Committee/Subcommittee hearing bill: Appropriations Committee
Representative Caldwell offered the following:

**Amendment (with title amendment)**

Remove lines 1656-2350 and insert:

Section 13. Paragraph (j) is added to subsection (4) of section 260.0142, Florida Statutes, to read:

260.0142 Florida Greenways and Trails Council;
composition; powers and duties.—

(4) The duties of the council shall include the following:

(j) Assist state agencies, local governments, and trail support organizations seeking recognition and designation from regional and national recreation organizations for outstanding and interconnected trail systems or trail centers.

Section 14. Paragraph (a) of subsection (2) of section 260.016, Florida Statutes, is amended to read:
2018 General powers of the department.—

(2) The department shall:

(a) Evaluate lands for the acquisition of greenways and trails and compile a list of suitable corridors, greenways, and trails, ranking them in order of priority for proposed acquisition. The department shall devise a method of evaluation which includes, but is not limited to, the consideration of:

1. The importance and function of such corridors within the statewide system as reflected on the opportunity maps; and

2. The landowners' willingness to negotiate;

3. The trail system's ability to connect communities, developed and natural areas, and other recreational opportunities; and

4. The trail system’s potential to receive recognition and designation from regional and national recreation organizations for outstanding and interconnected trail systems or trail centers.

Section 15. Subsections (9), (10), and (11) are added to section 373.089, Florida Statutes, to read:

373.089 Sale or exchange of lands, or interests or rights in lands.—The governing board of the district may sell lands, or interests or rights in lands, to which the district has acquired title or to which it may hereafter acquire title in the following manner:

(9) No disposition of land may be made if it would cause
all or any portion of the interest on any revenue bonds to fund acquisitions made by the district to lose the exclusion from gross income for purposes of federal income taxation. Proceeds derived from such disposition may not be used for any purpose except the purchase of other lands meeting the criteria specified in s. 373.139 or payment of debt service on revenue bonds or notes issued under s. 373.584.

(10) Proceeds from the sale of surplus conservation lands purchased with Florida Forever funds before July 1, 2015, shall be deposited into the Florida Forever Trust Fund if the district does not use the proceeds to purchase other lands meeting the criteria specified in s. 373.139 or payment of debt service on revenue bonds or notes issued under s. 373.584 within 3 years. If the district purchased the conservation land with multiple revenue sources, the district shall deposit an amount based on the percentage of Florida Forever funds used for the original purchase.

(11) Proceeds from the sale of surplus conservation lands purchased with state funds on or after July 1, 2015, shall be deposited into the Land Acquisition Trust Fund if the district does not use the proceeds to purchase other lands meeting the criteria specified in s. 373.139 or payment of debt service on revenue bonds or notes issued under s. 373.584 within 3 years. If the district purchased the conservation land with funds other than those from the Land Acquisition Trust Fund or a land
acquisition trust fund created to implement s. 28, Art. X of the State Constitution, the proceeds shall be deposited into the fund from which the land was purchased. If the district purchased the conservation land with multiple revenue sources, the district shall deposit an amount based on the percentage of state funds used for the original purchase.

If the Board of Trustees of the Internal Improvement Trust Fund declines to accept title to the lands offered under this section, the land may be disposed of by the district under the provisions of this section.

Section 16. Subsection (6) of section 373.139, Florida Statutes, is amended to read:

373.139 Acquisition of real property.—

(6) A district may dispose of land acquired under this section pursuant to s. 373.056 or s. 373.089. However, no such disposition of land shall be made if it would have the effect of causing all or any portion of the interest on any revenue bonds issued pursuant to s. 259.101 or s. 259.105 to fund the acquisition programs detailed in this section to lose the exclusion from gross income for purposes of federal income taxation. Revenue derived from such disposition may not be used for any purpose except the purchase of other lands meeting the criteria specified in this section or payment of debt service on revenue bonds or notes issued under s. 373.584.
Section 17.  Subsection (7) is added to section 373.1391, Florida Statutes, to read:

373.1391 Management of real property.—
(7) All revenues generated through multiple-use management or compatible secondary-use management of district conservation lands purchased with state funds shall be retained by the district responsible for such management and shall be used to pay for management activities on all conservation, preservation, and recreation lands under the district's jurisdiction. In addition, such revenues shall be segregated in a district trust fund or special revenue account and shall remain available to the district in subsequent fiscal years to fund land management activities.

