# The Florida Senate BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

	Prepare	ed By: The P	rofessional Stat	ff of the Committee	on Higher Educa	ition		
BILL:	SB 576							
INTRODUCER:	Senator Flores							
SUBJECT:	Public Educational Facilities							
DATE:	November	16, 2015	REVISED:					
ANALYST		STAFF	DIRECTOR	REFERENCE		ACTION		
1. Scott		Klebacha		HE	HE <b>Pre-meeting</b>			
2.	_			AED				
3.				FP				

# I. Summary:

SB 576 authorizes the construction of dormitories for up to 400 beds on a Florida College System (FCS) institution campus located within a municipality designated as an area of critical state concern<sup>1</sup> and having a comprehensive plan and land development regulations containing a building permit allocation system that limits annual growth. Current law authorizes the construction of dormitories for up to 100 beds on such FCS institution campuses.<sup>2</sup>

Currently, the only FCS institution located within a municipality designated as an area of critical state concern is Florida Keys Community College in Monroe County.<sup>3</sup>

The bill takes effect on July 1, 2016.

#### **II.** Present Situation:

The state requirements and guidelines for maintaining and establishing public educational facilities of school districts and Florida College System (FCS) institutions are contained in chapter 1013, F.S.<sup>4</sup>

The Florida Building Commission is responsible for adopting a uniform statewide building code for the planning and construction of public educational and ancillary plants by district school

<sup>&</sup>lt;sup>1</sup> The state land planning agency, which is the Department of Economic Opportunity, may recommend to the Administration Commission specific areas of critical state concern. Section 380.05(2), F.S., provides the criteria for designating an area of critical state concern.

<sup>&</sup>lt;sup>2</sup> Section 1013.40(4), F.S.

<sup>&</sup>lt;sup>3</sup> See Staff of the Florida Senate, Legislative Bill Analysis for CS/SB 1262 (2015), available at http://www.flsenate.gov/Session/Bill/2015/1262/Analyses/2015s1262.fp.PDF.

<sup>&</sup>lt;sup>4</sup> Sections 1013.01-1013.82, F.S. The State Board of Education has the authority to adopt rules to implement the provisions of chapter 1013, F.S. *See* Rule 6A-2.0010, F.A.C.

BILL: SB 576 Page 2

boards and FCS institution boards of trustees.<sup>5</sup> The Department of Education's role relating to educational facilities includes, but is not limited to, the following functions:<sup>6</sup>

- Establish and recommend minimum and maximum square footage standards;
- Require FCS institution and district school boards to submit educational plant inventories data and statistical data or information relevant to construction, capital improvements, and related costs;
- Develop, review, update, revise, and recommend a mandatory portion of the Florida Building Code for educational facilities construction and capital improvement by FCS institution and district school boards;
- Provide minimum criteria, procedures, and training to boards to conduct educational plant surveys and document the determination of future needs; and
- Review and validate surveys proposed or amended by boards and recommend approval of such surveys to the Commissioner of Education.

Each FCS institution board of trustees has a duty to administer the institution's facilities program pursuant to chapter 1013, F.S., including, but not limited to:<sup>7</sup>

- The construction of public educational and ancillary plants;
- The acquisition and disposal of property;
- Compliance with building and life safety codes;
- Submission of data and information relating to facilities and construction;
- Use of buildings and grounds;
- Establishment of safety and sanitation programs for the protection of building occupants; and
- Site planning and selection.

An FCS institution has limited authority to plan and construct facilities and acquire additional property. An FCS institution must demonstrate need for facilities through its educational plant survey that must be approved by the State Board of Education. An FCS institution is prohibited from expending public funds for the acquisition of additional property without specific approval by the Legislature. Furthermore, a facility may not be acquired or constructed by an FCS institution or its direct-support organization if the facility requires general revenue funds for operation or maintenance, unless the Legislature gives prior approval. 12

In 2008, the Legislature authorized an FCS institution to construct dormitories for up to 100 beds, if its campus is located within a municipality designated as an area of critical state concern which has a comprehensive plan and land development regulations containing a building permit

<sup>&</sup>lt;sup>5</sup> Section 1013.37, F.S. The State Uniform Code for Public Educational Facilities is adopted within the Florida Building Code pursuant to s. 553.73, F.S.

<sup>&</sup>lt;sup>6</sup> Section 1013.03, F.S.

<sup>&</sup>lt;sup>7</sup> Section 1001.64(34), F.S.

<sup>&</sup>lt;sup>8</sup> Section 1013.40, F.S.

<sup>&</sup>lt;sup>9</sup> An "educational plant survey" is defined as "a systematic study of present educational and ancillary plants and the determination of future needs to provide an appropriate educational program and services for each student based on projected capital outlay FTE's approved by the Department of Education." s. 1013.01(8), F.S. <sup>10</sup> Section 1013.40(1), F.S.

allocation system that limits annual growth.<sup>13</sup> The dormitories are exempt from the building permit allocation system and may be constructed up to 45 feet in height, if:<sup>14</sup>

- The dormitories are consistent with the local comprehensive plan;
- The FCS institution has a hurricane evacuation plan requiring all dormitory occupants to be evacuated 48 hours in advance of tropical force winds; and
- Transportation is provided for dormitory occupants during an evacuation.

### III. Effect of Proposed Changes:

SB 576 authorizes the construction of dormitories for up to 400 beds on a Florida College System (FCS) institution campus located within a municipality designated as an area of critical state concern<sup>15</sup> and having a comprehensive plan and land development regulations containing a building permit allocation system that limits annual growth. Current law authorizes the construction of dormitories for up to 100 beds on such FCS institution campuses.<sup>16</sup>

Currently, the only FCS institution located within a municipality designated as an area of critical state concern is Florida Keys Community College in Monroe County.<sup>17</sup>

The bill takes effect on July 1, 2016.
