501 (b) State or regional agencies may inquire whether a 502 proposed project is undergoing or will be required to undergo 503 development-of-regional-impact review. If a project is 504 undergoing or will be required to undergo development-of-505 regional-impact review, any state or regional permit necessary 506 for the construction or operation of the project that is valid 507 for 5 years or less shall take effect, and the period of time 508 for which the permit is valid shall begin to run, upon 509 expiration of the time allowed for an administrative appeal of 510 the development or upon final action following an administrative 511 appeal or judicial review, whichever is later. However, if the 512 application for development approval is not filed within 18 513 months after the issuance of the permit, the time of validity of 514 the permit shall be considered to be from the date of issuance 515 of the permit. If a project is required to obtain a binding 516 letter under subsection (4), any state or regional agency permit 517 necessary for the construction or operation of the project that 518 is valid for 5 years or less shall take effect, and the period 519 of time for which the permit is valid shall begin to run, only 520 after the developer obtains a binding letter stating that the 521 project is not required to undergo development-of-regional-522 impact review or after the developer obtains a development order 523 pursuant to this section. 524 (c) Prior to the issuance of a final development order, 525 the developer may elect to be bound by the rules adopted

The rules adopted pursuant to chapters 373 and 528 403 in effect at the time such development order is issued shall 529 be applicable to all applications for permits pursuant to those 530 chapters and which are necessary for and consistent with the 531 development authorized in such development order, except that a 532 later adopted rule shall be applicable to an application if: 1. The later adopted rule is determined by the rule-533 534 adopting agency to be essential to the public health, safety, or 535 welfare; 536 2. The later adopted rule is adopted pursuant to s. 537 403.061(27); 538 3. The later adopted rule is being adopted pursuant to a 539 subsequently enacted statutorily mandated program; 540 4. The later adopted rule is mandated in order for the 541 state to maintain delegation of a federal program; or 542 5. The later adopted rule is required by state or federal 543 law. 544 (d) The provision of day care service facilities in 545 developments approved pursuant to this section is permissible 546 but is not required. 547 Further, in order for any developer to apply for permits 548 549 pursuant to this provision, the application must be filed within 5 years from the issuance of the final development order and the 550 Page 22 of 160

| 556 | (6) APPLICATION FOR APPROVAL OF DEVELOPMENT; CONCURRENT |
| 557 | PLAN AMENDMENTS |
| 558 | (a) Prior to undertaking any development, a developer that |
| 559 | is required to undergo development-of-regional-impact review |
| 560 | shall file an application for development approval with the |
| 561 | appropriate local government having jurisdiction. The |
| 562 | application shall contain, in addition to such other matters as |
| 563 | may be required, a statement that the developer proposes to |
| 564 | undertake a development of regional impact as required under |
| 565 | this section. |
| 566 | (b) Any local government comprehensive plan amendments |
| 567 | related to a proposed development of regional impact, including |
| 568 | any changes proposed under subsection (19), may be initiated by |
| 569 | a local planning agency or the developer and must be considered |
| 570 | by the local governing body at the same time as the application |

| 577 | impact. The procedure for processing such comprehensive plan |
| 578 | amendments is as follows: |
| 579 | 1. If a developer seeks a comprehensive plan amendment |
| 580 | related to a development of regional impact, the developer must |
| 581 | so notify in writing the regional planning agency, the |
| 582 | applicable local government, and the state land planning agency |
| 583 | no later than the date of preapplication conference or the |
| 584 | submission of the proposed change under subsection (19). |
| 585 | 2. When filing the application for development approval or |
| 586 | the proposed change, the developer must include a written |
| 587 | request for comprehensive plan amendments that would be |
| 588 | necessitated by the development-of-regional-impact approvals |
| 589 | sought. That request must include data and analysis upon which |
| 590 | the applicable local government can determine whether to |
| 591 | transmit the comprehensive plan amendment pursuant to s. |
| 592 | 163.3184. |
| 593 | 3. The local government must advertise a public hearing on |
| 594 | the transmittal within 30 days after filing the application for |
| 595 | development approval or the proposed change and must make a |
| 596 | determination on the transmittal within 60 days after the |
| 597 | initial filing unless that time is extended by the developer. |
| 598 | 4. If the local government approves the transmittal, |
| 599 | procedures set forth in s. 163.3184 must be followed. |
| 600 | 5. Notwithstanding subsection (11) or subsection (19), the |

| 601 | local government may not hold a public hearing on the |

| 602 | application for development approval or the proposed change or |
| 603 | on the comprehensive plan amendments sooner than 30 days after |
| 604 | reviewing agency comments are due to the local government |
| 605 | pursuant to s. 163.3184. |
| 606 | 6. The local government must hear both the application for |
| 607 | development approval or the proposed change and the |
| 608 | comprehensive plan amendments at the same hearing. However, the |
| 609 | local government must take action separately on the application |
| 610 | for development approval or the proposed change and on the |
| 611 | comprehensive plan amendments. |
| 612 | 7. Thereafter, the appeal process for the local government |
| 613 | development order must follow the provisions of s. 380.07, and |
| 614 | the compliance process for the comprehensive plan amendments |
| 615 | must follow the provisions of s. 163.3184. |
| 616 | (7) PREAPPLICATION PROCEDURES |
| 617 | (a) Before filing an application for development approval, |
| 618 | the developer shall contact the regional planning agency having |
| 619 | jurisdiction over the proposed development to arrange a |
| 620 | preapplication conference. Upon the request of the developer or |
| 621 | the regional planning agency, other affected state and regional |
| 622 | agencies shall participate in this conference and shall identify |
| 623 | the types of permits issued by the agencies, the level of |
| 624 | information required, and the permit issuance procedures as |

