PRAYER

The following prayer was offered by Rabbi Schneur Oirechman, Executive Director of Chabad Lubavitch of the Panhandle of Tallahassee:

Almighty God, Master of the Universe, many faces of Florida gather here before you today, from the Panhandle to the Keys, and from the Gulf Coast to the Space Coast, with their families at their side and united in service of their fellow citizens.

We thus pray today, that as the Senate of this great state convenes, a new day dawns on the Sunshine State. We pray that as surely as night is behind us and daylight is upon us, the darkness of discord and division gives way to the light of harmony and amity.

We pray that as Senators, seasoned and new, begin their duties, the light of your glory shine upon them all. Almighty God, as we assemble here for a new session, bestow upon us a new season, a season of hope, a season of strength, and a season of selfless service to our daughters and sons, to our family and friends, and to our neighbors and fellow citizens.

May our season's last day be filled with as much light, hope, and joy as its first. Master of the Universe, in the days, weeks and months ahead, may we never forget that darkness is merely the absence of light. May we never forget that much darkness is dispelled with just a little light, and may we merit to serve as beacons of your light, ushering in a state of sunshine in this house of the people, in our homes and our communities, and in our cities and our state.

May we help make the universe a place that you can finally call your home. May that day of redemption come speedily. Amen.

REMARKS BY PRESIDENT MIKE HARIDOPOLOS

Welcome back as we begin anew. We're here a little bit earlier than last year, but ready to work. I want to thank the Cabinet once again for joining us. We look forward to a successful session to lift people up and make sure that we provide new opportunities once again in the great State of Florida. Before I begin, I want to say a few thank yous and make some comments about some of the challenges that we will face over the next 60 days.

First, I want to express my gratitude to my wife. As you know, this is a very challenging job, not only to serve as Senate President, but to make it to the Senate Presidency. I'm very grateful for your love and support. I can never thank you enough for being by my side. Thank you very much.

Also, here with us today are my parents. Many of you know them very well because they've been coming up here with us for the last 12 years. My mom and dad are special every single day. Unconditionally, they gave me love and support even when I was not always at my best. I want to say thanks to my mom and dad, Ernie and Georgia Haridopolos.

By my side today is the person that was by my side 12 years ago. To those of us who served in the House of Representatives, the Class of 2000, there is a man on my left and I guess he's still there. Mike Bennett has been a warrior in the House and now in the Senate—a person who served our country so well in the Vietnam conflict and now has served his community so well in southwest Florida. I am proud to have him by

my side, along with his lovely wife, Dee, at the rostrum sharing our final session together.

Mike and I are but two people who make this citizen legislature. That is exactly what we are. We are a citizen legislature—veterans, farmers, contractors, teachers, sheriffs, realtors, CEOs, dentists, bankers, entrepreneurs, and, of course, lawyers. We each have been empowered, lifted up by our community to serve the people of Florida in this special place known as the Florida Senate. Back in 2010, the voters sent us a very clear message—reign in government spending, reform broken entitlement programs, and create a pro-jobs agenda where jobs and opportunities can flourish. For a change, govern as we campaigned. Keep the campaign promises we made as we sought office. What a difference a year makes. Just a year ago, as we began, we faced a deteriorating situation—our AAA credit rating was deemed negative, unemployment rates were rising, and we faced a 4 billion-dollar budget shortfall with rising long-term costs with Medicaid, pensions, and a whole slew of programs that we didn't think we could afford. We had a pill mill crisis where our Attorney General would lead the fight to turn around families' lives. Facing these challenges, we went to work. I know that Senator Lawson is here and he often would say, "People will long forget what we've said here, but people will always remember what we did here." You sure did.

I thought about these comments as many of us enter our last session in the Legislature. I thought long and hard about what I would say. I kept going back to the speeches and talks that we had at the start of session last year. I've got to admit that the agenda that Don and I put together last year was one that I thought would take two years to accomplish. It was ambitious, to say the least—Medicaid reform, pension reform, K - 12 Education, pill mills, and a budget shortfall. I can't tell you how proud I am of the Senate and the honor that you've bestowed on me to lead this Senate as you've met those challenges head-on every step of the way in an open and transparent manner like never before.

I recall when I asked Joe Negron to lead us on Medicaid. He gave me a look, "Why me?" I think we all saw Senator Negron rise to the challenge working together with our friends across the aisle to solve a long-term budget problem. We have put ourselves in a position where we are empowering patients, doctors, and the state's rights once again as we move towards solutions as opposed to playing politics.

In our K - 12 system, I asked Steve Wise, after the Governor's veto the previous year, to go around the state and listen to teachers, administrators, parents, and students formulate a policy that we can be proud of in our K - 12 system, and reward the best teachers in our state. I'm happy to report that we passed that too.

Pill mills for too long had been stuck in the mud. Fortunately, we had a new warrior here in Tallahassee. That was our Attorney General. She and I believe strongly in the PDMP. This Prescription Drug Monitoring Program is important and will turn around peoples lives. Once again, solutions and results followed.

The key is you didn't talk, you acted. That is what's so exciting about serving in the Florida Legislature in these tumultuous times. When times are tough, people rise to the occasion and you surely did. What I'm most proud about is that you did it in an open forum—unafraid of the slings and arrows that might come when you took on these heavy burdens. I'm grateful for that leadership.

With that said, I would also like to single out our leaders: Leader Gardiner and Leader Rich. Those issues that we faced together last year were not easy. They handled themselves with class and distinction and always made the Senate proud. For that, leaders, I applaud your efforts. Well done.

It's one thing to pass laws, it's another to make sure the results come. There will be a few critics. I wouldn't doubt that. I'll tell you what, from a year ago things have changed dramatically through your hard work. Whatever is written, what I care about is what has the marketplace said about our changes. Our unemployment rate has dipped from the high of 12 percent down to 10 percent. In real terms, over 120,000 families—which almost a year ago faced unemployment, sorrow, and sadness, having to look into their son or daughter's eyes and say, "I don't have a job"—today are working in Florida and lifting other people up. That's a real accomplishment. That credit rating is important today. We took it for granted in the past. That credit rating, which a year ago had a ne-

gative outlook, now has a stable outlook. It will cost less to borrow money in the future to meet our needs. Law enforcement led by our Attorney General has been given new tools to take on this problem with pill mills. We've seen it first-hand in our own community. Some of our own friends face this. This is not the typical drug. Thanks to our law enforcement agents and the good work of people like Senator Fasano and others, who pushed the idea of going after these pill mills. We're helping to turn around lives. That's what matters—turning around people's lives. We have the power to do so.

Finally, in my world of political science where I've taught for almost 20 years, there's the old saying that political science is soft science. People vote with their feet. Well, guess what, 250,000 people entered the State of Florida. They think this is the place to start a business, grow a family, and find new opportunities. As our labors continue, way too many people remain unemployed. Almost a million are waking up this morning looking for hope and opportunity. What we need to continue to do is to provide economic climate change by creating a business climate to match our God-given natural environment. That will be our primary focus once again this year. I'm glad we have a Governor who focuses every single day on that effort.

To our work at hand, we have two constitutional mandates: a once-in-ten-year-opportunity with reapportionment, and, of course, our budget. I must admit, as we went through the debate on Amendments Five and Six, I think we all realized that there would be severe challenges in meeting these new voter approved mandates. We took it in stride. I am so grateful for the unwavering leadership of our in-coming Senate President, Don Gaetz. Senator Gaetz followed a very successful formula: listen before you talk. He did a lot of listening—just like with Medicaid, property taxes, and even the budget. We listened to people first. Senator Gaetz set out with so many committee members in this room in 26 town-hall meetings across the state. Believe it or not, not every time did they agree with the good Senator. He listened, he learned, and he made sure that everyone was included in this process. We utilized technology so that everyone would truly have a voice. After completing those 26 meetings, what did we do again? We had a series of meetings, giving everyone the opportunity to actively participate in what can be a very tumultuous process. I am proud to say that next week, on this very floor, we will have the opportunity, hopefully with bipartisan support, to pass our reapportionment plan respecting Amendments Five and Six. With that action, we will justify the early session.

Now, let's go to the issue of the budget. Many of you may or may not know that Senator Alexander and I live together. We are the original, or unoriginal, "Odd Couple." This has been a challenging time, and I think that Senator Alexander, first and foremost, deserves a big round of applause for the work he has done. The Senator and I spend a lot of time together. When you cut a budget like we did last year by \$4 billion, there are no easy choices. We all know special programs for which we care deeply, that face the knife.

JD and I would talk about them at length—the difficult choices that we would have to make, not just short-term, but long term as well. I'm not sure he said it to you enough, but we spoke often, often late into the night. We talked about the active participation of every single Senator in this room—how you cared deeply about education, health care, transportation, and especially with the job situation and economic opportunity. You spent time and encouraged him to find every single dollar available and to maximize every dollar in a tight economy. That will be our charge once again this year. Fortunately, the budget is not a \$4 billion shortfall, but it could likely be a \$2 billion shortfall. That means programs that are beloved to each of us, if not individuals, will be on the cutting block once again. So as we begin this budget process, I ask you to once again give the support that Senator Alexander desperately needs, because this is a trying task in which we not only try to land the plane in this building, but across the hall as well.

Back in November, I let it be known that I had grave concerns about the realities of the Revenue Estimating Conference. As I'm into my twelfth session, I know that those revenue estimates are not always quite accurate. Especially as we begin early this year, we know one of the biggest months of those 12 months is January. Those won't even be a part of the equation. I am not arrogant enough to be a one-way street so I will ask the Senators in this room for their input on how we proceed. There is no doubt that we will start the process and continue to work with the allocations with which we expect to work. I want to know, and I want to hear from you before we make decisions down the road, because

this is not my Senate. It is our Senate. It is shared with the people of this state that gave us this opportunity to serve. I want to make sure that, when we make the final call on the important programs that might affect our courts, our education system, our road systems, and health care across this state, that we maximize every dollar to grow this economy, grow the minds of the people of this state, heal the sick, and help those in need. It is the budget that is the ultimate policy document. We must be thorough and accurate, and make sure we measure twice before we ever cut once. That is our charge over the next sixty days. I'll be looking for your input and what direction you would like me to follow as we work with our friends across the hall.

So, friends, Senators, and family, let me say a couple of things in closing. You have again been given a very daunting task. I'm proud to have a group of friends like you, seeing you care everyday for your community and family and wanting to make a real important, positive change in the lives of people across this state. I know in the one-on-one conversations that I have had with many of you over the years that you face a lot of personal, financial, and other types of issues that have come up during that tenure. I know the sacrifice you make in literally packing up your family for 60 days. Packing up your business for 60 days is a challenge. I believe you are worthy of that challenge as you proved again last year. I'm confident that we can meet those challenges and produce the results that our friends and neighbors expect of us.

Those of you who visit my office—it's not hard, the door is open—might see something on the wall that is important to me. I teach history. One of my favorite Presidents is Theodore Roosevelt, a remarkable man who dedicated his life to making America a special place. This is the plaque that I placed on my wall because it is important. It talks about what really counts. It says on that plaque, "The man or woman who counts in the world is the doer, not the mere critic, but the person who actually does the work, even if roughly and imperfectly; not the man who only writes or talks about how it ought to be done." Senators, he talks about being in the arena. You are in that arena for a reason. God has placed you here to make a distinct difference in the lives of all Floridians. That is our charge. I hope in the next 60 days that we will be in this arena, handling ourselves in such a way that our constituents will be proud to send us to Tallahassee to do the people's business. Your community has lifted you up. Let us each be worthy of our title, "Senator of the Great State of Florida." Thank you very much.

ADDRESS BY GOVERNOR RICK SCOTT

Thank you.

My fellow Floridians, President Haridopolos, Speaker Cannon, Members of the Florida Senate, and Florida House of Representatives, Chief Justice Canady, Members of the Florida Supreme Court, my fellow Cabinet Members, Attorney General Pam Bondi, Chief Financial Officer

Jeff Atwater, Commissioner of Agriculture Adam Putnam, and Lieutenant Governor Jennifer Carroll, it is an honor to be with you all here today.

You know, I've always been a big believer in getting to work early, but this is the first time we've ever shown up for work two months early.

Please allow me to recognize my wife of 39 years, Ann, my daughter, Allison, my son-in-law, Pierre, and my 8-week-old grandson, Auguste, who are all here with us today.

People always ask Ann and me why we ran for this job. Our answer is grounded in this one simple truth: we can never look at our children, Allison and Jordan, and now our grandchild, Auguste, without feeling our love for them. And we know this type of love also carries a duty. That duty is to leave our children a better place than we inherited. It's the same duty that probably brought you to this chamber today, and it's a duty that extends to all children of this state. Like you, we're willing to give our all to make Florida the best place to live and raise a family; a state where you can find a job, get a quality education for your children; a state where you can enjoy a low cost of living free of burdensome taxes and unnecessary government interference; a state where dreams become reality every day.

Last session, together we made the changes necessary to improve the opportunities for the citizens of our state. Education, pension, and Medicaid reforms, coupled with government reorganization and deregulation have all helped to produce jobs, save taxpayer money, improve the education of our children, and bring down the cost of living for all Floridians. We worked together to accomplish all of this, and so if I haven't yet told you face-to-face, let me tell you now, on behalf of the citizens of Florida, thank you!

Like all of you, I love my work. I tell people everywhere I go, if you like people and you like making a difference, there's no better job than being the Governor of Florida. I've been on the job a year now, and I have traveled all over the state. I've had the honor of meeting and listening to thousands of Floridians, and they've shared with me their joys and concerns. You know what? It turns out we share the same joy and the same concern. The joy is in living in this most special place; living in Florida. It's a place of sunshine, and beaches, and cities that pulse with energy and light. It's a place where clear rivers flow to blue oceans, and a place where bold people come to build their dreams. From our shores, we have launched men to the moon. And with this same brave spirit, millions have come to plant their flag in Florida soil to build something new and better. I know I did. I know many of you here today have felt this joy, too. But with that joy comes a nagging doubt. When I talk to Floridians, they worry that their best opportunities are behind them; that their children may never experience the security and prosperity they have known. They wonder whether the ringing proclamation of progress has been silenced; that the birthright of ever-greater promise and opportunity that we once saw as being within our reach may, instead, now be unattainable. And it is understandable they would feel this doubt. Following a series of very productive and prosperous years, Floridians saw the unemployment rate begin to steadily climb in the fall of 2006. From a low of 3.3 percent that year it grew to a high of 12 percent in December 2010! Floridians saw home values drop, wages decline, and jobs and opportunities fade away.

My fellow Floridians, I'm here today to tell you that promise and opportunity will return; in fact are returning even as we meet here today. While we have many miles to go, and some of them will be painful, our higher journey is already under way. This year and today we see the rebirth of an even greater Florida. Don't just take my word for it. Look at the numbers. In the past year, Floridians, not government, created almost 135,000 new private sector jobs. We netted more than 120,000 total jobs in the first 11 months of 2011; the third most of any state in the nation. In Florida, those new jobs produced the second largest drop in unemployment in the country. When I said "Let's get to work" It wasn't just a slogan. Florida got to work, and each Floridian deserves the credit!

Also deserving credit are you, the legislators in this room. Last year, you passed and I signed a budget we balanced without raising taxes or fees despite a revenue shortfall of nearly \$4 billion. We did this by making government lean and effective. Thank you for displaying this unprecedented courage and commitment. The steps we have taken in the last year have made a positive difference in the lives of working Floridians. We need to continue to cut red tape, lower taxes, and bring

growth to Florida. In addition to jobs growing, just three weeks ago, the U.S. Census Bureau announced that despite a record low growth rate on the national level, Florida grew by more than a quarter million people in a 15-month period. That's amazing! This makes us the third fastest growing state in the country and puts us within two years of passing the State of New York in population. This is a clear sign that the promise of Florida still burns bright.

I should add, to all our friends in New York, come on down! As I stand here today, our temperature outdoors is about twice as high as yours, and your state tax burden per citizen is about twice as high as ours. Think about it. The State of New York, which has just about the same population as Florida, has a budget roughly twice as large as ours. You, the Legislature, all need to be commended for years of tough decisions, balancing our budget and delivering quality services, education and infrastructure to our citizens at half the price New Yorkers pay. And for those of us already in Florida, what do these numbers tell us? They tell us the journey ahead is long and will continue to test us as a people. The decisions we make in the next few months will determine whether we continue to create a business climate that will provide new jobs and opportunities for Floridians; whether we fully recapture that spirit of human potential that is at the core of what it means to be a Floridian. I'm absolutely convinced that we will.

My friends, the state of our state will continue to improve. And what are those decisions we need to make to ensure this happens? There are many, so I'd like to focus on what I believe are the three most important jobs I have as your Governor: one, ensuring that Floridians are able to gain employment; two, securing the right of every Floridian to a quality education; and three, keeping the cost of living low, so that the families and businesses that are in our state can prosper and grow, and the ones that aren't have even more reasons to get here soon.

When it comes to jobs, it's important to remind ourselves that private businesses create productive and enduring jobs, not government. What government gives to one person necessarily had to be taken from the pocket of someone else. There is something arrogant and overreaching in thinking we have the superior wisdom to micromanage the economy. Having spent decades in business and now a year in government, I'm convinced more than ever that with few exceptions the best thing government can do is to create a level playing field for all competitors and then get out of the way so they can compete. What we can do is to continue to put Florida companies in a position to out-compete companies in all other states and countries.

Small businesses provide most of our new jobs in Florida. I know this from my own experience. I started in business with a single doughnut shop, and, before long, I had two doughnut shops and many more employees. Two resources were critical in allowing me—or any small business—to create these new jobs: capital and time. Every doughnut I sold gave me more capital to hire more people and buy more equipment. Every minute I spent focused on the business resulted in our growth, and, more new jobs.

We have someone in the gallery today who also knows something about the potential of job creation in doughnut shops. Rachel Waatti came to the United States 12 years ago, and has owned Nicola's Doughnuts in Tampa for the past year. Rachel hosted me at my first workday, and it was very successful—we sold out—more than 240 dozen by 8:30 am. Nicola's has been in business for 30 years, has two locations, and has been voted "best doughnuts in town" by the Tampa Tribune and one of the "24 best doughnuts in America" by *Travel and Leisure Magazine*. They have recently added cupcakes, and with a little help from my mom, they now sell a great apple fritter. Rachel and her husband, Luther, are a great example of the hard work it takes to run a small business and just how our economy will grow. Thank you for being here.

Taxes and regulations: they are the great destroyers of capital and time for small businesses. Almost every dollar I earned as a shop owner went toward growing our little doughnut shops. So, every dollar taken in taxes slowed that growth. Almost every minute I had in the day also went toward growing our small business. So, every minute spent addressing some new regulation also slowed that growth. When growth slows in small businesses, what happens? New jobs are the first casualties.

This session, we need to lower burdensome taxes on small businesses and continue our mission of slashing red tape in Florida. We must also

improve the machinery by which government seeks to aid job creation. I've proposed greater accountability for our workforce boards so that tax money is not wasted and the purpose of those boards is fulfilled: to get people jobs. I'm also asking you to require job training for those who are receiving unemployment checks. Every challenge creates opportunity. And time in-between jobs gives unemployed Floridians the opportunity to learn new skills. While lowering taxes and eliminating unnecessary regulations are critical, the bedrock of any sound, sustainable economy is an educated workforce well-equipped to meet the challenges of an advanced global marketplace.

In my own life I've seen firsthand how education puts the American Dream within reach. I grew up poor. As a kid, I delivered newspapers for \$5 a week. When I wasn't delivering papers, I was selling TV guides for 4 cents profit a copy and flipping hamburgers for 85 cents an hour. Today, I stand before you privileged to be the Governor of the greatest state in the greatest nation. This is the American Dream; it's a story re-told a thousand times with each successive generation; and the means by which it is accomplished is an effective and accountable system of education.

