

THE FLORIDA SENATE
2011 SUMMARY OF LEGISLATION PASSED
Committee on Community Affairs

HB 4031 — Local Government Services

by Rep. Dorworth and others (SB 1942 by Senator Bennett)

This bill repeals a section of law created in 1999 that provides a process for counties and municipalities to develop and adopt plans to improve the efficiency, accountability and coordination of the delivery of local government services. Local governments may accomplish the same results by entering into interlocal agreements and do not use the procedure provided in this law.

If approved by the Governor, these provisions take effect July 1, 2011.