The regional planning agency shall provide the 629 developer information about the development-of-regional-impact 630 process and the use of preapplication conferences to identify 631 issues, coordinate appropriate state and local agency 632 requirements, and otherwise promote a proper and efficient 633 review of the proposed development. If an agreement is reached regarding assumptions and methodology to be used in the 634 635 application for development approval, the reviewing agencies may 636 not subsequently object to those assumptions and methodologies 637 unless subsequent changes to the project or information obtained 638 during the review make those assumptions and methodologies 639 inappropriate. The reviewing agencies may make only 640 recommendations or comments regarding a proposed development 641 which are consistent with the statutes, rules, or adopted local 642 government ordinances that are applicable to developments in the 643 jurisdiction where the proposed development is located. 644 The regional planning agency shall establish by rule a (b)

All owners of the land in 667 the total proposed development shall join the developer as 668 parties to the agreement. Each agreement shall include and be 669 subject to the following conditions: 670 The developer shall comply with the preapplication conference requirements pursuant to subsection (7) within 45 671 672 days after the execution of the agreement. 2. Failure 676 677 to timely file an application and to otherwise diligently 678 proceed in good faith to obtain a final development order shall 679 constitute a breach of the preliminary development agreement. 680 3. The agreement shall include maps and legal descriptions 681 of both the preliminary development area and the total proposed 682 development area and shall specifically describe the preliminary development in terms of magnitude and location. The area 683 approved for preliminary development must be included in the 684 685 application for development approval and shall be subject to the 686 terms and conditions of the final development order. 687 4. The preliminary development shall be limited to lands 688 that the state land planning agency agrees are suitable for development and shall only be allowed in areas where adequate 689 public infrastructure exists to accommodate the preliminary 690 691 development, when such development will utilize public 692 infrastructure. The developer must also demonstrate that the 693 preliminary development will not result in material adverse 694 impacts to existing resources or existing or planned facilities. 695 The preliminary development agreement may allow 5. 696 development which is: 697 a. Less than 100 percent of any applicable threshold if the developer demonstrates that such development is consistent 698 699 with subparagraph 4.; or 700 b. 701 the developer demonstrates that such development is part of a 702 proposed downtown development of regional impact specified in 703 subsection (22) or part of any areawide development of regional 704 impact specified in subsection (25) and that the development is 705 consistent with subparagraph 4.

706 6. The developer and owners of the land may not claim 707 vested rights, or assert equitable estoppel, arising from the agreement or any expenditures or actions taken in reliance on 708 709 the agreement to continue with the total proposed development 710 beyond the preliminary development. The agreement shall not 711 entitle the developer to a final development order approving the 712 total proposed development or to particular conditions in a 713 final development order.

714 7. The agreement shall not prohibit the regional planning 715 agency from reviewing or commenting on any regional issue that 716 the regional agency determines should be included in the 717 regional agency's report on the application for development 718 approval.

719 8. The agreement shall include a disclosure by the 720 developer and all the owners of the land in the total proposed 721 development of all land or development within 5 miles of the 722 total proposed development in which they have an interest and 723 shall describe such interest.

A notice of the preliminary development agreement 731 shall be recorded by the developer in accordance with s. 28.222 732 with the clerk of the circuit court for each county in which 733 land covered by the terms of the agreement is located. The 734 notice shall include a legal description of the land covered by 735 the agreement and shall state the parties to the agreement, the 736 date of adoption of the agreement and any subsequent amendments, 737 the location where the agreement may be examined, and that the 738 agreement constitutes a land development regulation applicable 739 to portions of the land covered by the agreement. The provisions 740 of the agreement shall inure to the benefit of and be binding 741 upon successors and assigns of the parties in the agreement. 742 11. Except for those agreements which authorize 743 preliminary development for substantial deviations pursuant to 744 subsection (19), a developer who no longer wishes to pursue a 745 development of regional impact may propose to abandon any 746 preliminary development agreement executed after January 1, 747 1985, including those pursuant to s. 380.032(3), provided at the 748 time of abandonment: 749 a. In order to facilitate the planning and preparation 784 of permit applications for projects that undergo development-of-785 regional-impact review, and in order to coordinate the 786 information required to issue such permits, a developer may 787 elect to request conceptual agency review under this subsection 788 either concurrently with development-of-regional-impact review 789 and comprehensive plan amendments, if applicable, or subsequent 790 to a preapplication conference held pursuant to subsection (7). 791 2. 901 questions raised by, or directly related to, the additional 902 information. The regional planning agency may request additional 903 information no more than twice, unless the developer waives this 904 limitation. If an applicant does not provide the information 905 requested by a regional planning agency within 120 days of its 906 request, or within a time agreed upon by the applicant and the 907 regional planning agency, the application shall be considered 908 withdrawn. 909 (c) The regional planning agency shall notify the local government that a public hearing date may be set when the 910 911 regional planning agency determines that the application is 912 sufficient or when it receives notification from the developer 913 that the additional requested information will not be supplied, 914 as provided for in paragraph (b). 915 (11) LOCAL NOTICE.-Upon receipt of the sufficiency 916 notification from the regional planning agency required by 917 paragraph (10) (c), the appropriate local government shall give 918 notice and hold a public hearing on the application in the same 919 manner as for a rezoning as provided under the appropriate special or local law or ordinance, except that such hearing 920 921 proceedings shall be recorded by tape or a certified court 922 reporter and made available for transcription at the expense of 923 any interested party. The local government 927 shall comply with the following additional requirements: 928 (a) The notice of public hearing shall state that the 929 proposed development is undergoing a development-of-regional-930 impact review. 931 (b) The notice shall be published at least 60 days in advance of the hearing and shall specify where the information 932 and reports on the development-of-regional-impact application 933 934 may be reviewed. 935 (c) The notice shall be given to the state land planning 936 agency, to the applicable regional planning agency, to any state 937 or regional permitting agency participating in a conceptual 938 agency review process under subsection (9), and to such other 939 persons as may have been designated by the state land planning 940 agency as entitled to receive such notices. 941 (d) A public hearing date shall be set by the appropriate 942 local government at the next scheduled meeting. The public 943 hearing shall be held no later than 90 days after issuance of 944 notice by the regional planning agency that a public hearing may 945 be set, unless an extension is requested by the applicant. 946 (12) REGIONAL REPORTS.-947 (a) Within 50 days after receipt of the notice of public hearing required in paragraph (11) (c), the regional planning 948 agency, if one has been designated for the area including the 949 950 local government, shall prepare and submit to the local

