COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1104 creates 34 specialty license plates (SLP) and provides for the design and the use of the annual fees associated with the SLPs. The bill also makes additional changes to the license plate laws:

- Revises 6 existing SLPs and repeals provisions related to 4 discontinued SLPs;
- Authorizes the Department of Highway Safety and Motor Vehicles (DHSMV) to issue SLPs for fleet vehicles and motor vehicle dealer vehicles upon approval by the SLP's sponsoring organization;
- Establishes a cap of 125 SLPs and provides a revised process for the discontinuation of low performing SLPs, which is effective July 1, 2022, and for the addition of new SLPs;
- Requires the DHSMV to conduct an audit every 3 years of certain SLP recipient organizations;
- Allows out-of-state expenditures for certain military-related SLPs; and
- Expands the prohibition against using SLP revenues for lobbying.

The bill also creates two new SLPs for recipients of the Purple Heart and the Bronze Star.

SB 1106 (2019), which this bill is linked to, provides for an annual use fee of \$25 for a SLP and \$50 for out of state collegiate SLPs.

According to the DHSMV, the bill will have a negative, but insignificant fiscal impact associated with programming costs. These costs can be absorbed within existing resources.

The bill has an effective date of October 1, 2019, but only if SB 1106 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

II. Present Situation :

Specialty License Plates

Presently, there are over 120 specialty license plates available for purchase in Florida.¹ Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from \$15 to \$25, paid in addition to required license taxes and service fees.² The annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified on the plate's design and designated in statute.³

In order to establish a specialty license plate and after the plate is approved by law, s. 320.08053, F.S., requires the following actions within certain timelines:

- Within 60 days, the organization must submit an art design for the plate, in a medium prescribed by the DHSMV;
- Within 120 days, the DHSMV must establish a method to issue pre-sale vouchers for the specialty license plate; and
- Within 24 months after the pre-sale vouchers are established, the organization must obtain a minimum of 1,000 voucher sales before manufacturing of the plate may begin.

If the minimum sales requirement has not been met by the end of the 24-month pre-sale period, then the DHSMV will discontinue the plate and issuance of pre-sale vouchers. Upon discontinuation, a purchaser of a presale voucher may use the annual use fee as a credit towards any other specialty license plate or apply for a refund with the DHSMV.⁴

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified United States Armed Forces and veterans-related specialty plates.⁵ Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.⁶

DHSMV Costs Defrayed

The DHSMV is authorized to retain a sufficient portion of annual use fees collected from the sale of specialty plates to defray its costs for inventory, distribution, and other direct costs associated

with the specialty license plate program. The remainder of the proceeds collected are distributed as provided by law.⁷

Discontinuance of Specialty Plates

The DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid registrations falls below 1,000 plates for at least 12 consecutive months. A warning letter is mailed to the sponsoring organization following the first month in which the total number of valid specialty license plate registrations is below 1,000 plates. Collegiate plates for Florida universities are exempt from the minimum specialty license plate requirement.⁸ In addition, the DHSMV is authorized to discontinue any specialty license plate if the organization no longer exists, stops providing services that are authorized to be funded from the annual use fee proceeds, or pursuant to an organizational recipient's request.⁹

Fleet/Dealer License Plates

A franchised motor vehicle dealer, independent motor vehicle dealer, marine boat trailer dealer, or mobile home dealer and manufacturer license plate is subject to an annual license tax of \$17.¹⁰ These license plates are imprinted with the word "Dealer" at the bottom of the plate.¹¹ Dealers may, upon payment of the dealer plate license tax, secure one or more dealer license plates. These plates are valid while the motor vehicles are in the dealer's inventory and for sale, or while being operated in connection with the dealer's business, except when used as for-hire vehicles.¹²

Fleet license plates¹³ are available for companies that own or lease a minimum number of nonapportioned motor vehicles used for business purposes.¹⁴ In order to participate in the fleet vehicle program the company must have a minimum of 200 vehicles or a minimum of 25 trailers or semitrailers used exclusively to haul agricultural products.¹⁵ Fleet license plates are available upon approval by the DHSMV and payment of license taxes prescribed under s. 320.08, F.S. Fleet vehicle license plates have the word "Fleet" imprinted at the bottom of the plate.¹⁶ All vehicles with a fleet license plate must have the company's name or logo and unit number displayed so that they are readily identifiable.¹⁷

Neither dealer license plates nor fleet license plates are eligible to be specialty license plates.

