Any additional funds beyond current levels that a facility receives must be spent on patient care or quality improvement for Florida Medicaid nursing home residents. At the end of each year, each facility that received additional funds beyond current levels must sign and submit to the agency an attestation that details how the additional funds were spent.

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