| 952 | of the proposed development. In preparing its report and |
| 953 | recommendations, the regional planning agency shall identify |
| 954 | regional issues based upon the following review criteria and |
| 955 | make recommendations to the local government on these regional |
| 956 | issues, specifically considering whether, and the extent to |
| 957 | which: |
| 958 | 1. The development will have a favorable or unfavorable |
| 959 | impact on state or regional resources or facilities identified |
| 960 | in the applicable state or regional plans. As used in this |
| 961 | subsection, the term "applicable state plan" means the state |
| 962 | comprehensive plan. As used in this subsection, the term |
| 963 | "applicable regional plan" means an adopted strategic regional |
| 964 | policy plan. |
| 965 | 2. The development will significantly impact adjacent |
| 966 | jurisdictions. At the request of the appropriate local |
| 967 | government, regional planning agencies may also review and |
| 968 | comment upon issues that affect only the requesting local |
| 969 | government. |
| 970 | 3. As one of the issues considered in the review in |
| 971 | subparagraphs 1. and 2., the development will favorably or |
| 972 | adversely affect the ability of people to find adequate housing |
| 973 | reasonably accessible to their places of employment if the |
| 974 | regional planning agency has adopted an affordable housing |

976 determination should take into account information on factors 977 that are relevant to the availability of reasonably accessible 978 adequate housing. Adequate housing means housing that is 979 available for occupancy and that is not substandard. 980 (b) The regional planning agency report must contain 981 recommendations that are consistent with the standards required 982 by the applicable state permitting agencies or the water 983 management district. 984 (c) At the request of the regional planning agency, other 985 appropriate agencies shall review the proposed development and 986 shall prepare reports and recommendations on issues that are 987 clearly within the jurisdiction of those agencies. Such agency 988 reports shall become part of the regional planning agency 989 report; however, the regional planning agency may attach 990 dissenting views. When water management district and Department 991 of Environmental Protection permits have been issued pursuant to 992 chapter 373 or chapter 403, the regional planning council may 993 comment on the regional implications of the permits but may not 994 offer conflicting recommendations. 995 (d) The regional planning agency shall afford the 996 developer or any substantially affected party reasonable 997 opportunity to present evidence to the regional planning agency 998 head relating to the proposed regional agency report and 999 recommendations. 1000 If the location of a proposed development involves

1005 (13) CRITERIA IN AREAS OF CRITICAL STATE CONCERN.-If the 1006 development is in an area of critical state concern, the local 1007 government shall approve it only if it complies with the land 1008 development regulations therefor under s. 380.05 and the 1009 provisions of this section. The provisions of this section shall 1010 not apply to developments in areas of critical state concern 1011 which had pending applications and had been noticed or agendaed 1012 by local government after September 1, 1985, and before October 1013 1, 1985, for development order approval. In all such cases, the 1014 state land planning agency may consider and address applicable 1015 regional issues contained in subsection (12) as part of its 1016 area-of-critical-state-concern review pursuant to ss. 380.05, 1017 380.07, and 380.11.

1018 (14) CRITERIA OUTSIDE AREAS OF CRITICAL STATE CONCERN.-If
1019 the development is not located in an area of critical state
1020 concern, in considering whether the development is approved,
1021 denied, or approved subject to conditions, restrictions, or
1022 limitations, the local government shall consider whether, and

A local government may shall not include, as a 1112 development order condition for a development of regional 1113 impact_{τ} any requirement that a developer contribute or pay for 1114 land acquisition or construction or expansion of public 1115 facilities or portions thereof unless the local government has enacted a local ordinance which requires other development not 1116 1117 subject to this section to contribute its proportionate share of 1118 the funds, land, or public facilities necessary to accommodate 1119 any impacts having a rational nexus to the proposed development, 1120 and the need to construct new facilities or add to the present 1121 system of public facilities must be reasonably attributable to 1122 the proposed development.

The notice 1154 shall include a legal description of the property covered by the 1155 order and shall state which unit of local government adopted the 1156 development order, the date of adoption, the date of adoption of 1157 any amendments to the development order, the location where the 1158 adopted order with any amendments may be examined, and that the 1159 development order constitutes a land development regulation 1160 applicable to the property. The recording of this notice does shall not constitute a lien, cloud, or encumbrance on real 1161 1162 property, or actual or constructive notice of any such lien, 1163 cloud, or encumbrance. This paragraph applies only to 1164 developments initially approved under this section after July 1, 1165 1980. The proposed development has been evaluated 1179 cumulatively with existing development under the substantial 1180 deviation provisions of subsection (19) after the termination or 1181 expiration date; 1182 2. The proposed development is consistent with an 1183 abandonment of development order that has been issued in accordance with subsection (26); 1184 1185 3. The development of regional impact is essentially built 1186 out, in that all the mitigation requirements in the development 1187 order have been satisfied, all developers are in compliance with 1188 all applicable terms and conditions of the development order 1189 except the buildout date, and the amount of proposed development 1190 that remains to be built is less than 40 percent of any 1191 applicable development-of-regional-impact threshold; or 1192 4. The project has been determined to be an essentially 1193 built-out development of regional impact through an agreement 1194 executed by the developer, the state land planning agency, and 1195 the local government, in accordance with s. 380.032, which will 1196 establish the terms and conditions under which the development may be continued. For 1205 the purposes of this paragraph, a development of regional impact is considered essentially built out, if: 1206 1207 a. The developers are in compliance with all applicable 1208 terms and conditions of the development order except the 1209 buildout date or reporting requirements; and 1210 b.(I) The amount of development that remains to be built 1211 is less than the substantial deviation threshold specified in 1212 paragraph (19) (b) for each individual land use category, or, for 1213 a multiuse development, the sum total of all unbuilt land uses 1214 as a percentage of the applicable substantial deviation 1215 threshold is equal to or less than 100 percent; or 1216 (II) The state land planning agency and the local 1217 government have agreed in writing that the amount of development 1218 to be built does not create the likelihood of any additional 1219 regional impact not previously reviewed. 1220 1221 The single-family residential portions of a development may be 1222 considered essentially built out if all of the workforce housing obligations and all of the infrastructure and horizontal 1223 development have been completed, at least 50 percent of the 1224 1225 dwelling units have been completed, and more than 80 percent of