Section 18.  Paragraph (h) of subsection (4) of section 373.199, Florida Statutes, is amended to read:

373.199 Florida Forever Water Management District Work Plan.—
(4) The list submitted by the districts shall include, where applicable, the following information for each project:
(h) A clear and concise estimate of the funding needed to carry out the restoration, protection, or improvement project, or the development of new water resources, where applicable, and a clear and concise identification of the projected sources and uses of Florida Forever funds. Only the land acquisition elements and associated land acquisition costs for projects
identified on the list may receive Florida Forever funding. All other project elements must use other funding sources.

Section 19. Paragraph (d) of subsection (9) of section 373.4598, Florida Statutes, is amended and paragraph (f) is added to that subsection to read:

373.4598 Water storage reservoirs.—
(9) C-51 RESERVOIR PROJECT.—
(d) If state funds are appropriated for Phase I or Phase II of the C-51 reservoir project:

1. The district, to the extent practicable, must shall operate either Phase I or Phase II of the reservoir project to maximize the reduction of high-volume Lake Okeechobee regulatory releases to the St. Lucie or Caloosahatchee estuaries, in addition to maximizing the reduction of harmful discharges providing relief to the Lake Worth Lagoon. However, the operation of Phase I of the C-51 reservoir project must be in accordance with any operation and maintenance agreement adopted by the district;

2. Water made available by Phase I or Phase II of the reservoir must shall be used for natural systems in addition to any permitted allocated amounts for water supply; and

3. Any Water received from Lake Okeechobee may only not be available to support consumptive use permits if such use is in accordance with the district rules.

(f) The district may enter into a capacity allocation
agreement with a water supply entity for a pro rata share of unreserved capacity in the water storage facility and may request the department to waive repayment of all or a portion of the loan issued pursuant to s. 373.475. The department may authorize such waiver if the department determines it has received reasonable value for such waiver. The district is not responsible for repaying any portion of the loan issued pursuant to s. 373.475, which is waived pursuant to this paragraph.

Section 20. Subsection (10) is added to section 373.713, Florida Statutes, to read:

373.713 Regional water supply authorities.—
(10) Each regional water supply authority shall annually coordinate with the appropriate water management district to submit a status report on water resource development projects receiving state funding for inclusion in the consolidated water management district annual report required by s. 373.036(7).

Section 21. Paragraph (b) of subsection (3) of section 375.041, Florida Statutes, is amended to read:

375.041 Land Acquisition Trust Fund.—
(3) Funds distributed into the Land Acquisition Trust Fund pursuant to s. 201.15 shall be applied:
(b) Of the funds remaining after the payments required under paragraph (a), but before funds may be appropriated, pledged, or dedicated for other uses:
1. A minimum of the lesser of 25 percent or $200 million
shall be appropriated annually for Everglades projects that implement the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project subject to Congressional authorization; the Long-Term Plan as defined in s. 373.4592(2); and the Northern Everglades and Estuaries Protection Program as set forth in s. 373.4595. From these funds, $32 million shall be distributed each fiscal year through the 2023-2024 fiscal year to the South Florida Water Management District for the Long-Term Plan as defined in s. 373.4592(2). After deducting the $32 million distributed under this subparagraph, from the funds remaining, a minimum of the lesser of 76.5 percent or $100 million shall be appropriated each fiscal year through the 2025-2026 fiscal year for the planning, design, engineering, and construction of the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project, the Everglades Agricultural Area Storage Reservoir Project, the Lake Okeechobee Watershed Project, the C-43 West Basin Storage Reservoir Project, the Indian River Lagoon-South Project, the Western Everglades Restoration Project, and the Picayune Strand Restoration Project. The Department of Environmental Protection and the South Florida Water Management District shall give preference to those Everglades restoration projects that reduce harmful discharges of water from Lake Okeechobee to the St. Lucie or Caloosahatchee estuaries in a timely manner, with the
highest priority given to the C-43 West Basin Storage Reservoir Project. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

2. A minimum of the lesser of 7.6 percent or $50 million shall be appropriated annually for spring restoration, protection, and management projects. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

3. The sum of $5 million shall be appropriated annually each fiscal year through the 2025-2026 fiscal year to the St. Johns River Water Management District for projects dedicated to
the restoration of Lake Apopka. This distribution shall be 
reduced by an amount equal to the debt service paid pursuant to 
paragraph (a) on bonds issued after July 1, 2016, for the 
purposes set forth in this subparagraph.

