of Highway Safety and Motor Vehicles staff. Feb. 28, 2014. (On file with the Military and Veterans Affairs, Space, and Domestic Security Committee.)

¹¹ Section 1009.26(8), F.S.

¹² Section 320.089(1)(a), F.S.

¹³ A Purple Heart license plate may be issued to the un-remarried surviving spouse of a deceased recipient of the Purple Heart medal upon receipt of all other requirements, a copy of the death certificate and an affidavit stating the applicant is the un-remarried surviving spouse. The spouse is subject to the same registration tax and fees as the recipient of the Purple Heart medal. An existing Purple Heart license plate may be transferred from the deceased spouse to the un-remarried surviving spouse.

¹⁴ Section 320.089(1)(c), F.S.

¹⁵ Section 258.0145, F.S.