The nongovernmental 1278 developer need not be required, by virtue of this credit, to 1279 competitively bid or negotiate any part of the construction or 1280 design of the facility, unless otherwise requested by the local 1281 government.

1282 (b) If the local government imposes or increases an impact 1283 fee, mobility fee, or exaction by local ordinance after a 1284 development order has been issued, the developer may petition 1285 the local government, and the local government shall modify the 1286 affected provisions of the development order to give the 1287 developer credit for any contribution of land for a public 1288 facility, or construction, expansion, or contribution of funds 1289 for land acquisition or construction or expansion of a public 1290 facility, or a portion thereof, required by the development 1291 order toward an impact fee or exaction for the same need.

1304 (17) LOCAL MONITORING.—The local government issuing the 1305 development order is primarily responsible for monitoring the 1306 development and enforcing the provisions of the development 1307 order. Local governments shall not issue any permits or 1308 approvals or provide any extensions of services if the developer 1309 fails to act in substantial compliance with the development 1310 order.

1311 (6) (18) BIENNIAL REPORTS.-Notwithstanding any condition in a development order for an approved development of regional 1312 impact, the developer is not required to shall submit an annual 1313 1314 or a biennial report on the development of regional impact to 1315 the local government, the regional planning agency, the state land planning agency, and all affected permit agencies in 1316 1317 alternate years on the date specified in the development order, 1318 unless required to do so by the local government that has 1319 jurisdiction over the development. If no additional 1330 development pursuant to the development order has occurred since 1331 the submission of the previous report, then a letter from the 1332 developer stating that no development has occurred shall satisfy 1333 the requirement for a report. (7) (19) CHANGES SUBSTANTIAL DEVIATIONS.-

1337 (a) Notwithstanding any provision to the contrary in any development order, agreement, local comprehensive plan, or local 1338 1339 land development regulation, any proposed change to a previously 1340 approved development of regional impact shall be reviewed by the 1341 local government based on the standards and procedures in its 1342 adopted local comprehensive plan and adopted local land development regulations, including, but not limited to, 1343 1344 procedures for notice to the applicant and the public regarding 1345 the issuance of development orders. At least one public hearing 1346 must be held on the application for change, and any change must 1347 be approved by the local governing body before it becomes 1348 effective. The review must abide by any prior agreements or 1349 other actions vesting the laws and policies governing the 1350 development. Development within the previously approved

| 1352 | the review in portions of the development which are not directly |
| 1353 | affected by the proposed change which creates a reasonable |
| 1354 | likelihood of additional regional impact, or any type of |
| 1355 | regional impact created by the change not previously reviewed by |
| 1356 | the regional planning agency, shall constitute a substantial |
| 1357 | deviation and shall cause the proposed change to be subject to |
| 1358 | further development-of-regional-impact review. There are a |
| 1359 | variety of reasons why a developer may wish to propose changes |
| 1360 | to an approved development of regional impact, including changed |
| 1361 | market conditions. The procedures set forth in this subsection |
| 1362 | are for that purpose. |
| 1363 | (b) The local government shall either adopt an amendment |
| 1364 | to the development order that approves the application, with or |
| 1365 | without conditions, or deny the application for the proposed |
| 1366 | change. Any new conditions in the amendment to the development |
| 1367 | order issued by the local government may address only those |
| 1368 | impacts directly created by the proposed change, and must be |
| 1369 | consistent with s. 163.3180(5), the adopted comprehensive plan, |
| 1370 | and adopted land development regulations. Changes to a phase |
| 1371 | date, buildout date, expiration date, or termination date may |
| 1372 | also extend any required mitigation associated with a phased |
| 1373 | construction project so that mitigation takes place in the same |
| 1374 | timeframe relative to the impacts as approved Any proposed |

| 1380 | development-of-regional-impact review through the notice of |
| 1381 | proposed change process under this section. |
| 1382 | 1. An increase in the number of parking spaces at an |
| 1383 | attraction or recreational facility by 15 percent or 500 spaces, |
| 1384 | whichever is greater, or an increase in the number of spectators |
| 1385 | that may be accommodated at such a facility by 15 percent or |
| 1386 | 1,500 spectators, whichever is greater. |
| 1387 | 2. A new runway, a new terminal facility, a 25 percent |
| 1388 | lengthening of an existing runway, or a 25 percent increase in |
| 1389 | the number of gates of an existing terminal, but only if the |
| 1390 | increase adds at least three additional gates. |
| 1391 | 3. An increase in land area for office development by 15 |
| 1392 | percent or an increase of gross floor area of office development |

| 1397 | 5. An increase in the number of dwelling units by 50 |
| 1398 | percent or 200 units, whichever is greater, provided that 15 |
| 1399 | percent of the proposed additional dwelling units are dedicated |

For 1406 purposes of this subparagraph, the term "affordable workforce housing" means housing that is affordable to a person who earns 1407 1408 less than 120 percent of the area median income, or less than 140 percent of the area median income if located in a county in 1409 1410 which the median purchase price for a single-family existing 1411 home exceeds the statewide median purchase price of a single-1412 family existing home. For purposes of this subparagraph, the 1413 term "statewide median purchase price of a single-family 1414 existing home" means the statewide purchase price as determined 1415 in the Florida Sales Report, Single-Family Existing Homes, released each January by the Florida Association of Realtors and 1416 1417 the University of Florida Real Estate Research Center. 1418 6. An increase in commercial development by 60,000 square 1419 feet of gross floor area or of parking spaces provided for 1420 customers for 425 cars or a 10 percent increase, whichever is 1421 greater. 1422 7. | 1427 | of regional impact where the sum of the increases of each land |
| 1428 | use as a percentage of the applicable substantial deviation |
| 1429 | criteria is equal to or exceeds 110 percent. The percentage of |
| 1430 | any decrease in the amount of open space shall be treated as an |
| 1431 | increase for purposes of determining when 110 percent has been |
| 1432 | reached or exceeded. |
| 1433 | 10. A 15 percent increase in the number of external |
| 1434 | vehicle trips generated by the development above that which was |
| 1435 | projected during the original development-of-regional-impact |
| 1436 | review. |
| 1437 | 11. Any change that would result in development of any |
| 1438 | area which was specifically set aside in the application for |
| 1439 | development approval or in the development order for |
| 1440 | preservation or special protection of endangered or threatened |
| 1441 | plants or animals designated as endangered, threatened, or |

| 1453 | the Department of Economic Opportunity as to its impact on an |
| 1454 | area's economy, employment, and prevailing wage and skill |
| 1455 | levels. The substantial deviation numerical standards in |
| 1456 | subparagraphs 3., 4., 5., 6., 9., and 10. are increased by 50 |
| 1457 | percent for a project located wholly within an urban infill and |
| 1458 | redevelopment area designated on the applicable adopted local |
| 1459 | comprehensive plan future land use map and not located within |
| 1460 | the coastal high hazard area. |
| 1461 | (c) This section is not intended to alter or otherwise |
| 1462 | limit the extension, previously granted by statute, of a |
| 1463 | commencement, buildout, phase, termination, or expiration date |
| 1464 | in any development order for an approved development of regional |
| 1465 | impact and any corresponding modification of a related permit or |
| 1466 | agreement. Any such extension is not subject to review or |
| 1467 | modification in any future amendment to a development order |
| 1468 | pursuant to the adopted local comprehensive plan and adopted |
| 1469 | local land development regulations An extension of the date of |
| 1470 | buildout of a development, or any phase thereof, by more than 7 |
| 1471 | years is presumed to create a substantial deviation subject to |
| 1472 | further development-of-regional-impact review. |
| 1473 | 1. An extension of the date of buildout, or any phase |
| 1474 | thereof, of more than 5 years but not more than 7 years is |
| 1475 | presumed not to create a substantial deviation. The extension of |

| 1477 | impact by more than 5 years but less than 10 years is presumed |
| 1478 | not to create a substantial deviation. These presumptions may be |
| 1479 | rebutted by clear and convincing evidence at the public hearing |
| 1480 | held by the local government. An extension of 5 years or less is |
| 1481 | not a substantial deviation. |
| 1482 | 2. In recognition of the 2011 real estate market |
| 1483 | conditions, at the option of the developer, all commencement, |
| 1484 | phase, buildout, and expiration dates for projects that are |
| 1485 | currently valid developments of regional impact are extended for |
| 1486 | 4 years regardless of any previous extension. Associated |
| 1487 | mitigation requirements are extended for the same period unless, |
| 1488 | before December 1, 2011, a governmental entity notifies a |
| 1489 | developer that has commenced any construction within the phase |
| 1490 | for which the mitigation is required that the local government |
| 1491 | has entered into a contract for construction of a facility with |
| 1492 | funds to be provided from the development's mitigation funds for |
| 1493 | that phase as specified in the development order or written |
| 1494 | agreement with the developer. The 4-year extension is not a |
| 1495 | substantial deviation, is not subject to further development-of- |
| 1496 | regional-impact review, and may not be considered when |
| 1497 | determining whether a subsequent extension is a substantial |
| 1498 | deviation under this subsection. The developer must notify the |
| 1499 | local government in writing by December 31, 2011, in order to |
| 1500 | receive the 4-year extension. |

| 1502 | For the purpose of calculating when a buildout or phase date has |
| 1503 | been exceeded, the time shall be tolled during the pendency of |
| 1504 | administrative or judicial proceedings relating to development |
| 1505 | permits. Any extension of the buildout date of a project or a |
| 1506 | phase thereof shall automatically extend the commencement date |
| 1507 | of the project, the termination date of the development order, |
| 1508 | the expiration date of the development of regional impact, and |
| 1509 | the phases thereof if applicable by a like period of time. |
| 1510 | (d) A change in the plan of development of an approved |

| 1512 | imposed by the Department of Environmental Protection or any |
| 1513 | water management district created by s. 373.069 or any of their |
| 1514 | successor agencies or by any appropriate federal regulatory |
| 1515 | agency shall be submitted to the local government pursuant to |
| 1516 | this subsection. The change shall be presumed not to create a |

| 1518 | regional-impact review. The presumption may be rebutted by clear |
| 1519 | and convincing evidence at the public hearing held by the local |
| 1520 | government. |
| 1521 | (e)1. Except for a development order rendered pursuant to |
| 1522 | subsection (22) or subsection (25), a proposed change to a |

| 1524 | previous change is less than any numerical criterion contained |
| 1525 | in subparagraphs (b)110. and does not exceed any other |

| 1528 | not subject to the public hearing requirements of subparagraph |
| 1529 | (f)3., and is not subject to a determination pursuant to |
| 1530 | subparagraph (f)5. Notice of the proposed change shall be made |

| 1533 | individual changes made to the development, including changes |
| 1534 | previously approved by the local government, and must include |

| 1536 | 2. The following changes, individually or cumulatively |
| 1537 | with any previous changes, are not substantial deviations: |
| 1538 | a. Changes in the name of the project, developer, owner, |
| 1539 | or monitoring official. |
| 1540 | b. Changes to a setback which do not affect noise buffers, |