4. The sum of $64 million is appropriated and shall be 
transferred to the Everglades Trust Fund for the 2018-2019 
fiscal year, and each fiscal year thereafter, for the EAA 
reservoir project pursuant to s. 373.4598. Any funds remaining 
in any fiscal year shall be made available only for Phase II of 
the C-51 reservoir project or projects identified in 
subparagraph 1. and must be used in accordance with laws 
relating to such projects. Any funds made available for such 
purposes in a fiscal year are in addition to the amount 
appropriated under subparagraph 1. This distribution shall be 
reduced by an amount equal to the debt service paid pursuant to 
paragraph (a) on bonds issued after July 1, 2017, for the 
purposes set forth in this subparagraph.

5. The following sums shall be appropriated annually each 
fiscal year to the Florida Forever Trust Fund for distribution 
by the Department of Environmental Protection pursuant to s. 
259.105(3):

a. For the 2019-2020 fiscal year and the 2020-2021 fiscal 
year, the sum of $57 million.

b. For the 2021-2022 fiscal year, the sum of $78 million.

c. For the 2022-2023 fiscal year, the sum of $89 million.
Committee/Subcommittee Amendment

Bill No. CS/HB 7063  (2018)

Amendment No. 2

d. For the 2023-2024 fiscal year and the 2024-2025 fiscal year, the sum of $110 million.

e. For the 2025-2026 fiscal year, the sum of $127 million.

f. For the 2026-2027 fiscal year, the sum of $147 million.

g. For the 2027-2028 fiscal year, the sum of $157 million.

h. For the 2028-2029 fiscal year, the sum of $179 million.

i. For the 2029-2030 fiscal year and each fiscal year through the 2035-2036 fiscal year, the sum of $200 million.

The distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2018, for the purposes set forth in this subparagraph.

5. Notwithstanding subparagraph 3., for the 2017-2018 fiscal year, funds shall be appropriated as provided in the General Appropriations Act. This subparagraph expires July 1, 2018.

Section 22. Subsection (3) of section 380.508, Florida Statutes, is amended to read:

380.508 Projects; development, review, and approval.—

(3) In accordance with procedures adopted by the trust, local governments and nonprofit organizations may propose projects for the trust to consider for funding or technical assistance. When a local government demonstrates the need for assistance in preparing a project proposal, the trust, whenever possible, shall provide such assistance. When selecting projects
to provide funding or technical assistance, the trust must emphasize projects that enhance the coordination and completion of land acquisition projects, as measured by:

(a) The number of acres acquired that enhance essential natural resources, contribute to ecosystem service parcels, and connect linkage corridors;

(b) The number of shared acquisition projects among Florida Forever funding partners and partners with other funding sources, including local governments and the federal government; and

(c) For urban greenways and open space projects, the number of acres acquired that connect communities, developed and natural areas, and other recreational opportunities that have the potential to receive recognition and designation from regional and national recreation organizations for outstanding and interconnected trail systems or trail centers.

Section 23. Subsection (4) of section 388.261, Florida Statutes, is amended to read:

388.261 State aid to counties and districts for arthropod control; distribution priorities and limitations.—

(4) The department must use up to 20 percent of the annual funds appropriated to local governments for arthropod control may be used for arthropod control research or demonstration projects as approved by the department.
Section 24.  Paragraph (c) is added to subsection (12) of section 403.067, Florida Statutes, to read:

403.067  Establishment and implementation of total maximum daily loads.—
(12) IMPLEMENTATION OF ADDITIONAL PROGRAMS.—
(c) The department may consider and include innovative nutrient reduction pilot projects designed to reduce nutrient pollution as part of basin management action plans pursuant to subsection (7). The department may also provide cost-share funding for innovative nutrient reduction pilot projects.

