For purposes of this section, the term "circuit and county courts" includes the offices and staffing of the guardian ad litem programs, and the term "public defenders' offices" includes the offices of criminal conflict and civil regional counsel. The county designated under s. 35.05(1) as the

headquarters for each appellate district shall fund these costs for the appellate division of the public defender's office in that county. For purposes of implementing these requirements, the term:

(a) "Facility" means reasonable and necessary buildings and office space and appurtenant equipment and furnishings, structures, real estate, easements, and related interests in real estate, including, but not limited to, those for the purpose of housing legal materials for use by the general public and personnel, equipment, or functions of the circuit or county courts, public defenders' offices, state attorneys' offices, and court-related functions of the office of the clerks of the circuit and county courts and all storage. The term "facility" includes all wiring necessary for court reporting services. The term also includes access to parking for such facilities in connection with such court-related functions that may be available free or from a private provider or a local government for a fee. The office space provided by a county may not be less than the standards for space allotment adopted by the Department of Management Services, except this requirement applies only to facilities that are leased, or on which construction commences, after June 30, 2003. County funding must include physical modifications and improvements to all facilities as are required for compliance with the Americans with Disabilities Act. Upon mutual agreement of a county and the affected entity in this paragraph, the office space provided by the county may vary from the standards for space allotment adopted by the Department of Management Services.

1. As of July 1, 2005, equipment and furnishings shall be limited to that appropriate and customary for courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, public defenders, guardians ad litem, and criminal conflict and civil regional counsel. Court reporting equipment in these areas or facilities is not a responsibility of the county.

2. Equipment and furnishings under this paragraph in existence and owned by counties on July 1, 2005, except for that in the possession of the clerks, for areas other than courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, and public defenders, shall be transferred to the state at no charge. This provision does not apply to any communications services as defined in paragraph (f).

(b) "Construction or lease" includes, but is not limited to, all reasonable and necessary costs of the acquisition or lease of facilities for all judicial officers, staff, jurors, volunteers of a tenant agency, and the public for the circuit and county courts, the public defenders' offices, state attorneys' offices, and for performing the court-related functions of the offices of the clerks of the circuit and county courts. This includes expenses related to financing such facilities and the existing and future cost and bonded indebtedness associated with placing the facilities in use.

(c) "Maintenance" includes, but is not limited to, all reasonable and necessary costs of custodial and groundskeeping services and renovation and reconstruction as needed to accommodate functions for the circuit and county courts, the public defenders' offices, and state attorneys' offices and for performing the court-related functions of the offices of the clerks of the circuit and county court and for maintaining the facilities in a condition appropriate and safe for the use intended.

(d) "Utilities" means all electricity services for light, heat, and power; natural or manufactured gas services for light, heat, and power; water and wastewater services and systems, stormwater or runoff services and systems, sewer services and systems, all costs or fees associated with these services and systems, and any costs or fees associated with the mitigation of environmental impacts directly related to the facility.

(e) "Security" includes but is not limited to, all reasonable and necessary costs of services of law enforcement officers or licensed security guards and all electronic, cellular, or digital monitoring and screening devices necessary to ensure the safety and security of all persons visiting or working in a facility; to provide for security of the facility, including protection of property owned by the county or the state; and for security of prisoners brought to any facility. This includes bailiffs while providing courtroom and other security for each judge and other quasi-judicial officers.

(f) “Communications services” are defined as any reasonable and necessary transmission, emission, and reception of signs, signals, writings, images, and sounds of intelligence of any nature by wire, radio, optical, audio equipment, or other electromagnetic systems and includes all facilities and equipment owned, leased, or used by judges, clerks, public defenders, state attorneys, guardians ad litem, criminal conflict and civil regional counsel, and all staff of the state courts system, state attorneys’ offices, public defenders’ offices, and clerks of the circuit and county courts performing court-related functions. Such system or services shall include, but not be limited to:

2. All computer networks, systems and equipment, including computer hardware and software, modems, printers, wiring, network connections, maintenance, support staff or services including any county-funded support staff located in the offices of the circuit court, county courts, state attorneys, public defenders, guardians ad litem, and criminal conflict and civil regional counsel; training, supplies, and line charges necessary for an integrated computer system to support the operations and management of the state courts system, the offices of the public defenders, the offices of the state attorneys, the guardian ad litem offices, the offices of criminal conflict and civil regional counsel, and the offices of the clerks of the circuit and county courts; and the capability to connect those entities and reporting data to the state as required for the transmission of revenue, performance accountability, case management, data collection, budgeting, and auditing purposes. The integrated computer system shall be operational by July 1, 2006, and, at a minimum, permit the exchange of financial, performance accountability, case management, case disposition, and other data across multiple state and county information systems involving multiple users at both the state level and within each judicial circuit and be able to electronically exchange judicial case background data, sentencing scoresheets, and video evidence information stored in integrated case management systems over secure networks. Once the integrated system becomes operational, counties may reject requests to purchase communications services included in this subparagraph not in compliance with standards, protocols, or processes adopted by the board established pursuant to former s. 29.0086.

PRAYER

The following prayer was offered by Dr. Evon Horton, Senior Pastor, Brownsville Assembly of God, Pensacola:

O Lord, on this day of the session for the Senate of the State of Florida, I ask for your mercy and grace. We are still in great need of your help and divine intervention. I thank you, O Lord, for your protection over our schools. Especially, O Lord, bring safety to our children and teachers, and watch over them. I pray you station your mighty angels in the hallways, in the classrooms, and the lunchrooms. I pray you give them mighty swords to protect our children and teachers in the gymnasiums and the playgrounds. I thank you now for the safety over our children and in our Florida schools.

I also pray for protection for our Senators, our Congressmen, and our Governor. I pray for you to watch over our judicial system and law enforcement officers. I pray specifically for communities that are

struggling, such as Brownsville, who need the help of our brothers and sisters across this state. I know, Lord, there are other needy communities, but I pray we continue to watch for each other, care for each other, and have godly compassion for each other.

I thank you, Lord, for the privilege of residing in this great nation and the great State of Florida. We don't take it for granted and pray for your continued blessings upon each one of us. I pray for the legislators and staff here in our Capitol, that you will continue to direct and guide them to make a difference with the authority, responsibility, and power they have within their hands. I pray, Lord, as we approach Passover and Easter, we will realize you are our God and creator and we come to worship our king.

I thank you, Lord, for the relationship I have with my king. I am thankful, O Lord, for my mentor, Dr. Samuel H. Proctor, an African-American who mentored Dr. Martin Luther King, Jr. Sam Proctor taught me to understand my king, and preached that God was in his heart, his life, and was a fire shut up in his bones. We all need to understand who our king is. The Bible says, "You are the king of kings and the Lord of lords, king of the ages, and king of heaven, you are the king of glory." You are my king.

The Bible says, "The heavens declare the glory of God." The earth shows your handiwork; you are enduringly strong, entirely sincere, immortally graceful, imperially powerful, impartially merciful. You are my king—you are unique, unparalleled, and unprecedented—the loftiest idea in literature, highest personality in philosophy. You are able to supply all my needs, supply strength for the weak, guard and guide, heal the sick, forgive the sinner, deliver the captives, and defend the feeble. You are my king.

I wish I could describe you, O God, to everyone here today, but you are indescribable, incomprehensible, invincible, and irresistible. We cannot explain what a great and wonderful God you are, my king. You are the wellspring of wisdom, the doorway of deliverance, the pathway of peace, the roadway of righteousness, the highway of holiness, the gateway of glory, captain of the conquerors, head of the heroes, leader of the legislators, governor of the governors, prince of the princes, king of kings, and Lord of lords. But Lord, I ask—I pray—that everyone here would know you because you are my king. For thine is the kingdom and the power and the glory, forever. When we are done with all the forevers, then I ask this in Jesus' name, my king. Amen.

PLEDGE

Senate Pages, Shannon Harner of Pinellas Park; Ethan Nunn of Valrico; and Holden Margheim of DeBary, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. Michael Forsthoefel of Tallahassee, sponsored by Senator Montford, as the doctor of the day. Dr. Forsthoefel specializes in internal medicine.

THE PRESIDENT PRESIDING

SPECIAL RECOGNITION OF SENATOR GRIMSLEY

SPECIAL PRESENTATION

A video tribute was played honoring Senator Grimsley.

REMARKS

On motion by Senator Braynon, by two-thirds vote, the following remarks were ordered spread upon the Journal:

Senator Mayfield: Thank you, Mr. President. Denise and I were just sharing earlier some fond memories of her in the House. You know, when I decided I was going to run for the House, one of the things my late husband, Stan Mayfield, said to me was, “When you get to the House, make sure you follow the lead of Representative Grimsley. She is a lady; she is very respectful, and she loves the process. You can never go wrong if you just follow her lead.” Denise, thank you for being such a great friend to my husband at the time, especially during his last two years up here. You have truly been a friend, you truly are a lady, and you truly love this process. I really wish you a lot of luck in your next endeavor in life. Thank you very much.

Senator Stargel: Thank you, Mr. President. I wasn’t as close to Denise when we were serving in the House. I don’t know why; we’ve been in the same delegation for a while. When we came over to the Senate and watching her in the House, and the way she always handled everything, I guess, in a way, intimidated me. She always had such grace, but yet such power. Seeing that personality about you is something I’ve admired, because, as I’ve told some of the people, I tend to be emotional, freaking out, and yelling, and you were always calm, cool, and collected. Yet, you got what you needed to get done. You did it effectively, efficiently, and I’m looking to be more like you in the future, maybe someday soon. But, anyhow, you do a good job.

Also having her in the delegation, I always used to rely on Denise for everything health care, and she would always come to me on everything education. Every time there was a health care issue, I’d talk to her, and this year, we had this flip-flop where I’m working in health care and she is working in education. So, we had a lot more conversations over these last couple of years. I compare everything I do in health care to education, and I think she might have been comparing the things she was learning in education based on her knowledge of health care.

It has been nice to have a friend like you, someone who I can share things with at home and up here; someone who’s been through this process and has done it very efficiently. Like I said, to be the Appropriations Chair in the House and to watch how you maneuvered and how you negotiated with a very powerful partner on the side, and how you handled that back home, was something to be admired. I’m looking forward to working with you in the future.

Senator Gibson: Thank you, Mr. President. Senator Grimsley and I have been very good friends from the very beginning. She’s a true consensus builder and that’s something that’s sometimes missing in this process. I’ve never seen her vehemently upset about anything. When you saw her kneeling in those pictures, I think about the fact that she’s kneeling because she’s trying to get to a certain place in what she’s trying to do.

I think that our bond really came together because she’s a nurse. Nurses are very caring people. I know, because I was raised by one. So when that happens, it transfers into what she tries to do for her district, or what she has done for her district, and for the people of the State of Florida. Even if we couldn’t necessarily fully agree about something—as you saw the kneeling—she’s working it out. She’s always been that way.

I’m extremely appreciative of our friendship that had nothing to do with legislation; it had nothing to do with whether we supported certain issues; it had everything to do with who she is and wanting to have friendship, over anything else, to get things done both in the House and the Senate. You know darn well I’m going to miss you very, very much. I wish you much success.

Senator Galvano: Thank you, Mr. President. I first met Senator Grimsley when she was a candidate for the Florida House. I met her and I felt like she had everything it took to be a good member of the House. When she exceeded what I had perceived, I decided to help her. Through my campaign, I had gone to great lengths to have these massive sign frames built. We had carpenters all up and down the street, and my neighbors were calling the homeowners’ association and all this stuff. I said, “Denise, I have a way I can help you. I have all of these sign frames, would you like them?” She said, “Sure.” I got a whole crew to bring them up but I said, “I want them back. We put a lot of work into them, and we want them back eventually.” No sooner had I delivered them and she got them up and, what was it, Hurricane Andrew, came through? She calls me and she is like, “Hey, I don’t think you are getting your sign frames back. I think they are still strewn all over the heartland at this point.”

But when she came to the Senate, and I became Majority Leader, President Gardiner asked me, “Who do you want to have as your Deputy Majority Leader?” It was so easy for me to say, “I would like Denise Grimsley to fulfill that job.” Just as it was described, her demeanor and her focus, you see her going quietly but forcefully around the chamber and doing what she needs to do to make sure that not just her goals get achieved, but everybody gets their voices heard with her help. That meant a lot to me and she excelled in that position.

I really got to know her when we got redistricting, or right before redistricting when the first redistricting of—I think of 2008—but the one where I picked up a big chunk of her old district. You get to know how someone is loved when you start interacting with the people they represent. I still remember going into a town hall meeting in Moore Haven, and I walked in and they are all looking at me and I am like, “Hey I’m Bill, your Senator.” One guy is like, “Where is Denise?” That happened in Hardee County, in Highlands County, and in DeSoto County. Everywhere I went, it was like, “That is good, we hear you, but what does Denise think about this?” I was like, “Look, she doesn’t represent you anymore, okay?” It is so evident how much you are loved back home and continue to be loved in this chamber. I know, personally, I am going to miss you very, very much.

Senator Rouson: Thank you very much, Mr. President. Senator Grimsley, I recall building a relationship with you just prior to you being Appropriations Chair in the House. I remember feeling really fortunate when you became Appropriations Chair. You helped me along the process, you made me feel welcome in the suite, and I really learned to walk the suite while you were Chair.

The good news was that we shared ideas; we shared passions. With your medical background, you helped with mental health and substance abuse issues. You fought as hard for some of them as I did when I brought them to you. I want to thank you for that. You taught me calmness; you taught me demeanor. People don’t know the reason I wear these boots is because I feel like kicking doors in when the doors are closed. You showed me there’s a way that you can walk in and get more when the door opens than by kicking in the door. I want to thank you for the lessons, thank you for the shared passion, and thank you for serving.

President Negron: I would like to make a few comments before we recognize Senator Grimsley. As I was thinking about this for the last several days, I started rewinding through memories and experiences. We had a chance to serve together in the House and then also here in the Senate. Three things came to mind: One, I think you are a person of class and grace. Two, you are someone who developed an extraordinary budget expertise. The budget is a lot of detail and there are technical parts of the budget that require a certain level of proficiency to be able to navigate through. When I think of you, and see you, I think of somebody who learned the health and human services budget first. It is the most complex part of the budget, in my view. Then, of course, becoming the full Appropriations Chair in the House, which shows how well you did in the responsibilities that you had before you received that position. The final thing is the pride and commitment that you have being a nurse—to appreciating and respecting the nursing profession, looking out for their interests, and making sure that this body understood.

When you were in the House, you understood how important nurses are to the delivery of medicine. They are a critical part of the medical team. Frequently, in hospitals and other environments, a patient may only see a nurse and may not even see a doctor. The doctor may be doing things behind the scenes. Those are the three things. So when we were thinking about what legislation would be part of your legislative legacy, including obviously a lot of budget issues that you worked on, I chose HB 1209 that you passed in 2009. It was really a comprehensive re-organization of the nursing profession and makes things go more smoothly for people trying to get into the profession. It was a multiyear effort and, to me, you left the nursing profession stronger and more respected than when you found it.

Senator Grimsley: Thank you, Mr. President and President Designate Galvano. It is hard to believe that it has been 14 years. I came in with Senator Flores and Senator Hukill. I think we are the only ones left that came in 2004. In the video that you saw, the pictures outside are from the farm and the ranch where I grew up and still live there today. I came in thinking I was going to change the world and I was going to get rid of all of the bureaucracy. I had been running our family's business for 10 years and dealing with regulatory agencies. I came in planning to get rid of all of the bureaucracy. It didn't happen as fast as I thought it would happen. I thought I was going to come in and cure citrus canker; that didn't happen. But I learned to respect the process. Mr. President, you were instrumental in that because you were the Budget Chair when I came in. As a freshman member of either body, you come in, you don't know anything, and you have to try to depend on others to help you get through it and find your way. I will say that you showed me such grace and kindness. Many people in the process will jerk new members around. You never did that; you were always very upfront and honest—"I can do this" or "I can't do that"—and you taught me about the budget process. Thank you for everything that you have done for me. I have been honored to serve under you as President. Thank you very much.

I worked on a lot of things since I have been here, mostly health care related or agriculture oriented, because those are my two passions and the nursing bill that you talked about. What I discovered pretty quickly is that there were many people who were turned away from being admitted to nursing schools. We realized pretty quickly that there was a lot of bureaucracy within the Department of Health and within the Board of Nursing. So, I want to recognize a lady that is in the gallery today, Martha DeCastro. She is the Vice President of Nursing for the Florida Hospital Association, and I didn't know her coming into the process. I met her and we started talking about what we have to do to fix these nursing schools. It was five years, maybe, the process of actually getting it done. The Board of Nursing, I will tell you, is better today. They are doing what they should be doing, and I couldn't be prouder of them. I wouldn't have been able to do it without Martha's expertise.

I want to thank a few people. I want to talk about my family back home. My parents, who you saw in the video, my dad is 80 years old. He just had his birthday in January. They taught me the value of hard work; how to treat people with respect; and they taught me about the love of Jesus, how to transmit that to people, and how to be kind. All of those pictures you saw where I was kneeling, I could have been begging. I don't really know what I was doing. But I think it was Senator Gibson who said it best. You have to meet people in this process or outside in the world. You have to meet people where they are, and you have to be able to build consensus. I have never looked at members as Republicans

or Democrats. I think we are Americans and we are Floridians. We are here to do a job for the people that we represent. When partisan politics interfere with that, it creates a division and many times, we just don't get things done. I watched my parents sit around the dining room table when I was growing up, trying to figure out how to get enough money to make their business run; how to get enough money to buy that other grove; how to get enough money to buy that other convenience store. I didn't quite understand it as a kid, but I learned to appreciate it as an adult. Senator Baxley has a tie to my family. His dad actually married my parents. When they had their 50th wedding anniversary, he was able to come down and help them renew their vows. It was pretty special. You never know who you are going to meet in this process.

My daughter is a fourth grade school teacher. She is an amazing teacher, and I am so proud of her. The two children are my grandchildren, Tyson and Julian, who I pray for every day. I don't just pray for them because they are my grandchildren. I pray for them and their future. I pray for their future spouses because I know that God has a plan for all of our lives. We don't always know what that is, and he takes us—I said I would never run for the legislature; I said I would never run for office—we don't always know where he is sending us. We just have to be open to what he has in store for us.

I want to also talk about my district staff. Andrea Jahna is back home. She just left the legislative office to run my campaign, but she is the same age as my daughter, grew up with my daughter, and stayed at my house a lot when they were growing up. I am so proud of her. She has amazing organizational skills. Anne Bell is with me, over on the wall this morning from Fort Meade. Anne has been with us four years now, I believe. Anne, when someone asks me who they need to call in my office, I say, "Well, call and ask for the bulldog." She is the bulldog. If you have an issue with a state agency—you know, I talked about children earlier this week—especially if it has to do with the Department of Children and Families, she is your girl because she will get it done. She will stop at nothing. Jae Williams is back in the district in Punta Gorda. Jae was with us probably a year before I ever met her. She does an amazing job representing us in Charlotte County. Larry Ford was with Senator Alexander before me, and Judge Lorente before that. He was with us for many, many years and just retired last year. He was an instrumental part of our team. Hilary Holley was also a legislative aide here in the building for a while. Kim Hamilton, who represented us in Collier, Hendry, and Glades Counties, is now a legislative assistant over in the House. Maura Palmer is back home in Representative Pigman's office now. Maura was my store supervisor, oversaw our 10 convenience stores, and when we sold our business, she said, "Well I may as well go with you," and she stayed. Very proud of her as well. Marty Mielke, who has been with me for 14 years, was with Representative Spratt before that and Representative Bert Harris. I joked with her when I left the House of Representatives that I had been in her training programs for eight years. Now I have been there for 14 years, and she is still bailing me out. I still don't know what dates we have to file our bills; I don't know any of that stuff. She does it, and somebody will ask me, and I will say, "I don't know. You have to ask Marty." Marty, you have been a real good friend, and I don't know where we are going from here, but we are going somewhere.

I also want to thank Allen Brown, who I had the opportunity to work with quite a bit on health care issues. I want to recognize my other legislative staff. Allen has been instrumental helping get bills like HB 1209 passed, and multiple other things. Allen, thank you. Katherine Becker is the staff director for Agriculture Committee this year. I have enjoyed working with her very much. Diana Caldwell—I have chaired the Energy Committee for a year—and she is an amazing lady. She inspired me not just on the legislative side, but you know I am a runner, and she is a runner. She is much better than I am so she inspired me to stay healthy. Katie and Gino Betta, I don't know where you guys are, but Gino was my staff director in Appropriations. Katie was with me in the House and now here in the Senate. They are an amazing couple, and they do an amazing job for the people of Florida.

Joe Spratt, who is not here today, was a State Representative before me. I took his seat, and we joke about him. He is here. We joke that he is the honorary staff member in our office. You know, I ran for a seat that I didn't think I could win. Senator Galvano, just like you going into somebody else's district, I would knock on the door and they would say, "Are you running against Joe Spratt? Well, what does Joe Spratt think about you?" So, I know how you felt going in there. And Senator Alexander back home. I took his seat in the Senate. We were first grade

classmates together. We were Appropriations Chairmen together, and we joked about if our first grade teacher was still alive, she would say, "I don't even know how this happened." I also want to say, Madam Secretary, your staff, and the Sergeant's staff as well.

I just want to close by saying what an incredible honor it has been to be both a Representative and a Senator. It is time for me to go home, and I am ready. I am ready to see those grandkids, but if I could leave you with one thing, that is Luke 6:31. If you use that, essentially, it says treat other people like you want to be treated. If you do that, you are successful, whether it is in this process or not. The other thing to remember is to always remember where you came from. Those people brought you to the dance, that is who you go to the grocery store with, and that is who you see when you go home. I am ready to come back to District 26. Thank you, Mr. President.

By direction of the President, the rules were waived and the Senate proceeded to—

SENATOR BENACQUISTO PRESIDING

THE PRESIDENT PRESIDING

SENATOR FLORES PRESIDING

SPECIAL RECOGNITION OF PRESIDENT NEGRON

SPECIAL GUESTS

Senator Flores introduced the President’s wife, Rebecca Negron, who was present in the chamber.

REMARKS

On motion by Senator Braynon, by two-thirds vote, the following remarks were ordered spread upon the Journal:

Senator Flores: Thank you, Mr. President. You still put me in charge up here so I can say whatever I want, but I won’t. You all know that the President is an incredibly private and very shy person. No one knows this better than his amazing and wonderful bride and wife. Thank you for being here, Rebecca. I’d like to introduce the First Lady of the Senate, Rebecca Negron. You couldn’t get away with no one saying anything, so a couple of people are going to say a few things. President Designate Galvano, who has been President Negron’s roommate for several years, wanted to share some thoughts today.

Senator Galvano: Thank you, Madam President. I first met President Negron at a truck stop off I-75; it wasn’t fortuitous, it was actually planned, and I know he remembers this. He had reached out and he wanted to give me some dollars that he had raised. In President Negron fashion, he was so matter-of-fact about it. He was like, “Be at this truck stop at exactly 2:13 p.m. on Tuesday.” I think we literally had cars that came up next to each other, and he handed me some checks and moved on. That began a friendship that has lasted for many, many years.

As I had gone into my second term in the House, one of his two roommates was leaving, so President Negron invited me to come in and be his roommate. I knew he was conservative at the time, but when I saw the place where they lived, I realized just how conservative he was and is—well, was, because he has changed a little bit. Mr. President, do you remember this place? I thought you were crazy. I literally did. I mean, not to belabor the point, but I literally went into this place and it is supposedly furnished. I opened the top drawer of my dresser to put change in and it starts bouncing all the way down because there is a hole in the drawer. I opened the second drawer and there are clothes in it. I went out into the main area of the place and I called President Negron and Mark Mahon. I am like, “Guys, what is this place? There are literally clothes in the dresser of the place you have chosen.” I mean not to mention the smells, the other aesthetics of the place, and now Judge Mahon goes, “If you think that is bad, go look in that closet down the hall.” So we go down the hall, look in the closet, and there is a whole wardrobe, shoes and everything. I was like, “Whose are they?” I remember Mahon said, “Look at the size of those shoes. Whoever they belong to, when he comes back, he is going to find it just as he left it.” That was when I decided from then on, I would be the one who chose the place where we lived. There were some issues that I won’t get into on a couple of other places, including a time we were very close to eviction, some other law enforcement issues in the front yard, and things of that nature. I will share those later with you privately. I can honestly tell you—and this is an important aspect—when we got into the second year, or third, he became the Appropriations Chair. Geography is everything in this business. I became very popular, very fast, because I was rooming with the Appropriations Chair. Those were the good old days, and that is when I could slip an appropriation under his door before going to bed at night and, somehow, it would end up in the budget. That doesn’t happen anymore. In fact, the opposite happens.

I found President Negron to be one of the hardest working public servants that I have ever interacted with. In the House and in the Senate, I have watched his work ethic and his dedication. When you room with somebody, you get to know how they are in the morning, what they are studying, and where they are going. He works so hard for

all of you. He works so hard for his constituents back home. As President of the Senate, he works very hard for the people of Florida. I also know he takes it seriously to be fair. If I had to use a word to describe him in any situation, it's, "How can I be the most fair? What is the most balanced? What have we learned in the past about addressing this issue and how do we do it in the absolute right way?" He is never quick to cut off an opposing argument; oftentimes, he will not even make up his mind until he has heard from all sides. He will say, "Wait, let me get a pad. Let me get a pen. I want to hear this again." He will take notes, he will go back, and he will look at it. To me, that is the mark of a true public servant. Someone who wants to make sure the decisions that he or she is making are fair, balanced, well researched, and have the best possible outcome for those they affect. I have learned from that, I truly have, in the time that we have spent together.

The other thing I know is that he listens and he keeps track of what is important to other people. He will do it in, sometimes, quirky ways on little pieces of paper and things of that nature, but if you tell him something, if you raise something with him, it doesn't go in one ear and out the other. If it is important to you and the people you represent, he remembers it and tries his best to make it come to fruition. That was true in the Florida House, and that was true here. Those types of qualities are what build trust. That is why presiding officers have trusted him to be an Appropriations Chair in the House, and Appropriations Chair in the Florida Senate, to be in leadership roles really every session and year that he has served in the process. You have to have trust not only from the presiding officer, but from the people that you will be working with so that there is a comfort level that this is a person who will do the right thing.

The most important, or maybe equally important thing that I have learned from him is that you have to have vision. This man will lay out his vision, and we have heard it. We have heard it from here; we have heard it privately; whether it is the big issues or the small issues, he will tell you what he wants to achieve and find a road map to get there. He always knows that working with us, some of us, all of us, whoever, we are moving in a direction to accomplish something. While it is his vision, he is always open to new ideas to make it better and to make it run more smoothly. Because of that, he has been extremely successful during his presidency. He will leave the presidency having changed so much in the state from education, to the environment, to criminal justice, and so many other areas. I will continue to learn from you, admire you, and I am really proud to be your friend and your roommate.

Senator Braynon: Thank you, Senate President. You know, we have had a very good relationship as President and—you always call me Democratic Leader—but let's be honest, I'm the Minority Leader. But you know, the fact that you call me Democratic Leader has always made me realize that I'm not the minority. I'm just a leader of a group of people. You respect that, and you've always shown me that respect. You've never been someone that's said, "Well, you know, you have 15 or 16 and I have this many, so therefore, take it." You've always treated me as a leader and that's why you always refer to me as leader even though I am very informal. I'll say "Joe" and things like that; you keep referring to me as Leader.

I have learned a lot from you. I always prided myself on being a good personal communicator. If I stood in front of someone, I believed I could explain to them what I meant, and they would get it as if I'm talking to them all the time. You have taught me that I'm not as good as I thought. The perfect example is I have a tendency to say, "You know what I'm saying? You know what I mean?" You were probably one of the only people that would say, "No, I don't know what you mean. I don't know what you're saying." And I was like, "Is he kidding? Does he not know?" So I do a new thing that I learned from him, which is, he keeps lists; he writes everything down. So before I would meet with him, I would write down what I mean, what I'm saying, therefore, I could go through it list by list and point by point. I'd look him in the face and then I would say, "Do you know what I mean?" He would say "yes" or "no" and then I would say, "All right, we will go back to that point and we'll go over it again." It was very formal, but it taught me to be an even better communicator. For a while there, I was thinking he knew exactly what I meant and it wouldn't happen. Then I would say, "Hey man, I said such and such," and he's like, "That's not exactly what you said," because he takes everything so literally. I got a lot better at that and I appreciate that.

This is a story that Chris Smith told me. He said, "The difference between the Minority Leader in the House and the Minority Leader in the Senate is, in the House, you are fighting against leadership; in the Senate, you are part of leadership." You've always kept me informed. I felt like a part of your leadership team, and I know that's not always the case when I've been here. I felt like somebody that was able to help you with your priorities as you've helped me with my priorities. I felt like we've been able to run the chamber, and I've helped you as much as you've helped me. I've really appreciated your leadership, when necessary, and I appreciate your trust in me to be able to deliver and help you on things. I couldn't have asked for another member, a better member, to be the Yin to my Yang when I was Minority Leader. Let me tell you, I really like Andy; I mean, I even made angry faces for him. But I really, really appreciate what you've done, and I really wish you all the best, even though I don't know if you're leaving or not. But I hope that's a picture of just you and there is no picture of me behind you.

Senator Benacquisto: This may go down as one of the hardest things I do. The first time I met Joe Negron was not at a truck stop, but it was a diner. He has this recurring theme—he likes cheap restaurants in his life. It comes from his humble upbringing. I sit down at the table. I do not know him at all. I do not know anything about him. I was just instructed to meet with him because I was going to be a candidate for the Florida Senate. He walks in, he's very nice, and I sit down. I'm nervous, as you could imagine, because I don't really know anything about this. He starts arranging the knife and fork, and rearranging the knife and fork, and arranging the napkin, and rearranging the plate. I thought, "Holy mackerel, who is this guy? How is he going to help me? He can't even keep the plate straight on the table." It was so instructive as to who he is. We had a great meeting, he helped me, and I came to the Florida Senate.

Here's what makes it so hard today, because I said—when I was speaking of Senator Garcia—that I didn't know anything about this process. But you made me feel like I belonged. Other people said, "You're going to flame out. You don't know what you're doing. You'll trip and fall within your first week. You'll be an embarrassment." People actually said those things. But there's my trusty friend, Joe, to say, "Keep your chin up. You belong here. The people of your community had faith in you. We all have faith in you."

So, as a result of that friendship, you always stuck up for me when it was time for the next presiding officer to say, "Who should we place where?" That meant a lot because having to prove yourself from zero right at the beginning, for people to have the faith in all of us, to give us the opportunities that you've given us, that they gave us, allowed us to prove that we really did belong. We did have value. That, to me, meant the world.

It has been a crazy couple of years. We've taken bus rides to tour universities, and those are some of the most treasured memories that we'll have as a group. We've had so many, "I can't believe that just happened!" moments that are not fit for sharing here in the chamber today. I have three brothers that I love and cherish, but you have become number four. That is so important and wonderful.

I did get a hall pass from Mrs. Negron to say the following. I wouldn't do it otherwise, but she did give me permission. When it comes right down to it, you put everyone else in front of you. In the moments that it mattered most, where we had been here for 60 days fighting for the things that were important to us, you put us, all of us, before you. That rarely happens, but we are eternally grateful for that.

This year, we spent our time pushing you forward, making sure you got what you needed. I know everyone in this chamber is so glad to have done that. When that action happens and you're totally happy, it is something we're all very grateful to have been a part of making happen for you. This is not goodbye, because you're not going anywhere. I don't care what the paper said. Whatever you decide to do, you have a family here in addition to the wonderful family you have at home waiting for you. You have a family of people here who just think you're really cool, sometimes funny, really important in your focus for what's important and right. Thank you for always giving to each of us everything you have to make us successful. We very much appreciate you.

Senator Flores: I just wanted to say a couple of things. Senator Grimsley, today when she spoke, she talked about how we all start this process coming in here saying, "We're going to change the world. These

are the things we're going to do. We're going to eliminate the bureaucracy—we're going to do this; we're going to do that." Early on, we realize that we can't. You've heard me say before that while we can't change the whole world, every now and then, we can change the world for a person. Cumulatively, over the years, you look back and you say, "Wow, maybe I did kind of change the world."

I just want to focus on a couple of quick things that President Negron has focused on, not because a lobbyist asked, not because a special interest asked. Most of the time, in spite of the lobbyist and in spite of the special interest, things in Florida will be drastically different and will be a better place because of President Negron. You hear him talk about the men and women who shaped our community—origination credit to Senator Benacquisto for that phrase—but these are our frail and elderly Floridians, the people who made us who we are that are in nursing homes. A couple of years ago, he was preparing for what he would focus on. He said, "You know, I think that we'd really like to provide more money for nursing homes to be able to really focus on quality of care." So he started this session saying he wanted to put in an extra \$50 million for nursing homes. After that, he asked me to be in Health and Human Services Appropriations. I said, "Okay, well, I don't know where we're going to find the money for that, but we'll figure out a way." Many times over the last week, we did not think that could happen. Many times over the last couple of days, the President turned to a couple of folks and said, "Don't worry about getting it to 50. Let's make it less. Let's take care of some other things." We said, "No. This is what you said you were going to do, and this is what we're going to do." For those men and women who shape our community, you made their lives better.

Then, he had this idea to make our universities destination universities, a place where people from across the country would want to come for our universities. He said, "Let's get on a bus and let's go visit all 12 state universities." We said, "Okay." When we went to the state universities—again, we didn't meet with the donors, the board of trustees, the lobbyists—we met with the students, and in many of the universities, they would bring us the best students. He said, "No, I want to just go through the student union. I want to go sit around and just talk to people and listen to what they say, listen to their ideas." The ideas that we've passed in Senate Bill 4, the ideas that we've passed on the floor, came from those very students, and our universities will be infinitely better because of that.

Then lastly, his focus on the environment. When President Negron said that he wanted to end the discharges that were coming from Lake Okeechobee—that he didn't want to see the guacamole water anymore—we all said, "Okay, let's see how that goes." He put together the very ambitious plan, a plan that nobody ever thought was going to happen. Many times, the plan was dared that it wouldn't even get a hearing in a committee, much less pass and become law and get signed by the Governor. It did; it happened, and it is 100 percent because of your tenacity.

With that, I'm going to present to you a man who will choose Chick-fil-A over a 5-star restaurant every single time. He'll choose Pepperidge Farm cakes over any fancy sweets every time. He is someone who is a true public servant and beyond loyal, and every single time, will look to somebody else's interests before his own. Our President, Joe Negron.

President Negron, we had to make room for a new portrait, so we had to retire a past Senate President, President Calkins. President Negron, I know you want to make some comments about President Calkins.

RETIRING OF PORTRAIT

President Negron: Thank you very much. Yes, I did want to talk about him because it's amazing how many similarities there are between his work and our work. He was President of the Senate in 1919, and served in the Senate from 1910-1921. He was a lawyer from Fernandina and Mayor of Fernandina. At the time he came to the Senate, and was Senate President, World War I had just been completed. Since we're a little informal here, does anyone want to guess what the population of Florida was in 1920? Over 962,000, so we had less than a million residents in Florida at that time. So they had their own version of a "Visit Florida" fight. The Governor always won the "Visit Florida" fights back then, and even today. We've always been with the Governor on that issue, for the record. An enormous issue that legislative session was that the President came forward with an idea. He said, "We need to

start advertising Florida to the north and to the west." That's what they did. They started doing all the forms of advertising back then to have visitors and residents to move to Florida, and went from 962,000 to almost 21 million today. That was one of his accomplishments. Secondly, I'm not making this up; literally, there were many tens of thousands of returning soldiers and sailors that were coming back from World War I. He had an enormous emphasis on our universities and said that we want the soldiers and sailors that are coming back to Florida, that are residents, to be able to get a higher education. After his time of service in the Senate, he left Fernandina, and he moved to Miami. He practiced law in Miami until his death. That's a little bit about President James Calkins, President of the Senate in 1919.

UNVEILING OF PORTRAIT

Senator Flores invited President Negron and his wife, Rebecca, to the front of the chamber where the President's portrait was unveiled by Sergeant at Arms Tim Hay. The portrait was created by artist Steve Childs of Leon Loard Commission Portraits.

THE PRESIDENT PRESIDING

ADDRESS BY THE PRESIDENT

President Negron: Well, thank you all very much. We have a lot of work to get done so I'm going to be brief. I'm not the most sentimental person in the world, but I did have a couple of things I wanted to mention. First, thanks to all of you. Obviously, serving as a presiding officer here in the Senate has been the honor of a lifetime, and I want to thank all of you for the opportunity for that to happen. You know, we're all affected by and formed by, I think primarily, how we grew up. By the time you're about 40 years old, you're just sort of a larger, more anxious version of what you were as a teenager in high school. So my growing up—I'm the oldest of seven boys—I never had aspired to be the center of attention and why should I be? I'm surrounded by strong, capable leaders that are here. All of you, I've met with to talk about things you wanted to try to accomplish. Self-promotion and attention-seeking were behaviors that were strongly discouraged in our household growing up. That helps explain why I want to get things done and I want to work hard, but I've never been the kind of person that thinks that people ought to make a big ado when I come walking into the room.

I want to thank a few people, a few of my colleagues who have been there every step of the way. Senator Flores—you will never find a fiercer jersey-wearer than Senator Flores. Senator Flores, thank you. Senator Benacquisto, the Rules Chair, has been unfailingly loyal from day one and has provided me with very wise counsel through all these years. Senator Galvano, who has said we roomed together for many years—he has what I call the "Galvano Swagger." I don't have that. I make up for that by writing things down in the budget notebook and then it actually gets done, and he does the same. But we all have our different talents. There are some similarities—my leadership race took three and a half years; his took three and a half weeks. I used to joke that I would just want to walk behind him and the pledge cards that fell out of his pocket, I could kind of pick up.

Speaker, thank you for your courtesy in coming over—it's very gracious of you. Congratulations on all the accomplishments that you had in K-12 education and empowering parents through the educators, letting them make decisions that they feel are best for their children. I have been happy to be part of making that happen, and I know you have been an incredible partner in sharing the vision I have for higher education. Thank you for your courtesy in coming by today.

Senator Bradley didn't know what he was getting into, but he took on Senate Bill 10 last session, and I appreciate you getting that bill across the finish line and signed into law by Governor Scott. Leader Braynon mentioned this, but he's done an admirable job serving his caucus, but has also worked with me as a partner to accomplish many things. I appreciate that, Leader Braynon. The last Senator I'll mention is the Majority Leader of the Senate, Senator Simpson. Senator Simpson has never lost a floor vote that I've needed in two years. Now, we have a few hours left, so let's see if we can keep that streak alive. He's all performance and all making it happen, so thank you for everything that you've done.

I'll be very abbreviated in this, but I just want to mention, as Senator Flores already did, thank you for the work that we've been able to do with Lake Okeechobee. I think it's going to make enormous differences in our communities—not just east of the lake—but also west of the lake, and to southwest Florida. I'm so proud that the project has been improved, it's being implemented, and our federal partners are on board. Someday we'll look back and say, "We've made a big difference there." That means a lot, so thank you.

As I've said, my focus on universities isn't about bragging rights. It's about the transformational power of education and opportunity. That's why I care about universities.

Senator Flores touched on it, but I'll try to get through this, because this is a little emotional. If I can't get through it, just remember what she said about nursing homes. Many of you have probably been to nursing homes. I've been to a lot of nursing homes. I enjoy going to nursing homes. When you go to a nursing home—and they know you're coming—the women that greet you, this is the highlight of their day. They wear their best dress. They're frequently in a wheelchair. Senator Benacquisto does get origination credit for the line, "These are the women who shaped our communities." They'll talk to you about what they've done. Many of them worked in factories during World War II making munitions and making sure we won the war. There's a certain elegance and dignity that they have, and so I've always felt an obligation to be on their side. I've done my best to keep my word, to honor my commitments, to fight relentlessly for all your budget priorities, and with that, I'm content. Thank you all.

—was taken up out of order and read the second time by title.