We can have great weather, beautiful beaches, and a wonderfully strategic location, but if Florida doesn't provide the intellectual talent to make our businesses competitive, we will become a footnote when this century's history is written. But, if we can continue to create a culture of excellence in our schools, Florida will merit a full chapter in that history that describes the reawakening of a mighty, prosperous nation. We can do this. And we begin to do this by building on the successes of last session when we increased school choices for Florida's parents. We also refocused an outdated tenure system into a system that can reward its best performers for excelling in educating our students. As you know, none of this was particularly easy, but all of it was obviously necessary if we're to give our children their chance to grasp the future. Thank you for your willingness to confront these issues.

I have spent the past two years traveling the state and listening to Floridians about their visions for the future. I would like to take a moment to recognize one of Florida's talented, hardworking educators who has taught me a great deal about the bright futures of our students and our state. Heather Viniar is here with us today in the gallery. Heather is a first year teacher in the rural farming community of Immokalee. I had the opportunity to meet her when I taught school for a day this fall. Heather is very committed to her students. She teaches American Government at Immokalee High School. Her classes reach all kinds of our students including honors, Advanced Placement and English language learners every day. And, just as all of us have hopes and dreams for the future, so do her students. The students I spoke to wanted to do everything from being a chef, to a teacher, to a vet, a hair dresser, a doctor, a lawyer, or to OWN a SMALL shop or store. Educators like Heather, these students, and their dreams are what will drive the future prosperity of our state. Thank you, Heather. Our future certainly is bright.

After traveling the state and listening to parents, teachers like Heather, and our students, I heard one thing very clearly, over and over. Floridians truly believe that support for education is the most significant thing we can do to ensure both short-term job growth and long-term economic prosperity for our state. And you know what? They are right! That's why this session I ask you to continue your commitment to education—to ensure that the difficult decisions we must make on the budget are focused on prioritizing the things we all know are essential to the future of our great state. My recommended budget includes \$1 billion in new state funding for education. I ask you to please consider that recommendation very carefully. On this point, I just cannot budge. I ask you again today to send me a budget that significantly increases state funding for education. This is the single most important decision we can make today for Florida's future. But, our efforts on education cannot end here. Florida has a rich cultural history surrounding its colleges and universities. Don't take my word for it. Ask any anthropologist.

But we need to be realists about this. Somewhere out there today, there are government officials meeting in Brazil, or India, or China, and they're not debating about whether they should provide students with the pragmatic knowledge to seize a larger piece of the global economy. No, the only debate they are having is about how quickly they can become the dominant global players.

I look forward to working with you to closely look at our higher education system; to understand how we can ensure that in the future, job creators from around the world will have to look to Florida to find the talented and educated workforce they will need to compete in the 21st century.

It is also our duty to help ensure that in a time when our state is beginning to grow again, that we do not slow that growth by increasing the cost to live here. We can do this by building a leaner, more effective government: continuing to responsibly manage and reform our pension system; and cracking down on the fraud and abuse that some people have brought to our auto insurance system. Last year with your help we re-engineered the pension plan for Florida state workers so that the individuals who will share in its rewards also share in its funding. This will save taxpayers money and align government's practices with the private sector. But, despite a year of great returns, our pension plan remains billions of dollars underfunded. We need to continue to closely monitor our pension plan and ensure that it will not become a liability for Florida's taxpayers or those workers who rely on it.

This year we must also reform auto insurance to crack down on the fraud and abuse that has run rampant and is estimated to cost Floridians 900 million dollars. If we do not act, the Office of Insurance Regulation predicts that costs for consumers will continue to spiral out of control. Our best estimates show a 30 percent increase in pure premium costs, year after year. These costs are being driven up every day all around our state by scams that are ultimately paid for by Florida's working families. If we are going to be serious about keeping the cost of living low for Floridians, we must get tough on the fraud and abuse in the auto insurance system. It is the consumers in our state that we must protect, not trial lawyers or those involved in these schemes. Floridians cannot afford another year of this fraud and abuse or the cost that will come with it.

Let me pause to say that after a year in office, I more than ever appreciate the sacrifice and dedication of all our law enforcement officers in Florida. Sometimes that sacrifice is ultimate. This year I had the sad and humbling experience of attending all ten funerals for our brave law enforcement officers who were killed in the line of duty.

At this time, I would also like to recognize Penny Mecklenburg. Penny is a 10th grade biology teacher, and an incredibly strong woman, whose husband was one of these brave officers. Deputy John Mecklenburg of the Hernando County Sheriff's Office tragically died in a high speed chase in July. Penny, his loving wife, and the mother of their children, Andy who is 5 and Jessica who is 2, joins us today. Penny, we are all incredibly grateful to you and John for his service and sacrifice to keep our state safe. Thank you very much for being here. God Bless you, and God bless your children. Please allow me to express our gratitude to those that serve every day to protect our great state.

In closing, I want to thank you again for the consideration you have given me today and the courtesy you extended to a new governor last year. Since redistricting has been added to an already-packed agenda in 2012, consideration and courtesy will command a special premium over the next several weeks. Know that I'm open to any idea from whatever source that is likely to improve the lives of Floridians. Over the past year I've experienced the benefit of listening to Floridians, listening to you, and yes, even listening to my close friends in the media. No person, profession or party has a monopoly on all the good ideas. The commitment I make to those here today is to keep open, clear lines of communication so that together, our time in the Capitol can best be spent in the service of those who sent us here. That is my pledge to you.

My pledge to the people of Florida is to continue to give this job my all; to help build the framework for an enduring prosperity that is grounded in the intellect and ambition of our citizens. While the Great Recession has taken much, it's also revealed the strength and resilience that's deeply ingrained in the DNA of the industrious people who call Florida home. Other states have had their chance to show their mettle.

This is our time. It's our time to show the nation and the world that in this century, Florida will be the safe haven for individuals to live their version of the American Dream. None of us can do this alone. So, let's get to work TOGETHER!

God bless you, and God bless the great State of Florida.

39.015 Guardianship of children placed in the department's custody.—The department shall be the guardian of the person of children who are placed by court order in the department's custody, through either shelter care or foster care. Unless parental rights are terminated, this guardianship does not include the right to consent to extraordinary medical

care or treatment and does not include any other rights specifically retained to the parents by court order entered pursuant to this chapter. The department shall exercise its guardianship of a child through individual staff of its community-based care lead agency or its contracted providers, acting on behalf of the department.

And the title is amended as follows:

Delete line 7 and insert: judicial review; creating s. 39.015, F.S.; providing the department shall be the guardian of the person of a child placed in the department's custody by the court; providing an exception related to medical care or treatment; providing for the exercise of guardianship through a community-based care lead agency or contracted provider acting on behalf of the department; amending s. 39.6012, F.S.; requiring

Amendment 2 (965684)—Delete lines 232-259 and insert:

(1) PURPOSE AND INTENT.—

(a) *The Legislature acknowledges that safety, permanency, and well-being are critical goals for all children, especially for those in care, and that well-being depends on receiving a quality education, being provided with comprehensive health care and developing a permanent connection to a supportive adult. The Legislature finds that well-being also depends on each child in care being engaged in a broad range of the usual activities of family, school, and community life during adolescence that will help to empower the child in his or her transition into adulthood and in living independently.*

(b) *The Legislature recognizes that education and the other positive experiences of a child are key to a successful future as an adult and that it is particularly important for a child in care to be provided with opportunities to succeed. The Legislature intends that individuals and communities become involved in the education of a child in care, address issues that will improve the educational outcomes for the child, and find ways to ensure that the child values and receives a high-quality education. Many professionals in the local community understand these issues, and it is the intent of the Legislature that biological parents, caregivers, educators, advocates, the department and its community-based care providers, guardians ad litem, and judges, in fulfilling their responsibilities to the child, work together to ensure that an older child in care has access to the same academic resources, services, and extracurricular and enrichment activities that are available to all children. The Legislature intends for education services to be delivered in an age-appropriate and developmentally appropriate manner, along with modifications or accommodations as may be necessary to include every child, specifically including a child with a disability.*

(c) *The Legislature also recognizes that there are many challenges and barriers to providing comprehensive health care for children in care. These include the extensive and complex health care needs of children in care and the lack of a coordinated health care system to meet those needs. The Legislature finds that challenges within the child welfare system include the frequency of placement changes that many children experience while in care, lack of medical history information, and the poor integration of health care plans and permanency plans. Challenges within the health care system are primarily related to insufficient service capacity and a lack of qualified providers, especially mental health providers and dentists, who have experience with and are willing to serve children in care. The Legislature intends that every child in care be provided with appropriate, adequate and comprehensive health care.*

(d) *The Legislature finds that while it is important to provide children with independent living skills, those skills must be built upon a foundation of permanent connections to family and other supportive adults. Children must have a permanent connection with at least one committed adult who provides a safe, stable, and secure parenting relationship; love, unconditional commitment, and lifelong support; and a legal relationship, if possible. The Legislature recognizes the need to focus more broadly on creating permanent family relationships and connections for, and with, children in care and intends that no child leaves care without a lifelong connection to a supportive adult.*

(e) *It is further the intent of the Legislature that while services to prepare a child for life on his or her own are important, these services will not diminish efforts to achieve permanency goals of reunification, adoption, or permanent guardianship.*

Amendment 3 (878336) (with title amendment)—Between lines 589 and 590 insert:

(3) HEALTH CARE COORDINATION. —

(a) *The department shall work with the Agency for Health Care Administration in consultation with pediatricians, other experts in health care, and experts in and recipients of child welfare services, to develop a plan for a coordinated approach to providing comprehensive health care for children in care. Comprehensive health care refers to strategies and services for meeting the physical, dental, mental, emotional, and developmental health needs of children. It includes all health care including primary, tertiary, and specialty care. The plan must include the following components:*

1. *A schedule for the initial and follow-up health screenings;*
2. *A strategy for providing access to health care services and treatment for health needs identified through screenings;*
3. *A strategy for the updating and appropriate sharing of health care data and information which may include establishing an electronic health record;*
4. *A system for ensuring continuity of health care services which may include establishing a medical home for each child in care;*
5. *A procedure for providing oversight of prescription medication;*
6. *A protocol to increase collaboration among health, mental health, child welfare, juvenile justice, courts, education, and other child-serving systems, as well as providers and community organizations, to meet the health care needs of children in care; and*
7. *A strategy for including families in health care decisions for children in care.*