| 1553 | g. Changes to eliminate an approved land use, if there are |
| 1554 | no additional regional impacts. |
| 1555 | h. Changes required to conform to permits approved by any |
| 1556 | federal, state, or regional permitting agency, if these changes |
| 1557 | do not create additional regional impacts. |
| 1558 | i. Any renovation or redevelopment of development within a |
| 1559 | previously approved development of regional impact which does |
| 1560 | not change land use or increase density or intensity of use. |
| 1561 | j. Changes that modify boundaries and configuration of |
| 1562 | areas described in subparagraph (b)11. due to science-based |
| 1563 | refinement of such areas by survey, by habitat evaluation, by |
| 1564 | other recognized assessment methodology, or by an environmental |
| 1565 | assessment. In order for changes to qualify under this sub- |
| 1566 | subparagraph, the survey, habitat evaluation, or assessment must |
| 1567 | occur before the time that a conservation easement protecting |
| 1568 | such lands is recorded and must not result in any net decrease |

agency, in consultation with the regional planning council and 1576 1577 subject to the written concurrence of the Department of 1578 Transportation, agrees that the traffic impact is not 1579 significant and adverse under applicable state agency rules. 1580 m. Any other change that the state land planning agency, 1581 in consultation with the regional planning council, agrees in 1582 writing is similar in nature, impact, or character to the 1583 changes enumerated in sub-subparagraphs a.-1. and that does not create the likelihood of any additional regional impact. 1584 1585 1586 This subsection does not require the filing of a notice of 1587 proposed change but requires an application to the local 1588 government to amend the development order in accordance with the 1589 local government's procedures for amendment of a development 1590 order. In accordance with the local government's procedures, 1591 including requirements for notice to the applicant and the 1592 public, the local government shall either deny the application 1593 for amendment or adopt an amendment to the development order 1594 which approves the application with or without conditions. 1595 Following adoption, the local government shall render to the 1596 state land planning agency the amendment to the development 1597 order. The state land planning agency may appeal, pursuant to s. 1598 380.07(3), the amendment to the development order if the amendment involves sub-subparagraph g., sub-subparagraph h., 1599 1600 sub-subparagraph j., sub-subparagraph k., or sub-subparagraph m.

| 1601 | and if the agency believes that the change creates a reasonable |

| 1602 | likelihood of new or additional regional impacts. |
| 1603 | 3. Except for the change authorized by sub-subparagraph |
| 1604 | 2.f., any addition of land not previously reviewed or any change |
| 1605 | not specified in paragraph (b) or paragraph (c) shall be |
| 1606 | presumed to create a substantial deviation. This presumption may |
| 1607 | be rebutted by clear and convincing evidence. |
| 1608 | 4. Any submittal of a proposed change to a previously |
| 1609 | approved development must include a description of individual |
| 1610 | changes previously made to the development, including changes |
| 1611 | previously approved by the local government. The local |
| 1612 | government shall consider the previous and current proposed |
| 1613 | changes in deciding whether such changes cumulatively constitute |
| 1614 | a substantial deviation requiring further development-of- |
| 1615 | regional-impact review. |
| 1616 | 5. The following changes to an approved development of |
| 1617 | regional impact shall be presumed to create a substantial |
| 1618 | deviation. Such presumption may be rebutted by clear and |
| 1619 | convincing evidence: |
| 1620 | a. A change proposed for 15 percent or more of the acreage |
| 1621 | to a land use not previously approved in the development order. |
| 1622 | Changes of less than 15 percent shall be presumed not to create |
| 1623 | a substantial deviation. |
| 1624 | b. Notwithstanding any provision of paragraph (b) to the |
| 1625 | contrary, a proposed change consisting of simultaneous increases |
| | Page 65 of 160 |

1626 and decreases of at least two of the uses within an authorized 1627 multiuse development of regional impact which was originally 1628 approved with three or more uses specified in s. 380.0651(3)(c) 1629 and (d) and residential use.

1630 6. If a local government agrees to a proposed change, 1631 change in the transportation proportionate share calculation and 1632 mitigation plan in an adopted development order as a result of 1633 recalculation of the proportionate share contribution meeting the requirements of s. 163.3180(5)(h) in effect as of the date 1634 of such change shall be presumed not to create a substantial 1635 1636 deviation. For purposes of this subsection, the proposed change 1637 in the proportionate share calculation or mitigation plan may 1638 not be considered an additional regional transportation impact. 1639 (f)1. The state land planning agency shall establish by 1640 rule standard forms for submittal of proposed changes to a

1641 previously approved development of regional impact which may 1642 require further development-of-regional-impact review. At a 1643 minimum, the standard form shall require the developer to 1644 provide the precise language that the developer proposes to 1645 delete or add as an amendment to the development order.

1646 2. The developer shall submit, simultaneously, to the 1647 local government, the regional planning agency, and the state 1648 land planning agency the request for approval of a proposed 1649 change.

1650

3. No sooner than 30 days but no later than 45 days after

1651 submittal by the developer to the local government, the state 1652 land planning agency, and the appropriate regional planning 1653 agency, the local government shall give 15 days' notice and 1654 schedule a public hearing to consider the change that the 1655 developer asserts does not create a substantial deviation. This 1656 public hearing shall be held within 60 days after submittal of 1657 the proposed changes, unless that time is extended by the 1658 developer. 1659 The appropriate regional planning agency or the state 4. land planning agency shall review the proposed change and, no 1660 1661 later than 45 days after submittal by the developer of the 1662 proposed change, unless that time is extended by the developer, 1663 and prior to the public hearing at which the proposed change is 1664 to be considered, shall advise the local government in writing 1665 whether it objects to the proposed change, shall specify the 1666 reasons for its objection, if any, and shall provide a copy to 1667 the developer. 1668 5. At the public hearing, the local government shall

determine whether the proposed change requires further development-of-regional-impact review. The provisions of paragraphs (a) and (e), the thresholds set forth in paragraph (b), and the presumptions set forth in paragraphs (c) and (d) and subparagraph (e)3. shall be applicable in determining whether further development-of-regional-impact review is required. The local government may also deny the proposed change

1676 based on matters relating to local issues, such as if the land 1677 on which the change is sought is plat restricted in a way that 1678 would be incompatible with the proposed change, and the local 1679 government does not wish to change the plat restriction as part 1680 of the proposed change.

