BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Governmental Oversight and Accountability

BILL: SB 214

INTRODUCER: Senator Polsky

SUBJECT: Special Observances/Fentanyl Awareness and Education Day

DATE: March 31, 2025

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Harmsen	McVaney	GO	Favorable
2.	_____	_____	HP	_____
3.	_____	_____	RC	_____

I. Summary:

SB 214 designates August 21 of each year as “Fentanyl Awareness and Education Day” to increase awareness of the dangers of fentanyl and potential overdoses.

The bill encourages specific state agencies, local governments, public schools, and other agencies to sponsor events to promote awareness of fentanyl’s dangers, community resources for drug prevention, and substance use and abuse generally.

The bill is not expected to impact state or local government revenues and expenditures.

The bill takes effect July 1, 2025.

II. Present Situation:

Florida Holidays and Special Observances

Chapter 683, F.S., establishes legal holidays and special observance days in Florida. Legal holidays are listed in s. 683.01, F.S., while ss. 683.04 – 683.336, F.S., establish special observance days. Section 683.01, F.S., enumerates legal holidays, which under Florida law are also public holidays. This section also provides that if any legal holiday falls on a Sunday, the next following Monday is deemed a public holiday. Florida currently has 21 legal holidays.

Chapter 683, F.S., includes 40 special observances.¹ Unlike legal holidays, special observances do not directly affect the definition of “legal holidays” in contracts. Special observance days may apply throughout the state, or they may be limited to particular counties. For example, “Gasparilla Day”² is a legal holiday observed only in Hillsborough County, while “Bill of Rights

¹ See ss. 683.04–683.336, F.S.

² Section 683.08, F.S.

Day,”³ if issued by the Governor, is observed throughout the state. While some special observance days encourage recognition in the public schools, others such as the Victims of Communism Day mandate 45 minutes of instruction for high school students enrolled in a required government course.⁴

In 2024, the Florida Legislature designated June 6 of each year as “Revive Awareness Day.” In recognition, the Governor is permitted to annually issue a proclamation designating June 6 as “Revive Awareness Day,” and the Department of Health is encouraged to raise awareness of the dangers of opioid overdose as well as opioid antagonists’ ability to rapidly reverse the effect of opioids.⁵

Fentanyl

“Fentanyl is a powerful synthetic opioid that is similar to morphine but is 50 to 100 times more potent. It is a prescription drug that is also used and made illegally.”⁶ In the late 1990s, health care providers began to prescribe opioid pain relievers at greater rates. This subsequently led to widespread misuse of these medications.⁷ In 2023, over 115 million pills seized by law enforcement contained illicit fentanyl, while in 2017, only 49,657 pills did.⁸

Fentanyl and other synthetic opioids are the most common drugs involved in drug overdose deaths in the United States.⁹ Fentanyl overdose was the number one cause of death of Americans aged 18-45.¹⁰

Fentanyl Awareness Day

August 21 is National Fentanyl Prevention and Awareness Day. Established by the federal government in 2022,¹¹ the day has since been recognized by numerous states, state departments, and local governments, including the Florida Department of Health.¹² This day of remembrance

honors loved ones who have lost their lives due to fentanyl and aims to raise awareness of the dangers of illegally made fentanyl and the importance of overdose prevention.¹³

Florida Opioid and Fentanyl Crisis

Between the early 2000s and the early 2010s, Florida was infamous as the “pill mill capital” of the country. At the peak of the pill mill crisis, doctors in Florida bought 89 percent of all the oxycodone sold in the county.¹⁴ Between 2009 and 2011, the Legislature enacted a series of reforms to combat prescription drug abuse.¹⁵ Subsequently, between 2010 and 2014, deaths from prescription drugs dropped; deaths from illegal opioids, such as fentanyl, however, began to rise.¹⁶ In 2022, the most recent year with released data, Florida ranks second behind California in the highest amount of fentanyl overdose deaths in the country.¹⁷ According to Florida’s Statewide Drug Policy Advisory Council, the majority of overdose deaths in Florida in 2022 were related to opioids, and “[t]he most significant increases [in overdose deaths relative to the previous year] were deaths involving fentanyl analogs which increased by 35% and deaths caused by fentanyl analogs increased by 38%.”¹⁸ The previous year, the most significant increases in overdose deaths were those involving or caused by fentanyl.¹⁹

Recent Actions on Fentanyl and Other Opioids

In 2017, the CDC declared the opioid crisis an epidemic and shortly thereafter, on May 3, 2017, Governor Rick Scott signed executive order 17-146 declaring the opioid epidemic a public health emergency in Florida.²⁰ Subsequent Executive Orders extended the state of emergency through April 2, 2019.²¹ On April 1, 2019, Governor DeSantis created a Statewide Task Force on Opioid Abuse to research and assess the nature of opioid drug abuse in Florida and develop a statewide strategy to identify best practices to combat the opioid epidemic through education, treatment, prevention, recovery, and law enforcement.²² The Task Force published its findings and recommendations on April 1, 2020.²³

In 2019, Florida Attorney General Ashley Moody convened an opioid working group with the primary goal of developing an overview of current programs and providing a practical set of recommendations for the Attorney General to combat the opioid crisis and addiction to opioids throughout the State of Florida. The working group published its findings on March 1, 2019, and concluded that Florida should combat this epidemic with a three-pronged approach to include prevention, enforcement, and treatment, with education being a crucial element of each prong.²⁴ In 2023, Florida Attorney General Ashley Moody issued a “warning to Floridians about the flesh-eating ‘zombie drug,’ xylazine,” following a sharp increase in trafficked xylazine and fentanyl mixtures.²⁵

In 2023, the Florida Legislature established state funding under the State Assistance for Fentanyl Eradication (S.A.F.E.) in Florida program to conduct investigations designed to combat illegal fentanyl activity.²⁶

“The Facts. Your Future” campaign focuses on supporting students statewide to ensure they receive prevention instruction and encouragement to protect and maintain their health, avoid substance misuse, and discourage risky. This campaign is an interactive approach to ensure students are informed and can make safe decisions as they grow.²⁷

III. Effect of Proposed Changes:

Section 1 creates s. 683.3343, F.S., to designate August 21 of each year as “Fentanyl Awareness and Education Day” to increase awareness of the dangers of fentanyl and the potential to overdose.

The bill encourages the Department of Health, Department of Children and Families, local governments, public schools, and other agencies to sponsor events that promote public awareness and education on the dangers of fentanyl and potential overdoses, including, but not limited to, education on:

- The prevention of fentanyl abuse and addiction;
- The availability of resources for drug prevention at local schools and community resources, as well as any processes involved in accessing those resources; and
- Health issues relating to substance use and abuse, specifically in young people.

Attorney General Ashley Moody said, “Floridians need to be aware that xylazine is making one of the deadliest drugs in history, fentanyl, even deadlier. Xylazine is a sedative, and therefore resistant to standard opioid reversal treatments such as Narcan. There has never been a more dangerous time to take a chance on any illicit substance, and this drug is only making the problem worse. I’m urging everyone to never use illicit drugs, just one pill or one use can kill.” *Id.*

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 300 exempts from public records copying and inspection requirements certain identifying information of current clerks of the appellate courts, current deputy clerks of the appellate courts, and current personnel of the clerk of the appellate court, and their spouses and children. The exemption restricts access to their information in the public records which may identify or locate them. Specifically, the bill exempts from public disclosure the following information:

- The home addresses, telephone numbers, dates of birth, and photographs of current clerks of the appellate courts, current deputy clerks of the appellate courts, and clerk of the appellate courts' current personnel.
- Names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of current clerks of the appellate courts, current deputy clerks of the appellate courts, and clerk of the appellate courts' current personnel.
- The names and locations of schools and day care facilities attended by the children of current clerks of the appellate courts, current deputy clerks of the appellate courts, and clerk of the appellate courts' current personnel.

This exemption applies to information held by an agency before, on, or after July 1, 2025. However, the exemption expires when the appellate or circuit court clerk, deputy clerk of an appellate or circuit court, or clerk of the appellate and circuit courts personnel is no longer employed in such position. The person subject to such exemption must notify via notarized letter any non-employing custodial agency of the expiration of the exemption.

It is subject to the Open Government Sunset Review Act and will be repealed on October 2, 2030, unless reviewed and saved from repeal through reenactment by the Legislature. The bill also extends, by one year, the repeal date for the existing exemption in s. 119.071(4)(d)2., F.S., applicable to current clerks of the circuit court, deputy clerks of the circuit court, and clerk of the circuit court personnel, and their spouses and children, from October 2, 2029, to October 2, 2030.

The bill provides a statement of public necessity as required by the State Constitution. Because the bill creates a new public records exemption, it requires a two-thirds vote of the members present and voting in each house of the Legislature for final passage.

The bill may minimally increase costs for state and local agencies.

The bill takes effect July 1, 2025.

II. Present Situation:

Access to Public Records – Generally

The State Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the legislature.³ Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.⁴ Lastly, ch. 119, F.S., known as the Public Records Act, provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

The Public Records Act provides that all state, county and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.⁵

⁵ Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business that are used to “perpetuate, communicate, or formalize knowledge of some type.”⁶

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person’s right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.⁷ A violation of the Public Records Act may result in civil or criminal liability.⁸

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.⁹ The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.¹⁰

General exemptions from the public records requirements are contained in the Public Records Act.¹¹ Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.¹²

When creating a public records exemption, the Legislature may provide that a record is “exempt” or “confidential and exempt.” There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹³ Records designated as “confidential and exempt” are not subject to inspection by the public and may only be released

under the circumstances defined by statute.¹⁴ Records designated as “exempt” may be released at the discretion of the records custodian under certain circumstances.¹⁵

Public Records Exemptions for Specified Personnel and their Families (s. 119.071(4), F.S.)

Section 119.071(4), F.S., exempts from public record disclosure the personal information of specific government employees when held by government agencies. In paragraph (d), “home addresses” is defined as the dwelling location at which an individual resides and includes the physical address, mailing address, street address, parcel identification number, plot identification number, legal property description, neighborhood name and lot number, GPS coordinates, and any other descriptive property information that may reveal the home address. Additionally, “telephone numbers” is defined to include home telephone numbers, personal cellular telephone numbers, personal pager telephone numbers, and telephone numbers associated with personal communications devices.

Section 119.071(4)(d)2., F.S., generally exempts from public disclosure the home addresses, dates of birth, photographs, and telephone numbers of specified public employees and their spouses and children. Additionally exempted, typically, are the spouse’s place of work as well as the name and location of any schools or day care facilities of the public employee’s children, if any. These public employees include current clerk, deputy clerks and other personnel of each circuit court.¹⁶

Records that include exempt information relating to the above-specified personnel and their spouses and children (minor or adult) may be held by, among others, their employing agency, clerks of court and comptrollers, county tax collectors and property appraisers, school districts, and law enforcement agencies. County property appraisers¹⁷ and county tax collectors¹⁸ holding exempted information need only remove the name of an individual with exempt status and the instrument number or Official Records book and page number identifying the property with the exemption status from all publicly available records. County property appraisers and county tax collectors may not remove the street address, legal description, or other information identifying real property so long as the name or personal information otherwise exempt is not associated with the property or otherwise displayed in the public records.¹⁹

The personnel, their spouses or children, or their employing agency claiming an exemption under s. 119.071(4)(d)2., F.S., must affirmatively assert the right to the exemption by submitting a written and notarized request to each non-employer agency that holds the employee’s or their spouse or child’s information. The individual or entity asserting the exemption must provide, under oath, the statutory basis for the individual’s exemption and confirm the individual’s status as a party eligible for exempt status.²⁰

These exemptions under s. 119.071(4)(d)2., F.S., have retroactive application, applying to information held by an agency before, on, or after the effective date of the exemption.²¹ Home addresses, however, are no longer exempt in the Official Records if the protected party no longer resides at the dwelling²² or upon his or her death.²³

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act²⁴ (the Act), prescribe a legislative review process for newly created or substantially amended²⁵ public records or open meetings exemptions, with specified exceptions.²⁶ The Act requires the repeal of such exemption on October 2 of the fifth year after its creation or substantial amendment, unless the Legislature reenacts the exemption.²⁷

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.²⁸ An exemption serves an identifiable purpose if the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption and it meets one of the following purposes:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;²⁹
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;³⁰ or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.³¹

The Act also requires specified questions to be considered during the review process.³² In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

²¹ Section 119.071(4)(d)6., F.S.

²² The protected individual must submit a notarized, written request to release the removed information. Section 119.071(4)(d)8., F.S.

²³ A certified copy of a death certificate or court order must be presented with a notarized request to release the information to remove the exemption. Section 119.071(4)(d)9., F.S. Note, the Clerk is also called the "county recorder." *See* s. 28.222(2), F.S.

²⁴ Section 119.15, F.S.

²⁵ An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

²⁶ Section 119.15(2)(a) and (b), F.S., provides that exemptions required by federal law or applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

³² Section 119.15(6)(a), F.S. The specified questions are:

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are again required.³³ If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.³⁴

Clerks of the Appellate Court

The Florida Supreme Court³⁵ and each district court of appeal³⁶ are required to appoint a clerk who holds office at the pleasure of the respective courts. The office of the clerk of the Supreme Court is located in the Supreme Court Building.³⁷ The office of the clerk of the district court of appeal is in the headquarters of each district court.³⁸

The clerk of the Supreme Court³⁹ and the clerks of the district courts of appeal⁴⁰ are required to perform such duties as the courts direct. All books, papers, records, files, and seals must be kept in the clerks' offices and in their custody.⁴¹

Additionally, the clerk of each court is required to:

- Keep a docket or equivalent electronic record of all cases that are brought for review to or that originate in the court.⁴²
- Issue such mandates or processes as may be directed by the court and notify attorneys of record of such issuance or of the rendition of any final judgment.⁴³
- Return to the clerk of the lower court the original papers or files transmitted to the court for use in the cause.⁴⁴

The clerk of the Supreme Court can appoint a deputy clerk. The deputy has the same powers as the clerk, except for the power to appoint a deputy or deputies.⁴⁵

-
- What specific records or meetings are affected by the exemption?
 - Whom does the exemption uniquely affect, as opposed to the general public?
 - What is the identifiable public purpose or goal of the exemption?
 - Can the information contained in the records or discussed in the meeting be readily obtained by alternative means? If so, how?
 - Is the record or meeting protected by another exemption?
 - Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

Clerks of the Circuit Court

Each county in Florida has a clerk of the circuit court, a quasi-judicial officer⁴⁶ selected pursuant to the constitutional provision concerning the election of county officers.⁴⁷ The office of the clerk of the circuit court derives its powers and authority from the State Constitution.⁴⁸ The clerk, when acting under the authority of his or her constitutionally granted powers concerning judicial records and other matters related to the administrative operation of the courts, is an arm of the judicial branch and is subject to the oversight and control of the Florida Supreme Court.⁴⁹

Clerks of the circuit court play a vital role in the state's judicial system. They perform at least 14 key functions:⁵⁰

- Attend court hearings and trials.
- File indictments, information, and verdicts.
- Process all civil and criminal cases.
- Prepare appellate records.
- Manage juries.
- Collect and disburse fines, court costs, forfeitures, fees, and service charges.
- Conduct mortgage foreclosure sales.
- Maintain custody of all evidence and exhibits entered by the court.
- Assist in completing paperwork required to file a Small Claims action.
- Assist in completing paperwork required to file petitions for protective injunctions (domestic, repeat, sexual, and dating violence).
- Issue process service documents.
- Maintain the court registry.
- Audit guardianship reports.
- Audit child support payments.

Deputy Clerks of the Circuit Court

The clerk of the circuit court may appoint a deputy or deputies, for whose acts the clerk is liable. The deputies have the same powers that clerks may exercise, except for the power to appoint a deputy or deputies.⁵¹

III. Effect of Proposed Changes:

Section 1 exempts from public records disclosure requirements certain information relating to current clerks of the appellate courts, current deputy clerks of the appellate courts, and clerk of

the appellate courts' current personnel.⁵² The following information will be exempt from public disclosure:

- The home addresses, telephone numbers, dates of birth, and photographs of current clerks of the appellate courts, current deputy clerks of the appellate courts, and clerk of the appellate courts' current personnel.
- Names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of current clerks of the appellate courts, current deputy clerks of the appellate courts, and clerk of the appellate courts' current personnel.
- The names and locations of schools and day care facilities attended by the children of current clerks of the appellate courts, current deputy clerks of the appellate courts, and clerk of the appellate courts' current personnel.

For purposes of the bill, "appellate court" means the Florida Supreme Court or a district court of appeal.

Pursuant to s. 119.071(4)(d)6., F.S., the exemption applies to information held by an agency before, on, or after July 1, 2025. However, the exemption expires when the appellate or circuit court clerk, deputy clerk of an appellate or circuit court, or clerk of the appellate and circuit courts personnel is no longer employed in such position. The person subject to such exemption must notify via notarized letter any non-employing custodial agency of the expiration of the exemption.

Consistent with s. 119.15, F.S., the new exemption is subject to the Open Government Sunset Review Act⁵³ and will be repealed on October 2, 2030, unless reviewed and saved from repeal through reenactment by the Legislature. The bill also extends, by one year, the repeal date for the existing exemption applicable to current clerks of the circuit court, deputy clerks of the circuit court, and clerk of the circuit court personnel, and their spouses and children, from October 2, 2029, to October 2, 2030.

Section 2 updates a cross reference relating to the definition of "telephone numbers."

Section 3 provides the constitutionally required public necessity statement. The public necessity statement provides that while performing their duties to issue court orders, maintain case dockets, answer telephone calls, respond to correspondence, and interact with visitors to the courthouse, appellate court clerks, appellate court deputy clerks, and clerk of the appellate court personnel may incur the ill will of litigants and their associates and families. As a result, current appellate court clerks, deputy clerks, and appellate court personnel and their spouses and children may be targets for acts of revenge. If such identifying and location information is released, the safety of current appellate court clerks, deputy clerks, and appellate court personnel and their spouses and children could be seriously jeopardized. For this reason, the bill provides that it is a public necessity that such information be exempt from public records requirements.

Section 4 provides that the bill takes effect July 1, 2025.

⁵² Section 119.07(1), F.S.; FLA. CONST. art I, s. 24(a).

⁵³ See s. 119.15, F.S.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

Vote Requirement

Section 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records disclosure requirements. This bill enacts a new exemption for current clerks of the appellate court, current deputy clerks of the appellate court, and clerk of the appellate courts' current personnel, and their spouses and children; thus, the bill requires a two-thirds vote to be enacted.

Public Necessity Statement

Article I, section 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records disclosure requirements to state with specificity the public necessity justifying the exemption. Section 3 of the bill contains a statement of public necessity for current appellate court clerks, deputy clerks, appellate court personnel, and their spouses and children.

Breadth of Exemption

Article I, section 24(c) of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law. The purpose of the law is to protect clerks of the appellate court, deputy clerks of the appellate court, and clerk of the appellate court personnel, and their spouses and children. This bill exempts records pertaining to the clerks of the appellate court, deputy clerks of the appellate court, and clerk of the appellate court personnel, and their spouses and children, from the public records requirements.

Enacted last year,⁵⁴ CS/HB 983 created a public records exemption for clerks of the circuit court, deputy clerks of the circuit court, and clerk of the circuit court personnel, and their spouses and children. The bill amends this public records exemption to also include appellate clerks of the appellate court, deputy clerks of the appellate court, and clerk of the appellate court personnel, and their spouses and children.

Although both existing law and the bill include a public records exemption for clerks of the appellate and circuit courts personnel and their spouses and children, it is unclear whether including these categories of individuals might render the exemption overly

⁵⁴ See Ch. 2024-239, L.O.F.

broad. The term “personnel” is undefined and could include persons (e.g. building maintenance staff, custodians, receptionists, etc.) whose responsibilities will not incur the “ill will of litigants and their associates and families” as contemplated by the public necessity statement.

Consequently, there are arguments that both existing law and the bill are broader than necessary to accomplish the purpose of the law.

The private sector will be subject to the cost associated with an agency’s review and redactions of exempt records in response to a public records request.

C. Government Sector Impact:

This bill may increase costs minimally for agencies holding records that contain personal identifying information of clerks of the appellate court, deputy clerks of the appellate court, and clerk of the appellate court personnel, and their spouses and children, because staff responsible for complying with public records requests may require training related to the new public record exemption. Additionally, agencies may incur costs associated with redacting the exempt information prior to releasing a record. However, the costs should be absorbed as part of the day-to-day responsibilities.

VI. Technical Deficiencies:

None identified.

VII. Related Issues:

None identified.

VIII. Statutes Affected:

This bill substantially amends sections 119.071 and 744.21031 of the Florida Statutes.

The Legislature finds that it is a public necessity that
the home addresses, telephone numbers, dates of birth, and

14 clerks, deputy clerks, and clerk of the appellate court

20 clerks, deputy clerks, and clerk of the appellate personnel, may

10 information only if the officer, employee, justice, judge, other

12 written and notarized request for maintenance of the exemption
13 to the custodial agency. The request must state under oath the
14 statutory basis for the individual's exemption request and
15 confirm the individual's status as a party eligible for exempt
16 status.

17 b. An agency that is the custodian of information specified
18 in sub-subparagraph 2.y. and that is not the employer of the
19 current appellate or circuit court clerk, current deputy clerk
20 of an appellate of circuit court, or clerk of the appellate and
21 circuit courts personnel, his or her spouse, or his or her
22 child, must maintain the exempt status of that information only
23 while the qualifying conditions for the exemption apply. The
24 person who qualifies for an exemption pursuant to sub-
25 subparagraph 2.y, must submit a written and notarized letter to
26 a non-employing custodial agency that holds information

37 and the instrument number or Official Records book and page
38 number identifying the property with the exempt status from all

40 or tax collector. For written requests received on or before
41 July 1, 2021, a county property appraiser or county tax
42 collector must comply with this sub-subparagraph by October 1,
43 2021. A county property appraiser or county tax collector may
44 not remove the street address, legal description, or other
45 information identifying real property within the agency's
46 records so long as a name or personal information otherwise
47 exempt from inspection and copying pursuant to this section is
48 not associated with the property or otherwise displayed in the
49 public records of the agency.

50 b. Any information restricted from public display,
51 inspection, or copying under sub-subparagraph a. must be
52 provided to the individual whose information was removed.

53 5. An officer, an employee, a justice, a judge, or other
54 person specified in subparagraph 2. may submit a written request
55 for the release of his or her exempt information to the
56 custodial agency. The written request must be notarized and must

58 to receive the information. Upon receipt of the written request,
59 the custodial agency must release the specified information to
60 the party authorized to receive such information.

61 6. The exemptions in this paragraph apply to information
62 held by an agency before, on, or after the effective date of the
63 exemption.

64 7. Information made exempt under this paragraph may be
65 disclosed pursuant to s. 28.2221 to a title insurer authorized
66 pursuant to s. 624.401 and its affiliates as defined in s.
67 624.10; a title insurance agent or title insurance agency as
68 defined in s. 626.841(1) or (2), respectively; or an attorney

307372

69 duly admitted to practice law in this state and in good standing
70 with The Florida Bar.

71 8. The exempt status of a home address contained in the
72 Official Records is maintained only during the period when a
73 protected party resides at the dwelling location. Upon
74 conveyance of real property after October 1, 2021, and when such
75 real property no longer constitutes a protected party's home
76 address as defined in sub-subparagraph 1.b. 1.a., the protected
77 party must submit a written request to release the removed
78 information to the county recorder. The written request to
79 release the removed information must be notarized, must confirm
80 that a protected party's request for release is pursuant to a
81 conveyance of his or her dwelling location, and must specify the
82 Official Records book and page, instrument number, or clerk's
83 file number for each document containing the information to be
84 released.

85 9. Upon the death of a protected party as verified by a
86 certified copy of a death certificate or court order, any party
87 can request the county recorder to release a protected
88 decedent's removed information unless there is a related request
89 on file with the county recorder for continued removal of the
90 decedent's information or unless such removal is otherwise
91 prohibited by statute or by court order. The written request to
92 release the removed information upon the death of a protected
93 party must attach the certified copy of a death certificate or
94 court order and must be notarized, must confirm the request for
95 release is due to the death of a protected party, and must
96 specify the Official Records book and page number, instrument
97 number, or clerk's file number for each document containing the

307372

98 information to be released. A fee may not be charged for the
99 release of any document pursuant to such request.

100 Section 2. Paragraph (c) of subsection (1) of section
101 744.21031, Florida Statutes, is amended to read:

102 744.21031 Public records exemption.—

105 s. 119.071(4)(d)1.d. ~~s. 119.071(4)(d)1.e.~~

106 Section 3. The Legislature finds that it is a public
107 necessity that the home addresses, telephone numbers, dates of
108 birth, and photographs of current appellate court clerks, deputy
109 clerks, and clerk of the appellate court personnel; the names,
110 home addresses, telephone numbers, dates of birth, and places of

115 clerks, deputy clerks, and clerk of the appellate court
116 personnel, be made exempt from s. 119.07(1), Florida Statutes,
117 and s. 24(a), Article I of the State Constitution. While
118 performing their duties to issue court orders, maintain case
119 dockets, answer telephone calls, respond to correspondence, and
120 interact with visitors to the courthouse, appellate court
121 clerks, deputy clerks, and clerk of the appellate court
122 personnel, may incur the ill will of litigants and their
123 associates and families. As a result, current appellate court
124 clerks, deputy clerks, and clerk of the appellate court
125 personnel, and their spouses and children may be targets for

127 released, the safety of current appellate court clerks, deputy
128 clerks, and clerk of the appellate court personnel, and their
129 spouses and children could be seriously jeopardized. For this
130 reason, the Legislature finds that it is a public necessity that
131 such information be made exempt from public records

 358 specified in subparagraph 2. and that is not the employer of the
 359 officer, employee, justice, judge, or other person specified in

 361 information only if the officer, employee, justice, judge, other
 362 person, or employing agency of the designated employee submits a
 363 written and notarized request for maintenance of the exemption
 364 to the custodial agency. The request must state under oath the

 379 2021. A county property appraiser or county tax collector may
 380 not remove the street address, legal description, or other
 381 information identifying real property within the agency's
 382 records so long as a name or personal information otherwise
 383 exempt from inspection and copying pursuant to this section is
 384 not associated with the property or otherwise displayed in the
 385 public records of the agency.

386 b. Any information restricted from public display,
 387 inspection, or copying under sub-subparagraph a. must be
 388 provided to the individual whose information was removed.

407 8. The exempt status of a home address contained in the
 408 Official Records is maintained only during the period when a
 409 protected party resides at the dwelling location. Upon
 410 conveyance of real property after October 1, 2021, and when such
 411 real property no longer constitutes a protected party's home
 412 address as defined in sub-subparagraph 1.b. 1.a., the protected
 413 party must submit a written request to release the removed
 414 information to the county recorder. The written request to

 427 prohibited by statute or by court order. The written request to
 428 release the removed information upon the death of a protected
 429 party must attach the certified copy of a death certificate or
 430 court order and must be notarized, must confirm the request for
 431 release is due to the death of a protected party, and must
 432 specify the Official Records book and page number, instrument
 433 number, or clerk's file number for each document containing the

436 Section 2. Paragraph (c) of subsection (1) of section
 437 744.21031, Florida Statutes, is amended to read:
 438 744.21031 Public records exemption.—
 439 (1) For purposes of this section, the term:
 440 (c) "Telephone numbers" has the same meaning as provided in
 441 s. 119.071(4)(d)1.d. s. 119.071(4)(d)1.e.

442 Section 3. The Legislature finds that it is a public
 443 necessity that the home addresses, telephone numbers, dates of
 444 birth, and photographs of current appellate court clerks; the
 445 names, home addresses, telephone numbers, dates of birth, and
 446 places of employment of the spouses and children of such
 447 appellate court clerks; and the names and locations of schools
 448 and day care facilities attended by the children of such
 449 appellate court clerks be made exempt from s. 119.07(1), Florida
 450 Statutes, and s. 24(a), Article I of the State Constitution.
 451 While performing their duties to issue court orders, maintain
 452 case dockets, answer telephone calls, respond to correspondence,
 453 and interact with visitors to the courthouse, appellate court
 454 clerks may incur the ill will of litigants and their associates
 455 and families. As a result, current appellate court clerks and
 456 their spouses and children may be targets for acts of revenge.
 457 If such identifying and location information is released, the
 458 safety of current appellate court clerks and their spouses and
 459 children could be seriously jeopardized. For this reason, the
 460 Legislature finds that it is a public necessity that such
 461 information be made exempt from public records requirements.

462 Section 4. This act shall take effect July 1, 2025.

DATE: March 31, 2025

I. Summary:

SB 302 exempts from public records copying and inspection requirements certain identifying information of current and former employees of the Judicial Qualifications Commission (Commission) and their spouses and children. The exemption restricts access to their information in the public records which may identify or locate them.

Specifically, the bill exempts from public disclosure the following information:

- The home addresses, telephone numbers, dates of birth, and photographs of current and former employees of the Commission.
- The names, home addresses, telephone numbers, dates of birth, photographs, and places of employment of the spouses and children of current and former employees of the Commission.
- The names and locations of schools and day care facilities attended by the children of current and former employees of the Commission.

This exemption applies to information held by an agency before, on, or after July 1, 2025. It is subject to the Open Government Sunset Review Act and will be repealed on October 2, 2030, unless reviewed and saved from repeal through reenactment by the Legislature.

The bill provides a statement of public necessity as required by the State Constitution. Because the bill creates a new public records exemption, it requires a two-thirds vote of the members present and voting in each house of the Legislature for final passage.

The bill may increase costs minimally for state and local government agencies.

The bill takes effect July 1, 2025.

II. Present Situation:

Access to Public Records – Generally

The State Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the legislature.³ Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.⁴ Lastly, ch. 119, F.S., known as the Public Records Act, provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

The Public Records Act provides that all state, county, and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.⁵

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business that are used to “perpetuate, communicate, or formalize knowledge of some type.”⁶

⁵ Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

⁶ *Shevin v. Byron, Harless, Schaffer, Reid and Assoc., Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person's right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.⁷ A violation of the Public Records Act may result in civil or criminal liability.⁸

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.⁹ The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.¹⁰

General exemptions from the public records requirements are contained in the Public Records Act.¹¹ Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.¹²

When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹³ Records designated as "confidential and exempt" are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁴ Records designated as "exempt" may be released at the discretion of the records custodian under certain circumstances.¹⁵

Public Records Exemptions for Specified Personnel and their Families (s. 119.071(4), F.S.)

Section 119.071(4), F.S., exempts from public record disclosure the personal information of specific government employees when held by government agencies. In paragraph (d), "home addresses" is defined as the dwelling location at which an individual resides and includes the physical address, mailing address, street address, parcel identification number, plot identification number, legal property description, neighborhood name and lot number, GPS coordinates, and any other descriptive property information that may reveal the home address. Additionally, "telephone numbers" is defined to include home telephone numbers, personal cellular telephone

numbers, personal pager telephone numbers, and telephone numbers associated with personal communications devices.

Section 119.071(4)(d)2., F.S., generally exempts from public disclosure the home addresses, dates of birth, photographs, and telephone numbers of specified public employees and their spouses and children. Additionally exempted, typically, are the spouse's place of work as well as the name and location of any schools or day care facilities of the public employee's children, if any.

Records that include exempt information about the above-specified personnel and their spouses and children (minor or adult) may be held by, among others, their employing agency, clerks of court and comptrollers, county tax collectors and property appraisers, school districts, and law enforcement agencies. County property appraisers¹⁶ and county tax collectors¹⁷ holding exempted information need only remove the name of an individual with exempt status and the instrument number or Official Records book and page number identifying the property with the exemption status from all publicly available records. County property appraisers and county tax collectors may not remove the street address, legal description, or other information identifying real property so long as the name or personal information otherwise exempt is not associated with the property or otherwise displayed in the public records.¹⁸

The personnel, their spouses or children, or their employing agency claiming an exemption under s. 119.071(4)(d)2., F.S., must affirmatively assert the right to the exemption by submitting a written and notarized request to each non-employer agency that holds the employee's or their spouse or child's information. The individual or entity asserting the exemption must provide, under oath, the statutory basis for the individual's exemption and confirm the individual's status as a party eligible for exempt status.¹⁹

These exemptions under s. 119.071(4)(d)2., F.S., have retroactive application, applying to information held by an agency before, on, or after the effective date of the exemption.²⁰ Home addresses, however, are no longer exempt in the Official Records if the protected party no longer resides at the dwelling²¹ or upon his or her death.²²

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act²³ (the Act), prescribe a legislative review process for newly created or substantially amended²⁴ public records or open meetings exemptions, with specified exceptions.²⁵ The Act requires the repeal of such exemption on October 2 of the fifth year after its creation or substantial amendment, unless the Legislature reenacts the exemption.²⁶

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.²⁷ An exemption serves an identifiable purpose if the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption, and it meets one of the following purposes:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;²⁸
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;²⁹ or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.³⁰

The Act also requires specified questions to be considered during the review process.³¹ In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are again required.³² If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds

Judicial Qualifications Commission

The Judicial Qualifications Commission is an independent state agency³⁴ created by the State Constitution.³⁵ It is charged with investigating allegations of judicial misconduct and disability against state judges.³⁶ It has jurisdiction to review complaints about judges of county and circuit courts and district courts of appeal, as well as justices of the State Supreme Court.³⁷

In 1990, the Commission was divided into an investigative panel and a hearing panel.³⁸ The investigative panel functions much like a grand jury and investigates allegations of judicial misconduct. If probable cause is found and formal charges are filed, then the hearing panel serves as a special master making findings of fact and recommendations to the State Supreme Court as to the appropriate discipline.³⁹

The Commission is comprised of 6 judges, 4 members of The Florida Bar, and 5 laypersons selected by the Governor.⁴⁰ The chair of the Commission selects 9 members to serve on the investigative panel and 6 members to serve on the hearing panel.⁴¹ The Commission also employs a staff of 3 people, including an executive director, a general counsel, and an assistant general counsel.⁴²

Doxing

“Doxing” (sometimes spelled doxxing), short for “dropping documents,”⁴³ is a type of cyber-harassment where the victim—or “target’s”—personal identifiable information is maliciously published and made readily and widely available without the victim’s consent.⁴⁴ To constitute doxing, the person doxing the target’s information—referred to as a doxer—must intend for the target to experience some level of harassment.⁴⁵

While the definition of doxing—specifically in relation to the type of information released (personal identifiable information)—is intentionally broad because “each instance [of doxing]

Releasing this information may lead to “a wide range of crowdsourced harassment and intimidation.”⁴⁸ Harassment ranges from relatively innocuous harassment, such as unwanted pizza deliveries, to “barrages of rape and death threats,” unrelenting phone calls, stalking, job loss, and becoming “‘radioactive’ on the job market and unhirable down the line.”⁴⁹ Depending on the information released, the victim’s employers and associates may also suffer a barrage of communications “urg[ing] them to take punitive actions against the target.”⁵⁰

III. Effect of Proposed Changes:

Section 1 amends s. 119.071(4)(d)2., F.S., to exempt certain information relating to current and former employees of the Judicial Qualifications Commission (Commission) from public records disclosure requirements.⁵¹ The following information will be exempt from public records disclosure:

- The home addresses, telephone numbers, dates of birth, and photographs of current and former employees of the Commission.
- The names, home addresses, telephone numbers, dates of birth, photographs, and places of employment of the spouses and children of current and former employees of the Commission.
- The names and locations of schools and day care facilities attended by the children of current and former employees of the Commission.

Pursuant to s. 119.071(4)(d)6., F.S., the exemption applies to information held by an agency before, on, or after July 1, 2025.

Consistent with s. 119.15, F.S., the new exemption is subject to the Open Government Sunset Review Act⁵² and will be repealed on October 2, 2030, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2 provides the public necessity statement, as required by the State Constitution. The public necessity statement provides that the responsibilities of the Judicial Qualifications Commission include the investigation of allegations of judicial misconduct which are routinely received from criminal and civil litigants who are dissatisfied with adverse results in judicial proceedings. When the Commission, after review and investigation of complaints, does not discipline a judge or does not take the complainant’s preferred course of action against a judge, dissatisfied litigants sometimes turn their ire toward Commission employees as part of their campaign against the actions of the judge in the underlying litigation. Commission have been subject to acts of intimidation by such dissatisfied litigants, including online doxing of staff members, posting of false and defamatory statements concerning employees on social media, threatening e-mails and telephone calls, and inappropriate contact regarding Commission affairs at the personal residences of employees and employees' family members. These acts of intimidation have placed Commission employees in fear of harm by disgruntled litigants who seek punishment of judges by the Commission for unfavorable litigation results. The release of personal identifying and location information of current or former employees of the Commission and their family members may place them at risk of physical harm and harassment. The risk of harm and harassment outweighs any public benefit that may be derived from the public disclosure of such information.

Section 3 provides that the bill takes effect on July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, section 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records disclosure requirements. This bill enacts a new exemption for current and former employees of the Judicial Qualifications Commission and their spouses and children; thus, the bill requires a two-thirds vote to be enacted.

Public Necessity Statement

Article I, section 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records disclosure requirements to state with specificity the public necessity justifying the exemption. Section 2 of the bill contains a statement of public necessity for the exemption which provides that, as a result of their responsibilities and duties to the Commission, current and former employees of the Commission and their families may be subject to physical harm and harassment.

Breadth of Exemption

Article I, section 24(c) of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law. The purpose of the law is to protect current and former Judicial Qualifications Commission employees and their spouses and children from physical harm and harassment that may result from their responsibilities to the Commission. This bill

exempts only current and former Commission employees and their spouses and children from the public records disclosure requirements. The records to a large degree mirror existing exemptions for other sensitive public officers and employees in s. 119.071(4)(d), F.S. The exemption does not appear to be broader than necessary to accomplish the purpose of the law.

C. Trust Funds Restrictions:

None identified.

D. State Tax or Fee Increases:

None identified.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None identified.

B. Private Sector Impact:

The private sector will be subject to the cost associated with an agency's review and redactions of exempt records in response to a public records request.

C. Government Sector Impact:

This bill may increase costs minimally for agencies holding records that contain personal identifying information of current and former Judicial Qualifications Commission employees and their spouses and children, because staff responsible for complying with public records requests may require training related to the new public record exemption. Additionally, agencies may incur costs associated with redacting the exempt information prior to releasing a record. However, the costs should be absorbed as part of the day-to-day responsibilities.

VI. Technical Deficiencies:

None identified.

VII. Related Issues:

None identified.

VIII. Statutes Affected:

This bill substantially amends section 119.071 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

353 Qualifications Commission; the names, home addresses, telephone
354 numbers, dates of birth, photographs, and places of employment
355 of the spouses and children of current and former employees of
356 the Judicial Qualifications Commission; and the names and
357 locations of schools and day care facilities attended by the
358 children of current and former employees of the Judicial

365 3. An agency that is the custodian of the information
366 specified in subparagraph 2. and that is not the employer of the
367 officer, employee, justice, judge, or other person specified in
368 subparagraph 2. must maintain the exempt status of that
369 information only if the officer, employee, justice, judge, other
370 person, or employing agency of the designated employee submits a
371 written and notarized request for maintenance of the exemption
372 to the custodial agency. The request must state under oath the
373 statutory basis for the individual's exemption request and
374 confirm the individual's status as a party eligible for exempt
375 status.

376 4.a. A county property appraiser, as defined in s.
377 192.001(3), or a county tax collector, as defined in s.

378 192.001(4), who receives a written and notarized request for
379 maintenance of the exemption pursuant to subparagraph 3. must
380 comply by removing the name of the individual with exempt status
381 and the instrument number or Official Records book and page
382 number identifying the property with the exempt status from all
383 publicly available records maintained by the property appraiser
384 or tax collector. For written requests received on or before
385 July 1, 2021, a county property appraiser or county tax
386 collector must comply with this sub-subparagraph by October 1,
387 2021. A county property appraiser or county tax collector may
388 not remove the street address, legal description, or other
389 information identifying real property within the agency's
390 records so long as a name or personal information otherwise
391 exempt from inspection and copying pursuant to this section is
392 not associated with the property or otherwise displayed in the
393 public records of the agency.

394 b. Any information restricted from public display,
395 inspection, or copying under sub-subparagraph a. must be
396 provided to the individual whose information was removed.

397 5. An officer, an employee, a justice, a judge, or other
398 person specified in subparagraph 2. may submit a written request
399 for the release of his or her exempt information to the
400 custodial agency. The written request must be notarized and must
401 specify the information to be released and the party authorized
402 to receive the information. Upon receipt of the written request,
403 the custodial agency must release the specified information to
404 the party authorized to receive such information.

405 6. The exemptions in this paragraph apply to information
406 held by an agency before, on, or after the effective date of the

407 exemption.

408 7. Information made exempt under this paragraph may be
 409 disclosed pursuant to s. 28.2221 to a title insurer authorized
 410 pursuant to s. 624.401 and its affiliates as defined in s.
 411 624.10; a title insurance agent or title insurance agency as
 412 defined in s. 626.841(1) or (2), respectively; or an attorney
 413 duly admitted to practice law in this state and in good standing
 414 with The Florida Bar.

415 8. The exempt status of a home address contained in the
 416 Official Records is maintained only during the period when a
 417 protected party resides at the dwelling location. Upon
 418 conveyance of real property after October 1, 2021, and when such
 419 real property no longer constitutes a protected party's home
 420 address as defined in sub-subparagraph 1.a., the protected party
 421 must submit a written request to release the removed information
 422 to the county recorder. The written request to release the
 423 removed information must be notarized, must confirm that a
 424 protected party's request for release is pursuant to a
 425 conveyance of his or her dwelling location, and must specify the
 426 Official Records book and page, instrument number, or clerk's
 427 file number for each document containing the information to be
 428 released.

429 9. Upon the death of a protected party as verified by a
 430 certified copy of a death certificate or court order, any party
 431 can request the county recorder to release a protected
 432 decedent's removed information unless there is a related request
 433 on file with the county recorder for continued removal of the
 434 decedent's information or unless such removal is otherwise
 435 prohibited by statute or by court order. The written request to

436 release the removed information upon the death of a protected
 437 party must attach the certified copy of a death certificate or
 438 court order and must be notarized, must confirm the request for
 439 release is due to the death of a protected party, and must
 440 specify the Official Records book and page number, instrument
 441 number, or clerk's file number for each document containing the
 442 information to be released. A fee may not be charged for the
 443 release of any document pursuant to such request.

444 Section 2. The Legislature finds that it is a public
 445 necessity that the home addresses, telephone numbers, dates of
 446 birth, and photographs of current or former employees of the
 447 Judicial Qualifications Commission; the names, home addresses,
 448 telephone numbers, dates of birth, photographs, and places of
 449 employment of the spouses and children of current or former
 450 employees of the Judicial Qualifications Commission; and the
 451 names and locations of schools and day care facilities attended
 452 by the children of current or former employees of the Judicial
 453 Qualifications Commission be made exempt from s. 119.07(1),
 454 Florida Statutes, and s. 24(a), Article I of the State
 455 Constitution. The responsibilities of the Judicial
 456 Qualifications Commission include the investigation of
 457 allegations of judicial misconduct which are routinely received
 458 from criminal and civil litigants who are dissatisfied with
 459 adverse results in judicial proceedings. When the commission,
 460 after review and investigation of such complaints, does not
 461 discipline a judge or does not take the complainant's preferred
 462 course of action against a judge, dissatisfied litigants
 463 sometimes turn their ire toward commission employees as part of
 464 their campaign against the actions of the judge in the

Page 16 of 17

465 underlying litigation. Employees of the commission have been
466 subject to acts of intimidation by such dissatisfied litigants,
467 including online doxing of staff members, posting of false and
468 defamatory statements concerning employees on social media,
469 threatening e-mails and telephone calls, and inappropriate
470 contact regarding commission affairs at the personal residences
471 of employees and employees' family members. These acts of
472 intimidation have commission employees in fear of harm by
473 disgruntled litigants who seek punishment of judges by the
474 commission for unfavorable litigation results. The Legislature
475 finds that the release of personal identifying and location
476 information of current or former employees of the Judicial
477 Qualifications Commission and their family members may place
478 them at risk of physical harm and harassment and that the risk
479 of such harm and harassment outweighs any public benefit that
480 may be derived from the public disclosure of such information.

481 Section 3. This act shall take effect July 1, 2025.

I. Summary:

CS/SB 342 exempts from public records inspection and copying requirements the personal identifying and location information of current and former Agency for Health Care Administration personnel whose duties include the investigation of complaints filed against health care facilities, the investigation of Medicaid fraud, abuse, or waste, or the inspection of health care facilities licensed or certified by the agency. Specifically, the bill exempts from public records disclosures:

- The home addresses, telephone numbers, dates of birth, and photographs of relevant current and former Agency for Health Care Administration personnel.
- The names, home addresses, telephone numbers, dates of birth, photographs, and places of employment of the spouses and children of relevant current and former Agency for Health Care Administration personnel.
- The names and locations of schools and day care facilities attended by the children of relevant current and former Agency for Health Care Administration personnel.

This exemption applies to information held by an agency before, on, or after July 1, 2025. It is subject to the Open Government Sunset Review Act and will be repealed on October 2, 2030, unless reviewed and saved from repeal through reenactment by the Legislature.

The bill may increase costs minimally for state and local government agencies.

The bill provides an effective date of October 1, 2025.

II. Present Situation:

Access to Public Records - Generally

The State Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the Legislature.³ Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.⁴ Lastly, ch. 119, F.S., known as the Public Records Act, provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

The Public Records Act provides that all state, county and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.⁵

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business that are used to “perpetuate, communicate, or formalize knowledge of some type.”⁶

⁵ Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

⁶ *Shevin v. Byron, Harless, Schaffer, Reid and Assoc., Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person's right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.⁷ A violation of the Public Records Act may result in civil or criminal liability.⁸

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.⁹ The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.¹⁰

General exemptions from the public records requirements are contained in the Public Records Act.¹¹ Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.¹²

When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹³ Records designated as "confidential and exempt" are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁴ Records designated as "exempt" may be released at the discretion of the records custodian under certain circumstances.¹⁵

Public Records Exemptions for Specified Personnel and their Families (s. 119.071(4), F.S.)

Section 119.071(4), F.S., exempts from public record disclosure the personal information of specific government employees when held by government agencies. In paragraph (d), "home addresses" is defined as the dwelling location at which an individual resides and includes the physical address, mailing address, street address, parcel identification number, plot identification number, legal property description, neighborhood name and lot number, GPS coordinates, and any other descriptive property information that may reveal the home address. Additionally, "telephone numbers" is defined to include home telephone numbers, personal cellular telephone

numbers, personal pager telephone numbers, and telephone numbers associated with personal communications devices.

Section 119.071(4)(d)2., F.S., generally exempts from public disclosure the home addresses, dates of birth, photographs, and telephone numbers of specified public employees and their spouses and children. Additionally exempted, typically, are the spouse's place of work as well as the name and location of any schools or day care facilities of the public employee's children, if any. These public employees include, but are not limited to, sworn law enforcement personnel and active or former civilian personnel employed by a law enforcement agency;¹⁶ current or former justices of the Supreme Court, district court of appeal judges, circuit court judges, and county court judges;¹⁷ current or former state attorneys;¹⁸ current or former public defenders;¹⁹ county tax collectors;²⁰ and clerks of a circuit court.²¹

Records that include exempt information about the above-specified personnel and their spouses and children (minor or adult) may be held by, among others, their employing agency, clerks of court and comptrollers, county tax collectors and property appraisers, school districts, and law enforcement agencies. County property appraisers²² and county tax collectors²³ holding exempted information need only remove the name of an individual with exempt status and the instrument number or Official Records book and page number identifying the property with the exemption status from all publicly available records. County property appraisers and county tax collectors may not remove the street address, legal description, or other information identifying real property so long as the name or personal information otherwise exempt is not associated with the property or otherwise displayed in the public records.²⁴

The personnel, their spouses or children, or their employing agency claiming an exemption under s. 119.071(4)(d)2., F.S., must affirmatively assert the right to the exemption by submitting a written and notarized request to each non-employer agency that holds the employee's or their spouse or child's information. The individual or entity asserting the exemption must provide, under oath, the statutory basis for the individual's exemption and confirm the individual's status as a party eligible for exempt status.²⁵

These exemptions under s. 119.071(4)(d)2., F.S., have retroactive application, applying to information held by an agency before, on, or after the effective date of the exemption.²⁶ Home

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act²⁹ (the Act), prescribe a legislative review process for newly created or substantially amended³⁰ public records or open meetings exemptions, with specified exceptions.³¹ The Act requires the repeal of such exemption on October 2 of the fifth year after its creation or substantial amendment, unless the Legislature reenacts the exemption.³²

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.³³ An exemption serves an identifiable purpose if the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption and it meets one of the following purposes:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;³⁴
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;³⁵ or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.³⁶

The Act also requires specified questions to be considered during the review process.³⁷ In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

²⁷ The protected individual must submit a notarized, written request to release the removed information. Section 119.071(4)(d)8., F.S.

²⁸ A certified copy of a death certificate or court order must be presented with a notarized request to release the information to remove the exemption. Section 119.071(4)(d)9., F.S. Note, the Clerk is also called the "county recorder." *See* s. 28.222(2), F.S.

²⁹ Section 119.15, F.S.

³⁰ An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

³¹ Section 119.15(2)(a) and (b), F.S., provides that exemptions required by federal law or applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

³² Section 119.15(3), F.S.

³³ Section 119.15(6)(b), F.S.

³⁴ Section 119.15(6)(b)1., F.S.

³⁵ Section 119.15(6)(b)2., F.S.

³⁶ Section 119.15(6)(b)3., F.S.

³⁷ Section 119.15(6)(a), F.S. The specified questions are:

- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are again required.³⁸ If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.³⁹

Florida Agency for Health Care Administration

Health Care Policy and Oversight

The Agency for Health Care Administration (AHCA) is created in s. 20.42, F.S. It is the chief health policy and planning entity for the state and is responsible for, among other things, health facility licensure, inspection, and regulatory enforcement. It licenses or certifies and regulates over 30 different types of health care providers, including hospitals, nursing homes, assisted living facilities, and home health agencies. In total, the AHCA licenses, certifies, regulates, or provides exemptions for more than 50,000 providers.⁴⁰

Generally applicable provisions of health care provider licensure, including facility inspections and complaints, are addressed in the Health Care Licensing Procedures Act in part II of ch. 408, F.S. Additional chapters or sections in the Florida Statutes provide specific licensure or regulatory requirements pertaining to health care providers in this state.⁴¹

Section 408.10, F.S., requires the AHCA to make a toll-free telephone number available to the public for the purpose of handling consumer complaints about the quality of care provided in Florida's health care facilities. The AHCA currently accepts complaints through its hotline and on its website through Licensed Health Care Facility Complaint and Unlicensed Health Care Facility Complaint forms.⁴² The AHCA's Complaint Administration Unit receives and processes complaints about the quality of care provided in Florida's health care facilities.

Section 408.811, F.S., outlines procedures for authorized AHCA personnel to inspect health care providers and businesses suspected of operating without a license. An authorized AHCA officer or employee may make or cause to be made *any inspection or investigation deemed necessary* by the AHCA to determine the state of compliance with the law and applicable rules. Inspections are generally unannounced, with re-licensure inspections occurring biennially, unless otherwise specified. Providers with a strong regulatory record may be exempt from routine inspections, but at least 10 percent of these providers will still be inspected by the AHCA. Inspections by

 - Is the record or meeting protected by another exemption?
 - Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

recognized certifying organizations may substitute for state inspections. Providers must produce requested records for inspection at no cost. If deficiencies are found, they must be corrected within 30 days, and a plan of correction must be submitted within 10 days, if required. Providers must maintain public records of inspection reports for at least three years, and these reports must be made available to clients and prospective clients upon request.

Office of Medicaid Program Integrity

The AHCA is also responsible for the administration of the Florida Medicaid program, authorized under Title XIX of the Social Security Act.⁴³ This authority includes establishing and maintaining a Medicaid state plan approved by the Centers for Medicare & Medicaid Services (CMS) and maintaining any Medicaid waivers needed to operate the Florida Medicaid program as directed by the Legislature.⁴⁴

The Medicaid program is funded with both state and federal tax dollars, and both the states and the federal government have an interest in curbing and investigating Medicaid fraud and recovering overpayments made by the government for improper services. Medicaid fraud means an intentional deception or misrepresentation made by a health care provider or a Medicaid recipient with the knowledge that the deception could result in some unauthorized benefit to him or herself or some other person.⁴⁵

Most providers who commit Medicaid fraud fall into one or more of these categories:

- Billing for patients who did not really receive services,
- Billing for a service and/or equipment that wasn't provided,
- Billing for items and services that the patient no longer needs,
- Overcharging for equipment or services,
- Concealing ownership or associations in a related company,
- Paying a “kickback” in exchange for a referral for medical services or equipment,
- Billing more than once for the same service,
- Using false credentials such as diplomas, licenses or certifications, or
- Ordering tests or prescriptions that the patient does not need.⁴⁶

The AHCA's Office of Medicaid Program Integrity audits and investigates providers suspected of overbilling or defrauding Florida's Medicaid program, recovers overpayments, issues administrative sanctions, and refers cases of suspected fraud for criminal investigation.⁴⁷

III. Effect of Proposed Changes:

Section 1 exempts from public records disclosure requirements of s. 119.07(1), F.S. and Article I, Section 24(a) of the State Constitution the following information:

- The home addresses, telephone numbers, dates of birth, and photographs of current or former personnel of the AHCA whose duties include the investigation of complaints filed against health care facilities, the investigation of Medicaid fraud, abuse, or waste, or the inspection of health care facilities licensed or certified by the agency;
- The names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of such personnel; and
- The names and locations of schools and day care facilities attended by the children of such personnel.

This exemption will apply to the specified personal identifying information held by state agencies before, on, and after the effective date of the bill.

These exemptions are subject to the Open Government Sunset Review Act and will stand repealed on October 2, 2030, unless reviewed and saved from repeal through reenactment by the Legislature.

At present, the agency estimates that a total of 421 current investigative staff positions would be included in this exemption. This number is fluid and will change over time due to new hires and staff changes.⁴⁸

Section 2 of the bill provides, as required by the State Constitution, a statement of public necessity. It states that the release of such personal identifying and location information might place the AHCA's current or former personnel and their family members in danger of physical and emotional harm from disgruntled individuals who have contentious reactions to actions carried out by such personnel or whose business or professional practices have come under scrutiny as a result of such investigations and AHCA actions.

Under the bill, the Legislature finds that the potential for harm outweighs any public benefit that may be derived from the disclosure of such personal identifying and location information.

Section 3 of the bill provides an effective date of October 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

⁴⁸ Agency for Health Care Administration, Senate Bill 342 Legislative Analysis (Feb. 12, 2025) (on file with the Senate Committee on Health Policy).

B. Public Records/Open Meetings Issues:**Vote Requirement**

Article I, section 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records disclosure requirements. This bill enacts a new exemption for certain personal identifying and locating information of relevant current and former AHCA personnel and their spouses and children. Thus, the bill requires a two-thirds vote to be enacted.

