**Amendment**

Remove lines 722-729 and insert:

(a) Require a participating public school to establish long-term partnerships and, within a year of receiving grant funding under this section, to execute a memorandum of understanding with the partners. Grant awards must be contingent upon the attainment of matching funds as required by the Center.

(b) Prioritize planning grant awards for schools in school districts where the community school model has not been established and based on demonstration of the technical and financial ability to sustain the community school model beyond an initial grant award.