Senators Book and Benacquisto offered the following amendment which was moved by Senator Book and adopted:

Section 14. Subsections (3) and (4) of section 316.515, Florida Statutes, are amended, and subsection (16) is added to that section, to read:

316.515 Maximum width, height, length.—

(3) **LENGTH LIMITATION.**—Except as otherwise provided in this section, length limitations apply solely to a semitrailer or trailer, and not to a truck tractor or to the overall length of a combination of vehicles. No combination of commercial motor vehicles coupled together and operating on the public roads may consist of more than one truck tractor and two trailing units. Unless otherwise specifically provided for in this section, a combination of vehicles not qualifying as commercial motor vehicles may consist of no more than two units coupled together; such nonqualifying combination of vehicles may not exceed a total length of 65 feet, inclusive of the load carried thereon, but exclusive of safety and energy conservation devices approved by the department for use on vehicles using public roads. Notwithstanding any other provision of this section, a truck tractor-semi-trailer combination engaged in the transportation of automobiles or boats may transport motor vehicles or boats on part of the power unit; and, except as may otherwise be mandated under federal law, an automobile or boat transporter semi-trailer may not exceed 50 feet in length, exclusive of the load; however, the load may extend up to an additional 6 feet beyond the rear of the trailer. The 50-foot length limitation does not apply to non-stinger-steered automobile or boat transporters that are 65 feet or less in overall length, exclusive of the load carried thereon, ~~or to stinger-steered automobile or boat transporters that are 75 feet or less in overall length, exclusive of the load carried thereon.~~ For purposes of this subsection, a “stinger-steered automobile or boat transporter” is an automobile or boat transporter configured as a semitrailer combination wherein the fifth wheel is located on a drop frame located behind and below the rearmost axle of the power unit. *Automobile transporters operating under this subsection may backhaul cargo or general freight when the weight limits of s. 316.535 are not exceeded.* Notwithstanding paragraphs (a) and (b), any straight truck or truck tractor-semi-trailer combination engaged in the transportation of horticultural trees may allow the load to extend up to an additional 10 feet beyond the rear of the vehicle, provided said trees are resting against a retaining bar mounted above the truck bed so that the root balls of the trees rest on the floor and to the front of the truck bed and the tops of the trees extend up over and to the rear of the truck bed, and provided the overhanging portion of the load is covered with protective fabric.

(a) *Straight trucks.*—A straight truck may not exceed a length of 40 feet in extreme overall dimension, exclusive of safety and energy conservation devices approved by the department for use on vehicles using public roads. A straight truck may attach a forklift to the rear of the cargo bed, provided the overall combined length of the vehicle and the forklift does not exceed 50 feet. A straight truck may tow no more than one trailer, and the overall length of the truck-trailer combination may not exceed 68 feet, including the load thereon. Notwithstanding any other provisions of this section, a truck-trailer combination engaged in the transportation of boats, or boat trailers whose design dictates a front-to-rear stacking method may not exceed the length limitations of this paragraph exclusive of the load; however, the load may extend up to an additional 6 feet beyond the rear of the trailer.

(b) *Semitrailers.*—

1. A semitrailer operating in a truck tractor-semi-trailer combination may not exceed 48 feet in extreme overall outside dimension, measured from the front of the unit to the rear of the unit and the load carried thereon, exclusive of safety and energy conservation devices approved by the department for use on vehicles using public roads, unless it complies with subparagraph 2. A semitrailer which exceeds 48 feet in length and is used to transport divisible loads may operate in this state only if issued a permit under s. 316.550 and if such trailer meets the requirements of this chapter relating to vehicle equipment and safety. Except for highways on the tandem trailer truck highway network, public roads deemed unsafe for longer semitrailer vehicles or those roads on which such longer vehicles are determined not to be in the interest of public convenience shall, in conformance with s. 316.006, be restricted by the Department of Transportation or by the local authority to use by semitrailers not exceeding a length of 48 feet, inclusive of the load carried thereon but exclusive of safety and energy conservation devices approved by the department for use on vehicles using public roads. Truck tractor-semi-trailer combinations shall be afforded reasonable access to terminals; facilities for food, fuel, repairs, and rest; and points of loading and unloading.

2. A semitrailer which is more than 48 feet but not more than 57 feet in extreme overall outside dimension, as measured pursuant to subparagraph 1., may operate on public roads, except roads on the State Highway System which are restricted by the Department of Transportation or other roads restricted by local authorities, if:

a. The distance between the kingpin or other peg that locks into the fifth wheel of a truck tractor and the center of the rear axle or rear group of axles does not exceed 41 feet, or, in the case of a semitrailer used exclusively or primarily to transport vehicles in connection with motorsports competition events, the distance does not exceed 46 feet from the kingpin to the center of the rear axles; and

b. It is equipped with a substantial rear-end underride protection device meeting the requirements of 49 C.F.R. s. 393.86, “Rear End Protection.”

(c) *Tandem trailer trucks.*—

1. Except for semitrailers and trailers of up to 28 1/2 feet in length which existed on December 1, 1982, and which were actually and lawfully operating on that date, no semitrailer or trailer operating in a truck tractor-semi-trailer-trailer combination may exceed a length of 28 feet in extreme overall outside dimension, measured from the front of the unit to the rear of the unit and the load carried thereon, exclusive of safety and energy conservation devices approved by the Department of Transportation for use on vehicles using public roads.

2. Tandem trailer trucks conforming to the weight and size limitations of this chapter and in immediate transit to or from a terminal facility as defined in this chapter may operate on the public roads of this state except for residential neighborhood streets restricted by the Department of Transportation or local jurisdictions. In addition, the Department of Transportation or local jurisdictions may restrict these vehicles from using streets and roads under their maintenance responsibility on the basis of safety and engineering analyses, provided that the restrictions are consistent with the provisions of this chapter. The Department of Transportation shall develop safety and engineering standards to be used by all jurisdictions when identifying public roads and streets to be restricted from tandem trailer truck operations.

3. Except as otherwise provided in this section, within 5 miles of the Federal National Network for large trucks, tandem trailer trucks shall be afforded access to terminals; facilities for food, fuel, repairs, and rest; and points of loading and unloading.

4. Notwithstanding the provisions of any general or special law to the contrary, all local system tandem trailer truck route review procedures must be consistent with those adopted by the Department of Transportation.

5. Tandem trailer trucks employed as household goods carriers and conforming to the weight and size limitations of this chapter shall be afforded access to points of loading and unloading on the public streets and roads of this state, except for streets and roads that have been restricted from use by such vehicles on the basis of safety and engineering analyses by the jurisdiction responsible for maintenance of the streets and roads.

(d) *Maxi-cube vehicles.*—Maxi-cube vehicles shall be allowed to operate on routes open to tandem trailer trucks under the same conditions applicable to tandem trailer trucks as specified by this section.

(4) **LOAD EXTENSION LIMITATION.**—The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, may not extend more than 3 feet beyond the front wheels of the vehicle or the front bumper of the vehicle if it is equipped with a bumper. *However, the load upon any stinger-steered automobile transporter may not extend more than 4 feet beyond the front bumper of the vehicle.*

(a) The limitations of this subsection do not apply to bicycle racks carrying bicycles on public sector transit vehicles.

(b) The provisions of this subsection shall not apply to a front-end loading collection vehicle, when:

1. The front-end loading mechanism and container or containers are in the lowered position;

2. The vehicle is engaged in collecting solid waste or recyclable or recovered materials;
3. The vehicle is being operated at speeds less than 20 miles per hour with the vehicular hazard-warning lights activated; and
4. The extension does not exceed 8 feet 6 inches.

(16) **TOWAWAY TRAILER TRANSPORTER COMBINATIONS.**—*An unladen power unit may tow two trailers or semitrailers when the combination is not used to carry property, the overall combination length does not exceed 82 feet, and the total gross weight of the combination does not exceed 26,000 pounds. The trailers or semitrailers must constitute inventory property of a manufacturer, distributor, or dealer of such trailers or semitrailers.*

Section 15. Subsection (3) is added to section 316.85, Florida Statutes, to read:

316.85 Autonomous vehicles; operation.—

(3) *The Florida Turnpike Enterprise and any authority formed under chapters 343, 348, and 349 may fund, construct, and operate facilities for the advancement of autonomous and connected innovative transportation technology solutions for the purposes of improving safety and decreasing congestion for the traveling public and to otherwise advance the enterprise's or authority's objectives as set forth under the Florida Transportation Code or the authority's enabling statutes, respectively.*

Section 16. Section 316.87, Florida Statutes, is amended to read:

316.87 Nonemergency medical transportation services.—

(1) To ensure the availability of nonemergency medical transportation services throughout the state, a provider licensed by the county or operating under a permit issued by the county may not be required to use a vehicle that is larger than needed to transport the number of persons being transported or that is inconsistent with the medical condition of the individuals receiving the nonemergency medical transportation services. This section does not apply to the procurement, contracting, or provision of paratransit transportation services, directly or indirectly, by a county or an authority, pursuant to the Americans with Disabilities Act of 1990, as amended.

(2)(a) *Subject to state and federal Medicaid requirements, Medicaid nonemergency transportation services may be provided to a Medicaid beneficiary by a transportation network company contracted with a Medicaid managed care plan, a transportation broker under contract with a Medicaid managed care plan, or a transportation broker under direct contract with the Agency for Health Care Administration. The Agency for Health Care Administration shall update the Non-Emergency Transportation Services Coverage Policy pursuant to this subsection by October 1, 2018. Requirements for transportation network companies and transportation network company drivers may not exceed those imposed under s. 627.748, except as necessary to conform to federal Medicaid transportation requirements administered by the Agency for Health Care Administration.*

(b) *This subsection may not be construed to expand or limit the existing transportation benefit provided to Medicaid beneficiaries or to require a Medicaid managed care plan to contract with a transportation network company or a transportation broker.*

not be assessed. However, a person may not make an election under this subsection if the person has made an election under this subsection in the preceding 12 months. A person may not make more than five elections within his or her lifetime under this subsection, *except that a person who is 30 years of age or older who has previously made five elections may make an election under this subsection if the person has not made an election in the preceding 36 months.* The requirement for community service under s. 318.18(8) is not waived by a plea of nolo contendere or by the withholding of adjudication of guilt by a court. If a person makes an election to attend a basic driver improvement course under this subsection, 18 percent of the civil penalty imposed under s. 318.18(3) shall be deposited in the State Courts Revenue Trust Fund; however, that portion is not revenue for purposes of s. 28.36 and may not be used in establishing the budget of the clerk of the court under that section or s. 28.35.

BILLS ON THIRD READING

Consideration of HB 7037 and CS for CS for HB 937 was deferred.

RULING ON POINT OF ORDER

The President recognized Senator Benacquisto, Chair of the Committee on Rules, on SB 100, in returning messages, which was previously considered this day with pending Senate Amendment 1 (644860) and pending point of order.

Senator Benacquisto: Senator Rader raised a point of order that the amendment by Senator Brandes, barcode 644860, to SB 100 was not germane to the Senate bill. The subject of the Senate bill is identification of driver licenses for veterans. The amendment includes the transportation package previously passed by the Senate. The amendment changes the relating to clause to an act relating to transportation, clearly expanding the bill beyond its original purpose, contrary to Rule 7.1(6). The amendment is also drawn to the original Senate bill rather than the House amendment, as required by Senate Rule 7.8. Therefore, Mr. President, I recommend that the point by Senator Rader be well taken and Senator Brandes' amendment be found out of order.

President Negron: Based on the recommendation of Rules Chair Benacquisto, I find that the point is well taken and the amendment is out of order.

RECONSIDERATION OF AMENDMENT

On motion by Senator Book, the Senate reconsidered the vote by which **Amendment 1 (813382)** was adopted March 8.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Steube moved the following amendment to **Amendment 1 (813382)** which was adopted by two-thirds vote:

Amendment 1A (805216) (with title amendment)—Delete lines 5-118 and insert:

Section 3. Effective January 1, 2019, section 787.061, Florida Statutes, is created to read:

787.061 Civil actions by victims of human trafficking.—

(1) *FINDINGS.—The Legislature finds that, to achieve the intent of the Legislature relating to human trafficking expressed in s. 787.06(1)(d), it is necessary to provide a civil cause of action for the recovery of compensatory and punitive damages, attorney fees, and costs.*

(2) *DEFINITIONS.—As used in this section, the term:*

(a) *“Facilitator” means a person who knowingly, or in willful blindness, assists or provides resources or goods or services to a trafficker which assist or enable the trafficker to carry out human trafficking. The term does not include a person who facilitates human trafficking as a result of force, threat, or coercion.*

(b) *“Human trafficking” has the same meaning as provided in s. 787.06.*

(c) *“Trafficker” means any person who knowingly engages in human trafficking, attempts to engage in human trafficking, or benefits financially by receiving anything of value from participation in a venture that has subjected a person to human trafficking.*

(d) *“Venture” means any group of two or more individuals associated in fact, whether or not a legal entity.*

(e) *“Victim of human trafficking” means a person subjected to coercion, as defined in s. 787.06, for the purpose of being used in human trafficking; a child under 18 years of age subjected to human trafficking; or an individual subjected to human trafficking as defined by federal law.*

(f) *“Willful blindness” exists when a person has knowledge of information that would raise suspicions in a reasonable person and he or she deliberately refrains from obtaining confirmation of or acting on the information because he or she wants to remain in ignorance, such that knowledge of the facts avoided can reasonably and fairly be imputed to the person who avoided confirming it.*

(3) *CIVIL CAUSE OF ACTION.—*

(a) *A victim of human trafficking has a civil cause of action against the trafficker or facilitator who victimized her or him and may recover damages as provided in this section.*

(b) *The action may be brought in any court of competent jurisdiction, and the standard of proof is the greater weight of the evidence, but the standard of proof for punitive damages under this section is clear and convincing evidence.*

(c) *A victim who prevails in any such action is entitled to recover economic and noneconomic damages, punitive damages, reasonable attorney fees, reasonable investigative expenses, and costs.*

1. *Economic damages include, but are not limited to, past and future medical and mental health expenses; repatriation expenses, when a victim elects repatriation; and all other reasonable costs and expenses incurred by the victim in the past or estimated to be incurred by the victim in the future as a result of the human trafficking.*

2. Noneconomic damages include pain and suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of capacity for enjoyment of life, and other nonfinancial losses.