Public Necessity Statement

Article I, section 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records disclosure requirements to state with specificity the public necessity justifying the exemption. Section 2 of the bill contains a statement of public necessity for the exemption which provides that the AHCA's current or former personnel and their family members are in danger of physical and emotional harm from disgruntled individuals who have contentious reactions to actions carried out by such personnel or whose business or professional practices have come under scrutiny as a result of such investigations.

Breadth of Exemption

Article I, section 24(c) of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law. The purpose of the law is to protect current and former agency personnel, and their spouse and children, from physical and emotional harm. This bill exempts only their personal identifying and location information from the public records requirements. The records to a large degree mirror existing exemptions for other sensitive public officers and employees in s. 119.071(4)(d), F.S. The exemption does not appear to be broader than necessary to accomplish the purpose of the law.

D. State Tax or Fee Increases:

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None identified.

B. Private Sector Impact:

The private sector will be subject to the cost associated with an agency's review and redactions of exempt records in response to a public records request.

C. Government Sector Impact:

This bill may cause a minimal increase in workload on agencies holding records that contain personal identifying information of public officers as well as their spouses and children because staff responsible for complying with public record requests may require training related to the new public record exemption. Additionally, agencies may incur costs associated with redacting the exempt information prior to releasing a record. However, the workload will likely be absorbed within current resources.

VI. Technical Deficiencies:

None identified.

VII. Related Issues:

None identified.

VIII. Statutes Affected:

This bill substantially amends section 119.071 of the Florida Statutes.

 445 necessity that the home addresses, telephone numbers, dates of
 446 birth, and photographs of current or former personnel of the

 460 and emotional harm from disgruntled individuals who have
 461 contentious reactions to actions carried out by such personnel
 462 or whose business or professional practices have come under

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 576 amends state laws governing service of process, which is the procedure by which a party to a lawsuit gives appropriate notice to other parties that the lawsuit has begun.

In 2022, the Legislature enacted a law that substantially revised the state’s service of process statute. Although the 2022 law has since been applied by practitioners and the courts without significant problems, a task force of the Business Law Section of The Florida Bar (the “Task Force”) has identified certain ways that the law can be improved. The Task Force’s proposed improvements are reflected in the bill.

In summary, the bill:

- Allows a process server to serve process on registered agents during additional time periods and locations and on additional individuals.
- Provides how one may serve process on business organizations in receivership.
- Clarifies how to execute substitute service of process on the Secretary of State.
- Clarifies how to execute substitute service of process on nonresidents or on individuals or business entities that are concealing their whereabouts.
- Deems former residents of this state to have appointed the Secretary of State as their agent for purposes of service of process.
- Validates service of process made in conformity with either the 2022 law, or prior law, ensuring the validity of default judgments based on service under either statutory regime.

The bill is not expected to affect state and local government revenues and expenditures.

The bill takes effect upon becoming a law, except as otherwise provided in the bill. The changes to Sections 1, 2, 3, and 4 of the bill are effective October 1, 2025.

II. Present Situation:

Service of Process

Generally

A fundamental concept of due process is that a person must be given fair notice of the initiation of an action against him or her.¹ Delivery of that notice is referred to as “service of process.”² Adequate service of process is also required to summon a witness for testimony or for production of evidence.³ Centuries ago, service of process was only trusted to the county sheriff.⁴ Modern concepts of due process required for adequate service of process recognize that there are numerous means by which a person or entity may be fairly apprised of a lawsuit or a requirement to produce evidence.⁵

The traditional and best form of service of process on a competent adult is by personal delivery to that individual, but that is not always possible. Individuals may be difficult to find, whether intentionally or not. Individuals may be incompetent, whether medically or by youth. Procedures need to be established to determine how to serve process on an entity in a manner likely to have it noticed by management for a timely response. A large body of law has been devoted to the allowable methods for service of process.⁶

The Secretary of State is involved in many aspects of service of process. The Secretary is head of the Department of State,⁷ which handles the administrative duties of the Secretary.⁸ The Division of Corporations, under the Department of State, accepts business entity registrations and renewals, and maintains a publicly-accessible record of every entity, listing a registered agent and the names of the related top-level individuals of the entity. Every current entity must appoint a registered agent, a person within the state who is authorized by the entity to accept service of

process directed to the entity.⁹ In some instances, substituted service of process may be made on the Secretary of State.¹⁰

2022 Legislation

In 2022, resulting largely from an initiative of the Business Law Section of The Florida Bar,¹¹ the Legislature enacted ch. 2022-190, Laws of Florida, which amended several laws governing service of process including ch. 48, F.S. (the “2022 Legislation”). A goal of the 2022 legislation was to simplify, clarify, and modernize the manner of service of original process on business entities by eliminating duplicative and sometimes conflicting provisions regarding service of original process in the statutes regulating their formation, governance, and operation.¹²

Since January 2, 2023, the date that the 2022 Legislation became effective, a ch. 48, F.S., task force organized by the Business Law Section (the “Task Force”) has monitored reported judicial decisions addressing or interpreting the 2022 Legislation. The Task Force has also consulted with legal practitioners and the Florida Association of Professional Process Servers, who have had experience in applying the 2022 Legislation’s provisions.¹³

The purpose of the bill is to address certain issues that have arisen in connection with implementing the 2022 Legislation, as described more fully in Section III.

III. Effect of Proposed Changes:

Service of Process on Registered Agents and Registered Offices

Section 48.091, F.S., regulates how partnerships, corporations, and limited liability companies may designate a registered agent and registered agent office for service of process purposes. Among other things, the statute specifies a minimum amount of time (two hours, between 10 a.m. to 12 noon each day except weekends and legal holidays) that designated registered offices must be open to ensure that the registered agent is present and available to accept service.¹⁴

Following the enactment of the 2022 Legislation, the Florida Association of Professional Process Servers approached the Task Force and requested that the minimum hours be extended to make it easier to serve process on registered agents. The Task Force investigated the issue and concluded

Div. of Corps., *Division FAQs*, <https://dos.fl.gov/sunbiz/about-us/faqs/> (last visited Mar. 27, 2025) (explaining how to form corporations and limited liability companies and identify registered agents and the names of top-level individuals of registered entities; maintaining a searchable database with publicly-accessible records of every entity).

¹⁰ See generally ss. 48.161 and 48.181, F.S. (permitting substituted service of process on the Secretary of State under certain conditions).

Murphy, Jr., *Recent Legislative Changes to Service of Process: A New Ball Game?*, 97 FLA. ¹⁴ Section 48.091(3), F.S.

that requiring designated registered offices to be open an additional two hours would not cause undue hardship for practitioners who often serve as registered agents.¹⁵

Additionally, the Task Force has expressed concern with a recent court opinion holding that service of process on a registered agent of a limited liability company was not permitted at an address other than at the individual's designated registered office, even though prior law permitted such individuals to be served at his or her principal place of abode.¹⁶ The Task Force's position is that limiting service of process on individual registered agents to the designated registered office is too restrictive and would unduly impede the ability to serve process on business entities. Accordingly, the Task Force believes that a party should be able to serve a registered agent who is an individual in the same manner as one is allowed to serve an individual who is a defendant in the litigation.¹⁷

Accordingly, **Section 1** of the bill amends s. 48.091, F.S., to:

- Expand by two additional hours (2 p.m. to 4 p.m.) the minimum number of hours that designated registered agent offices must be open.
- Authorize a process server to serve a registered agent who is a natural person in accordance with the general service of process statute.¹⁸
- Authorize a process server to serve process at a registered office on a registered agent who is a natural person by serving any employee of the agent if the agent is not present.
- Authorize a process server to serve process at a registered office on a registered agent that is not a natural person by serving the entity in accordance with applicable laws governing service of process on such entities or by serving any employee of the registered agent who is present at the designated registered office at the time of service.

Service of Process on Entities in Receivership

Section 48.101, F.S., regulates service of process on dissolved corporations, dissolved limited liability companies, dissolved limited partnerships, and dissolved limited liability partnerships.

Not addressed in this statute or elsewhere, however, is how one would go about serving a business organization that has not been dissolved but is in receivership.¹⁹ Given the volume of litigation involving business organizations in receivership in recent years, the Task Force concluded that the issue should be addressed.²⁰

¹⁸ Section 48.031, F.S.

¹⁹ A receiver is "a person appointed by the court to take control, custody, or management of property involved in litigation and to preserve the property, and receive rents, issues and profits." Kendall Coffey and David Freedman, *Florida's New Commercial Real Estate Receivership Act: A Roadmap for Judges and Practitioners*, 96 FLA. BAR J. 1, 18 (2022), <https://www.floridabar.org/the-florida-bar-journal/floridas-new-commercial-real-estate-receivership-act-a-roadmap-for-judges-and-practitioners/#u6da1>. "The right to the appointment of a receiver is a long-recognized equitable remedy, tracing its lineage to the English chancery courts, protecting real property and rents and profits arising therefrom." *Id.* A "receivership" means a proceeding in which a receiver is appointed. Section 714.02(15), F.S.

²⁰ Analysis, *supra* note 11, at 14.

Accordingly, **Section 2** of the bill amends s. 48.101, F.S., to:

- Clarify that it addresses service on *domestic* dissolved corporations, dissolved limited liability companies, dissolved limited partnerships, and dissolved limited liability partnerships.
- Expand the applicability of the statute to include business organizations in receivership.

The bill also amends the statute to provide that notwithstanding its provisions, and during the pendency of the receivership, a party attempting to serve process on a domestic business entity, business trust, or sole proprietorship in receivership may effectuate service by personal service on the receiver.

Method of Substituted Service on Nonresidents

Section 48.161, F.S., provides the method for substituted service on the Secretary of State with respect to nonresidents in litigation arising from business activities they conducted in the state and persons who conceal themselves to evade service of process.

The 2022 Legislation made several revisions to this statute to clarify its provisions and facilitate its application by practitioners and the courts. However, the Task Force and the Secretary of State have since identified several problems. Many of the summons received by the Secretary of State, particularly through its electronic portal, have incorrectly designated the Secretary of State as the party being served. Additionally, the Secretary of State's office has been inundated with copies of electronic filings of papers in many lawsuits after the substituted service of process has been effectuated, as if the Secretary of State were a party to those proceedings.²¹

In order to resolve these issues, **Section 3** of the bill amends s. 48.161, F.S., to:

- Clarify that the statute applies to substituted service on certain parties in care of the Secretary of State.
- Require that substituted service on parties in care of the Secretary of State be issued in the name of the party to be served, in the care of the Secretary of State.
- Eliminate the requirement that the Secretary of State keep a record of all process served on the Secretary of State.
- Authorize a process server, after exercising due diligence to locate and effectuate personal service, to use the substituted service method provided in statute in connection with any action in which the court has jurisdiction over the individual or business entity, if the individual or a business entity is a nonresident or conceals his, her, or its whereabouts.
- Require affidavits of compliance justifying the use of substituted service to contain sufficient facts showing that:
 - The process server exercised due diligence in attempting to locate and effectuate personal service on the party; and
 - To the extent applicable, the party's nonresidence or concealment, or that the party is a business entity for which substituted service is otherwise authorized by law.
- Revise the point at which substituted service is effectuated under the bill, from the date when service is received by the Department of State under existing law, to the date when the

²¹ *Id.* at 11-12.

affidavit of compliance is filed or when the notice of service requirements has been completed, whichever is later.

- Clarify that the Secretary of State and the Department of State are not parties to the lawsuit by reason of substituted service under the statute and prohibit the service or sending of additional court filings regarding the lawsuit to the Secretary of State or the Department of State.

Substituted Service on Nonresidents and Foreign Business Entities Engaging in Business in State or Concealing their Whereabouts

Section 48.181, F.S., addresses the jurisdictional basis for substituted service on the Secretary of State when nonresidents have engaged in business in this state and are being sued with respect to a transaction or operation connected to such business. The statute also applies to persons concealing their whereabouts to avoid service of process.

According to the Task Force, the 2022 Legislation inadvertently omitted language that clearly brought one particular class of nonresidents – specifically, nonresidents who were formerly residents of the state – within the scope of the statute. The Task Force concluded that there is no reason to treat such nonresidents differently than other types of nonresidents; indeed, nonresidents who have engaged in business in this state in the past should more readily expect to answer a lawsuit in connection with it than nonresidents who have never engaged in business in this state.²²

Section 4 amends s. 48.181, F.S., to restore language deleted from it by the 2022 Legislation. The bill provides that any individual who was a resident of this state, and who subsequently became a nonresident, is deemed to have appointed the Secretary of State as his or her agent on whom all process may be serviced in any action or proceeding against him or her. The proceeding must arise out of any transaction or operation connected with, or incidental to, any business or business venture carried out in this state by the individual.

Divergent Judicial Interpretations Regarding Applicability of the 2022 Legislation in Existing Cases

The Task Force is concerned that trial courts may not be consistently applying the 2022 Legislation's amendments. Most courts have applied the amendments to service of process which took place after January 2, 2023 (the effective date of the 2022 legislation). However, some federal courts have held that the amendments do not apply to service of process which took place after January 2, 2023, if the cause or causes of action alleged in the lawsuit accrued prior to January 2, 2023.²³ It is possible that there are state courts that have declined to apply the amendments in the 2022 legislation for the same reason. Judges in both federal and state courts could follow this precedent. Given applicable statutes of limitation, some cases could be filed five years or more after the cause or causes of action accrued, creating uncertainty among practitioners and courts in determining how precisely service of process should be effectuated.²⁴

²² *Id.* at 13-14.

²³ *Id.* at 5.

²⁴ *Id.* at 6.

To address this situation, the Task Force has developed statutory language creating a ‘safe harbor’ for any service of process made between January 2, 2023, and the effective date of the bill. So long as the service was properly made under *either* the amendments in the 2022 Legislation *or* under the prior law that would have otherwise applied when the cause of action accrued, the service of process will be considered valid.²⁵

Accordingly, **Section 5** of the bill provides that:

- Amendments made to ch. 48, F.S., by ch. 2022-190, Laws of Florida, apply to causes of action that accrued on or after January 2, 2023, and to all causes of action that accrued before January 2, 2023, for which service of process was effectuated on or after January 2, 2023.
- Notwithstanding the prior paragraph, any service of process that occurred between January 2, 2023, and October 1, 2025, which has not been invalidated by a court, is valid if such service complied with either ch. 48, F.S., as amended by ch. 2022-190, Laws of Florida, or the laws governing service of process in effect before January 2, 2023, which would have applied in the absence of ch. 2022-190, Laws of Florida.
- Amendments made by the bill apply to all service of process made or effectuated on or after October 1, 2025, regardless of whether the cause of action accrued before, on, or after October 1, 2025.
- The bill does not extend or modify the time for challenging the validity of any service of process and does not revive any ability to challenge the validity of service of process which has been previously waived.

Effective Date

The bill takes effect upon becoming a law, except as otherwise provided in the bill. The changes made in Sections 1, 2, 3, and 4 are effective October 1, 2025.

 210 knowledge obtained pursuant to paragraph (a); and

211 (c) Made an appropriate number of attempts to serve the
 212 party, taking into account the particular circumstances, during
 213 such times when and where such party is reasonably likely to be

 238 (5) and (6) of section 48.181, Florida Statutes, are
 239 redesignated as subsections (6) and (7), respectively, a new

245 (3) If a foreign business entity has registered to do
 246 business in this state and has maintained its registration in an
 247 active status or otherwise continued to have a registered agent
 248 designated in accordance with s. 48.091, personal service of
 249 process must first be attempted on the foreign business entity
 250 in the manner and order of priority described in this chapter as
 251 applicable to the foreign business entity. If, after due

 270 with or incidental to any business or business venture carried
 271 on in this state by such individual.

272 Section 5. (1) The amendments made to chapter 48, Florida
 273 Statutes, by chapter 2022-190, Laws of Florida, apply to causes

 275 causes of action that accrued before January 2, 2023, for which
 276 service of process was effectuated on or after January 2, 2023.

277 (2) Notwithstanding subsection (1), any service of process
 278 that occurred between January 2, 2023, and October 1, 2025,
 279 which has not been invalidated by a court, is valid if such
 280 service complied with either chapter 48, Florida Statutes, as
 281 amended by chapter 2022-190, Laws of Florida, or the laws
 282 governing service of process in effect before January 2, 2023,
 283 which would have applied in the absence of chapter 2022-190,
 284 Laws of Florida.

285 (3) The amendments made by this act apply to all service of
 286 process made or effectuated on or after October 1, 2025,
 287 regardless of whether the cause of action accrued before, on, or
 288 after October 1, 2025.

289 (4) This section does not extend or modify the time for
 290 challenging the validity of any service of process and does not

590-02318-25

2025576c1

291 revive any ability to challenge the validity of service of
292 process which has previously been waived.

293 Section 6. Except as otherwise expressly provided in this
294 act, this act shall take effect upon becoming a law.

I. Summary:

CS/SB 626 reduces the number of members necessary to constitute a quorum for the Council on the Social Status of Black Men and Boys Council to hold a meeting and vote for final actions. The bill additionally allows members to appear at meetings electronically and still count towards the Council’s quorum requirements for purposes of conducting business. The bill adds notice requirements for the Council’s public meetings or workshops that will be conducted using communications media technology.

The bill is not expected to impact state and local revenues and expenditures.

The bill takes effect July 1, 2025.

II. Present Situation:

The Council on the Social Status of Black Men and Boys

In 2006, in response to concerns about issues such as the disproportionate representation of black males in Florida’s correctional facilities, the number of black students dropping out of high school, and the disparity between the income levels and life expectancies of black and white males,¹ the Legislature created the Council on the Social Status of Black Men and Boys (Council) within the Department of Legal Affairs in the Office of the Attorney General. The Office of the Attorney General supplies staff and administrative support to the Council.

¹ See Senate Staff Analysis and Economic Impact Statement for CS/CS/SB 436 (April 24, 2006).

The Council was established, in part, to make a systematic study of the conditions affecting black men and boys, including, but not limited to, homicide rates, arrest and incarceration rates, poverty, violence, drug abuse, death rates, disparate annual income levels, school performance in all grade levels including postsecondary levels, and health issues, and to propose measures to alleviate and correct the underlying causes of these conditions in their annual report.² The Legislature may request the Council to conduct additional studies on other topics.³ The Council can request information from any political subdivision of the state; and ask for assistance from the Office of Program Policy Analysis and Government Accountability and the Office of Economic and Demographic Research within the Florida Legislature.⁴

The Council is comprised of 19 appointed members who serve four-year terms.⁵ These members include representatives of state agencies and the Legislature, as well as citizens who represent relevant areas of interest. The members include:

- Two members of the Senate who are not members of the same political party, appointed by the President of the Senate with the advice of the minority leader of the Senate;
- Two members of the House of Representatives who are not members of the same political party, appointed by the Speaker of the House of Representatives with the advice of the minority leader of the House of Representatives;
- The Secretary of Children and Family Services (DCF), or his or her designee;
- The director of the Mental Health Program Office within DCF, or his or her designee;
- The State Surgeon General, or his or her designee;
- The Commissioner of Education, or his or her designee;
- The Secretary of Corrections, or his or her designee;
- The Attorney General, or his or her designee;
- The Secretary of Management Services, or his or her designee;
- The executive director of the Department of Economic Opportunity, or his or her designee;
- A businessperson of black origin appointed by the Governor;
- Two persons appointed by the President of the Senate who are not members of the Legislature or employed by state government. One of these appointments must be a clinical psychologist;
- Two people appointed by the Speaker of the House of Representatives who are not members of the Legislature or employed by state government. One of these appointments must be an Africana studies professional;
- The deputy secretary for Medicaid in the Agency for Health Care Administration, or his or her designee; and
- The Secretary of Juvenile Justice, or his or her designee.⁶

Currently, eleven members constitute a quorum.⁷ Members of the Council are entitled to reimbursement for per diem and travel expenses.⁸

The Council is subject to the provisions of chapter 119, related to public records, and the provisions of chapter 286, related to public meetings.⁹

Use of Electronic Media and Public Meetings

Section 120.54(5)(b)2., F.S., requires the Administration Commission¹⁰ to create uniform rules for state agencies to use when conducting public meetings, hearings or workshops, including procedures for conducting meetings in person and by means of communications media technology (CMT).¹¹ Specifically, a notice for a public meeting, hearing, or workshop that will use CMT must state:

- That the public meeting will be conducted using CMT;
- If attendance may be provided for through CMT;
- How persons who wish to attend¹² the meeting may do so; and
- The locations at which CMT facilities will be available to allow participation in the meeting.

Other laws relating to public meetings, hearings, and workshops, including penal and remedial provisions, apply to meetings conducted by means of CMT, and must be “liberally construed in their application to such public meetings, hearings, and workshops.”¹³

A body subject to public meetings laws that will conduct its meeting exclusively using CMT must provide a means for a member of the public to attend, which must include physical attendance if the available technology is insufficient to permit all interest persons to attend.¹⁴ The public access to the meeting must be provided via a “designated place where a person interested in attending a CMT proceeding may go for the purpose of attending the proceeding.”¹⁵

Unless otherwise authorized by the Legislature, these procedures for communications media technology apply only to state agencies and not to local boards or commissions. In the absence of any law otherwise, local government bodies that require a quorum to conduct their business may only use communications media technology to do so if either a statute permits a quorum to be

¹² Rule 28-109.002 of the Florida Administrative Code defines attendance as having access to the CMT network being used to conduct a proceeding, or being used to take evidence, testimony, or argument relative to issues considered at the proceeding. The entity must also publish a public meeting notice which includes the address of each access point (a designated place where a person interested in attending a CMT proceeding may go for the purpose of attending). *See*, Rules 28-109.002, and .005, Fla. present by means other than in-person or the in-person requirement for constituting a quorum is lawfully suspended.¹⁶

III. Effect of Proposed Changes:

Section 1 amends s. 16.615(8), F.S., to reduce the number of Council members needed to constitute a quorum from eleven to nine. The bill additionally allows Council members who appear by communications media technology to count towards quorum requirements. For the purposes of the bill, “communications media technology” means the electronic transmission of printed matter, audio, full-motion video, freeze-frame video, compressed video, and digital video by any method available.¹⁷ This presumably allows the Council to hold meetings and take action with fewer members in physical attendance and voting for the proposition. For example, under current law, with 19 members, 11 are needed to meet quorum requirements, and six are needed to approve Council action. Under the bill, with 19 members but only nine needed to meet quorum requirements, only five are needed to approve Council action.

The bill additionally requires that the Council provide notice when it conducts a public meeting or workshop using communications media technology, specifically requiring that it state how an interested person may participate, and where facilities with communications media technology will be available during the meeting or workshop.

Section 2 provides the bill takes effect on July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

Section 286.011, F.S., the Government in the Sunshine Law, ensures a right of access to government proceedings. A fundamental requirement of the Government in the Sunshine Law is that meetings of entities subject to its provisions are “open to the public,” which means open to all persons who choose to attend.¹⁸ Therefore, the Council must, in its use of CMT for the purpose of allowing its members to attend Council meetings, ensure that members of the public are afforded access not only to the physical meeting, but also to the portions held via CMT.

C. Trust Funds Restrictions:

None identified.

¹⁷ See s. 120.54(5)(b)2., F.S.

¹⁸ Op. Att’y Gen. Fla. 2009-56.

D. State Tax or Fee Increases:

None identified.

E. Other Constitutional Issues:

Article I, section 24(b) of the Florida Constitution and the Sunshine Law “aim[s] to prevent the evil of closed door operation of government without permitting public scrutiny and participation.”¹⁹ It is possible that a member of the Council could operate with lessened scrutiny, or be influenced by other individuals during the meeting (without obvious knowledge of such communication by a viewing member of the public).

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None identified.

B. Private Sector Impact:

None identified.

C. Government Sector Impact:

The Council will be able to conduct its meetings and take action via communications media technology (CMT), such as zoom. This may reduce costs associated with the Council’s meetings by lowering travel expense reimbursements to members who participate via CMT.

VI. Technical Deficiencies:

None identified.

VII. Related Issues:

Public meetings of a state agency may already be held by communications media technology (CMT), pursuant to s. 120.54, F.S. A state agency, in this instance, includes “governmental entit[ies] in the state having statewide jurisdiction,”²⁰ such as the Council on the Social Status of Black Men and Boys (Council). Accordingly, the language allowing the Council to meet via CMT is duplicative of existing statutory language. Should, however, the Council’s status as a state agency ever be called into question, the language of this bill ensures the Council may still meet and conduct business via CMT.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 710 exempts from public records copying and inspection requirements certain identifying and location information of current or former employees, board members and volunteers, and their spouses and children, of crime stoppers organizations.¹

The bill exempts from public disclosure the following information:

- The home addresses, telephone numbers, dates of birth, and photographs of current or former employees, board members, and volunteers of crime stoppers organizations;
- The names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of the employees, board members, and volunteers;
- The names and locations of schools and day care facilities attended by the children of the employees, board members, and volunteers.

This exemption applies to information held by an agency before, on, or after July 1, 2025, and is repealed on October 2, 2030, unless reenacted by the Legislature.

The bill provides a statement of public necessity as required by the State Constitution.

¹ “Crime stoppers organization” means a private not-for-profit organization that collects and expends donations for rewards to persons who report to the organization information concerning criminal activity, and forwards that information to appropriate law enforcement agencies. Section 16.557(1)(a), F.S.

The bill creates a new public records exemption and, therefore, requires a two-thirds vote of the members present and voting in each house of the Legislature for final passage.

The bill is not expected to affect state and local government revenues and expenditures.

The bill takes effect July 1, 2025.

II. Present Situation:

Access to Public Records - Generally

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.² The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.³

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the legislature.⁴ Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.⁵ Lastly, ch. 119, F.S., known as the Public Records Act, provides requirements for public records held by executive branch and local government agencies.

Executive Agency Records – The Public Records Act

The Public Records Act provides that all state, county, and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.⁶

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

⁵ *State v. Wooten*, 260 So. 3d 1060 (Fla. 4th DCA 2018).

⁶ Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business that are used to “perpetuate, communicate, or formalize knowledge of some type.”⁷

The Florida Statutes specify conditions under which public access to governmental records must be provided. The Public Records Act guarantees every person’s right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.⁸ A violation of the Public Records Act may result in civil or criminal liability.⁹

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.¹⁰ The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.¹¹

General exemptions from the public records requirements are contained in the Public Records Act.¹² Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.¹³

When creating a public records exemption, the Legislature may provide that a record is “exempt” or “confidential and exempt.” There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹⁴ Records designated as “confidential and exempt” are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁵ Records designated as “exempt” may be released at the discretion of the records custodian under certain circumstances.¹⁶

addresses” is defined as the dwelling location at which an individual resides and includes the physical address, mailing address, street address, parcel identification number, plot identification number, legal property description, neighborhood name and lot number, GPS coordinates, and any other descriptive property information that may reveal the home address. Additionally, “telephone numbers” is defined to include home telephone numbers, personal cellular telephone numbers, personal pager telephone numbers, and telephone numbers associated with personal communications devices.