Existing Specialty License Plates

Special Olympics Florida License Plate

Section 320.08058(7), F.S., creates the Special Olympics Florida SLP with an annual use fee of \$15.¹⁸ The license plate contains the official Special Olympics Florida logo with “Florida” centered at the bottom of the plate, and “Everyone Wins” centered at the top of the plate. The first \$5 million collected annually must be forwarded to the Florida Developmental Disabilities Council to be used solely for the Special Olympics. Any additional fees must be deposited into the General Revenue Fund.¹⁹

Live the Dream License Plate

Section 320.08058(48), F.S., creates the Live the Dream SLP with an annual use fee of \$25.²⁰ The words “Live the Dream” must appear at the bottom of the plate. Proceeds from the Live the Dream SLP are distributed to the Dream Foundation, Inc., which retained the first \$60,000 in proceeds from the annual use fees as reimbursement for administrative costs, startup costs, and costs incurred in the SLP approval process. After those costs are reimbursed, up to 25 percent of the proceeds must be used for continuing promotion and marketing of the license plate and concept. The remaining funds must be distributed as follows:

- Twenty-five percent equally among the sickle cell organizations that are Florida members of the Sickle Cell Disease Association of America, Inc., for programs providing research, care, and treatment for sickle cell disease.
- Twenty-five percent to the Florida chapter of the March of Dimes for programs and services improving the health of babies through preventing birth defects and infant mortality.
- Ten percent to the Florida Association of Healthy Start Coalitions to decrease racial disparity in infant mortality and to increase healthy birth outcomes. Funding will be used by local Healthy Start Coalitions to provide services and increase screening rates for high-risk pregnant women, children under 4 years of age, and women of childbearing age.
- Ten percent to the Community Partnership for Homeless, Inc., for programs that provide relief from poverty, hunger, and homelessness.
- Five percent to the Dream Foundation, Inc., for administrative costs directly associated with operations relating to the management and distribution of the proceeds.

In March 2015, the DHSMV began withholding funds from the Dream Foundation, Inc., because the organization failed to produce financial documentation that the DHSMV requested. In August 2015, a DHSMV Inspector General Audit found that the funds from the sale of the Live the Dream SLP were being improperly distributed.²¹ Additionally, a royalty payment was due to the Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., for the use of Dr. Martin Luther King Jr.’s image on the license plate. In 2016, the Dream Foundation, Inc., was

Funds must also be distributed to other nonprofit organizations that may apply for grants and scholarships and to provide educational grants to public and private schools to promote the historical and religious significance of American and Florida history. The In God We Trust Foundation, Inc., must distribute the license plate annual use fees in the following manner:

- The In God We Trust Foundation, Inc., retains all revenues from the sale of the license plates until all startup costs for developing and establishing the license plate have been recovered.
- Ten percent of the funds received by the In God We Trust Foundation, Inc., must be spent on administrative costs, promotion, and marketing of the license plate directly associated with the operations of the In God We Trust Foundation, Inc.

Blue Angels

At the end of World War II, Chief of Naval Operations Admiral Chester W. Nimitz ordered the formation of a flight demonstration team to keep the public interested in naval aviation. In a short three months, the Navy Flight Exhibition Team performed its first flight demonstration on June 15, 1946, at their home base, Naval Air Station (NAS) Jacksonville, Florida. Lt. Commander Roy “Butch” Voris led the team and flew the Grumman F6F-5 Hellcat.⁶⁰

The new Navy Flight Exhibition team was only the second formal flying demonstration team to have been created in the world, since the Patrouille de France formed in 1931. The team was introduced as the “Blue Angels” at a show in Omaha, Nebraska, in July 1946. Right Wing Pilot Lt. Maurice “Wick” Wickendoll came across the name in the New Yorker Magazine in a column called Goings On About Town. Voris said, “That sounds great! The Blue Angels. Navy, Blue, and Flying!”⁶¹

Today, a total of 16 officers voluntarily serve with the Blue Angels. Each year the team typically selects three tactical (fighter or fighter/attack) jet pilots, two support officers and one Marine Corps C-130 pilot to relieve departing members.⁶²

Since 1946, the Blue Angels have performed for nearly 500 million fans.⁶³

audit pursuant to the Florida Single Audit Act⁹⁹ must annually attest, under penalties of perjury, that such proceeds were used in compliance with applicable state laws.¹⁰⁰

Any organization subject to audit pursuant to the Florida Single Audit Act¹⁰¹ must submit an audit report in accordance with the Auditor General's rules. The annual attestation must be submitted to the DHSMV for review within nine months after the end of the organization's fiscal year.¹⁰²

Within 120 days after receiving an organization's audit or attestation, the DHSMV must determine which recipients of revenues from SLP annual use fees have not complied with the appropriate statutory provisions. In determining compliance, the DHSMV may commission an independent actuarial consultant, or an independent certified public accountant, who has expertise in nonprofit and charitable organizations.¹⁰³

The DHSMV must discontinue the distribution of revenues to any organization that fails to submit the required documentation, but may resume distribution of the revenues upon receipt of the required information.¹⁰⁴

If the DHSMV determines that an organization has not complied with or has failed to use the revenues in accordance with applicable law, the DHSMV must discontinue the distribution of the revenues to the organization. The DHSMV must notify the organization of its findings and direct the organization to make the changes necessary in order to comply. If the officers of the organization sign an affidavit under penalties of perjury stating they acknowledge the findings of the DHSMV and attest they have taken corrective action and that the organization will submit to a follow-up review by the DHSMV, then the department may resume the distribution of revenues.¹⁰⁵

If an organization fails to comply with the DHSMV's recommendations and corrective actions as outlined above, the revenue distributions must be discontinued until completion of the next regular session of the Legislature. The DHSMV must notify the President of the Senate and the Speaker of the House of Representatives by the first day of the next regular session of any organization whose revenues have been withheld. If the Legislature does not provide direction to the organization and the DHSMV regarding the status of the undistributed revenues, the DHSMV must de-authorize the plate and the undistributed revenues are immediately deposited into the Highway Safety Operating Trust Fund.¹⁰⁶

The DHSMV has the authority to examine all records pertaining to the use of funds from the sale of SLPs.¹⁰⁷

III. Effect of Proposed Changes:

Establishing Specialty License Plates (section 4)

The bill amends s. 320.08053(2)(b), F.S., requiring a minimum sale of 3,000 vouchers prior to the DHSMV manufacturing a SLP, instead of the current 1,000 sales requirement. However, for out-of-state college or university license plates, the minimum sale is 4,000 vouchers.

The bill creates s. 320.08053(3)(a), F.S., providing that new SLPs that have been approved by law but are awaiting issuance are issued in the order they appear in s. 320.08058, F.S.,¹⁰⁸ provided that the plates have met the presale requirement and all other provisions of s. 320.08053, F.S. If the next awaiting SLP has not met the presale requirement, the DHSMV must proceed in the order provided in s. 320.08056, F.S., to identify the next qualified SLP that has met the presale requirement. The DHSMV must cycle through the list in statutory order.

The bill creates s. 320.08053(3)(b), F.S., prohibiting the DHSMV from making any new SLPs available for design or issuance until a sufficient number of plates are discontinued if the Legislature has approved 125 or more SLPs.¹⁰⁹ The 125 license plate limit does not apply to collegiate license plates established under s. 320.08058(3), F.S.

