1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The City of Orange City proposes to create a hardened facility for First Responders and incorporate an Emergency Response Center that meets all Florida Building Code requirements. The facility will eliminate the current police station and emergency response center that do not meet state, federal or local codes and create a healthy and safe environment for First Responders daily use and emergency response. The new facility will also provide better protection for the public and allow for separation of criminals from their defendants. The project will provide a police department facility that incorporates an emergency response center to serve both the City of Orange City and the unincorporated area of Volusia County as needed.

b. What activities and services will be provided to meet the intended purpose of these funds?

Design of a new Police Station and Emergency Operations Facility.

c. What direct services will be provided to citizens by the appropriation project?

Police Department and Emergency Response Center

d. Who is the target population served by this project? How many individuals are expected to be served?

Volusia County; City of Orange City, Population 12,632

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome is to have a Police and Emergency Response Center that meets all Federal, State, and Local Code requirements for health, safety and accessibility. The primary way of measuring performance is to have the City Building Official identify the numerous Federal, State and Local Code issues resolved with the new facility. Also, keep accurate databases of information on new jobs, economic development, regional meeting, police data, and track the information over time to see annual changes. This can be done by making these requirements as part of the funding award.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The contracting agency shall establish a Critical Path with date specific targets for predevelopment. Once bids are received and awarded for the project the contract will have specific completion dates, if not met contractor will be subject to Liquidated Damages, assessed on a daily basis.