(b) *The department shall submit a report to the Governor and the Legislature by March 1 and September 1 of each year until a system for providing comprehensive health care to children in care has been implemented statewide. The report must address progress that has been made toward achieving each of the components in paragraph (a).*

(4) PERMANENT CONNECTIONS. —

(a) *The department, in collaboration with the Independent Living Services Advisory Council shall establish a workgroup for the purpose of developing and implementing strategies to ensure that each child who leaves care has at least one positive, reliable caring adult who will continue to support him or her after leaving care, through his or her young adulthood and beyond. This adult may include:*

1. *People with whom the youth has some emotional attachment such as birth family, extended family, kin, adoptive family, foster family, teachers, mentors or coaches;*
2. *People with whom the youth would like to stay connected or re-establish contact; or*
3. *People who the youth defines as family or supports.*

(b) *The department shall submit a report by December 31 of each year to the Governor and the Legislature which includes a summary of the actions taken and practices implemented statewide to ensure that no child leaves care without a lifelong connection to a supportive adult.*

And the title is amended as follows:

Delete line 64 and insert: of school, community, and family life; requiring the department to work with the Agency for Health Care Administration and other stakeholders to develop a plan for providing comprehensive health care for a child; requiring a report; requiring the department to work with the Independent Living Services Advisory Council to develop strategies to ensure that no child leaves care without a permanent connection to a committed adult; requiring a report; requiring

Amendment 4 (641580)—Delete lines 1099-1101 and insert: *adult.*

Amendment 5 (191652)—Delete lines 1226-1228 and insert: *to meet the living and educational needs of the young adult.*

Amendment 6 (565926)—Delete line 1444 and insert: *Medicaid is not eligible for enrollment in a Title XXI funded KidCare program under this subsection.*

Amendment 7 (651436) (with title amendment)—Between lines 1454 and 1455 insert:

Section 6. Subsection (4) of section 409.166, Florida Statutes, is amended to read:

409.166 Children within the child welfare system; adoption assistance program.—

(4) ADOPTION ASSISTANCE.—

(a) A maintenance subsidy shall be granted only when all other resources available to a child have been thoroughly explored and it can be clearly established that this is the most acceptable plan for providing permanent placement for the child. The maintenance subsidy may not be used as a substitute for adoptive parent recruitment or as an inducement to adopt a child who might be placed without providing a subsidy. However, it shall be the policy of the department that no child be denied adoption if providing a maintenance subsidy would make adoption possible. The best interest of the child shall be the deciding factor in every case. This section does not prohibit foster parents from applying to adopt a child placed in their care. Foster parents or relative caregivers must be asked if they would adopt without a maintenance subsidy.

(b) The department shall provide adoption assistance to the adoptive parents, subject to specific appropriation, in the amount of \$5,000 annually, paid on a monthly basis, for the support and maintenance of a child until the 18th birthday of such child or in an amount other than \$5,000 annually as determined by the adoptive parents and the department and memorialized in a written agreement between the adoptive parents and the department. The agreement shall take into consideration the circumstances of the adoptive parents and the needs of the child being adopted. The amount of subsidy may be adjusted based upon changes in the needs of the child or circumstances of the adoptive parents. Changes shall not be made without the concurrence of the adoptive parents. However, in no case shall the amount of the monthly payment exceed the foster care maintenance payment that would have been paid during the same period if the child had been in a foster family home.

(c) *The department may continue to provide adoption assistance to the adoptive parents on behalf of a young adult who has reached 18 years of age but is not yet 21 years of age if the adoptive parents entered into an adoption assistance agreement after the child reached 16 years of age and if the young adult is:*

1. *Completing secondary education or a program leading to an equivalent credential,*
2. *Enrolled in an institution which provides postsecondary or vocational education, or*
3. *Participating in a program or activity designated to promote, or eliminate barriers to employment; or*
4. *Employed for at least 80 hours per month; or*
5. *Unable to participate in these programs or activities full time due to a physical, intellectual, emotional, or psychiatric condition that limits participation. Any such restriction to participation must be supported by information in the young adult's case file or school or medical records of a physical, intellectual, or psychiatric condition that impairs the young adult's ability to perform one or more life activities.*

(d) ~~(e)~~ The department may provide adoption assistance to the adoptive parents, subject to specific appropriation, for medical assistance initiated after the adoption of the child for medical, surgical, hospital, and related services needed as a result of a physical or mental condition of the child which existed before the adoption and is not covered by Medicaid, Children's Medical Services, or Children's Mental Health Services. Such assistance may be initiated at any time but shall terminate on or before the child's 18th birthday.

And the title is amended as follows:

Delete line 115 and insert: Children and Family Services; amending s. 409.166, F.S.; providing for adoption assistance to be paid for a young adult until the age of 21 if the young adult meets specified conditions; amending s. 409.903,

Amendment 8 (743638) (with title amendment)—In title, delete line 120 and insert: existing services until December 31, 2012; providing

MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS

VETOED BILLS 2011 REGULAR SESSION

The Honorable Kurt S. Browning May 26, 2011
 Secretary of State

Dear Secretary Browning:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to, Committee Substitute for Senate Bill 1738, enacted during the 43rd Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2011 and entitled:

An act relating to State Financial Information...

While I believe that action is necessary to ensure that all state financial systems and business functions are standardized, I have the following concerns with the bill:

This administration has taken every opportunity to recommend the reduction or elimination of unnecessary layers of government. I am concerned that the new Agency for Enterprise Business Services is duplicative and in conflict with the mission of the existing Agency for Enterprise Information Technology (AEIT) with respect to enterprise information technology planning. The AEIT is currently tasked with developing plans and standards for enterprise information technology services.

The new agency does not appear to support the existing Florida Financial Management Information System (FFMIS) Coordinating Council, chaired by the Chief Financial Officer. The council, which is comprised of the agency heads of all FFMIS owners, is currently charged with providing the Financial Management Information Board with solutions, policy alternatives, and budget issues to ensure the availability of data and information that support state planning, policy development, management, evaluation, and performance monitoring.

I believe that legislation to ensure that all state financial systems and business functions are standardized should address business processes, rather than functions; the executive director should report to the FFMIS Coordinating Council Chair; the bill should be specifically tailored to address issues relating to the development of a replacement system for the Florida Accounting Information Reporting System — the most critical enterprise system issue facing the state; and the AEIT should be tasked to assist with this endeavor within the scope of its responsibilities.

For these reasons, I withhold my approval of Committee Substitute for Senate Bill 1738, and do hereby veto the same.

Sincerely,
 Rick Scott, Governor

The Honorable Kurt S. Browning
Secretary of State

June 23, 2011

strengthen the fiscal foundation upon which our state will build a more prosperous future.

Dear Secretary Browning:

By the authority vested in me as the Governor of Florida, and under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to, Committee Substitute for Senate Bill 1992, enacted during the 43rd Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2011 and entitled:

An Act Relating to Background Screening...

Volunteers play a vital role in strengthening Florida's communities. Not only do they provide valuable service and expertise, they also bolster the economic foundation of many of the programs and organizations that serve our most vulnerable citizens. However, volunteers who work with social service organizations to provide state-funded services can have unrestricted access to seniors, children, and persons with disabilities. I feel strongly that we have an obligation to ensure that these vulnerable members of our communities are protected, especially within their homes.

I am vetoing CS for SB 1992 because it will allow certain volunteers to work directly with vulnerable Floridians without first submitting to a background screening. That is a risk that is not worth taking.

However, the bill also provides for the creation of a "statewide inter-agency background screening workgroup for the purpose of developing a work plan for implementing a statewide system for streamlining background screening processes and sharing background screening information." I recognize that there is significant room to improve the current background screening infrastructure to allow for information sharing among agencies and to reduce redundant screenings for individuals who volunteer. To that end, I will be issuing an Executive Order to create an interagency background screening workgroup that will be charged with the same goals articulated in this bill.

For these reasons, I withhold my approval of, and do hereby veto, Committee Substitute for Senate Bill 1992.

Sincerely,

Rick Scott, Governor

The Honorable Kurt S. Browning
Secretary of State

May 26, 2011

Dear Secretary Browning:

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of portions of Senate Bill 2000, enacted during the 43rd Session of the Legislature convened under the Constitution of 1968, and entitled:

An act making appropriations; providing monies for the annual period beginning July 1, 2011, and ending June 30, 2012, to pay salaries, and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of State government; providing an effective date.

In these tough economic times, the people of Florida are forced to do more with less. Families and businesses are reducing their spending and working to limit the burden of debt. I promised Floridians that their state government will make these same fiscally-responsible choices. The decisions represented in this letter are part of my commitment to keep that promise by eliminating an additional \$615 million of spending from the 2011-12 budget.

In February, I proposed my budget and, in the weeks after, the Legislature offered their plan for spending taxpayer dollars. I commend the Legislature for sending me a budget that meets my priorities by reducing the size and cost of government, while also providing tax relief for Floridians. After a thorough line-by-line review, I am continuing to

The optimism I have that we can get Florida back to work comes from my own life experience. Despite having only received a sixth-grade education, my father answered the call to serve his country during World War II. Later, he and my mother struggled to get by but remained committed to hard work. Our family lived in public housing and financial challenges were always present. Priorities were met and I got an opportunity to get an education and a job.

I believe government should also prioritize and, in challenging times, return to focusing on its core functions. First, we must protect public health and safety. Next, we must give each Floridian the chance to be a stakeholder in the marketplace by having a job. And, finally, we must give Florida's next generations the opportunity for an education that prepares them to compete in the new, global economy.

What government should not do is live beyond its means and saddle future generations with debt and financial insecurity. Both at the national level, and here in Florida, debt poses a risk to our economic security. Today, our state currently is burdened with \$23.1 billion worth of tax-supported debt, an amount about equal to the entire state's 2011 General Revenue budget. Therefore, I'm vetoing almost all projects in the budget that would only be afforded through additional borrowing and increasing the debt burden that must be paid in the future.

With a national government that seems oblivious to the threat of burdensome debt, I will also continue to reduce the state's reliance on federal dollars. Too often these federal dollars are presented as if they are a gift without the recognition that this is money our children and grandchildren will have to repay to foreign lenders. Furthermore, I will reject federal money that is temporary or short-term but forces Florida taxpayers to cover permanent or long-term state spending.