Discontinuing Specialty License Plates (sections 5 and 6)

The bill amends s. 320.08056(8)(a), F.S., effective July 1, 2022, requiring the DHSMV to discontinue the issuance of an approved SLP if the number of valid registrations falls below 3,000 plates for 12 consecutive months, instead of the current 1,000 plate threshold. However, *out-of-state* college or university license plates have a 4,000 plate threshold. In addition to the existing exemption from this requirement for *in-state* collegiate license plates, the bill provides exceptions for institutions and entities of the State University System, SLPs with statutory eligibility limitations for purchase, SLPs for which the annual use fees are distributed by a foundation for student and teacher leadership programs and teacher recruitment and retention, and Florida professional sports team license plates.¹¹⁰

The bill creates s. 320.08056(8)(c), F.S., providing that a vehicle owner or lessee issued a SLP that has been discontinued by the DHSMV may keep the discontinued SLP for the remainder of the 10-year license plate replacement period¹¹¹ and must pay all other applicable registration fees. However, the owner or lessee is exempt from paying the applicable SLP fee for the remainder of the 10-year license plate replacement period.

¹⁰⁷ Section 320.08062(3), F.S.

¹⁰⁸ Section 320.08058, F.S., lists specific specialty license plates.

¹⁰⁹ Specialty license plates will be discontinued pursuant to s. 320.08056(8), F.S.

¹¹⁰ Florida Professional Sports Team license plates are established in s. 320.08058(9), F.S.

¹¹¹ License plates are issued for a 10-year period pursuant to s. 320.06(1)(b)1., F.S.

The bill creates s. 320.08056(8)(d), F.S., providing that if the DHSMV discontinues issuance of a SLP, all annual use fees held or collected by the DHSMV must be distributed within 180 days after the date the SLP is discontinued. Of those fees, the DHSMV must retain an amount sufficient to defray the applicable administrative and inventory closeout costs associated with discontinuing the plate. The remaining funds are distributed to the appropriate organization or organizations.¹¹²

The bill creates s. 320.08056(8)(e), F.S., providing that if an organization that is the intended recipient of SLP funds no longer exists, the DHSMV must deposit any undistributed funds into the Highway Safety Operating Trust Fund.

The bill creates s. 320.08056(8)(f), F.S., providing that on January 1 of each year, the DHSMV must discontinue the SLP with the fewest number of plates in circulation, including license plates exempt from a statutory sales requirement. The DHSMV must mail a warning letter to the sponsoring organization of the 10 percent of SLPs with the lowest number of valid, active registrations as of December 1 of each year.

Specialty License Plates – Other Provisions (section 5)

The bill amends s. 320.08056(4), F.S., to repeal references to each SLP that has an annual use fee of \$25. SB 1104 standardizes the annual use fee for all SLPs of \$25, unless otherwise specified in the statute, into one subsection of s. 320.08056, F.S.

The bill amends s. 320.08056(10)(a), F.S., authorizing out-of-state expenditure of SLP fees for the Support Our Troops, American Legion, Florida Salutes Veterans, United States Marine Corps, Military Services, and the U.S. Paratroopers license plates.

The bill amends s. 320.08056(11), F.S., prohibiting any entity from using SLP revenue for lobbying. The current prohibition is limited to agencies.

The bill creates s. 320.08056(12), F.S., requiring the recipient organization for any out-of-state college or university license plates to:

- Have established an endowment, based in this state, for the purpose of providing scholarships to Florida residents meeting the requirements of ch. 320, F.S.
- Provide documentation to the DHSMV that the recipient organization and the DHSMV have the college's or university's consent to use an appropriate image on a license plate.

Section 320.01(34), F.S., defines “resident” to mean a person who has his or her principal place of domicile in Florida for a 6-month period or more, is registered to vote, and has made a statement of domicile or filed for a homestead property tax exemption. Thus, the endowment must provide scholarships to students who meet the definition of “resident.”¹¹³

¹¹² Distributions to recipient organizations are pursuant to s. 320.08058, F.S.

¹¹³ While the bill language could be read differently, it is more likely that the phrase “meeting the requirements of ch. 320, F.S.,” applies to “Florida residents.” There doesn't appear to be any other requirements for “residents” in ch. 320, F.S., beyond the definition.

It is unclear what recourse, if any, is available to the DHSMV if the recipient organization fails to comply with the requirements of s. 320.08056(12), F.S.

Fleet/Dealer Specialty License Plates (sections 1, 2, 3, and 5)

The bill creates ss. 320.08056(2)(b) and (c), F.S., allowing the DHSMV to authorize dealer and fleet SLPs. With the permission of the sponsoring SLP organization, a dealer or fleet company may purchase SLPs to be used on dealer and fleet vehicles. It would be up to the DHSMV to establish how permission of the sponsoring SLP organization must be obtained.

Notwithstanding s. 320.08058, F.S., a dealer or fleet SLP must include the letters “DLR” or “FLT” on the right side of the license plate. Dealer and fleet SLPs must be ordered directly through the DHSMV. The bill amends ss. 320.06(3)(a) and 320.0657(2)(b), F.S., providing that a dealer SLP is not required to say “dealer” and a fleet SLP is not required to say “Fleet” at the bottom of the license plate.

The bill amends ss. 320.0657(2)(b) and 320.08(12), F.S., authorizing the purchase of dealer and fleet SLPs. The bill provides that for the additional annual use fee for the specific SLP, dealers and fleet companies may purchase SLPs in lieu of the standard fleet license plates. Dealers and fleet companies are responsible for all costs associated with the SLPs, including all annual use fees, processing fees, fees associated with switching license plate types, and other applicable fees. There is a technical mistake in the bill in the amendments to s. 320.08(12), F.S., because the amendments refer to “fleet” instead of “dealer.”

Discontinued Specialty License Plates (sections 5 and 7)

The bill repeals the American Red Cross SLP, Donate Organs Pass It On SLP, St. Johns River SLP, and Hispanic Achievers SLP from law as these SLPs have been discontinued.

Existing Specialty License Plates (section 7)

Special Olympics Florida License Plate

The bill redesigns the Special Olympics Florida SLP with “Florida” centered at the top of the plate and “Be a Fan” centered at the bottom of the plate.

Live the Dream License Plate

The bill amends the distribution of funds for the Live the Dream SLP. The Dream Foundation, Inc., must use the distributions as follows:

- Up to five percent may be used to administer, promote, and market the license plate.
- At least 60 percent must be distributed equally among the sickle cell organizations that are Florida members of the Sickle Cell Disease Association of America, Inc.
- At least 30 percent must be distributed to Chapman Partnership, Inc.¹¹⁴

¹¹⁴ In 2011, Community Partnership for the Homeless changed its name to Chapman Partnership.

- Up to five percent may be distributed by the DHSMV on behalf of The Dream Foundation, Inc., to the Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., as a royalty for the use of the image of Dr. Martin Luther King, Jr.

The bill also provides (**section 12**) that by November 1, 2019, the annual use fees withheld by the DHSMV from the sale of the Live the Dream SLP will first be used to satisfy all outstanding royalty payments due to The Martin Luther King, Jr., Center for Nonviolent Social Change, Inc., for the use of Dr. Martin Luther King, Jr.'s image. All remaining funds will be distributed to the sub-recipients on a pro rata basis according to the revised distributions described above.

Lighthouse Association License Plate

The bill changes the wording on the bottom of the Lighthouse Association SLP from "Visit Our Lights" to "SaveOurLighthouses.org."

In God We Trust License Plate

The bill amends the distribution of the annual use fees from the In God We Trust SLP. Effective Date

The bill takes effect October 1, 2019, but only if SB 1106 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

SB 1106 establishes a \$25 annual use fee that will be charged for any specialty license plate that the DHSMV is required to develop and a \$50 annual use fee for the University of Alabama and the University of Georgia specialty license plates.

