The Committee on Appropriations (Stargel) recommended the following:

Senate Amendment to Amendment (107176) (with title amendment)

Between lines 228 and 229 insert:

Section 6. Subsections (7) and (8) are added to section 1007.23, Florida Statutes, to read:

(7) The articulation agreement must specifically provide for a reverse transfer agreement for Florida College System associate in arts degree-seeking students who transfer to a
state university before earning an associate in arts degree. Students must be awarded an associate in arts degree by the Florida College System institution upon completion of degree requirements at the state university if the student earned more than 30 credit hours toward the associate in arts degree from the Florida College System institution. State universities must identify students who have completed the requirements for the associate in arts degree and, upon student consent, transfer credits earned at the state university back to the Florida College System institution so that the associate in arts degree may be awarded by the Florida College System institution.

(8) By the 2019-2020 academic year, to strengthen Florida’s “2+2” system of articulation and improve student retention and on-time graduation, each Florida College System institution shall execute at least one “2+2” targeted pathway articulation agreement with one or more state universities, and each state university shall execute at least one such agreement with one or more Florida College System institutions to establish “2+2” targeted pathway programs. The agreement must provide students who graduate with an associate in arts degree and who meet specified requirements guaranteed access to the state university and a degree program at that university, in accordance with the terms of the “2+2” targeted pathway articulation agreement.

(a) To participate in a “2+2” targeted pathway program, a student must:

1. Enroll in the program before completing 30 credit hours, including, but not limited to, college credits earned through articulated acceleration mechanisms pursuant to s. 1007.27;

2. Complete an associate in arts degree; and
3. Meet the university’s transfer requirements.
   (b) A state university that executes a “2+2” targeted pathway articulation agreement must meet the following requirements in order to implement a “2+2” targeted pathway program in collaboration with its partner Florida College System institution:
   1. Establish a 4-year, on-time graduation plan for a baccalaureate degree program, including, but not limited to, a plan for students to complete associate in arts degree programs, general education courses, common prerequisite courses, and elective courses;
   2. Advise students enrolled in the program about the university’s transfer and degree program requirements; and
   3. Provide students who meet the requirements under this paragraph with access to academic advisors and campus events and with guaranteed admittance to the state university and a degree program of the state university, in accordance with the terms of the agreement.
   (c) To assist the state universities and Florida College System institutions with implementing the “2+2” targeted pathway programs effectively, the State Board of Education and the Board of Governors shall collaborate to eliminate barriers in executing “2+2” targeted pathway articulation agreements.

Section 7. Subsection (11) of section 1007.25, Florida Statutes, is amended to read:
(11) Students at state universities may request an associate in arts degree certificates if they have successfully completed the minimum requirements for the degree of associate in arts (A.A.). The university must grant the student an
associate in arts degree if the student has successfully completed minimum requirements for the associate in arts degree, as determined by the state university for college-level communication and computation skills adopted by the State Board of Education and 60 academic semester hours or the equivalent within a degree program area, including 36 semester hours in general education courses in the subject areas of communication, mathematics, social sciences, humanities, and natural sciences, consistent with the general education requirements specified in the articulation agreement pursuant to s. 1007.23. The university must notify students of the criteria and process for requesting an associate in arts degree during orientation. Additional notification must be provided to each student enrolled at the university upon completion of the requirements for an associate in arts degree. Beginning with students enrolled at the university in the 2018-2019 academic year and thereafter, the university must also notify any student who has not graduated from the university of the option and process to request an associate in arts degree if that student has completed the requirements for an associate in arts degree but has not reenrolled at the university in the subsequent fall semester and thereafter.

Section 8. Subsection (2) of section 1008.32, Florida Statutes, is amended to read:

1008.32 State Board of Education oversight enforcement authority.—The State Board of Education shall oversee the performance of district school boards and Florida College System institution boards of trustees in enforcement of all laws and rules. District school boards and Florida College System
institution boards of trustees shall be primarily responsible for compliance with law and state board rule.

(2)(a) The Commissioner of Education may investigate allegations of noncompliance with law or state board rule and determine probable cause. The commissioner shall report determinations of probable cause to the State Board of Education which shall require the district school board or Florida College System institution board of trustees to document compliance with law or state board rule.

(b) The Commissioner of Education shall report to the State Board of Education any findings by the Auditor General that a district school board or Florida College System institution is acting without statutory authority or contrary to general law. The State Board of Education shall require the district school board or Florida College System institution board of trustees to document compliance with such law.

Section 9. Subsection (3) of section 1008.322, Florida Statutes, is amended to read:

1008.322 Board of Governors oversight enforcement authority.—

(3)(a) The Chancellor of the State University System may investigate allegations of noncompliance with any law or Board of Governors’ rule or regulation and determine probable cause. The chancellor shall report determinations of probable cause to the Board of Governors, which may require the university board of trustees to document compliance with the law or Board of Governors’ rule or regulation.

(b) The Chancellor of the State University System shall report to the Board of Governors any findings by the Auditor
General that a university is acting without statutory authority or contrary to general law. The Board of Governors shall require the university board of trustees to document compliance with such law.

And the title is amended as follows:
