Improved industrial streets, better transportation.

**c. What direct services will be provided to citizens by the appropriation project?**

Better Infrastructure.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

The town's population is 2,300. We have five industrial parks with several businesses. The target population would be citizens and employees working within the town and anyone traveling these roads.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

It is anticipated that through improved transportation conditions, businesses will increase production and this will allow for stabilization of the towns businesses and increase the attention to the town's industrial parks. The methodology is improved property taxes and revenues from businesses and the amount of business inquiries we receive.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

Will not provide the reimbursement or the consideration for future funding.
