PRAYER

The following prayer was offered by Pastor Varilus Pierre, Jr., Florida Conference of Seventh-Day Adventists, West Palm Beach:

Almighty God, our creator, our sustainer, and our very source of life, we glorify your name and we worship you for who you are. Before you, there was none; beside you, there is none; and after you, there will be none. For you are God all by yourself. We praise your name because you are good, and we love you. We have come before you this morning imploring forgiveness for our trespasses, and seeking your guidance and direction as we move forward in our life journeys. We thank you for the many blessings you have bestowed upon us—both spiritual and material. We thank you for the gift of time, health, the ability to function in our right mind, and the many opportunities that you have given to us to succeed.

We thank you, oh God, for the leaders of our country and, especially, the ones serving here in our state. We thank you for their faithfulness and dedicated service to the citizens of the great sunshine state. We pray that you will continue to guide and protect the members of the Florida State Senate. Bless their efforts, be part of their decision-making, bless their families, and grant them a special portion of your holy spirit to influence their mind. May their policies reflect your love, your grace, and your compassion to all.

Shower us with your blessings. Teach us how to love one another regardless of our political affiliation. Please help us truly understand your words. Bless all the merciful, for they will be shown mercy. Bless all the pure in heart, for they will see God. Bless all the peacemakers, for they will be called children of God. Help us to be united and not divided. Help us put our personal agenda aside and focus on doing what is right. Help us put our differences aside and concentrate on what matters most.

Oh Heavenly Father, please guide us, inspire us, and use us as a tool to be a blessing to those whom we serve. Bless us indeed and enlarge our territory. Keep us from sin and may we stay together at the end of the day. May your will be done in each of our lives. Nothing more, nothing less. Forever and ever, amen.

(b) Each tuition differential is subject to the following conditions:

3. For each state university that is designated as a preeminent state research university by the Board of Governors, pursuant to s. 1001.7065, the aggregate sum of tuition and the tuition differential may be increased by no more than 6 percent of the total charged for the aggregate sum of these fees in the preceding fiscal year. The tuition differential may be increased if the university meets or exceeds performance standard targets for that university established annually by the Board of Governors for the following performance standards, amounting to no more than a 2-percent increase in the tuition differential for each performance standard:

a. An increase in the ~~4-year~~ **6-year** graduation rate for full-time, first-time-in-college students, as reported annually to the Integrated Postsecondary Education Data System.

Section 1. Section 741.04, Florida Statutes, is amended to read:

(Substantial rewording of section. See

s. 741.04, F.S., for present text.)

741.04 Issuance of marriage license.—

(1) A county court judge or clerk of the circuit court may not issue a license to marry to any person younger than 18 years of age, unless:

(a) The person is at least 17 years of age and provides the written consent of his or her parents or legal guardian, which is acknowledged by an officer authorized by law to take acknowledgements and administer oaths; and

(b) The older party to the marriage is not more than 2 years older than the younger party to the marriage.

(2) A county court judge or clerk of the circuit court may not issue a license to marry until the parties to the marriage file with the county court judge or clerk of the court a written and signed affidavit, made and subscribed before a person authorized by law to administer an oath, which provides:

(a) The social security number or any other available identification number for each person.

(b) The respective ages of the parties.

(3) The submission of social security numbers as provided in this section is intended to support the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. The state has a compelling interest in promoting not only marriage, but also responsible parenting,

which may include the payment of child support. Any person who has been issued a social security number shall provide that number in satisfying the requirement in subsection (2). Social security numbers or other identification numbers obtained under this section may be used only for the purposes of administration in Title IV-D child support enforcement cases.

(a) Any person who is not a citizen of the United States may provide either a social security number or an alien registration number issued by the United States Bureau of Citizenship and Immigration Services.

(b) Any person who is not a citizen of the United States and who has not been issued a social security number or an alien registration number is encouraged to provide another form of identification.

This subsection does not prohibit a county court judge or clerk of the circuit court from issuing a marriage license to individuals who are not citizens of the United States if one or both of them are unable to provide a social security number, an alien registration number, or another identification number.

(4) A county court judge or clerk of the circuit court may not issue a license for the marriage of any person unless the county court judge or clerk of the circuit court is first presented with both of the following:

(a) A written statement, signed by both parties, which specifies whether the parties, individually or together, have completed a premarital preparation course.

(b) A written statement that verifies that both parties have obtained and read or otherwise accessed the information contained in the handbook or other electronic media presentation of the rights and responsibilities of parties to a marriage specified in s. 741.0306.

(5) If a couple does not submit to the clerk of the circuit court valid certificates of completion of a premarital preparation course, the clerk shall delay the effective date of the marriage license by 3 days from the date of application, and the effective date must be printed on the marriage license in bold type. If a couple submits valid certificates of completion of a premarital preparation course, the effective date of the marriage license may not be delayed. The clerk shall grant exceptions to the delayed effective date requirement to non-Florida residents and to couples asserting hardship. Marriage license fee waivers are available to all eligible couples. A county court judge issuing a marriage license may waive the delayed effective date requirement for Florida residents who demonstrate good cause.

Section 3. Section 741.05, Florida Statutes, is amended to read:

PRAYER

The following prayer was offered by Reverend Kyle Peddie, Corinth Baptist Church, Hosford:

Heavenly Father, we come to you this beautiful spring morning to pause and give thanks to the giver of life, the king of kings, the Lord of lords, creator, and savior. We pause to give thanks for the day that you have made, and we will rejoice and be glad in it. I ask, Father, that you would bless this day as our Florida Senate convenes and continues to do the work for the people of Florida. It has indeed been a great session, and as it ever draws near to the end, I would humbly ask you to continue to impart wisdom and discernment to the Senators in this great chamber. They, and we, need your great wisdom here today. The responsibility and honor to serve is daunting, and we need your help.

Many have served here in the past and have established a tradition of integrity and statesmanship that continues with the ones serving today. May the attitude of everyone in public service—from the Governor to the volunteer firefighter in the smallest community—be that of truly loving our neighbors as we love ourselves. I would ask you to bless each and every Senator’s family, marriage, children, and extended family while they are away from home serving in this chamber today. May your hedge of protection be upon them. As they work today and for the rest of

the session, may your will be done. We believe in the risen Lord, the finished work of the cross, and John 14:6 says you, “Are the way, the truth, and the life.” Bless all Senators today, bless Senate President Negrón as he leads, and bless my Senator, Senator Montford. In Jesus’ name I pray. Amen.

Senator Simpson: Thank you, Mr. President. We have a gift for our President Pro Tempore, Senator Flores, today. I wanted to make sure that when we have such a diverse body as we do—and we celebrate that diversity—I’m pretty certain that most of the folks that live in Trilby may not think that Miami actually is in the State of Florida. The people in Miami certainly do not know where Trilby is. We have a great President Pro Tempore this year, a great family person. She loves her family. We have tried to pick a gift that would honor her and them. With Senator Stargel’s help, we have family passes for four, two adults and two children, to LEGOLAND for one year. This is also for the theme park and the water park. We wanted to award you this today and thank you for all your hard work for the State of Florida.

The court may rely on the estimate of the value of the assets in the petition when assessing the fee. The fee shall be taxed as costs against the respondent if the court enters an injunction.

(b) Except as provided in s. 90.204, in a hearing ex parte for the purpose of obtaining an ex parte temporary injunction, only verified pleadings or affidavits may be used as evidence unless the respondent appears at the hearing or has received reasonable notice of the hearing. A petition under this section shall be considered a family case for purposes of s. 90.204(4).

(c) A denial of a petition for an ex parte injunction must be by written order and must note the legal grounds for denial. When the only ground for denial is failure to demonstrate appearance of an immediate and present danger of exploitation of a vulnerable adult, the court must set a full hearing on the petition for injunction at the earliest possible date. Nothing in this paragraph affects a petitioner's right to promptly amend any petition consistent with court rules.

(d) An ex parte temporary injunction may be effective for a fixed period not to exceed 15 days. A full hearing, as provided by this section, must be set for a date no later than the date when the temporary injunction ceases to be effective. The court may grant a continuance of the hearing, before or during the hearing, for good cause shown by any party, which good cause may include a continuance to obtain service of process. An ex parte injunction is not extended beyond the initial 15 days as a result of a continuance.

(6) REASONABLE CAUSE.—In determining whether a petitioner has reasonable cause to believe that the vulnerable adult is, or is in imminent danger of becoming, a victim of exploitation, the court shall consider and evaluate all relevant factors, including, but not limited to, any of the following:

(a) The existence of a verifiable order of protection issued previously or from another jurisdiction.

(b) Any history of exploitation by the respondent upon the vulnerable adult in the petition or any other vulnerable adult.

(c) Any history of the vulnerable adult being previously exploited or unduly influenced.

(d) The capacity of the vulnerable adult to make decisions related to his or her finances and property.

(e) Susceptibility of the vulnerable adult to undue influence.

(f) Any criminal history of the respondent or previous probable cause findings by the adult protective services program, if known.

(7) NOTICE OF PETITION AND INJUNCTION.—

(a) The respondent shall be personally served, pursuant to chapter 48, with a copy of the petition, notice of hearing, and temporary injunction, if any, before the final hearing.

(b) If the petitioner is acting in a representative capacity, the vulnerable adult shall also be served with a copy of the petition, notice of hearing, and temporary injunction, if any, before the final hearing.

(c) If any assets or lines of credit are ordered to be frozen, the depository or financial institution must be served as provided in s. 655.0201.

(8) FINAL HEARING ON PETITION.—

(a)1. The court may grant such relief as the court deems proper when, upon notice and hearing, it appears to the court that:

a. The vulnerable adult is the victim of exploitation or that the vulnerable adult is in imminent danger of becoming a victim of exploitation.

b. There is a likelihood of irreparable harm and nonavailability of an adequate remedy at law.

c. The threatened injury to the vulnerable adult outweighs possible harm to the respondent.

d. Where the injunction freezes assets of the respondent, the court finds probable cause that exploitation has occurred, the freeze only affects the proceeds of such exploitation, and there is a substantial likelihood that such assets will be ordered to be returned to the vulnerable adult.

e. The relief provides for the vulnerable adult's physical or financial safety.

2. Such relief may include, but need not be limited to, injunctions doing any of the following:

a. Continuing the temporary injunction in part or in whole.

b. Restraining the respondent from committing any acts of exploitation.

c. Awarding to the vulnerable adult the exclusive use and possession of the dwelling that the vulnerable adult and the respondent share or excluding the respondent from the residence of the vulnerable adult. The court shall confirm the availability of any required services or alternative caregivers that may be necessary to ensure the vulnerable adult's safety.

d. Ordering the respondent to participate in treatment, intervention, or counseling services to be paid for by the respondent.

e. Directing that assets under temporary freeze by injunction be returned to the vulnerable adult, or directing that those assets remain frozen until ownership can be determined; and directing that the temporary freeze on any line of credit be lifted.

f. Where the court has found that the respondent has engaged in exploitation of the vulnerable adult, entering a final cost judgment against the respondent and in favor of the petitioner for all taxable costs, and entering a final cost judgment against the respondent and in favor of the clerk of the circuit court for all the clerk's filing fees and service charges that were waived by operation of this section.

g. Ordering such other relief as the court deems necessary for the protection of a victim of exploitation, including injunctions or directives to law enforcement agencies, as provided in this section.

(b) The court must allow an advocate from a state attorney's office, a law enforcement agency, or the adult protective services program to be present with the petitioner or the respondent during any court proceedings or hearings related to the injunction, provided the petitioner or the respondent has made such a request and the advocate is able to be present.

(c) The terms of an injunction restraining the respondent as provided in paragraph (a) remain in effect until the injunction is modified or dissolved.

(9) PROVISIONS REQUIRED IN ANY TEMPORARY OR PERMANENT INJUNCTION.—A temporary or final judgment on an injunction must, on its face, indicate:

(a) That the injunction is valid and enforceable in all counties of this state.

(b) That law enforcement officers may use their arrest powers under s. 901.15(6) to enforce the terms of the injunction.

(c) That the court had jurisdiction over the parties and subject matter under state law and that reasonable notice and opportunity to be heard were given to the person against whom the order was sought, in a manner that was sufficient to protect that person's right to due process.

(d) If any assets or lines of credit are ordered to be frozen, the date that the depository or financial institution was served with the injunction as provided in s. 655.0201.

(e) The date the respondent was served with the petition for injunction.

(10) TRANSMITTAL TO SHERIFF; SERVICE.—

(a)1.a. The clerk of the circuit court shall furnish a copy of the petition, the financial affidavit, the notice of hearing, and any temporary injunction to the sheriff or a law enforcement agency of the county in which the respondent resides or can be found, who shall serve it upon the respondent as soon thereafter as possible on any day of the week and at any time of the day or night. At the request of the sheriff, the clerk of the circuit court may transmit a facsimile copy of an injunction that has been certified by the clerk of the circuit court pursuant to subparagraph 4., and this facsimile copy may be served in the same manner as a certified copy. The clerk of the circuit court shall also furnish to the sheriff such information on the respondent's physical description and location as is required by the Department of Law Enforcement to comply with the verification procedures set forth in sub-subparagraph b.

b. Upon receiving a facsimile copy, the sheriff must verify receipt with the clerk of the circuit court before attempting to serve it upon the respondent. If the sheriff is in possession of an injunction that has been certified by the clerk of the circuit court, the sheriff may transmit a facsimile copy of that injunction to a law enforcement officer who shall serve it in the same manner as a certified copy.

c. Notwithstanding any other provision of law, the chief judge of each judicial circuit, in consultation with the appropriate sheriff, may authorize a law enforcement agency within the jurisdiction to effect service. A law enforcement agency performing service pursuant to this section shall use service and verification procedures consistent with those of the sheriff.

2.a. Except where the vulnerable adult is the petitioner, the clerk of the circuit court shall furnish a copy of the petition, the financial affidavit, the notice of hearing, and any temporary injunction to the sheriff or a law enforcement agency of the county in which the vulnerable adult resides or can be found, who shall serve it upon the vulnerable adult as soon thereafter as possible on any day of the week and at any time of the day or night. At the request of the sheriff, the clerk of the circuit court may transmit a facsimile copy of an injunction that has been certified by the clerk of the circuit court pursuant to subparagraph 4., and this facsimile copy may be served in the same manner as a certified copy. The clerk of the circuit court shall also furnish to the sheriff such information on the vulnerable adult's physical description and location as is required by the Department of Law Enforcement to comply with the verification procedures set forth in sub-subparagraph b.

b. Upon receiving a facsimile copy, the sheriff must verify receipt with the clerk of the circuit court before attempting to serve it upon the vulnerable adult. If the sheriff is in possession of an injunction that has been certified by the clerk of the circuit court, the sheriff may transmit a facsimile copy of that injunction to a law enforcement officer, who shall serve it in the same manner as a certified copy.

c. Notwithstanding any other provision of law, the chief judge of each judicial circuit, in consultation with the appropriate sheriff, may authorize a law enforcement agency within the jurisdiction of the circuit to effect service. A law enforcement agency performing service pursuant to this section shall use service and verification procedures consistent with those of the sheriff.

3. When an injunction for protection against exploitation of a vulnerable adult is issued, if the petitioner requests that a law enforcement agency assist the vulnerable adult, the court may order that an officer from the appropriate law enforcement agency accompany the vulnerable

adult and assist in the service or execution of the injunction, including returning possession of a dwelling or residence to the vulnerable adult. A law enforcement officer shall accept a copy of an injunction, certified by the clerk of the circuit court pursuant to subparagraph 4., from the petitioner and immediately serve it upon a respondent who has been located but not yet served. The law enforcement agency must also serve any injunction freezing assets on a financial institution where assets subject to dissipation are held, or where a credit line may be exploited. Service upon the depository or financial institution must be served as provided in s. 655.0201.

4. The clerk of the circuit court shall certify a copy of all orders issued, changed, continued, extended, or vacated subsequent to the original service of the original petition, notice of hearing, or temporary injunction and deliver the certified copy to the parties at the time of the entry of the order. The parties may acknowledge receipt of a certified order in writing on the face of the original order. If a party fails or refuses to acknowledge the receipt of a certified copy of an order, the clerk of the circuit court must note on the original petition that service was effected. If delivery at the hearing during which an order is issued is not possible, the clerk of the circuit court shall mail certified copies of the order to the parties at their respective last known mailing addresses; except that service upon a depository or financial institution must be served as provided in s. 655.0201. Service by mail is complete upon mailing. When an order is served pursuant to this subparagraph the clerk of the circuit court shall notify the sheriff of the service and prepare a written certification to be placed in the court file specifying the time, date, and method of service.

5. If the respondent has been previously served with the temporary injunction and has failed to appear at the initial hearing on the temporary injunction, any subsequent petition for an injunction seeking an extension of time may be served on the respondent by the clerk of the court by certified mail in lieu of personal service by a law enforcement officer.

(b)1. Within 24 hours after the court issues an injunction for protection against exploitation of a vulnerable adult or changes, continues, extends, or vacates such an injunction, the clerk of the circuit court must forward a certified copy of the order to the sheriff with jurisdiction over the residence of the petitioner for service in accordance with this subsection.

2. Within 24 hours after service of an injunction for protection against exploitation of a vulnerable adult upon a respondent, the law enforcement officer who served the injunction must forward the written proof of service to the sheriff with jurisdiction over the residence of the petitioner.

3. Within 24 hours after the sheriff receives a certified copy of the injunction for protection against exploitation of a vulnerable adult, the sheriff must make information related to the injunction available to this state's law enforcement agencies by electronically transmitting such information to the Department of Law Enforcement.

4. Within 24 hours after the sheriff or other law enforcement officer has made service upon the respondent and the sheriff has been so notified, the sheriff must make information relating to the service available to other law enforcement agencies by electronically transmitting such information to the Department of Law Enforcement.

5. Within 24 hours after an injunction for protection against exploitation of a vulnerable adult is terminated or otherwise rendered no longer effective by ruling of the court, the clerk of the circuit court must notify the sheriff receiving original notification of the injunction as provided in subparagraph 1. The sheriff shall, within 24 hours after receiving such notification from the clerk of the circuit court, notify the Department of Law Enforcement of such court action.

(11) ENFORCEMENT.—

(a) As to the respondent, the court may enforce a violation of an injunction for protection against exploitation of a vulnerable adult through a civil or criminal contempt proceeding, and the state attorney may prosecute it as a criminal violation under s. 825.1036. Any assessment or fine ordered by the court enforcing such injunction shall be collected by the clerk of the circuit court and transferred on a monthly basis to the Department of Revenue for deposit in the Domestic Violence Trust Fund.

(b) *If the respondent is arrested by a law enforcement officer under s. 901.15(6) or for a violation of s. 825.1036, the respondent must be held in custody until he or she is brought before the court, which must occur as expeditiously as possible, for the purpose of enforcing the injunction for protection against exploitation of a vulnerable adult and for admittance to bail in accordance with chapter 903 and the applicable rules of criminal procedure, pending a hearing.*

(12) **JUDGMENT FOR DAMAGES.**—*Actual damages may be assessed against the petitioner in a proceeding under this section if the court finds that the petition lacks substantial fact or legal support.*

(13) **MODIFICATION OR DISSOLUTION OF INJUNCTION.**—*The petitioner, respondent, or vulnerable adult may move at any time to modify or dissolve the injunction in part or in whole. No specific allegations are required for modification or dissolution of the injunction, which may be granted in addition to other civil or criminal penalties. The court shall promptly hear a motion to modify or dissolve an injunction.*

(14) **LIMITATION.**—*Nothing in this section may affect title to real property.*

Section 3. Section 825.1036, Florida Statutes, is created to read:

825.1036 Violation of an injunction for protection against exploitation of a vulnerable adult.—

(1) *In the event of a violation of an injunction for protection against exploitation of a vulnerable adult when the person who violated such injunction has not been arrested, the petitioner may contact the clerk of the circuit court of the county in which the violation is alleged to have occurred. The clerk of the circuit court shall assist the petitioner in the preparation of an affidavit in support of the violation or direct the petitioner to the office operated by the court within the circuit which has been designated by the chief judge of the judicial circuit as the central intake point for injunction violations and where the petitioner can receive assistance in the preparation of the affidavit in support of the violation.*

(2) *The affidavit shall be immediately forwarded by the clerk of the circuit court or the office assisting the petitioner to the state attorney of the circuit and to the court or judge as the chief judge of the circuit determines to be the recipient of affidavits of violation. If the affidavit alleges that a crime has been committed, the clerk of the circuit court or the office assisting the petitioner shall also forward a copy of the affidavit to the appropriate law enforcement agency for investigation. Within 20 days after receipt of the affidavit, the local law enforcement agency shall complete its investigation and forward the affidavit and a report containing the agency's findings to the state attorney. The state attorney shall determine within 30 business days whether its office will proceed to file criminal charges, prepare a motion for an order to show cause as to why the respondent should not be held in criminal contempt, prepare both as alternative findings, or file notice that the case remains under investigation or is pending subject to another action.*

(3) *If, based on its familiarity with the case, the court has knowledge that the vulnerable adult is in immediate danger if the court fails to act before the decision of the state attorney to prosecute, it should immediately issue an order of appointment of the state attorney to file a motion for an order to show cause as to why the respondent should not be held in contempt. If the court does not issue an order of appointment of the state attorney, it shall immediately notify the state attorney that the court is proceeding to enforce the violation through a ruling of criminal contempt.*

(4)(a) *Except as provided in paragraph (b), a person who willfully violates an injunction for protection against exploitation of a vulnerable adult commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. A person may violate such injunction by:*

2. *Going to or being within 500 feet of the vulnerable adult's residence;*

For purposes of this paragraph, the term "conviction" means a determination of guilt which is the result of a plea or a trial, regardless of whether adjudication is withheld or a plea of nolo contendere is entered.*

(5) *A vulnerable adult who suffers an injury or loss as a result of a violation of an injunction for protection against exploitation of a vulnerable adult may be awarded economic damages and attorney fees and costs for enforcement of such injunction.*

(6) *A financial institution holding assets or having issued a line of credit ordered to be frozen under s. 825.1035 is not considered a party to the action and is not liable for damages or penalty by reason of any action or inaction made in accordance with s. 825.1035. No private cause of action may be brought against a financial institution for any action or inaction made pursuant to an injunction or any other court order entered pursuant to s. 825.1035, unless such action was a knowing and intentional violation of the injunction.*

Section 4. Subsection (6) of section 901.15, Florida Statutes, is amended to read:

(b) *If federal partnership funds are available before the military installation buffer land is acquired, the Division of State Lands shall apply yellow book appraisal standards and must disclose the appraised value to the seller.*

2. *Lease the land at less than appraised or market value to the military installation; or*

3. *Lease the land at rates determined by competitive bid, which may be less than appraised or market value, to private entities to conduct agricultural or silvicultural operations under terms requiring approval of the military installation and that must implement the best management practices applicable to such operations as adopted by the Department of Agriculture and Consumer Services.*

(d) *A conveyance at less than appraised value must state that the land will revert to the board of trustees if the land is not used for its intended purposes as a military installation buffer or if the military installation closes.*

(22) The board of trustees, by an affirmative vote of at least three members, may direct the Department of Environmental Protection to purchase lands on an immediate basis using up to 15 percent of the funds allocated to the department pursuant to s. 259.105 for the acquisition of lands that:

(a) Are listed or placed at auction by the Federal Government as part of the Resolution Trust Corporation sale of lands from failed savings and loan associations;

(b) Are listed or placed at auction by the Federal Government as part of the Federal Deposit Insurance Corporation sale of lands from failed banks; ~~or~~

~~For such acquisitions, the board of trustees may waive or modify all procedures required for land acquisition pursuant to this chapter and all competitive bid procedures required pursuant to chapters 255 and 287. Lands acquired pursuant to this subsection must, at the time of purchase, be on one of the acquisition lists established pursuant to chapter 259, or be essential for water resource development, protection, or restoration, or a significant portion of the lands must contain natural communities or plant or animal species that are listed by the Florida Natural Areas Inventory as critically imperiled, imperiled, or rare, or as excellent quality occurrences of natural communities.~~

(23) *The board of trustees, by an affirmative vote of at least three members, may direct the division to purchase lands on an immediate basis that will prevent or satisfy private property rights claims resulting from limitations imposed by the designation of an area of critical state concern pursuant to chapter 380.*

(24) *For acquisitions directed pursuant to subsection (22) or subsection (23):*

(a) *The board of trustees may waive or modify all procedures required for land acquisition pursuant to this chapter and all competitive bid procedures required pursuant to chapters 255 and 287; and*

(b) If a parcel is estimated to be worth \$500,000 or less and the director of the Division of State Lands finds that the cost of an outside appraisal is not justified, a comparable sales analysis, an appraisal prepared by the division, or other reasonably prudent procedure may be used by the division to estimate the value of the land, provided the public interest is reasonably protected.

Section 2. Subsection (6) of section 259.045, Florida Statutes, is amended to read:

259.045 Purchase of lands in areas of critical state concern; recommendations by department and land authorities.—Within 45 days after the Administration Commission designates an area as an area of critical state concern under s. 380.05, and annually thereafter, the Department of Environmental Protection shall consider the recommendations of the state land planning agency pursuant to s. 380.05(1)(a) relating to purchase of lands within an area of critical state concern or lands outside an area of critical state concern that directly impact an area of critical state concern, which may include lands used to preserve and protect water supply, and shall make recommendations to the board with respect to the purchase of the fee or any lesser interest in any such lands that are:

(6) Lands used to prevent or satisfy private property rights claims resulting from limitations imposed by the designation of an area of critical state concern if the acquisition of such lands fulfills a public purpose listed in s. 259.032(2) or if the parcel is wholly or partially, at the time of acquisition, on one of the board's approved acquisition lists established pursuant to this chapter. For the purposes of this subsection, if a parcel is estimated to be worth \$500,000 or less and the director of the Division of State Lands finds that the cost of an outside appraisal is not justified, a comparable sales analysis, an appraisal prepared by the Division of State Lands, or other reasonably prudent procedures may be used by the Division of State Lands to estimate the value of the parcel, provided the public's interest is reasonably protected.

The department, a local government, a special district, or a land authority within an area of critical state concern may make recommendations with respect to additional purchases which were not included in the state land planning agency recommendations.

Section 3. Paragraph (i) is added to subsection (4) of section 259.105, Florida Statutes, to read:

259.105 The Florida Forever Act.—

(4) It is the intent of the Legislature that projects or acquisitions funded pursuant to paragraphs (3)(a) and (b) contribute to the achievement of the following goals, which shall be evaluated in accordance with specific criteria and numeric performance measures developed pursuant to s. 259.035(4):

(i) Mitigate the effects of natural disasters and floods in developed areas, as measured by:

1. The number of acres acquired within a 100-year floodplain or a coastal high hazard area;
2. The number of acres acquired or developed to serve dual functions as:
 - a. Flow ways or temporary water storage areas during flooding or high water events, not including permanent reservoirs; and
 - b. Greenways or open spaces available to the public for recreation;
3. The number of acres that protect existing open spaces and natural buffer areas within a floodplain that also serve as natural flow ways or natural temporary water storage areas; and
4. The percentage of the land acquired within the project boundary that creates additional open spaces, natural buffer areas, and greenways within a floodplain, while precluding rebuilding in areas that repeatedly flood.

Florida Forever projects and acquisitions funded pursuant to paragraph (3)(c) shall be measured by goals developed by rule by the Florida Communities Trust Governing Board created in s. 380.504.

Section 4. Paragraphs (b) and (c) of subsection (2) of section 288.980, Florida Statutes, are amended to read:

288.980 Military base retention; legislative intent; grants program.—

(2)

2. The department shall submit the list of base buffering encroachment lands to the Florida Defense Support Task Force, created in s. 288.987.

3. The Florida Defense Support Task Force shall, annually by December 1, review the list of base buffering encroachment lands submitted by the military installations and provide its recommendations for ranking the lands for acquisition to the department.

4. The department shall annually submit the list of base buffering encroachment lands provided by the Florida Defense Support Task Force to the Board of Trustees of the Internal Improvement Trust Fund, which may acquire the lands pursuant to s. 253.025. At a minimum, the annual list must contain for each recommended land acquisition:

a. A legal description of the land and its property identification number;

b. A detailed map of the land; and

c. A management and monitoring agreement to ensure the land serves a base buffering purpose. ~~The department may annually submit a list to the Board of Trustees of the Internal Improvement Trust Fund of nonconservation lands to acquire, subject to a specific appropriation, through fee simple purchase or through perpetual, less than fee interest purchase, for the purpose of buffering a military installation against encroachment. The Board of Trustees of the Internal Improvement Trust Fund shall also consider the recommendations of the Florida Defense Support Task Force, created in s. 288.987, when selecting nonconservation lands to purchase for the purpose of securing and protecting a military installation against encroachment. This paragraph does not preclude the acquisition of such lands by local governments through fee simple purchase or through perpetual, less than fee interest purchase, for the purpose of buffering a military installation against encroachment.~~

(c) As used in this subsection, the term "nonconservation lands" means lands acquired for uses other than conservation, outdoor resource-based recreation, or archaeological or historic preservation ~~not~~ subject to acquisition by the Florida Forever Program.