Section 25.  Section 403.0891, Florida Statutes, is amended to read:

403.0891  State, regional, and local stormwater management plans and programs.—The department, the water management districts, and local governments, and the Department of Transportation shall have the responsibility for the development of mutually compatible stormwater management programs.

(1) The department shall include goals in the water resource implementation rule for the proper management of stormwater.

(2) Each water management district to which the state's stormwater management program is delegated shall establish district and, where appropriate, watershed or drainage basin stormwater management goals which are consistent with the goals adopted by the state and with plans adopted pursuant to ss.
(3)(a) Each local government required by chapter 163 to submit a comprehensive plan, whose plan is submitted after July 1, 1992, and the others when updated after July 1, 1992, in the development of its stormwater management program described by elements within its comprehensive plan shall consider the water resource implementation rule, district stormwater management goals, plans approved pursuant to the Surface Water Improvement and Management Act, ss. 373.451-373.4595, and technical assistance information provided by the water management districts pursuant to s. 373.711.

(b) Local governments are encouraged to consult with the water management districts, the Department of Transportation, and the department before adopting or updating their local government comprehensive plan or public facilities report as required by s. 189.08, whichever is applicable.

(4) The department, in coordination and cooperation with water management districts and local governments, shall conduct a continuing review of the costs of stormwater management systems and the effect on water quality and quantity, and fish and wildlife values. The department, the water management districts, and local governments shall use the review for planning purposes and to establish priorities for watersheds and stormwater management systems which require better management.
and treatment of stormwater with emphasis on the costs and benefits of needed improvements to stormwater management systems to better meet needs for flood protection and protection of water quality, and fish and wildlife values. 

(5) The results of the review shall be maintained by the department and the water management districts and shall be provided to appropriate local governments or other parties on request. The results also shall be used in the development of the goals developed pursuant to subsections (1) and (2).

(6) The department and the Department of Economic Opportunity, in cooperation with local governments in the coastal zone, shall develop a model stormwater management program that could be adopted by local governments. The model program shall contain dedicated funding options, including a stormwater utility fee system based upon an equitable unit cost approach. Funding options shall be designed to generate capital to retrofit existing stormwater management systems, build new treatment systems, operate facilities, and maintain and service debt.

(7) The Department of Transportation shall coordinate with the department, water management districts, and local governments to determine whether it is economically feasible to use stormwater resulting from road construction projects for the beneficial use of providing alternative water supplies, including, but not limited to, directing stormwater to reclaimed
water facilities or water storage reservoirs. If the affected parties determine that beneficial use of such stormwater is economically feasible, such use shall be implemented by the parties. The department, in consultation with the Department of Transportation, may adopt rules to implement this subsection.

Section 26. Subsection (12) of section 403.814, Florida Statutes, is amended to read:

403.814 General permits; delegation.—
(12) A general permit is granted for the construction, alteration, and maintenance of a stormwater management system serving a total project area of up to 10 acres meeting the criteria of this subsection. Such stormwater management systems must be designed, operated, and maintained in accordance with applicable rules adopted pursuant to part IV of chapter 373. There is a rebuttable presumption that the discharge from such systems complies with state water quality standards. The construction of such a system may proceed without any further agency action by the department or water management district if, before construction begins, an electronic self-certification is submitted to the department or water management district which certifies that the proposed system was designed by a Florida registered professional and that the registered professional has certified that the proposed system meets the requirements of this section and will meet the following additional requirements:
(a) The total project area involves less than 10 acres and less than 2 acres of impervious surface;
(b) Activities will not impact wetlands or other surface waters;
(c) Activities are not conducted in, on, or over wetlands or other surface waters;
(d) Drainage facilities will not include pipes having diameters greater than 24 inches, or the hydraulic equivalent, and will not use pumps in any manner;
(e) The project is not part of a larger common plan, development, or sale; and
(f) The project does not cause or contribute to:
   1. Cause Adverse water quantity or flooding impacts to receiving water and adjacent lands;
   2. Cause Adverse impacts to existing surface water storage and conveyance capabilities;
   3. Cause A violation of state water quality standards; or
   4. Cause An adverse impact to the maintenance of surface or ground water levels or surface water flows established pursuant to s. 373.042 or a work of the district established pursuant to s. 373.086.