By holding government accountable and measuring results with accountability budgeting, we can continue to improve how government fulfills its obligations. This year, throughout my line-by-line examination of the state budget, I found many expenditures of taxpayer dollars with laudable and important goals but limited accountability. Those that won my approval this year will not receive approval next year unless my office receives clearly defined measurements submitted with their Fiscal Year 2012-13 Legislative Budget Requests.

I have closely scrutinized each line item in the proposed budget for the Fiscal Year 2011-12, with the goal of identifying those programs, services and functions that are not critical to the operation of state government. I have also reduced the use of state tax dollars for local or new projects that can and should be funded with other resources. While there are many worthwhile projects and programs in this budget, I have placed a priority on programs and services that can have a statewide impact, those programs that have been systematically reviewed and selected for funding on a competitive basis, and those programs that have demonstrated a measurable and positive impact for the individuals being served.

I do hereby withhold my approval of the following line items in the 2011-12 General Appropriations Act:

SECTION 1 - EDUCATION ENHANCEMENT "LOTTERY" TRUST FUND

The only measure of success for Florida's education model should be based on learning gains by students and whether they are prepared for global competition. We must empower students, parents and educators to make sure that we build strong skills in communication, science, technology, and mathematics. Throwing more taxpayer dollars at an outdated system is not the answer. Taxpayer dollars appropriated to education should follow the student and be invested in modernizing the learning process through the use of technology. The very notion of the traditional classroom must be challenged.

The Legislature has demonstrated their support for these principles this session through creation of a high-performing charter school program and measures that enable more students to take advantage of virtual education programs. These programs will provide parents and students with more education options. Further, the Legislature has

funded student mentoring initiatives detailed in my plan to support at-risk students and ensure their success in school. Finally, student access and choice for higher education has been guaranteed through continued funding of the Florida Resident Access Grant (FRAG) and Access to Better Learning and Education (ABLE) grant.

It is worth noting that the budget required that I make a choice between two very important uses for taxpayer dollars. The Legislature chose to move \$150 million from a transportation trust fund and apply it to K through 12 education. I strongly support investing in Florida's infrastructure; it is good for job creation and good for our economic future. However, at this time, I believe those funds are better spent on Florida's children and grandchildren.

My 7-7-7 Plan includes creating a cutting edge technology cluster. This requires us to continue to meet the demand for high-tech workers trained in science, technology, and related fields. Florida's universities are among the largest in the nation and several universities are nearing their capacity to accept additional students, while demand for higher education access continues to rise. So, I support some investments in this area. For example, the new campus at USF-Polytechnic will focus on the important high-tech fields of the future. The polytechnic concept ensures that even graduates in degree programs outside of the Science, Technology, Engineering and Mathematics (STEM) areas will have training and education in those areas and develop skills applicable to the 21st century economy. Additionally, the construction of this campus will allow the state university system to continue to meet the growing demand for access.

At the same time, Honda is borrowing beyond its self-imposed constraints and taking on debt that it should not. Therefore, I cannot allow construction of facilities that rely on such borrowing. I withhold my approval of several recommended capital projects until such time as we can afford to fund them without added debt.

I do hereby withhold my approval of the following line items in the 2011-12 General Appropriations Act:

SECTION 3 - HUMAN SERVICES

Funding for Health and Human Services programs comprises the largest single priority area in the state budget, with a total appropriation of \$30.0 billion for Fiscal Year 2011-12. Under the umbrella of Health and Human Services, a wide range of services are provided to the most vulnerable in Florida's communities. Those services include medical and dental care, nursing home care, home and community based services, residential, therapeutic and protective services for children in the child welfare system, community and institutional mental health services for adults and children, substance abuse services for adults and children, biomedical research, health education programs, disease prevention services, prescription drug coverage and long term care for our veterans.

While the programs and services are many and varied, the Health and Human Services budget is dominated by Medicaid, which accounts for more than 71 percent of all spending in this area. Medicaid costs have increased by more than 44 percent in the past four years, from \$14.9 billion in Fiscal Year 2007-08 to a proposed \$21.4 billion for Fiscal Year 2011-12. I recognize the importance of providing necessary medical and dental services to low income children, seniors and persons with dis-

abilities; however, I must acknowledge that if the current rate of Medicaid growth is left unchecked, significantly fewer resources will be available to fund other priorities such as education, public safety, economic development and transportation.

I am committed to increasing the level of accountability and predictability in the Health and Human Services budget so we can provide Florida taxpayers with a better return on their investment in this area — high quality care and high quality outcomes. I view the responsibility to help ensure the health, safety and welfare of Florida's most vulnerable residents as a fundamental duty. At the same time, we recognize that we have a responsibility to spend Florida's tax dollars judiciously and conservatively.

Of particular note regarding proviso associated with Specific Appropriation 504, there is merit to the study on birth-related brachial plexus injuries. However, the Florida Birth Related Neurological Injury Compensation Association has sufficient authority to conduct this study and does not need legislative authority to do so.

It is with those priorities in mind that I do hereby withhold my approval of the following line items:

Specific Appropriation 177

These funds may be used as funding to buy back the Medicaid inpatient and outpatient trend adjustments applied to Mount Sinai Medical Center's individual hospital rate and other Medicaid reductions to their rate up to the actual Medicaid inpatient and outpatient cost."

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

The Legislature demonstrated their commitment to public safety and affirmed many of my budget recommendations. Included for the Department of Corrections budget were savings gained by expanding contracted residential substance abuse programs and consolidating prison bed capacity. By maximizing existing prison space, which allows for closing more costly prisons and adjusting for the expected inmate population, \$78.2 million in taxpayer dollars will be saved. Most importantly, there will be no early release of inmates. Additional funding was provided to continue in-prison substance abuse treatment beds and to invest in officer safety by funding body armor and replacing obsolete radio communication systems within prisons. Offenders will continue to be held accountable and there has been no dilution of the requirement that all inmates serve 85 percent of their sentence prior to being eligible for release.

Within the Department of Juvenile Justice, my recommendations included a number of reforms for the juvenile justice system. With the support of the Legislature, a savings of \$18 million is realized by limiting residential stays for misdemeanor youth and investing \$5.4 million for evidenced based front-end services which focus on intervention and

prevention. Also, additional savings are realized through the closure of surplus residential beds and excess juvenile detention capacity due to a lower utilization of the programs.

I do hereby withhold my approval of the following items:

Before Specific Appropriation 595
Page 107 - A portion of proviso language

"From the funds in Specific Appropriations 595 through 688A, \$250,000 in recurring general revenue funds is provided to the Department of Corrections to issue a request for proposal, as defined in section 287.057(1)(b), Florida Statutes, for the development of a water savings plan that creates performance standards for rain water harvesting and water reuse to achieve annual cost savings of at least 25 percent from the 2008, 2009, and 2010 calendar years. By no later than September 30, 2011, the department shall identify a vendor to conduct and inventory the water consumption of all department facilities consuming water for irrigation, gray water or drinking water purposes, including an inventory of each facility's roof surface area. To achieve these cost savings objectives, the vendor shall submit a plan to the department by February 1, 2012, which identifies the most cost-effective plan for the procurement of services and cistern products and establishes performance standards for the efficient and effective use of water resources and estimates of future potential savings and other related benefits."

SECTION 5-NATURAL RESOURCES/ENVIRONMENT/GROWTH MANAGEMENT/TRANSPORTATION

Florida continues its commitment to protecting its natural environment, maintaining healthy habitats for fish and wildlife, and facilitating the growth and vitality of agriculture, while refocusing government efforts on core missions and accountability. The budget funds all of Florida's top priorities while recognizing the challenges of our state's economy. Resource funding includes Everglades and beach restoration, protection of

the state's water resources, and assistance to local governments to address wastewater and drinking water issues. Additionally, the budget continues Florida's commitment to species and habitat protection, marine and freshwater management, hunting, fishing and other recreational activities, and research and enforcement that support those efforts and provide for citizen safety in these endeavors. In support of agricultural growth and vitality, the budget continues the development and promotion of best management practices to ensure a viable industry and resource protection; promotion of Florida agricultural products; and support for wildfire protection. Finally, the budget includes resource restoration funded as a result of impacts from the Deepwater Horizon accident. However, I do have some specific concerns about items included in the state budget.

While I am not withholding my approval of the funding for the Department of Agriculture and Consumer Services' Division of Standards and Division of Consumer Services, I am concerned about the value provided to Floridians by these programs. The two programs represent 302 full-time employees and cost Floridians \$9.8 million. I would recommend that the Department provide better metrics to substantiate the value of these expenditures to Floridians in the future.

I am withholding my approval of Line Item 1578A, \$305,000,000, which represents spending authority for the Florida Forever Program. While Florida has one of the nation's largest land buying programs, during these challenging economic times it is not in the state's best interest to continue to purchase lands and assume additional land management costs. This line item does not represent an appropriation of readily useable funds, but rather only authority to spend proceeds derived from the future sale of surplus state lands. According to the Department of Environmental Protection, the average annual proceeds from the sale of such lands is approximately \$6 million.

I am also withholding my approval of Line Item 1972, \$11,152,281, from the State's Transportation Trust Fund for lease agreement payments to specific Transportation Authorities. The state's relationship with Transportation Authorities is currently under review. My staff will be working in collaboration with the Department of Transportation to review the roles of our authorities and ensure that current and future agreements provide the most cost effective option for providing our residents and tourists with a safe effective transportation system. Conforming legislation prohibits the state from entering new lease payment agreements with Transportation Authorities. This change is a good first step; however, the repayment of funds previously loaned to authorities under the current agreements and the option of consolidating the authorities with the Florida Turnpike Enterprise should also be addressed. To move forward in this review, I veto funding for payments to expressway authorities for the next year.

The Department of Transportation's budget includes my recommendation to fund the Department's Five Year Work Program at a cost of \$7.1 billion. These funds are used for the planning, development, construction, operation and maintenance of Florida's transportation network. As stated in my 7-7-7 Plan, Florida's transportation system is an integral part of growing Florida's economy, creating jobs and improving the quality of life for our citizens. To ensure South Florida's continued role as a global leader in international trade and commerce this budget includes \$55.8 million for the Port of Miami Dredging Project — a project that could create 30,000 permanent jobs.

As Floridians review and plan their household and business budgets to weather these economically challenging times, so must their state government. Through my review of the budget, I tried to focus funding on core mission functions and those that best benefit all Floridians. Additionally, I identified other items that, while needed, should be deferred until another more prosperous time.

I do hereby withhold my approval of the following items:

**Specific Appropriation 1335

SECTION 6-GENERAL GOVERNMENT

General Government agencies generally provide services that impact not only their constituency groups, but also other state agencies. I believe that the role of some of these agencies can be expanded to assume more responsibility for common administrative functions, which would allow other state agencies to focus on their core mission. I am disappointed that the Legislature did not support my effort to consolidate 17 shared, administrative functions over a two-year period. This effort was expected to result in savings of \$10 million in the first year alone. I will continue exploring this issue with the Legislature to improve state administrative efficiencies, while reducing the workforce and eliminating unnecessary service duplication.

The budget also supports the continued regulation of 26 professions and businesses within the Department of Business and Professional Regulation. I am hopeful that the efforts which resulted in House Bills 5005 and 5007, which repealed unnecessary licensure and regulatory requirements for many professions and businesses, will continue into the next legislative session. In order to increase jobs in this state, it is imperative that we reduce the licensure and regulatory burden on Florida businesses, especially small businesses. This is, of course, within the context of ensuring the health, safety, and welfare of our citizens.

I also believe that agencies are engaging in activities that, although worthwhile, are not legitimate functions of government. One example is the provision of scholarships to minority accounting students in the Department of Business and Professional Regulation. If a Florida profession desires to provide scholarships, it can be done through a professional association or direct-support organization. In my recommended budget, I proposed the transfer of this responsibility to a direct-support organization, which I will again recommend in 2012.

The budget included \$3.25 million for the Wounded Warrior Project to support the transition of wounded service members back into society. However, the Project's Board of Directors has chosen not to accept the funds, due to an established policy against accepting government funds. Based on this decision, the appropriation would not be utilized.

I am vetoing \$400,000 for a gaming study. While I encourage the Legislature to make a comprehensive review of additional gaming, I believe it is important to have a full consideration of the positive economic impact, the costs that may result from this policy and the impact on current gaming in our state. However, such a study at this time is an expense Florida taxpayers should not incur.

I am also vetoing Section 31, which directs the transfer of \$750,000 from the Hotel and Restaurant Trust Fund to the Florida Restaurant and Lodging Association to promote tourism in the areas affected by the Deepwater Horizon Oil Spill. While this is certainly a laudable effort, BP recently awarded a \$30 million marketing grant to the Northwest Florida Tourism Council (which includes the Escambia, Santa Rosa, Okaloosa, Walton, Bay, Gulf, and Franklin tourism development councils). I prefer not to use state funds to address an issue caused by a private entity.

I support the Legislature's concept of reviewing the efficiency and structure of the administration of the Supreme Court, the nominating commissions and the Judicial Qualifications Commission and the effectiveness of the judicial merit retention system. However, I believe that during these tough economic times, we cannot afford to spend \$400,000 on this otherwise worthwhile review.

Budget for the Transportation and Economic Development area includes my recommendation to provide economic opportunities for all Floridians. The State of Florida has an important role to play in promoting an economic climate in which Florida's businesses can be competitive and productive with minimal government interference.

With the support of the Legislature, a single economic development agency was created that will move us forward in our efforts to develop policies for economic diversification and improvements in Florida's business climate and infrastructure. Most notable in this regard is the re-organization of agency functions to optimize economic development. In addition, the rewrite of the growth management laws allows more local government control and limits state oversight. Within the new

agency, the State Economic Enhancement and Development (SEED) Trust Fund was created to provide the resources needed in the future for an effective economic development program which allows for the flexibility to adapt to the most promising business opportunities.

The State's public-private partners provide access to industry expertise and will facilitate implementation of the economic development programs funded in this budget. My goal is to create private sector jobs and to increase accountability for our economic development programs through measurable performance criteria and deliverables. With this in mind, \$21.2 million has been invested to provide us with the economic development tools needed to recruit and expand existing businesses as a catalyst for economic growth.

I have vetoed many projects that were not of statewide importance or that were added to the budget without adequate public hearing. The funds for these vetoed projects will increase the amount of resources available as state reserves.

I do hereby withhold my approval of the following items:

I have major concerns with one trust fund sweep the Legislature has undertaken.

Declining revenues in the State Courts Revenue Trust Fund necessitated a loan to keep the state court system operational through the end of Fiscal Year 2010-11. In addition, the Legislature provided the State Court System authority to request a loan for continued operations into the new fiscal year. The Legislature also recognizes the revenue stream for this trust fund is not sufficient and has directed the Office of the State Courts Administrator to work with the Clerks of Court Operations Corporation to develop and make recommendations concerning appropriate revenue streams.

Therefore, I do hereby withhold my approval of the following item:

**Section 110
Page 391 - A portion of proviso language**

"STATE COURTS
State Courts Revenue Trust Fund. 4,700,000"

Finally, I respectfully note that several sections of Senate Bill 2000 contain proviso that appears to exceed parameters established by the Florida Constitution. Article III, Section 12 of the Florida Constitution requires that a qualification or restriction placed on a particular budget item must rationally and directly relate to the purpose of that budget item. Proviso can only be valid if it appears to be a major motivating factor behind the enactment of an appropriation such that the appropriation is only advisable if contingent upon the proviso. While I am choosing not to veto the below proviso, I believe that the following four items do not satisfy this standard.

Line Item 175 — Incontinence Supplies

From the funds in Specific Appropriation 175, The Agency for Health Care Administration shall competitively procure a statewide managed disposable incontinence medical supply program in order to maximize efficiencies and savings in the Medicaid program. To maximize program efficiencies and cost savings within the Florida Medicaid program, incontinence medical supplies provided under this program shall be utilized by all Medicaid State Plan recipients. The agency shall competitively bid a contract for selection of a qualified organization to administer the comprehensive program and shall ensure that any contract awarded through this procurement provides for a minimum of twenty percent cost savings. Vendors shall submit their bid prices

SECTION 7-JUDICIAL BRANCH

As a separate branch of government, the state court system of Florida has the same fiscal responsibility to be prudent with taxpayers' dollars as the legislative and executive branch agencies do. Declining revenues in the State Courts Revenue Trust Fund, which provides most of the courts' funding, necessitated the court system to seek a loan to continue operations in Fiscal Year 2010-11, and the need to begin Fiscal Year 2011-12 with authority to request a loan for continued operations into the new fiscal year. The Legislature also recognizes the revenue stream for this trust fund is not sufficient and has directed the Office of the State Courts Administrator to work with the Clerks of Court Operations Corporation to develop and make recommendations concerning appropriate revenue streams.

Due to increased authority in the State Courts Revenue Trust Fund associated with furnishings for non-public areas of a courthouse, which is not critical to court operations, I do hereby withhold my approval of the following item:

**Specific Appropriation 3011
Page 369**

"3011 OPERATING CAPITAL OUTLAY
FROM STATE COURTS REVENUE TRUST
FUND. 1,050,662"

OTHER SECTIONS

**Section 27
Page 379**

"SECTION 27. There is appropriated \$53,204 in nonrecurring funds from the General Revenue Fund to the Department of Health for the Jessie Trice Cancer Center for Fiscal Year 2010-11. This section shall take effect immediately upon becoming law."

**Section 28
Page 379**

"SECTION 28. There is appropriated \$34,015 in nonrecurring funds from the General Revenue Fund to the Department of Health for the S.W. Alachua County Primary and Community Health Care Clinic for Fiscal Year 2010-11. This section shall take effect immediately upon becoming law."

**Section 31
Page 379**

"SECTION 31. The nonrecurring sum of \$750,000 from the Hotel and Restaurant Trust Fund shall be transferred by non-operating transfer from the Department of Business and Professional Regulation to the Office of Tourism, Trade and Economic Development, to contract with the Florida Restaurant and Lodging Association, Inc., to continue the tourism marketing campaign begun in 2010 in the aftermath of the Deepwater Horizon Oil Spill. This campaign shall be conducted throughout the state and the southeastern United States, pursuant to a plan approved and monitored by the office, for promoting tourism in those areas of the state affected by the oil spill and eliminating the damaging public perception stemming from that event."

**Section 39
Page 383 - A portion of proviso language**

"Miami Stormwater Master Plan Implementation. 1,000,000"

based on proposed discounts and cost savings measured against the agency's new standardized fee schedule for incontinence products. The contract for these services shall require the selected bidder to extend its bid pricing to Medicaid managed care plans, pursuant to the Medicaid reform plan, during the term of the contract for these services including any extension(s). The agency shall seek any federal Medicaid waivers or authority necessary to implement this provision. The Office of Program Policy Analysis and Government Accountability shall monitor program implementation and issue a progress report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by March 1, 2012.

The practice of limiting the state's ability to competitively procure incontinence supplies from a variety of vendors does not serve the best interest of Florida's Medicaid recipients. Marketplace competition and supplier diversity are essential components of a robust economy. To that end, the state's ability to leverage its buying power should be protected and strengthened, rather than restricted.

Line Item 595 - Electronic Timekeeping System

From the funds provided in Specific Appropriations 570 through 759, the Department of Corrections shall implement an electronic time and attendance system in all regions. The department shall report installation and operational costs and annual cost savings projections related to the implementation of the electronic time and attendance system to the Speaker of the House of Representatives and the President of the Senate by November 1, 2011.

There are several concerns with this language; initial investment in the system is costly and savings would not be realized, if at all, for a number of years. The initial investment would be drawn from existing funds which will reduce funding critically needed for prison security and operations essential to ensure safe custody of all inmates, both for the inmate population, staff, and the surrounding communities. In addition, the proviso requires the system in all regions, yet the department will not be operating prisons in all the regions, as other proviso requires privatization of the southern part of the state.

Line Item 1068 - Detention Funding Share

From the funds in Specific Appropriations 1068 through 1147, the Department of Juvenile Justice is directed to withhold funds from contract payments to any provider if that provider failed to comply with contract requirements that it maintain property insurance and if the failure to do so resulted in uninsured losses. The amount withheld shall not exceed the amount of the uninsured loss and may be reduced by other remedial actions agreed upon by the department and the provider.

This language provides for an across the board reduction in county's share of pretrial detention costs (excepting fiscally constrained counties) whenever a county opts to operate its own juvenile detention center. The creation of a joint recommendation committee composed of Department of Juvenile Justice (DJJ) and the Florida Association of Counties indicates the Legislature recognizes the proviso will create a funding problem for DJJ, yet the budget does not provide any funding or other mechanism for DJJ to make up the costs of pretrial detention in areas where the counties do not provide services and DJJ has to operate a center it could otherwise close.

Line Item 1148 Related to Collective Bargaining

The funds in the Specific Appropriations 1148 through 1252, the Commissioner of the Florida Department of Law Enforcement (FDLE) shall defer to the current collective bargaining agreement between FDLE and special agents when reducing positions in the department for Fiscal Year 2011-2012. The Commissioner may also give priority to sworn law enforcement classes represented by collective bargaining agreements when implementing any position reductions in order to carry out the investigative responsibilities of the agency.

This language has expressively applied these restrictions to a large number (more than 100) of specific appropriations in the Florida Department of Law Enforcement (FDLE) unrelated to the proviso language at hand. It is apparent from the face of the budget that this proviso lacks a rational relationship to most, if not all, to which it applies. The only

reasonable conclusion is that the proviso is being used as a legislative device to further a legislative objective unrelated to those appropriations.

In conclusion, I recognize that I need to lead by example. Therefore, as authorized in Section 8 of the General Appropriations Act in which the Legislature has set the salary schedule for state officers and judges, I am voluntarily reducing my salary to 1 cent for Fiscal Year 2011-12.

The portions of Senate Bill 2000 which are set forth herein with my objections are hereby vetoed, and all other portions of Senate Bill 2000 are hereby approved.

Sincerely,

Rick Scott, Governor

The Honorable Kurt S. Browning May 26, 2011
Secretary of State

Dear Secretary Browning:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to, Senate Bill 2106, enacted during the 43rd Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2011 and entitled:

An act relating to Florida Energy and Climate Commission

I cannot approve Senate Bill 2106 as it is duplicative of another bill enacted by the Legislature during the 2011 Regular Session. The Legislature included the contents of Senate Bill 2106 into Senate Bill 2156, relating to government reorganization. Since Senate Bill 2156 contains a number of issues which I do support in order to advance Florida's ability to attract and maintain jobs for Floridians, I do intend to approve Senate Bill 2156.

As the country's third largest energy consumer, Florida needs a comprehensive energy policy. In signing Senate Bill 2156, I am committed to making the development of a strategic energy policy a priority of my administration. As such, I am appointing Dr. Mary Bane as my special advisor on energy policy. Dr. Bane is a graduate of Florida State University with a doctorate in Economics who brings to the Executive Office of the Governor over 30 years of leadership experience with energy issues.

A comprehensive energy policy for our state is vitally important to economic development, job creation and quality of life. I look forward to working with the Department of Agriculture and Consumer Services and the Legislature to develop an energy policy for our state that strikes a balance of affordability, reliability and sustainable resources.

For the reasons stated above, I am hereby withholding my approval of Senate Bill 2106, and do hereby veto the same.

Sincerely,

Rick Scott, Governor

The Honorable Kurt S. Browning May 26, 2011
Secretary of State

Dear Secretary Browning:

By the authority vested in me as the Governor of Florida, and under the provisions of Article III, Section 5, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to, Senate Bill 2116, enacted during the 43rd Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2011 and entitled:

An act relating to State Judicial System....

While this legislation addresses five areas of the state judicial system, I do not agree with the language relating to the creation of a direct support organization for Regional Conflict Counsels for the following reasons:

The language was not considered in the Criminal Justice Committees of either chamber. Instead it was presented as one part of a budget conforming bill with no direct link of the direct support organization to a budgetary issue.

The language was only requested by one (Region 3) of the five regional conflict counsels with a principal benefactor in mind, and the primary benefactor's name and affiliation would only be divulged upon signature by the Governor, making it impossible to know whether there could be potential for a conflict of interest.

The remaining regional conflict counsels may not have access to similar benefactors and there could be a difference in the quality of services delivered in those districts. Further, Florida laws relating to appropriations contained in Chapter 216 would not apply to the direct support organization.

Each of the other four sections of the bill, while addressing issues which could be of assistance to their respective parties, do not rise to a level of importance that justifies my approval of the entire bill.

For these reasons, I withhold my approval of Senate Bill 2116, and do hereby veto the same.

Sincerely,

Rick Scott, Governor

The Honorable Kurt S. Browning May 26, 2011
Secretary of State

Dear Secretary Browning:

By the authority vested in me as the Governor of Florida, and under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of and transmit to you my objections to, Senate Bill 2118, enacted during the 43rd Session of the Legislature of Florida, convened under the Constitution of 1968, during the Regular Session of 2011 and entitled:

An act relating to Criminal Justice....

While this legislation addresses three areas in criminal justice, the language relating to the transfer of responsibility for contracting and oversight of private prisons from the Department of Management Services to the Department of Corrections is contrary to my recommendation to consolidate state agency contracting functions in the Department of Management Services.

The Department of Management Services is considered the subject matter expert in contracting and leaving these functions in that department will help to ensure the state will develop appropriate contracts designed to protect the interests of our agencies and citizens. Further, the privatization of state prisons is a public-private partnership which will benefit from independent oversight by the Department of Management Services during the transition of these prisons from state to private operations.

For these reasons, I withhold my approval of Senate Bill 2118, and do hereby veto the same.

Sincerely,

Rick Scott, Governor

The bills, together with the Governor's objections thereto, were referred to the Committee on Rules.

SUPREME COURT OF FLORIDA

The following certificate was received:

No. SC11-2246

IN RE: CERTIFICATION OF NEED

FOR ADDITIONAL JUDGES.

[December 15, 2011]

PER CURIAM.

This opinion fulfills our constitutional obligation to determine the State's need for additional judges in Fiscal Year 2012/2013 and to certify our "findings and recommendations concerning such need" to the Legislature.¹ Certification is "the sole mechanism established by our constitution for a systematic and uniform assessment of this need." In re Certification of Need for Additional Judges, 889 So. 2d 734, 735 (Fla. 2004).

TRIAL COURTS

The Florida Supreme Court continues to use a weighted caseload system as a primary basis for assessing judicial need for the trial courts.² Using objective standards, this Court has examined case filing and disposition data, analyzed various judicial workload indicators, applied a three-year average net need, and considered judgeship requests submitted by the lower courts. As part of our ongoing effort to carefully evaluate judicial workload and within our discretion pursuant to Florida Rule of Judicial Administration 2.240, we have slightly modified our methodology this year, using a three-year average net need rather than the sustained net judicial need based on the lowest need for the prior three years. We believe that this modification to our methodology more accurately reflects the net judicial need from year to year.

Applying this methodology, this Court certifies the need for seventy-one judgeships statewide, twenty-three of which are in circuit court and forty-eight in county court.

We submit this certification recognizing the economic difficulties that continue to affect both the private sector and the public sector in Florida. Further, we acknowledge that state general revenues remain low, thereby creating competition between funding new judgeships and other critical state needs. Yet, as we noted in last year's certification opinion,³ our judges and court staff continue to work diligently to ensure the administration of justice and the timely resolution of disputes. They do so despite a demonstrated net need for new judges and with fewer support staff.

Our analysis indicates that felony, delinquency, and civil filings have decreased in circuit court relative to previous years. The drop in felony and delinquency filings correlates with fewer arrests being made as reported by the Florida Department of Law Enforcement. The drop in circuit civil filings is primarily attributable to the self-imposed moratorium on residential mortgage foreclosures by various lending institutions. However, mortgage foreclosure filings are projected to increase in the coming months. Notwithstanding the decreases to certain filing categories, our three-year average net need analysis indicates that additional judgeships are necessary in our circuit courts. This three-year average net need reflects accumulated workload over a multi-year period.

Chief judges have identified a number of the workload trends that are affecting court operations throughout the state. Several of the chief judges cited low clearance rates, substantial pending caseloads, high jury trial rates, fewer staff to assist with case processing matters, and statutory requirements requiring additional hearings for certain case types in civil, criminal, and family law as contributing to judicial workloads. Others note the protracted delays experienced by parties in scheduling hearings along with the impact of self-represented litigants on court time and resources. Collectively, these factors contribute to court delay.

Our judges continue to absorb the work previously performed by magistrates, law clerks, case managers, and other supplemental support

staff lost in the budget reductions of the last several years.⁴ Most of these positions provided direct case management, legal research, and adjudicatory support to our judges. Chief judges have advised us that the loss of support staff translates into slower case processing times, crowded dockets, and long waits to access judicial calendars. Restoration of case processing support staff lost in the budget reductions over the last three years remains a priority for the judicial branch. Accordingly, we fully support the trial courts' Fiscal Year 2012/2013 Legislative Budget Request that seeks additional funding for case managers, general magistrates, and law clerks,⁵ as these positions are integral to case disposition, docket management, and pending caseload reduction.

Several of our chief judges noted the long waits associated with obtaining hearing times. In some jurisdictions, dockets are so full that it takes several weeks to schedule a hearing. Similarly, lengthy jury trials must be scheduled months in advance. These conditions are additional indicators of an under-resourced court system. This situation frustrates all who use the courts, especially litigants, their lawyers, and our judges. Chief judges continue to report concerns that judges are unable to devote sufficient time to hearings due to significant workload.

The circuits have responded admirably to changing circumstances bearing on caseloads, including case complexity, demographics, and other factors within their jurisdictions. Where appropriate, the circuits continue to use mediation and differentiated case management techniques to address workload. Moreover, as the complexity of Florida's caseload increases, many jurisdictions have chosen to respond by instituting specialized court dockets. These include juvenile and adult drug courts; veterans' courts; those dealing with probate, elder, and mental health proceedings; and tobacco cases, asbestos cases, and other complex cases.

