Appropriations Subcommittee on Health and Human Services (Bean) recommended the following:

**Senate Amendment**

Delete lines 321 - 339 and insert:

> Canadian suppliers meet all of the requirements of the program, while meeting or exceeding the federal and state track-and-trace laws and regulations.

> 3. Contract with such eligible Canadian suppliers, or facilitate contracts between eligible importers and Canadian suppliers, to import drugs under the program.
4. Maintain a list of all registered importers that participate in the program.

5. Ensure compliance with Title II of the federal Drug Quality and Security Act, Pub. L. No. 113-54, by all suppliers, importers and other distributors, and participants in the program.

6. Assist the agency in the preparation of the annual report required by subsection (12) and timely provide any information requested by the agency for the report.
