House

Appropriations Subcommittee on Health and Human Services (Bean)
recommended the following:

Senate Amendment

Delete lines 321 - 339

and insert:

Canadian suppliers meet all of the requirements of the program,
while meeting or exceeding the federal and state track-and-trace
laws and regulations.

3. Contract with such eligible Canadian suppliers, or
facilitate contracts between eligible importers and Canadian
suppliers, to import drugs under the program.

104102

11 4. Maintain a list of all registered importers that
12 participate in the program.

13 5. Ensure compliance with Title II of the federal Drug
14 Quality and Security Act, Pub. L. No. 113-54, by all suppliers,
15 importers and other distributors, and participants in the
16 program.

17 6. Assist the agency in the preparation of the annual
18 report required by subsection (12) and timely provide any
19 information requested by the agency for the report.