Individuals who choose to purchase a specialty license plate created in SB 1104 will pay an additional use fee of \$25 in addition to required vehicle license taxes and fees.

Individuals who choose to purchase a University of Alabama or University of Georgia specialty license plate will pay an additional use fee of \$50 in addition to required vehicle license taxes and fees.

B. Private Sector Impact:

Organizations receiving SLP revenue may receive additional revenues associated with the sale of SLPs.

Current law prohibits the redesign of a SLP unless the inventory of the license plate has been depleted. However, the organization may purchase the remaining inventory of the SLP from DHSMV at DHSMV's cost.¹¹⁹ Special Olympics Florida and the Florida Lighthouse Association may be required to purchase the remaining inventory of its SLPs at DHSMV's cost prior to the authorized redesign of these SLPs.

¹¹⁹ Section 320.08056(9), F.S.

C. Government Sector Impact:

Revenues from the sale of the Orlando City Soccer Club SLP will be deposited into the Professional Sports Development Trust Fund within the DEO. To the extent that individuals choose to purchase this SLP, there may be a positive, but indeterminate impact to the Professional Sports Development Trust Fund.

Revenues from the sale of the Purple Heart Motorcycle plate and Bronze Star plate will be deposited into the Grants and Donations Trust Fund and the State Homes for Veterans Trust Fund within the Department of Veterans Affairs; to the extent that eligible individuals choose to purchase these license plates, there may be an indeterminate, positive fiscal impact on these trust funds.

Depending on the number of distributions tied to the plates, the amount of programming may vary as will the resources needed to complete the changes. The average specialty/special license plate requires approximately 200-250 hours of programming, at a rate of \$35 to \$40 per hour. This results in programming costs of between \$7,000 and \$10,000 per plate.¹²⁰ Therefore, the potential programming costs for 34 SLPs and 2 special use plates, may range from \$252,000 to \$360,000. The DHSMV is authorized to retain revenues from the first proceeds of SLP sales to defray departmental expenditures related to the SLP program.¹²¹

Additionally, the DHSMV states the cost to perform an audit every 3 years of each SLP may result in an insignificant workload impact that can be absorbed within existing resources.

VI. Technical Deficiencies:

The bill amends ss. 320.0657(2)(b) and 320.08(12), F.S., authorizing the purchase of dealer and fleet SLPs. There is a technical mistake in the bill in the amendments to s. 320.08(12), F.S., because the amendments refer to “fleet” instead of “dealer.”

Lines 974 and 976 of the bill refer to the “Florida KofC Charities, Inc.” However, the Knights of Columbus charitable organization that is registered in Florida is named “Florida K of C Charities, Inc.”

VII. Related Issues:

Section 320.08056, F.S., (currently and as amended by the bill) requires the fees and any interest earned from the fees to be expended only for use in this state. There is no exception created in the bill to pay for tuition or other expenses for attendance at an out-of-state university. The bill creates a plate for the University of Georgia and the University of Alabama and requires the proceeds of the plates to be used to fund scholarships for students attending either school to pay for tuition or other expenses related to attending the out-of-state school. The recipient

¹²¹ Section 320.08056(7), F.S.

organizations of the SLP proceeds must expend the funds as awards of scholarships to Florida students. The students will then expend the scholarship funds out of state at the university. The ultimate use of the funds will be out of state, but the initial expenditure of funds by the recipient organizations will likely be in state. It is uncertain how a court would interpret this provision.

The bill requires certain plate recipients to meet requirements beyond distribution of the SLP proceeds, such as having a certain endowment. Because the requirement is not directly related to the use of the proceeds, it is unlikely that the DHSMV can take any action pursuant to s. 320.08062, F.S., for failure to comply or failure to use the proceeds in accordance with law. There does not appear to be another enforcement mechanism for the DHSMV.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 320.06, 320.0657, 320.08, 320.08053, 320.08056, 320.08058, 320.08062, 320.08068, 320.0875, and 320.089.