Section 119.071(4)(d)2., F.S., generally exempts from public disclosure the home addresses, dates of birth, photographs, and telephone numbers of specified public employees and their spouses and children. Additionally exempted, typically, are the spouse’s place of work as well as the name and location of any schools or day care facilities of the public employee’s children, if any. These public employees include, but are not limited to, sworn law enforcement personnel and active or former civilian personnel employed by a law enforcement agency;¹⁷ current or former justices of the Supreme Court, district court of appeal judges, circuit court judges, and county court judges;¹⁸ current or former state attorneys;¹⁹ current or former public defenders;²⁰ county tax collectors;²¹ and clerks of a circuit court.²²

Records that include exempt information about the above-specified personnel and their spouses and children (minor or adult) may be held by, among others, their employing agency, clerks of court and comptrollers, county tax collectors and property appraisers, school districts, and law enforcement agencies. County property appraisers²³ and county tax collectors²⁴ holding exempted information need only remove the name of an individual with exempt status and the instrument number or Official Records book and page number identifying the property with the exemption status from all publicly available records. County property appraisers and county tax collectors may not remove the street address, legal description, or other information identifying real property so long as the name or personal information otherwise exempt is not associated with the property or otherwise displayed in the public records.²⁵

The personnel, their spouses or children, or their employing agency claiming an exemption under s. 119.071(4)(d)2., F.S., must affirmatively assert the right to the exemption by submitting a written and notarized request to each non-employer agency that holds the employee’s or their spouse or child’s information. The individual or entity asserting the exemption must provide, under oath, the statutory basis for the individual’s exemption and confirm the individual’s status as a party eligible for exempt status.²⁶

These exemptions under s. 119.071(4)(d)2., F.S., have retroactive application, applying to information held by an agency before, on, or after the effective date of the exemption.²⁷ Home addresses, however, are no longer exempt in the Official Records if the protected party no longer resides at the dwelling²⁸ or upon his or her death.²⁹

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act³⁰ (the act), prescribe a legislative review process for newly created or substantially amended³¹ public records or open meetings exemptions, with specified exceptions.³² The act requires the repeal of such exemption on October 2nd of the fifth year after creation or substantial amendment; in order to save an exemption from repeal, the Legislature must reenact the exemption or repeal the sunset date.³³ In practice, many exemptions are continued by repealing the sunset date, rather than reenacting the exemption.

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.³⁴ An exemption serves an identifiable purpose if the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption and it meets one of the following purposes:

- It allows the state or its political subdivisions to effectively and efficiently administer a program, and administration would be significantly impaired without the exemption;³⁵
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;³⁶ or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.³⁷

The Act also requires specified questions to be considered during the review process.³⁸ In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

²⁷ Section 119.071(4)(d)6., F.S.

²⁸ The protected individual must submit a notarized, written request to release the removed information. Section 119.071(4)(d)8., F.S.

²⁹ A certified copy of a death certificate or court order must be presented with a notarized request to release the information to remove the exemption. Section 119.071(4)(d)9., F.S. Note, the Clerk is also called the "county recorder." *See* s. 28.222(2), F.S.

³⁰ Section 119.15, F.S.

³¹ An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

³² Section 119.15(2)(a) and (b), F.S., provides that exemptions required by federal law or applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

³⁵ Section 119.15(6)(b)1., F.S.

³⁶ Section 119.15(6)(b)2., F.S.

³⁷ Section 119.15(6)(b)3., F.S.

³⁸ Section 119.15(6)(a), F.S. The specified questions are:

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are again required.³⁹ If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.⁴⁰

Crime Stoppers

Crime Stoppers programs are non-profit organizations led by citizens against crime, founded on the concept that someone other than the criminal has information that can help solve a crime. These programs offer anonymity to anyone who can provide information about crimes and subsequently pay rewards when such information leads to the felony arrest of criminals and fugitives.⁴¹

The idea of providing a reward to someone with information about a crime originated in Albuquerque, New Mexico, when a detective was tasked with solving a homicide with no leads. He thought to make a video re-enactment of the murder and guarantee anonymity for anyone who was willing to call with information about the crime. After receiving calls following the re-enactment, one of which allowed police to solve a different crime, the detective persuaded the Albuquerque Police Department to permit citizens to establish the first Crime Stoppers program.⁴²

The Florida Association of Crime Stoppers (FACS) is a statewide umbrella organization operated by a volunteer board of directors from the 27 Crime Stopper programs throughout the state of Florida. The aim of FACS is to help establish local programs, and provide ongoing training, advocacy and mentoring to established programs and new programs alike.⁴³

Local citizens are responsible for forming local Crime Stopper programs. Civilian-based boards of directors generally oversee the program, establishing policies and providing direction as to the financial and promotional activities of the program.

III. Effect of Proposed Changes:

The bill exempts from public records copying and inspection requirements certain identifying and location information of current or former employees, board members and volunteers, and their spouses and children, of crime stoppers organizations.

The bill exempts from public disclosure the following information:

- The home addresses, telephone numbers, dates of birth, and photographs of current or former employees, board members, and volunteers of crime stoppers organizations;
- The names, home addresses, telephone numbers, dates of birth, and places of employment of the spouses and children of the employees, board members, and volunteers;
- The names and locations of schools and day care facilities attended by the children of the employees, board members, and volunteers.

Pursuant to s. 119.071(4)(d)6., F.S., this new exemption will apply to information held by an agency before, on, and after the effective date of the exemption (July 1, 2025, in this instance).

Consistent with s. 119.15, F.S., the new exemptions will expire on October 2, 2030, unless reviewed and saved from repeal by the Legislature.

Additionally, the bill provides a statement of public necessity as required by the State Constitution. The public necessity statement provides that the release of certain personal identifying and location information may jeopardize the safety of the employees, board members, volunteers of crime stoppers organizations, and their family members.

The bill takes effect July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records requirements. This bill enacts a new exemption for records pertaining to employees, board members, and volunteers of crime stopper organizations; therefore, the bill requires a two-thirds vote of each chamber for enactment.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records requirements to state with specificity the public necessity justifying the exemption. Section 2 of the bill contains a statement of public necessity for the exemption.

Breadth of Exemption

Article I, s. 24(c), of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law. The purpose of the law is to protect employees, board members, and volunteers of crime stopper organizations and their family members, and the bill exempts only records pertaining to those persons from the public records requirements. The purpose of the exemption is to protect those persons that forward tips on criminal activities and pay rewards. It is unclear how a board member of a nonprofit or a volunteer of such entity would be involved in such actions. Thus, the inclusion of these persons and their families may result in the exemption being overly broad (or the public necessity for such exemption may not be justified).

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:**A. Tax/Fee Issues:**

None.

B. Private Sector Impact:

The private sector will be subject to the cost associated with an agency's review and redactions of exempt records in response to a public records request.

C. Government Sector Impact:

This bill may cause a minimal increase in workload on agencies holding records that contain the exempt information of current or former employees, board members and volunteers, and their spouses and children, of crime stoppers organizations because staff

responsible for complying with public record requests may require training related to the new public record exemption.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 119.071 of the Florida Statutes.

IX. Additional Information:

 354 home addresses, telephone numbers, dates of birth, and places of
 355 employment of the spouses and children of the current or former
 356 employees, board members, and volunteers of such crime stoppers
 357 organizations; and the names and locations of schools and day
 358 care facilities attended by the children of the current or
 359 former employees, board members, and volunteers of such crime
 360 stoppers organizations are exempt from s. 119.07(1) and s.
 361 24(a), Art. I of the State Constitution. This sub-subparagraph
 362 is subject to the Open Government Sunset Review Act in
 363 accordance with s. 119.15 and shall stand repealed on October 2,
 364 2030, unless reviewed and saved from repeal through reenactment
 365 by the Legislature.

366 3. An agency that is the custodian of the information
 367 specified in subparagraph 2. and that is not the employer of the
 368 officer, employee, justice, judge, or other person specified in
 369 subparagraph 2. must maintain the exempt status of that
 370 information only if the officer, employee, justice, judge, other
 371 person, or employing agency of the designated employee submits a
 372 written and notarized request for maintenance of the exemption
 373 to the custodial agency. The request must state under oath the
 374 statutory basis for the individual's exemption request and
 375 confirm the individual's status as a party eligible for exempt
 376 status.

377 4.a. A county property appraiser, as defined in s.

378 192.001(3), or a county tax collector, as defined in s.
 379 192.001(4), who receives a written and notarized request for
 380 maintenance of the exemption pursuant to subparagraph 3. must
 381 comply by removing the name of the individual with exempt status
 382 and the instrument number or Official Records book and page
 383 number identifying the property with the exempt status from all
 384 publicly available records maintained by the property appraiser
 385 or tax collector. For written requests received on or before
 386 July 1, 2021, a county property appraiser or county tax
 387 collector must comply with this sub-subparagraph by October 1,
 388 2021. A county property appraiser or county tax collector may
 389 not remove the street address, legal description, or other
 390 information identifying real property within the agency's
 391 records so long as a name or personal information otherwise
 392 exempt from inspection and copying pursuant to this section is
 393 not associated with the property or otherwise displayed in the
 394 public records of the agency.

395 b. Any information restricted from public display,
 396 inspection, or copying under sub-subparagraph a. must be
 397 provided to the individual whose information was removed.

398 5. An officer, an employee, a justice, a judge, or other
 399 person specified in subparagraph 2. may submit a written request
 400 for the release of his or her exempt information to the
 401 custodial agency. The written request must be notarized and must
 402 specify the information to be released and the party authorized
 403 to receive the information. Upon receipt of the written request,
 404 the custodial agency must release the specified information to
 405 the party authorized to receive such information.

406 6. The exemptions in this paragraph apply to information

407 held by an agency before, on, or after the effective date of the
408 exemption.

409 7. Information made exempt under this paragraph may be
410 disclosed pursuant to s. 28.2221 to a title insurer authorized
411 pursuant to s. 624.401 and its affiliates as defined in s.
412 624.10; a title insurance agent or title insurance agency as
413 defined in s. 626.841(1) or (2), respectively; or an attorney
414 duly admitted to practice law in this state and in good standing
415 with The Florida Bar.

416 8. The exempt status of a home address contained in the
417 Official Records is maintained only during the period when a
418 protected party resides at the dwelling location. Upon
419 conveyance of real property after October 1, 2021, and when such
420 real property no longer constitutes a protected party's home
421 address as defined in sub-subparagraph 1.a., the protected party
422 must submit a written request to release the removed information
423 to the county recorder. The written request to release the
424 removed information must be notarized, must confirm that a
425 protected party's request for release is pursuant to a
426 conveyance of his or her dwelling location, and must specify the
427 Official Records book and page, instrument number, or clerk's
428 file number for each document containing the information to be
429 released.

430 9. Upon the death of a protected party as verified by a
431 certified copy of a death certificate or court order, any party
432 can request the county recorder to release a protected
433 decedent's removed information unless there is a related request
434 on file with the county recorder for continued removal of the
435 decedent's information or unless such removal is otherwise

436 prohibited by statute or by court order. The written request to
437 release the removed information upon the death of a protected
438 party must attach the certified copy of a death certificate or
439 court order and must be notarized, must confirm the request for
440 release is due to the death of a protected party, and must
441 specify the Official Records book and page number, instrument
442 number, or clerk's file number for each document containing the
443 information to be released. A fee may not be charged for the
444 release of any document pursuant to such request.

445 Section 2. The Legislature finds that it is a public
446 necessity that the home addresses, telephone numbers, dates of
447 birth, and photographs of employees of crime stoppers
448 organizations as defined in s. 16.557(1), Florida Statutes, and
449 the board members and volunteers of such crime stoppers
450 organizations; the names, home addresses, telephone numbers,
451 dates of birth, and places of employment of the spouses and
452 children of such employees, board members, and volunteers; and
453 the names and locations of schools and day care facilities
454 attended by the children of such employees, board members and
455 volunteers be made exempt from s. 119.07(1), Florida Statutes,
456 and s. 24(a), Article I of the State Constitution. The friends,
457 associates, and family members of people who are involved in
458 criminal investigations may retaliate against crime stoppers
459 employees, board members, and volunteers while they perform
460 their duties, which include collecting sensitive tip
461 information, forwarding this information to appropriate law
462 enforcement agencies, and paying out rewards to anonymous
463 tipsters. Such retaliatory acts may also be targeted at the
464 spouses and children of crime stoppers employees, board members,

Page 16 of 17

465 and volunteers. If such identifying and location information is
466 released, the safety of current and former crime stoppers
467 employees, board members, and volunteers and their spouses and
468 children could be seriously jeopardized. The Legislature
469 therefore finds that the harm that may result from the release
470 of such personal identifying and location information outweighs
471 any public benefit that may be derived from the disclosure of
472 the information.

473 Section 3. This act shall take effect July 1, 2025.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Governmental Oversight and Accountability

BILL: SB 804

INTRODUCER: Senator Collins

SUBJECT: Designation of the Official State Flagship

DATE: March 31, 2025

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	White	McVaney	GO	Favorable
2.			MS	
3.			RC	

I. Summary:

SB 804 redesignates the state flagship. Instead of the Schooner Western Union, the current state flagship, located in Key West, the bill designates the S.S. American Victory, located in Tampa.

The bill is not expected to impact state or local government revenues and expenditures.

The bill takes effect on July 1, 2025.

II. Present Situation:

Florida State Symbols

Chapter 15, F.S. designates official state symbols. State symbols represent the state’s heritage and natural treasures. To date there are over 25 designations, including numerous animals and plants; an anthem, song, and motto; several cultural events; and a flagship—the Schooner Western Union.

Schooner Western Union

In 2012, the Florida Legislature designated the Schooner Western Union as the state’s official flagship.¹ When designated as the official state flagship, the Schooner Western Union was one of the oldest working wooden schooners in the United States.

The Schooner Western Union is a 130-foot historic sailing vessel of the tall ship class. Construction of the ship began in Grand Cayman, but it was completed in Key West and first launched on April 7, 1939. The Schooner is made of yellow pine and mahogany. For 35 years the Schooner served as a cable vessel for the Western Union Telegraph Company, repairing

¹ Chapter 2012-158, Laws of Fla.

underwater cables throughout the Keys, Cuba, and the Caribbean. Since retiring, the Schooner was used as a charter boat in various events.²

After 1973, the Schooner was bought, sold, and finally donated to a not-for-profit called the Schooner Western Union Preservation Society, Inc. (SWUPS). Their mission was “to restore and maintain the historic vessel to benefit the local community and for education and outreach programs.” SWUPS has faced numerous challenges, however. In 2011, the 130-foot schooner underwent a million-dollar restoration project; the vessel’s ability to sail, however, was short-lived and the ship soon fell into disrepair.³ SWUPS is facing an estimated \$5 million restoration costs as the historic vessel currently is dry-docked in a boatyard, “being eaten away by the elements.” The riggings and masts have been removed and many of the planks on the side of the vessel are gone as well.⁴

The ship remains the official flagship of Key West and it is on the National Register of Historic Places.⁵

S.S. American Victory

The S.S. American Victory is a merchant marine vessel used to deliver cargo and troops around the world in World War II, the Korean War, and the Vietnam War.⁶ After serving three wars, the ship went through a \$2.5 million restoration in June 1985. In October of 1996, Captain John C. Timmel learned the S.S. American Victory was earmarked for scrap if not acquired for memorial purposes and saved the ship. The ship now sits by the Florida Aquarium in Tampa, Florida; where it has been for over 20 years.⁷ Out of the 534 Victory ships made between 1944 and 1946, the S.S. American Victory is one of only three left, with the other two on the West Coast of the United States.⁸ The S.S. American Victory is on the National Register of Historic Places and now cared for by the American Victory Ship and Museum, a non-profit 501(c)3 organization.⁹

III. Effect of Proposed Changes:

The bill's preamble recognizes the historical significance of the S.S. American Victory, highlighting the ship's service in American war efforts during World War II, the Korean War, and Vietnam War; as well as the ship's contributions to the Tampa and state-wide community and its support of community, charitable, and educational groups and causes.

Section 1 amends s. 15.0465, F.S., to designate the S.S. American Victory, instead of the schooner Western Union, as the official state flagship.

Section 2 provides that the bill takes effect on July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None identified.

C. Trust Funds Restrictions:

None identified.

D. State Tax or Fee Increases:

None identified.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None identified.

B. Private Sector Impact:

Obtaining the status of state flagship could increase the marketability of S.S. American Victory Museum, thereby generating additional revenue that may be used for the purpose of maintaining the vessel.

It appears that the Schooner Western Union is not currently open to the public and would require significant investment to be restored to the condition required for public tours or seafaring.

C. **Government Sector Impact:**

None identified.

VI. Technical Deficiencies:

None identified.

VII. Related Issues:

None identified.

VIII. Statutes Affected:

This bill substantially amends section 15.0465 of the Florida Statutes

IX. Additional Information:

A. **Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. **Amendments:**

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 820 creates the Office of Faith and Community within the Executive Office of the Governor. The purpose of the Office of Faith and Community is to connect with Florida’s faith and community networks and provide administrative support to the Florida Faith-based and Community-based Advisory Council.

The bill may have an indeterminate cost on state government.

The bill takes effect July 1, 2025.

II. Present Situation:

Executive Office of the Governor

The Executive Office of the Governor (EOG) is a statutorily created entity headed by the Governor. The function of the office is to assist the Governor in meeting statutory and constitutional duties. Key responsibilities include administering executive planning and budgeting functions and assessing the efficiency and effectiveness of state programs. The EOG

includes the Citizen's Assistance Office,¹ Office of Adoption and Child Protection Services,² and Office of Policy and Budget.³

Florida Faith-based and Community-based Advisory Council

In 2006, the Legislature created the Florida Faith-based and Community-based Advisory Council (Council)⁴ and administratively housed it in the Executive Office of the Governor.⁵ The Council is supported by the Governor's Faith and Community Initiative Office, with a Liaison for Faith and Community staff member within the EOG, as well as six other staff (including a director.)⁶

The Council is composed of 25 members that include representatives from various faiths, faith-based organizations, community-based organizations, foundations, corporations, and municipalities.⁷ The Council's purpose is to advise the Governor and the legislature on policies, priorities, and objectives for the state's comprehensive effort to enlist, equip, enable, empower, and expand the work of faith-based, volunteer, and other community organizations to the full extent permitted by law.⁸ The Council also submits an annual report⁹ that recommends, among other things:

- Best practices for ensuring that state policy decisions consider the capacity of faith-based and other community-based initiatives to assist in the achievement of state priorities.
- Best practices relating to the delivery of services by faith-based and other community-based organizations.¹⁰

Faith and Community Initiative

Created in 2019, the Governor's Faith and Community Initiative supports faith and community organizations of Florida. The initiative is led by a liaison and is tasked with the following:

- Hosting statewide faith calls, events, and special programming with the Governor, First Lady, and others to better connect faith and community networks with state leaders.
- Operating the Florida Faith and Community Red Phone, which is a direct line specifically created for Florida faith and community leaders to connect with the Executive Office of the Governor.

III. Effect of Proposed Changes:

Section 1 creates s. 14.311, F.S., to establish the Office of Faith and Community (Office) within the Executive Office of the Governor (EOG). The Office is required to act as a liaison for faith and community to serve the most vulnerable persons in Florida by connecting with Florida's faith and community networks and providing administrative support to the Florida Faith-based and Community-based Advisory Council.

The Office must:

- Advocate for faith- and community-based organizations to obtain access, direction, and support from state agencies;
- Establish and operate the Florida Faith and Community Phone, dedicated to connecting faith-based and community-based leaders to the EOG;
- Establish meaningful lines of communication to connect with, and provide resources to, faith-based and community-based organizations in this state;
- Develop and provide resources for enhanced connections between civil service systems, state agencies, and faith-based and community-based organizations in this state;
- Develop and provide technology to connect faith-based ministries and nonprofits with local faith-based and community-based organizations to address identified needs of a community;
- Identify, in conjunction with heads of the executive agencies, bureaucratic or regulatory burdens that unnecessarily burden faith-based or community-based organizations; and
- Provide administrative support to the Florida Faith-based and Community-based Advocacy Council.

The bill provides that the Office will be led by a liaison, appointed by the Governor, who serves as a senior advisor to the Governor and connects with state agencies.

Section 2 provides that the Office will provide administrative support to the Florida Faith-based and Community-based Advisory Council established in s. 14.31, F.S.

Section 3 provides that the bill takes effect July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

C. Government Sector Impact:

The bill may have an indeterminate cost on state government as it creates an additional office. The Office may require additional funding to support its duties. However, it appears that this office is currently operating and staffed with the personnel required by the bill, so no new positions or appropriated funds are provided in this bill.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 14.311, Florida Statutes, is created to read:

14.311 Office of Faith and Community.-

(1) LEGISLATIVE FINDINGS.-The Legislature finds that faith-based, community-based, and nonprofit-based organizations, otherwise known as faith and community networks, have long been the cornerstone of prosperous and flourishing societies, serving as the original model of community care. Faith and community networks play an integral role in serving the most vulnerable persons of a community, including foster children, foster families, kinship caregivers, single parents, persons in poverty, veterans, persons with unique abilities, children in the juvenile justice system, and vulnerable adults. Faith and

community networks offer a more impactful, efficient, and viable long-term solution, wholly apart from or in partnership with governmental programs. The impact of faith and community networks is greatly enhanced by the reduction of unnecessary bureaucracy through enhanced collaboration, communication, and connection with civil service systems. Responsible connections with faith and community networks are a just and necessary component of good governance in pursuit of greater societal growth in this state. Additionally, greater, more responsible investments in such efforts have demonstrated an exponential yield of taxpayer savings, efficiency of governance, and effectiveness of care. It is therefore the intent of the Legislature to establish and create outlets of governmental infrastructure to preserve, protect, advance, and better connect the faith and community networks of this state for the greater social and economic benefit of all.

(2) PURPOSE.-The purpose of this section is to establish an Office of Faith and Community within the Executive Office of the Governor, as well as the role of a liaison for faith and community, in order to better connect with, communicate with, and provide resources to this state's faith-based and community-based organizations.

(3) ESTABLISHMENT OF THE OFFICE OF FAITH AND COMMUNITY.-

(a) The Office of Faith and Community is established within the Executive Office of the Governor. The head of the office is the liaison for faith and community or a director appointed by the liaison who reports to the liaison.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1088 amends the Florida Customer Service Standards Act to require executive branch agencies and the Public Service Commission to use a telephone system that provides customers with the option to be placed in a callback queue to receive a call at a later designated time, while maintaining their place in line, as opposed to waiting on hold. This requirement applies to a centralized call center and to any department employee who is designated to receive customer calls, rather than to all state agency phone lines.

The state government may incur indeterminate but significant costs to the extent the agency does not currently use a system with the required features.

The bill takes effect July 1, 2025.

II. Present Situation:

Florida Customer Service Standards Act

The Florida Customer Service Standards Act (Act) directs executive branch agencies and the Public Service Commission to practice and employ certain measures to improve customer service.¹ For purposes of this act, a “customer” means any person who uses or requests services

¹ Section 23.30, F.S.

or information provided by a state executive agency or who is required by statute to interact with the agency.² The measures include:

- Designating an employee or employees to facilitate the resolution of customer complaints and developing a process for review by upper-level management for customer complaints not resolved by the designated employees.
- Promptly providing available information and accurate responses to questions and requests for assistance.
- Acknowledging receipt of telephonic or electronic question or request by the end of the next business day.
- Providing local or toll-free telephonic or electronic access either through a centralized complaint-intake call center or directly to a departmental employee or employees designated to resolve customer complaints.
- Developing customer satisfaction measures and systems for tracking complaints and resolutions.
- Providing annual reports showing statistical data on customer complaints, resolutions, and satisfaction.
- Including in strategic plans a program outline or goal for customer service.
- Conducting interdepartmental discussions on methods of improving customer service.³

The Act requires specified state agencies to comply with their presently-available resources and does not apply penalties for an agency's failure to comply.⁴

Voice Mail Systems

There is no statutory requirement for state agencies to employ a voice mail system or a telephone menu options system. Telephone menu options, however, must provide the caller with access to a nonelectronic attendant.⁵ Moreover, state employees must answer the phone—as opposed to relying on voice mail systems—when the employee is at his or her regularly assigned work station, unless (a) the telephone is in use, (b) the voice mail system provides the caller with access to a nonelectronic attendant, or (c) the voice mail system automatically transfers the call to a nonelectronic attendant.⁶

The agency head is required to ensure compliance with these provisions.⁷

For purposes of these requirements, the term “state agency” includes executive and judicial branch entities of the state.⁸ It does not include the Public Service Commission.

The level of compliance by state agencies is unknown.

⁸ Section 110.107(30), F.S.

III. Effect of Proposed Changes:

Section 1 amends the Florida Customer Service Standards Act, s. 23.30, F.S., to require executive branch agencies and the Public Service Commission to use a telephonic system that allows a customer who calls a particular department to be placed in a callback queue to receive a call at a later designated time, while maintaining his or her place in line, instead of waiting on hold or allowing the telephone to continuously ring. This requirement applies to a centralized call center and to any department employee who is designated to receive customer calls rather than to all state agency phone lines.

Section 2 provides that the act takes effect July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

CS/SB 1144 codifies the Office of Hope Florida within the Executive Office of the Governor. The Hope Florida program uses Hope Navigators to coordinate services for Floridians in need from both the public and private sectors.

The bill defines terms, provides participant eligibility requirements, and outlines the Office’s and participating agencies’ duties, including the operation of a toll-free “Hope Line,” development and maintenance of the program’s website, and creation of a case management system.

The bill is not expected to impact state or local government expenditures.

The bill takes effect upon becoming a law.

II. Present Situation:

Hope Florida—a Pathway to Prosperity, Economic Self-Sufficiency and Hope (Hope Florida) was established on September 9, 2021, by First Lady Casey DeSantis.¹ Hope Florida pairs Floridians who reach out to the program (the “client”) with a care navigator. The navigator helps

identify the client's goals and pairs the client with resources from faith-based, non-profit, government, and private sector entities to reach those goals.²

Hope Florida was initially implemented by the Department of Children and Families (DCF) in a three-phase rollout, with services beginning in August 2020 in the state's northwest and central regions with 30 full-time care navigators; phase two expanded into the Northeast and Southeast regions in January 2021 with 65 full-time care navigators; phase three launched in July 2021 in the SunCoast and Southern regions with 102 full-time care navigators.³

Hope Florida has since grown to also include the:

- Hope Florida Fund (established July 15, 2022), which “harnesses the charity of the private sector to give funds to deserving local entities.”⁴
- Activate Hope (established August 21, 2024), an emergency response entity that works with the Florida Division of Emergency Management to help Floridians who are recovering from disasters.⁵
- Hope Line – A toll-free hotline, “833-GET-HOPE.”⁶
- Hope Florida- A Pathway to Potential program with the Department of Juvenile Justice and its 40 Hope navigators, to support vulnerable youth.⁷
- Coordinated efforts between Hope Florida, CareerSource Florida and the DCF to help unemployed Floridians find jobs. This specific program received \$4.3 million in state funds to fund Hope Navigators to work at all local workforce development boards and provide other related services.⁸
- Hope Florida- A Pathway to Purpose program with the Department of Elder Affairs (DEA) to provide volunteer opportunities for and support to elderly Floridians. The DEA established their own Hope Navigators to facilitate this program.⁹

The bill defines a “care plan” as a written document that contains information provided by the Hope Florida program participant to develop and customize actionable steps and timelines to achieve their goals. The care plan must also address barriers the program participant may face. The bill additionally provides that the care plan must include “actionable steps” and timelines.

Agency Participation

However, the Department of Children and Families, Agency for Persons with Disabilities, Department of Juvenile Justice, Statewide Guardian ad Litem Office, Department of Education, Agency for Health Care Administration, Division of Emergency Management, Department of Veterans’ Affairs, Department of Commerce, and the Department of Elderly Affairs are required to participate without need for the Governor’s direction. - Develop and maintain a website that allows individuals to connect with Hope Florida in order to connect with the program.
- Develop and maintain a Hope Florida case management system that can at least conduct intake for Hope Florida inquiries and referrals.

Each agency must use its existing resources and personnel, to the extent possible, to operate Hope Florida.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1146 is a public records companion bill to CS/SB 1144 (statutory codification of the Hope Florida program within the Executive Office of the Governor) to make exempt from public records copying and inspection requirements certain personal identifying information of Hope Florida participants. The exemption applies to records held by the Office, or one of its participating agencies, on, before, or after the effective date of the bill.

This exemption is subject to the Open Government Sunset Review Act and will stand repealed on October 2, 2030, unless saved by the Legislature from repeal.

The bill contains a statement of public necessity as required by the State Constitution. The bill creates a new public records exemption and, therefore, requires a two-thirds vote of the members present and voting for final passage.