1681 6. If the local government determines that the proposed 1682 change does not require further development-of-regional-impact 1683 review and is otherwise approved, or if the proposed change is 1684 not subject to a hearing and determination pursuant to 1685 subparagraphs 3. and 5. and is otherwise approved, the local 1686 government shall issue an amendment to the development order 1687 incorporating the approved change and conditions of approval 1688 relating to the change. The requirement that a change be 1689 otherwise approved shall not be construed to require additional 1690 local review or approval if the change is allowed by applicable 1691 local ordinances without further local review or approval. The 1692 decision of the local government to approve, with or without 1693 conditions, or to deny the proposed change that the developer 1694 asserts does not require further review shall be subject to the 1695 appeal provisions of s. 380.07. However, the state land planning 1696 agency may not appeal the local government decision if it did 1697 not comply with subparagraph 4. The state land planning agency 1698 may not appeal a change to a development order made pursuant to subparagraph (e)1. or subparagraph (e)2. for developments of 1699 1700 regional impact approved after January 1, 1980, unless the

change would result in a significant impact to a regionally 1701 significant archaeological, historical, or natural resource not 1702 1703 previously identified in the original development-of-regional-1704 impact review. 1705 (g) If a proposed change requires further development-ofregional-impact review pursuant to this section, the review 1706 1707 shall be conducted subject to the following additional 1708 conditions: 1. The development-of-regional-impact review conducted by 1709 the appropriate regional planning agency shall address only 1710 1711 those issues raised by the proposed change except as provided in 1712 subparagraph 2. 2. The regional planning agency shall consider, and the 1713 1714 local government shall determine whether to approve, approve with conditions, or deny the proposed change as it relates to 1715 the entire development. If the local government determines that 1716 1717 the proposed change, as it relates to the entire development, is 1718 unacceptable, the local government shall deny the change. 1719 If the local government determines that the proposed 1720 change should be approved, any new conditions in the amendment 1721 to the development order issued by the local government shall 1722 address only those issues raised by the proposed change and require mitigation only for the individual and cumulative 1723 impacts of the proposed change. 1724 1725 4. Development within the previously approved development

1726 of regional impact may continue, as approved, during the 1727 development-of-regional-impact review in those portions of the 1728 development which are not directly affected by the proposed 1729 change.

1730 (h) When further development-of-regional-impact review is 1731 required because a substantial deviation has been determined or 1732 admitted by the developer, the amendment to the development 1733 order issued by the local government shall be consistent with the requirements of subsection (15) and shall be subject to the 1734 hearing and appeal provisions of s. 380.07. The state land 1735 1736 planning agency or the appropriate regional planning agency need 1737 not participate at the local hearing in order to appeal a local 1738 government development order issued pursuant to this paragraph. 1739 (i) An increase in the number of residential dwelling

The affordable 1746 workforce housing shall be subject to a recorded land use 1747 restriction that shall be for a period of not less than 20 years 1748 and that includes resale provisions to ensure long-term affordability for income-eligible homeowners and renters. For 1749 1750 purposes of this paragraph, the term "affordable workforce

For purposes of this paragraph, the term 1757 "statewide median purchase price of a single-family existing 1758 home" means the statewide purchase price as determined in the Florida Sales Report, Single-Family Existing Homes, released 1759 1760 each January by the Florida Association of Realtors and the 1761 University of Florida Real Estate Research Center.

1762 (8) (20) VESTED RIGHTS.-Nothing in this section shall limit or modify the rights of any person to complete any development 1763 1764 that was authorized by registration of a subdivision pursuant to 1765 former chapter 498, by recordation pursuant to local subdivision plat law, or by a building permit or other authorization to 1766 1767 commence development on which there has been reliance and a 1768 change of position and which registration or recordation was 1769 accomplished, or which permit or authorization was issued, prior 1770 to July 1, 1973. If a developer has, by his or her actions in 1771 reliance on prior regulations, obtained vested or other legal 1772 rights that in law would have prevented a local government from changing those regulations in a way adverse to the developer's 1773 1774 interests, nothing in this chapter authorizes any governmental 1775 agency to abridge those rights.

1776 For the purpose of determining the vesting of rights (a) under this subsection, approval pursuant to local subdivision 1777 1778 plat law, ordinances, or regulations of a subdivision plat by 1779 formal vote of a county or municipal governmental body having 1780 jurisdiction after August 1, 1967, and prior to July 1, 1973, is 1781 sufficient to vest all property rights for the purposes of this 1782 subsection; and no action in reliance on, or change of position 1783 concerning, such local governmental approval is required for 1784 vesting to take place. Anyone claiming vested rights under this paragraph must notify the department in writing by January 1, 1785 1986. Such notification shall include information adequate to 1786 1787 document the rights established by this subsection. When such notification requirements are met, in order for the vested 1788 1789 rights authorized pursuant to this paragraph to remain valid 1790 after June 30, 1990, development of the vested plan must be commenced prior to that date upon the property that the state 1791 1792 land planning agency has determined to have acquired vested 1793 rights following the notification or in a binding letter of 1794 interpretation. When the notification requirements have not been 1795 met, the vested rights authorized by this paragraph shall expire 1796 June 30, 1986, unless development commenced prior to that date. 1797 (b) For the purpose of this act, the conveyance of, or the

agreement to convey, property to the county, state, or local government as a prerequisite to zoning change approval shall be construed as an act of reliance to vest rights as determined

The provisions of 1819 subsection (9) do not apply to this subsection, except that a 1820 developer may elect to utilize the review process established in 1821 subsection (9) for review of the increments of a master plan. 1822 1. Prior to adoption of the master plan development order, 1823 the developer, the landowner, the appropriate regional planning agency, and the local government having jurisdiction shall 1824 1825 review the draft of the development order to ensure that

(1) There is hereby created the Florida Land and Water
Adjudicatory Commission, which shall consist of the
Administration Commission. The commission may adopt rules
necessary to ensure compliance with the area of critical state
concern program and the requirements for developments of
regional impact as set forth in this chapter.