Section 27. Section 403.892, Florida Statutes, is created to read:

403.892 Asset management plan and reserve fund.—
(1) The Legislature finds the development and
implementation of an asset management program by public water systems and domestic wastewater treatment systems that includes a long-range financial planning component is consistent with industry best practices and is necessary to achieve sustainable infrastructure and protect public health. An asset management program is implemented through a written asset management plan that includes detailed asset inventories, sustainable levels of service and performance goals, identification and ranking of assets critical to sustainable performance, analysis of minimum life-cycle costs, and optimum long-term funding strategies.

(2) By August 1, 2020, each public water system, as defined in s. 403.852, and domestic wastewater treatment system shall develop a written asset management plan in accordance with United States Environmental Protection Agency guidance on asset management for water and wastewater utilities. The asset management plan shall be updated annually. The plan and annual updates to the plan shall be posted on a publicly available website. As used in this section, the term "domestic wastewater treatment system" means any plant or other works used to treat, stabilize, or hold domestic wastes, including pipelines or conduits, pumping stations, and force mains and all other structures, devices, appurtenances, and facilities used for collecting or conducting wastes to an ultimate point for treatment or disposal. A domestic wastewater treatment system does not include an onsite sewage treatment and disposal system.
as defined in s. 381.0065.

(3) To be eligible for state funding, a public water system or domestic wastewater treatment system must demonstrate that it is implementing an asset management plan in accordance with this section, and the plan adequately addresses long-term funding strategies for maintaining assets to meet required levels of service and long-term system needs. Funding strategies may include a rate structure appropriate for the customer base, use of reserves or other forms of asset annuities, and financing mechanisms for repair and replacement of assets.

Section 28. Section 403.893, Florida Statutes, is created to read:

403.893 Public water system and domestic wastewater treatment system infrastructure floodplain resiliency.—It is the policy of the state to encourage public water systems and domestic wastewater treatment systems to increase the resilience of their critical infrastructure against flooding. Any new infrastructure for a public water system or domestic wastewater treatment system located within an area identified in accordance with the Federal Emergency Management Agency's 100-year and 500-year flood maps as a special flood hazard area or a moderate flood hazard area must be built to withstand the respective flood conditions. Such new infrastructure must include, at a minimum, elevated control panels and appurtenant structures above the flood prone elevation and submersible components,
including pumps and flow meters.

Section 29. Subsection (9) is added to section 570.76, Florida Statutes, to read:

570.76 Department of Agriculture and Consumer Services; powers and duties.—For the accomplishment of the purposes specified in this act, the department shall have all powers and duties necessary, including, but not limited to, the power and duty to:

(9) Provide assistance to local governments in administering local rural-lands-protection easement programs.

The department may provide technical support to review applications for inclusion in the local government's program and monitor compliance with the conservation easements. The department may not use any state funds to assist in the purchase of such easements or pay any acquisition costs. The local government must compensate the department for its services. The agreement for assistance must be documented in a memorandum of agreement between the department and the local government. The title to such conservation easements shall be held in the name of the local government.

Section 30. Section 1004.49, Florida Statutes, is amended to read:

1004.49 Florida LAKEWATCH Program.—The Florida LAKEWATCH Program is hereby created within the School of Forest Resources and Conservation's Fisheries and Aquatic Sciences Program.
Department of Fisheries and Aquaculture of the Institute of Food and Agricultural Sciences at the University of Florida. The purpose of the program is to provide public education and training with respect to the water quality of Florida's lakes. The Fishes and Aquatic Sciences Program Department of Fisheries and Aquaculture may, in implementing the LAKEWATCH program:

1. Train, supervise, and coordinate volunteers to collect water quality data from Florida's lakes, streams, and estuaries.
2. Compile the data collected by volunteers.
3. Disseminate information to the public about the LAKEWATCH program.
4. Provide or loan equipment to volunteers in the program.
5. Perform other functions as may be necessary or beneficial in coordinating the LAKEWATCH program.