This bill is not expected to impact state and local government revenues and expenditures.

This bill takes effect on the same day as its linked bill, CS/SB 1144, which goes into effect upon becoming law.

II. Present Situation:

Access to Public Records - Generally

The State Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the legislature.³ Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.⁴ Lastly, ch. 119, F.S., known as the Public Records Act, provides requirements for public records held by executive agencies.

Executive Agency Records – The Public Records Act

The Public Records Act provides that all state, county, and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.⁵

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business that are used to “perpetuate, communicate, or formalize knowledge of some type.”⁶

⁴ *State v. Wooten*, 260 So. 3d 1060 (Fla. 4th DCA 2018).

⁵ Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

⁶ *Shevin v. Byron, Harless, Schaffer, Reid and Assoc., Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

The Florida Statutes specify conditions under which public access to public records must be provided. The Public Records Act guarantees every person's right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.⁷ A violation of the Public Records Act may result in civil or criminal liability.⁸

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.⁹ The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.¹⁰

General exemptions from the public records requirements are contained in the Public Records Act.¹¹ Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.¹²

When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹³ Records designated as "confidential and exempt" are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁴ Records designated as "exempt" may be released at the discretion of the records custodian under certain circumstances.¹⁵

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act¹⁶ (the Act), prescribe a legislative review process for newly created or substantially amended¹⁷ public records or open meetings exemptions, with specified exceptions.¹⁸ The Act requires the repeal of

⁷ Section 119.07(1)(a), F.S.

⁸ Section 119.10, F.S. Public records laws are found throughout the Florida Statutes, as are the penalties for violating those laws.

News-Journal Corp.*, 724 So. 2d 567 (Fla. 1999) (holding that a public meetings exemption was unconstitutional because the statement of public necessity did not define important terms and did not justify the breadth of the exemption); *Baker County Press, Inc. v. ¹⁶ Section 119.15, F.S.

¹⁷ An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

¹⁸ Section 119.15(2)(a) and (b), F.S., provides that exemptions required by federal law or applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

such exemption on October 2 of the fifth year after its creation or substantial amendment, unless the Legislature reenacts the exemption.¹⁹

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.²⁰ An exemption serves an identifiable purpose if the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption, and it meets one of the following purposes:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, and administration would be significantly impaired without the exemption;²¹
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;²² or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.²³

The Act also requires specified questions to be considered during the review process.²⁴ In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are again required.²⁵ If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.²⁶

Hope Florida Program

CS/SB 1144, which is linked to this bill, statutorily creates the Hope Florida program and codifies the creation of a Hope Florida Office within the Executive Office of the Governor (EOG). The bill requires all state agencies to participate in Hope Florida if directed to do so by

²³ Section 119.15(6)(b)3., F.S.

²⁴ Section 119.15(6)(a), F.S. The specified questions are:

- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?
- Can the information contained in the records or discussed in the meeting be readily obtained by alternative means?
If so, how?
- Is the record or meeting protected by another exemption?
- Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

²⁶ Section 119.15(7), F.S.

the EOG. However, the Department of Children and Families, Agency for Persons with Disabilities, Department of Juvenile Justice, Statewide Guardian ad Litem Office, Department of Education, Agency for Health Care Administration, Division of Emergency Management, Department of Veterans' Affairs, Department of Commerce, and the Department of Elderly Affairs are required to participate. An agency that is designated by the EOG to do so must perform the following duties under Hope Florida:

- Operate the Hope Line, a toll-free hotline for Hope Florida inquiries and referrals during normal business hours Monday through Friday.
- Develop and maintain a website that allows individuals to connect with Hope Florida in order to connect with the program.
- Develop and maintain a Hope Florida case management system that can at least conduct intake for Hope Florida inquiries and referrals.

The bill allows public-private partners, including CareerSource Florida and the Florida Commission on Community Service, to participate in Hope Florida at the direction of the Office.

The Hope Florida program is intended to “streamline access to support, services, and assistance so that residents in need can reach their full potential within their local communities and to holistically coordinate care through Hope Navigators.” The program further strives to establish a seamless network of support systems managed through a centralized system that is composed of private businesses, nonprofit entities, state agencies, and faith-based organizations.

III. Effect of Proposed Changes:

Section 1 designates Hope Florida participants' personal identifying information as exempt from public records disclosure requirements. The exemption applies to records held by the Office, or one of its participating agencies, on, before, or after the effective date of the bill.

Consistent with s. 119.15, F.S., the new exemptions will expire on October 2, 2030, unless reviewed and saved from repeal by the Legislature.

Section 2 provides the constitutionally required public necessity statement, which states the Hope Florida program collects personal identifying information of its participants in order to fulfill its mission. These individuals are often in vulnerable situations and subject to abuse and exploitation. Allowing public access to participant data could impair the effective and efficient administration of the program and otherwise discourage individuals and families from seeking support through Hope Florida's resources.

Section 3 provides that the bill takes effect upon SB 1144 or similar legislation becoming law, which, if passed, will take effect upon becoming law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities

have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, section 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records disclosure requirements. This bill enacts a new exemption for the personal identifying information for participants in the Hope Florida program and, thus, the bill requires a two-thirds vote to be enacted.

Public Necessity Statement

Article I, section 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records disclosure requirements to state with specificity the public necessity justifying the exemption. Section 2 of the bill contains a statement of public necessity for the exemption which provides that the allowing access to the personal identification information of the program's participants could impair the effective and efficient administration of the Hope Florida program and otherwise discourage individuals and families from seeking support through Hope Florida's resources.

Breadth of Exemption

Article I, section 24(c) of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law. The purpose of the proposed law is to protect participants in the Hope Florida program and further the mission of the program.

This bill exempts the personal identifying information for participants in the Hope Florida program from the public records disclosure requirements. What personal identifying information means, however, is unclear.²⁷ Thus, the exemption may be broader than necessary to accomplish the purpose of the law.

The Legislature therefore may wish to clarify what personal identifying information is to ensure that the constitutional breadth of exemption requirement is met.

Additionally, this bill may grant greater protections to individuals who sign up for government services through, or with the assistance of, the Hope Florida program than for those who independently reach out to an agency. This application of exempt status to the same information that, when held in another fashion is not exempt, may make the breadth of this exemption suspect.

²⁷ See *infra* "VI. Technical Deficiencies."

C. Trust Funds Restrictions:

None identified.

D. State Tax or Fee Increases:

None identified.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None identified.

B. Private Sector Impact:

The private sector will be subject to the cost associated with an agency's review and redactions of exempt records in response to a public records request.

C. Government Sector Impact:

This bill may cause a minimal increase in workload on agencies holding records that contain personal identifying information of participants in the Hope Florida program because staff responsible for complying with public record requests may require training related to the new public record exemption. Additionally, agencies may incur costs associated with redacting the exempt information prior to releasing a record. However, the workload will likely be absorbed within current resources.

VI. Technical Deficiencies:

The bill does not define the term "personal identifying information." As the term is not universally used throughout the Florida Statutes, it is unclear what specific information is exempted from public records disclosure and inspection requirements. The lack of clarity as to what personal identifying information means could also raise a constitutional question regarding the breadth of the exemption.²⁸ The Legislature may wish to clarify what specific information is encompassed by the term personal identifying information for this purpose.

Additionally, the bill does not define the term "public-private partners." The bill allows the Office to release confidential and exempt information to a "public-private partner," but what entities qualify as one is unclear.

²⁸ See *supra* "IV. Constitutional Issue."

VII. Related Issues:

None identified.

VIII. Statutes Affected:

This bill amends s. 23.44, which is created by linked SB 1144.

IX. Additional Information:**A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Governmental Oversight and Accountability on April 1, 2025:

- Makes a Hope Florida program participant's personal identifying information exempt, rather than confidential and exempt, from public records disclosures requirements. This allows an agency records custodian who holds such exempt information to release it at his or her discretion.
- Applies the public records exemption to records held by the Office or a participating agency before, on, or after the effective date of the bill.

The Committee on Governmental Oversight and Accountability
(Burgess) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause
and insert:

Section 1. Subsection (5) is added to section 23.44,
Florida Statutes, as created by SB 1144 or similar legislation,
2025 Regular Session, to read:

23.44 Hope Florida Office; eligibility to participate;
duties.—

(5) (a) A participant's personal identifying information

636522

11 contained in records held by the office or any other agency
12 designated to participate in the administration of the program
13 before, on, or after the effective date of this exemption is
14 exempt from s. 119.07(1) and s. 24(a), Art. I of the State
15 Constitution.

16 (b) This subsection is subject to the Open Government
17 Sunset Review Act in accordance with s. 119.15 and shall stand
18 repealed on October 2, 2030, unless reviewed and saved from
19 repeal by the Legislature.

20 Section 2. The Legislature finds that it is a public
21 necessity to make the personal identifying information of Hope
22 Florida participants contained in records held by the Office of
23 Hope Florida or any other agency that participates in the Hope
24 Florida program exempt from public records requirements. The
25 Hope Florida program collects personal identifying information
26 regarding program participants in order to fulfill its mission
27 to assist and serve Florida residents who are in vulnerable
28 situations and subject to abuse or exploitation. The Hope
29 Florida program collects information regarding its participants'
30 employment status, housing status, domestic situation, and
31 access to medical care and other basic needs. As such,
32 information provided would be personal, sensitive information
33 related to a person's physical or mental health or income
34 status. Matters of personal health and financial status are
35 traditionally private concerns, and for this reason, a person's
36 expectation of a right to privacy regarding these matters
37 necessitates the exemption. Furthermore, the exemption ensures
38 the protection of the participant's identity, who may be subject
39 to abuse or exploitation as a result of his or her vulnerable

636522

40 situation. If the participant's personal identifying information
41 were not protected, the program's mission would be significantly
42 impaired because applicants would be less inclined to
43 participate if their personal information would be made
44 available to the public. The Legislature finds that the harm
45 that may result from the release of such information outweighs
46 the public benefit that may be derived from the disclosure of
47 the information.

48 Section 3. This act shall take effect on the same date that
49 SB 1144 or similar legislation takes effect, if such legislation
50 is adopted in the same legislative session or an extension
51 thereof and becomes a law.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1160 expands the circumstances in which a law enforcement, correction, or correctional probation officer and his or her spouse and dependent children may become eligible for the payment of employer health insurance premium payments to include coverage where the officer suffers a catastrophic injury during any in the line of duty work and during official training. Under current law, an officer and the family is eligible for coverage only if the officer suffers a catastrophic injury as the result of the officer's response to a fresh pursuit, what he or she reasonably believes is an emergency, or an unlawful act.

The state and local governments will likely have to spend money to meet the new benefits established in this bill. The magnitude of this impact has not been determined at this time.

The act takes effect on July 1, 2025

II. Present Situation:

State Personnel Management System

The state personnel management system provides means to recruit, select, train, develop, and maintain an effective and responsible workforce. The statutes include policies and procedures for employee hiring and advancement, training and career development, position classification,

salary administration, benefits, discipline, discharge, employee performance evaluations, affirmative action, and other related activities.¹

The Department of Management Services is charged with establishing and maintaining a classification and compensation program addressing Career Service, Selected Exempt Service, and Senior Management Service positions.² The classification of a position determines the types of benefits assigned and its compensation and collective bargaining. A position must be classified as Career Service unless specifically exempted by statute.³

Law Enforcement

A “law enforcement agency” means an agency that has a primary mission of preventing and detecting crime and enforcing the penal, criminal, traffic, and motor vehicle laws of the state and in furtherance of that primary mission employs law enforcement officers.⁴ A “law enforcement or correctional officer” means a law enforcement officer, special agent, correctional officer, correctional probation officer, or institutional security specialist certified under ch. 943, F.S.⁵

The table below shows the number of certified law enforcement and correctional officers employed by each state agency.^{6,7}

Injury and Death Benefits for Officers

State law provides a variety of death benefits for public employees. The current statutory benefits may be associated with supplemental benefits provided under chapter 112, F.S., death benefits provided under state and local government retirement systems, emergency responder death benefits administered by the Department of Legal Affairs, and workers compensation.

Under both the State Constitution and state law, law enforcement officers and their spouses and dependent children receive additional benefits when the officer is injured or dies in the line of duty.

Constitutional Requirements

Article X, section 31 of the State Constitution requires a death benefit to be paid by the employing agency and the state to waive certain education expenses when a law enforcement officer, correctional officer, correctional probation officer, firefighter, paramedic, emergency medical technician or a member of the Florida National Guard, while engaged in the performance of official duties, is killed accidentally, unlawfully and intentionally, or during active duty. The surviving child or children and spouse are eligible to benefit from the waiver of educational expenses while obtaining a career certificate, an undergraduate education, or a postgraduate education.

To be eligible for the benefits under the State Constitution, the law enforcement officer, correctional officer, correctional probation officer, firefighter, paramedic, and emergency medical technician must be employed by the state or any of its subdivisions at the time of death.

In addition, the State Constitution requires a death benefit to be paid from the General Revenue Fund and the state to waive certain education expenses when a member of the United States Armed Forces, including a Florida National Guard member on federal active duty, is killed accidentally, unlawfully and intentionally, or during active duty. The surviving child or children and spouse are eligible to benefit from the waiver of educational expenses while obtaining a career certificate, an undergraduate education, or a postgraduate education.

For a member of the military to be eligible, the member must have been a resident of the state or his or her duty post must have been within the state, at the time of death.

Section 112.19, F.S., Statutory Benefits

Section 112.19, F.S., provides additional benefits, including a monetary payment, waiver of educational costs, and health insurance premiums, to the families of officers killed or injured in certain circumstances; as well as benefits for the surviving officer, if applicable. For these purposes, the term “officer” includes members of bomb disposal units; certain circuit and county court bailiffs; and individuals whose duties require him or her to investigate, pursue, apprehend, arrest, transport, or maintain custody of persons who are charged with, suspected of committing, or convicted of a crime; and are employed or appointed as a full-time, part-time, or auxiliary by the state or political subdivision thereof as a:

- Law enforcement officer;
- Correctional officer;
- Correctional probation officer;
- State attorney investigator;
- Public defender investigator; or
- Criminal conflict and civil regional counsel investigator.⁸

Any employer who employs a full-time officer who suffers a catastrophic injury in the line of duty must cover the employee and his or her spouse and dependent child’s premium for the health insurance plan⁹ if the injury occurred while the officer was responding to a fresh pursuit, what the officer reasonably believed to be an emergency, or perceived unlawful act.¹⁰

For purposes of this benefit, the employer is required to provide the basic group health insurance plan. Additionally, the employer must cover the dependent child’s health insurance premium until the individual becomes a student or reaches the age of 25.¹¹ A catastrophic injury is a permanent impairment constituted by:

- Spinal cord injury involving severe paralysis of an arm, a leg, or the trunk;
- Amputation of an arm, a hand, a foot, or a leg involving the effective loss of use of that appendage;
- Severe brain or closed-head injury as evidenced by:
 - Severe sensory or motor disturbances;
 - Severe communication disturbances;
 - Severe complex integrated disturbances of cerebral function;
 - Severe episodic neurological disorders; or
 - Other severe brain and closed-head injury conditions at least as severe in nature as any condition provided above;
- Second-degree or third-degree burns of 25 percent or more of the total body surface or third-degree burns of 5 percent or more to the face and hands;
- Total or industrial blindness; or
- Any other injury that would otherwise qualify under this chapter of a nature and severity that would qualify an employee to receive disability income benefits or supplemental security income benefits.¹²

¹² *See* s. 440.02, F.S. (2002 version)(cited by s. 112.19(2)(h)).

These payments to the spouse and dependent child continue if the officer subsequently dies.

III. Effect of Proposed Changes:

Section 1 amends 112.19, F.S., to expand the manner in which a law enforcement, correction, or correctional probation officer, and his or her spouse and dependent children can become eligible for the payment of employer health insurance premium payments, to include coverage where the officer suffers a catastrophic injury during any in-the-line of duty work, and during official training.

The bill contains no indication that it is intended to be retroactive in effect. Thus, the bill will have prospective application and should apply only to those injured on or after July 1, 2025.

Section 2 provides that the Legislature determines and declares that the Act fulfills an important state interest.

Section 3 provides the act takes effect on July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, section 18(a) of the State Constitution provides, in relevant part, that a county or municipality may not be bound by a general law requiring a county or municipality to spend funds or take an action that requires the expenditure of funds unless certain specified exemptions or exceptions are met. Under the bill local governments may be required to pay for additional health insurance premiums. If the bill does qualify as a mandate, in order to be binding upon cities and counties, the bill must contain a finding of important state interest and be approved by a two-thirds vote of the membership of each house.

The bill may be excepted from the mandates provision because the expenditure is required to comply with a law that that applies to “all persons similarly situated” including state, counties, municipalities, and fire control districts. However, the bill applies only to public employers and excludes private employers. This is therefore unlikely to be found to affect all persons similarly situated. If it were, such exception would require a finding of important state interest on behalf of the legislature.

The mandate requirements do not apply to laws that have an insignificant fiscal impact, which for Fiscal Year 2025-2026 is forecast at approximately \$2.4 million.^{13, 14, 15} The estimated costs for the bill are unknown at this time. If the costs imposed by the bill

¹³ FLA. CONST. art. VII, s. 18(d).

¹⁴ An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year times \$0.10. See Florida Senate Committee on Community Affairs, *Interim Report 2012-115: Insignificant Impact*, (Sept. 2011), <http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf> (last visited Mar. 16, 2025).

¹⁵ Based on the Florida Demographic Estimating Conference’s February 4, 2025 population forecast for 2025 of 23,332,606. https://edr.state.fl.us/content/conferences/population/ConferenceResults_Tables.pdf (last visited Mar. 16, 2025).

exceed \$2.4 million, the mandates provisions may apply. If the bill does qualify as a mandate, in order to be binding upon cities and counties, the bill must contain a finding of important state interest; such a finding is included in section 2 of the bill. Additionally, the bill must be approved by a two-thirds vote of the membership of each house.

This bill currently does not contain a finding of important state interest.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

INTRODUCER: Senator Yarborough

SUBJECT: County Constitutional Officer Budget Processes

DATE: March 31, 2025

REVISED: _____

1.	<u>Hackett</u>	<u>Fleming</u>	<u>CA</u>	Favorable
2.	<u>McVaney</u>	<u>McVaney</u>	<u>GO</u>	Pre-meeting
3.	_____	_____	<u>FP</u>	_____

I. Summary:

SB 1260 creates a process for a clerk of the circuit court or supervisor of elections to appeal his or her budget to the Administration Commission in the same manner currently provided for sheriff budgets. The bill also revises the budget submission process for the clerk of circuit court to clarify that the board of county commissioners may require the clerk to correct errors in the budget and that the board may amend the budget as part of the county budgeting process.

The bill is not expected to affect state and local government revenues and expenditures.

The bill takes effect July 1, 2025.

II. Present Situation:

County Constitutional Officers

The Florida Constitution provides that each county in the state must have five county officers: the sheriff, tax collector, property appraiser, supervisor of elections, and the clerk of the circuit court.¹ Each of the officers is elected for a four-year term. A county charter may not abolish the offices, transfer their duties to another officer or office, or establish a method of selecting the officer other than election by the electors of the county. The clerk of the circuit court also serves as the ex officio clerk of the board of county commissioners (board), auditor, recorder and custodian of all county funds, unless those duties have been assigned elsewhere by a special act approved by the electors of the county or as provided in Article V, section 16 of the Florida Constitution.²

¹ FLA.CONST., Art. VIII, s.1(d).

² A person exercising these powers is commonly referred to as a comptroller. See Florida Court Clerks & Comptrollers, *Role of the Clerk and Comptroller*, <https://www.flclerks.com/page/RoleoftheClerk> (last visited Mar. 30, 2025). The only county

Administration Commission

The Administration Commission is a part of the Executive Office of the Governor (EOG) that is composed of the Governor and the Cabinet.³ The Governor serves as chair of the commission and a meeting of the commission may be called by the Governor or Chief Financial Officer. Any action taken by the commission requires the approval of the Governor and at least two other members of the commission. Among other functions, the commission is responsible for resolving sheriff and property appraiser budget appeal disputes.⁴

County Budgets

The finances of each county in the state are subject to a budget system established by general law.⁵ Each county must prepare, approve, adopt, and execute a budget for each fiscal year.⁶ At a minimum, the budget must show for each fund, as required by law and sound financial practices, budgeted revenues and expenditures by organizational unit that are at least as detailed as the categories required for the county's annual financial report to the Department of Financial Services (DFS).

Each county's budget must:

- Be prepared, summarized, and approved by the board.
- Not provide funding to any office, special district, or governmental unit exercising any power or authority allocated exclusively to a sheriff, tax collector, property appraiser, supervisor of elections, or clerk of the court by the Florida Constitution or general law.
- Be balanced so that the total of the estimated receipts available from taxation and other sources, including balances brought forward from prior fiscal years, equals the total of appropriations for expenditures and reserves.⁷
- Contain a reserve for contingencies that does not exceed 10 percent of the total appropriations and for cash balances to be carried over for the purpose of paying expenses from October 1 of the next fiscal year until the revenues for that year are expected to be available.⁸
- Make an appropriation for outstanding indebtedness in order to provide for the payment of vouchers that have been incurred in and charged against the budget for the current year or a prior year, but that are expected to be unpaid at the beginning of the next fiscal year.
- Provide that any surplus arising from an excess of the estimated cash balance over the estimated amount of unpaid obligations to be carried over in a fund at the end of the current

fiscal year may be transferred to any of the other funds of the county, and the amount transferred must be budgeted as a receipt to such other funds.⁹

Preparation of County Budgets

The process of preparing a county budget begins with a certification of the county property appraiser's estimate of the total taxable value of all property in the county.¹⁰ This certified amount is provided to the county budget officer and is used as the basis for estimating the millage rate and is included in each tentative and final budget.

The county budget officer is responsible for preparing a tentative budget for the fiscal year, including all estimated receipts, taxes to be levied, and balances carried forward from the previous year as well as all estimated expenditures, reserves, and balances carried over at the conclusion of the previous year.¹¹ The tentative budget includes the budgets for the sheriff, clerk of the circuit court, supervisor of elections, and certain tax collectors.¹²

The county budget officer submits the tentative budget to the board, who are responsible for examining the tentative budget and making changes as necessary to ensure the budget is balanced.¹³ The board may not adjust the county budget officer's estimates of receipts, other than taxes, or of balances brought forward, without the passage of a separate resolution.

Once revisions to the tentative budget have been completed, the board prepares a statement summarizing all the adopted tentative budgets.¹⁴ The summary statement must show the proposed tax millage, balances, reserves, and total of each major classification of receipts and expenditures for each budget category and for the budget as a whole. The summary statement must be advertised one time in a newspaper of general circulation in the county. The board must conduct a public hearing to adopt the tentative and final budgets.¹⁵

Budgets of County Constitutional Officers

Each sheriff, clerk of the circuit court, and supervisor of elections, as well as certain tax collectors, must submit their tentative budget for the following fiscal year to the board by June 1 of each year, unless the board has adopted a resolution requiring proposed budgets to be submitted by May 1.¹⁶ The proposed budget submitted to the board for the sheriff, supervisor of elections, and clerk of the circuit court must be itemized in accordance with the following uniform accounting system prescribed by DFS:

- Personnel services.
- Operating expenses.

- Other uses.¹⁷

In addition, the clerk of the circuit court is responsible for submitting a budget for the performance of court-related functions as provided by general law.¹⁸

The submitted budgets of the sheriff, supervisor of elections, and clerk of the circuit court must contain all relevant and pertinent information, including expenditures at the subject code level in accordance with DFS's uniform accounting system.¹⁹

Current law authorizes the board to require the sheriff or supervisor of elections to correct any mathematical, mechanical, factual, or clerical errors and errors of form in his or her proposed budget.²⁰ When the board conducts its budget hearing, it may amend, modify, increase, or reduce any item of expenditure in the sheriff's or supervisor of election's proposed budget. The board may approve the budget as modified but must provide written notice to the sheriff or supervisor of elections of any changes.

Sheriff Budget Appeals Process

Upon receiving the written notice that his or her budget has been changed by the board, a sheriff may appeal the modified budget by petition to the Administration Commission.²¹ The petition must contain the original proposed budget, the modified budget, and the reasons for the appeal. A copy of the petition must be filed with the EOG and served upon the chair of the board or to the clerk of the circuit court.

Upon receipt of a copy of the petition, the board has five days to submit a reply.²² After receiving the petition, the EOG must provide for a budget hearing to consider the matters presented in the petition.²³ The EOG must then compile a report of findings and recommendations to submit to the Administration Commission, which within 30 days, may approve the budget as proposed by either party or amend the budget within the limits of the proposed total expenditures. The budget as approved, amended, or modified by the Administration Commission is final. If necessary, the budget of the county funds must be brought into balance with the use of excess funds, if available. If not available, the county budget may be balanced by adding an item "vouchers unpaid" and providing for paying such vouchers during the next fiscal year.²⁴

III. Effect of Proposed Changes:

The bill amends ss. 129.201 and 218.35, F.S., respectively, to create a process for the clerk of the circuit court and the supervisor of elections, respectively, to appeal changes made to their respective budgets. The bill allows a clerk of the circuit court or supervisor of elections, upon receiving notice from the board of county commissioners that the board has made a change in the proposed budget for the office, to file an appeal with the Administration Commission. The appeal process created in the bill is the same as the sheriff budget appeals process codified in s. 30.49, F.S.

The appeal petition must set forth the proposed budget of the clerk of the circuit court or supervisor of elections, the budget as approved by the board, and the reason for the appeal. The petition must be filed with EOG, with a copy served on the board. Upon receipt of the petition, the board has five days to file a reply with EOG, with a copy served to the relevant officer.

Upon receiving the petition, the bill requires EOG to schedule a budget hearing. After the hearing, the EOG must prepare a report of findings and recommendations to submit to the Administration Commission. Within 30 days of receiving the report, the Administration Commission must approve the budget as submitted by either party or modify the budget within the limits of the proposed expenditures. The budget as approved by the Administration Commission is final.

The bill additionally revises the budget submission process for the clerk of the circuit court to clarify that the board may require the clerk of the circuit court to correct any mathematical, mechanical, factual, or clerical errors or errors of form in his or her proposed budget. The bill provides that the board may make a change in the portion of the clerk of the circuit court's proposed budget dealing with non-court-related functions and must provide written notice of such changes.

The bill takes effect on July 1, 2025.

IV. Constitutional Issues:

E. Other Constitutional Issues:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1524 amends chapters 257, 265, and 267, F.S., which govern the Department of State’s (DOS) Division of Library and Information Services, Division of Arts and Culture, and Division of Historical Resources. The bill additionally eliminates the \$10 fee required for commissions issued by the Governor for elected officials and notaries.

The bill grants the Secretary of the DOS the ability to comment on recommended recipients for grants administered by the above three divisions. The bill also requires that the grants awarded are expended in compliance with local, state, and federal laws and regulations and are not used for programs that are harmful to minors. “Harmful to minors” is defined as any reproduction, imitation, characterization, description, exhibition, presentation, or representation, in any manner or form, depicting sexual conduct or sexual excitement as those terms are defined in s. 847.001, F.S.

The bill eliminates the following councils or grants:

- The individual artist fellowship grant program.
- The General Program Support and Specific Cultural Program.
- The state touring grant program.
- The cultural endowment program.
- The Grove Advisory Council.
- The Florida International Archive and Repository for the preservation of those public records, as defined in s. 119.011, F.S, manuscripts, international judgments involving

disputes between domestic and foreign businesses, and all other public matters that the department or the Florida Council of International Development deems relevant to international issues.

- The Florida Museum of Black History Task Force, which issued its recommendations on June 28, 2024, and therefore fulfilled its statutory duty.

The bill reconfigures the membership of the Florida Council on Arts and Culture and its statutory duties.

The bill generally eliminates mandatory rulemaking regarding the award of grant funding for specified grants administered by the Division of Arts and Culture.

The bill takes effect upon becoming law.

II. Present Situation:

Section 20.10, F.S., creates the Department of State (DOS) within the executive branch, headed by the Secretary of State (Secretary) who serves at the pleasure of the Governor. There are six divisions within the DOS:

- Division of Elections.
- Division of Historical Resources.
- Division of Corporations.
- Division of Library and Information Services.
- Division of Arts and Culture.
- Division of Administration.¹

The Division of Historical Resources, Division of Arts and Culture, and Division of Library and Information Services administer grants pursuant to ch. 265, F.S., and promote programs having substantial cultural, artistic, and indirect economic significance that emphasize American creativity.²

The remainder of the present situation relative to each section of the bill is discussed in the Effect of Proposed Changes section of this bill analysis. Generally, there will be a heading or subheading, a discussion of the present situation, then a discussion of the effect of the proposed changes.

III. Effect of Proposed Change

Commissions for Elected Officers and Notaries

A "commission" is a written authority from a competent source, given to an officer as a warrant for the exercise of the powers and duties of the office to which the officer was commissioned. Public officers, particularly those who receive their office by appointment, are required to be commissioned by the proper authority, which is usually the Florida Governor.

¹ Section 20.10(2), F.S.

² Section 15.18, F.S.

Sections 1-3 repeal ss. 113.01, 113.02, and 113.03, F.S., respectively, to eliminate the \$10 fee charged on each commission of an elected officer and notary by the governor.

Section 4 amends s. 113.051, F.S., to prohibit a commission from being issued by the governor, attested to by the Secretary or bearing the state seal until the oath of office is filed.

Sections 5 and 6 amend ss. 117.01 and 117.225, F.S., respectively, to eliminate references to the \$10 fee repealed by section 1 of the bill.

Section 7 amends s. 117.295, F.S., to update cross-reference.

Public Libraries and State Archives

The Division of Library and Information Services (Division), among its many functions, assists public libraries throughout the state, coordinates with the Division of Blind Services of the Department of Education to provide library services to the blind and physically handicapped persons of Florida, maintains a library for state employees, helps state agencies with relevant research, controls the State Library, and receives materials and funds and coordinates its distribution for the benefit of Floridians.³

With regard to its functions and duties pertaining to funding, the Division:

- May give aid and assistance—financial, advisory, or otherwise—to all school, state institutional, academic, free, and public libraries and to all Florida communities that propose to establish libraries, as to the best means of establishing and administering libraries, selecting and cataloging books, and other facets of library management;⁴
- Must establish operating standards under which libraries will be eligible to receive state moneys;⁵ and
- May accept, receive, administer, and expend any moneys, materials, or any other aid granted, appropriated, or made available by the United States or any of its agencies for the purpose of giving aid to libraries and providing educational library services in Florida.⁶

State Librarian and Library Council

The Secretary appoints the State Librarian, who serves as the director of the Division. The State Librarian manages the Division's programs.⁷ The nine members of the State Library Council, all appointed by the Secretary, advise and assist the Division on its programs and activities.⁸

Sections 8 and 10, respectively, amend ss. 257.031 and 257.031, F.S., relating to the education qualifications for the State Librarian and administrative heads of libraries that receive an

operating grant,⁹ require graduation from programs accredited by “a national library professional association,” rather than a program accredited by the American Library Association.

Sections 8 and 10 amend the education qualifications for the State Librarian and administrative heads of libraries receiving an operating grant so that they only need to complete a program accredited by “a national library professional association,” as opposed to the American Library Association. No accreditation program other than the American Library Association appears to exist.

Section 9 amends s. 257.12, F.S., to require the State Library Council to develop recommendations for providing available federal funds to public libraries. The Secretary may then “review and identify the funding recommendation list to identify whether federal grant funds” are expended in compliance with laws and not used to support programs that are harmful to minors.

The State and International Archives

The Florida State Archives (Archives), established pursuant to s. 257.35, F.S., is responsible for the preservation of those public records,¹⁰ manuscripts, and other archival material that have been determined by the Division (1) to have sufficient historical or other value to warrant their continued preservation; and (2) have been accepted by the Division for deposit. The Archive conducts, promotes, and encourages research in Florida history, government, and culture.¹¹ The Florida International Archive and Repository (Repository), by comparison, preserves materials, including public records, relevant to *international* issues. To the extent practical, the Repository assists state and local public entities and individuals engaged in international related activities—including research and business.¹²

Section 13 repeals s. 257.34, F.S., which created the Repository, thereby eliminating the Repository.

It is unclear what will happen to the documents and information stored by the Florida International Archive and Repository eliminated in section 13, if and how the files will be transported to a new storage institution before the International Repository closes, and whether the Florida State Archives or other agency will absorb the responsibilities and expectations of the International Repository.

Division of Library and Information Services Grants

Section 257.14, F.S., explicitly grants the Division authority to adopt administrative rules. The Division administers numerous grants with guidelines containing formation on eligibility

⁹ Discussed further *infra*.

¹⁰ Defined in s. 119.011(12), F.S., as “all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.”

requirements, application review procedures, evaluation and funding criteria, grant administration procedures if applicable, and application forms, in rules.

State Aid to Libraries Grant Programs

The State Aid to Libraries grant program encompasses three statutorily designated grants—operating, equalization, and multicounty library grants. An Operating Grant is an annual grant provided to single library administrative units in an amount equal to no more than 25% of all local funds expended by the relevant political subdivision for the operation and maintenance of the library during the second preceding fiscal year.¹³ An Equalization Grant is available to counties that qualify for an operating grant and have limited tax resources.¹⁴ The equalization formula, set forth in statute, was structured to provide an effective supplement to local funds for libraries serving counties with limited local tax resources, especially to those that choose to support their library at exceptionally high levels when compared to local resources and the investment of other counties.¹⁵ A Multicounty Library Grant is available to the administrative unit of a multicounty library that serves a population of 50,000 or more and serves two or more counties, at least one of which qualifies for an equalization grant.¹⁶

Grants are prorated among eligible libraries if the appropriation by the Legislature does not fully fund the State Aid to Libraries Grant Program.¹⁷

Library Cooperative Grants

Library cooperatives are any combination of academic, school, special, state institutional, and public libraries that form a nonprofit “for the purpose of sharing library resources.” The Library Cooperative Grant supports libraries participating in library cooperatives.¹⁸ In order to receive a Library Cooperative Grant, cooperatives must obtain 10% matching cash funds, be a nonprofit organization consisting of more than one type of library, headed and administered by a full-time librarian, and in good standing with the DOS.¹⁹

Public Library Construction Grants

Public Library Construction Grants give a maximum of \$500,00 matching funds to a county, municipality, special district, or special tax district for the remodeling or construction of a free, publicly-available library.²⁰ Applications are scored on a scale of a maximum of 100 points, with different points allocated based on the type of building, project narrative and library function in the community, building uses and needs, and community need.²¹

Effects of Proposed Changes

Sections 11, 12, and 14 amend ss. 257.191, 257.23, and 257.42, F.S., respectively, relating to the library construction grants, the applicants of such grants, and the library cooperative grants, respectively, to allow the Secretary to identify whether the grants awarded or expended pursuant to those programs comply with law or are harmful to minors.

Memorials, Museums, and Arts and Culture

The Division of Arts and Culture (Division) is Florida’s designated state arts agency and oversees programs relating to memorials, museums, and arts and culture. To encourage access to cultural opportunities, the Division provides funding, programs, and resources, including grants for programs and projects in arts in education, local arts agencies, state service organizations, museums, theater, dance, folk arts, literature, media arts, multidisciplinary, music, sponsor or presenter, and visual arts.²²

The Secretary currently serves as the “chief cultural officer of the state;” **section 16**, however, amends s. 265.284, F.S., to change the title to the “chief arts and culture officer.”

Florida Council on Arts and Culture

The Florida Council on Arts and Culture (FCOAC) is a 15-member panel consisting of:

- Seven members appointed by the Governor for 4-year terms;
- Four members appointed by the President of the Senate for 2-year terms; and
- Four members appointed by the Speaker of the House of Representatives for 2-year terms.

Appointments must “recognize the need for geographical representation,” and should be individuals with:

a substantial history of community service in the performing or visual arts, which includes, but is not limited to, theater, dance, folk arts, music, architecture, photography, literature, and media arts, or in the areas of science, history, or children’s museums. In addition, it is desirable that members have successfully served on boards of cultural institutions such as museums and performing arts centers or are recognized as patrons of the arts.^[23]

Section 17 amends s. 265.285, F.S., to provide that members of the FCOAC cannot receive any financial compensation as an employee or officer of an entity that receives grant funding (unless the entity is a state college or university).

The section also adds a general requirement that the appointed FCOAC representatives demonstrate an interest in and knowledge of the arts, culture, museums, folklore, and cultural

heritage conditions. Additionally, five of the Governor's appointments must now qualify as follows:

- A licensed architect with expertise in cultural facilities;
- A member of the Seminole Tribe of Florida;
- A professional public folklorist;
- A university-affiliated public folklorist; and
- A practicing or former professional artist.²⁴

Sections 17 and 19 amend ss. 265.285 and 265.2865, F.S., respectively, to modify the duties of the FCOAC.

Section 17 changes the FCOAC's duty to "encourage arts and cultural development within communities" rather than "assist in the freedom of artistic expression that is essential for the well-being of the arts."

Section 17 also eliminates the FCOAC's involvement in the nomination for the Poet Laureate, an honorary position within the DOS; and duty to promote poetry throughout the state.²⁵ This is replaced with a duty to promote and assist Division programs, "such as the Major John Leroy Haynes Florida Veterans' History Program, the Arts and Culture recognition award program, and the apprenticeship program." The Major John Leory Haynes Florida Veteran's History Program is a Florida Folklife Program within the Division created to "collect and preserve the stories and experiences of Florida's veterans and the State of Florida's military contributions throughout the nation's history."²⁶ The Division's folklorists seek out and identify those veterans willing to share their stories via interview or written submission.²⁷ The "Arts and Culture recognition award program and the apprenticeship program," also added to the bill, do not currently exist in statute and are not created in the bill.

Currently, the FCOAC accepts nominations for persons to be recommended to the Secretary to be named as a members of the Florida Artists Hall of Fame. The Florida Artist Hall of Fame recognizes and honors "those persons, living or dead, who have made significant contributions to the arts in this state, either as performing artists, or practicing artists in individual disciplines."²⁸ Currently, the Secretary names up to four members to the Florida Artists Hall of Fame annually from a list of nominations considered and recommended by the FCOAC.²⁹ Section 19 amends s. 265.2865, F.S., to decrease the number of annual nominations from four to three, and to make their nominations permissive rather than required. Consequently, the Secretary "may" (as opposed to shall) annually request an appropriation to carry out the section. This permits the DOS to effectively discontinue the activity if DOS does not accept any further applications.

²⁴ The Governor can meet these specific appointment responsibilities within the existing number of appointments he or she has and still have remaining seats to appoint.

²⁸ Section 265.2865(1), F.S.

²⁹ Section 265.2865(3) and (4), F.S.

Florida Folklife Council

The Florida Folklife Council advises and assists the Division and the State Folklorist to encourage statewide public interest in folk arts and folklore; promote Florida folk artists, performers, festivals, folklife projects, and folk resources; recommend projects; and develop proposals for grant applications to support the Florida folklife program.³⁰ Currently, the Secretary appoints the seven members of the Florida Folklife Council.

Section 22 amends s. 265.803, F.S., to make the Florida Folklife Council a sub-council within the FCOAC. As a consequence, the seven members of the council will come from the membership of the FCOAC. Appointed members currently provide a “geographical, ethnic, and professional representation.” This section changes “ethnic” to “cultural and traditional.”

Citizen Support Organizations

Section 265.703, F.S., permits the Division to establish citizen support organizations to provide assistance, funding, and promotional support for the cultural, arts, historical, and museum programs. Citizen support organizations, in this instance, are nonprofit corporations organized under the provisions of ch. 617, F.S., approved by the Division in writing, operated for the direct or indirect benefit of the Division, and organized to perform specific tasks in the best interests of the state.

Section 21 amends s. 265.703, F.S., to permit citizen support organizations to support international and intergovernmental programs as well as the currently permitted support for cultural, historical, and museum programs.

Grants, generally

The Florida Arts and Culture Act (Act) is set forth in ss. 265.281-265.709, F.S., to provide state support for, and to gain national and international recognition of, the efforts, works, and performances of Florida artists, art agencies, museums, and nonprofit organizations.³¹ The Division must administer and oversee all programs authorized by the Act and may adopt rules to do so.³² This includes:

- Arts and culture grants to support science museums, youth and children’s museums, historical museums, local arts agencies, Florida artists, state service organizations, and organizations that have cultural program activities;³³
- An endowment to provide matching funds to local sponsoring organizations that engage in programs directly related to cultural activities;³⁴ and
- Grants to counties, municipalities, and qualifying nonprofit corporations for the acquisition, renovation, or construction of cultural facilities.³⁵

³¹ Section 265.282, F.S.

³² Section 265.284(3)(j), F.S.

³³ Section 265.286, F.S.

³⁴ Sections 265.601-265.606, F.S.

³⁵ Section 265.701(1), F.S.

Generally, eligibility for grants administered by the Division requires the applicant:³⁶

- Be in good standing with the Division and the DOS at the time of the application;
- Be a public entity or a Florida non-profit, tax exempt corporation that is registered and in active status with Florida’s Division of Corporations;
- Have at least one year of experience in arts and cultural programming; and
- Be registered as a vendor with the Department of Financial Services to whom they provide their most recent Federal 990 form.

Section 265.284, F.S., explicitly requires the DOS to adopt rules. Each program must be governed by guidelines, adopted as rules, which contain information on eligibility requirements, application review procedures, evaluation and funding criteria, applicable grant administration procedures, and application forms.

Sections 18 and 19, for grants administered by the Division of Arts and Culture, eliminates review panels that evaluate grant applications or the grants themselves and empowers the Secretary to review and make comments on the recommended list of grants determined by review panels and the FCOAC.

Members of review panels are appointed by the Secretary and seven of the members of the FCOAC are appointed by the Governor.

Similar review panels and bodies, however, continue to exist for the grants administered by the DOS’s other divisions—the Division of Library and Information Services and Division of Historical Resources.

Arts and Culture Grants

Section 265.286, F.S., is the art and cultural grants statute and directs the Division of Arts and Culture to adopt rules establishing eligibility requirements, procedures, and panel review processes, including criteria for reviewing grant applications.³⁷ The arts and cultural grants statute, in part, speaks to four grant programs: the General Program Support, the Specific Cultural Program, the state touring program, and individual artist fellowship program grants.

General Program Support and Specific Culture Program Grants

Section 265.286, F.S., creates:³⁸

- The General Program Support Grant program, which provides funding to directly support arts and cultural programming, including museums and local arts organizations, in statutorily authorized disciplines that “include, but are not limited to, music, dance, theater, creative writing, literature, architecture, painting, sculpture, folk arts, photography, crafts, media arts, visual arts, programs of museums, and other such allied, major art forms,”³⁹ and

³⁷ Section 265.286(6), F.S.

³⁸ Section 265.286(3) and (5), F.S.; see rule 1T-1.036(2), F.A.C.

³⁹ Sections 265.286(5)(b) and 265.283(1), F.S.

- The Specific Cultural Program Grant, which provides up to \$25,000 to fund a specific cultural project, program, exhibition, or series that furthers the state’s cultural objectives, has four permissible proposal types established in rule:
 - Arts in Education projects that promote arts and culture in education;
 - Discipline-Based cultural or artistic projects that further the state’s cultural objectives through a pre-approved list of disciplines;
 - Underserved Cultural Community Development projects that assist with the development of underserved cultural organizations; or
 - Artist Projects that provide public benefit through the creation or presentation of new artistic work.⁴⁰

The review process for both the General Program Support and Specific Cultural Program grants involves four steps of review, beginning with Division staff who determine eligibility before passing eligible applications to review panels.⁴¹

After the staff’s eligibility determination, review panels provide the first substantive review of applications; the panels are made up of an unspecified number of volunteer professionals appointed by the Secretary of State for one-year terms. Panels “consist of practicing artists or other professionals actively involved in the specific discipline or program for which the panel has been appointed.” Statute directs the Division to adopt rules establishing scoring criteria for the review panels. The panels must provide a forum for public comments before voting on an application. The panel then forwards its recommendations to the FCOAC.

The FCOAC has the power to amend and recalculate the review panels’ recommendations and must provide a forum for public comments before voting on any application. The FCOAC reviews the review panel’s recommendations before merging the recommendations and ranking them in a list provided to the Secretary.⁴² The Secretary reviews and approves (but cannot change) the ranked lists from the FCOAC and includes those lists in the DOS’s legislative budget request submitted to the Legislature.⁴³

State Touring Program Grants

State Touring Program Grants are “used to provide performances, activities, and exhibitions by Florida artists to communities,”⁴⁴ with a “selection procedure that ensures the maximum opportunity for Florida artists and cultural groups.”⁴⁵ The program⁴⁶ creates an Artist Roster of approved artists chosen by the Secretary, as recommended by the FCOAC and a multidisciplinary panel which selects artists based on criteria set forth in the guidelines required by s. 265.286, F.S., and incorporated in Rule 1T-1.037(2). The program further provides

Presenter Fee Support to any not-for-profit organization or unit of city, county, or state government in Florida, including school boards, to host an artist on the Artist Roster.⁴⁷ The State Touring Presenter Guidelines,⁴⁸ incorporated by the relevant administrative rule,⁴⁹ provide for how much financial support an applicant may qualify, but not criteria or scoring on how applicants are ranked.

The reviewing process for the State Touring Roster Guidelines is essentially identical to that for General Program Support and Specific Cultural Program grants; the primary difference being that panel members are explicitly described in rule as a “multidisciplinary panel.”⁵⁰

Individual Artist Fellowship Program

The Division is statutorily charged with administering an individual artist fellowship program with a “selection procedure that identifies individual artists of exceptional talent and demonstrated ability.” The selection procedure, adopted in rule, “identifies individual artists of exceptional talent and demonstrated ability.”⁵¹ Applicants are scored by a review panel based on artistic excellence, tradition and authenticity, and community impact and engagement.⁵² The Division distributes grant funding as provided by rule, which provides that the Individual Artist Fellowship Program “fosters the development of individual artists.”⁵³ Funding is limited to Florida residents practicing in pre-determined disciplines. Fellowships are in the amount of \$2,500 or \$5,000, in order of score, until funds are depleted.⁵⁴ Grant recipients are required to submit a grant report that details expenditures and activities during the grant period.⁵⁵

Effects of Proposed Changes

Consolidation of Art and Culture Grants

Section 18 amends s. 265.286, F.S., relating to art and cultural grants, to consolidate the General Program Support, Specific Cultural Program, individual fellowship, and touring grant programs into one larger program. This consolidation also eliminates each grant’s described purposes, award eligibility, and criteria for award.

Section 15 also deletes a definition of “state touring program grants.” This provides the Division broader discretion in administering grants supplementing financial support for artistic and cultural activities that are appropriate for all age groups. Programs receiving funds cannot be

harmful to minors. The changes additionally require the FCOAC to consider whether applications are for programs that are harmful to minors when advising the secretary about grant awards.

Section 15 and 18 delete the Division's required administration of the underserved arts community assistance program grant, defined as a grant used by qualified organizations under the Rural Economic Development Initiative, pursuant to ss. 288.0656 and 288.06561, for the purpose of economic and organizational development for underserved cultural organizations. It is unclear, however, if this grant is currently being administered.

Section 18 allows the Secretary to re-distribute grant monies returned to applicants on his or her list. Previously, the applicants had to be "approved," but this requirement is eliminated in the bill. The bill additionally provides provisions that prohibit an applicant seeking a recommendation from a reviewer from having have a substantial interest in any of its requested recommendations.

Review Panels for Art and Culture Grants

Review panels currently serve in almost all grant application review processes as the first body that provides a substantive review of the applications. They utilize grading rubrics and scoring requirements set forth by statute or rule. **Sections 15, 17, and 18** delete references to and the definition of "panels" for Arts and Culture Grants. Section 18, specifically, amends s. 265.286, F.S., to delete the use of qualified review panels in the process of determining the award of Art and Culture Grants and instead provides for "reviewers" the Secretary may appoint. While these reviewers appear to serve a similar purpose as the previously required review panels, the bill eliminates:

- Required qualifications and standards for panel members or reviewers, such as the requirement for panelist to come from relevant disciplines;
- Statutory language mandating the Division to create rules providing rubrics and scoring the panel or reviewers must us; and
- One year term limits.

The bill still requires the Division to administer awards to "activities and programs that meet the professional standards or standards of authenticity of significant merit."

2025-2026 General Appropriations Funding List

Effective upon the bill becoming law, **section 18** requires the Secretary to request, and the council to submit, an updated list of activities and programs that comply with the updated grant requirements as provided in the bill. After reviewing and making comments to the grant awardee recommendations, the secretary must submit a recommended list to the Legislature for funding consideration in the General Appropriations Act for fiscal year 2025-2026. The FCOAC and Secretary may provide another list for programs and activities that support America250 and celebrate the 50th anniversary of the signing of the Declaration of Independence. This subsection expires on July 1, 2026.

Rural Communities

As further discussed *infra*, many of the grant programs eliminated (or combined into one grant) by **sections 15 and 18** are ones that specifically target, or provide special consideration and allowances for, rural communities.

Cultural Facilities Grants⁵⁶

The Cultural Facilities Grants program coordinates support and funding of renovation, new construction, or acquisition of “cultural facilities.”⁵⁷ Eligible applicants must use or plan to use the facility to conduct arts and cultural programming and have unrestricted use of the land and buildings associated with the project, appropriate matching funds, and the support of local officials.

Section 20 amends s. 265.701, F.S., to discontinue the use of grant funds to acquire a cultural facility. The entities may still use the funds to renovate or construct a facility. Additionally, the section removes the requirement that unfunded grant applications that are approved and recommended by the Secretary be retained on the projects list for a year. The changes additionally require the Secretary to consider whether the program applying for grant money is appropriate for all ages and complies with federal, state, and local laws. It appears this empowers the Secretary to change the list recommended by the FCOAC.

Effective upon the bill becoming law, the Secretary shall request, and the council shall submit, an updated list of activities and programs that comply with the requirements of this section. After reviewing and making comments, the secretary shall submit a recommended list to the Legislature for funding consideration in the General Appropriations Act for fiscal year 2025-2026. The FCOAC and Secretary may provide another list for programs and activities that support America250 and celebrate the 50th anniversary of the signing of the Declaration of Independence. This subsection expires on July 1, 2026.

Historical Resources

The Division of Historical Resources (Division), led by a director who serves at the pleasure of the Secretary, is charged with encouraging the identification, evaluation, protection, preservation, collection, conservation, and interpretation of information about Florida’s historic sites and properties or objects related to Florida’s history and culture.⁵⁸ This includes cooperating with federal and state agencies, local governments, and private entities to accomplish its duties. The Division, in relevant part:

- Accepts and administers funding received by public and private sources and advances these funds and other grants on a quarterly basis;

⁵⁶ Numerous states have similar grant or funding programs or mechanisms, including but not limited to Massachusetts (MASS. GEN. LAWS ch. 23G, § 42), Ohio (OHIO REV. CODE ANN. §§ 154.23, 123.201, and 3381.07 (West 2025)), Vermont (VT. STAT. ANN. tit. 24, § 5604), Washington (WASH. REV. CODE § 23.63A.750), Nevada (NEV. REV. STAT. § 268.450), New Jersey (N.J. STAT. The Florida Historical Resources Act⁶⁰ was established to preserve archaeological sites and objects of antiquity for the public benefit.⁶¹ The Act recognizes Florida's historic properties as an important legacy to be valued and conserved for present and future generations. Accordingly, it is Florida's policy to lead, assist, administer, and encourage public entities and private citizens to preserve the state's historic environment and resources.⁶²

The Division director is advised by the Florida Historical Commission, which, in addition to several other advising roles, is specifically charged with advising and providing recommendations on awards of special category historic preservation grant-in-aid administered by the Division.⁶³ Seven members of the Commission are appointed by the Governor in consultation with the Secretary of State; two are appointed by the President of the Senate; and two are appointed by the Speaker of the House of Representatives.⁶⁴

Sections 267.031, 267.0617, and 267.21, F.S., allows the Division to adopt rules pursuant to the Administrative Procedures Act. Each program must be governed by guidelines which contain information on eligibility requirements, application review procedures, evaluation and funding criteria, grant administration procedures if applicable, and application forms.

The Grove Advisory Council

The Call/Collins House, commonly known as "The Grove," is a museum located in Tallahassee used to educate the public on the lives and accomplishments of The Grove's first owner and builders of the estate, Richard Keith Call, Florida's last Territorial Governor; as well as LeRoy Collins, Florida's 33rd Governor, who, with his wife, Mary Call Darby Collins (a descendant of Call's), were the last private owners of The Grove. The Grove is now listed on the National Register of Historic Places.⁶⁵

The Grove Advisory Council advises the Division on the operation, maintenance, preservation, and protection of the Grove's house, grounds, cemeteries, and all other structures thereon; the

The members appointed by the Secretary consist of individuals with curatorial and museum expertise, professional architectural historic preservation expertise, and professional landscaping experience. Council members serve without compensation but receive per diem for travel expenses, and the council receives clerical support from the Division.⁶⁷

Section 25 repeals s. 267.075, F.S., to eliminate the Grove Advisory Council.

Florida Museum of Black History Task Force

In 2023, the Legislature created the Florida Museum of Black History Task Force to advise the Division on the planning, construction, operation, and administration of the yet established Florida Museum of Black History. The Florida Museum of Black History is a yet to be established museum that is supposed to be a self-sustaining museum that functions on the revenues of the museum and meeting rooms, banquet facilities, and performing arts theater therein.⁶⁸ After its tenth meeting on June 28, 2024, the Task Force issued its final report, thereby completing the purpose of the Task Force.⁶⁹

Section 25 repeals s. 267.0722, F.S., to eliminate the Florida Museum of Black History Task Force.

The Historic Preservation Grant Program

The Division administers the Historic Preservation Grant Program pursuant to s. 267.0617, F.S., which authorizes grants of moneys appropriated by the Legislature and other contributions for the purpose of historic preservation.⁷⁰ The Division adopts rules setting forth the criteria applied by the Florida Historical Commission and grant review panels in reviewing and recommending grant application.⁷¹ Grant review panels are appointed by the Secretary and chaired by a member or designee of the Florida Historical Commission. Grant money is appropriated from the Historical Resources Operating Trust Fund.⁷²

There are two relevant types of Historic Preservation Programs:

- Small Matching Grants, which provide matching funding to assist local, regional, and state-wide efforts to preserve significant historic and archaeological resources and promote knowledge and appreciation of the history of Florida.⁷³

- Special Category Grants, which provide funding to assist major local, regional, and state-wide efforts to preserve significant historic and archaeological resources, to assist major archaeological excavations or research projects, and assist in the development and fabrication of major museum exhibits that will promote knowledge and appreciation of the history of Florida.⁷⁴

Section 23 amends s. 267.0612, F.S., to consolidate the grant review processes for the special category historic preservation grants-in-aid under the Historic Preservation Grant Program provisions of s. 267.617, F.S. This does not represent a change in law.

Section 24 amends s. 267.0617, F.S., relating to the Historic Preservation Grant Program, to remove reference to the Historical Resources Operating Trust Fund, which is the current fund for all money received and paid by the Historic Preservation Grant Program. This section additionally allows the Secretary to review and provide comments on the recommended list of grants-in-aid recipients. Funds awarded must be expended in compliance with law and regulation and cannot be used for activities or programs that are harmful to minors.

Abandoned African-American Cemeteries Program

The Division administers the Historic Cemeteries Program, directed by the State Historic Preservation Officer, and addresses historic and abandoned cemeteries throughout the state—including coordinating with the University of South Florida's Black Cemetery Network to facilitate the inclusion of abandoned African-American cemeteries in the Black Cemetery Network.⁷⁵ Subject to legislative appropriations, the Historic Cemeteries Program provides grants to research institutions, colleges and universities, non-profits, and local governments to assist efforts to protect, preserve, repair, and restore abandoned African-American cemeteries in the State of Florida.⁷⁶ Members of the Historic Cemeteries Program Advisory Council serve as the application review panel for the Abandoned African-American Cemeteries Grant program. The Historic Cemeteries Program Advisory Council consists of nine members, all appointed by the Secretary.⁷⁷

Sections 27 and 28 amend ss. 267.21 and 267.22, F.S., respectively, which in relevant part address the abandoned African-American cemeteries grant program and corresponding task force.

As to the abandoned African-American cemeteries grant program, section 27 allows the Secretary to review recommended grant recipients and provide comments on whether the grant awardee program is harmful to minors and complies with federal, state, and local laws; and section 28 makes a conforming change.

Section 27 requires the council to review each application and submit a list to the Secretary of recommended awardees. The recommended list, with any comments made by the Secretary, is submitted as a part of the DOS legislative funding request.

Section 28 amends s. 267.22, F.S., relating to the Historic Cemeteries Program Advisory Council, to codify the review requirements currently promulgated by the DOS in their guidelines. Section 28 also reorganizes the Historic Cemeteries Program Advisory Council (Advisory Council) as a sub-council within the Florida Historical Commission, who may become members of the Advisory Council; and provides that the Advisory Council only needs five members (as opposed to the current nine required) who would now be appointed by the Florida Historical Commission (as opposed to the Secretary). Terms are shortened from four to two years. Current members of the Advisory Council may serve out the rest of their turn.

Effective Date

Section 29 provides that the bill takes effect upon becoming law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None identified.

C. Trust Funds Restrictions:

None identified.

D. State Tax or Fee Increases:

None identified.

E. Other Constitutional Issues:

Single Subject

Article III, section 6 of the State Constitution requires every law to “embrace but one subject and matter properly connected therewith.” The purpose of this requirement is to prevent logrolling, which combines multiple unrelated measures in one bill in order to secure passage of a measure that is unlikely to pass on its own merits.⁷⁸ The Florida Supreme Court has held that the single subject clause contains three requirements: first, each law must embrace only one subject; second, the law may include any matter that properly connected with the subject; and third, the subject must be briefly expressed in

⁷⁸ *Santos v. State*, 380 So.2d 1284 (Fla. 1980).

the title.⁷⁹ The subject matter to consider when determining whether a bill embraces a single subject is the bill title's subject, and the test is whether the bill is designed to accomplish separate objectives with no natural or logical connection to each other.⁸⁰

The bill relates to fees paid for commissions issued by the Governor, in addition to the DOS grants administered by, and officers and bodies existing in, the Division of Library and Information Services, Division of Arts and Culture, and Divisions of Historical Resources. While the Secretary is required to attest to these commissions and is appointed by the Governor, this may not be sufficient to establish a natural or logical connection to the rest of the bill to meet the single subject requirement in the State Constitution.

Agency Action and Rulemaking

Constitutional law holds state and agency action to an arbitrary and capricious standard.⁸¹ Arbitrary and capricious means “founded on prejudice or preference rather than on reason or fact.”⁸² Agency action passes the arbitrary and capricious standard “only if it rests on a consideration of the relevant factors,” but is unlawful if it “entirely failed to consider an important aspect of the problem.”⁸³ A rule is arbitrary if it is not supported by logic or the necessary facts; a rule is capricious if it is adopted without thought or reason or is irrational.⁸⁴

Overall, the bill decreases the DOS' required rulemaking and eliminates or reduces current statutory criteria for the DOS' award of state funds. These changes may allow the DOS to award grants in an arbitrary fashion, should the DOS make such awards without a clear standard outlined in rule or statutory guidelines.

Accordingly, while the present bill eliminates required rule making, this may constitutionally be problematic because it may lead to arbitrary and capricious decisions.

Review panels currently serve in almost all grant application review processes as the first body providing substantive review. They utilize grading rubrics and scoring requirements set forth by statute or the DOS in statutorily required rules. The bill not only substitutes these review panels but also eliminates the statutory requirement to adopt rules to establish a scoring system formula for such determinations. This may also result in grant applicants not knowing the criteria considered in the review of their applications, which could raise constitutional due process concerns.

In particular, section 18, amending s. 265.286, F.S., lists criteria that the Division may consider in awarding grants, namely including allowable and nonallowable costs,

program quality, artistic quality, potential public exposure and benefit, professional excellence, fiscal stability, state or regional impact, but the permitted criteria is relatively broad and subject to personal interpretation.⁸⁵ However, these permitted criteria may not provide enough guidance to be implemented without rule, and are ultimately permissible rather than required criteria. This may result in arbitrary and capricious grant awards by the DOS.

Excess Delegation of Authority to Determine or Override Appropriations

The Legislature is the sole branch of government with the inherent power to create laws.⁸⁶ The State Constitution vests the “power of the purse” in the Legislature by granting it exclusive and plenary power to raise and appropriate state funds. The power to appropriate funds, therefore, rests with the Legislature alone.⁸⁷

On lines 224-231, the Secretary is granted authority to “review the funding recommendation list to identify whether federal grant funds awarded under this section (to libraries) are expended in compliance with all federal, state, and local laws and regulations and are used only for activities and programs that are not harmful to minors.”

Lines 272-276, 306-309, 332-335, 482-485, 648-651, 789-792, and 931-934 grant similar authority to the Secretary for the various grants funded by state funds and administered by the DOS. The placement of this language is consistently in provisions regarding the recommended lists prior to submission to the Legislature.

The Legislature may not delegate to the secretary the power to effectively veto or withhold the grants. However, the use of the terms “awarded” and “expended” may suggest that the Secretary can change the grants the Legislature already “approved” for funding. If this language does apply to the list of grantees selected as a part of the Legislature’s decision on appropriations, these provisions empowering the Secretary may be violative of the Legislature’s power to appropriate (subject only to gubernatorial veto).

In addition, if the provisions are applied to deny a legislative appropriation, the grant applicant must be given some level of due process to appeal the Secretary’s decision. This is particularly important when the Legislature has taken action to fund a particular applicant, notwithstanding whether a state or local law applies. No such process is established or discussed in the bill.

Lines 585-598 and 667-680, relating to arts and cultural grants, require the FCOAC to submit an updated list to the legislature for FY 2025-26 that comply with the

⁸⁵ The bill provides that “The division may adopt rules establishing [e]ligibility criteria for the award of grants, which may include, but need not be limited to, application requirements, allowable and nonallowable costs, program quality, artistic quality, creativity, potential public exposure and benefit, the ability to properly administer grant funds, professional excellence, fiscal stability, state or regional impact and economic development, matching requirements, and other requirements to further the purposes of this act.”

⁸⁷ FLA. CONST. art. VII, s. 1(c, d); *Graham v. Haridopolos*, 75 So. 3d 315, 318 (Fla. 1st DCA 2011), approved, 108 So. 3d 597 (Fla. 2013); *Chiles v. Child. A, B, C, D, E, & F*, 589 So. 2d 260, 267 (Fla. 1991) (explicitly providing that the Legislature and not the executive branch is entrusted with appropriating state funds).

requirements of this act. This may be problematic to the extent that the Legislature bases its funding decisions on the originally submitted list and the Secretary attempts to fund the grants based on a newly submitted list that was not contemplated by the Legislature during the appropriations process. Under ch. 216, F.S., the Secretary had the opportunity to submit such a list in the agency legislative budget request. Moreover, the DOS continues to have the authority to amend its legislative budget request. Thus, this language, in practical terms, merely grants the FCOAC the additional opportunity to submit a specific list.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None identified.

B. Private Sector Impact:

It is difficult to identify how the private sector may be impacted. Many administrative rules that will no longer be required provide ways for grant applicants to demonstrate return on investment. It is unclear how, without such rules, the DOS will continue to monitor the return on investment.

C. Government Sector Impact:

The fiscal impact of a majority of the bill on state and local governments is indeterminate at this time. Fees collected by the DOS for commissions under 113.01, F.S., for Fiscal Year 2024-2025 were \$22,765 and were deposited into the General Revenue Fund.⁸⁸

VI. Technical Deficiencies:

At lines 226-227, the bill allows the Secretary to “review *and identify* the funding recommendations on the list *to identify*...”⁸⁹ This appears to be a drafting error. Moreover, it is unclear to whom the identifications are sent to, how they are sent, and the results of such identifications.

At lines 379-384, the language appears to require each appointed member to be a public representative with demonstrated interest in all five areas of arts, culture, museums, folklore, and cultural heritage traditions. The Legislature may want to change the ‘and’ to an ‘or’ so qualifications for FCOAC members are public representatives with demonstrated interests in any of the areas of interest.

Section 17 (lines 431-437) amends the FCOAC’s duties to include promotion of the Arts and Culture Recognition award and apprenticeship programs. These programs do not exist in statute. The Legislature may wish to codify the Arts and Culture Recognition award and apprenticeship

⁸⁸ Email from Katherine Woodby, Legislative Analyst, Dep’t of State, to Mackensee White, Attorney, the Florida Senate (Apr. 2, 2025) (on file with the Senate Committee on Governmental Oversight and Accountability).

programs and provide the DOS the statutory authority to administer these programs. This would provide a statutory basis for the FCOAC's promotion of the programs.

Throughout the various grant program implementing statutes, the bill permits, rather than mandates, the DOS to adopt administrative rules to implement the application and review process. With this change, and assuming DOS repeals any rules that are merely permissive, it is unclear how reviewers' recommendations and Council recommendations will be made and applied consistently across the applicants.

VII. Related Issues:

Effect on Rural Communities

Most of the specific statutory language requiring, referencing, or mandating rules that provide special considerations or focuses on rural communities for the purpose of grants administered by the Division of Arts and Culture are eliminated in the bill.

The Rural Economic Development Initiative (REDI) recognizes that rural communities and regions continue to face extraordinary challenges in their efforts to significantly improve their economies, specifically in terms of personal income, job creation, average wages, and strong tax bases. Among other things, REDI is responsible for coordinating and focusing the efforts and resources of state and regional agencies on the problems that affect the fiscal, economic, and community viability of Florida's economically distressed rural communities.

Section 22 amends s. 265.283, F.S., to delete the definitions for the state touring grant and underserved arts community assistance program grants. This presumably ends the state touring program and underserved arts community assistance program grants.

Both the General Program Support and Specific Cultural Program grants give areas involved in the REDI either a complete waiver of matching fund requirements (General Program Support grant), or a decrease in the percentage of the matching required (Specific Cultural Program grants).⁹⁰ These two grants are eliminated by the bill.

The state touring program grants and underserved community⁹¹ grants mainly support rural communities. For touring grants in particular, underpopulated counties can request twice as much fee support as other counties, and underpopulated counties are given priority.

VIII. Statutes Affected:

This bill repeals sections 113.01, 113.02, 113.03, 257.34, and 267.0722.

⁹⁰ *General Program Support Grant Guidelines* at 17; *Specific Cultural Grant Guidelines* at 7.

⁹¹ Underpopulated counties refer to counties with a population of 75,000 or less in the 2010 Census. Currently, 31 Florida counties qualify as an underpopulated county. These counties are Baker, Bradford, Calhoun, Columbia, DeSoto, Dixie, Franklin, Gadsden, Gilchrist, Glades, Gulf, Hamilton, Hardee, Hendry, Holmes, Jackson, Jefferson, Lafayette, Levy, Liberty, Madison, Monroe, Nassau, Okeechobee, Putnam, Suwannee, Taylor, Union, Wakulla, Walton, and Washington.

This bill substantially amends sections 113.051, 117.01, 117.225, 117.295, 257.031, 257.12, 257.17, 257.191, 257.23, 257.42, 265.283, 265.284, 265.285, 265.286, 265.2865, 265.701, 265.703, 265.803, 267.0612, 267.0617, 267.075, 267.21, and 267.22 of the Florida Statutes.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1640 makes confidential and exempt from public records copying and inspection requirements a lethality assessment form which contains a victim's information and responses to a lethality assessment. Lethality assessments are used to determine a victim's risk of serious bodily injury or death at the hands of an aggressor and are administered by law enforcement for any call relating to intimate partner violence. The information may be shared with domestic violence centers but may not be disclosed to the state attorney's office. The exemption applies to forms completed before, on, and after the date the exemption takes effect.

This exemption is subject to the Open Government Sunset Review Act and will be repealed on October 2, 2030, unless reviewed and saved from repeal through reenactment by the Legislature.

The bill provides a statement of public necessity as required by the State Constitution, and, because it creates a new public records exemption, it requires a two-thirds vote of the members present and voting in each house of the Legislature for final passage.

The bill may increase costs minimally for state and local government agencies.

The bill takes effect upon becoming a law.

II. Present Situation:

Access to Public Records - Generally

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Additional requirements and exemptions related to public records are found in various statutes and rules, depending on the branch of government involved. For instance, s. 11.0431, F.S., provides public access requirements for legislative records. Relevant exemptions are codified in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the legislature.³ Florida Rule of Judicial Administration 2.420 governs public access to judicial branch records.⁴ Lastly, ch. 119, F.S., known as the Public Records Act, provides requirements for public records held by executive branch and local government agencies.

Executive Agency Records – The Public Records Act

The Public Records Act provides that all state, county, and municipal records are open for personal inspection and copying by any person, and that providing access to public records is a duty of each agency.⁵

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business that are used to “perpetuate, communicate, or formalize knowledge of some type.”⁶

¹ FLA. CONST. art. I, s. 24(a).

³ See Rule 1.48, *Rules and Manual of the Florida Senate*, (2022-2024) and Rule 14.1, *Rules of the Florida House of Representatives*, Edition 1, (2022-2024).

⁴ *State v. Wooten*, 260 So. 3d 1060 (Fla. 4th DCA 2018).

⁵ Section 119.01(1), F.S. Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

⁶ *Shevin v. Byron, Harless, Schaffer, Reid and Assoc., Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

The Florida Statutes specify conditions under which public access to governmental records must be provided. The Public Records Act guarantees every person's right to inspect and copy any public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.⁷ A violation of the Public Records Act may result in civil or criminal liability.⁸

The Legislature may exempt public records from public access requirements by passing a general law by a two-thirds vote of both the House and the Senate.⁹ The exemption must state with specificity the public necessity justifying the exemption and must be no broader than necessary to accomplish the stated purpose of the exemption.¹⁰

General exemptions from the public records requirements are contained in the Public Records Act.¹¹ Specific exemptions often are placed in the substantive statutes relating to a particular agency or program.¹²

When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹³ Records designated as "confidential and exempt" are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁴ Records designated as "exempt" may be released at the discretion of the records custodian under certain circumstances.¹⁵

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act¹⁶ (the act), prescribe a legislative review process for newly created or substantially amended¹⁷ public records or open meetings exemptions, with specified exceptions.¹⁸ The act requires the repeal of such exemption on October 2nd of the fifth year after creation or substantial amendment; in

⁷ Section 119.07(1)(a), F.S.

¹⁶ Section 119.15, F.S.

¹⁷ An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

¹⁸ Section 119.15(2)(a) and (b), F.S., provides that exemptions required by federal law or applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

order to save an exemption from repeal, the Legislature must reenact the exemption or repeal the sunset date.¹⁹ In practice, many exemptions are continued by repealing the sunset date, rather than reenacting the exemption.

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.²⁰ An exemption serves an identifiable purpose if the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption and it meets one of the following purposes:

- It allows the state or its political subdivisions to effectively and efficiently administer a program, and administration would be significantly impaired without the exemption;²¹
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;²² or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.²³

The Act also requires specified questions to be considered during the review process.²⁴ In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are again required.²⁵ If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.²⁶

- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?
- Can the information contained in the records or discussed in the meeting be readily obtained by alternative means?

- Is the record or meeting protected by another exemption?
- Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

²⁶ Section 119.15(7), F.S.

Lethality Assessments

Florida is the second state to pass legislation mandating law enforcement to administer a lethality assessment when speaking with suspected domestic violence victims. The bill, also known as the Gabby Petito Act, was passed in 2024.²⁷

To administer a lethality assessment, a law enforcement officer must ask a series of questions which, in part, include:²⁸

- Did the aggressor ever use a weapon against you or threaten you with a weapon?
- Did the aggressor ever threaten to kill you or your children?
- Has the aggressor ever choked you or attempted to choke you?

All law enforcement officers are required to receive instruction on the policies and procedures for administering a lethality assessment as part of basic recruit training or as part of the required instruction continued for employment. A law enforcement officer may not administer a lethality assessment to a victim if the officer has not received training. Each law enforcement agency must ensure that all its sworn personnel have completed the training by October 1, 2026.²⁹

A law enforcement officer must advise the victim of the results of the lethality assessment and refer the victim to the nearest locally certified domestic violence center if certain criteria are met.³⁰ A law enforcement officer may not include in a probable cause statement, written police report, or incident report the domestic violence center to which a victim was referred.³¹

III. Effect of Proposed Changes:

The bill amends s. 741.29, F.S., to make confidential and exempt from public records disclosure requirements a lethality assessment form that contains a victim's information and responses to a lethality assessment. The information may be shared with domestic violence centers but may not be disclosed to the state attorney's office. The exemption applies to forms completed before, on, and after the date the exemption takes effect.

The exemption is subject to the Open Government Sunset Review Act will expire on October 2, 2030, unless reviewed and saved from repeal by the Legislature.

Additionally, the bill provides a statement of public necessity as required by the State Constitution. The public necessity statement provides that the release of information included on a lethality assessment form could subject victims of domestic violence to an increased risk of abuse. The Legislature further finds that such victims are more likely to participate in a lethality assessment if such form is protected from disclosure.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records requirements. This bill enacts a new exemption for records pertaining to a lethality assessment form that contains a victim's information and responses; therefore, the bill requires a two-thirds vote of each chamber for enactment.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records requirements to state with specificity the public necessity justifying the exemption. Section 2 of the bill contains a statement of public necessity for the exemption.

Breadth of Exemption

Article I, s. 24(c), of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law. The purpose of the law is to protect victims of domestic violence, and the bill exempts only records pertaining to lethality assessments from the public records requirements. The exemption does not appear to be broader than necessary to accomplish the purpose of the law.

C. Government Sector Impact:

This bill may cause a minimal increase in workload on agencies holding records that contain personal identifying information of public officers as well as their spouses and children because staff responsible for complying with public record requests may require training related to the new public record exemption. However, the workload will likely be absorbed within current resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 741.29 of the Florida Statutes.

741.29 Domestic violence; investigation of incidents;

11 End Domestic Violence, and at least two domestic violence
12 advocacy organizations to develop the policies, procedures, and
13 training necessary for implementation of a statewide evidence-
14 based lethality assessment. Such policies, procedures, and
15 training must establish how to determine whether a victim and
16 aggressor are intimate partners and establish a statewide
17 process for referring a victim to a certified domestic violence
18 center. The group must review the questions in paragraph (e) and
19 make a recommendation as to whether all questions should be
20 included in the statewide lethality assessment instrument and
21 form. By January 1, 2025, the department must adopt a statewide
22 lethality assessment instrument and form. If a question in
23 paragraph (e) is eliminated from the assessment, the department
24 must confirm that the remaining or altered questions constitute
25 an evidence-based lethality assessment. By January 31, 2025, the
26 department shall report to the President of the Senate and the
27 Speaker of the House of Representatives the results and
28 recommendations of the group, including any proposed statutory
29 changes that are necessary for implementation of a statewide
30 lethality assessment. Training on how to administer a lethality
31 assessment and the approved lethality assessment form must be
32 accessible to a law enforcement officer in an online format.

33 (i) A lethality assessment form that contains a victim's
34 information and responses to the lethality assessment completed
35 on, before, or after January 1, 2025, is confidential and exempt
36 from s. 119.07(1) and s. 24(a), Art. I of the State
37 Constitution. A lethality form may be disclosed to a domestic
38 violence center, as defined in s. 39.902, and the domestic
39 violence center must treat the form and the information on such

701874

40 form as confidential. However, the victim's information and
41 responses on a lethality form may not be disclosed to, or used
42 by, a state attorney's office. This paragraph is subject to the
43 Open Government Sunset Review Act in accordance with s. 119.15
44 and shall stand repealed on October 2, 2030, unless reviewed and
45 saved from repeal through reenactment by the Legislature.

46 Section 2. The Legislature finds that it is a public
47 necessity that a lethality assessment form that contains a
48 victim's information and responses to the lethality assessment
49 be made confidential and exempt from s. 119.07(1), Florida
50 Statutes, and s. 24(a), Article I of the State Constitution. The
51 Legislature finds that the release of information included on a
52 lethality assessment form could subject victims of domestic
53 violence to an increased risk of abuse. Such information
54 contained on a lethality assessment form is sensitive in nature.
55 The Legislature further finds that such victims are more likely
56 to participate in a lethality assessment if such form is
57 protected from public disclosure. The Legislature finds that the
58 harm that may result from the release of such information
59 outweighs the public benefit that may be derived from the
60 disclosure of the information.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Governmental Oversight and Accountability

BILL: SB 7008

INTRODUCER: Banking and Insurance Committee and Senator Sharief

SUBJECT: OGSR/Financial Technology Sandbox

DATE: March 17, 2025

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	<u>Moody</u>	<u>Knudson</u>		BI Submitted as Comm. Bill/Fav
1.	<u>McVaney</u>	<u>McVaney</u>	<u>GO</u>	Favorable
2.	_____	_____	<u>RC</u>	_____

I. Summary:

SB 7008 saves from repeal the current public records exemption for certain information held by the Office of Financial Regulation (OFR) for certain records containing proprietary business information related to the Financial Technology Sandbox, which offers financial technology innovators a more flexible regulatory framework to operate in Florida for a limited time. Specifically, the bill makes confidential and exempt from public disclosure requirements the following information:

- The reasons why the general law or rule requirements for which an exception or waiver is sought prevent the innovative financial product or service from being made available to consumers;
- Certain information submitted to the OFR to consider in deciding whether to approve an application for the Financial Technology Sandbox; and
- Information provided for evaluation of whether the applicant has a sufficient plan to test, monitor, and assess the innovative financial product or service.

The Open Government Sunset Review Act requires the Legislature to review each public record exemption 5 years after enactment. The affected exemption stands repealed on October 2, 2025, unless reenacted by the Legislature. This bill removes the scheduled repeal of the exemptions, thereby continuing the confidential and exempt status of the information.

The bill is not expected to affect state and local government revenues and expenditures.

The bill takes effect October 1, 2025.

II. Present Situation:

Florida Public Records Law

The State Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ The right to inspect or copy applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Chapter 119, F.S., known as the Public Records Act, constitutes the main body of public records laws.³ The Public Records Act states that:

[i]t is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency.⁴

The Public Records Act typically contains general exemptions that apply across agencies. Agency- or program-specific exemptions often are placed in the substantive statutes relating to that particular agency or program.

The Public Records Act does not apply to legislative or judicial records.⁵ Legislative records are public pursuant to s. 11.0431, F.S. Public records exemptions for the Legislature are codified primarily in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the legislature.

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connections with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business which are used to “perpetuate, communicate, or formalize knowledge of some type.”⁶

The Florida Statutes specify conditions under which public access to governmental records must be provided. The Public Records Act guarantees every person’s right to inspect and copy any state or local government public record at any reasonable time, under reasonable conditions, and

under supervision by the custodian of the public record.⁷ A violation of the Public Records Act may result in civil or criminal liability.⁸

Only the Legislature may create an exemption to public records requirements.⁹ An exemption must be created by general law and must specifically state the public necessity justifying the exemption.¹⁰ Further, the exemption must be no broader than necessary to accomplish the stated purpose of the law. A bill enacting an exemption may not contain other substantive provisions¹¹ and must pass by a two-thirds vote of the members present and voting in each house of the Legislature.¹²

When creating a public records exemption, the Legislature may provide that a record is “exempt” or “confidential and exempt.” There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹³ Records designated as “confidential and exempt” are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁴ Records designated as “exempt” may be released at the discretion of the records custodian under certain circumstances.¹⁵

Open Government Sunset Review Act

The Open Government Sunset Review Act¹⁶ (the Act) prescribes a legislative review process for newly created or substantially amended¹⁷ public records or open meetings exemptions, with specified exceptions.¹⁸ It requires the automatic repeal of such exemption on October 2 of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.¹⁹

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.²⁰ An exemption serves an identifiable public purpose if it meets one of the following purposes *and* the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption:

⁷ Section 119.07(1)(a), F.S.

⁸ Section 119.10, F.S. Public records laws are found throughout the Florida Statutes, as are the penalties for violating those laws.

¹⁷ An exemption is considered to be substantially amended if it is expanded to include more records or information or to include meetings as well as records. Section 119.15(4)(b), F.S.

¹⁸ Section 119.15(2)(a) and (b), F.S., provide that exemptions that are required by federal law or are applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

²⁰ Section 119.15(6)(b), F.S.

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption;²¹
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;²² or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.²³

The Act also requires specified questions to be considered during the review process.²⁴ In examining an exemption, the Act directs the Legislature to carefully question the purpose and necessity of reenacting the exemption.

If the exemption is continued and expanded, then a public necessity statement and a two-thirds vote for passage are required.²⁵ If the exemption is continued without substantive changes or if the exemption is continued and narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to sunset, the previously exempt records will remain exempt unless provided for by law.²⁶

Public Record Exemption Related to Financial Technology Sandbox

The Financial Technology Sandbox is intended to allow financial technology innovators to test innovative financial products or services in a supervised, flexible regulatory sandbox, using waivers of specified general law and corresponding rule requirements under defined conditions.²⁷

The Financial Technology Sandbox makes confidential and exempt from public inspection and copying the following records relating to the Financial Technology Sandbox applications because they contain proprietary business information:²⁸

- The reasons why any of the following general law or rule requirements for which a waiver is sought prevent the innovative financial product or service from being made available to consumers, including requirements regarding:

- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?
- Can the information contained in the records or discussed in the meeting be readily obtained by alternative means? If so, how?
- Is the record or meeting protected by another exemption?

This information may be released to appropriate state and federal agencies for the purposes of investigation.⁵³

III. Effect of Proposed Changes:

Section 1 amends s. 559.952(5)(h)1., F.S., to remove the scheduled repeal date of the public record exemption for information held by the OFR relating to a Financial Technology Sandbox application.

The OFR reports that 14 Financial Technology Sandbox applications have been received but none of them have been approved. The OFR states “Applicants either withdrew their application or the application was abandoned for failing to respond to requests for information.”⁵⁴

Section 2 provides that the bill is effective October 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the

public records disclosure requirements. This bill continues a current public records exemption beyond its current date of repeal. The bill does not create or expand an exemption. Thus, the bill does not require an extraordinary vote for enactment.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records disclosure requirements to state with specificity the public necessity justifying the exemption. This bill continues a current public records and public meetings exemption without expansion. Thus, a statement of public necessity is not required.

Breadth of Exemption

Article I, s. 24(c) of the State Constitution requires an exemption to the public records disclosure requirements to be no broader than necessary to accomplish the stated purpose of the law. The exemption in the bill does not appear to be broader than necessary to accomplish the purpose of the law. The bill provides the specific information that would be made exempt to prevent the unintentional release of information that may injure the financial technology innovator applying for a license under the Financial Technology Sandbox by providing competitors with confidential business information.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 7010 narrows the information held by the Department of Financial Services acting as receiver for an insolvent insurer that will continue to be confidential and exempt from public records copying and inspection requirements. The information that will continue to be confidential and exempt only includes consumer information, certain personnel information, and information received from the National Association of Insurance Commissioners and other governmental entities.

The exemption is subject to the Open Government Sunset Review Act and stands repealed on October 2, 2025, unless reenacted by the Legislature. This bill saves the exemption from repeal by deleting the scheduled repeal date, thereby maintaining the current confidential and exempt status of the information.

The bill is not expected to impact state and local revenues and expenditures.

The bill takes effect October 1, 2025.

II. Present Situation:

Public Records Law

The Florida Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ This applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person who acts on behalf of the government.²

In addition to the Florida Constitution, the Florida Statutes provide that the public may access legislative and executive branch records.³ Chapter 119, F.S., constitutes the main body of public records laws, and is known as the Public Records Act.⁴ The Public Records Act states that:

It is the policy of this state that all state, county and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency.⁵

According to the Public Records Act, a public record includes virtually any document or recording, regardless of its physical form or how it may be transmitted. Section 119.011(12), F.S., defines “public records” to include:

all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.⁶

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business which are used to “perpetuate, communicate, or formalize knowledge of some type.”⁷

The Florida Statutes specify conditions under which public access to governmental records must be provided. The Public Records Act guarantees every person’s right to inspect and copy any government public record at any reasonable time, under reasonable conditions, and under

¹ FLA. CONST., art. I, s. 24(a).

² *Id.*

³ The Public Records Act does not apply to legislative or judicial records. *Locke v. Hawkes*, 595 So. 2d 32 (Fla. 1992). Also see *Times Pub. Co. v. Ake*, 660 So. 2d 255 (Fla. 1995). The Legislature’s records are public pursuant to s. 11.0431, F.S. Public records exemptions for the Legislature are primarily located in s. 11.0431(2)-(3), F.S.

⁴ Public records laws are found throughout the Florida Statutes.

⁵ Section 119.011(1), F.S.

⁶ Section 119.011(2), F.S., defines “agency” as “any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.”

supervision by the custodian of the public record.⁸ A violation of the Public Records Act may result in civil or criminal liability.⁹

The Public Records Act contains general exemptions that apply across agencies. Agency or program-specific exemptions often are placed in the substantive statutes relating to that particular agency or program. Only the Legislature may create an exemption to public records requirements.¹⁰ An exemption must be created by general law and must specifically state the public necessity which justifies the exemption.¹¹ Further, the exemption must be no broader than necessary to accomplish the stated purpose of the law. A bill that enacts an exemption may not contain other substantive provisions¹² and must pass by a two-thirds vote of the members present and voting in each house of the Legislature.¹³

When creating a public records exemption, the Legislature may provide that a record is “exempt” or “confidential and exempt.” There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those which the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹⁴ Records designated as “confidential and exempt” are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁵ Records designated as “exempt” may be released at the discretion of the records custodian under certain circumstances.¹⁶

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act (the Act), prescribe a legislative review process for newly created or substantially amended public records or open meetings exemptions,¹⁷ with specified exceptions.¹⁸ The Act requires the repeal of such exemption on October 2nd of the fifth year after creation or substantial amendment; in order to save an exemption from repeal, the Legislature must reenact the exemption or repeal the sunset date.¹⁹ In practice, many exemptions are continued by repealing the sunset date, rather than reenacting the exemption.

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.²⁰ An exemption serves an identifiable purpose if the Legislature finds that the purpose of the

exemption outweighs open government policy and cannot be accomplished without the exemption, and it meets one of the following purposes:

- It allows the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption;²¹
- It protects sensitive, personal information, the release of which would be defamatory, cause unwarranted damage to the good name or reputation of the individual, or would jeopardize the individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;²² or
- It protects information of a confidential nature concerning entities, such as trade or business secrets.²³

The Act requires specified questions to be considered during the review process.²⁴ In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption. If, in reenacting an exemption or repealing the sunset date, the exemption is expanded, then a public necessity statement and a two-thirds vote for passage are required.²⁵ If the exemption is reenacted or saved from repeal without substantive changes or if the exemption is narrowed, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.²⁶

Public Record Exemption Related to Records of Insolvent Insurers

Along with the Department of Financial Services (DFS), the Office of Insurance Regulation (OIR) is tasked with enforcing the provisions of the Florida Insurance Code, chs. 624-632, 634-636, 641-642, 648 and 651, F.S.²⁷ OIR is responsible for examining the affairs, transactions, accounts, records, and assets of each authorized insurer.²⁸ In the event that the OIR determines that one or more grounds²⁹ for the initiation of delinquency proceedings against an insurer exist,

²³ Section 119.15(6)(b)3., F.S.

- What specific records or meetings are affected by the exemption?
- Whom does the exemption uniquely affect, as opposed to the general public?
- What is the identifiable public purpose or goal of the exemption?
- Can the information contained in the records or discussed in the meeting be readily obtained by alternative means? If so, how?
- Is the record or meeting protected by another exemption?
- Are there multiple exemptions for the same type of record or meeting that it would be appropriate to merge?

²⁷ See Sections 624.307(1) and 624.01, F.S.

²⁹ Grounds for rehabilitation generally include, but are not limited to, impairment, insolvency, failure to comply with OIR orders or to submit records for examination, and other violations of law. See Section 631.051, F.S. Grounds for liquidation include imminent or actual insolvency, an attempt or actual commencement of voluntary liquidation or dissolution, and a failure to timely complete organization and obtain a certificate of authority. Section 631.061, F.S. The DFS may also apply to the circuit court for an order appointing it as ancillary receiver of, and directing it to liquidate the business and assets of, a foreign insurer which has assets, business, or claims in this state upon the appointment in the domiciliary state of such insurer

such as insolvency,³⁰ the Insurers Rehabilitation and Liquidation Act³¹ requires the Director of the OIR to notify the DFS of that determination, and to provide the DFS with all necessary documentation and evidence, thereby enabling the DFS to initiate the delinquency proceeding.³² This documentation and evidence may include confidential and sensitive information. Upon such notice, the DFS is tasked with initiating delinquency proceedings pursuant to ch. 631, F.S., which constitute the sole and exclusive method of liquidating, rehabilitating, reorganizing, or conserving an insurer.³³

The nature of the DFS's statutory duties regarding delinquency proceedings require the DFS to assume custodianship of insurer records. When the DFS is appointed as receiver of an insurer during the course of a delinquency proceeding, Florida Statutes expressly vest the DFS with the title to all of the property of the insurer, including all of the books and records, wherever located.³⁴ Similarly, orders to rehabilitate or liquidate a domestic insurer must direct the DFS to take possession of the property of the insurer.³⁵ Orders to liquidate the business of a United States branch of an alien insurer having trustee assets in this state shall be on the same terms as those prescribed for domestic insurers, but the DFS only takes possession of the assets within that branch.³⁶ Orders to conserve the assets of a foreign or alien insurer likewise must require the DFS to take possession of the property of the insurer within this state.³⁷

Section 631.195(2), F.S., provides that the following records of an insurer which are made or received by the DFS, acting as receiver for an insolvent insurer, are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

- All personal financial and health information of a consumer.
- Underwriting files of a type customarily maintained by an insurer transacting lines of insurance similar to those lines transacted by the insurer.
- Personnel and payroll records of the insurer.
- Consumer claim files.
- An own-risk and solvency assessment (ORSA) summary report, a substantially similar ORSA summary report, and supporting documents submitted to the OIR pursuant to s. 628.8015, F.S.

of a receiver, liquidator, conservator, rehabilitator, or other officer by whatever name called for the purpose of liquidating the business of such insurer. Section 631.091, F.S. Grounds for conservation of foreign insurers include the same as those for rehabilitation and liquidation, or when the insurer's property has been sequestered in its domiciliary sovereignty or in any other sovereignty. Section 631.071, F.S. Grounds for the conservation of alien insurers are the same but additionally include an insurer's failures to timely comply with an OIR order to make good an impairment of trustee funds. Section 631.081, F.S.

³⁰ "Insolvency" means that all the assets of the insurer, if made immediately available, would not be sufficient to discharge all its liabilities or that the insurer is unable to pay its debts as they become due in the usual course of business. Section 631.011(14), F.S. Depending on the context, insolvency also includes and is defined as "impairment of surplus" and "impairment of capital" as defined in s. 631.011(13) and (12), F.S., respectively.

³⁷ Section 631.131(1), F.S.

- A corporate governance annual disclosure and supporting documents submitted to the OIR pursuant to s. 628.8015, F.S.
- Information received from the National Association of Insurance Commissioners (NAIC), a governmental entity in this or another state, the Federal Government, or a government of another nation which is confidential or exempt if held by that entity and which is held by the DFS for use in the performance of its duties relating to insurer solvency.

There are limited circumstances under which the DFS may disclose this confidential and exempt information, including:

- To any state or federal agency, upon written request, if disclosure is necessary for the receiving entity to perform its duties and responsibilities.
- To comply with a properly authorized civil, criminal, or regulatory investigation or a subpoena or summons by a federal, state, or local authority.
- To the NAIC and its affiliates and subsidiaries, if the recipient agrees in writing to maintain the confidential and exempt status of the records.
- To the guaranty associations and funds of the various states which are receiving, adjudicating, and paying claims of the insolvent insurer subject to delinquency proceedings pursuant to this chapter.
- Upon written request, to persons identified as designated employees as described in s. 626.989(4)(d), whose responsibilities include the investigation and disposition of claims relating to suspected fraudulent insurance acts
- In the case of personal financial and health information of a consumer, upon written request of the consumer or the consumer's legally authorized representative.³⁸

Consumer Personal Financial and Health Information

Insurance companies routinely possess records of policyholders and claimants during the normal course of business which include personal, private financial and medical information. Such information held by solvent insurers is not freely available to any person or entity. If such records are made available, it is usually through confidentiality agreements or court orders, and with reference to certain state and federal privileges and confidentiality laws and regulations. The Legislature often enacts public records exemptions to restrict disclosure of private financial and medical information, an example of which is found in s. 624.23, F.S., which makes confidential and exempt the personal financial and health information held by the DFS or the OIR relating to a consumer's complaint or inquiry regarding a matter or activity regulated under the Florida Insurance Code or s. 440.191, F.S.

ORSA Summary Reports and Corporate Governance Annual Disclosures

Section 624.4212(3)(a)-(b), F.S., provides that, except for information obtained by the OIR that would otherwise be available for public inspection, the following information held by the OIR is confidential and exempt from the disclosure requirements of s. 119.07(1), F.S. and s. 24(a), Art. I of the State Constitution:

- *ORSA Reports.* Own-Risk and Solvency Assessments (ORSA) are internal assessments conducted by insurers and insurance groups of the material and relevant risks associated with

³⁸ Section 631.195(4)(a)-(f), F.S.

their business plan and the sufficiency of their capital resources to support those risks.³⁹ An ORSA Summary Report is a high-level ORSA summary of an insurer or insurance group, consisting of a single report or combination of reports.⁴⁰ Insurers are required to conduct an ORSA at least annually.⁴¹ Unless an insurer or insurance group is exempted from this requirement or compliance is otherwise waived, insurers must submit an ORSA summary report to the OIR once every calendar year.⁴²

- *Corporate Governance Annual Disclosures.* Corporate governance annual disclosures are reports filed with the OIR by insurers and insurance groups which describe the corporate governance framework and structure of the insurer or insurance group, the policies and practices for directing senior management and of the most senior governing entity and its significant committees, and the processes by which the board, its committees, and senior management ensure the appropriate amount of oversight to critical risk areas that impact the insurer's business activities.⁴³ Insurers, or insurer members of an insurance group of which the OIR is the lead state regulator, must submit corporate governance annual disclosure to the OIR annually.⁴⁴

III. Effect of Proposed Changes:

The Open Government Sunset Review Act requires the Legislature to review each public record and public meeting exemption 5 years after enactment. The affected exemptions are scheduled for repeal on October 2, 2025. The bill removes the scheduled repeal to continue the exempt status.

Section 1 amends s. 631.195(5), F.S., to narrow the information held by the Department of Financial Services acting as receiver for an insolvent insurer that will continue to be confidential and exempt from public records copying and inspection requirements. The information that will continue to be confidential and exempt only includes consumer information, certain personnel information, and information received from the National Association of Insurance Commissioners and other governmental entities. The bill saves the exemption from repeal by deleting the scheduled repeal date, thereby maintaining the confidential and exempt status of the enumerated information.

Records that will no longer be confidential and exempt under the bill include an own-risk and solvency assessment (ORSA) summary report, a substantially similar ORSA summary report, and supporting documents submitted to the Office of Insurance Regulation pursuant to s. 628.8015, F.S., and any corporate governance annual disclosure and supporting documents submitted to the Office pursuant to s. 628.8015, F.S.

Section 2 provides that the bill is effective October 1, 2025.

IV. Constitutional Issues:**A. Municipality/County Mandates Restrictions:**

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:**Vote Requirement**

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records requirements. This bill continues a current public records exemption beyond its current date of repeal. The bill does not create or expand an exemption. Thus, the bill does not require an extraordinary vote for enactment.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution requires a bill creating or expanding an exemption to the public records requirements to state with specificity the public necessity justifying the exemption. This bill narrows a current public records exemption. Thus, a statement of public necessity is not required.

Breadth of Exemption

Article I, s. 24(c) of the State Constitution requires an exemption to the public records requirements to be no broader than necessary to accomplish the stated purpose of the law. The bill codifying the exemption originally stated that the specific information originally made exempt was intended to prevent the unintentional release of information that may subject persons to identity theft, financial harm, or other adverse impacts, as well as, information of a confidential nature concerning entities, such as trade or business secrets. The exemption in the bill does not appear to be broader than necessary to accomplish the purpose of the law.

I. Summary:

SB 7018 saves an existing public record exemption from repeal under the Open Government Sunset Review Act. The exemption protects certain information that can be used to identify a minor who is petitioning for a judicial waiver of parental consent under the Parental Notice of and Consent for Abortion Act.

The exemption protects from disclosure any identifying information held by a circuit or appellate court, the Office of Criminal Conflict and Civil Regional Counsel, or the Justice Administrative Commission. These entities may obtain the information when the minor seeks a judicial waiver from a court, when the Office of Criminal Conflict and Civil Regional Counsel represents the minor in a court proceeding, or when the Justice Administrative Commission processes payments for a court-appointed private attorney who represents the minor.

The Open Government Sunset Review Act requires the Legislature to review each public record five years after enactment. The exemption is scheduled for repeal on October 2, 2025. The bill removes the scheduled repeal date to continue the confidential and exempt status.

The bill is not expected to affect state and local government revenues and expenditures.

The bill takes effect October 1, 2025.

II. Present Situation:

Public Records Law

Background

The State Constitution provides that the public has the right to inspect or copy records made or received in connection with official governmental business.¹ This applies to the official business of any public body, officer, or employee of the state, including all three branches of state government, local governmental entities, and any person acting on behalf of the government.²

Chapter 119, F.S., known as the Public Records Act, constitutes the main body of public records laws.³ The Public Records Act states that:

[i]t is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency.⁴

The Public Records Act typically contains general exemptions that apply across agencies. Agency- or program-specific exemptions often are placed in the substantive statutes relating to that particular agency or program.

Legislative and Judicial Records

The Public Records Act does not apply to legislative or judicial records.⁵ Legislative records are public pursuant to s. 11.0431, F.S. Public records exemptions for the Legislature are codified primarily in s. 11.0431(2)-(3), F.S., and adopted in the rules of each house of the Legislature.

“Public Records” Defined

Section 119.011(12), F.S., defines “public records” to include:

[a]ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business which are intended to “perpetuate, communicate, or formalize knowledge of some type.”⁶

Access

The Florida Statutes specify conditions under which public access to governmental records must be provided. The Public Records Act guarantees every person's right to inspect and copy any state or local government public record at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record.⁷ A violation of the Public Records Act may result in civil or criminal liability.⁸

The Legislature's Exclusive Authority to Create an Exemption

Only the Legislature may create an exemption from public records requirements.⁹ An exemption must be created by general law and must specifically state the public necessity justifying the exemption.¹⁰ Further, the exemption must be no broader than necessary to accomplish the stated purpose of the law. A bill enacting an exemption may not contain other substantive provisions¹¹ and the bill must pass by a two-thirds vote of the members present and voting in each house of the Legislature.¹²

"Exempt" or "Confidential and Exempt"

When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." There is a difference between records the Legislature has determined to be exempt from the Public Records Act and those that the Legislature has determined to be exempt from the Public Records Act *and confidential*.¹³ Records designated as "confidential and exempt" are not subject to inspection by the public and may only be released under the circumstances defined by statute.¹⁴ Records designated as "exempt" may be released at the discretion of the records custodian under certain circumstances.¹⁵

Open Government Sunset Review Act

The provisions of s. 119.15, F.S., known as the Open Government Sunset Review Act (the Act), prescribe a legislative review process for newly created or substantially amended public records or open meetings exemptions,¹⁶ with specified exceptions.¹⁷ The Act requires the repeal of the exemption on October 2nd of the fifth year after creation or substantial amendment. In order to save an exemption from repeal, the Legislature must reenact the exemption or repeal the sunset

¹⁷ Section 119.15(2)(a) and (b), F.S., provides that exemptions required by federal law or applicable solely to the Legislature or the State Court System are not subject to the Open Government Sunset Review Act.

date.¹⁸ In practice, many exemptions are continued by repealing the sunset date, rather than reenacting the exemption.

The Act provides that a public records or open meetings exemption may be created or maintained only if it serves an identifiable public purpose and is no broader than is necessary.¹⁹ An exemption serves an identifiable purpose if the Legislature finds that the purpose of the exemption outweighs open government policy and cannot be accomplished without the exemption and it meets one of the following purposes:

- It allows the state or its political subdivision to effectively and efficiently administer a program, and administration would be significantly impaired without the exemption;²⁰
- It protects sensitive, personal information, the release of which would be defamatory or would jeopardize an individual's safety. If this public purpose is cited as the basis of an exemption, however, only personal identifying information is exempt;²¹ or
- It protects trade or business secrets.²²

The Act also requires specified questions to be considered during the review process.²³ In examining an exemption, the Act directs the Legislature to question the purpose and necessity of reenacting the exemption.

If, in reenacting an exemption or repealing the sunset date, the exemption is *expanded*, then a public necessity statement and a two-thirds vote for passage are again required.²⁴ If the exemption is reenacted or saved from repeal without substantive changes or if the exemption is *narrowed*, then a public necessity statement and a two-thirds vote for passage are *not* required. If the Legislature allows an exemption to expire, the previously exempt records will remain exempt unless otherwise provided by law.²⁵

Parental Notice of and Consent for Abortion Act

In 2020, the Legislature amended The Parental Notice of Abortion Act to also require parental *consent* for a physician to perform or induce an abortion on a minor.²⁶ Unless certain exceptions apply,²⁷ the statute now prohibits a physician from performing or inducing an abortion on a

²⁶ Section 390.01114, F.S.; Ch. 2020-147, s. 2.

²⁷ The requirement for parental consent has several exceptions. It does not apply if: parental notice is not required because a medical emergency exists and notice cannot be accomplished; notice has been waived by a minor who is, or has been

minor unless the physician receives a notarized, written consent statement signed, dated, and initialed on each page by the mother, father, or legal guardian. The consenting parent or guardian must also provide the physician with a copy of a government-issued proof of identification. The statute prescribes language that the statement must include, requires documentation that must be maintained in the physician's records, provides exceptions for when the consent requirement does not apply, and specifies a process to obtain a judicial waiver to "bypass" the consent requirement.²⁸

Judicial Waiver of Parental Notice and Consent Requirements, or the Judicial Bypass Proceeding

The Parental Notice of and Consent for Abortion Act authorizes a minor to petition a circuit court where she resides for a waiver of the parental notice and consent requirements. To initiate the process, a minor may file the petition under a pseudonym or by using initials, as provided by court rule. The petition must contain a statement that the petitioner is pregnant and that the notice and consent requirements of the law have not been waived. The court must advise the petitioner that she has a right to court-appointed counsel and if she requests counsel, it will be provided to her at no cost.²⁹

Once a petition is filed, the court must rule and issue written findings of fact and conclusions of law within three business days after the petition is filed. This time period may be extended at the request of the minor.³⁰

If the circuit court determines, by clear and convincing evidence, that the minor is sufficiently mature to decide whether to terminate her pregnancy, the court must issue an order authorizing the minor to consent to the abortion.³¹ If the court finds that the minor does not possess the requisite maturity to make that determination, it must dismiss the petition.³² If the court determines by a preponderance of the evidence that the minor is a victim of child abuse or sexual abuse inflicted by her parent or guardian, or if the court determines by clear and convincing evidence that the notification or consent requirement of a parent or guardian is not in her best interest, the court must issue an order authorizing the minor to consent to the performance or inducement of a termination of the pregnancy.³³

married, or has had the disability of nonage removed; or notice is waived because the patient has a minor child dependent on her. Parental consent is not required if notice is not required because the minor's parent or legal guardian has waived the right to receive notice and waived the right to consent in a signed and notarized statement. The consent requirement also does not apply if the physician certifies that a medical emergency exists and there is not enough time to obtain consent. Finally, consent is not required if the minor has obtained a judicial waiver from the circuit court. See s. 390.01114(5)(b), F.S. for the full text of the statute.

Roles of the Office of Criminal Conflict and Civil Regional Counsel and the Justice Administrative Commission

The Office of Criminal Conflict and Civil Regional Counsel

The Legislature created the Office of Criminal Conflict and Civil Regional Counsel in 2007 to represent people entitled to court-appointed counsel.³⁴ When a minor initiates a judicial bypass proceeding in the circuit court, a private court-appointed attorney is available to represent her upon request.³⁵ The statute is clear that private court-appointed counsel approved for this type of work is to be used first for minors who request counsel, but if no attorney is available through the clerk's list of attorneys, then the Office of Criminal Conflict and Civil Regional Counsel in that area will supply an attorney for the proceedings.³⁶ Any record that could identify a minor while in an office's possession is exempt from public disclosure requirements.

The Justice Administrative Commission

The Justice Administrative Commission is a state agency that was created in 1965 to provide administrative services for judicial-related offices.³⁷ One of the Commission's roles is to process the invoices for the attorneys who volunteer for the judicial bypass cases. Similarly, any record that could identify a minor in the Commission's possession is exempt from public disclosure requirements.

According to the Justice Administrative Commission's staff, any invoice it receives from a private attorney does not contain the full name of the minor. The Commission asks the attorneys to use only the minor's initials when submitting an invoice. Once an invoice is received, the name "Jane Doe" is entered into the system and substituted for the minor's initials. If an attorney mistakenly submits a minor's first name, the staff redacts the name and then locks the redaction so that no one may discover it.

Data Published by the Office of the State Courts Administrator – Annual Number of Petitions Filed for Judicial Bypass Waivers

The Florida Supreme Court, through the Office of the State Courts Administrator, is required to report by February 1 of each year to the Governor, the President of the Senate, and the Speaker of the House of Representatives the number of petitions filed for judicial bypass waivers in the previous year for each circuit court. The report must also contain the timing and manner of disposal of the petitions by each circuit.³⁸ Below is a statewide summary of the number of petitions filed in the past five years.³⁹

Professional Staff’s Open Government Sunset Review

During the summer and fall of 2025, Senate committee staff, working with staff from the House of Representatives, conducted an Open Government Sunset Review as required by statute. Staff surveyed the state county clerks of court, the Office of Criminal Conflict and Civil Regional Counsel, and the Justice Administrative Commission to determine whether they supported continuing the public record exemption for minors seeking a judicial bypass.

Data Reported from the County Clerks of Court for Judicial Bypass Waivers

The 67 county clerks of court were surveyed to determine:

- The number of petitions that had been filed between January 2020 and November 2024, seeking a judicial waiver of parental notice and consent for termination of a pregnancy.
- The number of times the clerk’s office had received a public records request for the minor’s identifying information.
- Whether the office believed this information should be available to the public.
- Whether the office believed the exemption should be reenacted, repealed, or modified in some form.

Of the 67 clerk offices that received surveys, 53 offices responded for a response rate of 79 percent.

Number of Petitions Filed Seeking a Judicial Waiver from January 2020 – November 2024

The 53 clerk’s offices reported that they had received a combined total of 726 petitions for judicial waiver.⁴⁰

Number of Public Records Requests Received from January 2020 – November 2024

Only one office reported a request for identifying information in the five-year span.

Whether the Minor’s Identifying Information Should Be Made Available to the Public

- No – 47
- Yes, because the information should be available to the minor’s parents – 1
- Only if a criminal subpoena is involved – 1

⁴⁰ The difference between the number of petitions reported by the Office of the State Courts Administrator, 939, and the number reported by the county clerks, 726, for a discrepancy of 213 petitions, could be explained by the fact that 14 county clerks did not respond to the survey.

- Did not answer the question – 4

Whether the Exemption Should be Reenacted, Repealed, or Modified

These responses varied but the majority responded that the exemption should be reenacted as it is currently written. The responses were:

- Reenact the exemption as it is currently written – 41
- Repeal the exemption because parents have a right to know – 2
- Reenact the exemption with changes because the minor’s parents should know – 3
- Did not answer the question – 7

Data Reported from the Office of Criminal Conflict and Civil Regional Counsel and Justice Administrative Commission

Office of Criminal Conflict and Civil Regional Counsel

Surveys were sent to the five regional offices, and four offices responded. The offices reported handling a total of 64 petitions from January 2020 through November 2024.

Three offices recommended reenacting the exemption as it currently exists, and one office recommended reenacting the exemption with changes.

Justice Administrative Commission

Because the Justice Administrative Commission serves in an administrative capacity to process the invoices for the attorneys who volunteer for the judicial bypass hearings, the Commission has no direct involvement with these minors. As such, the Commission did not register an opinion on whether the exemption should be repealed, reenacted as is, or reenacted with changes.

Committee Open Government Sunset Review Recommendation

Based upon a review of this public record exemption under the Open Government Sunset Review Act and information received from the clerks of county court, Offices of Criminal Conflict and Civil Regional Counsel, and the Justice Administrative Commission, committee staff recommends that the Legislature retain the public records exemption established in s. 390.01118, F.S. The clerks and volunteer attorneys support continuing the exemption to protect the privacy of the minor seeking to bypass the parental notification and consent requirements.

III. Effect of Proposed Changes:

SB 7018 continues a public records exemption that was created in 2020 which will otherwise be repealed on October 2, 2025. The exemption protects from disclosure any identifying information of a minor seeking a judicial bypass under the Parental Notice of and Consent for Abortion Act if the information is held by a circuit or appellate court, an Office of Criminal Conflict and Civil Regional Counsel, or by the Justice Administrative Commission.

Section 1 amends s. 390.01118, F.S., to remove the scheduled repeal of the public records exemption for identifying information held by the circuit and appellate courts, the Offices of Criminal Conflict and Civil Regional Counsel, or the Justice Administrative Commission.

Section 2 provides that the bill takes effect on October 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

Vote Requirement

Article I, s. 24(c) of the State Constitution requires a two-thirds vote of the members present and voting for final passage of a bill creating or expanding an exemption to the public records requirements. Because this bill continues a current public records exemption beyond its current date of repeal, it does not require an extraordinary vote for enactment.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The private sector will continue to be subject to the cost associated with an agency's review and redactions of exempt records in response to a public records request.

C. **Government Sector Impact:**

The government sector will continue to incur costs related to the review and redaction of exempt records associated with responding to public records requests.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends s. 390.01118 of the Florida Statutes.

IX. Additional Information:

A. **Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. **Amendments:**