Section 5. Paragraphs (h) and (i) are added to subsection (2) of section 380.0555, Florida Statutes, to read:

The Department of State may, at its discretion, periodically review approved companies to ensure ongoing compliance with the minimum standards for online notarization. The Department of State may adopt rules and standards necessary to implement the requirements of this chapter and such other rules and standards as may be required to facilitate the integrity, security, and reliability of online notarization, including education requirements for online notaries public; the required terms of bonds and errors and omissions insurance, but not including the amounts of such policies; standards regarding identity proofing, credential analysis, unauthorized interception, remote presentation, tamper-evident technology, audio-video communication technology, and retention of the electronic journal and copies of audio-video communications recordings in a secure repository; and may publish lists of technologies that satisfy the standards and are approved for use in online notarizations.

4. *The principal must answer a minimum of 80 percent of the questions correctly.*

5. *The principal may be offered one additional attempt in the event of a failed attempt.*

6. *During the second attempt, the principal may not be presented with more than three questions from the prior attempt.*

(c) *A company is deemed to have satisfied tamper-evident technology requirements by use of technology that renders any subsequent change or modification to the electronic record evident.*

(d) *Use of audio-video communication technology in completing online notarizations which must meet the following requirements:*

possession, or pending litigation, to have authorized the conveyance of, or to have conveyed, the fee simple title, or any interest therein, of the person signing such instruments, or the person in behalf of whom the same was conveyed by a person in an official or representative capacity, to the land therein described as effectively as if there had been no defect in, failure of, or absence of the acknowledgment or the certificate of acknowledgment, if acknowledged, or the relinquishment of dower, and as if there had been no lack of the word “as” preceding the title of the person conveying in an official or representative capacity, of any seal or seals, or of any witness or witnesses, and shall likewise be taken and held by all the courts of this state to have been duly recorded so as to be admissible in evidence;

(2) Provided, however, that this section shall not apply to any conveyance the validity of which shall be contested or have been contested by suit commenced heretofore or within 1 year of the effective date of this law.

Senator Brandes moved the following amendment:

Amendment 1 (739040) (with title amendment)—Delete lines 160-730 and insert:

(5) To safeguard the privacy of innocent persons, the Legislature recognizes that the subjective expectation of privacy in real-time cell-site location data, real-time precise global positioning system location data, and historical precise global positioning system location data that society is now prepared to accept is objectively reasonable. As such, the law enforcement collection of the precise location of a person, cellular phone, or portable electronic communication device without the consent of the person or owner of the cellular phone or portable electronic communication device should be allowed only when authorized by a warrant issued by a court of competent jurisdiction and should remain under the control and supervision of the authorizing court.

(6) The Legislature recognizes that the use of portable electronic communication devices is growing at a rapidly increasing rate. These devices can store, and encourage the storing of, an almost limitless amount of personal and private information. Often linked to the Internet, these devices are commonly used to access personal and business information and databases in computers and servers that can be located anywhere in the world. The user of a portable electronic communication device has a reasonable and justifiable expectation of privacy in the information that these devices contain.

(7) The Legislature recognizes that the use of household electronic devices, including microphone-enabled household devices, is growing at a rapidly increasing rate. These devices often contain microphones that listen for and respond to environmental cues. These household devices are generally connected to and communicate through the Internet, resulting in the storage of and accessibility to daily household information in a device itself or in a remote computing service. Persons should not have to choose between using household technological enhancements and conveniences or preserving the right to privacy in one's home.

Section 2. Subsection (2) of section 934.02, Florida Statutes, is amended, and subsections (27) and (28) are added to that section, to read:

(27) “Microphone-enabled household device” means a device, sensor, or other physical object within a residence:

(b) Capable of creating, receiving, accessing, processing, or storing electronic data or communications;

(c) Which communicates with, by any means, another entity or individual; and

(d) Which contains a microphone designed to listen for and respond to environmental cues.

(28) “Portable electronic communication device” means an object capable of being easily transported or conveyed by a person which is capable of creating, receiving, accessing, or storing electronic data or communications and which communicates with, by any means, another device, entity, or individual.

Section 3. Section 934.21, Florida Statutes, is amended to read:

934.21 Unlawful access to stored communications; penalties.—

(1) Except as provided in subsection (3), whoever:

(a) Intentionally accesses without authorization a facility through which an electronic communication service is provided, or

PRAYER

The following prayer was offered by Major Timothy Gilliam, Area Commander, Salvation Army of Lee, Hendry, and Glades Counties, Fort Myers:

Gracious God, your word tells us that, “Every good thing given and every perfect gift is from above,” and we acknowledge that this morning. You are our great provider and the one who preserves and oversees all things. Hear our prayer.

You know us and the issues of our state better than we do ourselves, so it’s no secret to you that these are trying days. Just in the last six months, we’ve seen storms on every level—both literal and figurative. Hurricane Irma may have caused mass destruction, but it also caused us to join together in our resolve to rebuild and restore. We may have seen humanity at its worst during the Parkland school shooting, but we’ve also seen the community come together—not only to love and support victims and their families—but also to come up with ways to prevent senseless acts like these from repeating themselves in the future. Heroes have emerged within each tragic event we’ve faced—selfless people who, in many instances, gave their all. Our state has become a refuge for tens of thousands of people seeking safety and provision

while their situation back home improves. Grant us the wisdom to know how to handle this, and provide us the resources so no one goes without.

As I stand before this august body of Senators, I pray that you would grant them divine discernment. Give them your anointing, and cover them with your protective hand. May they always put the needs of Florida’s citizens ahead of their own personal needs and self-interests. Give them the strength to live up to the trust bestowed upon them by the people of this great state. May our elected officials be guided by your principles and standards. Remind them that their actions—big or small—have an impact on all Floridians. Constantly remind each of us that we are called to do what is right, not what is necessarily popular or convenient. Help our state blaze a trail for the rest of the nation when it comes to the provision and protection of its people.

God, bless our Governor, Senators, Representatives, and all our elected officials. Encourage them to always do what is honorable. May Florida’s future be as bright as the sun that shines upon it. Grant us your blessings as this prayer is offered in humility and prayed in your name. Amen.

PLEDGE

Senate Pages, Jameson “Jamie” Boswell of DeLand; Eric Odza of Coral Springs; and Kalell Lovely of Princeton, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

Senator Mayfield moved the following amendment to **Amendment 1 (149500)** which was adopted:

Amendment 1A (497406) (with title amendment)—Before line 5 insert:

Section 1. Paragraph (b) of subsection (13) of section 121.091, Florida Statutes, is amended to read:

121.091 Benefits payable under the system.—Benefits may not be paid under this section unless the member has terminated employment as provided in s. 121.021(39)(a) or begun participation in the Deferred Retirement Option Program as provided in subsection (13), and a proper application has been filed in the manner prescribed by the department. The department may cancel an application for retirement benefits when the member or beneficiary fails to timely provide the information and documents required by this chapter and the department's rules. The department shall adopt rules establishing procedures for application for retirement benefits and for the cancellation of such application when the required information or documents are not received.

(13) DEFERRED RETIREMENT OPTION PROGRAM.—In general, and subject to this section, the Deferred Retirement Option Program, hereinafter referred to as DROP, is a program under which an eligible member of the Florida Retirement System may elect to participate, deferring receipt of retirement benefits while continuing employment with his or her Florida Retirement System employer. The deferred monthly benefits shall accrue in the Florida Retirement System on behalf of the member, plus interest compounded monthly, for the specified period of the DROP participation, as provided in paragraph (c). Upon termination of employment, the member shall receive the total DROP benefits and begin to receive the previously determined normal retirement benefits. Participation in the DROP does not guarantee employment for the specified period of DROP. Participation in DROP by an eligible member beyond the initial 60-month period as authorized in this subsection shall be on an annual contractual basis for all participants.

(b) Participation in DROP.—Except as provided in this paragraph, an eligible member may elect to participate in DROP for a period not to exceed a maximum of 60 calendar months.

1.a. An eligible member may elect to participate in DROP for a period not to exceed a maximum of 60 calendar months. However, members who are instructional personnel employed by the Florida School for the Deaf and the Blind and authorized by the Board of Trustees of the Florida School for the Deaf and the Blind, who are instructional personnel as defined in s. 1012.01(2)(a)-(d) in grades K-12 and authorized by the district school superintendent, or who are instructional personnel as defined in s. 1012.01(2)(a) employed by a developmental research school and authorized by the school's director, or if the school has no director, by the school's principal, may participate in DROP for up to 36 calendar months beyond the 60-month period. *Effective July 1, 2018, instructional personnel who are authorized to extend DROP participation beyond the 60-month period must have a termination date that is the last day of the last calendar month of the school year within the DROP extension granted by the employer. If, on July 1, 2018, the member's DROP participation has already been extended for the maximum 36 calendar months and the extension period concludes before the end of the school year, the member's DROP participation may be extended through the last day of the last calendar month of that school year. The employer shall notify the division of the change in termination date and the additional period of DROP participation for the affected instructional personnel.*

b. *Administrative personnel in grades K-12, as defined in s. 1012.01(3), who have a DROP termination date on or after July 1, 2018, may be authorized to extend DROP participation beyond the initial 60 calendar month period if the administrative personnel's termination date is before the end of the school year. Such administrative personnel may have DROP participation extended until the last day of the last calendar month of the school year in which their original DROP termination date occurred if a date other than the last day of the last calendar month of the school year is designated. The employer shall notify the division of the change in termination date and the additional period of DROP participation for the affected administrative personnel.*

2. Upon deciding to participate in DROP, the member shall submit, on forms required by the division:

- a. A written election to participate in DROP;
- b. Selection of DROP participation and termination dates that satisfy the limitations stated in paragraph (a) and subparagraph 1. The termination date must be in a binding letter of resignation to the employer establishing a deferred termination date. The member may change the termination date within the limitations of subparagraph 1., but only with the written approval of the employer;
- c. A properly completed DROP application for service retirement as provided in this section; and
- d. Any other information required by the division.

3. The DROP participant is a retiree under the Florida Retirement System for all purposes, except for paragraph (5)(f) and subsection (9) and ss. 112.3173, 112.363, 121.053, and 121.122. DROP participation is final and may not be canceled by the participant after the first payment is credited during the DROP participation period. However, participation in DROP does not alter the participant's employment status, and the member is not deemed retired from employment until his or her deferred resignation is effective and termination occurs as defined in s. 121.021.

4. Elected officers are eligible to participate in DROP subject to the following:

a. An elected officer who reaches normal retirement date during a term of office may defer the election to participate until the next succeeding term in that office. An elected officer who exercises this option may participate in DROP for up to 60 calendar months or no longer than the succeeding term of office, whichever is less.

b. An elected or a nonelected participant may run for a term of office while participating in DROP and, if elected, extend the DROP termination date accordingly; however, if such additional term of office exceeds the 60-month limitation established in subparagraph 1., and the officer does not resign from office within such 60-month limitation, the retirement and the participant's DROP is null and void as provided in sub-subparagraph (c)5.d.

c. An elected officer who is dually employed and elects to participate in DROP must terminate all employment relationships as provided in s. 121.021(39) for the nonelected position within the original 60-month period or maximum participation period as provided in subparagraph 1. For DROP participation ending:

(I) Before July 1, 2010, the officer may continue employment as an elected officer as provided in s. 121.053. The elected officer shall be enrolled as a renewed member in the Elected Officers' Class or the Regular Class, as provided in ss. 121.053 and 121.122, on the first day of the month after termination of employment in the nonelected position and termination of DROP. Distribution of the DROP benefits shall be made as provided in paragraph (c).

(II) On or after July 1, 2010, the officer may continue employment as an elected officer but must defer termination as provided in s. 121.053.

Section 2. *The Legislature finds that a proper and legitimate state purpose is served when employees and retirees of the state and its political subdivisions, and the dependents, survivors, and beneficiaries of such employees and retirees, are extended the basic protections afforded by governmental retirement systems. These persons must be provided benefits that are fair and adequate and that are managed, administered, and funded in an actuarially sound manner, as required by s. 14, Article X of the State Constitution and part VII of chapter 112, Florida Statutes. Therefore, the Legislature determines and declares that the amendments made to s. 121.091, Florida Statutes, by this act fulfills an important state interest.*

And the title is amended as follows:

Delete line 123 and insert: An act relating to education; amending s. 121.091, F.S.; revising limitations on the maximum length of participation in the Deferred Retirement Option Program for certain instructional personnel and administrative personnel; requiring an employer to notify the Division of Retirement of the Department of Management Services regarding any change in termination date and program participation for each affected member; providing a statement of important state interest; amending s. 1007.2616,

1012.796 Complaints against teachers and administrators; procedure; penalties.—

(1)

(d)1. Each school district shall file in writing with the department all legally sufficient complaints within 30 days after the date on which subject matter of the complaint comes to the attention of the school district, *regardless of whether the subject of the complaint is still an employee of the school district.* A complaint is legally sufficient if it contains ultimate facts that show a violation has occurred as provided in s. 1012.795 and defined by rule of the State Board of Education. The school district shall include all information relating to the complaint which is known to the school district at the time of filing.

2. *A school district shall immediately notify the department if the subject of a legally sufficient complaint of misconduct affecting the health, safety, or welfare of a student resigns or is terminated before the conclusion of the school district's investigation. Upon receipt of the notification, the department shall place an alert on the person's certification file indicating that he or she resigned or was terminated before an investigation involving allegations of misconduct affecting the health, safety, or welfare of a student was concluded. In such circumstances, the database may not include specific information relating to the alleged misconduct until permitted by subsection (4).*

3. Each district school board shall develop and adopt policies and procedures to comply with this reporting requirement. School board policies and procedures must include standards for screening, hiring, and terminating instructional personnel and school administrators, as defined in s. 1012.01; standards of ethical conduct for instructional personnel and school administrators; the duties of instructional personnel and school administrators for upholding the standards; detailed procedures for reporting alleged misconduct by instructional personnel and school administrators which affects the health, safety, or welfare of a student; requirements for the reassignment of instructional personnel or school administrators pending the outcome of a misconduct investigation; and penalties for failing to comply with s. 1001.51 or s. 1012.795. The district school board policies and procedures shall include appropriate penalties for all personnel of the district school board for nonreporting and procedures for promptly informing the district school superintendent of each legally sufficient complaint. The district school superintendent is charged with knowledge of these policies and procedures and is accountable for the training of all instructional personnel and school administrators of the school district on the standards of ethical conduct, policies, and procedures.

4. If the district school superintendent has knowledge of a legally sufficient complaint and does not report the complaint, or fails to enforce the policies and procedures of the district school board, and fails to comply with the requirements of this subsection, in addition to other actions against certificateholders authorized by law, the district school superintendent is subject to penalties as specified in s. 1001.51(12).

5. If the superintendent determines that misconduct by instructional personnel or school administrators who hold an educator certificate affects the health, safety, or welfare of a student and the misconduct warrants termination, the instructional personnel or school administrators may resign or be terminated, and the superintendent must report the misconduct to the department in the format prescribed by the department. The department shall maintain each report of misconduct as a public record in the instructional personnel's or school administrators' certification files. This paragraph does not limit or restrict the power and duty of the department to investigate complaints, regardless of the school district's untimely filing, or failure to file, complaints and followup reports.

(e) If allegations arise against an employee who is certified under s. 1012.56 and employed in an educator-certificated position in any public school, charter school or governing board thereof, or private school that accepts scholarship students under s. 1002.39 or s. 1002.395, the school shall file in writing with the department a legally sufficient complaint within 30 days after the date on which the subject matter of the complaint came to the attention of the school, *regardless of whether the*

subject of the allegations is still an employee of the school. A complaint is legally sufficient if it contains ultimate facts that show a violation has occurred as provided in s. 1012.795 and defined by rule of the State Board of Education. The school shall include all known information relating to the complaint with the filing of the complaint. This paragraph does not limit or restrict the power and duty of the department to investigate complaints, regardless of the school's untimely filing, or failure to file, complaints and followup reports. A school described in this paragraph shall immediately notify the department if the subject of a legally sufficient complaint of misconduct affecting the health, safety, or welfare of a student resigns or is terminated before the conclusion of the school's investigation. Upon receipt of the notification, the department shall place an alert on the person's certification file indicating that he or she resigned or was terminated before an investigation involving allegations of misconduct affecting the health, safety, or welfare of a student was concluded. In such circumstances, the database may not include specific information relating to the alleged misconduct until permitted by subsection (4).

(7) A panel of the commission shall enter a final order either dismissing the complaint or imposing one or more of the following penalties:

(a) Denial of an application for a ~~teaching~~ certificate or for an administrative or supervisory endorsement on a teaching certificate. The denial may provide that the applicant may not reapply for certification, and that the department may refuse to consider that applicant's application, for a specified period of time or permanently.

(d) Placement of the teacher, administrator, or supervisor on probation for a period of time and subject to such conditions as the commission may specify, including requiring the certified teacher, administrator, or supervisor to complete additional appropriate college courses or work with another certified educator, with the administrative costs of monitoring the probation assessed to the educator placed on probation. An educator who has been placed on probation shall, at a minimum:

1. Immediately notify the investigative office in the Department of Education upon employment or *separation from* ~~termination of~~ employment ~~in the state~~ in any public or private position requiring a Florida educator's certificate.

2. Have his or her immediate supervisor submit annual performance reports to the investigative office in the Department of Education.

3. Pay to the commission within the first 6 months of each probation year the administrative costs of monitoring probation assessed to the educator.

4. Violate no law and fully comply with all district school board policies, school rules, and State Board of Education rules.

5. Satisfactorily perform his or her assigned duties in a competent, professional manner.

6. Bear all costs of complying with the terms of a final order entered by the commission.

The penalties imposed under this subsection are in addition to, and not in lieu of, the penalties required for a third recruiting offense pursuant to s. 1006.20(2)(b).

Amendment 1C (826168) (with title amendment)—Between lines 115 and 116 insert:

Section 2. Paragraph (b) of subsection (3) of section 1008.22, Florida Statutes, is amended to read:

1008.22 Student assessment program for public schools.—

(3) STATEWIDE, STANDARDIZED ASSESSMENT PROGRAM.—The Commissioner of Education shall design and implement a statewide, standardized assessment program aligned to the core curricular content established in the Next Generation Sunshine State Standards. The commissioner also must develop or select and implement a common battery of assessment tools that will be used in all juvenile justice education programs in the state. These tools must accurately measure the core curricular content established in the Next Generation Sunshine State Standards. Participation in the assessment program is mandatory for all school districts and all students attending public schools, including adult students seeking a standard high school diploma under s. 1003.4282 and students in Department of Juvenile Justice education programs, except as otherwise provided by law. If a student does not participate in the assessment program, the school district must notify the student's parent and provide the parent with information regarding the implications of such nonparticipation. The statewide, standardized assessment program shall be designed and implemented as follows:

(b) *End-of-course (EOC) assessments.*—EOC assessments must be statewide, standardized, and developed or approved by the Department of Education as follows:

1. EOC assessments for Algebra I, Geometry, Biology I, United States History, and Civics shall be administered to students enrolled in such courses as specified in the course code directory.

2. Students enrolled in a course, as specified in the course code directory, with an associated statewide, standardized EOC assessment must take the EOC assessment for such course and may not take the corresponding subject or grade-level statewide, standardized assessment pursuant to paragraph (a). Sections 1003.4156 and 1003.4282 govern the use of statewide, standardized EOC assessment results for students.

3. The commissioner may select one or more nationally developed comprehensive examinations, which may include examinations for a College Board Advanced Placement course, International Baccalaureate course, or Advanced International Certificate of Education course, or industry-approved examinations to earn national industry certifications identified in the CAPE Industry Certification Funding List, for use as

EOC assessments under this paragraph if the commissioner determines that the content knowledge and skills assessed by the examinations meet or exceed the grade-level expectations for the core curricular content established for the course in the Next Generation Sunshine State Standards. Use of any such examination as an EOC assessment must be approved by the state board in rule.

4. Contingent upon funding provided in the General Appropriations Act, including the appropriation of funds received through federal grants, the commissioner may establish an implementation schedule for the development and administration of additional statewide, standardized EOC assessments that must be approved by the state board in rule. If approved by the state board, student performance on such assessments constitutes 10 ~~30~~ percent of a student's final course grade.

5. All statewide, standardized EOC assessments must be administered online except as otherwise provided in paragraph (c).

6. *A student enrolled in an Advanced Placement (AP), International Baccalaureate (IB), or Advanced International Certificate of Education (AICE) course who takes the respective AP, IB, or AICE assessment and earns the minimum score necessary to earn college credit, as identified in s. 1007.27(2), meets the requirements of this paragraph and does not have to take the EOC assessment for the course.*

Section 3. Subsection (1) of section 1003.4156, Florida Statutes, is amended to read:

1003.4156 General requirements for middle grades promotion.—

(1) In order for a student to be promoted to high school from a school that includes middle grades 6, 7, and 8, the student must successfully complete the following courses:

(a) Three middle grades or higher courses in English Language Arts (ELA).

(b) Three middle grades or higher courses in mathematics. Each school that includes middle grades must offer at least one high school level mathematics course for which students may earn high school credit. Successful completion of a high school level Algebra I or Geometry course is not contingent upon the student's performance on the statewide, standardized end-of-course (EOC) assessment. To earn high school credit for Algebra I, a middle grades student must take the statewide, standardized Algebra I EOC assessment and pass the course, and in addition, beginning with the 2018-2019 ~~2013-2014~~ school year and thereafter, a student's performance on the Algebra I EOC assessment constitutes 10 ~~30~~ percent of the student's final course grade. To earn high school credit for a Geometry course, a middle grades student must take the statewide, standardized Geometry EOC assessment, which constitutes 10 ~~30~~ percent of the student's final course grade, and earn a passing grade in the course.

(c) Three middle grades or higher courses in social studies. Beginning with students entering grade 6 in the 2012-2013 school year, one of these courses must be at least a one-semester civics education course that includes the roles and responsibilities of federal, state, and local governments; the structures and functions of the legislative, executive, and judicial branches of government; and the meaning and significance of historic documents, such as the Articles of Confederation, the Declaration of Independence, and the Constitution of the United States. Beginning with the 2018-2019 ~~2013-2014~~ school year, each student's performance on the statewide, standardized EOC assessment in civics education required under s. 1008.22 constitutes 10 ~~30~~ percent of the student's final course grade. A middle grades student who transfers into the state's public school system from out of country, out of state, a private school, or a home education program after the beginning of the second term of grade 8 is not required to meet the civics education requirement for promotion from the middle grades if the student's transcript documents passage of three courses in social studies or two year-long courses in social studies that include coverage of civics education.

(d) Three middle grades or higher courses in science. Successful completion of a high school level Biology I course is not contingent upon the student's performance on the statewide, standardized EOC assessment required under s. 1008.22. However, beginning with the 2018-2019 ~~2012-2013~~ school year, to earn high school credit for a Biology I

course, a middle grades student must take the statewide, standardized Biology I EOC assessment, which constitutes 10 ~~30~~ percent of the student's final course grade, and earn a passing grade in the course.

Section 4. Paragraphs (b), (c), and (d) of subsection (3), subsection (7), and paragraph (e) of subsection (9) of section 1003.4282, Florida Statutes, are amended to read:

1003.4282 Requirements for a standard high school diploma.—

(3) STANDARD HIGH SCHOOL DIPLOMA; COURSE AND ASSESSMENT REQUIREMENTS.—

(b) *Four credits in mathematics.*—A student must earn one credit in Algebra I and one credit in Geometry. A student's performance on the statewide, standardized Algebra I end-of-course (EOC) assessment constitutes 10 ~~30~~ percent of the student's final course grade. A student must pass the statewide, standardized Algebra I EOC assessment, or earn a comparative score, in order to earn a standard high school diploma. A student's performance on the statewide, standardized Geometry EOC assessment constitutes 10 ~~30~~ percent of the student's final course grade. A student who earns an industry certification for which there is a statewide college credit articulation agreement approved by the State Board of Education may substitute the certification for one mathematics credit. Substitution may occur for up to two mathematics credits, except for Algebra I and Geometry.

(c) *Three credits in science.*—Two of the three required credits must have a laboratory component. A student must earn one credit in Biology I and two credits in equally rigorous courses. The statewide, standardized Biology I EOC assessment constitutes 10 ~~30~~ percent of the student's final course grade. A student who earns an industry certification for which there is a statewide college credit articulation agreement approved by the State Board of Education may substitute the certification for one science credit, except for Biology I.

(d) *Three credits in social studies.*—A student must earn one credit in United States History; one credit in World History; one-half credit in economics, which must include financial literacy; and one-half credit in United States Government. The United States History EOC assessment constitutes 10 ~~30~~ percent of the student's final course grade.

(7) UNIFORM TRANSFER OF HIGH SCHOOL CREDITS.—~~Beginning with the 2012-2013 school year,~~ If a student transfers to a Florida public high school from out of country, out of state, a private school, or a home education program and the student's transcript shows a credit in Algebra I, the student must pass the statewide, standardized Algebra I EOC assessment in order to earn a standard high school diploma unless the student earned a comparative score, passed a statewide assessment in Algebra I administered by the transferring entity, or passed the statewide mathematics assessment the transferring entity uses to satisfy the requirements of the Elementary and Secondary Education Act, 20 U.S.C. s. 6301. If a student's transcript shows a credit in high school reading or English Language Arts II or III, in order to earn a standard high school diploma, the student must take and pass the statewide, standardized grade 10 Reading assessment or, when implemented, the grade 10 ELA assessment, or earn a concordant score. If a transfer student's transcript shows a final course grade and course credit in Algebra I, Geometry, Biology I, or United States History, the transferring course final grade and credit shall be honored without the student taking the requisite statewide, standardized EOC assessment and without the assessment results constituting 10 ~~30~~ percent of the student's final course grade.

(9) COHORT TRANSITION TO NEW GRADUATION REQUIREMENTS.—The requirements of this section, in addition to applying to students entering grade 9 in the 2013-2014 school year and thereafter, shall also apply to students entering grade 9 before the 2013-2014 school year, except as otherwise provided in this subsection.

(e) Policy adopted in rule by the district school board may require for any cohort of students that performance on a statewide, standardized EOC assessment constitute 10 ~~30~~ percent of a student's final course grade.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Benacquisto moved the following amendment:

Amendment 1 (397172) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Paragraph (c) of subsection (2) of section 409.967, Florida Statutes, is amended to read:

409.967 Managed care plan accountability.—

(2) The agency shall establish such contract requirements as are necessary for the operation of the statewide managed care program. In addition to any other provisions the agency may deem necessary, the contract must require:

(c) *Access.*—

1. The agency shall establish specific standards for the number, type, and regional distribution of providers in managed care plan networks to ensure access to care for both adults and children. Each plan must maintain a regionwide network of providers in sufficient numbers to meet the access standards for specific medical services for all recipients enrolled in the plan. The exclusive use of mail-order pharmacies may not be sufficient to meet network access standards. Consistent with the standards established by the agency, provider networks may include providers located outside the region. A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge. Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to both the agency and the public and have the capability to compare the availability of providers to network adequacy standards and to accept and display feedback from each provider's patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider.

2. Each managed care plan must publish any prescribed drug formulary or preferred drug list on the plan's website in a manner that is accessible to and searchable by enrollees and providers. The plan must update the list within 24 hours after making a change. Each plan must ensure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers. For Medicaid recipients diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency's hemophilia disease management program.

3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.

5. Managed care plans serving children in the care and custody of the Department of Children and Families must maintain complete medical, dental, and behavioral health encounter information and participate in making such information available to the department or the applicable contracted community-based care lead agency for use in providing comprehensive and coordinated case management. The agency and the department shall establish an interagency agreement to provide guidance for the format, confidentiality, recipient, scope, and method of information to be made available and the deadlines for submission of the data. Section 2. Section 456.0301, Florida Statutes, is created to read:

456.0301 *Requirement for instruction on controlled substance prescribing.*

(1)(a) *The appropriate board shall require each person registered with the United States Drug Enforcement Administration and authorized to prescribe controlled substances pursuant to 21 U.S.C. s. 822 to complete a board-approved 2-hour continuing education course on prescribing controlled substances offered by a statewide professional association of physicians in this state that is accredited to provide educational activities designated for the American Medical Association*

Physician's Recognition Award Category 1 Credit or the American Osteopathic Category 1-A continuing medical education credit as part of biennial license renewal. The course must include information on the current standards for prescribing controlled substances, particularly opiates; alternatives to these standards; nonpharmacological therapies; prescribing emergency opioid antagonists; and the risks of opioid addiction following all stages of treatment in the management of acute pain. The course may be offered in a distance learning format and must be included within the number of continuing education hours required by law. The department may not renew the license of any prescriber registered with the United States Drug Enforcement Administration to prescribe controlled substances who has failed to complete the course. The course must be completed by January 31, 2019, and at each subsequent renewal. This paragraph does not apply to a licensee who is required by his or her applicable practice act to complete a minimum of 2 hours of continuing education on the safe and effective prescribing of controlled substances.

(b) Each practitioner required to complete the course required in paragraph (a) shall submit confirmation of having completed such course when applying for biennial license renewal.

(c) Each licensing board that requires a licensee to complete an educational course pursuant to this subsection must include the hours required for completion of the course in the total hours of continuing education required by law for such profession unless the continuing education requirements for such profession consist of fewer than 30 hours biennially.

(2) Each board may adopt rules to administer this section.

Section 3. Paragraph (gg) of subsection (1) of section 456.072, Florida Statutes, is amended to read:

456.072 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(gg) Engaging in a pattern of practice when prescribing medicinal drugs or controlled substances which demonstrates a lack of reasonable skill or safety to patients, a violation of ~~any provision of~~ this chapter or ss. 893.055 and 893.0551, a violation of the applicable practice act, or a violation of any rules adopted under this chapter or the applicable practice act of the prescribing practitioner. Notwithstanding s. 456.073(13), the department may initiate an investigation and establish such a pattern from billing records, data, or any other information obtained by the department.

Section 4. Paragraphs (a) through (g) of subsection (1) of section 456.44, Florida Statutes, are redesignated as paragraphs (b) through (h), respectively, a new paragraph (a) is added to that subsection, subsection (3) of that section is amended, and subsections (4), (5), and (6) are added to that section, to read:

456.44 Controlled substance prescribing.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Acute pain" means the normal, predicted, physiological, and time-limited response to an adverse chemical, thermal, or mechanical stimulus associated with surgery, trauma, or acute illness. The term does not include pain related to:

1. Cancer.

2. A terminal condition. For purposes of this subparagraph, the term "terminal condition" means a progressive disease or medical or surgical condition that causes significant functional impairment, is not considered by a treating physician to be reversible without the administration of life-sustaining procedures, and will result in death within 1 year after diagnosis if the condition runs its normal course.

3. Palliative care to provide relief of symptoms related to an incurable, progressive illness or injury.

4. A traumatic injury with an Injury Severity Score of 9 or greater.

(3) STANDARDS OF PRACTICE FOR TREATMENT OF CHRONIC NONMALIGNANT PAIN.—The standards of practice in this section do not supersede the level of care, skill, and treatment recognized in general law related to health care licensure.

(a) A complete medical history and a physical examination must be conducted before beginning any treatment and must be documented in the medical record. The exact components of the physical examination shall be left to the judgment of the registrant who is expected to perform a physical examination proportionate to the diagnosis that justifies a treatment. The medical record must, at a minimum, document the nature and intensity of the pain, current and past treatments for pain, underlying or coexisting diseases or conditions, the effect of the pain on physical and psychological function, a review of previous medical records, previous diagnostic studies, and history of alcohol and substance abuse. The medical record shall also document the presence of one or more recognized medical indications for the use of a controlled substance. Each registrant must develop a written plan for assessing each patient's risk of aberrant drug-related behavior, which may include patient drug testing. Registrants must assess each patient's risk for aberrant drug-related behavior and monitor that risk on an ongoing basis in accordance with the plan.

(b) Each registrant must develop a written individualized treatment plan for each patient. The treatment plan shall state objectives that will be used to determine treatment success, such as pain relief and improved physical and psychosocial function, and shall indicate if any further diagnostic evaluations or other treatments are planned. After treatment begins, the registrant shall adjust drug therapy to the individual medical needs of each patient. Other treatment modalities, including a rehabilitation program, shall be considered depending on the etiology of the pain and the extent to which the pain is associated with physical and psychosocial impairment. The interdisciplinary nature of the treatment plan shall be documented.

(c) The registrant shall discuss the risks and benefits of the use of controlled substances, including the risks of abuse and addiction, as well as physical dependence and its consequences, with the patient, persons designated by the patient, or the patient's surrogate or guardian if the patient is incompetent. The registrant shall use a written controlled substance agreement between the registrant and the patient outlining the patient's responsibilities, including, but not limited to:

1. Number and frequency of controlled substance prescriptions and refills.

2. Patient compliance and reasons for which drug therapy may be discontinued, such as a violation of the agreement.

3. An agreement that controlled substances for the treatment of chronic nonmalignant pain shall be prescribed by a single treating registrant unless otherwise authorized by the treating registrant and documented in the medical record.

(d) The patient shall be seen by the registrant at regular intervals, not to exceed 3 months, to assess the efficacy of treatment, ensure that controlled substance therapy remains indicated, evaluate the patient's progress toward treatment objectives, consider adverse drug effects, and review the etiology of the pain. Continuation or modification of therapy shall depend on the registrant's evaluation of the patient's progress. If treatment goals are not being achieved, despite medication adjustments, the registrant shall reevaluate the appropriateness of continued treatment. The registrant shall monitor patient compliance in medication usage, related treatment plans, controlled substance agreements, and indications of substance abuse or diversion at a minimum of 3-month intervals.

(e) The registrant shall refer the patient as necessary for additional evaluation and treatment in order to achieve treatment objectives. Special attention shall be given to those patients who are at risk for misusing their medications and those whose living arrangements pose a risk for medication misuse or diversion. The management of pain in patients with a history of substance abuse or with a comorbid psychiatric disorder requires extra care, monitoring, and documentation and requires consultation with or referral to an addiction medicine specialist or a psychiatrist.

(f) A registrant must maintain accurate, current, and complete records that are accessible and readily available for review and comply with the requirements of this section, the applicable practice act, and applicable board rules. The medical records must include, but are not limited to:

1. The complete medical history and a physical examination, including history of drug abuse or dependence.
2. Diagnostic, therapeutic, and laboratory results.
3. Evaluations and consultations.
4. Treatment objectives.
5. Discussion of risks and benefits.
6. Treatments.
7. Medications, including date, type, dosage, and quantity prescribed.
8. Instructions and agreements.
9. Periodic reviews.
10. Results of any drug testing.
11. A photocopy of the patient's government-issued photo identification.
12. If a written prescription for a controlled substance is given to the patient, a duplicate of the prescription.
13. The registrant's full name presented in a legible manner.

(g) A registrant shall immediately refer patients with signs or symptoms of substance abuse to a board-certified pain management physician, an addiction medicine specialist, or a mental health addiction facility as it pertains to drug abuse or addiction unless the registrant is a physician who is board-certified or board-eligible in pain management. Throughout the period of time before receiving the consultant's report, a prescribing registrant shall clearly and completely document medical justification for continued treatment with controlled substances and those steps taken to ensure medically appropriate use of controlled substances by the patient. Upon receipt of the consultant's written report, the prescribing registrant shall incorporate the consultant's recommendations for continuing, modifying, or discontinuing controlled substance therapy. The resulting changes in treatment shall be specifically documented in the patient's medical record. Evidence or behavioral indications of diversion shall be followed by discontinuation of controlled substance therapy, and the patient shall be discharged, and all results of testing and actions taken by the registrant shall be documented in the patient's medical record.

This subsection does not apply to a board-eligible or board-certified anesthesiologist, physiatrist, rheumatologist, or neurologist, or to a board-certified physician who has surgical privileges at a hospital or ambulatory surgery center and primarily provides surgical services. This subsection does not apply to a board-eligible or board-certified medical specialist who has also completed a fellowship in pain medicine approved by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association, or who is board eligible or board certified in pain medicine by the American Board of Pain Medicine, the American Board of Interventional Pain Physicians, the American Association of Physician Specialists, or a board approved by the American Board of Medical Specialties or the American Osteopathic Association and performs interventional pain procedures of the type routinely billed using surgical codes. This subsection does not apply to a registrant who prescribes medically necessary controlled substances for a patient during an inpatient stay in a hospital licensed under chapter 395.

(4) **STANDARDS OF PRACTICE FOR TREATMENT OF ACUTE PAIN.**—*The applicable boards shall adopt rules establishing guidelines for prescribing controlled substances for acute pain, including evaluation of the patient, creation and maintenance of a treatment plan, obtaining informed consent and agreement for treatment, periodic review of the treatment plan, consultation, medical record review, and com-*

pliance with controlled substance laws and regulations. Failure of a prescriber to follow such guidelines constitutes grounds for disciplinary action pursuant to s. 456.072(1)(gg), punishable as provided in s. 456.072(2).

(5) **PRESCRIPTION SUPPLY.**—

(a) *For the treatment of acute pain, a prescription for an opioid drug listed as a Schedule II controlled substance in s. 893.03 or 21 U.S.C. s. 812 may not exceed a 3-day supply, except that up to a 7-day supply may be prescribed if:*

1. *The prescriber, in his or her professional judgment, believes that more than a 3-day supply of such an opioid is medically necessary to treat the patient's pain as an acute medical condition;*

2. *The prescriber indicates "MEDICALLY NECESSARY FOR ACUTE PAIN" on the prescription; and*

3. *The prescriber adequately documents in the patient's medical records the acute medical condition and lack of alternative treatment options that justify deviation from the 3-day supply limit established in this subsection.*

(b) *For the treatment of pain other than acute pain, a prescriber must indicate "FOR NONACUTE PAIN" on a prescription for an opioid drug listed as a Schedule II controlled substance in s. 893.03 or 21 U.S.C. s. 812.*

(6) **EMERGENCY OPIOID ANTAGONIST.**—*For the treatment of pain related to a traumatic injury with an Injury Severity Score of 9 or greater, a prescriber who prescribes a Schedule II controlled substance listed in s. 893.03 or 21 U.S.C. s. 812 must concurrently prescribe an emergency opioid antagonist, as defined in s. 381.887(1).*

3. Patrons who believe they may be compulsively playing covered games may request that their names be placed on the list of patrons voluntarily excluded from the Tribe’s facilities.

All covered games employees shall also be screened by the Tribe for compulsive gambling habits. Nothing in this subsection shall create for patrons, or any other person, a cause of action or claim against the state, the Tribe or the commission, or any other person, entity, or agency for failing to identify a patron or person who is a compulsive gambler or ask that person to leave.

(e) The Tribe shall follow the rules for exclusion of patrons set forth in the Seminole Tribal Gaming Code.

(g) The Tribe shall ensure that any advertising and marketing of covered games at the facilities contains a responsible gambling message and a toll-free help-line number for problem gamblers, where practical, and that such advertising and marketing make no false or misleading claims.

(5) The state may secure an annual independent audit of the conduct of covered games subject to this compact, as set forth in Part VIII.

(6) The facility shall visibly display summaries of the rules for playing covered games and promotional contests and shall make available complete sets of rules upon request. The Tribe shall provide copies of all such rules to the state compliance agency within 30 calendar days after issuance or amendment.

(7) The Tribe shall provide the commission and state compliance agency with a chart of the supervisory lines of authority with respect to those directly responsible for the conduct of covered games, and shall promptly notify those agencies of any material changes to the chart.

(8) The Tribe shall continue to maintain proactive approaches to prevent improper alcohol sales, drunk driving, underage drinking, and underage gambling. These approaches shall involve intensive staff training, screening and certification, patron education, and the use of security personnel and surveillance equipment in order to enhance patrons' enjoyment of the facilities and provide for patron safety.

(e) The Tribe shall maintain these programs and policies in its Alcohol Beverage Control Act for the duration of the compact but may replace such programs and policies with stricter or more extensive programs and policies. The Tribe shall provide the state with written notice of any changes to the Tribe's Alcohol Beverage Control Act, which notice shall include a copy of such changes and shall be sent on or before the effective date of the change. Nothing in this subsection shall create for patrons, or any other person, a cause of action or claim against the state, the Tribe or the commission, or any other person, entity, or agency for failing to fulfill the requirements of this subsection.

(9) A person under 21 years of age may not play covered games, unless otherwise permitted by state law.

(10) The Tribe may establish and operate facilities that operate covered games only on its Indian lands as defined by the Indian Gaming Regulatory Act and as specified in Part IV.

PART VI

PATRON DISPUTES, WORKERS' COMPENSATION, TORT CLAIMS; PRIZE CLAIMS; LIMITED CONSENT TO SUIT.—

(1) All patron disputes involving gaming shall be resolved in accordance with the procedures established in the Seminole Tribal Gaming Code.

(2) Tort claims by employees of the Tribe's facilities will be handled pursuant to the provisions of the Tribe's Workers' Compensation Ordinance, which shall provide workers the same or better protections as provided in state workers' compensation laws.

(3) Disputes involving employees of the Tribe's facilities will be handled pursuant to the provisions of the Tribe's policy for gaming employees, as set forth in the Employee Fair Treatment and Dispute Resolution Policy.

(4) A patron who claims to have been injured after the effective date of the compact at one of the Tribe's facilities in which covered games are played is required to provide written notice to the Tribe's Risk Management Department or the facility, in a reasonable and timely manner, but no longer than three years after the date of the incident giving rise to the claimed injury, or the claim shall be forever barred.

(5) The Tribe shall have 30 days to respond to a claim made by a patron. If the Tribe fails to respond within 30 days, the patron may file suit against the Tribe. When the Tribe responds to an incident alleged to have caused a patron's injury or illness, the Tribe shall provide a claim form to the patron. The form must include the address for the Tribe's Risk Management Department and provide notice of the Tribe's administrative procedures for addressing patron tort claims, including notice of the relevant deadlines that may bar such claims if the Tribe's administrative procedures are not followed. It is the patron's responsibility to complete the form and forward the form to the Tribe's Risk Management Department within a reasonable period of time, and in a reasonable and timely manner. Nothing herein shall interfere with any claim a patron might have arising under the Federal Tort Claim Act.

(6) Upon receiving written notification of the claim, the Tribe's Risk Management Department shall forward the notification to the Tribe's insurance carrier. The Tribe shall use its best efforts to ensure that the insurance carrier contacts the patron within a reasonable period of time after receipt of the claim.

(7) The insurance carrier shall handle the claim to conclusion. If the patron, Tribe, and insurance carrier are not able to resolve the claim in good faith within one year after the patron provided written notice to the Tribe's Risk Management Department or the facility, the patron may bring a tort claim against the Tribe in any court of competent jurisdiction in the county in which the incident alleged to have caused injury occurred, as provided in this compact, and subject to a four-year statute of limitations, which shall begin to run from the date of the incident of the injury alleged in the claim. A patron's notice of injury to the Tribe pursuant to subsection (4) and the fulfillment of the good faith attempt at resolution pursuant to this part are conditions precedent to filing suit.

(8) For tort claims of patrons made pursuant to subsection (4), the Tribe agrees to waive its tribal sovereign immunity to the same extent as the state waives its sovereign immunity, as specified in s. 768.28(1) and (5), Florida Statutes, as such provision may be amended from time to time by the Legislature. In no event shall the Tribe be deemed to have waived its tribal immunity from suit beyond the limits set forth in s. 768.28(5), Florida Statutes. These limitations are intended to include liability for compensatory damages, costs, pre-judgment interest, and attorney fees if otherwise allowable under state law arising out of any claim brought or asserted against the Tribe, its subordinate governmental and economic units, any Tribal officials, employees, servants, or agents in their official capacities and any entity which is owned, directly or indirectly, by the Tribe. All patron tort claims brought pursuant to this provision shall be brought solely against the Tribe, as the sole party in interest.

(9) Notices explaining the procedures and time limitations with respect to making a tort claim shall be prominently displayed in the facilities, posted on the Tribe's website, and provided to any patron for

whom the Tribe has notice of the injury or property damage giving rise to the tort claim. Such notices shall explain:

(a) The method and places for making a tort claim, including where the patron must submit the claim.

(b) That the process is the exclusive method for asserting a tort claim arising under this section against the Tribe.

(c) That the Tribe and its insurance carrier have one year from the date the patron gives notice of the claim to resolve the matter, and that after that time, the patron may file suit in a court of competent jurisdiction.

(d) That the exhaustion of the process is a prerequisite to filing a claim in state court.

(e) That claims that fail to follow this process shall be forever barred.

(10) The Tribe shall maintain an insurance policy that shall:

(a) Prohibit the insurer or the Tribe from invoking tribal sovereign immunity for claims up to the limits to which the state has waived sovereign immunity as set forth in s. 768.28(5), Florida Statutes, or its successor statute.

(b) Include covered claims made by a patron or invitee for personal injury or property damage.

(c) Permit the insurer or the Tribe to assert any statutory or common law defense other than sovereign immunity.

(d) Provide that any award or judgment rendered in favor of a patron or invitee shall be satisfied solely from insurance proceeds.

(11) The Tribal Council of the Seminole Tribe of Florida may, in its discretion, consider claims for compensation in excess of the limits of the Tribe's waiver of its sovereign immunity.

PART VII

ENFORCEMENT OF COMPACT PROVISIONS.—

(1) The Tribe, the commission, and the state compliance agency, to the extent authorized by this compact, shall be responsible for regulating activities pursuant to this compact. As part of its responsibilities, the Tribe shall adopt or issue standards designed to ensure that the facilities are constructed, operated, and maintained in a manner that adequately protects the environment and public health and safety. Additionally, the Tribe and the commission shall ensure that:

(a) Operation of the conduct of covered games is in strict compliance with:

1. The Seminole Tribal Gaming Code.
2. All rules, regulations, procedures, specifications, and standards lawfully adopted by the National Indian Gaming Commission and the commission.
3. The provisions of this compact, including, but not limited to, the Tribe's standards and rules.

(b) Reasonable measures are taken to:

1. Ensure the physical safety of facility patrons, employees, and any other person while in the facility.
2. Prevent illegal activity at the facilities or with regard to the operation of covered games, including, but not limited to, the maintenance of employee procedures and a surveillance system.
3. Ensure prompt notification is given, in accordance with applicable law, to appropriate law enforcement authorities of persons who may be involved in illegal acts.
4. Ensure that the construction and maintenance of the facilities complies with the standards of the Florida Building Code, the provisions of which the Tribe has adopted as the Seminole Tribal Building Code.

5. Ensure adequate emergency access plans have been prepared to ensure the health and safety of all covered game patrons.

(2) All licenses for members and employees of the commission shall be issued according to the same standards and terms applicable to facility employees. The commission's officers shall be independent of the Tribal gaming operations, and shall be supervised by and accountable only to the commission. A commission officer shall be available to the facility during all hours of operation upon reasonable notice, and shall have immediate access to any and all areas of the facility for the purpose of ensuring compliance with the provisions of this compact. The commission shall investigate any suspected or reported violation of this part and shall officially enter into its files timely written reports of investigations and any action taken thereon, and shall forward copies of such investigative reports to the state compliance agency within 30 calendar days after such filing. The scope of such reporting shall be determined by the commission and the state compliance agency as soon as practicable after the effective date of this compact. Any such violations shall be reported immediately to the commission, and the commission shall immediately forward such reports to the state compliance agency. In addition, the commission shall promptly report to the state compliance agency any such violations which it independently discovers.

(3) In order to develop and foster a positive and effective relationship in the enforcement of the provisions of this compact, representatives of the commission and the state compliance agency shall meet at least annually to review past practices and examine methods to improve the regulatory scheme created by this compact. The meetings shall take place at a location mutually agreed upon by the commission and the state compliance agency. The state compliance agency, before or during such meetings, shall disclose to the commission any concerns, suspected activities, or pending matters reasonably believed to constitute violations of the compact by any person, organization, or entity, if such disclosure will not compromise the interest sought to be protected.

PART VIII

STATE MONITORING OF COMPACT.—

(1) It is the express intent of the Tribe and the state for the Tribe to regulate its own gaming activities. Notwithstanding, the state shall conduct random inspections as provided for in this part to ensure that the Tribe is operating in accordance with the terms of the compact. The state may secure an annual independent audit of the conduct of covered games subject to this compact and the Tribe shall cooperate with such audit. The audit shall:

(a) Examine the covered games operated by the Tribe to ensure compliance with the Tribe's Internal Control Policies and Procedures and any other standards, policies, or procedures adopted by the Tribe, the commission, or the National Indian Gaming Commission which govern the play of covered games.

(2) A copy of the audit report for the conduct of covered games shall be submitted to the commission and the state compliance agency within 30 calendar days after completion. Representatives of the state compliance agency may, upon request, meet with the Tribe and its auditors to discuss the audit or any matters in connection therewith; provided that such discussions are limited to covered games information. The annual independent audit shall be performed by an independent firm selected by the state which has experience in auditing casino operations, subject to the consent of the Tribe, which shall not be unreasonably withheld. The Tribe shall pay for the cost of the annual independent audit.

(3) As provided herein, the state compliance agency may monitor the conduct of covered games to ensure that the covered games are conducted in compliance with the provisions of this compact. In order to properly monitor the conduct of covered games, agents of the state compliance agency shall have reasonable access, without prior notice, to all public areas of the facilities related to the conduct of covered games.

(a) The state compliance agency may review whether the Tribe's facilities are in compliance with the provisions of this compact and the Tribe's rules and regulations applicable to covered games and may advise on such issues as it deems appropriate. In the event of a dispute or disagreement between Tribal and state compliance agency regulators, the dispute or disagreement shall be resolved in accordance with the dispute resolution provisions of Part XIII.

(b) In order to fulfill its oversight responsibilities, the state compliance agency may perform on a routine basis specific oversight testing procedures as set forth in paragraph (c).

(c)1. The state compliance agency may inspect any covered games in operation at the facilities on a random basis, provided that such inspections may not exceed one inspection per facility per calendar month and the inspection may not exceed 16 hours spread over those two consecutive days, unless the state compliance agency determines that additional inspection hours are needed to address the issues of substantial noncompliance, provided that the state compliance agency provides the Tribe with written notification of the need for additional inspection hours and a written summary of the substantial noncompliance issues that need to be addressed during the additional inspection hours. The total number of hours of random inspections and audit reviews per year may not exceed 1,600 hours. Inspection hours shall be calculated on the basis of the actual amount of time spent by the state compliance agency conducting the inspections at a facility, without accounting for a multiple for the number of state compliance agency inspectors or agents engaged in the inspection activities. The purpose of the random inspections is to confirm that the covered games function properly pursuant to the manufacturer's technical standards and are conducted in compliance with the Tribe's Internal Control Policies and Procedures and any other standards, policies, or procedures adopted by the Tribe, the commission, or the National Indian Gaming Commission which govern the play of covered games. The state compliance agency shall provide notice to the commission of such inspection at or before the commencement of a random inspection and a commission agent may accompany the inspection.

2. For each facility, the state compliance agency may perform one annual review of the Tribe's slot machine compliance audit.

3. At least annually, the state compliance agency may meet with the Tribe's Internal Audit Department for Gaming to review internal controls and the record of violations for each facility.

(d) The state compliance agency shall cooperate with and obtain the assistance of the commission in the resolution of any conflicts in the management of the facilities, and the state and the Tribe shall make their best efforts to resolve disputes through negotiation whenever possible. Therefore, to foster a spirit of cooperation and efficiency, the state compliance agency and Tribe shall resolve disputes between the state compliance agency staff and commission regulators about the day-to-day regulation of the facilities through meeting and conferring in good faith. Notwithstanding, the parties may seek other relief that may be available when circumstances require such relief. In the event of a dispute or disagreement between tribal and state compliance agency regulators, the dispute or disagreement shall be resolved in accordance with the dispute resolution provisions of Part XIII.

(e) The state compliance agency shall have access to each facility during the facility's operating hours only. No advance notice is required when the state compliance agency inspection is limited to public areas of the facility; however, representatives of the state compliance agency shall provide notice and photographic identification to the commission of their presence before beginning any such inspections.

(f) The state compliance agency agents, to ensure that a commission officer is available to accompany the state compliance agency agents at all times, shall provide one hour notice and photographic identification to the commission before entering any nonpublic area of a facility. Agents of the state compliance agency shall be accompanied in nonpublic areas of the facility by a commission officer.

(g) Any suspected or claimed violations of this compact or law shall be directed in writing to the commission. The state compliance agency, in conducting the functions assigned them under this compact, shall not unreasonably interfere with the functioning of any facility.

(4) Subject to the provisions herein, the state compliance agency may review and request copies of documents of the facility related to its conduct of covered games during normal business hours unless otherwise allowed by the Tribe. The Tribe may not refuse said inspection and copying of such documents, provided that the inspectors do not require copies of documents in such volume that it unreasonably interferes with the normal functioning of the facilities or covered games. To the extent that the Tribe provides the state with information that the Tribe claims to be confidential and proprietary, or a trade secret, the Tribe shall clearly mark such information with the following designation: "Trade Secret, Confidential, and Proprietary." If the state receives a request under chapter 119 that would include such designated information, the state shall promptly notify the Tribe of such a request and the Tribe shall promptly notify the state about its intent to seek judicial protection from disclosure. Upon such notice from the Tribe, the state may not release the requested information until a judicial determination is made. This designation and notification procedure does not excuse the state from complying with the requirements of the state's public records law, but is intended to provide the Tribe the opportunity to seek whatever judicial remedy it deems appropriate. Notwithstanding the foregoing procedure, the state compliance agency may provide copies of tribal documents to federal law enforcement and other state agencies or state consultants that the state deems reasonably necessary in order to conduct or complete any investigation of suspected criminal activity in connection with the Tribe's covered games or the operation of the facilities or in order to assure the Tribe's compliance with this compact.

(5) At the completion of any state compliance agency inspection or investigation, the state compliance agency shall forward any written report thereof to the commission, containing all pertinent, non-confidential, nonproprietary information regarding any violation of applicable laws or this compact which was discovered during the inspection or investigation unless disclosure thereof would adversely impact an investigation of suspected criminal activity. Nothing herein prevents the state compliance agency from contacting tribal or federal law enforcement authorities for suspected criminal wrongdoing involving the commission.

(6) Except as expressly provided in this compact, nothing in this compact shall be deemed to authorize the state to regulate the Tribe's government, including the commission, or to interfere in any way with the Tribe's selection of its governmental officers, including members of the commission.

PART IX

JURISDICTION.—The obligations and rights of the state and the Tribe under this compact are contractual in nature and are to be construed in accordance with the laws of the state. This compact does not alter tribal, federal, or state civil adjudicatory or criminal jurisdiction in any way.

PART X

LICENSING.—The Tribe and the commission shall comply with the licensing and hearing requirements set forth in 25 C.F.R. parts 556 and 558, as well as the applicable licensing and hearing requirements set forth in Articles IV, V, and VI of the Seminole Tribal Gaming Code. The commission shall notify the state compliance agency of any disciplinary hearings or revocation or suspension of licenses.

PART XI

PAYMENTS TO THE STATE OF FLORIDA.—

(1) The parties acknowledge and recognize that this compact provides the Tribe with partial but substantial exclusivity and other valuable consideration consistent with the goals of the Indian Gaming Regulatory Act, including special opportunities for tribal economic development through gaming within the external boundaries of the state with respect to the play of covered games. In consideration thereof, the Tribe covenants and agrees, subject to the conditions agreed upon in Part XII, to make payments to the state derived from net win as set forth in subsections (2) and (7). The Tribe further agrees that it will not purchase or lease any new Class II video bingo terminals or their equivalents for use at its facilities after the effective date of this compact.

(2) The Tribe shall make periodic revenue share payments to the state derived from net win as set forth in this subsection, and any such payments shall be made to the state via electronic funds transfer. Of the amounts paid by the Tribe to the state, three percent shall be distributed to local governments, including both counties and municipalities, in the state affected by the Tribe's operation of covered games. Revenue share payments by the Tribe to the state shall be calculated as follows:

(a) During the initial payment period, the Tribe agrees to pay the state a revenue share payment in accordance with this subparagraph.

1. 13 percent of all amounts up to \$2 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle;

2. 17.5 percent of all amounts greater than \$2 billion up to and including \$3.5 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle;

3. 20 percent of all amounts greater than \$3.5 billion up to and including \$4 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle;

4. 22.5 percent of all amounts greater than \$4 billion up to and including \$4.5 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle; or

5. 25 percent of all amounts greater than \$4.5 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle.

(b) During the guarantee payment period, the Tribe agrees to make fixed payments in accordance with this paragraph. In addition, within 90 days after the end of the guarantee payment period, the Tribe shall make an additional payment to the state equal to the amount above \$3 billion, if any, that would have been owed by the Tribe to the state had the percentages set forth in paragraph (c) been applicable during the guarantee payment period.

1. A payment of \$325 million during the first revenue sharing cycle;

2. A payment of \$350 million during the second revenue sharing cycle;

3. A payment of \$375 million during the third revenue sharing cycle;

4. A payment of \$425 million during the fourth revenue sharing cycle;

5. A payment of \$475 million during the fifth revenue sharing cycle;

6. A payment of \$500 million during the sixth revenue sharing cycle; and

7. A payment of \$550 million during the seventh revenue sharing cycle.

(c) During the regular payment period, the Tribe agrees to pay a revenue share payment, for each revenue sharing cycle, to the state equal to the amount calculated in accordance with this paragraph.

1. 13 percent of all amounts up to \$2 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle;

2. 17.5 percent of all amounts greater than \$2 billion up to and including \$3.5 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle;

3. 20 percent of all amounts greater than \$3.5 billion up to and including \$4 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle;

4. 22.5 percent of all amounts greater than \$4 billion up to and including \$4.5 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle; or

5. 25 percent of all amounts greater than \$4.5 billion of net win received by the Tribe from the operation and play of covered games during each revenue sharing cycle.