Data collected and compiled shall be used to establish trends and provide general background information and may shall in no instance be used by the Department of Environmental Protection if the data collection methods meet sufficient quality assurance and quality control requirements approved by the Department of Environmental Protection in a regulatory proceeding.

Section 31. Subsection (1) of section 20.3315, Florida Statutes, is amended to read:
20.3315 Florida Forever Program Trust Fund of the Florida Fish and Wildlife Conservation Commission.—

(1) There is created a Florida Forever Program Trust Fund within the Florida Fish and Wildlife Conservation Commission to carry out the duties of the commission under the Florida Forever Act as specified in s. 259.105(3)(g). The trust fund shall receive funds pursuant to s. 259.105(3)(g).

Section 32. Subsection (4) and paragraph (b) of subsection (5) of section 253.027, Florida Statutes, are amended to read:

253.027 Emergency archaeological property acquisition.—

(4) EMERGENCY ARCHAEOLOGICAL ACQUISITION.—The sum of $2 million shall be reserved annually within the Florida Forever Trust Fund for the purpose of emergency archaeological acquisition. Any portion of that amount not spent or obligated by the end of the third quarter of the fiscal year may be used for approved acquisitions pursuant to s. 259.105(3)(a) s. 259.105(3)(b).

(5) ACCOUNT EXPENDITURES.—

(b) Funds may not be spent from the account for excavation or restoration of the properties acquired. Funds may be spent for preliminary surveys to determine if the sites meet the criteria of this section. An amount not to exceed $100,000 may also be spent from the account to inventory and evaluate archaeological and historic resources on properties purchased, or proposed for purchase, pursuant to
s. 259.105(3)(a) s. 259.105(3)(b).

Section 33. Subsection (3), paragraph (b) of subsection(4), and subsection (6) of section 259.035, Florida Statutes, are amended to read:

259.035 Acquisition and Restoration Council.—

(3) The council shall provide assistance to the board in reviewing the recommendations and plans for state-owned conservation lands required under s. 253.034 and this chapter. The council shall, in reviewing such plans, consider the optimization of multiple-use and conservation strategies to accomplish the provisions funded pursuant to former s. 259.101(3)(a), Florida Statutes 2014, and to s. 259.105(3)(a) s. 259.105(3)(b).

(4)

(b) In developing or amending rules, the council shall give weight to the criteria included in s. 259.105(8) s. 259.105(9). The board of trustees shall review the recommendations and shall adopt rules necessary to administer this section.

(6) The proposal for a project pursuant to this section or s. 259.105(3)(a) s. 259.105(3)(b) may be implemented only if adopted by the council and approved by the board of trustees. The council shall consider and evaluate in writing the merits and demerits of each project that is proposed for acquisition using funds available pursuant to s. 28, Art. X of the State
Constitution or Florida Forever funding and shall ensure that each proposed project meets the requirements of s. 28, Art. X of the State Constitution. The council also shall determine whether the project conforms, where applicable, with the comprehensive plan developed pursuant to s. 259.04(1)(a), the comprehensive multipurpose outdoor recreation plan developed pursuant to s. 375.021, the state lands management plan adopted pursuant to s. 253.03(7), the water resources work plans developed pursuant to s. 373.199, and the provisions of s. 259.032, s. 259.101, or s. 259.105, whichever is applicable.

Section 34. Paragraph (b) of subsection (3) of section 259.037, Florida Statutes, is amended to read:

259.037 Land Management Uniform Accounting Council.—

(3)

(b) Each reporting agency shall also:

1. Include a report of the available public use opportunities for each management unit of state land, the total management cost for public access and public use, and the cost associated with each use option.

2. List the acres of land requiring minimal management effort, moderate management effort, and significant management effort pursuant to s. 259.032(9)(b) or s. 259.032(9)(c). For each category created in paragraph (a), the reporting agency shall include the amount of funds requested, the amount of funds received, and the amount of funds expended for land management.
3. List acres managed and cost of management for each park, preserve, forest, reserve, or management area.