(d) The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to victims of human trafficking, except that a victim may not recover under this section and s. 772.104(2). If a parent or legal guardian knowingly or through willful blindness trafficked the victim, facilitated such trafficking, or otherwise participated in the human trafficking of the victim, such parent or legal guardian is not entitled to damages or distributions under this section.

(e) If a victim prevails in an action under this section, and if one or more law enforcement agencies rescued the victim or stopped the abuse or exploitation of a victim on the property where it occurred, the court shall assess a civil penalty against the defendant in the amount of \$50,000 and award the penalty to such law enforcement agencies to fund future efforts to combat human trafficking. This penalty is in addition to, and not in lieu of, any other damage award. The court shall equitably distribute this civil penalty among the law enforcement agencies. The entire \$50,000 civil penalty shall be distributed to the law enforcement agencies unless the proceeds become subject to equitable distribution under paragraph (f).

(f) If an action brought under this section is either settled before a jury verdict or the victim is unable to recover the full amount of the compensatory damages caused by the human trafficking, the court must determine the percentage of the victim's damages that were recovered, after deducting a victim's reasonable and necessary out-of-pocket expenses, but before attorney fees, and that same percentage of \$50,000 must be paid from the recovery to the law enforcement agencies to fund future efforts to combat human trafficking if one or more law enforcement agencies are entitled to a civil penalty under paragraph (e).

(g) The court shall have specific authority to consolidate civil actions for the same trafficker or facilitator for the purpose of case resolution and aggregate jurisdiction.

And the title is amended as follows:

Delete lines 233-239 and insert: to impose a civil penalty under certain circumstances; providing that such actions are subject to

DISSOLUTION OF CONFERENCE COMMITTEE ON HB 7067

House Concurrent Resolution 1457, having been adopted this day, did not include issues relating to **HB 7067**. The following statement was released by President Negron and Speaker Corcoran regarding the Conference Committee on Gaming and **HB 7067**:

Joint Statement Concerning the Conference Committee

Despite the good faith efforts of both the House and Senate, a gaming bill will not pass the Legislature this session. We appreciate the tireless efforts of Chair Hutson and Chair La Rosa, as well as the many members of the House and Senate, and the professional staff, who worked diligently during these final days and hours of session. Gaming remains one of the most difficult issues we face as a Legislature. We are pleased with the progress made over the last week and know that our colleagues will continue to work on this important issue.

BILLS ON THIRD READING, continued

The Senate resumed consideration of—

CS for HB 1301—A bill to be entitled An act relating to sexual offenders and predators; amending s. 775.21, F.S.; reducing the aggregate and consecutive number of days used to determine residency for purposes of sexual predator or sexual offender registration; providing for a mandatory minimum sentence of community control with electronic monitoring for certain offenses committed by sexual predators if the court does not impose a prison sentence; amending s. 943.0435, F.S.; providing for a mandatory minimum sentence of community control with electronic monitoring for certain offenses committed by sexual offenders if the court does not impose a prison sentence; providing an effective date.

—which was previously considered this day with pending **Amendment 1 (813382)** by Senator Book and pending point of order.

RULING ON POINT OF ORDER

The President recognized Senator Benacquisto, Chair of the Committee on Rules, on **CS for HB 1301** with pending **Amendment 1 (813382)** and pending point of order.

Senator Benacquisto: Senator Broxson raised a point of order that the amendment by Senator Book, barcode (813382) to CS for HB 1301 was not germane to the House bill. The subject of the House bill is sexual offenders and predators. The amendment relates to human trafficking and a civil cause of action. After reviewing the relevant papers and consulting with professional staff, mainly the staff director of the Criminal Justice Committee, I have determined that the amendment expands the original purpose of the bill and requires an amendment to the relating clause that would be needed to accommodate this expansion, and such title change is not provided in the amendment. Therefore, Mr. President, I recommend that the point be well taken by Senator Broxson and that the Book amendment be ruled out of order pursuant to Rule 7.1(6).

President Negron: Based on the recommendation of Rules Chair Benacquisto, I find that the point is well taken and the amendment is out of order.

Senator Book moved the following amendment which failed to receive the required two-thirds vote:

Amendment 3 (706938)—

In title, delete line 2 and insert: An act relating to public safety;

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Book moved the following amendment which was adopted by two-thirds vote:

Amendment 4 (232322) (with title amendment)—Delete line 206 and insert:

Section 3. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2018.

And the title is amended as follows:

Delete line 14 and insert: prison sentence; providing effective dates.

On motion by Senator Book, **CS for HB 1301**, as amended, was passed and certified to the House. The vote on passage was:

Section 1. Section 456.0301, Florida Statutes, is created to read:

456.0301 Requirement for instruction on controlled substance prescribing.

(1)(a) *The appropriate board shall require each person registered with the United States Drug Enforcement Administration and authorized to prescribe controlled substances pursuant to 21 U.S.C. s. 822 to complete a board-approved 2-hour continuing education course on prescribing controlled substances offered by a statewide professional association of physicians in this state that is accredited to provide educational activities designated for the American Medical Association Physician's Recognition Award Category 1 Credit or the American Osteopathic Category 1-A continuing medical education credit as part of biennial license renewal. The course must include information on the current standards for prescribing controlled substances, particularly opiates; alternatives to these standards; nonpharmacological therapies; prescribing emergency opioid antagonists; and the risks of opioid addiction following all stages of treatment in the management of acute pain. The course may be offered in a distance learning format and must be included within the number of continuing education hours required by law. The department may not renew the license of any prescriber registered with the United States Drug Enforcement Administration to prescribe controlled substances who has failed to complete the course. The course must be completed by January 31, 2019, and at each subsequent renewal. This paragraph does not apply to a licensee who is required by his or her applicable practice act to complete a minimum of 2 hours of continuing education on the safe and effective prescribing of controlled substances.*

(b) *Each practitioner required to complete the course required in paragraph (a) shall submit confirmation of having completed such course when applying for biennial license renewal.*

(c) *Each licensing board that requires a licensee to complete an educational course pursuant to this subsection must include the hours required for completion of the course in the total hours of continuing education required by law for such profession unless the continuing education requirements for such profession consist of fewer than 30 hours biennially.*

(2) *Each board may adopt rules to administer this section.*

Section 2. Paragraph (gg) of subsection (1) of section 456.072, Florida Statutes, is amended to read:

456.072 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(gg) Engaging in a pattern of practice when prescribing medicinal drugs or controlled substances which demonstrates a lack of reasonable skill or safety to patients, a violation of ~~any provision of~~ this chapter or ss. 893.055 and 893.0551, a violation of the applicable practice act, or a violation of any rules adopted under this chapter or the applicable practice act of the prescribing practitioner. Notwithstanding s. 456.073(13), the department may initiate an investigation and establish

such a pattern from billing records, data, or any other information obtained by the department.

Section 3. Paragraphs (a) through (g) of subsection (1) of section 456.44, Florida Statutes, are redesignated as paragraphs (b) through (h), respectively, a new paragraph (a) is added to that subsection, subsection (3) of that section is amended, and subsections (4), (5), and (6) are added to that section, to read:

456.44 Controlled substance prescribing.—

(1) DEFINITIONS.—As used in this section, the term:

(a) *“Acute pain” means the normal, predicted, physiological, and time-limited response to an adverse chemical, thermal, or mechanical stimulus associated with surgery, trauma, or acute illness. The term does not include pain related to:*

1. *Cancer.*

2. *A terminal condition. For purposes of this subparagraph, the term “terminal condition” means a progressive disease or medical or surgical condition that causes significant functional impairment, is not considered by a treating physician to be reversible without the administration of life-sustaining procedures, and will result in death within 1 year after diagnosis if the condition runs its normal course.*

3. *Palliative care to provide relief of symptoms related to an incurable, progressive illness or injury.*

4. *A traumatic injury with an Injury Severity Score of 9 or greater.*

(3) STANDARDS OF PRACTICE FOR TREATMENT OF CHRONIC NONMALIGNANT PAIN.—The standards of practice in this section do not supersede the level of care, skill, and treatment recognized in general law related to health care licensure.

(a) A complete medical history and a physical examination must be conducted before beginning any treatment and must be documented in the medical record. The exact components of the physical examination shall be left to the judgment of the registrant who is expected to perform a physical examination proportionate to the diagnosis that justifies a treatment. The medical record must, at a minimum, document the nature and intensity of the pain, current and past treatments for pain, underlying or coexisting diseases or conditions, the effect of the pain on physical and psychological function, a review of previous medical records, previous diagnostic studies, and history of alcohol and substance abuse. The medical record shall also document the presence of one or more recognized medical indications for the use of a controlled substance. Each registrant must develop a written plan for assessing each patient’s risk of aberrant drug-related behavior, which may include patient drug testing. Registrants must assess each patient’s risk for aberrant drug-related behavior and monitor that risk on an ongoing basis in accordance with the plan.

(b) Each registrant must develop a written individualized treatment plan for each patient. The treatment plan shall state objectives that will be used to determine treatment success, such as pain relief and improved physical and psychosocial function, and shall indicate if any further diagnostic evaluations or other treatments are planned. After treatment begins, the registrant shall adjust drug therapy to the individual medical needs of each patient. Other treatment modalities, including a rehabilitation program, shall be considered depending on the etiology of the pain and the extent to which the pain is associated with physical and psychosocial impairment. The interdisciplinary nature of the treatment plan shall be documented.

(c) The registrant shall discuss the risks and benefits of the use of controlled substances, including the risks of abuse and addiction, as well as physical dependence and its consequences, with the patient, persons designated by the patient, or the patient’s surrogate or guardian if the patient is incompetent. The registrant shall use a written controlled substance agreement between the registrant and the patient outlining the patient’s responsibilities, including, but not limited to:

1. Number and frequency of controlled substance prescriptions and refills.

2. Patient compliance and reasons for which drug therapy may be discontinued, such as a violation of the agreement.

3. An agreement that controlled substances for the treatment of chronic nonmalignant pain shall be prescribed by a single treating registrant unless otherwise authorized by the treating registrant and documented in the medical record.

(d) The patient shall be seen by the registrant at regular intervals, not to exceed 3 months, to assess the efficacy of treatment, ensure that controlled substance therapy remains indicated, evaluate the patient’s progress toward treatment objectives, consider adverse drug effects, and review the etiology of the pain. Continuation or modification of therapy shall depend on the registrant’s evaluation of the patient’s progress. If treatment goals are not being achieved, despite medication adjustments, the registrant shall reevaluate the appropriateness of continued treatment. The registrant shall monitor patient compliance in medication usage, related treatment plans, controlled substance agreements, and indications of substance abuse or diversion at a minimum of 3-month intervals.

(e) The registrant shall refer the patient as necessary for additional evaluation and treatment in order to achieve treatment objectives. Special attention shall be given to those patients who are at risk for misusing their medications and those whose living arrangements pose a risk for medication misuse or diversion. The management of pain in patients with a history of substance abuse or with a comorbid psychiatric disorder requires extra care, monitoring, and documentation and requires consultation with or referral to an addiction medicine specialist or a psychiatrist.

(f) A registrant must maintain accurate, current, and complete records that are accessible and readily available for review and comply with the requirements of this section, the applicable practice act, and applicable board rules. The medical records must include, but are not limited to:

1. The complete medical history and a physical examination, including history of drug abuse or dependence.

2. Diagnostic, therapeutic, and laboratory results.

3. Evaluations and consultations.

4. Treatment objectives.

5. Discussion of risks and benefits.

6. Treatments.

7. Medications, including date, type, dosage, and quantity prescribed.

8. Instructions and agreements.

9. Periodic reviews.

10. Results of any drug testing.

11. A photocopy of the patient’s government-issued photo identification.

12. If a written prescription for a controlled substance is given to the patient, a duplicate of the prescription.

13. The registrant’s full name presented in a legible manner.

(g) A registrant shall immediately refer patients with signs or symptoms of substance abuse to a board-certified pain management physician, an addiction medicine specialist, or a mental health addiction facility as it pertains to drug abuse or addiction unless the registrant is a physician who is board-certified or board-eligible in pain management. Throughout the period of time before receiving the consultant’s report, a prescribing registrant shall clearly and completely document medical justification for continued treatment with controlled substances and those steps taken to ensure medically appropriate use of controlled substances by the patient. Upon receipt of the consultant’s written report, the prescribing registrant shall incorporate the consultant’s recommendations for continuing, modifying, or discontinuing controlled

substance therapy. The resulting changes in treatment shall be specifically documented in the patient's medical record. Evidence or behavioral indications of diversion shall be followed by discontinuation of controlled substance therapy, and the patient shall be discharged, and all results of testing and actions taken by the registrant shall be documented in the patient's medical record.

This subsection does not apply to a board-eligible or board-certified anesthesiologist, physiatrist, rheumatologist, or neurologist, or to a board-certified physician who has surgical privileges at a hospital or ambulatory surgery center and primarily provides surgical services. This subsection does not apply to a board-eligible or board-certified medical specialist who has also completed a fellowship in pain medicine approved by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association, or who is board eligible or board certified in pain medicine by the American Board of Pain Medicine, the American Board of Interventional Pain Physicians, the American Association of Physician Specialists, or a board approved by the American Board of Medical Specialties or the American Osteopathic Association and performs interventional pain procedures of the type routinely billed using surgical codes. This subsection does not apply to a registrant who prescribes medically necessary controlled substances for a patient during an inpatient stay in a hospital licensed under chapter 395.