(3) The Tribe shall remit monthly payments as follows:

(a) On or before the 15th day of the month following each month of the revenue sharing cycle, the Tribe will remit to the state or its assignee the monthly payment. For purposes of this section, the monthly payment shall be 8.3333 percent of the estimated revenue share payment to be paid by the Tribe during such revenue sharing cycle.

(b) The Tribe shall make available to the state at the time of the monthly payment the basis for the calculation of the payment.

(c) The Tribe shall, on a monthly basis, reconcile the calculation of the estimated revenue share payment based on the Tribe's unaudited financial statements related to covered games.

(4) The Tribe shall have an audit conducted as follows:

(a) On or before the 45th day after the third month, sixth month, ninth month, and twelfth month of each revenue sharing cycle, provided that the 12-month period does not coincide with the Tribe's fiscal year end date as indicated in paragraph (c), the Tribe shall provide the state with an audit report by its independent auditors as to the annual revenue share calculation.

(b) For each quarter within revenue sharing cycle, the Tribe shall engage its independent auditors to conduct a review of the unaudited net revenue from covered games. On or before the 120th day after the end of the Tribe's fiscal year, the Tribe shall require its independent auditors to provide an audit report with respect to net win for covered games and the related payment of the annual revenue share.

(c) If the twelfth month of the revenue sharing cycle does not coincide with the Tribe's fiscal year, the Tribe shall deduct net win from covered games for any of the months outside of the revenue sharing cycle and include net win from covered games for those months outside of the Tribe's audit period but within the revenue sharing cycle, before issuing the audit report.

(d) No later than 30 calendar days after the day the audit report is issued, the Tribe shall remit to the state any underpayment of the annual revenue share, and the state shall either reimburse to the Tribe any overpayment of the annual revenue share or authorize the overpayment to be deducted from the next successive monthly payment or payments.

(5) If, after any change in state law to affirmatively allow internet or online gaming, or any functionally equivalent remote gaming system that permits a person to play from home or any other location that is remote from a casino or other commercial gaming facility, but excluding any fantasy contest conducted pursuant to s. 546.13, the Tribe's net win from the operation of covered games at all of its facilities combined drops more than five percent below its net win from the previous 12-month period, the Tribe shall no longer be required to make payments to the state based on the guaranteed minimum compact term payment and shall not be required to make the guaranteed minimum compact term payment. However, the Tribe shall continue to make payments based on the percentage revenue share amount. The Tribe shall resume making the guaranteed minimum compact term payment for any subsequent revenue sharing cycle in which its net win rises above the level described in this subsection. This subsection does not apply if:

(a) The decline in net win is due to acts of God, war, terrorism, fires, floods, or accidents causing damage to or destruction of one or more of its facilities or property necessary to operate the facility of facilities; or

(b) The Tribe offers internet or online gaming or any functionally equivalent remote gaming system that permits a person to game from home or any other location that is remote from any of the Tribe's facilities, as authorized by law.

(6) The annual oversight assessment, which shall not exceed \$250,000 per year, indexed for inflation as determined by the Consumer Price Index, shall be determined and paid in quarterly installments within 30 calendar days after receipt by the Tribe of an invoice from the state compliance agency. The Tribe reserves the right to audit the invoices on an annual basis, a copy of which will be provided to the state

compliance agency, and any discrepancies found therein shall be reconciled within 45 calendar days after receipt of the audit by the state compliance agency.

(7) The Tribe shall make an annual donation to the Florida Council on Compulsive Gaming as an assignee of the state in an amount not less than \$250,000 per facility.

(8) Except as expressly provided in this part, nothing in this compact shall be deemed to require the Tribe to make payments of any kind to the state or any of its agencies.

PART XII

REDUCTION OF TRIBAL PAYMENTS BECAUSE OF LOSS OF EXCLUSIVITY OR OTHER CHANGES IN STATE LAW.—The intent of this compact is to provide the Tribe with the right to operate covered games on an exclusive basis throughout the state, subject to the exceptions and provisions in this part.

(1) For purposes of this part, the terms “Class III gaming” or “other casino-style gaming” include, but are not limited to, slot machines, electronically assisted bingo, electronically assisted pull-tab games, noncard table games, video lottery terminals, or any similar games, whether or not such games are determined through the use of a random number generator. For the purposes of this part, the terms “Class III gaming” and “other casino-style gaming” do not include fantasy contests conducted pursuant to s. 546.13 or designated player games of poker authorized pursuant to s. 849.086, as those statutes are in effect on January 1, 2019.

(a) If, after January 1, 2019, state law is amended, implemented, or interpreted to allow the operation of Class III gaming or other casino-style gaming at any location under the jurisdiction of the state that was not in operation as of January 1, 2019, or a new form of Class III gaming or other casino-style gaming that was not in operation as of January 1, 2019, and such gaming is offered to the public as a result of the amendment, implementation, or interpretation, the Tribe, no fewer than 30 days after the commencement of such new gaming or 90 days after the state’s receipt of written notice from the Tribe pursuant to paragraph (b), whichever occurs later, may elect to begin making the affected portion of its payments due to the state pursuant to subsections (2) and (7) of Part XI, into an escrow account.

(b) In order to exercise the provisions of paragraph (a), the Tribe must first notify the state, within 90 days after such amendment, implementation, or interpretation of state law, of the Tribe’s objections to such action or interpretation and further specify the basis for the Tribe’s contention that such action or interpretation infringes upon the substantial exclusivity afforded under this compact. As part of its written notice, the Tribe must also indicate, if applicable, its intention to begin making the affected portion of its payments due to the state into an escrow account.

(c) Upon receipt of written notice from the Tribe, the state may elect to:

1. Invoke the dispute resolution provisions of Part XIII to determine whether the Tribe’s contention is well-founded. In such proceeding, the Tribe carries the burden of proof and persuasion. The pendency of such proceeding tolls the time periods set forth in paragraph (1)(a) of Part XII for the duration of the dispute or litigation; or

2. Seek through enforcement action, legislation, or other means to stop the conduct of such new games.

(d)1. If, within 15 months following the state’s receipt of written notice from the Tribe, the Tribe’s contention is deemed not to be well-founded at the conclusion of dispute resolution or new gaming is made illegal and is halted, then all funds being held in the escrow account shall be released to the state and all further payments due to the state pursuant to subsections (2) and (7) of Part XI shall promptly resume.

2. If, after 15 months following the state’s receipt of written notice from the Tribe, the Tribe’s contention is deemed to be well-founded at the conclusion of dispute resolution and such gaming is not made illegal and halted, then all funds being held in escrow shall be returned to the Tribe and all further payments due to the state pursuant to subsections (2) and (7) of Part XI shall cease or be reduced as provided in subsection (2) until

such gaming is no longer operated, in which event the payments shall promptly resume.

(2) The following are exceptions to the exclusivity provisions of subsection (1):

(a) Any Class III gaming authorized by a compact between the state and any other federally recognized tribe pursuant to Indian Gaming Regulatory Act, provided that the tribe has land in federal trust in the state as of January 1, 2018.

(b) The operation of slot machines, which does not include any game played with tangible playing cards, at:

1. Each of the four currently operating licensed pari-mutuel facilities in Broward County and the four currently operating licensed pari-mutuel facilities in Miami-Dade County, whether or not currently operating slot machines, provided that such licenses are not transferred or otherwise used to move or operate such slot machines at any other location; or

2. Licensed pari-mutuel facilities in counties, other than Broward County or Miami-Dade County, which have been authorized by referendum in each of those counties after January 1, 2012, and on or before September 1, 2018, pursuant to state law as of January 1, 2019.

(c)1. If state law is amended to allow for the play of any additional type of Class III or other casino-style gaming at any of the presently operating licensed pari-mutuel facilities in Broward and Miami-Dade Counties, the Tribe may be entitled to a reduction in the revenue sharing payment as described in subparagraph 2.

2. If the Tribe’s annual net win from its facilities located in Broward County for the 12 month period after the gaming specified in subparagraph 1. begins to be offered for public or private use is less than the net revenue base, the revenue share payments due to the state, pursuant to paragraph (2)(b) of Part XI, for the next revenue sharing cycle and future revenue sharing cycles shall be calculated by reducing the Tribe’s payment on revenue generated from its facilities in Broward County by 50 percent of that reduction in annual net win from its facilities in Broward County. This paragraph does not apply if the decline in net win is due to acts of God, war, terrorism, fires, floods, or accidents causing damage to or destruction of one or more of its facilities or property necessary to operate the facility or facilities.

3. If the Tribe’s annual net win from its facilities located in Broward County subsequently equals or exceeds the net revenue base, then the Tribe’s payments due to the state pursuant to paragraph (2)(b) of Part XI shall again be calculated without any reduction, but may be reduced again under the provisions set forth in subparagraph 2.

(d) If state law is amended to allow the play of Class III gaming or other casino-style gaming, as defined in this part, at any location in Miami-Dade County or Broward County under the jurisdiction of the state that is not presently licensed for the play of such games at such locations, other than those facilities set forth in paragraph (c) and this paragraph, and such games were not in play as of January 1, 2018, and such gaming begins to be offered for public or private use, the payments due the state pursuant to subparagraph (c)2., shall be calculated by excluding the net win from the Tribe’s facilities in Broward County.

(e) The operation of a combined total of not more than 350 historic racing machines, connected to a central server at that facility, and electronic bingo machines at each pari-mutuel facility licensed as of January 1, 2018, and not located in either Broward County or Miami-Dade County.

(f) The operation of pari-mutuel wagering activities at pari-mutuel facilities licensed by the state.

(g) The operation by the Department of the Lottery of those types of lottery games authorized under chapter 24 as of January 1, 2018, but not including any player-activated or operated machine or device other than a lottery vending machine or any banked or banking card or table game. However, not more than ten lottery vending machines may be installed at any facility or location and no lottery vending machine that dispenses electronic instant tickets may be installed at any licensed pari-mutuel facility.

(h) The operation of games of poker, including designated player games of poker, as authorized by chapter 849 as of January 1, 2019.

(i) The operation of games permitted by chapters 546 and 849, Florida Statutes, as of January 1, 2019.

(j) The following events shall not trigger any remedy under this compact and do not affect the exclusivity provisions of this compact:

1. Any change to the tax rate paid to the state by the licensed pari-mutuel permitholders for the operation of slot machines, provided the effective tax rate is not less than 25 percent. If the effective tax rate is less than 25 percent, then the Tribe shall be relieved of its obligations to make the guaranteed minimum compact term payment and any further guaranteed revenue sharing cycle payment, but instead shall make payments to the state for all future revenue sharing cycles based on the percentage payments set forth in paragraph (2)(c) of Part XI, but shall be permitted to exclude all revenue generated by slot machines at its facilities in Broward County; and

2. Any change in state law that removes the requirement for pari-mutuel permitholders to conduct performances of live races or games in order to operate other authorized gaming activities.

(3) To the extent that the exclusivity provisions of this part are breached or otherwise violated and the Tribe's ongoing payment obligations to the state pursuant to subsections (2) and (7) of Part XI cease, any outstanding payments that would have been due the state from the Tribe's facilities before the breach or violation shall be made within 30 business days after the breach or violation.

(4) The breach of this part's exclusivity provisions and the cessation of payments pursuant to subsections (2) and (7) of Part XI shall not excuse the Tribe from continuing to comply with all other provisions of this compact, including continuing to pay the state the annual oversight assessment as set forth in subsection (6) of Part XI.

PART XIII

DISPUTE RESOLUTION.—In the event that the Tribe or State believes that the other party has failed to comply with any requirements of this compact, or in the event of any dispute hereunder, including, but not limited to, a dispute over the proper interpretation of the terms and conditions of this compact, the goal of the parties is to resolve all disputes amicably and voluntarily whenever possible. In pursuit of this goal, the following procedures may be invoked:

(1) A party asserting noncompliance or seeking an interpretation of this compact first shall serve written notice on the other party. The notice shall identify the specific compact provision alleged to have been violated or in dispute and shall specify in detail the asserting party's contention and any factual basis for the claim. Representatives of the Tribe and state shall meet within 30 calendar days after receipt of notice in an effort to resolve the dispute, unless they mutually agree to extend this period.

(2) A party asserting noncompliance or seeking an interpretation of this compact under this part shall be deemed to have certified that to the best of the party's knowledge, information, and belief formed after reasonable inquiry, the claim of noncompliance or the request for interpretation of this compact is warranted and made in good faith and not for any improper purpose, such as to harass or to cause unnecessary delay or the needless incurring of the cost of resolving the dispute.

(3) If the parties are unable to resolve a dispute through the process specified in subsections (1) and (2), either party may call for mediation under the Commercial Mediation Procedures of the American Arbitration Association or any successor procedures, provided that such mediation does not last more than 60 calendar days, unless an extension to this time limit is negotiated by the parties. Only matters arising under the terms of this compact may be available for resolution through mediation. If the parties are unable to resolve a dispute through the process specified in this part, notwithstanding any other provision of law, either party may bring an action in a United States District Court having venue regarding a dispute arising under this compact. If the court declines to exercise jurisdiction, or federal precedent exists that holds that the court would not have jurisdiction over such a dispute, either party may bring the action in the appropriate court of the Seventeenth Judicial

Circuit in Broward County, Florida. The parties are entitled to all rights of appeal permitted by law in the court system in which the action is brought.

(4) For purposes of actions based on disputes between the state and the Tribe that arise under this compact and the enforcement of any judgment resulting from such action, the Tribe and the state each expressly waive the right to assert sovereign immunity from suit and from enforcement of any ensuing judgment, and further consent to be sued in federal or state court, including the right of appeal specified above, as the case may be, provided that:

(a) The dispute is limited solely to issues arising under this compact.

(b) There is no claim for monetary damages, except that payment of any money required by the terms of this compact, as well as injunctive relief or specific performance enforcing a provision of this compact requiring the payment of money to the state may be sought.

(c) Nothing herein shall be construed to constitute a waiver of the sovereign immunity of the Tribe with respect to any third party that is made a party or intervenes as a party to the action. In the event that intervention, joinder, or other participation by any additional party in any action between the state and the Tribe would result in the waiver of the Tribe's sovereign immunity as to that additional party, the waiver of the Tribe may be revoked.

(5) The state may not be precluded from pursuing any mediation or judicial remedy against the Tribe on the grounds that the state has failed to exhaust its Tribal administrative remedies.

(6) Notwithstanding any other provision of this part, any failure of the Tribe to remit the payments pursuant to the terms of Part XI entitles the state to seek injunctive relief in federal or state court, at the state's election, to compel the payments after the dispute resolution process in subsections (1) and (2) is exhausted.

PART XIV

CONSTRUCTION OF COMPACT; SEVERANCE; FEDERAL APPROVAL.—

(1) Each provision of this compact shall stand separate and independent of every other provision. In the event that a federal district court in Florida or other court of competent jurisdiction shall find any provision of this compact to be invalid, the remaining provisions shall remain in full force and effect, provided that severing the invalidated provision does not undermine the overall intent of the parties in entering into this compact. However, if subsection (6) of Part III, Part XI, or Part XII are held by a court of competent jurisdiction to be invalid, this compact will become null and void.

(2) It is understood that Part XII, which provides for a cessation of the payments to the state under Part XI, does not create any duty on the state but only a remedy for the Tribe if gaming under state jurisdiction is expanded.

(3) This compact is intended to meet the requirements of the Indian Gaming Regulatory Act as it reads on the effective date of this compact, and where reference is made to the Indian Gaming Regulatory Act, or to an implementing regulation thereof, the reference is deemed to have been incorporated into this document. Subsequent changes to the Indian Gaming Regulatory Act that diminish the rights of the state or Tribe may not be applied retroactively to alter the terms of this compact, except to the extent that federal law validly mandates that retroactive application without the respective consent of the state or the Tribe. In the event that a subsequent change in the Indian Gaming Regulatory Act, or to an implementing regulation thereof, mandates retroactive application without the respective consent of the state or the Tribe, the parties agree that this compact is voidable by either party if the subsequent change materially alters the provisions in the compact relating to the play of covered games, revenue sharing payments, suspension or reduction of payments, or exclusivity.

(4) Neither the presence of language that is not included in this compact, nor the absence in this compact of language that is present in another state-tribal compact shall be a factor in construing the terms of this compact.

(5) *The Tribe and the state shall defend the validity of this compact.*

(6) *The parties shall cooperate in seeking approval of this compact from the Secretary of the Department of the Interior.*

PART XV

NOTICES.—All notices required under this compact shall be given by certified mail, return receipt requested, commercial overnight courier service, or personal delivery, to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chairman and General Counsel of the Seminole Tribe of Florida.

PART XVI

EFFECTIVE DATE AND TERM.—

(1) *This compact, if identical to the version ratified by the Legislature in s. 285.710(3)(c), Florida Statutes, in 2018, shall become effective upon its approval as a tribal-state compact within the meaning of the Indian Gaming Regulatory Act either by action of the Secretary of the Department of the Interior or by operation of law under 25 U.S.C. s. 2710(d)(8) upon publication of a notice of approval in the Federal Register under 25 U.S.C. s. 2710(d)(8)(D).*

(2) *This compact shall have a term of twenty-two years beginning on the first day of the month following the month in which the compact becomes effective under subsection (1).*

(3) *The Tribe's authorization to offer covered games under this compact shall automatically terminate twenty-two years after the effective date unless renewed by an affirmative act of the Legislature.*

PART XVII

AMENDMENT OF COMPACT AND REFERENCES.—

(1) *Amendment of this compact may only be made by written agreement of the parties, subject to approval by the Secretary of the Department of the Interior, either by publication of the notice of approval in the Federal Register or by operation of law under 25 U.S.C. s. 2710(d)(8).*

(2) *Legislative ratification is required for any amendment to the compact that alters the provisions relating to covered games, the amount of revenue sharing payments, suspension or reduction in payments, or exclusivity.*

(3) *Changes in the provisions of tribal ordinances, regulations, and procedures referenced in this compact may be made by the Tribe with 30 days' advance notice to the state. If the state has an objection to any change to the tribal ordinance, regulation, or procedure which is the subject of the notice on the ground that its adoption would be a violation of the Tribe's obligations under this compact, the state may invoke the dispute resolution provisions provided in Part XIII.*

PART XVIII

MISCELLANEOUS.—

(1) *Except to the extent expressly provided in this compact, this compact is not intended to, and shall not be construed to, create any right on the part of a third party to bring an action to enforce any of its terms.*

(2) *If, after the effective date of this compact, the state enters into a compact with any other Tribe that contains more favorable terms with respect to the provisions of this Compact and the Secretary of the Department of the Interior approves such compact, either by publication of the notice of approval in the Federal Register or by operation of law under 25 U.S.C. s. 2710(d)(8), upon tribal notice to the state and the Secretary, this compact shall be deemed amended to contain the more favorable terms, unless the state objects to the change and can demonstrate, in a proceeding commenced under Part XIII, that the terms in question are not more favorable.*

(3) *Upon the occurrence of certain events beyond the Tribe's control, including acts of God, war, terrorism, fires, floods, or accidents causing damage to or destruction of one or more of its facilities or property necessary to operate the facility or facilities, the Tribe's obligation to pay the guaranteed minimum compact term payment described in Part XI*

shall be reduced pro rata to reflect the percentage of the total net win lost to the Tribe from the impacted facility or facilities and the net win specified under subsection (2) of Part XII for purposes of determining whether the Tribe's payments described in Part XI shall cease, shall be reduced pro rata to reflect the percentage of the total net win lost to the Tribe from the impacted facility or facilities. The foregoing shall not excuse any obligations of the Tribe to make payments to the state as and when required hereunder or in any related document or agreement.

(2)(b) Each licensed thoroughbred permitholder in this state may run one additional race per racing day composed exclusively of Arabian horses registered with the Arabian Horse Registry of America. Any licensed thoroughbred permitholder that elects to run one additional race per racing day composed exclusively of Arabian horses registered with the Arabian Horse Registry of America is not required to provide stables for the Arabian horses racing under this ~~subsection~~ ~~paragraph~~.

(3)(e) Each licensed thoroughbred permitholder in this state may run up to three additional races per racing day composed exclusively of quarter horses registered with the American Quarter Horse Association.

Section 12. Subsections (1), (4), and (5) of section 550.6308, Florida Statutes, are amended to read:

550.6308 Limited intertrack wagering license.—In recognition of the economic importance of the thoroughbred breeding industry to this state, its positive impact on tourism, and of the importance of a permanent thoroughbred sales facility as a key focal point for the activities of the industry, a limited license to conduct intertrack wagering is established to ensure the continued viability and public interest in thoroughbred breeding in Florida.

(1) Upon application to the division on or before January 31 of each year, any person that is licensed to conduct public sales of thoroughbred horses pursuant to s. 535.01 *and*, that has conducted at least 8 ~~15~~ days of thoroughbred horse sales at a permanent sales facility in this state for at least 3 consecutive years, ~~and that has conducted at least 1 day of nonwagering thoroughbred racing in this state, with a purse structure of at least \$250,000 per year for 2 consecutive years~~ before such application; shall be issued a license, subject to the conditions set forth in this section, to conduct intertrack wagering at such a permanent sales facility ~~during the following periods:~~

(a) ~~Up to 21 days in connection with thoroughbred sales;~~

(b) ~~Between November 1 and May 8;~~

(c) ~~Between May 9 and October 31 at such times and on such days as any thoroughbred, jai alai, or a greyhound permitholder in the same county is not conducting live performances; provided that any such permitholder may waive this requirement, in whole or in part, and allow the licensee under this section to conduct intertrack wagering during one or more of the permitholder's live performances; and~~

(d) ~~During the weekend of the Kentucky Derby, the Preakness, the Belmont, and a Breeders' Cup Meet that is conducted before November 1 and after May 8.~~

Only ~~no more than~~ one such license may be issued, and no such license may be issued for a facility located within 50 miles of any *for-profit* thoroughbred permitholder's track.

(4) ~~Intertrack wagering under this section may be conducted only on thoroughbred horse racing, except that intertrack wagering may be conducted on any class of pari-mutuel race or game conducted by any class of permitholders licensed under this chapter if all thoroughbred, jai alai, and greyhound permitholders in the same county as the licensee under this section give their consent.~~

(4)(5) The licensee shall be considered a guest track under this chapter. ~~The licensee shall pay 2.5 percent of the total contributions to the daily pari-mutuel pool on wagers accepted at the licensee's facility on greyhound races or jai alai games to the thoroughbred permitholder that is conducting live races for purses to be paid during its current racing meet. If more than one thoroughbred permitholder is conducting live races on a day during which the licensee is conducting intertrack wagering on greyhound races or jai alai games, the licensee shall allocate these funds between the operating thoroughbred permitholders on a pro-rata basis based on the total live handle at the operating permitholders' facilities.~~

Section 13. Subsections (4), (10), and (11) of section 551.102, Florida Statutes, are amended to read:

551.102 Definitions.—As used in this chapter, the term:

Section 14. Subsections (1) and (2) and paragraph (c) of subsection (4) of section 551.104, Florida Statutes, are amended to read:

551.104 License to conduct slot machine gaming.—

(1) Upon application, ~~and~~ a finding by the division after investigation that the application is complete and that the applicant is qualified, and payment of the initial license fee, the division may issue a license to conduct slot machine gaming in the designated slot machine gaming area of the eligible facility. Once licensed, slot machine gaming may be conducted subject to the requirements of this chapter and rules adopted pursuant thereto. ~~The division may not issue a slot machine license to any pari-mutuel permitholder that includes, or previously included within its ownership group, an ultimate equitable owner that was also an ultimate equitable owner of a pari-mutuel permitholder whose permit was voluntarily or involuntarily surrendered, suspended, or revoked by the division within 10 years before the date of the permitholder’s filing of an application for a slot machine license.~~

(2) An application may be approved by the division only after:

(a) The voters of the county where the applicant’s facility is located have authorized by referendum slot machines within pari-mutuel facilities ~~located in: that county as specified in s. 23, Art. X of the State Constitution~~

1. *Miami-Dade County or Broward County existing at the time of adoption of s. 23, Art. X of the State Constitution which conducted live racing or games during calendar years 2002 and 2003, if such permitholder pays the required license fee and meets the other requirements of this chapter.*

2. *A county as defined in s. 125.011, provided such facility has conducted live racing for 2 consecutive calendar years immediately preceding its application for a slot machine license, pays the required license fee, and meets the other requirements of this chapter.*

3. *Any other county, provided:*

(b) *The applicant, for a facility described in subparagraph (a)3., irrevocably surrenders to the division one greyhound racing permit or one jai alai permit issued pursuant to chapter 550 and, after surrendering such permit, continues to hold the permit authorizing pari-mutuel wagering activities at the location at which the applicant intends to operate slot machine gaming. For a permit to be qualified for surrender by an applicant under this paragraph, the holder of such greyhound racing permit or jai alai permit, including any previous owner of such permit, must have conducted a full schedule of live racing or games, as defined in s. 550.002(11), under such permit for not less than the 5 state fiscal years immediately prior to state fiscal year 2018-2019. Upon the surrender of such greyhound racing permit or jai alai permit, the surrendered permit is void and may not be reissued.*

(4) As a condition of licensure and to maintain continued authority for the conduct of slot machine gaming, ~~a the~~ slot machine licensee shall:

(c)1. *Conduct no less fewer than a full schedule of live racing or games as defined in s. 550.002(11), unless conducting less than a full schedule of live racing or games pursuant to s. 550.01215(1)(b), (c), or (d). A permitholder’s responsibility to conduct a full schedule such number of live races or games, as defined in s. 550.002(11), shall be reduced by the number of races or games that could not be conducted due to the direct result of fire, war, hurricane, or other disaster or event beyond the control of the permitholder. A permitholder may conduct live races or games at another pari-mutuel facility pursuant to s. 550.475 if such permitholder has operated its live races or games by lease for at least 5 consecutive years immediately prior to the permitholder’s application for a slot machine license.*

2.a. *If not licensed to conduct a full schedule of live racing or games, as defined in s. 550.002(11), pursuant to s. 550.01215(1)(b), (c), or (d), remit each month to each qualified thoroughbred permitholder, by electronic funds transfer, an amount equal to one-twelfth of the lesser of \$1.5 million or 2.75 percent of its slot machine revenues from the previous state fiscal year, divided by the total number of qualified thoroughbred permitholders for the applicable state fiscal year.*

b. *Notwithstanding sub-subparagraph a., if not licensed to conduct a full schedule of live racing or games, as defined in s. 550.002(11), pursuant to s. 550.01215(1)(c), remit each month after the expiration of a contract entered before the effective date of this act pursuant to s. 551.104(10)(a), to each qualified thoroughbred permitholder, by electronic funds transfer, an amount equal to one-twelfth of \$3.5 million during calendar year 2021, \$3 million during calendar year 2022, \$2.5 million during calendar year 2023, and \$2 million during calendar year 2024. c. *Qualified thoroughbred permitholders shall use such payments exclusively for purses and awards for live thoroughbred horse races held at the qualified thoroughbred permitholder’s racing facility. For the purposes of this subparagraph, the term “qualified thoroughbred permitholder” means a thoroughbred permitholder conducting, in the applicable state fiscal year, no less than a full schedule of live racing or games, as defined in s. 550.002(11), and no fewer live thoroughbred horse racing performances than such permitholder conducted in state fiscal year 2017-2018. The term does not include a permitholder whose permit was issued pursuant to s. 550.3345 or a permitholder leasing at another thoroughbred permitholder’s facility pursuant to s. 550.475.*

d. *The division shall notify each slot machine licensee required to remit such payments, not later than 15 days after issuing the slot machine license, of the qualified thoroughbred permitholders to which such payments must be paid. Each qualified thoroughbred permitholder shall provide each slot machine licensee required to remit payments pursuant to this subparagraph with written instructions for transmitting such electronic payments. Such payments shall be remitted to each qualified thoroughbred permitholder on the fifth day of each calendar month. If*

the fifth day of the calendar month falls on a weekend, such payment shall be remitted on the first Monday following the weekend.

e. A qualified thoroughbred permitholder receiving funds under this subparagraph shall remit, within 10 days after receipt, 10 percent of those funds to the Florida Thoroughbred Breeders' Association, Inc., for the payment of breeders', stallion, and special racing awards, subject to the fee authorized in s. 550.2625(3).

f. A slot machine licensee that conducts no live racing pursuant to s. 550.01215(1)(c) and has made payments pursuant to sub-subparagraph 2.b. may offset the total amount paid in calendar years 2021, 2022, 2023, and 2024, that is in excess of the total amount that would have been paid pursuant to sub-subparagraph 2.a. in those calendar years, against the amount required to be paid under sub-subparagraph 2.a., beginning in calendar year 2026. Provided, however, the total amount that may be offset each month against the total of the monthly amounts remitted pursuant to sub-subparagraph 2.a. may not exceed one-twelfth of \$500,000 in calendar years 2026, 2027, and 2028; \$600,000 in calendar years 2029, 2030, and 2031; and \$700,000 in each subsequent calendar year, until the total amount authorized to be offset under this sub-subparagraph in all calendar years equals \$5 million.