Workload associated with the residential mortgage foreclosure crisis continues to impede disposition times and rates in our circuit civil division. The Court is grateful to the Legislature for funding the Foreclosure and Economic Recovery Initiative, which terminated on June 30, 2011. The case managers and senior judges used in the Foreclosure and Economic Recovery Initiative made a significant difference in reducing backlog throughout the state. Unfortunately, due to the severity and protracted nature of the crisis, our trial courts continue to struggle with heavy pending caseloads and the slow resurgence of foreclosure filings. The absence of additional case processing resources, such as case managers and senior judges, will continue to delay case processing times and pending caseloads in our civil divisions for the foreseeable future. Moreover, this crisis has a ripple effect on the workload of other court divisions as chief judges and administrative judges allocate limited court resources to address demand.

County court workload continues to increase in several areas, including evictions and landlord/tenant cases. In select jurisdictions, some chief judges report that personal injury protection and credit card debt cases are impacting county court workload.

The loss of civil traffic infraction hearing officers in county court continues to have an impact on county judge workload throughout the state. In many counties, county judges are hearing traffic cases previously processed by the civil traffic infraction hearing officers.

Self-represented litigants continue to affect Florida's court system. All circuit and county civil divisions are experiencing an increase in self-represented litigants. Frequently, self-represented litigants are unprepared for the rigors of presenting evidence, following rules of procedure, and generally representing themselves in court. Consequently, they often require enhanced judicial involvement, which entails lengthier hearings, rescheduled hearings, and court delay.

DISTRICT COURTS OF APPEAL

The Second District Court of Appeal requests two additional judgeships. That court cites to its workload and Florida Rule of Judicial Administration 2.240(b)(2)(B), which provides that a presumption of need arises "where the relative weight of cases disposed on the merits per judge would have exceeded 280 after application of the proposed additional judge(s)." Using our discretion under Florida Rule of Judicial Administration 2.240 and as part of our ongoing effort to carefully evaluate judicial workload, we have slightly modified our methodology this year for the district courts, using a three-year average of weighted

dispositions per judge. We believe that this modification to our methodology more accurately reflects the net judicial need from year to year.

A number of factors are impacting the overall workload in the Second District, including changes in statutes requiring appellate review and clarification, changes in criminal and sentencing statutes, and growth in prison population and postconviction motions. Other factors impacting case processing include the unavailability of senior judges and fewer central staff attorneys to assist the judges with legal research and related case processing matters due to budget reductions. Of particular concern to this Court is the observation by the Chief Judge of the Second District that although the district has been able to maintain high clearance and disposition rates, it does so at the expense of time dedicated to a given case.

The Chief Judge of the Second District also cites to two qualitative factors contained in Florida Rule of Judicial Administration 2.240: effectiveness and professionalism. Effectiveness means that each appellate court judge must have adequate time to review and consider briefs, petitions, motions, and memoranda to fully research legal issues, write opinions, and review all decisions by the court. Given their current workload, the judges in the Second District find themselves increasingly challenged to fully meet the rigors of the effectiveness standard.

The professionalism factors of the rule speak to judicial participation in activities designed to enhance lawyer and judicial professionalism, improve the administration of justice, and improve relations between the bench and bar. The Second District notes that high workloads and reduced resources continue to adversely affect its judges' ability to meet this standard.

While the Second District Court of Appeal has requested that two additional district court judges be certified, our analysis of the three-year weighted dispositions per judge average indicates that they do not meet the threshold of 280 weighted dispositions per judge after a second judge is added. Therefore, we certify the need for one additional district court judge in the Second District for Fiscal Year 2012/2013.

CONCLUSION

We have conducted both a quantitative and qualitative assessment of judicial workload. Using the case weighted methodology required by the Legislature and the application of other factors identified in Florida Rule of Judicial Administration 2.240, we certify the need for seventy-one additional trial court judges in Florida, consisting of twenty-three in circuit court and forty-eight in county court, as set forth in the appendix to this opinion, and one additional district court judge in the Second District Court of Appeal.

Many of the workload trends we identified in last year's certification opinion remain today. In response, our courts continue to proactively manage their dockets to ensure that the administration of justice is not diminished. Yet despite these measures, we remain concerned that the timeliness and quality of justice are being adversely affected.

As we certify the need for new judgeships, we also observe that the last year has proven very difficult for Florida's State Court System due to the depletion of funds in the State Courts Revenue Trust Fund in the spring. While the State Courts Revenue Trust Fund was created by the Legislature to address funding issues in the court system, it has proven insufficient to sustain funding for the judicial branch. To address this deficiency, the Legislature directed the state courts, pursuant to Specific Appropriation 2986 in the 2011 General Appropriations Act,⁶ to work with the clerks of court to identify appropriate and sufficient funding streams for both the court system and the clerks of court. Those recommendations have been submitted to the Legislature.

We recognize that the funding of new judgeships is an expensive proposition, especially during difficult economic times with diminished state revenues. If monies become available, we encourage the Legislature to give priority consideration to funding the trial courts' Fiscal Year 2012/2013 Legislative Budget Request for positions to assist with case processing (i.e., case managers, law clerks, and magistrates).

It is so ordered.

1. Article V, section 9 of the Florida Constitution provides in pertinent part:

Determination of number of judges.—The supreme court shall establish by rule uniform criteria for the determination of the need for additional judges except supreme court justices, the necessity for decreasing the number of judges and for increasing, decreasing or re-defining appellate districts and judicial circuits. If the supreme court finds that a need exists for increasing or decreasing the number of judges or increasing, decreasing or redefining appellate districts and judicial circuits, it shall, prior to the next regular session of the legislature, certify to the legislature its findings and recommendations concerning such need.

2. Our certification methodology relies primarily on case weights and calculations of available judge time to determine the need for additional trial court judges. See Fla. R. Jud. Admin. 2.240.

3. In re Certification of Need for Additional Judges, 60 So. 3d 955 (Fla. 2011).

4. It is important to note that when the case weights were originally developed in 1999 and updated in 2007, they incorporated the availability of supplemental resources to assist judges with case processing matters. It is reasonable to conclude that the loss of these supplemental positions (i.e., case managers, law clerks, and magistrates) may increase the case weights if not restored prior to the next case-weight update. Increased case weights may translate into the need for more judgeships.

PRAYER

The following prayer was offered by Bishop Lewis Williams, Household of Faith Church, Jacksonville:

Father God, we come before you now, giving you praise and honor; the creator and the maker of heaven and earth. God, I come now to petition you, God, for the Senate, the capitol, and those who work hard in the government, asking for guidance and direction as they work hard throughout the day to make decisions.

God, before we ask anything of you, thank you for watching over us last night. Thank you, God, for protecting us, Heavenly Father, and watching over us. Now, God, we ask that you may guide the Senate. Thank you, God, for the President of the Senate and all the men and the women that work.

As they make decisions today, God, you said that you are the vine and that we are the branches; that we abide in you and you in us; the same shall bring forth much fruit; without you we are nothing. So, we need you, Heavenly Father. As they make decisions, we need you, Heavenly Father. As they meet, we need you, Heavenly Father. As they sit down to brainstorm, we need you now. Move in our hearts. Move in their hearts, that you may get the glory and the honor. We ask this prayer in the name of the one that created everything, Amen.

Excused: Senators Bennett and Richter

PRAYER

The following prayer was offered by Archbishop Thomas G. Wenski, Archbishop of Miami and Apostolic Administrator of the Diocese of Pensacola-Tallahassee, Miami:

O God, all powerful creator and loving Father of all mankind, maker of nature and nature's law: you are the source of the inalienable rights which the union of our states "in one nation under God" was formed to protect and to promote.

We ask you to look lovingly upon the Senate of this great State of Florida, as its members convene this afternoon to provide for the common good of our people. You know what is in the human heart and you justly judge the rectitude of our intentions. May these Senators, in their deliberations today, be guided by your wisdom.

May they rely on the protection of your divine providence, which you in your goodness have extended over our nation and our state from their beginnings. In your holy name, we pray. Amen.

PLEDGE

Senate Pages Carter Gromatski of Tallahassee; Deborah Dempsey of Carrabelle; Parker Coleman of Crawfordville; and Glen Ged of Boca

Section 1. Section 8.0001, Florida Statutes, is amended to read:

8.0001 Definitions.—In accordance with s. 8(a), Article X of the State Constitution, the United States Decennial Census of 2010 ~~2000~~ is the official census of the state for the purposes of congressional redistricting.

(1) The following delineation of ~~areas to be included in each~~ congressional districts ~~district~~ employs ~~areas included within official county, voting tabulation district, tract, and block boundary descriptions~~ ~~counties, tracts, block groups, and blocks in this state~~ used by the United States Department of Commerce, Bureau of the Census, in compiling the United States Decennial Census of 2010 ~~in this state~~ ~~2000~~. The populations within these *census geographic units* ~~areas~~ are the population figures reported in the counts of the United States Decennial Census of 2010 ~~2000~~ provided to the state in accordance with Pub. L. No. 94-171.

(2) As used in this chapter, the term:

(a) "Block" describes the smallest geographic unit ~~means a census block, which is the smallest area~~ for which population was *tabulated reported* in the 2010 decennial ~~2000~~ census. Blocks are nested within tracts and within voting tabulation districts. A block is identified by a four-digit integer that is unique within a tract but is not necessarily unique within a voting tabulation district.

(b) "Tract" describes a relatively permanent statistical subdivision of a county updated by local participants prior to the 2010 decennial census. Tracts consist of whole blocks and are nested within counties. Tracts are identified uniquely within a county by an up to four-digit integer and may have an optional two-digit suffix.

(c) "Voting tabulation district" describes a subdivision of a county established in Phase 2 of the 2010 Census Redistricting Data Program. Voting tabulation districts consist of whole blocks and are nested within counties. Voting tabulation districts subdivide counties in ways supervisors of elections determined are efficient for conducting elections and keeping communities whole. Voting tabulation districts are identified uniquely within a county by an up to four-digit integer.

~~(b) "Block group" means a cluster of blocks within a tract which have the same first digit in their block identification number.~~

~~(c) "Tract" means a census tract, which is a cluster of blocks within a county which is delineated by local committee according to Census Bureau guidelines. Tracts are identified uniquely within a county by a four-digit basic number and may have a two digit numeric suffix.~~