(4) **STANDARDS OF PRACTICE FOR TREATMENT OF ACUTE PAIN.**—*The applicable boards shall adopt rules establishing guidelines for prescribing controlled substances for acute pain, including evaluation of the patient, creation and maintenance of a treatment plan, obtaining informed consent and agreement for treatment, periodic review of the treatment plan, consultation, medical record review, and compliance with controlled substance laws and regulations. Failure of a prescriber to follow such guidelines constitutes grounds for disciplinary action pursuant to s. 456.072(1)(gg), punishable as provided in s. 456.072(2).*

(5) **PRESCRIPTION SUPPLY.**—

(a) *For the treatment of acute pain, a prescription for an opioid drug listed as a Schedule II controlled substance in s. 893.03 or 21 U.S.C. s. 812 may not exceed a 3-day supply, except that up to a 7-day supply may be prescribed if:*

1. *The prescriber, in his or her professional judgment, believes that more than a 3-day supply of such an opioid is medically necessary to treat the patient's pain as an acute medical condition;*

2. *The prescriber indicates "ACUTE PAIN EXCEPTION" on the prescription; and*

3. *The prescriber adequately documents in the patient's medical records the acute medical condition and lack of alternative treatment options that justify deviation from the 3-day supply limit established in this subsection.*

(b) *For the treatment of pain other than acute pain, a prescriber must indicate "NONACUTE PAIN" on a prescription for an opioid drug listed as a Schedule II controlled substance in s. 893.03 or 21 U.S.C. s. 812.*

(6) **EMERGENCY OPIOID ANTAGONIST.**—*For the treatment of pain related to a traumatic injury with an Injury Severity Score of 9 or greater, a prescriber who prescribes a Schedule II controlled substance listed in s. 893.03 or 21 U.S.C. s. 812 must concurrently prescribe an emergency opioid antagonist, as defined in s. 381.887(1).*

Section 4. Effective January 1, 2019, present subsections (2) through (5) of section 458.3265, Florida Statutes, are renumbered as subsections (3) through (6), respectively, paragraphs (a) and (g) of subsection (1), paragraph (a) of present subsection (2), paragraph (a) of present subsection (3), and paragraph (a) of present subsection (4) of that section are amended, and a new subsection (2) is added to that section, to read:

Section 3. Section 901.41, Florida Statutes, is created to read:

901.41 **Prearrest diversion programs.**—

(1) **LEGISLATIVE INTENT.**—The Legislature encourages local communities and public or private educational institutions to implement prearrest diversion programs that afford certain adults who fulfill specified intervention and community service obligations the opportunity to avoid an arrest record. The Legislature does not mandate that a particular prearrest diversion program for adults be adopted, but finds that the adoption of the model program provided in this section would allow certain adults to avoid an arrest record while ensuring that they receive appropriate services and fulfill their community service obligations. If a prearrest diversion program is implemented, the program is encouraged to share information with other prearrest diversion programs.

(2) **MODEL PREARREST DIVERSION PROGRAM.**—Local communities and public or private educational institutions may adopt a prearrest diversion program in which:

(a) *Law enforcement officers, at their sole discretion, may issue a civil citation or similar prearrest diversion program notice to certain adults who commit a qualifying misdemeanor offense, as determined by the representatives that develop the program under subsection (3). A civil citation or similar prearrest diversion program notice may be issued if the adult who commits the offense:*

1. *Admits that he or she committed the offense or does not contest the offense; and*

2. *Has not previously been arrested and has not received an adult civil citation or similar prearrest diversion program notice, unless the terms of the local adult prearrest diversion program allow otherwise. The local adult prearrest diversion program shall establish a limit on the number of times an eligible adult may participate in the program.*

(b) *An adult who receives a civil citation or similar prearrest diversion program notice shall report for intake as required by the local*

prearrest diversion program and must be provided appropriate assessment, intervention, education, and behavioral health care services by the program. While in the local prearrest diversion program, the adult shall perform community service hours as specified by the program. The adult shall pay restitution due to the victim as a program requirement. If the adult does not successfully complete the prearrest diversion program, the law enforcement officer must determine if there is good cause to arrest the adult for the original misdemeanor offense and, if so, refer the case to the state attorney to determine whether prosecution is appropriate or, in the absence of a finding of good cause, allow the adult to continue in the program.

(3) PROGRAM DEVELOPMENT; IMPLEMENTATION; OPERATION.—

(a) Representatives of participating law enforcement agencies, a representative of the program services provider, the public defender, the state attorney, and the clerk of the circuit court shall create the prearrest diversion program and develop its policies and procedures, including, but not limited to, eligibility criteria, program implementation and operation, and the determination of the fee, if any, to be paid by adults participating in the program. In developing the program’s policies and procedures, which must include the designation of the misdemeanor offenses that qualify adults for participation in the program, the representatives must solicit input from other interested stakeholders. The program may be operated by an entity such as a law enforcement agency or a county or municipality, or other entity selected by the county or municipality.

(b) Upon intake of an adult participating in the prearrest diversion program, the program operator shall electronically provide the participant’s personal identifying information to the clerk of the circuit court for the county in which the program provides services. Such information is not a court record, and the clerk of the circuit court shall maintain the confidentiality of the participant’s personal identifying information as provided in subsection (5). The clerk of the circuit court shall maintain such information in a statewide database, which must provide a single point of access for all such statewide information. If the program imposes a participation fee, the clerk of the circuit court must receive a reasonable portion, to be determined by the stakeholders creating the program, for receipt and maintenance of the required information. The fee shall be deposited by the clerk of the circuit court into the fine and forfeiture fund established under s. 142.01.

(4) APPLICABILITY.—This section does not preempt a county or municipality from enacting noncriminal sanctions for a violation of an ordinance or other violation, and it does not preempt a county, a municipality, or a public or private educational institution from creating its own model for a prearrest diversion program for adults.

(5) ELIGIBILITY.—A violent misdemeanor, a misdemeanor crime of domestic violence, as defined in s. 741.28, or a misdemeanor under s. 741.29, s. 741.31, s. 784.046, s. 784.047, s. 784.048, s. 784.0487, or s. 784.049 does not qualify for a civil citation or prearrest diversion program.

Section 8. Section 945.041, Florida Statutes, is created to read:

945.041 Reports.—The department shall publish on its website and make available to the public the following information, updated on a quarterly basis:

(1) Inmate admissions by offense type. Burglary of dwelling offenses under s. 810.02(2), (3)(a), and (3)(b) shall be reported as a separate category from all other property crimes.

(2) The recidivism rate. As used in this subsection, the term "recidivism" means an inmate's rearrest, reconviction, reincarceration, or probation revocation in the state within a 3-year time period following the inmate's release from incarceration.

Section 9. Section 985.12, Florida Statutes, is amended to read:

985.12 Civil citation or similar prearrest diversion programs.—

(1) LEGISLATIVE FINDINGS AND INTENT.—The Legislature finds that the creation and implementation of civil citation or similar prearrest diversion programs at the judicial circuit level promotes public safety, aids interagency cooperation, and provides the greatest chance of success for civil citation and similar prearrest diversion programs. The Legislature further finds that the widespread use of civil citation and similar prearrest diversion programs has a positive effect on the criminal justice system and contributes to an overall reduction in the crime rate and recidivism in the state. The Legislature encourages but does not

mandate that counties, municipalities, and public or private educational institutions participate in a civil citation or similar prearrest diversion program created by their judicial circuit under this section. There is established a juvenile civil citation process for the purpose of providing an efficient and innovative alternative to custody by the Department of Juvenile Justice for children who commit nonserious delinquent acts and to ensure swift and appropriate consequences. The department shall encourage and assist in the implementation and improvement of civil citation programs or other similar diversion programs around the state.

(2) JUDICIAL CIRCUIT CIVIL CITATION OR SIMILAR PRE-ARREST DIVERSION PROGRAM DEVELOPMENT, IMPLEMENTATION AND OPERATION.—

(a) A civil citation or similar prearrest diversion program for misdemeanor offenses shall be established in each judicial circuit in the state. The at the local level with the concurrence of the chief judge of the circuit, state attorney and, public defender of each circuit, the clerk of the court for each county in the circuit, and representatives of participating law enforcement agencies in the circuit shall create a civil citation or similar prearrest diversion program and develop its policies and procedures. In developing the program's policies and procedures, input from other interested stakeholders may be solicited. The department shall annually develop and provide guidelines on best practice models for civil citation or similar prearrest diversion programs to the judicial circuits as a resource.

(b) Each judicial circuit's civil citation or similar prearrest diversion program must specify:

1. The misdemeanor offenses that qualify a juvenile for participation in the program;
2. The eligibility criteria for the program;
3. The program's implementation and operation;
4. The program's requirements, including, but not limited to, the completion of community service hours, payment of restitution, if applicable, and intervention services indicated by a needs assessment of the juvenile, approved by the department, such as family counseling, urinalysis monitoring, and substance abuse and mental health treatment services; and
5. A program fee, if any, to be paid by a juvenile participating in the program. If the program imposes a fee, the clerk of the court of the applicable county must receive a reasonable portion of the fee.

(c) The state attorney of each circuit shall operate a civil citation or similar prearrest diversion program in each circuit. A sheriff, police department, county, municipality, or public or private educational institution may continue to operate an independent civil citation or similar prearrest diversion program that is in operation as of October 1, 2018, if the independent program is reviewed by the state attorney of the applicable circuit and he or she determines that the independent program is substantially similar to the civil citation or similar prearrest diversion program developed by the circuit. If the state attorney determines that the independent program is not substantially similar to the civil citation or similar prearrest diversion program developed by the circuit, the operator of the independent diversion program may revise the program and the state attorney may conduct an additional review of the independent program.

(d) A judicial circuit may model an existing sheriff, police department, county, municipality, or public or private educational institution's independent civil citation or similar prearrest diversion program in developing the civil citation or similar prearrest diversion program for the circuit.

(e) If a juvenile does not successfully complete the civil citation or similar prearrest diversion program, the arresting law enforcement officer shall determine if there is good cause to arrest the juvenile for the original misdemeanor offense and refer the case to the state attorney to determine if prosecution is appropriate or allow the juvenile to continue in the program and the head of each local law enforcement agency involved. The program may be operated by an entity such as a law enforcement agency, the department, a juvenile assessment center, the

county or municipality, or another entity selected by the county or municipality. An entity operating the civil citation or similar diversion program must do so in consultation and agreement with the state attorney and local law enforcement agencies. Under such a juvenile civil citation or similar diversion program, a law enforcement officer, upon making contact with a juvenile who admits having committed a misdemeanor, may choose to issue a simple warning or inform the child's guardian or parent of the child's infraction, or may issue a civil citation or require participation in a similar diversion program, and assess up to 50 community service hours, and require participation in intervention services as indicated by an assessment of the needs of the juvenile, including family counseling, urinalysis monitoring, and substance abuse and mental health treatment services.

(f) A copy of each civil citation or similar prearrest diversion program notice issued under this section shall be provided to the department, and the department shall enter appropriate information into the juvenile offender information system. Use of the civil citation or similar diversion program is not limited to first-time misdemeanors and may be used in up to two subsequent misdemeanors. If an arrest is made, a law enforcement officer must provide written documentation as to why an arrest was warranted.

(g) At the conclusion of a juvenile's civil citation program or similar prearrest diversion program, the state attorney or operator of the independent program agency operating the program shall report the outcome to the department. The issuance of a civil citation or similar prearrest diversion program notice is not considered a referral to the department.

(2) The department shall develop guidelines for the civil citation program which include intervention services that are based upon proven civil citation or similar diversion programs within the state.

(h)(3) Upon issuing such a civil citation or similar prearrest diversion program notice, the law enforcement officer shall send a copy of the civil citation or similar prearrest diversion program notice to county sheriff, state attorney, the appropriate intake office of the department, or the community service performance monitor designated by the department, the parent or guardian of the child, and to the victim.

(4) The child shall report to the community service performance monitor within 7 working days after the date of issuance of the citation. The work assignment shall be accomplished at a rate of not less than 5 hours per week. The monitor shall advise the intake office immediately upon reporting by the child to the monitor, that the child has in fact reported and the expected date upon which completion of the work assignment will be accomplished.

(5) If the child fails to report timely for a work assignment, complete a work assignment, or comply with assigned intervention services within the prescribed time, or if the juvenile commits a subsequent misdemeanor, the law enforcement officer shall issue a report alleging the child has committed a delinquent act, at which point a juvenile probation officer shall process the original delinquent act as a referral to the department and refer the report to the state attorney for review.

(6) At the time of issuance of the citation by the law enforcement officer, such officer shall advise the child that the child has the option to refuse the citation and to be referred to the intake office of the department. That option may be exercised at any time before completion of the work assignment.

Section 10. Subsection (3) of section 985.125, Florida Statutes, is amended to read:

985.125 Prearrest or postarrest diversion programs.—

(3)(a) Beginning October 1, 2018, each diversion program shall submit data to the department which identifies for each minor participating in the diversion program:

1. The race, ethnicity, gender, and age of that minor.

(5) A minor who successfully completes a diversion program for a first-time misdemeanor offense may lawfully deny or fail to acknowledge his or her participation in the program and an expunction of a non-judicial arrest record under s. 943.0582, unless the inquiry is made by a criminal justice agency, as defined in s. 943.045, for a purpose described in s. 943.0582(2)(b)1.

(6) The department shall adopt rules to implement this section.

Section 13. A pilot project is established in the Sixth Judicial Circuit for the purpose of improving criminal justice data transparency and ensuring data submitted under s. 900.05, Florida Statutes, is accurate, valid, reliable, and structured. The clerk of court, the state attorney, the public defender, or a sheriff in the circuit may enter into a memorandum of understanding with a national, nonpartisan, not-for-profit entity which provides data and measurement for county-level criminal justice systems to establish the duties and responsibilities of a data fellow, completely funded by the entity, to be embedded with the office or agency. The data fellow will assist the office or agency in compiling and reporting data pursuant to s. 900.05, Florida Statutes, in compliance with rules established by the Department of Law Enforcement. The pilot project shall expire pursuant to the terms outlined in the memorandum.