Section 15. Subsections (3) and (5) of section 551.106, Florida Statutes, are redesignated as subsections (4) and (6), respectively, a new subsection (3) is added to that section, and subsections (1), (2), and present subsection (4) of that section are amended, to read:

551.106 License fee; tax rate; penalties.—

(1) LICENSE FEE.—

~~(a)~~ Upon submission of the initial application for a slot machine license, and annually thereafter, on the anniversary date of the issuance of the initial license, the licensee must pay to the division a non-refundable license fee of ~~\$3 million for the succeeding 12 months of licensure. In the 2010-2011 fiscal year, the licensee must pay the division a non-refundable license fee of \$2.5 million for the succeeding 12 months of licensure. In the 2011-2012 fiscal year and for every fiscal year thereafter, the licensee must pay the division a non-refundable license fee of \$2 million for the succeeding 12 months of licensure.~~ The license fee ~~must~~ ~~shall~~ be deposited into the Pari-mutuel Wagering Trust Fund of the Department of Business and Professional Regulation to be used by the division and the Department of Law Enforcement for investigations, regulation of slot machine gaming, and enforcement of slot machine gaming provisions under this chapter. These payments ~~must~~ ~~shall~~ be accounted for separately from taxes or fees paid pursuant to ~~the provisions of chapter 550.~~

~~(b) Prior to January 1, 2007, the division shall evaluate the license fee and shall make recommendations to the President of the Senate and the Speaker of the House of Representatives regarding the optimum level of slot machine license fees in order to adequately support the slot machine regulatory program.~~

(2) TAX ON SLOT MACHINE REVENUES.—

(a)1. The tax rate on slot machine revenues at each facility is ~~shall~~ ~~be~~ 35 percent. Effective January 1, 2019, the tax rate on slot machine revenues at each facility is 30 percent. Effective July 1, 2020, the tax rate on slot machine revenues at each facility is 25 percent.

2.a. If, during any state fiscal year, the aggregate amount of tax paid to the state by ~~all~~ slot machine licensees in Broward and Miami-Dade Counties is less than the aggregate amount of tax paid to the state by ~~all slot machine licensees in those counties in the 2017-2018 2008-2009~~ fiscal year, each slot machine licensee shall pay to the state within 45 days after the end of the state fiscal year a surcharge ~~equal to its pro rata share of an amount equal to the difference between the aggregate amount of tax paid to the state by all slot machine licensees in the 2008-2009 fiscal year and the amount of tax paid during the fiscal year.~~

b. The amount of the surcharge to be paid by each such licensee must be calculated by dividing the aggregate amount of slot machine taxes paid to the state by all such slot machine licensees in the 2017-2018 fiscal year by the aggregate amount of slot machine taxes paid by all such licensees during the applicable state fiscal year, multiplying the result by the amount of slot machine taxes paid by the licensee during the ap-

licable state fiscal year, and then subtracting from that product the amount of slot machine taxes paid by the licensee during the applicable state fiscal year. However, the sum of the taxes paid by a licensee pursuant to subparagraph 1. and any surcharge due from the licensee may not exceed 35 percent of the slot machine revenue of that licensee in the applicable state fiscal year. ~~Each licensee's pro rata share shall be an amount determined by dividing the number 1 by the number of facilities licensed to operate slot machines during the applicable fiscal year, regardless of whether the facility is operating such machines.~~

(b) The slot machine revenue tax imposed by this section on facilities licensed pursuant to s. 551.104(2)(a)1., 2., or 3.a. ~~shall~~ be paid to the division for deposit into the Pari-mutuel Wagering Trust Fund for immediate transfer by the Chief Financial Officer for deposit into the Educational Enhancement Trust Fund of the Department of Education. Any interest earnings on the tax revenues ~~must~~ ~~shall~~ also be transferred to the Educational Enhancement Trust Fund. The slot machine revenue tax imposed by this section on facilities licensed pursuant to s. 551.104(2)(a)3.b. ~~must~~ be paid to the division for deposit into the Pari-mutuel Wagering Trust Fund. The division must transfer 90 percent of such funds to be deposited by the Chief Financial Officer into the Educational Enhancement Trust Fund of the Department of Education and must transfer 10 percent of such funds to the responsible public entity for the public-private partnership of the slot machine licensee pursuant to ss. 551.104(2)(a)3.b. and 255.065.

(c)1. Funds transferred to the Educational Enhancement Trust Fund under paragraph (b) ~~must~~ ~~shall~~ be used to supplement public education funding statewide. Funds transferred to a responsible public entity pursuant to paragraph (b) must be used in accordance with s. 255.065 to finance the qualifying project of such entity and the slot machine licensee, which established the licensee's eligibility for initial licensure pursuant to s. 551.104(2)(a)3.b.

2. If necessary to comply with any covenant established pursuant to s. 1013.68(4), s. 1013.70(1), or s. 1013.737(3), funds transferred to the Educational Enhancement Trust Fund under paragraph (b) ~~must~~ ~~shall~~ first be available to pay debt service on lottery bonds issued to fund school construction in the event lottery revenues are insufficient for such purpose or to satisfy debt service reserve requirements established in connection with lottery bonds. Moneys available pursuant to this subparagraph are subject to annual appropriation by the Legislature.

(3) SLOT MACHINE GUARANTEE FEE; SURCHARGE.—

(a) If a permitholder located within a county that has conducted a successful slot machine referendum after January 1, 2012, does not pay at least \$10 million in total slot machine taxes and license fees to the state in state fiscal year 2018-2019, the permitholder shall pay to the state within 45 days after the end of the state fiscal year a surcharge equal to the difference between the aggregate amount of slot machine taxes and license fees paid to the state in the fiscal year and \$10 million, regardless of whether the permitholder or licensee operated slot machines during the fiscal year.

(b) If a permitholder located within a county that has conducted a successful slot machine referendum after January 1, 2012, does not pay at least \$20 million in total slot machine taxes and license fees to the state in state fiscal year 2019-2020 and any subsequent state fiscal year, the permitholder shall pay to the state within 45 days after the end of the state fiscal year a surcharge equal to the difference between the aggregate amount of slot machine taxes and license fees paid to the state in the fiscal year and \$20 million, regardless of whether the permitholder or licensee operated slot machines during the fiscal year.

(5)~~(4)~~ TO PAY TAX; PENALTIES.—A slot machine licensee who fails to make tax and any applicable surcharge payments as required under this section is subject to an administrative penalty of up to \$10,000 for each day the tax payment is not remitted. All administrative penalties imposed and collected ~~must~~ ~~shall~~ be deposited into the Pari-mutuel Wagering Trust Fund of the Department of Business and Professional Regulation. If any slot machine licensee fails to pay penalties imposed by order of the division under this subsection, the division may deny, suspend, revoke, or refuse to renew the license of the permitholder or slot machine licensee.

Section 16. Subsections (1), (2), and (4) of section 551.114, Florida Statutes, are amended to read:

551.114 Slot machine gaming areas.—

(1)(a) A slot machine licensee whose initial license was issued before January 1, 2018, may make available for play up to:

1. 1,600 ~~2,000~~ slot machines within the property of the facilities of the slot machine licensee, if the licensee made available for play 1,250 or more slot machines during state fiscal year 2016-2017.

2. 1,200 slot machines within the property of the facilities of the slot machine licensee, if the licensee made available for play 1,000 or more slot machines, but less than 1,250 slot machines, during state fiscal year 2016-2017.

3. 1,000 slot machines within the property of the facilities of the slot machine licensee, if the licensee made available for play less than 1,000 slot machines during state fiscal year 2016-2017.

(b)1. A slot machine licensee whose initial license was issued on or after January 1, 2018, may make available for play up to 750 slot machines within the property of the facilities of the slot machine licensee; provided however, the total number of slot machines which may be made available for play by all slot machine licensees whose initial license was issued after January 1, 2018, may not exceed 6,000 slot machines.

2. If the total number of slot machines which all licensees whose initial license was issued on or after January 1, 2018, would exceed 6,000 slot machines if each such licensee were to operate 750 slot machines, the maximum number of slot machines each such licensee may make available for play may not exceed 6,000 divided by the number of licensees whose initial license was issued after January 1, 2018.

(2) If such races or games are available to the slot machine licensee, the slot machine licensee shall display pari-mutuel races or games within the designated slot machine gaming areas and offer patrons within the designated slot machine gaming areas the ability to engage in pari-mutuel wagering on any live, intertrack, and simulcast races conducted or offered to patrons of the licensed facility.

(4) Designated slot machine gaming areas shall ~~may~~ be located anywhere within the property described in a slot machine licensee's pari-mutuel permit ~~within the current live gaming facility or in an existing building that must be contiguous and connected to the live gaming facility. If a designated slot machine gaming area is to be located in a building that is to be constructed, that new building must be contiguous and connected to the live gaming facility.~~

Section 17. Section 551.116, Florida Statutes, is amended to read:

551.116 Days and hours of operation.—Slot machine gaming areas may be open 24 hours per day, 7 days a week ~~daily~~ throughout the year. ~~The slot machine gaming areas may be open a cumulative amount of 18 hours per day on Monday through Friday and 24 hours per day on Saturday and Sunday and on those holidays specified in s. 110.117(1).~~

Section 18. Present subsections (9) through (17) of section 849.086, Florida Statutes, are redesignated as subsections (10) through (18), respectively, a new subsection (9) is added to that section, subsections (1) and (2) of that section are amended, paragraph (g) is added to subsection (4) of that section, and paragraph (b) of subsection (5), paragraphs (a), (b), and (c) of subsection (7), paragraph (a) of subsection (8), present subsection (12), and paragraphs (d) and (h) of present subsection (13) are amended, to read:

849.086 Cardrooms authorized.—

(1) LEGISLATIVE INTENT.—It is the intent of the Legislature to provide additional entertainment choices for the residents of and visitors to the state, promote tourism in the state, *provide revenues to support the continuation of live pari-mutuel activity*, and provide additional state revenues through the authorization of the playing of certain games in the state at facilities known as cardrooms which are to be located at licensed pari-mutuel facilities. To ensure the public confidence in the integrity of authorized cardroom operations, this act is designed to strictly regulate the facilities, persons, and procedures related to cardroom operations. Furthermore, the Legislature finds that authorized games of *poker and dominoes as herein defined* are considered to be pari-mutuel style games and not casino gaming because the participants play against each other instead of against the house.

(2) DEFINITIONS.—As used in this section:

(a) “Authorized game” means a game or series of games of poker, including designated player games, played in conformance with this section and in a manner consistent with the rules and requirements specified in the 1974 edition of Hoyle’s *Modern Encyclopedia of Card Games: Rules of All the Basic Games and Popular Variations and including three card poker, or dominoes played in conformance with this section or dominoes which are played in a nonbanking manner.*

Authorized games and cardrooms do not constitute casino gaming operations if conducted at an eligible facility.

(d) “Cardroom management company” means any individual not an employee of the cardroom operator, any proprietorship, partnership, corporation, or other entity that enters into an agreement with a cardroom operator to manage, operate, or otherwise control the daily operation of a cardroom.

(e) “Cardroom distributor” means any business that distributes cardroom paraphernalia such as card tables, betting chips, chip holders, dominoes, dominoes tables, drop boxes, banking supplies, playing cards, card shufflers, and other associated equipment to authorized cardrooms.

(f) “Cardroom operator” means a licensed pari-mutuel permitholder ~~that which~~ holds a valid permit and license issued by the division pursuant to chapter 550 and which also holds a valid cardroom license issued by the division pursuant to this section which authorizes such person to operate a cardroom and to conduct authorized games in such cardroom.

(g) “Designated player” means the player identified for each game by a button that rotates clockwise before each hand begins as the player in the dealer position and seated at a traditional player position in a designated player game who pays winning players and collects from losing players.

(h) “Designated player game” means a game in which the players compare their cards only to the cards of the designated player or to a combination of cards held by the designated player and cards common and available for play by all players.

(i)(g) “Division” means the Division of Pari-mutuel Wagering of the Department of Business and Professional Regulation.

(j)(h) “Dominoes” means a game of dominoes typically played with a set of 28 flat rectangular blocks, called “bones,” which are marked on one side and divided into two equal parts, with zero to six dots, called “pips,” in each part. The term also includes larger sets of blocks that contain a correspondingly higher number of pips. The term also means the set of blocks used to play the game.

(k)(i) “Gross receipts” means the total amount of money received by a cardroom from any person for participation in authorized games.

(l)(j) “House” means the cardroom operator and all employees of the cardroom operator.

(m)(k) “Net proceeds” means the total amount of gross receipts received by a cardroom operator from cardroom operations less direct operating expenses related to cardroom operations, including labor costs, admission taxes only if a separate admission fee is charged for entry to the cardroom facility, gross receipts taxes imposed on cardroom operators by this section, the annual cardroom license fees imposed by this section on each table operated at a cardroom, and reasonable promotional costs excluding officer and director compensation, interest on capital debt, legal fees, real estate taxes, bad debts, contributions or donations, or overhead and depreciation expenses not directly related to the operation of the cardrooms.

(n)(t) “*Rake*” means a set fee or percentage of the pot assessed by a cardroom operator for providing the services of a dealer, table, or location for playing the authorized game.

(o)(m) “*Tournament*” means a series of games that have more than one betting round involving one or more tables and where the winners or others receive a prize or cash award.

(4) **AUTHORITY OF DIVISION.**—The Division of Pari-mutuel Wagering of the Department of Business and Professional Regulation shall administer this section and regulate the operation of cardrooms under this section and the rules adopted pursuant thereto, and is hereby authorized to:

(g) *Establish a reasonable period to respond to requests from a licensed cardroom; provided however, the division has a maximum of 45 days to approve:*

1. *A cardroom’s internal controls or provide the cardroom with a list of deficiencies as to the internal controls.*

2. *Rules for a new authorized game submitted by a licensed cardroom or provide the cardroom with a list of deficiencies as to those rules.*

No later than 10 days after the submission of revised internal controls or revised rules addressing the deficiencies identified by the division, the division must review and approve or reject the revised internal controls or revised rules.

(5) **LICENSE REQUIRED; APPLICATION; FEES.**—No person may operate a cardroom in this state unless such person holds a valid cardroom license issued pursuant to this section.

(b) After the initial cardroom license is granted, the application for the annual license renewal shall be made in conjunction with the applicant’s annual application for its pari-mutuel license. If a permitholder has operated a cardroom during any of the 3 previous fiscal years and fails to include a renewal request for the operation of the cardroom in its annual application for license renewal, the permitholder may amend its annual application to include operation of the cardroom. ~~In order for a cardroom license to be renewed the applicant must have requested, as part of its pari-mutuel annual license application, to conduct at least 90 percent of the total number of live performances conducted by such permitholder during either the state fiscal year in which its initial cardroom license was issued or the state fiscal year immediately prior thereto if the permitholder ran at least a full schedule of live racing or games in the prior year. If the application is for a harness permitholder cardroom, the applicant must have requested authorization to conduct a minimum of 140 live performances during the state fiscal year immediately prior thereto. If more than one permitholder is operating at a facility, each permitholder must have applied for a license to conduct a full schedule of live racing.~~

(7) **CONDITIONS FOR OPERATING A CARDROOM.**—

(a) A cardroom may be operated only at the location specified on the cardroom license issued by the division, and such location may only be the location at which the pari-mutuel permitholder is authorized to conduct pari-mutuel wagering activities pursuant to such permitholder’s valid pari-mutuel permit or as otherwise authorized by law. ~~Cardroom operations may not be allowed beyond the hours provided in paragraph (b) regardless of the number of cardroom licenses issued for permitholders operating at the pari-mutuel facility.~~

(b) Any cardroom operator may operate a cardroom at the pari-mutuel facility daily throughout the year, if the permitholder meets the requirements under paragraph (5)(b). 2.a. *Any permitholder with a cardroom license and conducting less than a full schedule of live racing or games, as defined in s. 550.002(11), pursuant to s. 550.01215(1)(b), (c), or (d), shall remit each month to each qualified thoroughbred permitholder, by electronic funds transfer, an amount equal to 4 percent of its monthly cardroom gross receipts divided by the total number of qualified thoroughbred permitholders for a license year. Qualified thoroughbred permitholders shall use such payments exclusively for purses and awards for live thoroughbred horse races held at the qualified thoroughbred permitholder’s racing facility. For the purposes of this subparagraph, the term “qualified thoroughbred permitholder” means a thoroughbred permitholder conducting, in the applicable state fiscal year, no less than a full schedule of live racing or games, as defined in s. 550.002(11), and no fewer live thoroughbred horse racing performances than such permitholder conducted in state fiscal year 2017-2018. The term does not include a permitholder whose*

permit was issued pursuant to s. 550.3345 or a permitholder leasing at another thoroughbred permitholder's facility pursuant to s. 550.475.

b. The division shall notify each cardroom licensee required to remit such payments, not later than 15 days after issuing the cardroom license, of the qualified thoroughbred permitholders to which such payments must be paid. Each qualified thoroughbred permitholder shall provide each cardroom licensee required to remit payments pursuant to this subparagraph with written instructions for transmitting such electronic payments. Such payments shall be remitted to each qualified thoroughbred permitholder on the fifth day of each calendar month and shall be based upon the preceding month's cardroom activities. If the fifth day of the calendar month falls on a weekend, such payment shall be remitted on the first Monday following the weekend.

c. A qualified thoroughbred permitholder receiving funds under this subparagraph shall remit, within 10 days after receipt, 10 percent of those funds to the Florida Thoroughbred Breeders' Association, Inc., for the payment of breeders', stallion, and special racing awards, subject to the fee authorized in s. 550.2625(3).

3. Each thoroughbred and harness horse racing permitholder that operates a cardroom facility shall use at least 50 percent of such permitholder's cardroom monthly net proceeds as follows: 47 percent to supplement purses and 3 percent to supplement breeders' awards during the permitholder's next ensuing racing meet.

~~3. No cardroom license or renewal thereof shall be issued to an applicant holding a permit under chapter 550 to conduct pari-mutuel wagering meets of quarter horse racing unless the applicant has on file with the division a binding written agreement between the applicant and the Florida Quarter Horse Racing Association or the association representing a majority of the horse owners and trainers at the applicant's eligible facility, governing the payment of purses on live quarter horse races conducted at the licensee's pari-mutuel facility. The agreement governing purses may direct the payment of such purses from revenues generated by any wagering or gaming the applicant is authorized to conduct under Florida law. All purses shall be subject to the terms of chapter 550.~~

(h) One-quarter of the moneys deposited into the Pari-mutuel Wagering Trust Fund pursuant to paragraph (g) shall, by October 1 of each year, be distributed to the local government that approved the cardroom under subsection (17) (16); however, if two or more pari-mutuel race-tracks are located within the same incorporated municipality, the cardroom funds shall be distributed to the municipality. If a pari-mutuel facility is situated in such a manner that it is located in more than one county, the site of the cardroom facility shall determine the location for purposes of disbursement of tax revenues under this paragraph. The division shall, by September 1 of each year, determine: the amount of taxes deposited into the Pari-mutuel Wagering Trust Fund pursuant to this section from each cardroom licensee; the location by county of each cardroom; whether the cardroom is located in the unincorporated area of the county or within an incorporated municipality; and, the total amount to be distributed to each eligible county and municipality.

Section 19. *The Division of Law Revision and Information is directed to replace the phrase "the effective date of this act" wherever it appears in this act with the date this act becomes a law.*

SPECIAL RECOGNITION OF SENATOR GARCIA

SPECIAL PRESENTATION

A video tribute was played honoring Senator Garcia.

REMARKS

On motion by the President, by two-thirds vote, the following remarks were ordered spread upon the Journal:

Senator Farmer: I figure since I am one of the rookies, I will go first and let the people who have served with Senator Garcia go longer. Even though I am new to the Senate, I am not new to a friendship with my good friend, Senator Garcia. We first met in 2005, my first session up here. We have had a lot of good times along the way. So many good times. You see what a natural smile Senator Garcia has, such a great sense of humor.

I am reminded of a story where several years ago we were at a convention. He came down to visit a convention we were attending. It was at the Grand Floridian. We were having some fun at dinner and maybe a few cocktails afterward, and he started teasing me that I must be a big deal because all of the plates, the napkins, all the signs, and the rugs had "G.F." on them. He thought that was so funny, and he was teasing me about me being such a big deal that they would do that for our convention.

But you know, I started thinking about why we run for office and somebody like Senator Garcia, who served for 18 years and before that he served locally. I think you have been serving since you were 19 or 20 years old if I am not mistaken. I started thinking about public service and what it means. One of the quotes I found was from Pope Francis: "Every man, every woman who has to take up the service of government must ask themselves two questions: Do I love my people in order to serve them better? Am I humble and do I listen to everybody, to diverse opinions, in order to choose the best path?" If you don't ask those questions, your governance will not be good. I think that so aptly describes you, Senator Garcia. Somebody who does listen; somebody who has been someone who would vote with both sides, vote on any side, and often surprising people on where your votes come from because of your thoughtfulness and your consideration.

Then I found another quote from Mahatma Gandhi who said, "The best way to find yourself is to lose yourself in the service of others," and I think that also very aptly describes you in your service. You care so much about people. I started thinking then about what characteristics

make for a good public servant: caring, compassion, tolerance, understanding, and empathy, all combined with intelligence. Of these though, I believe that caring and compassion are the most important qualities, and from caring comes courage. Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around. A part of that kindness consists in loving people more than they deserve, and compassion sometimes is the fatal capacity for feeling what it is like to live in somebody else's skin. It is a knowledge that there can never really be any peace or joy for me until there is peace and joy finally for you too. I think those things very much describe you.

Maya Angelou the great poet wrote, "People will forget what you said, people will forget what you did, but people will never forget how you made them feel." You have the ability to light up a room when you walk into it. You bring happiness to so many people just by being around them. She also said, "A mission in life is not merely to survive, but to thrive. To do so with some passion, some compassion, some humor, and some style." Senator Garcia, Maya Angelou was mostly right, but she hadn't met you when she uttered the above words. The people of the State of Florida will never forget what you have said, they will never forget what you have done, and they definitely will not forget how you made them feel. They will remember that you didn't just survive in this process—you thrived. You did it with much compassion, humor, and yes, style. You helped better so many lives and you loved and supported many people more than they deserve.

You are an incredibly special person, and while I have always valued our friendship dearly, the privilege of serving with you and sitting next to you on the floor has been one of the greatest honors of my life. The people of the State of Florida are forever in debt to you, and they have no idea how much they will miss having you here fighting for them. I hope that your career of public service is not over, but regardless, on behalf of all Floridians, I thank you for your caring, compassion, and service. I love you, my friend. I will miss you more than anybody.

Senator Flores: All right, well, I go right up at the beginning. That's great. I am going to try and just be funny because no one wants to see us cry over here, right? You don't want to see me cry, so let's start with this: The budget is going to be late because, in typical Cuban fashion, Rene is making me late to finish the budget, but this is more important than that. I've known Rene for a really long time. Do I have to call you Senator Garcia in this? I do. Mr. Chairman, the ever Honorable Senator Garcia—I've known him longer—you know you're old when you get to the point where you've known someone longer than you haven't known them. We've known each other for a long time. We have had fun, and ups and downs, but not with each other. You know, you've always been a friend. I can't even listen to my own rule for like half a second.

I remember in the House, at the time, your most passionate speech—you lost it by one vote and it was tough. To lose a floor vote in the House by one vote is hard, but it happens, and I know you were really disappointed. But, I just started thinking of all the good public policy that has either passed, or bad public policy that has not passed because of your one vote, and I am proud that almost every time we were on the same side together. What's special is that the times that we weren't, we always told each other and you always had my back. That is hard in the process, guys, because so few people have your back. So, thank you.

I will just end on this: First, is that you always save me a dance because if you have not had the pleasure of having a salsa dance with Rene Garcia in your life, you have, quite frankly, not lived. We tore the floor up in Turkey, remember? We were there with lots of people. My husband was there for the record, but I digress.

You guys have probably heard me say at some point that a lot of what we do up here is just "stuff." You know, we just do "stuff." We pass bills. They're important things, but they're not really that important. They're just "stuff." Every now and then, we do something that will actually change the world. I can tell you that I think almost all of the issues that Rene has championed—for all the little things in the budget, the big things in the budget, the big policy—it's all really important things. You don't get involved in just "stuff." It makes me very, very proud to call you my friend. Thank you.

Senator Bean: Let's see if we can get through this without crying. It's a pleasure to rise today in support of our good friend, Rene Garcia. We came in the class of 2000. Mr. President, you were part of that class,

and there were three other members: Atwater, Haridopolos, and Gardiner. Soon it will be you up there. So many others are in that class and Rene, think about it, 63 new House members in the year 2000 that had no idea. If we'd known better, we could have taken over everything that year. Dennis Baxley, you were part of that class too. I may have missed others; David Simmons, that was an exciting year. It was so soon after that that Rene—he distinguished himself—he had to carry his credentials because as young as he is now, think about it, 18 years ago he got confused with some of the House pages a couple times. Luckily, we fixed that, but the vote that Pro Tempore Flores just talked about, he distinguished himself. Now listen, he lost by a vote, but think about this, it was scripted out that it was supposed to be unanimous the other way. When a member is filled with passion and goes off script, look out, and that is what he did. To me, it was incredible to persuade 56 other House members there. Luckily, I was on the right side of that vote. I think that list is kept somewhere—that list is filled with passion, but you laid it all out there and that was the first of so many speeches that you did. There has never been a question about your passion for kids, for the elderly, and for people that need help. Rene Garcia is first in line to make that happen. Members, I have a thought on a friend level, and that is, if you are in jail in their city, would that be a person to call to get you out? If I am in Miami, or Hialeah, and I'm in trouble, Rene Garcia is my man.

Senator Benacquisto: Thank you, Mr. President. This is the oddest tradition because you have to say goodbye, in a way, to a person who you've grown so attached to in front of so many people. Usually, these things are shared in a closed setting. It is a tradition that is valuable because everyone gets to hear what we think is so special about the people who are leaving. You and I were elected in 2010 together. We called ourselves the "10 in 10," and we thought we were going to change the world. We have made some significant impacts. For somebody like me who was not involved in the process at all beforehand—I didn't serve in the House; I didn't lobby; I didn't know anything—I didn't think I didn't know anything, but I didn't know anything—you were always the welcoming face to say, "Come on, I'll show you how to do it; I'll teach you how to do this; I'll make sure you don't get in trouble." It was from you that I learned that the greatest thing that we can do while we are here is be committed to ourselves, to be committed to the things that we thought we wanted to accomplish when we ran. Senator Flores is right that we focus on some things on a daily basis that are matters of routine and that aren't as substantive. It is the great policy discussions that we've had that you've been such a leader on. Because in all of those discussions, you've focused us back on the really important thing which is: How will this affect your grandmother? Your aunt? That foster child who doesn't have anyone else to look out for them? There are a lot of people that we've served with that are not here anymore, and I miss them, but they don't leave a void like you will leave when you're gone. Not just because we will miss your smiling face that bounds around the corner, into a committee room, and has such energy and excitement. But because you're always thinking through what sometimes isn't as obvious which is: There is a little person back home who isn't getting enough, or isn't being as focused on enough, and you'll be that void. But, also a void for us, because you define what it means to be a Senator—gracious, respectful, determined, and ever focused on doing the right thing. You will be missed. I'm sure we're going to see you and this is the moment where we say, "You better not disappear because you are very valuable, very needed, and you will be very missed."

Senator Galvano: Thank you, Mr. President. I came into the House in the class after the class that Senator Garcia was in. When I went into the House, back in those days, you didn't even look at an upper classman. You had to keep your head down, make sure you didn't make eye contact. There were a whole lot of rules and it has changed a little bit. It is not anything like being a freshman in the Senate. I had other freshmen who were from South Florida and they said, "You know, you need to get to know Senator Garcia. He is a really good guy. He will be a really good resource for you, and you should work together on a lot of issues that you are passionate about that he is also."

The meeting was arranged in Miami, not down the hall somewhere. I remember saying that I can't get there until about 9:30 or 10:00 and he said, "That is great—that is great because then you can just wait and meet me for dinner at 11:30." I finally arrived and I go up on Espanola Way on South Beach. I look and there he is holding court—he has a little fire going, and I am like, "Who is this guy? Don Juan DeMarco?" He is hanging out and I had to wait patiently. He called me back and we then began a friendship. I think I met his approval and he did take me

under his wing. So much so that he almost got me kicked out of the Florida House of Representatives.

