SUMMARY ANALYSIS

The Florida Displaced Homemaker Program is a state program designed to assist displaced homemakers - individuals who are not adequately employed and have been dependent on the income of another family member, but are no longer supported by such income. The services provided by the Displaced Homemaker Program are also provided through 106 CareerSource career centers statewide.

The bill amends statutes to conform to the funding decisions included in the proposed House General Appropriations Act for Fiscal Year 2017-18, relating to the Displaced Homemaker Program.

The bill eliminates the Displaced Homemaker Program and terminates the Displaced Homemaker Trust Fund. The bill further eliminates a portion of the fees that provided revenue for the program by reducing the surcharge on marriage license applications by \$7.50. The fee for the issuance of a marriage license will be reduced from \$59.50 to \$52.00. The balance of the revenue source is deposited into the General Revenue Fund. According to the Revenue Estimating Conference, which met on February 16, 2017, those redirected fees for Fiscal Year 2017-18 are estimated to be approximately \$800,000.

The bill is anticipated to have a negative recurring impact to state revenue of approximately \$1.2 million through the fee reduction on marriage license applications.

The bill provides an effective date of July, 1, 2017.

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Displaced Homemaker Program

The Florida Displaced Homemaker Program is a state program designed to assist displaced homemakers - individuals who are not adequately employed and have been dependent on the income of another family member, but are no longer supported by such income. To qualify for the Displaced Homemaker Program, the individual must be 35 years of age or older, have worked in the home providing unpaid household services for family members or been dependent on federal assistance, and has had difficulty in securing adequate employment.¹ The Displaced Homemaker Program is funded through the Displaced Homemaker Trust Fund within the Department of Economic Opportunity (DEO). The trust fund is a depository for a portion of fees on both marriage license applications and dissolution of marriage filings; \$7.50² and \$12.50³ respectively. The Trust Fund can also receive funds from other public or private sources.⁴

Present Situation

During Fiscal Year 2015-16, Florida enrolled 386 participants in the Displaced Homemaker Program.⁵ As the state fiscal entity, DEO is required to enter into contracts with public and nonprofit private entities. Those entities are then responsible for establishing multi-purpose programs aimed at enhancing self-sufficiency through employment and training. The programs assist participants in attaining independence, economic security and self-sufficiency and include counseling, career interest and assessment testing, resume and job search assistance, career planning and placement services, interviewing and skills training and case management. These services, however, are also offered to all Floridians through Florida's 24 local CareerSource Networks which have 106 career centers located throughout the state. These services include: employment and career resources; testing and assessments; employment search skills; career development seminars; resume/interview preparation; job-matching referrals; access to local, state and national salary and labor market information; education and training programs; financial aid information and screening for training programs; scholarship and training information; and computer, fax, telephone and copy services.

DEO monitors contract performance toward meeting participant enrollment, program completion and job placement numbers. In Fiscal Year 2015-16, the program met 83 percent of its projected enrollments, 77 percent of its projected program completions and 42 percent of its projected job placements.⁶ To further enhance the program and ensure the attainment of projected goals with a focus on placement into employment, program contractors provide training on career services and assistance in leveraging the resources of their local career centers which include the local CareerSource Networks.

DEO has also been working to increase the number of program contractors throughout the state. For Fiscal Year 2014-15, there were only three contracts awarded under the Displaced Homemaker Program: the Centre for Women, Inc., Santa Fe State College and the Women's Resource Center of Sarasota County.⁷ To increase the statewide coverage and availability of the program, DEO initiated a new procurement for Fiscal Year 2015-16. This procurement resulted in awards to two additional

As indicated in DEO’s Fiscal Year 2015-16 Annual Report, the department has been working to increase the number of program contractors throughout the state to provide services. However, DEO continues to face challenges in receiving bids from entities to provide services through this program, and is unable to fully utilize annual appropriations. One observation offered by the department for this challenge is the population served through the Displaced Homemaker Program is also served through the local career centers of the CareerSource Networks, which highlights the duplication and overlap of services being offered to the targeted population.¹⁴ The CareerSource Networks, through the Regional Workforce Boards, are provided a recurring annual appropriation through the General Appropriations Act of \$283,359,445.

Effect of Proposed Changes

The bill repeals the Displaced Homemaker Program.

Eligible program participants may still access services through any of the 106 CareerSource centers located throughout the state that are already utilized by the contracting entities under the Displaced Homemaker Program. The centers will continue to offer these same services: employment and career resources; testing and assessments; employment search skills; career development seminars; resume/interview preparation; job-matching referrals; access to local, state and national salary and labor market information; education and training programs; financial aid information and screening for training programs; scholarship and training information; and computer, fax, telephone and copy services.

The bill terminates the Displaced Homemaker Trust Fund. The bill further eliminates a portion of fees that provided revenue for the program by reducing the surcharge on marriage license applications by \$7.50. The fee for the issuance of a marriage license will be reduced from \$59.50¹⁵ to \$52.00.

The bill redirects \$12.50 of the fees on dissolution of marriage filings to be deposited in the General Revenue Fund instead of the Displaced Homemaker Trust Fund, which is being terminated. According to the Revenue Estimating Conference, which met on February 16, 2017, those redirected fees for Fiscal Year 2017-18 are estimated to be \$800,000.
