---

The Committee on Appropriations (Perry) recommended the following:

**Senate Amendment (with title amendment)**

Delete lines 95 - 102  
and insert:  
water is a critical component of meeting the state's existing  
and future water supply needs while sustaining natural systems.  
The Legislature further finds that for those wastewater  
treatment plants permitted and operated under an approved reuse  
program by the department, the reclaimed water shall be  
considered environmentally acceptable and not a threat to public