I have told this story before a few years back, but at the time I didn't want to implicate my good friend, Senator Garcia. After becoming friends and moving into that next session after that first few years, we ended up having offices right next to each other and they were pretty big offices. You remember? They were like some of the larger ones. The thing is, you still get the same allocation of furniture in the House. Sometimes, it is not that great to have a big office because you walk in and there are like two chairs and a little weak desk in the corner that everybody just stands around. I said to my upperclass mentor, I said, "You know, I did notice there is a big pile of furniture parked outside of the Senate." He goes, "Really?" I said, "As I was walking by, I noticed a couple of loveseats, maybe some end tables, and I am sure, now that we are getting ready for session, that it is just surplus or trash and we should maybe find out." So he said, "I will check it out." He comes back a little later and then says, "Yes, there is some good stuff there, maybe we should get it." I said, "Yes, I think it is good." He said, "Well, let's wait until everybody goes home." I was like, "Yes, that is great—the cover of darkness, that is perfect." Once the sun set and everyone was out on the town, Rene and I walked over in front of the Senate and, piece by piece, we are walking through carrying it to our office, getting it into the elevator, positioning it, and eventually we had these beautiful offices with all of this furniture and it lasted about 18 hours. The next morning I got to the Capitol, and I am going about my business, and Jacqui Sosa was making espresso—which by the way I am addicted to Cuban coffee, thanks to you. I am in my office relaxing and Rene walks in and he is like, "Quick, get out of here." I am like, "What is the matter?" He goes, "It is a raid." I go, "What is going on?" My aide goes, "The Sergeants are all here looking around." I said, "Should I say something?" He said, "No, it is the Sergeants from the Senate." So they had to go past their jurisdiction. We got off campus for a while to make sure. I was like I am out, I am out of the House. I have disgraced my community. Headline: "Galvano teams up with guy from Miami to steal furniture that the taxpayers have paid for." From that moment on, we knew we were partners in a lot of things and we worked on a lot of issues.

I remember one of the most important issues that he was the leader on, that he mentored me on, was KidCare and his desire to make sure that everybody, every child in the State of Florida, had access to health care, and he was a champion for that. He has been a champion for mental health, and he has continued to do that. He has been a leader. When I think about the issues that he works on, they are the issues for the little guy—the underdog. You know you have often heard me talk about the Lincoln premise of doing for those who can't do so well for themselves. Well, he talks that talk, and he walks that walk. It is so true. He also, as you were saying Senator Farmer, has a heart. A heart for the process, the people, and for each other.

I recall when I finished my term in the House, I had a hiatus—as did he—before going to the Senate, and that last session of mine was just very busy as Rules Chair. We had the Seminole Compact and everything and as most of you know, especially this time of year, you are getting texts, your phone is blowing up, and everything. I left the next morning after sine die and about three quarters down the road on I-10, I was like, "Dang, my phone must be broken, I haven't heard it ring once." I am shaking it and then all of a sudden, I got a call. Do you remember that? Senator Garcia said, "Hey, I thought I would give you a call because I am sure no one else is today." And that was very true. So, I hope you will continue to give me a call and you will always be extremely welcome. It has been a real honor, brother, it really has.

Senator Braynon: I got to know Senator Garcia. We spent one year in the House together. In the House, everybody is so separate. He was just one of those guys from Miami that at least I had something in common with because we were from Miami. But then when we got over to the Senate, we had adjoining districts that lined up. There's a complete line all the way down 27th Avenue—that's our district. While we don't have the same sounding last names or look the same, it's so amazing how similar our districts are. There are people who wake up every morning, go to work, and are just trying to make it by. Many times—we sat by each other for four years—we would always turn and say to each other, "How are you voting on this? How are you voting on this?" It wasn't really about parties. It was because we had districts that were so similar and we had come from such a similar background. We just became fast friends. I mean, we worked together and we had a great time. We had a not-so-great time, sometimes, when we worked together.

We even hung out together. We're from Miami, so I can't talk about what we did when we hung out. Really, the best thing about our relationship is we became more than colleagues—we became friends. One of the things that I love about this process is that you make friends. You make friends forever. When I just see Rene's face, I feel calm. It makes me feel like I am in the Senate. I am in a place where people care. I remember the one year that myself, nor Senator Garcia, nor the people on the back row were in good graces with the leadership. We were given committees that we did not enjoy or were not our fancy. I remember getting DCF and Elder Affairs. I thought that was not something I had ever served on and knew nothing about. I seemed to remember that was something Rene did all the time. I thought maybe Rene would be on that with me. He was not because that's something he enjoys and that he wanted to be on. I would have to go to him almost every committee, or when we got on the floor, and ask him about issues, about kids, and about older people. That was his passion, and then it became something that I realized there was no reason I shouldn't have been on this committee. These are the people that need our help the most and these are the people that Senator Garcia cares about. I'm going to miss that voice and I'm going to miss being able to bounce ideas off of you. I am also going to miss being able to get you to do things that maybe I wouldn't do. Thank you very much for the other day. You've been a great friend, a great resource, and the Senate will miss you.

President Negron: As mentioned by Senator Bean, Senator Garcia and I did come in together in the class of 2000 and served six years together in the House. Then we served together for eight years in the Senate. When I think about his legacy of service in the Legislature, I really think about two particular passions of his. The first is a very strong commitment to personal liberty, individual rights, and making sure that—he's always had a skepticism and weariness about the possibility of government intrusion on the rights of the individual—that is something that I think that he will be remembered for. Then, secondly, and probably more notably, is what has been mentioned by everyone here—the commitment that he has to his district—to Hialeah, to Miami-Dade County—in making sure that he's a true voice for his constituents. Senator Garcia came to see me yesterday about a last-minute budget item and I made a mental note—I do have a skill at keeping track of budget items that members give me. I was kind of curious what the last thing would be that Senator Garcia would ask for, and I wrote it down. The last thing he asked me to try to look out for was a program in his community that serves frail seniors with limited means to make sure they have food and housing, and I thought that was so emblematic and so reflective of his entire career in both the House and the Senate. In addition, you will see in the front of the Chamber a framed copy of Senate Bill 12. Every member gets to decide what they think the most important issue is. I will defer to you, but what I was thinking about today and what issue is the legislative accomplishment that was most notable from my point of view, was Senate Bill 12 that was passed in 2016, which was the landmark historic mental health reform. That really moved in the direction of treating our fellow citizens with substance abuse, with challenges, with mental health issues, as if they have a medical issue that needs to be addressed or a law enforcement issue or criminal law issue. Sometimes those issues overlap, but we need to view our citizens who are overcoming those issues with compassion and treat them with dignity. I'll never forget your comment on the floor earlier this week when you said—and I thought a lot about it since you said it—that every person in this room is one situation away from having a breakdown, from being in a position where we're going to need medical assistance, need assistance from our friends, our family, our support group to be able to handle something that life would throw us.

I've really enjoyed serving with you in the House and the Senate, and your community should be proud of the fact that you are here every day fighting for them. I always knew the issues you had at home—you are strong at home.

Senator Flores: What happened is that you called on me too quickly, so I forgot to tell a story. It's a love story, and this is what little sisters do, Rene, we embarrass our big brothers. So this is a love story. It's the tale of Virginia Papalini. How many people know it? Okay, and for those of you that don't know it, get ready. The tale of Virginia Papalini starts with a young man, a young man who just started in the House. Not emotionally attached to anyone at home, very happy, feeling proud, excited that he came to Tallahassee and he was part of the big time. You know when you first get here you think, "Oh, I am extra good looking, extra funny, extra all of this," right? Senator Garcia is one of

those. A young lady came to the chamber and started to admire Rene Garcia, and she sent him a note. I'm not sure what the note said but it was a nice note, and it said, "Virginia Papalini." A couple days go by, Virginia Papalini sends some more notes. These were actual paper notes. No text messaging, these are actual paper notes. She is watching every day. You know, Rene is like, "I've got to find who this girl is because it's a mystery." One day, Virginia Papalini comes to the gallery and she sends him a note and says, "I would really like to meet you. Can you come up to the gallery and meet me?" So, Rene is pretty nervous, "I don't know, I don't know who this person is. She just keeps sending me notes. Hey guys, do you think I should go meet this girl?" "Yeah! Yeah!" This story is so epic that I heard this story when I was an intern. Just for the record. "Yeah, go. Go, go." Off he goes, goes in through the door, goes to meet Virginia Papalini, when all of a sudden from the chamber of the House, Speaker Feeney says, "Sergeant, you must remove Representative Garcia from the gallery. Why is he there?" Members are not supposed to be in the gallery and, alas, Virginia Papalini was no one. Virginia Papalini lived on, for several years, for several freshman classes. Several times there has been lots of love for Virginia Papalini, but Rene Garcia was her first.

Senator Garcia: I have a Flores story I want to tell right now. Let me tell you about... You know I'm going to kill you right? Big brother, little sister. I'm going to kill you. Mr. President, is the budget done? No, I can't kill her. I love you! I love you!

Wow, members, thank you so much. Thank you for your words. Thank you for your comments. I feel a little uncomfortable, honestly, to hear those. For those of you that know me, I don't take well to accolades and saying that I have done some good stuff—and that's good stuff because I really do believe in this institution. I believe in the institution of the Senate. I believe in everything that you all believe in. It's just great to be able to come to work in this chamber—in this majestic chamber—and to know that we are doing the people's work every day. Even though I don't really take myself seriously, as you all know, but I really do take the work that we do up here seriously. I do take my job very seriously. Yes, I always say this, "Government should be the voice for the voiceless." We should always remember who we're fighting for, and that's what I have tried to do for the last 18 years. It feels like I've been here 30 years but, anyway, that's what I feel. That's what I've been trying to do my whole political life, is to make sure that individuals—those people that have been forgotten—have that voice. I hope that I've done a good job in representing them in this chamber.

With all that, I'll tell you this: I could never have done any of this, the work that we've done, without the incredible staff that I've had throughout the last couple of years. Yes, when I say staff, I'll tell you that I have both an internal staff—I think we all have an internal staff—and external staff, who are friends that have dealt with me for all this time. We've had battles and so forth, but I just have to mention my friends who have always been there: Andreina, Albert, Irene, Bob, T.C., Fatima, Mel, Ron, and Pete. These guys and gals have always been there, sometimes even to the detriment of their own clients, they've been there to help support, guide, and give me advice to try to do the right thing. Guys, thank you very much for the years. Thank you for putting up with me, for dealing with me, and for always guiding me in the right direction. You guys are my friends and family.

For my internal staff that I've had since the House—I've been very blessed that we haven't had a lot of turnover, but the ones that have left, have gone onto bigger and better things. To that, Willie, Ovi, Lily, Jacqui—the coffee maker Jacqui. Is she somewhere here? She's pregnant now. Where's Jacqui? Thank you, Jacqui—the best coffee maker. David, Ana, Nelson, Manuel, Miguel, A.J., Chasity, and Lena. Guys, thank you, thank you, thank you. Without your support, there is no way that I could have done these things, because these things are not just things that I have done—it's things we have done. Nothing is ever done in a vacuum, right? I hope I've taught you that. I hope I've taught you that if you have that dedication and drive, you work together with other folks, you can get things done. It's not just about the individual; it's about us, the people, representing and fighting for them every single day.

One of the things I'm most proud of about our team, Mr. President—the team that we've had both internal and external—is that they always remember who they're fighting for. The reality is that everything we do up here is very big and people ask me, "So what's your legacy? What is going to be the legacy of Senator Garcia?" I don't see it as a legacy. I

think the important thing is what you do back home—those little things that you do in your district—the constituent work you do, and the people that you serve. You all have done that every single day. Whenever your life may take you, don't ever forget that. Don't ever forget that, even if it's to translate a letter for someone or to help someone with a DCF case, or with Medicaid eligibility. For us, it becomes very routine. We lose sight for that individual, for that time—it's the biggest problem that they have. That's the biggest problem that they have. We should never lose that touch with our constituents, for the people that we serve, and the humility that you should vow to come with to those individuals that really need that help. So guys, thank you for making our district shine bright. Thank you for making Dade County a rock star, and thank you for getting me to this point and helping our constituents. God bless you all. Thank you very much. Let's give our staff a round of applause.

I know we have the budget, but I want to thank a whole bunch of folks, Mr. President, because without the individuals that have been around me, there's just no way we could have done this. I really do have to start with the great committee staff that I've had throughout the last couple of years. From my sister, Sandra, in Health Regulation. God, those were some tough battles. Senator Young, get ready for them because as you move on through the process, it's going to keep on getting worse. Sandra has been incredible. My girlfriend, Scarlet, in Health Appropriations. Talk about a lady that knows how to hide money, and hide it from me. She would always hide it. That is why we always had money available to get some other projects in for some of our members, but she was a feisty, feisty individual. She has an incredibly compassionate heart and has done nothing but the right thing by us and Claude in Children and Families. Mr. President, honestly, one of the biggest honors that I have had after serving so many years in the House and in the Senate, is to be able to go out as Chairman of the Children, Families, and Elder Affairs Committee. Because that one committee, Senator Braynon, really does change lives. It really does. We can do so much and we should be doing much more, but that honor that you bestowed upon me—I will always be grateful for allowing me that opportunity—and to have Claude Hendon, one of the hardest working men and one of the guys with the biggest heart, standing by me in that committee. So thank you, Mr. President, for that.

I can't say more about the staff that we have had. Allen Brown has been an incredible asset, incredible mind. Carol Gormley is in the House. Tough one to fight with, but she is just an amazing individual who understands health care left and right. The Majority Office: Guys, thank you for the work you do. Senator Simpson, you have a great team in that office—a great team that works for all of us, tries to get us on track. The compassion that they show—at least for me, Allie, sometimes wants to kick me out of her office, but, Allie, don't worry about it—but they just work so hard for our caucus, it is great and I appreciate you all.

The folks in Bill Drafting: We sometimes forget that the bills that we do, there is somebody writing them, typing them up, researching them, and doing the cross-references. Let us not forget that they are there. Go by and visit them once in a while. Say, "What's up? Hey, how are you doing?" Thank you, Bill Drafting, for always, always having our backs and making sure that we get our things in on time.

Appropriations suite: Those men and women down there—the number of hours that they put in and working—Senator Bradley, as you very well know, they are geniuses down there. The level of understanding of the budget and trying to make sure that they get our priorities in, work them out right if it is the proviso, if it is the conforming bills, or whatever it is, it is an amazing talented group of people. I have yet to see a group that compares to the talent that we have down there. Thank you all for that.

Madam Secretary, you rock. Thank you so much for ensuring this chamber continues to run. The operation here is all thanks to you. You are an amazing woman, an amazing leader, and I am sorry for barging in here so many times with different groups. I apologize for that. Having your folks come in and harass me a little bit about that—thank you so much for everything that you have done and continue to do for us.

Sergeant, you must be happy that I am leaving, right? You know how many times I go back here to the Sarge, sit there, and just vent and vent and vent. He will look at me and say, "When is this crazy Cuban guy going to shut up?" Sarge, thank you so much for your friendship; thank you for your ear; and thank you for not kicking me out of your office either. Thank you so much.

To my Senators: You guys are awesome. Senator Braynon, I don't think we look alike. You say we look alike? We don't look alike? What do you mean we don't look alike? I thought we did. Wait a minute, who are you talking to? Senator Galvano, my brother, I feel so confident and comfortable that after so many years and seeing you grow through this political process in the House, and now in the Senate, that as I leave this chamber, I know we leave this chamber in very good hands. Praying for you my friends. I have your back. Whatever I can do to help to ensure that you continue moving this Senate forward, I will do for you.

Senator Flores, I'm going to get you later, don't worry about that. After we're done here, I'm going to get you. But yes, you are my sister and I love you to death. I am so very proud of you and the work you have done and accomplished. I wish you nothing but success. I can't wait until we get back home and have some fun. Let me clarify that: Go out with her family and friends. That's what we mean when we speak.

Senator Simpson, I have to. You told me not to say anything about you, but I have to. You're my guajiro. Guajiro is my country boy, my guajiro. Brother, we've had some tough battles, you and I. You've wanted to kill me more times than not. Just rest assured that you are my friend, my brother, and I too, as I offered to Senator Galvano, will be here for you. Whatever I can do to make sure that we move your agenda and get your folks what they need. Thank you.

Mr. President, we too have had our challenges, but why did you have this guy sit next to me? This is the worst punishment in the world. A Senator that comes to this chamber, and sits next to Gary Farmer, that Senator is in the doghouse. The funny thing is, the other day, whatever debate was going on, I stood there for two hours by the rostrum because I could not have Gary in my ear, trying to switch my vote constantly. So now you know, for you freshman Senators coming in, now you know that if you sit next to Gary Farmer, the leadership is not too fond of you.

I leave you with this: Members, it truly has been an amazing honor to serve in this chamber. Those that have come and left, and those like Alan Bense and Andy Gardiner, were people who inspired me and moved me. Because of Alan Bense, I ended up doing all these things in health care. So Mr. Speaker, thank you. Thank you, thank you, thank you for your belief in me. Senator Gardiner, if you're listening, I could kill you too, and I thank you.

There was a picture up there about Medicaid expansion—you saw that picture. That was me and Senator Richter. We were up in Washington, D.C., dealing with Medicaid expansion. That was one of the most interesting times of our lives in this process and, Senator Lee, you remember that whole battle. I could sometimes kill Senator Gardiner but I did believe in that passion. That's one of the issues that I lost big. I still believe that we should have drilled down all those dollars.

Members, to all of you, thank you. Senator Campbell says, "What about me?" Senator Campbell, I love you. I got you. I got you, Senator Campbell. To all of you, it really has been an honor to get to know you. Those that I've served with a long time, those that I just served with for these two years, I appreciate your friendship and your love. A lot of times in this process, we fail to use the word "love." When I use "love," I mean it. I love you guys. Thank you guys from the bottom of my heart. I know that together, collectively, when we break down these walls that we have of Republican and Democrat, and operate the Senate how it needs to be operated. Us collectively coming together, working on ideas, hammering them out, fighting, we'll do a much better job—not only for our districts and our constituents—for the residents of the State of Florida. God bless you all. You will always make that call if you are in Hialeah or anywhere in this state. Call Rene, I'm your friend from here on out. Thank you guys. I will miss you all.

PRAYER

The following prayer was offered by Dr. Joedreka Brown Speights, Senior Pastor, University Ministries International, Tallahassee:

Dear Heavenly Father—the God of Abraham, Isaac, and Jacob—we come humbly before your throne of grace. We invoke your presence, Holy Spirit, and cry, “Abba Father.” Holy, holy, holy is your name. We lift you up and worship you. Let your glory come. Thy kingdom come; thy will be done. We thank you, Heavenly Father, for life, health, and strength; we thank you for our leaders and Senators; we thank you for your love that bears all things, believes all things, hopes all things, and endures all things. For without love, we are nothing. We pray that we experience love so we can walk in patience and kindness. God help us not to be envious, dishonoring, self-seeking, easily angered, or attentive to wrongs. Help us, through love, to rejoice in the truth and always protect, always trust, always hope, always persevere because love never fails. We thank you for your grace and forgiveness. We repent and turn from our wicked ways and thank you for saving us from sin, sickness, poverty, and from lack. Thank you for giving us a way of escape and translating us out of the kingdom of darkness, into the kingdom of your dear son.

We love you, Heavenly Father. Your word says, “In all thy ways acknowledge you, and you would direct our paths.” God, we need your direction. We seek you today and acknowledge you first. Lead us, guide us, and direct us in the paths of righteousness for your name’s sake. For the sake of those who are depending on our decisions, guide us in your holy way. We decree and declare the strongholds and barriers to your perfect will are disintegrated. We call this place holy ground. We need you like never before to give us peace that passes all understanding. Your word says to seek wisdom and search for it like precious stones. Give us wisdom. Give us peace and wisdom in times of trouble, hurt, violence, and turmoil. Let love abide and overcome hatred. Let us love one another as you have loved us; let us love ourselves.

As we deliberate today, give us this day our daily bread. Everything we need to please you and walk in your perfect will, provide it for us, dear Lord. Not only do we need direction in the Senate—and in our discussions and decisions today—but we need healing in our bodies, our families, our relationships, our communities, our state, and our nation. Please make us whole. We thank you for your joy, comfort, shelter, direction, and salvation. We thank you for this auspicious occasion for prayer and praise. We need you every step of the way. Come now, Lord, order our steps, make our ways prosperous, and our enemies to be at peace with us. I pray your peace and perfect resolve for everyone today. In your sweet, matchless name we pray. Amen.

PLEDGE

Senate Pages, Paul “P.J.” Diaz of Maitland; James “Jimmy” Grammig of Tampa; and Alexis Poppell of Tallahassee, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

(cc) “Water system” means any plant, system, facility, or property, and any addition, extension, or improvement thereto at any future time constructed or acquired as a part thereof, useful, necessary, or having the present capacity for future use in connection with the development of sources, treatment, purification, or distribution of water. The term includes dams, reservoirs, storage tanks, mains, lines, valves, hydrants, pumping stations, chilled water distribution systems, laterals, and pipes for the purpose of carrying water to the premises connected with such system, and all rights, easements, and franchises of any nature relating to any such system and necessary or convenient for the operation thereof.

(d) The district shall operate and function subject to, and not inconsistent with, the applicable comprehensive plan of the City of Tampa and any applicable development orders (e.g. detailed specific area plan development orders), zoning regulations, and other land development regulations.

(e) The special and limited purpose Water Street Tampa Improvement District does not have the power of a general-purpose local government to adopt a comprehensive plan or related land development regulation as those terms are defined in the Community Planning Act pursuant to s. 163.3164, Florida Statutes.

—which was previously considered this day with pending point of order.

RULING ON POINT OF ORDER

The President recognized Senator Benacquisto, Chair of the Committee on Rules, on **CS for HB 1301** with pending point of order and **Amendment 813382**.

Senator Benacquisto: Mr. President, Senator Lee raised a point of order under Rule 7.1(7)(c) that Senator Book's amendment, barcode 813382, is out of order because it is the same and identical as to specific intent as **CS for SB 1044**, which now resides in the Rules Committee. A review of the bills and the amendment by Senator Book confirms that the amendment by Senator Book is the exact text of **CS for SB 1044**. Therefore, Mr. President, because Rule 7.1(7)(c) prohibits an amendment from being offered that is the principal substance of a bill that has not been reported favorably by all committees of reference, it is my recommendation that the amendment by Senator Book is out of order.

President Negron: Based on the recommendation of Rules Chair Benacquisto, I find that the point is well taken and the amendment is out of order.

MOTIONS

Senator Book moved that Rule 7.1(7)(c) be waived to allow the consideration of **Amendment 813382**. The motion was adopted by the required two-thirds vote.

Senator Book moved the following amendment which was adopted:

Amendment 1 (813382) (with title amendment)—Between lines 205 and 206 insert:

Section 3. Section 787.061, Florida Statutes, is created to read:

787.061 *Civil actions by victims of human trafficking.*—

(1) *FINDINGS.*—The Legislature finds that, to achieve the intent of the Legislature relating to human trafficking expressed in s. 787.06(1)(d), it is necessary to provide a civil cause of action for the recovery of compensatory and punitive damages, attorney fees, and costs.

(2) *DEFINITIONS.*—As used in this section, the term:

(a) “Facilitator” means a person who knowingly, or in willful blindness, assists or provides resources or goods or services to a trafficker which assist or enable the trafficker to carry out human trafficking. The term does not include a person who facilitates human trafficking as a result of force, threat, or coercion.

(b) “Human trafficking” has the same meaning as provided in s. 787.06.

(c) “Trafficker” means any person who knowingly engages in human trafficking, attempts to engage in human trafficking, or benefits financially by receiving anything of value from participation in a venture that has subjected a person to human trafficking.

(d) “Trust fund” means the Trust Fund for Victims of Human Trafficking and Prevention created in s. 787.0611.

(e) “Venture” means any group of two or more individuals associated in fact, whether or not a legal entity.

(f) “Victim of human trafficking” means a person subjected to coercion, as defined in s. 787.06, for the purpose of being used in human trafficking; a child under 18 years of age subjected to human trafficking; or an individual subjected to human trafficking as defined by federal law.

(g) “Willful blindness” exists when a person has knowledge of information that would raise suspicions in a reasonable person and he or she deliberately refrains from obtaining confirmation of or acting on the information because he or she wants to remain in ignorance, such that knowledge of the facts avoided can reasonably and fairly be imputed to the person who avoided confirming it.

(3) *CIVIL CAUSE OF ACTION.*—

(a) A victim of human trafficking has a civil cause of action against the trafficker or facilitator who victimized her or him and may recover damages as provided in this section.

(b) The action may be brought in any court of competent jurisdiction, and the standard of proof is the greater weight of the evidence, but the standard of proof for punitive damages under this section is clear and convincing evidence.

(c) A victim who prevails in any such action is entitled to recover economic and noneconomic damages, penalties, punitive damages, reasonable attorney fees, reasonable investigative expenses, and costs.

1. Economic damages include, but are not limited to, past and future medical and mental health expenses; repatriation expenses, when a victim elects repatriation; and all other reasonable costs and expenses incurred by the victim in the past or estimated to be incurred by the victim in the future as a result of the human trafficking.

2. Noneconomic damages include pain and suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of capacity for enjoyment of life, and other nonfinancial losses.

(d) The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to victims of human trafficking, except that a victim may not recover under both this section and s. 772.104(2). If a parent or legal guardian knowingly or through willful blindness trafficked the victim, facilitated such trafficking, or otherwise participated in the human trafficking of the victim, such parent or legal guardian is not entitled to damages or distributions under this section.

(e) If a victim prevails in an action under this section, in addition to any other award imposed, the court shall assess a civil penalty against the defendant in the amount of \$50,000. This penalty is in addition to and not in lieu of any other damage award. The civil penalty must be assessed by the court and may not be disclosed to the jury. The entire \$50,000 civil penalty shall be deposited into the trust fund unless the proceeds become subject to equitable distribution under paragraph (g).

(f) If a victim prevails in an action under this section, and if one or more law enforcement agencies rescued the victim or stopped the abuse or exploitation of a victim on the property where it occurred, the court shall assess a civil penalty against the defendant in the amount of \$50,000 and award the penalty to such law enforcement agencies to fund future efforts to combat human trafficking. This penalty is in addition to, and not in lieu of, any other damage award or civil penalty. The court shall equitably distribute this civil penalty among the law enforcement agencies. The entire \$50,000 civil penalty shall be distributed to the law enforcement agencies unless the proceeds become subject to equitable distribution under paragraph (g).

(g) If an action brought under this section is either settled prior to a jury verdict or the victim is unable to recover the full amount of the compensatory damages caused by the human trafficking, the court must determine the percentage of the victim's damages that were recovered, after deducting the victim's reasonable and necessary out-of-pocket expenses, but before deducting attorney fees, and that same percentage of \$50,000 shall be paid from the recovery to the trust fund. If one or more law enforcement agencies are entitled to a civil penalty under paragraph (f), that same percentage of \$50,000 shall be paid from the recovery to the law enforcement agencies to fund future efforts to combat human trafficking.

(h) The court shall have specific authority to consolidate civil actions for the same trafficker or facilitator for the purpose of case resolution and aggregate jurisdiction.

(i) Notwithstanding any other law to the contrary, the amount of punitive damages awarded under this section shall be equally divided between the victim and the trust fund.

(j) Moneys collected from penalties, damages, or other costs imposed by this section which are to be deposited into the trust fund shall be remitted to the Department of Revenue for deposit into the Department of Law Enforcement Trust Fund for Victims of Human Trafficking and Prevention.

(4) *STATUTE OF LIMITATIONS.*—The statute of limitations as specified in ss. 95.11(7) and 95.11(9) is applicable to actions brought under this section.

(5) *AFFIRMATIVE DEFENSE.*—

(a) In any action brought under this section against the owner or operator of a public food service or lodging establishment based on a claim of vicarious liability for an employee's conduct, it is an affirmative defense to punitive damages recoverable under such claim if the owner or operator proves by the greater weight of evidence that:

1. Its personnel have been trained to identify and report suspected human trafficking activity in accordance with s. 509.210 and rules adopted thereunder.

2. The owner or operator had in place an employee protocol or employee code of conduct to detect and report suspected human trafficking activity to appropriate law enforcement authorities, which may include the National Human Trafficking Hotline, the United States Department of Justice Hotline, the Florida Abuse Hotline, or local law enforcement authorities.

3. If the victim of human trafficking was a minor at the time of the trafficking, the owner or operator exercised reasonable care and diligence in screening, training, overseeing, and supervising the employee, and made a reasonable attempt to ensure compliance with the anti-human trafficking protocols and training required by this section.

(b) If the victim of human trafficking was an adult at the time of the trafficking, the affirmative defense provided in this subsection may be overcome with proof by clear and convincing evidence that the officers, directors, or managers of the owner or operator of the public food service or lodging establishment knowingly, or in willful blindness, condoned, ratified, permitted, caused, or consented to the conduct constituting human trafficking or the facilitation of such trafficking.

Section 4. Section 509.210, Florida Statutes, is created to read:

509.210 *Training of public food service and lodging establishment personnel regarding human trafficking.*—

(1) In consultation with the Attorney General, human trafficking victim advocacy organizations, and state and national restaurant and lodging associations, the division shall adopt by rule one or more educational programs designed to train employees of public food service and lodging establishments in the identification and reporting of suspected human trafficking activity. The owner or operator of a public food service or lodging establishment may also adopt its own educational program for this purpose, which must be submitted to the division and approved by it for the owner's or operator's use. The division must approve such a program for use by the owner or operator and its affiliated establishments if it is determined to be at least as comprehensive and effective as the other programs adopted by the division by rule. The division rule must require the owner or operator of each public food service or lodging establishment to train those classes of employee reasonably expected to routinely interact with guests, using an approved educational program, within a reasonable time after hiring, and at appropriate intervals thereafter, and to maintain documentation of such training for routine inspection. If the owner or operator fails to comply with the rule's requirements, the division shall impose administrative sanctions pursuant to s. 509.261.

(2) All public food service and lodging establishments shall provide the division with proof of employee training upon request, including, but not limited to, at the time of any division inspection of the establishment. Proof of training for each employee shall include the name, date of birth, and job title of the trained employee, the date the training occurred, and the approved educational program used.

Section 5. The Division of Hotels and Restaurants of the Department of Business and Professional Regulation may adopt emergency rules pursuant to s. 120.54, Florida Statutes, to implement s. 509.210, Florida Statutes, as created by this act. The Legislature finds emergency rule-making power necessary for the preservation of the rights and welfare of the people of Florida and to address the scourge of human trafficking in our state. The adoption of emergency rules pursuant to this section is exempt from s. 120.54(4)(a), Florida Statutes.

Section 6. Subsection (4) is added to section 772.104, Florida Statutes, to read:

772.104 Civil cause of action.—

(4) This section does not apply to a cause of action that may be brought under s. 787.061.

This subsection applies to any such action other than one which would have been time barred on or before July 1, 2010.

And the title is amended as follows:

3. For a third or subsequent offense, a mandatory minimum term of 2 years with electronic monitoring.

(d)(~~e~~) Any person who misuses public records information relating to a sexual predator, as defined in this section, or a sexual offender, as defined in s. 943.0435 or s. 944.607, to secure a payment from such a

predator or offender; who knowingly distributes or publishes false information relating to such a predator or offender which the person misrepresents as being public records information; or who materially alters public records information with the intent to misrepresent the information, including documents, summaries of public records information provided by law enforcement agencies, or public records information displayed by law enforcement agencies on websites or provided through other means of communication, commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(e)(d) A sexual predator who commits any act or omission in violation of this section may be prosecuted for the act or omission in the county in which the act or omission was committed, in the county of the last registered address of the sexual predator, in the county in which the conviction occurred for the offense or offenses that meet the criteria for designating a person as a sexual predator, in the county where the sexual predator was released from incarceration, or in the county of the intended address of the sexual predator as reported by the predator prior to his or her release from incarceration. (f)(e) An arrest on charges of failure to register, the service of an information or a complaint for a violation of this section, or an arraignment on charges for a violation of this section constitutes actual notice of the duty to register when the predator has been provided and advised of his or her statutory obligation to register under subsection (6). A sexual predator's failure to immediately register as required by this section following such arrest, service, or arraignment constitutes grounds for a subsequent charge of failure to register. A sexual predator charged with the crime of failure to register who asserts, or intends to assert, a lack of notice of the duty to register as a defense to a charge of failure to register shall immediately register as required by this section. A sexual predator who is charged with a subsequent failure to register may not assert the defense of a lack of notice of the duty to register.

(f) Registration following such arrest, service, or arraignment is not a defense and does not relieve the sexual predator of criminal liability for the failure to register.

Children and youths who are experiencing homelessness and children who are known to the department, as defined in s. 39.0016, shall be given temporary exemption from this section for 30 school days.

Section 3. Paragraph (f) of subsection (1) and paragraph (a) of subsection (2) of section 1003.26, Florida Statutes, are amended to read:

1003.26 Enforcement of school attendance.—The Legislature finds that poor academic performance is associated with nonattendance and that school districts must take an active role in promoting and enforcing attendance as a means of improving student performance. It is the policy of the state that each district school superintendent be responsible for enforcing school attendance of all students subject to the compulsory school age in the school district and supporting enforcement of school attendance by local law enforcement agencies. The responsibility includes recommending policies and procedures to the district school board that require public schools to respond in a timely manner to every unexcused absence, and every absence for which the reason is unknown, of students enrolled in the schools. District school board policies shall require the parent of a student to justify each absence of the student, and that justification will be evaluated based on adopted district school board policies that define excused and unexcused absences. The policies must provide that public schools track excused and unexcused absences and contact the home in the case of an unexcused absence from school, or an absence from school for which the reason is unknown, to prevent the development of patterns of nonattendance. The Legislature finds that early intervention in school attendance is the most effective way of producing good attendance habits that will lead to improved student learning and achievement. Each public school shall implement the following steps to promote and enforce regular school attendance:

(1) CONTACT, REFER, AND ENFORCE.—

(f1) If the parent of a child who has been identified as exhibiting a pattern of nonattendance enrolls the child in a home education program pursuant to chapter 1002, the district school superintendent shall provide the parent a copy of s. 1002.41 and the accountability requirements of this paragraph. The district school superintendent shall also refer the parent to a home education review committee composed of the district contact for home education programs and at least two home educators selected by the parent from a district list of all home educators who have conducted a home education program for at least 3 years and who have indicated a willingness to serve on the committee. The home education review committee shall review the portfolio of the student, as defined by s. 1002.41, every 30 days during the district's regular school terms until the committee is satisfied that the home education program is in compliance with s. 1002.41(1)(d) ~~s. 1002.41(1)(b)~~. The first portfolio review must occur within the first 30 calendar days of the establishment of the program. The provisions of subparagraph 2. do not apply once the committee determines the home education program is in compliance with s. 1002.41(1)(d) ~~s. 1002.41(1)(b)~~.

2. If the parent fails to provide a portfolio to the committee, the committee shall notify the district school superintendent. The district school superintendent shall then terminate the home education program and require the parent to enroll the child in an attendance option that meets the definition of “regular school attendance” under s. 1003.01(13)(a), (b), (c), or (e), within 3 days. Upon termination of a home education program pursuant to this subparagraph, the parent shall not be eligible to reenroll the child in a home education program for 180 calendar days. Failure of a parent to enroll the child in an attendance option as required by this subparagraph after termination of the home education program pursuant to this subparagraph shall constitute noncompliance with the compulsory attendance requirements of s. 1003.21 and may result in criminal prosecution under s. 1003.27(2). Nothing contained herein shall restrict the ability of the district school superintendent, or the ability of his or her designee, to review the portfolio pursuant to s. 1002.41(1)(e) ~~s. 1002.41(1)(b)~~.

(2) GIVE WRITTEN NOTICE.—

(a) Under the direction of the district school superintendent, a designated school representative shall give written notice that requires enrollment or attendance within 3 days after the date of notice, in person or by return-receipt mail, to the parent when no valid reason is found for a student’s nonenrollment in school. If the notice and requirement are ignored, the designated school representative shall report the case to the district school superintendent, ~~who and~~ may refer the case to the *child study team in paragraph (1)(b) at the school the student would be assigned according to district school board attendance area policies or to the case staffing committee*, established pursuant to s. 984.12. *The child study team shall diligently facilitate intervention services and shall report the case back to the district school superintendent only when all reasonable efforts to resolve the nonenrollment behavior are exhausted. If the parent still refuses to cooperate or enroll the child in school, the district school superintendent shall take such steps as are necessary to bring criminal prosecution against the parent.*

Section 4. Subsection (2) of section 1003.27, Florida Statutes, is amended to read:

1003.27 Court procedure and penalties.—The court procedure and penalties for the enforcement of the provisions of this part, relating to compulsory school attendance, shall be as follows:

(2) NONENROLLMENT AND NONATTENDANCE CASES.—

(a) In each case of nonenrollment or of nonattendance upon the part of a student who is required to attend some school, when no valid reason for such nonenrollment or nonattendance is found, the district school superintendent shall institute a criminal prosecution against the student’s parent. *However, criminal prosecution may not be instituted against the student’s parent until the school and school district have complied with s. 1003.26.*

(b) Each public school principal or the principal’s designee shall notify the district school board of each minor student under its jurisdiction who accumulates 15 unexcused absences in a period of 90 calendar days. ~~Each designee of the governing body of each private school, and each parent whose child is enrolled in a home education program, may provide the Department of Highway Safety and Motor Vehicles with the legal name, sex, date of birth, and social security number of each minor student under his or her jurisdiction who fails to satisfy relevant attendance requirements and who fails to otherwise satisfy the requirements of s. 322.091. The district school superintendent must provide the Department of Highway Safety and Motor Vehicles the legal name, sex, date of birth, and social security number of each minor student who has been reported under this paragraph and who fails to otherwise satisfy the requirements of s. 322.091. The Department of Highway Safety and Motor Vehicles may not issue a driver license or learner’s driver license to, and shall suspend any previously issued driver license or learner’s driver license of, any such minor student, pursuant to the provisions of s. 322.091.~~

(c) *Each designee of the governing body of each private school and each parent whose child is enrolled in a home education program may provide the Department of Highway Safety and Motor Vehicles with the legal name, sex, date of birth, and social security number of each minor student under his or her jurisdiction who fails to satisfy relevant attendance requirements and who fails to otherwise satisfy the require-*

ments of s. 322.091. The Department of Highway Safety and Motor Vehicles may not issue a driver license or learner’s driver license to, and shall suspend any previously issued driver license or learner’s driver license of, any such minor student pursuant to s. 322.091.

Section 5. Paragraph (1) of subsection (5) and paragraph (a) of subsection (11) of section 1002.385, Florida Statutes, are amended to read:

1002.385 The Gardiner Scholarship.—

(5) AUTHORIZED USES OF PROGRAM FUNDS.—Program funds must be used to meet the individual educational needs of an eligible student and may be spent for the following purposes:

(1) Fees for an annual evaluation of educational progress by a state-certified teacher under s. 1002.41(1)(f) ~~s. 1002.41(1)(e)~~, if this option is chosen for a home education student.

A provider of any services receiving payments pursuant to this subsection may not share, refund, or rebate any moneys from the Gardiner Scholarship with the parent or participating student in any manner. A parent, student, or provider of any services may not bill an insurance company, Medicaid, or any other agency for the same services that are paid for using Gardiner Scholarship funds.

(11) PARENT AND STUDENT RESPONSIBILITIES FOR PROGRAM PARTICIPATION.—A parent who applies for program participation under this section is exercising his or her parental option to determine the appropriate placement or the services that best meet the needs of his or her child. The scholarship award for a student is based on a matrix that assigns the student to support Level III services. If a parent receives an IEP and a matrix of services from the school district pursuant to subsection (7), the amount of the payment shall be adjusted as needed, when the school district completes the matrix.

(a) To satisfy or maintain program eligibility, including eligibility to receive and spend program payments, the parent must sign an agreement with the organization and annually submit a notarized, sworn compliance statement to the organization to:

1. Affirm that the student is enrolled in a program that meets regular school attendance requirements as provided in s. 1003.01(13)(b)-(d).

Section 5. Paragraph (a) of subsection (5) of section 125.0104, Florida Statutes, is amended to read:

125.0104 Tourist development tax; procedure for levying; authorized uses; referendum; enforcement.—

(5) AUTHORIZED USES OF REVENUE.—

(a) All tax revenues received pursuant to this section by a county imposing the tourist development tax shall be used by that county *only after conducting an objective analysis of the proposed use of revenue which determines that the long-term economic benefits to the county or subcounty special taxing district from incremental tourism will exceed the tax revenues expended, and shall be used for the following purposes only:*

1. To acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more:

a. Publicly owned and operated convention centers, sports stadiums, sports arenas, coliseums, or auditoriums within the boundaries of the county or subcounty special taxing district in which the tax is levied;

b. Auditoriums that are publicly owned but are operated by organizations that are exempt from federal taxation pursuant to 26 U.S.C. s. 501(c)(3) and open to the public, within the boundaries of the county or subcounty special taxing district in which the tax is levied; or

c. Aquariums or museums that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the

public, within the boundaries of the county or subcounty special taxing district in which the tax is levied;

2. To promote zoological parks that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public;

3. To promote and advertise tourism in this state and nationally and internationally; however, if tax revenues are expended for an activity, service, venue, or event, the activity, service, venue, or event must have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists;

4. To fund convention bureaus, tourist bureaus, tourist information centers, and news bureaus as county agencies or by contract with the chambers of commerce or similar associations in the county, which may include any indirect administrative costs for services performed by the county on behalf of the promotion agency; ~~or~~

5. To finance beach park facilities, or beach, *channel, estuary, or lagoon* improvement, maintenance, renourishment, restoration, and erosion control, including *construction of beach groins and shoreline protection, enhancement, cleanup, or restoration of inland lakes and rivers to which there is public access as those uses relate to the physical preservation of the beach, shoreline, channel, estuary, lagoon, or inland lake or river.* However, any funds identified by a county as the local matching source for beach renourishment, restoration, or erosion control projects included in the long-range budget plan of the state's Beach Management Plan, pursuant to s. 161.091, or funds contractually obligated by a county in the financial plan for a federally authorized shore protection project may not be used or loaned for any other purpose. In counties of fewer than 100,000 population, up to 10 percent of the revenues from the tourist development tax may be used for beach park facilities; *or-*

6. *To acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or finance public facilities within the boundaries of the county or subcounty special taxing district in which the tax is levied, if the public facilities are needed to increase tourist-related business activities in the county or subcounty special district and are recommended by the county tourist development council created pursuant to paragraph (4)(e). Tax revenues may be used for any related land acquisition, land improvement, design and engineering costs, and all other professional and related costs required to bring the public facilities into service. As used in this subparagraph, the term "public facilities" means major capital improvements that have a life expectancy of 5 or more years, including, but not limited to, transportation, sanitary sewer, solid waste, drainage, potable water, and pedestrian facilities. Tax revenues may be used for these purposes only if the following conditions are satisfied:*

b. *The county governing board approves the use for the proposed public facilities by a vote of at least two-thirds of its membership;*

c. *No more than 70 percent of the cost of the proposed public facilities will be paid for with tourist development tax revenues, and sources of funding for the remaining cost are identified and confirmed by the county governing board;*

d. *At least 40 percent of all tourist development tax revenues collected in the county are spent to promote and advertise tourism as provided by this subsection; and*

e. *An independent professional analysis, performed at the expense of the county tourist development council, demonstrates the positive impact of the infrastructure project on tourist-related businesses in the county.*

Subparagraphs 1. and 2. may be implemented through service contracts and leases with lessees that have sufficient expertise or financial capability to operate such facilities.

Section 6. Section 159.621, Florida Statutes, is amended to read:

159.621 Housing bonds exempted from taxation; *notes and mortgages exempted from excise tax on documents.*—

(1) The bonds of a housing finance authority issued under this act, together with all notes, mortgages, security agreements, letters of credit, or other instruments which arise out of or are given to secure the repayment of bonds issued in connection with the financing of any housing development under this part, as well as the interest thereon and income therefrom, shall be exempt from all taxes.

(2) Any note or mortgage given in connection with a loan made by or on behalf of a housing finance authority under s. 159.608(8) is exempt from the excise tax on documents under chapter 201 if, at the time the note or mortgage is recorded, the housing finance authority records an affidavit signed by an agent of the housing authority which affirms that the loan was made by or on behalf of the housing finance authority.

The exemptions ~~exemption~~ granted by this section do not apply ~~shall not be applicable~~ to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations or to a deed for property financed by a housing finance authority.

Section 7. Paragraph (g) of subsection (7) of section 163.01, Florida Statutes, is amended to read:

163.01 Florida Interlocal Cooperation Act of 1969.—

(7)

(g)1. Notwithstanding any other provisions of this section, any separate legal entity created under this section, the membership of which is limited to municipalities and counties of the state, and which may include a special district in addition to a municipality or county or both, may acquire, own, construct, improve, operate, and manage public facilities, or finance facilities on behalf of any person, relating to a governmental function or purpose, including, but not limited to, wastewater facilities, water or alternative water supply facilities, and water reuse facilities, which may serve populations within or outside of the members of the entity. Notwithstanding s. 367.171(7), any separate legal entity created under this paragraph is not subject to Public Service Commission jurisdiction. The separate legal entity may not provide utility services within the service area of an existing utility system unless it has received the consent of the utility.

2. For purposes of this paragraph, the term:

a. “Host government” means the governing body of the county, if the largest number of equivalent residential connections currently served by a system of the utility is located in the unincorporated area, or the governing body of a municipality, if the largest number of equivalent residential connections currently served by a system of the utility is located within that municipality’s boundaries.

b. “Separate legal entity” means any entity created by interlocal agreement the membership of which is limited to two or more special districts, municipalities, or counties of the state, but which entity is legally separate and apart from any of its member governments.

c. “System” means a water or wastewater facility or group of such facilities owned by one entity or affiliate entities.

d. “Utility” means a water or wastewater utility and includes every person, separate legal entity, lessee, trustee, or receiver owning, operating, managing, or controlling a system, or proposing construction of a system, who is providing, or proposes to provide, water or wastewater service to the public for compensation.

3. A separate legal entity that seeks to acquire any utility shall notify the host government in writing by certified mail about the contemplated acquisition not less than 30 days before any proposed transfer of ownership, use, or possession of any utility assets by such separate legal entity. The potential acquisition notice shall be provided to the legislative head of the governing body of the host government and to its chief administrative officer and shall provide the name and address of a contact person for the separate legal entity and information identified in s. 367.071(4)(a) concerning the contemplated acquisition.

4.a. Within 30 days following receipt of the notice, the host government may adopt a resolution to become a member of the separate legal entity, adopt a resolution to approve the utility acquisition, or adopt a resolution to prohibit the utility acquisition by the separate legal entity if the host government determines that the proposed ac-

quisition is not in the public interest. A resolution adopted by the host government which prohibits the acquisition may include conditions that would make the proposal acceptable to the host government.

b. If a host government adopts a membership resolution, the separate legal entity shall accept the host government as a member on the same basis as its existing members before any transfer of ownership, use, or possession of the utility or the utility facilities. If a host government adopts a resolution to approve the utility acquisition, the separate legal entity may complete the acquisition. If a host government adopts a prohibition resolution, the separate legal entity may not acquire the utility within that host government’s territory without the specific consent of the host government by future resolution. If a host government does not adopt a prohibition resolution or an approval resolution, the separate legal entity may proceed to acquire the utility after the 30-day notice period without further notice.

5. After the acquisition or construction of any utility systems by a separate legal entity created under this paragraph, revenues or any other income may not be transferred or paid to a member of a separate legal entity, or to any other special district, county, or municipality, from user fees or other charges or revenues generated from customers that are not physically located within the jurisdictional or service delivery boundaries of the member, special district, county, or municipality receiving the transfer or payment. Any transfer or payment to a member, special district, or other local government must be solely from user fees or other charges or revenues generated from customers that are physically located within the jurisdictional or service delivery boundaries of the member, special district, or local government receiving the transfer of payment.

6. This section is an alternative provision otherwise provided by law as authorized in s. 4, Art. VIII of the State Constitution for any transfer of power as a result of an acquisition of a utility by a separate legal entity from a municipality, county, or special district.

7. The entity may finance or refinance the acquisition, construction, expansion, and improvement of such facilities relating to a governmental function or purpose through the issuance of its bonds, notes, or other obligations under this section or as otherwise authorized by law. The entity has all the powers provided by the interlocal agreement under which it is created or which are necessary to finance, own, operate, or manage the public facility, including, without limitation, the power to establish rates, charges, and fees for products or services provided by it, the power to levy special assessments, the power to sell or finance all or a portion of such facility, and the power to contract with a public or private entity to manage and operate such facilities or to provide or receive facilities, services, or products. Except as may be limited by the interlocal agreement under which the entity is created, all of the privileges, benefits, powers, and terms of s. 125.01, relating to counties, and s. 166.021, relating to municipalities, are fully applicable to the entity. However, neither the entity nor any of its members on behalf of the entity may exercise the power of eminent domain over the facilities or property of any existing water or wastewater plant utility system, nor may the entity acquire title to any water or wastewater plant utility facilities, other facilities, or property which was acquired by the use of eminent domain after the effective date of this act. Bonds, notes, and other obligations issued by the entity are issued on behalf of the public agencies that are members of the entity.

8. Any entity created under this section may also issue bond anticipation notes in connection with the authorization, issuance, and sale of bonds. The bonds may be issued as serial bonds or as term bonds or both. Any entity may issue capital appreciation bonds or variable rate bonds. Any bonds, notes, or other obligations must be authorized by resolution of the governing body of the entity and bear the date or dates; mature at the time or times, not exceeding 40 years from their respective dates; bear interest at the rate or rates; be payable at the time or times; be in the denomination; be in the form; carry the registration privileges; be executed in the manner; be payable from the sources and in the medium or payment and at the place; and be subject to the terms of redemption, including redemption prior to maturity, as the resolution may provide. If any officer whose signature, or a facsimile of whose signature, appears on any bonds, notes, or other obligations ceases to be an officer before the delivery of the bonds, notes, or other obligations, the signature or facsimile is valid and sufficient for all purposes as if he or she had remained in office until the delivery. The bonds, notes, or other obligations may be sold at public or private sale for such price as

the governing body of the entity shall determine. Pending preparation of the definitive bonds, the entity may issue interim certificates, which shall be exchanged for the definitive bonds. The bonds may be secured by a form of credit enhancement, if any, as the entity deems appropriate. The bonds may be secured by an indenture of trust or trust agreement. In addition, the governing body of the legal entity may delegate, to an officer, official, or agent of the legal entity as the governing body of the legal entity may select, the power to determine the time; manner of sale, public or private; maturities; rate of interest, which may be fixed or may vary at the time and in accordance with a specified formula or method of determination; and other terms and conditions as may be deemed appropriate by the officer, official, or agent so designated by the governing body of the legal entity. However, the amount and maturity of the bonds, notes, or other obligations and the interest rate of the bonds, notes, or other obligations must be within the limits prescribed by the governing body of the legal entity and its resolution delegating to an officer, official, or agent the power to authorize the issuance and sale of the bonds, notes, or other obligations.

9. Bonds, notes, or other obligations issued under this paragraph may be validated as provided in chapter 75. The complaint in any action to validate the bonds, notes, or other obligations must be filed only in the Circuit Court for Leon County. The notice required to be published by s. 75.06 must be published in Leon County and in each county that is a member of the entity issuing the bonds, notes, or other obligations, or in which a member of the entity is located, and the complaint and order of the circuit court must be served only on the State Attorney of the Second Judicial Circuit and on the state attorney of each circuit in each county that is a member of the entity issuing the bonds, notes, or other obligations or in which a member of the entity is located. Section 75.04(2) does not apply to a complaint for validation brought by the legal entity.

10. The accomplishment of the authorized purposes of a legal entity created under this paragraph is in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions. Since the legal entity will perform essential governmental functions for the public health, safety, and welfare in accomplishing its purposes, the legal entity is not required to pay any taxes or assessments of any kind whatsoever upon any property acquired or used by it for such purposes or upon any revenues at any time received by it, *whether the property is within or outside the jurisdiction of members of the entity. The exemption provided in this paragraph applies regardless of whether the separate legal entity enters into agreements with private firms or entities to manage, operate, or improve the utilities owned by the separate legal entity.* The bonds, notes, and other obligations of an entity, their transfer, and the income therefrom, including any profits made on the sale thereof, are at all times free from taxation of any kind by the state or by any political subdivision or other agency or instrumentality thereof. The exemption granted in this subparagraph is not applicable to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations.

Section 8. Effective upon this act becoming a law, section 193.0237, Florida Statutes, is created to read:

193.0237 Assessment of multiple parcel buildings.—

(1) *As used in this section, the term:*

(a) *“Multiple parcel building” means a building, other than a building consisting entirely of a single condominium, timeshare, or cooperative, which contains separate parcels that are vertically located, in whole or in part, on or over the same land.*

(b) *“Parcel” means a portion of a multiple parcel building which is identified in a recorded instrument by a legal description that is sufficient for record ownership and conveyance by deed separately from any other portion of the building.*

(c) *“Recorded instrument” means a declaration, covenant, easement, deed, plat, agreement, or other legal instrument, other than a lease, mortgage, or lien, which describes one or more parcels in a multiple parcel building and which is recorded in the public records of the county where the multiple parcel building is located.*

(2) *The value of land upon which a multiple parcel building is located, regardless of ownership, may not be separately assessed and must be allocated among and included in the just value of all the parcels in the multiple parcel building as provided in subsection (3).*

(3) *The property appraiser, for assessment purposes, must allocate all of the just value of the land among the parcels in a multiple parcel building in the same proportion that the just value of the improvements in each parcel bears to the total just value of all the improvements in the entire multiple parcel building.*

(4) *A condominium, timeshare, or cooperative may be created within a parcel in a multiple parcel building. Any land value allocated to the just value of a parcel containing a condominium must be further allocated among the condominium units in that parcel in the manner required in s. 193.023(5). Any land value allocated to the just value of a parcel containing a cooperative must be further allocated among the cooperative units in that parcel in the manner required in s. 719.114.*

(5) *Each parcel in a multiple parcel building must be assigned a separate tax folio number. However, if a condominium or cooperative is created within any such parcel, a separate tax folio number must be assigned to each condominium unit or cooperative unit, rather than to the parcel in which it was created.*

(6) *All provisions of a recorded instrument affecting a parcel in a multiple parcel building, which parcel has been sold for taxes or special assessments, survive and are enforceable after the issuance of a tax deed or master’s deed, or upon foreclosure of an assessment, a certificate or lien, a tax deed, a tax certificate, or a tax lien, to the same extent that such provisions would be enforceable against a voluntary grantee of the title immediately before the delivery of the tax deed, master’s deed, or clerk’s certificate of title as provided in s. 197.573.*

(7) *This section applies to any land on which a multiple parcel building is substantially completed as of January 1 of the respective assessment year. This section applies to assessments beginning in the 2018 calendar year.*

Section 9. Paragraph (m) is added to subsection (8) of section 193.155, Florida Statutes, to read:

193.155 Homestead assessments.—Homestead property shall be assessed at just value as of January 1, 1994. Property receiving the homestead exemption after January 1, 1994, shall be assessed at just value as of January 1 of the year in which the property receives the exemption unless the provisions of subsection (8) apply.

(8) Property assessed under this section shall be assessed at less than just value when the person who establishes a new homestead has received a homestead exemption as of January 1 of either of the 2 immediately preceding years. A person who establishes a new homestead as of January 1, 2008, is entitled to have the new homestead assessed at less than just value only if that person received a homestead exemption on January 1, 2007, and only if this subsection applies retroactive to January 1, 2008. For purposes of this subsection, a husband and wife who owned and both permanently resided on a previous homestead shall each be considered to have received the homestead exemption even though only the husband or the wife applied for the homestead exemption on the previous homestead. The assessed value of the newly established homestead shall be determined as provided in this subsection.

(m) *For purposes of receiving an assessment reduction pursuant to this subsection, an owner of a homestead property that was significantly damaged or destroyed as a result of a named tropical storm or hurricane may elect, in the calendar year following the named tropical storm or hurricane, to have the significantly damaged or destroyed homestead deemed to have been abandoned as of the date of the named tropical storm or hurricane even though the owner received a homestead exemption on the property as of January 1 of the year immediately following the named tropical storm or hurricane. The election provided for in this paragraph is available only if the owner establishes a new homestead as of January 1 of the second year immediately following the storm or hurricane. This paragraph shall apply to homestead property damaged or destroyed on or after January 1, 2017.*

Section 10. Section 193.4516, Florida Statutes, is created to read:

193.4516 Assessment of citrus fruit packing and processing equipment rendered unused due to Hurricane Irma or citrus greening.—

(1) *For purposes of ad valorem taxation, and applying to the 2018 tax roll only, tangible personal property owned and operated by a citrus fruit packing or processing facility is deemed to have a market value no greater than its value for salvage, provided the tangible personal property is no longer used in the operation of the facility due to the effects of Hurricane Irma or to citrus greening.*

(2) *As used in this section, the term “citrus” has the same meaning as provided in s. 581.011(7).*

Section 11. *The creation by this act of s. 193.4516, Florida Statutes, applies to the 2018 property tax roll.*

Section 12. Subsection (5) of section 193.461, Florida Statutes, is amended, and subsection (8) is added to that section, to read:

193.461 Agricultural lands; classification and assessment; mandated eradication or quarantine program.—

(5) For the purpose of this section, the term “agricultural purposes” includes, but is not limited to, horticulture; floriculture; viticulture; forestry; dairy; livestock; poultry; bee; pisciculture, if the land is used principally for the production of tropical fish; aquaculture *as defined in s. 597.0015*; ~~including~~ algaculture; sod farming; and all forms of farm products as defined in s. 823.14(3) and farm production.