From the funds in Specific Appropriation 203, the calculations of the Medicaid Hospital Funding Programs for the 2018-2019 fiscal year are incorporated by reference in HB 5003. The calculations are the basis for the appropriations made in the General Appropriations Act.

From the funds in Specific Appropriations 203 and 207, \$22,767,278 from the General Revenue Fund and \$35,760,429 from the Medical Care Trust Fund are provided to increase the outpatient cap for adults from \$500 to \$1,500 per year.

From the funds in Specific Appropriation 203, the Agency for Health Care Administration shall implement an Enhanced Ambulatory Patient Grouping (EAPG) reimbursement methodology for hospital outpatient services as directed in section 409.905(6) (b), Florida Statutes.

- Ambulatory Surgical Center Base Rate - \$279.40
- Hospital Outpatient Base Rate - \$266.89
- Rural Hospital Provider Adjustor - 1.5662
- High Medicaid and High Outlier Hospital Adjustor - 2.0013
- Documentation and Coding Adjustment - 2%

The Agency for Health Care Administration may adjust the EAPG parameters based upon historical billing practices measured prior to the start of Fiscal Year 2018-2019 to comply with the availability of funds in Specific Appropriation 203.

The Agency for Health Care Administration shall adjust the EAPG parameters effective July 1, 2018, and publicly post on the Agency website, based upon the average Medicaid reimbursement per hospital outpatient visit paid in State Fiscal Year 2017-18 as recalculated in Section 23, excluding the transition period five percent cap on individual hospital losses and associated cap on gains to comply with the availability of funds in Specific Appropriation 203.

By April 1, 2019, the Agency for Health Care Administration shall perform a comparison of Enhanced Ambulatory Patient Grouping (EAPG) fee-for-service rates implemented on July 1, 2018, to a new calculation of EAPG rates performed using hospital outpatient claims and encounters paid via EAPGs, for dates of service on or after July 1, 2018, and received by the Agency by February 15, 2019. If the comparison shows a difference in aggregate reimbursement levels, then new fee-for-service EAPG payment parameters, including updated per-service automatic rate enhancement amounts, shall be implemented effective April 1, 2019, posted publicly, and applied prospectively for the remainder of State Fiscal Year 2018-2019. The new rates will include positive and negative adjustments to individual hospital outpatient EAPG base rates. In addition, the re-calculated EAPG payment parameters shall result in payments per hospital outpatient visit that are, in the aggregate, equivalent to the average Medicaid reimbursement for hospital outpatient visits paid in State Fiscal Year 2017-2018. If new EAPG payment parameters are implemented on April 1, 2019, the parameters shall ensure budget neutrality in aggregate for State Fiscal Year 2018-2019 and shall include adjustments determined separately for each hospital that account for differences between the re-calculated rates and the EAPG rates implemented July 1, 2018. No recalculation of managed care capitation payments will be made based upon these adjustments. Managed care organizations that make payments to hospitals which are based upon EAPG payment rates shall use these adjusted rates, effective April 1, 2019, through the remainder of State Fiscal Year 2018-2019.

Funds in Specific Appropriation 204 are for the inclusion of freestanding dialysis clinics in the Medicaid program. The Agency for Health Care Administration shall limit payment to \$125.00 per visit for each dialysis treatment. Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include NDC information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

From the funds in Specific Appropriation 204, the Agency for Health Care Administration shall work with dialysis providers, managed care organizations, and physicians to ensure that all Medicaid patients with End Stage Renal Disease (ESRD) are educated and assessed by their physician and dialysis provider to determine their suitability for peritoneal dialysis (PD) as a modality choice. Further, the agency shall consult with the dialysis community concerning suitable voluntary reporting to the state Medicaid program on members' PD suitability.

From the funds in Specific Appropriations 204 and 218, \$18,117,229 from the Grants and Donations Trust Fund and \$28,456,624 from the Medical Care Trust Fund are provided to buy back hospice rate reductions, effective on or after January 1, 2008, and are contingent on the nonfederal share being provided through nursing home quality assessments. Authority is granted to buy back rate reductions up to, but no higher than, the amounts available under the budgeted authority in this Specific Appropriation. In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

From the funds in Specific Appropriation 204, the Agency for Health Care Administration shall apply a recurring methodology to establish clinic services rates taking into consideration the reductions imposed on or after October 1, 2008, in the following manner: (1) the agency shall divide the total amount of each recurring reduction imposed by the number of visits originally used in the rate calculation for each rate setting period on or after October 1, 2008, which will yield a rate reduction per diem for each rate period; (2) the agency shall multiply the resulting rate reduction per diem for each rate setting period on or after October 1, 2008, by the projected number of visits used in establishing the current budget estimate which will yield the total current reduction amount to be applied to current rates; (3) in the event the total current reduction amount is greater than the historical reduction amount, the agency shall hold the rate reduction to the historical reduction amount.

From the funds in Specific Appropriations 204 and 207, \$6,201,347 from the Grants and Donations Trust Fund and \$9,740,419 from the Medical Care Trust Fund are provided to buy back clinic services rate adjustments, effective on or after July 1, 2008, and are contingent on the non-federal share being provided through grants and donations from state, county or other governmental funds. Authority is granted to buy back rate reductions up to, but not higher than, the amounts available under the authority appropriated in this Specific Appropriation. In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

From the funds in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 23, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As the result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2019.

From the funds provided in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice shall submit quarterly reports on all travel related to training, seminars, workshops, conferences, or similarly purposed travel that was completed by senior management employees and division or program directors. Each quarterly report shall include the following information: (a) employee name, (b) position title, (c) purpose of travel, (d) dates and location of travel, (e) confirmation of agency head authorization if required by HB 5003, and (f) total travel cost. The report shall be submitted to the chair of the Senate Committee on Appropriations, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor. The first report shall be submitted on July 13, 2018, for the period of April 1, 2018, through June 30, 2018, and quarterly thereafter.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1154 through 1167, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1154 through 1167, in selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. In addition, the department must conduct an independent review of each out-of-state provider before issuing a new contract. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential

Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2175 through 2203, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

SECTION 6 - GENERAL GOVERNMENT

APPROPRIATION

The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

Funds distributed from this specific appropriation must be matched by local government, federal government, or private funds. The matching ratio for allocation of these funds shall be 30 percent non-state and 70 percent state funding, other than veterans court, which shall have a matching ratio of 20 percent non-state funding and 80 percent state funding. However, no match will be required for a problem-solving court that by its primary purpose or mission addresses activities for which state dollars are typically expended. Further, if the county meets the definition of a "fiscally constrained county," as provided in section 218.67, Florida Statutes, no match will be required. In pursuing funding under this specific appropriation, a circuit may consider, among other criteria, the extent to which a problem-solving court addresses the needs of individuals with an opioid use disorder.

The Trial Court Budget Commission shall phase in implementation of this specific appropriation to avoid disruption in services for individuals who are participating in state-funded problem-solving courts as of June 30, 2018, and to provide time for circuits to meet the requirements of this appropriation and request funding. As part of the phased-in implementation, the commission may allocate funding to any problem-solving court that received state funding in Fiscal Year 2017-18 while the problem-solving court secures and demonstrates the required match. Any such problem-solving court shall be in compliance with the match requirement no later than January 4, 2019.

This section expires July 1, 2019.*

Section 3. *In order to implement Specific Appropriations 6 and 92 of the 2018-2019 General Appropriations Act, and notwithstanding ss. 1002.20, 1003.02, 1006.28-1006.42, 1011.62(6)(b)5., and 1011.67, Florida Statutes, relating to the expenditure of funds provided for instructional materials, for the 2018-2019 fiscal year, funds provided for instructional materials shall be released and expended as required in the proviso language for Specific Appropriation 92 of the 2018-2019 General Appropriations Act. 1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The Legislature shall prescribe the aggregate required local effort for all school districts collectively as an item in the General Appropriations Act for each fiscal year. The amount that each district shall provide annually toward the cost of the Florida Education Finance Program for kindergarten through grade 12 programs shall be calculated as follows:

(a) *Estimated taxable value calculations.*—

1.a. Not later than 2 working days before July 19, the Department of Revenue shall certify to the Commissioner of Education its most recent estimate of the taxable value for school purposes in each school district and the total for all school districts in the state for the current calendar year based on the latest available data obtained from the local property appraisers. The value certified shall be the taxable value for school purposes for that year, and no further adjustments shall be made, except those made pursuant to paragraphs (c) and (d), or an assessment roll change required by final judicial decisions as specified in paragraph (17)(b) ~~(16)(b)~~. Not later than July 19, the Commissioner of Education shall compute a millage rate, rounded to the next highest one one-thousandth of a mill, which, when applied to 96 percent of the estimated state total taxable value for school purposes, would generate the prescribed aggregate required local effort for that year for all districts. The Commissioner of Education shall certify to each district school board the millage rate, computed as prescribed in this subparagraph, as the minimum millage rate necessary to provide the district required local effort for that year.

b. The General Appropriations Act shall direct the computation of the statewide adjusted aggregate amount for required local effort for all school districts collectively from ad valorem taxes to ensure that no school district's revenue from required local effort millage will produce

more than 90 percent of the district's total Florida Education Finance Program calculation as calculated and adopted by the Legislature, and the adjustment of the required local effort millage rate of each district that produces more than 90 percent of its total Florida Education Finance Program entitlement to a level that will produce only 90 percent of its total Florida Education Finance Program entitlement in the July calculation.

2. On the same date as the certification in sub-subparagraph 1.a., the Department of Revenue shall certify to the Commissioner of Education for each district:

a. Each year for which the property appraiser has certified the taxable value pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a.

b. For each year identified in sub-subparagraph a., the taxable value certified by the appraiser pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a. This is the certification that reflects all final administrative actions of the value adjustment board.

(14) QUALITY ASSURANCE GUARANTEE.—The Legislature may annually in the General Appropriations Act determine a percentage increase in funds per K-12 unweighted FTE as a minimum guarantee to each school district. The guarantee shall be calculated from prior year base funding per unweighted FTE student which shall include the adjusted FTE dollars as provided in subsection (17)~~(16)~~, quality guarantee funds, and actual nonvoted discretionary local effort from taxes. From the base funding per unweighted FTE, the increase shall be calculated for the current year. The current year funds from which the guarantee shall be determined shall include the adjusted FTE dollars as provided in subsection (17)~~(16)~~ and potential nonvoted discretionary local effort from taxes. A comparison of current year funds per unweighted FTE to prior year funds per unweighted FTE shall be computed. For those school districts which have less than the legislatively assigned percentage increase, funds shall be provided to guarantee the assigned percentage increase in funds per unweighted FTE student. Should appropriated funds be less than the sum of this calculated amount for all districts, the commissioner shall prorate each district's allocation. This provision shall be implemented to the extent specifically funded.

(16) FUNDING COMPRESSION ALLOCATION.—*The Legislature may provide an annual funding compression allocation in the General Appropriations Act. The allocation is created to provide additional funding to school districts and developmental research schools whose total funds per FTE in the prior year were less than the statewide average. Using the most recent prior year FEFP calculation for each eligible school district, the total funds per FTE shall be subtracted from the state average funds per FTE, not including any adjustments made pursuant to paragraph (17)(b). The resulting funds per FTE difference, or a portion thereof, as designated in the General Appropriations Act, shall then be multiplied by the school district's total unweighted FTE to provide the allocation. If the calculated funds are greater than the amount included in the General Appropriations Act, they must be prorated to the appropriation amount based on each participating school district's share.*

This subsection expires July 1, 2019.

Section 5. In order to implement Specific Appropriation 121 of the 2018-2019 General Appropriations Act, subsection (1) of section 1001.26, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate

shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)(a)1. Reimbursement to nursing homes licensed under part II of chapter 400 and state-owned-and-operated intermediate care facilities for the developmentally disabled licensed under part VIII of chapter 400 must be made prospectively.

2. Unless otherwise limited or directed in the General Appropriations Act, reimbursement to hospitals licensed under part I of chapter 395 for the provision of swing-bed nursing home services must be made on the basis of the average statewide nursing home payment, and reimbursement to a hospital licensed under part I of chapter 395 for the provision of skilled nursing services must be made on the basis of the average nursing home payment for those services in the county in which the hospital is located. When a hospital is located in a county that does not have any community nursing homes, reimbursement shall be determined by averaging the nursing home payments in counties that surround the county in which the hospital is located. Reimbursement to hospitals, including Medicaid payment of Medicare copayments, for skilled nursing services shall be limited to 30 days, unless a prior authorization has been obtained from the agency. Medicaid reimbursement may be extended by the agency beyond 30 days, and approval must be based upon verification by the patient's physician that the patient requires short-term rehabilitative and recuperative services only, in which case an extension of no more than 15 days may be approved. Reimbursement to a hospital licensed under part I of chapter 395 for the temporary provision of skilled nursing services to nursing home residents who have been displaced as the result of a natural disaster or other emergency may not exceed the average county nursing home payment for those services in the county in which the hospital is located and is limited to the period of time which the agency considers necessary for continued placement of the nursing home residents in the hospital.