4. List acres managed, cost of management, and lead manager for each state lands management unit for which secondary management activities were provided.

5. Include a report of the estimated calculable financial benefits to the public for the ecosystem services provided by conservation lands, based on the best readily available information or science that provides a standard measurement methodology to be consistently applied by the land managing agencies. Such information may include, but need not be limited to, the value of natural lands for protecting the quality and quantity of drinking water through natural water filtration and recharge, contributions to protecting and improving air quality, benefits to agriculture through increased soil productivity and preservation of biodiversity, and savings to property and lives through flood control.

Section 35. Subsection (7) of section 380.510, Florida Statutes, is amended to read:

380.510 Conditions of grants and loans.—

(7) Any funds received by the trust pursuant to s. 259.105(3)(b) or s. 259.105(3)(c) or s. 375.041 shall be held separate and apart from any other funds held by the trust and used for the land acquisition purposes of this part.

(a) The administration and use of Florida Forever funds
are subject to such terms and conditions imposed thereon by the agency of the state responsible for the bonds, the proceeds of which are deposited into the Florida Forever Trust Fund, including restrictions imposed to ensure that the interest on any such bonds issued by the state as tax-exempt bonds is not included in the gross income of the holders of such bonds for federal income tax purposes.

(b) All deeds or leases with respect to any real property acquired with funds received by the trust from the former Preservation 2000 Trust Fund, the Florida Forever Trust Fund, or the Land Acquisition Trust Fund must contain such covenants and restrictions as are sufficient to ensure that the use of such real property at all times complies with s. 375.051 and s. 9, Art. XII of the State Constitution. Each deed or lease with respect to any real property acquired with funds received by the trust from the Florida Forever Trust Fund before July 1, 2015, must contain covenants and restrictions sufficient to ensure that the use of such real property at all times complies with s. 11(e), Art. VII of the State Constitution. Each deed or lease with respect to any real property acquired with funds received by the trust from the Florida Forever Trust Fund after July 1, 2015, must contain covenants and restrictions sufficient to ensure that the use of such real property at all times complies with s. 28, Art. X of the State Constitution. Each deed or lease must contain a reversion, conveyance, or termination clause that
vests title in the Board of Trustees of the Internal Improvement
Trust Fund if any of the covenants or restrictions are violated
by the titleholder or leaseholder or by some third party with
the knowledge of the titleholder or leaseholder.
Section 36. Paragraph (d) of subsection (1) of section
570.715, Florida Statutes, is amended to read:
570.715 Conservation easement acquisition procedures.—
(1) For less than fee simple acquisitions pursuant to s.
570.71, the Department of Agriculture and Consumer Services
shall comply with the following acquisition procedures:
(d) On behalf of the board of trustees and before the
appraisal of parcels approved for purchase under ss.
259.105(3)(c) ss. 259.105(3)(i) and 570.71, the department may
enter into option contracts to buy less than fee simple interest
in such parcels. Any such option contract shall state that the
final purchase price is subject to approval by the board of
trustees and that the final purchase price may not exceed the
maximum offer authorized by law. Any such option contract
presented to the board of trustees for final purchase price
approval shall explicitly state that payment of the final
purchase price is subject to an appropriation by the
Legislature. The consideration for any such option contract may
not exceed $1,000 or 0.01 percent of the estimate by the
department of the value of the parcel, whichever amount is
greater.
Section 37. Subsection (1) of section 589.065, Florida Statutes, is amended to read:

589.065 Florida Forever Program Trust Fund of the Department of Agriculture and Consumer Services.—

(1) There is created a Florida Forever Program Trust Fund within the Department of Agriculture and Consumer Services to carry out the duties of the department under the Florida Forever Act as specified in s. 259.105(3)(f). The trust fund shall receive funds pursuant to s. 259.105(3)(f).

Section 38. The Legislature finds that the systematic management of public water system and domestic wastewater treatment system assets and the resiliency of public water system and domestic wastewater system infrastructure in floodplains is essential to the protection of public health and natural resources. Therefore, the Legislature determines and declares that this act fulfills an important state interest.