(8) *Lands classified for assessment purposes as agricultural lands, which are not being used for agricultural production due to a hurricane that made landfall in this state during calendar year 2017, must continue to be classified as agricultural lands for assessment purposes through December 31, 2022, unless the lands are converted to a non-agricultural use. Lands converted to nonagricultural use are not covered by this subsection and must be assessed as otherwise provided by law.*

Section 13. *The amendment made by this act to s. 193.461, Florida Statutes, applies to the 2018 property tax roll.*

Section 14. Paragraph (e) of subsection (3) of section 194.011, Florida Statutes, is amended to read:

194.011 Assessment notice; objections to assessments.—

(3) A petition to the value adjustment board must be in substantially the form prescribed by the department. Notwithstanding s. 195.022, a county officer may not refuse to accept a form provided by the department for this purpose if the taxpayer chooses to use it. A petition to the value adjustment board must be signed by the taxpayer or be accompanied at the time of filing by the taxpayer’s written authorization or power of attorney, unless the person filing the petition is listed in s. 194.034(1)(a). A person listed in s. 194.034(1)(a) may file a petition with a value adjustment board without the taxpayer’s signature or written authorization by certifying under penalty of perjury that he or she has authorization to file the petition on behalf of the taxpayer. If a taxpayer notifies the value adjustment board that a petition has been filed for the taxpayer’s property without his or her consent, the value adjustment board may require the person filing the petition to provide written authorization from the taxpayer authorizing the person to proceed with the appeal before a hearing is held. If the value adjustment board finds that a person listed in s. 194.034(1)(a) willfully and knowingly filed a petition that was not authorized by the taxpayer, the value adjustment board shall require such person to provide the taxpayer’s written authorization for representation to the value adjustment board clerk before any petition filed by that person is heard, for 1 year after imposition of such requirement by the value adjustment board. A power of attorney or written authorization is valid for 1 assessment year, and a new power of attorney or written authorization by the taxpayer is required for each subsequent assessment year. A petition shall also describe the property by parcel number and shall be filed as follows:

(e)1. A condominium association *as defined in s. 718.103(2)*, a cooperative association *as defined in s. 719.103(2)*, or any homeowners’ association as defined in s. 723.075, with approval of its board of administration or directors, may file with the value adjustment board a

single joint petition on behalf of any association members who own *units* or parcels of property which the property appraiser determines are substantially similar with respect to location, proximity to amenities, number of rooms, living area, and condition. The condominium association, cooperative association, or homeowners’ association ~~as defined in s. 723.075~~ shall provide the unit or parcel owners with notice of its intent to petition the value adjustment board and shall provide at least 20 days for a unit or parcel owner to elect, in writing, that his or her unit or parcel not be included in the petition.

2. *An association that has filed a single joint petition may continue to represent the unit or parcel owners through any related subsequent proceeding, including judicial review under part II of this chapter and any appeal thereof. The condominium association, cooperative association, or homeowners’ association shall provide the unit or parcel owners with notice of the property appraiser’s appeal of a value adjustment board decision to circuit court and provide the unit or parcel owner at least 7 days to elect, in writing, that his or her unit or parcel not be included in the association’s defense.*

Section 15. Paragraph (b) of subsection (1) of section 194.032, Florida Statutes, is amended to read:

Section 18. Subsection (1) of section 196.24, Florida Statutes, is amended to read:

196.24 Exemption for disabled ex-servicemember or surviving spouse; evidence of disability.—

(1) Any ex-servicemember, as defined in s. 196.012, who is a bona fide resident of the state, who was discharged under honorable conditions, and who has been disabled to a degree of 10 percent or more by misfortune or while serving during a period of wartime service as defined in s. 1.01(14) is entitled to the exemption from taxation provided for in s. 3(b), Art. VII of the State Constitution as provided in this section. Property to the value of \$5,000 of such a person is exempt from taxation. The production by him or her of a certificate of disability from the United States Government or the United States Department of Veterans Affairs or its predecessor before the property appraiser of the county wherein the ex-servicemember's property lies is prima facie evidence of the fact that he or she is entitled to the exemption. The unmarried surviving spouse of such a disabled ex-servicemember ~~who, on the date of the disabled ex-servicemember's death, had been married to the disabled ex-servicemember for at least 5 years~~ is also entitled to the exemption.

Section 19. Effective upon this act becoming a law, section 197.318, Florida Statutes, is created to read:

197.318 Abatement of taxes for residential improvements damaged or destroyed by Hurricanes Hermine, Matthew, or Irma.—

(1) As used in this section, the term:

(a) "Damage differential" means the product arrived at by multiplying the percent change in value by a ratio, the numerator of which is the number of days the residential improvement was rendered uninhabitable in the year the hurricane occurred, and the denominator of which is 365.

(b) "Disaster relief credit" means the product arrived at by multiplying the damage differential by the amount of timely paid taxes that were initially levied in the year the hurricane occurred.

(c) "Hurricane" means any of the following:

1. Hurricane Hermine, which occurred in calendar year 2016.
2. Hurricane Matthew, which occurred in calendar year 2016.
3. Hurricane Irma, which occurred in calendar year 2017.

(d) "Percent change in value" means the difference between a residential parcel's just value as of January 1 of the year in which a hurricane occurred and its postdisaster just value expressed as a percentage of the parcel's just value as of January 1 of the year in which the hurricane occurred.

(e) "Postdisaster just value" means the just value of the residential parcel on January 1 of the year in which a hurricane occurred, reduced to reflect the just value of the residential improvement as provided in subsection (5) as a result of the destruction and damage caused by the hurricane. Postdisaster just value is determined only for purposes of calculating tax abatements under this section and does not determine a parcel's just value as of January 1 each year.

(f) "Residential improvement" means a residential dwelling or house that is owned and used as a homestead as defined in s. 196.012(13). A residential improvement does not include a structure that is not essential to the use and occupancy of the residential dwelling or house, including, but not limited to, a detached utility building, detached carport, detached garage, bulkhead, fence, or swimming pool, and does not include land.

(g) "Uninhabitable" means the loss of use or occupancy, resulting from Hurricanes Hermine or Matthew during the 2016 calendar year, or Hurricane Irma during the 2017 calendar year, of a residential improvement for the purpose for which it was constructed, as evidenced by documentation, including, but not limited to, utility bills, insurance information, contractors' statements, building permit applications, or building inspection certificates of occupancy.

(2) If a residential improvement is rendered uninhabitable for at least 30 days due to damage or destruction to the property caused by Hurricanes Hermine or Matthew during the 2016 calendar year or Hurricane Irma during the 2017 calendar year, taxes initially levied in 2019 may be abated in the following manner:

(a) The property owner must file an application with the property appraiser no later than March 1, 2019. A property owner who fails to file an application by March 1, 2019, waives a claim for abatement of taxes under this section.

(b) The application shall identify the residential parcel on which the residential improvement was damaged or destroyed, the date the damage or destruction occurred, and the number of days the property was uninhabitable during the calendar year that the hurricane occurred.

(c) The application shall be verified under oath and is subject to penalty of perjury.

(d) Upon receipt of the application, the property appraiser shall investigate the statements contained in the application to determine if the applicant is entitled to an abatement of taxes. If the property appraiser determines that the applicant is not entitled to an abatement, the applicant may file a petition with the value adjustment board, pursuant to s. 194.011(3), requesting that the abatement be granted. If the property appraiser determines that the applicant is entitled to an abatement, the property appraiser shall issue an official written statement to the tax collector by April 1, 2019, which provides:

1. The number of days during the calendar year in which the hurricane occurred that the residential improvement was uninhabitable. To qualify for the abatement, the residential improvement must be uninhabitable for at least 30 days.

2. The just value of the residential parcel as determined by the property appraiser on January 1 of the year in which the hurricane for which the applicant is claiming an abatement occurred.

3. The postdisaster just value of the residential parcel as determined by the property appraiser.

4. The percent change in value applicable to the residential parcel.

(3) Upon receipt of the written statement from the property appraiser, the tax collector shall calculate the damage differential and disaster relief credit pursuant to this section. The tax collector shall reduce the taxes initially levied on the residential parcel in 2019 by an amount equal to the disaster relief credit. If the value of the credit exceeds the

taxes levied in 2019, the remaining value of the credit shall be applied to taxes due in subsequent years until the value of the credit is exhausted.

(4) No later than May 1, 2019, the tax collector shall notify:

(a) The department of the total reduction in taxes for all properties that qualified for an abatement pursuant to this section.

(b) The governing board of each affected local government of the reduction in such local government's taxes that will occur pursuant to this section.

(5) For purposes of this section, residential improvements that are uninhabitable shall have no value placed thereon.

(6) This section applies retroactively to January 1, 2016, and expires January 1, 2021.

Section 20. Effective upon this act becoming a law, section 197.3631, Florida Statutes, is amended to read:

197.3631 Non-ad valorem assessments; general provisions.—

(1) Non-ad valorem assessments as defined in s. 197.3632 may be collected pursuant to the method provided for in ss. 197.3632 and 197.3635. Non-ad valorem assessments may also be collected pursuant to any alternative method which is authorized by law, but such alternative method shall not require the tax collector or property appraiser to perform those services as provided for in ss. 197.3632 and 197.3635. However, a property appraiser or tax collector may contract with a local government to supply information and services necessary for any such alternative method. Section 197.3632 is additional authority for local governments to impose and collect non-ad valorem assessments supplemental to the home rule powers pursuant to ss. 125.01 and 166.021 and chapter 170, or any other law. Any county operating under a charter adopted pursuant to s. 11, Art. VIII of the Constitution of 1885, as amended, as referred to in s. 6(e), Art. VIII of the Constitution of 1968, as amended, may use any method authorized by law for imposing and collecting non-ad valorem assessments.

(2) For non-ad valorem special assessments based on the size or area of the land containing a multiple parcel building, regardless of ownership, the special assessment must be levied on and allocated among all the parcels in the multiple parcel building on the same basis that the land value is allocated among the parcels in s. 193.0237(3). For non-ad valorem assessments not based on the size or area of the land, each parcel in the multiple parcel building shall be subject to a separate assessment. For purposes of this subsection, the terms "multiple parcel building" and "parcel" have the meanings as provided in s. 193.0237(1).

Section 21. Effective upon this act becoming a law, section 197.572, Florida Statutes, is amended to read:

197.572 Easements for conservation purposes, ~~or for~~ public service purposes, support of certain improvements, or for drainage or ingress and egress survive tax sales and deeds.—When any lands are sold for the nonpayment of taxes, or any tax certificate is issued thereon by a governmental unit or agency or pursuant to any tax lien foreclosure proceeding, the title to the lands shall continue to be subject to any easement for conservation purposes as provided in s. 704.06 or for telephone, telegraph, pipeline, power transmission, or other public service purpose; and shall continue to be subject to any easement that supports improvements that may be constructed above the lands; and any easement for the purposes of drainage or of ingress and egress to and from other land. The easement and the rights of the owner of it shall survive and be enforceable after the execution, delivery, and recording of a tax deed, a master's deed, or a clerk's certificate of title pursuant to foreclosure of a tax deed, tax certificate, or tax lien, to the same extent as though the land had been conveyed by voluntary deed. The easement must be evidenced by written instrument recorded in the office of the clerk of the circuit court in the county where such land is located before the recording of such tax deed or master's deed, or, if not recorded, an easement for a public service purpose must be evidenced by wires, poles, or other visible occupation, an easement for drainage must be evidenced by a waterway, water bed, or other visible occupation, and an easement for the purpose of ingress and egress must be evidenced by a road or other visible occupation to be entitled to the benefit of this section;

however, this shall apply only to tax deeds issued after the effective date of this act.

Section 22. Effective upon this act becoming a law, subsections (1) and (2) of section 197.573, Florida Statutes, are amended to read:

197.573 Survival of restrictions and covenants after tax sale.—

(1) When a deed or other recorded instrument in the chain of title contains restrictions and covenants running with the land, as herein-after defined and limited, the restrictions and covenants shall survive and be enforceable after the issuance of a tax deed or master's deed, or a clerk's certificate of title upon foreclosure of a tax deed, tax certificate, or tax lien, to the same extent that it would be enforceable against a voluntary grantee of the owner of the title immediately before the delivery of the tax deed, master's deed, or clerk's certificate of title.

(2) This section ~~applies~~ ~~shall apply~~ to the usual restrictions and covenants limiting the use of property; the type, character and location of building; covenants against nuisances and what the former parties deemed to be undesirable conditions, in, upon, and about the property; and other similar restrictions and covenants; but this section ~~does~~ ~~shall~~ not protect covenants that:

(a) ~~Create~~ ~~creating~~ any debt or lien against or upon the property, except one providing for satisfaction or survival of a lien of record held by a municipal or county governmental unit, or ~~one providing a lien for assessments accruing after such tax deed, master's deed, or clerk's certificate of title to a condominium association, homeowners' association, property owners' association, or person having assessment powers under such covenants; or~~

(b) ~~Require~~ ~~requiring~~ the grantee to expend money for any purpose, except one that may require that the premises be kept in a sanitary or slightly condition or one to abate nuisances or undesirable conditions.

201.02 Tax on deeds and other instruments relating to real property or interests in real property.—

(7) Taxes imposed by this section do not apply to:

(a) A deed, transfer, or conveyance between spouses or former spouses pursuant to an action for dissolution of their marriage wherein the real property is or was their marital home or an interest therein. Taxes paid pursuant to this section shall be refunded in those cases in which a deed, transfer, or conveyance occurred 1 year before a dissolution of marriage. This ~~paragraph subsection~~ applies in spite of any consideration as defined in subsection (1). This ~~paragraph subsection~~ does not apply to a deed, transfer, or conveyance executed before July 1, 1997.

(b) A deed or other instrument that transfers or conveys homestead property or any interest in homestead property between spouses, if the only consideration for the transfer or conveyance is the amount of a mortgage or other lien encumbering the homestead property at the time of the transfer or conveyance and if the deed or other instrument is recorded within 1 year after the date of the marriage. This paragraph applies to transfers or conveyances from one spouse to another, from one spouse to both spouses, or from both spouses to one spouse. For the purpose of this paragraph, the term "homestead property" has the same meaning as the term "homestead" as defined in s. 192.001.

Any use of the proceeds or interest for purposes of landfill closure before July 1, 1993, is ratified. The proceeds and any interest may not be used for the operational expenses of infrastructure, except that a county that has a population of fewer than 75,000 and that is required to close a landfill may use the proceeds or interest for long-term maintenance costs associated with landfill closure. Counties, as defined in s. 125.011, and charter counties may, in addition, use the proceeds or interest to retire or service indebtedness incurred for bonds issued before July 1, 1987, for infrastructure purposes, and for bonds subsequently issued to refund such bonds. Any use of the proceeds or interest for purposes of retiring or servicing indebtedness incurred for refunding bonds before July 1, 1999, is ratified.

1. For the purposes of this paragraph, the term "infrastructure" means:

a. Any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction, or improvement of public facilities that have a life expectancy of 5 or more years, any related land acquisition, land improvement, design, and engineering costs, and all other professional and related costs required to bring the public facilities into service. For purposes of this sub-subparagraph, the term "public facilities" means facilities as defined in s. 163.3164(38), s. 163.3221(13), or s. 189.012(5), and includes facilities that are necessary to carry out governmental purposes, including, but not limited to, fire stations, general governmental office buildings, and animal shelters, regardless of whether the facilities are owned by the local taxing authority or another governmental entity.

b. A fire department vehicle, an emergency medical service vehicle, a sheriff's office vehicle, a police department vehicle, or any other vehicle, and the equipment necessary to outfit the vehicle for its official use or equipment that has a life expectancy of at least 5 years.

c. Any expenditure for the construction, lease, or maintenance of, or provision of utilities or security for, facilities, as defined in s. 29.008.

d. Any fixed capital expenditure or fixed capital outlay associated with the improvement of private facilities that have a life expectancy of 5 or more years and that the owner agrees to make available for use on a temporary basis as needed by a local government as a public emergency shelter or a staging area for emergency response equipment during an emergency officially declared by the state or by the local government under s. 252.38. Such improvements are limited to those necessary to comply with current standards for public emergency evacuation shelters. The owner must enter into a written contract with the local government providing the improvement funding to make the private facility available to the public for purposes of emergency shelter at no cost to the local government for a minimum of 10 years after completion of the improvement, with the provision that the obligation will transfer to any subsequent owner until the end of the minimum period.

e. Any land acquisition expenditure for a residential housing project in which at least 30 percent of the units are affordable to individuals or families whose total annual household income does not exceed 120 percent of the area median income adjusted for household size, if the land is owned by a local government or by a special district that enters into a written agreement with the local government to provide such

housing. The local government or special district may enter into a ground lease with a public or private person or entity for nominal or other consideration for the construction of the residential housing project on land acquired pursuant to this sub-subparagraph.

f. Instructional technology used solely in a school district's classrooms. As used in this sub-subparagraph, the term "instructional technology" means an interactive device that assists a teacher in instructing a class or a group of students and includes the necessary hardware and software to operate the interactive device. The term also includes support systems in which an interactive device may mount and is not required to be affixed to the facilities.

2. For the purposes of this paragraph, the term "energy efficiency improvement" means any energy conservation and efficiency improvement that reduces consumption through conservation or a more efficient use of electricity, natural gas, propane, or other forms of energy on the property, including, but not limited to, air sealing; installation of insulation; installation of energy-efficient heating, cooling, or ventilation systems; installation of solar panels; building modifications to increase the use of daylight or shade; replacement of windows; installation of energy controls or energy recovery systems; installation of electric vehicle charging equipment; installation of systems for natural gas fuel as defined in s. 206.9951; and installation of efficient lighting equipment.

3. Notwithstanding any other provision of this subsection, a local government infrastructure surtax imposed or extended after July 1, 1998, may allocate up to 15 percent of the surtax proceeds for deposit into a trust fund within the county's accounts created for the purpose of funding economic development projects having a general public purpose of improving local economies, including the funding of operational costs and incentives related to economic development. The ballot statement must indicate the intention to make an allocation under the authority of this subparagraph.

Section 36. Effective upon this act becoming a law, subsection (10) is added to section 212.055, Florida Statutes, to read:

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(10)(a) For any referendum held on or after the effective date of this act to adopt or amend a discretionary sales surtax under this section, an independent certified public accountant licensed pursuant to chapter 473 shall conduct a performance audit of the county or school district holding the referendum. The Office of Program Policy Analysis and Government Accountability shall procure the certified public accountant and may use carryforward funds to pay for the services of the certified public accountant.

(b) At least 60 days before the referendum is held, the performance audit shall be completed and the audit report, including any findings, recommendations, or other accompanying documents shall be made available on the official website of the county or school district. The county or school district shall keep the information on its website for 2 years from the date it was posted.

(c) For purposes of this subsection, the term "performance audit" means an examination of the county or school district conducted according to applicable government auditing standards or auditing and evaluation standards of other appropriate authoritative bodies. At a minimum, a performance audit must include an examination of issues related to the following:

1. *The economy, efficiency, or effectiveness of the county or school district.*

2. *The structure or design of the county government or school district to accomplish its goals and objectives.*

3. *Alternative methods of providing county or school district services or products.*

Section 37. Paragraphs (e) and (p) of subsection (5) and paragraphs (ff) and (jjj) of subsection (7) of section 212.08, Florida Statutes, are amended, paragraph (t) is added to subsection (5) of that section, and paragraph (ooo) is added to subsection (7) of that section, to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(e) *Gas or electricity used for certain agricultural purposes.—*

1. Butane gas, propane gas, natural gas, and all other forms of liquefied petroleum gases are exempt from the tax imposed by this chapter if used in any tractor, vehicle, or other farm equipment which is used exclusively on a farm or for processing farm products on the farm and no part of which gas is used in any vehicle or equipment driven or operated on the public highways of this state, or if used in any tractor, vehicle, or other farm equipment that is used directly or indirectly for the production, packing, or processing of aquacultural products as defined in s. 597.0015. This restriction does not apply to the movement of farm vehicles or farm equipment between farms. The transporting of bees by water and the operating of equipment used in the apiary of a beekeeper is also deemed an exempt use.

2. Electricity used directly or indirectly for production, packing, or processing of agricultural products on the farm, inclusive of the raising of aquaculture products as defined in s. 597.0015, or used directly or indirectly in a packinghouse, is exempt from the tax imposed by this chapter. As used in this subsection, the term "packinghouse" means any building or structure where fruits, vegetables, or meat from cattle or hogs or fish is packed or otherwise prepared for market or shipment in fresh form for wholesale distribution. The exemption does not apply to electricity used in buildings or structures where agricultural products are sold at retail. This exemption applies only if the electricity used for the exempt purposes is separately metered. If the electricity is not separately metered, it is conclusively presumed that some portion of the electricity is used for a nonexempt purpose, and all of the electricity used for such purposes is taxable. For purposes of this subparagraph, the term "fish" means any of numerous cold-blooded aquatic vertebrates of the superclass Pisces, characteristically having fins, gills, and a streamlined body, which is raised through aquaculture.

(p) *Community contribution tax credit for donations.—*

1. Authorization.—Persons who are registered with the department under s. 212.18 to collect or remit sales or use tax and who make donations to eligible sponsors are eligible for tax credits against their state sales and use tax liabilities as provided in this paragraph:

a. The credit shall be computed as 50 percent of the person's approved annual community contribution.

b. The credit shall be granted as a refund against state sales and use taxes reported on returns and remitted in the 12 months preceding the date of application to the department for the credit as required in sub-subparagraph 3.c. If the annual credit is not fully used through such refund because of insufficient tax payments during the applicable 12-month period, the unused amount may be included in an application for a refund made pursuant to sub-subparagraph 3.c. in subsequent years against the total tax payments made for such year. Carryover credits may be applied for a 3-year period without regard to any time limitation that would otherwise apply under s. 215.26.

c. A person may not receive more than \$200,000 in annual tax credits for all approved community contributions made in any one year.

d. All proposals for the granting of the tax credit require the prior approval of the Department of Economic Opportunity.

e. The total amount of tax credits which may be granted for all programs approved under this paragraph, s. 220.183, and s. 624.5105 is \$12.5 million in the 2018-2019 fiscal year, \$13.5 million ~~\$21.4 million~~ in the 2019-2020 ~~2017-2018~~ fiscal year, and \$10.5 million in each fiscal year thereafter for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households and \$3.5 million each fiscal year for all other projects. As used in this paragraph, the term "person with special needs" has the same meaning as in s. 420.0004 and the terms "low-income person," "low-income household," "very-low-income person," and "very-low-income household" have the same meanings as in s. 420.9071.

f. A person who is eligible to receive the credit provided in this paragraph, s. 220.183, or s. 624.5105 may receive the credit only under one section of the person's choice.

2. Eligibility requirements.—

a. A community contribution by a person must be in the following form:

- (I) Cash or other liquid assets;
- (II) Real property, including 100 percent ownership of a real property holding company;
- (III) Goods or inventory; or
- (IV) Other physical resources identified by the Department of Economic Opportunity.

For purposes of this sub-subparagraph, the term "real property holding company" means a Florida entity, such as a Florida limited liability company, that is wholly owned by the person; is the sole owner of real property, as defined in s. 192.001(12), located in the state; is disregarded as an entity for federal income tax purposes pursuant to 26 C.F.R. s. 301.7701-3(b)(1)(ii); and at the time of contribution to an eligible sponsor, has no material assets other than the real property and any other property that qualifies as a community contribution.

b. All community contributions must be reserved exclusively for use in a project. As used in this sub-subparagraph, the term "project" means activity undertaken by an eligible sponsor which is designed to construct, improve, or substantially rehabilitate housing that is affordable to low-income households or very-low-income households; designed to provide housing opportunities for persons with special needs; designed to provide commercial, industrial, or public resources and facilities; or designed to improve entrepreneurial and job-development opportunities for low-income persons. A project may be the investment necessary to increase access to high-speed broadband capability in a rural community that had an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, including projects that result in improvements to communications assets that are owned by a business. A project may include the provision of museum educational programs and materials that are directly related to a project approved between January 1, 1996, and December 31, 1999, and located in an area which was in an enterprise zone designated pursuant to s. 290.0065 as of May 1, 2015. This paragraph does not preclude projects that propose to construct or rehabilitate housing for low-income households or very-low-income households on scattered sites or housing opportunities for persons with special needs. With respect to housing, contributions may be used to pay the following eligible special needs, low-income, and very-low-income housing-related activities:

- (I) Project development impact and management fees for special needs, low-income, or very-low-income housing projects;
- (II) Down payment and closing costs for persons with special needs, low-income persons, and very-low-income persons;
- (III) Administrative costs, including housing counseling and marketing fees, not to exceed 10 percent of the community contribution,

directly related to special needs, low-income, or very-low-income projects; and

(IV) Removal of liens recorded against residential property by municipal, county, or special district local governments if satisfaction of the lien is a necessary precedent to the transfer of the property to a low-income person or very-low-income person for the purpose of promoting home ownership. Contributions for lien removal must be received from a nonrelated third party.

c. The project must be undertaken by an "eligible sponsor," which includes:

- (I) A community action program;
- (II) A nonprofit community-based development organization whose mission is the provision of housing for persons with special needs, low-income households, or very-low-income households or increasing entrepreneurial and job-development opportunities for low-income persons;
- (III) A neighborhood housing services corporation;
- (IV) A local housing authority created under chapter 421;
- (V) A community redevelopment agency created under s. 163.356;
- (VI) A historic preservation district agency or organization;
- (VII) A local workforce development board;
- (VIII) A direct-support organization as provided in s. 1009.983;
- (IX) An enterprise zone development agency created under s. 290.0056;
- (X) A community-based organization incorporated under chapter 617 which is recognized as educational, charitable, or scientific pursuant to s. 501(c)(3) of the Internal Revenue Code and whose bylaws and articles of incorporation include affordable housing, economic development, or community development as the primary mission of the corporation;
- (XI) Units of local government;
- (XII) Units of state government; or
- (XIII) Any other agency that the Department of Economic Opportunity designates by rule.

A contributing person may not have a financial interest in the eligible sponsor.

d. The project must be located in an area which was in an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, or a Front Porch Florida Community, unless the project increases access to high-speed broadband capability in a rural community that had an enterprise zone designated pursuant to chapter 290 as of May 1, 2015, but is physically located outside the designated rural zone boundaries. Any project designed to construct or rehabilitate housing for low-income households or very-low-income households or housing opportunities for persons with special needs is exempt from the area requirement of this sub-subparagraph.

e.(I) If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for less than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant tax credits for those applications and grant remaining tax credits on a first-come, first-served basis for subsequent eligible applications received before the end of the state fiscal year. If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for more than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant the tax credits for those applications as follows:

(A) If tax credit applications submitted for approved projects of an eligible sponsor do not exceed \$200,000 in total, the credits shall be granted in full if the tax credit applications are approved.

(B) If tax credit applications submitted for approved projects of an eligible sponsor exceed \$200,000 in total, the amount of tax credits granted pursuant to sub-sub-sub-paragraph (A) shall be subtracted from the amount of available tax credits, and the remaining credits shall be granted to each approved tax credit application on a pro rata basis.

(II) If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects other than those that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for less than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant tax credits for those applications and shall grant remaining tax credits on a first-come, first-served basis for subsequent eligible applications received before the end of the state fiscal year. If, during the first 10 business days of the state fiscal year, eligible tax credit applications for projects other than those that provide housing opportunities for persons with special needs or homeownership opportunities for low-income households or very-low-income households are received for more than the annual tax credits available for those projects, the Department of Economic Opportunity shall grant the tax credits for those applications on a pro rata basis.

3. Application requirements.—

a. An eligible sponsor seeking to participate in this program must submit a proposal to the Department of Economic Opportunity which sets forth the name of the sponsor, a description of the project, and the area in which the project is located, together with such supporting information as is prescribed by rule. The proposal must also contain a resolution from the local governmental unit in which the project is located certifying that the project is consistent with local plans and regulations.

b. A person seeking to participate in this program must submit an application for tax credit to the Department of Economic Opportunity which sets forth the name of the sponsor, a description of the project, and the type, value, and purpose of the contribution. The sponsor shall verify, in writing, the terms of the application and indicate its receipt of the contribution, and such verification must accompany the application for tax credit. The person must submit a separate tax credit application to the Department of Economic Opportunity for each individual contribution that it makes to each individual project.

c. A person who has received notification from the Department of Economic Opportunity that a tax credit has been approved must apply to the department to receive the refund. Application must be made on the form prescribed for claiming refunds of sales and use taxes and be accompanied by a copy of the notification. A person may submit only one application for refund to the department within a 12-month period.

4. Administration.—

a. The Department of Economic Opportunity may adopt rules necessary to administer this paragraph, including rules for the approval or disapproval of proposals by a person.

b. The decision of the Department of Economic Opportunity must be in writing, and, if approved, the notification shall state the maximum credit allowable to the person. Upon approval, the Department of Economic Opportunity shall transmit a copy of the decision to the department.

c. The Department of Economic Opportunity shall periodically monitor all projects in a manner consistent with available resources to ensure that resources are used in accordance with this paragraph; however, each project must be reviewed at least once every 2 years.

d. The Department of Economic Opportunity shall, in consultation with the statewide and regional housing and financial intermediaries, market the availability of the community contribution tax credit program to community-based organizations.
