

1                                   A bill to be entitled  
 2           An act relating to diesel exhaust capture systems;  
 3           creating s. 553.8955, F.S.; providing definitions;  
 4           requiring the Florida Building Commission to  
 5           incorporate into the Florida Building Code specified  
 6           requirements relating to fire stations; providing an  
 7           effective date.

8  
 9   Be It Enacted by the Legislature of the State of Florida:

10  
 11           Section 1. Section 553.8955, Florida Statutes, is created  
 12           to read:

13           553.8955 Diesel exhaust capture systems; incorporation  
 14           into the Florida Building Code.—

15           (1) As used in this section, the term:

16           (a) "Diesel exhaust capture system" means a device or  
 17           combination of devices that collects and treats diesel exhaust  
 18           emissions at the exhaust port of an engine and reduces the  
 19           number of, or eliminates emissions of, diesel particulate  
 20           matter, carbon monoxide, and oxides of nitrogen.

21           (b) "Exhaust emission" means any substance emitted into  
 22           the atmosphere from the exhaust port of the combustion chamber  
 23           of a diesel engine.

24           (c) "Substantial renovation" means any reconstruction,  
 25           rehabilitation, addition, or other improvement to a fire station

26 estimated to cost \$100,000 or more.

27 (2) As provided under s. 553.73(1), the commission shall  
28 adopt by rule a requirement that:

29 (a) Any fire station that is newly constructed or  
30 undergoes substantial renovation on or after July 1, 2020, be  
31 equipped with a diesel exhaust capture system.

32 (b) Any fire station that has closed bays and is in  
33 existence before July 1, 2020, install a diesel exhaust capture  
34 system by July 1, 2025.

35 Section 2. This act shall take effect July 1, 2020.
