subsection (3), paragraph (b) of subsection (4), and subsection
(6) of section 469.006, Florida Statutes, are amended to read:

    469.006 Licensure of business organizations; qualifying
agents.—

    (2) (a) If the applicant proposes to engage in consulting or
contracting as a partnership, corporation, business trust, or
other legal entity, or in any name other than the applicant’s
legal name, the legal entity must apply for licensure through a
qualifying agent or the individual applicant must qualify
for licensure under the business organization fictitious name.

    (e) A The license, when issued upon application of a
business organization, must be in the name of the qualifying
agent business organization, and the name of the business
organization qualifying agent must be noted on the license
thereon. If there is a change in any information that is
required to be stated on the application, the qualifying agent
business organization shall, within 45 days after such change
occurs, mail the correct information to the department.

(3) The qualifying agent must be licensed under this chapter in order for the business organization to be licensed in the category of the business conducted for which the qualifying agent is licensed. If any qualifying agent ceases to be affiliated with such business organization, the agent shall so inform the department. In addition, if such qualifying agent is the only licensed individual affiliated with the business organization, the business organization shall notify the department of the termination of the qualifying agent and shall have 60 days after the date of termination of the qualifying agent’s affiliation with the business organization in which to employ another qualifying agent. The business organization may not engage in consulting or contracting until a qualifying agent is employed, unless the department has granted a temporary nonrenewable license to the financially responsible officer, the president, the sole proprietor, a partner, or, in the case of a limited partnership, the general partner, who assumes all responsibilities of a primary qualifying agent for the entity. This temporary license only allows the entity to proceed with incomplete contracts.

(4) Upon a favorable determination by the department, after investigation of the financial responsibility, credit, and business reputation of the qualifying agent and the new business organization, the department shall issue, without any examination, a new license in the qualifying agent’s business organization’s name, and the name of the business organization qualifying agent shall be noted thereon.
(6) Each qualifying agent shall pay the department an amount equal to the original fee for licensure of a new business organization. If the qualifying agent for a business organization desires to qualify additional business organizations, the department shall require the agent to present evidence of supervisory ability and financial responsibility of each such organization. Allowing a licensee to qualify more than one business organization must be conditioned upon the licensee showing that the licensee has both the capacity and intent to adequately supervise each business organization. The department may not limit the number of business organizations which the licensee may qualify except upon the licensee’s failure to provide such information as is required under this subsection or upon a finding that the information or evidence supplied is incomplete or unpersuasive in showing the licensee’s capacity and intent to comply with the requirements of this subsection. A qualification for an additional business organization may be revoked or suspended upon a finding by the department that the licensee has failed in the licensee’s responsibility to adequately supervise the operations of the business organization. Failure to adequately supervise the operations of a business organization is grounds for denial to qualify additional business organizations.

Section 52. Subsection (1) of section 469.009, Florida Statutes, is amended to read:

(1) The department may revoke, suspend, or deny the
issuance or renewal of a license; reprimand, censure, or place on probation any contractor, consultant, or financially responsible officer, or business organization; require financial restitution to a consumer; impose an administrative fine not to exceed $5,000 per violation; require continuing education; or assess costs associated with any investigation and prosecution if the contractor or consultant, or business organization or officer or agent thereof, is found guilty of any of the following acts:

(a) Willfully or deliberately disregarding or violating the health and safety standards of the Occupational Safety and Health Act of 1970, the Construction Safety Act, the National Emission Standards for Asbestos, the Environmental Protection Agency Asbestos Abatement Projects Worker Protection Rule, the Florida Statutes or rules promulgated thereunder, or any ordinance enacted by a political subdivision of this state.

(i) Performing any act which assists a person or entity in engaging in the prohibited unlicensed practice of asbestos consulting or contracting, if the licensee knows or has reasonable grounds to know that the person or entity was unlicensed.

(j) Committing mismanagement or misconduct in the practice of contracting that causes financial harm to a customer. Financial mismanagement or misconduct occurs when:

1. Valid liens have been recorded against the property of a contractor’s customer for supplies or services ordered by the contractor for the customer’s job; the contractor has received funds from the customer to pay for the supplies or services; and the contractor has not had the liens removed from the property, by payment or by bond, within 75 days after the date of such liens;

2. The contractor has abandoned a customer’s job and the percentage of completion is less than the percentage of the total contract price paid to the contractor as of the time of abandonment, unless the contractor is entitled to retain such funds under the terms of the contract or refunds the excess funds within 30 days after the date the job is abandoned; or

3. The contractor’s job has been completed, and it is shown that the customer has had to pay more for the contracted job than the original contract price, as adjusted for subsequent
change orders, unless such increase in cost was the result of circumstances beyond the control of the contractor, was the result of circumstances caused by the customer, or was otherwise permitted by the terms of the contract between the contractor and the customer.

(k) Being disciplined by any municipality or county for an act or violation of this chapter.

(l) Failing in any material respect to comply with the provisions of this chapter, or violating a rule or lawful order of the department.

(m) Abandoning an asbestos abatement project in which the asbestos contractor is engaged or under contract as a contractor. A project may be presumed abandoned after 20 days if the contractor terminates the project without just cause and without proper notification to the owner, including the reason for termination; if the contractor fails to reasonably secure the project to safeguard the public while work is stopped; or if the contractor fails to perform work without just cause for 20 days.

(n) Signing a statement with respect to a project or contract falsely indicating that the work is bonded; falsely indicating that payment has been made for all subcontracted work, labor, and materials which results in a financial loss to the owner, purchaser, or contractor; or falsely indicating that workers’ compensation and public liability insurance are provided.

(o) Committing fraud or deceit in the practice of asbestos consulting or contracting.

(p) Committing incompetency or misconduct in the practice
of asbestos consulting or contracting.

(q) Committing gross negligence, repeated negligence, or negligence resulting in a significant danger to life or property in the practice of asbestos consulting or contracting.

(r) Intimidating, threatening, coercing, or otherwise discouraging the service of a notice to owner under part I of chapter 713 or a notice to contractor under chapter 255 or part I of chapter 713.

(s) Failing to satisfy, within a reasonable time, the terms of a civil judgment obtained against the licensee, or the business organization qualified by the licensee, relating to the practice of the licensee’s profession.

For the purposes of this subsection, construction is considered to be commenced when the contract is executed and the contractor has accepted funds from the customer or lender.

the public through licensees under this chapter as agents, employees, officers, or partners is permitted only if the business organization possesses a certification issued by the management corporation pursuant to qualification by the board, subject to the provisions of this chapter. All final drawings, specifications, plans, reports, or documents involving practices licensed under this chapter which are prepared or approved for the use of the business organization or for public record within the state shall be dated and shall bear the signature and seal of the licensee who prepared or approved them. Nothing in this section shall be construed to mean that a license to practice engineering shall be held by a business organization. Nothing herein prohibits business organizations from joining together to offer engineering services to the public, if each business organization otherwise meets the requirements of this section. No business organization shall be relieved of responsibility for the conduct or acts of its agents, employees, or officers by reason of its compliance with this section, nor shall any individual practicing engineering be relieved of responsibility for professional services performed by reason of his or her employment or relationship with a business organization.

committed by their agents, employees, or partners while acting
in a professional capacity. Any officer, agent, or employee of a

shareholder or owner, shall be no greater than that of a
shareholder-employee of a corporation incorporated under chapter

qualifying agent is the only qualifying agent for that business
organization, the business organization must be qualified by

may not engage in the practice of engineering until it is
qualified by another qualifying agent.

a qualified business organization and such qualifying agent is
the only licensed individual affiliated with the business
organization, the executive director of the management
corporation or the chair of the board may authorize another