3407 (2)Whenever any local government issues any development 3408 order in any area of critical state concern, or in regard to the abandonment of any approved development of regional impact, 3409 3410 copies of such orders as prescribed by rule by the state land 3411 planning agency shall be transmitted to the state land planning 3412 agency, the regional planning agency, and the owner or developer of the property affected by such order. Within 45 days after the order is rendered, the owner, the 3416 3417 developer, or the state land planning agency may appeal the 3418 order to the Florida Land and Water Adjudicatory Commission by 3419 filing a petition alleging that the development order is not 3420 consistent with the provisions of this part. The appropriate 3421 regional planning agency by vote at a regularly scheduled 3422 meeting may recommend that the state land planning agency 3423 undertake an appeal of a development-of-regional-impact 3424 development order. 3426 state land planning agency shall consider whether to appeal the order and shall respond to the request within the 45-day appeal 3427 3428 period. 3429 Notwithstanding any other provision of law, an appeal (3) 3430 of a development order in an area of critical state concern by 3431 the state land planning agency under this section may include 3432 consistency of the development order with the local comprehensive plan. However, if a development order relating to 3433 a development of regional impact has been challenged in a 3434 proceeding under s. 163.3215 and a party to the proceeding 3435 3436 serves notice to the state land planning agency of the pending 3437 proceeding under s. 163.3215, the state land planning agency shall: 3438 3439 (a) Raise its consistency issues by intervening as a full party in the pending proceeding under s. 163.3215 within 30 days 3440 after service of the notice; and 3441 3442 (b) Dismiss the consistency issues from the development 3443 order appeal. 3444 The appellant shall furnish a copy of the petition to (4) 3445 the opposing party, as the case may be, and to the local 3446 government that issued the order. The filing of the petition 3447 stays the effectiveness of the order until after the completion of the appeal process. 3448 (5) The 45-day appeal period for a development of regional 3449 impact within the jurisdiction of more than one local government 3450

3451 shall not commence until after all the local governments having 3452 jurisdiction over the proposed development of regional impact 3453 have rendered their development orders. The appellant shall 3454 furnish a copy of the notice of appeal to the opposing party, as 3455 the case may be, and to the local government that which issued 3456 the order. The filing of the notice of appeal stays shall stay 3457 the effectiveness of the order until after the completion of the 3458 appeal process.

3459 <u>(5)(6)</u> <u>Before</u> Prior to issuing an order, the Florida Land 3460 and Water Adjudicatory Commission shall hold a hearing pursuant 3461 to the provisions of chapter 120. The commission shall encourage 3462 the submission of appeals on the record made <u>pursuant to</u> 3463 <u>subsection (7)</u> below in cases in which the development order was 3464 issued after a full and complete hearing before the local 3465 government or an agency thereof.

3466 <u>(6) (7)</u> The Florida Land and Water Adjudicatory Commission 3467 shall issue a decision granting or denying permission to develop 3468 pursuant to the standards of this chapter and may attach 3469 conditions and restrictions to its decisions.

3470 <u>(7)(8)</u> If an appeal is filed with respect to any issues 3471 within the scope of a permitting program authorized by chapter 3472 161, chapter 373, or chapter 403 and for which a permit or 3473 conceptual review approval has been obtained <u>before</u> prior to the 3474 issuance of a development order, any such issue shall be 3475 specifically identified in the notice of appeal which is filed

3476 pursuant to this section, together with other issues that which 3477 constitute grounds for the appeal. The appeal may proceed with 3478 respect to issues within the scope of permitting programs for 3479 which a permit or conceptual review approval has been obtained 3480 before prior to the issuance of a development order only after 3481 the commission determines by majority vote at a regularly 3482 scheduled commission meeting that statewide or regional 3483 interests may be adversely affected by the development. In making this determination, there is shall be a rebuttable 3484 presumption that statewide and regional interests relating to 3485 issues within the scope of the permitting programs for which a 3486 3487 permit or conceptual approval has been obtained are not 3488 adversely affected.

Any proposed 3511 changes to developments which continue to be governed by a development-of-regional-impact development order must be 3512 approved pursuant to s. 380.06(7) s. 380.06(19) as it existed 3513 3514 before a change in the development-of-regional-impact guidelines 3515 and standards, except that all percentage criteria are doubled 3516 and all other criteria are increased by 10 percent. 3659 It is the intent of the Legislature to encourage the (14)3660 creation of connected-city corridors that facilitate the growth 3661 of high-technology industry and innovation through partnerships 3662 that support research, marketing, workforce, and 3663 entrepreneurship. It is the further intent of the Legislature to 3664 provide for a locally controlled, comprehensive plan amendment 3665 process for such projects that are designed to achieve a 3666 cleaner, healthier environment; limit urban sprawl by promoting 3667 diverse but interconnected communities; provide a range of 3668 intergenerational housing types; protect wildlife and natural 3669 areas; assure the efficient use of land and other resources; 3670 create quality communities of a design that promotes alternative 3671 transportation networks and travel by multiple transportation 3672 modes; and enhance the prospects for the creation of jobs. The Legislature finds and declares that this state's connected-city 3673 corridors require a reduced level of state and regional 3674 3675 oversight because of their high degree of urbanization and the