(b) Subject to any limitations or directions in the General Appropriations Act, the agency shall establish and implement a state Title XIX Long-Term Care Reimbursement Plan for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

1. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care sub-components of the patient care component of the per diem rate. These two sub-components together shall equal the patient care component of the per diem rate. Separate prices shall be calculated for each patient care subcomponent, initially based on the September 2016 rate setting cost reports and subsequently based on the most recently audited cost report used during a rebasing year. The direct care subcomponent of the per diem rate for any providers still being reimbursed on a cost basis shall be limited by the cost-based class ceiling, and the indirect care subcomponent may be limited by the lower of the cost-based class ceiling, the target rate class ceiling, or the individual provider target. The ceilings and targets apply only to providers being reimbursed on a cost-based system. Effective October 1, 2018, a prospective payment methodology shall be implemented for rate setting purposes with the following parameters:

a. Peer Groups, including:

(I) North-SMMC Regions 1-9, less Palm Beach and Okeechobee Counties; and

(II) South-SMMC Regions 10-11, plus Palm Beach and Okeechobee Counties.

b. Percentage of Median Costs based on the cost reports used for September 2016 rate setting:

- (I) Direct Care Costs ~~105~~ 100 percent.
- (II) Indirect Care Costs 92 percent.
- (III) Operating Costs 86 percent.

c. Floors:

- (I) Direct Care Component 95 percent.
- (II) Indirect Care Component 92.5 percent.
- (III) Operating Component None.

d. Pass-through Payments Real Estate and Personal Property Taxes and Property Insurance.

e. Quality Incentive Program Payment Pool ~~8.5~~ 6 percent of September 2016 non-property related payments of included facilities.

f. Quality Score Threshold to Quality for Quality Incentive Payment 20th percentile of included facilities.

g. Fair Rental Value System Payment Parameters:

- (I) Building Value per Square Foot based on 2018 RS Means.
- (II) Land Valuation 10 percent of Gross Building value.
- (III) Facility Square Footage Actual Square Footage.
- (IV) Moveable Equipment Allowance \$8,000 per bed.
- (V) Obsolescence Factor 1.5 percent.
- (VI) Fair Rental Rate of Return 8 percent.
- (VII) Minimum Occupancy 90 percent.
- (VIII) Maximum Facility Age 40 years.
- (IX) Minimum Square Footage per Bed 350.
- (X) Maximum Square Footage for Bed 500.
- (XI) Minimum Cost of a renovation/replacements \$500 per bed.

h. Ventilator Supplemental payment of \$200 per Medicaid day of 40,000 ventilator Medicaid days per fiscal year.

2. The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility, allowable therapy costs, and dietary costs. This excludes nursing administration, staff development, the staffing coordinator, and the administrative portion of the minimum data set and care plan coordinators. The direct care subcomponent also includes medically necessary dental care, vision care, hearing care, and podiatric care.

3. All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate, including complex medical equipment, medical supplies, and other allowable ancillary costs. Costs may not be allocated directly or indirectly to the direct care subcomponent from a home office or management company.

4. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

5. Every fourth year, the agency shall rebase nursing home prospective payment rates to reflect changes in cost based on the most recently audited cost report for each participating provider.

6. A direct care supplemental payment may be made to providers whose direct care hours per patient day are above the 80th percentile

and who provide Medicaid services to a larger percentage of Medicaid patients than the state average.

7. For the period beginning on October 1, 2018, and ending on September 30, 2021, the agency shall reimburse providers the greater of their September 2016 cost-based rate or their prospective payment rate. Effective October 1, 2021, the agency shall reimburse providers the greater of 95 percent of their cost-based rate or their rebased prospective payment rate, using the most recently audited cost report for each facility. This subparagraph shall expire September 30, 2023.

8. Pediatric, Florida Department of Veterans Affairs, and government-owned facilities are exempt from the pricing model established in this subsection and shall remain on a cost-based prospective payment system. Effective October 1, 2018, the agency shall set rates for all facilities remaining on a cost-based prospective payment system using each facility's most recently audited cost report, eliminating retroactive settlements.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

Section 18. Effective October 1, 2018, in order to implement Specific Appropriations 217 and 218 of the 2018-2019 General Appropriations Act, subsection (23) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(23)(a) The agency shall establish rates at a level that ensures no increase in statewide expenditures resulting from a change in unit costs for county health departments effective July 1, 2011. Reimbursement rates shall be as provided in the General Appropriations Act.

(b)1. Base rate reimbursement for inpatient services under a diagnosis-related group payment methodology shall be provided in the General Appropriations Act.

2.(e) Base rate reimbursement for outpatient services under an enhanced ambulatory payment group methodology shall be provided in the General Appropriations Act.

3. Prospective payment system reimbursement for nursing home services shall be as provided in subsection (2) and in the General Appropriations Act.

- ~~1. Nursing homes.~~

Eligibility will continue to begin the first day of the month in which a nonpregnant adult applies for Medicaid. This section expires July 1, 2019.*

Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 2010, 2011, and 2012 ~~2009, 2010, and 2011~~ audited disproportionate share data to determine each hospital's Medicaid days and charity care for the 2018-2019 ~~2017-2018~~ state fiscal year.

(b) If the Agency for Health Care Administration does not have the prescribed 3 years of audited disproportionate share data as noted in paragraph (a) for a hospital, the agency shall use the average of the years of the audited disproportionate share data as noted in paragraph (a) which is available.

This system of payments must conform to federal requirements and distribute funds in each fiscal year for which an appropriation is made by making quarterly Medicaid payments. Notwithstanding s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients. (b) Within 30 days after the young adult has been readmitted to care, the community-based care lead agency shall assign a case manager to update the case plan and the transition plan and to arrange for the required services. ~~Updates to the case plan and the transition plan and arrangements for the required services~~ Such activities shall be undertaken in consultation with the young adult. 2. “Young adult” means an individual who has attained 18 years of age but who has not attained 21 years of age.

~~(b)(a)~~ A maintenance subsidy shall be granted only when all other resources available to a child have been thoroughly explored and it can be clearly established that this is the most acceptable plan for providing permanent placement for the child. The maintenance subsidy may not be used as a substitute for adoptive parent recruitment or as an inducement to adopt a child who might be placed without providing a subsidy. However, it shall be the policy of the department that no child be denied adoption if providing a maintenance subsidy would make adoption possible. The best interest of the child shall be the deciding factor in every case. This section does not prohibit foster parents from applying to adopt a child placed in their care. Foster parents or relative caregivers must be asked if they would adopt without a maintenance subsidy.

~~(c)(b)~~ The department shall provide adoption assistance to the adoptive parents, subject to specific appropriation, in the amount of \$5,000 annually, paid on a monthly basis, for the support and maintenance of a child until the 18th birthday of such child or in an amount other than \$5,000 annually as determined by the adoptive parents and the department and memorialized in a written agreement between the adoptive parents and the department. The agreement shall take into consideration the circumstances of the adoptive parents and the needs of the child being adopted. The amount of subsidy may be adjusted based upon changes in the needs of the child or circumstances of the adoptive parents. Changes shall not be made without the concurrence of the adoptive parents. However, in no case shall the amount of the monthly payment exceed the foster care maintenance payment that would have been paid during the same period if the child had been in a foster family home.

(d) Effective January 1, 2019, adoption assistance payments may be made for a child whose adoptive parent entered into an initial adoption assistance agreement after the child reached 16 years of age but before the child reached 18 years of age. Such payments may be made until the child reaches age 21 if the child is:

1. Completing secondary education or a program leading to an equivalent credential;
2. Enrolled in an institution that provides postsecondary or vocational education;

3. Participating in a program or activity designed to promote or eliminate barriers to employment;

4. Employed for at least 80 hours per month; or

5. Unable to participate in programs or activities listed in subparagraphs 1.-4. full time due to a physical, an intellectual, an emotional, or a psychiatric condition that limits participation. Any such barrier to participation must be supported by documentation in the child’s case file or school or medical records of a physical, an intellectual, an emotional, or a psychiatric condition that impairs the child’s ability to perform one or more life activities.

(e) A child or young adult receiving benefits through the adoption assistance program is not eligible to simultaneously receive relative caregiver benefits under s. 39.5085 or postsecondary education services and support under s. 409.1451.

~~(f)~~(e) The department may provide adoption assistance to the adoptive parents, subject to specific appropriation, for medical assistance initiated after the adoption of the child for medical, surgical, hospital, and related services needed as a result of a physical or mental condition of the child which existed before the adoption and is not covered by Medicaid, Children’s Medical Services, or Children’s Mental Health Services. Such assistance may be initiated at any time but shall terminate on or before the child’s 18th birthday.

(5) ELIGIBILITY FOR SERVICES.—

(a) As a condition of receiving ~~providing~~ adoption assistance under this section, the adoptive parents must have an approved adoption home study before the adoption is finalized and must enter into an adoption-assistance agreement with the department before the adoption is finalized which specifies the financial assistance and other services to be provided.

(b) A child who is handicapped at the time of adoption shall be eligible for services through the Children’s Medical Services network established under part I of chapter 391 if the child was eligible for such services prior to the adoption.

Section 28. The amendments to ss. 39.6251 and 409.166, Florida Statutes, expire July 1, 2019, and the text of those sections shall revert to that in existence on June 30, 2018, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

The total amount of such contributions shall be to the fullest extent possible, but, in no case, shall exceed the actual cost of operating and maintaining the home. This subsection expires July 1, 2019 ~~2017~~.

Section 32. In order to implement Specific Appropriations 583 through 696 and 711 through 745 of the 2018-2019 General Appropriations Act, subsection (4) of section 216.262, Florida Statutes, is amended to read:

If the Chief Justice accesses the loan, he or she must notify the Governor and the chairs of the legislative appropriations committees in writing. The loan must come from other funds in the State Treasury which are for the time being or otherwise in excess of the amounts necessary to meet the just requirements of such last-mentioned funds. The Governor shall order the transfer of funds within 5 days after the written notification from the Chief Justice. If the Governor does not order the transfer, the Chief Financial Officer shall transfer the requested funds. The Department of Revenue must ensure, based on information provided by an affected county, that any reduction in amounts distributed pursuant to subsection (1) does not reduce the amount of distribution to a county below the amount necessary for the timely payment of principal and interest when due on the bonds and the amount necessary to comply with any covenant under the bond resolution or other documents relating to the issuance of the bonds. If a reduction to a county's monthly distribution must be decreased in order to comply with this section, the Department of Revenue must notify the Department of Juvenile Justice of the amount of the decrease, and the Department of Juvenile Justice must send a bill for payment of such amount to the affected county.

Section 84. *In order to implement appropriations in the 2018-2019 General Appropriations Act for state employee travel, the funds appropriated to each state agency which may be used for travel by state employees are limited during the 2018-2019 fiscal year to travel for activities that are critical to each state agency's mission. Funds may not be used for travel by state employees to foreign countries, other states, conferences, staff training activities, or other administrative functions unless the agency head has approved, in writing, that such activities are critical to the agency's mission. The agency head shall consider using teleconferencing and other forms of electronic communication to meet the needs of the proposed activity before approving mission-critical travel. This section does not apply to travel for law enforcement purposes, military purposes, emergency management activities, or public health activities. This section expires July 1, 2019.*

Section 85. *In order to implement appropriations in the 2018-2019 General Appropriations Act for state employee travel and notwithstanding s. 112.061, Florida Statutes, costs for lodging associated with a meeting, conference, or convention organized or sponsored in whole or in part by a state agency or the judicial branch may not exceed \$150 per day. This section expires July 1, 2019.*

Section 87. In order to implement Specific Appropriation 1966 of the 2018-2019 General Appropriations Act, section 5 of chapter 2017-88, Laws of Florida, is amended to read:

Section 5. (1) For the 2019 plan year, the Department of Management Services shall *develop and establish* ~~determine and recommend~~ premiums for enrollees using the same premium tiers available during the 2018 plan year. *The premiums developed must reflect the relative actual* ~~that~~ differences in costs to the program for each of the health maintenance organization and the preferred provider organization plan options offered in the state group insurance program for both self-insured

and fully insured plans. The premiums for the plan options shall reflect the costs to the program for both medical and prescription drug benefits.

(2) The premium rate for employers shall be the same as those established for the state group insurance program in the General Appropriations Act for the 2018-2019 fiscal year. *The premium rates for employees must be calculated so that the total premiums contributed by employees do not exceed the amount of premiums forecasted to be collected from employees in the 2019 plan year in the most recent official information and the premium rate for an employee with "agency pay-all" status must remain one-sixth of the premium rate for an employee in the career service for the same plan option. The premium rates for Medicare-eligible enrollees must be calculated so that the total premiums contributed by Medicare-eligible enrollees do not exceed 106 percent of the amount of premiums forecasted to be collected from such enrollees in the 2019 plan year in the most recent official information. For purposes of this subsection, the term "official information" means the results of the consensus estimating conference on the financial outlook of the State Employees' Health Insurance Trust Fund.*

(3) By July 1, 2018, the department shall ~~submit~~ ~~report~~ the proposed premium rates to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

(4) *The department shall establish the enrollee premium rates subject to the notice, review, and objection provisions of section 216.177, Florida Statutes, no later than August 15, 2018. The Legislature must submit its written objections to such rates no later than August 31, 2018. If the Legislature objects to the premium rates pursuant to section 216.177, Florida Statutes, the enrollee premiums in effect on June 30, 2018, or established in the General Appropriations Act for the 2018-2019 fiscal year, whichever are greater, shall remain in effect for the 2019 plan year.*

Section 88. *Any section of this act which implements a specific appropriation or specifically identified proviso language in the 2018-2019 General Appropriations Act is void if the specific appropriation or specifically identified proviso language is vetoed. Any section of this act which implements more than one specific appropriation or more than one portion of specifically identified proviso language in the 2018-2019 General Appropriations Act is void if all the specific appropriations or portions of specifically identified proviso language are vetoed.*

Section 89. *If any other act passed during the 2018 Regular Session of the Legislature contains a provision that is substantively the same as a provision in this act, but that removes or is otherwise not subject to the future repeal applied to such provision by this act, the Legislature intends that the provision in the other act takes precedence and continues to operate, notwithstanding the future repeal provided by this act.*

Section 90. *If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.*

Section 91. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2018; or, if this act fails to become a law until after that date, it shall take effect upon becoming a law and shall operate retroactively to July 1, 2018.
