Amendment No. 1

Committee/Subcommittee hearing bill: Commerce Committee
Representative Clemons offered the following:

Amendment
Remove lines 483-505 and insert:

jurisdiction a copy of the applicable uniform summary inspection report established under this chapter. The local authority having jurisdiction may accept uniform summary inspection reports by United States mail, by hand delivery, by electronic submission, or through a third-party vendor that collects the reports on behalf of the local authority having jurisdiction.

(b) The State Fire Marshal shall adopt rules to implement a uniform summary inspection report and submission procedures to be used by all third-party vendors and local authorities having jurisdiction. For purposes of this section, a uniform summary inspection report must record the address where the fire protection system or hydrant is
located, the company and person conducting the inspection and their license number, the date of the inspection, and the fire protection system or hydrant inspection status, including a brief summary of each deficiency, critical deficiency, noncritical deficiency, or impairment found. A contractor’s detailed inspection report is not required to follow the uniform summary inspection report format. The State Fire Marshal shall establish by rule a submission procedure for each means provided under paragraph (a) by which a local authority having jurisdiction may accept uniform summary inspection reports. Each of the submission procedures must allow a contractor to attach additional documents with the submission of a uniform summary inspection report, including a physical copy of the contractor’s detailed inspection report. A submission procedure may not require a contractor to submit information contained within the detailed inspection report unless the information is required to be included in the uniform summary inspection report.
