**Senate Amendment to Amendment (749698) (with title amendment)**

Between lines 611 and 612 insert:

Section 20. Paragraph (b) of subsection (17) of section 1002.33, Florida Statutes, is amended to read:

1002.33 Charter schools.—

(17) FUNDING.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students
enrolled in other public schools in the school district. Funding
for a charter lab school shall be as provided in s. 1002.32.

(b) The basis for the agreement for funding students
enrolled in a charter school shall be the sum of the school
district’s operating funds from the Florida Education Finance
Program as provided in s. 1011.62 and the General Appropriations
Act, including gross state and local funds, discretionary
lottery funds, and funds from the school district’s current
operating discretionary millage levies authorized pursuant to s.
1011.71 levy; divided by total funded weighted full-time
equivalent students in the school district; multiplied by the
weighted full-time equivalent students for the charter school.
Charter schools whose students or programs meet the eligibility
criteria in law are entitled to their proportionate share of
categorical program funds included in the total funds available
in the Florida Education Finance Program by the Legislature,
including transportation, the research-based reading allocation,
and the Florida digital classrooms allocation. Total funding for
each charter school shall be recalculated during the year to
reflect the revised calculations under the Florida Education
Finance Program by the state and the actual weighted full-time
equivalent students reported by the charter school during the
full-time equivalent student survey periods designated by the
Commissioner of Education. For charter schools operated by a
not-for-profit or municipal entity, any unrestricted current and
capital assets identified in the charter school’s annual
financial audit may be used for other charter schools operated
by the not-for-profit or municipal entity within the school
district. Unrestricted current assets shall be used in
accordance with s. 1011.62, and any unrestricted capital assets shall be used in accordance with s. 1013.62(2).

Section 21. Subsection (9) of section 1011.71, Florida Statutes, is amended to read:

1011.71 District school tax.—
(9) In addition to the maximum millage levied under this section and the General Appropriations Act, a school district may levy, by local referendum or in a general election, additional millage for school operational purposes up to an amount that, when combined with nonvoted millage levied under this section, does not exceed the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Any such levy shall be for a maximum of 4 years and shall be counted as part of the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. For the purpose of distributing taxes collected pursuant to this subsection, the term “school operational purposes” includes charter schools sponsored by a school district. Millage elections conducted under the authority granted pursuant to this section are subject to s. 1011.73. Funds generated by such additional millage do not become a part of the calculation of the Florida Education Finance Program total potential funds in 2001-2002 or any subsequent year and must not be incorporated in the calculation of any hold-harmless or other component of the Florida Education Finance Program formula in any year. If an increase in required local effort, when added to existing millage levied under the 10-mill limit, would result in a combined millage in excess of the 10-mill limit, any millage levied pursuant to this subsection shall be considered to be required local effort to the extent that the
district millage would otherwise exceed the 10-mill limit. Funds levied under this subsection shall be shared with charter schools as provided in s. 1002.33(17) and used in a manner consistent with the purposes of the levy; provided, however, that such manner must be consistent with the plain-language understanding specified in the referendum.

Section 22. The provisions of this act relating to ss. 1011.71 and 1002.33, Florida Statutes, amending the use of certain voted discretionary operating millages levied by school districts, apply to such levies authorized by a vote of the electors on or after July 1, 2019.

And the title is amended as follows:
